#### HANDBOOK FOR TRAVELLERS

BY

#### KARL BAEDEKER

WITH 59 Maps, 13 Plans, and 11 Panoramas

NINETEENTH EDITION

LEIPSIC: KARL BAEDEKER, PUBLISHER.

'Go, little book, God send thee good passage, And specially let this be thy prayere Unto them all that thee will read or hear, Where thou art wrong, after their help to call, Thee to correct in any part or all.'

BRIGHAM YOUNG UNIVERSITY

#### PREFACE.

The object of the Handbook for Switzerland is to supply the traveller with all needful information, to point out the most interesting places and the best way of reaching them, to render him comparatively independent of the services of guides and others, and thus to enable him thoroughly to enjoy

his tour in this magnificent country.

With improved facilities for travel, the number of visitors to Switzerland has greatly increased of late years, and mountaineering ambition has been proportionally stimulated. Summits once deemed well-nigh inaccessible are now scaled annually by travellers from all parts of the world. The achievements of the modern Alpine clubs have dimmed the memory of De Saussure, Auldjo, and the other pioneers of these icy regions, and even ladies now frequently vie with

the stronger sex in their deeds of daring.

The Handbook is based on the Editor's personal acquaintance with the places described, most of which he has carefully and repeatedly explored. This edition, which corresponds with the twenty-ninth German edition, has been thoroughly revised, and furnished with the latest information obtainable. Its contents are divided into Seven Sec-TIONS (I. North Switzerland: II. Central Switzerland, Lake of Lucerne and Environs, and St. Gotthard; III. Bernese Oberland; IV. South-Western Switzerland, Lake of Geneva, Lower Rhone Valley; V. Chamonix, the Valais, and the adjacent Italian Alps; VI. South-Eastern Switzerland, Grisons; VII. Lakes of North Italy), each of which may be separately removed from the book by the mountaineer or pedestrian who desires to minimize the bulk of his luggage. To each section is prefixed a list of the routes it contains, so that each forms an approximately complete volume apart from the general table of contents or the general index.

The Editor will highly appreciate any corrections or suggestions with which travellers may favour him. The information already received from numerous correspondents, which he gratefully acknowledges, has in many instances proved most serviceable. Annotated hotel-bills are always

welcome.

The Maps and Plans, on which special care has been bestowed, are based on Siegfried's Atlas of Switzerland and

on Dufour's Map (pp. xxviii, xxix), and revised with the aid of other recent authorities and from the Editor's own experiences. Eight of them appear for the first time in this issue.

TIME TABLES. The best Swiss publications are the 'Kursbücher' (time-tables) of Bürkli of Zürich (60 c.) and Stümpfli

of Bern (60 c.), sold at most of the railway-stations.

HEIGHTS are given in the text in English feet, on the maps in mètres (1 Engl. ft. = 0.3048 mètre; 1 mètre = 3.281 Engl. ft., or about 3 ft. 3½ in.). Comp. p. xxxvii. — DISTANCES on highroads and railways are given in English miles; while those on bridle-paths and mountain-routes are expressed by the time which they usually take. The number of miles at the beginning of a paragraph denotes the distance from the starting-point, while the distances from place to place are generally stated within brackets; but on railway-routes the mileage is always reckoned from the starting-point.

Hotels. Besides the first-class hotels, the Handbook mentions a number of the more modest inns also. The usual charges are stated in accordance with the Editor's own experience, or from the bills furnished to him by travellers. Hotel-charges, like carriage-fares and fees to guides, generally have an upward tendency, but an approximate statement of these items will enable the traveller to form an estimate of his probable expenditure. The value of the asterisks, which are used as marks of commendation, is relative only, signifying that the houses are good of their class. The Editor has distributed these asterisks as fully and impartially as his knowledge warrants, but there are doubtless many equally deserving houses among those not

To hotel-keepers, tradesmen, and others the Editor begs to intimate that a character for fair dealing towards travellers forms the sole passport to his commendation, and that advertisements of every kind are strictly excluded from his Handbooks. Hotel-keepers are also warned against persons representing themselves as agents for Baedeker's Handbooks.

R. = Room, including Rfmts. = refreshments. hr. = Hour. light and attendance. M. = English mile.  $\min = Minute.$ ft. (') = Engl. foot. c., ca. = circa, a N. = North, northern. carr. = Carriage. A. = Attendance.c., ca. = circa, about. B. = Breakfast.  $L_{\cdot} = Light.$ S. = South, southern. S.A.C. = Swiss Alpine Club. Déj. = Déjeûner, E. = East, eastern. I.A.C. = Italian Alpine Club W. = West, western. Luncheon. S.B.G.H. = Société des D. = Dinner. r. = Right. Bibliothèques des Grands S. = Supper. 1. = Left.Hôtels (see p. xviii).

Asterisks are used as marks of commendation. With regard to distances, see Preface.

#### I. Plan of Tour.

Season of the Year. Distribution of Time.

The traveller will save both time and money by planning his tour carefully before leaving home. The Handbook will help him to select the most interesting routes and the pleasantest resting-places, and point out how each day may be disposed of to the best

advantage, provided the weather be favourable.

Season. The great majority of tourists visit Switzerland between the middle of July and the end of September; but to those who wish to see the scenery, the vegetation, and particularly the Alpine flowers in perfection, June is recommended as the most charming month in the year. For expeditions among the higher Alps the month of August is the best season; but above a height of 6500 ft. snow-storms may occur at any time except in thoroughly settled weather. In ordinary seasons the snow disappears from the Rigi and the more frequented routes through the Bernese Oberland at the beginning of June. On the other hand snow sometimes lies throughout the whole season on the Furka, the Grimsel, the Gemmi, etc. The most loftily situated hotels are generally closed till the end of June.

Distribution of Time. ONE MONTH, as the annexed plan shows, suffices for a glimpse at the most interesting parts of Switzerland. Bâle, where the scenery is least interesting, is a good starting-point, but the traveller may find it more convenient to begin with Geneva or Neuchâtel.

| UGHGVA OF TOUCHAVOI.   | Days |
|--|------|
| By railway from Bâle to Neuhausen; visit the Falls of the Rhine; by railway viâ Eglisau to Zürich (RR. 1, 8, 9, 12) Zürich and the Uetliberg (R. 13) | 1 1  |

So comprehensive a tour as the above is, of course, rarely undertaken; but it will enable the traveller to plan an excursion of suitable length, such as one of the following: -

I. EIGHT DAYS FROM BÂLE. (Rigi, Bernese Oberland, Rhone Glacier, St. Gotthard Route.)

1st. From Bâle (or Constance or Romanshorn) to Zürich.
2nd. To Zug, Arth, the Rigi, and Lucerne.
3rd. By the Brünig Railway to Meiringen (Gorge of the Aare; Pilatus or Brienzer Rothhorn 1/2-1 day extra) and Brienz; by steamboat to the Giessbach and Interlaken.

4th. Railway to Lauterbrunnen, Mürren, and over the Wengern-Alp to Grindelwald (better partly on foot, taking another day).

5th. Over the Great Scheidegg to Innertkirchen. 6th. Over the Grimsel to the Rhone Glacier.

7th. By the Furka to Andermatt or Göschenen.

8th. To Flüelen, Lucerne, and Bâle.

#### TWELVE OR FOURTEEN DAYS FROM BÂLE. (Rigi, Bernese Oberland, Zermatt, Gemmi.)

1st-6th. As in Tour I.

7th. Over the Grimsel to the Rhone Glacier. Drive to Fiesch; walk or ride to the Hôtel Jungfrau.

Ascend the Eggishorn; walk via the Riederalp to Brigue.

By railway to Visp and Zermatt.

10th. Ascend the Riffelberg and Gorner Grat, etc.
11th. Railway to Visp and Loueche; walk or drive to Bad Leuk. 12th. Over the Gemmi to Kandersteg; drive to Spiez; train to Bern.

#### III. EIGHTEEN DAYS FROM BÂLE.

(Rigi, Bernese Oberland, Zermatt, Chamonix, Lake of Geneva.)

1st-10th. As in Tour II.

11th. By train to Visp and Martigny.

12th. Over the Tête-Noire or the Col de Balme to Chamonix.

13th, 14th. Excursions from Chamonix.

15th. By Salvan to Vernayaz; by train to Montreux.
16th, 17th. To Glion (Naye), Vevey, Lausanne, and Geneva.
18th. To Freiburg, Bern, and Bâle (or from Bern to Neuchâtel).

#### IV. EIGHTEEN TO TWENTY DAYS FROM BÂLE. (Rigi, Bernese Oberland, Southern Valais, Chamonix.)

1st-9th. As in Tour II.

10th. Ascend the Gorner Grat and return to St. Niklaus.

11th. Cross the Augstbord Pass (ascent of Schwarzhorn) to Meiden. 12th. Cross the Meiden Pass (ascent of Bella Tola) to St. Luc, Hôtel Weisshorn, or Vissoye.

13th. To Zinal and back.
14th. Cross the Col de Torrent to Evolena.

15th, 16th. At Evolena (Arolla and Ferpècle), and return to Sion. 17th, 18th. Cross the Gemmi to Kandersteg and Thun (or by railway to Lausanne, Freiburg, and Bern).

(Or: 16th. From Evolena to Sion and Martigny. 17th-20th. To Cha-

monix, Geneva, etc., as in Tour III.)

#### V. SEVEN DAYS FROM BÂLE.

(Bernese Oberland, Rigi, St. Gotthard Railway, Italian Lakes.)

From Bâle to Bern and Interlaken. 1st.

2nd. To Lauterbrunnen, Mürren, and over the Wengern-Alp to Grindelwald.

3rd. Over the Great Scheidegg to Meiringen.

4th. Over the Brünig to Alphachstad (ascent of Pilatus) and Lucerne. 5th. By the St. Gotthard Railway to Laveno; steamboat to Stresa (Borromean Islands).

6th. By Luino and Lugano to Bellagio.

7th. Steamer to Como; St. Gotthard Railway to Lucerne, etc.

#### VI. EIGHT OR TEN DAYS FROM BÂLE.

(Rigi, Lake of Lucerne, St. Gotthard, Italian Lakes, Splügen.)

1st. From Bale to Lucerne, and by railway to the Rigi-Kulm.

2nd. Descend to Vitznau; steamer to Brunnen (Axenstein, Rütli, etc.).

(One or two additional days: visit the Maderaner-Thal from Amsteg, and return by the Staffeln. By train or carriage to Göschenen.)

3rd. By the St. Gotthard Line to Locarno.

To the Borromean Islands, Luino, and Lugano.

By Como, or by Porlezza, to Bellagio. Walks at Bellagio; steamer to Colico; drive to Chiavenna. 6th.

7th. Cross the Splügen to Coire.

To Zürich and Neuchâtel (or to the Falls of the Rhine and Bâle). 8th.

VII. TWELVE TO FOURTEEN DAYS FROM Bâle.

(Same as Tour VI, with the addition of the Upper Engadine.)

As in Tour VI.

To Chiavenna and through the Val Bregaglia to Casaccia.

Cross the Maloja to St. Moritz and Pontresina.

8th, 9th. At Pontresina (Schafberg, Piz Languard, etc.).

Cross the Albula to Tiefenkastell and through the Schyn Pass to Thusis.

11th. Thusis (Via Mala) and thence to Coire.

To Ragatz (Pfäfers) and Zürich. 12th.

VIII. SIXTEEN TO EIGHTEEN DAYS FROM BÂLE.

(Same as Tour VII, with the addition of the Val Tellina and Lower Engadine.)

1st-8th. As in Tour VII.

9th. Cross the Bernina to Tirano.

10th. Through the Val Tellina to Bormio.

11th. Cross the Wormser Joch (Piz Umbrail) to St. Maria in the Münster-Thal (or cross the Stelvio to Trafoi and Spondinig).

12th. Over the Ofen Pass to Zernetz (or drive by Nauders and Martins-

bruck to Schuls).

13th. Cross the Flüela Pass to Davos.

14th. Landwasser Road to Tiefenkastell and Thusis. 15th, 16th. As 11th and 12th of Tour VII.

All the above tours are adapted for moderate walkers, and may of course be varied at pleasure.

Lastly, to travellers who are disinclined for a prolonged tour,

the following notes may be acceptable: -

#### Famous Points of View.

1. In the Jura (with the Alps in the distance, the lower Swiss hills in the foreground, and, from the westernmost points, the lakes of Bienne, Neuchâtel, and Geneva): Hôtel Schweizerhof (p. 30), by the Falls of the Rhine; the \*Weissenstein (p. 18), near Soleure; the Frohburg (p. 15), near Olten; the Schafmatt (p. 15), near Aarau; the Chasseral (p. 14), the Chaumont (p. 232), and the Tête de Rang (p. 232), in Canton Neuchâtel; the \*Signal de Chexbres (p. 241), the \*Signal de Bougy (p. 260), the Dôle (p. 259), and the Dent de Vaulion (p. 244), in the Canton de Vaud.

Nearer the Alps, or among the Lower Alps:

(a). On the N. side of the Alps: the Kaien (p. 64), Hohe Kasten (p. 67), and Sentis (p. 66), in Canton Appenzell; the \*Uetliberg (p. 46), the Pfannenstiel (p. 48), and the Bachtel (p. 51), near Zürich; the Speer (p. 53), near Weesen; the Alvier (p. 55), near Sargans; the Hörnli and Nollen (p. 58), near Wil; the Sonnenberg (p. 99), the \*\*Rigi (p. 108), \*Pilatus (p. 115), \*Stanser Horn (p. 141), Myten (p. 123), Niederbauen (p. 102), and Fronalpstock (p. 105), near the Lake of Lucerne; the *Titlis* (p. 145), near Engelberg; the Napf (p. 156), in the Emmen-Thal; the Homberg (p. 158), in the Seethal; the \*Schänzli\* (p. 167) and the Gurten (p. 168), near Bern; the Moléson (p. 279) and Jaman (p. 280), in Canton Freiburg; the Salève (p. 256), the Voirons (p. 257), and the Môle (p. 295), in Savoy, near Geneva; the \*Rochers de

Naye (p. 269), near Glion; the Chamossaire (p. 283), near Villars; the Grammont (p. 286), near St. Gingolph.

- (b). On the S. side of the Alps: \*Monte Generoso (p. 471), \*Monte San Salvatore (p. 469), and Monte Brè (p. 469), near the Lake of Lugano; Monte Mottarone (p. 481) and Monte Nudo (p. 477), on Lago Maggiore; the Monte San Primo (p. 491), near the Lake of Como; the Becca di Nona (p. 319), near Aosta; the Crammont (p. 317), near Pré St. Didier.
- 3. Among the High Alps: Niesen (p. 171), Amisbühel (p. 176), Heimwehfth (p. 180), Abendberg (p. 180), Sulegg (p. 180), Harder (p. 181), \*Schynige Platte (p. 182), \*Mürren (p. 186), Schilthorn (p. 187), Obere Steinberg (p. 185), Wengern-Alp (p. 192), \*Lauberhorn (p. 193), Männlichen (p. 194), \*Faulhorn (p. 198), \*Brienzer Rothhorn (p. 202), \*Kleine Siedelhorn (p. 209), \*Gemmi (p. 215), Männlifth (p. 220), and Wildhorn (p. 225), in the Bernese Oberland; the \*Pizzo Centrale (p. 134), on the St. Gotthard; the Furkahorn (p. 140), \*Eggishorn (p. 342), Sparrhorn (p. 335), Torrenthorn (p. 216), Pierre à Voir (p. 276), \*Gorner Grat (p. 361), Schwarzhorn (p. 357), \*Bella Tola (p. 356), and Pic d'Arzinol (p. 349), in the Valais; the Col de Balme (p. 310), \*Flégère (p. 300), Buet (p. 296), and \*Brévent (p. 301), near Chamonix; Piz Umbrail (p. 460), on the Stelvio route; Muottas Murail (p. 439), Schafberg (p. 439), \*Piz Languard (p. 440), Piz Ot (p. 435), Schwarzhorn (p. 390), Stätzerhorn (p. 397), Piz Mundaun (p. 403), and Piz Muraun (p. 406), in the Grisons.

#### Principal Alpine Passes.

Pre-eminent in point of scenery is the Simplon (R. 79). The St. Gotthard (RR. 32, 33) is of interest less for itself than for the approaches to it on the N. and S. Next to these ranks the Splügen (R. 96), particularly on the N. side, where it coincides with the Bernardino Route (R. 97). The finest approach to the Engadine is by the Schyn Road (R. 98) and the Albula Pass (R. 99); and the beautiful Maloja Pass (RR. 100, 104) leads thence to the Lake of Como. From the Engadine the interesting Bernina Pass (R. 103) crosses to the somewhat monotonous Val Tellina, the journey through which has, however, been much facilitated by the railway from Sondrio to Colico (p. 416). The famous Great St. Bernard (R. 77), apart from its hospice, is undoubtedly the least interesting of the series.

#### Headquarters for Mountaineering.

The most important are Grindelwald (p. 194), Lauterbrunnen (p. 184), Meiringen (p. 200), Engelberg (p. 143), Maderaner-Thal (p. 137), Kandersteg (p. 213), Evolena (p. 348), Zinal (p. 354), Zermatt (p. 359), Saas (p. 368), Chamonix (p. 297), Courmayeur (p. 315), Macugnaga (p. 372), and Pontresina (p. 435), at all of which experienced guides abound.

Alpine Glow (Alpenglühen) is the name given to the rich glow seen on the snowy peaks and rocky summits of the Alps a few minutes after the setting sun has disappeared from view, while the valleys are already in twilight.

#### II. Travelling Expenses. Money.

Expenses. The cost of a tour in Switzerland depends of course upon the habits and tastes of the traveller. The pedestrian's daily expenditure, exclusive of guides, may be estimated at 12-15 fr., or even less, if he selects the more modest inns. The traveller, on the other hand, who prefers driving and riding to walking, who always goes to the best hotels, and never makes an ascent without a guide,

must be prepared to spend at least twice the above sum; while the mountaineer's expenses will often amount to several pounds for a

single glacier-expedition (comp. p. 303).

Money. The Swiss monetary system was assimilated to that of France in 1851. In gold there are coins of 20 fr., in silver of 5, 2, 1, and 1/2 fr., in nickel 20, 10, and 5 centimes (or 'Rappen'), and in copper 2 and 1 c. pieces. The only silver coins with legal currency are the Swiss, Italian, French, and Belgian 5 fr. pieces, the Swiss pieces of 2, 1, and 1/2 fr. issued since 1873, the French pieces of the same value issued since 1864-66, the Belgian coins of the same denomination with the portrait of Leopold II., and the Greek ones with the portrait of George I. All others should be refused, as they cannot be exchanged without serious loss. A number of cantonal banks issue legal tender notes of 50, 100, 500, and 1000 fr.; these, however, are payable, not in gold, but in silver or paper, which are, indeed, practically the only money circulating in Switzerland, gold being at a premium of 50 c. or more for 100 fr. One franc = 100 c.  $=9^{1}/_{2}d$ . English sovereigns (25 fr.) and banknotes are received almost everywhere at the full value; but the circular notes, issued by many of the English and American banks, are safer for carrying large sums. German gold and banknotes also realize their full value (20 marks = 24 fr. 60-70 c.). — For Savoy (Chamonix) gold pieces or French banknotes are requisite. — In Italy the paper currency is much depreciated, and, as this is not always taken into account at hotels and railway-stations, it is advisable to provide oneself at a money-changer's with a supply of notes.

## III. Passports. Custom House.

Passports. In Switzerland passports must be shown in order to obtain delivery of registered letters, and are sometimes of service in proving the traveller's identity. For walking tours in the French and Italian frontier districts a passport is indispensable. A passport is also necessary (even for minors) to obtain the 'permis de séjour' without which no foreigner is allowed to reside in a canton. The principal passport-agents in Lendon are: Buss, 440 West Strand; C. Smith & Son, 63 Charing Cross; W. J. Adams, 59 Fleet Street (charge 2s.; agent's fee 1s. 6d.).

Custom House. Luggage undergoes a slight examination at the Swiss frontier. The duty on cigars is  $1^1/2$  fr. per kilogramme  $(2^1/5 \text{ lbs.})$ , but 50 or so are usually passed free. At the French, Italian, and Austrian frontiers the examination is sometimes strict, and tobacco and cigars pay a heavy duty, but at the German frontier the visite is usually lenient. As a rule the traveller should restrict his belongings as far as possible to wearing apparel and articles for

personal use.

#### IV. Hotels and Pensions.

Hotels. Switzerland is famous for its hotels. The large modern establishments at Geneva, Vevey, Zürich, Lucerne, Interlaken, etc., are models of organisation; the smaller hotels are often equally well conducted, and indeed a really bad inn is rarely met with in French or German Switzerland.

The ordinary charges at the first-class hotels are: bedroom, light, and attendance 31/2-5 fr.; breakfast (tea or coffee, bread, butter, and honey) 11/2 fr. in the public room, 2 fr. in the traveller's apartment; luncheon ('dejeûner', 'Gabelfrühstück'), 3-4 fr.; table-d'hôte dinner ('dîner') 4-6 fr.; supper generally à la carte. The traveller should at once ascertain at the office the charges of the rooms. Absence from table-d'hôte is apt to be looked at askance. At the large hotels the best accommodation is generally reserved for families and parties, while the solitary traveller is consigned to the inferior rooms at equally high charges. - In the following pages, when not otherwise indicated, R. (room) is used to include light and attendance. 'Pension' generally includes room, full board, service, and lights (but see p. xix).

At the second-class inns the average charges are: bedroom 11/2-2 fr., breakfast 1-11/4 fr., table-d'hôte 2-3 fr., service discretionary, and no charge for 'bougies'. In many of the more remote mountain-inns, however, the prices are higher owing to the difficulty and cost of the transport of supplies. The sensible traveller will easily make allowance for this; and he will generally find the entertainment remarkably good under the circumstances. Previous

enquiry as to charges is quite customary.

Opinions regarding hotels often differ; but travellers will rarely have much cause to complain if they try to comply with the customs of the country, restrict their luggage to a moderate quantity (p. xxxiii), and learn enough of the language to make themselves

If a prolonged stay is made at a hotel, the bill should be asked for every three or four days, in order that errors, whether accidental or designed, may more easily be detected. When an early departure is contemplated, the bill should be obtained over-night. It is not an uncommon practice to withhold the bill till the last moment, when the hurry and confusion of starting render overcharges less liable to discovery.

In the height of the season the hotels at the favourite resorts of travellers are often crowded. To prevent disappointment rooms should be tele-

graphed for (p. xxxii). Most travellers err in giving too large Gratuities. When attendance is charged in the bill, nothing more need be given except to the boots and porter. In any case the amount of the fees should never exceed 5-10 per cent of the bill. In some of the best hotels the servants are

forbidden to accept gratuities. When practicable, the bill should be settled at the cashier's office, not through a waiter.

Many of the large hotels of Switzerland contain depôts of the Société des Bibliothèques des Grands Hôtels (S. B. G. H.), a company formed for the sale of books (English, French, German) and maps in places not possessing a regular bookscaller.

possessing a regular bookseller.

Pensions. Boarding-houses or 'pensions' abound at Lucerne, Geneva, Interlaken, and in many other parts of Switzerland; and most of the hotels also make pension arrangements with guests who stay for 4-5 days and upwards. The charge for board and lodging varies from 4<sup>1</sup>/<sub>2</sub> to 10 fr. or more, and at some of the most famous health-resorts and watering-places sometimes amounts to 20 fr. per day. As the word 'pension' is sometimes used to signify board only, the traveller should ascertain whether rooms are included in the charge or not. It is always advantageous, when possible, to make arrangements for 'pension' in advance by writing to the landlord on a 'reply post-card'.

## V. Climate of Switzerland. Health Resorts.

In a mountainous country such as Switzerland the influence of height upon climate may naturally be studied in almost every conceivable gradation. Valuable conclusions have been reached by the meteorological observatories devoted to the investigation of elevated climates, not only on the higher Alps but also in the Jura and among the lower mountains.

The Purity of the Atmosphere stands in direct ratio to the height above the sea-level. Apart from accidental interruptions, caused by the presence of manufactories or similar sources of atmospheric impurity, the number of bacteria steadily diminishes as we ascend, until at about 1850' above the sea-level they entirely disappear. Thus the mountain-air, free from substances producing fermentation or putrefaction, is beyond doubt antiseptic in its effects.

The Warmth of the atmosphere is in inverse ratio to the height. Among the Alps the average fall in temperature is, on the N. side about 0.9° Fahr., and on the S. side about 1.2° Fahr., for every 330' of ascent. The mean temperature of the three months of summer is 67.4° F. in Vienna, 65.3° in Berlin, and 64.6° in Dresden; among the Alps it is, e.g., only 57.4° at Gais, 57° at Beatenberg, 56.8° at Churwalden, 56.5° at Engelberg, 50.9° at Sils-Maria, 50.2° at Arosa, and 48.2° on the Rigi-Kulm.

The Decrease of Atmospheric Pressure as we ascend is important. The barometer, indicating a pressure of 30 in. at the sealevel, falls to 28 in. at 1640', to 261/2 in. at 3280', and to 243/4 in. at 4920'. Anyone who mounts rapidly from the valleys by a mountain-railway (e.g. to the Rigi or to Davos) must be conscious of a distinct diminution of pressure. At the same time the greater intensity of the sun's rays is immediately felt on the higher levels, where 'sunburning' takes place much more rapidly than in the warmer valleys.

The Moisture in the air is by no means constant at high levels, but evaporation is much more copious than in the plains. This is especially obvious in the Grisons; fresh meat exposed to the dry, pure, cold air of that region dries up without putrefying.

The increased frequency of *Rain* is a disagreeable characteristic of the mountain-regions. The tendency towards rain, and at the height of summer to thunder-storms, is especially noticeable in the afternoon.

The crest of the Alps acts as a huge dividing-wall between the Polar and the Equatorial Winds, the latter of which frequently deposit their moisture in the form of rainfall on the S. side of the mountain-range. The best-known wind is the Föhn, a warm S. wind that blows with great impetuosity in E. Switzerland and the upper valleys of the Rhine, Linth, Reuss, and Rhône, and is frequently followed by sudden and heavy rain. On its approach the atmosphere appears thick and the mountains are enveloped in haze, though sometimes, on the contrary, they stand out with unusual distinctness. The barometer rapidly falls, while the thermometer rises; man and beast feel languid; and finally a storm bursts that is sometimes not without danger to the incautious. The Föhn is reckoned to blow for 17 days in spring, 5 days in summer, and 16 days in autumn. The cold N. wind, known as the Bise, which blows in the direction of Geneva, between the Bernese Oberland and the Jura, is little noticeable in summer. Mention must be made of the numerous local winds that prevail at the higher levels and are of importance to invalids; e.g. the uniform morning-wind, blowing down-hill, in regular alternation with the evening-wind, blowing up-hill.

The higher inhabited regions of Switzerland may be divided into three zones. The lowest of these, the Hill Region, between 1300' and 2600' above the sea-level, embraces the banks of the lakes in N.E. and Central Switzerland and the adjacent mountainslopes, on which the walnut-tree and chestnut flourish in full luxuriance. At the height of summer this region is often too hot, but a pleasant refreshment is afforded by the lake-baths. The warmest of the lakes is the Lake of Constance (68-75° Fahr.). The second, or Mountain Region, extends from 2600' to 3900'. Within its limits are numerous towns and villages, while deciduous and coniferous trees flourish. Within the third, or Alpine Region (3900' to 6550'), only coniferous trees are found, and these but to a limited extent. The mountain-climate, with its characteristically cold and rarified atmosphere, reigns supreme. Numerous admirable resorts, rendered accessible even for the weak and delicate by means of mountain railways and diligences, are to be found on the mountains and in

the elevated valleys of this region.

The most important climatic consideration in judging of a health-resort is its *Height* above the sea-level, though occasionally other factors demand attention. Part of S. Switzerland, more especially the N. banks of the lakes of Geneva and Lugano, has a warm, N. Italian climate, in consequence of its admirable protection from the N. wind, its low elevation above the sea-level, and the exposure

to an unusually powerful sun; so that the pleasantest seasons for a visit are spring and autumn, when the whey-cure and grape-cure are in full swing. In summer, visitors in search of health are glad to retreat to a station one stage higher.

In comparison with the adjacent countries, Switzerland possesses few forests; and the Swiss forests have little effect in increasing the atmospheric moisture or in moderating the extremes of temperature. In these respects the large expanses of water in N. and Central Switzerland are of more importance. The Canton of Appenzell, the original home of the whey-cure, occupies a somewhat peculiar position; for its extensive grassy slopes and pastures operate very much as forests do elsewhere, and produce a moist and warm climate in summer.

Among the invalids who derive advantage from frequenting the elevated health-resorts of Switzerland, those subject to Pulmonary and Nervous Ailments are by far the most numerous. For pulmonary and rheumatic patients and for all unable to stand strong currents of air, protection from the wind is essential; and that, though frequently found in Alpine valleys, is scarcely to be looked for on isolated mountains. The shores of the Lake of Geneva or the health-resorts in Appenzell are recommended to sufferers from dry catarrh. In cases in which inflammatory conditions of the respiratory organs are accompanied by continued night-sweats, the patients, if free of fever, will find it advantageous to ascend to higher levels where the evaporating power of the dry climate encourages the absorption of the cutaneous excretions. Invalids suffering from chronic catarrh accompanied by Emphysema must not be rash, but must content themselves with heights averaging from 2600' to 3900'. Those with weak hearts, palpitations, and so forth must, of course, avoid ascents altogether. The elevated valleys of Davos and Arosa are those most frequented for Phthisis. The best time to visit them is winter, when, after the season's snow has fallen, they are free from both dust and wind.

In the case of Nervous Patients, with irritable conditions of their organs, the climate is not the sole factor to be considered in the choice of a health-resort. The general social conditions also demand careful attention. Neurasthenics may be driven frantic by brass bands, by the rattle of the nine-pin alley, or by other noisy amusements; and the effect of the grandest Alpine air may in this manner be frustrated. Convalescents, in a state of prostration after an acute illness, and those suffering the penalties of excessive Mental Strain, often, if the remedy is not too heroic for them, regain their tone and strength with marvellous rapidity by a residence of some weeks at a height of 5000-6000'. For other patients a medium height of 3000-4000' is sufficient, and there is no lack of admirable resorts at this elevation. Neuralgic Patients, who suffer from sciatica or ticdouloureux, often become worse instead of better in dry and breezy

situations, and should prefer some sheltered resort by the seaside or in an Alpine valley not too high up. The same remark applies to sufferers from Insomnia, who, moreover, should pay careful attention to the quietness not only of the resort in general but of

their selected hotel in particular.

Among the Swiss Hydropathic Establishments of a more than native vogue the following may be mentioned: Mammern (1335'), Champel-sur-Arve (1405'), Divonne (1543'), Brestenberg (1568'), Affoltern (1640'), Buchenthal (1673'), Albisbrunn (2115'), Schönbrunn (2215'), Schöneck (2250'), Giessbach (2360'), and Zuoz (5615').

Height above Sea Level of Swiss Health Resorts. Height in Engl. Feet.

#### VI. Walking Tours.

In a mountainous country like Switzerland it is to pedestrians alone that many of the finest points are accessible, and even where driving or riding is practicable, walking is often more enjoyable.

Disposition of Time. The first golden rule for the walker is to start early. If strength permits, and a suitable halting-place is to be met with, a walk of one or two hours may be accomplished before breakfast. At noon a moderate luncheon is preferable to a tabled'hôte dinner. Rest should be taken during the hottest hours (12-3), and the journey then continued till 5 or 6 p.m., when a substantial meal (evening table-d'hôte at the principal hotels) may be partaken of.

Equipment. A superabundance of luggage infallibly increases the delays, annoyances, and expenses of travel. To be provided with enough and no more, may be considered the second golden rule for the traveller. A light 'gibecière' or game-bag, which is far less irksome to carry than a knapsack, suffices to contain all that is necessary for a week's excursion. A change of flannel shirts and worsted stockings, a few pocket-handkerchiefs, a pair of slippers, and the 'objets de toilette' may, with a little practice, be carried with hardly a perceptible increase of fatigue. A pocket-knife with a corkscrew, a leathern drinking-cup, a spirit-flask, stout gloves, and a piece of green crape or coloured spectacles to protect the eyes from the glare of the snow, should not be forgotten. Useful, though less indispensable, are an opera-glass or small telescope, sewing materials, a supply of strong cord, sticking plaster, a small compass, a pocketlantern, a thermometer, and an aneroid barometer. Special attention

should be paid to the boots, which must be strong, well-tried, and thoroughly comfortable, as the slightest tendency to rub or blister may seriously mar the enjoyment of the walk. For glacier-tours and mountain-ascents the soles must be supplied with nails, which, however, may be added on reaching the mountainous district. The traveller's reserve of clothing should be contained in a portmanteau of moderate size, which he can easily wield himself when necessary, and which may be forwarded from town to town by post.

The mountaineer should have a well-tried Alpenstock of seasoned ash, 5-6' long, shod with a steel point, and strong enough, when placed horizontally, with the ends supported, to bear the whole weight of the body. For the more difficult ascents an Ice-Axe and Rope are also necessary; the former may usually be borrowed at the hotel and the latter is generally furnished by the guide. The best ropes, light and strong, are made of silk or Manilla hemp. In crossing a glacier the precaution of using the rope should never be neglected. It should be securely tied round the waist of each member of the party, leaving a length of about 10' between each pair. Ice-axes are made in various forms, and are usually furnished with a spike at the end of the handle, so that they can in some measure be used like an Alpenstock.

General Hints. The traveller's ambition often exceeds his powers of endurance, and if his strength be once overtaxed he will sometimes be incapacitated altogether for several days. At the outset, therefore, the walker's performances should be moderate; and even when he is in good training, they should rarely exceed 10 hrs. a day. When a mountain has to be breasted, the pedestrian should avoid 'spurts', and pursue the 'even tenor of his way' at a steady and moderate pace ('chi va piano va sano; chi va sano va lontano'). As another golden maxim for his guidance, the traveller should remember that — 'When fatigue begins, enjoyment ceases'.

To prevent the feet from blistering during a protracted walking tour, they may be rubbed morning and evening with brandy and tallow. A warm foot-bath with bran will be found soothing after a long day's march. Soaping the inside of the stocking is another well-known safeguard against abrasion of the skin.

Mountaineering among the higher Alps should not be attempted before the middle or end of July, nor at any period after a long continuance of rain or snow. Glaciers should be traversed as early in the morning as possible, before the sun softens the crust of ice formed during the night over the crevasses. Experienced guides are indispensable for such excursions.

The traveller is cautioned against sleeping in chalets, unless absolutely necessary. Whatever poetry there may be theoretically in 'a fragrant bed of hay', the cold night-air piercing abundant apertures, the ringing of the cow-bells, the grunting of the pigs, and the undiscarded garments, hardly conduce to refreshing slumber.

As a rule, therefore, the night previous to a mountain-expedition should be spent either at an inn or at one of the club-huts which the Swiss, German, and Italian Alpine Clubs have recently erected for the convenience of travellers.

Mountaineers should provide themselves with fresh meat, bread, and wine or spirits for long expeditions. The chalets usually afford nothing but Alpine fare (milk, cheese, and stale bread). Glacier-water should not be drunk except in small quantities, mixed with wine or cognac. Cold milk is also safer when qualified with spirits. One of the best beverages for quenching the thirst is cold tea.

Over all the movements of the pedestrian the weather holds despotic sway. The barometer and weather-wise natives should be consulted when an opportunity offers. The blowing down of the wind from the mountains into the valleys in the evening, the melting away of the clouds, the fall of fresh snow on the mountains, and the ascent of the cattle to the higher parts of their pasture are all signs of fine weather. On the other hand it is a bad sign if the distant mountains are dark blue in colour and very distinct in outline, if the wind blows up the mountains, and if the dust rises in eddies on the roads. West winds also usually bring rain.

Health. Tincture of arnica is a good remedy for bruises, and moreover has a bracing and invigorating effect if rubbed on the limbs after much fatigue; but it should never be applied to broken skin, as it is apt to produce erysipelas. Saturnine ointment or oxide of zinc ointment is beneficial in cases of inflammation of the skin, an inconvenience frequently caused by exposure to the glare of the sun on the snow. Cold cream, and, for the lips especially, vaseline or glycerine, are also recommended. For diarrhoea 15 drops of a mixture of equal parts of tincture of

opium and aromatic tineture may be safely taken every two hours until relief is afforded. The homeopathic tineture of camphor (5 drops on a lump of sugar every half-hour or so) is also a good remedy. The homeopathic camphor-globules are convenient, but are more apt to lose their strength.

#### VII. Cycling Tours.

The cyclist goes to Switzerland for the scenery and for nothing else, and the distinctive part of Swiss scenery lies in its mountains; hence cycling in Switzerland means riding on mountain-roads. Switzerland is, therefore, a country to ride through on one's way to somewhere else, rather than one in which to settle down and make short excursions from fixed centres. That can be done on the plain, or on the shores of the Lake of Geneva, or by the Lake of Lucerne, but the ambitious rider aspires to the mountains.

The machine taken should be adapted to mountain work. It should be well-tried and trusted rather than new. It should be fitted with strong brakes, rim brakes for preference, one on each wheel. The tyres should be new and of good material, and before the journey is undertaken the machine should be thoroughly overhauled by a competent repairer, so that the cyclist may have reasonable assurance that there is no hidden flaw in any part. The

gear should be low (under 60 inches). There are few satisfactory repairers to be met with outside the larger towns, and the rider should consequently take with him the articles most likely to be required for a summary repair, and should, in addition, be sufficiently skilful to remedy the more common accidents to machines. If he is not, he would do well to ride in the company of some one who is.

No one who is not fairly strong and in good condition should attempt the Swiss passes. Long stretches of country have to be covered at a time, and there is usually a vast amount of walking and pushing one's machine to be gone through. Some of this may occasionally be avoided by hiring boys to do the pushing, but even then the amount of walking is apt to be fatiguing to any but a hardy pedestrian. At one time it was a simple matter for the tired cyclist to hoist his machine on to a passing diligence and himself take a seat in the vehicle, but postal diligences are no longer allowed to carry unpacked cycles. German and French cyclists sometimes hire a horse to walk up a steep road, and tie their machines one after the other to a long rope, the end of which is fastened to the animal's traces. They are thus enabled to sit their machines on the way up, but must of course be ready to put foot to earth every time the horse stops. English cyclists usually prefer to plod on foot; hence the necessity for good condition.

All-wool underclothing is essential on account of the frequent and sudden changes of temperature. Boots are preferable to low shoes, as the dust consists of hard particles which work their way through socks and penetrate between the toes, where they are apt to cause inflammation and render riding extremely painful. The same hard granitic dust is very trying to pneumatic tyres.

The question of drinks is an important one. Water from mountain rivulets should not be taken, as, though limpid and fresh, it springs from glaciers and if the rider is perspiring freely the result may be colic. Beer is not good to ride on as it induces lassitude. Milk is perhaps the safest drink, or wine diluted with water.

The journey should be carefully planned beforehand, especial study being given to the matter of gradients. There is a right way and a wrong way of riding most mountain-passes. For instance the Tête-Noire should be taken from Chamonix to Martigny, and the Simplon from Brigue to Domodossola. The cyclist should begin at the steeper side, where the walk up is comparatively short, and ride down the gentler slope; he thus secures short walks and long 'coasts'. Going in the opposite direction, he would have long, tiring walks up, and would be obliged to walk down the other side as well, as it would be too steep for riding. Then, again, river valleys should as far as possible be taken in the direction of the stream. Good cycling maps, preferably those showing gradients, are therefore necessary to plan an intelligent tour.

The mountain-roads are as a rule open from June to September inclusively, though that of course depends on the melting of the snow and the time that must ensue to bring the roads into good dry condition. Information must be sought locally as to the state of the roads at any particular time, but it is usually safest, early and late in the season, to cross the Alps by the St. Gotthard route, as, in case the road is found to be impracticable, we can take the train. The best time for the passes is July and early August: in mid-August road-mending begins. Swiss roads vary in condition more than those of any other country, largely owing to the action of frost and snow; hence the diametrically opposite reports with regard to the condition of certain roads. On the whole it may be said that they have been well constructed and are indifferently maintained. There is no uniform law with regard to cycling throughout Switzerland. The matter is left in the hands of the cantonal authorities, and the result is sometimes bewildering to the cyclist who passes through several cantons. Certain rules are, however, generally adopted, such as that every machine must have a lamp and a bell. In the Canton of Geneva a continuously ringing bell, like a sheep bell, is prescribed. Number-plates, procurable at the Hôtels de Ville, must be affixed to the wheel before it can be used in Geneva, Bâle, and some other large towns. In the Canton of Valais a cyclist is compelled to dismount on meeting a restive horse, and, if called upon to do so by the horseman, to hide his machine. The old practice of tying a young tree behind one's machine to check the velocity of the cycle in its downward course has been forbidden in most mountain cantons, and with good reason, for it raised a cloud of dust that was a nuisance to other travellers, and the swishing, leaping tree often frightened horses. A rider should trust his brake and keep it on when descending. The machine should always be kept under perfect control, so that one may at any time be able to jump from it without discomfort. The roads are narrow and often border on precipices, while drivers of diligences usually take the inside, leaving the edge of the precipice to the cyclist.

The cost of living will, of course, vary with the requirements of different riders, but the cyclist of frugal habits may travel on 12 fr. or 10s. per day. It is apt to prove expensive to sit down at a table in front of a large mountain hotel and call for a casual drink.

The customs duty on cycles is 70 francs per 100 kilogrammes. The amount must be deposited on entering the country, when the machine is marked with a leaden seal and a laissez-passer is handed to its owner, who is thereby authorised to keep his machine a certain time in the country. When he leaves Switzerland his deposit will be returned on his presenting his machine for identification (with the lead in position) and the laissez-passer. If he loses the paper or the lead, or exceeds his time, the money is

forfeited. Many cyclists leave the country by train and lose their deposits because the train does not stop sufficiently long on the Swiss side of the frontier to allow of the money being recovered.

For the above and many other reasons the wheelman would do well to join the Cyclists' Touring Club before undertaking the journey. The address of this club is 47, Victoria Street, London, S.W., and its subscription is 5s. yearly. The club issues a ticket which admits its members' machines into Switzerland without deposit. It also publishes a Road Book (Vol. III) which carefully describes the cycling qualities of every important road in the country. It has concluded agreements with a host of hotel-keepers whereby reduced terms and discounts are secured for its members. It supplies good maps for the cyclist and helps intending riders with useful information and advice. — Cyclists who mean to stay any time in the country should join the Touring Club Suisse (Boulevard du Théâtre 9, Geneva; annual subscription 5 fr.).

The English Railway Companies carry cycles to Switzerland at ordinary luggage rates (56 lbs. being allowed free) plus a special fee of 5s. for each machine. On Swiss railways cycles are treated as luggage. There is no free allowance, and the rate for carriage is 6 centimes per 100 kilogrammes per kilomètre. Swiss railway porters have the reputation of treating cycles less tenderly than those of other Continental countries. As a general rule, a machine that is sent on unaccompanied should be packed in a crate. When it is accompanied by the owner, all that is required is to swathe the frame and bright parts in cloth to protect them from corrosion by the sea-air. Packed cycles pay more for carriage and for duty, as

both are calculated on the weight. Among the best Cycling Maps for Switzerland are those published by Kimmerly & Frey of Bern on a scale of 1:500,000, with profiles of the roads on the back (price 3 fr., mounted on linen); Mittelbach's Road-Profile Map of Switzerland (1:600,000; mounted 2 M); Müllhaupt's Cycling Map of Switzerland (1:445,000; mounted, 3½ fr.) and Map of S.W. Switzerland and Savoy (1:300,000; mounted, 3½ fr.); and the large Carte Routière of the Swiss Touring Club, based on the Generalkarte mentioned on p. xxix (1:250,000; four sheets at 5 fr., mounted 6½ fr.).

### VIII. Maps.

1. Maps on a Large Scale: -

\*Topographischer Atlas der Schweiz, on the scale of the original drawings (flat districts 1:25,000, mountains 1:50,000), published by the Federal Staff Office under the superintendence of Col. Siegfried and known as the 'Siegfried Atlas'. The conformation of the ground is indicated by contour-lines at intervals of 10 and 30 mètres. Price, 1 fr. per sheet; four sheets in one, lithographed, 2 fr., mounted 3 fr. 30 c. Some of the more important districts are published in a special edition, in which the system of contour-lines is combined with graduated colouring (price 5 fr., mounted 6 fr. 30 c.).

The four-sheet lithographs include Zürich and environs, Bern and environs, Thun and environs, \*Thun with the Stockhorn and Niesen district, Stockhorn chain and Jaun-Thun, \*Bernese Oberland I and II, Thun-Interlaken, Brienz-Guttannen, Jungfrau and Upper Valais, Gemmi and Blümlisalp, Evolena-Zermatt-Mte-Rosa, \*Upper Engadine, \*Albula district, and the \*St. Gotthard.

Older than the above is the Topographische Karte der Schweiz, also from surveys made by order of the Federal authorities (under the superintendence of General Dufour); scale 1:100,000; 25 sheets, each 1 to 2 fr. (unmounted).

For Chamonix, Imfeld & Barbey's Map of the 'Chaîne du Montblanc' (1:50,000), and Mieulet's 'Massif du Montblanc' (1:40,000).

2. Maps on a Smaller Scale: —

Generalkarte der Schweiz (1:250,000), reduced from Dufour's Map; four sheets at 2 fr., mounted 3 fr. 30 c.

Leuzinger's Neue Karte der Schweiz (1:400,000); mounted 6 fr. Leuzinger's Reise-Reliefkarte der Schweiz (1:530,000); mounted on linen 3½ fr.

Distanzenkarte der Schweiz in Marschstunden (1:500,000);

mounted on linen 3 fr.

Kümmerly's Distanzenkarte des Berner Oberlandes in Marsch-

stunden (1:300,000); 3 fr., mounted 4 fr. 50 c.

The Alpine Club Map of Switzerland, published by R. C. Nichols (1:250,000); four sheets, 42s.

#### IX. Guides.

On well-trodden routes like those of the Rigi, Pilatus, Wengern-Alp, Faulhorn, Scheidegg, Grimsel, Gemmi, etc., the services of a guide are unnecessary in good weather; the maps and directions of the Handbook will be found entirely sufficient. The traveller may engage the first urchin he meets to carry his bag or knapsack for a trifling gratuity. Guides are, however, indispensable for expeditions among the higher mountains, especially on those which involve the passage of glaciers. The novice alone undervalues their services and forgets that snow-storms or mist may at any moment change security to danger. As a class, the Swiss guides will be found to be intelligent and respectable men, well versed in their duties, and acquainted with the people and resources of the country.

The great stations for guides are Interlaken, Lauterbrunnen, Grindelwald, Meiringen, Martigny, Chamonix, Courmayeur, Zermatt, and Pontresina, while for the principal passes guides are always to be found at the neighbouring villages. The charges for guides and porters are fixed by the Guides' Tariff issued by the Central Committee of the Swiss Alpine Club. This consists of three sections: 1. Valaisian and Vaudois Alps; 2. Bernese Oberland; 3. Alps of Central and E. Switzerland. The following extracts from

this tariff should be noted.

The guide is bound to show the tourist his book both at the beginning and end of an expedition. Even when he has served as porter only, he must ask the traveller for a testimonial. The guide must also ascertain that the tourist is properly equipped for the proposed expedition. If the tourist persists in attempting an expedition against the guide's wish and advice, or if he ill-treats the guide, the latter is entitled to refuse to serve him. In this case the guide is bound to inform the Sectional President without delay.

In ordinary inns and in occupied club-huts the guide provides his own board; in the mountaineering district proper the employer has to furnish him with food. In an engagement lasting for several days the terms are fixed by mutual consent. In this case guides usually receive 8-12 fr. a day and porters 6-8 fr., according to the season and the nature of the expedition, and even more when difficult ascents are included. The guide is bound to carry 7 kilogrammes (15 lbs.) of luggage in addition to the necessary rope; the porter carries 15 kilogrammes (33 lbs.). For each kilogramme additional the charge is 20 c. per 'hour of march'; but the guide may decline to carry more than 10 kil. (22 lbs.) in all, and the porter more than 20 kil. (44 lbs.). In tours of special difficulty the guide is entitled to refuse to carry any baggage, but he must give his employer due notice of this beforehand.

When carriages are used the employer pays the whole fare. If an expedition for which a guide has been engaged is given up for any reason other than bad weather, the guide or porter is entitled to half the fee. If the guide or porter is dismissed at a distance from home, he is entitled to 6 fr. a day for the return-journey; but

he is bound to return by the shortest practicable route.

## X. Carriages and Horses.

Carriages. The ordinary charge for a carriage with one horse is 15-20 fr., with two horses 25-30 fr. per day; the driver expects 10 per cent of the fare as a gratuity. In the height of summer the charges are slightly increased. In most cases there is now an official tariff, which also fixes the amount to be paid as the returnfare to the place where the driver was engaged. When this is not fixed, the driver is entitled to claim the full rate for his returnjourney by the shortest route, a day being reckoned as 12 hrs.' driving. On the most frequented routes carriages may generally be ordered at the hotels, but it is usually more advantageous to deal personally with the driver. The carriage and horses should be inspected before the conclusion of the bargain. When the bargain is made for a future day the driver usually deposits a sum with his employer as earnestmoney (arrhes, caparra), afterwards to be added to the account. The hirer selects the hotels at which the nights are to be passed. Private posting, or the system of changing horses, is forbidden by law.

Return-vehicles may sometimes be obtained for 10 to 15 fr. per day,

but the use of them is in some places prohibited.

Horses. A horse or mule costs 10-12 fr. per day, and the attendant expects a gratuity of 1-2 fr. in addition; but in some places, as at Chamonix, as much is charged for the attendant as for the animal. If he cannot return home with his horse on the same day, the following day must be paid for. Walking, however, is preferable. A prolonged ascent on horseback is fatiguing, and the descent of a steep hill is disagreeable. Even ladies may easily ascend some of the finest points of view on foot, but if unequal to the task they may either ride or engage 'chaises-à-porteurs'. In the Bernese Oberland, however, the numerous mountain-railways make horses and chaises-à-porteurs alike superfluous.

### XI. Diligences. Post Office. Telegraph.

Diligences. The Swiss coaching system is well organised. The diligences are generally well fitted up, the drivers and guards are respectable, and the fares moderate. These vehicles consist of the coupé, or first-class compartment in front, with 2-3 seats, the intérieur, or second-class compartment at the back, with 4-6 seats, which affords little or no view, and the banquette (used in summer only) for 2 passengers on the outside. In some cases there is only one outside-seat, which is reserved for the conducteur, or guard, but will be ceded by him on payment of the difference between the ordinary and the coupé fare. At the most important places, but not at all the intermediate stations, the traveller has a right to insist on transportation; and 'Beiwagen', or supplementary carriages, are supplied when the diligence is full. When there are many passengers it is advisable to keep an eye on one's luggage (see below), especially at a change of carriage.

On important routes the coupé is generally engaged several days before-

On important routes the coupé is generally engaged several days beforehand. This may be done by letter or telegraph, giving the traveller's name, and the day and hour of departure. The fare must also be forwarded. The coupé or banquette fare is on ordinary routes 20 c. per kilomètre (about 32 c. per Engl. M.), on Alpine passes 30 c. per kilom. (about 48 c. per Engl. M.); fare in the intérieur or cabriolet 15 or 25 c. per kilomètre (24 or 40 c. per Engl. M.). Children of 2-7 years of age pay half-fare. Each passenger is allowed 33 lbs. of luggage on ordinary routes, but 22 lbs. only on the high Alpine routes. Overweight is charged for at the ordinary postal tariff. Small articles may be taken into the carriage, but heavy luggage should be booked one hour before starting. The average speed of these sedate mail-coaches of Switzerland is about 6 M. per hour on level ground, and 4 M. per hour on mountain-routes.

Extra-Post. This is the term applied to the Swiss system of posting, managed by government, private posting being prohibited. The charge for each horse is 1/2 fr. per kilomètre (80 c. per M.); for a carriage with 2-5 seats 20 c. per kilom. (32 c. per M.), for one with 6 seats 25 c. per kilom. (40 c. per M.), for one with 7 or more seats 30 c. per kilom. (48 c. per M.). Besides these charges,

a booking-fee of 2-4 fr. must be paid according to the size of the carriage. If the same vehicle is required for a journey of several stages, double carriage-money is exacted. The postilions are strictly forbidden to demand gratuities. Extra-post may be ordered at the principal post-offices on the mountain-routes at one hour's notice. The fare must be paid in advance.

Letters of 250 grammes (about  $8^{1}/2$  oz.), prepaid, to any part of Switzerland 10 c.; if within a radius of 10 kilomètres, 5 c.; letters of 15 grammes (about 1/2 oz.) to all countries in the postal union 25 c., and 25 c. for each 15 gr. more. Registration-fee for Switzerland 10 c., for other countries 25 c. — Post-cards for Switzerland 5 c., for other countries 10 c. — Printed matter under 50 gr. for Switzerland 2 c., for other countries 5 c. — On Sun. the post-offices are usually open 10-12 and 6-8 p.m. only.

Post Office Orders within Switzerland must not exceed 1000 fr. for the larger, and 500 fr. for the smaller towns. The charge for an order not exceeding 20 fr. is 15 c., for 100 fr. 20 c., for each additional 100 fr. 10 c. more. Money-orders for foreign countries 25 c. for every 25 fr. Money-orders, up to 200 fr., may also be transmitted by telegraph, at the ordinary money-order rate plus the cost of the telegram and a small extra fee.

**Parcel Post.** The rate of postage for an inland parcel from any post-office in Switzerland to any other is 15 c. for a weight not exceeding 500 grammes  $(1^1/_{10} \text{ lb.})$ ; 25 c. from 500 to 2500 gr.; 40 c. from 2500 gr. to 5 kilogrammes (11 lb.); 70 c. from 5 to 10 kgr.; 1 fr. from 10 to 15 kgr.; 1 fr. 50 c. from 15 to 20 kgr. The tariff for parcels exceeding 20 kgr. varies according to the distance from 30 c. to 1 fr. 20 c. for every 5 kgr. Luggage can often be sent by post much more cheaply than by other means.

The Telegraph System of Switzerland is very complete, the aggregate length of the wires being at present greater than in any other country in proportion to the population. There are now upwards of 2000 offices; those in the large towns are open from 6 or 7 a.m. till 11 or 10 p.m. according to the season. The tariff for a telegram within Switzerland is 30 c., together with  $2^{1/2}$  c. for each word; to Germany 50 c. and 10 c. for each word; to England 29 c. for each word; to France 10 c. for each word; to Italy 10 c. per word for telegrams to the frontier, or 17 c. for greater distances; to Austria 10 c. (Tyrol or Vorarlberg 7 c.) per word; to the United States from 1 fr. 50 c. per word. The rates for other foreign telegrams may be ascertained at the offices. For telegrams handed in at railway-stations an additional charge of 50 c. is made. Telegrams may be handed in at any post-office, from which, if not itself a telegraph-office, they are transmitted without delay to the nearest. In such cases the fee for the telegram is paid by affixing stamps of the requisite value. If in an envelope, the word 'telegram' should

be added to the address. Telegrams from foreign countries should be addressed 'telegraph restante' (instead of 'poste restante'), as in this case they may be called for at any time and not merely during the official post-office hours.

### XII. Railways.

The Carriages on most of the Swiss lines are constructed on the American plan, holding 32-72 passengers, and furnished at each end with steps of easy access. Through each carriage, and indeed through the whole train, runs a passage, on each side of which the seats are disposed. Tickets are examined and collected in the carriages. — In French Switzerland passengers' tickets are checked as they leave the waiting-room before starting, and given up at the 'Sortie' on their arrival.

Luggage must be booked and paid for after the traveller has obtained his own ticket, but small portmanteans and travelling-bags may generally be taken into the carriage without objection. Indeed the forbearance of the Swiss railway officials in this respect is shamefully abused by inconsiderate travellers. Travellers with through-tickets from the German to the Swiss railways, or vice versâ, should see that their luggage is safe on reaching the frontier (Bâle, Geneva, Neuchâtel, Friedrichshafen, Lindau, Rorschach, Romanshorn, etc.). Where a frontier has to be crossed, ordinary luggage should never be sent by goods-train. Luggage booked through to Bern, Lucerne, or Zürich is examined at the railway-stations of these places only.

The enormous weight of the large trunks and boxes used by some travellers causes not only great labour but not infrequently serious and even lifelong injury to the railway and hotel porters who have to handle them. Heavy articles should be placed in the smaller packages, and only

the lightest articles in the larger trunks.

Circular Tickets and return-tickets (available for 3 days; over 6 M. for 10 days) are issued at reduced rates on most of the Swiss lines, and also by the German and French railways to Switzerland. Information regarding them will be found in the time-tables; but they are apt to hamper the traveller's movements and to deprive him of the independence essential to enjoyment.

General Tickets. A recent innovation in the Swiss railway service is the so-called General Season Tickets ('General abonnements'), which entitle the holder to travel at will over almost all the Swiss railway and steamer lines during a given time. A fortnightly ticket of this kind costs 70, 50, or 35 fr. (1st, 2nd, and 3rd class), a monthly ticket 110, 75, 55 fr.; quarterly 270, 190, 135 fr.; half-yearly 420, 295, 210 fr.; yearly 670, 470, 305 fr. These tickets must be ordered at the booking-offices of the chief stations at least 2 hrs. (at other stations 24 hrs.) in advance; and the applicant must

at the same time furnish an unmounted photograph of himself (carte

de visite size).

A deposit of 5 fr., made when the ticket is taken, is returned if the ticket be presented at any ticket-office on (at latest) the forenoon of the day after its expiry. — These tickets are not available on the Rigi railway, the Bernese Oberland railways, the Visp-Zermatt railway, and the Rhætian railway.

### XIII. History. Statistics.

The limits of this work preclude more than a brief historical sketch of the interesting country the traveller is now visiting, whose inhabitants have

ever been noted for their spirit of freedom and independence.

Switzerland is believed to have been first peopled by the Rhaeti, who were driven from the plains to the mountains by the Helvetii, a Celtic tribe. The latter were conquered by the Romans, B. C. 58, and the Rhæti were subdued in B. C. 15. The Romans made good military roads over the Great St. Bernard (p. 325) to Bâle, and over the Julier (p. 422), Septimer (p. 421), and Splügen (p. 414) to Bregenz (p. 464), and thence to Bâle. The chief settlements were Aventicum (Avenches, p. 242) in the Canton of Vaud, Vindonissa (p. 23) at the confluence of the Aare, Reuss, and Limmat, Augusta Rauracorum (Augst, p. 22) near Bâle, and Curia Rhaetorum (Coire, p. 382) in the Grisons. E. Switzerland as far as Pfyn (ad fines) in Thurgau, and Pfin (p. 333) in the Upper Valais, belonged to the province of Rhætia, while W. Switzerland formed part of Gaul. The name Helvetii had become extinct even before the time of Constantine. Under the Roman sway Helvetia enjoyed a flourishing trade, which covered the land with cities and villages. A trace of that period exists in the Romanic dialect, which is still spoken in some parts of Switzerland.

About A.D. 400 a great irruption of barbarians swept through the peaceful valleys of the Alps, and Huns, Burgundians, Alemanni, and Ostrogoths in succession settled in different parts of the country. The Alemanni occupied the whole of N. Switzerland, where German is now spoken; the Burgundians the W. part, where French is spoken; and the Ostrogoths S. Switzerland, where Italian and Romansch are now spoken. These races were gradually subdued by the Franks, who, however, did not take possession of the country themselves, but governed it by their officers. During this period Christianity was introduced, the monasteries of Disentis (p. 406), St. Gallen (p. 58), and Einsiedeln (p. 119) were founded, and dukes

and counts were appointed as vicegerents of the Frankish kings.

After the dissolution of the great Frankish empire, the E. half of Switzerland, the boundary of which extended from Eglisau over the Albis to Lucerne and the Grimsel, was united with the duchy of Alemannia or Swabia, and the W. part with the kingdom of Burgundy (912). After the downfall of the latter (1032) the German Emperors took possession of the country, and governed it by their vicegerents the dukes of Zähringen (p. 162), who were perpetually at enmity with the Burgundian nobles and therefore favoured the inhabitants of the towns, and were themselves the founders of several new towns, such as Freiburg, Bern, and Burgdorf.

founders of several new towns, such as Freiburg, Bern, and Burgdorf.

As the power of the emperors declined, and the nobles, spiritual and temporal, became more ambitious of independence, and more eager to fill their coffers at the expense of their neighbours, the Swiss towns and the few country-people who had succeeded in preserving their freedom from serfdom were compelled to consult their safety by entering into treaties with the feudal lords of the soil. Thus the inhabitants of Zürich placed themselves under the protection of the then unimportant Counts of Hapsburg, with whom the 'Three Cantons' of Uri, Schwyz, and Unterwalden were also allied. In 1231 and 1240 letters of independence were granted by Emperor Frederick II. to Uri and Schwyz, and after Count Rudolph of Hapsburg had become emperor he confirmed the privileges of the former in 1274, while Schwyz and Unterwalden still continued subject to the Hapsburg supremacy.

After the emperor's death in 1291 the Forest Cantons formed their first league for mutual safety and the protection of their liberty against the growing power of the House of Hapsburg. Rudolph's son Albert in particular endeavoured to rear the limited rights he enjoyed in these districts into absolute sovereignty, and to incorporate them with his empire.

The ancient cantons therefore embraced the cause of the rival monarch Adolph of Nassau, who confirmed their privileges. Victory, however, favoured Albert, who again deprived the cantons of their privileges, but does not appear to have treated them with much severity. To this period belongs the romantic but unfounded tradition of William Tell.

After the assassination of Albert by John of Swabia in 1308, Emperor Henry VII., who was also an opponent of the Hapsburgers, conferred a charter of independence on the Forest Cantons. The House of Hapsburg regarded this as an infringement of their rights, and sent a powerful army against these cantons, which after the death of Henry had declared their adherence to Lewis the Bavarian, the opponent of Frederick the Handsome. This army was destroyed at *Morgarten* (p. 93) in 1315. Subsequent attempts to subject the country to the supremacy of the House of

Hapsburg were frustrated by the victories of the Swiss at Sempach (p. 21) in 1386, at Näfels (p. 77) in 1388, and at the Stoss (p. 65) in 1405.

In the Burgundian parts of the country too the nobility were jealous of the increasing importance of the towns, and therefore attempted to conquer Bern, but were defeated by the citizens at Laupen (p. 238) in 1339.

In 1354 a confederacy was formed by eight independent districts and towns, which soon became powerful enough to assume the offensive, and at length actually wrested the hereditary domain of Hapsburg from the dukes of Austria, who tried in vain to recover it.

Even Charles the Bold, Duke of Burgundy, the mightiest prince of his time, was defeated by the Swiss at the three battles of Grandson (1476,

p. 236), Morat (1476, p. 242), and Nancy, while at an earlier period a large body of irregular French and other troops, which had been made over to Austria by the King of France, sustained a severe check from the confederates at St. Jacob on the Birs (1444, p. 9).

In the Swabian war (1499) the bravery and unity of the Swiss achieved another triumph in the victory of Dornach (p. 10). At that period their independence of the emperor was formally recognised, but they continued

nominally attached to the empire down to 1648.

The last-named victory formed a fitting termination to a successful career of two centuries, the most glorious in the history of Switzerland. At the beginning of the 16th century a period of decline set in. enormous booty captured in the Burgundian war had begotten a taste for wealth and luxury, the demoralising practice of serving as mercenary troops in foreign lands began to prevail, and a foundation was laid for

the reproachful proverb, 'Pas d'argent, pas de Suisses!'
The cause of the Reformation under the auspices of Zwingli was zealously embraced by a large proportion of the population of Switzerland about the beginning of the 16th century; but the bitter jealousies thus sown between the Roman Catholic and the Reformed Cantons were attended with most disastrous consequences, and in the civil wars which ensued bloody battles were fought at Kappel (p. 94) in 1531, at Villmergen

in 1656, and during the Toggenburg war (p. 71) in 1712.

<sup>†</sup> The legend of the national hero of Switzerland, as well as the story of the expulsion of the Austrian bailiffs in 1308, is destitute of historical foundation. No trace of such a person is to be found in the work of John of Winterthur (Vitoduranus, 1349) or that of Conrad Justinger of Bern (1420), the earliest Swiss historians. Mention is made of him for the first time in the Sarner Chronik of 1470, and the myth was subsequently embellished by Ægidius Tschudi of Glarus (d. 1542), and still more by Johann von Müller (d. 1809), while Schiller's famous play has finally secured to the hero a worldwide celebrity. Similar traditions are met with among various northern nations, such as the Danes and Icelanders.

Traces of unflinching bravery and of a noble spirit of self-sacrifice in the cause of conscience are observable in individual instances even at the close of the 18th century, as exemplified by the affairs of Rothenthurm (p. 120) and Stans (p. 141), but the national vigour was gone. The resistance of individuals to the invasion of the French republicans proved fruitless, and the Helvetian Republic was founded on the ruins of the ancient liberties of the nation. In 1803 Napoleon restored the cantonal system, and in accordance with resolutions passed by the Congress of Vienna in 1815 the constitution was remodelled. The changes introduced in consequence of the revolution of July, 1830, were unhappily the forerunners of the civil war of the Sonderbund, or Separate League, in November, 1847; but this was of short duration, and on 12th September, 1848, a new federal constitution was inaugurated. Since that period the public tranquillity has been undisturbed, and the prosperity and harmony which now prevail throughout the country are not unworthy of the glorious traditions of the past.

Two useful books for the visitor to Switzerland are 'The Rise of the Swiss Republic' and 'Romance and Teutonic Switzerland', both by W. D.

McCrackan.

#### 1. Bâle.

Railway Stations. The BADEN STATION (Pl. F, 1; \*Restaurant), at Klein-Basel, is on the right bank of the Rhine. — The Alsace and the Swiss lines both start from the CENTRAL STATION (Pl. D, E, 6; \*Restaurant, B. 1 fr.), in Bâle, on the S. side of the town. These two stations are connected by a Junction Line (10 min.; fares 1 fr., 70 c., 50 c.), and also by Electric Tramways (see below; every 3 min.).

Hotels. \*Trois Rois (Pl. a; D, 2, 3), on the Rhine, R. 41/2-71/2, B. 11/2, déj. 31/2, D. 5, pens. from 121/2, omn. 1 fr. — At the Central Station, to the right: \*Hôtel Schweizerhof (Pl. c; E, 6), R. 31/2-8, B. 11/2, déj. 31/2, D. 4-5, pens. from 10, omn. 1 fr.; \*Hôtel National (Pl. d; E, 6), R. 21/2-5, B. 11/2, D. 4-41/2 fr.; \*Hôtel Victoria (Pl. e; E, 6), R. 31/2-51/2, déj. 3, D. 41/2 fr.; Hôtel St. Gotthard (Pl. o; E, 6), R. 23/4-41/2, B. 11/2, déj. 3, D. 4, pens. 10-121/2 fr.; Hôtel Strassburg (Pl. u; E, 6), R. 21/2-5, B. 11/4, D. 21/2 fr. To the left of the station: \*Hôtel Euler (Pl. b; D, 6), R. 4-7, déj. 31/2, D. 5, omnibus 1 fr., first-class; Hôtel Hofer (Pl. f; D, 6), R. from 21/2, B. 11/4, D. 21/2 fr.; Bernerhof (Pl. g; D, 6), R. 21/2-4, D. 3 fr.; Hôtel du Jura (Pl. t; D, 6), R. 2-4, B. 1, D. 3 fr.; Hôtel du Jura (Pl. t; D, 6), R. 2-4, B. 1, D. 3 fr.; Hôtel de L'Europe (Pl. n; D, 5), 3 min. from the Central Station, well spoken of; \*Métropole (Pl. n; D, 5), 3 min. from the Central Station, well spoken of; \*Métropole (Pl. h; D, 4), R. 21/2-4, B. 11/4, D. 3, pens. 8-40 fr.; \*Hôt. Bauer au Rhin, next door to the Trois Rois, with terrace on the Rhine, R. 21/2-5, B. 11/4, D. 31/2, S. 21/2 fr.; \*Hôt. Central (Pl. i; D, 4), R. 21/2-4, B. 11/4, D. 31/2, pens. 8-10 fr.; \*Balannes (Pl. m; D, 4), R. 21/2-4, B. 11/4, D. 21/2 fr., on the Rhine; Hôtel de Bâle (Pl. r; F, 2), R. 21/2-4, B. 11/4, D. 21/2 fr., \*Hôtel Schrieder (Pl. s; F, 1), opposite the Baden Station, R. 21/2-4, B. 11/4, D. 3 fr. — Pension Holzberger, Mühlenberg 3, on the Rhine (6-10 fr.); Pens. Koller, Kornhausgass 18. Hotels. "Trois Rois (Pl. a; D, 2, 3), on the Rhine, R. 41/2-71/2, B. 11/2, Koller, Kornhausgasse 18.

Cafés-Restaurants. \*Stadt-Casino, Barfüsser-Platz, corner of the Steinenberg; \*Kunsthalle, see p. 9; Zur Rebleuten-Zunft, Freie-Str. 50; Zum Safran, in the guildhouse of that name; Veltliner-Halle, Freie-Str. 25; Zum Cardinal, Freie-Str. 36; Bühler's Bierhalle, close to the Casino (in summer, Bühler's Bier-Garten, in the Sternengasse). - On the right bank: Spitz, by the old bridge, with a terrace overlooking the Rhine; Burgvogtei, Rebgasse 14, with garden; Goebel's Wine Rooms, Bahnhof-Str. 13, opp. the Baden Station; Natter, Warteck Brewery, near the Baden station. — Sommer-Casino (Pl. F, 6), near the St. Jacob Monument (p. 9), with a pleasant garden, music on Mon., Wed., and Frid. at 7.30, on Sun. at 6 p.m. (50 c.); Schützenhaus (Pl. B, 4), built in 1651 and restored in 1881-83, with old and new stained glass, good wine. — Confectioners (who sell 'Basler Leckerli'): Koch, near the old bridge: Speiser Freige-Str. 61: Stauber, Spalen 8 Koch, near the old bridge; Speiser, Freie-Str. 61; Stauber, Spalen 8.

Electric Tramways. 1. From the Central Station via the Markt-Platz to the Baden Station every 6 min. from 6 a.m. to 10 p.m.; time 16 min., fare 20 c. (no luggage carried). — 2. From the Central Station via the Wettstein-Platz to the Baden Station in 11 min., every 6 min. from 7.14 a.m. to 8.26 p.m.; fare 10 c. — 3. From the Missions-Strasse viâ the Barfüsser-Platz to Birsfelden every 22 min. (20 c.). — 4. From the Clara-Platz to Klein-Hüningen (20 c.). - 5. From the Barfüsser-Platz via the Spalen-Ringweg to the Alschwyler-Str. (20 c.) - 6. From St. Ludwig viâ the Markt-Platz and Handelsbank to the St. Margarethen-Strasse (20 c.).

Cabs. For 1/4 hr., 1-2 persons, 80 c.; second 1/4 hr. 60, each additional 1/4 hr. 50 c.; 3-4 pers. 1 fr. 20 c., the second 1/4 hr. 90, each additional 1/4 hr. 70 c. From either station into the town, 1-2 pers. 1 fr. 20 c., 3-4 pers. 1 fr. 80 c.; from one station to the other 1-2 pers. 11/2, 3-4 pers. 21/2 fr., each box 20 c. extra. — Taxameter Cabs, for 1/4 hr., 1-2 persons 80 c., 1/2 hr. 1 fr. 30 c., 3/4 hr. 1 fr. 80 c., 1 hr. 2 fr. 30 c.; for 3-4 persons 1 fr. 20, 1 fr. 80, 2 fr. 40 c., 3 fr.; trunk 20 c. At night (10-6), for 1-2 persons, 1/2 hr. 2 fr. 70 c., each additional 1/4 hr. 1 fr.

Post and Telegraph Offices (Pl. D, 4), Freie-Str. 12.

Baths in the Rhine (Pl. E, 3, 4), entered from the Pfalz (p. 5), 80 c. Warm Baths: Leonhard-Str. 12, Clara-Str. 29, near the Baden Station, etc. Theatre (P. E, 4, 5); opera and drama from Sept. to Easter. Summer Theatre in the Hôtel de Bâle (p. 3).

Picture Gallery in the Kunsthalle (p. 9; open 9.30 to 12.15 and 1.45 to

5; adm. 50 c., Sun. afternoons 20 c.).

English Church Service in a chapel at the Hôtel des Trois Rois (10.30 and 3). - United States Consul, Mr. George Gifford.

The Verkehrsbureau (Official Enquiry Office), Stadthausgasse 13, near

the Markt-Platz, gives information of all kinds.

Bâle, or Basel (830'), the capital of the half-canton Bâle-Ville or Basel-Stadt (pop. 107,287), is first mentioned in the year 374 as Basilea, having probably been founded by the Roman armies, when they fell back on the Rhine, near the old Colonia Augusta Rauracorum, established in B. C. 27 by L. Munatius Plancus (now Kaiser-Augst, 51/2 M. to the E.; p. 22). In the middle ages Bâle was a free town of the Empire, and it has been a member of the Swiss Confederation since 1501. The university was founded in 1460 by Pope Pius II. (Æneas Sylvius). The city lies on both banks of the Rhine, which here receives the waters of the Birs and the Birsig on the S. and of the Wiese on the N. On the left bank of the Rhine lies Gross-Basel, on two hills separated by the valley of the Birsig, through which run the Freie-Strasse and Gerber-Strasse, the ancient arteries of traffic. On the right bank lies Klein-Basel, with numerous manufactories.

Three Bridges cross the river, all affording admirable views. The wooden Alte Rhein-Brücke (Pl. D, E, 3), 165 yds. long, 16 yds. wide, and partly supported by stone piers, was originally built in 1225. In the middle of it rise a chapel of the 16th cent. and a barometer-column. Above the old bridge the river is crossed by the iron Wettstein-Brücke (Pl. F, 4), completed in 1879, with three spans of 200 ft. each. At each end of the bridge are two basilisks, the heraldic symbol of Bâle. Below the old bridge is the five-arched Johanniter-Brücke (Pl. D, 1), completed in 1882.

The \*Münster (Pl. E, 4), a picturesque edifice of red sandstone, with a brilliantly coloured new roof and two slender towers, is conspicuous in every view of the city. Down to the Reformation (1529) it was the cathedral of the old see of Bâle. Its foundation is ascribed to Emp. Henry II. (1010-24), but the oldest existing parts belong to a building of 1185, which was damaged in 1356 by an earthquake and a fire. It was then rebuilt in the Gothic style and reconsecrated in 1365. Of the Romanesque structure the N. portal, or St. Gallus Gateway (built about 1200), still exists, and is adorned with statues of the Evangelists and John the Baptist; over the churchdoor is a relief representing the wise and foolish virgins; at the sides in six niches are the works of charity, and at the top Christ on the judgment-seat and the angels at the Last Day. The exterior of the Choir, with its round-arched arcades, is also Romanesque. The W. Façade, with the towers, the chief portal, and two sideentrances, is entirely Gothic. The tasteful N. Tower is 210', the S. Tower, completed in 1500, is 206' high. The sculptures above the chief portal represent the Virgin and Child, and under them the Emp. Henry, with a model of the church, and the Empress Kunigunde; on the two side-entrances are two knights, on the left St. George and the dragon, and on the right St. Martin. The building underwent a thorough restoration in 1852-56 and 1880-90.

The Interior is open to the public on Wed., 2-4 p.m.; at other times admission 25 c. for each person. The sacristan lives at Münster-Platz No. 13, but in summer he is generally in the church (knock). The church, 213' long and 107' wide, originally consisted of nave and aisles, but is now provided with double aisles owing to the inclusion of the chapels. The general effect is very imposing, especially when seen from the galleries. The stained-glass windows are modern. The beautiful rood-loft of 1381 supports the large and excellent organ. The pulpit dates from 1486. In the left outer aisle are monuments of the 13-15th cent. and (farther on) two reliefs with the martyrdom of St. Vincent and of St. Lawrence. The font is of 1465; on the pillar opposite is the tombstone of the learned Erasmus of Rotterdam (d. 1536), with a long Latin inscription. The right outer aisle contains a relief of six Apostles (11th cent.). In the transept are late-Gothic choir-stalls, with satirical representations (15th cent.). In the retro-choir are monuments of the Empress Anna (d. 1281), consort of Rudolph of Hapsburg and mother of Albert I., and of her youngest son Charles.— In 1431 the great Council began to sit in the Münster. It consisted of upwards of 500 clerics, including many great dignitaries, whose ostensible task was a 'reformation of the Church in head and members'; but after having debated for years without result and been excommunicated by Pope Eugene IV., it was dissolved in 1448.

On the S. side of the choir are extensive \*Cloisters, at the entrance to which from the Rittergasse stands a statue of John Œcolampadius (d. 1531), the Reformer. The vaulting of the cloisters is partly Romanesque, partly late-Gothic (1470-90). They were restored in 1869-73, and used until 1850 as family burial-places. They extend to the Pfalz, a terrace behind the Münster, 65' above the Rhine, planted with chestnuts, overlooking the green river and the hills of the Black Forest. Near it (Bäumleingasse 18) is the house of Frobenius the printer, in which Erasmus died in 1536.

In the Augustinergasse, which descends to the N.W. from the Münster-Platz to the bridge, is the Museum (Pl. E, 3), constructed in 1843-49. On the groundfloor, to the left, are the Ethnographical and Prehistoric Collection (lacustrine remains) and the Collection of Reptiles; to the right are the Osteological Collection and the Library. In the vestibule is a marble group of Adam and Eve, by Schlöth. On the staircase are three frescoes by Böcklin (1866-70), representing Gæa, Flora, and Apollo. The first floor contains the Aula of the University, with portraits of 107 scholars of Bâle, and the Natural History Collections. In the ante-room are marble busts of ten recent professors of the university. — The second floor is occupied by the \*Picture Gallery (director, Dr. Daniel Burckhardt), chiefly interesting for its paintings and drawings by Hans Holbein the Younger (b. at Augsburg 1497, d. in London 1543), who lived at Bâle in 1515-26 and 1528-32, and also for the paintings by Arnold Böcklin

(b. at Bâle in 1829, d. 1901). Adm. free on Sun., 10.15-12.30 and 2-4, and on Wed., 2-4; at other times fee 50 c.; closed from 12.30

to 2. Catalogue 60 c.

The staircase from the first to the second floor is adorned with cartoons by Cornelius, Schnorr, and Steinle, and with a painting by Benner of a Street in Capri. — Room I. Marble bust of Jacob Burckhardt (1818-97), the writer on art, by Volkmann. — Room II (to the left). Modern Swiss Painters. To the left: Stückelberg, 423. The painter's children, 427. Marionettes, 431. Prophetess, 426. Pilgrimage among the Sabine Mts.; 526. Balmer, Portrait; 505. Gos, Storm in the Sefinen Valley; 465. Barzaghi-Cattaneo, Irene de Spilimbergo, a lady-musician of the 16th cent.; 462. Gleyre, Pentheus; 511. Ritz, Pilgrims of Savièze; A. Feuerbach, 307a. Death of Pietro Aretino, 307b. Portrait of Allgeier, the engraver; 475. Grob, Pestalozzi at Stans; 463. Gleyre, Nymph; 478. Bachmann, Carol-singers in the Canton of Lucerne; 514. Giron, Girl of the Valais; 524. Breitenstein, Alpine landscape; 459. Koller, Cows at water; Zünd, 447. The Prodigal Son, 446. Harvest; 499. E. de Pury, Among the Lagoons; \*458. Koller, Horses; 482. Rüdisühli, Marshy ground; 421-424. Al. Calame, Landscapes; 502. M. Joseph, Roses; 452. Ed. Girardet, After the battle; 513. K. Stauffer, Portrait of Gustav Freytag; Diethelm Meyer, 472. Girl of the Valais, 471. Girl of the Hasli-Thal; 484. Castan, Harvest; B. Vautier, 442. Rustic debtor compelled by a rich neighbour and his agent to sell his property, 443. The involuntary confession; 429. Stückelberg, Earthquake at Bâle (1856); 501. Frölicher, Summer landscape; 497. Du Mont, A difficult piece of music; 448. Zünd, Landscape; 450. Ed. Girardet, Snow-balling; 510. Bouvier, Mignon; Barzaghi-Cattaneo, 464. Tasso and Leonora, 466. Fiesco; 468. Steffan, Murg valley; 481. Rüdisühli, Evening-scene; Anker, 444. Children's breakfast, 445. Quack; 516. Berthoud, Capri. — Sculptures: 1. Stauffer, Adoring youth; 1. Hoffmann, Marble statue of a girl.

The adjacent Room III. contains the collection of engravings (usually closed). Room IV. contains paintings and studies by F. Buchser of Soleure (1828-90). Rooms V. and VI. are occupied by the director. — We return

to Room I. and enter, to the left, the -

VII. Room of the Drawings. These include, on the walls and in cabinets, admirable examples of Hans Holbein the Elder (4-8), Albrecht Dürer (1-3), and \*\*Hans Holbein the Younger (9-80). Among the last may be mentioned: 9, 10. Burgomaster Meyer of Bâle and his wife; 66. Portrait of Holbein by himself; 68. Family of Sir Thomas More; 69-71. Burgomaster Meyer with his wife and daughter; 50. Combat of foot-soldiers, 27. Samuel and Saul (these two sketches for the lost pictures in the Council Chamber); 51-56. Costumes of Bâle women; 31-40. The Passion. Between the first and second window are the original drawings (1515) of Holbein's Praise of Folly (Laus stultitiæ) and drawings by other German masters of the 16th century. — We next enter the —

Large Saloon, in seven section. Here we turn to the left, pass Imhof's statue of Rebecca, cross the old-German room, pass between the so-called Steinhäuser Apollo and the replica of the Farnese Hercules (two ancient heads), and reach the North Ante-Room (IX), with etchings by E. van Muyden, water-colours by Samuel and Peter Birman, etc. — Room X. On the right: Ambrose Holbein, \*21a. Portrait of the Bâle painter Hans Herbster, 26. Portrait of the goldsmith Georg Schweiger, 23, 24. Portraits of boys, 25. Skulls. Hans Holbein the Younger, 19. Dorothea Offenburg (lady in a rich costume) with Cupid; \*18. The same lady, with the inscription 'Laïs Corinthiaca' (1526); \*20. Wife and children of the painter (1528); \*15. The dead body of Christ, of startling realism (1521); 14. The Passion, in eight separate scenes, formerly in the Rathhaus; 1a. Last Supper; 17, \*7. Erasmus; 16. Boniface Amerbach (1510); 21. A London merchant; 28. Johann Frobenius, the printer; 13. Ecce Homo; 10. The burgomaster Jacob Meyer and his wife (1519); 3. Christ on the Mount of Olives; 6 and 6a. Schoolmaster's signboard of 1516; 1. Virgin and Child; 8, 9. Heads of Saints; \*11. Last Supper. M. Grünewald, 32. Crucifixion, 33. Resurrection; Hans

Baldung Grien, 34. Crucifixion, 35. Nativity, \*36, \*37. Pictures with figures of Death; 40-43. N. Manuel Deutsch; 58, 59. Tob. Stimmer, Full-length portraits of Jac. Schwitzer and his wife (1564). — Room XI. In the centre, marble statue of Jason, by Schlöth. Nos. 65-72, Paintings by Conrad Witz, of Bâle (ca. 1440); 73. Dutch Master of the 15th cent., Pius Joachim. — At the entrance to the next section, to the right, 166 a. Bronzino, Portrait of a man; to the left, 73 a. Early French School, Jacques de Savoie, Count of Romont. — Room XII. On the wall, ancient Greek head of a youth. To the left, 140. W. van Mieris, Fishmonger; 146. S. van Ruysdael, Landscape; Teniers the Younger, 131. Dutch interior, 132. Peasant-scene; 139. Brakenburgh, Tavern; 137. C. du Jardin, Before the inn; above, 124. Peter Thys, Pietà; 117. P. Brueghel the Younger; John the Baptist preaching: 138. Berburgh, Tavern; 137. C. au Jarain, Before the Inn; above, 124. Teter Thys, Pietà; 117. P. Brueghel the Younger; John the Baptist preaching; 138. Berchem, Cattle crossing a stream; \*118. Rubens, Bearing of the Cross (sketch); 136. Wouverman, Horses and ass; 133. Teniers the Younger, Tavern-music; 183a. Matt. Merian, Portrait of H. J. Müller (1647); \*156. Hobbema, Forest-scene; 139a. Thom. Wyck, Tavern-scene; 125. Dirk van Sandvoort, Strolling singers; 145. G. Rombouts, Forest-scene; 165. Old copy of Raphael's Joanna of Aragon; 126. Weenix, Landscape. — Room XIII. Marble statuette of a support by Kissling and a bust of S. Birman. To the left, 213. Ph. deof Aragon; 126. Weenix, Landscape. — Room XIII. Marble statuette of a runner, by Kissling, and a bust of S. Birman. To the left, 213. Ph. de Champaigne, Portrait; 218. Moucheron, Landscape; to the right, 237. Teniers the Younger, Smoker; 205. N. Poussin, Bacchus. — Room XIV. f. Marble statue of Psyche, by Schlöth. To the left, 299. Hauser, Portrait of F. Overbeck; 292-97. Landscapes by J. J. Frey, of Bâle; 290. Aurel Robert, Interior of St. Mark's at Venice; 523. Würtemberger, Portrait of Böcklin; 300. Diday, Lake of Brienz; 306. Lessing, Forest-scene; 269. Neher, Abraham and the angels; 280, 281. J. Schraudolph, Angels; 278. Schnorr von Karolsfeld, 'Domine quo vadis'; 277. Overbeck, Death of St. Joseph; 274a. L. Richter, Forest-scene in autumn; 232. Steinle, St. Luke painting the Virgin. — Room XV. contains German drawings of the first half of the 19th century. - Room XV. contains German drawings of the first half of the 19th century.

We now return to the Room of the Drawings, pass through Cabinet VIII., with copies after H. Holbein the Younger, and enter -

Room XVI. 449. Zünd, Lake of Lucerne; 515. Benner, The Blue Grotto; 455. Eug. Girardet, Arab coffee-house; 496. Bocion, Harbour of Ouchy.—

m. Stauffer, Bronze statuette of Adrian von Bubenberg (p. 166).

Room XVII. To the left, \*512. Zuber, Forest-scene in spring; 504. Burnand, Return from the Alp; 517. Meyer, Untersee; 507. Sandreuter, Heroic landscape; 460. Koller, Cows watering; 518. De Goumois, Gale; 508. Sandreuter, Female beauty; 520. Lendorff, Mountain-scene; Preiswerk, 479. Satyr family, 480. Seashore; 265-268. J. A. Koch, Landscapes; 522, 521. H. Thoma, Landscapes; 519. Baud-Bovy, Mountain summit; 456. A. van Muyden, Roman street-scene; Ed. Girardet, 453. Fortune-teller, 451. Barber's shop in Brittany; 289. L. Robert. Bandits' wives in flight: 310. A. W. shop in Brittany; 289. L. Robert, Bandits' wives in flight; 310. A. W. Töpffer, Rustic meal; 457. A. van Muyden, Italian woman and child; 500. Frölicher, Landscape; 476. Staebli, River-scene.

Room XVIII. A. Böcklin, \*435. Battle of Centaurs, \*436. Sacred grove, \*438. Life a dream, \*441. Odysseus and Calypso, 437. Naiads, \*434. Pietâ, 440. Head of Medusa (relief in plaster), 439. Portrait of himself, 432. Diana bunting 433. Viola (lady with a green will), 207. A. Fewenbach, Idull, 506.

hunting, 433. Viola (lady with a green veil); 307. A. Feuerbach, Idyll; 506. Sandreuter, The Fountain of Youth. — k. Bronze bust of Böcklin by

Hildebrand.

The Rathhaus (Pl. D, 3), or Town Hall, in the Marktplatz, was erected in the Burgundian late-Gothic style in 1508-21 and restored in 1824-28. By the flight of steps in the court is a Statue of Munatius Plancus (p. 4), erected here in 1580. The handsome Council Hall is adorned with fine panelling and stained glass. — The late-Gothic Fischmarkt-Brunnen (Pl. D, 3) dates from 1467.

The large Barfüsser-Kirche (Pl. D, E, 4), of the beginning of the 14th cent., with a very lofty choir, now contains the \*Historical Museum, ranking with that at Zürich (p. 44) as one of the two

chief collections of the kind in Switzerland (Sun. 10.30-12.30 and 2-4, and Wed. 2-4, free; other days 8-6 in summer, 10-4 in

winter, fee 50 c.; director, Prof. Albert Burckhardt-Finsler).

NAVE. Architectural fragments and sculptures from the churches and secular edifices of Bâle. St. Martin, from the Minster. To the left, the so-called Holbein Fountain (p. 9). Above St. Martin, the 'Lällenkönig', a curious piece of mechanism, formerly on the exterior of the tower (removed in 1839) of the Rhine bridge; when the clock struck, the head stuck out its tongue and rolled its eyes. — The adjoining Waffensammlung or Collection of Weapons contains the chief curiosities of the arsenal of Bâle: interesting cannon (in the middle a finely ornamented twelve-pounder of 1514), Bâle uniforms, trophies of war (in the case to the right, hauberk supposed to have belonged to Charles the Bold), handsome weapons, tent, guild-banners, etc. Next come some State Sleighs and fine specimens of Smith's and Locksmith's Work. - To the right and left of the nave and in the aisles is a series of rooms intended to exhibit the development of the furnishing and adorning of dwelling-houses from the 15th cent. onwards. To the right of the entrance: \*1. Room from the Spiesshof (1601), with panelling and a large bed; 2. Room from the Spiesshof (1580), with fine cabinets and doors and the old Bâle council-table; 3. Room from the Strassburger Hof (1600), with a large bed, cabinet, and chests; \*4. Dining Room of Councillor Iselin (1607), with beautiful panelling; 5. Room from Schwyz (1650), with heavy coffered ceiling; 6. State Room from the Haus zum Cardinal (1540). — We now cross to the other side of the nave. 7. Old Kitchen, with large chimney-piece; 8. Schönau Room from the Château of Oeschgen (17th cent.); 9. Gothic Room (15th cent.), with a large bedstead of 1510 and other Gothic furniture; 10. Roccoo Room (1760); 11. Neustück Room (1787), with a collection of models of gates of Bale and of neighbouring castles. Room 12 (at the entrance to the church) contains the Collection of Coins, including coins, medals, and dies of Bâle and other Swiss towns, and also a few ancient coins and vases.

The Choir contains several state sledges and ecclesiastical antiquities. To the left, Fragments of the famous \*Death Dance\* of Bâle, a fresco which once adorned the wall of the Dominican burial-ground (taken down in 1805), painted early in the 15th century; bells of the 15th cent.; fine choir-stalls of 1598; Carved Altars of the 15-16th centuries. On the high-altar, Altar of St. Maria Calanca, in the Grisons (1512); to the right, Votive Tablet of the Duchess Isabella of Burgundy (1433), in enamelled bronze; above the last, kneeling figure of the knight Hügelin von Schönegg (1378); farther on, winged altar-piece from the church of Baden in the Aargau (15th cent.). — To the left is the entrance to the Treasury, which contains reliquaries, monstrances, crosses, and chalices of the 13-18th cent.; cups and goblets belonging to the University (16-17th cent.); handsome plate of the guilds and trade-companies of Bâle; three Swiss daggers with silver-gilt sheaths of the 16th cent.; arms of Hans Holbein, painted by himself; dagger, cup, hour-glass, table-case of Erasmus of Rotterdam. To the left of the entrance, cast of the golden antependium presented to the Cathedral of Bâle by Emp. Henry II. (beginning of the 11th cent.), which, along with other objects of value, was assigned to Bâle-Campagne at the division of the canton in 1833 and forthwith sold (now in the Musée de Cluny at Paris).

We now return to the nave and ascend the staircase to the right to the Galleries of the aisles, in which the smaller objects of the collection are exhibited. Musical Antiquities. — Bâle Looms and specimens of Ribbon Weaving at Bâle in the 17-18th centuries. — Embroidery, fans; Bâle and other Swiss Costumes of the 17-18th centuries. — On the old organ-screen (above the entrance), Roman, Alemannian, and Burgundian Antiquities, found at Augst (p. 22) and elsewhere. Beautiful \*Stained Glass. — Farther on, Small Works of Art. Wood-carvings (in a case to the right, Adam and Eve, boxwood figures of 1500), ivory carvings, enamels, bookbindings, goldsmiths' models, small bronzes. — Domestic Utensils: porcelain, fayence, glass, pottery, tin-ware, works in leather, book-bindings, toys, moulds for pastry, armorial windows. — Government and Judicial

Antiquities: weights and measures of the 14-18th cent.; staves for the officers of justice, judicial swords, executioner's dress. — We now descend to the nave and enter, from the end of the right aisle, the —

COURT, which contains stone monuments of the Roman, mediæval, and

Renaissance periods, gates in hammered iron, and other objects.

Near the Historical Museum, in the Steinenberg, is the Kunsthalle (Pl. E, 5), built by Stehlin in 1870-72. The staircase is adorned with a fresco by Stückelberg (Awakening of Art), and on the garden-façade are a sgraffito frieze and stone masks by Böcklin. The restaurant contains mural paintings by Brünner (exhibition of pictures, see p. 4). - In the Elisabethen-Strasse is the handsome St. Elisabethenkirche (Pl. E, 5), built in the Gothic style in 1857-65, with stained-glass windows from Munich and an open-work tower, 232' high.

The S.E. Suburbs are occupied by the richer classes. From the St. Alban-Thor (Pl. G, 5), in this quarter, the promenades of the St. Alban-Anlage and of the Æschengraben extend on the site of the old ramparts to the railway-station. In the Æschen-Platz (Pl. E, F, 5) is a fountain (jet 80' high), which, however, plays on August 26th only. The old St. Alban's Convent (Pl. F, 4) has fine Romanesque cloisters. The Monument of St. Jacob (Pl. F, 6), by F. Schlöth, completed in 1872, commemorates the heroism and death of 1300 Confederates who opposed the Armagnac invaders under the Dauphin (afterwards Louis XI.) in 1444. Beyond, to the right, is the Sommer-Casino (p. 3). — In the promenades, near the station (Pl. E, 6), is the Strassburg Monument, a marble group erected in 1895 by Baron Hervé de Gruyer of Strassburg in memory of the assistance rendered by Switzerland to the aged and the women and children of Strassburg during and after the siege of 1870, by Bartholdi of Paris.

In the W. QUARTER, in the Spalen Suburb (Pl. C, 3, 4), is the Holbein Fountain, with a relief of dancing peasants (after Holbein) and the figure of a bagpiper, restored in 1887. The Spalen-Thor (Pl. C, 3), erected about 1400, is the handsomest of the remaining gates of Bâle. To the N., in the Schönbein-Str., are the Botanic Garden (always open), with the Botanic Institute of the University, and the University Library, built by La Roche in the baroque style (1892-96) and containing 250,000 vols. (including many incunabula) and 4000 MSS., mainly from the time of the Council of Bâle (p. 5) and the Reformation. The exhibition-room on the first floor, with early impressions, miniatures, book-bindings, portraits, and autographs, is open daily, 10-12.30 and 2.30-5; the well-equipped reading-room is open 9-12.30 and 2.30-7. Near it are two other modern buildings belonging to the University: the Vesalianum (Pl. C, 3), or institute for anatomy and physiology (anatomical collection open on Sun., 10.30-12); and the Bernoullianum (Pl. C, 2, 3), for physics, chemistry, and astronomy. In the vestibule of the last are busts of the famous mathematicians of Bâle, Jacob and John Bernoulli (d. 1705 and 1748). - In the Hebel-

Strasse is the house (tablet) where the Alemannian poet Hebel (1760-1826) was born. A tasteful monument, with a bust by Max Leue, was erected to him in 1899 in front of the Church of St. Peter (Pl. D, 3). — The Mission House (Pl. B, 3) contains an ethnographical collection, mainly from the E. Indies, China, and W. Africa (adm. free, on application to the porter; catalogue 1 fr.).

In Klein-Basel is the handsome Church of St. Matthew (Pl. E, 1), built in the Gothic style by Henry of Breslau in 1896, with a good

interior. The tower is 240' high.

The Zoological Garden (Pl. B, C, 6; Restaurant) contains good examples of Swiss and other animals (adm. 50 c.; concerts on Sun. afternoons, 25 c.). - About 1/2 M. to the N. of the Baden Station (Pl. F, 1), on the Wiese, is the Erlen-Park, much frequented on

Sun. (rfmts.).

FROM BÂLE TO FLÜHEN, 8 M., narrow-gauge railway ('Birsigthalbahn') in 40-48 min. (fares 1 fr. 30, 95 c.). The train, starting from the Steinenthor-Strasse (Pl. D, 5), passes the Zoological Garden (see above) and traverses the fertile valley of the *Birsig*. Stations: 1<sup>1</sup>/<sub>4</sub> M. *Binningen* (Hirsch), a large village (5135 inhab.) with the church of *St. Margaret* and the popular Margarethen-Park (café); 13/4 M. Bottminger-Mühle; 21/2 M. Bottmingen, with the Bottminger Schlösschen (inn and pretty park); 3 M. Oberwil (Krone), with an extensive parquetry-factory; 41/4 M. Therwil (Rössli), a substantial village in the Leimen-Thal; 51/2 M. Ettingen (Badhaus), with a chalybeate spring. The line then skirts the hills to the W. viâ Witterswil and Bättwil to (8 M.) Flühen (1250'; Hôt.-Pens. Bad Flühen, D. 3½, pens. from ½½ fr.), a small village with a chalybeate spring, prettily situated in a defile at the foot of the Blauen, close to the frontier of Alsace. Interesting excursion hence viâ Tannwald (1600') to the (1½ M.) well-preserved ruin of \*Landskron (1790 ft.), the tower of which commands a wide view (key at the last house in Tannwald). — A road leads to the S. from Flühen to (11/2 M.) Mariastein (1685'; Kreuz; Post; Engel), formerly a Benedictine abbey, with a frequented pilgrimage-church, picturesquely situated on a steep crag. A spacious rock-cavern beneath the church contains the chapel of Maria im Stein. From Mariastein the Landskron may be reached via Tannwald in 25 minutes. -The road goes on beyond Mariastein to Metzerlen and (21/4 M.) Burg (1740; \*Inn), a charmingly-situated village with a mineral spring and a château commanding fine views. — The Blauen (2690'), which may be ascended from Ettingen (see above) or Mariastein in 11/2 hr., commands a wide prospect, extending on the S.E. to the Bernese Alps.

### 2. From Bâle to Bienne and Neuchâtel through the Val Moutier.

74 M. RAILWAY (Jura-Simplon Line) to Bienne (56 M.) in 3-4 hrs. (fares 9 fr. 40, 6 fr. 60, 4 fr. 70 c.); to Neuchâtel in 33/4-6 hrs. (fares 12 fr. 55, 8 fr. 50, 6 fr. 30 c.). From Bâle to Geneva, express in 61/4 hrs.

Bâle (870'), see p. 3. Leaving the Central Station, the train soon diverges from the Central Line (p. 14) to the right, passes the cemetery, and near (3 M.) Mönchenstein (Rössli) crosses the Birs. -

5 M. Dornach-Arlesheim (960'; Munzinger's Restaurant).

On a wooded hill, 3/4 M. to the E., near Arlesheim (1130'; Löwe; Ochs), rises Schloss Birseck, once a château of the Bishops of Bâle, with a pleasant park, interesting grottoes, and a hermitage. (Apply to the gardener at the foot of the hill.) — Just to the W. of the station is *Dornachbrugg* (1105'; Ochs, with view-terrace), and <sup>3</sup>/<sub>4</sub> M. to the S.E. lies the village of *Dornach*  (1105'), above which, to the E., rises the picturesque ruined castle of Dorneck (1/2 hr.; 1640'). — From Dornach a winding road ascends to the S.E. to the (31/2 M.) village of Gempen (2230'; Kreuz), whence we may ascend the (20min.) Schartenfluh (2510'), with a view-tower 80' in height commanding

an extensive panorama.

The train follows the right bank of the Birs. — 7 M. Aesch (985'; Herzog-Vogel Restaurant), a village on the left bank. The valley contracts. The train passes through a tunnel under the well-preserved château of Angenstein, and enters the canton of Bern. On a hill to the right is the ruin of Pfeffingen (1640'). On the right, near (9½ M.) Grellingen (1075'; Bär), are several factories. The train passes through a deep cutting and crosses the Birs twice. 14 M. Zwingen; the château, on the right, was formerly the seat of the episcopal governors.

141/2 M. Laufen (1155'; Hôt. Jura; Sonne) lies near the confluence of the Lützel and Birs. The train traverses a narrow, wooded valley. Beyond (16 M.) Bärschwil (Croix Fédérale) are two tunnels and two bridges across the Birs. 181/2 M. Liesberg. At (221/2 M.) Saugeren, Fr. Soyhières (1320'; Hôt. de la Gare), the language changes from German to French. On the right is the ruin of that name. At the rocky egress of the valley, before its expansion into a broad plain, lies Bellerive, on the left, now a factory. On a hill to the

right is the ruin of Vorburg (1720').

241/2 M. Delémont (1360'; \*Rail. Restaurant, D. 11/2 fr.; \*Faucon; Lion d'Or; Soleil, Hôtel Lachat, Hôt. de la Gare, near the station, all very fair) is an old town (5043 inhab.) on the

Sorne, with a château of the former Bishops of Bâle.

From Delemont to Porrentruy, 18 M., railway in 3/4-11/4 hr. (fares 3 fr. 5, 2 fr. 15, 1 fr. 50 c.). The line traverses the grassy valley of the Sorne. Stations: Courtetelle, Courfaivre, Bassecourt. From (71/2 M.) Glovelier a visit may be paid, viâ Undervelier, to the (11/2 hr.) \*Galerie du Pichoux, an imposing gorge of the Sorne. We next thread a tunnel, 3200 yds. in length, and two others, cross the large viaduct of Combe-Maran, and reach (11 M.) Ste. Ursanne (1463'; Bœuf), a picturesque old town in the romantic valley of the Doubs (p. 232), with a ruined château on a lofty rock. Another tunnel pierces the Mont Terrible. Stat. Courgenay. Then (18 M.) Porrentruy, Ger. Pruntrut (1390'; \*Hôt. National, near the station; \*Cheval Blanc), a considerable old town (6927 inhab.) with a château, once the residence of the Bishops of Bâle. At Réclère, 7 M. to the W. of Porrentruy, and 1 M. to the S.E. of Delle (see below), the \*Grottoes of Milandre, a large stalactite grotto, have been discovered and made accessible (adm. 1 fr.). — The line leads hence to Delle, the French frontier-station, Belfort, and Paris (night-express from Bâle to Paris in 8 hrs.; fares 59 fr. 5, 40 fr. 10 c.).

Beyond (261/2 M.) Courrendlin (Cerf) the train enters the \*Val Moutier, Ger. Münster-Thal, a wild, romantic ravine of the Birs, flanked with huge limestone rocks. In the Roman period it was traversed by the road from Aventicum (p. 242) to Augusta Rauracorum (p. 4). The line is carried through these 'Gorges de Moutier' by means of a series of tunnels, galleries, and cuttings. — Above (281/2 M.) Choindez, and opposite the Glass Works of Roche, which lie on the right bank of the stream, we traverse a short tunnel and

reach (30 M.) Roche (1650'; \*Cheval Blanc, moderate). The train threads nine short tunnels, crosses the Birs by a lofty bridge, and

then, at the mouth of the defile, the Raus.

32 M. Moutier, Ger. Münster (1730'; Hôtel de la Gare, moderate). The thriving village (1750'; \*Cerf, R.  $1^{1}/_{2}$ -2, B. 1, D.  $2^{1}/_{2}$ , pens. 5 fr.; Couronne; Cheval, well spoken of), with 3083 inhab. and a new Protestant church, is prettily situated in a green dale, on the left bank of the Birs.

ASCENT OF THE WEISSENSTEIN FROM MOUTIER (31/2 hrs.; comp. p. 18). About 10 min. to the N.E. of Moutier, or 6 min. from the station, a road About 10 min. to the N.E. of Moutier, or 6 min. from the station, a road (diligence to Crémines thrice daily in 50 min., thence to Gänsbrunnen twice daily in 40 min.) ascends to the right to (2 M.) Grandval (2010') and (3/4 M.) Crémines (2065'; Croix). It next ascends the gorge of the Raus to (2 M.) St. Joseph am Gänsbrunnen (2450'; inn), at the N. base of the Weissenstein, the hotel on which (p. 18) may easily be reached hence by a shady road in 2½ hrs. Carriage from Moutier to the Weissenstein 25 fr., there and back 30 fr.; from Gänsbrunnen 15 fr. — From Moutier a road leads to the W. yià Perrentite and Sauhag to the (9 M.) \*Galeria day Pichera (p. 14) to the W., viâ Perrefitte and Souboz, to the (9 M.) \*Galerie du Pichoux (p. 11).

The line traverses another very picturesque gorge, the Roches de Court, running high above the Birs, and beyond three tunnels reaches (351/2 M.) Court (2200'; Ours; Couronne).

From Court, or better from Bévilard (see below), a steep path crosses the Montoz (4370') to (3 hrs.) Reuchenette (see below; guide advisable). View similar to that from the Weissenstein.

We traverse pleasant grassy dales, pass Sorvilier, Malleray-

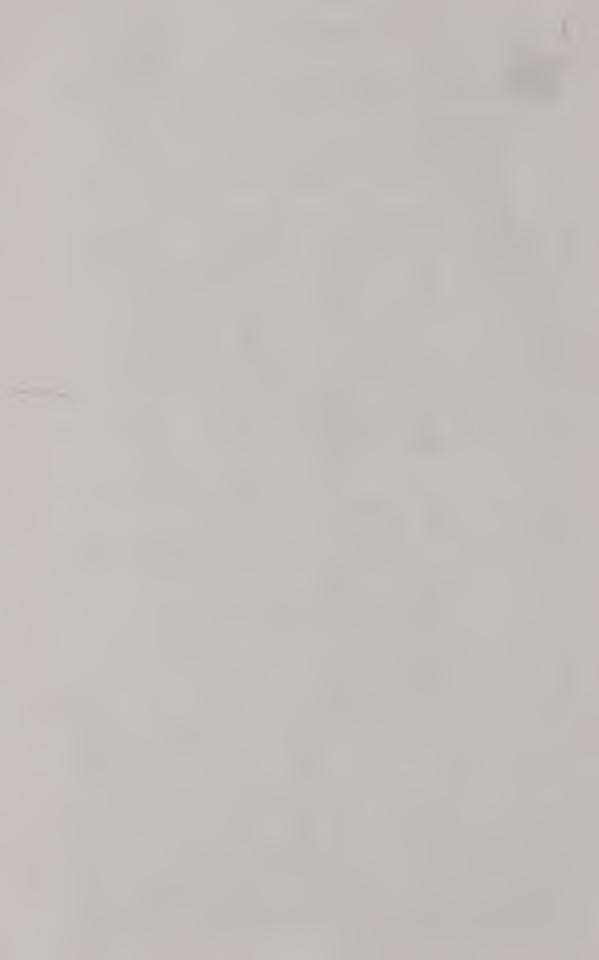

Bévilard, and Reconvilier, and reach —

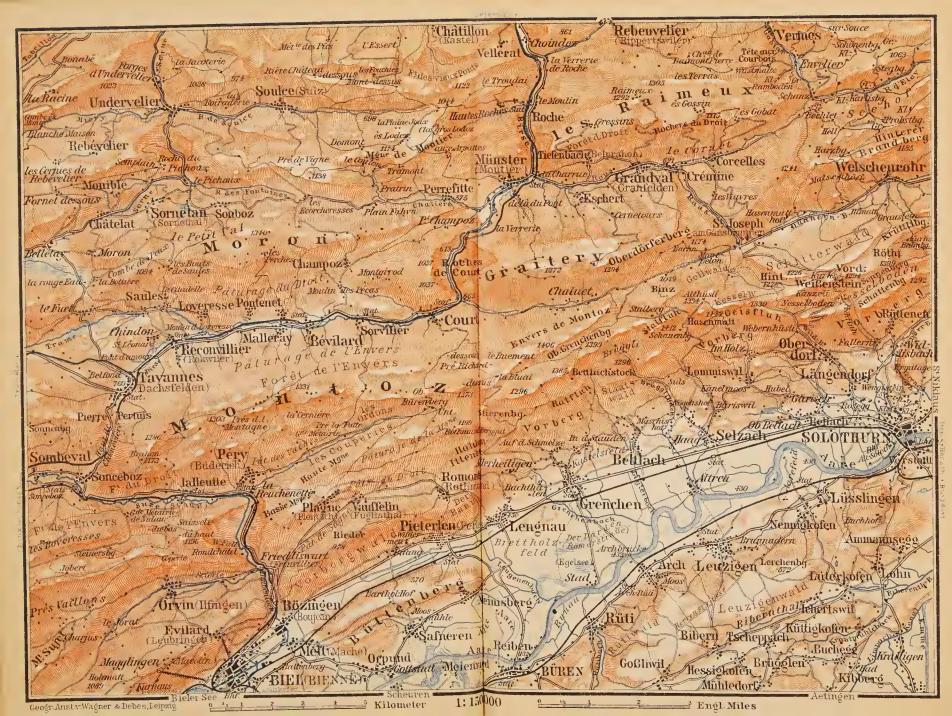

43 M. Tavannes (2500'; Hôtel de la Gare, R. 11/2-2, B. 1 fr., well spoken of; Brasserie, good restaurant with rooms), a large village near the source of the Birs (branch-line in 35 min. to Tramelan). The train ascends slightly and passes (tunnel, 1500 yds.) under the Pierre Pertuis, a natural opening in the rock, fortified in Roman times (inscription), through which the highroad runs. It then descends the slope to the right, describes a sharp curve between Sombeval and Corgémont, and crosses the Suze or Schüss.

471/2 M. Sonceboz (2150'; \*Rail. Restaurant; Couronne; Cerf, well spoken of), the junction for La Chaux-de-Fonds (see p. 232).

The train again crosses the Suze, and passes through the S.W. spur of the Montoz (see above). The stream is crossed several times in its beautiful wooded valley. 501/2 M. La Heutte (2015'); 53 M. Reuchenette (1940'; Hôtel de la Truite). The line now turns S., and enters the narrow passage which the Suze has forced through the last heights of the Jura. Five tunnels between this point and Bienne. On the right beyond the first tunnel is a fall of the Suze, and on the hill is the ruined château of Rondchâtel (1950'). Two more tunnels. Pleasant view of the green valley of Orvin to the right, with the industrial village of Frinvillier (p. 13) at its mouth. Beyond another long tunnel the train crosses the deep and wild ravine of the Suze (Taubenloch, see p. 13) by a lofty bridge, and quits the ravine. We now obtain a striking view of the rich plains of Bienne, with the whole of the Alpine chain from the mountains of Unter-

walden to Mont Blanc in the distance. We then descend vine-clad slopes and thread a short tunnel.

56 M. Bienne. — Hotels. \*Hôtel de Bienne et Terminus, near the station, R. from 2, B. 1<sup>1</sup>/<sub>2</sub>, D. 3, S. 2<sup>1</sup>/<sub>2</sub> fr.; \*Couronne, R. from 2, D. 3, S. 2<sup>1</sup>/<sub>2</sub> fr.; Victoria, Hôt. de Paris, both at the station; \*Hôt. Suisse, R. from 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>2</sub>, D. 3-3<sup>1</sup>/<sub>2</sub> fr.; Croix; Hôt. de La Gare, near the station, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1, D. 2<sup>1</sup>/<sub>2</sub> fr., well spoken of. — Restaurants. \*Rail. Restaurant; Augustinerbräu; Central-Halle (Munich beer).

Bienne, Ger. Biel (1405'), an ancient and thriving town (22,000) inhab.) near the lake of the same name, has important watchfactories and is the seat of the W. Swiss Technical Institute. The Museum Schwab is an interesting collection of antiquities from lakedwellings, Celtic and Roman weapons, implements, coins, etc. (adm. 50 c.). The beautiful avenues enclosing the town stretch to the (1/2 M.) Lake of Bienne (see below; lake-baths and rowing-boats).

Tramway from the station into the town, to Nidau, and to the N. to (20 min.) Boujean, Ger. Bözingen (Cerf; Cheval). An attractive walk leads hence through the picturesque \*Taubenloch-Schlucht, watered by the copious Suze, to the (1/2 hr.) hamlet of Frinvillier (Restaurant de la Truite good trans) de la Truite, good trout), and thence past the ruin of Rondchâtel to (3/4 hr.) the station of Reuchenette (p. 12).

A WIRE-ROPE RAILWAY (station 10 min. to the N.W. of the railway station at Bienne, where an omnibus is waiting) ascends in ½ hr. (80 c., return 1 fr.) to the health-resort of Macolin, Ger. Magglingen (2960'; \*Curhaus, R. 4-7, B. 1½, lunch 3½, D. 4, pens. 9-14 fr.; \*Hôtel-Pens. Bellevue, pens. 6-10 fr.; Pens. Wibmer, Hôtel-Pens. Magglingen, unpretending, pens. 4-5 fr.), splendidly situated on the slopes of the Jura, 3 M. above Bienne. Large wooded grounds, and fine view of the Alps from the Sentis to Mont Blanc. English Church Service in August

Blanc. English Church Service in August.

Another wire-rope railway ascends from Bienne (station in the Quellgasse) in 8 min. (50 c., return-fare 65 c.) to the village of Evilard, Ger. Leubringen (2312'; \*Curhaus Drei Tannen, R. 2-4, B. 1, D. 3, S. 2, pens. 5-7 fr.; Restaurant & Pension Beaulieu), prettily situated 1½ M. to the N.E. of Macolin. Pleasant excursion (2 hrs.) hence through magnificent pine-woods or via Orvin (p. 12) to Frinvillier, and by the Taubenloch-Schlucht to Boujean (tramway to Bienne). — The ascent of the Chasseral (5280') takes about 41/2 hrs. from Macolin. From the Curhaus a good path crosses the hill to the S.W. past the (11/2 hr.) Curhaus Twannberg (p. 14) to Lamboing, Diesse, and (1 hr.) Nods, at the S.E. foot of the mountain, which may be ascended hence in 2 hrs. (see p. 14).

From Bienne to Soleure, see p. 19.

FROM BIENNE TO BERN, 21 M., railway in 50-70 min. (fares 3 fr. 55, 2 fr. 50, 1 fr. 80 c.). — The line crosses the broad Aare Canal beyond (2 M.) Brügg (Hôt. du Pont) and the former bed of the Aare before reaching (5 M.) Busswil (hotel at the station). — 6½ M. Lyss (Hirsch; Restaurant zur Post, Ritter, at the station) is the junction of the lines to Payerne on the S. (p. 242) and to Soleure on the N. (p. 19). — 8½ M. Suberg; 11 M. Schüpfen; 15 M. München-Buchsee (Hôt. Käch; Krone; Bär). On the right the Bernese Alps from the Jungfrau to the Balmhorn become visible, but soon disappear. — 16½ M. Zollikofen, a station on the Central Line (Bâle-Olten-Bern). Thence to (21 M.) Bern, see p. 20.

To the S.W. of Bienne the train reaches the Lake of Bienne (1420'; 91/2 M. long, 21/2 M. broad), and then skirts its W. bank, affording in clear weather a survey of the Bernese Alps. - Beyond (601/2 M.) Douanne, Ger. Twann (\*Ours), we pass a fall of the Twannbach.

A road ascends hence through the gorge of the Twannbach to the (11/2 hr.) \*Curhaus Twannberg (2865'; pens. 41/2-6 fr.), with view of the lakes of Bienne and Morat and the High Alps. Hence to Macolin (p. 13), 11/2 hr.; to the top of the Chasseral (see below), 21/2 hrs.

62 M. Gléresse, Ger. Ligerz.

To the left, in the lake, lies the Isle of St. Peter (1420'), clothed with old oaks, vineyards, and fruit-trees, now connected on the S. side with the mainland near Cerlier. Rousseau spent two months here in 1765. (His room is shown in the *Hotel*.) Boat from Douanne or from Gléresse, there and back, 4, from Neuveville 6 fr. Steamboat in summer several times daily from Neuveville to Cerlier and (25 min.) the Isle of St. Peter.

 $64^{1}/_{2}$  M. Neuveville, Ger. Neuenstadt (pop. 2239; \*Faucon, R.  $1^{1}/_{2}$ -3, B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ , pens.  $4^{1}/_{2}$ -6 fr.), a pleasant little town, the last in Canton Bern. The Museum, near the station (adm. 50 c.), contains interesting antiquities from lake-dwellings (see below) and the Burgundian wars. On the Schlossbery (1750'), 20 min. from the station, rises a ruined castle of the Bishops of Bâle (fine view from the top and on the way up). An erratic boulder near it bears an inscription to Lord Montagu, a benefactor of the town.

To the N. of Neuveville rises the "Chasseral or Gestler (5280'), studded on the S. side with villages amid green meadows. Road (diligence twice daily in 2½ hrs.) from Neuveville viâ Lignières (2654'; "Hôt.-Pens. Beau-Séjour, 4½-5 fr.) to (7½ M.) Nods (2916'), whence a steep road ascends to the (2 hrs.) Chalet-Hôtel du Chasseral (4790'; 20 beds, plain). The view from the (25 min.) Signal (5280') embraces W. Switzerland, the Black Forest, the Jura, and the Alps. — The ascent may also be made from Macolin (p. 13) in 4-4½ hrs., or from St. Imier (easiest) in 2½-3 hrs. (see p. 233).

The old town of Cerlier, or Erlach (Erle), with its château, lies opposite Neuveville (steamboat in 10 min.), at the N. base of the wooded Jolimont (1860'; 1/2 hr.), a charming point of view. The 'Teufelsbürde' is a group of large erratic blocks on the top. — On the E. bank of the lake, at Lüscherz, and at Mörigen, farther to the N., many remains of lakedwellings have been discovered.

Near (66 M.) Landeron (Hôt. de la Poste) we quit the Lake of Bienne; the little town lies on the left, near the influx of the Thièle (or Zihl) Canal into the lake; beyond the Thièle is the abbey of St. Johannsen, now a penitentiary. 67 M. Cressier; 68<sup>1</sup>/<sub>2</sub> M. Cornaux. — Tunnel. Near (71<sup>1</sup>/<sub>2</sub> M.) St. Blaise the train reaches the Lake of Neuchâtel (p. 228).

74 M. Neuchâtel (p. 229).

### 3. From Bâle to Bienne viâ Olten and Soleure.

63 M. RAILWAY in 3-4 hrs. (fares 9 fr. 40, 6 fr. 60, 4 fr. 70 c.).

Bâle, see p. 3. The train crosses the Birs. 3 M. Muttenz. On the Rhine, 1 M. to the N.W., are the well equipped salt-baths of Schweizerhall (pens. 4-6 fr.). —  $5^{1}/_{2}$  M. Pratteln, the junction for Brugg and Zurich (p. 22). The line leaves the valley of the Rhine, enters the Jura Mts., and follows the left bank of the Ergolz. Near  $(7^{1}/_{2} \text{ M.})$  Nieder-Schönthal, on a hill to the right, lies Frenkendorf (1115'; Wilder Mann; Löwe), a pretty summer-resort.

9 M. Liestal (1080'; pop. 5390; \*Falke, with salt-baths and garden, pens. 4½-5½ fr.; \*Engel; Schlüssel; Sonne; Hôt. de la Gare),

prettily situated on the Ergolz, is the seat of government of the halfcanton of Basel-Land or Bâle-Campagne. In the town-hall are a collection of coins and the cup of Charles the Bold, found in his tent after the battle of Nancy (1477). On the Schleifenberg, above the town to the N.E. (1970'; 3/4 hr.), is an iron view-tower 98' in height, commanding a splendid panorama (adm. 20 c., Sun. 10 c.).

Bienenberg (1415'; Curhaus, with salt-baths), 1½ M. to the N.W. of Liestal, is a pleasant summer-resort, and about 1½ M. beyond it is Bad Schauenburg (1590'; pens. 4½-8 fr.), below the ruin of the same name (1975'; \*View). Road to Nieder-Schönthal, see p. 14.

To Waldenburg,  $8^{1/2}$  M., narrow-gauge railway in 1 hr., through the pretty Frenken-Thal. — 2 M. Bubendorf-Bad (1185), with mineral and salt baths. (The village with its ruined castle lies 1 M. to the S.W.) 31/2 M. Lampenberg: 51/2 M. Hölstein (1410'), in a narrow part of the valley, with manufactories of silk ribbon. Passing Niederdorf and Oberdorf, we reach (81/2 M.) Waldenburg (1713'; Löwe; Schlüssel), a little town with a ruined castle and a pretty church. A good road leads hence (diligence 4 times daily in 50 min.) to (3 M.) Langenbruck (2355'; \*Curhaus, pens. 51/2-8 fr.; Ochs, pens. 5 fr.; Pens. Bider), situated on the Obere Hauenstein, a quiet and pleasant hill-sanatorium. Excursions to the \*Bölchenfluh (3695'; 11/2 hr.), to Allerheiligen (2675'; 4 hr.), to the Schlosshöhe (2885'; 31/2 hr.), and to the Schwengifichtic (2675'; 1 hr.), to the Schlosshöhe (2885'; 3/4 hr.), and to the Schwengifühli (3215'; 1 hr.), all of which are fine points of view. — A highroad leads from Langenbruck to the S.E. to Fridau and (5 M.) Egerkingen (p. 16); another to the S.W. viâ Holderbank and the picturesque ruin of Falkenstein to (71/2 M.) Balsthal (1625'; Rössli, Kreuz), and a narrow-gauge railway thence through the Ensinger Klus, a defile formerly fortified, with the rebuilt château of Blauenstein, to (3 M., in 12 min.) Ensingen (p. 16). On the hill to the left is the restored château of Rechauge to the left is the restored château of Bechburg.

101/2 M. Lausen. — Near (13 M.) Sissach (1235'; Löwe), a thriving little town (2800 inhab.), we pass (r.) the small château and park of Ebenrain. Fine view from the Sissacher Fluh (2305'), 1 hr. to the N.

FROM SISSACH OVER THE SCHAFMATT TO AARAU (4½ hrs.). Electric tramway viâ Böckten in ¼ hr. to (2½ M.) Gelterkinden (1328'; \*Rössli), a manufacturing village with 2030 inhab.; thence road through the peaceful valley of the Eibach to (1½ M.) Tecknau (1440'), beyond which the road ascends to the left; 1½ M. Wenslingen (1860'); 1½ M. Oltingen (1940'; Ochs), with a mineral spring. The path ascending the (3¼ hr.) \*Schafmatt (2615') diverges close to the 'Ochs', and is easily found (finger-posts). The summit commands an extensive panorama of the Jura and the Alps, which we enjoy until we reach a point overlooking the deep valley of Rohr. Turning to the left here, we reach the upper part of a meadow, at the foot of which (1/2 hr. from the summit) lies the farm-house of Barmelhof (2165'; rfmts.). From this point we enjoy a view of the environs of the Lake of Lucerne, the Rigi, Pilatus, etc. From the Barmelhof to Aarau (p. 25) by road in 1<sup>1</sup>/<sub>4</sub> hr., viâ the Klus (in a side-valley to the left lies the Laurenzenbad, p. 25), Ober-Erlisbach, and Unter-Erlisbach.

To the S. of Sissach lies (7 M.; diligence twice daily in 11/4 hr.) Eptingen (1873; \*Curhaus, with saline and mineral baths, pens. 4-5 fr.), situated in a narrow valley at the base of the Hauenstein (footpath to Läufelfingen, see below, 1 hr.; to Langenbruck, see above, 11/4 hr.).

The train turns to the S. into the narrow Homburger-Thal, and beyond  $(151/2 \,\mathrm{M.})$  Sommerau passes through two tunnels. —  $191/2 \,\mathrm{M.}$ Läufelfingen (1830'; Sonne), at the foot of the Hauenstein.

From stat. Läufelfingen a road (one-horse carr. 5 fr.) ascends in 3/4 hr. viâ Wisen to the \*Frohburg (2700'; \*Hotel & Pension, R. 2½, B. ½, pens. 5-6 fr.), situated on the summit of the Hauenstein and commanding a beautiful view of the Alps, from the Sentis to Mont Blanc; in the foreground, the Wartburg (see below) and the Wigger-Thal with the railway to Lucerne; on the right rises Pilatus, on the left the Rigi. About 10 min. from the inn are some scanty ruins of a castle (2770). Descent by Trimbach in 1 hr. to Olten.

Beyond the Hauenstein Tunnel (2970 yds.; 5 min.) we observe on a hill to the right the Neu-Wartburg (see below), to the right of which, farther on, the Bernese Alps gradually become visible from the Wetterhorn to the Doldenhorn, with the Jungfrau in the middle (comp. Panorama, p. 161). The train descends by a long curve to the Aare, crosses it, and ascends on the right bank to —

241/2 M. Olten. — \*Hôtel Suisse, R. 2-3, B. 1, D. 21/2 fr.; Hôtel TERMINUS FROHBURG; St. GOTTHARD, unpretending, all at the station; HALBMOND, well spoken of. — \*Rail. Restaurant.

Carriages generally changed here. Detention of 1/4-1/2 hr. As we leave

the waiting-rooms, the trains for Bâle and Zürich are to the left, those for Lucerne and Bern to the right. Pocket-picking not uncommon here.

Olten (1310'; 7000 inhab.), prettily situated on the Aare, is the junction of the lines to Aarau and Brugg (R. 7), to Aarburg and Lucerne (R. 5), to Bern (R. 4), and to Soleure and Neuchâtel (see below). The Parish Church contains an Ascension by Distelli, and the Capuchin Church a Madonna by Deschwanden. Extensive railway-workshops and large shoe-manufactories.

To the S.E. of Olten, on an isolated hill on the right bank of the Aare, rises the Neu-Wartburg or Sälischloss (2190'; Restaurant), a small château with a fine view of the Alps from the Sentis to the Jungfrau. Good paths from Olten and from Aarburg to the top in 3/4 hr.

About 41/2 M. to the N.E. of Olten (diligence twice daily in summer

in 1<sup>1</sup>/<sub>4</sub> hr.) are the sulphur-baths of Lostorf (1640'; \*Curhaus, R. 1-2<sup>1</sup>/<sub>2</sub>, pens. 5 fr.), prettily situated at the foot of the Jura. On a cliff above (1/4 hr.) rises the small château of Wartenfels (2060'), with a fine view.

The train crosses the Aare and traverses the plain watered by the Dünnern, at the base of the Jura. To the left the view of the Alps from the Glärnisch to the Altels is gradually unfolded. 26 M. Olten - Hammer;  $27^{1/2}$  M. Wangen; 29 M. Hägendorf. — 31 M. Egerkingen (Kreuz, in the village, 3/4 M. to the N.).

Diligence twice daily in 3/4 hr. to Fridau (2180'; \*Curhaus, pens. 61/2-8 fr.), situated on the slope of the Jura, and well fitted up. Beautiful view of the Alps from the Sentis to Mont Blanc. Shady grounds and extensive wood-walks. — The road leads on to Langenbruck, 3 M. farther (see

p. 15; diligence in summer daily).

32 M. Oberbuchsiten; 36 M. Ensingen (1520'; steam-tramway) to Balsthal, p. 15); 37 M. Niederbipp (to the right is Oberbipp, with a handsome modern château). At (41 M.) Wangen we cross the Aare. 43 M. Deitingen. Near (45 M.) Luterbach, on the left bank of the Aare, lies Bad Attisholz, with iron and sulphur springs (pens.  $4-4^{1}/2$  fr.). Farther on, we obtain a view of Soleure; to the right is the Weissenstein (p. 18). The train crosses the Emme, not far from its confluence with the Aare. — 471/2 M. Neu-Solothurn.

Soleure. - Soleure has two RAILWAY STATIONS: Neu-Solothurn, on the right bank of the Aare, for the lines to Olten, Herzogenbuchsee, Burgdorf, Lyss, and Bienne; and Alt-Solothurn, on the left bank, to the W. of the town, for the line to Bienne. Hotels. In the town, on the left bank: \*Krone, R. 21/2-5, B. 11/2, D. 3, S. 21/2 fr.; \*Storch, on the Aare; Hirsch; Rother Thurm. — At the Neu-Solothurn station: Hôtel Métropole; \*Hôtel Terminus et de la Gare, R. 11/2, B. 1 fr.; farther on, on the right bank, Hôtel Jura; \*Adler, R. 11/2-21/2, B. 1, D. 21/2 fr.; Schwan, well spoken of; Falke. —

Soleure, or Solothurn (1425'; 10,030 inhab.), the capital of Canton Soleure, on the Aare, the Roman Salodurum, claims to be the oldest town on this side of the Alps next to Trèves. ('In Celtis nihil est Salodoro antiquius, unis exceptis Treveris, quarum ego dicta soror', is the inscription on the clock-tower.) It was incorporated with the Confederation in 1481.

The CATHEDRAL OF St. Ours, the cathedral of the Bishopric of Bâle (p. 4), was built in the florid Italian style in 1762-73 by Pisoni, on the site of an edifice of 1050. A flight of 36 steps leads to the façade, adjoined by fountains with statues of Moses and Gideon. The treasury, in the sacristy, contains good artistic work

in metal and textile fabrics (14-18th cent.).

The \*ARSENAL, not far from the cathedral, contains an interesting collection of ancient armour and weapons. Among the curiosities are the shield of Philippe le Bon and a mitrailleuse of the 15th century. A large plastic group represents the reconciliation of the Confederates effected at the Diet of Stans in 1481 by Brother Klaus (p. 148). — Near the arsenal is the Town Hall, built in 1476, with a Renaissance façade of the 17th century. The Stone Hall' on the first floor contains old stained glass and various curiosities. In the N. tower is an ingenious winding staircase of 1632.

The CLOCK TOWER, built about 1250 and recently restored, has a clock with figures and mechanism resembling those at Bern (p. 162). Below the dial is the Latin distich mentioned above, by Glareanus.

In the promenades on the N. side of the town is the MUNICIPAL Museum, built in 1898-1900 by Schlatter (open daily, except Wednesday). On the groundfloor are the Natural History Cabinet (interesting fossils from the Jura) and the Archaeological Collection, with prehistoric, Roman, and Alemannian antiquities found in the environs of Soleure. The first floor contains mediæval antiquities from the Burgundian epoch, stained glass, miniatures, and coins, and also the Picture Gallery. Among the good early works in the last are a \*Virgin and Child, with SS. Ours and Martin of Tours, one of the chief works of Holbein the Younger (1522, much restored), and the "Madonna of the strawberries' (Cologne School, about 1420). The Geographical Collection contains views of old Soleure, etc. — In the Town Hall is the Municipal Library (40,000 vols.), and in the Cantonal School is the Cantonal Library (30,000 vols.), both with interesting MSS. and incunabula.

To the W. of the Museum are the Saalbau, built by Schlatter in 1900, for concerts, assemblies, etc., and the Protestant Church. — The Public Fountains of Soleure also deserve mention (comp. p. 162), such as the St. Georgs-Brunnen in the Börsen-Platz and the Fischbrunnen, with a statue of St. Ursus, in the Marktplatz (both of the

16th cent.).

The "Weissenstein (4220'; comp. Map, p. 12), 9 M. to the N. of Soleure, is a very favourite point of view. It is reached either by the road (diligence at 7.50 a.m., returning at 5.30 p.m., fare 3 fr.; two-horse carr. in 2½ hrs., 20, there and back 25 fr. and fee) via Längendorf and (3 M.) Oberdorf (2130; \*Hôt. Bellevue, pens 4-5 fr.), or (preferable) by the footpath (guide or porter 4-5 fr.) ascending the Verena-Thal. Taking the latter (numerous guide-posts), we pass the cathedral of St. Ours, quit the town by the handsome Bâle gate (built in 1504-8), and then bear to the left towards the Villa Cartier with its two towers, where we turn to the right. Farther on we enter the avenue to the left, at the end of which we turn to the right towards the church of St. Nicholas. Before reaching the church our route passes the Restaurant Wengistein and turns to the left into the \*St. Verena-Thal (1 M. from Soleure), a narrow, cool, and shady ravine, 1/2 M. in length. The path to the left, at the beginning of the gorge, leads to the Wengistein (see below). At the exit of the valley are quarries of Portland limestone, where interesting fossils are found. The blocks of granite on the neighbouring slopes are believed by geologists to have been deposited by ancient Alpine glaciers. At the N. end of the ravine is the Hermitage of St. Verena (1620'). On the right are the hermit's dwelling and a chapel; on the left is a rock-hewn chapel, reached by a broad flight of steps, and containing a representation of the Holy Sepulchre with lifesize figures. We may now ascend by the chapel to the crosses, pass near the large quarries (with 'Gletscherschliffe', or rocks worn by the action of the glaciers), and traverse the wood to the Wengistein, the view from which is similar to that from the Weissenstein, though on a smaller scale. A huge granite boulder here bears a Latin inscription recording two memorable events in the history of Soleure.

From the restaurant beyond the hermitage we take to the right, in the direction of the Weissenstein; at (10 min.) the village of Widlisbach we turn to the left to (12 min.) the hamlet of Fallern (1827'), at the foot of the Weissenstein. Above it we enter the wood to the left by a finger-post, ascend gradually, and then in steep zigzags to the (40 min.) first bench, above which there are several others. The path soon quits the wood and ascends an abrupt rocky gully, partly by steps. Farther up, the ascent is through wood and more gradual. In 40 min. we regain the road (to the left) at the Nesselboden Alp (3447'), and, following it, reach in 40 min. (short-cut to the left) the \*Curhaus on the Vordere Weissenstein (4220'; R. 3-4, B. 11/4, D. 3, S. 21/2, pens. 7-12 fr.; telephone to Soleure), a sanatorium surrounded by woods and pastures, and much resorted to in summer (Engl.

Church Service).

The \*VIEW is less picturesque, but more extensive than that from the Rigi; and no spot commands a better view of the whole Alpine chain from Tyrol to Mont Blanc. To the E. are the Sentis, the Glärnisch, with the Rigi in the foreground, the Tödi between the Rigi and Pilatus, the lofty saddle of Titlis, and the Sustenhorn; beyond Soleure, the Wetterhorn and Schreckhorn, the Finsteraarhorn, Eiger, Mönch, Jungfrau, Blümlisalp, and Doldenhorn; then the Balmhorn, Altels, Wildstrubel, Wildhorn, Diablerets, and to the S. Mont Blanc. To the S.W. glitter the lakes of Bienne, Morat, and Neuchâtel; the Aare winds to the S. through the fertile plains,

and the Emme flows into it at the foot of the mountain.

Pleasant walk to the S.W. through the wood to the (10 min.) Känzeli (4093'). — The Röthi (4590'), 1/2 hr. to the E. of the hotel, commands an extensive view to the N. and E. of the Black Forest and Vosges, which are hidden from the Weissenstein, and of the picturesque mountains and valleys of the Jura (below it, to the E., is the Curhaus Balmberg, p. 19). — Towards the W. the view is concealed by the \*Hasenmatt (4745'), 11/2 hr. from the hotel, whence an uninterrupted panorama may be enjoyed. The path to it (white marks) leads across the pastures to the W. to (25 min.) the Hintere Weissenstein (4027'; inn). A pleasanter route leads by the shady footpath, which enters the woods to the right above the pastures, but this must be quitted as soon as it begins to ascend more steeply. Shortly

before reaching the Hintere Weissenstein we descend a little to the left and cross the ridge to (20 min.) the end of the meadows; then descend for 1/4 hr. in the Kesselwald, and ascend across pastures to (20 min.) the chalet of Althüsli (4375'; simple rfmts.), on the saddle, with a good spring. An easy path leads hence to the summit in 20 min. (the path diverging to the left, 10 min. before the chalet, is shorter but steeper). — We may descend from the Hasenmatt or the chalet on the S. side, pass Lomman descend from the Hasenmatt or the chalet on the S. side, pass Lomman descend from the Hasenmatt or the chalet on the S. side, pass Lomman descend from the Hasenmatt or the chalet of Salvach (reacheless) miswil, and regain Soleure, or the nearer station of Selzach (see below). Those returning from the Curhaus to Soleure follow the road from Fallern (p. 18) to (1/2 M.) a sign-post with four arms, whence a path between pine-woods and large quarries brings them in 1/2 hr. to the N.W. gate of Soleure. Or, at the Nesselboden Alp (p. 18) we may take the red-marked path to the right, which reaches the road at the Webernhüsli, above Oberdorf. (From the Webernhüsli another red-marked path leads to the Hintere Weissenstein, 1½ hr.) Carriages may also be directed to return by a route affording an opportunity of visiting the St. Verena gorge.

About 7 M. to the N.E. of Soleure, on the slope of the Weissenstein,

is the Curhaus Ober-Balmberg (3280'), a health-resort in a well-sheltered site. Carriage-road from Soleure viâ Widlisbach (p. 18), Gallmoos, and Balm (2165') to the cement-mills in the garge of the Siggeren-Bach, and bridle-path thence to the hotel. From Balmberg a shady path leads past the Röthi (p. 18) to the (1 hr.) Curhaus Weissenstein. — About 41/2 m. to the E. of Soleure (carriage-road viâ Balm, see above, and the village of Günsberg) is the Curhaus Glutzenberg (2460'; plain, pens. 31/2-41/2 fr.), finely situated at the foot of the Stierenberg (4035').

From Soleure to Herzogenbuchsee, see p. 20.

FROM SOLEURE TO BURGDORF (13 M.) by the Emmen-Thal railway in

40-50 minutes. The principal station is (7 M.) Utzenstorf, the largest village

in the lower Emmen-Thal. Burgdorf, see p. 20.

FROM SOLEURE TO LYSS (15½ M.) by railway, skirting the right bank of the Aare, in 1-1½ hour. The chief intermediate station is (10 M.) Büren (Krone), a small town with an old château, 3 M. to the E. of which are the baths of Lüterswil (2100'; pens. 4-41/2 fr.), with mineral springs and pleasant wood-walks. — Lyss, see p. 13.

The Bienne line crosses the Aare. 48 M. Alt-Solothurn (p. 16); 51 M. Selzach, where passion-plays are performed every three years (1901, 1904, etc.); 54 M. Grenchen or Granges (\*Curhaus Bachtelen, pens. 5-8 fr.), with 5198 inhab. and large watch-factories; 57 M. Pieterlen. — 63 M. Bienne, see p. 13.

### 4. From Bâle to Bern viâ Aarburg.

66 M. RAILWAY in  $2^{1}/_{3}$ - $4^{1}/_{2}$  hrs. (fares 11 fr. 50, 8 fr. 5, 5 fr. 75 c.).

To (241/2 M.) Olten, see pp. 14-16. The line skirts the right bank of the Aare; to the left, the château of Neu-Wartburg (p. 16).

27 M. Aarburg (1285'; \*Krone; Falke), a picturesquely situated little town (2300 inhab.), on the Aare (junction for Lucerne, p. 21). The old castle on a hill, built in 1660, is now a factory.

As we proceed we have glimpses of the Alps, right and left. 30 M. Rothrist; 33 M. Murgenthal, where we cross the Murg; 35 M. Roggwil;  $37^{1}/_{2}$  M. Langenthal (\*Bär, R.  $1^{1}/_{2}$ -2, B. 1, D. 2, S. 11/2 fr.; Löwe), a prosperous village with a busy timber-trade (narrow-gauge line to Wolhusen, see p. 154); 391/2 M. Bützberg.

42 M. Herzogenbuchsee (1540'; 2532 inhab.; \*Sonne; Hôt. de

la Gare) is a considerable place, with a loftily situated church.

To Soleure (91/2 M.) railway in 40 min.: 21/2 M. Inkwil; 51/2 M. Subigen; 7 M. Derendingen; then across the Emme to Neu-Solothurn (p. 16).

Near (45 M.) Riedtwil we enter a grassy valley with wooded slopes. Beyond (48 M.) Winigen a tunnel (560 yds.). The train

crosses the Emme to —

52 M. Burgdorf, Fr. Berthoud (1750'; pop. 8390; \*Hôt. Guggisberg, with garden, R. 2-21/2, B. 1, D. 3 fr.; Hôt. de la Gare, these two at the station; Maison de Ville; Ours), a busy town, picturesquely situated. The houses are flanked with arcades, as at Bern. The public buildings, the hospital, schools, orphanage, and technical institute are highly creditable. In the château of Burgdorf, in 1798, Pestalozzi established his famous school, which he removed to Yverdon in 1804; in the court is a memorial tablet with his portrait in relief. The Knights' Hall contains a Historical Collection, mainly of local interest (adm. 40 c.). Beautiful views from the church and château; finer from the Rachisberg (2770'), 11/2 hr. to the S.E.

(see below), and from the Lueg (2885'), 2 hrs. to the E.

From Burgdorf to Langnau, 14 M., railway in 3/4-1 hr. The line ascends the fertile Emmen-Thal. — 21/2 M. Oberburg; 41/2 M. Hasle-Kalchofen, whence the Rachisberg (see above) may be ascended viâ Rüegsau in 11/4 hr.

— 6 M. Lützelfüh-Goldbach. Lützelflüh (Ochs) was the home of the pastor Albert Bitzius (d. 1854), a popular author well known as Jeremias Gotthelf,

to whom a monument was recently erected here. Near Lützelflüh, to the N.W., is the Britternbad (1640'), with chalybeate springs. — 71/2 M. Ramsey-Sumiswald; 10 M. Zollbrück. — 14 M. Langnau (p. 156).

FROM BURGDORF TO THUN, 25 M., electric railway in 11/2 hr. (fares 2 fr. 90, 2 fr. 5 c.). The line follows the Emmen-Thal Railway to (41/2 M.) Hasle-Kalchofen (see above) and then diverges to the right into the peaceful Hasle-Kalchofen (see above) and then diverges to the right into the peaceful Bigen-Thal, with its woods and meadows, passing Schafhausen and Bigen-thal. 10 M. Walkringen (2300'; Bär), a pleasant village at the head of the valley. From (12 M.) Biglen (2475'; \*Hôtel Bahuhof; Bär) we may ascend the (3/4 hr.) Gummegg (3190'), a fine point of view. The line threads two short tunnels. — From (14 M.) Gross-Höchstetten (2510'; Löwe; Stern), an interesting type of an Emmen-Thal village, a good footpath ascends to (1 hr.) the top of the \*Wacht (3000'), affording an extensive view of the Alps. — At (16 M.) Konolfingen-Stalden we intersect the railway from Lucerne to Bern (n. 156). Farther on we descend the Kiesenbach-Thal to cerne to Bern (p. 156). Farther on we descend the Kiesenbach-Thal to (17 M.) Stalden-Dorf and (19½ M.) Ober-Diesbach (2015'; Bär; Löwe), the latter a pretty village with an old castle, at the E. base of the Falkenfuh (p. 168). The next stations are (20½ M.) Brenzikofen and the scattered village of (23 M.) Heimberg, with its potteries. 23½ M. Steffisburg (p. 171) lies to the left of the line. — 25 M. Thun, see p. 169.

From Burgdorf to Soleure, see p. 19.

541/2 M. Lissach. Beyond (56 M.) Hindelbank a monument, to the left of the railway, commemorates the battle between the Bernese and the French in the Grauholz, 5th March, 1798. — 59 M. Schönbühl. Beyond (611/2M.) Zollikofen (junction for Bienne, p. 13) the train crosses the iron Worblaufen Bridge (below, to the right, the handsome Tiefenau Bridge over the Aare) and then ascends through a cutting to the Wyler Feld, where, to the left, we obtain a magnificent view of the Bernese Alps. To the right is the suburb of Lorraine, beyond which we cross the Aare by a bridge 200 yds. long and 142' high. To the right is the imposing Kornhaus Bridge (p. 163). — 66 M. Bern, see p. 160.

## 5. From Bâle to Lucerne viâ Olten.

59 M. RAILWAY in 2-4 hrs. (fares 10 fr. 35, 7 fr. 20, 5 fr. 20 c.).

To Olten and (27 M.) Aarburg, the junction for Bern (R. 4), see p. 19. The Lucerne line traverses the broad grassy Wigger-Thal.

30 M. Zofingen (1430'; pop. 4580; Hôtel-Pens. Römerbad; Rössli; Ochs), a busy little town. The library in the Town Hall contains coins, autographs of Swiss reformers, and the album of a society of artists, founded in 1806, which formerly met at Zofingen. On the branches of the fine old lime-trees near the Schützenhaus are two 'ball-rooms'. In the Bleichegut, near the town, are the remains of a Roman bath.

FROM ZOFINGEN TO SUHR, railway in 36 minutes. Stations: Safenwyl, Kölliken, Entfelden, well-to-do villages, and (101/2 M.) Suhr, the junction

for Aarau and Baden (p. 26).

33 M. Reiden, an old lodge of the Knights of Malta, now a parsonage. 35 M. Dagmersellen; 37 M. Nebikon. To the right appear the Bernese Alps; in the centre the Jungfrau, the Mönch and Eiger to the left of it, and the Altels to the right. Beyond (40 M.) Wauwil the little Mauensee, with its island and castle, lies on the right.

43 M. Sursee (1690'; pop. 2597; Sonne; Hirsch), an old town, over whose gates the double eagle of Hapsburg is still enthroned. The Town Hall recalls the Burgundian style. — About 31/2 M. to the N.E. (omnibus, 3 fr.) are the chalybeate baths of Knutwil

(pens.  $4\frac{1}{2}$ - $5\frac{1}{2}$  fr.).

Near (461/2 M.) Nottwil we approach the Lake of Sempach (1663'), 5 M. long, 11/2 M. broad, and abounding in fish. On a hill to the right rises Schloss Wartensee. — 491/2 M. Sempach-Neuenburg. The small town of Sempach (pop. 1097; Kreuz; Adler, moderate) lies 11/2 M. to the N., on the S.E. bank. Near Sempach Duke Leopold of Austria was signally defeated on 9th July, 1386, by the Swiss Confederates, owing, as the story goes, to the noble self-sacrifice of Arnold von Winkelried. The duke and 263 of his knights were slain. A column surmounted by a lion was erected near the church in 1886 on the 500th anniversary of the victory.

in 1886 on the 500th anniversary of the victory.

A CHAPEL (2064'), 11/2 M. to the N.E. of Sempach, marks the spot where Leopold fell. His uncle, another Duke Leopold, had been defeated by the Swiss 71 years before at Morgarten (p. 93). The anniversary is still kept.

The train intersects plantations of firs. On the right appear the bold cliffs and peaks of Pilatus; on the left the long crest of the Rigi; between these tower the snowy Alps (see p. 96). 53 M. Rothenburg; 56 M. Emmenbrücke (Hôtel Emmenbrücke; Restaurant Seethal), junction of the 'Seethal' line to Lenzburg (p. 158). The line crosses the Emme, above its confluence with the Reuss, and follows the latter, being joined on the left by the Zürich and Lucerne line (p. 93), and on the right by the Bern and Lucerne line (p. 155). Lastly it passes through a tunnel under the Gütsch (p. 98) and another under the hill of Schönheim, and, describing a wide curve, enters the station of (59 M.) Lucerne (see p. 94).

# 6. From Bâle to Zürich viâ Brugg.

55 M. RAILWAY in 2-4 hrs. (fares 9 fr. 40, 6 fr. 60, 4 fr. 75 c.).

To (5 M.) Pratteln, see p. 14. Near (7<sup>1</sup>/<sub>2</sub> M.) Basel - Augst, picturesquely situated, we cross the Ergolz and approach the Rhine; to the left is Kaiser-Augst, the Roman Augusta Rauracorum (p. 4), with an old church.

101/2 M. Rheinfelden. — \*Grand Hôtel des Salines, 5 min. above the town, with dépendances, R. 21/2-6, B. 11/2, D. 4, S. 23/4, pens. 8-12, omn. 1 fr. (closed in winter); "Hôtel Dietschy, with terrace on the Rhine, R. 2-31/2, B. 11/4, D. 3, S. 21/4, pens. 6-10, omn. 3/4 fr.; \*Hôtel Soolbad zum Schützen, with garden, R. 11/2-3, B. 1, D. 21/2, S. 13/4, pens. 6-71/2, omn. 1/2 fr.; \*Dreikönig, with garden, pens. 5 fr.; Engel, pens. 4-6 fr.; Schiff, R. 11/2-2, B. 1, D. 21/2, pens. 4-6 fr., all with salt-baths; Hôt. Bahnhof. — On the right bank of the Rhine, \*Bellevue, well situated, R. 11/2-2 fr., B. 80 c., D. 2 fr.; Oberrheinischer Hof. — Beer at the Restaurant Rheinlust, prettily situated near the salt-works, about 1 M. from the town, and at the Feldschlösschen Restaurant, Haupt-Str. — English Church Service in summer.

Rheinfelden (885'; pop. 3350), an old town, once strongly fortified, with walls and towers partly preserved, was one of the outposts of the Holy Roman Empire. After repeated sieges it was razed by the French in 1744. Since 1801 it has belonged to Switzerland. The river here dashes over the rocks, forming the Höllenhaken rapids. Near the town are extensive salt-works on the Rhine.

We quit the Rhine, which here bends to the N., pass (13 M.)  $M\ddot{o}hlin$  (\*Hôt.Sonnenberg, pens. 4-5 fr.) and (17 M.) Mumpf (\*Sonne, with saline baths, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , board 4 fr.; Anker), and then return to the river for a short time. —  $18^{1}/_{2}$  M. Stein (990'; \*Löwe),

connected by a covered bridge with Säckingen (p. 27).

FROM STEIN TO COBLENZ, 16 M., railway in 3/4 hr. The line skirts the left bank of the Rhine; stations: Sisseln, Laufenburg (p. 27), Sulz, Etzgen, Schwaderloch, Leibstatt, Felsenau; then across the Aare to Coblenz (p. 26).

We quit the Rhine, and at  $(20^{1}/_{2} \text{ M.})$  Eiken enter the fertile Sisseln-Thal. 23 M. Frick (1120'; Adler; Engel), a large village. The train ascends in a long curve to (26 M.) Hornussen (1275').  $28^{1}/_{2}$  M. Effingen (1425'), the highest point on the line. Then a tunnel (2697 yds.; 4 min.) under the Bötzberg (1945'), the Roman Mons Vocetius.  $30^{1}/_{2}$  M. Bötzenegg. The train descends, affording a magnificent view of the valley of the Aare with the Hapsburg to the right, and, in clear weather, of the St. Gall, Glarus, and Schwyz Alps, and crosses the Aare by a bridge 259 yds. long and 104' high.

36 M. Brugg (1115'; pop. 2640; \*Hôt. Central, near the rail. station, R. 2-3, B. 1, D. 21/2 fr.; Rothes Haus; Rössli; Hôt. Bahnhof, opposite the rail. station, with restaurant and garden, well spoken of; Restaurant St. Gotthard, near the rail. station, good beer), an antiquated little town, the junction of lines to Aarau and to Wohlen-Bremgarten (R. 7), is best surveyed from the bridge over the Aare, here hemmed in by rocks. In the main street, to the left, is the house in which Pestalozzi died. The 'Schwarze Thurm', by the bridge, dates from the later Roman Empire; the upper part

was rebuilt in the 15th century. Adjacent is the Town Hall, with good modern frescoes. A school adjoining the parish-church is

adorned with interesting frescoes of 1640 (refreshed in 1885).

The ancient Abbey of Königsfelden (3/4 M. to the S.E. of Brugg), formerly a convent of Minorites, was founded in 1310 by the Empress Elizabeth and her daughter, Queen Agnes of Hungary, on the spot where Albert of Austria, husband of the former, had been murdered two years before (1308) by John of Swabia and his accomplices. It was secularized in 1528; the building was converted into a hospital, and in 1872 into a lunatic asylum (now installed in a large new building). Of the old buildings there now remain the S. part only. the church, and the dwelling of Queen Agnes. From the rail. station of Brugg a road leads to (1/3 M.) the entrance to the park of Königsfelden, most of which is surrounded by an iron fence 5 ft. high. In 1 min. more we reach the large building of the lunatic asylum, where we ring and receive from the manager a ticket of admission to the Convent Church (50 c.). The latter, which lies 200 yds. to the S. (finger-post) and is shown by the custodian (ring), was thoroughly restored in 1890-98. Along the inside walls are 35 tombstones with the armorial harrings of Borness halliffs who died at Königsfelder. On the Francisch der Contact of the Con morial bearings of Bernese bailiffs who died at Königsfelden. On the E. wall are 27 modern and artistically insignificant portraits of the chief knights who fell at Sempach (1356), some of them reproductions of frescoes still extant in the room of Queen Agnes (see above). In the middle is Duke Leopold of Austria. The choir, adorned with stained glass of the 14-15th cent., was used for service down to the middle of the 19th century.

On the tongue of land between the Reuss and the Aare once stood the considerable Helvetian town of Vindonissa, which in the early centuries of the Christian era was the headquarters of a Roman legion with its Rhætian cohorts, as is proved by inscriptions. About ½ M. to the S. of Königsfelden the foundation walls of the amphitheatre, which could contain 10,000 persons, were laid bare by excavation in 1897. The external diameters measured 344 ft. and 325 ft.; those of the arena were 221 ft. and 177 ft. The well of the Abbey of Königsfelden is still fed by a subterranean Roman conduit which has been repaired in modern days. The name of Vincount of the Abbey of Königsfelden is still fed by a subterranean Roman conduit which has been repaired in modern days. The name of Vincount of the Abbey of Königsfelden is still fed by a subterranean Roman conduit which has been repaired in modern days. Roman conduit, which has been repaired in modern days. The name of Vindonissa, which was destroyed in the 5th cent., still survives in that of the village of Windisch, 11/4 M. to the E. of Brugg.

The Hapsburg (p. 26) is also often visited from Brugg. The road leads, partly through wood, to (3 M.) the village of Habsburg (1555'; carr. from Brugg 6, with two horses 10 fr.), whence a footpath ascends to (5 min.)

From Brugg to Wohlen, 11 M., railway in 40 minutes. — A little to the W. of (3 M.) Birrfeld is the village of Birr, with the grave of Pestalozzi; and about 1/2 M. to the S.E. of Birr is the manor of Neuhof, where he long lived and worked. — 51/2 M. Othmarsingen (junction for Wettingen and Aarau, p. 26); 71/2 M. Hendschiken (p. 26); 81/2 M. Dintiken (p. 26); 11 M. Wohlen-Villmergen. (To Rothkreuz, see p. 26.)

We cross the Reuss near its union with the Aare, and reach the Limmat beyond (38 M.) Turgi, the junction of the lines to Aarau and Waldshut (p. 26).

A good path leads hence to the S., chiefly through wood, to the (3/4 hr.) Gebenstorfer Horn (1710'), which commands a fine view of the Jura, the Black Forest, and the confluence of the Aare, Reuss, and Limmat.

41 M. Baden (1256'; pop. 6050; \*Hôtel de la Gare, R. 1<sup>3</sup>/<sub>4</sub>-2, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. 5-6 fr.; \*Balance, R. 1<sup>1</sup>/<sub>2</sub>-2, B. 1, D. 2, pens. 61/2 fr.) was much visited even in Roman times for its mineral springs (Aquae Helvetiae). In the middle ages it was a fortress, and down to the 15th cent. often the residence of the Counts of Hapsburg. The extensive ruins of the castle of Stein zu Baden (1505'), destroyed in 1415 and again in 1712, rise above the town

(1/4 hr. from the station); pretty view from the top and from the

adjacent Café Belvedere.

The hot mineral springs (98°-126° Fahr.) are in the narrow valley of the Limmat (1190'), 5 min. to the N. of the station, ½ M. from the town. The 'Small Baths' (Adler; Hirsch; Rebstock; Schwan; Stern), in Ennetbaden, on the right bank of the Limmat, are chiefly frequented by the peasantry; the 'Great Baths' (\*Grand Hôtel, pens. 9-12 fr., with Engl. Ch. Serv. in summer; \*Schiff, pens. 7½-10 fr.; \*Verenahof, \*Limmathof, 7-9 fr.; Blume, 6½-8½ fr.; Schweizerhof, 6-8 fr.; Ochs, 6½-8 fr.; Bär, 7-8 fr.; Restaurant zur Sense) lie on the left bank. The Bad-Strasse leads from the station to the Casino with its pleasant grounds (\*Restaurant; music several times daily) and to the Grand Hôtel (see above). Good view from the lower Limmat bridge (1175'). The Restaurant Schartenfels (1538'), on the W. spur of the Lägernberg (ca. 20 min.), affords a fine view of Baden, the valley of the Limmat, and the Alps from the Sentis to the Scheerhorn.

Excursions. The Lägernberg or Lägern, a projecting spur of the Jura chain, forms a ridge about 6 M. long from E. to W. From the Schartenfels Restaurant (see above) a rough and rocky path (steady head necessary) ascends to (1½ hr.) the Gugelhorn (2627; view spoiled by the trees), whence an easier path leads to (½ hr.) the \*Burghorn (2830'), the highest point of the Lägern, affording a grand view of the High Alps from the Sentis to the Wildstrubel, of the Jura and Black Forest, and of the lower hills. [The usual and easiest way to (2½ hrs.) the Burghorn follows the road to the N.E. of Baden viâ the Höhthal; near (3½ M.) the village of Ehrendingen we diverge to the right and ascend through wood (steep at places).] — The \*Baldegg (1875'; 1½ hr.) is a deservedly popular point. At the cross-roads (finger-post), ½ M. beyond the Café Belvedere (see above), we may take the narrow road to the left (blue marks), which ascends through wood to (50 min.) the Baldegg, a small plateau with a cottage and view-tower, affording a fine survey from the Sentis to the Bernese Alps. Or at the abovementioned cross-roads we may take the broader road to the right, which leads viâ Münzlihausen to the (1 hr.) Baldegg. — Hertenstein (1580'), 1 M. to the N. of Baden, has a popular restaurant and affords a good view (finer still from the Geissberg, ¼ hr. farther on). — Another good point is the Martinsberg (1640'), 35 min. to the W. — From the Kreuzliberg (1683'), 3/4 hr. to the S., we may proceed to (¼ hr.) the Zeicher Eiche (1715'; view), and descend to (10 min.) the Teufelskeller, a cave in which snow is often found at midsummer.

We pass under the Stein zu Baden (see above), and cross the Limmat to (42 M.) Wettingen. The village lies on the left, at the foot of the vine-clad Lägernberg (see above); on the right, enclosed by the Limmat, are the extensive buildings and gardens of the Cistercian Abbey of Wettingen, now a seminary for teachers. The church (adm. 50 c.) contains a sarcophagus in which the remains of the Emp. Albert (see p. 23) lay for 15 months before their removal to Spires, and carved stalls of the 17th century. The cloisters contain good stained-glass windows of the 16th and 17th centuries.

FROM WETTINGEN TO OERLIKON, 13½ M., railway in ½ hr. — ½/2 M. Würenlos; ¼½ M. Otelfingen (branch-line by Buchs and Niederglatt to Bülach, p. 37); 6 M. Buchs-Dällikon; 8½ M. Regensdorf-Watt, a little to the E. of which is the small Katzensee (\*Inn); 10½ M. Affoltern; 12½ M. Seebach.

- 13<sup>1</sup>/<sub>2</sub> M. Oerlikon (p. 56).

From Wettingen to Aarau, see p. 26.

The train again crosses the deep bed of the Limmat and follows its left bank to Zürich. 45 M. Killwangen. — 48 M. Dietikon (1285'; Löwe). It was here that Masséna effected his famous passage of the Limmat, 24th Sept., 1799, after which he repulsed the Russians and took Zürich. —  $50^{1}/_{2}$  M. Schlieren;  $52^{1}/_{2}$  M. Altstetten (p. 93). To the right stretches the long ridge of the Uetli with its inn (p. 46). We now cross the Sihl and enter the station of —

55 M. Zürich, see p. 38.

# 7. From Olten to Waldshut viâ Aarau and Turgi.

 $32^{1}/_{2}$  M. RAILWAY in 2 hrs. (fares 5 fr. 60 c., 4 fr., 3 fr. 85 c.).

Olten, see p. 16. The train runs near the Aare as far as Brugg.

To the left rise the picturesque Jura Mts.

 $4^{1}/_{2}$  M. Daeniken;  $5^{1}/_{2}$  M. Schönenwerd (Storch); on the opposite bank of the Aare is Schloss Gösgen, with a ruined tower. A tunnel

now carries us under the loftily situated town of Aarau.

81/2 M. Aarau (1265'; pop. 8000; \*Hôt. Gerber, at the station, R. 2-3, B. 1, D. 3, pens. 6-9 fr.; \*Rössli; Ochs; Löwe; Krone; \*Sauvage, pens. 6-7 fr.; U.S. Consul, Mr. H. H. Morgan), a manufacturing place and the capital of Canton Aargau, lies on the Aare, and at the foot of the Jura, on which a few vineyards appear. The Cantonal Industrial Museum, in the promenades of the Bahnhof-Str., contains important industrial, ethnographical, and antiquarian collections, fine old stained glass from the Abbey of Muri, and a picture gallery (mainly of Swiss masters). Adjacent is the well-equipped Cantonal School. The Government Offices contain a collection of 5555 coins; behind it, in the Gross-Raths-Saal, is the Cantonal Library, with 80,000 vols. and 500 MSS., comprising beautiful missals from the abbeys of Muri and Wettingen, Zwingli's Bible with marginal notes by his own hand, etc. In the grounds near the Gross-Raths-Saal is a monument to Augustin Keller (d. 1883), a well-known Swiss educationalist. The Natural History Museum contains a complete representation of the Aargovian flora and fauna, as well as geological and mineralogical collections. - A bronze statue, designed by Lanz, was erected in 1894 to the author Heinrich Zschokke (d. 1848), who once lived here; his house, the 'Blumenhalde', is passed on the way from the suspension-bridge to the (1/4 hr.) \*Alpenzeiger on the Hungerberg (1490'; Curhaus Alpenzeiger, fine view, pens.  $4^{1}/_{2}$  fr.).

Above the town, to the N., rises the Wasserfluh (2850'), and to the N.E. the Giselafluh (2540'), over which a path, with a view of the lakes of Hallwil and Baldegg, leads to the Baths of Schinznach. — Pleasant road from Aarau by Erlisbach (p. 15) to the (41/2 M.) \*Laurenzenbad (1690'; pens. 5-7 fr.; good trout), prettily situated in the Jura. — About 6 M. to the W. of Aarau are the sulphur-baths of Lostorf (p. 16), the road to which passes Erlisbach and Stüsslingen. — From Aarau to Sissach over the Schaf-

matt, see p. 15.

From Aarau to Rothkreuz,  $29^{1}/2$  M., railway in  $1^{1}/2$ -2 hrs. — 4 M.

Rupperswil (see below); 6 M. Lenzburg (p. 158); 8 M. Hendschiken; 10 M. Dintiken. - 121/2 M. Wohlen (junction for Brugg and Bâle, p. 23). Branchline hence to the E. to (5 M.) Bremgarten (Drei Könige; Adler), a small town on the Reuss, with a château. To Fahrwangen, see p. 158. — Then (16 M.) Boswil-Bünzen and the (18 M.) charmingly situated Muri (1590'; \*Löwe, with salt and mineral baths, pens. 5-6 fr.; Adler, pens. 4-6 fr.), with a former Benedictine Abbey (burned down in 1889). Near the town is the picturesque wooded Mühltobel, with several waterfalls. On the Lindenberg, 1½ hr. to the S.E., is \*Schloss Horben (2625'; pens. 5-10 fr.), with extensive wood-walks and a beautiful view. — 20½ M. Benzenschwil; 22½ M. Mühlau, on the Reuss; 25 M. Sins; 27 M. Oberrüti. We then cross the Reuss to (291/2 M.) Rothkreuz (p. 93).

the Reuss to (291/2 M.) Rothkreuz (p. 93).

From Aarau to Wettingen, 18 M., railway in 11/3 hr. — 3 M. Suhr (branch-line to Zofingen, p. 21); 51/2 M. Hunzenschwil (on the right rises the Staufberg, see below). 71/2 M. Lenzburg (p. 158; 'Seethalbahn' to Lucerne, see R. 41), where the Aa is crossed. 101/2 M. Othmarsingen, junction for Brugg and Wohlen (p. 23). Near (11 M.) Mägenwil, on a spur of the Kestenberg, to the left, rises Schloss Braunegg. The train crosses the Reuss. 131/2 M. Mellingen (Krone), a quaint little town, the church of which contains fine old stained glass (14th cent.); 151/2 M. Dätwil; 171/2 M. Baden (the station lies to the S.W. of the upper town, 3/4 M. from the Bâle station, see p. 23). — 18 M. Wettingen (p. 24).

On the left, beyond the Aare, at the foot of the Giselafluh, lies Biberstein, with an old castle. 13 M. Rupperswil; to the right, the Staufberg and the château of Lenzburg (p. 158). — 15 M. Wildegg (Aarhof), at the foot of the Kestenberg, has mineral springs containing iodine and bromine, the water of which is exported. Above the village to the N. rises Schloss Wildegg (1480'), the residence of Col. Rivett-Carnac, with interesting ethnological and archæological collections (kindly shown by the proprietor to scientific visitors). Farther down, beyond the Aare, rises Schloss Wildenstein. To Lenzburg, see p. 158.  $17^{1/2}$  M. Stat. Schinznach lies 1/2 M. to the S. of Bad Schinznach

(1203'), on the right bank of the Aare, with sulphur-baths (R. in the \*Neubad 2-5, B. 11/2, D. 4, S. 3, board 8, bath 2, music 1/2 fr. per day; in the 'dépendance' Hôt.-Pens. Habsburg, frequented by Swiss visitors, R. from 11/2, board 5, bath 1 fr.). Engl. Ch. Service

in summer.

The baths lie at the foot of the Wülpelsberg (1682'), on the top of which (1/2 hr.) are the ruins of the Hapsburg or Habsburg, the cradle of the imperial family of Austria, erected by Count Radbod von Altenburg about 1020. The tower, with walls 8' thick, is the only part now standing; the room said to have been occupied by Rudolph of Hapsburg is still shown. The adjoining house is occupied by a farmer. The view embraces the entire dominions of the ancient Counts of Hapsburg, the valleys of the Aare, Reuss, and Limmat, and the High Alps from the Glärnisch to the Urirothstock and from the Wetterhörner to the Wildhorn.

— Another fine point of view is the Vier Linden, on the Bötzberg (1690'; <sup>3</sup>/<sub>4</sub> hr.). From the rail. station of Brugg Schinznach may be reached by carriage (ordered previously) in 1/2 hr.

20 M. Brugg, and thence to (22 M.) Turgi, see pp. 22, 23. The train crosses the Limmat near its influx into the Aare.  $23\frac{1}{2}$  M. Siggenthal; 28 M. Klingnau. It then describes a wide curve, passes through a tunnel, and crosses the Rhine near (301/2 M.) Coblenz, above the mouth of the Aare.  $-32^{1/2}$  M. Waldshut, see p. 27.

# 8. From Bâle to Schaffhausen and Constance.

89 M. Baden Railway in 3-5 hrs. (to Schaffhausen 9 fr. 50, 6 fr. 30, 4 fr. 5 c.; to Constance 14 fr. 50, 9 fr. 65, 6 fr. 20 c.). Neuhausen (see below) is the station for the Falls of the Rhine (R. 9). Views to the right.—Steamer from Schaffhausen to Constance in 4 hrs. (descending in 31/4 hrs.), pleasant if time and weather permit (see p. 29; fares 4 fr., 1 fr. 95 c.).

Bâle (Baden station), see p. 3. We traverse the plain between the spurs of the Black Forest and the Rhine. 3 M. Grenzach; 5 M. Wihlen (Hôtel Bilmaier);  $7^{1}/_{2}$  M. Herthen. At  $(9^{1}/_{2}$  M.) Rheinfelden in Baden (\*Bellevue; \*Rail. Restaurant), opposite Rheinfelden (p. 22), the line approaches the Rhine, which here dashes over rocks. The left bank is steep and wooded. — 12 M. Beuggen; to the right, a large reformatory and a seminary, formerly a Teutonic lodge. 15 M. Niederschwörstadt. To the left of (17 M.) Brennet opens the Wehra-Thal (see Baedeker's Rhine).

20 M. Säckingen (957'; Bad-Hôtel zum Löwen; Schützen), a considerable town, has a large abbey-church with two towers. The castle on the Rhine, which figures in Scheffel's poem 'Der Trompeter von Säckingen', is now the property of Hr. Bally. Pretty grounds.

24 M. Murg (Zum Murgthal), where we cross the Murg. Opposite (25½ M.) Klein-Laufenburg (Post) is the Swiss town of Laufenburg (980′; \*Hôt. Soolbad, pens. 5-6 fr.; Adler), very picturesquely placed on the left bank, with lofty church, ruined castle, and old watch-towers (rail. stat., see p. 22). The Rhine here forms formidable rapids called the 'Laufen'.

A long tunnel; then, beyond (29 M.) Albert-Hauenstein, a lofty viaduct. At intervals we approach the river. Near (30 M.) Albbruck

(\*Zum Albthal) the Alb is crossed. 32 M. Dogern.

35 M. Waldshut (1122'; Railway Hotel; \*Hôtel Blume; Rebstock, in the town) lies high above the river. — Railway to Turgi

(for Zürich), see p. 26; to Winterthur, see p. 56.

Beyond Waldshut a tunnel; to the right, glimpses of the Alps. Before (38 M.) Thiengen (Krone) we cross the Schlücht, and at (40<sup>1</sup>/<sub>2</sub> M.) Oberlauchringen the Wutach. To the right, on a wooded height, is the ruin of Küssenberg. 44<sup>1</sup>/<sub>2</sub> M. Griessen; 47<sup>1</sup>/<sub>2</sub> M. Erzingen-Trasadingen; 49<sup>1</sup>/<sub>2</sub> M. Wilchingen-Unterneuhaus; 51<sup>1</sup>/<sub>2</sub> M. Neunkirch (Hirsch); 55 M. Beringen; 57<sup>1</sup>/<sub>2</sub> M. Neuhausen, the station for the Falls of the Rhine (p. 30).

59 M. Schaffhausen. — \*Hôt. Müller, opposite the station, R. 21/2-4, B. 11/4, D. 3, pens. 71/2-10 fr.; \*Hôtel National, R. 2-3, B. 1, D. 21/2 S. 2, pens. 7 fr.; \*Riese, R. 2-21/2, B. 11/4, déj. 2, D. 21/2, pens. 7 fr.; Hôt. Ruff, similar charges; Hôt. Bahnhof, well spoken of; \*Schwan, 2 min. from the station, R. 2-3, B. 1, D. 3, pens. 6-10 fr.; Post, 3 min. from the station; Tanne, plain, R. 11/4-2, pens. 41/2 fr.; Schiff, on the Rhine, unpretending. — \*Rail. Restaurant. — Baths in the Rhine, at the upper end of the town, well fitted up, 6-1 and 5-8, for ladies 2-5. — Electric Tramway to Neuhausen (Falls of the Rhine) in 20 min. (20 c.), see p. 31.

Schaffhausen (1295'; pop. 15,280), a free imperial town down to 1501 and now capital of the Swiss canton of Schaffhausen, retains

some of the features of a Swabian town of the empire. It is most picturesque when seen from the village of Feuerthalen, on the left bank of the Rhine, or from Villa Charlottenfels (1385'), on the right bank. Hr. Moser (d. 1874), the late owner of the villa, originated the great Waterworks in the Rhine (outside the Mühlenthor), for the supply of the factories of the town.

The CATHEDRAL, once an abbey-church, an early-Romanesque basilica, was erected in 1052-1101 and is now a Protestant parish church. Interior lately restored. The Gothic cloisters are tolerably preserved. The old bell, cast in 1486, the inscription of which (Vivos voco, mortuos plango, fulgura frango) suggested Schiller's beautiful 'Lied von der Glocke', was replaced in 1898 by a new one with the same inscription. — The late-Gothic Church of St. John has an excellent organ. — In the Münstergasse is the Haus zum Ritter, a picturesque gabled building, decorated with paintings on the façade by Tobias Stimmer. - To the W., in the direction of the Herrenacker, stands (1.) the Gewerbehalle, a handsome Renaissance structure of 1617.

The castle of Munor (properly Unnot; 1564-82; recently restored), above the town, consists of a round tower, 155' in diameter, with walls 16' thick and bomb-proof vaulting. A winding inclined plane ascends to the platform, which affords a fine view and is

much frequented in the evening (concerts, etc.).

The Imthurneum, in the Herrenacker, erected and presented to the town by Hr. Imthurn (d. 1881), a native of Schaffhausen and a London banker, contains a theatre, a picture-gallery, a musicschool, and concert-rooms. Opposite is the Museum, with antiquities (including those found in the Kesslerloch near Thaingen, etc.), natural history specimens, and the town-library. — The Rathhaus has a large porch and a fine panelled room of 1625, with a carved door and a mechanical clock. In the neighbouring governmentbuildings is preserved a fine ancient onyx, representing a goddess of peace (adm. 11-12 gratis; at other times 1 fr.).

In the pretty Fäsenstaub Promenade is a bust of the Swiss historian Johannes von Müller (b. at Schaffhausen, 1752; d. at Cassel, 1809). The lofty terrace affords a fine view of the Rhine and the Alps.

From Schaffhausen to the Falls of the Rhine (2 M.), see p. 30. Tramway and carriages, see p. 31. — Pretty walk through the Mühlen-Thal to the Seckelamtshüsli, with a view of the Alps, and back to Schaffhausen by the Hochfuh (another fine point of view) and the suburb of Steig (11/2 hr. in all). Other fine views may be obtained from the Beringer Randen (belvedere), 11/4 hr. to the W., and from the Hohe Randen (2955'), 31/2 hrs. to the N.W., reached viâ Hemmenthal or Merishausen. — From Schaffhausen to Zürich, see pp. 36, 37; to Etzwilen, see p. 36.

61<sup>1</sup>/<sub>2</sub> M. Herblingen; 64 M. Thaingen; 67 M. Gottmadingen. — 71 M. Singen (Krone; Adler; Ekkehard, all very fair; Rail. Restaurant), junction for the Black Forest Railway. About 3 M. to the N.W. rises the \*Hohentwiel (2265'), with grand ruins and a noble view (see Baedeker's Southern Germany).

From Singen to Etzwilen, 8 M., railway in  $\frac{1}{2}$  hr. (1 fr. 30, 90, 65 c.). 21/2 M. Arlen-Rielasingen; 5 M. Ramsen. We cross the Rhine beyond (71/2 M.) Hemishofen (see below). — 8 M. Etzwilen (p. 36).

75<sup>1</sup>/<sub>2</sub> M. Rickelshausen. — 77<sup>1</sup>/<sub>2</sub> M. Radolfzell (\*Schiff; Krone; Sonne), an old town on the Untersee, with a Gothic church of 1436. Near it, on the lake, is the Villa Seehalde, with a monument to the poet Victor von Scheffel (d. 1886). — 78 M. Markelfingen; 82 M. Allensbach; 84 M. Hegne. — 86 M. Reichenau, station for the island in the Untersee, to the right, connected with the shore by an embankment.

The island of Reichenau (8 M. long, 1 M. wide), now belonging to Baden, was formerly the seat of a celebrated Benedictine abbey, founded in 724 and secularized in 1799. The Schaffhausen and Constance steamers touch at the island twice daily (see p. 30). The road from the shore leads past the ruined tower of the castle of Schöpfeln, which was destroyed as early as 1384, to (3½ M.) Mittelzell (boat from stat. Allensbach to Mittelzell in ½ hr.). The former collegiate church of St. George, near the houses of Oberzell, is a Romanesque basilica of the 9th and 10th cent., with interesting frescoes of the 10th century. — In the centre of the island lies its chief village, Mittelzell (Mohren; Bär), with 1000 inhabitants. The parish church, or Münster, is the former abbey-church, which was consecrated in 806, and contains the remains of Charles the Fat, great-grandson of Charlemagne, who was dethroned in 887. The present edifice is a basilica of the 11th and 12th cent., borne by columns, with two transepts and a late-Gothic choir of 1448-51; the treasury, in the sacristy, contains several fine reliquaries. — The church of Unterzell, on the N.W. side of the island, is another basilica of the 9-12th centuries.

The train passes the large barracks of Petershausen and crosses the Rhine to (89 M.) Constance (p. 33), by an iron bridge embellished with statues.

STEAMBOAT FROM SCHAFFHAUSEN TO CONSTANCE. Charts of the journey are sold for 30 c. on board the steamboats. The stations are indicated below with daggers. Pier above the bridge, near Schloss Munot (p. 28), opposite Feuerthalen. — Right: Paradies, formerly a nunnery.

† Left: Büsingen, with an old church.

R. Katharinenthal, formerly a nunnery, now a hospital for incurables;

opposite (left) Villa Rheinburg.

† R. Diessenhofen (1325'; Adler; Löwe; Hirsch), the Roman Guno-durum. The Rhine is crossed here by a covered wooden bridge, below which the steamer lowers its funnel.

R. Rheinklingen; left, Bibern. We now pass under the handsome

B. Kheinklingen; left, Bivern. We now pass under the handsome bridge of the 'Nordostbahn' (see above). L. Hemishofen, with the pavilion of Wolkenstein above (see below). R. Wagenhausen.

† L. Stein am Rhein (\*Sonne, R. 2-3, B. 1, D. 2½, pens. 7½ fr.; \*Hôt. Rheinfels; Rabe), a picturesque old town, connected with the village of Burg (Wasserfels) by a new wooden bridge, and a station on the Winterthur railway (p. 37). The suppressed monastery of St. George has been restored and fitted up as a Museum (interesting rooms, cloisters, etc.; adm. 1 fr., including description  $1^{1}/2$  fr.). The Rathhaus contains stained glass, old weapons, etc. At Burg (see above) the walls of a Roman castrum, with four towers, were recently brought to light. — Pleasant walks in the adjacent woods. The old château of \*Hohenklingen (1945'), on a hill to the N. of the town (1½ M. by road), was restored in 1897 and is now a frequented summer-hotel (pens. 4½-5½ fr.). It affords an admirable view of the Untersee, the picturesque valley of the Rhine, and the Alps from Vorarlberg to the Jungfrau. — Another good point of view is the Wolkenstein (1920'), a rocky hill with a pavilion, 1¼ hr. to the N.W. of Stein. We follow the

road to (1 M.) a finger-post at the W. base of the Hohenklingen hill and then

ascend through fine woods by a path denoted by white and yellow marks.

Above Stein is the island of St. Othmar, with the chapel of that name.

The Rhine widens, the steamer enters the Untersee. — R. Eschenz (p. 36). A road ascends hence to (1/2 hr.) the château of Freudenfels (1720), whence it goes on to (20 min.) the hamlet of Klingenzell, with a pilgrimage-church and a fine view of the Untersee, the Rhine, and part of the E. Alps (better still from a height 10 min. to the S.E.).

+ L. Oberstaad, an old mansion with a square tower, now occupied

by a factory; beyond it is the suppressed monastery of Ochningen.

+ R. Mammern (p. 36); in the wood, the ruin of Neuburg; on the

bank, the house of Glarisegg.

† L. Wangen (\*Hotel & Restaurant zum Frieden). A road leads to (11/4 M.) the château of Marbach (now a sanatorium; fine view and garden), on a hill about 160' above the Untersee.

+ R. Steckborn (p. 36). Below it, the former numery of Feldbach.

- + R. Berlingen (p. 36). The lake expands, and we now see the island of Reichenau (p. 29). On the hill to the right is the château of Eugensberg, erected by Eugène Beauharnais, viceroy of Italy, and now the property of Countess Reichenbach-Lessonitz.
- † R. Mannenbach (p. 36), charmingly situated, above which is the handsome pinnacled château of Salenstein. An easy road ascends to (1/4 hr.) Arenaberg (1502'), situated on a wooded hill, once the residence of Queen Hortense (d. 1837) and her son Napoleon III. (d. 1873), now the property of the ex-Empress Eugénie. It contains pictures, sculptures, and other reminiscences of the Napoleonic dynasty (adm. 1 fr., 2 pers. 11/2, 3 pers. 2 fr., each addit. pers. 50 c.). The park affords a beautiful view.

† L. Reichenau, on the island of Reichenau (p. 29). † R. Ermatingen (p. 36), prettily situated on a promontory; on the hill above it, Schloss Wolfsberg (1690'; "Hôtel-Pension, pens. 5-7 fr.). We now enter the narrow arm of the Rhine connecting the Unter-

see with the Lake of Constance.

+ R. Gottlieben (Krone), with a château, restored by Napoleon III., in which Huss, and afterwards Pope John XXII. were confined. Baron Scherer's château of Castel, on the hill at the back of the village, was built by Tafel of Stuttgart and is sumptuously fitted up (Alhambra room, frescoes by Häberlin, etc.). Beautiful retrospect of the Untersee, with the peaks of the Höhgau in the distance.

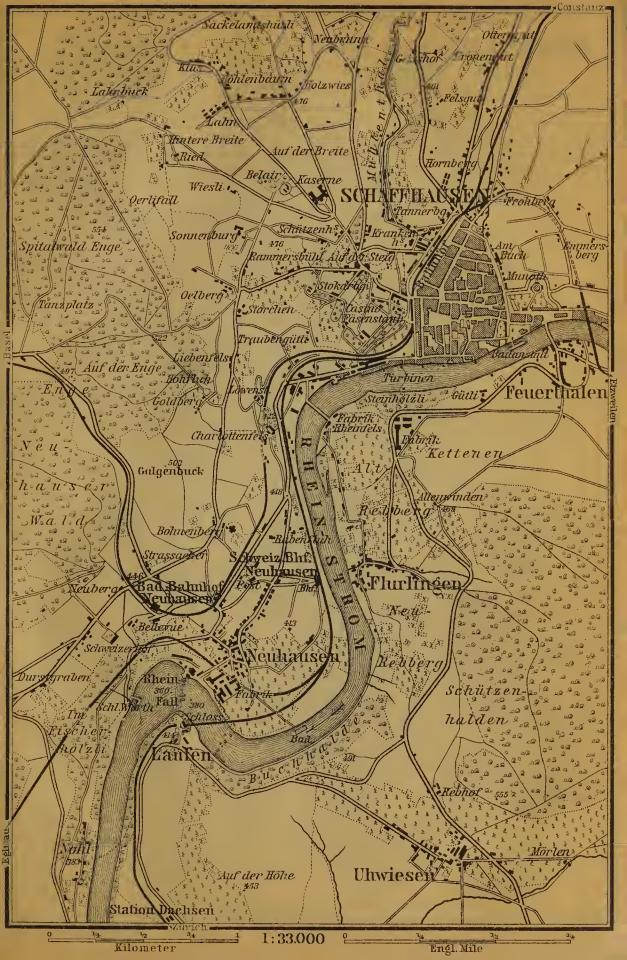

The banks now become flat, and at places marshy. We thread our way through reedy shallows (1. Petershausen, with large barracks), and at length pass under the handsome railway-bridge of Constance (p. 33).

Passengers are landed at the pier with a lighthouse at its E. end.

# 9. The Falls of the Rhine.

Hotels. On the hill on the right bank, near the Baden stat. Neuhausen (p. 27): \*Schweizerhof, 3 min. from the railway-station, R. 4-8, B. 1½, déj. 31/2, D. 5, pens. 10-18 fr., omn. 75 c., with grounds extending down to the river and the finest view of the Falls and the Alps; \*Bellevue, at the rail. station, R. 3-5, B. 1<sup>1</sup>/<sub>4</sub>, déj. 3, D. 4, pens. from 8 fr. — At Neuhausen: Hôtel-Pension Germania, R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, D. 2<sup>1</sup>/<sub>2</sub>-3, pens. 5-7 fr.; Hôt. OBERBERG, 3 min. from the Baden station; Hôtel Rheinfall, R. 2-21/2, B. 11/4, D. 3, pens. 5-7, omn. 1/2 fr.; Frohsinn; Zürcherhof; Hôt. Bahnhofschweiz, 3 min. from the Swiss stat. Neuhausen, R. 2-31/2, pens. 6 fr. — On the left bank: Hôt. Schloss Laufen, <sup>3</sup>/<sub>4</sub> M. from Dachsen station (p. 37), R. 2-4, B. 11/4, déj. 2, D. 31/2, pens. 6, omn. 1 fr.; Hôt. Witzig, at stat. Dachsen (p. 37). — Illumination of the Falls with electric and Bengal lights every evening in summer, for which 3/4-1 fr. is charged in the hotelbill. — English Church in the 'Schweizerhof' grounds.

The stations for the Falls on the right bank are Neuhausen (p. 27) on the Baden Railway and the station of the same name on the Swiss Railway (p. 36); that on the left bank is Dachsen (p. 37), on the Winterthur and Zürich line.

The best way to see the Falls is to start from Neuhausen and follow the route described below (cross the bridge to Schloss Laufen, descend to the Fischetz, cross to the Schlösschen Wörth, and return along the right bank, 1½ hr. in all). This round is often taken in the reverse direction, but as the Fischetz, the most striking point of all, is then visited first, the other points lose much of their impressiveness. — From Dachsen we walk or drive to (3/4 M.) Schloss Laufen (omn. in 8 min.), make the round above indicated, and return across the Rheinfall-Brücke. — From Schaffhausen (p. 27) electric tramway to Neuhausen in 20 min. (20 c.); carriage with one horse for 1 pers. 1 fr. 40, there and back 2 fr. 40, 2 persons 2 and 3 fr., etc.; to Schloss Laufen 1-2 pers. 4 fr., each addit. pers. 2 fr. Waiting is charged 1 fr. per hour. — All the points of view should be visited by those who desire an adequate impression of the Falls.

The \*\*Falls of the Rhine are in point of volume the grandest in Central Europe. The Rhine takes three leaps over an irregular rocky ledge, which next to the left bank is about 60' high, and on the right bank about 48'. Above the Falls the river is 125 yds. broad. If the rapids and the cataracts a few hundred paces farther up are included, the total height of the Falls is nearly 100'. (Level of the Rhine below the falls 1180'.) In June and July the river is swollen with melting snow. Before 8 a.m. and after 3 p.m. rainbows are formed by the sun in the clouds of silvery spray. The spectacle is

also very impressive by moonlight.

Of the four limestone-rocks which rise above the Falls, that nearest the left bank has been worn by the action of the water to one-third of its original thickness, but has lately been buttressed with masonry. When viewed from a boat below, the rocks seem to tremble. The central and highest rock, surmounted by a small pavilion, may be reached by boat, and ascended by a path protected by a railing. The Falls are seen here to the best advantage. The passage, which only takes a few minutes, is free from danger (1-2 pers. 3 fr. and fee; each additional person 1 fr.).—It is curious that no mention of these Falls occurs in history before 960. It has therefore been supposed that they did not exist until about a thousand years ago, and that, while the bed of the river below the falls has been hollowed by erosion, the deepening process above the falls has been retarded by the hardness of the rocky barrier above mentioned.

Neuhausen Station of the Baden Railway (1443'), see p. 27. We take the road to the left, and after a few paces descend by a path to the right to the (5 min.) village. From the Swiss Station Neuhausen (1312'; p. 36) we follow the footpath to the left (the carriage-road ascends straight on), which leads past the Hôtel Bahnhofschweiz to (10 min.) the village. The two paths unite at the Grütli Restaurant. We now descend across the Eglisau and Zürich railway (p. 36) and follow the road for about 100 yds. The path to the left here leads to the Rheinfall-Brücke; in the middle and to the right are the direct routes to the Falls as described p. 32. Those who wish to make the round indicated above take the shady path to the left, passing the Gun and Waggon Factory, to the (8 min.) \*Rheinfall-Brücke (210 yds.), which carries the 'Nordostbahn' over the Rhine a little above the Falls (p. 37). The nine arches vary in span (42-66'), as it was difficult to find foundations for the piers. The footway over the bridge affords an interesting view of the rocky bed of the river, the rapids, and the falls below.

On the left bank a path ascends to the left in 5 min. to the Schloss Laufen (1360'), picturesquely situated on a wooded rock immediately above the Falls (adm. 1 fr.; no other fees). The balcony and a jutting pavilion with stained-glass windows command a good survey of the falls and the environs. Camera obscura, 50 c.

Paths descend through the grounds to the chief points of view: an iron Pavilion, the wooden Känzeli, and the \*Fischetz, an iron platform projecting over the foaming abyss. The scene is stupendous. The huge emerald-green volume of water thunders down at our very feet and bedews us with its spray. (Waterproofs; 20 c.)

Boats are ready to ferry us across (50 c., return-fare 80 c.) to **Schlösschen Wörth** (Inn, R. 13/4 fr.; camera obscura 50 c.), on an island opposite the Falls, which is connected with the right bank by a bridge. This point commands the finest general \*Vibw of the Falls. (Boat to the central rock, see p. 31). We may now follow the path on the right bank, ascending the river (benches; splendid views) and passing an Aluminium Factory (left), to the road (p. 31). Or we may follow the river beyond the factory and ascend by the flight of steps to the left (protected by a hand-rail), which affords fine views of the tossing waters and leads to (10 min.) the village.

A pleasant walk may also be taken from the Schlösschen Wörth down the right bank of the Rhine. The grounds of the Fischerhölzli, to the W. of the Schweizerhof garden, afford picturesque glimpses. Numerous fossils are found among the rocks of the Falls and among the loose deposits at the Schlösschen Wörth. — Pleasant excursions may be made from Neuhausen to the (1 M.) Hohfuh and the (2 M.) Seckelamtshüsli (p. 28); to the (1 M.) Hardfuh in the Neuhausen forest; and to (3 M.) the convent of Rheinau (either by land or water; comp. p. 37).

# 10. From Friedrichshafen to Constance. Lake of Constance.

STEAMBOAT eight times daily in summer (thrice direct, in 11/4 hr.; five times viâ Meersburg in 11/2-13/4 hr.). Between the chief places on the lake, Friedrichshafen, Lindau, Bregenz, Rorschach, Romanshorn, Constance, Meersburg, Ueberlingen, and Ludwigshafen, the steamers (about 26 in number) ply at least once daily, and on the chief routes (Friedrichshafen-Constance 11/2 hr., Friedrichshafen-Rorschach 11/4 hr., Lindau-Romanshorn 1 hr., Friedrichshafen-Rorschach 11/4 hr., Lindau-Romanshorn 11/4 hr., Rorschach-Lindau 1 hr., Constance-Lindau 3 hrs.) 2-6 times daily. Good restaurants on board (D. 21/2-3 fr.). The lake being neutral, luggage is liable to custom-house examination on arriving in Germany or Austria from Switzerland, and nominally in the reverse case also. Passengers from one German port to another may avoid these formalities by obtaining before embarkation a custom-house ticket for their luggage (gratis).

The Lake of Constance (1305'; Ger. Bodensee, Lat. Lacus Brigantinus), an immense reservoir of the Rhine, 207 sq. M. in area, is, from Bregenz to the influx of the Stockach, 40 M. long, about 71/2 M. wide, and between Friedrichshafen and Uttweil 825' deep. In beauty of scenery the Bodensee cannot vie with the other Swiss lakes; but its broad expanse of water, its picturesque banks and green hills, the chain of the Appenzell Alps in the distance, the snow-clad Sentis in particular, and several snow-peaks of the Vorarlberg Alps, visible in clear weather, present a very pleasing scene. In rough weather sea-sickness is not uncommon. The best fish are 'Felchen' and trout, and the best wine grown on the banks is the 'Meersburger'.

Friedrichshafen (Deutsches Haus; Drei Könige; Sonne; Müller's Restaurant), the S. terminus of the Würtemberg Railway (to Stuttgart 41/4-6 hrs.), is a busy place in summer. Its lake-baths attract many visitors, especially from Swabia, and it boasts of a Curhalle, with pleasant grounds on the lake. The Harbour with its Lighthouse is 1 M. from the railway-station.

Travellers going on by steamer keep their seats until the train reaches the terminus near the quay (restaurant, with terrace). Those arriving by

steamer may take tickets on landing, and enter the train at once.

The Constance steamer steers to the W. On the N. bank are the village of Immenstaad, the châteaux of Herrsberg and Kirchberg, and then the village of Hagnau. On the N.W. arm of the lake, the Ueberlinger See, we see the picturesque little town of Meersburg; then the island of Mainau (p. 35), and in the distance Ueberlingen. The steamer passes the promontory which separates the Ueberlinger See from the bay of Constance, and reaches (11/2 hr.) —

Constance (see Plan, p. 31). - Hotels. \*Insel-Hôtel (Pl. a; C, 3), Constance (see Plan, p. 31). — Hotels. \*Insel-Hôtel (Pl. a; C, 3), formerly a Dominican monastery (p. 34), on the lake, with a garden and fine view, R. 3-5, B. 1<sup>1</sup>/4, D. 4, S. 3<sup>1</sup>/2, pens. 8-12 M; \*Hôtel Halm (Pl. c; C, 5), opposite the railway-station, R. 2<sup>1</sup>/2-3, B. 1, D. 3 M; \*Hecht (Pl. d; C, 4), R. 2-3, B. 1, D. 3 M; \*Hôtel Schönebeck (Pl. e; C, 5), opposite the railway-station, R. 2<sup>1</sup>/2-4, B. 1, D. 3, pens. 6<sup>1</sup>/2-7<sup>1</sup>/2 M; \*Badischer Hof (Pl. f; B, 5); \*Krone (Pl. g; C, 4), R. 2, B. 1, D. 3 M; Barbarossa, Falke, Schnetzer (in the market-place), Schlüssel, Riedmatter, Bodan, second-class, moderate. — Restaurants. \*Schönebeck (see above), Victoria, both opposite the station; Schnetzer (see above); Hohenzoller, near the Stadtgarten; Stephans-Keller (in the old German style); Café Maximilian, Bahnhof-Str.; Café Hieber (also confectioner), Paradies-Str. 5. — Post Office (Pl. 7; C, 4), near the station. — Baths in the lake (Pl. D, 4, 5), well fitted up (bath 40 pf.; ferry 10 pf.). — English Church Service in summer. — The former Constanzer Hof (Pl. D, 1), on the lake, is now a Sanatorium for Nervous Patients. (Pl. D, 1), on the lake, is now a Sanatorium for Nervous Patients.

Constance (1335'; pop. 21,363), a free town of the Empire down to 1548, after the Reformation subject to Austria, and since the Peace of Pressburg in 1806 a town of Baden, lies at the N.W. end of the Lake of Constance, at the efflux of the Rhine. The episcopal see, founded in 781, and held by 87 bishops in succession, was made an archbishopric and removed to Freiburg in 1827.

The \*CATHEDRAL (Pl. 4; B, 3), founded in 1052, originally a cruciform Romanesque edifice, was rebuilt in its present form in 1435 and 1680. The Gothic tower (250' high), designed by Hübsch, was erected in 1850-57; the open spire, with a platform on each side, commands an excellent survey of the town and lake (moun-

tain-indicator at the top; adm. 20 pf.).

INTERIOR. On the doors of the chief portal are \*Reliefs in 20 sections, from the life of Christ, carved in oak by Simon Haider and Nicholas Lerch in 1470. \*Choir-stalls, with satirical sculptures, of the same date. The organ-loft was enriched in the Renaissance style in 1680. In the nave, which is borne by 16 monolith columns (28' high, 3' thick), sixteen paces from the entrance, is a large stone slab, with a white spot which always remains dry when the rest is damp. On this spot Huss is said to have stood on 6th July, 1415, when the Council sentenced him to be burned at the stake. The N. chapel adjoining the choir contains a \*Death of the Virgin, in stone, date 1460. In the left aisle is the monument of J. H. von Wessenberg (p. 34). The Treasury (verger 1/2-1 M) contains missals of 1426, with miniatures. On the E. side of the church is a Crypt, containing the Chapel of the Sepulchre, a representation of the Holy Sepulchre in stone, 20' high (13th cent.). Adjoining the church on the N. stand two sides of the once handsome Cloisters, erected about 1480 in the Gothic style.

The Wessenberg Haus (Pl. 15; B, 3), once the residence of Hr. von Wessenberg (d. 1860), who for many years was the chancellor of the bishopric, contains a collection of pictures, engravings, and books, bequeathed by him to the town, and a number of paintings and sketches left by Marie Ellenrieder (d. 1863), a lady-artist.

The late-Gothic church of St. Stephen (Pl. 6; B, 4), of the 14th cent., with its slender tower, but disfigured externally, contains interesting reliefs by H. Morink (in the choir). — The Wessenberg-Strasse leads hence to the Ober-Markt, at the corner of which is the modern 'Zum Hohen Hafen' (Pl. 2; B, 4), where, according to the inscription, Frederick, Burgrave of Nuremberg, was invested with the March of Brandenburg by Emp. Sigismund on 18th April, 1417. Adjacent is an old house (now the Hôtel Barbarossa), styled by the inscription Curia Pacis, in which Emp. Frederick I. concluded peace with the Lombard towns in 1183.

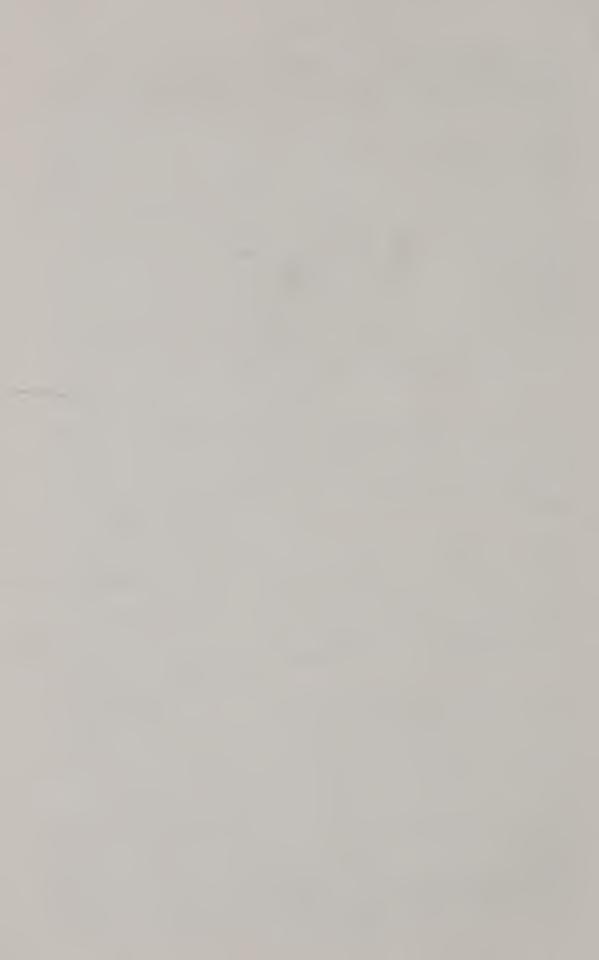

The STADT-KANZLEI or town-hall (Pl. 12; B, 4, 5), erected in 1593 in the Renaissance style, and embellished in 1864 on the façade with frescoes by F. Wagner, relating to the history of Constance, contains the Municipal Archives in the lower rooms (2800 charters, chiefly from the Reformation period). Handsome inner court. In the lobby of the second floor are five frescoes by Häberlin (1898), also relating to the town's history.

The Rosgarten (Pl. 8; B, 5), the old guildhouse of the butchers, contains the \*Rosgarten Museum of lacustrine remains, antiquities of Constance, and natural history specimens (open free on Wed., 2-5, and Sun., 10.30-12; at other times 50 pf.). — In the market-place stands a Victory, by Baur (Pl. 10), erected in memory of the war of 1870-71. At the other end is a fountain erected in 1897, with statues of Emps. Frederick Barbarossa, Henry III., Maxi-

milian I., and William I.

The Kaufhaus (Pl. 1; C, 4), on the lake, erected in 1388, contains the large hall, 52 yds. long, 35 yds. wide, and borne by ten massive oaken pillars, where the conclave of cardinals met at the time of the Great Council (1414-18) and elected Pope Martin V. Colonna. The hall has been restored and was adorned in 1875-85 with frescoes by Pecht and Schwörer from the history of the town (adm. 20 pf.). Upstairs is a collection of Indian and Chinese curiosities, the property of the castellan (40 pf.). — The Dominican Monastery (Pl. a; C, 3), in which Huss was confined, on an island, has been partly converted into a hotel ('Insel-Hôtel', p. 33). The well-preserved Romanesque cloisters (with frescoes by Häberlin, illustrating the history of the monastery) are worthy of a visit; the former church is now the dining-room of the hotel.

Pleasant promenade in the Stadt-Garten on the lake, with a marble bust of Emp. William I., a music pavilion (band every evening in summer), and a charming view (mountain-indicator).

The house in which Huss was arrested, in the Husen-Strasse near the Schnetzthor (Pl. A, 5), is indicated by a tablet with a portrait of the Reformer in relief, put up in 1878. Adjoining it is an old relief, of 1415, with derisive verses. Behind it, in the 'Obere Laube', a bronze tablet with an inscription designates the spot where Jerome of Prague was imprisoned in 1415-16. In the Brühl, 1/2 M. to the W. of the town, a large boulder with inscriptions ('Husenstein') marks the spot where the Reformers suffered martyrdom.

Fine view of the lake and the Vorarlberg and Appenzell Alps from the \*Allmannsdorfer Aussichts-Thurm (1 hr. to the N.), 5 min. above the village of Allmannsdorf (Adler), on the road to the Mainau. — Pleasant walks to the Loretto-Kapelle (1/2 hr.); the Jacob (Hôtel-Pension Waldhaus, pens. 5-6 M; 1/2 hr.); the Tabor (view-tower; 1 hr.); and the Kleine Rigi, above Münsterlingen (inn; 1 hr.).

In the N. W. arm of the Lake of Constance (Veberlinger See, p. 33), 41/2 M, from Constance, lies the pretty island of \*Mainau, formerly the seat

41/2 M. from Constance, lies the pretty island of \*Mainau, formerly the seat of a commandery of the Teutonic Order, as is indicated by a cross on the S. side of the château, which was built in 1746. The island, 11/2 M. in circumference, is connected with the mainland by an iron bridge 150 paces long. Since 1853 it has been the property of the Grand Duke of Baden, and is laid out in pleasure-grounds, where cypresses and other semi-tropical plants flourish in the open air. Near the château is a small restaurant. Steamhoat from Constance in 35 min a small heat (a pleasant trip of 4 hr.) Steamboat from Constance in 35 min.; small boat (a pleasant trip of 1 hr.) 5 M and fee; one-horse carr. 5-6, two-horse 8 M. Walkers take a shorter route, partly through pleasant woods (11/4 hr.).

#### From Rorschach to Constance and Winterthur 11. (Zürich).

60 M. RAILWAY (Nordostbahn) in 41/4-53/4 hrs. (fares 9 fr. 75, 6 fr. 85,

4 fr. 80 c.).

Rorschach, see p. 60. The line skirts the Lake of Constance, of which it affords pretty glimpses. Stations: Horn (p. 61), Arbon (\*Bär, pens. 6-8 fr.; Engel; Kreuz; Pens. Seebad), a small town

on the site of the Roman Arbor Felix. — 71/2 M. Egnach.

91/2 M. Romanshorn, see p. 57. — 12 M. Uttwil (\*Bad- und Cur-Anstalt, pens. from 5 fr., suitable for a stay); 13 M. Kesswil (Bär; Pens. Seethal), well-to-do villages. To the right, on the lake, the Moosburg is visible. — 95 M. Güttingen (Lamm), with a château; 16 M. Altnau (Krone); 181/2 M. Münsterlingen (Pens. Schelling, from 4 fr.), with a lunatic asylum. — 21 M. Kreuzlingen (Löwe; Schweizerhof; Bellevue, a sanatorium for nervous patients), a pleasant little town (4734 inhab.) with the old Augustine abbey of that name, now an agricultural school and seminary for teachers. The church contains a 'Mount of Olives', with about 2000 small figures, carved in wood in the 18th cent. by a Tyrolese

22 M. Constance (a terminus station), see p. 33. — 23 M. Emmis-

hofen-Egelshofen; 25 M. Tägerwilen; on the Rhine, to the right, Gottlieben (p. 30). — Near (27 M.) Ermatingen (\*Hôt.-Pens. Adler, with garden, pens. 5-6 fr.), the station for the château of Wolfsberg (p. 30), we approach the green Untersee. On the height to the left is the château of Hard (now a sanatorium for dipsomaniacs). — Near (281/2 M.) Mannenbach (\*Hôt.-Pens. Schiff, 4-5 fr.) is the château of Arenaberg (p. 30). To the right, in the lake, the island of Reichenau (p. 29); on the left, Schloss Eugensberg (p. 30). At (301/2 M.) Berlingen (Krone, pens. 4-5 fr.) the Untersee attains its greatest width (5 M.), after which it divides into two branches.

32 M. Steckborn (Krone; Sonne), a small town (5244 inhab.) with a castellated 'Kaufhaus', lately restored. Below it, on the right, the iron foundry of Feldbach, once a nunnery, and, farther on, the mansion of Glarisegg. On the opposite (N.) bank are

Wangen and the château of Marbach (p. 30).

36 M. Mammern (Ochs, at the station), with a château, used as a hydropathic establishment, and a large park on the lake. At (37 M.) Eschenz the Untersee again narrows into the Rhine (p. 30). We follow the left bank to the station for (39 M.) Stein am Rhein (Hôtel Bahnhof), opposite the small town (p. 29), commanded by the castle of Hohenklingen; and then turn to the left to (41 M.) Etzwilen (Hôtel and Restaurant zur Eisenbahn), the junction for Singen (p. 28).

FROM ETZWILEN TO SCHAFFHAUSEN,  $10^{1}/_{2}$  M., railway in 34 minutes. —  $2^{1}/_{2}$  M. Schlattingen;  $4^{1}/_{2}$  M. Diessenhofen (p. 29);  $7^{1}/_{2}$  M. Schlatt;  $8^{1}/_{2}$  M. Langwiesen. Beyond (10 M.) Feuerthalen the railway crosses the Rhine by an imposing iron bridge (fine view, to the left, of Schaffhausen). —  $10^{1}/_{2}$  M. Schaffhausen (p. 27).

On the left, as we proceed to the S., is the vine-clad and wooded Stammheimer Berg (1716'). 431/2 M. Stammheim; 481/2 M. Ossingen. We now cross the Thur by a bold iron bridge, 148' high, borne by seven iron buttresses. 53 M. Thalheim-Altikon; 541/2 M. Welsikon-Dinhard; 56 M. Seuzach; 581/2 M. Ober-Winterthur, a small town with an old Romanesque church (tower modern), the Roman Vitodurum.

60 M. Winterthur, and thence to (77 M.) Zürich, see pp. 57, 56.

## 12. From Schaffhausen to Zürich.

## a. Viå Eglisau.

29 M. Nordostbahn in 1-13/4 hr.; fares 5 fr., 3 fr. 50, 2 fr. 50 c. (To Eglisau, 13 M., in 28-45 min.; 2 fr. 10, 1 fr. 50, 1 fr. 5 c.).

Schaffhausen, see p. 27. The line skirts the lofty Fäsenstaub Promenade (p. 28), and passes below the Villa Charlottenfels (p. 28). 2 M. Neuhausen (Swiss Station Neuhausen; Restaurant zum Bahnhof), the station for the Falls of the Rhine (p. 30). Our line then diverges to the right from that to Winterthur (p. 37), threads a tunnel below the village of Neuhausen, and traverses the grounds

of the Schweizerhof (p. 30), affording a fine \*View of the Falls. Beyond the Fischerhölzli tunnel (p. 32) the train quits the river and traverses a hilly and partially wooded region. — 4 M. Altenburg-Rheinau.

A carriage-road leads hence viâ Altenburg to (1½ M.) Rheinau (\*Löwe, unpretending; Salm), a Swiss village with 1300 inhab. and an important wine-trade, on a peninsula formed by the Rhine. On an island in the river is the former Benedictine Abbey of Rheinau, founded in 778 by the Alemannian Duke Wolfhart, secularized in 1862, and now a hospital. The church is in the baroque style (1710); the library contains some

ancient MSS.

5 M. Jestetten (Löwe) and (7½ M.) Lottstetten (Engel, with garden and pretty view) are both in the Duchy of Baden. Crossing the Swiss frontier, we descend to (9½ M.) Rafz (Kreuz) and (11 M.) Hüntwangen, pass the little town of Eglisau (1109'; Hirsch; Krone) on the right bank, and cross the Rhine by a great viaduct (500 yds. long; central span 98 yds.; height 194') to (13 M.) stat. Eglisau (Rail. Restaurant; to Waldshut, p. 57). 14½ M. Glattfelden; then through the Hardwald to (16 M.) Bülach (1778'; pop. 2177; Kopf; Kreuz), a little town, once fortified (to Winterthur, p. 56). — 19 M. Niederglatt (junction for Wettingen, p. 24). — 20½ M. Oberglatt.

Branch-line to (7 M., in ½ hr.) Niederweningen, viâ (3 M.) Dielsdorf (1410'; Sonne; Post), ½ M. below the prettily situated old town of Regensberg (2025'; \*Krone, pens. 4-5 p.), on the E. spur of the Lägernberg (p. 24). Fine view from the tower of the old castle (now an institution for boys of weak intellect); still more extensive from the Hochwacht (2830'), 1 hr.

farther on.

The line skirts the Glatt.  $22^{1}/_{2}$  M.  $R\ddot{u}mlang$ ; 24 M. Glattbrugg;  $25^{1}/_{2}$  M. Oerlikon. Thence to (29 M.)  $Z\ddot{u}rich$ , see p. 56.

#### b. Viå Winterthur.

36 M. Nordostbahn in  $1^3/4-2^1/3$  hrs. (fares 5 fr. 95, 4 fr. 20 c., 3 fr.) Views on the right.

From Schaffhausen to (2 M.) Swiss Neuhausen, see p. 36. The line diverges to the left from that viâ Eglisau (see above), passes through a long cutting, and crosses the Rheinfall-Brücke (see p. 31), affording a glimpse of the falls to the right. It then enters a tunnel, 71 yds. long, under Schloss Laufen (p. 32). On emerging, and looking back to the right, we obtain another beautiful glance at the falls.

3 M. Dachsen (1295'; \*Hôtel Witzig, R. 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub> fr.) lies <sup>3</sup>/<sub>4</sub> M. to the S. of Schloss Laufen (comp. p. 30). As the train proceeds, it affords pleasing views at intervals of the bluish-green Rhine in its deep and narrow channel, enclosed by wooded banks.

5½ M. Marthalen. Before reaching (10½ M.) Andelfingen (1298'; Löwe) we cross the Thur by an iron bridge 113' high.—13 M. Henggart, ½ M. to the N.W. of which is the château of Goldenberg (pension). 14 M. Hettlingen. The vine-clad slopes of Neftenbach, to the right, produce the best wines in N. Switzerland. Near Winterthur opens the broad valley of the Töss.

19 M. Winterthur, and thence to (36 M.) Zürich, see pp. 57, 56.

## 13. Zürich and its Environs.

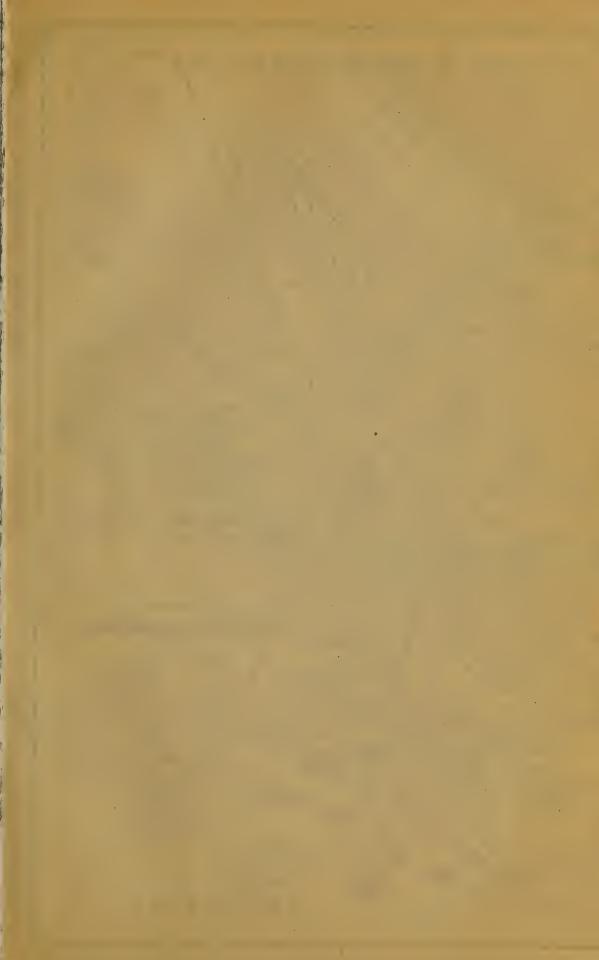

Railway Stations. Central Station (Pl. H, I, 3, 4; \*Restaurant), at the N. end of the town, 3/4 M. from the lake (hotel-omn. 3/4-1 fr., each box 20 c.; cab for 1-2 pers. 80 c.). The hotel-servants are not allowed upon the platform, and luggage is carried into the waiting-rooms only. — Enge Station (Pl. D, 2), on the left bank of the lake (p. 50). — Stadelhofen (Pl. E, 5) and Letten (for Unterstrass and Wipkingen) are stations for the railway on the right bank to Meilen and Rapperswil (p. 48). — Uetliberg Station (Pl. F, 1), also for the Sihlthal Line (p. 47). — Steamboats (see

pp. 40, 48) start from the Stadthaus-Platz (Pl. E, 4).

Hotels. \*Hôtel Baur au Lac (Pl. a; E, 3), with a pretty garden and delightful view, R. 4-10, B. 1½, déj. 4-5, D. 5-6, pens. from 10, omn. 1 fr.; \*Hôt. Bellevue (Pl. b; E, 4), on the lake, with fine view, R. 4-9, B. 1½, déj. 3½, D. 5, pens. 10-16 fr.; Grand Hôt. National (Pl. d; H, 3), B. ½, P. B. 11/2, déj. 31/2, D. 5, pens. 10-16 fr.; Grand Hôt. National (Pl. d; H, 3), R. 4-8, D. 4 fr.; \*Hôt. Victoria (Pl. c; H, 3), R. 4-8, B. 11/2, D. 4-5, pens. 10-15 fr., both opposite the station; \*St. Gotthard (Pl. k; H, 3), R. 21/2-31/2, B. 11/4, D. 3 fr., near the station; \*Hôt. de l'Epée (Pl. e; G, 4), by the Rathhaus bridge, R. 21/2-31/2, D. 31/2, pens. 71/2-81/2 fr.; Hôtel Baur en Ville (Pl. f; F, 3), R. 33/4-6, D. 4, pens. from 10 fr.; \*Hôtel Habis (Pl. g; H, 3), near the station, R. 21/2-4, B. 11/2, D. 31/2, pens. 8-12 fr.; Hôtel de Zurich (Pl. h; E, 5), R. 31/2-5, D. 31/2, pens. 8-11 fr.; \*Wanner's Hôtel de Zurich (Pl. h; E, 5), R. 31/2-5, D. 31/2, pens. 8-11 fr.; \*Wanner's Hôtel Garni (Pl. 1; H, 3), Bahnhof-Str., R. 2-5 fr.; Hôtel Bahnhof (Pl. m; H, 3), R. 21/2-31/2, B. 11/4, D. 21/2, pens. 7 fr.; Union, Merkur, R. 11/2-3, B. 1, M. 11/2 fr., both in the Schützengasse; Stadthof (Pl. n; H, 3, 4), R. 21/2-5, B. 11/4, D. 3 fr., Hôt. Brünig, Hôt. Garni de la Poste, Hôtel Garni Romer, all near the station; Hôt. Central (Pl. o; H, 4), on the R. 2½-5, B. 1¼, D. 3 fr., Hot. Brunig, Hot. Garni de la Poste, Hotel Garni Romer, all near the station; Hôt. Central (Pl. 0; H, 4), on the right bank of the Limmat, near the station, R. 2½-4, D. 3½, pens. 7-10 fr.; Hôt. de l'Europe, Stampfenbach-Str. 8, R. 2½-3, B. 1, D. 2½ fr.; \*Bernerhof, R. 2-4, B. ½ D. 3 fr.; Hôtel Centralpost, in the Centralhof (Pl. F, 3, 4), R. from ½ fr.; Schweizerhof (Pl. p; G, 4), R. 2½-3, B. 1¼, D. 3-3½, pens. 7½-8½ fr.; \*Limmathof (Pl. q; H, 4), R. 2-½-3, B. 1, D. incl. wine 2¾ fr.; Hôtel du Jura, R. ½-2, B. 1, D. ½-2, pens. from 5 fr.; Hôtel zur Henne, Rathhaus-Quai, R. from 2 fr.; Goldner Stern, Theater-Str. 22, on the lake, R. 2-4, B. 1, D. 2 fr.; Hôtel de l'Opéra. Dufour-Str., near the theatre. R. from ½ fr.; \*Prauen (Pl. t. TERN, Theater-Str. 22, on the lake, R. 2-4, B. 1, D. 2 fr.; HOTEL DE L'OPÉRA, Dufour-Str., near the theatre, R. from 1½ fr.; \*PFAUEN (Pl. t; F, 6), Rämi-Str., R. 2, B. ½-1, D. 1¼-2 fr.; Hôt. Guichard (Metzgerbräu), Beatengasse 13, R. 2-3, B. ¼-4 fr., well spoken of; Cigogne, Rennweg; Schwarzer Adler, Niederdorf-Str. 9, both moderate; Rothes Haus (Pl. r; F, 4) and Seehof (Pl. s; F, 4, 5), on the Sonnen-Quai, moderate; Hôt.-Pens. Säntis, Seefeld-Str.; \*Augustinerhof (Evangelisches Vereinshaus), Peter-Str. 8, R. ½-3 fr., B. 1, D. ½-2, pens. 4-5 fr.; Weisses Kreiz Krone Hirsch Lamm Löwe Stepn unpretending: Hôt Phoenix KREUZ, KRONE, HIRSCH, LAMM, LÖWE, STERN, unpretending; HÔT. PHOENIX, in Fluntern; "HÔT. MYTHEN, R. from 2 fr., HÔT. FREIHOF, both near the Enge station (p. 50). Visitors are received at all these hotels en pension, the charges being reduced in spring and autumn. - \*Dolder Grand Hotel, see p. 46; hotels on the Uetliberg, see p. 47.

Pensions. Neptun, Seefeld-Str. 15, pens.  $6^{1}/2$ - $7^{1}/2$  fr.; Tiefenau, at Hottingen, Steinwies-Str. 10, pens. 5-6 fr.; Beau-Site, Dufour-Str. 40, near the Alpen-Quai, pens. from 5 fr.; Schanzenberg (Frau Hepp), Schönberg-Str. 1-5 ( $5^{1}/2$ -8 fr.); Hohenlinden, Clausius-Str. 36 (6- $10^{1}/2$  fr.); Fortuna, Mühlebach-Str. 59, near the theatre (5-7 fr.); Pens. Internationale, Zürichberg, Gloria-Str. 70 (5-6 fr.); Merz, Tannen-Str. 15, Oberstrass; Plattenhof, Zürich-Str. 15 (5-7 fr.); Hägele, Platten-Str. 19 ( $4^{1}/2$ -7 fr.); Villa Belmont, Rämi-Str. 67 ( $5^{1}/2$ -9 fr.); Schmelzberg, behind the observatory ( $4^{1}/2$ -6 fr.); Sternwarte, Hoch-Str. 37 (4-6 fr.); Forster, at Fluntern, on the hill,  $1^{1}/2$  M. to the E. of Zürich (electric tramway); Sonnenberg, Zürichberg (6-7 fr.).

Restaurants. \*Kronenhalle, Rämi-Str., D. at 12.30 p.m. 2 fr.; \*Tonhalle (see p. 40); Corso Theatre (p. 40); Café-Restaurant du Nord, opposite the rail. station; Restaurant zur Börse (Grill Room), at the Hôtel Baur au Lac,

Thalgasse; Merkur, Wanner, see p. 38; Orsini (Munich beer), Zunfthaus zur Waag, both in the Frau-Münster-Platz; Dufour, Schützengasse 17, near the rail. station; Café Central, Centralhof (Munich beer); \*Saffran, opposite the Rathhaus; Zimmerleuten, D. incl. wine 2 fr., well spoken of; Limmatburg, Limmat-Quai; Karl der Grosse, near the Gross-Münster.— Beer. Kropf, in Gassen (Pl. F, 3, 4), Munich beer; Mazzini, Parade-Platz; Blaue Fahne, Münstergasse; Strohhof, Augustinergasse, D. with wine 2 fr., also Pilsen beer; St. Gotthard, (see p. 38; Pilsen beer); Stadtkeller, Zähringer-Str. 42; Franziskaner, corner of Stüssi-Hofstatt and Niederdorf-Str.: Drahtschmidli, with garden on the Limmat, opposite the Platzspitz (p. 44).— Wine. Val Tellina wine at the Veltliner Keller, Schlüsselgasse 8, near St. Peter's; Walliser Weinhalle, near the Schweizerhof; Wanner (see p. 33); Gorgot, Münstergasse 15 (Spanish wines); Bodega, Bahnhof-Str. 24 and Münsterhof 17 (Spanish and other wines).

Cafés. Steindl's Wiener Café, Bahnhof-Str. (Hôt. National); Métropole, Stadthaus-Quai. — Confectioners. Lindt & Sprüngli, Parade-Platz (good ices); Rusterholz, Untere Kirchgasse, on the Sonnen-Quai; Schuster, Bahnhof-Platz; Bourry, Sonnen-Quai.

Baths in the lake at the Stadthaus-Platz (Pl. E, 4), at the suburb of Enge (Pl. C, 3), at the Uto-Quai (Pl. C, 5), and, for ladies, at the Mythen-Quai (Pl. B, 2), the Uto-Quai, and in the Limmat below the Bauschanze (Pl. E, F, 4). Neumünster Baths (Pl. F, 5), at the S. end of the town. — WARM BATHS (vapour, etc.): \*Central-Bad, Waldmann-Str. 9 (Pl. E, F, 5); \*Mühlebach Baths (also pension), Eisengasse (Pl. D, 6); Mühlegasse Baths, opposite the Prediger Kirche (Pl. G, 5); Adlerburg, Stadelhofer-Platz (Pl. E, 5); at the Werdmühle in the Bahnhof-Str.

Post and Telegraph Office (Pl. F, 4), Kapplergasse, between the Frau-Münster-Str. and the Stadthaus-Quai (p. 42).

Cabs. Drive within the town, or not exceeding  $^{1}/_{4}$  hr., 1-2 pers. 80 c., 3-4 pers. 1 fr. 20 c.; for  $^{1}/_{2}$  hr., 1 fr. 50, 1 fr. 90 c.: for  $^{3}/_{4}$  hr., 2 fr., 2 fr. 60 c.; 1 hr., 2 fr. 50, 3 fr. 30 c.; each addit.  $^{1}/_{4}$  hr. 50, 70 c. Each trunk 25 c., small articles free. From 10 p.m. to 6 a.m. double fares.

The Electric Tramway System (Städtische Strassenbahn) is divided into the following lines. White Cars: Tiefenbrunnen (station), Feldegg-Strasse, Bellevue-Platz, Helmhaus, Central Station, Parade-Platz, Tunnel-Strasse, Brunau-Strasse, Wollishofen (Hirsch), Morgenthal (every 6 min.); - Tunnel-Strasse, to Uto-Brücke (every 6 min.). — Green Cars: Heuriedt, Freya-Strasse, Sihlbrücke, Central Station, Pfauen, Kreuzplatz, Römerhof, Pfauen, Bellevue-Platz, Stadthaus-Platz, Enge Station (every 6 min.). — Red Cars: Burgwies, Kreuzplatz, Bellevue-Platz, Stadthaus-Platz, Parade-Platz, Sihlbrücke, Marien-strasse, Hardau (every 6 min.). — Yellow Line: Parade-Platz to Helmhaus (every 6 min.). Fare for one section 10 c., two sections 15 c., three or more sections 20 c. — Cable Tramway (Zürichberg-Drahtseilbahn) from the Limmat-Quai to the Polytechnic (Pl. H, 4, 5), every 5-6 min. from 7 a.m. to 9 p.m. (in summer from 6 a.m. to 9.30 or 10 p.m.; fare, in either direction, 10 c.; journey 21/2 min.). — The Centrale Zürichbergbahn (yellow cars) runs every 6 min. from the Parade-Platz to the Stadthaus-Platz, Waldmann-Strasse, Cantonal School, Platte, Spitzkehre, and the church of Fluntern; at Platte, embranchment viâ Palmhof and Huttensteig to the Seilbahn-Rigiviertel Station at the end of the Universitäts-Str. (Pl. H-K, 5, 6), where it is joined by the new Zürichberg Funicular Railway (opened in 1901), which ascends in 3½ min. (20 c.) to the top of the Zürichberg (22002) near the margin of the forest (from the the top of the Zürichberg (2200) near the margin of the forest (from the Parade-Platz in 22 min., 40 c.). — Dolder Cable Tramway from Römerhof Station (see above) in 5 min. to the Waldhaus Dolder Restaurant (p. 40) and electric tramway thence in 3 min. to the Dolder Grand Hotel (fares to the Waldhaus, up 40, down 30, return 60 c.; Waldhaus to Grand Hotel 20, return 30; Römerhof to Grand Hotel 60, down 50, return 90 c.). - Industrie-Quartier Strassenbahn (electric) from the Main Rail. Station through the Limmat-Str. and the Industrial Quarter to the Hard-Str. (Wipkinger-Brücke) and Höngg (Talchern) 10-15 c. — Zürich and Seebach Electric Tramway (3½ M.) from the Hôt. Central (Leonhard-Platz) viâ Unterstrass and the Milchbuck to Oerlikon (p. 56) and Seebach, 10-30 c.

Small Steamers ('Dampfschwalben') ply on the lake-front of the city every \(^{1}\)4 hr. in the inner 'rayon', and hourly in the outer 'rayon' (fares 10-50 c.; circular trips \(^{1}\)2-1 fr.). Stations on the right bank: Stadthaus-Platz (Pl. E, 4); Theatre (Pl. D, 5); Mainau-Strasse; Zürichhorn; Tiefenbrunnen; Zollikon; and Küsnacht. Stations on the left bank: Stadthaus-Platz (Bahnhof-Str.); Alpen-Quai; Mythen-Quai (Enge and Belvoir Park); Wollishofen; Mönchhof; Bendlikon; Rüschlikon; Ludretikon; and Thalweil (p. 50).

Rowing Boats for 1-2 pers. 50 c. per hour; for 3 or more pers. 20 c. each per hour. Sailing Boats 1 fr. per hour; boatman 1 fr. per hour.

Theatres. Stadt-Theater, Uto-Quai (Pl. D, 4); performances from Sept. 15th to May 1st. — Central-Theater, Weinberg-Strasse (Pl. J, 4), comedies and popular pieces, open all the year round. — Corso-Theater, Theater-Strasse (Pl. E, 5), for variety performances, handsomely fitted up, with restaurant and concert rooms. — Panopticum, Unterer Mühlensteg, near the Central Station (Pl. H, 4), from 9 a.m till 10 p.m., 1 fr.; adm. to the automaton room free. — Panorama (Battle of Lützen), on the Uto-Quai

(Pl. C, 5; open daily, from 7 a.m. till dusk; adm. 1 fr.).

Popular Resorts. \*Tonhalle (Pl. E, 3; p. 41), Alpen-Quai, with restaurant, concerts daily at 8 p.m., in the cupola hall or (in fine weather) in the garden (70 c.). \*Belvoir Park, at the S. extremity of the Alpen-Quai (Pl. D, 3; p. 41), with restaurant; adm. 20 c., concerts 50 c., free on Sun. and Wed. (tramway Central Station-Seestrasse). \*Waldhaus Dolder\*, on the Zürichberg, above Hottingen, with restaurant, fine view, and shady promenades (cable tramway from Römerhof, see p. 39). Zürichhorn Park (Pl. A, 6), with restaurant and Nägeli's Museum of Stuffed Alpine Animals (20 c.), station of the small steamers (see above). Platten-Garten (Pl. G, 6), adjoining the Polytechnic. The Waid on the Käferberg, 3 M. to the N.W. of the town (pleasant route viâ Drahtschmidli, see p. 39); Jakobsburg (Munich beer), above Oberstrass. The \*Uetliberg is the finest point in the environs (by railway in 1/2 hr.; see p. 46).

Money Changers. Schweizer Credit-Anstalt, Bahnhof-Str. 2; Kugler & Co., Post-Str. 2 — Information as to excursions, objects of interest, etc., at the Enquiry Office, Exchange Buildings (Pl. E, 3; week-days 9-12 and 2-5).

Permanent Exhibition of the Zürich Art Society in the 'Künstlerhaus',

Permanent Exhibition of the Zürich Art Society in the 'Künstlerhaus', Thalgasse 5, next door to the Hôt. Baur au Lac (Swiss and foreign works of art), daily. 10-7, 1 fr.; afternoon 50 c. — Anglo-American Pharmacy, Dr. C. Dünnenberg, Tonhalle-Platz.

English Church Service in the Church of St. Andrew, Hohe Promenaden-Gasse (tramway-station Pfauen, Pl. E. 6), on Sun. at 8 a.m., 10.30 a.m., and 8 p.m.; chaplain, Rev. J. H. Buchanan, M. A., 49 Englisches Viertel.

British Consul, Henry Angst, 11 Bleicherweg; office-hours  $9^{1}/2-11^{1}/2$ . United States Consul, Adam Lieberknecht, Stadthaus-Quai 3 (9-12 and 2-4 p.m.).

Zürich (1345'), the capital of the canton, lies at the N. end of the lake, on the green, rapid Limmat, which divides it into the 'Grosse Stadt' on the right, and the 'Kleine Stadt' on the left bank. On the W. side flows the Sihl, unimportant except in spring, which falls into the Limmat below the town. Since the incorporation of the eleven 'Ausgemeinden' and other suburbs (1893), Zürich, with its 150,000 inhab., is the leading town of Switzerland. It is one of the busiest manufacturing towns in the country. Silk is the staple product, and the cotton-mills, machine-works, and iron-foundries are also important.

Lacustrine remains prove that the site of Zürich was occupied in prehistoric times. In B.C. 58 Zürich (Turicum), with the other towns of

the Helvetii, fell under the sway of the Romans. It owed its prosperity in the middle ages to the favour of the Carlovingians. In 1292 it joined Uri and Schwyz, and in 1351 it became a member of the Swiss Confederation. From an early date Zürich was the intellectual leader of Switzerland. As the home of Zwingli (1519-31) it was the focus of the Reformation, and its schools have for centuries sent forth men of distinction — Bodmer, Hottinger, Orelli, Gessner, Lavater, Hess, Pestalozzi, Heidegger, Horner,

As the home of Zwingh (1919-31) it was the focus of the Reformation, and its schools have for centuries sent forth men of distinction — Bodmer, Hottinger, Orelli, Gessner, Lavater, Hess, Pestalozzi, Heidegger, Horner, Hirzel, Henry Meyer, the friend of Goethe, and many others.

The Situation of Zürich is very beautiful. Both banks of the clear, pale-green lake are enlivened with villages, orchards, and vineyards, scattered over a highly cultivated country. In the background rise the snow-capped Alps; to the left is the crest of the Glärnisch, then the perpendicular sides of the Griesetstock (9200'), near it on the right the Pfannenstock, and farther on, the Drusberg, the ice-clad Bifertenstock, and the Tödi (the highest of the group, the last two rising above the Linththal); in front of these the Clariden, with their westernmost point the Kammlistock (10,624'); between this and the double-peaked Scheerhorn lies the Gries Glacier; then on the N. side of the Schächen-Thal the long Rossstock Chain with its fantastic peaks; the broad Windgelle; between this and the Scheerhorn appears the dark summit of the lower Myten near Schwyz; above the depression between the wooded Kaiserstock and the Rossberg towers the pyramidal Bristenstock, near Amsteg on the St. Gotthard route; then, if we occupy a commanding position, the Blackenstock and Uri-Rothstock, and part of the snow-mountains of the Engelberger-Thal, appearing above the Albis, to the right, the northernmost point of which is the Uetliberg, with the hotel on its summit.

In the Bahnhof-Platz (Pl. H, 3) a fountain with a bronze Statue of Alfred Escher (d. 1882), the statesman and founder of the St. Gotthard Railway, by Kissling, was erected in 1889. The BAHN-HOF-STRASSE (Pl. H-E, 3), nearly 3/4 M. long, leads to the S. to the lake. It passes, on the right, the Linth-Escher-Platz (Pl. H, 3), with a Statue of Pestalozzi by Siegwart (1899) and the Linth-Escher School, and, farther on, the Credit-Anstalt (Pl. F, 3); on the left the Centralhof and the Kappeler Hof; and on the right the Zürich Cantonal Bank, the Federal Bank (Eidgenössische Bank), and the Exchange (Pl. E, 3). — Side-streets lead to the left to the shady Lindenhof (Pl. G, 3, 4), 123' above the Limmat, which was fortified at an early period and afterwards became an imperial palace; to the late-Gothic Augustine Church (Pl. G, 3), now used by the Old Catholics, with paintings by Deschwanden; and to St. Peter's Church (Pl. F, 4), with its massive tower and large electric clock (dials 29' in diameter), where Lavater (d. 1801) was pastor for 23 years (grave on the N. side).

The STADTHAUS-PLATZ (band in summer on Sun. 10.15-11.45 a.m., week-days 8 p.m.) is adjoined by a Terrace on the lake (Pl. E, 4), commanding a beautiful view; to the right is the steamboat-quay, to the left are lake-baths (p. 39). — The broad \*See-Quai (Alpen-Quai and Mythen-Quai), with its pleasant promenades (Arboretum) and fine views of the lake and the Alps, skirts the lake to the right, extending to the Belvoir Park, to the S. of the quarter of Zürich-Enge (p. 40). Near the beginning of the quay is the \*Tonhalle (Pl. D, E, 3), an effective building erected in 1893-95 by Fellner & Helmer of Vienna, with café-restaurant, open-air terraces, and large concert-rooms (see p. 40).

To the E. of the Stadthaus-Platz the handsome Quai-Brücke

(Pl. E, 4; 180 yds. long), constructed in 1882-83, crosses the Limmat near its issue from the lake. Below the bridge, on the left bank of the Limmat, is the Bauschanze, a small pentagonal island, shaded with trees, and connected by a bridge with the Stadthaus-Quai, where stands the large and handsome Post Office, with its high clock-tower. Opposite is the new Town Hall (Pl. F, 4), a building in the mediæval style by Gull, adjoining the Frau-Münsterkirche (see below). — On the right bank of the lake also promenades (Uto-Quai and Seefeld-Quai), with charming views, lead past the handsome Town Theatre (Pl. D, 5), built by Fellner & Helmer, and the Panorama (Pl. C, 5) to the park of Zürichhorn (p. 40).

The next bridge below the Quai-Brücke is the four-arched Münster-Brücke (Pl. F, 4). Adjacent are the Frau-Münsterkirche of the 12-13th cent., with its high red-roofed tower, on the left bank, and the former Wasserkirche (1479-84), on the right bank. The latter now contains the Town Library (Pl. F, 4), with its 130,000 vols. and over 4500 MSS. (week-days 9-12 and 4-6, fee 60 c.; to the Zwingli and Gottfried Keller rooms alone, week-days 11-12, 20 c.; entrance in the open vestibule adjoining the bridge).

The Zwingli Room contains a letter of Zwingli (p. 41) to his wife; Zwingli's Greek Bible with Hebrew annotations in his own handwriting; an autograph letter of Henry IV. of France and a cast of his features; three autograph Latin letters of Lady Jane Grey to Antistes Bullinger; a letter of Frederick the Great, dated 1784, to Prof. Müller. — The Gottfried Keller Room is devoted to reminiscences of that poet (d. 1890). — The other treasures of the library comprize numerous incunabula, a Greek Psalter of the 7th cent., portraits of burgomasters and scholars of Zürich, and some old stained glass.

The steps opposite the E. end of the Münster-Brücke lead to the Romanesque Grossmünster (Pl. F, 4), erected in the 11-13th centuries. The upper stories of the towers are Gothic, and in 1799 they were crowned with helmet-shaped tops with gilded flowers. On the W. tower is enthroned Charlemagne with gilded crown and sword, in recognition of his donations to the church. The choir contains three large modern stained-glass windows representing Christ, St. Peter, and St. Paul. The church and the Cloisters, of the beginning of the 13th cent., are open daily in summer from 11 to 12 (adm. 20 c., tower 30 c.; free organ-recital on Mon., 6-7 p.m.; sacristan, Kirchgasse 13).

On the quay to the S. of the choir of the Wasserkirche is a bronze statue, by Natter, of Zwingli, pastor of the Grossmünster from 1519 till his death in 1531. — At the Rathhaus-Brücke (Pl. G, 4) we see on one side the Rathhaus (Pl. F, G, 4), a massive building of 1699 (in the vestibule a marble bust of Gottfried Keller, by Kissling), on the other the Fleischhalle, or meat-market. Opposite are the Museum (reading-room) and the Schneggen Club. — Farther on, at the Wollenhof, by the upper Mühlesteg (Pl. G, H, 4), is the Pestalozzianum, containing the Swiss educational exhibition and the Pestalozzi cabinet (week-days 10-12 and 2-5; adm. free).

From the Quai-Brücke we ascend the Rämi-Strasse (Pl. E-H, 5, 6) to the E., then to the right to the Hohe Promenade (Pl. E, 5, 6), a loftily situated avenue of limes. Beautiful view (best by morning-light) from the platform with the Monument of Nägeli (d. 1836), the vocal composer. Adjacent is the Old Cemetery, with the English Church (p. 40). — From the Hohe Promenade a road passing the N. side of the cemetery rejoins the Rämi-Strasse, where (to the left) is the monument of Ignaz Heim (d. 1880), the composer. The street ascends to the Cantonal School (Pl. G, 6); it then bends to the N. To the left are the Physical and Physiological Institute of the University and the new Ophthalmic Institute (Pl. H, 5); to the right the Cantonal Hospital (Pl. H, 6); beyond it the Physical Institute of the Polytechnic, the Observatory, the School of Forestry and Agriculture, and the Chemical Laboratory (Pl. I, 5).

At No. 15 Schönberggasse, behind the Physical Institute, Jacob Bodmer lived from 1739 till his death in 1783. — Lower down, on the slope, is the Künstlergut (Pl. G, 5), containing the Picture Gallery of the Zürich Artists' Union (open in summer on Sat. 2-4, Sun. 10-12, free; at other times on application to the custodian,

50 c.; catalogue 50 c.).

Large Room. To the right, 26. Delachaux, Choir-boys; 213. Siemiradzki, Large Room. To the right, 26. Delachaux, Choir-boys; 213. Siemiradzki, Venetian gondola; 227. Stückelberg, Charcoal-burners in the Jura; 2. Anker, Pestalozzi; 20. Buchser, Italian herdsmen; 29. F. Diday, Scene in the Valais; 60. E. Girardet, The sick child; 138. Koller, Alp in the Engelberg Valley; 270. Zünd, Chapel on the battlefield of Sempach; 238. Ulrich, Storm; 16. Bosshardt, Arrest of Canon Hämmerlin; 21. A. Calame, Lake of Lucerne; 1. A. Achenbach, Storm; 12. Bodmer, Stags; 22. Carolus Duran, Female figure; 174. Ott, Walensee; 140. Koller, Midday repose; 218. Steffan, Mountain-torrent; 23. Castan, Winter-scene; 217. Stauffer, Portrait of a lady; \*245. Vautier, The gallant professor; \*142. Koller, Cattle at a lake; 66. Grob, The artist on his travels; 198. Sandreuter, Charmey; 219. Steffan, Mountain-lake; 218. Stückelberg, Pilgrims; 271. Zünd, Oak-wood; 31. Diday, On the Handeck; Böcklin, 14. Arbour, \*13. Spring; 246. Veillon, Evening on the Lake of Lucerne; 245. Tobler, Wedding in the Amper-Thal; 192. Ritz, Engineers among the mountains. — The smaller rooms contain portraits, water-colours, etc. water-colours, etc.

The handsome \*Polytechnic (Pl. H, 5), to the left, designed by G. Semper (d. 1879) and erected in 1861-64, is the seat of the University of Zürich (730 students, 113 professors and lecturers) and of the federal Polytechnic School (930 students, 107 professors and lecturers). The sgraffito decorations of the N. façade were executed

from Semper's designs.

MAIN ENTRANCE on the W. side. In the vestibule and on the staircase are busts of Kopp and Bolley, the chemists. On the groundfloor are the Archaeological Collection (casts, Greek vases, \*Terracottas from Tanagra, etc.; open free, Sun. 10-12, Tues. and Frid. 2-5; at other times 50 c.); and the fine Collection of Engravings (open free, Wed. and Sat. 2-5). On the First Floor, busts of G. Semper (see above) and C. Culmann (d. 1861), the engineer, and the Mineralogical, Geological, and Palaeontological Collections (Thurs. 8-12 and 2-6, free; at other times 50 c.). On the Second Floor, the Zoological Collection (open as above) and the Aula, richly SECOND FLOOR, the Zoological Collection (open as above) and the Aula, richly decorated, with mythological ceiling-paintings by Bin of Paris and a

marble bust of Orelli (d. 1849), the philologist, by Meili. Splendid view from the balcony. — The custodian shows the Aula and conducts visitors to the Terrace on the top of the building (best survey of the town and environs).

On the S. side is the entrance to the *University*. On the second floor are busts of *Fr. Horner*, the oculist, and *Al. Schweizer*, the theologian. — The *Industrial and Hygienic Collection* is open free daily, 8-12 and 2-4.

We may now return to the station by the Cable Tramway (Pl. H, 5, 4; p. 39), which ends opposite the Bahnhof-Brücke; or we may descend from the Künstlergut by the Sempersteig to the Limmat-Quai, passing the handsome Girls' School, the Ethnographical Museum in the Seilergraben (adm. 50 c.; free on Sun., 10.30-12, and Wed., 2-4), and the Predigerkirche, with a new tower.

The Platz Promenade (Pl. I, K, 3, 4), an avenue of fine trees to the N. of the railway-station, between the Sihl and Limmat, affords pleasant walks (band on Sun., 10.15-11.45 a.m.). In this promenade are the Swiss National Museum (see below), and the simple monuments of the idyllic poet Salomon Gessner (d. 1788), the minnesinger Joh. Hadlaub, and the composer W. Baumgartner (d. 1867). It terminates in the 'Platzspitz', a point of land formed by the junction of the Sihl with the Limmat.

The \*Swiss National Museum, an extensive building in the mediæval style by G. Gull, was opened in 1898 and contains historical and art-industrial objects from prehistoric days down to the 19th century. Though of very recent origin, it is the most important collection of the kind in Switzerland. A series of rooms fitted up with mediæval and Renaissance furniture is especially noteworthy, but there are also many large special collections, while various old architectural details, either originals or reproductions, have been most successfully made use of. The collection of stained glass, distributed throughout the various rooms, is the best in the world. — The museum is open daily (except Mon.), from June 15th to Sept. 14th, 10-5 (other months 10-4); adm. 10-12 a.m. 1 fr. (children 50 c.), afternoon and Sun. free. Director, H. Angst. Guide by Dr. H. Lehmann, 1 fr.

We enter by the portal in the great tower, to the left. In the corridor are three old terrestrial globes. Room I. \*Prehistoric Antiquities. Remains from caves and lake-dwellings. Graves of the bronze and iron periods. In the centre, bust of Dr. Ferd. Keller (d. 1881), discoverer of the lake dwellings. — Room II. Roman Remains found in Switzerland (vases, ornaments, bronze statuettes, utensils, stone monuments). Model of a Roman villa at Pfäffikon — R. III. Roman weapons and implements. Alemannian, Burgundian, and Lombard remains. Objects of the Merovingian and Carolingian periods. — Mediaeval and Modern Section. R. IV. Painted ceiling, with scenes from the New Testament (original in the church of Zillis; 13th cent.). Fragments of altars. Three carved Gothic balconies from the Valais (15th cent.). Stove tiles (14-16th cent.). We now return and ascend the staircase to the right. — R. V. Reconstruction of a brick arcade from St. Urban (Lucerne; 13-14th cent.). Gothic door from the Supersax house at Sion (early 16th cent.; p. 332). — R. VI. Brick windows and doorways from St. Urban and Beromünster. Architectural fragments from Zofingen, Alt-Büron, etc. (13-14th cent.). — R. VII. Reconstruction of a room from the Haus zum Loch in Zürich (ca. 1306). Heraldic antiquities. The small

glass-case contains the Zürich armorial roll (ca. 1318), the shoes of the Abbess Hildegarde (d. 859), and leathern caskets. In the large glass-case are a bridal coffer, Romanesque candelabra, and the shield of Arnold von Brienz from Seedorf (13th cent.). — VII. Gothic Chapel, with architectural fragments and tombstones. Carved altars. Funeral hatchments. — IX. Cloister Court. Gothic tombs. — X. Treasury (crypt, lighted with electricity). Silver vessels, Guild goblets, etc. Chain of Burgomaster Waldmann (15th cent.). Goblet of Antistes Bullinger, presented by Queen Elizabeth of England in 1560. Mug of Cologne ware that belonged to Zwingli. Medals and tokens. — XI, XII, XIII. Old sleighs, litters, chariots, and fire-engines. Large carved cask (1745). Instruments of torture. — XIV. Council Chamber of the town of Mellingen on the Reuss (1467). \*Stained glass of the 15th century. — XV. Cloisters. Arcades of the old Dominican convent in Zürich (13th cent.). \*Stained glass of the end of the 15th and beginning of the 16th century. — XVI, XVII, XVIII. Three Gothic \*Rooms from the former Abbey of Fraumünster, at Zürich (1489-1507). In R. XVII is a carved altar with the monogram A. H. (1521). Panel with the Legend of St. John by Hans Fries. In R. XVIII are two views of Zürich at the beginning of the 16th century. — XIX. Corridor. Furniture and paintings by Hans Leu and others. — XX. Loggia (with view of the park). Reproduction of an early-Renaissance ceiling from the Casa de' Negromanti at Locarno. — XXI. Vestibule of the Laboratory, with late-Gothic coffered ceiling from Arbon. Late-Gothic and Renaissance furniture. Gothic wood carvings. Fine stained glass. — XXII. Laboratory of the o'd Benedictine convent of Muri.

First Floor. XXIII. Arbon Room, with late-Gothic ceiling (medallions) from the Château of Arbon (1515). Collection of textiles. Tapestry representing woman's wiles (1522). Antependium from Lachen (1480). \*Table with designs by Hans Holbein (1514; formerly in the Town Library). Coffers, etc. — R. XXIV. Late-Gothic alcoves from the Lower Valais (15th cent.), with Gothic furniture from French Switzerland. — XXV. Room from the Dominican nunnery of Oetenbach at Zürich (1521). Early-Renaissance altar from Cazis. — \*XXVI. Renaissance room from the Casa Pestalozzi in Chiavenna (1585). — XXVII. Room from the Rosenburg in Stans, with a stove in coloured tiles (1566). — XXVIII. Bedroom ('Winter Room') from the château of Wiggen at Rorschach (1582). — \*XXIX. State room from the Seidenhof at Zürich, with stove by L. Pfau of Winterthur (1620). — XXX, XXXI. Corridor. Stained glass from the Convent of Rathhausen, Lucerne. Renaissance furniture and architectural details (16-17th cent.). \*Large piece of Gobelins tapestry, representing the Treaty of Alliance between Louis XVI. and the deputies of the Swiss Federation (1663). Vessels of bronze, copper, and tin (16-18th cent.). — XXXII. Court. Carved ceiling from Neunkirch (1555). Tiled pavement from Stans (1566).

SECOND FLOOR. — XXXIII. Gallery. Furniture of the 16-17th centuries, — XXXIV. Room from the Winkelried House at Stans, with coffered ceiling (1600). — XXXV. Attic room. Antiquities from the Grisons (17-18th cent.). — XXXVI. Small room from the convent at Münster (Grisons; 1630). — RR. XXXVII, XXXVIII. Furniture. — XXXIX. Room from the Palazzo Pellanda at Biasca (1587). — RR. XL, XLI. Old furniture, coffers, and musical instruments. — We now descend again to the —

FIRST FLOOR. — XLII. Gallery of the chapel. Doors from the old Music Room of Zürich (18th cent.). — \*XLIII. Baroque room from the Lochmann House at Zürich (end of the 17th cent.), with mythological ceiling paintings and portraits of French kings, statesmen, and generals. Model of the fortifications of Zürich (17th cent.). — XLIV. Upper Chapel. Ecclesiastical antiquities of the 17-18th centuries. Hammered iron choir railing from Killwangen. — XLV. Rococo Room (18th cent.). Collection of Zürich porcelain from the old factory of Schoren, near Bendlikon. — XLVI, XLVII. Corridor. Glass, porcelain, and fayence of the 16-19th centuries. Monument to the poet Salomon Gessner, by Alexander Trippel (1791). — XLVIII. Ceramic Collection. Cabinet 1: Stove-tiles, majolica plaques, and vessels from Winterthur (16-17th cent.). Cab. 2 & 3: Majolica

plates, fayence from Beromünster, Lenzburg, Zürich, and elsewhere. — XLIX. Collection of Costumes (1. Peasantry; 2. Towns). — \*L. Armoury. Fine hall with an extensive and well-arranged collection of weapons, chiefly from the Zürich Arsenal, forming a brilliant illustration of the martial prowess of the Swiss in the 16th century. Sword, ducal hat, and banner presented to the Swiss Federation by Pope Julius II. in 1512. Zwingli's arms (p. 94). — LI. Military uniforms. — LII. Corridor. Stained glass, etchings on glass, and designs for stained-glass windows.

The court opening on the Platz Promenade contains some old pieces of ordnance of heavy calibre. — To the right of the main tower is the Industrial School. containing the Industrial Museum (chiefly modern objects:

Industrial School, containing the Industrial Museum (chiefly modern objects; open 9-12 and 2-6; closed on Tues.), the Library, and an Intelligence Office.

On the right bank of the Limmat, in the Weinberg-Strasse, rises the new Roman Catholic Liebfrauenkirche (Pl. I, 4, 5), a handsome basilica in the Romanesque style, with an isolated tower (adm. 50 c.; from the gallery a good survey of the town).

In Aussersihl (Pl. G, H, I, 1, 2), a quarter on the left bank of the Sihl mainly occupied by artizans (electric tramway, see p. 39), are the Military Depôt of Canton Zürich, including barracks and an arsenal, and the Sihlfeld Cemetery, with a crematorium (adm. 1 fr.).

The Botanic Garden (Pl. F, 2), stocked with Alpine and other plants, contains bronze busts of A. P. de Candolle (d. 1841) and C. Gessner (d. 1565), and marble busts of H. Zollinger, a Swiss botanist (d. in Java, 1859), and Oswald Heer (d. 1883), the naturalist. The Katz, an old bastion, forms a lofty platform planted with trees.

To the E. of the Botanic Garden a bridge crosses the Schanzengraben to the stations of the Uetliberg and Sihlthal Railways (Pl. F, 1; see below).

On the Zürichberg, 11/4 M. to the S. E. of Zürich (electric and cable tramway, see p. 39), are the Waldhaus Dolder Restaurant (p. 40) and (10 min. farther up) the large \*Dolder Grand Hotel (2050'; R. 3-10, B. 11/2, déj. 31/2, D. 5 fr.; closed in winter),with a park and charming view of the lake and the Alps.

Attractive walks may be taken through the woods to the (1/2 hr.) forester's house of Adlisberg (2100'; inn in summer), the (3/4 hr.) Looren-

kopf (2305'; view), and other points.

#### The Uetliberg.

RAILWAY to the top in 1/2 hr. (fare, 1st class 3 fr. 50 c., 2nd cl. 2 fr., return-ticket, 5 and 3 fr.; on Sun. and holidays by excursion-trains 1 fr., return-fare 11/2 fr.; season-tickets at reduced fares; ticket including railway-fare, and room, supper, and breakfast at the Hôtel Uetliberg, 8 fr.). This line,  $5^{1}/2$  M. long, with a maximum gradient of 7: 100, is constructed in the ordinary way, but, as on the Rigi Railway, the locomotives are placed behind the trains. The station (Pl. F, 1) is on the right bank of the Sihl, 3/4 M. from the Central Station and 1/2 M. from that of Enge.

The train (best views to the right) skirts the Sihl for a short way and crosses it to (5 min.) stat. Zürich-Binz (1390'), where the ascent begins. At first we traverse an open slope, with a pleasant view of Zürich and the valley of the Limmat; then ascend through wood to (17 min.) stat. Waldegg (2040'; inn). The train describes a long curve on the slope of the hill and reaches the terminus (2677).

About 5 min. above the station is the large \*Hôt.-Pens. Uetliberg (R. 2-4, B.  $4^{1}/_{2}$ , D.  $3^{1}/_{2}-4$ , pens. 8-12 fr.; Engl. Ch. Serv. in Aug.), and 3 min. higher, at the top, are the Restaurant Uto-Kulm and a view-tower 100' high (167 steps; adm. 20 c.). Pleasant shady walks near the hotel. On the S. side,  $^{1}/_{4}$  hr. from the top, are the \*Hôtel Uto-Staffel (R.  $^{11}/_{2}$ -2, D.  $^{2}-^{21}/_{2}$ , pens.  $^{51}/_{2}$  fr.) and the \*Hôtel-Pension Annaburg (pens. 7-9 fr.), with a restaurant.

The \*Uetliberg (2865'), the northernmost point of the Albis range, is the finest point near Zürich. The view, though less grand than those from heights nearer the Alps, surpasses them in beauty. It embraces the Lake of Zürich and the valley of the Limmat: the Alps from the Sentis to the Jungfrau and the Stockhorn on the Lake of Thun, with the Rigi and Pilatus in the foreground; to the W. the Jura; to the N. the Feldberg and Belchen in the Black Forest, and the volcanic peaks of the Höhgau. Good panorama by Keller. — On the Uto-Kulm is a marble obelisk with a bust of the Zürich statesman Jakob Dubs (d. 1879).

WALK TO THE UETLIBERG (2 hrs.). The road leads from the Parade-Platz (Pl. F, 3) via the Bleicher-Weg, the Beder-Strasse, and the Uto-Strasse. After 1 M. we cross the Sinl, turn to the left via the Giesshübel-Strasse, and reach (3/4 M.) the Albisgütli (tavern; cab to this point 2-3 fr.). We now turn to the right, follow the Uetliberg-Strasse to the new Schützenhaus (restaurant), and then ascend by a well-trodden path, winding somewhat steeply up the valley, to the (1 hr.) Hôtel Uto-Staffel (see above), on the brow of the hill, where a view of the Rigi, Pilatus, and the Bernese Alps is disclosed. To the summit 20 min. more.

FROM THE UETLIBERG TO THE ALBIS-HOCHWACHT, a beautiful walk of 3 hrs., ascending and descending on the Albis range, and chiefly through wood. A few minutes' walk beyond the Hôtel Uto-Staffel (see above), at the fork, we follow the road to the right, which alternates with a footpath, keeping nearer the E. margin of the hill and affording beautiful views. Beyond Baltern (inn) we reach (11/4 hr.) the Felsenegg (restaurant; view). To the left is the ravine of the Sihl, beyond it the blue lake with its thousand glittering dwellings, to the right the pretty Türler See, and farther off a fertile hilly tract, with the Alps rising in the distance.—

1 hr. Nieder-Albis (2600'; Hirsch; Windegg Restaurant); 20 min. Albis-Hochwacht (2887'), with a pavilion and a splendid view of the Lake of Zug, the Rigi, Pilatus, etc. At (1/4 hr.) a fork we may ascend to the right to the (3/4 hr.) Albishorn (3010') with a beautiful view, or descend to the left, through woods, to (1/2 hr.) the forester's house of Unter-Sihlwald (good quarters), on the Sihl, whence we may reach Zürich by the Sihlthal

SIHLTHAL RAILWAY from Zürich to Sihlbrugg, 11 M. in 52 min., viâ Sood, Adliswil, Gontenbach, Langnau-Gattikon, and Sihlwald. Near the station of Gontenbach (1/2 hr. by rail) is the Langenberg, a park 11/2 M. in length, belonging to the town of Zürich and stocked with deer, chamois, etc. (restaurant). From (9 M.) Sihlwald a footpath leads to the (1 hr.) Albishorn (see above). Sihlbrugg, and thence to Zug, see p. 91.

## 14. From Zürich to Coire. Lakes of Zürich and Walenstadt.

RAILWAYS. - N.E. Railway (Nordostbahn; line on the right bank) from Zürich viâ Meilen to Rapperswil, 221/2 M., in 11/2 hr. (fares 3 fr. 25, 2 fr. 30, 1 fr. 65 c.). — N.E. Railway (line on the left bank) viâ Richterswil to Ziegelbrücke (p. 52, junction for Weesen and Sargans), 35½ M., in 1½-2 hrs. (6 fr. 5, 4 fr. 25, 3 fr. 5 c.); to Glarus, 43 M., in 1¾-2½ hrs. (7 fr. 20, 5 fr. 5, 3 fr. 60 c.). Comp. R. 21. — United Swiss Railways (Vereinigte Schweizerbahnen) viâ Wallisellen, Rapperswil, Weesen, and Sargans to Coire, 79 M., in 3¼-5 hrs. (fares 12 fr. 45, 8 fr. 75, 6 fr. 25 c.). This line does not approach the Lake of Zürich till it reaches Rapperswil.

Steamboat from Zürich viâ Horgen, Wädenswil, and Stäfa to Rapperswil twice daily in summer in 2 hrs. — In fine weather, on Sun., two trips (2.55 and 5 p.m.) are made to Horgen and back (in 2 hrs.) — Journeys

trips (2.55 and 5 p.m.) are made to Horgen and back (in 2 hrs.). — Journeys

across the Lake of Zürich, see pp. 49, 50.

The Lake of Zürich (1340'), 25 M. long, 21/2 M. broad at its widest part, and 470' deep, is fed by the Linth and drained by the Limmat. The banks rise in gentle slopes; at their base are meadows and arable land; above these is a belt of vineyards and orchards; and on the E. side the hills, about 2500' high, are wooded. Sprinkled for a long way with houses, villages, and manufactories, the banks may not unaptly be termed suburbs of Zürich. In the background rises the long chain of the snow-clad Alps (see p. 41).

a. N.E. RAILWAY FROM ZÜRICH TO MEILEN AND RAPPERSWIL (Right Bank). Central Railway Station, p. 38. The train curves to the N.E. (to the left the viaduct of the line to Winterthur, p. 56) and crosses the Limmat. 2 M. Zürich-Letten, with the pumping works for the Zürich water-supply (interesting to engineers; adm. free). The train ascends the right bank of the Limmat for a short time, beyond the Drahtschmidli passes under the Zürichberg by a tunnel (2288 yds.), and reaches (31/2 M.) Zürich-Stadelhofen, in the square of that name (Pl. E, 5), near the Uto-Quai. The line then passes under the suburb of Neumünster by another tunnel (1463) yds.), and emerges at (5 M.) Zürich-Tiefenbrunnen, with its villas and gardens (tram to Zürich, p. 39). About 3/4 M. to the W. is the Zürichhorn Park (p. 40). - 6 M. Zollikon; the village, with its slender spire, lies above, to the left. — 71/2 M. Küsnacht (\*Sonne, on the lake, with garden; Falke; Seegarten Restaurant), a large village (3382 inhab.), with a seminary for teachers. — 9 M. Erlenbach (Kreuz; Pension Seehof), beautifully situated. The train passes through cuttings and a short tunnel, then runs high above the lake (views). — 10½ M. Herrliberg - Feldmeilen (Hôt. Raben), opposite Horgen (p. 50). —  $12^{1/2}$  M. Meilen (\*Löwe, on the lake; Sonne; Rail. Restaurant; Bellevue), a large village (3214 inhab.) with an old church, at the base of the Pfannenstiel. At Obermeilen (Hirsch, not expensive), 3/4 M. to the E., lake-dwellings were first discovered in 1854.

The Pfannenstiel (Okenshöhe, 2418'), to which a good path ascends from Meilen in 1 hr., affords a charming view of the lakes of Zürich and Greifen and of the Alps from the Sentis to Pilatus (panorama by Keller). At the top a monument to L. Oken (d. 1851), the naturalist, and a refreshment-pavilion. Steamboat from Meilen to Horgen (p. 50) 12 times daily in 12 minutes.

141/2 M. Uetikon (Krone; Rail. Restaurant), with a manufactory of sulphuric acid. — 15 M. Männedorf (\* Wildenmann, on the lake, with garden, R.  $1^{1/2}$ - $2^{1/2}$ , B. 1, pens. 5-6 fr.; Löwe), a large village

(2894 inhab.), with the Zeller Institute ('faith cure'). The highlying churchyard affords an extensive view. — 17 M. Stäfa (pop. 4222; Sonne; Rössli und Verenahof, pens. from 41/2 fr.), the largest village on the N. bank. To the W., at Uetikon, on the lake, is the Patriots' Monument, by A. Bösch, erected in 1898. The lake now attains its greatest width (21/2 M.). To the E., in the background, rises the Speer (p. 53); to the left of it the Sentis and the Toggenburg Mts.; to the right, above the lake, the wooded Hohe Rhonen (4040'). Steamers to Wädenswil and Richterswil (p. 50). — 18 M. Uerikon. — 20 M. Feldbach (Rössli; Feldbach Brewery, with restaurant).

To the right, in the lake (reached by small boat from Rapperswil in 1/2 hr.), are the small islands of Lützelau and Ufnau, in front of the wooded Etzel. Ufnau, the property of the abbey of Einsiedeln, contains a farmhouse, and a church and chapel consecrated in 1141. Ulrich von Hutten, the Reformer, one of the boldest and most independent men of his time, sought refuge here when pursued by his enemies in 1523, and died a fortnight after his arrival, at the age of 36. His remains repose in the little church-

yard, but the exact spot is unknown.

221/2 M. Rapperswil (\*Hôtel-Pension du Lac, R. 2-3, B. 11/4, D. 3, S.  $2^{1}/_{2}$ , pens.  $5^{1}/_{2}$ -6 fr.; \*Cygne, R. 2-3, B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ , pens. 5-7 fr., both on the lake; \*Post, at the rail. station, with garden, R. 2, B. 1, D. 2 fr.; Freihof, in the town; Bellevue, Steinbock, on the lake; Stadthof, Zürcher-Str.; Sonne; Rössli; Speer Restaurant, at the station, with garden), a picturesquely situated town (3409) inhab.), lies at the foot of the Lindenhof, a hill planted with limes (fine view). The Rathhaus, in the market-place, dating from the 15th cent., contains the town archives (500 documents), some guild cups, and other interesting objects. The old Schloss (14th cent.) contains a black marble column with the Polish eagle, in memory of the beginning of the long struggle of the Poles for independence, and the Polish National Museum, founded by Count R. Plater, including pictures, sculptures, antiquities, weapons, uniforms, cameos, coins, and a library (adm. 1 fr.; splendid view from the tower). The little chapel, in the courtyard, contains a bronze urn with the heart of Kosciuszko (d. 1817), transferred hither from Zuchwil in 1887. The Parish Church, re-erected since a fire in 1881, contains valuable sacred vessels. At the foot of the Lindenhof on the lake are shady promenades, to which also steps descend from the Schloss and from the terrace in front. In 1878 the old wooden bridge connecting Rapperswil with (1 M.) Hurden (Adler; Rössli) and Pfäffikon (p. 50) was replaced by the Seedamm, a viaduct 1024 yds. long, with an iron swing-bridge 46' long (railway from Rapperswil via Pfäffikon to Samstagern-Einsiedeln, see p. 50).

From Rapperswil to Weesen and Coire, see p. 52.

b. N.E. RAILWAY FROM ZÜRICH TO ZIEGELBRÜCKE (Left Bank). The train describes a wide curve round the town, crossing the BAEDEKER, Switzerland. 19th Fdition.

Sihl twice, passes under the Uetliberg line, and at (2½ M.) Zürich-Enge (p. 38) approaches the lake. — 31/2 M. Zürich-Wollishofen (Hirsch; Restaurant & Pension Frohalp, 1/2 M. higher up, pens. 5-7 fr.). Pretty view from the 'Riviera', a wooden belvedere 1/4 hr. above the lake. — 51/2 M. Bendlikon-Kilchberg. Above (7 M.) Rüschlikon (Hôtel-Pension Belvoir, pens. 5-7 fr.) is the Nidelbad (1 M. by road; pens. 6-10 fr.), a sanatorium for nervous patients, with a chalybeate spring and pleasant walks. - 71/2 M. Thalwil (1436'; \*Hôtel-Pension Katha-rinenhof, with terrace, R. 2, B. 1, D. 2, pens. 5 fr.; \*Adler, near the church, unpretending; Krone, on the lake, with garden, R. 1-2, pens. 4 fr.), a well-to-do village of 7000 inhab., with large factories, is charmingly situated at the junction of the Zug line (p. 91). —  $8^3/_4$  M. Oberrieden. —  $10^1/_2$  M. Horgen (Meyerhof, at the station, with a fine view of the lake, R. 2, B. 1, D. 21/2, pens. from 5 fr.; Löwe; Schützenhaus, a café on the lake), a thriving place with 6878 inhab., pleasantly situated amidst vineyards and orchards. In the church are two large frescoes by Barzaghi.

STEAMBOAT to Meilen (p. 48) 12 times daily in 12 min.; to Herrliberg 5 times in 13 min. — About 11/2 M. above Horgen is the Curhaus Bocken (pens. 6-7 fr.), beautifully situated. — Fine view from the \*Zimmerberg

(2535'; 1 hr.); see p. 91.

Near (13 M.) Au the grassy peninsula of that name projects far into the lake (\*Hôtel-Pension Au, 5 fr.). — 15 M. Wädenswil (1345'; \*Engel, facing the quay, R. 2-21/2, B. 1, D. 21/2, pens.5-7 fr.; Hôtel du Lac; Bellevue Restaurant, well spoken of) is the largest village on the lake (7560 inhab.). A visit may be paid to the intercantonal experimental station for viticulture and fruitgrowing, established in the old castle.

Railway to Einsiedeln, see R. 31; diligence twice daily in 13/4 hr. viâ Schönenberg to Hütten (p. 118). — Steamer from Wädenswil to Stäfa (p. 49), direct or viâ Männedorf, 8 times daily in 12-24 minutes.

17 M. Richterswil (pop. 4084; \*Drei Könige, with garden, R.  $1^{1}/_{2}$ -2, B. 1, D.  $2^{1}/_{2}$ , pens. from 5 fr.; \*Engel, on the lake, R. 2, D. 2<sup>1</sup>/<sub>2</sub>, pens. 5 fr.), another thriving village, prettily situated. Steamboat from Richterswil to Stäfa (p. 49) 6 times daily in <sup>1</sup>/<sub>4</sub> hr.

The lake attains its greatest width here.  $18^{1}/_{2}$  M. Bäch. To the left are the islands of Ufnau and Lützelau (p. 49). - 22 M.

Pfäffikon (\*Hôt. Höfe).

Railway across the lake to Rapperswil, see p. 49; railway viâ Wollerau to Samstagern (Einsiedeln, etc.), see p. 118. Pleasant walk viâ the health-resort of (1/2 hr.) Lugeten (2130'; \*Hôtel-Pension, 4-5 fr.) to (1/2 hr.) Feusisberg (p. 118) and (3/4 hr.) Schindellegi (p. 118). Ascent of the Etzel, see p. 119.

The line now reaches the Upper Lake. On the slope to the right, above Altendorf, are the chapel of St. Johann (1656') and the

Pension Johannesburg (pens. 4-5 fr.), with a fine view.  $24^{1/2}$  M. Lachen (1350'; \*Bär, R. 2, B. 1, D.  $2^{1/2}$ , pens. 5 fr.; \*Ochs; Hôtel Bahnhof, well spoken of), a considerable village with a pretty rococo church, on a bay near the mouth of the Wäggithaler Aa. About 2 M. to the N.E. is the small Bad Nuolen, pleasantly situated at the base of the Untere Buchberg, with mineral and lake baths (pens.  $4^{1}/_{2}$ -6 fr.). — The train leaves the lake and near  $(27^{1}/_{2}$  M.) Siebnen-Wangen crosses the Aa.

Wäggi-Thal. The road from (3/4 M.) Siebnen (\*Rabe) follows first the left and then the right bank of the deep bed of the Aa to (4 M.) Vorder-Wäggithal (2400'; \*Rössli, plain), pleasantly situated in a green basin. It then leads through the defile of Stockerli, between the Grosse Auberg (5570') on the right and the Gugelberg (3780') on the left, to (4 M.) Hinter-Wäggithal, or Innerthal (3800'; \*Schäfti, unpretending). Pleasant excursions to the Au (20 min.); E. to the Fläschenloch-Quelle (1/4 hr.); to the Aaberli-Alp (3545'), 1/2 hr.; Hohftäschen-Alp (4725'), 11/2 hr.— The Grosse Auberg (5570'), ascended by the Bärlaui-Alp in 3 hrs., and the Fluhberg or Diethelm (6873'), by the Fläschli-Alp in 4 hrs., are fine points (no difficulty; guide desirable).— From Innerthal to the Klönthal, pleasant (to Richisau 31/2 hrs.; guide advisable). Skirting the Aabach, the path ascends, past the Aabern-Alp (3565'), to the (21/2 hrs.) Schweinalp Pass (5150'), and then descends by the Brüsch-Alp and the Schwein-Alp to (1 hr.) Richisau (p. 85).

We traverse a marshy plain to (31 M.) Reichenburg. —  $33^{3}/_{4}$  M. Bilten (Hirsch). One of the houses contains the 'Herrenstube', a handsome room in the Renaissance style (1616-18). The \*Hirzli (5385'), which rises to the S., may be ascended in  $3^{1}/_{2}$  hrs. (guide 5-6 fr.). — We cross the Linth Canal (p. 52) to the Coire line at (35 $^{1}/_{2}$  M.) Ziegelbrücke (p. 52). To (43 M.) Glarus, see p. 77.

c. RAILWAY FROM ZÜRICH VIÂ USTER AND WEESEN TO SARGANS. From Zürich to (51/2 M.) Wallisellen, see p. 56. The line traverses a flat district, near the right bank of the Glatt, which flows out of the neighbouring Greifensee (1440'). 7 M. Dübendorf; 83/4 M. Schwerzenbach;  $10^{1}/_{2}$  M. Nänikon. —  $12^{1}/_{2}$  M. Uster (1530'; pop. 7600; Usterhof, R.  $1^{1}/_{2}$ -3, B. 1, D. incl. wine  $2^{1}/_{2}$ , pens. 6-8 fr.; Stern; Kreuz), a manufacturing place. On the right are the church with its pointed spire, and the loftily situated old castle with its massive tower, the seat of the district-court (restaurant; fine view). About 3 M. to the S. is the Curhaus Mönchaltorf, with a chalybeate spring (pens. 4-5 fr.). - Beyond (15 M.) Aathal - Seegraben the Alps of Glarus and Schwyz form the S. background. From (17 M.) Wetzikon (Schweizerhof) branch-lines lead to the N.W. to Pfäffikon and Effretikon (p. 56), and to the E. (10 min.) to Hinwil (Hirsch; Kreuz), at the N.W. base of the Bachtel (see below). Near (201/2 M.) Bubikon (Löwe; Schweizerhof) the line attains its highest level (1800'). — 221/2 M. Rüti (Pfau), with engine-works and silkfactories, junction of the Tössthal Line (p. 57).

The \*Bachtel (3670'; \*Inn; view-tower, 100'), 2 hrs. to the N.E. of Rüti, commands a fine view to the N.W. over the Uster district, sprinkled with factories, and the lakes of Greifen and Pfäffikon; to the S. the Lake of Zürich from Wädensweil to the influx of the Linth Canal, the Linth Valley as far as the bridge of Mollis, and the Alps from the Sentis to the Bernese Oberland. See Keller's Panorama, at the inn. It is best ascended from Gibswil (p. 57; 8½ M. to the N. of Rüti) in 1 hr., from Wald (p. 57; 4½ M.) in ½ hr., or from Hinwil (see above; small carriage to the top 7 fr.), in ½ hr.

Beyond a tunnel the train descends, chiefly through wood. Near Jona (Schlüssel), a manufacturing village almost adjoining Rapperswil, we descry the Alps of Schwyz to the S., and farther on, the Mürtschenstock, Schäniser Berg, Speer, and Sentis on the left.

26 M. Rapperswil (Rail. Restaurant), see p. 49. The station is a terminus, where the train reverses its direction. Views to the right as far as Weesen. We cross the Jona, pass the nunnery and girls' school of Wurmspach on the right, and return to the lake near Bollingen. Large quarries. — 32 M. Schmerikon (\*Gasthof zum Bad, R. 1-11/2 fr., B. 80 c., pens. 4-5 fr.; \*Rössli; \*Seehof; Adler), at the upper end of the lake, near the mouth of the Linth. We now enter a broad valley traversed by that river (see below). To the right, on the N.E. spur of the Untere Buchberg (p. 51), stands the ancient Schloss Grynau, with a frowning square tower.

341/2 M. Utznach (Linthof; Station Hotel, well spoken of, both at the station), a manufacturing village (1378'; 1920 inhab.; \*Ochs; Falke; Krone), lies on a hill to the left, overlooked by its church. (Diligence to Wattwil 4 times daily in 21/4 hrs., p. 72.) To the left, on the hill, the monastery of Sion (2317'). - 361/2 M. Kaltbrunn-Benken. The former (Hirsch) lies 1 M. to the N. of the railwaystation, while Benken (Station Hotel, with shady garden) is 1/2 M. to

the S. The wooded range on the right is the Obere Buchberg (2020').

A carriage-road leads from the station of Kaltbrunn-Benken or Utznach to (3 M.) Rieden (2360'; \*Pension Rössli, 31/2 fr.), a health-resort, commanding charming views. Excursions may be made thence to the (2 hrs.) Regelstein (4324'; view); to the Speer (p. 53), in 3½ hrs.; viâ Alp Breitenau to (2 hrs.) Ebnat-Kappel (p. 72), etc.

Beyond (40 M.) Schänis (1450'; 1871 inhab.; \*Hirsch; Löwe), another industrial place, the ancient frontier of Rhætia, we approach the Linth Canal, constructed in 1807-22 to connect the Lake of Zürich with the Walensee, and draining, in conjunction with the Escher Canal, a once dismal and swampy region. The canal runs parallel with the railway at the foot of the Schäniser Berg (5470'); to the right, a striking view of the Valley of Glarus with its snowmountains. On the opposite bank of the Linth Canal is the Linth-Colonie, now an agricultural institution.

42 M. Ziegelbrücke (\*Hotel) is the junction of the Glarus line, which soon again diverges to the right (p. 77). The Weesen line rounds the Biberlikopf (p. 53), the extreme spur of the Schäniser Berg. To the right tower the beautiful Rautispitz and the Glärnisch.

451/2 M. Weesen. — Hotels. \*Hôtel Speer, at the station, 1/3 M. from the lake, with fine view, R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, lunch 2<sup>1</sup>/<sub>2</sub>, D. 3, pens. 5<sup>1</sup>/<sub>2</sub>-7, omn. <sup>1</sup>/<sub>2</sub> fr.; \*Hôt. Mariahalden, in an elevated situation, with terrace, R. 2-3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, S. 2, pens. 6-8 fr.; \*Schwert, R. 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, lunch 2, D. 3, pens. from 5 fr.; \*Rössli, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1-1<sup>1</sup>/<sub>4</sub>, D. 2<sup>1</sup>/<sub>2</sub>, S. 1<sup>3</sup>/<sub>4</sub>, pens. 4<sup>1</sup>/<sub>2</sub>-5<sup>1</sup>/<sub>2</sub> fr.; Hirsch. — Rail. Restaurant. — English Church Service in summer. - Post and Telegraph Office, 1/4 M. from the station.

Weesen (1425'; 745 inhab.), a favourite summer-resort, lies in a sheltered site at the W. end of the Walensee. A shady promenade skirts the lake, affording charming views. The Klosterberg yields

good wine.

EXCURSIONS. Shady paths ascend to the (25 min.) Kapfenberg, which affords a charming survey. — Pleasant walk (from the station <sup>3</sup>/<sub>4</sub> hr., or from stat. Ziegelbrücke 20 min.) to the top of the Biberlikopf (1895'); fine view of the Walensee and of the Linththal up to Netstal and down to the view of the Walensee and of the Linththal up to Netstal and down to the Buchberg. — A very attractive excursion may be made by boat across the lake to (3/4 hr.) the hamlet of Betlis, prettily situated beside the ruin of Strahlegg, at the foot of the Leistkamm. Fine view of Mühlehorn, the Mürtschenstock, etc. From Betlis we may walk to the ruined Seren-Mühle and the Falls of the Serenbach (see below), or we may ascend to (1 hr.) Amden.

A road (diligence from the rail. station twice daily in 1½ hr.; one-horse carr. 10 fr.), with fine views of the lake (shady in the evening), ascends from Weesen to (½½ M.) Amden (3080'; \*Hirsch), loftily situated on sunny pastures. Beautiful view of the lake, the Mürtschenstock, etc., from the Guregarti, on the roadside. 1½ M. from Weesen — From Amden

sunny pastures. Beautiful view of the lake, the Mürtschenstock, etc., from the Gyregarti, on the roadside, 1½ M. from Weesen. — From Amden to the Leistkamm (6905'), 4 hrs., with guide (8 fr.; Thoma of Amden), easy and interesting. — From Amden to Starkenbach or Stein in the Toggenburg (p. 72) over the Amdener Berg (5055'), 5 hrs. (no guide required), a route affording beautiful views, but fatiguing on account of the stone pavement. The \*Speer (6415'), an admirable point of view, 4½ hrs. (guide, 7 fr., not indispensable). By the finger-post at the N. end of Weesen we turn to the left, and ascend for the first ½ hr. over rough pavement of conglomerate (pleasant retrospects of the lake). Then a steep ascent through woods and meadows; 2½ hrs. Untere Bütz-Alp (4305'); 1 hr. Ober-Käsern Alp (5425'; \*Inn zum Hohen Speer). Thence to the left to the top, a steep ascent of ¾-1 hr. more. Beautiful view over E. and N.E. Switzerland. From Ebnat or Nesslau (p. 72) the Speer is ascended in 5 hrs.

The \*Walensee, or Lake of Walenstadt (1385'), 91/4 M. long, 11/4 M. wide, 495' deep, is hardly inferior to the Lake of Lucerne in grandeur. The N. bank consists of precipices, 2000' to 3000' high, above which rise the barren peaks of the Curfirsten (Leistkamm 6905', Selun 7245', Frümsel 7440', Brisi 7480', Zustoll 7345', Scheibenstoll 7342', and Hinterruck 7575'). The hamlet of Quinten alone has found a site on the N. bank. On the S. bank also the rocks, pierced by nine tunnels, are very precipitous at places. At the mouths of the small torrents which descend from the Mürtschenstock (8012') lie several villages. The 'Electra', a small electric launch, plies on the lake, if ten passengers present themselves (round of the lake in 3 hrs.; fare 1 fr. 80 c.).

Beyond Weesen we cross the Linth Canal (to the right the Glarus line, see R. 21), and, farther on, the Escher Canal near its influx into the Walensee, and pass through two tunnels. Beyond them we see the Bayerbach waterfall on the opposite bank, and the village of Amden on the hill above; then the falls of the Serenbach, which sometimes dry up in summer. Three more tunnels, between which we obtain pleasant glimpses of the lake and the waterfalls opposite. —  $10^{1/2}$  M. Mühlehorn (Zur Mühle, Tellsplatte, both

unpretending).

A fine new road (recommended to pedestrians) leads from Mühlehorn viâ (2/3 M.) Tiefenwinkel (brewery) and (13/4 M.) Murg to (11/2 M.) Unterterzen and (3 M.) Walenstadt (p. 55).

FROM MÜHLEHORN TO MOLLIS OVER THE KERENZENBERG (3 hrs.), an interesting walk. The road (diligence to Obstalden thrice daily in 55 min., fare 50 c.; one-horse carriage 5, two-horse 8 fr.) ascends in wide curves (short-cuts for walkers) to Voglingen and (3 M.) Obstalden (2237'; \*Hirsch, pens. 5 fr.; \*Stern, pens. 5-51/2 fr., both with gardens), a charmingly situated summer-resort, affording a fine view of the Walensee. A pleasant excursion may be made hence, or from Filzbach (see below), to the (1½ hr.) pretty Thalalp-See (6310). Thence via the Spannegg and the Platten-Alp to Glarus, see p. 78; from the Spannegg to the Mürtschen-Alp and over the Murgsee-Furkel to the Murgseen, see below. The Mürtschenstock (8012') may be ascended from Obstalden via the Meeren-Alp (4920') in 5 hrs. (toilsome and for thorough adepts only; guide, Jac. Heussi, 20 fr.). — Beyond Obstalden the road skirts the Sallerntobel. 11/4 M. Filzbach (2335'; Hôt. Mürtschenstock, pens. 4-5 fr.; Rössli, plain), a village also frequented as a summer-resort. From the Britterhöhe (2920'), reached in 1/2 hr. by ascending to the left (finger-post), we enjoy an admirable view of the Walensee and the mountains of Toggenburg and Glarus; a more extensive view is obtained from the Neuenkamm (6253'), reached viâ Habergschwend in 31/2 hrs. (guide desirable). — The road ascends for a short distance, and then descends steadily. In 20 min. we reach a point (right), affording a good view of the head of the Walensee, the valley of the Linth Canal, bounded on the left by the Hirzli (5385'), and the Wiggis chain. Near (3 M.) Beglingen we get a glimpse of the Glärnisch and the Tödi, and then descend in windings (avoided by short-cuts) to (1 M.) Mollis (p. 77).

Two more tunnels. To the left lies Quinten (see p. 53), connected with Murg by a telephone-wire across the lake.

50 M. Murg (Schiffli, Rössli, both well spoken of, pens. 4-5 fr.; Hirsch, all plain), charmingly situated at the mouth of the Murgthal, with a spinning-mill.

Pleasant footpaths lead to (3/4 hr.) Quarten, (11/2 hr.) Obstalden, and other points. Fine views of the Walensee and Curfirsten.

A visit to the Murgthal, a valley 12 M. long, is recommended (guide unnecessary). A good road ascends to the right from the spinning-mill to the mill-reservoir, passing a monument to the patriotic Heinrich Simon of Breslau (d. 1860), just beyond which a short-cut ('Wasserfall') diverges to the left. Beyond the reservoir, whence the road goes on to the second bridge (see below), we take the footpath leading to the left to (25 min.) a projection opposite the pretty Fall of the Murg. At the (2 min.) iron bridge above the fall (1930') we join a path from Murg on the right bank, by which we may now return. Or we may diverge from it to the right after 6 min. and follow a narrow but distinct path to (35 min.) Quarter (p. 55). — From the first bridge paths ascend on both sides of the Murg to the (1/2 hr.) second bridge (2430'). After a steep ascent of 3/4 hr. on the left bank the path returns to the Murg and crosses it by a third bridge at the (1/2 hr.) beginning of the Merlen-Alp (3640'). [To the right diverges the route to the Mürtschen-Alp (see below; 1/2 hr. farther up are the falls of the Sponbach, in a wild ravine).] The track then ascends on the right bank, through meadows and wood and past the Bachlaui and Mornen-Alps, to the (2½ hrs.) three Murgseen (5490', 5955', and 5980'). From the highest lake the \*Roththor (8250') may be ascended in 2 hrs. (guide desirable, 4 fr.; the fisherman or a herdsman); striking view (W. the Glärnisch, S.W. the Tödi, S.E. the Calanda, E. the Scesaplana, N. the Sentis and Curfirsten, N.W. the hill-country of Zürich). — From the highest lake a rough path crosses the Murg Pass, or Widerstein-Furkel (6605'), to the Mühlebach-Thal and (2<sup>1</sup>/<sub>2</sub> hrs.) Engi in the Sernfthal (p. 86); another (guide 17 fr.) leads over the Murgsee-Furkel (6570') to the Mürtschen-Alp (6060'), and then past the Mürtschenstock and Fronalpstock to the Heuboden-Alp (p. 79) and (5 hrs.) Glarus. Or, from the Mürtschen-Alp we may proceed via the Spannegg (p. 79) to the Thalalp-See and to (41/2 hrs.) Obstalden (see above).

Beyond Murg, another tunnel; above, to the right, lies Quarten (p. 55). - 52 M. Unter-Terzen (Blumenau; Bahnhof Hôtel; Freieck).

A fine new road ascends hence to the right to (11/2 M.) Quarten (1760'; \*Curhaus Quarten, pens. from 5 fr.), charmingly situated, with a new church. From Quarten a footpath (views) leads along the mountain-slope to (3/4 hr.) the Murg Fall (p. 54). Another and higher path leads, finally through wood, to the (11/4 hr.) second bridge in the Murgthal (p. 54). — A pleasant excursion may be made from Quarten (with guide), viâ Ober-Terzen (road to this point), to the (3 hrs.) three Seewen Lakes (5320'). We return by the Molveer-Alp (6065') and the saddle between the Munzkopf and the Breitmantel, which affords a fine view of the Mürtschenstock and other peaks. On reaching (13/4 hr.) the Munz-Alp (5835') we descend either through the Kobelwald to (11/4 hr.) Quarten, or (steep) to the (1 hr.) Bachlaui-Alp in the Murgthal (p. 54).

On the steep rocks opposite are several waterfalls; to the right, the village of Mols (\*Thalhof, R.  $1^{1}/_{2}$ , B.  $3/_{4}$ -1, pens. 4 fr.). Then a tunnel and a bridge across the Seez Canal.

55 M. Walenstadt (1420'; \*Hôtel-Pension Churfirsten, at the station, R.  $1^{1}/_{2}$ -2, B. 1, D. 2, pens.  $4^{1}/_{2}$ - $5^{1}/_{2}$  fr.; \*Hirsch, Krone, Harmonie, Sonne), a little town with 3000 inhab., lies  $1/_{2}$  M. from

the E. end of the lake, on which is the \*Hôt.-Pens. Seehof.

EXCURSION (with guide; Franz Dort) from Walenstadt by a steep path through wood to the (2 hrs.) Alp Lösis (4370'); then, nearly level, viâ the Vordere and Hintere Büls-Alp to (1½ hr.) the Tschingeln-Alp (4985'; the Vordere and Hintere Büls-Alp to (11/2 hr.) the Tschingeln-Alp (4985'; milk). We then follow the slopes of the Curfirsten, with a series of beautiful views, to (1 hr.) Obersäss (ca. 5640'), descend thence to the (1/2 hr.) Schrinen-Alp (4110'; Curhaus Schrina-Hochruck, pens. 3-31/2 fr.), and return to (11/2 hr.) Walenstadt, viâ Untersäss (ascent from Walenstadt to Schrinen 21/2-3 hrs.; road under construction). On we may proceed from the Schrinen-Alp viâ the (1/2 hr.) Schwaldis-Alp (4825') to the Säls-Alp (4655'), go on by the Stäfeli to the (1 hr.) Laubegg-Alp (4510'), and then descend by a steep but safe path to (11/2 hr.) Quinten (see p. 54), whence the lake is crossed by boat to Murg. — ToAmden viâ the Leistkamm (6905'), 8-9 hrs. with guide (15 fr.), attractive but fatiguing (comp. p. 53).

To Wildhaus in the Toggenburg (p. 72) a rough path, with splendid views, crosses the Käserruck (7435'; 6 hrs.; guide 15 fr.).

We now ascend the broad valley of the Seez. On a rock to the right, the ruins of Gräplang (Romanic Crap Long), or Langenstein; to the left, on a rocky height above Berschis, the pilgrimage-church of St. Georgen (1940'). — 571/2 M. Flums (1455'; Zum Seezthal). To the S.W. opens the Schilbach-Thal. In the background rise the Weissmeilen (8135') and the strangely formed Spitzmeilen (8218').— Near (62 M.) Mels (1607'; Melserhof, at the station, R. 1-2, B. 1, D. 2 fr.; Frohsinn) the Seez descends from the Weisstannen-Thal, a valley to the S.W.

The \*Alvier (7753'), an admirable point of view, may be ascended hence in 5 hrs. (guide, 10 fr., unnecessary for adepts). The path ascends steeply from the station to the right to the (3 hrs.) Alp Palfries (4850'; Curhaus, pens.  $3^{1}/_{2}$ - $4^{1}/_{2}$  fr., plain), traverses steep and rocky slopes, and (2 hrs.) reaches the summit through a narrow cleft by steps cut in the rock (club-hut). The view embraces the Rhine Valley, the Rhætikon, and the Vorarlberg, Appenzell, and Glarus Mts. (good panorama by Simon). Good paths ascend from Flums, Sevelen, Buchs, and Trübbach (comp. p. 70).

FROM MELS TO VÄTTIS, through the Weisstannen-Thal and Calfeisen-Thal

(diligence to Weisstannen daily in 3 hrs.; fare 1 fr. 55 c.). The winding road ascends through the beautiful Weisstannen-Thal to (8 M.) Weisstannen (3300'; Alpenhof, R. 11/2-2, B. 1, D. 21/2-3, pens. 41/2-5 fr., plain; Gemsle, R. 11/2, B. 1, pens. from 31/2 fr.; Frohsinn, well spoken of), a summerresort surrounded by woods. Thence (with C. Tschirgi as guide; 15 fr.), by Unter-Lavtina (4325') and Valtusch (5940'), in 4 hrs., to the Heidel Pass (7865'), between the Seezberg and the Heidelspitz (7980'), where we have a fine view of the huge Sardona Glacier, the Trinserhorn, and the Ringelspitz. Descent into the Calfeisen-Thal viâ the Malanser Alp and Stockboden, to the Tamina bridge near St. Martin (4430') 2 hrs., and to Vättis (p. 76) 13/4 hr. more. — From Weisstannen to Elm by the Foo Pass, see p. 87; to Matt by the Rieseten Pass, see p. 86.

At (64 M.) Sargans (1590'; Rail. Restaurant; Hotel Thoma, at the station, R. 1<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub>, B. 1 fr.; Rebstock; Krone, Löwe, both plain) we reach the Rhine Valley and the Rorschach and Coire line (R. 18; to Coire 15 M.). The little town, 3/4 M. to the N.W., lies picturesquely at the foot of the Gonzen, and is commanded by an old castle of the former Counts of Toggenburg.

The \*Gonzen (6015'), easily ascended from Sargans in 31/2 hrs. via the N.E. side (guide 8 fr.), commands an exceedingly picturesque view of the Weisstannen-Thal, the Seez-Thal, the Walensee, and the Rhine Valley from Landquart to the Lake of Constance.

Railway viâ Ragatz to (79 M.) Coire, see pp. 70, 71.

### 15. From Zürich to Romanshorn and Friedrichshafen (Lindau).

RAILWAY to Romanshorn (52 M.) in 2-4 hrs. (8 fr. 65, 6 fr. 5, 4 fr. 35 c.). Steamboat thence to Friedrichshafen in 1 hr. (1 M 20 or 80 pf.); to Lindau in  $1^{1}/_{2}$  hr. (2 *M* 25 or 1 *M* 50 pf.).

The train crosses the Sihl, ascends in a wide curve, crosses the Limmat, and passes under the Käferberg by a tunnel 1020 yds. long. — 3 M. Oerlikon (1443'; Sonne; Railway Hotel, R. 11/2-21/2, B. 1 fr.), junction of the line Eglisau-Schaffhausen (p. 37). Electric line to Zürich, see p. 39. To Wettingen, see p. 24.

The line crosses the Glatt. At (51/2 M.) Wallisellen (Linde) the Rapperswil line diverges to the right (see p. 51). Fine view of the Glarus Alps. 71/2 M. Dietlikon; 101/2 M. Effretikon (branchline to Wetzikon, p. 51); 13 M. Kemptthal. Near Winterthur the Töss is crossed. On a hill to the left, the ruins of Hoch-Wülflingen.

17 M. Winterthur (1447'; Hôt. Terminus, at the station, R. 2-3, B. 1, D. incl. wine  $2^{1/2}$  fr.; \*Goldner Löwe, R.  $2^{1/2}$ -3, B.  $1^{1/4}$ , D. 3, pens. 7-8 fr.; \*Krone, R. 2-4, D.  $2^{1/2}$ , pens. from 7 fr.; \*Adler, R. 11/2-2, B. 1, D. 11/2-3, pens. 5-8 fr.; \*Railway, Rheinfels, and Walhalla Restaurants; Heinrich Langsdorf, U. S. Cons. Agent), on the Eulach, is an industrial and wealthy town (22,320 inhab.) and an important railway-junction. Handsome Stadthaus designed by Semper. The School (with statues of Zwingli, Gessner, Pestalozzi, and Sulzer) contains the town-library and a few Roman antiquities found near Ober-Winterthur (p. 36). In the Kunsthalle are some good paintings. The Panorama of the Rigi near the Polytechnicum is worth seeing.

FROM WINTERTHUR TO WALDSHUT, 32 M., railway in 2 hrs. The line traverses the Tössthal. Stat. Töss, Wülflingen, Pfungen-Neftenbach, Embrach-Rorbas. The train leaves the Töss and passes through a tunnel (1980 yds.). 101/2 M. Bülach (p. 37); 121/2 M. Glattfelden; 131/2 M.

Eglisau (to Schaffhausen, see p. 37). — We now follow the left bank of the Rhine and cross the Glatt. Stat. Zweidlen; 19 M. Weiach-Kaiserstuhl, an old town with a massive tower; on the right bank, Schloss Röteln, and

an old town with a massive tower; on the right bank, Schloss Rotein, and farther on, the ruins of Weiss-Wasserstelz. Stat. Rümikon, Reckingen, Zurzach, and (30½ M.) Coblenz, where the Rhine is crossed to (32 M.) Waldshut (p. 27). Vià Laufenburg to Stein-Säckingen, see p. 22.

From Winterthur to Rüti, 29½ M., in 2-3 hrs., by the Tössthal-Bahn.—2 M. Grüze; 3 M. Seen. Near (5 M.) Sennhof (25 min. to the S.W. of which is the old château of Kyburg, 2070', commanding a fine view) we enter the pretty Tössthal. Stations: Kollbrunn, Rikon, Zell, (10 M.) Turbenthal (Bär), Wyla (with a picturesquely situated church). Saland, and (16 M.) Rayma (Tanne) (with a picturesquely situated church), Saland, and (16 M.) Bauma (Tanne), all thriving industrial places. About 21/4 M. to the E. of Zell, on the slope of the Schauenberg, is the frequented Gyrenbad (2428'; pens. from 41/2 fr.), with an alkaline spring (see p. 58). Then Steg, Fischenthal, Gibswil-Ried. From the last, situated on the watershed, the Bachtel (p. 51) may be ascended in 4 hr. Then through the picturesque valley of the Jona to (25 M.) Wald (2037'; \*Krone, R. 2, B. 1, D. 21/2 fr.; Rössli), an industrial place (6800 inhab.) at the S.E. foot of the Bachtel (p. 51). Passing the waterfall of Hohe Lauf, we join the Zürich and Rapperswil line at (291/2 M.) Rüti (p. 51).

From Winterthur to Schaffhausen, see R. 12b; to St. Gallen and Ror-

schach, see R. 16; to Constance, see R. 11.

Our line traverses the green and fertile Thurgau. 18 M. Ober-

winterthur (p. 36); 201/2 M. Wiesendangen; 241/2 M. Islikon.

27 M. Frauenfeld (1335'; pop. 7735; \*Falke; \*Hôtel Bahnhof; Krone, R. 1-2, B. 1, D. 11/2-2 fr.), on the Murg, with large cotton-factories, is the capital of the Thurgau. The handsome Schloss, on an ivy-clad rock, is said to have been built by a Count of Kyburg in the 11th century.

FROM FRAUENFELD TO WIL, 11 M., steam-tramway in 1-11/4 hr. (fares 1 fr. 80, 1 fr. 30 c.). Stations: Murkart, Mazingen, Jakobsthal, Wängi, Rosen-

thal, Münchwilen, and Wil (p. 58).

291/2 M. Felben. Near (33 M.) Müllheim the train crosses the Thur. 35 M. Märstetten;  $37^{1}/_{2}$  M. Weinfelden (1415'; Krone; Traube, R.  $1^{1}/_{2}$ -2, B. 1, D. 2, S.  $1^{1}/_{2}$  fr.). To the left, Schloss Weinfelden (1850'; view), on the vine-clad Ottenberg. — 40 M. Bürglen. — 42 M. Sulgen (1584'; Helvetia, R. 1-2 fr.; Schweizerhof).

FROM SULGEN TO GOSSAU, 14½ M., railway in 67 min. (1 fr. 65, 1 fr. 15 c.). We traverse the pretty valley of the *Thur*. Stations: *Kradolf*, *Sitterdorf*. 6 M. Bischofzell (1653'; *Hecht*; *Hirsch*; *Linde*; *Löwe*; *Thurbad*, pens. 3½-5 fr.), a small town (pop. 2630) at the confluence of the Thur and *Sitter*. Then *Hauptwil*, *Arnegg*, and *Gossau* (p. 58).

43 M. Erlen (Hôt. Bahnhof);  $47^{1/2}$  M. Amriswil (\*Krone).

52 M. Romanshorn (1322'; \*Hôtel Bodan, with garden, R. 2-3, B. 1, D. 3, pens. 6-7 fr.; \*Falke, R.  $1^{1}/_{2}$ -2, B. 1, D. incl. wine  $2^{1}/_{2}$ , pens. 41/2-51/2 fr.; Hecht; Jäger; \*Rail. Restaurant), a small town with 4564 inhab. on a promontory of the Lake of Constance. Thence to Friedrichshafen or Lindau, see p. 33.

### 16. From Zürich to St. Gallen, Rorschach, and Lindau.

RAILWAY to St. Gallen  $(52^1/2 \,\mathrm{M.})$  in 2-3 hrs. (8 fr. 80, 6 fr. 20, 4 fr. 40 c.); to Rorschach (62 M.) in  $2^2/3-4^1/2$  hrs. (10 fr. 35, 7 fr. 45, 5 fr. 30 c.). — Steamboat from Rorschach to Lindau in  $1^1/4$  hr. (1 M 65 or 1 M 10 pf.).

From Zürich to (17 M.) Winterthur, see p. 56. The Curfirsten gradually appear to the S., and the Appenzell Mts. to the S.E.— $20^{1}/_{2}$  M. Räterschen; 24 M. Elgg (2012'; Ochs; Löwe). To the S. (4 M.) is the Schauenberg (2930'; fine view), on the S.W. slope of which lies the Gyrenbad (see p. 57).— $25^{1}/_{2}$  M. Aadorf (Linde; Löwe);  $29^{1}/_{2}$  M. Eschlikon.—31 M. Sirnach.

To the Hörnli, 3 hrs., interesting. A road ascends the valley of the Murg viâ Dussnang and Fischingen (2067'; \*Sonne, Stern), with its old abbey, to the (6½ M.) cross at Allenwinden (3125'), whence a good path leads to the (3/4 hr.) from the \*Hörnli (3725'; Restaurant), a famous point

of view. The descent may be made to Bauma (p. 57).

33 M. Wil (1930'; \*Hôtel Bahnhof, R. 11/2-21/2, pens. from 5 fr.; Hôt. Schönthal, well spoken of), a picturesque old town (4975 inhab.).

A fine view is obtained from (1/2 hr.) the Hofberg; and a more extensive

A fine view is obtained from (1/2 hr.) the Hofberg; and a more extensive one from the \*Nollen (2590'; Inn), 11/2 hr. to the N.E. (omn. viâ Rossrüti and Wuppenau, 80 c.) The descent may be made to (11/4 hr.) Utzwil (see below) or to Weinfelden or Bürglen, on the Romanshorn railway (p. 57). Branch-line to Ebnat, see p. 72; steam-tramway to Frauenfeld, see p. 57.

The train crosses the Thur by an iron bridge, near the old castle of Schwarzenbach.  $39^{1}/_{2}$  M. Utzwil, the station for Nieder-Utzwil on the left, and for Ober-Utzwil on the right. (Near the former,  $1^{1}/_{4}$  M. from the station, is the hydropathic of Buchenthal.) —  $42^{1}/_{2}$  M. Flawil (2020'; \*Rössli; \*Post, pens. 5 fr.), a manufacturing village (4863 inhab.). The Glatt is crossed. —  $45^{1}/_{2}$  M. Gossau (Hôt. Bahnhof; branch-line to Sulgen, see p. 57). —  $48^{1}/_{2}$  M. Winkeln (Kreuz; Löwe).

From Winkeln to Appenzell, 16 M., in 1½-2 hrs., by the narrow-gauge Appenzell Railway. The line passes the Heinrichsbad (\*Curhaus, with chalybeate spring and park, R. 1½-3 fr., board 3 fr. 80 c.). — 3 M. Herisau (2550'; 13,491 inhab.; \*Löwe, R. 2½, B. 1, D. 2½, pens. from 4½ fr.; \*Storch, R. 1½-2, B. 1, D. 2½, pens. 5-6 fr.), a thriving 'village' with extensive muslinfactories and a clock-tower attributed to the 7th century. A fine view is obtained from the (1 M.) Rosenberg (2880'; inn). About 4½ M. to the S.W. is the beautifully situated health-resort of Schwellbrunn (3190'; Pens. Harmonie, 3½ fr.; Rössli). Another good view may be had from the Sitz (3565'), 1½ M. farther on. — 5 M. Wilen. — 5½ M. Waldstatt (2700'; \*Hôtel-Pension Hirsch, R. 1½-2½, B. 1, D. 2¼, S. 1¾4, pens. 4-6, for nervous invalids 6-8 fr.; \*Hôtel-Pension Säntisblick, with garden, R. 1½-2½, D. 2½-3, pens. from 5 fr.), a health-resort with a chalybeate spring. — Then through the Urnäsch Valley, by Zürchersmühle, to (9¼ M.) Urnäsch (2735'; \*Krone, R. 1½, B. 1, D. 1½, pens. 5 fr.; Bahnhof). About ½ M. above Urnäsch is the primitive spa of Rosenhügel (2892'). — Beyond Urnäsch the train passes the (12 M.) Jacobsbad (to the E.), with its mineral spring (good quarters), and goes on to (13 M.) Gonten (2970'; \*Löwe; Krone; Bär) and (14 M.) Gonten-bad (2925'), a well-managed establishment, with a chalybeate spring (pens. 5-6 fr.). It then crosses the deep valley of the Kaubach to (16 M.) Appenzell (p. 65). — Ascent of the Sentis from Urnäsch, see p. 67. Over the Krätzern Pass to Neu-St-Johann, see p. 72.

We cross the deep valley of the Sitter by an iron bridge, 207 yds. long, 174' high. A little lower down is the Krätzernbrücke, with its two stone arches, built in 1810. — 50 M. Bruggen.

 $52^{1}/_{2}$  M. St. Gallen. — Hotels. \*Hecht. Hecht-Platz, R.  $2^{1}/_{2}$ -4, D. incl. wine  $3^{1}/_{2}$  fr.; \*Walhalla, opposite the station, R.  $1^{1}/_{2}$ - $3^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D.  $3^{1}/_{2}$  fr.; \*Linde, Leonhard-Str., with café-restaurant, R.  $2^{1}/_{2}$ -5, B.  $1^{1}/_{4}$ , D. incl. wine  $3^{1}/_{2}$  fr.; \*Hirsch, in the market-place, R. 2- $2^{1}/_{2}$ , D. 3 fr.;

\*Schiff, Multergasse, R. 11/2-21/2, B. 1, D. incl. wine 21/2, pens. 51/2-61/2 fr.; Bahnhof, Zollhaus-Str., near the Post Office; Kinkelin, R. 11/2-2, D. incl. wine 2 fr.; Ochs, moderate. — Cafés. Linde; Pavillon; Trischli; Hörnli; Rail. Restaurant. — Baths at Tobler's (St. Magnihalden 11), and Seifert's (Rorschacher-Str. 35); in summer, open-air baths at Dreilinden (p. 60). — Cabs: 1/4 hr., 1-2 persons 80 c., 3-4 pers. 1 fr. 20, 1/2 hr. 1 fr. 20 and 1 fr. 80, 3/4 hr. 1 fr. 60 and 2 fr. 40 c., 1 hr. 2 fr. and 3 fr., luggage 20 c.; double fares at night. — Tramways to Bruggen, to Heiligkreuz (Hecht-Platz), and to Kronthal, the last starting from the railway-station (fare from 10 c.). — U.S. Consul-General, James T. Dubois, Esq. — Official Inquiry Office, Schützengasse 2 (week-days, 9-12 and 2-5).

St. Gallen (2208'), one of the highest of the larger towns of Europe, capital of the canton, and an episcopal see, is one of the chief industrial towns in Switzerland. Embroidered cotton goods

are its staple product. Pop. 33,087.

From the station we go to the left through the Post-Strasse or the Bahnhof-Strasse to the MARKET PLACE, the centre of the crowded OLD Town. The busy Marktgasse then leads S. to the Prot. Church of St. Lawrence, rebuilt in the Gothic style in 1849-54, with a lofty tower. Adjacent is the N. entrance to the Klosterhof ('Stiftseinfang'), containing the BENEDICTINE ABBEY, founded in the 7th cent. by St. Gallus, an Irish monk, rebuilt in the 18th cent., and suppressed in 1805, one of the most famous seats of learning in Europe from the 8th to the 10th century. The buildings now accommodate the cantonal offices, the bishop's residence, and the celebrated Abbey Library. The last (open on Mon., Wed., and Sat. 9-12 and 2-4, for strangers at other times also) contains 30,000 vols. (1558) incunabula) and many valuable MSS. (a psalter of Notker Labeo of the 10th cent. and a Nibelungenlied of the 13th cent.); of those mentioned in a catalogue of the year 823 about 400 still exist. — The Abbey Church or Cathedral, rebuilt in 1755-65 in the rococo style, contains finely carved choir-stalls and a beautiful iron choirscreen (sacristan in the inner court). - In the Gallus-Str., near the abbey-church, are the Municipal Offices, containing an Ethnological Museum (open on Wed., 1-3, and Sun., 10-12 & 1-3).

Behind the abbey flows the Steinach. — To the E., beyond the moat skirting this part of the old town, is the large Cantonal School House, containing the Town Library ('Bibliotheca Vadiana'; open Tues., Thurs., and Sat., 2-4; 60,000 vols., and 500 valuable MSS., chiefly of the Reformation period). — Near it, in the Museum-Str., by the Grosse Brühl, is the Museum. On the groundfloor are the Natural History Collections (open Sun. 10-12 and 1-3, Wed. and Frid. 1-4); on the first floor the Picture Gallery of the Kunstverein (open Sun. 10-12 & 1-3, Wed. 1-4; works by Koller, Diday, Makart, A. Feuerbach, Ritz, Schirmer, and others), and the collections of the Historical Society (open Sun., 10-12, and Wed., 1-4). Behind

the museum is the Public Park, prettily laid out.

In the Börsen-Platz, at the W. end of the frequented Multer-gasse (embroidery market on Wed. and Sat.), in front of the handsome Swiss Bank, is the \*Broder Fountain, by A. Bösch, erected in

1898 to celebrate the completion of the aqueduct from the Lake of Constance. — The Industrial Museum, with a school of design and a collection of embroidery, is in the Vadian-Strasse (open Sun. 10-12; on other days, except Mon., 9-12 and 2-5). Some embroidering machines may be seen at work in the basement. - From the S. end of the town a cable-tramway (3 min.; fare 15, down 10 c.) ascends through the gorge of the Steinach to the suburb of Mühleck (2440'; restaurant). On the other sde of the Steinach, 1/2 M. to the E., are the open-air baths of Dreilinden (2540'), much frequented in summer.

EXCURSIONS. The \*Freudenberg (2910'; Restaurant), 1½ M. to the E. of the town and 3¼ M. from Mühleck (see above; carriage for 1-2 pers. 7 fr., 3-4 pers. 12 fr.), commands a charming view of the Lake of Constance as far as Lindau; in the foreground lie St. Gallen and the surrounding country, dotted with houses, to the S. the Sentis chain, the Glärnisch, Tödi, etc. — The \*Vögelinsegg (4½ M.; carr. 6 or 10 fr.; p. 64) and the \*Frölichsegg (4M.; p. 68) also afford fine views. — The nunnery of Notkersegg (2580') and the Kurzegg Inn (2735'), both on the road to the Vögelinsegg, command fine views of the Lake of Constance. — To the Rosenberg (2470'; carriage 2 fr., 3 fr.), with the Kurzenburg, a deaf-and-dumb institution, and numerous villas; the route runs viâ Rotmonten, on the saddle, to the (1 hr.) inn of SS. Peter and Paul (2580'), with a large deer-park. — From the Broder Fountain we proceed by the upper Graben and the Berneck Str., or via Mühleck (see above), to the (20 min.) Falkenburg (2560'; Restaurant), which commands the best view of the town. We then cross the wooded Berneck to the Vogelherd, with a charming view and a monument to the poet Scheffel, to (3/4 hr.) Nest (2540'; \*Restaurant), and to the (10 min.) Solitude (2690'; views). Then back by the Teufen road (2 M.). — Kronbühl (2035'; inn; carriage 3 fr., 5 fr.), 3 M. to the N. on the Arbon road, affords a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Lake of Constance. — The \*Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; a view of the Curhaus auf der Waid (2065'; Dr. Dock) and the \*Sanatorium Obere Waid (2165'; pens. 71/2-15 fr.) are two health-resorts, 3 M. to the N.E., with splendid views (carriage in 1/2 hr., 4 fr., 6 fr.). — Bruggen and the Sitterbrücke (p. 58) may be reached by tramway in 25 min. or by rail in 8 min. or Martinstobel and Möttelischlass, see p. 64.— Tramway to Cair ages 1. schloss, see p. 61. - Tramway to Gais, see p. 68.

From St. Gallen the line descends through a long cutting to (531/2 M.) St. Fiden (2126'; Hôt. National), and enters the wild valley of the Steinach. Embankments and cuttings are traversed in rapid succession. Nearly the whole Lake of Constance is frequently visible, with Friedrichshafen on its N. bank. - Turning to the right, we cross the Goldach beyond (561/2 M.) Mörschwil (1778'; \*Pens. Gallusberg, with garden and fine view, R. 2-4, pens. 5-7 fr.).

62 M. Rorschach. - Lake Railway Station (\*Restaurant, see below), at the pier, the chief passengers' station; Town Station, 3/4 M. to the E., where the lines from St. Gallen and Romanshorn join that from Coire.

where the lines from St. Gallen and Romanshorn join that from Coire. Some of the trains do not stop at the Lake Railway Station.

Hotels. \*Anker, R. 21/2-5, B. 11/4, D. 3, pens. 9-12 fr.; \*Hirsch, R. 2-21/2, B. 11/4 fr.; Badhof; Hôtel Bodan; Hôt. Stierlin; Schiff, R. 11/2-2, B. 1, D. 2, pens. 6 fr.; Hôtel Bahnhof, Post, R. 2, D. 21/2 fr., these two near the Lake Station; Schäfle, with garden, moderate; Rössle, R. 1-11/4, pens. 31/2 fr.; Zur Ilge; Grüner Baum, R. 11/2-2, B. 1, D. 2-21/2, pens. 5-7 fr., well spoken of; Ochs, with brewery. — \*Rail. Restaurant, with a balcony and view of the lake. Beer at Spierig's, behind the station, and at the Falke (with rooms to let). — Baths at Notter's, on the lake; Lake Baths 1/4 M. to the W. (35.c.).  $^{1}/_{4}$  M. to the W. (35 c.).

Rorschach (1310'; pop. 9100), a busy town on the Lake of Constance, chiefly important for its corn-trade, is also a summer-resort.

Excursions. Above Rorschach rises the old abbey of Mariaberg, with handsome cloisters, now a training-school. The view from the Rorschacher Berg, the green orchard-like hill behind the town, embraces the whole lake, with the Vorarlberg Mts. and the Rhætikon chain. Its summit, the \*Rossbühel (2925'; Inn, good wine), may be reached in 1½ hr. from Rorschach (boy to show the way desirable). The whole hillside is intersected by roads, which afford a great many pleasant walks. Good inns at (½ hr.) the Sulzberg and (½ hr.) the Hohenrain. — The St. Anna Schloss (1835'), formerly the property of the Abbots of St. Gallen, has been partly restored (restaurant); fine view from the upper rooms. The road, which is steep towards the end, takes about 3¼ hr. from the station. The view from the Jägerhaus, ½ hr. farther up, is still more extensive (inn, good wine).

To the Martinstobel and Möttelischloss and back, 3 hours. By the St.

To the Martinstobel and Möttelischloss and back, 3 hours. By the St. Gallen railway to St. Fiden, see p. 60. Below the station we take the road to Neudorf (brewery on the left), descend the highroad, and diverge to the right by the Heiden road into the Martinstobel, the gorge of the Goldach (1860'), spanned by an iron bridge 100' high. Here, at the beginning of the 10th cent., the monk Notker composed his 'Media vita in morte sumus', upon seeing a man accidentally killed. Beyond the bridge we ascend the road to the left, passing the débris of a landslip which took place in 1845, to Untereggen (2080'; Schäfle), and thence descend the Goldach road as far as a road leading through a grassy dale past a large pond to the right to the Möttelischloss. This was formerly the seat of the Barons of Sulzberg, of whom it was purchased by the wealthy Mötteli family of St. Gallen, and after various vicissitudes it has now fallen into disrepair. "View from the platform on the top (gratuity), one of the finest near the lake. Pleasant walk back to Rorschach through the Witholz (1/2 hr.). — To Tübach, amid fruit-trees, and the (1 hr.) Ruheberg (1460'; restaurant), or to the (11/4 hr.) Glinzburg near Steinach (restaurant), both with beautiful views of the lake (from Mörschwil in 40-45 min., see p. 60). — By the 'Obere Weg', with fine views, to (1 hr.) Wylen (\*Inn), near the Duke of Parma's château of Wartegg, with its beautiful park. — By Staad (p. 68) to (11/4 hr.) Schloss Weinburg, a summer-seat of the Prince of Hohenzollern (visitors admitted to the fine park); splendid view from the Steinerne Tisch, above the park (return viâ Thal and Rheineck, p. 68). — To Walzenhausen and the Meldegg, see p. 69.

At Horn (on the lake,  $1^1/2$  M. to the N.W.; railway, see p. 35) is a large \*Hotel & Bath House (pension  $4^1/2 \cdot 6^1/2$  fr.). Near Horn, to the left, is the château of the Landgrave of Hessen-Philippsthal.

Railway to Coire, see p. 68; to Heiden, see p. 63; to Constance, see p. 35.

To Lindau by steamer (1 hr.; fares 1  $\mathcal{M}$  65, 1  $\mathcal{M}$  10 pf.; D.  $2^{1}/_{2} \mathcal{M}$ ), comp. p. 32. To the S.E. is Bregenz, at the foot of the Pfänder; in the background, the Rhætikon chain; to the S., the Appenzell Mts. and the Sentis.

Lindau. — \*Bayrischer Hof, near the lake and the station, R. 3-51/2, B. 11/4, D. 3-31/2, pens. 7-9 M; \*Hôtel Reutemann, R. 2, D. 21/2, pens. from 5 M; Lindauer Hof, R. 11/2-21/2 M, B. 80 pf.; \*Krone, R. 2-21/2, D. 21/2, pens. 4-41/2 M; Helvetia, R. 11/4-11/2 M, all on the lake; Sonne, in the Reichsplatz, well spoken of; Gärtchen auf der Mauer, a pension on the mainland. — Restaurants: Seegarten, next door to the Bayrischer Hof (also rooms); Schützengarten, a restaurant on the old bastion, near the Roman tower, with view; Joh. Frey (wine; tastefully fitted up); Rupflin (wine); Rail. Restaurant. — Lake Baths on the N.W. side of the town, in the inner arm of the lake, and at the Military Baths on the other side.

Lindau (pop. 5600), the terminus of the Bavarian S.W. Railway (express to Munich in 5 hrs.), once an imperial town and fortress (1275-1803), and in the middle ages a busy commercial place, lies on an island in the Lake of Constance, connected with

the mainland by a railway-embankment and by a wooden bridge, 356 yds. long. On the quay is a monument to King Max II. (d. 1864), in bronze, designed by Halbig (1856). At the end of the S. pier, on a granite pedestal 33' high, is placed an imposing lion in marble, 20' in height, also by Halbig; opposite, on the N. pier, is a Lighthouse, 108' in height. The harbour is adjoined to the S. by the Alte Schanz, which commands a view of the Alps from the Scesaplana to the Sentis (mountain-indicator). In the Reichsplatz are the Town Hall, erected in 1422-36 and restored in 1885-87, with painted façades and a collection of antiquities (open 11-12, Sun. 2-5), and the handsome Reichsbrunnen, with a bronze figure of 'Lindauia' and other allegorical figures, erected in 1884. Near the Land-Thor, at the end of the wooden bridge, are an old Roman Tower and a War Monument for 1870-71.

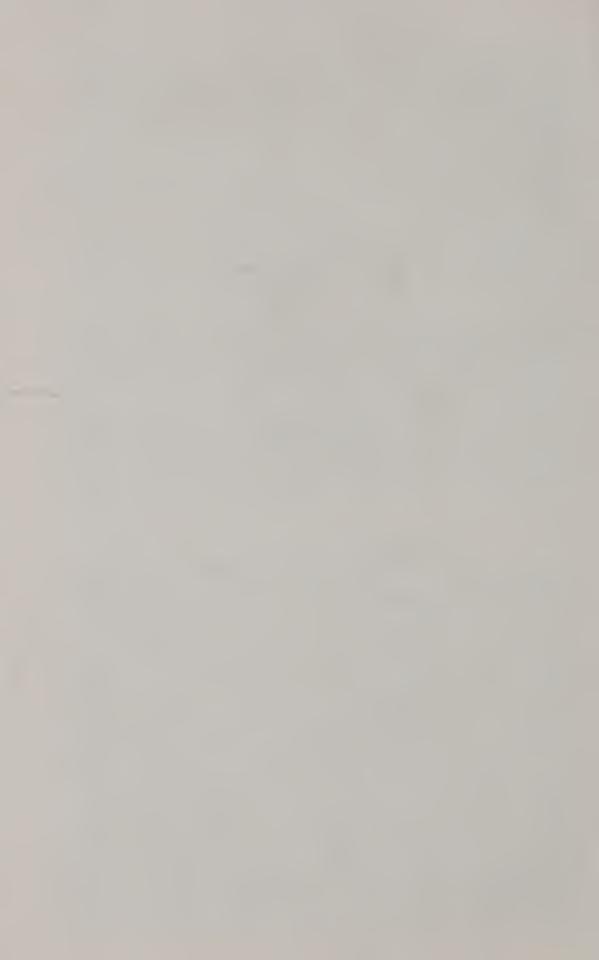

Excursions. Pleasant walk on the N. bank of the lake towards the left (cross the railway-embankment and turn to the left), passing the villas of Näher, Lotzbeck (pretty park), Giebelbach, Lingg (\*Frescoes by Naue), and others, to the (2<sup>1</sup>/4 M.) Schachenbad (Pens. Freihof) and the (<sup>3</sup>/4 M.) Lindenhof (or Villa Gruber), with its beautiful grounds and hot-houses (adm. on Frid. gratis; at other times 1 M, tickets at the Schachenbad; closed on Sun.). About <sup>1</sup>/2 M. farther on is the château of Alwind. — Beautiful view from the (<sup>1</sup>/2 hr.) vine-clad \*Hoierberg (1496'), which is reached by a path skirting the railway and passing the village of Hoiren, or to the left viâ Enzisweiler (\*Schmid's Restaurant) and Schachen (Zum Schlössle). The road from the Landthor leads viâ Aeschach (Schlatter). Two inns and a belvedere on the top. — To Bregenz, see p. 464. — For the Lake of Constance Railway to Friedrichshofen (15 M., in 1<sup>3</sup>/4 hr.), viâ Wasserburg, Nonnenhorn, and Langenargen, see Baedeker's Southern Germany.

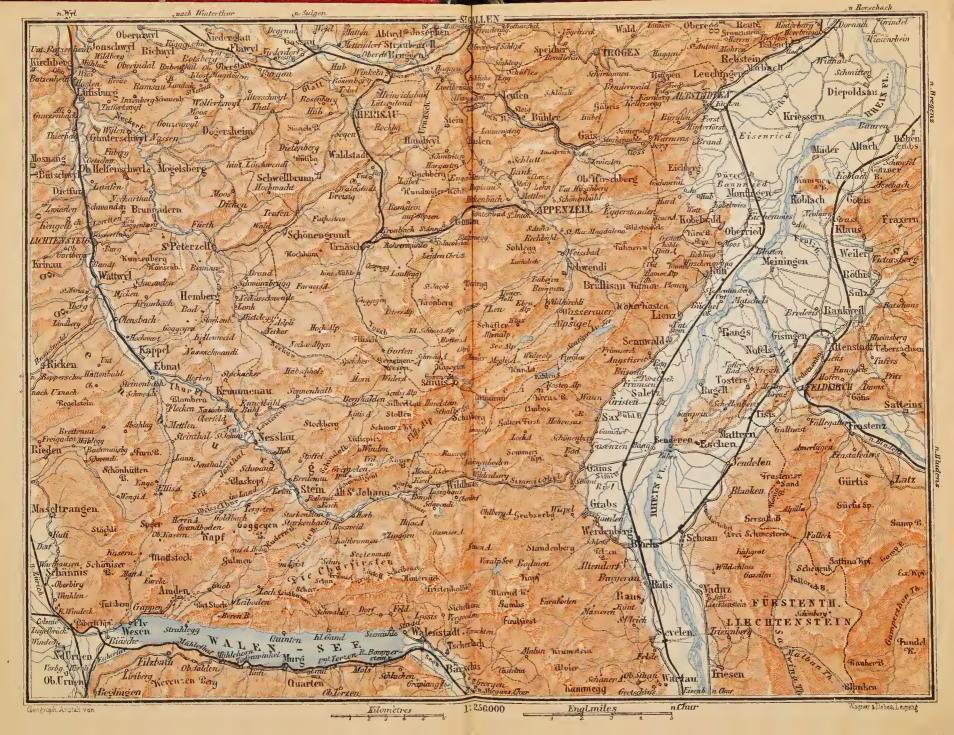

## 17. The Canton of Appenzell.

The Canton of Appenzell cannot vie in grandeur with many other parts of Switzerland, but it includes within a small space most of the characteristics of the country. It boasts of one of Switzerland's largest lakes, of an almost southern vegetation, of great industrial prosperity, of the richest pastures, and even of lofty snow-mountains. The finest points are Heiden, St. Anthony's Charal Wildbirghti.

pastures, and even of lofty snow-mountains. The finest points are Heiden, St. Anthony's Chapel, Wildkirchli, Ebenalp, the Hohe Kasten, and the Sentis. This canton, which is entirely surrounded by that of St. Gallen, was divided after the religious wars of 1597 into two half-cantons, Ausser-Rhoden and Inner-Rhoden, and to this day party-feeling on religious questions is very strong. Inner-Rhoden, which consists of pasture-land and is 63 sq. M. in area, is almost exclusively Roman Catholic, and down to 1848 permitted no Protestants to settle within its limits; even Roman Catholics who were not natives of the canton were strictly excluded. This restriction was nominally rescinded by an article of the Federal constitution in 1848, but little change has practically taken place. Population 12,900, of whom about 800 only are Protestants. The inhabitants generally occupy scattered cottages and huts; they are, according to Merian (1650), 'a rough, hardy, homely, and pious folk'; their costume is picturesque and primitive, and cattle-breeding and cheese-making are their chief pursuits. — Ausser-Rhoden (90 sq. M., 55,300 inhab., 5500 Rom. Cath.) belongs to the Reformed Church; one-fourth of its population is engaged in the cotton and silk manufacture, chiefly for firms at St. Gallen. Almost every house has its loom, the products of which often exhibit extraordinary taste and skill, and were objects of admiration at the London and Paris Industrial Exhibitions. — Comp. 'Appenzell: Pure Democracy and Pastoral Life in Inner-Rhoden', by Irving B. Richman (1895).

Railway from Winkeln to Appenzell 11/2-2 hrs.; from St. Gallen to Gais 11/4 hr.; from Rorschach to Heiden 55 minutes. — Diligence from Rheineck to Heiden thrice daily in 1 hr. 40 min.; from Berneck to Heiden twice daily in 21/2 hrs.; from Heiden viâ Trogen and Speicher to Teufen twice daily in 23/4 hrs.; from Altstätten to Gais daily in 2 hrs.; from Gais to Appenzell four times daily in 35 min.; from St. Gallen viâ Speicher to Trogen four times daily in 13/4 hr. — Carriage from St. Gallen to Trogen 6 fr. (3-4 pers. 10 fr.), to Appenzell 9 or 16, to Weissbad 10 or 161/2 fr.; half-fare more for the return.

The Railway from Rorschach to Heiden,  $4^{1}/_{3}$  M., is on the rack-and-pinion system (maximum gradient 1:11). The train starts from the harbour station (p. 60), stops at the outer station, where the toothed rail begins, and then ascends through orchards, affording charming glimpses of the lake. On the left, below, is the château of Wartegg, on the right, above, Wartensee. Near  $(2^{1}/_{2}$  M.) stat. Wienachten (2025') are large quarries of fossiliferous sandstone. We then skirt the deep Wienachter Tobel, obtaining to the left a beautiful view of the rich valley, with the mountains of the Bregenzer Wald beyond, and the mouth of the Rhine below. Beyond (3 M.) stat. Schwendi (2217') we cross the gorge by a lofty viaduct and ascend over pastures and through wood.

41/3 M. Heiden. — \*Freihof, R. 21/2-6, B. 11/2, D. 4, S. 21/2, pens. 7-12 fr.; \*Schweizerhof (same proprietor), pens. 61/2-9 fr.; \*Krone, R. 2-31/2, B. 11/4, D. 3, S. 2, pens. 6-8 fr.; \*Hôtel-Pension Sonnenhügel, at the upper end of the village. with baths and garden, R. 2-3, B. 11/4, D. 3, S. 13/4, pens. 6-8 fr.; \*Hôtel-Pension Linde, pens. 5-7 fr.; Hôtel-Pension Gletscherhügel, 5-8 fr.; Hôtel-Pension Neubad, 5-6 fr.; Löwe, 4-5 fr.; \*Pension Weiss zur Frohen Aussicht, pens. 6-7 fr.; \*Pens. Nord, 4-51/2 fr.; Pens. Alpenblick, Pens. Blumenthal, 4-5 fr.; Schäfle, Ochsen, 31/2-4 fr. Lodgings easily obtained. Baths in the Quellenhof. — Visitors' Tax 30 c. per day. — English Church Service in summer.

Heiden (2655'), a thriving village with 3751 inhab., lies amidst sunny meadows, and is a favourite health-resort. At the upper end is a tasteful Curhalle, with shady grounds (concerts thrice daily). Adjacent is the Gletscherhügel, an artificial hill composed of erratic blocks and planted with 700 alpine plants. The grounds of the Freihof (see above) afford fine views of the Lake of Constance.

Walks. To the \*Bellevue (2865'; \*Pension & Restaurant Waldruhe, pens. 4 fr.), a hill 1 M. to the S.E., on the right bank of the Gstaldenbach, with a beautiful view of Heiden and the Lake of Constance, and on to the Sentisblick, about as far again; W. to the Hasenbühl, Benzenrüti, and \*Steinli, with a pavilion and charming view; S. to the Bischofsberg (see below). To the W., below the Grub road (see below), the Krähenwald (pleasant grounds); N.W. (3/4 hr.) the Rossühel, above Grub (2925'; see p. 61).

A road affording picturesque views leads from Heiden to the N.E. viâ

A road affording picturesque views leads from Heiden to the N.E. viâ (1½ M.) Wolfhalden (2350'; Pens. Friedberg, pens. 4-5 fr.; Adler, pens. 4 fr.; Pens. Blatter zum Lindenberg, pens. 2½-3 fr.) to (4½ M.) Rheineck (p. 68; diligence twice daily in ¾ hr.); another attractive road leads to the W. viâ (1½ M.) Grub (2643'; Ochs; Löwe; Hirsch, pens. 3-4 fr.), a health resort, Eggersriet, and the Martinstobel (p. 61) to (7½ M.) St. Gallen (p. 58).

viâ (1½ M.) Grub (2643'; Ochs; Löwe; Hirsch, pens. 3-4 fr.), a health resort, Eggersriet, and the Martinstobel (p. 61) to (7½ M.) St. Gallen (p. 58).

The \*Chapel of St. Anthony ('St. Antönibild'; 3640'), 1¼ hr. to the S. of Heiden, affords a famous view of the Rhine Valley (preferable to that from the Kaien), Bregenz, Lindau, part of the Lake of Constance, and the Vorarlberg and Appenzell Mts. Adjacent are the Alpenhof and Rössli Inns. One route to the chapel is by (¾ hr.) Oberegg (2900'; \*Bär, pens. 4-4½ fr.); another, shorter, leads by the orphan-houses and the Bischofsberg (3095'; both

routes denoted by blue marks). From the chapel to Altstätten (p. 69) 11/2 hr.

to Landmark and the top of the Gäbris (see below) 2 hrs.

The Kaien, 11/4 hr. to the S.W. of Heiden, is also frequently ascended (red way-marks; guide unnecessary). We follow the Trogen road for 1/4 M. and then diverge to the right beyond a small bridge (finger-post 'Steinli, Kaien') and ascend by a good, red-marked path to the (1-11/4 hr.) \*Kaien. The view from the summit (highest point 3690', signal 3612') embraces a great part of the Lake of Constance and Canton Thurgau, the embouchures of the Rhine and the Bregenzer Ach, the Vorarlberg and Liechtenstein Mts., with the white chain of the Rhætikon and the Scesaplana above them to the S.E. To the S. it affords a characteristic glimpse of the Appenzell district: the Kamor and Hohe Kasten, the five peaks of the Furgglen-First and Kanzel, the double-peaked Altmann, the snow-fields of the Sentis, and the Tödi farther distant; in the foreground woods, meadows, and the thriving villages of Wald, Trogen, and Speicher; to the left above Trogen rises the Gäbris (see below); to the right, near Speicher, the Vögelinsegg (see below); to the left, above Speicher, in the distance, the Pilatus and the Rigi. — The Kaien is 1½ hr. from Speicher, and 2½ hrs. from St. Gallen. Trogen seems almost within a stone's-throw, though really 3 M. distant. The path descends to the right by the Gupf (3545; inn) and Rehetobel (3140; \*Hirsch), a village beyond which the road to Trogen is visible in the wooded ravine far below. Near the bridge, in the valley below, is a rustic tavern 'Am Goldbach'.

The Gäbris (see below) may be ascended from Heiden direct (avoiding Trogen): to St. Anthony's Chapel (p. 63) 11/4 hr.; then by a new road along the arête, with a charming survey of the Rhine Valley and the Sentis, to the Landmark (3265'; inn, comp. p. 69), on the road from Altstätten to Trogen, and the summit of the Gäbris, a beautiful walk of 2 hrs. About 8 min. below the summit the St. Anthony route is joined by that from Trogen (finger-post 'Gais, Trogen, Speicher').

The road to Trogen  $(6^{1}/2 \text{ M.})$  ascends the E. slope of the Kaien (see above) to the (21/4 M.) Langenegg (3185'; inn); then up and down hill, past Rehetobel (see above; lying beyond the ravine of the Goldach on the right), and (21/4 M.) Wald (3150'; Schäfli; Krone; Harmonie, pens. 3-4 fr.), to (2 M.) -

Trogen (2975'; pop. 2498; \*Krone; Schäfli; Hirsch; Rössli;  $L\ddot{o}we$ ), a prosperous village, pleasantly situated and visited as a

summer-resort.

Road over the Landmark to (7 M.) Altstätten, see p. 69. - From St. GALLEN TO TROGEN (6 M.), diligence four times daily in 13/4 hr., 1 fr. 20 c.; one-horse carr. 6-8, two-horse 10-12 fr. The road leads past the nunnery of Notkersegg and the inn of Kurzegg (p. 60), to the (4 M.) \*Vögelinsegg (3155'; \*Hôtel-Pension), which affords a fine view of the Lake of Constance, the populous and rich pasture-lands of Speicher and Trogen, and the Vorarlberg and Appenzell Mts. A point in front of the hotel commands a specially fine prospect of the Sentis. Descent to (3/4 M.) Speicher (3070'; \*Löwe; Krone; Schützen-Garten), and across the Bachtobel to (11/4 M.) Trogen. — From Trogen to (43/4 M.) Teufen, diligence twice daily in 1 hr. Steamtramway from St. Gallen to Gais viâ Teufen, see p. 68.

From the church at Trogen a road leads viâ (3½ M.) Bühler (p. 68) to  $(1^3/4 \text{ M.})$  Gais, but the path over the \*Gäbris (4100')

is shorter and far more attractive.

The traveller coming from the Kaien follows the Trogen and Bühler road to the (1/2 hr.) top of the hill (3487'); view of the Sentis); a fingerpost here indicates the path to the left to Gais over the Gäbris. Those who come from Vögelisegg should not go on to Trogen, but quit the high-road beyond the *Bachtobel* (see above) by a flight of steps to the right. A small valley lies immediately on the right, and the path ascends gradually across meadows. After 3/4 hr. (from Speicher) this path reaches the road from Trogen to Bühler a few hundred paces from the finger-post. At the

latter we take the path to the left, at the next finger-post to the right; beyond the tavern we pass through three gates, and proceed straight on (not to the right), ascending for a few min. by a bad path; then again by a good path, which slowly ascends to the (40 min.) \*Inn (4100'), whence a delightful prospect is enjoyed (1½ hr. from Speicher). Hence to Gais a descent of ½ hour. Walkers in the reverse direction find finger-posts at doubtful points. Numerous benches.

Gais (3075'; pop. 2850; \*Krone, R. 2-3, pens. 5-7 fr.; \*Ochs, R. 2, pens. from 5 fr.; Falke, Adler, Hirsch, Rothbach, plain; Pensions Hohl-Wälter, Preisig-Pfister, Hebrig, 3-4 fr.; Railway Restaurant), a trim-looking village, in the midst of green meadows, is the oldest of the Appenzell whey-resorts, having been in vogue since 1749. Fine view of the Sentis from the Curgarten, adjoining the 'Krone'.

Steam-tramway to St. Gallen, see p. 68. — The ROAD FROM GAIS TO ALTSTÄTTEN (6 M.; diligence daily in 11/4 hr., from Altstätten to Gais in 13/4 hr.) is level for the first 11/2 M., and then descends uninterruptedly from the point where it diverges from the old road and winds round the mountain. The old road, preferable for pedestrians, leads to the left viâ the (1/4 hr.) \*Stoss (3130'; Inn, in summer only), a chapel on the pass, with a celebrated view of the Rhine Valley, the Vorarlberg, and the Grisons. Here, on 17th June, 1405, 400 Appenzellers under Rudolf von Werdenberg signally defeated 3000 troops of the Archduke Frederick and the Abbot of St. Gallen. The shorter old road crosses the new immediately below the Stoss, and descends direct, partly through wood, to Altstätten (p. 69).

A road traversing meadows leads from Gais to (3½ M.) Appenzell, while a shorter but easily missed footpath to the Weissbad (11/2 hr.) diverges to the left halfway to Appenzell and crosses the

Guggerloch (3084').

Appenzell (2560'; pop. 4569; \*Hecht, \*Löwe, \*Hirsch, all moderate; Hoferbad, pens. 31/2-5 fr.; Schiff; Krone), the capital of Canton Inner-Rhoden, on the Sitter, a large village, chiefly of old wooden houses, contains two monasteries, and was formerly a country-seat of the Abbots of St. Gallen, Appenzell being a corruption of 'Abbatis Cella'. The Hospital, the Church, erected in 1826, and the Landes - Archiv, containing interesting charters, are worthy of note. Shady promenades on the Sitter. - Railway to Urnäsch and Winkeln, see p. 58.

A road leads from Appenzell (also a path from the station; omnibus to and from the station, five times daily, 70 c.; carr. 4, with pair 6 fr.) to the S.E., crossing the Sitter and passing the Hôtel Steinegg, to the (2 M.) Weissbad (2685'), a summer and health resort (\* Curhaus, R. 2-5, B.  $1\frac{1}{4}$ , D. 3, S.  $2\frac{1}{2}$ , pens. 7-10 fr.; Weissbadbrücke and Gemsle Inns; also river-baths), pleasantly situated at the base of the Appenzell Mts., and a good centre for excursions.

Guides: Huber, Jac. and Joh. Koster, Joh. Bapt. Rusch; to the Wild-kirchli 5, Ebenalp 5, Sentis 10, over the Sentis to Wildhaus 20, Altmann 15, Hohe Kasten 6, over the latter into the Rhine Valley 10 fr. — Horse

to Wildkirchli, Ebenalp, Seealp, or Ruhsitz 12 fr.

A favourite walk from the Weissbad is to the WILDKIRCHLI, 13/4 hr. to the S. (guide, 5 fr., unnecessary). Following the road to Brülisau (p. 67) for 100 paces, we ascend to the right; 8 min. a house, where the bridle-track diverges to the left; the good footpath leads straight

on, crossing the bridle-path at (1/4 hr.) a gate; we then cross the meadow to (40 min.) the depression between the Ebenaly (see below) and the wooded Bommen-Alp (to the left). We next ascend in windings through wood to the right, and in 10 min. reach a waypost showing the direct path to the Ebenalp (to the right; see below). The route to the Wildkirchli turns to the left and (10 min.) approaches the foot of the precipices which descend from the Ebenalp to the Seealp-Thal (see below). Near the (1/4 hr.) Zum Æscher Inn (4790'; R. 11/2-2 fr.; \*View) we ascend to the right by a narrow but safe path, skirting perpendicular rocks, to the (2 min.) \*Wildkirchli (4845'), once a hermitage, with a chapel of St. Michael, situated in a grotto (33' wide; tavern). On the patron-saint's day (beginning of July) and on St. Michael's Day (29th Sept.) divine service is conducted here, and the grotto and the Ebenalp attract many visitors. View of the deep Seealp-Thal, and, to the left, of the Lake of Constance.

A cavern, 150 paces long, closed by a door (opened by the land-lord, who provides a light, 1/2 fr.), leads from the grotto to the \*Ebenalp; the (25 min.) summit (5390'; Inn) commands a superb view of the Sentis, Altmann, Lake of Constance, etc. — We may descend direct to the (25 min.) saddle to the N. of the Bommen-Alp (see

above; guide useful to the point where the path begins).

Pleasant walk from the Weissbad via Schwendi and (50 min.) Wasserauen (see below), crossing the Schwendibach (4 min.) and ascending a pretty wooded ravine, to the (3/4 hr.) Seealp-See (3735'; Inn, dear), picturesquely situated in a basin between the Gloggeren and Alten-Alp (p. 67). From the Æscher (see above) a steep path descends to the Seealp-See in 1 hr. From the Seealp-See to the Megglis-Alp (see below) 1 hr., path recently improved (wire-rope at giddy points). The path joins that from the Schrennen (see below), 20 min. from the Megglis-Alp. — To the Leuen Fall (3185'), 11/2 hr., also interesting; the path ascends the Weissbach-Thal (way-post beyond the Weissbad), the last part through beautiful wood.

The snow-clad \*Sentis (8215'), the highest mountain in the canton, is often ascended from the Weissbad (6 hrs.; guide 10 fr., not indispensable for experts; one-horse carr. to Wasserauen 4fr.). A road diverges to the right from the road to Brülisau beyond the (3 min.) bridge over the Schwendibach, and ascends on the right bank of the brook to (1/4 hr.) Schwendi (2790'; \*Pension, plain; Inn Zur Felsenburg, on the left bank), and viâ the Escherstein to the (35 min.) Wasserauen Inn, where the road ends. The ascent now begins (Katzensteig), on the right side of a ravine with its rushing brook; 40 min. the Hütten-Alp (3940'; milk). The good though narrow path now skirts the Schrennen, the shelving pastures of the Gloggeren (below which are perpendicular rocks), affording beautiful glimpses of the Seealp-See far below, the Sentis and Altmann, and the Wildkirchli to the right. Then (3/4 hr.) a refuge-hut, and (3/4 hr.) the Megglis-Alp (4985'; inn), in a picture sque basin. The path now ascends rather steeply on the slope of the Kühmaad, partly hewn in steps (the telegraph-poles, beginning 10 min. from

the Megglis-Alp, may be followed). At the (13/4 hr.) Wagenlucke (6785') the inn on the Sentis becomes visible. Passing some snow on the left, the path ascends, becomes steeper, and mounts in rocky steps (wire-rope) to (11/4 hr.) the Inn (8087'; bed 31/2-5 fr., mattress in the common room 11/2 fr.; food dear; often crowded, early arrival advisable). On the summit of the Sentis, to which a path protected by a railing mounts in 5 min. more, is a meteorological station (adm. 30 c.). The \*\*View (see Heim's excellent Panorama) extends over N.E. and E. Switzerland, the Lake of Constance, Swabia and Bavaria, the Tyrolese Mts., the Grisons, and the Alps of Glarus and Bern. — The N. peak, separated from the S. by the 'Blaue Schnee' (not to be ascended without a guide; see below), is named the Girespitz (8040').

From the Sentis we may descend, at first over snow, and then by a path, which is very steep at first, over the Schafboden (5660') and the Flis-Alp (4930'), to (31/2-4 hrs.; in the reverse direction 6 hrs.) Wildhaus or Unterwasser in the Toggenburg (p. 72; guide desirable). — The usual ROUTE FROM THE WEISSBAD TO WILDHAUS (71/2-8 hrs.) leads by Brülisau and through the Brültobel to the Sämbtis-See (3965'), passes the Fählen-See (4750'; chalets), and ascends to the Zwingli Pass (6630'), between the Altmann (see below) on the right, and the Kraialpfirst (6990') on the left. We descend by the Krai-Alp (5933') and the Tesel-Alp (4575') to Wildhaus. This route, however, is rough, and the Sentis route (not much longer) is preferable.

Mountaineers may combine a visit to the Wildkirchli (p. 66) with the ascent of the Sentis (7-8 hrs.; guide necessary, 15 fr.) by leaving the valley of the Seealp-See to the left. The path leads high above the Seealp-See and at the base of the Zänsler and Schäfler, viâ the Alten-Alp and the Oehrli, to the Muschelenberg (numerous fossils); hence either to the left across the valley to the Wagenlucke (6785') by the path which ascends from the Megglis-Alp (p. 66), or (1 hr. shorter) across the Blave Schnee (see above; caution on account of the crevasses), past the base of the Girespitz, and over the Platten direct to the summit. — A path, constructed by the S. A. C., ascends to the summit on the W. side also (guide). It starts from the Gemeinen-Wesen Alp (4210'; reached from Urnäsch or Nesslau in 2 hrs., see p. 72), and mounts a steep rocky slope in zigzags to the first mountain-terrace. The ascent is then more gradual, over rock and pasture, to the Fliesbordkamm and the (21/2 hrs.) Club Hut on the Thierwies (6835'). We next traverse rocks and débris on the Graukopf (7255'), and ascend in zigzags to the arête between the Girespitz and the Sentis. Lastly we mount the Platten by a flight of steps 140 yds. long, protected by a wire-railing, and reach the (11/2 hr.) summit.

The Altmann (8000'; 7 hrs., with guide; toilsome) is ascended from the Weissbad via the Fählen-Alp and Zwingli Pass (see above); descent through

the Löchlibetter to the Megglis-Alp (p. 66).

From Weissbad to the Rhine Valley. The direct route by the Hohe Kasten (5½ hrs.; horse to the Ruhsitz 12 fr.) leads to the S.E. through (½ hr.) Brülisau (3030'; Krone; Rössle); passing the church, we follow the path, beyond the second house to the right, which ascends in the direction of the telegraph-wire to (1 hr.) the Inn 'Ruhsitz' (4495'), at the S.W. base of the Kamor (5215'). From the inn a steep but good path ascends to (1¼ hr.) the summit of the \*Hohe Kasten (5900'; \*Inn), which slopes precipitously on the E. towards the Rhine Valley. Splendid view of the Sentis group, with its three spurs on the N.E., which is nowhere seen to such advantage; in the other direction we see the Rhine Valley, stretching as far as the Lake of Constance, and the Alps of the Vorarlberg and Grisons. We may now descend by a new path to (3 hrs.) stat. Sennwald-Saletz (p. 70). It diverges from the Weissbad path to the left, just below the saddle between the Kamor and Hohe Kasten, skirts the W. and S.

slopes of the latter, and descends in zigzags (no possibility of mistake; several finger-posts lower down). Traversing wood for the last hour, we at length reach the village of Sennwald and the station.

Railway from Appenzell to Winkeln, viâ Urnäsch and Herisau. see p. 58. - It is preferable to drive by Gais and Teufen to St. Gallen (to Gais,  $3^{1}/_{2}$  M., diligence five times daily in 1 hr.; thence to St. Gallen,  $8^{1}/_{2}$  M., steam-tramway in  $1^{1}/_{4}$  hr.). To  $(3^{1}/_{2}$  M.) Gais, see p. 65. Thence the STEAM TRAMWAY (rack-and-pinion at places; pretty route) descends by Zweibrücken, where the road to Appenzell diverges to the left (p. 65), and along the Rothbach to (13/4 M.) the prettily situated village of Bühler (2735'; \*Rössli), and beyond the Rose and Linde inns (pens. 4-5 fr.) ascends to  $(4^{1}/2 \text{ M.})$  Teufen (2750'; pop. 4588; \*Hecht), an industrial village, picturesquely situated, with a fine view of the Sentis chain. [About 1/2 hr. farther up is the Bad Sonder (3020'), a frequented hydropathic.] It then skirts the W. slope of the Teuferegg, through meadows and wood, passing the stations of Sternen, Niederteufen, Lustmühle, and Riethäusle, and descends in sharp curves to (81/2 M.) St. Gallen (p. 58).

The FOOTPATH FROM TEUFEN TO ST. GALLEN (11/2 hr.) leaves the highroad near the 'Hecht' inn, and ascends to (1/4 hr.) the Schäfe's Egg (3185'; inn); it then descends to (3/4 hr.) St. Georgen, 11/2 M. from St. Gallen. — To the W. of the Schäfle's Egg is (10 min.) the \*Fröhlichsegg (3290'; \*Inn), with an admirable view: Teufen in the foreground, the Appenzell Mts., beginning with the Fähnern, to the left, the Kamor, the Hohe Kasten about the middle of the chain, the green Ebenalp below the snow; more to the right, the Altmann and the Sentis with its snow-fields; in the distance, the Glärnisch and Speer; to the W., the railway and road to Wil; to the N., part of the Lake of Constance. To St. Gallen, 1 hr.

#### 18. From Rorschach to Coire.

57 M. RAILWAY in 21/4-4 hrs. (9 fr. 75, 6 fr. 85, 4 fr. 90 c.; see Introd. X, as to circular-tickets, etc.).

Rorschach, see p. 60. The train skirts the lake at first. To the right, the château of Wartegg (p. 61). 21/2 M. Staad (Anker; Schiff; good swimming and other baths), a picturesque place with quarries of white sandstone. Heiden (p. 63) is seen on the hill to the right. Farther on is the Weinburg (p. 61), at the foot of the vine-clad Buchberg. The line traverses a fertile delta, formed by the deposits of the Rhine. — 5 M. Rheineck (1320'; \*Post; Ochs; Rössli), a small town at the foot of vineyards, with 2090 inhabitants.

Omnibus in 12 min. from the station to (1<sup>1</sup>/<sub>4</sub> M.) Thal (1344'; Ochs), an industrial place with 3547 inhab., picturesquely situated at the foot of the Buchberg (to the Steinerne Tisch, 25 min., see p. 61).

FROM RHEINECK TO WALZENHAUSEN (3 M.) cable-railway in 14 min. (60 c., descent 40 c.). The station is at the N. end of the town, above the Rhine bridge, to the right. The line runs through a tunnel 330 yds. long, and then ascends rapidly (17-26:100) on the open hillside, crossing the Ruderbach several times by means of lofty iron bridges. Lastly another tunnel at the unperson of which is the station of Walzenhausen. other tunnel, at the upper end of which is the station of Walzenhausen (2225'; \*Hôt.-Pens. Rheinburg, with view-terrace, R. 2-4, B. 1, D. 3, S. 2, pens. 6-81/2 fr.; Hirsch, pens. 41/2-5 fr.; Hôt. Meyer, pens. 5-6 fr.; Hôt. Bahnhof, pens. 4-5 fr.; Löwe, pens. 31/2-41/2 fr.), a large village and health-resort, finely

situated. The Rosenberg (2560'; 1/4 hr.), the \*Gebhardshöhe (2925'; inn in summer; 3/4 hr.), the Fromsenrüti (3/4 hr.), and Egge (1 hr.), may be visited if time permits. — A good road runs from the church along the hill-side, affording charming views of the Rhine valley and traversing woods, to the (1 M.) Convent of Grimmenstein (2185'; \*Löwe). About 1/2 M. farther on, near the Inn 'Zur Linde', the road (3 M.) Au (see below) diverges to the left. About 1/2 M. forther on where the road makes its left execution. the left. About 1/3 M. farther on, where the road makes its last ascent and bends to the right before descending to Berneck (see below), a footpath, skirting the ridge to the left, leads to (10 min.) the \*Meldegg (2115'; inn in summer), a rocky promontory at the angle of the Rhine valley, commanding a splendid view of the valley, the Vorarlberg and Appenzell Alps, and the Lake of Constance. We may descend to (1/2 hr.) Au or (3/4 hr.) St. Margrethen (see below).

Diligence from Rheineck to Wolfhalden and Heiden, thrice daily in

 $1^{3}/_{4}$  hr. (fare 90 c.); see p. 63.

Walzenhausen (p. 68) is seen on the hill to the right. At (8 M.) St. Margrethen (1330'; Linde; Ochs; Sonne) the line to Bre-

genz (p. 464) diverges to the left. To the Meldegg, 1 hr., see above. Engineers will be interested in the works begun by the Swiss and Austrian governments in 1893 for the Regulation of the Rhine, designed to cut off the windings of the river, control its vagaries, and conduct it straight into the Lake of Constance. Of the two chief cuttings, one, the Fussach Cutting, about 3 M. long, was finished in 1900. It begins at the village of Brugg, on the Bruggerhorn, 11/4 M. to the E. of St. Margrethen, receives the waters of the Dornbirner Ach, and enters the lake at Fussach. The Diepoldsau Cutting, about 4 M. long, destined to cut off the large peninsula of Diepoldsau, between Kriesseren and Widnau, 4 M. to the N. of St. Margrethen, will take about seven years more to complete. The total cost to the Swiss and Austrian governments is estimated at 16½ million francs.

The Rhine Valley, formerly called the Upper Rheingau, was, like Ticino and Thurgau, governed down to 1798 by bailiffs. Part of its floor is marshy and exposed to inundation. Maize abounds. The train skirts hills covered with vineyards and orchards, and from Heldsberg to Monstein runs between the river and abrupt rocks.

 $9\frac{1}{2}$  M. Au (1338'; \*Schiff, R. 1-2, pens.  $3\frac{1}{2}-4\frac{1}{2}$  fr., good wine; Rössli; Rail. Restaurant), prettily situated at the foot of the Meldegg (see above). To the left, the snow-clad Scesaplana; farther off, the Drei Schwestern (p. 70); to the right, the Hohe Kasten with

its inn (p. 67).

Road to (4 M.) Walzenhausen, see p. 68. To the \*Meldegg (3/4-1 hr.), see above. — To the W., in a fertile, vine-clad basin, lies (2 M.) Berneck (1380'; Krone; Drei Eidgenossen; Pens. Tigelberg), a pleasant village (2254 inhab.), with good baths. Electric tramway to Altstätten, see below. Diligence from Berneck via Schachen and Oberegg to (6 M.) Heiden (p. 63) twice daily in  $2^{1}/2$  hrs. (fare 1 fr. 25 c.).

12 M. Herbrugg (Post); 14 M. Rebstein-Marbach.

16<sup>1</sup>/<sub>2</sub> M. Altstätten (1475'; pop. 8719; \*Drei Könige, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1, D. 21/2, pens. 5-6 fr.; Splügen, at the station; Freihof), a quaint little town. Through a gorge on the right peeps the Sentis, adjoining the Fähnern. To the right is the Convent of the Good Shepherd, with an orphanage and a large new domed church.

Roads lead hence via the Landmark (3265; inn) to (9 M.) Trogen, and viâ the Stoss (3130') to (9 M.) Gais (p. 65); and a pleasant path in 3 hrs. by the Chapel of St. Anthony to Heiden (p. 63). One-horse carriage to Gais 10, two-horse 15, to Appenzell 12 and 18, to Weissbad 15 and 25 fr.

ELECTRIC RAILWAY from Altstätten to Berneck, 12-13 times daily in 1-11/2 hr. Stations: Altstätten Rail. Station, Altstätten Town, Leuchringen, Marbach, Rebstein, Balgach, Heerbrugg, and Berneck (p. 69).

191/2 M. Oberriet (1387'; Sonne). On a wooded hill to the right

is the square tower of the castle of Blatten.

221/2 M. Rüthi (Zum Bahnhof). — 27 M. Saletz-Sennwald (re-

staurant by the station).

Ascent of the Hohe Kasten (5900'; 41/2 hrs., without guide), see p. 67. — To the Weissbad (6 hrs.), a pleasant walk, by Sax and the Saxer Lucke (5430), passing the Fählen and Sämbtis lakes (comp. p. 67).

29 M. Haag-Gams (Zum Bahnhof). Above (31 M.) Buchs (Rail. Restaurant; Zum Arlberg, R. 2, B. 1, D. 21/2 fr.; Zum Bahnhof, both at the station) rises the well-preserved château of Werdenberg.

Railway to Feldkirch, see p. 464; custom-house examination at Buchs for travellers to or from Austria. — On a height, on the opposite bank of the Rhine, lies Vaduz (1525'; Engel; "Löwe), with the white château of Liechtenstein on a lofty rock, the capital of the principality of Liechtenstein, at the foot of the Drei Schwestern (6965'), which may be ascended from the Alp Gaffei (4920'; "Hotel), 3 hrs. above Vaduz, by an excellent and highly interesting rock-path in 2 hrs., with guide.

Beyond (341/2 M.) Sevelen (\*Traube, plain) rises the ruined château of Wartau (2185'). On a hill to the left, beyond the Rhine, near Balzers, is the ruin of Guttenberg, where the ascent of the Luziensteig begins (see below). Beyond (39 M.) Trübbach (1585'; Löwe) the road and the railway are hewn through the rocks of the Schollberg. By the roadside is a large quarry of black marble.

The \*Alvier (7753'), ascended from Buchs, Sevelen, or Trübbach in 5-51/2 hrs., see p. 55. From Trübbach by Atzmoos, Malans, and past the ruin of Wartau, to (3/4 hr.) Oberschan and  $(4^{1}/2 \text{ hrs.})$  the top; descent 3 hrs.— The Gonzen (6015'), from Trübbach in  $4^{1}/2 \text{ hrs.}$ , with guide, is easy and interesting (comp. p. 56).

42 M. Sargans (1590'; Railway Restaurant; Rebstock; Krone, Löwe, plain), junction of the Weesen (Glarus) and Zürich line (p. 56). Carriages sometimes changed. The scenery becomes grander. To the N.W., the long serrated chain of the Curfirsten (p. 53); to the E., the Fläscherberg and the grey pyramid of the Falknis (p. 71). To the right, near Vilters, is the Lower Sar Fall, fine after rain.

45 M. Ragatz, p. 73. To the right, the ruin of Freudenberg (p. 73); then, to the left, the pension and ruin of Wartenstein (p. 75). Below the influx of the Tamina we cross the Rhine by a

wooden bridge, 167 yds. in length.

46 M. Maienfeld (1725'; pop. 1241; \*Ochs; \*Hôt.-Pens. Bahnhof, at the station, R. 11/2-21/2, pens. 51/2-6 fr.; Hirsch; Rössli, good wine) is an old and thriving little town. The tower (fine view) is said to have been erected in the 4th cent. by the Roman Emperor Constantius.

At Boval (2185'), 11/4 M. to the N.E., is the Pension Annahof, com-

manding a good view.

The St. Luziensteig (2230'; inn, good wine), a fortified defile between the Fläscherberg (3730') and the Falknis, through which the road to Vaduz and Feldkirch leads, is 2 M. from Maienfeld and is frequently visited from Ragatz. Fine view from the highest block-house (now destroyed), on the top of the Fläscherberg, 11/4 hr. farther to the W., and also on the return.—The \*Falknis (8420'), ascended from the St. Luziensteig through the Glecktobel and by the Sarina-Alp or Fläscher-Alp (6 hrs.; guide 15 fr.), is fatiguing but interesting; better from Maienfeld (guides, Fortunat and Joh. Peter Enderlin, Jacob Just) by the path made by Fort. Enderlin, viâ Bargün and the Fläscher Fürkli.

On the vine-clad slopes to the left lie the villages of Jenins (above it, the ruins of Wyneck and Aspermont) and Malans (p. 387). The train crosses the Landquart, near its influx into the Rhine. 49<sup>1</sup>/<sub>2</sub> M. Landquart (1730'; Rail. Restaurant; \*Hôt. Landquart, R. 2<sup>1</sup>/<sub>2</sub>-5, D. 3<sup>1</sup>/<sub>2</sub>, pens. 8-12 fr.), junction of the Rhætian Railway to Davos (p. 387). To the E., just beyond the station, the Sulzfluh

(p. 388) peeps through the Klus.

521/2 M. Zizers (1854'; Krone; Zum Bahnhof), a small and ancient town. To the left are Molinära, a summer-seat of the Bishop of Coire, and the village of Trimmis. To the right, the peaks of the Calanda (8536'); at its base are the ruins of Liechtenstein, Grottenstein, and Haldenstein. At the foot of the last lies the village of the same name, with a dilapidated château belonging to Count Salis (interesting wooden ceiling; old tile-stoves).

57 M. Coire, see p. 382.

Besides the direct railway a narrow-gauge line, constructed in 1896 by the RHETIAN RAILWAY Co. to connect the lines from Davos to Landquart (p. 387) and from Coire to Thusis (p. 398), runs from Landquart to Coire (83/4 M., in 25-32 min.). Stations: Igis, Zizers, Untervatz, Trimmis, Haldenstein, and Coire.

# 19. From Wil through the Toggenburg to Buchs in the Rhine Valley.

RAILWAY to Ebnat, 151/2 M., in 1 hr. (2nd cl. 1 fr. 95, 3rd cl. 1 fr. 40 c.).

— From Ebnat to Buchs, 23 M., diligence twice daily in 51/4 hrs. (5 fr. 70 c.; coupé 7 fr. 60 c.). Carr. with one horse from Wildhaus to Gams 8, to Buchs 9, to Ebnat 14 fr.

Wil, on the Winterthur and St. Gallen line, see p. 58. The train traverses the Toggenburg, the busy and populous valley of the Thur.

The ancient county of Toggenburg was purchased in 1469 by the Abbots of St. Gallen. The people having afterwards embraced Protestantism, they were persecuted by the abbots. This gave rise early in the 18th cent. to the Toggenburg War, in which the Roman Catholic cantons espoused the cause of St. Gallen, while the Protestants took the part of the Toggenburgers. In 1712 the Catholics were defeated at Villmergen in the Aargau; and a general peace secured to the Toggenburgers full enjoyment of their ancient liberties.

41/2 M. Bazenhaid; opposite is Jonswil, with a new church. Opposite (6 M.) Lütisburg we cross the Guggerloch by a viaduct 170 yds.

long and 190' high. 8 M. Bütschwil; 91/2 M. Dietfurt.

 $10^{1}/_{2}$  M. Lichtensteig (pop. 1529; \*Krone), a pleasant little town on a rocky height, with a modern Gothic church. The healthresort of Krinau (2625'; pens.  $2^{1}/_{2}-3^{1}/_{2}$  fr.) lies 3 M. to the W. On a hill to the E. ( $1^{1}/_{4}$  hr.) is the ruin of Neu-Toggenburg (3565'), a fine point of view.

 $12^{1}/_{2}$  M. Wattwil (2027'; pop. 4985; Rössli, R.  $1^{1}/_{2}$ -21/2, pens. 4-6 fr.; Toggenburg), a charming village, with a new church. On a hill to the right is the nunnery of St. Maria der Engeln, and above it the ruin of Yberg. — Diligence to Utznach (p. 52) four times daily.

151/2 M. Ebnat-Kappel is the last station. The village of Ebnat  $(2106'; *Krone, R. 1^{1}/_{2}-2^{1}/_{2}, B. 1, D. 2^{1}/_{2}, pens. 4-5 fr.; *Adler;$ Rosenbühl, a restaurant with view) is a thriving place (2654 inhab.):

1 M. to the N.W. is Kappel (Traube; Stern).

The \*Speer (6415') is ascended through the Steinthal in 5 hrs. (rather trying near the top; guide 7 fr., advisable, comp. p. 53); from Neu-St-Johann or Nesslau (see below), by the Alp im Laad and the Herren-Alp in 5 hrs. (guide); or from Stein in 4 hrs. (guide).

The ROAD ascends on the right bank of the Thur via Krummenau (2385'), where the 'Sprung', a natural rock-bridge, crosses the stream to Neu-St-Johann (Schäfle), with an old abbey, and (41/2 M.) Nesslau (2470'; \*Traube, R.  $1^{1}/_{4}$ - $1^{1}/_{2}$ , pens.  $4^{1}/_{2}$ - $5^{1}/_{2}$  fr.; Stern;

Krone), with a pretty church.

To URNASCH OVER THE KRATZERN PASS (41/2 hrs.), interesting. A road from Neu-St-Johann ascends the Lauter-Thal, by Ennetbühl and the Rietbad (2800'; R. 1½, B. 1, D. 2, pens. 5-6 fr.), to the (1½ hr.) Alp Bernhalden (3402'). Then a path through the Krätzernwald to the Krätzern Pass (3936'), and across the pastures of Krätzern to the (2 hrs.) Rossfall-Alp (inn), whence a road leads to (1 hr.) Urnäsch (p. 58). — Ascent of the Sentis (p. 66) from Nesslau, 6 hrs.: from (11/2 hr.) Bernhalden (see above) in 3/4 hr. to the Alp Gemeinen-Wesen (4210'); thence to the Thierwies Club Hut and (4 hrs.) the top (p. 67).

The scenery becomes more interesting. The road leads past a fine fall of the Weisse Thur to (21/4 M.) Stein (2755'; Ochs) and (21/4 M.) Starkenbach (Drei Eidgenossen., pens. 31/2-4 fr.), a straggling village. To the right is the ruin of Starkenstein. (Over the Amdener Berg to Weesen, see p. 53; guide to the pass advisable.) Passing  $(1^{1}/_{2} \text{ M.}) \text{ Alt-St-Johann } (2930'; \text{ Rössli, pens. 5 fr.}) \text{ and } (3/_{4} \text{ M.})$ Unterwasser (Stern; Traube), prettily situated at the sources of the Thur, we ascend to —

 $30^{1}/_{2}$  M. Wildhaus (3600'; \*Hirsch, B. 2-3, B. 1, pens. 5 fr.; Sonne; Tell). A little before the village, on the right, is the wooden house, blackened with age, in which Zwingli (p. 78) was born in 1484. Beyond the village we obtain a survey of the seven Curfirsten

(p. 53); still better from the (3/4 hr.) Sommerigkopf (4317').

Ascent of the Sentis from Wildhaus or Alt-St-Johann (viâ the Flis-Alp and the Schafboden in 6 hrs., with guide; toilsome), see p. 67. — To Weissbad by the Kraialp, the Fählensee, and Sämbtis-See (7 hrs.), see p. 67. — To Walenstadt over the Käserruck, 6 hrs., see p. 55.

The road descends past the ruin of Wildenburg through the wooded Simmi-Tobel, finally describing a long bend (short-cut for walkers to the right), to (331/2 M.) the station of Zollhaus and (351/2 M.) Gams (1575'; \*Kreuz, unpretending, carriages for hire), in the Rhine Valley. We then follow the road to the right, via Grabs and Werdenberg, to -

 $38^{1}/_{2}$  M. Buchs (station  $^{1}/_{2}$  M. farther on, p. 70).

#### 20. Ragatz and its Environs.

Hotels (most of them open during the season only). "Quellenhof (Pl. a), R. from 5, B. 1½, déj. 4, D. 5-6, pens. 10-18 fr.; "Hof Ragatz (Pl. b), R. from 4, B. 1½, D. 5, pens. 9-16 fr.; "Hôtel Tamina (Pl. c) and "Schweizerhof (Pl. d), R. from 4, B. 1½, D. 4, S. 3, pens. from 7 or 8 fr.; "Hôtel Tamina (Pl. c) and "Schweizerhof (Pl. d), R. from 4, B. 1½, D. 4, S. 3, pens. from 7 or 8 fr.; "Hôtel Tamina (Pl. c) and "Schweizerhof (Pl. d), R. from 4, B. 1½, D. 4, S. 3, pens. from 7 or 8 fr.; "Hôtel Pens. Lattmann (Pl. i), R. 2-4, B. 1, D. 2½, S. 1½, pens. 7-9 fr. (open in winter also); "Krone (Pl. e), with dépendance (Villa Louisa), R. 2½-4, B. 1¼, D. 3, S. 2½, pens. 7-12 fr. (open in winter also); "Bayerischer (Pl. g); "Hôt. National (Pl. l), R. 2-2½, B. 1½, S. 2½, pens. 7-10 fr.; Freieck (Pl. g); "Hôt. National (Pl. l), R. 2-2½, B. 1, D. 2½, S. 2, pens. 5½-6½ fr.; Ochse, R. 1½-2, pens. 5-6 fr., very fair. — Near the station (1 M. from the town): "Rosengarten, R. 2½, B. 1¼, D. 3, pens. from 7 fr. (open in winter also). — Pensions. Post, pens. 6 fr.; "Home Villa; Friedthal (Pl. h), pens. 5-6 fr.; Hôtel-Pension Wartenstein (p. 75).

Restaurants. Cursaal, see below (Munich and Pilsen beer); Munich beer also at the Schweizerhof, National, Krone, and Scholl's (see above); Nussbaum, Churer-Str.; Löwe and Kreuz, with gardens. Felsenkeller, 1/4 M. from the town, on the way to the Freudenberg (see below).

Post Office (Pl. 6), near the Dorfbad. — Telegraph Office (Pl. 7), opposite the Krone.

Omnibus from the station to the village of Ragatz 75 c., trunk 25 c.— Carriage, with one horse, from Ragatz to Bad Pfäfers and back, with halt of 2 hrs., for 1-2 pers. 7, 3-4 pers. 10 fr., and fee; to Wartenstein and Dorf Pfäfers 8 or 14, Vättis 18 or 25, Maienfeld 6 or 10, St. Luziensteig 10 or 15 fr.

Baths. Properties of the water, see p. 74. The Mühlbad (Pl. 4), Neubad (Pl. 2), and Helenabad (Pl. 3) are near the Curhaus; the Dorfbad (Pl. 5), with a Trinkhalle, in the Eisenbahn-Strasse, between the Schweizerhof and the Tamina Hotel. Charge 2-2½ fr. per hr.; warm towels 20 c. extra. — Swimming Bath, on the right bank of the Tamina (84° Fahr.; 2 fr. in the morning, 1 fr. in the afternoon; swimming-drawers 20 c., full suit 50 c.); open for ladies 8-10, 11-1, and 4-6.

In the Cur-Garten is the Zander Institute (Dr. F. Bally), for 'Swedish gymnastics', the electrotherapic treatment, and massage. Adjacent is a

new Hudropathic,

Visitors' Tax 3 fr. per week for each person. — Music in the morning, afternoon, and evening, alternately in the Cur-Garten (or Cursaal), the Badhalle at the Dorfbad, or the Hof Ragatz.

English Church Service in summer.

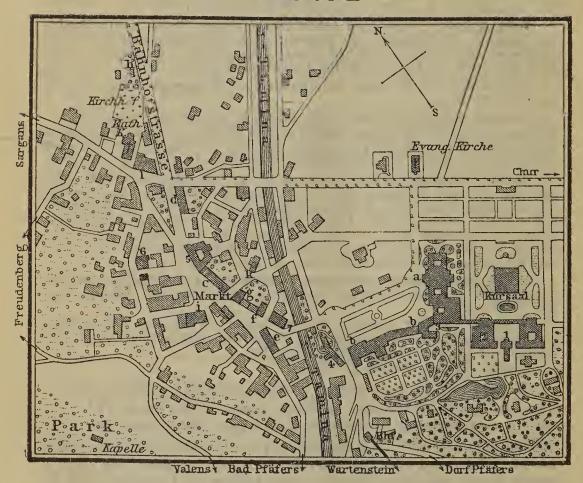

Ragatz (1710'; pop. 1861), prettily situated on the boisterous  $Tam\bar{\imath}na$ , which falls into the Rhine lower down (see p. 70), is a famous watering-place and one of the most frequented resorts in Switzerland (50,000 visitors annually). The chief rallying-points are the Cursaal, with the Cur-Garten and the Baths (see above), which receive the mineral water from Pfäfers by a conduit,  $2^{1}/_{2}$  M. long. Music, see above. The open colonnade on the E. side of the Cursaal affords a fine view of the Falknis.

In the S.E. corner of the Cemetery, close to the Bahnhof-Str., is the monument of the philosopher Schelling (d. at Ragatz in 1854), with a bust. — By the last houses (1 M.) on the Sargans road a path ascends to the left through vineyards to (½ M.) the ruined castle of Freudenberg (915'), with a fine view of the Rhine Valley. We return by a road on the hillside, between houses and gardens.

\*Bad Pfäfers or Pfävers (1 hr.) is one of the most curious spots in Switzerland. It lies in the narrow gorge of the Tamīna, a glacier-

torrent, on the brink of which the good but narrow road (walking recommended) gradually ascends through wood, flanked by sombre schist cliffs, 500 to 800' high. Near the (2 M.) Schwattenfall Restaurant a footpath leads to the left across the Tamina and then ascends to Valurgut and (1/2 hr.) Wartenstein (see p. 75). Farther on (1/2 M.), just before the road passes through a rocky gateway, is another path (shady and picturesque, but steep), leading to (3/4 hr.) the village of Pfäfers (p. 75). Both these paths are slippery in wet weather.

# RAGAZ

The Pfäfers Bathing Establishment (2245'), in a shady spot at the mouth of the ravine in which the springs rise, enjoys the most bracing air and is admirably adapted for patients in search of rest and quiet (pens. 6-9 fr.). The charge for private baths is 1 fr., for public baths 50 c. Temperature of the water 97° Fahr. Electrical and massage treatment (Dr. Kündig). Band thrice a week in the afternoon and evening. The season lasts from June 1st to Sept. 15th.

The clear and copious hot springs (99-102°), free from taste and smell, are slightly impregnated with carbonate of lime, chloride of sodium, and magnesia, resembling those of Gastein and Wild-

bad. They rise about 1/4 M. above the bath-house in the narrow and gloomy \*Tamina Gorge (30-50' wide). Tickets for the gorge and the springs (1 fr.; fee to attendant 1/2 fr.; umbrellas advisable, on hire for 20 c.) are sold in the chief corridor of the bath-house, to the right. The pathway to the springs, resting on the rock or on masonry, 30-40' above the torrent, passes under the 'Beschluss' (see below). In 6 min. we reach a small terrace, on the E. side of which the attendant opens a door. Laying aside hat and overcoat, we enter a narrow shaft, filled with vapour, and after 40 paces expanding to a cavern, where the spring rises in a cavity, 10' deep, protected by a parapet (about 750 gallons per minute). - From the Ragatz station to the springs and back, 3 hrs. on foot, or 2 hrs. by carriage (p. 73).

FROM THE BATHS TO THE VILLAGE OF PFÄFERS (11/4 hr.). The path ascends to the right in windings; after 1/4 hr., by a finger-post, where the path to the right leads to Valens (see below; 10 min. from the Bad is the 'Calanda-Schau'). we descend to the left and (5 min.) cross the Tamina by a natural bridge, called the 'Beschluss', 230' above the springs. We now ascend a steep path on the right bank, cut in steps, and slippery in wet weather, to a (20 min.) meadow; then either ascend (finger-post) to (10 min.) an auberge on the road leading to the right to Vättis (p. 76) and to the left to the village of Pfäfers; or (preferable) ascend by the footpath to the left, through meadows and wood, to the (1/4 hr.) road,

11/4 M. from the village of Pfäfers.

A Cable Tramway, starting every 1/2 hr., ascends from behind the Hôtel Hof Ragatz in 10 min. (gradient 27:100; 2nd cl. 1 fr., 3rd cl. 60 c.; return-ticket 1 fr. 30, 80 c.) to the \*Hôtel-Pension Wartenstein (2463'; R. 21/2-41/2, B. 11/4, D. 31/2, S. 3, board 5 fr.), a health-resort with a garden, affording a splendid view of the Rhine Valley as far as the Curfirsten to the N.W. (p. 53). Below are the ruin of Wartenstein and the Chapel of St. George. - The Village of Pfäfers (2696'; Adler, R. 2-3, B. 1, D.  $1^{1}/_{2}$ , pens. from. 5 fr.; Löwe, R.  $1^{1/2}$ - $2^{1/2}$ , pens.  $3^{1/2}$ -5 fr.; Taube, well spoken of) lies 3/4 M. farther up, on the top of the hill (road from Ragatz, 21/2 M.). The once powerful Benedictine Abbey of Pfäfers was converted into a lunatic asylum (St. Pirminsberg) in 1838. The Tabor (2765'), a hill 1/4 hr. to the N. of the abbey, also affords a fine view.

EXCURSIONS FROM RAGATZ. The nearer excursions are all provided with sign-posts. — The Guschenkopf (2468'), a wooded hill to the W. of Ragatz, may be reached in 40 min., either by a path on the S. side, or by one on the W. side (diverging to the left from the road to Freudenberg, before the 'Felsenkeller'). Fine view of Ragatz, the Rhine Valley, the Appenzell and Prätigau Mts., the Graue Hörner, and the Calanda. — To Maienfeld (1½ M.; by the new Rhine bridge), see p. 70; St. Luziensteig (direct path by the railway-bridge 3 M., road viâ Maienfeld 4½ M.), see p. 70. — The Prätigau (Seepis, Valzeing etc.) see R. 90

p. 70. — The Prätigau (Seewis, Valzeina, etc.). see R. 90.

\*Pizalun (4860'; 3 hrs.; guide, advisable for novices, 6 fr.), a splendid point of view. From (25 min.) Dorf Pfäfers partly through wood viâ Molinäris and Furggels to the pastures of (1 hr.) St. Margretenberg (4130'), then to the left, and lastly by steps in the rock to the (1 hr.) top.

To Valens (3018'; Zum Frohsinn) from Bad Pfäfers, 1/2 hr. (to the right at the finger-post mentioned above). On leaving the wood, the point of view called the Calanda-Schau affords a striking view of the Tamina Valley, with the Calanda in the background to the left, and the Monteluna and the

Graue Hörner to the right. Below the church a path crosses the deep Mühletobel to (1/2 hr.) Vasön (3045'), amid sunny pastures, whence a road leads through the Tamina valley to the (11/2 M.) road to Vättis (see below). — Ascent of the \*Vasanenkopf (6675'), from Valens, easy (31/2 hrs.; guide 8 fr.). Across pastures to the Lasa-Alp (6145'; club-hut) 3 hrs.; thence to the right to the top 1/2 hr. (wide view; still finer from the Schlösslikopf, 7295', 1 hr. from the Lasa-Alp, guide 9 fr.). Rich flora. — \*Monteluna (7955'), 4 hrs. from Valens by Vasön and the Alp Vindels (5410'), also easy and interesting (guide 12 fr.). — The ascent of \*Piz Sol or Pizol (9345'), the highest of the Graue Hörner, is grand and interesting, but trying (7 hrs.; guide 17 fr.). From (3 hrs.) the Lasa Alp (see above) we ascend to the (2 hrs.) Wildsee (7990'), beyond which we clamber over rocks and snow to (2 hrs.) the summit. The magnificent view includes the Appenzell, Vorarlberg, and W. Tyrolese Alps, the Rhætikon, the Grisons Alps with the Silvretta and Bernina groups, the Glarus, Uri, Unterwalden, and E. Bernese Alps, and the valley of the Rhine. We may descend viâ the Zanay Alp to (3 hrs.) Valens (p. 75), or viâ the Alp Lavtina to (31/2 hrs.) Weisstannen (p. 55) and (2 hrs.) Mels.

FROM RAGATZ TO VÄTTIS, 10 M., diligence twice daily in summer in 3 hrs. (fare 3 fr. 15 c.; two-horse carr. there and back 25 fr.). The road leads from the village of Pfäfers on the E. side of the deep Tamina Valley, of which picturesque glimpses are obtained. After 1½ M. the path to the Baths of Pfäfer diverges to the right (p. 74); farther on the road passes the hamlets of Ragol (opposite Valens) and Vadura (opposite Vasön, at the foot of the Monteluna, see above), and skirts the precipitous slopes of the Calanda. The valley expands beyond the narrow ravine of St. Peter, 1½ M. from Vättis (3120'; \*Hôt.-Pens. Calanda, R. 1½-2, B. 1, D. 2½-3½. S. 1½-2½, pens. 4-6 fr.; \*Curhaus Vättis; \*Tamina, plain, pens. 4 fr.; Zur Lerche), a large village and summer-resort, beautifully situated at the foot of the imposing Calanda and near the mouth of the Calfeisen-Thal

(p. 77).

Walks may be taken to (20 min). Vidameida; to (1 hr.) the Gnapperkopf (3680'), an old silver mine with several ruined shafts, where interesting mineral specimens may be found; thence to the (1 hr.) Alp Schröter (49(0') and the (1 hr.) Alp Salaz (5870'), with fine view. — The Vättnerberg (5.25'; 2 hrs.; fatiguing) is better ascended from Valens viâ Vasön (see above); thence to the Monteluna (see above), 2 hrs. — To the (4 hrs.) Drachenloch (7875'), on the Drachenberg or Draggaberg, also fatiguing (guide desirable); fine felspar and stalactites. — Ascents (guides, Jos. Sprecher, David Kohler sen. and jun.). Calanda (9210'), 7-8 hrs. (guide 15 fr.); path marked in blue; rather tiring but very remunerative (comp. p. 384). — Simel (1710'), viâ the Ramuz Alp, in 4 hrs., easy (guide 8 fr.); Elplikopf (8590'), viâ the Vättner Elpli in 5 hrs., also easy (guide 10 fr.); Zanayhorn (9270'), viâ the Calvina Alp in 6 hrs. (guide 17 fr.); Sazmartinhorn (9345') and Piz Sol (Pizol; 9345'; see above), viâ the Tersol Alp, in 6-7 hrs. (guide 17 fr.), these three somewhat troublesome. The Panärahörner (10,040' and 10,190'; 7-8 hrs.; guide 25 fr.) are best ascended from the S. by the Grossalp and the Lavoi-Thal (very attractive, with magnificent views). — The \*Ringelspitz or Piz Bargias (10,665'; 8 hrs.; guide 30 fr.) is troublesome, but offers no serious difficulties to experts under favourable conditions of the snow. The ascent is usually made from the N. by the Calfeisen-Thal and the (2½-3 hrs.) Alp Schräa-Wiesli (5675'; club-hut), and thence by the Glaser Glacier or Riesegg to the (5-6 hrs.) summit. The ascent from the S.E., either by the Grossalp Lavoi-Thal, and Tschepp, or by the Taminser Glacier, is easier. Magnificent panorama of Eastern Switzerland. — The Glaserhorn (10,250'; guide 25 fr.) and the Tristelhorn or Piz da Sterls (10,220'; guide 25 fr.) are also ascended from the Schräa-Wiesli Alp, and are both difficult.

FROM VÄTTIS TO REICHENAU OVER THE KUNKELS PASS (3-31/2 hrs.; guide not essential). The route, which is practicable for carriages to the top of the pass, crosses the Görbs three times, and ascends, generally on the E. side of the valley. The chalets of the upper valley are collectively called Kunkels. On reaching the (2 hrs.) Kunkels or Foppa Pass (4433'), we turn abruptly to the left and enter the defile of La Foppa. (About 5 min. to the right of the path a superb view of the Rhine Valley may be obtained.) Then a steep and stony descent to Tamins and (1½ hr.) Reichenau (p. 398).—From the top of the pass an attractive path leads to the N. to the (2 hrs.) Taminser-Aelpli (6560'), at the S. end of the Calanda, with a magnificent view.

FROM VÄTTIS TO FLIMS OVER THE TRINSER FURKA, 9-10 hrs. (guide 25 fr.), trying but remunerative. We ascend to the W. through the imposing Calfeisen-Thal to (2 hrs.) St. Martin (4430'; hence by the Heidel Pass to Weisstannen, see p. 55; viâ the Haibützli Pass to Elm, see p. 86). From St. Martin we may either follow the right bank, viâ Schräa, Tiefenwald, and Ebne, or the left bank, viâ the Malanser-Alp, to (2 hrs.) the grandly situated Sardona-Alp (5735'), whence a steep path leads upwards to the S.W. to the (2 hrs.) Trinser Furka (8165'), to the N.E. of the Trinser Horn (9935'). We then descend to the Trinser-Alp and round the E side of the (9935'). We then descend to the Trinser-Alp and round the E. side of the Flimserstein (p. 401), via the alps of Bargis and Fidaz, to (3 hrs.) Flims (p. 401); or we may skirt the Trinser Horn to the right and reach Flims via Segnes Sura and the Segnes Club Hut. - At the head of the valley, 11/2 hr. from the Sardona Alp, is the Sardona Club Hut (7350'; inn in summer), whence experts may climb the Saurenstock or Piz Sardona (10,020'; 3 hrs.; guide 23 fr.), the Grosse Scheibe (9585'; 2½ hrs.; guide 20 fr.), the Piz Segnes (10,175'; 3½ hrs.; guide 25 fr.), the Trinser Horn or Piz Dolf (9935'; 3½ hrs.; guide 22 fr.), and other peaks. — The route over the Sardona Pass (9315') to Segnes Sura and Flims, and that over the Scheibe Pass (ca. 8530'), to the right of the Vordere Scheibe, to the Foo-Alp and Elm or Weisstannen, are both troublesome: the route will the Saudena Pass and the Saurenisch both troublesome; the route via the Sardona Pass and the Saurenjoch (9380') to the Falzüber-Alp and Elm is difficult (see p. 87).

#### 21. From Zürich to Glarus and Linthal.

53 M. RAILWAY (Nordostbahn) to Glarus (43 M.) in  $1^2/_3-2^1/_2$  hrs. (7 fr. 20, 5 fr. 5, 3 fr. 60 c.); from Glarus to Linthal (10 M.) in 40-50 min. (1 fr. 60, 1 fr. 15, 80 c.). (From Weesen to Glarus,  $8^1/_2$  M., in 25 min.; 1 fr. 25, 90, 65 c.) Carriages are usually changed at Glarus.

To (351/2 M.) Ziegelbrücke, see pp. 49-51. We cross the Linth Canal (p. 52); on the right, the Wiggis and Glärnisch (p. 78). 37 M. Nieder- and Ober-Urnen; 39 M. Näfels-Mollis, junction for

 $(2^{1/2} \text{ M.})$  Weesen (p. 52).

Näfels (1434'; 2557 inhab.; \*Schwert, R.  $1^{1}/_{2}$ -2, B. 1, D.  $2^{1}/_{2}$ , S.  $1^{1}/_{2}$ , pens.  $4^{1}/_{2}$  fr.; Schützenhof, R.  $1-1^{1}/_{2}$ , D.  $1^{1}/_{2}$ , pens.  $3^{1}/_{2}$  fr.; Hôtel & Café National; Landolt's Restaurant, near the station) and Ober-Urnen are the only Roman Catholic villages in Canton Glarus. The church is the finest in the canton. The well-preserved Freuler Palace, now a poor-house, contains some interesting Renaissance rooms, and on the groundfloor is a Collection of Antiquities made by the local historical society (adm. 50 c.). On 9th April, 1388, the natives here shook off the Austrian yoke. In the Rautifelder, where eleven attacks took place, stand eleven memorial stones (monument in the Sändlen). The peasants of the district make a pilgrimage to the spot on the first Thurs. in April. - On the right bank of the Escher Canal lies Mollis (1470'; 1915 inhab.; Bär; \*Löwe, R.  $1^{1/2}$ -2, B. 1, D.  $1^{3/4}$ , S.  $1^{1/2}$ , pens.  $4^{1/2}$ -5 fr.), an in-

dustrial village. (Over the Kerenzenberg to Mühlehorn, see p. 53.)

EXCURSIONS (guide, M. Hauser). The Rautispitz (7493'), the summit of the Wiggis Chain, is ascended from Näfels in 5-5½ hrs. (interesting; no difficulty; guide 10 fr.). On the right bank of the Rautibach, with its numerous falls, we ascend in zigzags, crossing the Tränkibach, to (1 hr.)

Brand (2510'). Hence a road leads through wood and past the Haslen-See (2460') to the (3/4 hr.) small Curhaus Oberseethal (3115'; pens. 31/2 fr.) and to the (20 min.) charming Obersee (3225'). We skirt this lake to the left, and ascend through wood to the Grappli-Alp (4730') and (2 hrs.) Rauti-Alp (5400'; shelter-hut), and in 11/2 hr. more to the top, which slopes gradually on the W. side (beautiful view). — A rocky arête 1 hr. long, traversed by a dizzy path, connects the Rautispitz with the Scheye (7420'), the second peak of the Wiggis. The Scheye is also ascended from Vorauen (n. 85) by the Längenegg Alm (11/2 hrs.) or from the Kläntheler See (n. 86) (p. 85) by the Längenegg-Alp (4<sup>1</sup>/<sub>2</sub> hrs.), or from the Klönthaler See (p. 86) by the Herberig and the Deyen-Alp (4 hrs.), or from Netstal by the Auern-Alp (5 hrs.; guide 10 fr.). — The attractive route from the Obersee to (4<sup>1</sup>/<sub>2</sub> hrs.) Vorauen (p. 85) viâ the Lachen-Alp (5120') and the Längenegg-Alp (5257') affords a picturesque view of the Glärnisch and other peaks.

41 M. Netstal (1485'; pop. 2010; St. Fridolin; Bär; Schwert), a large village, lies at the E. base of the Wiggis (see above). The Löntsch (p. 86) falls into the Linth here (road to the Klönthal,

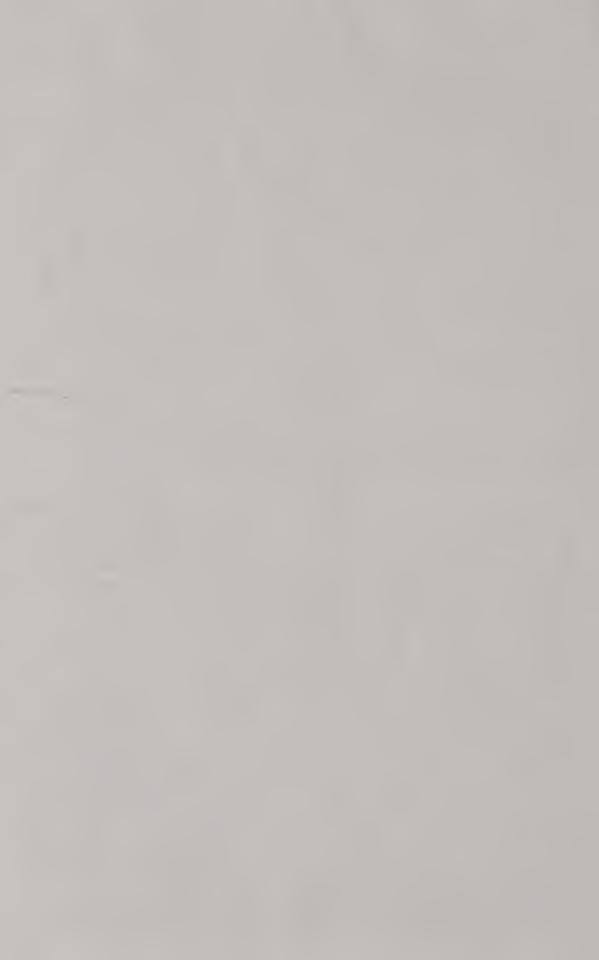

see p. 86).

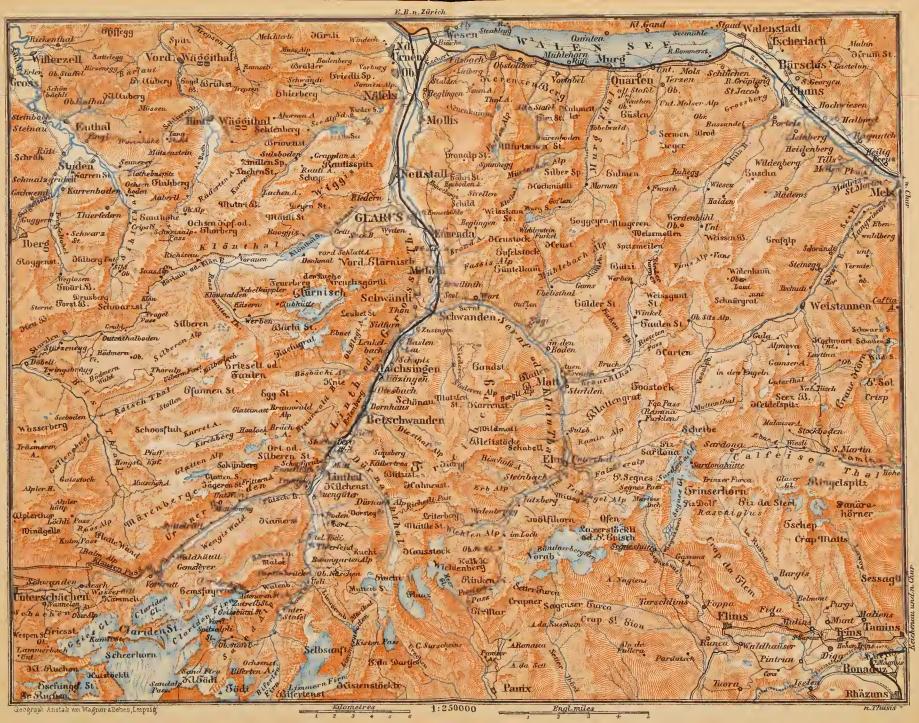

43 M. Glarus. — \*Glarner Hof, at the station, R. 21/2-5, B. 11/2, D. 3 fr.; \*Drei Eidgenossen, R. 2, B. 1 fr.; Löwe; Sonne, R.  $1^{1/2}$ , pens.  $4^{1/2}$  fr.; Schweizerhof; Hôtel Bahnhof, R.  $1^{1/2}$ , pens. 5 fr. — Beer at the Sonne and the Hôtel Bahnhof. — Summer Restaurant on the Bergli (1883'), 20 min. to the W. of the town, an admirable point of view (adm. 20 c. for those who do not order refreshments).

Glarus (1490'; pop. 4896), Fr. Glaris, the capital of the canton, with busy industries, lies at the N.E. base of the precipitous and imposing Vorder-Glärnisch (7648'), at the W. base of the Schild (7500'), and at the S.E. base of the Wiggis (see above), the barren, grey summits of which form a striking contrast to the fresh green on their slopes. The Kärpfstock (9180') forms the background to the S.; to the right, the Hausstock (10,340'), to the left, the Gandstock (7600'). In 1861, during a violent 'Föhn' (S. wind), the greater part of the town was burned down. The new Romanesque Church is used by the Roman Catholics and the Protestants in common. In 1506-16 the reformer Zwingli was pastor at the old church, burnt in 1861. Its site is now occupied by the Law Courts, which contain the Cantonal Archives, the Public Library, and a small Gallery of Pictures, chiefly by Swiss artists (adm. 50 c.). In the new Post Office Building are collections of antiquities and natural curiosities (fine fossils). The Town Hall contains an excellent relief-model of the canton of Glarus by F. Becker and a relief of the Elm Landslip by Prof. A. Heim (adm. free). The Public Gardens contain memorials to the statesmen J. Heer (d. 1879) and J. J. Blumer (d. 1876), natives of Glarus. — On the opposite bank of the Linth lies the industrial village of Ennenda (Freihof; Stern), with 2497 inhabitants.

EXCURSIONS (guides, see p. 80). Pretty walk (road) viâ Schweizerhaus to (31/2 M.) Schwändi (see p. 79). — The Schild (7500'; 51/2 hrs.; guide 8 fr.). The path from Glarus leads through wood and pastures, and over the

Ennetberge, to the (3 hrs.) Heuboden-Alp (4770'); then to the right, without difficulty, to the top (21/2 hrs.). Admirable view of the Mürtschenstock, Tödi, and Glärnisch. — The Fronalpstock (6980'; 4 hrs.; guide 7 fr.; similar view) is easily accorded by the Ennetberg and the Fronalp. — To the MURGTHAL from the (3 hrs.) Heuboden-Alp, by the Mürtschen-Alp (Oberstafel, 6063'), see p. 54 (to the Merlen-Alp direct, 2 hrs.; over the Murgsee-Furkel to the Murgseen, 2½ hrs.; guide 10 fr.). — To Obstalden (8 hrs.; guide, 8 fr., unnecessary for experts), a fine route: we cross the Fronalp (Mittlere 5193', Obere 6039'), pass between the Fronalpstock and Fähristock to the (5 hrs.) Spannegg (5108'), skirt the little Spannegg-See (4757'; with the Mürtschenstock on our right, p. 54), and descend the Platten-Alp to the Thalalp-See (3610') and (3 hrs.) Obstalden (p. 54). — The Vorder-Glärnisch (7648'; 5½-6 hrs.; guide 10 fr.), from Glarus viâ Sackberg and through the Gleiter Ravine, laborious, for experts only; steep descent by Mittel-guppen to (3½ hrs.) Schwändi (see below).

The Klönthal (p. 86) as far as Richisau deserves a visit. Good road

The Klönthal (p. 86) as far as Richisau deserves a visit. Good road to the Klönthaler See 4½ M., thence to Vorauen 4½ M., to Richisau 6 M. (one-horse carr. there and back 18, two-horse carr. 25-32 fr.).

From Glarus over the Pragel to Schwyz, see R. 23.

The railway to Linthal crosses the Linth six times. 43 M. Ennenda (p. 78). Near (45 M.) Mitlödi (1665'; Stern, plain, good wine), and beyond it, we obtain a superb view of the Tödi and its neighbours. On the right bank lies Ennetlinth. The fertile valley with its factories contrasts picturesquely with the mountains.

461/2 M. Schwanden (1690'; Rail. Restaurant; \*Schwanderhof; Freihof; Adler, R. 11/2-2, pens. 5-6 fr.; Restaurant Tschudi), with 2400 inhab. and large factories, lies at the mouth of the Sernf-Thal

(p. 86).

Pretty walk (road viâ Thon 1½ M., direct path 25 min.) to Schwändi (2360'; Krone), with a splendid view of the Tödi and Selbsanft. — From Schwändi to the Oberblegi-See (see below) by the Guppen-Alp (5480') and Guppen-Seeli, 4 hrs.

We cross the Linth below the influx of the Sernf. 471/2M. Nitfurn-Haslen; to the E., 2 M. higher up, is the plain Curhaus Tannenberg (view). Farther on is Leuggelbach (Höflibad, with restaurant and garden), with a fine waterfall on the right. — 50 M. Luchsingen-Hätzingen (1873').

From Luchsingen or Nitfurn a pleasant excursion to the (2½ hrs.) Oberblegi-See (4680'), at the foot of the Bächistock (p. 85); descent by the Bösbächi-Alp and Braunwald to (3 hrs.) Stachelberg. Fine view of the Tödi

group, etc.

We cross the Linth to (51 M.) Diesbach-Betschwanden (1958');

on the left, the picturesque fall of the Diesbach.

The Saasberg (7227'), a spur of the Freiberg Range, is ascended from Betschwanden, Rüti, or Linthal in 4½ hrs. (guide 8 fr.); striking view of the Tödi, etc. — Kärpfstock (Hochkärpf, 9180'; 7-8 hrs.; guide 15 fr.), laborious, for experts only, from Betschwanden or Rüti, vià Bodmen-Alp and Kühthal.

Beyond (52 M.) Rüti we cross the Linth for the last time. 53 M. Linthal, the terminus, on the left bank. To the N. (1/4 M.) are the favourite \*Baths of Stachelberg (2178'; R.  $2^{1}/_{2}$ -5, B.  $1^{1}/_{2}$ , D. 4, S.  $2^{1/2}$ , board 5-61/2 fr.; visitors' tax 1 fr. per week), beautifully situated. The powerful sulphureous alkaline water trickles from a cleft in the Braunwaldberg 11/2 M. distant. \*View of the

head of the valley: in the centre the Selbsanft (9935'); to the right the Kammerstock (7100'), and adjoining it part of the Tödi (11,887') to the left; between the latter and the Bifertenstock (11,240') lies the Biferten Glacier. Pleasant walks on the wooded hillside. — English Church Service at the hotel in summer.

Above the station, on the left bank of the Linth, is *Ennetlinth*, with large spinning-mills. On the right bank lies (3/4 M.) Linthal  $(2238'; *Rabe, \text{R. } 1^1/2 - 2^1/2, \text{ B. } 1, \text{ D. } 2, \text{ pens. } 6 \text{ fr.}; *B\ddot{a}r \text{ or } Post, \text{ R. } 2, \text{ B. } 1, \text{ pens. } 7 \text{ fr.}; Adler; Drei Eidgenossen, well spoken of; Klausen, near the station, R. <math>1-1^1/2$ , B.  $1 \text{ fr.}; Caf\acute{e} National$ ), a

large village (1896 inhab.).

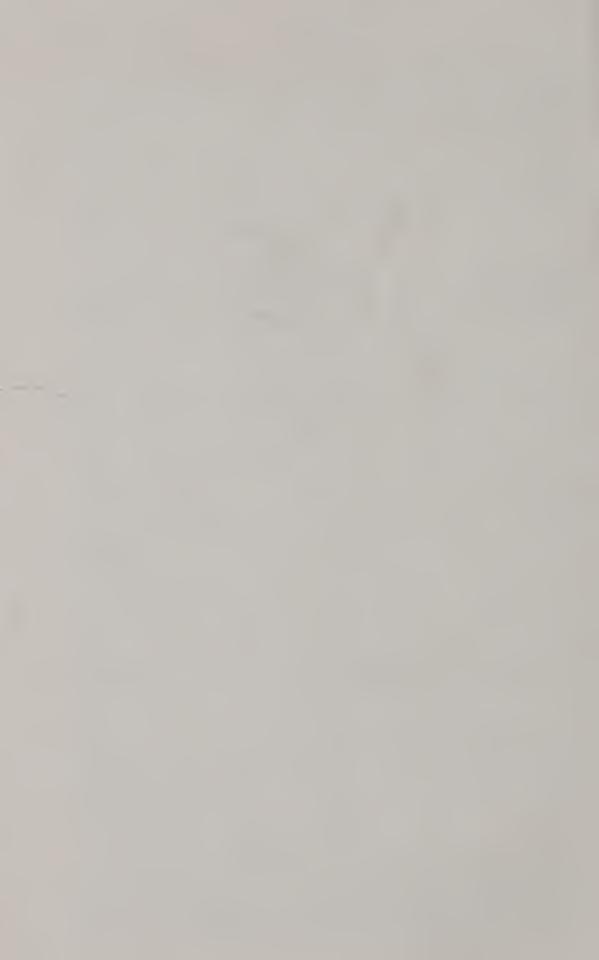

EXCURSIONS (guides: Leonh. Indermauer of Glarus; Melchior Jenny of Schwändi; Abr. Stüssi at the Glärnisch-Hütte, p. 86; Fritz Zweifel, Heinrich Schiesser, Rob. Hämig, Thom. Wichser, Fritz Vögeli, and Tobias Indergand of Linthal; Hilarius Rhyner of Elm). The "Lower Fätschbach Fall is reached by a good path on the left bank of the Linth in 1/2 hr.; or we may follow the road to the Thierfehd (see below) on the right bank for 3/4 M., then diverge to the right, crossing the Linth and the Fätschbach below the fall, and return by the left bank (1 hr. in all). From the fall a footpath ascends to the right to the (1/4 hr.) Inn zum Rämis. on the Klausen road (fine view). The beautiful \*Central Fall (Bergli-Stüber) is best seen from the fifth bend of the Klausen road (p. 82), about 21/2 M. from Linthal; a path descends from the Bergli inn to the foot of the fall. - To the a path descends from the Bergli inn to the foot of the fall. — To the \*Pantenbrücke, \*Üeli-Alp, and Sandalp, see p. 81; also to (1½ hr.) Braunwald (4920'; Niederschlacht and Rubschen inns, pens. 3-4½ fr.), a mountain-hamlet with a magnificent view of the Tödi, best from beside the school, ½ hr. farther on; to the Oberblegi-See (p. 79), etc. — Kammerstock (Thurm; 7100'), by the Kammer-Alp in ½½ hrs., repaying, and not difficult (guide 8 fr.). — Ortstock or Silberstock (8908'), by the Alp Bräch, the Bärentritt, and the Furkeli, 7 hrs., laborious; splendid view (guide 15 fr.). — Grieset or Faulen (8935'), by the Braunwald-Alp, 6 hrs., attractive, and not difficult (guide 15 fr.). The Böse Faulen (9200'), the N. and higher peak of the Grieset, is difficult (6-8 hrs.; guide 30 fr.). These peaks afford an the Grieset, is difficult (6-8 hrs.; guide 30 fr.). These peaks afford an interesting survey of the stony wilderness around. Other fine points are the *Pfannenstock* (8440'; 7 hrs.; guide 17 fr.) and the *Kirchberg* (Hoher Thurm; 8761'; 8 hrs.; guide 20 fr.). From the Faulen viâ the *Dreckloch-Alp* (5560') to the *Glärnisch-Hütte* (p. 86), 41/2 hrs. — Gemsfayrenstock (9758'), not difficult, 7-8 hrs. (guide 20 fr.). We cross the Linth at the Avengüter (see below) and ascend through wood, crossing the Schreienbach and passing the Wangen-Alp, to the (5-6 hrs.) Clarida Club Hut, on the Altenorenstock (7865'); then over the Clariden Glacier to (2 hrs.) the summit. The descent may be made by the Beckenen to (2 hrs.) the Upper Sandalp (p. 81), or by the Gemsfayer-Alp to (2 hrs.) the Urnerboden (see p. 83). — The Clarida Hut is also the starting-point of the ascents of the Geissbützistock (8995'). (8925'; 2 hrs.; guide 15 fr.), the Vordere and Hintere Spitzalpelistock (9245' and 9852'; 2½-3 hrs.; 17 and 20 fr.), the Bocktschingel (10,000'; 3 hrs.; guide 30 fr.; difficult), the Claridenstock (10,730'; 3-4 hrs.; 30 fr.), and the Catscharaul (10,045'; 3½ hrs.; 30 fr.). — Over the Clariden Pass 7 to the Maderaner-Thal, see p. 136 (from the Clarida Hut to the Hüfialp Hut 7-8 hrs.; guide from Linthal 30 fr.).

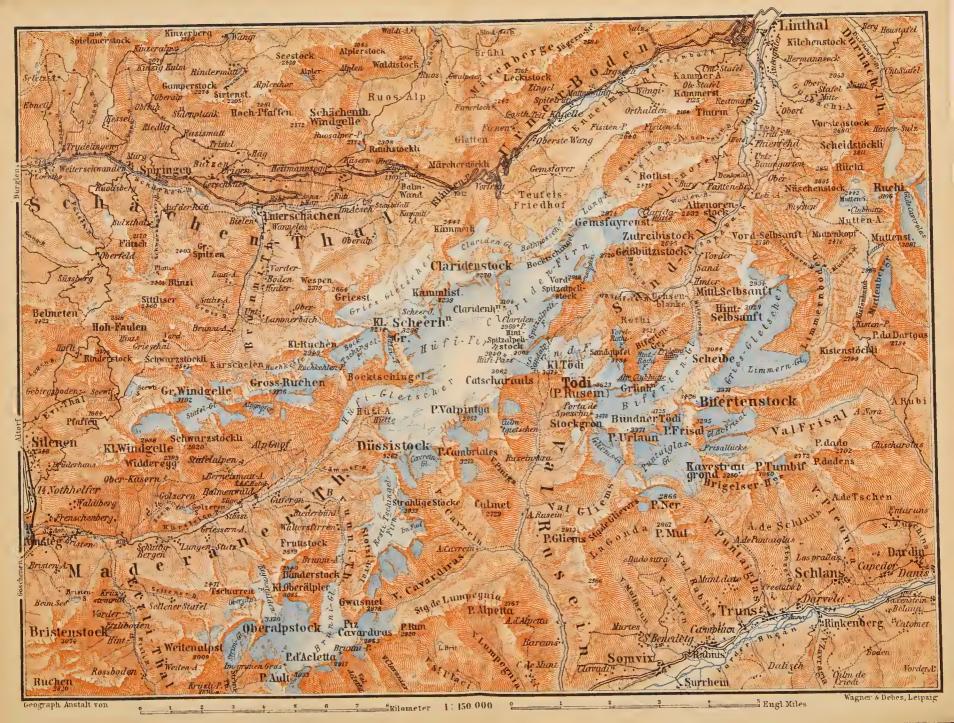

From Linthal to Elm by the Richetli Pass (71/2 hrs.; guide 10 fr.),

see p. 88; through the Bisi-Thal to Muotathal, see p. 84.

A road, at first ascending (view of the \*Fätschbach Fall, see above) and then level, leads from Linthal (one-horse carr. 8 fr., two-horse 12 fr.; whole day 12 or 20 fr.) by the Avengüter (Pens. Freihof; Inn 'Im Auen') to the  $(3^1/2 M.)$  Thierfehd  $(2680'; *Hôtel-Pens. Tödi, R. <math>1^1/2-2^1/2$ , B. 1, D. 3, pens.  $5^1/2-6^1/2$  fr.), a green pasture

surrounded by lofty mountains. On the latter part of the route we have a view of the \*Schreienbach Waterfall (230' high), which the morning-sun tints with rainbow hues. Fine view of the falls of the Linth and of the Panten-Brücke from the \*Känzeli, 1/2 hr. from the inn (rough path).

A few paces from the inn a bridge crosses the Linth, beyond which a good new path ascends for 1/2 hour. On a rock to the left is a slab to the memory of Dr. Wislicenus, who perished on the Grünhorn in 1866. The path then descends a little towards the ravine, turns a corner, and reaches (1/4 hr.) the Panten-Brücke (3212'), 160' above the Linth, amidst imposing scenery. On the right bank a path ascends the grassy slope to the (20 min.) \*Üeli-

Alp (3612'; superb view of the Tödi).

We return by the same path to the Hôtel Tödi; or we may retrace our steps about 30 yds. and ascend to the E. by an ill-defined forest-path to the (11/4 hr.) Lower Baumgarten-Alp (5250'), high above the Thierfehd, with a magnificent view. We may descend a narrow and dizzy path (guide desirable, but not to be had at the Alp, which is usually deserted in summer), skirting the precipice of the *Tritt*, turning to the left, 5 min beyond the Baumgarten-Alp. to (½ hr.) Obort (3425'; Curhaus, rustic, pens. 3½ fr.). and thence to the right via the Auengüter to (1 hr.) Linthal. For persons subject to giddiness this excursion is preferable in the opposite direction: Linthal, Auengüter, Obort, Baumgarten-Alp, Üeli-Alp, Panten-Brücke. — A steep path leads to the E. from the Baumgarten-Alp (guide advisable; to the path leads to the E. from the Baumgarten-Alp (guide advisable; to the Muttsee Hut 10 fr.) along abrupt grassy slopes to (1½ hr.) the rocks of the Thor (6755'); then it bends to the right to (¾ hr.) the Nüschen-Alp (7270'), thence skirting the Muttenwändli to (1½ hr., 6 hrs. from Linthal) the Muttsee Club Hut (5170') on the Muttsee (8135'), the loftiest lake in the Alps (generally still ice-bound in July and Aug.). The hut is the starting-point for the Nüschenstock (9500'; 2½ hrs.; guide 15 fr.), Rüchi (9355'; 2½ hrs.; 16 fr.), Scheidstöckli (9220'; 4 hrs.; 20 fr.), Ruchi (10,190'; 3½ hrs.; 20 fr.), Hausstock (10,340'; from the Ruchi across the icy arête in 1 hr.; 25 fr.), and Muttenstock (10,140'; 4½ hrs.; 25 fr.). The Bifertenstock (11,240'), scaled viâ the Kisten Pass and the E. arête in 8-9 hrs. (guide 40 fr.). and the Selbsanft (Hintere 9 35', Mittlere 9625', Vordere 9020'), ascended viâ the Gries Glacier in 5 8 hrs. (guide 35-40 fr.), are very difficult. — Over the Kisten Pass to Hanz, see p. 82. Kisten Pass to Ilanz, see p. 82.

The \*Upper Sandalp (6358'), 31/2 hrs. above the Panten-Brücke, is frequently visited on account of its grand situation (guide, not indispensable, 8 fr.). The path ascends beyond the Panten-Brücke to the right and crosses the Limmern-Bach, which descends from a gorge. Farther on we cross the Sandbach and ascend the left bank to the (1 hr.) Vordere Sandalp (4100'; rfmts.), where we return to the right bank. By the (20 min.) Hintere Sandalp (4330') the path crosses the Biferten-Bach, and then ascends the steep and fatiguing slope of the Ochsenblanken, 1600' in height, where the Sandbach forms a fine cascade. Lastly we recross to the left bank, where the brook pierces a rocky gorge, and soon reach the (2 hrs.) chalets of the Upper Sandalp (alpine fare and hay-beds in July and August). Finest view 1/2 hr. beyond the chalets.

The Linth Valley ends with a magnificent group of snow-mountains. The giant of this group is the Tödi or Piz Rusein (11,887'; from Linthal 11-12 hrs.; difficult, for experts only; guide 35 fr., two required for a single traveller), with its brilliant snowy crest, ascended for the first time in 1837. The route from the Hintere Sandalp ascends steeply to the left through the Biferten-Thal viâ the Märenblanken to the (4½ hrs. from Thierfehd) Fridolin Hut of the S. A. C. (7070), on the Biferten-Älpeli, where the night may be spent. We thence ascend to the (1 hr.) Grünhorn Hut of the

S. A. C. (8050') and along the left side of the Biferten Glacier, crossing the Schneerunse, a gully exposed to ice-avalanches in the afternoon, and the Gelbwändli, to the (4½-5 hrs.) summit. Magnificent view. We may descend by the Porta da Spescha (11,023'), between the Piz Mellen (11,085') and Stockgron (11,215'), to the Val Rusein and (6 hrs.) Disentis (p. 406; guide 45 fr.); or by the Gliemspforte (10,925'), between the Stockgron and the Piz Urlaun, to the Gliems Glacier; then over the Puntaiglas Pass (9240') to the Puntaiglas Glacier and down the Val Puntaiglas to Truns (comp. p. 405).

Passes. From the Upper Sandalp a fatiguing route crosses the Sand-firn and the Sandalp Pass (Sandgrat; W. summit of the pass 9120'; E. summit 9210') to Disentis in 7-8 hrs. (p. 406; guide 30 fr.); another, laborious but interesting, crosses (8 hrs.) the Planura or Hüfi Pass (9645') to the Maderaner-Thal (p. 136; guide 30 fr.).

FROM LINTHAL OVER THE KISTEN PASS TO ILANZ, 13 hrs. (guide to Brigels 27 fr.), fatiguing but interesting. Ascent by the (3 hrs.) Baumgarten-Alp to the (3 hrs.) Muttsee Club Hut (p. 81). Thence viâ the Mutten-Alp, the Lattenfirn, and the Kistenband, high above the Limmern-Thal and opposite the Selbsanft and Bifertenstock (with the Gries and Limmern Glaciers), to the (1½ hr.) Kisten Pass (8280'), lying to the N. of the Kistenstöckli (9020'). Descent to the Val Frisal, by the Alp Rubi to (3 hrs.) Brigels (p. 405), and thence either to the left to (2½ hrs.) Ilanz (p. 402), or to the right viâ Schlans to (2 hrs.) Truns (p. 405).

# 22. From Linthal to Altdorf. Klausen Road. Schächen-Thal.

30 M. Diligence (8 seats; no extra-carriages) twice daily in 8½ hrs. (12 fr. 15, coupé 14 fr. 55 c.), with ½ hr's. halt at Urnerboden (Tell Inn). Carriage with three horses (6 seats) 80-90 fr., and gratuity. — The \*Klausen Road, one of the most beautiful of mountain-roads, was constructed in 1893-99 by the cantons of Glarus and Uri, at a cost of 4,140,000 fr., to connect the upper part of Canton Glarus with the St. Gotthard Railway and the Lake of Lucerne. It forms a very attractive drive (to Urnerboden in 3 hrs., to Unterschächen in 6½ hrs.); from the Urnerboden to Unterschächen it is also well adapted for walking.

Linthal, see p. 80. The diligence starts from the station and stops at the (1/2) M.) Bear Inn in the village. The road leads across the Linth to Ennetlinth (p. 80) and ascends in a sweeping curve along the rocky slope, passing through tunnels and galleries (charming glimpses of the valley). Beyond the second gallery is a path descending to the Lower Fätschbach Fall (p. 80). The road then ascends in long windings (short-cuts for walkers) over the grassy slopes of the Fruttberg, to (21/4 M.) the Rämis Inn (2885') and the (3/4 M.) Bergli Inn. A sign-post on the left indicates the way to the beautiful Middle Fätschbach Fall ('Bergli-Stüber', p. 80). We next reach (11/2 M.) the diligence - station of Fruttberg (Oberberg; 3385'; inn), at the foot of the Riedstöckli (6070'), whence we enjoy a fine retrospect of the Rüchi, Scheidstöckli, and Hausstock; to the left, in the gorge, is the Upper Fätschbach Fall ('Hell-Stüber'). Thence the road ascends gently along the slopes of the Frittern, partly through wood, to the (3 M.) boundary (new obelisk) between Glarus and Uri, where the Scheidbächli (4290') descends from the right.

The Urner Boden, a grassy and at places marshy valley,  $4^1/_2$  M. long, watered by the Fätschbach, and containing a few groups of chalets, now begins. It is bounded on the N. by the jagged Jägernstöcke and Märenberge, culminating in the Ortstock (8908'), and on the S. by the glaciers and snow-fields of the Clariden (10,730'). About  $1^1/_2$  M. from the frontier of Glarus we pass the inn Zur Sonne, and  $1/_2$  M. farther on the inn Zum Klausen. We then reach the diligence-station of  $(3/_4$  M.) —

9<sup>1</sup>/<sub>4</sub> M. Urnerboden (4525'; \*Hôt. Wilhelm Tell und Post, R. 2-3, B. 1, D. 2<sup>1</sup>/<sub>2</sub>-3, pens. 6-7 fr.; Alpenrose, Urnerboden, both very fair),

with the chalets of Spitelrüti and a chapel.

EXCURSIONS. Gemsfayrenstock (9758'), viâ the Gemsfayer Alp in 5-6 hrs., with guide, troublesome but repaying (comp. p. 80). — Grosse Scheerhorn (10,815'), from the (2 hrs.) Klausen Pass viâ the Kammli-Lücke (9364') in 6 hrs., with guide, difficult (comp. p. 137). — Leckistock (a summit of the Märenberge, 8145'), viâ the Firnerloch (see below) in 3½-4 hrs. with guide, fatiguing; the descent may be made through the Brühlkehle to the Glattensee (p. 85). — Viâ the Firnerloch (7355') to (7 hrs.) Muotathal, laborious; the descent from the pass to the Gwalpeten-Alp in the Bisithal is very steep and requires a steady head (see p. 85).

The road traverses the pasture for 1 M. more, and beyond the Waldhüttli ascends in bold curves through the wild rocky cauldron of the Klus, with its waterfalls at the foot of the Teufelsstöcke and the Clariden, to the chalets of Vorfrutt (5945'; rfmts.) and the (4½ M.) Klausen Pass (6437'; rfmt. hut), at the foot of the curiously shaped Märcherstöckli (7815'). Beyond the pass the shorter footpath to the Schächen-Thal, viâ the Balmwand and Aesch (see p. 84), diverges to the left. The new road gradually descends viâ the beautifully situated Bödmer Alp (to the left, the Kammlistock, Grosse Scheerhorn, Kleine and Grosse Ruchen, and Windgellen) and then sweeps round to the right to the  $(1^{1}/2 \text{ M.})$  Upper Balm Alp (5660'; inn in summer). Farther on it runs high up on the N. side of the wooded Schächen-Thal, commanding fine views of the Clariden Glacier, Stäuber Fall, Gries Glacier, Scheerhörner, Kammlistock, Claridenstock, and (farther on) the Brunni-Thal, with the Grosse Ruchen and the Grosse Windgelle. After threading the Seelithal Tunnel (126 yds. long) we reach (43/4 M.) —

20 M. Urigen (4200'; \*Hôtel-Pension Posthaus, R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, pens. 6-7 fr.), in a charming situation. About <sup>1</sup>/<sub>2</sub> M. to the S.W. is the picturesque chapel of Getschwiler, with an altar-piece by D. Calvaert. From here the road winds down (to the right short-

cut viâ Getschwiler to Spiringen in 25 min.) to —

 $22^{1}/_{2}$  M. Unterschächen (3345'; \*Hôtel Klausen, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B.  $1^{1}/_{2}$ , D. 3, pens. 6-7 fr.; \*Alpenrose, unpretending), a summerresort, finely situated near the mouth of the picturesque Brunni-Thal, at the head of which rises the Grosse Ruchen (10,295') with its glaciers. To the N. rises the Schächenthaler Windgelle (p. 84). To the S. ( $3/_{4}$  M.) is a small bath-house, with a mineral spring.

Walkers from the Klausen Pass to Unterschächen save about 1/2 hr. by taking the footpath indicated above, which leads to (5 min.) the chalets

of the Lower Balm (5600'; inn) and then descends the steep slopes of the Balmwand to the (1/2 hr.) hamlet Im Aesch (4050'; \*Hôt. Stäubi, plain). Fine view of the \*Stäuber Waterf II. We then descend the left bank of the impetuous Schächenbach, and finally cross this stream to (1 hr.) Unterschächen.

impetuous Schächenbach, and finally cross this stream to (1 hr.) Unterschächen.

Three toil ome and difficult routes (guides, Vincenz Bissig and Ferd.
Gisler of Unterschächen; comp. p. 137) lead from Unterschächen to the Maderaner-Thal vià the Ruchkehlen Pass (5790'). the Scheenhorn-Griggeli Pass (9180'), and the Kammli-Lücke (9364'). — The \*Schächenthaler Windgelle (9095'; 4-4'/2 hrs. from Urigen) is latiguing and not suitable for any but steady-headed experts (guide 30, porter 20 fr.). — Viâ the Kinzig-Pass (6810') or the Ruosalper Kulm (7125') to (7 hrs.) Muotathal, see below.

A good road descends the valley, by Spiringen, Weiterschwanden, and Trudelingen, to (5 M.) Brügg, crosses the Schächenbach and the Fätschbach, and leads to  $(1^{1}/_{4} \text{ M.})$  Bürglen (p. 124) and  $(1^{1}/_{4} \text{ M.};$  30 M. from Linthal) Altdorf (see p. 124).

# 23. From Schwyz to Glarus over the Pragel.

11 hrs. Diligence from Schwyz to (6½ M.) Muotathal twice daily in 1½ hr. (1 fr. 55 c.): carr. 9, with pair 14 fr. From Muotathal a narrow new road runs to (2½ hrs.) Alp Bergen, whence a bridle-path leads over the Pragel to (2 hrs.) Richisau (guide not indispensable). No inn between Muotathal and Richisau. It is preferable to visit the Ktönthal from Glarus (see p. 78).

Schwyz, see p. 123. The road ascends to the S. through orchards and meadows (view of the Lake of Lucerne to the right), and in a wooded ravine at the foot of the Giebel (3010') reaches the Muota, in its deep rocky bed. Opposite, to the right, is Ober-Schönenbuch, upon which the French were driven back by Suvoroff in 1799. Farther up the Muota ravine, but not visible from the road, is the Suvoroff Bridge, which was contested by the Russians and the French for two days. (At a sharp bend in the road,  $2^1/2$  M. from Schwyz, a road descends to the right to this bridge in 3 min.; we may then return to Schwyz through wood and pastures on the left bank by Ober-Schönenbuch, a pleasant walk of 2 hrs. in all.) Beyond ( $4^1/2$  M.) Ried (1855'; Adler), on the left, is the pretty fall of the Gstübtbach, at first descending perpendicularly, and then gliding over the rock. At (3/4 M.) Föllmis (1900') we cross the Muota and pass the Mettelbach Fall in the Kesseltobel. Then (1 M.)—

61/4 M. Muotathal (1995'; pop. 2223; \*Kreuz; Hirsch, moderate; Krone), the chief village of the valley, with the Nunnery of St. Joseph, founded in 1280, and Suvoroff's headquarters in 1799 (memorial tablet on the school-house). Fine rock-scenery and waterfalls near.

Over the Kinzig Pass to Altdorf, 8 hrs., somewhat fatiguing (guide not indispensable). After following the Pragel route for 1/4 hr., we diverge to the right, cross the Muota, and ascend the Huri-Thal, passing the chalets of Lipplisbühl and Wängi, to the (31/2-4 hrs.) Kinzig Pass (Kinzigkulm or Kinzerkulm; 6810'), with a limited view of the Uri and Unterwald Alps and part of the Reu sthal (bronze tablet commemorating Suvoroff's crossing of the pass in 1799). Then a rapid descent to the Schächen-Thal (p. 83), Weiterschwanden, and Bürglen (p. 124), or to the left to Spiringen or Unterschächen (p. 83).

THROUGH THE BISI-THAL TO STACHELBERG, 10 hrs., rough but attractive; guide necessary. Good path (at first a road) through the narrow Bisi-Thal, watered by the Muota, to (21/2 hrs.) Schwarzenbach (3153'; \*Inn), with a fine fall of the Muota; steep ascent thence to the left to the (3 hrs.) Alp Melchberg (6293'); then across the dreary Karren-Alp, between the Kirchberg and Faulen (p. 80), and down the Braunwald-Alp to (41/2 hrs.) Stachelberg. — Another and more interesting route is the following (91/2-10 hrs., with guide). From Schwarzenbach through wood and meadows (path generally well discernible) to the (1<sup>1</sup>/<sub>4</sub> hr.) \* Waldibach Fall, the finest waterfall of Central Switzerland; ascent theme to the left to the (2 hrs.) Glatt-Alp, with the pretty blue Glatten-See (6090'), surrounded by lofty cliff, and to the (3 hrs.) top of the Ortstock or Silberstock (8908'; p. 80); descent via the Bräch-Alp to (3-31/2 hrs.) Stachelberg. — From the Waldibach Fall we may also ascend to the right over the Waldi-Alp and Ruos-Alp to the (3 hrs.) Ruosalper Kulm (7125'), and descend to the new Klausen road and to (2 hrs.) Unterschächen (p. 83); or we may continue to follow the valley from the Waldibach Fall to the Gwalpeten Alp (5110) and then ascend (very steep) over the Firnerloch (7355) to (41/2 hrs.) the *Urnerboden* (p. 83).

To Sisikon through the Riemenstalden-Thal and across the Katzenzagel (4888'), a footpath, 7 hrs. (unattractive; comp. p. 106).

The new road to the Pragel turns to the left at (11/2 M.) the foot of the Stalden, enters the valley of the Starzlenbach, and ascends, first on the left bank, then on the right, partly through woods. It affords many fine retrospects. Finally we return to the left bank and reach the (6 M.) Alp Bergen (3200'), in a green valley. Beyond this point a bridle-path (road to Richisau in contemplation) ascends, at first abruptly and then more gradually, to a refuge-hut and the (3/4 hr.) chalets on the marshy top of the Pragel (5060'; tablet erected in 1900 in memory of Suvoroff's retreat in 1799).

Descent, at first steep and stony, to the (3/4 hr.) chalets of the Schwellaui (4367'); then through wood; 1/4 hr. the Neuhüttli (4193'); here we descend to the right, where the pretty Klönthal and its lake become visible; <sup>1</sup>/<sub>2</sub> hr. Richisau (3590'; \*Curhaus, pens. 5-7 fr.), a rich green pasture with fine groups of trees, to the N. of which tower the Wannenstock (6495') and Ochsenkopf (7155'), and to

the S. the Silbern (7570').

The Schwammhöhe, an old moraine, 1/2 M. to the E. of the Curhaus, affords a beautiful view of the Klönthaler See, Schild, Glärnisch, and (to the S.) the Faulen. Attractive excursions may be made to the W. to the (2½ hrs.) Cross on the Saasberg (6225'; pass to the Sihlthal and Einsiedeln) and to (5 min.) the Sihl-Seeli (5985'); to the S. to (3 hrs.) the top of the Silbern (7570'), with fossils and interesting furrowed slopes (descent to the Silbern-Seeli and via the Rossmatter-Thal to the Klönthal); to the Glärnisch (see below; 7 hrs.) 7 hrs.); to the top of the Faulen (Grieset, 8935') via the Dreckloch-Alp in 7 hrs. (with guide), descending to (4 hrs.) Stachelberg (p. 79); to the N., via (1<sup>1</sup>/<sub>4</sub> hr) the Schweinalp Pass, to (2 hrs.) Hinter-Wäggithal (comp. p. 51); to the top of the Ochsenkopf (7155'; 2<sup>1</sup>/<sub>2</sub> hrs.; with guide); to the top of the Scheye (7420'; 5 hrs.; see p. 78) viâ Längenegg.

From Richisau a road descends, across a fine open pasture, in full view of the imposing Glärnisch, to (1 hr.) Vorauen (2640'; \*Hôtel-Pension Klönthal, pens. 61/2-71/2 fr.; Vorauen Inn, at the lower end of the village, plain), beautifully situated.

The "Glärnisch, the huge rocks of which bound the Klönthal on the S. side, one of the finest mountains in Switzerland, culminates in the Vorder-Glärnisch (7648'), the Vrenelisgärtli (9535'), the Ruchen-Glärnisch

(9557'), and the Bächistock (9583'). The ascent of the Ruchen-Glärnisch is laborious, but not difficult for experts (guide 20 fr.; see p. 80). We cross the Richisauer and Rossmatter Klön, to the W. of Vorauen, to the huts on (40 min.) the Klönstalden (3450'; direct path hither from Richisau in 25 min.), then enter the narrow Rossmatter-Thal (red marks), pass the chalets of Käsern (3968') and Werben (4562'), and reach the (3 hrs.) Club Hut in the Steinthäli (6595'; inn in summer). We next ascend steep and stony slopes, cross the Glärnischfirn, regain the rock, and reach the top in  $3^{1}/_{2}$  hrs. from the hut. Superb view (panorama by Heim). — The Vorder-Glärnisch, from Glarus,  $5^{1}/_{2}$ -6 hrs., comp. p. 79.

The \*Klönthal is a picturesque, thinly-peopled dale, with meadows of freshest green. To the S. rise the precipices of the Glärnisch (see above). The pale-green Klönthaler See (2640'), 1½ M. from Vorauen, 2 M. long and ½ M. broad, enhances the beauty of the valley, reflecting in calm weather the minutest furrows on the side of the Glärnisch. A rock on the S. bank, near a waterfall, bears an inscription to the poet Salomon Gessner (d. 1788), who often spent the summer in a chalet here. The road skirts the N. bank; rowing-boat down the lake in 50 min., 1½ fr. At the (3½ M.)

Secrüti, at the lower end of the lake, is a small inn.

Below the lake the valley narrows to a gorge, through which dashes the Löntsch, the discharge of the lake, forming a series of small cascades, in grand rocky setting, down to its confluence with the Linth, below Netstal. To the left rise the huge cliffs of the Wiggis Chain (p. 78). Pretty view of the ravine (165' deep) from the new stone bridge, reached by a footpath diverging to the right about  $2^{1}/_{4}$  M. from the Seerüti. The road divides at the  $(^{3}/_{4}$  M.) Staldengarten Inn. The left branch leads to (2 M.) Netstal (p. 78), the right crosses the Löntsch to (1 M.) Riedern and  $(1^{1}/_{4} \text{ M.})$  Glarus (p. 78). In descending we enjoy a fine view of the Fronalpstock, the Schild, and the Freiberge (between the Linth and Sernf valleys).

## 24. From Glarus to Elm through the Sernf-Thal.

121/2 M. RAILWAY from Glarus to (3 M.) Schwanden, 17 min.; DILIGENCE (1 fr. 85 c.) from Schwanden to (91/2 M.) Elm thrice daily in 23/4 hrs. (descent,

 $1^{3}/_{4} \text{ hr.}$ ).

At Schwanden (p. 79), 3 M. to the S. of Glarus, the deep Sernf-Thal, or Klein-Thal, diverges to the left from the Linth-Thal. The highroad gradually ascends the N. slope. Beyond (1½ M.) Wart, a pretty waterfall on the left. 3 M. Engi (2540'; pop. 1160; \*Sonne, Adler, Freihof), with cotton-mills, at the mouth of the narrow Mühlebach-Thal. (Over the Murg Pass to the Murgthal, see p. 54.) The slate-quarries (Plattenberge) on the left bank of the Sernf are noted for their fossils. From (2 M.) Matt (2710'; Elmer, fair), an attractive path to the N.E. leads in 5½ hrs. through the Krauchthal and over the Rieseten Pass (6644') to Weisstannen (p. 55; guide 10 fr.).

3 M. Elm (3215'; \*Curhaus Elm, prettily situated, R. 2-4, B. 11/4, D. 3, S. 21/2, pens. 7-9 fr.. with a mineral spring; Hôt. Elmer,

pens. from 5 fr., Zentner, pens. from 3 fr., both well spoken of), the highest village in the valley, in a fine basin encircled by mountains, is frequented as a summer-resort. It was partly destroyed on 11th Sept., 1881, by a landslip from the Tschingelberg (S.E.), by which 114 persons lost their lives (memorial tablet at the church).

Ascents (for experts only; guide, Hilarius Rhyner). Kärpfstock (9180'), by the Erbsalp in 6 hrs. (guide 15 fr.), and Vorab (9925'), by the Tschingeln-Alp and Bündnerberg Glacier in 8 hrs. (guide 20 fr.), both laborious, but interesting (comp. p. 79 and below). — Hausstock (10,340'), by the Richelli Pass and the Leiterberg, or by the Panixer Pass (see below) in 9 hrs. (guide 20 fr.), laborious. — The Piz Segnes (10,175'), by the Falzüber Alp and Sauren Glacier in 8 hrs., or from the Segnes Pass (see below) in 2 hrs. (guide 20 fr.), the Saurenstock or Piz Sardona (10,020'; 71/2 hrs.; guide 20 fr.), and the Grosse Scheibe (9585'; 7 hrs.; 20 fr.) are all three trying and better attacked from the Sardona Club Hut (p. 77).

Passes. To Flims over the Segnes Pass (pron. 'Senyes'), 8 hrs., fatiguing, but interesting (guide 17 fr.). We cross the Sernf, amidst the remains of the landslip, and the Raminbach, and ascend the wild gorge of the Tschingelnbach, which forms picturesque falls, to the Tschingeln-Alp; then mount steep stony slopes and rock to the (5-6 hrs.) Segnes Pass (8615'), lying to the S.W. of the Piz Segnes (10,175'). To the right rise the jagged Tschingelhörner or Mannen (9350'), pierced by the Martinsloch (8648'), a hole through which the sun shines on the church of Elm twice a year. We descend the short but steep Segnes Glacier (easy, except in the absence of snow, when rope and ice-axe are useful) to the (11/4 hr.) Segnes Club Hut on Segnes Sut (6990'), then by a steep path, afterwards better, to the Flimser Alpen, and past a fine waterfall (to the left, the huge Flimser Stein, p. 402) to (2 hrs.) Flims (p. 401).

To ILANZ OVER THE PANIXER PASS, 8-9 hrs. (guide to Panix 15 fr.), fatiguing; historically famous for Suvoroff's retreat of 5-10th Oct., 1799 (comp. p. 84). A road ascends on the left bank of the Sernf from Elm by Hinter-Steinibach to the (3/4 hr.) Erbser-Brücke; 1/2 hr. farther up, at Wallenbrugg, we cross the Sernf and ascend by a steep, rugged path to the chalets of the Jätzalp (Im Loch, 4822'; Ober-Staffel, 5587'). We next cross the Walenboden and traverse the snow-couloir of the Gurgel, at the base of the Rinkenkopf (8620'). Farther on we traverse a tract of débris (with a small tarn on the left) and reach the (31/2 hrs.) Panixer Pass (Cuolm da Pignieu; 7897'), with a small refuge-hut. To the left rises the Rothstock (8615'); to the right are the Ruch-Wichlenberg (9186') and the Hausstock (ascent from the pass in 31/2-4 hrs., see above), with the Meer Glacier. Descent over the Meer-Alp and the wild Ranasca-Alp to (21/2 hrs.) Panix (4334'; Panixer Pass Inn), and viâ Ruis to (2 hrs.) Ilanz (p. 402).—Another route, fatiguing and uninteresting, crosses the Sether Furka (8565'). It diverges from the Panix route to the left, by the tarn above mentioned, and ascends steeply to the pass, between the Rothhorn and the Vorab (ascent of the latter from the pass in 2 hrs., see above). Descent by the Ruscheiner Alp and the Sether Tobel to (9 hrs.) Ilanz (p. 402).

To Weisstannen by the Foo Pass, 8-81/2 hrs., rough (guide 10 fr.). Up the N. side of the deep gorge of the Raminbach, chiefly through wood, to the Ramin-Alp, and thence viâ Matt (6180') to the (31/2-4 hrs.) Foo Pass (7290'), which affords a fine though limited view. Then down by the Foo-Alp and Unter-Siez-Alp (4377') to the Seezthal and (4 hrs.) Weisstannen (p. 55). — From the Foo-Alp viâ the Scheibe Pass (8530'), on the E. of the Vordere Scheibe, to the Sardona Club Hut (p. 77), rather difficult.

To VATTIS OVER THE SARDONA PASS, 11-12 hrs., difficult, but attractive (guide 30 fr.). From Elm we follow the S. side of the deeply cut Ramin-Thal to the Falzüber Alp, and then proceed over slopes of débris and through a rocky couloir to the Sauren Glacier and the Saurenjoch (ca. 9380'), between the Piz Segnes and the peak marked 3013 on the Siegfried Map. Beyond the col we traverse the névé of the Segnes Glacier to the Sardona

Pass (9315). We then descend across the Sardona Glacier to the Sardona Club Hut (350'; p. 77) and through the Calfeisen-Thal to St. Martin (4433') and Vättis (p. 76). Either the Piz Segnes (10,175') or the Piz Sardona (10,020') may be easily combined with this route. — OVER THE HAIBÜT/LI PASS to Vättis, 10 hrs., fatiguing (guide 17 fr.). From the (31/2 hrs.) Foo Pass (p. 87) we first descend to the Obere Foo-Alp, then ascend to the right through the Mutten-Thal to the basin of the Haibützli, with its small tarn (7693'), and thence to the right again to the (3 hrs.) Haibützli Pass (ca. 8100'). a gap in the Muttenthaler Grat. Rough descent viâ the Platten-Alp and the Malanser Alp to (2 hrs.) St. Martin in the Calfeisen-Thal and (2 hrs.) Vättis (p. 76).

To Linthal (p. 80), by the Richetli Pass (7425'), 7 hrs., with guide (10 fr.), not difficult; "View of the Hausstock, Vorab, and Glärnisch. Descent by the Durnach-Thal.

# II. CENTRAL SWITZERLAND. LAKE OF LUCERNE AND ENVIRONS. THE ST. GOTTHARD.

## 25. From Zürich to Zug and Lucerne. i. Viå Thalwil.

36 M. Nordostbahn, in 11/4-2 hrs. (6 fr. 5, 4 fr. 25, 3 fr. 5 c.); to Zug, 18 M., in 43-55 min. (3 fr. 15, 2 fr. 20, 1 fr. 60 c.). — This is the direc route from Zürich to Lake Lucerne and the St. Gotthard (to Arth-Goldau in 11/4-13/4 hr.; 7 fr., 4 fr. 90, 3 fr. 50 c.). — The tour from Zürich to Lucerne viâ Sihlbrugg, Baar, Cham, Rothkreuz, and Gisikon may be recommended to cyclists.

To (8 M.) Thalwil (1437'), see p. 50. The line diverges to the right from the railway on the left bank of the Lake of Zürich, and skirts the hillside, crossing three arched viaducts, and affording beautiful views of the lake. 91/2 M. Oberrieden - Dorf;  $10^{1}/2$  M. Horgen-Oberdorf (1598'; Hôt. Bahnhof, R. 1-3, B. 1, D. 2 fr., well spoken of), lying 246' above the station of Horgen on the bank of the lake (p. 50). Just beyond it the train passes through a tunnel 11/2 M. long, then sweeps round to the left, and enters the valley of the Sihl, which it crosses by an oblique iron bridge of 71 yds. span. -12½ M. Sihlbrugg (1696'), close to the right bank of the Sihl, is the highest point on the line and the junction of the Sihlthal railway (p. 47). At the end of the station the train enters the Albis Tunnel, 2 M. long, beyond which it traverses a hilly tract. On the left rises the wooded rocky hill of the Baarburg (2180'). Before us lies Baar, beyond which are the Lake of Zug, Rigi, and Pilatus. We cross the Lorze (p. 93).

161/4 M. Baar (1463'; pop. 4480; Lindenhof, moderate; Krone; Schwert; Rössli), a large village, with cotton and other factories.

In the wild valley of the Lorze,  $2^{1}/2$  M. to the E. of Baar, are the interesting \*Stalactite Grottoes in der Hölle (one-horse carr. there and back 4-5 fr.). The four caverns, at one time full of water, are now lighted by electricity and are open from Easter Monday to Oct. 15th. They contain magnificent stalactite formations of various shapes, besides stalagmites. Admission 1 fr., on Sun. 50 c.; guide and key at the (1/4 M.) Restaurant Höll (1670'; trout). The lately discovered Upper Grottoes are also worth visiting (adm. 70 c., Sun. 50 c.; tickets at the quarries). From the caverns routes lead to (2 M.) Schönbrunn (p. 92) and viâ the Tobel-Brücke and Thalacker to (3 M.) Zug.

Walkers will find their account in the charming route from Horgen

Walkers will find their account in the charming route from Horgen (p. 50) to Baar viâ the Horger Egg (11/2 hr.). The road winds up to (2 M.) Widenbach, about 1/4 M. to the right of which rises the \*Zimmerberg (2535'), commanding a beautiful view of the Lake of Zürich (E.), the deep and sombre valley of the Sihl (W.), the Lake of Zug, and the Alps (S.) (Myten, Rigi, and Pilatus especially prominent). About 1/2 M. beyond Widenbach the road reaches its highest point, the Hirzel-Höhe (2415'; inn; view), whence it descends to the Sihl Bridge (1745'; \*Krone), about 3 M.

from Baar.

Farther on we traverse the fertile plain of Baar to —

18 M. Zug. — Hotels: \*Hirsch, R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, D. 3-3<sup>1</sup>/<sub>2</sub>, pens. 6-10 fr.; \*Ochs, R. 1<sup>1</sup>/<sub>2</sub>, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. 5-7 fr.; \*Löwe, on the lake, R. 2<sup>1</sup>/<sub>2</sub>-3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, lunch 2<sup>1</sup>/<sub>2</sub>-3, D. 3, pens. 5<sup>1</sup>/<sub>2</sub>-7<sup>1</sup>/<sub>2</sub> fr., good beer in the restaurant; \*Hôtel Bahnhof, with garden-restaurant, R. 2<sup>1</sup>/<sub>2</sub>-3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, lunch 3, D. 3<sup>1</sup>/<sub>2</sub>. pens. 6-8 fr.; \*Hôt.-Pens. Schweizerhof, \*Hôt.-Pens. Zugerhof, R. 1<sup>1</sup>/<sub>2</sub>-3, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. 6 fr., both at the station; Hôtel Rigi, near the station, R. from 1<sup>1</sup>/<sub>2</sub>, B. 1, D. 2<sup>1</sup>/<sub>2</sub>-3 fr.; Falken; Bellevue;

WIDDER; \*Pens. Guggithal, on the road to Felsenegg, 4-41/2 fr.; \*Pens. Waldheim, beautifully situated, 11/2 M. from the station, pens. from 5 fr.

Zug (1385'; pop. 6470), the capital of the small canton of that name, is beautifully situated on the Lake of Zug (p. 117). The lower town, part of which was submerged by the lake on 5th July, 1887, has fine Quays, with beautiful views of the lake, the Rigi, Pilatus, and Bernese Alps. The picturesque Capuchin Tower rises to the left at the beginning of the town. The Oberstadt and Altstadt still retain a quaint and mediæval appearance, with their walls, towers, and substantial mansions. In the Old Rathhaus are a handsome Gothic room and an interesting Antiquarian Museum (stained glass, wood-carvings, gold and silver ornaments, tapestry, etc.; adm. 50 c.). The Gothic Church of St. Oswald (15th cent.) contains a Last Judgment by P. Deschwanden, and the Church of the Capuchins an Entombment by Calvaert. In the Arsenal are ancient captured weapons and flags, and a scarf stained with the blood of its bearer Peter Collin, who fell at Arbedo in 1422. Well-equipped Fish Breeding Establishment. On the (3/4 M.) Rosenberg (1633'; restaurant) is the interesting Swiss Bee Museum.

On the W. slope of the Zuger Berg, 1½ hr. from Zug (good road; omnibus from the station at 10 and 6, fare 3-4 fr., descent 2-3 fr.; one-horse carriage 8, two-horse 14-16 fr.; carriages ordered at the hotels cheaper), are the \*Cur-Anstalt Felsenegg (3085'; R. 2-6, B. 1½, D. 3½, S. 2½, board 6 fr.; baths; English Church Service in summer), with a fine view towards the W., and (5 min. to the N.) the Curhaus Schönfels (3065'; R. 2½-6, B. 1½, D. 4, S. 3, pens. 8-12 fr.), with hydropathic establishment and pleasant grounds, also commanding a beautiful view. The (½ hr.) \*Hochwacht (3250'), ¼ M. to the N.E., commands a complete survey of the Alpine chain; below us, to the E., lies the Lake of Ägeri (p. 93). — Pretty walks also to the (20 min.) Hüngigütsch (2400'; view interrupted by trees) and the (½ hr.) Horbachgütsch (3070'), which affords a charming view of the lakes of Zug and Lucerne and the Rigi. — The ascent of the (4 hrs.) Wildspitz (Rossberg, p. 121) is attractive, over mountain-pastures with rich flora.

On the Menzingen hills above the Lorze,  $4^{1}/2$  M. to the E. of Zug (diligence twice daily, 1 fr. 35, coupé 1 fr. 60c.; one-horse carriage 8, two-horse 16 fr.) and  $^{1}/2$  M. from the diligence-station of Edlibach, is Dr. Hegglin's well-managed \*Schönbrunn Hydropathic (2290'; board 6, R.  $^{1}/_2$ - $^{1}/_2$  fr.), with sunny terrace and forest-walks, much frequented by French visitors. The view from the chapel (2330') extends as far as the Jura. — About 6 M. to the E. of Zug (diligence twice daily in  $^{13}/_4$  hr.) is the prettily situated village of Menzingen (2635'; \*Löwe; Hirsch, pens. 4-5 fr.), with a large convent-school for girls; and 1 M. farther on, beyond the Edlibach, is the \*Pens. Schwandegg (2770'; pens.  $^{1}/_2$ -5 fr.), with pine-cone and other baths. The summit of the Schwandegg-Gütsch commands a view

of the Lake of Zürich and of the Sentis range.

Ägeri-Thal. A road (diligence to Ober-Ägeri twice daily in 2hrs.) ascends through a fruitful district viâ Thalacker (route at the bend to the left to Schönbrunn, the Hölle caverns, and Menzingen, see above) and Inkenberg to (3 M.) Allenwinden (2320'). Thence it descends into the valley of the winding Lorze (on a hill on the other side of the stream is the nunnery of Gubel, 2990') to (11/2 M.) Neu-Ägeri, and past Mühlebach, with its large cotton-factories. to (11/2 M.) Unter-Ägeri (2790'; pop. 2600; \*Ägerihof, pens. 41/2-7 fr.; \*Hôtel-Pension Waldheim, pens. 41/2-6 fr.; \*Brücke; Post), a handsome industrial village on the Ägeri-See (p. 93), with a new Gothic church, and also frequented as a health-resort. The road flanked by pretty villas, skirts the lake to (11/2 M.) the pleasant mountain-village of Ober-

Ägeri (\*Löwe, R. 1-2, B. 1, D. 2, pens. 41/2-5 fr.; Hirsch; Ochs). In a picturesque situation on the lake, between Unter-Ägeri and Ober-Ägeri, is Dr. Hürlimann's private Hospital for children; and on the hill, farther back, is a Sanatorium for scrofulous children, erected by the Zürich Benevolent Society. — Excursions from Unter-Ägeri through the Hüri-Thal and viâ the Rossberg-Alps to the (21/2 hrs.) \*Rossberg (see p. 121; new road open as far as the Urzlenboden, 41/2 M.); from Ober-Ägeri to the (11/2 hr.) Gott-schalkenberg (p. 119), etc.

On the idyllic Ägeri-See (2380'; 31/2 M. in length) a steamboat plies 4 times daily from Unter-Ägeri in 3/4 hr., past the stations of Ober-Ägeri, Ländli, and Eierhals, to Morgarten, at the E. end; omnibus thence to rail. stat. Sattel-Ägeri (p. 121; 50 c.). Stat. Eierhals (pension) commands a picturesque \*View of the Uri-Rothstock, Krönten, etc. Between Eierhals and Morgarten are the houses of Haselmatt, where on 16th Nov., 1315, the Confederates in the Battle of Morgarten won their first victory over their Hapsburg oppressors commanded by Duke Leopold of Austria. A memorial chapel, containing a picture of the battle, was erected at St. Jakob, 1 M. from the S.E. end of the lake and 3/4 M. from Sattel, where an anniversary service is held on the day of the battle.

Gotthard Railway from Zug to Arth-Goldau, see p. 116.

The train to Lucerne backs out of the station and skirts the flat N. bank of the Lake of Zug (p. 117), crosses the Lorze near its influx into the lake, and recrosses it at its efflux near (211/2 M.) Cham (\*Rabe; Schlüssel; Hirsch, pens. 31/2-5 fr.), a village with a slender zinc-covered church spire and a large factory of condensed milk. Pretty view of the lake to the left; on the hill above Zug are the Curhäuser; in the middle rises the Rigi; and to the right are the Stanser Horn, the Engelberg Alps, and Pilatus. — Beyond (241/2 M.) Rothkreuz (1410'; Rail. Restaurant), junction of the lines to Immensee (p. 122; 5 M., in 16 min.) and to Muri and Aarau (p. 25), we enter the valley of the Reuss. 27 M. Gisikon. Through an opening to the left we survey the Rigi, from the Kulm to the Rothstock. 301/2 M. Ebikon. To the right rises the wooded Hundsrücken. The train skirts the Rothsee,  $1^{1/2}$  M. long, and crosses the Reuss. The line now unites with the Swiss Central (p. 21) and the Lucerne and Bern lines (p. 154), and lastly passes through the tunnels under the Gütsch (p. 98) and the Schönheim hill.

36 M. Lucerne, see p. 94.

#### ii. Viå Affoltern.

43 M. NORDOSTBAHN, to Zug in 1-11/3 hr. (4 fr. 5, 2 fr. 85, 2 fr. 5 c.); to Lucerne in  $1^3/4$ -21/4 hrs. (7 fr., 4 fr. 90, 3 fr. 50 c.).

Zürich, see p. 38. —  $2^{1}/_{2}$  M. Altstetten (p. 25). To the left, the long Uetliberg (p. 46), which the line skirts in a wide curve.  $5^{1}/_{2}$  M. Urdorf; 8 M. Birmensdorf. We ascend the pleasant Reppisch-Thal and pass through the Ettenberg to (11 M.) Bonstetten (1805'; \*Löwe). To the right the Bernese Alps and Pilatus, and to the left, farther on, the Uri-Rothstock and the Titlis become visible.  $13^{1}/_{2}$  M. Hedingen (1712'; \*Krone);  $15^{1}/_{2}$  M. Affoltern (1640'; \*Löwe, with garden, pens.  $4^{1}/_{2}$ -6 fr.), with two 'Kneipp Cure' institutes, the \*Arche (pens.  $4^{1}/_{2}$ -7 fr.) and the \*Lilienberg (pens. 7-10 fr.). To

the left, the Aeugster Berg (2723'); at its base, Aeugst and the

Baths of Wengi. — 18 M. Mettmenstetten (1550').

Diligence thrice daily in 50 min. to Hausen (1980'; Krone; Löwe), at the W. base of the Albis (p. 47), near which is the excellent Albisbrunn Hydropathic (Dr. Paravicini; 2115'; R. 2-4, board 5 fr.), with a pretty garden. (Hence to the top of the Albishorn, 3/4 hr., see p. 47.) Near Kappel, 11/2 M. to the S., Zwingli was slain on 11th Oct., 1531, in a battle against the Roman Catholic cantons (comp. p. 46). The spot is marked by a rock with German and Latin inscriptions.

20 M. Knonau (Adler). Near Zug we cross the Lorze, which descends from the Ägeri-See (p. 93).

25 M. Zug, and thence to (43 M.) Lucerne, see pp. 91-93.

#### 26. Lucerne.

RAILWAY STATION (a handsome new building), on the left bank of the lake (Pl. D, E, 4; \*Restaurant), with the main custom-house. Two exits: to the steamboats on the right; to the town on the left. — The STEAMBOATS to Flüelen start from the railway-station (two of them also from the Schweizerhof Quay); the Alpnach boats start from both station and quay, the Küssnacht boats from the latter only. — In the busy season travellers arriving by steamer or railway with luggage cannot be sure of getting on by the corresponding train or boat unless they and their luggage are booked through to some station beyond Lucerne. If luggage is booked to Lucerne only, it is often impossible to reclaim it and get it rebooked in time.

Hotels. On the right bank: \*Grand Hôtel National (Pl. c; E, F, 2), on the Quai National, with the 'dépendance' Nationalhof in the Halden-Str., R. from 4, B. 1½, déj. 4, D. 6, pens. from 12 fr., patronized by English and Americans, concerts twice daily, balls in the evening; \*Schweizerhof (Pl. a; D, E, 2), R. from 5, B. 1½, déj. 4, D. 6, pens. 10-14 fr. (concerts 4-6 and 8-10 p.m.), and \*Luzerner Hof (Pl. b; E, 2), R. from 5, B. 1½, déj. 3½, D. 5, pens. 9-14 fr., both on the Schweizerhof Quay; \*Hôtel Beaurivage (Pl. d; F, 2), near the Cursaal garden, R. 3-6, B. 1½, déj. 3, D. 4½, pens. 9-12 fr.; \*Hôtel de l'Europe, Halden-Str., R. 4-7, B. 1½, déj. 3, D. 4-5, pens. 8-15 fr.; \*Eden House, Halden-Str., R. 3-6, déj. 3½, D. 4, pens. 7-12 fr.; \*Hôtel d'Angleterre (Pl. e; D, 2), R. from 5½, pens. 8-14 fr.; \*Swan Hotel (Pl. f; D, 3), R. 4-7, B. 1½, déj. 3½, D. 4½, pens. 9-15 fr.; \*Hôtel du Rigi (Pl. g; D, 3), R. 3-6, B. 1½, déj. 3, D. 4, pens. 8-12 fr.; Hôtel-Pension Continental (Pl. z; E, 2), Halden-Str., R. 2-5, déj. 3, D. 4 fr.; \*Hôtel des Balances and Bellevue (Pl. k; C, 3), near the third bridge over the Reuss, R. 3-5½, B. 1½, D. 3½, pens. 7½-12 fr.; \*Union Hotel, Löwen-Str. (Pl. x; E, 1), R. 2½-4, D. 3, S. 2½, pens. 7-9 fr.

On the left bank: \*Hôtel du Lac (Pl. h; D, 4), with bath-house, R. from 3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3<sup>1</sup>/<sub>2</sub>, D. 4-5, S. 3 fr.; \*Hôtel St. Gotthard (Pl. i; D, 4), with restaurant, opposite the station, R. 3-7, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4, pens. from 9 fr.; \*Hôt. Monopol and Métropole (Pl. y; D, 4), with restaurant, R. 3-6, B. 1<sup>1</sup>/<sub>2</sub>, déj 3, D. 4, pens. 8-12 fr.; \*Hôtel Victoria (Pl. w; C, 4), with restaurant, R. 3-6, B. 1<sup>1</sup>/<sub>2</sub>, D. 3-4, pens. 8<sup>1</sup>/<sub>2</sub>-10 fr.; \*Hôtel Waldstätterhof (Pl. 2; D, 4), R. 3-5, B. 1<sup>1</sup>/<sub>2</sub>, D. 3<sup>1</sup>/<sub>2</sub>-4 fr.; \*Hôtel Bristol-Bahnhof (Pl. 3; D, 4), R. from 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 3<sup>1</sup>/<sub>2</sub> fr.; these all near the station. — Less expensive: \*Sauvage (Pl. t; C, 4), R. 2<sup>1</sup>/<sub>2</sub>-3, D., incl. wine, 3 fr.; \*Rössli (Pl. n; C, 3), R. 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, D. incl. wine 3, S. incl. wine 2<sup>1</sup>/<sub>2</sub>, pens. 7-8 fr.; \*Engel (Ange; Pl. 1, B 3), R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, D. 2<sup>1</sup>/<sub>2</sub>, S. 2, pens. 6<sup>1</sup>/<sub>2</sub>-8 fr.; \*Bär (Ours), R. 2-3, D. 2<sup>1</sup>/<sub>2</sub>, S. 2 fr.; \*Adler (Pl. m; C, 3), R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, D. 3 fr.; Hôt. Jura, Pilatus-Str., R. 1<sup>1</sup>/<sub>2</sub>-2, D. 2-3 fr.; H. des Alpes, on the right bank of the Reuss, near the Kapell-Brücke; \*Hôt. Brünig, Am Grendel (Pl. D, 3), R. 2-3, D. 2<sup>1</sup>/<sub>2</sub>, S. 2, pens. 7-8 fr.; \*Hôtel du Nord (Pl. 1; D, 4), with restaurant, R. 2-4, B. 1 fr., \*Hôtel du Parc (Pl. 4; D, 4), both in the Seidenhof-Str., near the station; \*Hôtel de La

Poste (Pl. 0; C, 4), R. 2<sup>1</sup>/<sub>2</sub>, D. incl. wine 3 fr.; \*Hôtel Rūtli, \*Hôtel Sternen, both in the Hirschengraben (Pl. B, 4); \*Rebstock (Pl. v; E, 2), beside the Hofkirche, with garden restaurant, R., 2<sup>1</sup>/<sub>2</sub>-3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, déj 2<sup>1</sup>/<sub>2</sub>, D. 3, pens. 7<sup>1</sup>/<sub>2</sub>-9 fr.; \*Mohr (Pl. u; D, 3), R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1, déj. 2, D. 2<sup>1</sup>/<sub>2</sub>, pens. 6-7 fr.; Hirsch (Pl. q; C, 3), R. 2-3, D. 2-3 fr.; \*Krone (Pl. r; C, 3), R. 2<sup>1</sup>/<sub>2</sub>-3<sup>1</sup>/<sub>2</sub>, D. 2<sup>1</sup>/<sub>2</sub>, pens. 5-7 fr.; \*Kreuz (Croix; Pl. s, D 3), R. 2-2<sup>1</sup>/<sub>2</sub>, D. 2 fr.; Goldner Löwe, Kapellgasse 22, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. 6 fr.; Storch (Cigogne), Kornmarkt (Pl. C, 3), R. 2-2<sup>1</sup>/<sub>4</sub>, B. 1, D. 2 fr., good wine; Raben, Brandgasse 3, R. 1<sup>1</sup>/<sub>2</sub>-2, D. 2<sup>1</sup>/<sub>2</sub> fr.; Hôt. Bad, Burger-Str. (Pl. C, 4); \*Einhorn, Hertenstein-Str. (Pl. D, 2), R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, D. 2<sup>1</sup>/<sub>2</sub>, S. 2 fr.; \*Schiff, plain; \*Schlüssel, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1 fr.; Sonne, R. 1<sup>1</sup>/<sub>2</sub>-3<sup>1</sup>/<sub>2</sub>, B. 1, D. 3 fr; Drei Könige, near the Rathhaus; Pfistern, R. 1<sup>1</sup>/<sub>2</sub>-3, B. 1 fr.; \*Metzgern, these four on the Reuss; Hôtel Helvetia (temperance), Waldstätter-Str. 9, R. 2-3, board 3 fr. stätter-Str. 9, R. 2-3, board 3 fr.

Pensions. "Tivoli (8-14 fr.), with large garden and bath-house; Kauf-Pensions. "Tivoli (8-14 fr.), with large garden and bath-house; Kaufmann; \*Villa G'segnet-Matt (pens. 6-10 fr.); \*Belvédère (7-12 fr.), all on the Küssnacht road, close to the lake. Bienz, above the Cursaal (5-7 fr.); Faller, above the Beaurivage (5\frac{1}{2}\cdot 7 fr.); \*Neu-Schweizerhaus (6-10 fr.), Gyger (6-10 fr.), Villa Maria (from 6 fr.), \*Felsberg (Pietzker; pens. 5-7 fr.), all four loftily situated (Pl. E, F, 1); \*Alt-Schweizerhaus (Pens. Anglaise); Oetinger, Englisch-Gruss-Str. 16; Schloss Bramberg, to the N. of the town, with a fine view (6-8 fr.); \*Hôt.-Pens. Gütsch (R. 3-5, D. 3-3\frac{1}{2}, pens. 8-10 fr.), and Hôt.-Pens. Wallis (6-9 fr.), on the Gütsch (p. 98; Pl. A, 3), with charming view; Suter (Gibraltar; Pl. A, 4), suitable for ladies (pens. 6-7 fr.). — \*Hôtel & Curhaus Sonnenberg, see p. 103. — Pens. Stutz (from 6\frac{1}{2} fr.), Pens. Kastanienbaum (5-7 fr.), see p. 113. — Furnished Rooms at J. Müller's, Alpen-Str. 6. baum (5-7 fr.), see p. 113. - Furnished Rooms at J. Müller's, Alpen-Str. 6.

Restaurants. \* Railway Restaurant; Stadthof (Pl. E, 2; music in the evening); Cursaal, see below; Hôt. St. Gotthard, Monopole, Hôt. du Nord, evening); Cursaal, see below; Hôt. St. Gotthard, Monopole, Hôt. du Nord, Waldstätterhof, Hôt. Bahnhof, see p. 94; \*Restaurant Flora, at the station; Café du Théâtre, Café Alpenclub, on the Reuss; Café du Lac; \*Hungaria (Hungarian wines); Seefeld, Halden-Str. 22, with garden on the lake; Walhall, Seidenhof-Str., near the Hôtel du Lac, cheap (no spirits). — Beer. Restaurant Flora, St. Gotthard, see above; Löwengarten, near the Lion Monument; Rosengarten, Grendel-Str.; Muth, Zürich-Str. 3 (Pl. E, 1); Stadt München, near the Hôtel des Balances; Eintracht, Hertenstein-Str.; Kreuz (see above); Seidenhof, on the left bank of the Reuss; Eichhof, on the Kriens road (20 min.). — Confectioners. Café de Paris, Pilatus-Str. 17, 2 min. to the W. of the station: Café Anglais (Huguenin). Alpen-Str. 3

2 min. to the W. of the station; Café Anglais (Huguenin), Alpen-Str. 3, near the Stadthof; Zimmermann-Hofer, next door to the Hôtel Rigi.

Cursaal, on the Quai National (Pl. F, 2), with reading, concert, and ball rooms, restaurant, theatre (seats 2-4 fr.), garden, and lawn tennis. Concert daily at 4 p.m. (50 c.). Before 4 p.m., adm. to the garden free.

Panorama of the French army entering Switzerland in Feb., 1871, by E. Castres, in the Löwen-Platz (p. 97; adm. 1 fr.). — Meyer's Diorama and Alpineum, near the Lion Monument (p. 97; adm. 1 fr.).

Baths in the lake by the Quai National; swimming 20, separate bath 40 c. (towels extra). Lake-baths also near the Tivoli (see above). Warm baths at the Hôtel du Lac and at the Feldersche Bade-Anstalt (1 fr.), Spreuer-Brücke.

Post and Telegraph Office (Pl. D, 4), near the railway-station.

Electric Tramways (every 6 min., to Eichhof and Kriens every 12 min.; fare, 15 c. within the town limits). 1. From the Bahnhof-Platz by the Schweizerhof Quay and Halden-Str. to the Hôt. de l'Europe. 2. From the Schweizerhof Quay by the Alpen-Str. and Zürich-Str. to Maihof. 3. From the Railway Station by the Pilatus-Str. and Eichhof to Kriens (p. 99). 4. From the Railway Station by the Bahnhof-Str., Pfistergasse, and Basel-Str. (Gütsch station) to Emmenbrücke (p. 21).

Cabs. For  $\frac{1}{4}$  hr., 1-2 pers. 80 c., 3-4 pers. 1 fr. 20 c.; for  $\frac{1}{2}$  hr. 1 fr. 50 or 2 fr. 20 c.; for 1 hr., 2 fr. 50 or 3 fr. 60 c.; each box 50 c. To Seeburg 1 fr. 80 c. or 2 fr.; Dreilinden-Stiege 2<sup>1</sup>/<sub>2</sub> or 4, Dreilinden-Plateau 3<sup>1</sup>/<sub>2</sub> or 5, Meggen 4 or 6 fr. — Double fares at night (10-6).

Rowing Boats at the Quai National (Rud. Herzog), Schweizerhof Quay, and Schwanen-Platz. Fare without boatman 50 c. per hr., with canopy 1 fr., gondolas 1 or 11/2 fr.; boatman 1 fr. per hr. Also small motor-

launches. — Steamers, see pp. 99, 113, 117.

Gold and Silver Work, antique furniture, tapestry, etc., at J. Bossard's, in the Schwanen-Platz (Pl. C, 3). — Money Changers: Falck & Co., Kapell-Platz; Thomas Cook & Son, Schwanen-Platz; Bank in Luzern, Stadthof; Kopp & Co., Freihof, Bahnhof-Str. (left bank of the Reuss).

English Church (St. Mark's) in the Halden-Str., opposite the Cursaal (Pl. F, 2); service in summer (Sun. 7.45, 11, and 5). Presbyterian Service in the Boys' School, Musegg-Str., at 11 and 4. American Service at Christ Church (Old Catholic), Musegg-Str. (Pl. D, 2), at 7.45, 11, and 5.

British Vice-Consul, Mr. L. Falck, banker, Schwanen-Platz. — United States Consular Agent, Mr. Julius Hartmann.

Physicians: Dr. Stuart Tidey, Schwanen-Platz 7 (in summer); Dr. Stocker-Freiss Kapell-Platz 9: Dr. Rob. Steiger. Hertenstein-Str. 56. — Dentists:

Freiss, Kapell-Platz 9; Dr. Rob. Steiger, Hertenstein-Str. 56. — Dentists: Dr. A. Elliott (American), Schweizerhof; Dr. Alfred Steiger, Hertenstein-Str. 56. — Anglo-American Pharmacy (C. Kopp), Schwanen-Platz.

Enquiry Office, Seehof-Str. 5, near the Schweizerhof.

Lucerne (1437'; pop. 29,200), capital of the canton of that name, lies picturesquely on the Lake of Lucerne or Vierwaldstätter See, at the efflux of the Reuss, and is enclosed by well-preserved walls with nine watch-towers, erected in 1385, while its amphitheatrical situation, facing the Rigi and Pilatus and the snow-clad

Alps of Uri and Engelberg, is very striking.

The clear, emerald-green Reuss issues from the lake with the swiftness of a torrent. Its banks are connected by seven Bridges. The highest, the iron See-Brücke (Pl. D, 3), built in 1869-70, 500' long, 50' wide, crosses from the town to the railway-station and the post-office, and affords charming views. The two interesting mediæval bridges, the Kapell-Brücke (Pl. D, 3) and the Spreuer-Brücke or Mühlen-Brücke (Pl. B, C, 3), are both carried obliquely across the river. Each has a roof, which, in the case of the former, is painted with 154 scenes from the lives of St. Leodegar and St. Mauritius, the patron-saints of Lucerne, and from the history of the town; and in the case of the latter, with a Dance of Death. The paintings all date from the 18th century. Adjoining the Kapell-Brücke, in the river, rises the old Wasserthurm (Pl. D, 3), containing the Municipal Archives. According to tradition, this building was once a lighthouse (lucerna) and gave its name to the town. St. Peter's Chapel, on the N. bank, has four modern altar-pieces by Deschwanden (p. 141). - Between the Kapell-Brücke and Spreuer-Brücke are the new iron Reuss-Steg (for walkers) and the Reuss-Brücke (Pl. C, 3); below the Spreuer-Brücke the St. Karli-Brücke (Pl. B, 2, 3) and the bridge of the St. Gotthard Railway (p. 121). - The Reuss and the lake are enlivened with swans and flocks of halftame waterfowl (Fulica atra; black, with white heads).

The \*Schweizerhof Quay and the \*Quai National (Pl. D, E, F, 2), with their avenue of chestnuts, extend in front of the large hotels and the Cursaal (p. 95) along the N. bank of the lake and afford a delightful view. See the stone indicators or 'toposcopes', about the

middle of the quays.

VIEW. To the left, the Rigi Group; to the left is the Kulm with the hotels; on the saddle between the Kulm and the Rothstock is the Staffel

Inn; more to the right, the Schild, the Dossen, and the isolated Vitznauer Stock. To the left of the Rigi, above the hills by the lake, rises the Rossberg; to the right of the Vitznauer Stock, in the distance, are the singularly indented peaks of the Liedernen Chain, the Clariden, the Tödi, and the Kammlistock; then the Nieder-Bauen or Seelisberger Kulm and the Ober-Bauen; nearer are the dark Bürgenstock, with its hotel, and the Buochser Horn; to the left and right of the latter tower the Engelberg Alps, the last to the right being the Titlis; farther to the right, the Stanser Horn, the mountains of Kerns and Sachseln, and to the extreme right Pilatus.

On a height near the quays is the \*Hofkirche, or Church of St. Leodegar (Pl. E, F, 2), said to have been founded in the 7th cent., and restored after a fire in 1633. The two slender towers were erected about 1506. It contains a carved pulpit and stalls of the 16th cent., two altars with gilded reliefs in carved wood, that on the N. side representing the death of the Virgin (15th cent.), a fine crucifix by the Engelberg wood-carver Custer, and old stained-glass windows. The rich treasury, containing valuable works of the 12th cent., deserves inspection (apply to the sacristan). Organ-concert in summer daily 6.30-7.30 p.m. (1 fr.). In the arcades enclosing the old Churchyard are several frescoes by Deschwanden.

The Alpen-Strasse and Zürich-Strasse, passing Meyer's Diorama of the Rigi and Pilatus (Pl. D, E, 2; adm. 1 fr.) and the Panorama (p. 95), lead in 5 min. to the famous \*Lion of Lucerne (Pl. E, 1), executed in 1821 to the memory of 26 officers and about 760 soldiers of the Swiss guard, who fell in defending the Tuileries on 10th Aug., 1792. The dying lion (28' in length), reclining in a grotto, transfixed by a broken lance, and sheltering the Bourbon lily with its paw, is hewn out of the natural sandstone rock after a model (exhibited in the adjoining building) by the Danish sculptor Thorvaldsen. Inscription: Helvetiorum fidei ac virtuti. Die X Aug., II et III Sept. 1792. Haec sunt nomina eorum, qui ne sacramenti fidem fallerent, fortissime pugnantes ceciderunt. Duces XXVI. Solerti amicorum cura cladi superfuerunt Duces XVI. A spring at the top of the rock flows down and forms a dark pool at the base. - The Chapel (inscription: Invictis Pax) contains the escutcheons of the officers (adm. free); and the \*Alpineum, opposite the Lion, contains five large Alpine views by Ernst Hodel (adm. 1 fr.).

To the N. of the monument is the entrance to the \*Glacier Garden (adm. 1 fr.; explanatory guide by Prof. Heim 20 c.), a relic of the iceperiod, with 32 'glacier-mills' or 'giant's cauldrons', of different sizes (the largest being 26' wide and 30' deep), well-preserved 'Gletscherschliffe', or rocks worn by the action of the ice, etc. discovered in 1872, and connected by means of steps and bridges. Other features of interest are a reconstruction of a lacustrine village (with some genuine relics) several large reliefs of mountains and glaciers, representations of glacial phenom-

ena, and a collection of stuffed Alpine animals.

Quaint and picturesque houses of the 16-17th cent. still survive in the crooked streets of the older parts of the town. The ancient Rathhaus (Pl. C, D, 3), in the Kornmarkt, dates from 1519-1605. A fresco on the tower represents the death of the Lucerne burgomaster Gundoldingen at the Battle of Sempach.

Ground Floor. The vestibule contains a permanent Exhibition of Art, with a collection of old Swiss flags, including several banners presented by Popes Julius II. and Leo III. to Lucerne and other towns. — Farther on is the Historical & Industrial Museum, with the Antiquarium of the Five Cantons (open in summer, 9-6; adm. 1 fr.). Room I. contains the armoury from the Arsenal, embracing weapons, flags, and trophies of the battles of the 14th cent. and of the Burgundian and Milanese wars; in the glass-case on the right are the coat-of-mail of Duke Leopold of Austria, and several banners captured by the townsmen at the battle of Sempach. A chased sword-hilt ('Tellenschwert', i.e. 'Tell's sword') of the 16th cent., and the uniforms of different Swiss guards (in the middle of the large glass-case) should also be noticed. At the windows is exhibited a \*Collection of Stained Glass of the 14-18th cent., including a series of armorial bearings of the 17th century. — Room II. contains the collections of the Historical Society, comprising relics of the prehistoric, Celtic-Roman, Germanic, and mediæval periods; in glass-cases in the centre are Roman objects (bronze statue of Mercury; bronze tripod). — On the first floor is the Council Chamber, with beautiful 16th cent. carving on the ceiling and walls. In the ante-chamber are a number of portraits of magistrates, most of which are by Reinhart.

The late-Gothic Fountain in the Weinmarkt (Pl. C, 3) is by

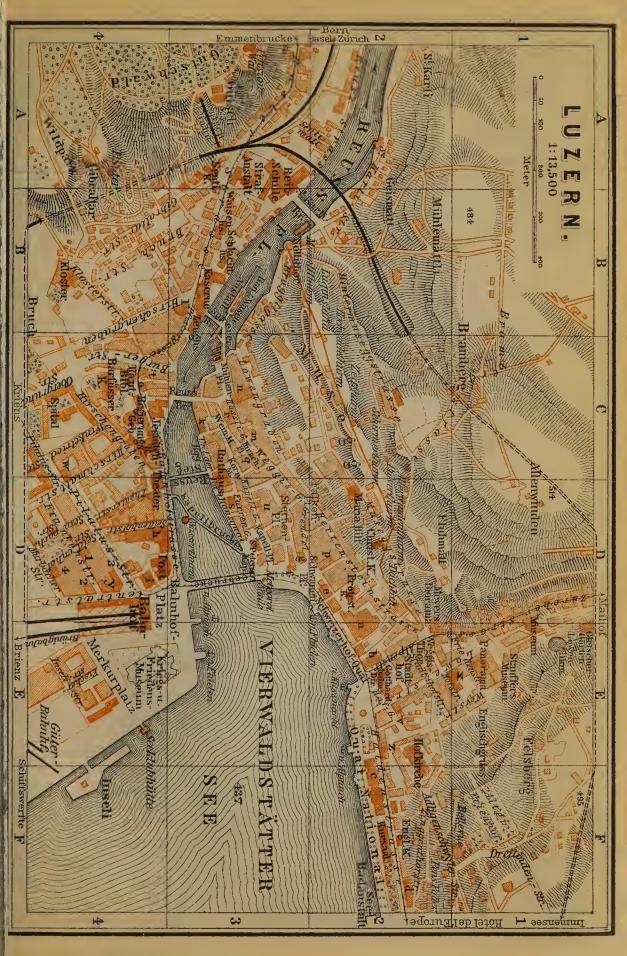

Conrad Lux (1481).

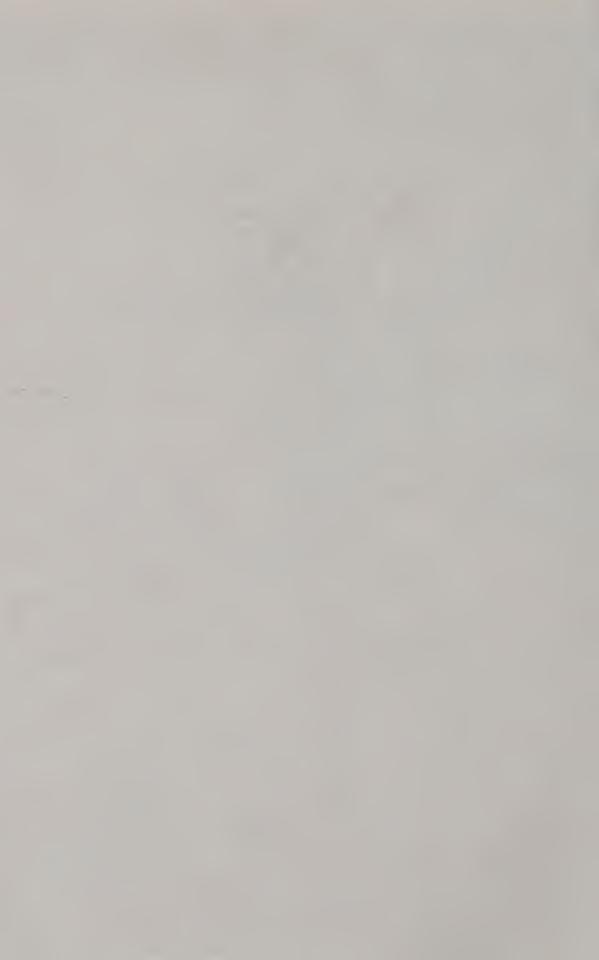

On the left bank of the Reuss, to the right of the rail. station, is the large hall of the Federal Rifle Competition of 1901, which is to be preserved and fitted up as a Museum of Peace and War. Farther to the W. are the Jesuit Church (Pl. C, 4), built in 1667 in the rococo style, and the former Jesuit College, now the Government Building, with a picturesque court, the state archives, and a collection of coins. In the same neighbourhood are the Cantonal School, with extensive botanical and geological collections on the third floor (open free on Sun., 1-3, and on Tues., 1-4; at other times 50 c.), the Museum (Pl. C, 4), with the cantonal library of 80,000 vols. (including many rare books; adm. 10-12), and the Civic Library (14,000 vols.), on the Reuss, containing a valuable collection of works on Swiss history and copies of Holbein's frescoes on the Harter house, pulled down in 1824.

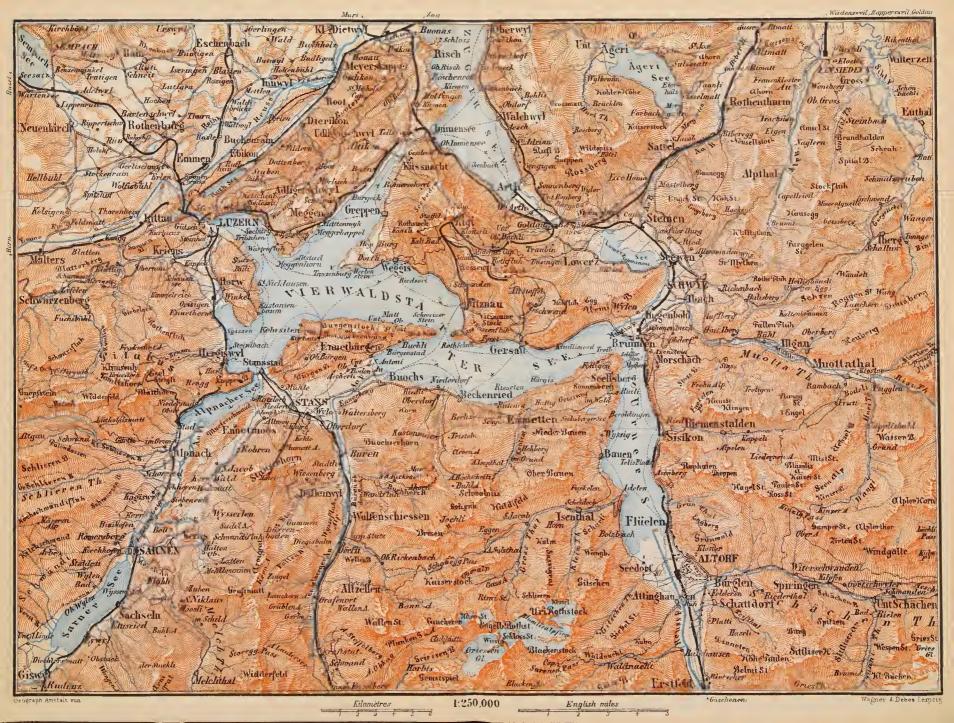

The \*Gütsch (1720'; Pl. B, 3), a height on the left bank of the Reuss, at the W. end of the town, affords a splendid view of the town, the lake, the Rigi, and the Alps of Uri, Unterwalden, and Engelberg; best from the view-tower (lift 30 c.). It is reached from the railway-station on foot in 10-12 min. (electric tramway, see p. 95; cab for 1-2 pers. 1 fr., 3-4 pers. 2 fr.) and then by Cable Tramway (196 yds. long; gradient 53:100; trains every 10 min., in 3 min.; fare 35, return-ticket 60 c.). At the top (1920') is the \*Hôtel-Pension Gütsch, with wooded grounds. The walk from the

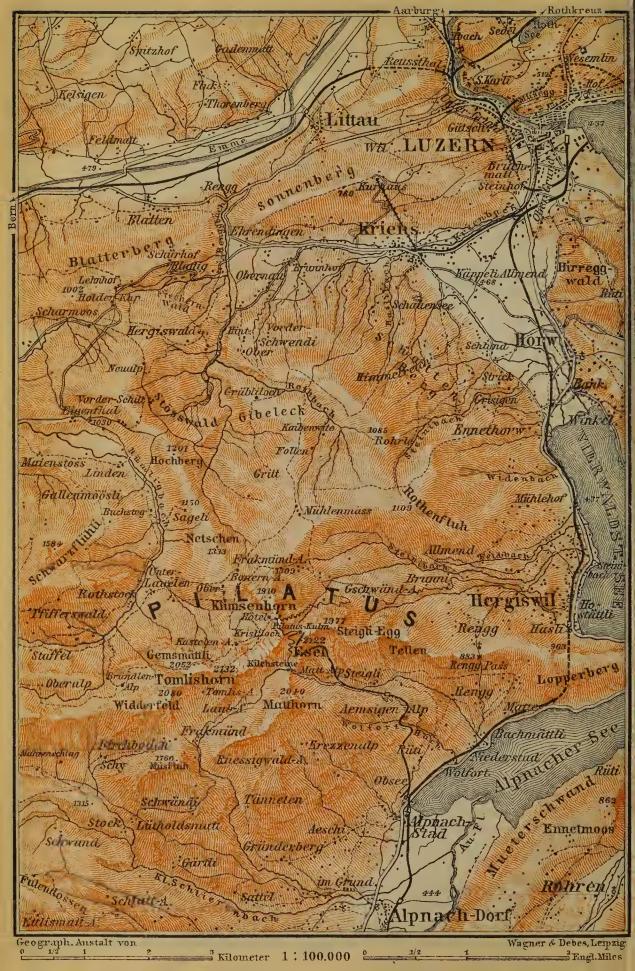

Gütsch to the Hôtel Sonnenberg (p. 99) takes 35 minutes.

Another beautiful point near the town is the \*Drei Linden (1810'), to which a good road leads in 20 min. from the Hofkirche. We ascend the Adligenswiler-Strasse, to the right, behind the church, and after 3 min. take the Dreilinden-Strasse to the left, which leads to the top in about ½ hr. Halfway, to the left, diverges a somewhat more direct route. At the top is a cluster of tasteful

villas. The 'Drei Linden' stand in private grounds (no admission). In front is a terrace commanding a charming view of the environs of Lucerne and the Alps, with the Titlis and Stanser Horn in the middle and the Finsteraarhorn and Schreckhorn in the distance to the right. We may return to the N.W., by the Capuchin Convent on the Wesemlin, to the (20 min.) Lion Monument (p. 97).

The most beautiful point of view in the immediate neighbourhood of Lucerne is the "Sonnenberg, a visit to which should not be omitted. The electric tramway (p. 95) takes us in 12 min. viâ Eichhof to (21/2 M.) Kriens (1695'; "Hôtel Pilatus; Linde), a large manufacturing village (pop. 5949), at the N. foot of Mt. Pilatus. From here a cable-tramway (1/2 M.) 5949), at the N. foot of Mt. Pilatus. From here a cable-tramway (1/2 M. long) ascends in 6 min. (fare 80, down 60 c., return-fare 1 fr.), along the S. slopes of the Sonnenberg (mean gradient 1:4), over a bridge (80 ft. long) across the Krezentobel, and through a tunnel (200 ft. long), to the \*Grand Hôtel Sonnenberg (2350'; pens. 6-12 fr.; Eng. Ch. Serv. in summer), with a large restaurant, pleasant grounds, and a fine view from the belvedere on the roof (lift, 30 c.). From the hotel a new road leads to the (1/4 M.) \*Kreuzhöñe (2560'), which affords a magnificent and very picturesque view of Pilatus and the Alps from the Sentis to the Titlis and Sustenhorn, with the lakes of Lucerne, Zug, and Sempach, the Rothsee, and the hilly landscape to the N. Adjacent are extensive woods with pleasant walks. The Hôtel Sonnenberg may also be reached from the Gütsch on foot in 35 min., and from Lucerne in 50 min. viâ the Hirschgraben (Pl. B, 4), the Kloster-Strasse, and the Sonnenberg-Strasse.

the Kloster-Strasse, and the Sonnenberg-Strasse.

To the S. roads ascend from Kriens to (1 M.) the château of Schauensee (1885') and the (21/4 M.) \*Hôtel-Pension Himmelreich (2264'; pens. 41/2.5 fr.), a health-resort amid woods, with fine view. — Another road, leading to the W. from Kriens, ascends along the Krienbach to the (2 M.) Renggbach, whence a bridle-path leads to the left through wood to (40 min.) Herrgottswald or Hergiswald (2800'; \*Hôt.-Pens. Haas, pens. 5-7 fr.), a health-resort in a fine situation. Or we may continue to follow the Renggbach road to Lehnhof and (4½ M.) Eigenthal (3380'), another health-resort (see p. 154; thence to Schwarzenberg, ½ hr.). — From Eigenthal a path ascends by the Rümligbach past the huts of Buchsteg and Rothstock, then steeply to the left to (1½-2 hrs.) the Bründlen-Alp (4985'), with the little Pilatus Lake (generally dry in summer), where, according to a curious tradition, Pontius Pilate drowned himself from remorse. From this point the Widderfeld (6817') may be ascended in 13/4 hr.; and a rough and indistinct path leads round the slopes of the Widderfeld and Gemsmättli and over the Kastelen-Alp to the  $(1^{1/2} \text{ hr.})$  Hôtel Klimsenhorn (p. 116). Guide in both cases.

## 27. Lake of Lucerne.

Steamboat in summer 8 times daily between Lucerne and Flüelen in Steamboat in summer 8 times daily between Lucerne and Fluelen in 2<sup>3</sup>/<sub>4</sub> hrs., express in 2<sup>1</sup>/<sub>4</sub> hrs. (to Hertenstein 35 min., Weggis 45 min., Vitznau 1, Buochs 1<sup>1</sup>/<sub>4</sub>, Beckenried 1<sup>1</sup>/<sub>2</sub>, Gersau 1<sup>3</sup>/<sub>4</sub>, Treib 2, Brunnen 2 hrs. 5 min., Rütli 2 hrs. 12 min., Sisikon 2 hrs. 20 min., Isleten 2 hrs. 20 min., Bauen 2 hrs. 25 min., Tells-Platte 2<sup>1</sup>/<sub>2</sub>, Flüelen 2<sup>3</sup>/<sub>4</sub> hrs.). The steamers do not all touch at Hertenstein, Buochs, Treib, Rütli, Sisikon, and Tells-Platte, while Bauen and Isleten are called at twice a day only. Fare to Flüelen 3 fr. 80 or 2 fr. 70 c.; return-tickets available for two days, 5 fr. 30, 3 fr. 55 c. Those who make some stay should purchase 100 family-tickets for 12<sup>1</sup>/<sub>2</sub> fr.; immediately on embarking a certain number of these, corfor 121/2 fr.; immediately on embarking a certain number of these, corresponding to the distance to be travelled, are given up. Trunk 40-80 c., including embarkation and landing. Sunday excursion-trips from Lucerne to Flüelen and back, first class 1½, second class 1 fr. Most of the steamers start from the railway-station of Lucerne, but a few start from the quay and then call at the railway-station (comp. p. 94). Good restaurants (déj. 3, D. 4 fr.) on board. Tickets are procured at the purser's office on board. Time-tables and maps of the lake to be had at the steamboat-offices gratis.

The \*\*Lake of Lucerne (1435'; Vierwaldstätter See, or 'Lake of the Four Forest Cantons', viz. Uri, Schwyz, Unterwalden, and Lucerne) is unsurpassed in Switzerland in magnificence of scenery. Its beautiful banks are also intimately associated with the traditions so graphically depicted by Schiller in his William Tell. The lake is nearly cruciform in shape. Length from Lucerne to Flüelen 23 M.; width \(^1/2-2\) M.; greatest depth 700'.

The wind on the lake is apt to change very suddenly. The boatmen declare that it blows from a different quarter beyond each promontory. The most violent is the Föhn (S. wind), which sometimes makes the Bay of Uri dangerous for small boats, and even for steamers. In fine weather

the Bise (N. wind) usually prevails the whole day.

Soon after leaving Lucerne the steamer affords a strikingly picturesque view of the town, with its towers and battlements. To the left rises the Rigi, to the right Pilatus, and facing us the Bürgenstock, the Buochser Horn, and Stanser Horn. High above the lake runs the St. Gotthard Railway (p. 121). To the left of Pilatus, above the hills of Unterwalden, the Wetterhörner (Rosenhorn, Mittelhorn, Wetterhorn), Schreckhorn, Mönch, Eiger, and Jungfrau gradually become visible. The small promontory to the left, with a pinnacled villa, is the Meggenhorn. In front of it lies Altstad, an islet with fragments of an old custom-house.

Beyond the Meggenhorn the bay of Küssnacht opens to the left, and that of Stansstad to the right, and we have now reached the centre of the cross ('Kreuztrichter') formed by the lake. In the distance to the left lies Küssnacht (p. 118); in the foreground, Neu-Habsburg (p. 117). To the right rises the wooded Bürgenstock (p. 113). From this part of the lake Pilatus (p. 115) is very striking. Its weird peaks, seldom free from clouds, form a marked contrast to the Rigi opposite, the lower slopes of which are covered with gardens, fruit-

trees, and houses, and the upper with woods and pastures.

Beyond the promontory of *Tanzenberg*, in a small bay to the left, is the \*Hôtel Schloss Tanzenberg-Hertenstein (pens. 8-12 fr.; a walk of 10 min. from the pier, or by boat in 5 min.). Before us, in the distance, peeps the double-peaked Scheerhorn (p. 137). Stat. Hertenstein (Pens. Hertenstein; Hôt.-Pens. Pilatus, 3 min. to the

E., pens. 6-7 fr.); then —

Weggis. — \*Hôtel-Pension du Lac, R. 2-3, D. 3, S. 2, pens. 51/2-8 fr.; \*Lion d'Or, R. 2-4, B. 1, D. 3, pens. 51/2-71/2 fr.; \*Hôt.-Pens. Schönau, pens. from 5 fr.; \*Pens. Villa Bühlegg, pens. 5-7 fr.; \*Hôt. de la Poste, at the pier, R. 2-4, B. 1, D. 3, S. 2, pens. 6-9 fr. Farther to the W., on a lofty site: \*Curhaus & Pens. Villa Köhler, R. 3-8, B. 11/2, D. 4, S. 21/2, pens. from 71/2 fr.; \*Hôt.-Pens. Paradies, R. 2-3, B. 11/4, D. 3, S. 2, pens. 6-8 fr.; \*Pens. Villa Belvedere, with pleasant grounds and lake-baths, pens. 6-7 fr.; Pens. Zimmermann-Schürch, with garden, R. 2-3, B. 1. D. 21/2, S. 2, pens. 5-7 fr.; \*Hôt.-Pens. Rössli, R. 11/2-21/2, D. 21/2, pens. 5-6 fr.; \*Hôt.-Pens. Rigi, R. 11/2-21/2, B. 1, D. 2-21/2, S. 11/2-2, pens. 5-7 fr.; \*Hôt.-Pens. Bellevue, with extensive grounds, baths, etc., R. 21/2-5, B. 11/4, D. 4, pens. 71/2-11, omnibus 1 fr.; \*Pens. Villa Victoria, pens. 5-7 fr.; Pens. Baumen, R. 11/2-21/2, D. 2, pens. 4-5 fr.; Pens. Herrenmatt. On the lake are several furnished villas to let. Tavern with 'Rigi wine' in the village. — English Church Service in the season.

Weggis, a thriving village in a very sheltered situation, is frequented as a health-resort. — Bridle-path to the Rigi, see p. 110.

From Weggis to Greppen (p. 117), road in 3/4 hr., or footpath (passing to the right of the church) in 1 hr. Between these, and reached from the schoolhouse of Weggis in ½ hr., rises the Rigiblick, a hill overlooking the lake (leave of proprietor necessary). — Beautiful walk to the E., by the road skirting the lake, to (1½ M.) \*Hôt.-Pens. Lützelau (pens. 5-6 fr.) and (21/4 M.) Vitznau.

Near Vitznau we observe on the hillside to the left the railway bridge across the Schnurtobel (p. 109); high above it appear the Hôtel Rigi-First (p. 112) and, farther to the right, the Hôtel Unterstetten (p. 112).

Vitznau. - \*VITZNAUER HOF, with garden and lake-baths, R. 3-6, B. 1½, D. 4, S. 3, board 6½ fr.; \*Hôt. & Restaurant Rigibahn & Pension Kohler, near the pier and the Rigi railway-station, with a terrace on the lake, R. 2½-4, B. 1¼, D. 3, S. 2½, pens. 6½-8½ fr.; \*Hôt.-Pens. Rigi, R. 2½-3, D. 3, pens. 5½-7 fr.; \*Hôt.-Pens. du Parc, ⅓ M. to the W., with baths and extensive grounds, R. 2½-½½, B. 1½, D. 3½, S. 2½, pens. 7-10 fr.; \*Hôt.-Pens. Alpenrose, R. 2-½½, D. 2½-3, pens. 5-6 fr.; Pension Villa Waldheim, pens. from 5 fr.; \*Pension Zimmermann zum Kreuz, pens. 5-5½ fr.; Hôtel-Pension Bellevier, R. 1½-2, D. 2-2, S. 4½-2 Keuz, pens. 5-51/2 fr.; Hôtel-Pension Bellevue, R. 11/2-2, D. 2-3, S. 11/2-2, pens. 5-6 fr.; Pens.-Restaurant Unterwilen, 1 M. to the W. of the village, with fine view, pens. 41/2-6 fr. — Flora Alpina Restaurant, on the Gersau road, 1 M. to the E. of Vitznau (also a few rooms).

Vitznau, prettily situated at the W. base of the Vitznauer Stock (see below), is the terminus of the Rigi Railway (p. 108). High above the village rises the precipitous Rothenfluh, with the Waldisbalm, a stalactite grotto 200 yds. long (difficult of access).

A beautiful road leads from Vitznau via the Obere Nase (see below; fine view of the lake) to (31/2 M.) Gersau and past the Kindlismord Chapel

(p. 103) to (41/2 M.) Brunnen.

On the S.W. slope of the Vitznauer Stock (bridle-path in 1½ hr. from Vitznau, shady in the early morning) is the finely situated \*Hôtel-Pens. Weissenfluh or Wissifluh (3100'; pens. from 5½ fr.), a health-resort, with beautiful view (finest from the Blümlismatt, 5 min. to the S.). Pretty walks to Aeusser-Urmi (3525'; ¼ hr.); Ober-Urmi (3740'; Pension, 3½ fr.; ½ hr.); to the top of the Vitznauer Stock (4775'; 1¼ hr., the last ½ hr. steep); \*Dossen (5540'; 2 hrs.), etc. Descent from Weissenfluh to Gersau 50 min. (ascent 1½ hr.; path rough in places). (ascent 11/2 hr.; path rough in places).

Beyond Vitznau are two long promontories, called the Nasen (noses), apparently terminating the lake, the Obere Nase (1.), a spur of the Rigi, the Untere (r.), of the Bürgenstock (p. 113). To the left of the Obere Nase the Glärnisch (p. 77) rises above the Pragel. Beyond this strait the lake is called the Buochser See, from Buochs (\*Krone, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B. 1, D.  $2^{1}/_{2}$ , S. 2, pens.  $4^{1}/_{2}$ -7 fr.; Kreuzgarten), a village to the right, above which rise the Buochser Horn (p. 102) and the E. slopes of the Bürgenstock. The village (1637 inhab.) was burned by the French in 1798, on which occasion the painter Wyrsch (p. 141) lost his life (monument in the charnel-house). Buochs is a pleasant residence in spring and autumn (shady walks).

Diligence to Stans (p. 141) thrice daily in 3/4 hr. (or walk direct by Ennerberg and Wil). Between Buochs and Beckenried (pleasant walk of 3/4 hr.) huge dams control the torrents descending from the Buochser Horn

and the Schwalmis.

Next, on the S. bank, -

Beckenried, or Beggenried (\*Sonne, R. 2-4, B. 1½, D. 3, S. 2, pens.  $5^{1}/_{2}$ -9 fr.; \*Mond, R. 2-3, B. 1, D.  $2^{1}/_{2}$ -3, pens. 5-7 fr.; \*Nidwaldner Hof, R.  $1^{1}/_{2}$ -3, B. 1, D.  $2^{1}/_{2}$ -3, S. 2, pens. 5-7 fr.; Pens. Bühler; Rössli), where the delegates from the Four Forest Cantons used to assemble, is now much frequented in summer. In front of the church is a fine old walnut-tree.

One-horse carriage to Stans 6, two-horse 12 fr.; to Stansstad 8 or 15, Alpnach 11 or 18, Seelisberg 13 or 25, Schöneck 6 or 12 fr., and fee.

From Beckenried to Seelisberg (2½ hrs.). The road ascends in curves through a wood, past the (3/4 hr.) charmingly situated \*Hôtel & Curhaus Schöneck (2250'; water and whey-cure; R. 1½-8, D. 4, S. 2½, pens. 8½-15 fr.; S. B. G. H.), to (¼ hr.) the village of Emmeten (2520'; \*Hôtel and Curhaus Engel, with garden, pens. 4½-6 fr.; Schlüssel; Post, small), a health-resort in a sheltered situation. From the Steingaden (2770'), ¼ hr. to the N.E., a fine glimpse of the lake is obtained. A charming walk (new path) leads by the picturesque \*Riselten-Schlucht, through which rushes the Kohlthalbach, to (50 min.) Schöneck. — Farther on we traverse a dale between the Stutzberg and Niederbauen (see below), passing Happlig and Lauenen, and reach the saddle above the little Seelisberg Seeli. Thence we go on viâ Geissweg to the (1½ hr.) Hôtel Sonnenberg (p. 103).

The \*Niederbauen or Seelisberger Kulm (6322'; 3½ hrs.; guide, 6-7 fr., unnecessary; path shady till 9 a.m.), a very fine point, is best ascended from Emmeten. Near the school-house (2550'; ½ M. to the E. of the Engel) a road ascends to the right (S.) in three somewhat sharp curves and then leads through the Kohlthal to (1 hr.) the Grund Alp (3235'). We now turn to the left, cross the Kohlthalbach. and follow a steep, winding, but well-made footpath through a beautiful wood to the (1 hr.) Hoberg Alp (4465'); in 40 min. more we reach the Niederbauen Alp (5220'; rfmts.), whence we ascend over grassy slopes to the (1 hr.) summit. — Another route, shadeless and steep but with fine views, begins beyond the bridge over the Kohlthalbach (⅓ M. to the E. of the schoolhouse) and ascends to the right. Beyond a group of three houses it ascends in windings through pinewood, and traverses the pastures of Frutt to (2½ hrs.) the Niederbauen Alp. — The routes from Beroldingen (p. 103) and the Seelisberg Seeli (p. 103; each 3½-4 hrs.) are rough and not recommended. — The summit commands an imposing and highly picturesque view of the Lake of Lucerne from Lucerne to Flüelen, of the Uri-Rothstock, Bristenstock, Tödi, Scheerhorn, and Windgellen, and of the Reuss valley as far as Amsteg. Less of distant view than from the Rigi. — The Oberbauen or Bauberg (6960'), another fine point, is ascended from the Niederbauen-Alp (see above) in 2 hrs. (guide 8 fr.). A steep descent may be made by the Bauberg-Alp to (2½ hrs.) Isenthal (p. 107).

The Buochser Horn (5940') may be ascended in 41/2 hrs. from Beckenried or Buochs (guide desirable, 5 fr.; fine view). Descent to (11/4 hr.) Nieder-Rickenbach (p. 142).

On the opposite bank, on a fertile strip of land between the Vitznauer Stock and the Hochfluh, lies the pretty village of —

Gersau. — Hotels. \*Hôt.-Pens. Müller, with garden on the lake, R. 3-5, D. 3½, S. 2½, pens. 7-10 fr. (depôt of the S.B.G.H.); \*Hôt.-Pens. Beau-Séjour, R. 1½-2½, B. 1, D. 2½, pens. 5-6 fr.; Seehof, on the lake, ¼ M. to the E., R. 1-1½, D. 2, pens. ½½-6 fr.; \*Hof Gersau, R. 1½-2, B. 1, D. 2, pens. 5-6 fr.; Hôt.-Pens. Fluhegg, R. ½-2, D. 2. S. ½, pens. ½½-6 fr.; \*Hôt.-Pens. Rigi, pens. from 5 fr.; Pension Platten, on the new Scheidegg road, 1 M. above Gersau, pens. ½½ fr.; Pension and Restaurant Sonne. Furnished Rooms at Müller's zwr Säge and at Waad's. — English Church Service at the Hôtel Müller.

Gersau, in a sheltered site, amidst orchards, with broad-eaved cottages scattered over the hillside, is much visited as a healthresort. In the ravine behind it are three silk-factories, and on the

mountain above is the Rigi-Scheidegg Hotel (p. 112).

The ascent of the \*Rigi-Hochfluh (5564'), 3-31/2 hrs. from Gersau, viâ the Zihlistock-Alp, is attractive. Last part of the route now improved (see p. 113). From the Hochfluh to the Scheidegg, 11/2-2 hrs. — The Vitznauer Stock (4775') may be ascended in 21/2 hrs. from Gersau or Vitznau by Ober-Urmi (comp. p. 101). — From Gersau to (41/2 M.) Brunnen (see below) a pleasant walk by the road on the lake (Axenstrasse). — From Gersau to Lowerz (p. 122), 31/4 hrs. A new road ascends to (11/2 hr.) Ober-Gschnend (3320': inn), whence a footpath leads to (1/2 hr.) the Gätterli Pass Gschwend (3320'; inn), whence a footpath leads to (1/2 hr.) the Gätterli Pass (3910'), between the Hochfluh and the Rigi-Scheidegg. Descent to Lowerz, 11/4 hr. — From Ober-Gschwend to Rigi-Scheidegg (2 hrs.), see p. 113.

On the bank beyond Gersau is the Kindlismord Chapel. To the E. rise the two Myten, at the base of which lies Schwyz (p. 123); nearer is the church of Ingenbohl; to the right, the broad Fronalpstock.

The steamer now crosses to Treib (Inn, rustic; boat to Brunnen, 1-4 pers., 11/2 fr.), in Canton Uri, at the foot of the Sonnenberg, the landing-place (telephone) for the village of Seelisberg (2637'; \*Hôt.-Pens. Bellevue, R. 11/2-31/2 fr., B. 1 fr. 30, D. 3 fr. 25 c., S. 21/2, pens. 6-8 fr.; Pens. Aschwanden; Pens. Löwen) on the hill above, to which a road leads in 11/2 hr. through the orchards of Folligen (omnibus four times daily to Sonnenberg in 11/4 hr., up 2, down 11/2 fr.; one-horse carr. 5, two-horse 10, to the Hôt. Sonnenberg 6 or 12 fr., and fee of 2 fr.). The direct path ascends to the left behind the inn (1 hr.; stony but shady in part). By the Chapel of Maria-Sonnenberg, 12 min. from the church of Seelisberg, is the Pension Grütli (5-7 fr.); 100 paces farther is the little Hôtel Mytenstein; and just beyond it is the large \*Hôtel Sonnenberg (2770'; four houses, 400 beds; R. 21/2-5, B. 11/2, D. 5, S. 3, board 7-8 fr.; visitors' tax 21/2 fr. a week; Engl. Ch. Serv. in summer), a favourite health-resort. The terrace in front commands a beautiful \*View of the lake of Uri lying far below, with its girdle of mountains from the Myten to the Uri-Rothstock.

Attractive walk to (25 min.) the \*Schwendistuh or Schwandenstuh (2723'), by a path diverging to the left from the Beroldingen road, near the inn Zum Schützen, 3 min. to the S. of the Hôt. Sonnenberg. Striking view from the perpendicular rocks, the Teufelsmünster of Schiller ('Tell', Act IV, Sc. 1).

— Beautiful view from the Känzeli (3303'; 1/2 hr. to the N.W.; ascent to the right at the S. end of the hotel, through wood), over the lake and the plain as far as the Weissenstein. — To the S.W. of the hotel lies (1 M.) the picturesque little Seelisberger Seeli ('little lake', 2470'; with bath-house, 50 c.) on the precipitous N.E. side of the Niederbauen (p. 102).

Walk from Seelisberg to Bauen. We follow the road beyond the hotel (finger-post: path to the Schwendishuh to the left) to (3/4 hr.) the château of

(finger-post; path to the Schwendifluh to the left) to (3/4 hr.) the château of Beroldingen (beautiful view), and descend a steep path, by Wissig, to (1/2 hr.) Bauen (Tell, plain). Boat from Bauen to Tellsplatte 2, Rütli 3, Flüelen 4 fr. (dearer at the 'Tell'). — Path from Seelisberg to the (1/2 hr.) Rütli, see p. 105.

Opposite Treib, on the E. bank, lies the small town of -

Brunnen. - Hotels. \*Waldstätter Hof, on the lake, with baths, R. 3-6, déj. 3, D. 4, S. 21/2, pens. 8-13, in spring and autumn 7-10 fr. (concerts in the large entrance-hall); \*Hôt.-Pens. Aufdermaur au Parc, 1/4 M. from the lake, R. 2-5, B. 11/2, D. 4, S. 21/2, pens. 61/2-10 fr.; \*Hôt-Pens. Adler, R. 2-4, B. 11/4, D. 31/2, S. 21/2, pens. 61/2-91/2 fr.; \*Hôt-Pens. Hirsch, R. 2-3, B. 11/4, D. 3, S. 2. pens. 6-7 fr., both opposite the pier; \*Eden Hotel & Pension, prettily situated on the W. margin of the Güisch, with view-terrace (lift, 10 c., on the Axenstrasse, between the Adler and the Bellevue). R. 3-6, B. 11/2, D. 4, S. 21/2, pens. 8-12 fr.; \*Hôt-Pens. von Euw, R. 11/2-21/2, D. 21/2, pens. 51/2-7 fr.; Hôt-Pens. Bellevue (R. from 2, B. 1, D. 3, S. 2, pens. 5-7 fr.) and \*Hôt-Pens. Mythenstein (same prices), both on the Axenstrasse, close to the lake; \*Hôt-Pens. Gütsch, with fine view, unpretending, R. 2, D. 21/2, pens. 5-6 fr.; \*Hôt-Pens. Schweizerhof, with restaurant, R. 2-21/2, B. 11/4, D. 3, S. 21/2, pens. 51/2-7 fr.; \*Rössli, R. 11/2-21/2, B. 1, D. 3, pens. 5-6 fr.; \*Hôt. Rütli, R. 11/2-21/2, pens. 5-7 fr.; Brunnerhof, all near the quay; Hôt.-Pens. Rigi, on the Gersau road, R. 11/2-2, B. 1, D. 2-21/2, pens. 5-6 fr.; \*Hôt-Pens. Victoria, on the lake, near the Föhnhafen (harbour of refuge), R. 11/2-31/2, B. 11/4, D. 3, S. 21/2 pens. 6-10 fr.; \*Pens. du Lac, with lake-baths, at the B. 11/4, D. 3, S. 21/2 pens. 6.10 fr.; \*Pens. Du Lac, with lake-baths, at the Föhnhafen, R. 11/2-4, B. 11/4, D. 3, S. 21/2, pens. 5-7 fr.; \*Hôt.-Pens. Bellavista, pleasantly situated farther to the W., 1 M. from Brunnen, R. 21/2-3, B. 11/4 D. 3, S. 2, pens. 5-7 fr.; Pens. Friedheim, on the Urmiberg, 1 M. to the N. of the lake; Hôt.-Pens. Drossel, on the lake, R. 11/2-21/2, B. 1 fr.; Hôt. Bahnhof, Tell (well spoken of), Freihof, Sonne, Rosengarten, and others plain (pens. 1-6 fr.) and others, plain (pens. 4-6 fr.). - Munich beer at the Hôt. Bellevue, Hôt. Schweizerhof, and Hôt. Drossel (with garden); Helvetia, Rickenbacher, Bahnhof-Str. — Confectioner, J. Nigg-Aufdermaur, Bahnhof-Str.

Rowing Boat to Treib and back, with one boatman 1, with two 2 fr.; Rütli 2½ or 4, Tellsplatte 3 or 6, Rütli and Tellsplatte 5 or 8 fr.—
Motor Launch (4 seats) to Flüelen 10, Gersau 7, Vitznau 12, Tell's Platte 7, Rütli and Tell's Platte 8, return-fare 4 fr. per hour.

Baths (warm and lake baths) at the Waldstätter Hof (lake-bath and

towel, 50 c.). - Wood-carvings, photographs, books, newspapers, etc., at

Leuthold's, by the steamboat-pier.

Book Depôts of the Bibliothèque des Grands Hotels (p. xviii) at the Waldstätter Hof and the Hotels Adler, Axenfels, Fronalp, Stoos, Sonnenberg-Seelisberg, etc.

English Church Service at the Waldstätter Hof.

Brunnen, the port of Canton Schwyz, a station on the St. Gotthard Railway (p. 121), and one of the most beautiful places on the lake, is partly situated in a flat valley near the mouth of the Muota. In the background rise the two Myten. The old Susthaus, or goods-magazine, is adorned with quaint frescoes. New Protestant Church on the Schwyz road, opposite the railway-station. Higher up is the nunnery of Ingenbohl (see p. 103).

The Gütsch (1700'; hotels, see above), a hill behind Brunnen, overlooks the two arms of the lake and the pretty valley of Schwyz. Shady walks in the environs. The new Olympus Road ('Olymp-Strasse'), beginning at the Leewasser near the middle of the village, winds up through the wood, passing the (10 min) view-terrace of the Eden Hotel, to the top of this hill. It

is to be prolenged to Axenfels.

FROM BRUNNEN TO MORSCHACH, a good road (shade in the morning) ascends in 1 hr. from the Axenstrasse (diligence in summer four times daily in 3/4 hr., 1 fr.; one-horse carr. 5 fr., two-horse 10 fr.). The shady footpath which diverges at the (1/2 M.) guide-post to the left cuts off a long curve. 40 min. \*Grand Hôtel Axenfels (2100'; R. 31/2-8, B. 11/2, lunch 3, D. 5, pens. 71/2-13 fr.; Engl. Ch. Service), with a glazed promenade, gardens, park, and fine view. About 5 min. farther on is the charmingly situated hamlet of Morschach (2120'; \*Hôt -Pens Frahagla & charmingly situated hamlet of Morschach (2120'; \*Hôt.-Pens. Frohnalp & Curhaus Morschach, R. 21/2-41/2, B. 11/4, D. 31/2, S. 21/2, pens. 6-8 fr.; \*Pens. Betschart, 51/2 fr.; \*Pens. Degenbatm, on a height 230' above the village, pens. 5-8 fr.; Hrsch; Adler; Krone). The road forks at the Pens. Betschart the right sent the schart, the right branch leading to the Stoos (p. 105) and via Ober-Schönen-

buch (p. 84) to (41/2 M.) Schwyz, while the left branch ascends past the \*Hôt.-Pens. Rütliblick (pens. 5-7 fr.; fine view) to (12 min.) the Grand Hôtel Axenstein (2360': burned down in Dec., 1900; now rebuilding and to be re-opened in 1902), splendidly situated on the Brändli, with a magnificent \*\*Survey of both arms of the lake. Large covered promenade and beautiful shady grounds close to the hotel, containing numerous erratic blocks and interesting traces of glacier-action. Strangers are admitted to the park, but if residing at the Hôtel Axenfels or at Morschach only by special permission. Besides the road, there is a path from the end of the Olympus Road on the Gütsch to the hotel, for the most part in shade (3/4 hr.). Adjacent is an English Church (All Saints).

The Stoos (4242'), the N. spur of the Fronalp (\*Hôt.-Pens. Stoos, R. 3-5, B. 1½, D. 4, S. 2½, pens. 7-12 fr.; \*Pens. Balmberg, 5-6 fr.), another good point of view (best from the Stooshorn, 5 min. to the N.), with varied walks, is reached from Morschach in 2 hrs. (carr. and pair from Brunnen, in 2<sup>1</sup>/<sub>4</sub> hrs., 20 fr., there and back 25-30 fr., with one horse 15 fr.; saddle-horse 10, porter for 1101bs. 5 fr.; gratuity 1 fr.). The road (in shade in the morning for most of the way) leads past the (<sup>1</sup>/<sub>4</sub> hr.) inn Zur Schwyzer-höhe, with a beautiful view of the valley of Schwyz and then through a wood. — The \*Fronzlpstock (6295'; small \*Inn, ten beds), 11/2 hr. to the S.W. of the Stoos, reached by a rough path (fingerpost; milk at a chalet halfway), affords a magnificent view, hardly inferior to that from the Rigi, of the Alps and of the entire Lake of Lucerne. -A footpath leads from the Stoos to (11/2 hr.) Ried (p. 84) in the Muota-Thal, at first traversing meadows, but beyond the Stoosbach descending in steep zigzags through wood to the bridge over the Muota.

Other excursions from Brunnen: by the St. Gotthard Railway to (12 min.) Schwyz-Seewen, and then by boat (in 25 min. from Seewen) to the island of Schwanau in the Lake of Lowerz (p. 122); to the Muotato the island of Schwanau in the Lake of Lowerz (p. 122); to the Muota-Thal as far as the (13/4 hr.) Suvoroff Bridge (p. 84), viâ Ingenbohl, Unter- and Ober-Schönenbuch, or viâ Morschach (p. 104), and back on the right bank viâ Ibach or Schwyz in 21/4 hrs.; by steamboat to Tellsplatte, walk by the Axenstrasse to Flüelen (shady till 10 a.m.), and return by railway; to the Kindlismord Chapel (p. 103) and Gersau (41/2 M.; p. 102); to the Rütli (see below; boats, see p. 104), and thence, or viâ Treib, to Seelisberg (p. 103); ascent of the Rigi (p. 108; 1 day); by the St. Gotthard Railway to Göschenen-Andermatt and back (R. 32; 1 day). Railway to Göschenen-Andermatt and back (R. 32; 1 day).

At Brunnen begins the S. arm of the lake, called the Urner See or \*Lake of Uri. The mountains rise very abruptly, and the lake narrows. Lofty peaks, often snow-clad, peep through the gorges at intervals, in particular the huge Uri-Rothstock with its glacier. By the sharp angle which juts into the lake from the W. bank rises the Mytenstein, a rock 80' high, bearing an inscription in memory of Schiller, the 'Bard of Tell'.

About  $\frac{1}{4}$  hr. farther on, above the steamboat-station of  $R\ddot{u}tli$ , is the grassy clearing in the wood called the Rütli, or Grütli (1646'), with three springs trickling from an artificial wall, and shaded with trees. This spot, with the custodian's house in the old Swiss style (refreshments) and pretty grounds, belongs to the Confederation. At a fine point of view, 5 min. to the W., is a block of granite with medallions of the author (J. G. Krauer, 1792-1845) and the composer (Jos. Greith, 1798-1869) of the 'Rütlilied'.

On this spot, on the night of 7th Nov., 1307, thirty-three men, from Uri, Schwyz, and Unterwalden, assembled and swore to drive out their oppressors. Tradition relates that the three fountains sprang up on the spot where the three confederates, Werner Stauffacher of Steinen in Schwyz, Erny an der Halden of Melchthal in Unterwalden, and Walter Fürst of

Attinghausen in Uri, stood when the oath was taken. — A shaded path ascends in 11/4 hr. from the Rütli to the Hôtel Sonnenberg (p. 103). Boat from Brunnen to the Rütli, see p. 104; pleasant also to row (3-4 fr.) from Treib.

On the E. bank of the lake runs the \*Axenstrasse, leading from Brunnen to (9 M.) Flüelen, of strikingly bold construction, being mainly hewn in the rock. It was made by Cantons Uri and Schwyz in 1863-65. Below, alongside, or above the road, runs the St. Gotthard Railway (p. 123), skirting the lake in many tunnels and cuttings. The steamer touches at Sisikon (\*Hôt.-Pens. Urirothstock, Pens. Axenstrasse, at both pens. from 4<sup>1</sup>/<sub>2</sub> or 5 fr.), at the entrance to the narrow Riemenstalden-Thal (p. 85).

From the hamlet of (1½ hr.) Riemenstalden (3410'; inn) the Rophaien (6830'; 2½ hrs.; fine view of the Lake of Lucerne, best by morning-light) is easily ascended. Descent by a path, distinct beyond the Buggisgrat, to (2½ hrs.) Tell's Chapel or to (3 hrs.) Flüelen. — The \*Rossstock (8080'; 3½-4 hrs.), with splendid view, is another easy ascent (comp. p. 124). — The Liedernen or Kaiserstock (8255'; 4-4½ hrs., with guide) is for experts

only. - Over the Katzenzagel to Muotathal, see p. 84.

Stat. Tell's Platte (Restaurant, with baths, at the landing-place), 8 min. above which, on the Axenstrasse, is the \*Hôt.-Pens. Tells-platte (1680'; D. 3, pens. 6-8 fr.), with grounds and view. A little to the S. of the landing-place (path in 1 min.) is the 'Platte', a ledge of rock at the base of the Axenberg, shaded by trees, on which stands Tell's Chapel, rebuilt in 1880, and adorned with four frescoes by Stückelberg of Bâle. It is said to have been originally erected by Canton Uri in 1388 on the spot where Tell sprang out of Gessler's boat. On Friday after Ascension Day, when mass is celebrated, and a sermon preached, the natives flock to the Platte in their gaily decorated boats. Near the chapel the lake is 700' deep.

The finest part of the Axenstrasse is between the Tellsplatte Hotel and Flüelen (2½M.; shady in the forenoon), where it pierces the curiously contorted limestone strata of the Axenfluh, 360' above the lake, by means of a tunnel. Beyond the chapel, Flüelen (½hr. by steamer) becomes visible. Scenery very striking. Opposite the chapel, on the W. bank, lies the hamlet of Bauen (Tell Inn, plain), and, farther on, the dynamite-factory of Isleten, at the mouth

of the Isenthal (p. 107).

Flüelen. — Hotels (all second-class). \*Croix Blanche et Poste, R. 2-21/2, B. 11/4, déj. 21/2, D. 31/2, pens. 6-7 fr.; \*Tell, R. 2-21/2, B. 11/4, D. 3 fr.; \*Adler, R. 11/2-3, B. 11/4, déj. 21/2, D. 31/2 fr.; \*Stern. R. 11/2-2, B. 1, D. 21/2, pens. 41/2-6 fr.; \*St. Gotthard, R. 11/2-2, B. 1, D. 11/2-2, pens. 41/2-5 fr.; Hirsch, R. 11/2-21/2, B. 1, D. 11/2-3, pens. 41/2-6 fr.; Ochs, R. 11/2-21/2, D. 21/2, pens. 5-6 fr.; Gamerinus; Flüelerhof, all on the lake. — \*Curhaus Moosbad (pens. 31/2-41/2 fr.), 1 M. to the S., near a wood, with mineral spring and hydropathic treatment. — \*Rail. Restaurant (beer-garden). — Baths in the lake, 1/2 M. to the N. of Flüelen. — Omnibus to Altdorf (p. 124) 50 c.

Flüelen is the port of Uri and a station on the St. Gotthard Railway (p. 121). Beyond the church is the small château of Rudenz, once owned by the Attinghausen family. The Reuss, which falls into the lake between Flüelen and Seedorf, has been 'canalised' here

(1/2 hr.'s walk, or 1/4 hr. by boat, to its influx).

The Isenthal (see Map, p. 142) may be reached from Flüelen or Altdorf on foot in 3 hrs. viâ Seedorf (p. 106), by a path skirting the lake (new road, 3 M. long, in construction, to be opened in Sept., 1901), and ascending to the Kreuzhöhe (2160'), with a picturesque view where the path turns to the left into the valley; or by the steamer from Flüelen, which touches at Isleten twice daily. The old path ascending hence joins the new road at (1/2 hr.) the Kreuzhöhe. The pleasantest and shortest route is by row-boat or sail-boat (11/2 fr.) from the baths of Flüelen to the path from Altdorf along the W. bank (1/2 hr.). From Bauen (p. 103) a pleasant path, affording splendid views of the lake, ascends round the slope of the Scheidegg direct to Isenthal in 2 hrs. — About 1 hr. from Isleten we reach the prettily situated village of Isenthal (2550'; Gasser's Inn, ten beds, rustic but clean), at the S. base of the precipitous Oberbauen (6960'), which may be ascended viâ the Bauberg-Alp in 31/2-4 hrs. (recommended to adepts; guide necessary; comp. p. 102). The valley divides here into the Grossthal to the right and the Kleinthal to the left. Through the Grossthal, in which lies the Alpine hamlet of (3/4 hr.) St. Jakol (3235'), we may proceed to the W., passing over the Schonegg Pass (6315'), between the Hohe Brisen (7940') and the Kaiserstuhl (7877'), to Ober-Rickenbach and (51/2 hrs.) Wolfenschiessen (p. 142). A more interesting but also more difficult route (guide 18 fr.) leads to the S.W., viâ the Schönthal Glacier and the Rothgrätli (8420'), between the Engelberger Rothstock and the Hasenstock, to (10 hrs.) Engelberg. The Engelberger Rothstock (9250') may be ascended without difficulty from the Rothgrätli in 1 hr. (comp. p. 145). Over the Jochli and the Bühlalp to (41/2-5 hrs.) Nieder-Rickenbach, see p. 142.

Through the Kleinthal (see above) leads the shortest route to the summit of the Uri-Rothstock (6-61/2 hrs.; laborious; guide 20, or with descent to Engelberg 30 fr.). A fatiguing path leads to the (2 hrs.) Musen-Alp (4885'; night-quarters in the chalet); then a toilsome ascent across two torrents and along precipices of slate-rock to the upper snow-fields of the Kleinthal Glacier, to the E. of the Kesselstock (8455'); next an ascent in a long curve over the nevé to the (41/2 hrs.) arête separating it from the Blümlisalp Glacier (striking view of the Bernese Alps); lastly by an obvious path over slopes of rubble to the (1/4 hr.) summit of the "Uri-Rothstock (9620'). — An easier, but longer, route through the Grossthal (see above, guide 15 fr.), passing St. Jakob (see above) and the Schlossfelsen, ascends by a steep and rough path to the (3 hrs.) Hangbaum-Alp (5660'), grandly situated (fine cascades), where the night is spent (tourist-hut, with bunks, sheets, and rugs); thence (starting early in the morning) over pastures and loose stones, and along the N. edge of the Blümlisalpfirn to the ridge between the Grossthal and Kleinthal; and lastly up the arête towards the W. to the summit (4 hrs. from Hangbaum), which is usually free from the W. to the summit (4 hrs. from Hangbaum), which is usually free from snow in summer. The mountain-group which culminates in the Uri-Roth-stock and the Brunnistock (9683') is, like the Titlis, almost perpendicular on the E. and S.E. sides (towards the Gitschen-Thal and Surenen), and is composed of gigantic and fantastically contorted limestone rocks. The \*View from the summit is exceedingly grand: to the S. the chain of the Alps, from the Sentis, Rhätikon, and Bernina on the E. to the Diablerets on the W.; at our feet, 8000' below, the Lake of Lucerne and the Schächen-Thal; to the N.E., N., and N.W. the Myten, Rossberg, Rigi, Pilatus, and the Entlebuch Mts., the lower hills of N. Switzerland, and the plains of S. Germany.— Easy descent by the Blümlisalp Glacier, the Schlossstock-Lücke, and the Rothstock-Lücke Lücke, and the Rothstock-Lücke to the (3 hrs.) Plankenalp Club Hut, and to (3 hrs.) Engelberg (p. 143).

The Gitschen (8333'), the E. summit of the Uri-Rothstock group, may be ascended from Isenthal by adepts in  $4-4^{1}/_{2}$  hrs. (guide 12 fr.). The view is grand and picturesque. We may follow the arête on the N. side of the summit to the  $(1^{1}/_{2} \text{ hr.})$  Kleinthalfirn and the  $(1^{1}/_{2} \text{ hr.})$  Uri-Rothstock (see above).

## 28. The Rigi.

The Mountain Railways which ascend from Vitznau and Arth are now used by most visitors to this famous point of view. The trip may easily be made from Lucerne or Zürich in one day (circular tickets good for 3 days, 13 fr. 50, 10 fr. 25 c.). The lines are on the rack-and-pinion system. Between the rails run two others connected by cross-bars, on which works a cog-wheel under the engine. The latter is always placed below the passenger-car. Maximum gradient of the Vitznau line 1:4, of the Arth line 1:5. The average speed is 4-6 M. per hour.

The Footpaths to the top of the Rigi are now little used, but the

Descent to Weggis (2-21/2 hrs.; see p. 110) is recommended.

Hotels. On the Kulm (p. 111), \*Schreiber's Rigi-Kulm Hotels (three houses, the two higher and older being now dépendances of the lowest; Restaurant on the groundfloor of the last, Beer and Wine Room in the middle one), R. 4-7, déj. 4, D. 5, pens. 12-14 fr. — On the Rigi-Staffel (p. 109), where all the routes converge, 1/2 hr. below the Kulm: "Hôr.-Pens. RIGI-STAFFEL, R. 3-31/2, D. 4, S. 3, pens. 71/2-9 fr.; Hôtel Felchlin, R. 11/2-21/2, D. 21/2, pens. from 5 fr.; Hôtel Rigibahn, R. 11/2-2 fr., B. 1 fr. 30 c., D. 21/2 fr., both immediately above the station. — The \*Curhaus Rigi-Kaltbad (p. 109), 1/2 hr. below the Staffel, to the W., is a large, first-class establishment (R. from 31/2, D. 5, S. 4, pens. from 10 fr., in June and September from 9 fr.; covered promenade; hot and cold baths; Engl. Church Service; chaises-àporteurs at the station). \*Hôtel-Pens. Bellevue, below stat. Kaltbad, R. 11/2-2, B. 1½, D. 4, S. 3, pens. 8-10 fr. — \*Hôtel-Pens. Rigi-First, on the Scheidegg railway (p. 112), ¼ hr. from the Kaltbad and 10 min. from stat. Wölfertschen-First (p. 110), pleasant for some stay, R. 3-8, D. 4½, S. 3½, pens. from 9 fr. (depôt of the S.B.G.H.). — \*Sonne, R. 1½-2, B. 1, D. 2½, pens. 5½-7 fr.; \*Schwert, R. 2-3, B. 1½, D. 3, S. 2½, pens. 5½-7 fr., both by the Klösterli (p. 110). — Hôtel des Alpes, between the Klösterli and the Staffel, pens. ½-6 fr. — Hôt-Pens. Rigi-Felsenthor (p. 110), 10 min. from stat Remitis Felsenthor (p. 109), pens. 5½-7 fr., Cupa vertal of Pension. from stat. Romiti-Felsenthor (p. 109), pens. 51/2-71/2 fr.; CURANSTALT & PENSION GRUBISBALM, 10 min. from stat. Freibergen (see p. 109), pens. from 5½ fr. — Hôt.-Pens. Rigi-Unterstetten, near stat. Unterstetten (p. 112), plain, R. 1½-2, pens. 5-6 fr. — \*Curhaus Rigi-Scheidegg (p. 112), R. 3½-7, B. 11/4, D. 4, S. 21/2, pens. from 8 fr. (Engl. Ch. Service).

The \*\*Rigi (5905', or 4470' above the Lake of Lucerne), a mountain group about 25 M. in circuit, lying between the lakes of Lucerne, Zug, and Lowerz, consists chiefly of conglomerate (p. 122), while the N. and W. sides belong to the miocene formation. The N. side is abrupt, but the S. side consists of broad terraces and gentle slopes, covered with pastures which support some 4000 head of cattle, and planted below with fig, chestnut, and almond trees. Owing to its isolation, the Rigi commands a panorama 300 M. in circumference, unsurpassed for beauty in Switzerland. The mountain was known to a few travellers in the 18th cent., but it was not till after the peace of 1815 that it became a resort of tourists. In 1816 a modest inn was erected on the Kulm by subscription, and in 1848 this was superseded by the oldest of the houses on the summit. Since then many inns have sprung up on other parts of the hill, and the Rigi is now one of the most popular of Swiss resorts.

FROM VITZNAU TO THE RIGI-KULM, 41/2 M., MOUNTAIN RAILWAY in 1 hr. 14 min., fare 7 fr. (to Kaltbad 41/2, Staffel 6 fr.); descent in the same time, fare  $3^{1}/_{2}$  fr.; 10 lbs. of luggage free. First-class return-tickets from Lucerne to the Rigi viâ Vitznau  $13^{1}/_{2}$  fr.; Sunday tickets  $6^{1}/_{2}$  fr. Return-tickets give no alternative return-route. Subscription-tickets 30 per cent cheaper.

Vitznau (1443'), see p. 101. The station (buffet) is at the quay. The train (views to the left) ascends gradually through the village (1:15), and afterwards more rapidly (1:4) over wooded meadows. A \*View of the lake is soon disclosed, grander as we ascend. Opposite first appears the dark Bürgenstock, then the Stanser Horn, Pilatus, and Lucerne. Farther up, the Alps of Uri, Engelberg, and Bern peer above the lower hills. The train (20 min. after starting) goes through a tunnel 73 yds. long, crosses the Schnurtobel, or ravine of the Grubisbach, 75' deep, by a bridge borne by five iron pillars, and soon reaches the station of Grubisbalm, near the Curanstalt of that name (p. 108). Beyond the watering and passing station of (11/2 M.) Freibergen (3365') the line is double. 21/4 M. Romiti-Felsenthor (3955'; comp. p. 108) and (48 min. from Vitznau) -

23/4 M. Rigi-Kaltbad (4730'); to the left is the large Curhaus

(p. 108), with its covered promenade, on a sheltered plateau.

A path leads through a gap in the rock, to the left of the Curhaus, to (5 min.) St. Michael's Chapel, the walls of which are covered with numerous votive tablets. One of those on the left records that two pious sisters sought refuge here from the persecutions of a governor of the district in the time of King Albert, and built the chapel. The spring (42° Fahr.) which bubbles from the rock adjoining the chapel was formerly called the 'Schwesternborn'.

A level path among the conglomerate blocks near the chapel, afterwards traversing park-like grounds, leads to the (1/4 hr.) \*Känzeli (4820'), a pavilion on a projecting rock, which commands a superb view of the snow-mountains, and of the plain towards the N. with its numerous lakes, similar to that from the Staffel, but with a more picturesque foreground.

— A path leads hence to the Staffel in the same time as from the Kaltbad (50 min.), ascending to the right as far as the point where the S. part of the Lake of Lucerne becomes visible, and following the crest of the mountain until it joins the path from the Kaltbad, at the (1/2 hr.) Staffelhöhe.

Railway from the Kaltbad to the Scheidegg, see p. 112.

In 5 min. more the train reaches (3 M.) Staffelhöhe (5090'), where the view towards the W. and N. is suddenly disclosed. It then ascends to the left, round the Rigi-Rothstock, in 8 min. to (33/4 M.)

Rigi-Staffel (5270'), the junction of the Arth line (p. 110).

The \*Rigi-Rothstock (5460'), 1/4 hr. to the S.W. (direct path from the Kaltbad 35 min.), affords a very picturesque survey of the central part of the Lake of Lucerne, which is not visible from the Kulm. A clear view is often enjoyed from this point while the Kulm is in fog. The sunset is said to be finer from the Rothstock than from the Kulm, but the sunrise should be witnessed from the latter.

The railway (here parallel with the Arth line) now ascends steeply to the Kulm (in 7 min.; a walk of 1/2 hr.), skirting the precipices on the N. side of the hill. 41/2 M. Station Rigi-Kulm (5740'), see p. 111.

From Arth-Goldau to the Rigi-Kulm, 51/3 M., Mountain Railway in 11/4 hr., fares 10 fr. 80, 7 fr. 20 c. (to the Klösterli 4 fr. 80. Staffel 6 fr. 40 c.); descent in the same time, 5 fr. 40, 3 fr. 60 c.; return-tickets 14 fr. 60, 9 fr. 75 c.; Sunday and afternoon excursion-tickets 9 fr., 6 fr; 10lbs. of luggage free. Subscription-tickets 30 per cent cheaper — Steamtramway from Arth to Arth-Goldau in 1/4 hr. (fare 30 c., return-fare 50 c.), see p. 117; the terminus at Arth-Goldau adjoins the Gotthard station.

Arth-Goldau (1725'; \*Rail. Restaurant), a station on the St. Gotthard line, and the junction of the lines Zug-Goldau (p. 116) and

Wädenswil-Einsiedeln-Goldau (p. 121), see p. 122. The station of the Rigi railway is about 100 yds. to the W. of the main St. Gotthard station; travellers ascend from the road by a flight of steps to the ticket-office and waiting-rooms. The Rigi line (seats should be secured on the right) crosses the Gotthard railway, traverses part of the scene of the Goldau landslip (p. 122), and curves to the W.; it then ascends more rapidly, at the foot of the Scheidegg, to (11/4 M.) stat. Kräbel (2513'). Farther on, ascending 1' in 5', we skirt the precipitous Kräbelwand, and obtain a fine view of the valley and lake of Lowerz, with the island of Schwanau, the Myten near Schwyz, the Rossberg, with the scene of the great landslip, and the Lake of Zug. Beyond the Rothenfluh Tunnel we are carried through a fine wooded valley, and across the Rothenfluhbach, to the  $(1^3/4 \text{ M.})$ passing-station Fruttli (3730'). Still ascending rapidly, the train traverses the Pfedernwald, crosses the Dossenbach and (beyond the Pfedernwald Tunnel) the Schildbach, and reaches (31/2 M.; 52 min. from Arth-Goldau) ---

3³/4 M. Rigi-Klösterli (4320'; hotels, p. 108), in a basin enclosed by the Rigi-Kulm, Rothstock, and First. The 'Klösterli' is a small Capuchin monastery, with the chapel of Maria zum Schnee, built in 1712, and much visited by pilgrims, especially on 5th Aug. and 6th Sept.; on Sundays there is mass with a sermon for the herdsmen. This spot has no view, but is sheltered, and the air is often clear while the Kulm, Staffel, and Scheidegg are shrouded in mist. Walk from the Klösterli to the Rigi-First 20 min., to Unterstetten ¹/2 hr., to the Staffel, the Rothstock, or the Schild ³/4, to the Dossen or Kulm 1¹/4 hr., to the Scheidegg 1¹/2 hr.

From (41/4 M.) Wölfertschen - First (4865') a nearly level road

leads in 10 min. to the Hôtel Rigi-First (pp. 108, 112).

At  $(4^3/_4 \text{ M.})$  stat. Rigi-Staffel (p. 109) a striking \*View is suddenly disclosed to the W. and N. To the  $(5^1/_3 \text{ M.})$  Rigi-Kulm, see

p. 109.

Foot and Bridle Paths to the Rigi (comp. p. 108). From Weggis (p. 100) a bridle-path (3½ hrs.), which cannot be missed (finger-post 5 min. from the landing-place), winds at first through productive orchards. It crosses the track of a mud-stream which descended from the mountain in 1795, taking a fortnight to reach the lake. 50 min. Sentiberg Restaurant (2643'); 25 min. Heiligkreuz-Capelle (3150'); ½ hr. \*Hôtel-Pension Felsenthor (p. 108), near the Hochstein or Käsbissen, an arch formed of huge masses of conglomerate. (Stat. Romiti, higher up, p. 109.) The path runs parallel to the railway part of the way. 3/4 hr. Kaltbad, p. 109. This route commands beautiful views and is recommended for the descent (comp. p. 108).

FROM KÜSSNACHT (p. 118), 31/4 hrs., bridle-path. From the Tell Fountain, in the middle of the village, a lane to the E. leads to a finger-post indicating the good path to the (11/2 hr.) Vordere Seeboden-Alp (3372'; "Hôt.-Pens. Seebodenalp, pens. 5-7 fr.), a splendid point of view. Then (5 min.) our path unites with those from Immensee and Tell's Chapel. Lastly a steep zigzag ascent, partly through wood, to the (11/4 hr.) Rigi-Staffel (p. 109).

FROM GOLDAU (p. 122), 3½ hrs., an excellent bridle-path. Opposite the Rössli, below the chapel, we diverge to the right from the Arth and Schwyz road, and ascend to the left of the Aa through meadows, pine-

wood, and rocky débris, by steps at places. To the left, the precipitous Rothfluh (5233'). 1 hr. Untere Dächli (3083'; Inn); good retrospect of the valley of Goldau, Lake Lowerz, and the Myten of Schwyz. By the adjacent cross begin the thirteen stations or oratories which lead to the chapel of Our Lady of the Snow, near the Klösterli. At (20 min.) the Obere Dächli, with its fresh spring, the wood is quitted; on the opposite side of the valley runs the railway. The second half of the route is easier. 10 min. Malchus-Kapelle, the 8th station; 1/2 hr. Klösterli (see p. 110); thence to the Rigi-Staffel (p. 109) 40 min., to the First 20 min. (p. 112).

The Rigi-Kulm (5905'), the highest and northernmost point of the Rigi, descends abruptly on the N. to the Lake of Zug, while on the S.W. side it joins that part of the mountain which encloses the basin of the Klösterli and extends to the Scheidegg. At the top rises a wooden belvedere. The hotels (p. 108) stand about 100'

below the summit, sheltered from the W. and N. winds.

The Kulm almost always presents a busy scene, especially in the morning and evening. The light-effects are finest just before sunset, but on hot days the higher mountains are often shrouded in clouds. The early morning offers a better guarantee for a clear view. Half-an-hour before sunrise the alp-horn sounds the reveille. All is at once noise and bustle; the crowded hotels are for the nonce without a tenant; and the summit is thronged with an eager multitude, enveloped in all manner of wraps.

A faint streak in the E., gradually paling the brightness of the stars, heralds the birth of day. This insensibly changes to a band of gold on the horizon; each lofty peak becomes tinged with a roseate blush; the shadows between the Rigi and the horizon melt away; forests, lakes, hills, towns, and villages are revealed; all is grey and cold, until the sun bursts from behind the mountains in all his majesty, flooding the superb landscape with light and warmth.

\*\*View. The first object that absorbs our attention is the stupend-dous range of the snow-clad Alps, 120 M. in length (comp. the Panorama). The chain begins in the far E. with the Sentis in Canton Appenzell, over or near which the first rays of the rising sun appear in summer. This is adjoined by the huge snowy crest of the Glärnisch; then, the Tödi, in front of which are the Clariden, and to the right the double peak of the Scheerhorn; next, the broad Windgelle, and the pyramid of the Bristenstock, on the St. Gotthard route; then the Brunnistock and the Uri-Rothstock side by side; next, the broad Schlossberg and the serrated Spannörter, and more to the right the Titlis, easily recognised by its vast mantle of snow. The eye next travels to the Bernese Alps, crowning the landscape with their majestic peaks. To the extreme left is the Finsteraarhorn, next to it the Lauteraarhorn and the Schreckhorn, the Wetterhörner (Rosenhorn, Mittelhorn, and Wetterhorn), the broad Mönch, the sombre Eiger, and (behind, to the right) the Jungfrau with the Silberhorn. To the W. tower the jagged peaks of Pilatus, the extreme outpost of the Alps in this direction. — Towards the North we survey the entire Lake of Zug, with the villages of Zug, Cham, Risch, Walchwil, and Arth. To the left of Lake Zug, on the ridge between Immensee and Küssnacht, stands Tell's Chapel; then, separated from Lake Zug by a narrow strip of land, the Küssnacht Bay of the Lake of Lucerne; more to the W., Lucerne with its battlements and towers, at the head of its bay. Beyond Lucerne is seen the hilly district of the cantons of Lucerne and Aargau, dotted with villages and intersected by the Emme and the Reuss. More distant are the lakes of Sempach, Baldegg, and Hallwil. — To the West and North-West the horizon is bounded

by the Jura Mts., above which peep several of the Vosges. — To the North, but to the left of the Lake of Zug, in the distance, rises the Hapsburg; farther off is the Black Forest. Beyond Lake Zug is seen the crest of the Albis with the Uetliberg, which nearly conceals the Lake of Zürich; the long cantonal hospital and the cathedral of Zürich are, however, visible, with the large new Hôtel Dolder above them. On the horizon rise the basaltic cones of the Höhgau. — To the East is the Rossberg, the S. slope of which was the scene of the terrible Goldau landslip (p. 122). Beyond its N. slope we get a glimpse of the Lake of Ægeri. In the valley lie the Lake of Lowerz, and the town of Schwyz, at the foot of the two bald Myten, overtopped by the imposing Glärnisch (p. 111). — To the South-East and South the different heights of the Rigi form the foreground: the Hochfluh, Scheidegg, Dossen, and Schild. To the left of the Schild part of the Lake of Lucerne is seen near Beckenried, and to the right the Bay of Buochs, with the Buochser Horn above it; more to the right the Stanser Horn with Stans at its base; nearer, the less lofty Bürgenstock and the Rigi-Rollstock. Beyond these, to the left, is the Lake of Sarnen, amid forest; to the right, the Bay of Alpnach, separated from the Lake of Lucerne by the Lopperberg, a spur of Pilatus.

For a quarter of an hour before and after sunrise the view is clearest; at a later hour the mists form into clouds, which often completely shroud the Kulm. But even the mists possess a certain charm, surging in the depths of the valleys, and struggling against the rays of the sun. The lights and shades, ever varying, are also a source of constant interest. One whole day at least should be devoted to the Rigi. A visit may also be paid (on foot or by rail) to the Staffel (p. 109) and the Rothstock (p. 109), the Kaltbad (p. 109) and the Känzeli (p. 109), the Klösterli (p. 110), or the Scheidegg (see below).

As the temperature often varies 40-50° within 24 hours, wraps should not be forgotten. During the Föhn, or S. wind, the Alps seem to draw nearer, their outlines become more definite, their tints warmer; and during a W. wind the Jura Mts. present a similar appearance. These

phenomena portend rain.

FROM THE KALTBAD TO THE RIGI-SCHEIDEGG. — 41/4 M. RAILWAY (ordinary line) in 40 min.; fare 2 fr. 50, there and back 3 fr. 60 c.

Rigi-Kaltbad (4720'), see p. 109. The railway skirts the S. slope of the Rothstock, being hewn in the rock the greater part of the way, and ascends gradually to (1/2 M.) Rigi-First (4795'; \*Hotel, see p. 108), which commands a superb view of the Lake of Lucerne, the Uri and Unterwalden Mts., and the Bernese Alps (road in 10 min. to Wölfertschen station, p. 110). The train describes a wide curve round the N. slopes of the Schild (5088'; 20 min. from the Hôtel Rigi-First), affording a pleasant view, towards the E., of the Myten, the Glärnisch, and the Alps of Appenzell. Beyond (13/4 M.) stat. Unterstetten (hotel, see p. 103) we traverse the saddle of the hill and cross a bridge, with a view to the N. and S. We pass through the Weissenegg Tunnel, cross the Dossentobel by a viaduct, and follow the ridge connecting the Dossen with the Scheidegg (view towards the S.) to Unter-Dossen.

41/4 M. Rigi-Scheidegg, 190' below the \*Hotel & Curhaus (5462'; p. 103). The view hence is less extensive than from the Kulm, but

it embraces the chief mountains and some points not visible from the Kulm (view-tower 70'; panorama at the hotel). The plateau of the Scheidegg, 1 M. long, affords a pleasant walk, which may be prolonged by the 'Seeweg' on the N. slope of the Dossen as far as Unterstetten. The *Dossen* (5540'; see below), a splendid point of view, is  $^{3}/_{4}$  hr. distant.

The \*Hochfluh (5575') may be ascended in 11/2-2 hrs. from the Scheidegg, by a new path which follows the ridge, passing the Gätterli (pass from Gersau to Lowerz; p. 103) and Scharteggli (4625'). In the couloir, on the N.W. side of the summit, an almost perpendicular iron ladder, 80' high, must be ascended (wire-railing; steady head indispensable). This interesting ascent affords a most picturesque view of the Lake of Uri and of the Alps of Uri, Schwyz, and Glarus. The older route (21/2-3 hrs.), crossing the saddle towards the Zihlistock Alp, and ascending among the rocks on the S. side, has also been improved, and is preferable to the route on the N. side (see p. 103).

Paths to the Scheidegg. From Gersau (p. 102) a new road ascends viâ (11/2 hr.) Ober-Gschwend (p. 103) to the (3/4 hr.) Alp Obermatt (4160), whence

a footpath leads to (11/4 hr.) Rigi-Scheidegg.

FROM THE KLÖSTERLI (p. 110) a bridle-path (11/2 hr.) ascends to the (1/2 hr.) Hôtel Rigi-Unterstetten (p. 112), situated on the saddle between the Schilt and Dossen (5540). The latter, ascended from the Hôtel Unterstetten in 40 min., commands the whole of the Lake of Lucerne and Canton Unterwalden. Descent viâ Unterdossen to Scheidegg in 40 minutes.

## 29. From Lucerne to Alphachstad. Pilatus.

BRÜNIG RAILWAY from Lucerne to (8½ M.) Alpnachstad in 27-32 min., (1 fr. 40 c., 1 fr., 70 c.; return-tickets 2 fr. 25, 1 fr. 60, 1 fr. 15 c.); see p. 146. — Steamboat 9 times daily in ¾-1½ hr. (6 times viâ Kehrsiten, thrice viâ Hergiswil, twice direct viâ Stansstad), connecting at Alpnachstad with the Brünig and Pilatus Railways. Passengers with through-tickets may travel as far as Alpnachstad either by the Brünig Railway or by the steamboat. — The ascent by the Pilatus Railway (p. 115) takes 1 hr. 25 min., the descent 1 hr. 20 min.; fares, up 10, down 6 fr.; return-fare for the first and the last train 12 fr.; combined tickets for railway and hotel (including R., D., & B.) 25 fr., recommended; Sunday tickets, valid in June-Sept. only for the first and second trains (return by any train) 9 fr. (from Lucerne 10 fr.).

The Brung Railway to Alphachstad, viâ Hergiswil, see p. 146. — The Steamboat steers towards the 'Kreuztrichter' (p. 100), skirting the W. bank and passing the Villa Tribschen (memorial tablet to Richard Wagner, who lived here in 1866-72), the Pension Stutz (pens. 6½-7 fr.), the stations of St. Niklausen (with the Chapel of St. Nikolaus) and Kastanienbaum (\*Pension & Restaurant, with garden, pens. 5-7 fr.). It then enters the bay of Stansstad. To the left rises the bold Bürgenstock, at the N.E. angle of which lies the station of Kehrsiten-Bürgenstock (restaurant).

A Wire-Rope Railway ascends the \*Bürgenstock (2870') from Kehrsiten in 1/4 hr. (fares, up 11/2, 1 fr.; down 1 fr., 50 c.), a distance of 1025 yds.; average gradient 45:100. The motive power is electricity, which is also utilised for pumping water and for lighting. At the top of the railway (1420' above the level of the lake) is the Railway Restaurant (Munich beer), with terrace, beside which are the \*Park Hotel (R. 4-8, pens. from 81/2 fr.) and \*Restaurant Helvetia; 5 min. farther on is the Hôtel-Pension Waldheim (R. from 2, B. 1, D. 2-3, pens. from 7 fr., well spoken of); 3 min. to the S. of the Helvetia is the large \*Hotel-Pension Bürgenstock (R. 31/2-9, B. 11/2, déj. 4,

D. 4½, board ½ fr.; resident physician; Engl. Ch. Service), a favourite health-resort, with extensive and shady grounds (visitors' tax ½½ fr. per week). The hotel and several points near it command beautiful views of the lakes of Lucerne, Zug, Sempach, and Baldegg, the Rigi, etc. A good path leads to the S.E. viâ the Trogen Dairy to the ½ hr.) Honegg (2906'; \*Restaurant in summer), which commands a view of the central part of the Lake of Lucerne, not visible from the hotel. Another path ascends through wood to the N.E. to the (¾ hr.) \*Hammetschwand (3713'), the summit of the Bürgenstock, which descends abruptly to the Lake of Lucerne: striking view of the greater part of the lake, of the lakes of Sarnen, Sempach, Baldegg, Hallwil, and Zug, of the Rigi, Pilatus, Myten, Weissenstein, of the Alps of Glarus and Unterwalden, and part of the Bernese Alps (panorama 50 c.). An easy descent leads viâ Obbürgen (Flüeler's Inn, plain) to (½ hr.) Stansstad (see below), where we may take the steamer for Lucerne, or the railway to Engelberg. The footpath to Buochs, diverging to the right from the Honegg path, is not recommended.

To the right the promontory of Spissenegg juts into the lake and forms a bay extending N. to Winkel. The steamer calls at Kehrsiten-Dorf (Zur Kaplanei) and then steers S.W. to Hergiswil (\*Hôt.-Pens. Rössli, R. 1½-3, B. 1, D. 2-3, pens. 5-8 fr.; Pens. Pilatus, pens. 5-6 fr.; Hôt.-Pens. Friedheim, 4½-6 fr.; Pens. Rütli, 3½-4 fr.), at the foot of Pilatus (see p. 115); thence again to the E. to Stansstad (1445'; Hôtel Winkelried, R. 2-3, B. 1½, D. 3½, S. 2½, pens. from 5 fr.; Freienhof, R. 1½-2, D. 2, pens. 4-6 fr., well spoken of; Rössli; Schlüssel), the 'harbour of Stans'. The square pinnacled Schnitz-Thurm was erected by the Swiss in 1308 to vindicate their newly-won independence.

Electric Tramway from Stansstad to Stans, and cable-line thence to the top of the \*Stanser Horn, see p. 141. — From Stans to Engelberg, see R. 36. Walk from Stansstad to Sarnen, 8½ M. The path skirts the lake for a short way, enters the Rotzloch, and at Allweg (\*Inn), 2 M. from Stansstad, joins the Stans and Sarnen Road. At Allweg are a chapel in memory of Struthan of Winkelried, the dragon-slayer, and an obelisk 13′ high, erected in 1900 in remembrance of the desperate struggle of the people of Nidwald against the French in 1798. This road leads past the W. base of the Stanser Horn (p. 141), and by Rohren to (2 M.) St. Jakob, a village with an old church, then across the Mehlbach and through the Kernwald to (3 M.) Kerns and (1½ M.) Sarnen (p. 147).

The Lopperberg, the E. spur of Pilatus, extends far into the lake. At its base runs the Lucerne and Alpnach road, while the Brünig railway (p. 146) pierces the hill by a tunnel. The brook opposite, which falls into the lake at Stansstad, has further narrowed the channel between the Lake of Lucerne and the Lake of Alpnach with its deposits, and the strait is now crossed by an embankment and a swing-bridge (Acheregg-Brücke), which is opened for the passage of steamers. Within the bay of Alpnach rises the Rotzberg (2200), crowned by a ruined castle (ascent from the Rotzloch 3/4 hr.; view). The hill is separated from the Plattiberg by the Rotzloch, a narrow ravine, with waterfalls. Portland cement factories (dust unpleasant). On the lake is the Hôtel-Pension Rotzloch, with a sulphur-spring and grounds (pens. 4-5 fr.).

At the S.W. angle of the Lake of Alphach lies Alphachstad (1443'; \* $H\hat{o}t$ . Pilatus, R. 2-3 $\frac{1}{2}$ , B.  $\frac{1}{2}$ , D.  $\frac{3}{2}$ , pens. 6-8 fr.,

with veranda and garden; Rössli, moderate; Stern, plain), a station of the Brünig Railway and the starting-point of the Pilatus Railway.

\*Pilatus (6995'), the lofty mountain to the S.W. of Lucerne, rises boldly in a rugged and imposing mass, almost isolated from the surrounding heights. The W. and N. portions belong to the canton of Lucerne, the E. and S. to Unterwalden. The lower slopes are clothed with beautiful pastures and forests, while the upper part consists of wild and serrated cliffs, from which its ancient name Fractus Mons (broken mountain) is derived. The names 'Fracmont', 'Frakmund', have in later times been occasionally applied to it, but the name Pilatus (perhaps from the mediæval 'Mons Pileatus', the hatted mountain) came into general use about the close of the 18th century. The summit is generally free from clouds and fog in the evening and early morning, but is apt to be shrouded at midday. It is, therefore, advisable to spend the night on the top (prices, etc., see below and p. 113). The flora is very rich (nearly 500 species).

The names of the different peaks from W. to E. are the Mittaggüpfi or Gnepfstein (6290'), the Rothendossen (5833'), the Widderfeld (6817', the wildest), the Tomlishorn (6995', the highest), the Gemsmättli (6732'); to the S. the Matthorn (6693'); to the N. the Klimsenhorn (6265', which, seen from Lucerne, is the farthest W.); in the centre the Oberhaupt (6920'), then the Esel (6965', the most frequently ascended), and lastly the Steigli-

Egg~(6485').

The PILATUS RAILWAY (fares, etc., see p. 113; best views to the right), constructed in 1886-88 by Col. Locher of Zürich, is nearly 3 M. long, with an average gradient of 42:100, and a maximum gradient of 48:100. The line rests throughout on a substructure of massive granite blocks and slabs, to which an upper framework of iron and steel is securely fastened with huge screws. The toothed rail has vertical teeth on both sides, into which two pairs of toothed wheels attached to the train work horizontally. The engine and the passenger-carriage (32 seats) form a single car with

two axles.

The railway begins near Hôtel Pilatus (1443'; see p. 114), and at once ascends, traversing orchards and afterwards wood. 21 min. Wolfort (2985'), a watering-station, beyond which the train crosses the gorge of the Wolfort; fine view of the Lake of Alpnach to the right. We enter the Wolfort Tunnel (48 yds.) and are carried along the stony slope of the Risleten, the most difficult portion of the line to construct (gradient 48: 100). Then through the Lower (56 yds.) and Upper Spycher Tunnel (106 yds.; 3773' above the sealevel) to the (43 min.) Aemsigen-Alp (4430'), a passing-station with pumping-works which force water to the Pilatus-Kulm, 2360' above. The train now ascends through wood on the brink of a gorge, crosses the Mattalp (to the right the Steigli-Egg; in front the Esel; to the left the precipitous Matthorn), turns to the N., and mounts the steep rocky slope of the Esel through four tunnels (48, 60, 50, and 12 yds.). The terminus Pilatuskulm (6790') adjoins the \*Hôtel Pilatuskulm (R. 4-7, B. 2, dej. 4, D. 5, pens. from 13 fr.; with hotel-tickets, p. 113, nearly one-third less; restaurant in the sunk floor). The terrace commands a splendid mountain-view. — An easy path leads from the station to (6 min.) the top of the \*Esel, or

Etzel (6965'), the chief point, with a spacious plateau, enclosed by a parapet. The view surpasses that from the Rigi in grandeur and variety, the Bernese Alps in particular looming nearer and more massive (comp. the panorama). — A similar but less picturesque view is that from the \*Tomlishorn (6995'), the highest peak of Pilatus, to which a good path (varying views), skirting the rocky slopes of the Oberhaupt and Tomlishorn and crossing the arête (railings; no danger), leads from the Hôtel Pilatuskulm in ½ hr. (panorama by Imfeld). — Another new path, cut in the rocks, leads to the top of the Matthorn (6693'; from Hôtel Pilatuskulm 2 hrs., there and back).

Walkers will find the ascent of Pilatus easiest from Hergisvil (p. 114), at its N.W. base. There is a bridle-path to (3-31/2 hrs.) the Hôtel Klimsenhorn, whence a footpath ascends to (3/4 hr.) the Pilatuskulm. — In front of the church we take the broader path to the left, and after 3 min. turn to the right, traversing orchards and meadows, and afterwards wood. At (1 hr.) the Hôtel-Pension Brunni (3280'; pens. from 5 fr.) a terrace affords a fine view. After 1/2 hr. the path leads through a gate to the Gschwend-Alp; 20 min. farther up, near a chalet (inn, with beds), we pass through another gate, and ascend in steep zigzags to the left, at first through beautiful pinewood, and then across slopes of grass and débris, to (11/4 hr.) the Hôtel Klimsenhorn (6150'; R. 2-4, B. 11/2, D. 31/2 fr.), on the saddle (5940') connecting the Oberhaupt with the (5 min.) \*Klimsenhorn (6265'), which affords au extensive and picturesque prospect to the E., N., and W., from the Uri Mts. to the Lake of Neuchâtel. The view to the S. is hidden by the loftier peaks of Pilatus.

From the Hôtel Klimsenhorn a good zigzag path (iron railing higher up) ascends the steep slope of the Oberhaupt, to the (40 min.) Kriesitoch, a hole in the rock resembling a chimney, 20' high, through which 52 steps ascend to the arête between the Oberhaupt and the Esel. \*View of the Bernese Alps suddenly disclosed. Then in 4 min. to the Hôtel Pilatuskulm.

The Pilatuskulm is also reached by footpaths from Alpnachstad (4½-5 hrs.; by the Aemsigen-Alp and Mattalp) and from Alpnach (p. 146; 4½-5 hrs.; by the Alps of Lütholdsmatt, Schwändi, and Hinter-Frakmünd). — From Kriens (p. 99) a toilsome path leads to (3½-4 hrs.) the Hôtel Klimsenhorn, passing the château of Schauensee, through the Hochwald, and marshy pastures, by the Mühlenmäs-Alp and Frakmünd-Alp (guide indispensable). Viâ the Bründlen-Alp (last part very rough), see p. 99.

## 30. From Zug and Lucerne to Arth-Goldau.

#### i. From Zug to Arth-Goldau. Lake of Zug.

 $10^{1}/_{2}$  M. St. Gotthard Railway in 23-28 min. (1 fr. 70, 1 fr. 20, 85 e.). — Steamboat from Zug to Arth during the season four times daily in  $^{3}/_{4}$ - $1^{1}/_{2}$  hr.

a. Railway. — Zug (1385'), see p. 91. The line intersects the suburb of Zug by a long viaduct, passes under the town by a tunnel (638 yds.), and after about 3 M approaches the Lake of Zug (p. 117), which it then skirts, in a series of cuttings, embankments, and viaducts over the ravines descending from the Zuger Berg. Charming view, to the right, of the lake, with the château of Buonas and Immensee on its E, bank. Two tunnels; then (6 M.) stat. Walchwil (p. 117). After five more tunnels the line quits the lake and ascends along the base of the Rossberg to  $(10^{1}/2 \text{ M}.)$  stat. Arth-Goldau (p. 122).

b. Steamboat. — The Lake of Zug (1368'),  $83/_{4}$  M. long,  $21/_{2}$  M. wide, and 650' deep, is very picturesque. Its richly wooded banks rise gently to a moderate height, while to the S., above its azure waters, towers the Rigi, visible from base to summit. Soon after the steamer has left the pier, Pilatus appears to the S.W., and then the Bernese Alps and the Stanser Horn to the left. On a promontory on the W. bank is the handsome château of Buonas; on the E. bank lies the village of Oberwil; to the N., the church-tower of Cham (p. 93). On the W. bank, farther on, the wooded promontory of Kiemen projects far into the lake. The steamer touches at Lothenbach on the E. bank, and then crosses to Immensee (\*Hôt. Rigi, pens. 5-6 fr.), charmingly situated at the foot of the Rigi. [On a wood-fringed bay, 1 M. to the N. and 1½ M. from the railway-station of Immensee (p. 122), lies the health-resort of Baumgarten, with lake-baths (pens. from 4 fr. 40 c.). The steamer then steers diagonally across the lake to Walchwil (\*Hôtel-Pension Riviera, with hydropathic, R.  $1^{1/2}$ -2, B. 1, D.  $2^{1/2}$ , S.  $1^{1/2}$ , pens. from  $5^{1/2}$ fr.; \*Stern, R.  $1-1^{1/2}$  fr., B. 80 c., D.  $1^{1/2}$ -2, S.  $1^{1/4}$ - $1^{1/2}$  fr.), on the E. bank. The mildness of the climate is indicated by chestnut-trees and vines. To the left lies St. Adrian, at the foot of the Rossberg (p. 121). — Arth (1395'; 3400 inhab.; \*Adler, with garden on the lake; \*Hôt. Rigi) lies at the S. end of the lake, between the Rigi and the Rossberg, but not exposed to the landslips of the latter, the strata of which dip in another direction.

Steam Tramway from Arth to Arth-Goldau in 1/4 hr. (30 c., return-

ticket 50 c.); comp. p. 109.

#### ii. From Lucerne to Küssnacht and Arth-Goldau.

ST. GOTTHARD RAILWAY in 30-50 min. (2 fr. 95, 2 fr. 5, 1 fr. 45 c.), see p. 121. — STEAMBOAT from Lucerne to (8 M.) Küssnacht in 45-55 min. (1 fr. 80, 90 c.). Railway from Küssnacht to (5 M.) Arth-Goldau in 19 minutes. From Küssnacht through the 'Hohle Gasse' to Immensee by the road 13/4 M. (one-horse carr. 3 fr.).

Departure from Lucerne, see p. 99. The steamer touches at Pens. Seeburg, rounds the Meggenhorn (p. 100), and enters the Bay of Küssnacht. High above the W. bank runs the St. Gotthard Railway (p. 121). To the left, near stat. Vorder-Meggen (Zur Balm Inn, pens. 31/2-6 fr.; Hôt.-Pens. Angelfluh), rises the picturesque château of Neu-Hapsburg, behind which peeps the ancient tower of the castle of that name, once a frequent resort of the Emp. Rudolph when Count of Hapsburg, and destroyed by the Lucerners in 1352. The incident which induced Rudolph to present his horse to the priest is said to have occurred here (see Schiller's ballad, 'The Count of Hapsburg').

Stations Hinter-Meggen (\*Hôtel du Parc & Pens. Gottlieben, pleasantly situated 1/4 M. from the lake, pens. 6-71/2 fr.) and Mörlischachen (\*Eintracht; Linde), a prettily situated village. The steamer now crosses to Greppen, on the E. bank, skirts the wooded slopes of

the Rigi, and soon reaches -

8 M. Küssnacht (1443'; pop. 3564; \*Hôtel-Curhaus Küssnacht, with hydropathic, garden, and lake-baths, R. 1-4, board 4-6 fr.; \*Hôt.-Pens. du Lac or Seehof, pens. 5-6 fr.; \*Schwarzer Adler, pens. 4-5 fr.; \*Pens. Dr. Aufdermaur, pens. 5\frac{1}{2}-7 fr.), a village prettily situated at the N. end of this bay of the lake, with a fine

distant view. — Ascent of the Rigi, see p. 110.

A good road from Küssnacht ascends viâ Haltikon to the thriving and finely situated village of (1 hr.) Udligenswil (2050'; Engel), whence the \*St. Michaelskreuz (2615'), locally known as the 'Kleine Rigi', may be easily reached in 1/2 hr. Unpretending \*Inn and chapel on the top, which commands a beautiful view of the lakes of Zug and Lucerne, the Alps, and the hilly landscapes of N. Switzerland. A more extensive view is enjoyed from the Ochsenwaldhöhe (2685'), 5 min. from the inn. The St. Michaelskreuz may also be ascended by good roads from Gisikon (in 1 hr.), from Rothkreuz (11/2 hr.), and from Lucerne, viâ Adligenswil (1770'; Pens. Sackhof) and Udligenswil (in 3 hrs.).

The road ascends the 'Hohle Gasse' ('hollow lane'; see Schiller's 'Tell'), now half filled up, shaded at one point by lofty beeches. At the upper end of it,  $1^1/4$  M. from Küssnacht, to the left, is Tell's Chapel (1585'), rebuilt in 1834, marking the spot where the tyrant Gessler is said to have been shot by Tell. Over the door is a painting of the event, with an inscription. Close by is the large new Roman Catholic missionary institution of Bethlehem, with an artizans' school (visitors admitted). By the (1/2) M.) inn Zur Eiche (R. 1-2, B. 1 fr. 20 c.) the road divides. A few paces to the right is stat. Immensee (p. 122). The road to the left descends to (1/4) M.) the village of Immensee (p. 117).

# 31. From Zürich viâ Wädenswil to Arth-Goldau. Einsiedeln.

35 M. RAILWAY in  $3^{1}/2$  hrs. (8 fr. 70, 6 fr. 15, 4 fr. 35 c.); to Einsiedeln,  $25^{1}/2$  M., in  $2-2^{1}/2$  hrs. (5 fr. 60, 3 fr. 95, 2 fr. 80 c.). — Railway from Rapperswil viâ *Pfäffikon* to Einsiedeln, 1 hr. 6 min. (see p. 50).

From Zürich to (15 M.) Wädenswil (1348'), see p. 50. The line ascends the fertile slopes on the S. bank of the Lake of Zürich, commanding beautiful views of the lake, with the Curfirsten and Sentis in the background. 17 M. Burghalden (1740'); 19½ M. Samstagern (2080'; Stern, with a large restaurant), junction of the line (to the left) to Rapperswil-Pfäffikon vià Wollerau (Hôtel-Pension Bellevue; Hirsch; p. 50). — Beyond (20½ M.) Schindellegi (2480'; \*Freihof; Hirsch) we cross the brawling Sihl.

Diligence thrice daily in ½ hr. to (3 M.) Feusisberg (2395'; \*Curhaus Feusisgarten, R. 2, B. 1, D. 2½-3, S. 1 fr. 80 c., pens. 5-6 fr.; Hôt.-Pens. Schönfels, pens. ¼½-5 fr.; Hôt.-Pens. zur Frohen Aussicht, R. 1-1½, D. 2-3, S. ½-2, pens. ¼-5 fr.), a health-resort, pleasantly situated, with fine view of the Lake of Zürich and the Alps of Appenzell. — About ½½ M. to the W. of Schindellegi (diligence twice daily in ½ hr.) is the whey-cure resort of Hütten (2428'; Krone & Bär, R. 1-1½, pens. ¼-5 fr.), charmingly situated on the idyllic Hüttensee, at the foot of the wooded Hohe Rhonen (4040'). — The Dreiländerstein (3907'), the E. point of the Hohe Rhonen, marking the

boundaries of Cantons Zürich, Zug, and Schwyz, may be reached from Schindellegi in 1 hr., and the walk may be continued along the crest of the hill to the Gottschalkenberg (see below).

The line rounds the E. slopes of the Hohe Rhonen (4040') and approaches the Alp, which falls into the Sihl here. To the S, appear the Myten (p. 123). — Beyond ( $22^{1/2}$  M.) Biberbrücke (2730'; Krone), where the Biber falls into the Alp, the Glarus Mts., bounded on the left by the pyramidal Köpfenstock (6240'), form the background.

Pleasant excursion from Biberbrücke (by road 41/2 M.; omnibus twice daily, 3 fr.; damp footpath, to the right, about halfway, 1½ hr.) to the top of the Gottschalkenberg (3780'; \*Curhaus, pens. 7-10 fr.), the W. prolongation of the Hohe Rhonen (p. 118), commanding a fine view of the Alps (finest from the Belvedere, 10 min. to the S.). The descent may be made to (2½ M.) Ober - Ägeri (p. 92), to (1½ hr.) Richterswil (p. 50), or by Menvingen to (6 M.) Zug (p. 94) zingen to (6 M.) Zug (p. 91).

FROM BIBERBRÜCKE TO EINSIEDELN, 3 M., branch-railway in

13 min., through the narrow Alpthal.

FROM PFÄFFIKON (p. 50) BY THE ETZEL TO EINSIEDELN, 91/2 M. A rrow road commanding fine views of the lake ascends in windings, past the *Pens. Lugeten*, to the (5 M.) pass of the Etzel (3145'; \*Inn), with the *Chapel of St. Meinrad*. The *Hohe Etzel* (3610'; steep ascent of ½ hr. from the inn) is wooded, and commands no view, but the \*Schönboden (3513'), ¾ hr. to the E., affords a splendid view of the lake, the Limmat-Thal as far as Baden, the Alps of Appenzell and Glarus, the Sihlthal and Alpthal, with Einsiedeln, the Myten of Schwyz, the Rossberg, and the Rigi; to the W. rises the Hohe Rhonen (see above). Travellers bound for Einsiedeln may descend from the Schönboden towards the S.W. direct to Eag., visible below, cross the Sihl, and join the road from the Etzel. Egg, visible below, cross the Sihl, and join the road from the Etzel. — From the Etzel Inn the road descends to the (3/4 M.) Teufelsbrücke (2755') over the Sihl. Thence 33/4 M. to Einsiedeln.

**Einsiedeln** (2900'; pop. 8500; \*Pfau, R.  $2^{1}/_{2}$ -5, B.  $1^{1}/_{4}$ , D. incl. wine 3, S. incl. wine  $2^{1}/_{2}$ , pens.  $6^{1}/_{2}$ -10 fr.; \*Sonne; Drei Könige; \*St. Catharina, R. 1-2 fr., B. 90 c., pens. from 4 fr., unpretending; St. Georg; Schwan; Restaurant Zehnder, with rooms), or Notre-Dame-des-Ermites (Monasterium Eremitarum), in a green valley, watered by the Alpbach, vies with Rome and Loretto in Italy, Santiago de Compostela in Spain, and Mariazell in Styria as one of the most famous pilgrim-resorts in the world.

Its foundation is attributed to Count Meinrad of Sulgen, who built a chapel here in honour of a wonder-working image of the Virgin presented to him by the Abbess Hildegard of Zürich. After Meinrad's death in 861, a monastery of Benedictine Hermits ('Einsiedler') sprang up here. In 1274 it was created an independent principality by Emp. Rudolph of Hapsburg, and owing to the ever increasing throng of pilgrims it soon vied with St. Gallen as one of the richest monasteries in Switzerland.

In the large open space between the houses (a great many of which are inns for the pilgrims) and the lofty buildings of the monastery rises a black marble Fountain with fourteen jets, surmounted by an image of the Virgin, from which the pilgrims are wont to drink. The pilgrims, chiefly from Switzerland, Bavaria, Swabia, Baden, and Alsace, number about 200,000 annually. The chief festival takes place on 14th September.

Under the Arcades, which form a semicircular approach to the church on the right and left, as well as in the Platz itself, there are numerous

stalls for the sale of prayer-books, images of saints, rosaries, medals, crucifixes, and other 'devotional' objects. So great is the demand for engravings, religious works, and other souvenirs of the place, that at Benziger & Co.'s establishment no fewer than 700 workmen are employed in printing and stereotyping, engraving on wood and zinc, chromo-lithographing, book-binding, etc.

The extensive Abbey Buildings, in the Italian style, which were re-erected for the sixth or seventh time in 1704-19, are 148 yds. long, 41 yds. of which are occupied by the Church and its two slender towers. On the right and left of the entrance are Statues of the Emperors Otho I. and Henry II., two benefactors of the Abbey.

The Interior of the church is gaudily decorated with gilding, marble, and pictures of little value. In the nave stands the Chapel of the Virgin, of black marble, the 'Sanctum Sanctorum', with a grating, through which, illuminated by a solitary lamp, a small Image of the Virgin and Child is visible, richly attired, and decked with crowns of gold and precious stones. In the chapel to the right, a Crucifix by J. Kraus; in the choir, an Assumption by the same artist, skilfully restored by Deschwanden in 1858. The magnificent chandelier was dedicated by Napoleon III. in memory of his mother. — The Abbey contains a well-arranged Library of 50,000 volumes, chiefly historical, and a number of MSS. The Fürstensaal is hung with good lifesize portraits, including those of Pius IX. and the emperors William I., Francis Joseph, and Napoleon III. The Private Chapel of the abbot is adorned with paintings of ecclesiastical events.

The Herrenberg (3650'; 1/2 hr.), a hill above the Abbey to the S.E., commands a beautiful view. Similar views from the Kreuz or

from the St. Meinradsberg, 3/4 M. to the S. of the town.

FROM EINSIEDELN TO SCHWYZ OVER THE HACKEN (31/2 hrs.), destitute of shade, and very disagreeable in bad weather. We ascend the monotonous Alpthal (with the nunnery of Au on the right) to the (11/2 hr.) village of Alpthal (3258'; Stern, plain), where the somewhat rough and steep log-path ascending the Hacken begins. In 1/2 hr. we gain a point where the space between the two Myten (p. 123), shaped like the letter V, is distinctly observed, and in 1/2 hr. more reach the Inn on the Hacken Pass (4568'), which commands a splendid view of the lakes of Lucerne and Lowerz, etc. (The view is still finer from the Hochstuckli, 5105', 1/2 hr. higher up, to the N., and embraces the N. part of the lake and the town of Zürich.) Descent to (1 hr.) Schwyz steep and stony.

of Zürich.) Descent to (1 hr.) Schwyz steep and stony.

FROM Einsiedeln to Schwyz over the Iberger Egg, 16½ M. Good road (diligence to Ober-Iberg twice daily in 2½ hrs., 1 fr. 95 c.) through the Sihlthal or Euthal by Steinbach and Euthal to (9 M.) Ober-Iberg (3483'; \*Hôt.-Pens. Holdener, pens. 5 fr.; Post, well spoken of), a health-resort; thence to the (3¾ M.) Iberger Egg (4823') or Heilighäuschen, affording a fine survey of the Lake of Lucerne and the Alps, and by Bülisberg and

Rickenbach to (33/4 M.) Schwyz.

Beyond Biberbrücke (p. 119) the railway crosses the *Biber*, and ascends across a monotonous plateau. From (251/2 M.) *Altmatt* (3030'; Rössli), a poor hamlet on a large moor, a road leads in 13/4 hr.

to the Gottschalkenberg (p. 119).

28 M. Rothenthurm (3040'; \*Ochs, R. 11/2, B. 1, D. 2, pens. 31/2-4 fr.; Schlüssel), with a new Romanesque church, where to the left the Myten, and to the right the long back of the Rigi and the hotels on the Kulm become visible, is named after a red tower belonging to fortifications (Letze) once erected by the Schwyzers to protect their N.W. boundary. In the vicinity, on 2nd May, 1798,

the Schwyzers under Reding defeated the French, who lost 2000 men. The railway then descends the wooded valley of the Steiner-Aa to (31 M.) Sattel-Ageri; to the left is the prettily situated village of Sattel (2712'; Neue Krone,  $\frac{1}{4}$  M. from the station, R. 1-1 $\frac{1}{2}$ , B. 1,

D. 2, S.  $1^{1}/_{2}$ , pens. 5 fr.; Alte Krone, in the village).

The \*Schlagstrasse, as the picturesque road from Sattel to Schwyz is called (5½ M.; a fine walk), crosses the Steiner-Aa and ascends on the W. slope of the *Hacken* (p. 120), affording beautiful views of the fertile valley of Steinen, the Lake of Lowerz with the Schwanau, the scene of the Goldau landslip, and the Rigi. At  $(3^1/2 \text{ M.})$  the "Hirsch Inn (a little farther on, the Burg Inn), Schwyz and the Myten become visible. Thence to stat. Seewen  $1^1/4$  M., to Schwyz (p. 123) 2 M.

From Sattel-Ägeri to Morgarten, 2 M., omnibus in 1/2 hr. (50 c.); steamboat on the Ägeri Lake, see p. 93.

The railway descends the slopes of the Rossberg, by several viaducts and a short tunnel, to (33 M.) Steinerberg (1950'; Rössli, R.  $1-1^{1}/_{2}$ , B. 1, D. 1 fr. 80 c., pens. 4-5 fr.; Löwe, both fair), a village with a fine view of the valley of Lowerz, framed by the Rigi, the Fronalpstock (with the Liedernenstöcke and Märenberge in the

distance), and the two Myten.

The \*Rossberg (highest peak, Wildspitz, 5190'), a mountain rising between the lakes of Zug, Ägeri, and Lowerz, is ascended from Steinerberg by a bridle-path in 2½-3 hrs. At the top, which forms a knobbed ridge about 2 M. long and commands a fine view (panorama by Imfeld), is the Hôtel Rossberg-Kulm (R. from ½, B. 1, D. ½½, S. ½, fr.). From the Gnippen (5170'), or W. summit of the Rossberg, reached from the hotel by a level path in 20 min., we obtain a good survey of the scene of the landslip of 1806 (comp. p. 122). — We may descend to Ageri (p. 92) or to the Zuger Berg (p. 92).

The railway traverses the scene of the Goldau Landslip, and joins the St. Gotthard Railway at (35 M.) Arth-Goldau (p. 122). — Rigi Railway, see p. 109.

## 32. From Lucerne to Bellinzona. St. Gotthard Railway.

1051/2 M. RAILWAY. Express ('Blitzzug'; first class only) in 31/2, fast trains in 3<sup>3</sup>/<sub>4</sub>-5<sup>1</sup>/<sub>3</sub>, ordinary trains in 7 hrs.; fares 23 fr. 35, 16 fr. 45, 11 fr. 70 c. (To Lugano, 124 M., in 4<sup>1</sup>/<sub>4</sub>-6<sup>1</sup>/<sub>3</sub> hrs.; 27 fr. 70, 19 fr. 40, 13 fr. 85 c.; to Milan, 173<sup>1</sup>/<sub>2</sub> M., in 6-9 hrs.; 36 fr. 50, 25 fr. 60, 18 fr. 20 c.). — For the day express there is a table-d'hôte at Göschenen, where the traveller should be careful to avoid an involuntary change of carriages, or even of trains. The other express trains have dining or sleeping cars. Finest views from Lucerne to Flüelen to the right, from Flüelen to Göschenen to the left, and from Airolo to Bellinzona to the right.

The \*\*St. Gotthard Railway, constructed in 1872-82 at a cost of 271 million francs, is one of the grandest achievements of modern engineering. The highest point of the line, in the middle of the great tunnel, is 3786' above the sea-level, and the maximum gradient is about 1' in 4'. At places the ascent is rendered more gradual by means of curved tunnels, piercing the sides of the valley; there are three such tunnels on the N. side, and four on the S. side of the mountain (comp. Map, p. 119). Altogether the line has 80 tunnels (of an aggregate length of 281/2 M.), 324 bridges of more than 32' span, and many smaller bridges. In order

to examine the most interesting structure of the line itself, the traveller may drive in an open carriage or walk from Amsteg to Göschenen (12 M.) and from Airolo to Giornico (15 M.). Those who are not pressed for time should take the steamboat from Lucerne to Flüelen, in preference to the train (holders of through-tickets and circular tickets have the choice of either route); or, if they have not yet visited the Rigi, they may take the railway to Arth-Goldau, the Rigi-Kulm, and Vitznau, and the steamer thence to Flüelen.

Lucerne, see p. 94. Beyond the Gütsch Tunnel the Gotthard Railway diverges to the right from the Central Line (p. 21), crosses the Reuss, and passes through the Allenwinden - Wesemlin Tunnel (2313 yds.), emerging near the Hôtel de l'Europe, on the E. side of Lucerne. It gradually ascends towards Seeburg (p. 117), affording a splendid view of the town, the lake, and the Alps, and passes through three short tunnels. By the château of Neu-Hapsburg (p. 117) the line turns to the N.E. and runs high up on the W. bank of the Bay of Küssnacht (opposite the Rigi) to (63/4 M.) Stat. Meggen, between the villages of Vorder- and Hinter-Meggen (p. 117). Beyond (10 M.) Stat. Küssnacht (p. 118) is the Schwarzenbach Tunnel. View of the Lake of Zug (p. 117) to the left; on the N. bank Walchwil, and beyond it St. Adrian (p. 117).

12 M. Immensee (1518'; junction of the line from Rothkreuz, p. 93); the village lies below us, on the left (see p. 117). To the right are the wooded slopes of the Rigi, with the Kulm Hotel far above (p. 108). The train runs high above the Lake of Zug, through several cuttings. At the E. end of the lake, on the left, lies the thriving village of Arth (p. 117), at the foot of the wooded Rossberg, behind which rise the Myten (p. 123). Threading the Rindelfluh

Tunnel (220 yds.), we reach —

17 M. Arth-Goldau (1725'; \*Rail. Restaurant; Hôt. Steiner, R. 1½-3, B. 1, D. 2½, S. 2, pens. from 5 fr.; Hôtel Hof-Goldau, R. 1½-2½, B. 1, pens. 5-6 fr.; Rössli, 3 min. from the station, R. 1½-2½, B. 1, D. 2 fr.; Hôt.-Pens. Schönegg, pens. 4-5 fr.), also the terminus of the Arth-Rigi Railway (p. 109), and junction for Zug and for Einsiedeln-Wädenswil (pp. 116, 121). The station is situated on the scene of the Goldau Landslip, which occurred on 2nd Sept., 1806. This terrible landslip, which descended from the summit of the Rossberg (p. 121), buried four villages with 457 of their inhabitants. The railway traverses part of this scene of desolation, which extends far up the Rigi. Time has covered the fragments of rock with moss and other vegetation, and picturesque pools of water have been formed between them at places. The track of the landslip may be distinctly traced on the side of the Rossberg, which is still entirely barren.

On the slope to the left lie the houses of Steinerberg (p. 121); on the right, high above, is the Curhaus Rigi-Scheidegg (p. 112). We skirt the pretty Lowerzer See (1475'; 3 M. long). To the right lies the village of Lowerz (Pens. Bücheler-Peter, 4<sup>1</sup>/<sub>2</sub>-5 fr.), and in the lake the island of Schwanau with its ruined castle, a

chapel, and a fisherman's house (inn; boat from Lowerz or Seewen in 25 min.). —  $20^{1}/_{2}$  M. Steinen (1540'; Rössli, pens. 5 fr., unpretending), a large village in a fertile site, the traditional birthplace of Werner Stauffacher (p. 105). On the supposed site of his house stands the Chapel of the Holy Rood, with frescoes by Ferd. Wagner of Munich. The train crosses the Steiner-Aa to —

221/2 M. Seewen-Schwyz (1500'; \*Hôt.-Pens. Schwyzerhof, R. 11/2-2, pens. 5 fr.; Railway Inn, both at the station). The village of Seewen (\*Rössli, R. 2-21/2, B. 11/4, D. 3, S. 2, pens. 6-8 fr.; \*Stern, R.  $1^{1/2}-2^{1/2}$  fr., B. 80 c., D.  $2^{1/2}$ , S.  $1^{1/2}$ , pens.  $4^{1/2}-5^{1/2}$  fr.; \*Pens. Seehof, near the Lowerzer See, with lake-baths, pens. 4-5 fr.), to the W. of the line, at the foot of the E. spur of the Rigi, has a chalybeate spring which attracts visitors. About 1 M. to the E. (electric tramway in 7 min.; fare 20 c., return-ticket 30 c.) lies Schwyz (1685'; pop. 7398; \* Weisses Rössli, R. 2-21/2, D. 21/2, S. 2, pens. 51/2-61/2 fr.; \*Hôtel Hediger, R.  $1^{1/2}$ - $2^{1/2}$ , D.  $2^{1/2}$ -3, S. 2, pens. 5-7 fr.;  $B\ddot{a}r$ , plain; Café Central, near the church, with garden-restaurant), a straggling town, lying picturesquely at the base and on the slopes of the Little Myten (5955'), with its two peaks, and the Great Myten (6245'). The Town Hall, restored in 1891 and embellished externally with frescoes from Swiss history by Ferd. Wagner, contains portraits of 43 'landammanns' (magistrates) from 1534 downwards, and an old carved ceiling. The large Jesuit Monastery, above the town, is now

The \*Great Myten (6245'; 4 hrs.; guide 6 fr., unnecessary for the experienced; horse to the Holzegg 8-10 fr.) is a magnificent point of view, little inferior to the Rigi and Pilatus. Road from Schwyz to (1 M.) Rickenbach (1935'; Bellevue; Stern, pens. 4-41/2 fr.); bridle-path thence to the (2 hrs.) Holzegg (4642'; small inn), which may also be reached by a direct path from Schwyz viâ the Hölle and the pastures of Hasli and Holz (guide desirable). — From Brunnen (p. 103; diligence to Schwyz five times daily, 80 c.) by Ibach and Rickenbach to the Holzegg in 3 hrs., Schwyz remaining on the left. — Good path from Einsiedeln (p. 119) by Alpthal to the Holzegg in 23/4 hrs. — From the Holzegg the new Myten path (railings at the steepest parts) ascends in 49 zigzags on the E. side of the mountain, and then follows the narrow arête to the (11/4 hr.) summit (\*Inn, plain, 10 beds). Good panorama by A. Heim.

Interesting walk from Schwyz to the Suvoroff Bridge in the Muota-Thal, returning viâ Ober-Schönenbuch (2 hrs. in all); comp. p. 84.

We now turn to the S. (on the left, the Fronalpstock with the Curhaus Stoos far above us, p. 105), cross the Muota near Ingenbohl, passing the large nunnery of Mariahilf, and reach —

24<sup>1</sup>/<sub>2</sub> M. Brunnen (1445'; p. 103), one of the most frequented spots on the *Lake of Lucerne*. (Station <sup>1</sup>/<sub>2</sub> M. from the lake; carr. for 1 pers. 1 fr., each extra pers. 50 c.)

Passing through a tunnel under the Gütsch and the Axenstrasse (p. 106), the train reaches the \*Lake of Uri, or S.E. bay of the Lake of Lucerne (p. 105), and is carried along its bank through tunnels and rock-cuttings. Splendid views of the lake to the right. High above, on the opposite bank, lie the houses of Seelisberg, at the

foot of which are the Mytenstein and Rütli (p. 105); and farther to the left towers the Uri-Rothstock with its glacier (p. 107). We pass through the Hochfluh Tunnel, the St. Franciscus Tunnel, and the Oelberg or Schiefernegg Tunnel (2169 yds.). — 28 M. Sisikon, at the mouth of the narrow Riemenstalden-Thal (p. 106). Crossing the Axenstrasse, we thread several tunnels, passing under the Stutzeck (1082 yds.), the Tell's Platte (chapel not visible; p. 106), the Axenberg (3670' long), and the Sulzeck.

32 M. Flüelen (1435'), see p. 106.

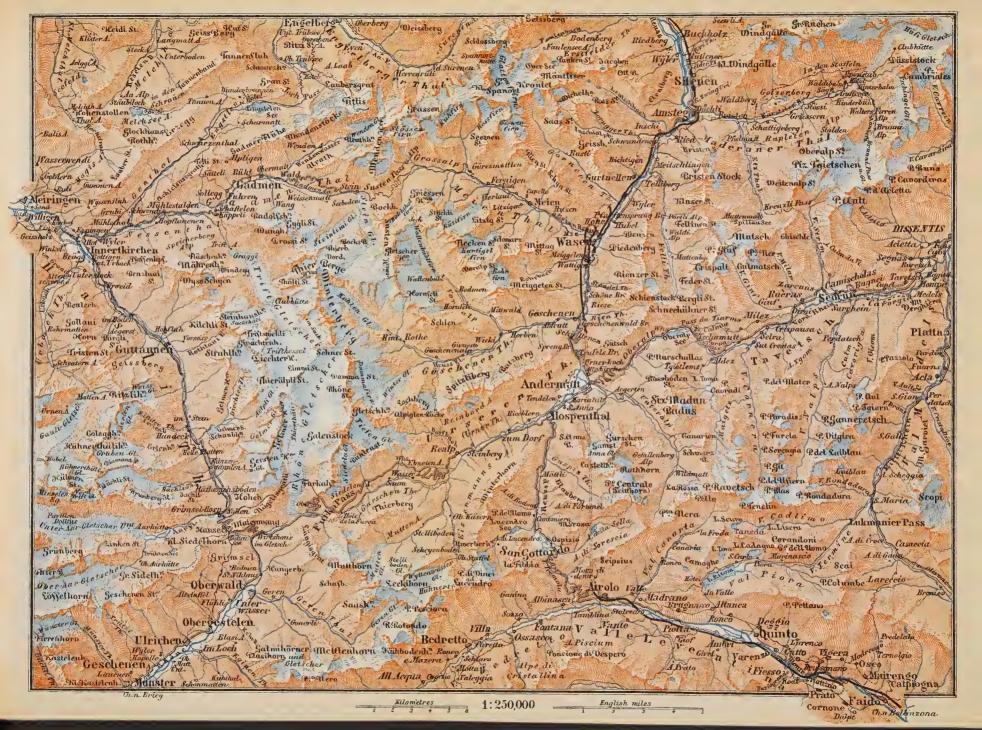

We now ascend the lower Reussthal, with the Bristenstock (p. 125) in the background, and the two Windgellen (p. 137) to the left of it.

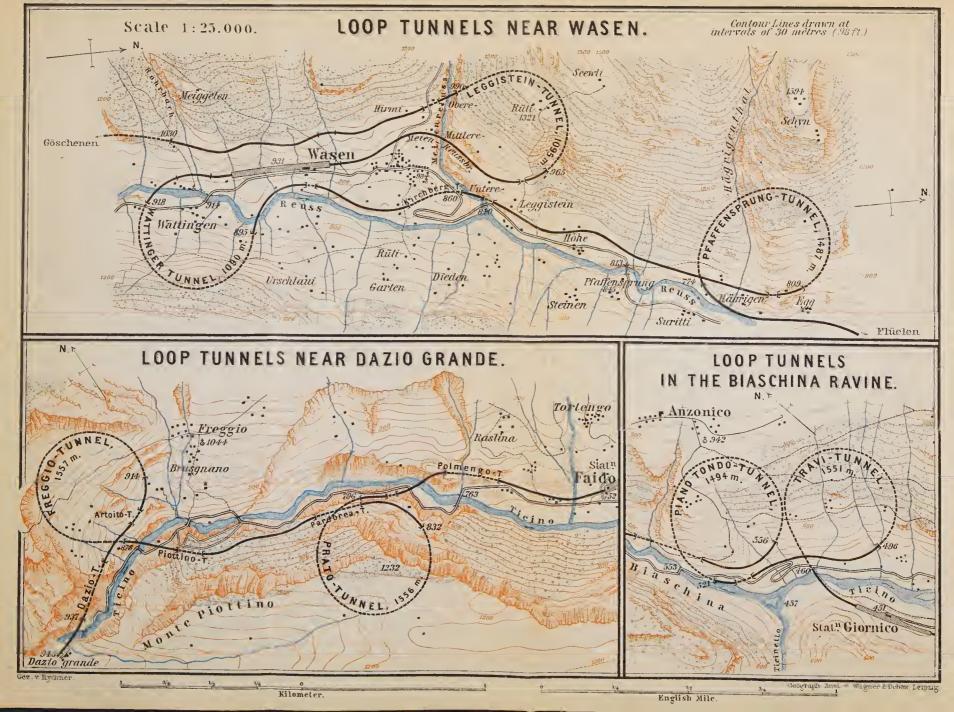

331/2 M. Altdorf. — Hotels. In the town, 1 M. from the station: \*Löwe, R. 2-3, B. 1, D. 3, S. 21/2, pens. 5-6 fr.; \*Schlüssel, R. 11/2-31/2, B. 1, D. 3-4, S. 2-21/2, pens. 6-7 fr.; omnibus from the pier at Flüelen to either of these 50 c.; \*Tell, with shady garden, pens. from 5 fr.; Schützenhof; Krone, R. 1-2, pens. 31/2-6 fr.; Bear; — Hôtel Bahnhof, at the station, R. 11/2, B. 1, D. 11/2-3, pens. 41/2-5 fr.

Altdorf or Altorf (1475'; pop. 3134), the capital of Canton Uri, lies in a fertile valley surrounded by imposing mountains. This pleasant little town is the traditional scene of the exploits of William Tell, the liberator of Switzerland from the Austrian yoke (comp. p. xxxv). A bronze statue of the intrepid archer, with the child by his side, from Kissling's model, was erected in 1895 to the N.W. of the tower (dating from the 13th cent.) in the principal 'Platz' of the village. In summer popular representations of Schiller's 'Tell' are given in a theatre erected for the purpose. The Church contains a Madonna in relief, by Imhof. The Capuchin Monastery, above the church, and the neighbouring Pavillon Waldegg command beautiful views. (Ascent near the tower, or from below Tell's statue.) Above the monastery lies the Bannwald, a 'sacred grove', in which the woodman's axe is proscribed, as it protects Altdorf from falling rocks (see Schiller's Tell, Act iii, Scene 3).

Through the Schächen-Thal and viâ the \*Klausen to (301/2 M.) Linthal, see R. 22. The best view of the beautiful head of the Schächen-Thal is obtained from Urigen, which is reached from Altdorf viâ Spiringen in 3 hrs.; see p. 84. — On the Klausen road, 1 M. to the E. of Altdorf, is the village of Bürglen (1810'; \*Tell, R. 11/2-21/2, B. 1, D. 2, pens. 41/2-5 fr.; Loreto), the traditional home of Tell. The supposed site of his house is marked by a Chapel, erected in 1522, and adorned with paintings of his exploits. Near the Tell Inn is an old tower dating from the 8th cent., with the cantonal collection of antiquities. — The Rossstock (8080'; 5 hrs.; guide 12 fr.), a splendid point of view, is ascended without difficulty by experts from Bürglen, viâ the Mettenthal-Alp. Descent, if preferred, through the Riemenstalden-Thal to Sisikon (p. 106). — Belmistock, or Belmeten (7950'), from Altdorf viâ Schattdorf (see below) in 5 hrs. (guide 8 fr.), also interesting.

The train crosses the Schächenbach in its artificial bed, near its confluence with the Reuss. Among fruit-trees to the left is the church of Schattdorf. To the right, beyond the Reuss, we see the church-tower and the ruined castle of Attinghausen (restored in 1898), in which the Baron Werner of Attinghausen, one of the characters in Schiller's 'Tell', is said to have died in 1320 (\*Inn at

the foot of the castle-hill). The background of the valley towards the S. is formed by the pyramidal Bristenstock (see below); to the right rise the bold precipices of the Gitschen (8333') and the Bockli (6810'), to the left the Schwarzgrat (6636'), Belmistock (7950'), Hohe Faulen (8260'), and lastly the two Windgellen (Grosse, or Kalkstock, 10,470'; Kleine, or Sewelistock, 9800').

 $37^{1}/_{2}$  M. Erstfeld (1558'; Hof Erstfeld, R. from 2 fr.; Hôt. Bahnhof, R.  $2-2^{1}/_{2}$ , pens. 5-7 fr., both at the station; Post, R.  $1-1^{1}/_{2}$  fr., unpretending), a large railway-depôt, where the ascent begins. The village lies on the opposite bank of the Reuss, at the mouth of the Erstfelder-Thal, above which peep the jagged Spannörter and the

Schlossberg (p. 146), with its strangely contorted glacier.

The Erstfelder-Thal (comp. Map, p. 142) extends on the S.W. to the Glatten firn. At the head of the valley are two Alpine lakes, the gloomy Faulensee (5820'), ½ hr. from the glacier, and the Obersee (6463'), ½ hr. farther to the S. Above the Faulensee, 5 hrs. from Erstfeld, is the Krönten-Hütte of the Swiss Alpine Club (6290'), whence the Krönten (10,195') is ascended by the Weissen Platten and the Glattenfirn in 4½ hrs. (guide from Erstfeld 20 fr.; grand view), and the Great Spannort (10,515') in 5 hrs. (difficult; guide 25 fr.). The Faulenbach, which flows out of the Obersee, forms a beautiful fall. Fatiguing passes lead from the Krönten-Hütte to the W. over the Schlossberg-Lücke (8632'; guide 25 fr.) and over the Spannörter-Joch (9610'; guide 35 fr.) to (6½ hrs.) Engelberg (comp. p. 146); also to the S. over the Leidensee Pass (7695') to the Leutschach-Thal and (7-8 hrs.) Inschi (p. 126). Guide, Gebhard Püntener of Erstfeld.

From Erstfeld or Altdorf over the Surenen Pass to (9 hrs.) Engelberg

(guide 20 fr.), see p. 145.

The Reussthal narrows, and the train begins to ascend on the right bank. 41 M. Stat. Amsteg (1795'), above Silenen, a village in the midst of fruit-trees. Near the station, on a rocky hill to the right, are the ruins of Zwing-Uri (1895'), the traditional castle of Gessler (rooms in the adjoining house). About 1 M. farther on lies the village of Amsteg (1712'; \*Stern & Post, R. 1\frac{1}{2}-3, D. 3, S. 2\frac{1}{2}, pens. 6-8 fr.; \*Hirsch, R.  $1^1/2-2^1/2$ , B. 1, D. 3, S.  $2^1/2$ , pens.  $4^1/2-7$  fr.; \*Weisses Kreuz, R.  $1^1/2-2^1/2$ , B. 1, D. 3, S.  $2^1/2$ , pens.  $5^1/2-7$  fr.; \*Engel, pens. from 5 fr.; Freihof, R.  $1^1/2-2$ , B. 1, pens. 4-6 fr.), prettily situated at the mouth of the Maderaner-Thal, from which the Kärstelenbach descends to the Reuss.

Excursions (guides, see p. 137). A pleasant walk of 1 hr. is enjoyed by following the old St. Gotthard road (bridle-path) to Ried and Meitschlingen, and returning by the new road viâ Inschi (p. 126). — \*Maderaner-Thal (bridle-path in 31/4 hrs. to the Hôtel Alpenclub), see R. 34. — Over the Kreuzli Pass or the Brunni Pass to Disentis and over the Clariden Pass to Stachelberg, see pp. 137, 138.

The Bristenstock (10,085'), ascended from Amsteg in 7-8 hrs. by the Bristenstäfeli (5000') and the Blacki-Alp (6133') and past the small Bristen-Seeli (7090'), affords a grand panorama, but is very fatiguing (guide 25 fr.). Descent to the Etzli-Thal or Felli-Thal difficult. — Oberalpstock (10,925'), Kleine and Grosse Windgelle (9800' and 10,470'), etc., see p. 137. — The Hohe Faulen (8260'), ascended from Silenen in 5 hrs. (guide 10 fr.) through the Evi-Thal and over the Strengmatt, Rhonen, and Belmeten Alps, is not difficult.

A walk or drive on the St. Gotthard Road from Amsteg to Göschenen

A walk or drive on the St. Gotthard Road from Amsteg to Göschenen (comp. Maps, pp. 142, 130) is recommended for the sake of the scenery and the interesting railway. We cross the Kärstelenbach, and then the Reuss

by a bridge of two arches. To the left runs the railway; below us the Reuss dashes through its deep ravine, forming a succession of falls. In the early summer huge masses of avalanche-snow, looking like earth or detritus, are seen in the gorges. Beyond (1³/4 M.) Inschi (2168'; Lamm) we pass a fall of the Inschi-Alpbach. From Inschi we may visit the picturesque Leutschach-Thal (to the Obernsee, at the foot of the Männtliser, 3¹/2 hrs.; thence over the Leidensee Pass to the Erstfelder-Thal, see p. 125). — A second bridge carries the road back to the right bank of the Reuss (the railway remaining on the left bank), on which lies (1¹/2 M.) Meitschlingen (2135¹), with a chapel. About ¹/2 M. farther on we cross the Fellibach. (Through the narrow Felli-Thal, which abounds in crystals, the Oberalp-See may be reached by the Felli-Lücke in 6 hrs.; p. 408; guide 12 fr.) On the hill opposite stands the hamlet of Gurtnellen (3045'). Beyond the village of Wyler is (3 M.) a third bridge (2660'), called the Pfaffensprung, by which the road recrosses to the left bank. The first of the curved tunnels of the railway begins here (see below). Far below, the river dashes through a narrow gorge. View beautiful in both directions. The road crosses the turbulent Meienreuss near (1¹/2 M.) Wassen (see below). To the right are the three railway bridges. A path to the right, 50 yds. beyond the bridge, cuts off the windings of the road which ascends to the loftily situated church.

Near (3/4 M.) Wattingen (3010') is the fourth bridge over the Reuss, above which, to the right, is a fall of the Rohrbach (p. 127). The (1 M.) fifth bridge (Schönibrück, 3212') crosses to the left bank of the Reuss. To the left bank of the Reuss. To the left bank of the Reuss. To the left bank of the Reuss.

 $(1^{1}/_{2} \text{ M.})$  is Göschenen (3640'; p. 127).

Above Amsteg the line pierces a projecting rock by means of the Windgelle Tunnel (1828'; 189 yds.), crosses the Kärstelenbach by an imposing iron bridge (147 yds. long, 178' high), affording a fine view of the deeply-cut Maderaner-Thal, with the Grosse Windgelle, to the left, and of the Reussthal to the right, and is then carried through the slope of the Bristenstock, which is much exposed to avalanches, by means of the two Bristenlaui Tunnels (436 yds. and 234 yds.), and across the brawling Reuss by an iron bridge 256' high. We now follow the left bank of the picturesque Reussthal (views to the left), traverse the Inschi Tunnel, cross the Inschi-Alpbach and the Zgraggen-Thal (viaduct about 100 yds.), thread three other tunnels and a long cutting, and skirt the hillside by a viaduct to (46 M.) Gurtnellen (2428'; Alte Post or Schäfli, well spoken of), with large granite-quarries.

Above Gurtnellen we come to a most interesting part of the line, which, in order to make the ascent more gradual, passes through three curved tunnels and describes a wide double bend. It crosses the Gornerenbach and the Hägrigenbach (fine waterfall on the right), enters, near the Pfaffensprung-Brücke (see above), the Pfaffensprung Loop Tunnel (1635 yds., 3 min.), in which it mounts 115', traverses the short Mühle Tunnel, recrosses the Hägrigenbach (overlooking the Pfaffensprung bridge on the left), and then traverses the Mühren Tunnel (2822'; 93 yds.). Next follow a handsome bridge over the ravine of the Meienreuss (p. 154), the Kirchberg Tunnel under the 'church-hill' of Wassen (330 yds.), a bridge across the Reuss to the left, the Wattinger Loop Tunnel (1199 yds.; ascent of 76'), another bridge over the Reuss, and the Rohrbach Tunnel (242 yds.).—51 M. Wassen or Wasen (3055'), a large village (\*Hôt. des Alpes;

Ochs, Krone, both good and unpretending, pens. 5 fr.; Walker's Restaurant). The loftily situated church commands a survey of the bold structure of the railway. — Over the Susten to Meiringen, see R. 39.

The imposing Mittlere Meienreuss Brücke (69 yds.; 260' high) and the Leggistein Loop Tunnel (1204 yds.; ascent of 82') carry us to the Upper Meienreuss Bridge (59 yds. long; 148' high), beautifully situated, the third bridge over the deep, wild gorge of the Meienreuss. We then pass through the short Meienkreuz Tunnel (3250'; 84 yds.), skirt the hillside, and obtain a view of Wassen and the windings just traversed. Opposite rises the Rienzer Stock (9785'). Crossing the Kellerbach and the Rohrbach, the train passes through the Naxberg Tunnel (1719 yds.; ascent of 118'), crosses the deep gorge of the Göschenen-Reuss (bridge 69 yds. long, 161' high; view of the Göschenen-Thal to the right, with the beautiful Damma-firn, p. 131), and reaches—

55 $^{1}/_{2}$  M. Göschenen (3640'; \*Rail. Restaurant, D. with wine  $3^{1}/_{2}$  fr., in the third-class waiting-room 1 fr. 80 c.; \*Hôt.-Pens. Göschenen, opposite the station, R. 2-4, B.  $1^{1}/_{2}$ , déj. 3, D. 4, pens. 6-9 fr.; \*Rössli, with garden, R.  $2-2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D.  $3-3^{1}/_{2}$ , pens. 6-8 fr.; Hôt. Bahnhof, R.  $2-2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ -3, well spoken of; Löwe, R.  $1^{1}/_{2}$ -2, D.  $2^{1}/_{2}$ , pens. 6 fr.; Krone, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , D.  $2^{1}/_{2}$ -3, pens. 5-7 fr.; Engl. Ch. Serv. in Aug.). In the cemetery is a monument (1889), by Andreoletti, to L. Favre, the engineer of the St. Gotthard Tunnel, who died in the tunnel on 19th July, 1879. — From Göschenen to Airolo by the St. Gotthard Road, 22 M., see R. 33.

Beyond the station the train crosses the Gotthard-Reuss (p. 132) by a bridge 105' high, and enters the great \*St. Gotthard Tunnel, 16,393 yds. (91/4 M.) in length, being 3114 yds. (12/3 M.) longer than the Mont Cenis Tunnel. The central point is 3786' above the sea-level, from which it descends on both sides, about 6' in 1000' towards Göschenen, and 2' in 1000' towards Airolo. The work was begun in June, 1872, at Göschenen, and a month later at Airolo, and the boring was completed on 29th Feb., 1880. During seven years and a half no fewer than 2500 workmen were on an average employed here daily, and the number sometimes rose to 3400. The cost was 563/4 million fr. (2,270,000l.). The tunnel, 28' broad and 21' high, is lined with masonry throughout, and is laid with a double line. Since the introduction of ventilating apparatus in 1899 the air in the interior is fresh and free from smoke; the temperature is about 70° Fahr. The tunnel lies 1083' below Andermatt, 6076' below the Kastelhorn (which rises above the centre of the tunnel), and 3350' below the Sella Lake. Express trains take 14-20 min. to pass through the tunnel, slow trains 21-25 min.; lanterns are placed on each side of the tunnel at intervals of 1000 mètres (even numbers on the right, uneven on the left). To the right, above the exit from the tunnel, are new fortifications.

66 M. Airōlo. — Hotels: \*Hôtel Lombardi, with garden, R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, D. 3<sup>1</sup>/<sub>2</sub>, S. 3, pens. 7-9 fr.; \*Hôt.-Pens. Motta, R. 2<sup>1</sup>/<sub>2</sub>-4, B. 1<sup>1</sup>/<sub>2</sub>, déj. 2<sup>1</sup>/<sub>2</sub>, D. 4, pens. 7-9 fr.; \*Hôtel de la Poste, R. 2-3, B. 1<sup>1</sup>/<sub>2</sub>, D. 3<sup>1</sup>/<sub>2</sub>, S. 2, pens. 7-10 fr.; \*Hôtel Rossi. R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1 fr. 20 c., D. 3, S. 2<sup>1</sup>/<sub>2</sub>, pens. 6 fr.; \*Hôtel des Alpes, R. 1<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub>, B. 1 fr. 20 c., D. 3, S. 2, pens. 7 fr. — \*Railway Restaurant.

Airōlo (3755'; pop. 1629), in the upper valley of the Ticino, the first Italian-Swiss village, was rebuilt after a fire in 1877, but was again partly destroyed in 1898 by a landslip from the Sasso Rosso. Further danger has, however, been averted by embankments and regulation of the brooks descending from the hillside. It is frequented as a summer-resort. The scenery retains its alpine character until

near Faido. To the W. is the imposing Pizzo Rotondo group.

Excursions (guides, Clem. Dotta, Basil and Giovanni Jori, and Mario Travella of Airolo). From Airolo to the picturesque Stalvedro Gorge (p. 129), 20 min.; to the Lombard Tower, 35 minutes. — Pizzo Rotondo (10,490'), the highest peak of the St. Gotthard, is ascended from Airolo in 8-9 hrs. (difficult; for experts only; guide 40 fr.). Walk in the afternoon (rough cart-track as far as Villa, 13/4 hr.) to (3 hrs.) All'Acqua in Val Bedretto (p. 341; inn), and spend the night; steep ascent thence over grassy slopes, débris, and snow-fields to the (31/2 hrs.) Passo Rotondo (9690'), whence the rocky summit is reached in 11/2-2 hrs. by a difficult climb up a steep snow-couloir (footirons desirable) and over loose stones. \*View very grand and picturesque

(comp. p. 135).

Passes. To the St. Gotthard, see p. 134 (rich Alpine flora as far as the Tremola gorge). — Through the Val Bedretto and over the Nuferen Pass to the Valais, see p. 341; over the San Giacomo Pass (7572') to the Falls of the Tosa, see p. 346. Through the Val Canaria and over the Unteralp Pass (8300') to Andermatt (8 hrs.), fatiguing; ascent very steep. Over the Bocca di Cadlimo (8340') to Santa Maria (p. 410), 8 hrs., attractive. — By the Passo Bornengo to Val Maigels, see p. 408. Over the Sassello Pass to Val Maggia, see p. 473. — Over the Passo dei Sassi (ca. 8200'), interesting, but for steady climbers only (to Fusio 8 hrs.). From Airolo past the hamlet of Nante and the (2 hrs.) Alp Piscium (5630') to (3/4 hr.) Comaschne (6234') and along precipitous rocks, where the path disappears, to the (21/4 hrs.) pass, between the Poncione di Vespero and Poncione di Mezzodi, with superb view of the St. Gotthard mountains. Descent across steep grassy slopes (plenty of edelweiss) into the Val Maggia to (2 hrs.) Corte and (3/4 hr.)

Fusio (p. 474).

From Airolo to Disentis through the Val Piora (11 hrs.; guide, unnecessary, to Piora 6, to Santa Maria 10 fr.; porter from Airolo, 15 c. per kilogramme up to Piora, 10 c. down; horse to Piora, 3 hrs., 15 fr.). Descending the St. Gotthard road for 3/4 M., we cross the Canaria to the left, and ascend to (20 min.) Madrano (3780'). After 1/4 hr. more the path ascends to the left to (20 min.) Brugnasco (4548'). It then runs nearly level, overlooking the picturesque valley of the Ticino, and afterwards through wood. From (3/4 hr.) Altanca (4567'; inn) we ascend to the left in zigzags past a little chapel to the (40 min.) Alp in Valle (a spring by the wayside). The rock below it bears a very ancient inscription. In the gorge to the right the Fossbach forms several falls. Fine retrospect of the Ticino mountains. We cross a rocky saddle to the (1/2 hr.) picturesque Lake Ritom (6000'). On the right is the \*Hôtel Piora (R. 2-3, B. 11/2, D. 4, S. 31/2, pens., even for a short stay, 7-9 fr.), an attractive and well-sheltered health-resort. Pine-woods close to the hotel; great variety of geological formations and of plants. Bath in the lake (56° Fahr.), including towels, 50 c. Pleasant walks near. In secluded basins lie six little lakes, and there are four others just beyond the ridges in the direction of Val Cadlimo. Delightful view of the lake, the Ticino valley, etc., from the Bella Vista (1/4 hr.); more extensive from Fongio (7257'), 1 hr. farther on (skirt the hillside to the W.), and from the Cima di Camoghè (7740'; 13/4 hr.). — \*Taneda (8760'), an easy ascent of 21/2 hrs. (guide advisable for novices), past Lake Tom to the ridge sep-

arating Val Piora from Val Cadlimo, between Taneda and Punta Nera, where we keep to the right, over débris and rocks, to the broad summit. Splendid view of the Val Piora, the Val Bedretto. and the Alps of Valais, Bern, Uri, Ticino, and the Grisons. A similar view is obtained from the Punta Nera (8925'), ascended (to the left from the Taneda saddle) in 21/4 hrs. Other good points (guides at the hotel) are the Corandoni (8733'; 3 hrs.), Piz dell' Vomo (9020'; 31/2 hrs.), Pizzo Lucomagno (9115'; 5 hrs.), \*Piz Blas (9920'; 51/2 hrs.), and \*Piz Rondadura (9905'; 51/2-6 hrs.). — The path to Santa Maria (33/4 hrs.; porter 7 fr.) leads round the lake, to the left. By the (20 min.) Ritom Chalets we ascend a good path, to the left, to the (20 min.) chapel of San Carlo. Crossing the brook, and passing a cross on the right (leaving the small lake of Cadagno, with its chalets, to the left), we reach (1/4 hr.) the Alp Piora and (1/4 hr.) Murinascio, a group of huts. The path, indicated by crosses, leads straight on for 1/4 hr., and then ascends to the left. Farther on it always bears to the left. [The last huts of Piano de' Porci lie to the right, below. Persons bound for Olivone may from this point cross direct by the Passo Columbe (7792'), between the Scai and Piz Columbe, to the Casaccia hospice; p. 410.] We ascend the secluded Val Termine, with the Piz dell' Uomo (9020') on the left, to the (3/4 hr.) Uomo Pass (7257'; 10 min. before which is a good spring by a heap of stones), with its deserted hut. Descent on the other side by a bad path, marshy at places. To the left the Medelser Rhine descends from the Val Cadlimo in a fine fall. Before us. to the right, rises the Scopi, to the left the distant Tödi chain. The (11/2 hr.) Hospice of St. Maria, see p. 410. Thence to Disentis, or across the Lukmanier to Olivone, see R. 95.

Below Airolo the train crosses the Ticino, which descends from the Val Bedretto (p. 341), passes through a tunnel (209 yds.), and enters the Stretto di Stalvedro. On the left bank of the Ticino the highroad runs through four apertures in the rock. The valley expands. 691/2 M. Ambri-Piotta (3250'; Restaurant Soldini; Brasserie Piotta). To the left lies Quinto. Beyond (721/2 M.) Rodi-Fiesso (3100'; Hôtel-Pens. Helvetia) we come to one of the most curious parts of the line (comp. Map, p. 125; walk to Faido recommended). The Platifer (Monte Piottino) here juts into the valley from the N.; the Ticino has forced a passage through the barrier, descending in a series of falls through a wild gorge to a lower region of the valley, while the railway descends by means of two circular tunnels. At Dazio Grande it crosses the Ticino, is carried through two tunnels, and the Freggio Loop Tunnel (1712 yds.), and emerges into the Piottino Ravine, 118' lower down. It then recrosses the Ticino (fine scenery), passes through the Monte Piottino and Pardorea tunnels. and descends 118' more by means of the Prato Loop Tunnel (1711 yds.), beyond which opens the beautiful valley of Faido. Bridge across the Ticino, and another tunnel.

771/2 M. Faido. — Hotels: \*Hôtel-Pension Suisse, R. 2-3, B. 11/4, déj. 21/2, D. 31/2, pens. 5-8 fr.; Hôtel Faido, both at the station; \*Hôt.-Pens. Angelo, R. 2-3, B. 11/4, déj. 21/2, D. 31/2, pens. 5-7 fr.; \*Hôt.-Pens. Fransioli, R. 2-3, B. 1, déj. 2, D. 3, pens. 5-7 fr.; Hôtel Vella, these three in the village. — Restaurant Belgeri; Birraria Rosian.

Faido (2475'; pop. 861), the capital of the Leventina, very picturesquely situated, is frequented as a summer-resort. In the Piazza Grande is the statue of the Swiss educationist and statistician Stefano Franscini, born here in 1796. On the right the Piumogna descends to the Ticino in a fine fall.

The Valle Leventina, or Ticino Valley, formerly belonged in common to the thirteen confederated cantons (with the exception of Appenzell), and was governed most despotically by bailiffs, who purchased their appointments. A revolt broke out in 1755, but was suppressed by the Swiss troops. The French put an end to this mode of government in 1798, and in 1814 the Congress of Vienna formed the Leventina and other Italian districts into the canton of Tessin or Ticino.

From Faido over the Predelp Pass to the Lukmanier, see p. 410; over

the Campolungo Pass to the Val Maggia, see p. 474.

We now traverse beautiful scenery, richly wooded with walnut and chestnut trees, on the left bank of the Ticino. To the right, Chiggiogna, with an old church. From the cliffs on both sides fall several cascades, the veil-like fall of the Cribiasca on the right, near (82 M.) Lavorgo (2025'), being the finest. Huge masses of rock lie scattered about, interspersed with fine chestnut-trees. Below Lavorgo the Ticino forces its way through the picturesque Biaschina Ravine to a lower part of the valley, and forms a fine fall, while the railway descends about 300' on the left bank by means of two loop-tunnels, one below the other in corkscrew form. We pass through the La Lume Tunnel, cross the Pianotondo Viaduct (114 yds. long), and enter the Pianotondo Loop Tunnel (1643 yds.; descent of 115'). Then the short Tourniquet Tunnel, the Travi Viaduct, and the Travi Loop Tunnel (1706 yds.; descent of 118'), from which we emerge upon the floor of the lower Valle Leventina. Crossing the Ticino, we reach —

86 M. Giornico (1480'). The village (1295'; Posta, Cervo, both well spoken of), lying among vineyards on the left bank, 1<sup>1</sup>/<sub>4</sub> M. to the S., has an old Lombard tower and remains of fortifications near the church of Santa Maria di Castello. The church of San Niccold da Mira is early Romanesque. Below Giornico we cross the Ticino

again. On the right is the pretty fall of the Cramosina.

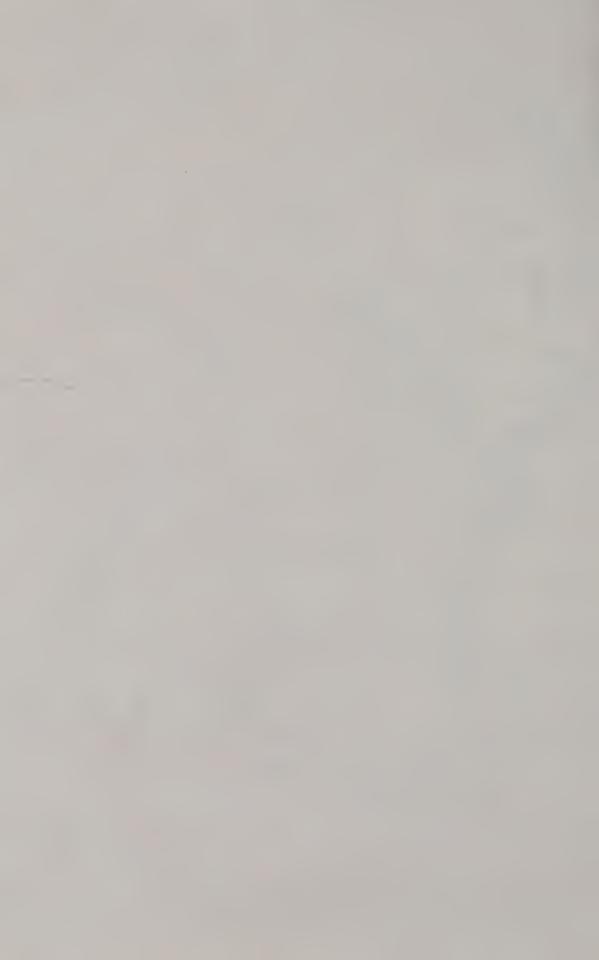

90 M. Bodio (1090'). Beyond Polleggio (Corona) the Brenno descends from the Val Blenio (p. 394) on the left, and is crossed by two bridges. The Ticino valley expands, and takes the name of Riviēra down to the mouth of the Moësa. Luxuriant vines, chestnuts, walnuts, mulberries, and fig-trees indicate that we are nearing 'the garden of the earth, fair Italy'. The vines extend their dense foliage over wooden trellis-work supported by stone pillars, 6-10' in height.

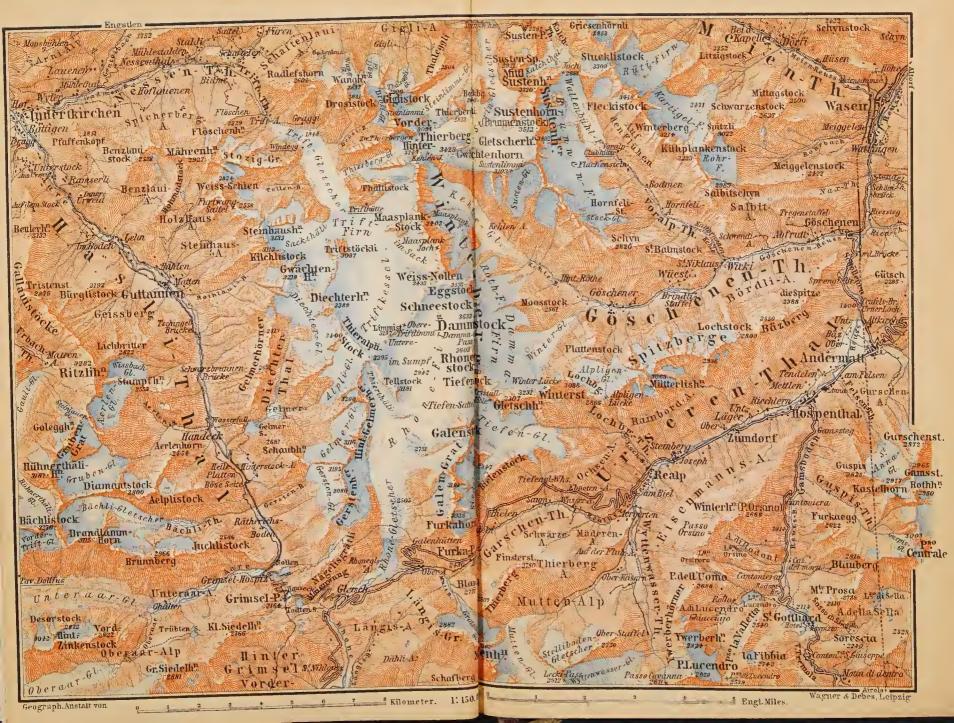

94 M. Biasca (970'; Rail. Restaurant; in the village, ½ M. to the N., Union et Poste, mediocre), with an old Romanesque church on a hill (1112'). A series of oratories near the station ascends to the Petronilla Chapel, near which is a pretty waterfall. — To Olivone,

and over the Lukmanier to Disentis, see R. 95.

The train skirts the richly clothed E. slopes of the valley, which is very hot and dusty in summer. Two tunnels.  $97^{1}/_{2}$  M. Osogna (870'; Posta) lies at the foot of an abrupt round rock. 101 M. Claro (830') lies at the base of the Pizzo di Claro (8930'), a beautiful mountain with luxuriant pastures, on the slope of which, on a spur to the left, stands the monastery of Santa Maria (2074'). Beyond

(1031/2 M.) Castione (800') we pass the mouth of the Val Mesocco (p. 419) and cross the Moësa. To the left lies Arbedo (p. 419). Beyond a short tunnel we come in sight of Bellinzona, with its three old castles.

 $105^{1}/_{2}$  M. Bellinzona (760'), see p. 465.

From Bellinzona to Lugano and Como, see p. 466; to Locarno, see p. 471; to Luino, see p. 475.

### 33. From Göschenen to Airolo over the St. Gotthard.

211/2 M. DILIGENCE from Göschenen to Andermatt thrice daily in 1 hr. (fare 1 fr. 40, coupé 1 fr. 70 c.); to Hospenthal twice in 11/2 hr. (2 fr. 10 or 2 fr. 55 c.). No diligence from Hospenthal over the St. Gotthard. Omni-BUSES from the Göschenen station to the Andermatt (11/2 fr.) and Hospenthal hotels (2 fr.). Carriage and pair from Göschenen to Andermatt 15, to Hospenthal 20, to the Hospice 35-40, to Airolo 60-65 fr.; from Andermatt to the Hospice 30, to Airolo 50 fr.; from Hospenthal to the Hospice 25 (there and back 30 fr.), to Airolo 45 fr. Carriage with one horse from Göschenen to Andermatt 8, to Hospenthal 12 fr.; from Hospenthal to the Hospice 15 (there and back 20 fr.). Driver's fee, 10 per cent of the fare.

The St. Gotthard was probably the most frequented of Alpine passes till the beginning of the 19th century, but was gradually deserted for the new roads over the Simplon, the Splügen, and the Bernardino. In 1820-32 the cantons of Uri and Ticino constructed the carriage-road, which was much frequented for half-a-century, but since the completion of the railway is again deserted. It is still interesting to drive or walk over the pass. On foot from Göschenen to Andermatt, 1-11/4 hr.; thence to Hospenthal, 35 min.; thence to the Hospice,  $2^3/4$  hrs.; and thence to Airolo,  $2-2^1/2$  hrs., or by footpaths,  $1^3/4$  hr. Those whose object is to make excursions from the Hospice will reach it more quickly from Airolo than from Göschenen (3 hrs.; one-horse carr. 15, two-horse 30 fr. and fee). Early in the morning almost the whole way from Airolo to Hospenthal is in the shade.

### Göschenen (3640'), on the St. Gotthard Railway, see p. 127.

The Göschenen-Thal (3 hrs. to the Göschenen-Alp; guide, 6 fr., unnecessary; horse 15 fr.) deserves a visit. A good path (red marks) leads by Abfrutt to (11/4 hr.) Wicki (4350'), where the Voralp-Thal opens to the right (see below); then by St. Niklaus and the Brindlistaffel (5033') to the right (see below); then by St. Niklaus and the Brindlistaffel (5033') to the (13/4 hr.) Göschenen-Alp (5905'; Hôtel-Pension Dammaglelscher, R. 3-4, B. 11/2, déj. 31/2, D. 4, pens. from 8 fr.), grandly situated. To the W. descends the beautiful Damma Glacier from the Winterberg; and 1 hr. farther up the valley the Göschenen-Reuss issues from the Kehle Glacier, imbedded between the Winterberg and Steinberg. Pleasant walks may be taken to the (1 hr.) Damma Glacier, the (11/2 hr.) Kehle Glacier, the (11/2 hr.) Bergsee (7710'), and the (21/2 hrs.) Kehlen-Alp (7560'). The ascent of the Moosstock (8400'; 31/2 hrs.; guide) is easy and very attractive. More difficult (for adepts only) are the Dammastock (11,920'), Rhonestock (11,825'), and Schneestock (11,837'; guide in each case 35 fr.); these are better assailed from the (11,837'; guide in each case 35 fr.); these are better assailed from the Trift-Hütte (p. 152). — A toilsome but very interesting path (51/2-6 hrs.; guide 15 fr.) leads from the Göschenen-Alp over the Alpligen Glacier and the Alpligen-Lücke (9115'), between the Lochberg and Spitzberg (p. 138), to Realp (p. 139). The \*Lochberg (10,130'; splendid view of the Galenstock and St. Gotthard groups) is ascended in 1 hr. from the pass. — Over the Winterlücke to the Furka, see p. 139. - Several difficult passes, for experts only, cross from the Göschenen-Alp to the Rhone and Trift Glaciers (Winterjoch, Damma Pass, Maasplank-Joch; comp. p. 152). Over the Susten-Limmi (10,180') or the Thierberg-Limmi (about 10,500') to the Steinalp, 9 hrs., laborious (see p. 153). — Ascent of the Fleckistock (11,215'; 7-8 hrs.; guide 35 fr.), for experts only, difficult. We ascend from Wicki (see above) through the Voralp-Thal, past the chalets of Hornfeli, Bodmen, and Flachenstein, to the (2½ hrs.) Voralp Hut of the Swiss Alpine Club (7120'), finely situated at the foot of the Wallenbühlfirn; thence we mount to the right to the Flühe (7875'), and over loose stones and steep rocks to the summit (5 hrs. from the club-hut). The Kühplankenstock (10.575'; 3½ 4 hrs.; guide 30 fr.), Stücklistock (10,855'; 4½ hrs.; 35 fr.), and Sustenhorn (11.520'; 5-5½ hrs.; 30 fr.) may also be ascended from the Voralp Hut (for experts only). Over the Wallenbühlfirn and the Susten-Joch (8717') to the Meien-Thal, with descent through the Kalchthal (p. 153), steep and difficult; fine view from the col. Guides: Jos. and Barth. Gamma, Frz. Senn, Christ. Gerig, Mich. Hoffmann, Xav. Tresch, and others, at Göschenen.

Above the Göschenen station the \*St. Gotthard Road crosses the Reuss by the Vordere or Häderli Brücke (3720'). On the left are the railway-bridge and the N. end of the great tunnel. Here, \(^1/4\) M. beyond Göschenen, begins the sombre defile of the \*Schöllenen (2\)\(^1/2\) M. long), bounded by lofty and almost perpendicular granite rocks, at the base of which dashes the Reuss. The road ascends in windings, most of which may be cut off by footpaths or by the old bridle-path, passing the dilapidated Lange Brücke (a little above which are the Göschenen water-works, with a large waterfall), and crossing the (1 M.) Sprengibrück (4048'). The road in the Schöllenen is much exposed to avalanches, and at one of the most dangerous points is protected by a gallery, 60 yds. long. Travellers should not approach too near to the edge of the road which is undermined at places.

The road next crosses (3 M. from Göschenen) the (1½ M.)\*Devil's Bridge (Teufelsbrücke, 4593'), amidst grand rocky scenery. The Reuss here falls into an abyss 100' below, bedewing the bridge with its spray. The wind often comes down the gorge in violent gusts. The new bridge, built of granite in 1830, has a single arch of 26' span. The old bridge, 20' below, carried away by a flood in 1888, was the scene of fierce conflicts, in Aug. and Sept., 1799, between the French on the one side and the Austrians and Russians under Suvoroff on the other, the former being compelled to retreat to the Lake of Lucerne. In memory of this event the Suvoroff Monument, consisting of a large granite cross, 39' high, was erected in 1899 in a niche on the face of the rocks, to the left, above the bridge. On

the pedestal is a Russian inscription.

Beyond the Devil's Bridge (cabaret; collection of St. Gotthard minerals) the road winds upwards, passing new fortifications (see below), to the ( $\frac{1}{4}$  M.) Urner Loch ( $\frac{4642}{2}$ ), a tunnel 70 yds. long, cut through the rock in 1707, originally broad enough for the bridle-path only. Both above and below the Urner Loch, as well as at Andermatt and Hospenthal, strong fortifications have been erected, and roads have been made from below the Devil's Bridge to the  $B\ddot{a}tz$ -berg and from the Oberalp to the top of the Musch (not accessible).

The Urseren Valley, on which the road emerges from the dark Urner Loch, contrasts strikingly with the wild region just quitted. This peaceful green valley (p. 138), watered by the Reuss, is about

8 M. long and 1/2-1 M. broad, and is surrounded by lofty and barren mountains partially covered with snow. Corn grows but scantily, and trees are scarce. Winter lasts nearly eight months, and during the short summer fires are often necessary. Near Andermatt (3/4 M. from the tunnel), on the left, is a training-camp of Swiss artillery.

31/2 M. Andermatt. — Hotels: \*Hôt.-Pens. Bellevue, a large house, in an open situation, 1/4 M. from the village, R. 31/2-8, B. 11/2, dej. 31/2, D. 5, pens. 8-15 fr.; adjacent, Hôtel-Restaurant du Touriste, well spoken of, R. 2-4, B. 11/4, D. 21/2, pens. 7-8 fr.; opposite, Hôtel Nager, R. 1-3, B. 11/4, D. 21/2, pens. 5-7 fr.; "Grand Hôtel Danioth, at the upper end of the village, R. 31/2-5, B. 11/2, dej. 3, D. 4, pens. 7-12 fr.; Hôt.-Pens. Oberalp, R. from 3 fr.; "St. Gotthard, R. 21/2-4, B. 11/2, D. 4, S. 3, pens. 6-8 fr.; "Couronne, R. 21/2-3, B. 11/4, D. 3, S. 21/2, pens. 7-8 fr.; "Hôt. des Trois Rois, R. 2, B. 1, D. 3, pens. 61/2-7 fr.; Sonne. — English Church Service at the Bellevue. Church Service at the Bellevue.

Andermatt (4738'; pop. 711), or Urseren, Ital. Orsera, the principal village in the valley, and the junction for the Oberalp Road (R. 94), lies in a treeless neighbourhood. Adjoining the church is a charnel-house adorned with skulls bearing inscriptions. By the artillery camp (see above) is a much older church, said to date from the time of the Lombards (restored and embellished with frescoes representing the spread of Christianity in the Urseren valley; closed). The Mariahilf Chapel affords a good survey: to the W. the barren grey Bätzberg, in the background the Furka with its inn, to the left the Muttenhorn; a few paces beyond the chapel the Badus (see below) is visible; to the E., in long zigzags, ascends the Oberalp road (p. 409). Above the village is a Bannwald (p. 124).

Excursions. To the "Hôt. Oberalpsee by the Oberalp road, a walk or drive of 2 hrs. (one-horse carr. 15, two-horse 25 fr.); thence to the Calmot (1½, hr.), or to the Stock (1¾, hr.; incl. the Lautersee, 2½, hrs.), both easy and interesting (see p. 408). — The Badus or Six-Madun (9615), the huge outpost of the Alps of the Grisons, is ascended from Andermatt in 4½-5 hrs. (toilsome; guide 15 fr.; better from the Hôt. Oberalpsee, p. 409). The summit, which consists of blocks of gneiss, commands numberless peaks of the Alps of the Grisons, Bern, and the Valais, the Urseren-Thal, and the whole of the Vorder-Rheinthal. — The Gurschenstock (9423'; 4 hrs.; guide 15 fr.) and Gamsstock (9728'; 4 hrs.; 12 fr.) are also fine points.

From Andermatt over the Oberalp to Coire, R. 94; over the Furka to the Rhome Glavier, R. 35, over the Untergla Pass to Aircle (8 hrs.) p. 198

the Rhone Glacier, R. 35; over the Unteralp Pass to Airolo (8 hrs.), p. 128.

Between Andermatt and Hospenthal we observe the Glacier of

St. Anna, high above the brow of the mountain to the left.

 $5^{1/2}$  M. Hospenthal (4870'; \*Meyerhof, R. 2-4, B.  $1^{1/2}$ , dej. 3, D. 4, pens. 7-10 fr.; \*Goldner Löwe, with restaurant, R. 2-3, B. 11/4, déj.  $2^{1}/_{2}$ , D. 3, pens. from 6 fr.; Kreuz & Post, R.  $1^{1}/_{2}$ , B. 1, pens. 5 fr., well spoken of; Stern, R. 1-2, B. 1, pens. 4-5 fr., Schäfli, both unpretending; guide, Sam. Camenzind) was formerly the seat of the barons of Hospenthal, of whose castle the ancient tower on the hill is a relic. Engl. Ch. Service in summer in the Meyerhof. The Furka Road (R. 35) diverges here to the right.

The St. Gotthard road winds up through a bleak valley, on the left bank of that branch of the Reuss which descends from Lake Lucendro (p. 134). A short-cut diverges to the left by the second

house beyond the Reuss bridge. Pleasant retrospects of the Urseren-Thal and the jagged Spitzberge (p. 138), and, to the W., of the Galenstock. To the left of the bleak (3 M.) Gamsboden opens the abrupt Guspis-Thal, at the head of which are the Guspis Glacier and the Pizzo Centrale (see below). At a bend in the road (3/4 M.) is the first Cantoniera (5876'; closed), at the foot of the Winterhorn (see below). The road enters Canton Ticino, passes the dilapidated second Cantoniera, and crosses the Reuss, near its outflow from the Lake of Lucendro, by the (3 M.) Rodont Bridge (6620').

To the \*Lake of Lucendro (6835') a digression of ½ hr. The path diverges below the Rodont Bridge (left bank), leads over rocks to the (¼ hr.) beautiful green lake, and skirts its N. bank. To the S. the grand Piz Lucendro (9708'), to the W. the Ywerberhörner (9265'), Piz dell' Uomo (8820'), etc. — The path crosses the Reuss at its exit from the lake, and rejoins the St. Gotthard road at the top of the pass.

On the (1 M.) Pass of St. Gotthard (6935') the road passes between several small lakes.

The St. Gotthard is a mountain-group, 160 sq. M. in area, with a number of different peaks, extensive glaciers, and about thirty small lakes. The pass is a barren depression, destitute of view, bounded on the E. by the precipitous Sasso di San Gottardo (8235'), and on the W. by the rocks of the Fibbia (8995') and the Pizzo la Valletta (8334'). The chief peaks of the St. Gotthard are: E., the Monte Prosa (8983') and Pizzo Centrale (9850'); W., the Piz Lucendro (9708'), Ywerberhorn (9265'), Piz dell' Uomo (8820'), and Winterhorn or Piz Orsino (8747'); then, more to the W., the Leckihorn (10,070') Muttenhorn (10,184'), Pizzo Passiona (10,950'), Pizzo Passiona (10,090') (10,070'), Muttenhorn (10,184'), Pizzo Pesciora (10,250'), Pizzo Rotondo (10,490'), and Kühhodenhorn (10,080'). — The St. Gotthard is famous for its rich Alpine flora, and for its highly interesting geological formation. Many rare minerals are found here. All the approaches to the St. Gotthard are guarded by modern fortifications, with a total circumference of nearly 40 M.

 $13^{3}/_{4}$  M. \*Hôtel Monte Prosa (6870'; R. 2-3, B.  $1^{1}/_{2}$ , D. 4, pens. 8-9 fr.; telephone to Airolo), 5 min. to the S. of the pass. Opposite, to the right (W.), are its 'dépendance', the old Albergo del San Gottardo, and (left) the former Hospice. On a rock a little to the S. is the old Mortuary Chapel.

Excursions. (The servants of the hotel act as guides for the shorter excursions, and their services are charged in the bill at the full rate of the guides' tariff.) To the Sorescia or Scara Orell (7350'), pleasant (1 hr.; guide unnecessary). We descend the road to the S., cross the Ticino, and ascend a narrow path to the left. Fine view, especially of the Ticino Alps, the Cristallina, Campo Tencia, Basodino, etc. Descent to the Sella valley inadvisable, there being no bridge over the Ticino.

\*Pizzo Centrale (9850'; 31/2 hrs.; guide 10 fr.), fatiguing, but most interesting. Beyond the hospice we cross the brook to the left, and ascend the slope of the Sasso San Gottardo over detritus to the entrance of the

the slope of the Sasso San Gottardo over detritus to the entrance of the Sella Valley, through which the route leads. To the left, Mte. Prosa (see below). We skirt the slope high above the Sella Lake (7320') and ascend snow-fields to the base of the peak, which consists of crumbling horn-blende. \*View of striking magnificence, embracing almost all the highest mountains in Switzerland (panorama by A. Heim). The ascent is also made from Hospenthal in Alas has win the Compleder and the Gueris That (see from Hospenthal in  $4^{1}/_{2}$ -5 hrs., viâ the Gamsboden and the Guspis-Thal (see above). — Monte Prosa (8983';  $2^{1}/_{2}$  hrs.; guide 7 fr.), less interesting. By the hut above the Sella Lake ( $1^{1}/_{4}$  hr.) we diverge to the left from the Pizzo Centrale path, and ascend poor pastures and patches of snow to the ( $3/_{4}$  hr.) saddle (8520') between the Prosa and Blauberg. Then to the left, up the arête, and lastly over sharp rocks to (1/2 hr.) the top. The W. peak, 41' higher than the E., is separated from it by a cleft 20' deep.

The Fibbia (8995'; 21/2 hrs.; guide 7 fr.), a gigantic rock which commands the St. Gotthard road on the W. and descends suddenly to the Val Tremola, is fatiguing. Excellent survey of the St. Gotthard group, the valley of the Ticino, and the Ticino Alps. — \*Piz Lucendro (9708'; 31/2-4 hrs.; guide, 10 fr., unnecessary for the experienced), a fine point, free from difficulty. From the Lucendro Lake (p. 134) we ascend by the Lucendro Alp and the depression between the Ywerberhörner and the Pizzo la Valletta to the Lucendro Glacier and gradually mount to the rocky summit. — Leckihorn (10,070'), see below. — "Pizzo Rotondo (10,490'), the highest peak of the St. Gotthard group, from the Hôtel Prosa in 7-8 hrs. (guide 30 fr.), difficult. We follow the Lecki Pass route (see below) past the Piz Lucendro to the Wyttenwasser Glacier, ascend to the left to the Wyttenwasser Pass (9365') and skirt the precipitous slopes of the Pizzo Rotondo to the Passo Rotondo (9690'), whence we climb to the left to the summit (p. 128).

Passes. Over the Orsino Pass to Realp, not difficult for adepts (41/2 hrs.; guide advisable). We ascend either from the Rodont Bridge (p. 134) across the stony Rodont Alp and past the Orsino Lake (7515'), or from the Lucendro Lake to the N.W. over grassy slopes, past the Orsirora Lake (8058'; to the left), to the Orsino Pass (8150'), to the S.W. of Piz Orsino (p. 134); striking view (S.) of the St. Gotthard group from the Furka to the Fibbia, (N.W.) of the Finsteraarhorn and Agassizhorn, and (N.) of the Galenstock and Dammastock range as far as the Sustenhörner and Titlis. Descent over the pastures of the Eisenmanns-Alp and then (steep) through brushwood, intersected by many small water-courses and ravines, to Realp (p. 139).

OVER THE LECKI PASS TO THE FURKA (10-11 hrs., guide 30 fr.), fatiguing, but repaying at places. From the Lucendro Lake to the Lucendro Glacier, see p. 134; thence across the depression to the N. of Piz Lucendro (ascent highly recommended, see p. 134) to the Wyttenwasser-Thal and the Cavanna Pass (p. 139). We then traverse the Wyttenwasser Glacier, pass the Hühnerstock, and reach (5½-6 hrs.) the Lecki Pass (9555), lying to the N. of the Leckihorn (10,070'; easily ascended from the pass in ½ hr.). Descent across the Mutten Glacier, past the Muttenhörner; then an ascent between the Thierberg and Blauberg to the small Schwärze Glacier, and down to the (½½-5 hrs.) Furka Hotel (p. 139). — Or we may proceed from the Wyttenwasser Glacier to the Wyttenwasser Pass (9365') and the Passo Rotondo (see above) and thence descend to All' Acqua in the Val Bedretto (p. 341; 10 hrs. from the Hôtel Prosa, an interesting expedition for experienced mountaineers).

From the Hospice to Airolo is a walk or drive of 2-2½ hrs.; in the reverse direction 3 hours. In winter and spring the snow-drifts on the roadside are often 30-40′ high, and they sometimes remain throughout the summer. Snow-storms and avalanches are most prevalent on the S. side. About ½ M. to the S.E. the road crosses that branch of the Ticino which issues from the Sella Lake (p. 134), and enters the Val Tremŏla, a dismal valley endangered by avalanches; it then descends past the Cantoniera San Giuseppe (6010′) in numerous windings, avoided by the old bridle-path. Rich Alpine flora. At the Cantoniera di Val Tremola (5564′) the Val Tremola ends, and the Valle Leventina (p. 130) begins. \*View down to Quinto. To the right opens the Val Bedretto (p. 341), from which the main branch of the Ticino descends.

 $21^{1}/_{2}$  M. Airōlo (3755'), see p. 128.

Travellers going from the St. Gotthard to the Val Bedretto need not descend to Airolo, but save an hour by leaving the road below the Cantoniera di Val Tremola (see above), at the angle of the first great bend in the direction of the Val Bedretto. The path descends to the right, and at Fontana (p. 341) joins the road leading from Airolo to All'Acqua.

#### 34. The Maderaner-Thal.

The \*Maderaner-Thal, a picturesque valley about 12 M. in length, enclosed by lofty mountains (N., the Great and Little Windgelle, the Great and Little Ruchen, and the Scheerhorn; S., the Bristenstock, Weitenalpstock, Oberalpstock, and Düssistock), and watered by the turbulent Kärstelenbach, is worthy of a visit. Bridle-path (shaded in the early morning) from Amsteg to the (3½ hrs.) Hôtel Alpenclub (porter 6, horse 12 fr., there and back within two days 24 fr.). Beautiful return-route viâ the Stäfeln (see below), 6-7 hrs., practicable even for ladies.

Amsteg (1712'), see p. 125. We diverge from the St. Gotthard road on the left bank of the Kärstelenbach and ascend by a good zigzag path, passing under the huge railway-bridge (p. 126; 178' high), to the St. Antoni-Kapelle; then, through gently sloping pastures and orchards, to (50 min.) the hamlet of Bristen (2615'; Pension Fedier, R. 1<sup>1</sup>/<sub>2</sub>, B. 1, pens. 5-6 fr.). The path descends a little, crosses by (5 min.) an iron bridge to the right bank of the foaming Kärstelenbach, and again ascends. After 7 min. we avoid a bridge to the right, leading to the narrow Etzli-Thal (see p. 138), in which, 1/4 hr. farther up, is a fine waterfall. After 20 min. the path recrosses by the Thal-Brücke (2685') to the left bank and leads to the (5 min.) houses Am Schattigen Berg. It then ascends rapidly to (40 min.) the top of the Lungenstutz (3600'; two taverns), and (8 min.) a cross commanding a fine view. Passing through wood at places, we next cross the Griessenbach and the Staldenbach to (1/2 hr.) the chalets of Stössi (3904'). Crossing the Kärstelenbach at a (5 min.) Saw Mill, and passing the houses of Balmwald on the right, we reach in 25 min. more the Balmenegg (4442') and the \*Hôtel-Pension zum Schweizer Alpenclub (R. 2-3, B. 11/2, D. 4, S. 3, pens. 7-9 fr.; Engl. Church Service). Fine view from the terrace on the W. side. Pleasant wood-walks near. About 1/2 M. from the hotel is the small Butzli-See (boat).

To the Hüfi Glacier, an interesting walk (1 hr.; guide unnecessary). From the inn a path, at first through wood, ascends the grassy slopes on the N. side of the valley (passing opposite the falls of the Brunnibach, the Stäuberbach, and the Lämmerbach), crosses the Spritzbach, the Seidenbach, and the Milchbäche, and ascends to (1 hr.) a rocky height (5385'), overlooking the glacier (which has greatly receded), from which the Kärstelenbach issues. — The Seelegg (5725'), which rises to the S.W. above Lungenstutz (see above), is easily ascended, turning to the left at Stössi, in 2 hrs. (guide). The \*View includes the Etzli and Reuss valleys, the Bristenstock, and the

mountain-chain to the N. of the Maderaner-Thal.

Beautiful return-route to Amsteg by the \*Stäfeln (6-7 hrs.; guide 8 fr., not indispensable for experts), the lofty pastures on the N. side of the valley. We may either ascend from the hotel by a steep path through wood ('Eselsweg') direct to the  $(1^3/_4 \text{ hr.})$  Stäfel-Alp; or we may first proceed to the above-mentioned rock overlooking the Hüfi Glacier (1 hr.), and then ascend by a zigzag path viâ the Tritt to the (1 hr.) Alp Gnof (6215'), the  $(3/_4 \text{ hr.})$  Stäfel-Alp (6285'), and the  $(1/_4 \text{ hr.})$  Alp Bernetsmatt (6555'). Magnificent view of the Hüfi Glacier, Clariden Pass, Düssistock, Tschingel Gla-

cier, Oberalpstock, Weitenalpstock, Crispalt, Bristenstock, Galenstock, Spitzliberg, the Windgellen, and Ruchen. [A still finer view, especially of the Windgellen, is to be had from the \*Widderegg (7840'), 1¹/4 hr. from Bernetsmatt and 3 hrs. from the Hôt. Alpenclub viâ the Stäfel-Alp, with guide.] We then descend rapidly to the pretty Golzeren-See (4625'; Alpine fare) and the (1 hr.) Golzeren-Alp (4583'), and lastly descend in zigzags through underwood to the hamlet of (1¹/2 hr.) Bristen and (¹/2 hr.) Amsteg (to the station ¹/4 hr. more).

EXCURSIONS FROM THE HÔTEL ALFENCLUB. (Guides: Ambros, Carl Ambros, and Josef Zgraggen; Josef, Josef Maria, Melch., and Joh. Jos. Tresch; Joh. and Jos. Gnos; M. Fedier, and others; ordinary excursions, 8 fr. per day.) The ascent of the Düssistock (Piz Git, 10,702'; 6-7 hrs.; guide 25 fr.) is difficult and requires experience. The path leads up the Brunni-Thal to the (2 hrs.) Waltersfirren-Alp (6330'), ascends to the left to the (2 hrs.) Restitional Glacier, and crosses it; we then clamber over the precipitous rocks of the Kleine Düssi (10,280') and ascend the arête to the (2 hrs.) summit. Splendid view. — The \*Oberalpstock (Piz Tgietschen, 10,925'; guide 20 fr., with descent to Disentis 25 fr.) presents no serious difficulty to adepts. We either proceed from the Alpenclub Hotel by the Brunni Pass route (p. 138) to the upper part of the (4½-5 hrs.) Brunni Glacier (p. 138), and mount over the snowy slopes on the right to the summit in 2-2½ hrs.; or (harder) ascend from the Kreuzli Pass (p. 138) across the Strim Glacier (7-8 hrs. to the top). Ascent from Sedrum (5½-6 hrs.), see p. 407. — Weitenalpstock (9870'), from the Alp Culma, on the Kreuzli Pass route (4 hrs. from Amsteg), over the Weiten-Alp in 4½ hrs., very toilsome (guide 25 fr.). — Bristenstock (10,085'), see p. 125. — Piz Cambriales (10,540'; 25 fr.), 4-5 hrs. from the Hüfi Club Hut (see below), and Claridenstock (10,730'; 25 fr.), 5 hrs. from the club-hut, not very difficult for practised climbers. Kammlistock (10,624'; 25 fr.), 4 hrs. from the club-hut, by the Kammli-Lücke (see below), laborious. — The Grosse Windgelle or Kalkstock (10,470'), from the Alp Bernetsmatt (p. 136) by the Stäfel Glacier in 5 hrs. (guide 30 fr.), very difficult and sometimes dangerous. — The Grosse Scheerhorn (10,815'), from the Hüfi Club Hut by the Hüfifirn in 5 hrs. (guide 25 fr.), not very difficult in a favourable state of the snow. — The Grosse Scheerhorn (10,815'), from the Alp Gnof (p. 136; 4 hrs.; guide 20 fr.), not very difficult.

Passes. To Linthal over the Clariden Pass, 11-12 hrs. from the Alpenclub Hotel, a grand and most interesting expedition, without serious difficulty to experts with able guides (35 fr.). We ascend the slopes of the Düssistock (see above), on the left bank of the Hüfi Glacier, to the (3½ hrs.) new and finely situated Hüfi-Alp Club Hut (7670'; spend night). Then over the moraine to the Hüfi Glacier, and gradually up the Hüfifirn and Claridenfirn to the (3 hrs.) Clariden Pass (9740'), between the Hinter Spitzalpeli-Stock (9852') and the Claridenhorn (10,184'; fine view of the Tödi, the Rheinwaldgebirge, etc.). We then descend the Claridenfirn, passing the Bocktschingel, a rock with a hole through it, and the Gemsfayrenstock (p. 80), to the (2 hrs.) Clarida Club Hut on the Altenorenstock (7865'; p. 80), whence we proceed viâ the Wangen-Alp to (3 hrs.) Linthal (p. 80). Or from the Hüfifirn we may cross the Planura or Hüfi Pass (9645'), between the Hinter Spitzalpeli-Stock and the Catscharauls (10,045'), to the Sandfirn, and then either descend to the left to the Upper Sandalp (p. 81) or to the right by the Sandgrat to Disentis (p. 406; guide 30 fr.). — Another grand but difficult pass to Urnerboden or Unterschächen (10 hrs. from the Alpenclub Hotel; guide 35 fr.) is the Kammli-Lücke (Scheerjoch; 9364'), lying between the Scheerhorn and the Kammlistock (see above). Ascent from the Hüfi-Alp Club Hut to the pass, 2½ hrs. Steep descent over

precipitous ice-slopes to the Gries Glacier and viâ the Gemsplanggen to the (2 hrs.) Kammli-Alp (clean chalets) and the (3/4 hr.) Klausen Pass (p. 82). Or from the Gries Glacier viâ the Ober-Alp to (23/4 hrs.) Aesch (p. 84) and

(1 hr.) Unterschächen (p. 83).

To Unterschachen over the Ruchkehlen Pass (8790'), 8-9 hrs., laborious (guide 25 fr.). From the Alp Gnof (p. 136) we ascend precipitous grass-slopes, rock, and glacier to the pass, between the Sattelhörner and the Grosse Ruchen, and descend steeply through the ice-clad Ruchkehle into the Brunni-Thal and Schächen-Thal (p. 83). — The Scheerhorn-Griggeli Pass (9180') is also toilsome. The pass, between the Scheerhorn and the Kleine Ruchen, is reached from the Hôt. Alpenclub (p. 136) direct in 5 hrs., or from the Hüfi Club Hut viâ the Hüfi Glacier and the Bocktschingelfirn in 4 hrs. Descent viâ the Upper Lammerbach Alp to (4 hrs.) Unterschächen.

To Disentis over the Brunni Pass (8975'), 8-9 hrs., interesting but fatiguing (guide 25 fr.). From the Alpenclub Hotel we ascend the Brunni-Thal by Rinderbiel and Waltersfirren (p. 137) to the (2½-3 hrs.) Brunni-Alp (6810'), cross the E. lateral moraine and the upper snow-fields of the Brunni Glacier to the (½½-2 hrs.) pass between the Piz Cavardiras (9735') on the left and the Piz d'Acletta (9570') on the right, and descend through the Val Acletta, past the small Lac Serein, to Acletta and (½½-2 hrs.) Disentis (p. 406).

From Amsteg over the Kreuzli Pass to Sedrun, 9-10 hrs., fatiguing (guide 20 fr.). Through the *Etzli-Thal* to the pass (7710'),  $5^{1/2}$  hrs.; thence down the *Strimthal* to *Sedrun* (p. 407),  $3^{1/2}$  hrs.

## 35. From Göschenen to the Rhone Glacier. The Furka.

25 M. Diligence in summer twice daily in 6½ hrs. (9 fr. 85, coupé 11 fr. 85 c.); from Göschenen to Brigue daily in 12 (Brigue to Göschenen 14) hrs., with ½ hr.'s halt at Tiefenbach and dinner at the Rhone Glacier Hotel (20 fr. 65, coupé 25 fr. 15 c.); from Göschenen over the Furka and Grimsel to Meiringen in 11½ hrs. (19 fr. 15, coupé 23 fr. 5 c.). — Walkers from Göschenen: to Andermatt 1¼, Realp 2, the Furka 2½ (return 2), Rhone Glacier 2 (return 2½) hrs. — Horse from Realp to Tiefenbach 5, Furka 8 fr. — Carriages: with one horse (for 2 pers. only) from Göschenen to Realp 10, with two horses 15 fr.; to the Rhone Glacier ('Gletsch') 35 and 65, Fiesch 55 and 100, Brigue 75 and 135, Meiringen 72 and 135 fr.; carr. and pair from Andermatt to Realp 15, the Furka 40, Rhone Glacier 60, Fiesch 90, Brigue 125 fr.; from Hospenthal to Realp, with one horse 6, two horses 10, to Furka 20 (there and back 25) and 35, Rhone Glacier 30 and 50, Fiesch 50 and 90, Brigue 70 and 120 fr.; from Realp to the Furka, with one horse 12, two horses 20 fr., Rhone Glacier 18 and 25 fr.; one-horse carriage from the Rhone Glacier to the Hotel Belvedere 20, two-horse 35 fr.; to Hospenthal 25 or 40, Andermatt or Göschenen 30 or 60 fr.

The \*Furka Road, constructed chiefly for military purposes, a convenient route to or from the Grimsel and the Bernese Oberland, commands striking views of the Rhone Glacier and the Bernese and Valaisian Alps. From Realp onwards it should be traversed in an open carriage or on

foot. Rich flora.

To (51/2 M.) Hospenthal (4870'), see p. 133. At the upper end of the village the road diverges to the right from the St. Gotthard route, ascends a little, and skirts the Realper Reuss in the bleak Urseren-Thal (p. 132). On each side rise steep grassy slopes, overshadowed on the N. by the jagged pinnacles of the Spitzberge (10,050'). 21/4 M. Zumdorf (4965'), a group of huts with a chapel. Farther on we cross the Reuss and the Lochbach, which descends from the Tiefen Glacier (p. 139), and soon reach (13/4 M.)—

 $9^{1}/2$  M. Realp (5060'; \*Hôt. des Alpes, R.  $1^{1}/2-2^{1}/2$ , B.  $1^{1}/4$ , D. 3, pens. 6-7 fr.; Post, both plain), a hamlet at the W. end of the Urseren Valley.

Over the Alpligen-Lücke to (6 hrs.) the Göschenen-Alp, see p. 131; over the Orsino Pass to the St. Gotthard, see p. 135. — From Realp to Villa in the Val Bedretto (p. 341) by the Cavanna Pass (8565'), between the Piz Lucendro and Hühnerstock, 5 hrs., uninteresting. Guide, W. Ambros of Realp.

Beyond Realp the road begins to ascend in long windings, which the old road to the right, 50 paces beyond the second bridge,  $^{1}/_{2}$  M. from Realp, avoids, and then follows the telegraph-wires all the way to the Hôt. Galenstock. (In descending from the Furka we quit the new road a few hundred paces beyond the 50th kilomètre stone, and descend by a few steps to the left.) Looking back, we soon obtain a fine view of the broad Urseren-Thal, with the zigzags of the Oberalp Road in the background (p. 409); on the left are the Wyttenwasser-Thal with its glacier, the Ywerberhörner, and the Piz Lucendro. By the last winding of the road (Fuchsenegg, 6595'),  $3^{1}/_{2}$  M. from Realp, is the small Hôt.-Pens. Galenstock (R.  $1^{1}/_{2}$ -2, D.  $3^{1}/_{2}$ , pens. 6 fr., well spoken of). About  $1^{1}/_{4}$ M. farther on, beyond the Ebneten Alp, is Tiefenbach (6790'; Hôtel Tiefengletscher, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B. 1 fr. 30 c., déj.  $2^{1}/_{2}$ , D.  $3^{1}/_{2}$  fr.), where the diligence halts.

2½, B. 1 fr. 30 c., déj. 2½, D. 3½ fr.), where the diligence halts.

By following the slope from this point and crossing the moraine, we reach (½ hr.; guide) the Tiefen Glacier, imbedded between the Galenstock and the Gletschhorn (10,850'), where beautiful crystals (more than 12½ tons) were found in 1868 (p. 167). The Tiefen Glacier is highly interesting on account of its enormous crevasses (some of them upwards of 200' deep).

— Over the Tiefen-Sattel or the Trift-Limmi to the Rhone Glacier (Grimsel, Trift-Hütte), see p. 152. — Over the Winterlücke (9450') to the Göschenen-Alp (p. 131), 6 hrs., with guide (15 fr.); steep descent to the Winter Glacier.

The road crosses the *Tiefentobel* and ascends, running high up on the N. slope of the *Garschen-Thal*. On the right lies the *Siedeln Glacier*, the discharge of which forms a fine fall; above it rise the pinnacles of the *Bielenstock* (9670'). Before us rises the *Furka-*

horn (p. 140). The (31/4 M.) —

17½ M. Furka (7990') is a saddle between the Muttenhörner on the left and the Furkahörner on the right, descending abruptly on both sides. We first reach, on the right, the barracks for the garrison of the fortifications (see p. 140) and the Hôtel-Restaurant Furkablick (R. from 2½, B. 1½, déj. 3½-4, D. 4-5, pens. 9-12 fr.). A little farther on, to the left, is the \*Hôt.-Pens. Furka (R. 3-5, B. ½, déj. 4, D. 5, pens. 11-14 fr.; post and telegraph office). Magnificent view of the Bernese Alps with the imposing Finster-aarhorn; to the left of it, the Oberaarhorn, Walliser Fiescherhörner, Siedelhorn, and Wannehorn, and to the right, the Agassizhorn and Schreckhörner. From the Signal, 10 min. from the hotel, we get a view of the Upper Valais and its Alps (Mischabelhörner, Matterhorn, Weisshorn, etc.); the \*Känzli, 25 min. from the hotel, also commands the upper part of the Rhone Glacier (advisable to have the way pointed out). To the left of the Hôt. Furka diverges

the Längisgrat-Strasse, a new military road which walkers may follow to the (10 min.) \*Schönblick, affording an admirable view of the Rhone Glacier, the Grimsel Pass, and the Bernese Alps.

EXCURSIONS (guides for the shorter tours at the hotels). \*Furkahorn (9935'; 2½ hrs.; guide, 7 fr.), fatiguing but repaying. A bridle-path, beginning near the Hôtel Furkablick, leads past the barracks to a (½ hr.) military station, with a fine view; farther on (no path) we cross slopes of débris and snow to the (1½ hr.) foremost summit (9250') and (¾ hr.) the chief summit. Admirable panorama of the Alps of Bern and the Valais, the Galenstock, St. Gotthard group, etc. — The Blauberg (9110'), to the S. of the Furka road, is easily ascended by a new path in 1½ hr. (attractive; guide 7 fr., not indispensable). — \*Muttenhorn (10,184'; 4 hrs.; guide 10 fr.), to the S. of the Furka, a very fine point, not difficult.

Galenstock (11,805'; 5 hrs.; guide 15 fr.), not difficult for adepts, if the snow is favourable (axe and rope). From the Furka we ascend to the (3/4 hr.) Rhone Glacier (see below), skirt its left margin, climb a steep snowy slope to the right, a rocky arête, and lastly very steep névé to the overhanging snowy summit (caution required). View exceedingly grand. Descent viâ the Nägeli's Grätli to the Grimsel (5 hrs.), see below.—Rhonestock (11,825'), Dammastock (11,920'), and Schneestock (11,837') from the Furka in about 6 hrs. each (guide 30 fr.; difficult), see p. 131.

From the Furka over the Lecki Pass and Piz Lucendro to the St. Gotthard (10 hrs., with guide), see p. 135; over the Trift-Limmi to the Trift-Hütte (to Innertkirchen 16 hrs.; guide 40 fr.), see p. 152.

To the Grimsel (p. 210), 5 hrs. (guide necessary, 10 fr.; alpenstock and nailed boots requisite). Walkers descend from the Furka by a good path, diverging to the right from the road 1/2 M. from the inn, to the (3/4 hr.) upper part of the Rhone Glacier, cross it above the ice-fall in 11/2 hr., ascend the (3/4 hr.) \*Nägeli's Grätli (8150'), affording a splendid view of the Bernese and Valaisian Alps, and descend by a steep path along the face of the rocks to the (2 hrs.) Hospice (p. 209).

The road follows the slope to the right, passing the new fortifications of the Furka, to the (11/4 M.) Galen-Hütten (7900') and descends to the left in long zigzags (short-cuts for pedestrians), high above the huge \*Rhone Glacier (p. 340), affording admirable views of its fantastic ice-masses. At the second bend of the road is the small Hôtel Belvedere (7218'; well spoken of). A path leads hence in 1/4 hr., over the moraine, keeping to the left, to a point commanding the upper part of the glacier, and to a glacier-grotto (adm. 50 c.). A little below the Belvedere, to the right, is a short-cut leading direct to the point where the Rhone issues from the glacier and then skirting the infant stream to the Rhone Glacier Hotel. The road in the valley crosses the Muttbach and is joined on the left by the steep old bridle-path from the Furka (11/4 hr.). It then gradually descends the slope of the Längisgrat, and again describes several long bends, which the old bridle-path, to the right, cuts off. Crossing the Rhone, we reach the  $(6^{1}/_{4} \text{ M}.)$  -

25 M. Rhone Glacier Hotel, in the 'Gletsch' (5775'; p. 340).

From the Rhone Glacier to Brigue, see R. 80; over the Grimsel to Meiringen, see R. 52.

### 36. From Lucerne to Engelberg.

STEAMBOAT from Lucerne to Stansstad 8 times daily in 30-40 min.; fare 1 fr. 40 or 70 c. (p. 113). — ELECTRIC RAILWAY from Stansstad to (14 M.) Engelberg in 1½ hr. (fares 5 fr. 5, 2 fr. 65 c.; there and back 7 fr., 3 fr. 70 c.). Interesting journey, with quickly changing views. As far as (2 M.) Stans there is another electric tramway, used for local traffic and in connection with the Stanserhorn Railway (tickets of the Engelberg railway not available). — Travellers coming from the St. Gotthard viâ the Lake of Lucerne do not need to go on to Lucerne, but change steamers at Vitznau or Weggis and proceed direct to Stans (four times daily, in 50 min.; fares 2 and 1 fr.).

To Stansstad, see p. 114. The road (electric railway in  $\frac{1}{4}$  hr.) runs between the Bürgenstock (p. 113) on the left and the Stanser Horn (see below) on the right.

2 M. Stans (1500'; pop. 2794; \*Engel, R.  $1\frac{1}{2}$ - $2\frac{1}{2}$ , B. 1 fr. 20 c., D.  $2^{1}/_{2}$ -3, pens., except in August, 6-7 fr.; \*Hot.-Pens. Stanser Hof, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B. 1, D. 3, S. 2, pens. 5-6 fr.; Winkelried, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B. 1,  $\tilde{D}$ .  $2^{1/2}$ , pens. 4-6 fr.; Adler, R. 1-11/2, B. 1, D. 2-21/2 fr.; \*Krone, R.  $1^{1}/_{2}$ -2, B. 1, D.  $2^{1}/_{2}$ , pens. from  $3^{1}/_{2}$  fr.; Rössli), the capital of Nidwalden, the E. half of Canton Unterwalden, lies amidst a vast orchard, on which, however, from 11th Nov. to 2nd Feb. the sun shines for one hour only in the morning, between the Brisen (7900') and the Stanser Horn (see below). Adjoining the handsome Parish Church, a baroque building of 1641, is the \*Monument of Arnold von Winkelried (p. 21), a fine group in marble by Schlöth (1865). A tablet by the Burial Chapel in the churchyard, on the N. side of the church, commemorates the massacre perpetrated here in 1798 by the French, who were exasperated by the obstinate resistance they met with. The Town Hall contains portraits of all the 'landammanns' from the year 1521; below them is a collection of Unterwalden flags; a picture by the artist Wyrsch, who afterwards became blind, and perished in 1798; another by Volmar, representing Brother Klaus taking leave of his family (p. 148). In the studio of the late painter Deschwanden a number of his paintings are exhibited gratis. The Historical Museum, in the Bahnhof-Platz, contains historical and antiquarian curiosities, weapons, coins, minerals, a library, and an interesting relief of Stans on the scale of 1:500 (key with Jak. Christen, behind the Winkelried Hotel; adm. 50 c., catalogue 50 c.). Fine view from the Knieri, above the Capuchin Monastery.

The \*\*Stanser Horn (6223') is a splendid point of view, scarcely inferior to Rigi and Pilatus. Cable-railway in 53 min.; return-ticket 8 fr., on Sun. forenoon 5 fr., or, including railway from Stansstad, and S., R., and B. at the hotel, 15½ fr. The line (4000 yards in length; maximum gradient 60:100) is divided into three sections, and carriages are changed twice. Each section has its own power-house; the electric motors are supplied from the central station at Buochs. In the middle of each section is a crossing, where the ascending and descending cars pass each other; there is no toothed rail, but safety is guaranteed by powerful automatic brakes. — The line ascends gradually (12:100) from the entrance of the village through luxuriant meadows, and farther on more rapidly (27:100) to the (13 min.) station of Kälti (2343'), where carriages are changed. The

second section has a gradient at first of 40:100, afterwards of 60:100; the line ascends a wooded ravine, crosses a torrent, and intersects a deep cutting to the (13 min.) second station of Blumatt (4006'), whence it proceeds (third section) with the same gradient (3:5) through a tunnel (150 yds.) to the terminal station (6070'), at the \*Hotel Stanserhorn (R. 4-5, D. 31/2, pens. 8-12 fr.). A good path leads hence to the top (60' higher), which commands a highly picturesque \*View of the Bernese Alps (with the Titlis rising to the left), the Lake of Lucerne, and the hills of N.W. Switzerland, with the lakes of Zug, Baldegg, Hallwil, and Sempach. On the S. side of the summit is an experimental plantation of the Federal Institute of Forestry.

— The ascent of the Stanser Horn on foot takes 31/2-4 hrs. from Stans, but is fatiguing and not recommended.

The railway ascends the left bank of the Engelberger Aa, between the Stanser Horn on the right and the Buochser Horn on the left. In the background, the snow-clad Titlis.  $3^{1}/_{2}$  M. Oberdorf;

41/4 M. Büren.

A good path, diverging to the left, ascends to (1½ hr.) the finely-situated health-resort of Nieder-Rickenbach (3780'; \*Hôt.-Pens. Engel, R. 1-2½, D. 3-3½, S. 2. pens. 5-7 fr.). The following ascents are made hence: Buochser Horn (59½), 2 hrs., repaying (comp. p. 102); Musenalp (5870'; chalet, with rimts.), viâ the Aahorn-Alp (2 hrs.; attractive); \*Brisen (7900'), 3 hrs., by the Aahorn-Alp and the Steinalp, interesting (guide 10 fr., not indispensable for adepts); Schwalmis (7380'; 3-3½ hrs.; guide unnecessary), by the Aahorn-Alp, the Bärfallen (with a cross), and the Bühl-Alp, and thence up the N.W. arête. The descent from the last may be made to (3 hrs.) Isenthal viâ the Jochli (see below). — Interesting passes (4½-5 hrs., with guide) lead from Nieder-Rickenbach by the Jochli (6915'), between the Brisen and the Rissetestock, or by the Hinter-Jochli (6915'), between the Schwalmis and the Rissetestock, descending by the Bolgen-Alp and the Laueli to St. Jakob in the Isenthal (p. 107).

Beyond  $(4^3/_4 \text{ M.})$  Dallenwil (Schlüssel) we cross to the right bank of the Engelberger Aa. On a hill to the right, at the mouth of the Steinbach, is the church of the village of Dallenwil (1790').

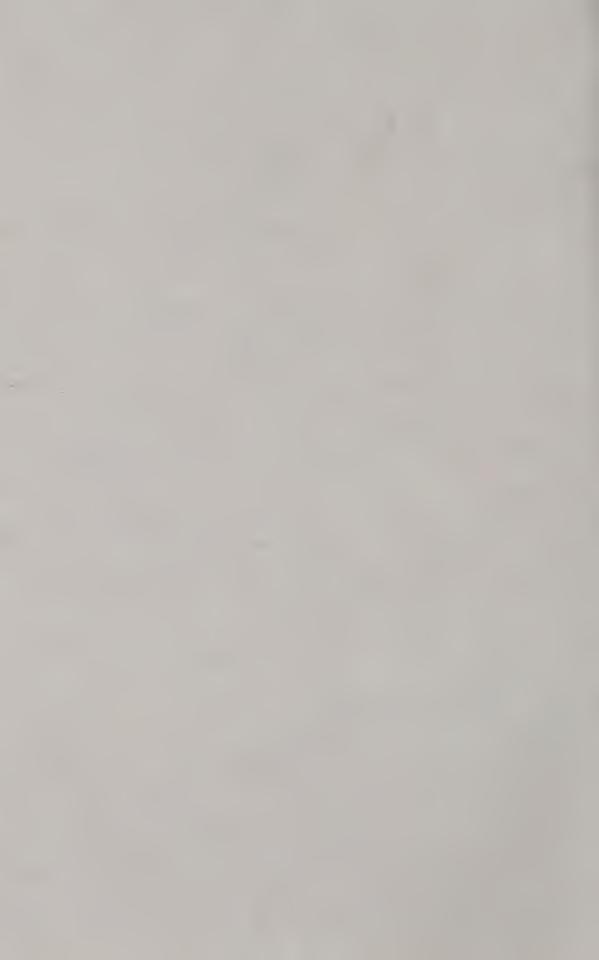

6½ M. Wolfenschiessen (1700'; \*Eintracht; Kreuz; Einhorn, plain, R. 1-1½, B. 1, D. 1½-2, pens. 3½-4 fr.). Beside the church is the hermit-hut (brought hither from Altzellen) of Conrad Scheuber, grandson of Nikolaus von der Flüe (p. 148), whose worship he shares.

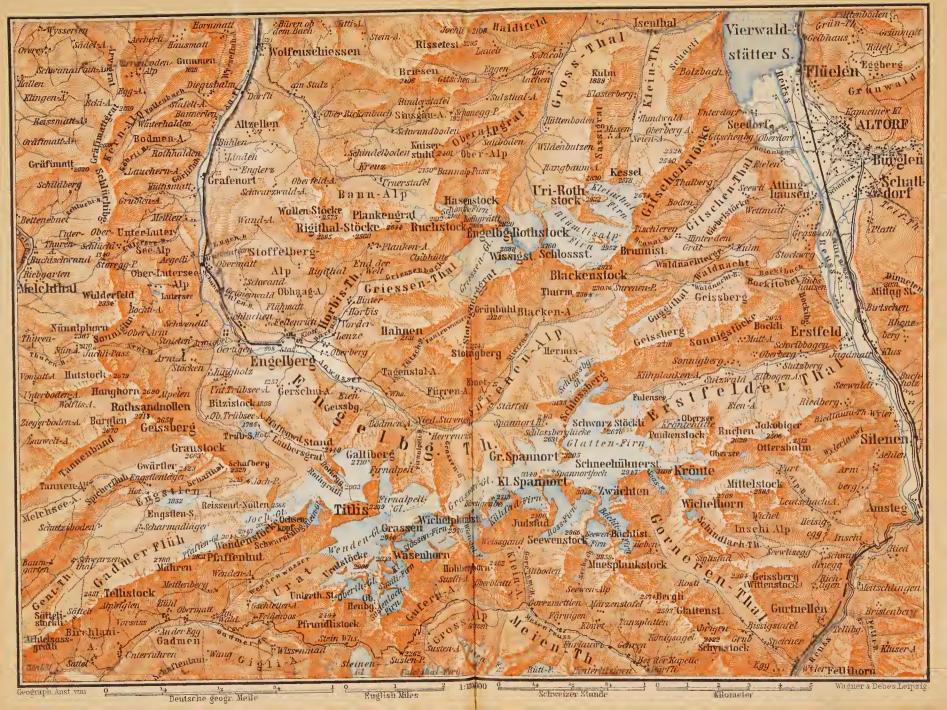

From Wolfenschiessen viâ (11/4 hr.) Ober-Rickenbach (2955!; Post, plain) and the Schonegg Pass (6315') to (41/2 hrs.) Isenthal, see p. 107. Guide advisable (Al. Christen or Conr. Scheuber of Wolfenschiessen). The Kaiserstuhl (7875'), with a fine view and a rich flora, is ascended from Ober-

Rickenbach via the Bannalp in 41/2 hrs. (guide).

7½ M. Dörfli. On the right the Fallenbach descends in three leaps; on the left are the serrated peaks of the Wallenstöcke. At (9½ M.) Grafenort (1885'; inn, good wine) the line reaches the mountains. At first it ascends gradually through beautiful wood, but beyond the power-station at Obermatt comes a section nearly 1 M. long, worked on the rack-and-pinion system and attaining a gradient of 25:100. — 12 M. Grünenwald (inn). Below, in the valley to the right, the brook descending from the Trübsee (p. 152) falls into the Aa. After another slight ascent we turn to the left, and suddenly obtain a view of the Engelberger-Thal, a green Alpine valley, 5 M. long and 1 M. broad, bounded by lofty, snow-clad mountains. The Titlis with its ice-mantle stands forth majestically,

and to the left rise the rocky pinnacles of the Great and Little Spannort (p. 145); in the foreground is the Hahnenberg or Engelberg (8565').

14 M. Engelberg. — Hotels (crowded in summer, advisable to write beforehand for rooms). \*Grand Hôtel & Curhaus Engelberg, with hydropathic, R. 2½-8, B. 1½, déj. 3, D. 4½, S. 3, pens. 10-15 fr.; \*Grand Hôtel & Curhaus Titlis, with garden and covered promenade, R. 2½-7, B. 1½, D. 4, S. 2½, pens. 8-13 fr.; \*Hôt.-Pens. Sonnenberg, finely situated, with shady grounds, R. 2½-7½, B. 1½. déj. 3½, D. 4, pens. 8-14 fr.; \*Hôtel-Pension Schweizerhof, R. 2-6, B. 1½. déj. 3½, D. 4, pens. 7½-11 fr.; \*Terminus Hotel, R. 3-7, B. 1½, D. 3½-4, S. 2½-3, pens. 8-12 fr.; \*Pension Villa Trautheim, R. 1-3, B. 1, D. 2, pens. 4½-6 fr.; these six all outside the village and near the station. In the village: \*Hôtel National, R. 2½-5, B. 1½, D. 3½, S. 2½, pens. 6½-8 fr.; \*Hôt.-Pens. Engel, R. 1½-3, B. 1¼, D. 3½, S. 2½, pens. 6½-8 fr.; \*Hôt.-Pens. Müller, R. 2-3, B. 1¼, D. 3½-3, pens. 5½-7 fr.; \*Hôt.-Pens. Hess, R. 2-3, D. 3, pens. 7-8 fr.; \*Hôt. des Alpes, R. from 1½, D. 3, pens. 6½-10 fr.; \*Hôt.-Pens. Hug, R. from 2, B. 1, fr. 20 c., D. 3, S. 2, pens. from 6½ fr. Rooms at several other houses; usual charges, R. 1½-2, B. 1 fr. Beer at Waser's, near the Post Office; Terminus Hotel (see above); Restaurant Bürgi (also confectioner), opposite the Calcurant in the grands of the Hôtel Titlig. Terminus Hotel (see above); Restaurant Bürgi (also confectioner), opposite the Schweizerhof. — English Church in the grounds of the Hôtel Titlis. — Physicians: Dr. Cattani (private pension); Dr. Balzer. — Guides: Jos., Alois, Karl, Maurus, and Eugen Kuster; Jos., Placidus, and Jacob Hess; Leodegar and Jos. Felerabend; Carl Amrhein; Carl and Maurus Hurschler; Carl, Joh., and Jos. Waser; Simon Zumstein.

Engelberg (3340'; pop. 1979), loftily and prettily situated, and sheltered from the N., is a favourite summer resort. At the upper end of the village rises the large Benedictine Abbey of the name, founded in 1121, named Mons Angelorum by Pope Calixtus II., and rebuilt after a fire in 1729.

The \*Church contains modern pictures by Deschwanden, Kaiser, and Wyrsch (p. 141). High-altar-piece, an Assumption by Spiegler, 1734. In the chapter-house, two transparencies by Kaiser, the Conception and the Nativity. The Library (20,000 vols., 210 MSS.), which was pillaged by the French in 1798, contains a good relief of the Engelberg Valley. Permission to visit the monastery is now not very often granted. — The School connected with the abbey is well attended. The FARM Buildings, with the labourers' dwellings, are very extensive, and in the cheese-magazine several thousand cheeses are frequently stored at one time. The revenues of the abbey were considerably reduced by the French in 1798.

Opposite the abbey,  $\frac{1}{2}$  M. to the S., on the left bank of the Aawasser, are pleasant walks (Café Bänklialp). The shady 'Professoren-Weg' leads along the Aawasser to (1/2 hr.) the Eienwäldchen, a popular coffee-garden (also pension) on the road to Herrenrüti.

Excursions. \*Schwand, an easy and charming walk of 11/4 hr. The path ascends from the Hôt. Müller along a brook and then mounts gradually through the Grüss, where it is joined by a path from the Hôt. Sonnenberg (charming retrospects of the Engelberg Valley). Beyond the Gschneit-Alp (3825') we proceed through wood and round the ridge to the hamlet of Unter-Schwand and over pastures to Ober-Schwand (3970'; \*Inn). The view is limited; to the W. is the Melchthal chain from the Hanghorn to the Göhrlifluh. A little farther on, at the chapel on the way to the Wand-Alp (p. 144), the Titlis and other peaks also come into sight.—The \*Bergli (4300'), commanding the best view of the valley and the Titlis, is reached either by a direct path (with steps) via Fellenrüti (1 hr.), or by an easier path (11/4 hr.) diverging to the right in the Grüss from the route to Schwand (see p. 143). A similar view is obtained from the \*Flühmatt (4285'; rfmts.), ascended by a path leading to the left above the Hôt. Engel, mostly through wood (1 hr.). All three points may be combined in a round of 21/4-3 hrs. From the (1 hr.) Flühmatt we go on past the house to (5 min.) another farm-house, where we turn to the left and follow the level meadow-path along the hill. After a time this descends to the (40 min.) Bergli, whence we descend through the Vorhag Wood to Unter-Schwand, or take the upper path to (20 min.) Ober-Schwand (p. 143) and return thence to (1 hr.) Engelberg.

\*Tätschbach Fall and Herrenrüti, a favourite excursion (omn. to Herrenrüti several times daily, 1 fr., to the fall 60 c., return, the same; one-horse carr. to the fall and back, with stay of ½ hr., 5-6 fr., with two horses 9 fr.; carr. to Herrenrüti and back with stay of 2 hrs. 8 fr., for half-a-day 10 fr., with two horses 14 and 18 fr.). We either follow the road past the Eienwäldchen (p. 143), or we take the shorter path, to the left of the abbey, which passes (12 min.) the Neue Heimat Inn, at the mouth of the Horbis-Thal, and the (8 min.) Schweizerhaus Inn. [The rocky basin at the head of the Horbis-Thal, reached in ½ hr., is known as the End der Welt.] In ½ hr. more the road reaches the Tätschbach Fall (3575'; inn), which descends from the Hahnenberg or Engelberg. It then goes on through wood and across the Fürrenbach to the (½ hr.) alp of Herrenrüti (3570'), which belongs to the abbey. Carriages are left here, and their inmates proceed by the Surenen Pass route (see p. 145) to (½ hr.) the Nieder-Surenen Alp (4133'; rfmts.), which affords a fine view of the pyramidal Schlossberg, the serrated Spannörter, the Firnalpeli and Grassen glaciers, and the huge precipices of the Titlis.

\*Arnitobel and Arni-Alp. We follow the valley-road to the W. viâ Espen to (1 M.) the bridge over the Aawasser at Oertigen, beyond which we ascend to the right. After 6 min. we turn to the left (to the right the way to the Schwendli-Alp, see below), cross the Eggli-Tobel and the Trübseebach, and enter (25 min.) the Arnitobel, a wooded ravine with waterfalls. Thence a new path ascends to the left to (1 hr.; 13/4 hr. from Engelberg) the Arni-Alp or Wang-Alp (4210'; good inn), on a pleasant green pasture. The view is limited, but better from a point 5 min. to the right, indicated by a flag, and from the Stalden (4355'), farther to the N., beyond the Arnibach. — A similar view is enjoyed from the Schwendli-Alp (3365'; rfmts.), reached in 11/4 hr. by the path diverging from the Arnitobel route as above indicated. — A pleasant circuit of 2 hrs. leads to the Gerschni-Alp (4125') and returns viâ Hegmatt.

Longer Excursions. Fürren-Alp, 3 hrs., very attractive (guide, not indispensable, 7 fr.). Before reaching the Tätschbach Fall, beyond the bridge over the Kühlauibach, we ascend to the left through wood (rather steep) to the (1½ hr.) Tagenstall-Alp (4710'), pass two slate-quarries (fossils), and reach (1½ hr.) the chalets of the Fürren-Alp (rfmts.). From the Hundsschopf (5972'), 5 min. to the S., a grand view is obtained of the imposing amphitheatre of mountains from the Schlossberg to the Titlis. A pleasant return-route (guide desirable, 8 fr.) descends to the E. to the (½ hr.) Ebnet-Alp (5557'), the Hohbiel-Alp, and the (40 min.) Stäffeli-Alp, on the Surenen Pass route, 20 min. from the Nieder-Surenen-Alp (p. 145). — Wand-Alp (4885'), viâ Schwand (p. 143) in 3 hrs., last part rather toilsome; charming view of the Aathal and the mountains of Central Switzerland. Finer still is the view from the Wallenegg (5495'), 50 min. farther to the N. — Viâ the Gerschni-Alp to the (2-2½ hrs.) Hôt. Hess on the Trübsee-Alp, see p. 152. — Viâ Port or Bord to the (1½ hr.) Obhag-Alp and the (1½ hr.) Planken-Alp, with its rich flora (see p. 145).

ASCENTS. Hahnen or Engelberg (8565'; 43/4-5 hrs., guide 12 fr.), an interesting but fatiguing scramble for experienced climbers. The route leads from the Horbis-Thal (see above) via the Furggi-Alp and over the saddle between the Hahnen and Gemsispiel. — Rigidalstock (8515'; 41/2-5 hrs.; guide 9 fr.), the last part toilsome; fine panorama. — \*Widderfeld (7723'), from the (11/2 hr.) Arni-Alp (see above) in 31/2 hrs.; preferable by the Zingel-Alp

and Hohlicht (5 hrs.; guide 8 fr.). — \*Hutstock (8790'; guide 12 fr.), a fine point, from the Arni-Alp viâ the Juchli (see below) in 41/2-5 hrs., not difficult for mountaineers (comp. p. 147). — The Hanghorn (8793') is reached from the Arni-Alp in 4-5 hrs. (guide 12 fr.) by traversing the Schattband, on the rocky face of the Hutstock. — Rothsandnollen (8905'), the highest point of the Melchthal range, viâ the Schattband in 6-7 hrs. (guide 15 fr.), laborious but repaying. — \*Engelberger Rothstock (9250'; 6-61/2 hrs.; guide 9, with a night out 12 fr.), not difficult. We ascend by the Alp Obhaag to the (31/2-4 hrs.) Club Hut above the Planken-Alp (7560'), on the Ruchhubel, not far from the Griessen Glacier; thence viâ the Rothstock-Lücke (8875') to the (21/2 hrs.) summit.

\*Uri-Rothstock (9620'; 8½-9 hrs.; guide 16, with descent through the Grossthal to Isenthal 22 fr.), very interesting, not difficult for adepts. From the (3½ hrs.) Plankenalp Club Hut to the (1½ hr.) Rothstock-Lücke (see above); thence across snow to the (1 hr.) Porta or Schlossstock-Lücke, adjoining the Schlossstock (9055'); then a rather steep descent to the Blümlisalpfirn; again an ascent to the arête separating it from the Kleinthal, and lastly up the Kleinthalfirn to the (2½ hrs.) top (comp. p. 107).

The \*Great Spannort (10,515') is ascended from the Spannort Club Hut (6500'), 4 hrs. from Engelberg, by the Spannort-Joch (p. 146) in 41/2-5 hrs.; highly interesting, though toilsome (comp. p. 125; guide 25 fr.). The descent may be made to the Krönten Hut (p. 125; guide to Erstfeld 30 fr.). — The Little Spannort (10,380') is climbed from the Spannort Hut by the Spannort-Joch in 51/2 hrs. (guide 35 fr.); difficult, for expert climbers only. Adepts may ascend the Little and Great Spannort in one day (guide 50 fr.). — Wichelplankstock (9763'), 8 hrs. (guide 25 fr.), difficult but attractive; from Engelberg by the (2 hrs.) Firnalpeli (night-quarters) to the (3 hrs.) Wenden-Joch (8695'; see p. 146), then by the Grassen Glacier to the (3 hrs.) summit. — Schlossberg (10,280'), from the Blacken-Alp (p. 146) in 41/2 hrs., laborious (guide 25 fr.). Admirable view, scarcely inferior to that from the Titlis. Edelweiss abundant.

The \*Titlis (10,627'; 61/2-7 hrs.; guide 12, to Engstlen-Alp 18 fr.) is very interesting, though fatiguing. It is advisable to go on the previous evening to the Hôtel Hess (p. 152; 2 hrs.; horse 10 fr.), so as not to have the steep Pfatfenwand (p. 152) to ascend at starting. From this point the guides like to start at 2 a.m., in order to get back before the snow melts; but the ascent by lantern-light is disagreeable and toilsome, and it is better to wait till daybreak. From the Hôtel Hess the path ascends over the Laubersgrat to the (2 hrs.) Stand (8033'); it then mounts a steep incline in zigzags, over rock and detritus, to the (3/4 hr.) Rothegg (9030'), where the glacier is reached, and a rest is taken. We ascend the glacier, at first gradually, then more rapidly (step-cutting sometimes necessary), and, if the snow is in good condition, reach the (11/2-2 hrs.) summit, called the Nollen, without material difficulty. The view, highly picturesque and imposing, embraces the entire Alpine chain from Savoy to Tyrol, N. Switzerland, and S. Germany (panorama by Imfeld). Descent to the Joch Pass (Engstlen-Alp), see p. 152.

The Ochsenkopf (9880'), from the Hôtel Hess in 5-6 hrs., toilsome but interesting. The last part of the ascent leads through the Sulzli gorge and over the E. arête to the summit (guide 30 fr.). — Wendenstock (9985'), interesting but difficult (p. 152), for experts only, from the Hôtel Hess by the Joch Pass and the Joch Glacier in 41/2-5 hrs. (guide 30 fr.), or by the

Joch Pass and the Pfaffen Glacier in 5-6 hrs. (guide 35 fr.).

Passes. From Engelberg over the Joch Pass to Meiringen (91/2-10 hrs.; guide, unnecessary, 15 fr., to Engstlen-Alp 8 fr.), see R. 38; over the Storegg (41/2-5 hrs.; guide 12 fr.) or the Juchli (5-6 hrs.; guide 12 fr.) to the village of Melchthal (diligence to Kerns and Sarnen on the Brünig railway, see p. 146); over the Rothgrätli to Isenthal (to Flüelen 12 hrs.; guide 18 fr.), see p. 107.

To Altdorf or Erstfeld by the Surenen Pass (9 hrs.), bridle-path, rather fatiguing (guide, 15 fr., not indispensable in clear weather). Route to the (13/4 hr.) Nieder-Surenen Alp (4133'), see p. 144. Farther on we

ascend viâ the (1/2 hr.) Stäffeli-Alp (4652'), with views of the Titlis, the Schlossberg, the Spannörter, etc., to the (50 min.) \*Stierenbach Fall (5425'). We then cross and re-cross the brook, pass the (3/4 hr.) Blacken-Alp (5833'), with its chapel, and reach the (11/2 hr.) Surenen Pass (7560'), on the S.E. side of the Blackenstock (9587'). On the E. we see the mountains enclosing the Schächen-Thal, with the Windgelle in the foreground, and the Glärnisch behind. We then descend over snow to the (11/2 hr.) Waldnacht Alp (4754'); 1/4 hr. farther on the route divides at a bridge, where we either follow a steep path in a straight direction to Attinghausen and (13/4 hr.) Altdorf, or cross the bridge to the right and traverse the Bockitobel, with the picturesque falls of the Waldnachtbach, to (2 hrs.) Erstfeld (p. 125).

FROM ENGELBERG TO ERSTFELD (p. 125) by the Schlossberg-Lücke (8632') and the Glattenfirn (10 hrs.; guide 25 fr.), a fine route, but fatiguing. By spending a night in the Spannort Hut (p. 145; 2 hrs. below the pass), mountaineers may combine the ascent of the Great Spannort (p. 145) with this pass. — To Erstfeld across the Spannort-Joch (9610'), between the Great and the Little Spannort, 10-11 hrs. (guide 25 fr.), toilsome.

To Wassen over the Grassen Pass (Bärengrube, 8917'), 10 hrs., difficult (guide to Meien 25 fr.). — To the Steinalp over the Wenden-Joch (8695'), 10-11 hrs., fatiguing, but interesting (guide 25 fr.).

# 37. From Lucerne over the Brünig to Meiringen and Brienz (Interlaken).

RAILWAY from Lucerne to (28 M.) Meiringen in 3½ (first-class express in 3) hrs. (fares 7fr. 90, 5 fr. 45, 3 fr. 55 c.); to (36 M.) Brienz in 3½-4 hrs. (fares 10 fr. 30, 7 fr. 25, 4 fr. 25 c.). From Brienz to Interlaken, steamboat in ½-2 hrs. (through-fares from Lucerne to Interlaken 13 fr. 30 c., 10 fr., 5 fr. 65 c.). — Steamboat (preferable) from Lucerne to Alphachstad (¾-1½ hr.; p. 105); the direct trips are timed to connect with the Brünig Railway at Alphachstad. From Alphachstad to Weggis direct steamer thrice daily in ½-1½ hr.

The \*Brünig Railway, opened in 1888-89, is an ordinary narrow-gauge line, as far as Giswil (about halfway); but it then crosses the pass (3295') by means of the 'rack-and-pinion' system and the ordinary system alternately. Maximum gradient, 18:100. Views to the right. As, however, the old Brünig Road is more picturesque, those who visit the Bernese Oberland for the first time will be repaid by walking from Giswil or Lungern across the Brünig to Meiringen.

Lucerne, see p. 94. The Brünig Railway runs to the S.W. in a wide curve into the broad valley of the Allmend, and, leaving Kriens (p. 99), at the foot of the Sonnenberg, to the right, passes (3 M.) Horw (a village, with two inns, to the left), beyond which it approaches the S.W. arm of the Lake of Lucerne (p. 114). 5½ M. Hergiswil (p. 114), at the foot of Pilatus (bridle-path to Hôtel Klimsenhorn, p. 116). The railway pierces the Lopperberg (tunnel, <sup>3</sup>/<sub>4</sub> M.) and skirts the Lake of Alpnach to —

81/2 M. Alpnachstad (1440'; \*Hôt.-Pens. Pilatus; Rössli), the

starting-point of the Pilatus Railway; see p. 114.

Thence through the somewhat marshy valley of the Aa and across the Kleine Schlieren to  $(9^{1}/_{2} \text{ M.})$  Alpnach-Dorf  $(1530'; *Krone; Sonne, pens. <math>4^{1}/_{2}-5^{1}/_{2}$  fr.; Schlüssel). The church, with its slender tower, was erected with the proceeds of the sale of timber

from the Pilatus forests, rendered accessible by a wooden slide, 8 M. long, and cut down in 1811-19.

Beyond Alpnach the train crosses the broad stony bed of the Grosse Schlieren and the Sarner Aa, the right bank of which it follows past Kägiswil (on the right), with its large parquetry-factory, to (12 M.) Kerns-Kägiswil (1620'), the station for the Melchthal.

The Melchthal, an idyllic valley, 15 M. long, studded with chalets and watered by the Melch-Aa, repays a visit. From the station of Kägiswil or Sarnen a diligence plies daily in 2½ hrs. to (7½ M.) the village of Melchthal, viâ (½ hr.) Kerns (1860'; \*Krone, pens. 5-6 fr.; \*Sonne; Hirsch; \*Rössli, pens. 4-5 fr.; Kinderheim Kerns, pens. 3-5 fr.), a village (pop. 2394) with a pretty church, finely situated at the foot of the Arvigrat (6416'), and frequented as a health-resort. Good view from (20 min.) the Burgfluh (2253'). At the entrance of the Melchthal, 3 M. from Kerns and 3¾ M. from Sarnen, is St. Niklausen (2752'; Schlüssel, pens. 5 fr.), with the first Christian church erected in this district. The ancient tower adjoining it is locally called the Heidenthurm (heathens' tower). In the ravine of the Melch-Aa, opposite, below Flühli (p. 148), is the Ranft, with the hermitage of Brother Klaus (see p. 148). From St. Niklausen the road leads to the (3 M.) village of Melchthal (2933'; \*Hôt.-Curhaus Melchthal, R. 1½-2½, B. 1, D. 3, S. 2, pens. 5½-7 fr.; \*Hôt.-Pens. Alpenhof, R. 1-2, B. 1, D. 3, S. 2, pens. 5-6 fr.), frequented as summer-quarters. — The route from Kerns to Melchthal via Flühli-Ranft (2 hrs.) is much more attractive than the somewhat monotonous highroad, especially for pedestrians. About 2 M. from Kerns the new road leads over the bold Melch-Aa Bridge, which is 318' above the river and the loftiest bridge in Switzerland. About ¼ M. farther on is a guide-post on the left, indicating a good footpath, which avoids a long bend of the road and brings us in 10 min. more to Flühli-Ranft (p. 148),

where we are still 31/2 M. from the village of Melchthal.

From the village of Melchthal a cart-road (practicable for light vehicles) leads viâ the Balmmatt, at the foot of the precipitous Ramisfuh (6115'), to (8 M.) Melchsee-Frutt (see below). At the Ohr-Alp (3975'), 3 M. to the E. of Melchthal, is one of the largest maple-trees in Switzerland, with a girth of 30'. The Widderfeld (7725') is easily ascended from Melchthal in 41/2 hrs. (guide). A better and also fairly easy ascent is that of the \*Hutstock (8790'; 5 hrs.; guide 10 fr.; Werner and Kaspar Durrer); splendid view of the High Alps and the lakes of Central Switzerland. Descent to Engelberg, see p. 143. — From Melchthal a safe mountain-path crosses the Storegg Pass (5710') to (41/2-5 hrs.) Grafenort or (51/2-6 hrs.) Engelberg (p. 145; with guide); another, more interesting but more fatiguing (guide 9 fr.), leads to Engelberg in 6 hrs. over the Juchli (7120'). The Nünatphorn (Juchlistock, 7830') may be ascended in 3/4 hr. from the Juchli (guide 6 fr.). — The basin of Melchsee-Frutt (6165'; \*Curhaus & Pension Reinhard, R. 11/2-3, B. 11/2, D. 31/2, S. 2, pens. 5-61/2 fr.; \*Curhaus Frutt, R. 11/2-21/2, B. 11/4, D. 3, S. 2, pens. 5-6 fr., both unpretending) affords an attractive Alpine picture. Rich flora. Interesting excursions: to Boni (7120'), 1 hr.; Spicherfuh (6690'), 11/4 hr.; Hohmatt (7950'), 2-21/2 hrs.; \*Erzegg (7140'), 11/4 hr.; \*Balmeregghorn (7280'), 11/2 hr.; Abgschütz (6890'), 11/2-2 hrs.; \*Hohenstollen (8150'), 2 hrs., toilsome; Wildgeissberg (8710') and Rothsandnollen (8905'), 3 hrs., viā the Tannen-Alp (comp. p. 151). To the E. an easy pass crosses the Tannen-Alp (6500') in 2 hrs. to the Engstlen-Alp (p. 150); to the W. an interesting pass (last part of ascent steep and stony; descent to Meiringen easy) leads viā the Weit Ries (about 7700'), to the S. of the Hohenstollen, in 5 hrs. (guide 12 fr.) to Meiringen (p. 200).

13 M. Sarnen (1555'; pop. 3950; \* $H\hat{o}t$ .-Pens. Seiler, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B. 1, D.  $2^{1}/_{2}$ , S. 2, pens. 5-6 fr.; \* $Obwaldner\ Hof$ , R.  $1^{1}/_{2}$ -3, B. 1, D.  $2^{1}/_{2}$ , pens. 5-6 fr.; Adler, R. 1-2, B. 1, D.  $1^{1}/_{2}$ - $2^{1}/_{2}$  fr.; Metzgern, moderate;  $Pens.\ Landenberg$ , see p. 148; Wilerbad, on the W. bank

of the lake, 11/2 M. from Sarnen), capital of Obwalden, the W. part of Canton Unterwalden, with a nunnery and a Capuchin monastery. The Rathhaus contains portraits of all the magistrates of Obwalden from 1381 to 1824, and one of St. Nikolaus von der Flüe (see below), and a relief model of Unterwalden and Hasli. The large Church, on a hill, with pictures by Deschwanden and Kaiser, the cantonal hospital, the poorhouse, the Niklaus von Flüe Pensionat (for students), and the arsenal on the Landenberg (1650'; fine view; pension, see p. 147) are conspicuous.

At the head of the Schlieren-Thal, 31/2 hrs. to the W. of Sarnen, is the solitary \*Schwendi-Kaltbad (4740'), with chalybeate spring and whey-cure. Road up the W. slope of the Schwendiberg to (1 hr.) Stalden (2614'; rfmts. at the curé's; good view), whence a bridle-path leads across the meadows of Schwendi to the (21/2 hrs.) Kaltbad. Thence to the Feuerstein (6700') 21/2 hrs.; to the Schimberg Bad, 21/2 hrs., see p. 155. By the Seewenegg to (31/2 hrs.) Flühli, in the Entlebuch (p. 155), attractive.

From Sarnen to the Melchthal (good footpath to Flühli-Ranft 1 hr., to

St. Niklausen 11/4 hr.), see below and p. 147.

The train (views to the right) crosses the Melch-Aa, which has been conducted into the Sarner See (1530'), a lake 4 M. long and 1-11/4 M. broad, well stocked with fish. The level of the lake has been much lowered by an artificial tunnel. — 15 M. Sachseln (1558'; pop. 1634; \*Kreuz, R.  $1\frac{1}{2}$ -2, B.  $1\frac{1}{4}$ , D. 3, S. 2, pens. from 5 fr.; \*Engel, pens. 4-41/2 fr.), a thriving village near the E. bank of the lake.

From Sachseln a good road (carr. 5, with two horses 8 fr.; short-cut halfway, to the right, in <sup>3</sup>/<sub>4</sub> hr.) leads to (3 M.) Flühli-Ranft (2450'; \*Hôtel and Curhaus Nünalphorn, well situated, pens. 6-8 fr.; \*Pens. in the Kaplanei, 4<sup>1</sup>/<sub>2</sub> fr.; Pens. Stolzenfels, 4<sup>1</sup>/<sub>2</sub>-5 fr.), a frequented health-resort, finely situated on a spur of the Sachseler Grat, with a highly picturesque chapel. It was the birthplace of St. Nikolaus von der Flüe (1417), whose dwelling still stands between the Curhaus Nünalphorn and the Kaplanei. In his 50th year he retired, full of honour for his life of active benevolence, to the hermitage in the ravine of the Melch-Aa (p. 147), where he is said to have lived for twenty years on the sacramental elements, of which he partook monthly. After their victory over Charles the Bold of Burgundy in 1482 the Confederates disagreed at the Diet of Stans about the division of the spoil, but through the intervention of the venerable hermit were reconciled. After his death (1487) he was canonised. His memory is still revered, and there is scarcely a hut in the Forest Cantons that does not possess a portrait of 'Brothre Klaus'.

From Flübli-Ranft a pleasant and shady road, high above the Melch-Aa, leads to (31/2 M.) the village of Melchthal (p. 147). — Over the Melch-Aa

Bridge to Kerns, see p. 147.

Ascending a little from the S. end of the lake, and passing (on the left) the entrance of the Kleine Melchthal, the train halts at (18<sup>1</sup>/<sub>2</sub> M.) Giswil (1665'; pop. 1715; \*Hôtel de la Gare, R. 1<sup>1</sup>/<sub>2</sub>-2, B. 1, D. 3, pens.  $4^{1/2}$ -5 fr.; Krone). Fine view from the churchyard, beside the high-lying church; to the S.W. rise the Giswiler Stock (6605') and the Brienzer Rothhorn (7715'). Above the station are the relics of the château of Rudenz.

EXCURSIONS. The romantic Kleine Melchthal has been made accessible and deserves a visit. From the hamlet of Eiwil (Schiff, rustic), 1 M. to the N. of Giswil, at the S.E. end of the Sarner See, the road ascends

to the E. to the entrance of the narrow and very picturesque wooded ravine, through which it is carried for about 3 M. — The Giswiler Stock (6605'; beautiful view) is ascended from Giswil in 4 hrs., with guide (10 fr.), viâ Kleintheil and Alphoglen. The descent may be made to the Marien-Thal (Entlebuch, p. 155). — The Brienzer Rothhorn (7715'; p. 202) is ascended from Giswil in 6 hrs. (guide 12 fr., not needed by experts); good road for the first 3 hrs., afterwards a steep footpath. — Pedestrians should follow the old \*Brünig Road from Giswil over the (3 hrs.) Brünig Pass (3395'; \*Curhaus Brünig, see below) to (13/4 hr.) Meiringen or (3 hrs.) Brienz (p. 202).

At Giswil, where the first steep incline occurs, the 'rack-andpinion' system begins. The line rapidly ascends the side of the valley (10:100), through wood, across two torrents, and through two rock-cuttings, and reaches (20 M.) Bürgeln-Kaiserstuhl (2305'). The three peaks of the Wetterhorn are visible to the S. over the depression of the Brünig. The train runs high above the picturesque Lake of Lungern (2160'; 11/2 M. long), and through a short tunnel, to —

221/2 M. Lungern (2480'). The large village (pop. 1825; \*Curhaus Lungern, R. 11/2-3, B. 11/4, D. 21/2-3, pens. 5-8 fr.; \*Löwe, Bär & Hôt. Brünig, pens. 4-6 fr.; Hôt.-Pens. Alpenhof, with baths, R. 2, B. 1, D.  $2\frac{1}{2}$ , S. 2, pens. 5 fr.) is the last in the valley, and lies 1/2 M. from the S. end of the lake, half of which was drained into the Lake of Sarnen in 1836, by means of a channel 3/4 M. long. - The Dundelbach forms a picturesque fall on the hillside to the W. The Giebel (6680'; fine view), to the S.E., is easily ascended from Lungern in 31/2-4 hrs. (see p. 202).

The second steep gradient begins beyond Lungern. Fine view of the Lungern-Thal. The train passes through the Käppeli Tunnel (2970'; 150 yds.) and ascends the wooded Brünigmatt-Thal (above us, to the right, is the road), at a moderate gradient, which becomes steeper near (25 M.) Brünig (3295'; \*Rail. Restaurant, D. incl. wine 3-31/2 fr.; \*Hôt.-Pens. Curhaus Brünig, 3 min. from the station, R. 3-5, B. 11/2, déj. 31/2, D. 41/2, pens. 8-14 fr.; Engl. Ch. Serv. in the season), well situated near the old Brünig Pass. Opposite us tower the Engelhörner (p. 205) and the Faulhorn chain (p. 198); to the left we overlook the valley of Meiringen as far as the Kirchet (p. 207); at the foot of the hills to the S. is the lower fall of the Reichenbach (p. 205); opposite is the fall of the Oltschibach (p. 202); below us flows the Aare, and to the right is part of the Lake of Brienz.

Fine prospect from the Wiler Alp (4855'), 11/2 hr. to the N.W. of the Brunig. From here we may ascend the Wilerhorn (6570'), 11/2 hr. farther on (easy and attractive; guide, desirable for novices, 10 fr.), which commands an admirable view of the Wetterhorn, the Haslithal, and a series of lakes. Still more extensive is the view from the Arnifirst (7244'), ascended by the arête to the N.W. of the Wilerhorn in 1 hr. (guide 12 fr., with descent to Brienz 15 fr.).

From the Brünig station a stony, but attractive footpath leads, mostly through wood, to the finely situated village of (1 hr.) Hohfluh (p. 202). New road thence to (2½ M.) Meiringen (p. 200). — A road (good view) leads from the Brünig viâ Brienzwiler to (5½ M.) Brienz (see p. 202).

The railway is carried down the steep rocks (maximum gradient 12:100) by means of retaining-walls and cuttings, and across the ravines of the Grossbach, Kehlbach, and Hausenbach (charming view at the Brunnenfluh), into the Aare-Thal, to Hausen, and — 28 M. Meiringen (p. 200). Thence to Brienz and Interlaken,

see R. 50.

### 38. From Meiringen to Engelberg. Engstlen-Alp. Joch Pass.

91/4 hrs.: Innertkirchen 11/4, Engstlen-Alp 41/2 (direct from Meiringen 5 hrs.), Joch Pass 11/2, Hôt. Hess 1/2, Engelberg 11/2 hr. — Horse from Innertkirchen to Engstlen-Alp 15, to Engelberg 30, for two days 45 fr.; guide (unnecessary) 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen to Engstlen-Alp 8, from Meiringen 16; porter from Innertkirchen 16; porter from Innertkirche ringen 9 fr.; horse from Engstlen-Alp to Engelberg 15, guide 8 fr. - If the traveller can devote two days to this interesting journey (still more attractive in the reverse direction), he should sleep on the Engstlen-Alp, where an afternoon may be pleasantly spent. — Luggage addressed to the Hôtel Engstlen-Alp and left with Herr Immer at Meiringen is despatched daily at 8 a.m. and arrives in the evening (1 fr. per 5 kilogrammes or 11 lbs.).

From Meiringen to (11/4 hr.) Innertkirchen (Hof; 2053'), see p. 207. We then follow the Susten road (p. 152) to the (3/4 hr.) saw-mill in the Mühle-Thal (2735'), and, beyond the bridge over the Genthal-Wasser (finger-post), ascend to the left through wood to the (1 hr.) Wagenkehr Inn, whence we descend to the (8 min.) Leimboden (3910'), where we recross to the right bank.

A direct path to the Engstlen-Alp, saving about 3/4 hr., leads from Meiringen (p. 200) to the (3/4 hr.) Hôt.-Pens. Alpbach, on the Hasleberg (p. 201), turns to the right 10 min. farther on, and leads to (20 min.) the hamlet of Rüti (3460'), the (11/2 hr.) hamlet of Arni (4745'), the (11/4 hr.) Baumgarten-Alp (5580'), and (1 hr.) the Engstlen-Alp. This route affords good walking and commands fine views of the Bernese Alps, the Trift district, the Titlis chain, and (lastly) of the deep Genthal. — The direct path called the 'Hundschüpfi', also 1/2 hr. shorter, is not recommended.

Our path gradually ascends the monotonous Genthal. Behind us rise the Wetterhörner and the Hangend-Gletscherhorn at the head of the Urbach-Thal (p. 207). We pass (10 min.) the chalets Bei den Spichern and (10 min.) the Genthal Chalets (3993'; on the left bank of the brook), and after a slight ascent reach (1 hr.) the Schwarzenthal Chalets (4596': rfmts.).

The scenery becomes more interesting. From the precipices of the Gadmer Flühe (9750') on the right, which become grander, falls a series of cascades, varying with the state of the melting snow, and eight of these are seen close together (Achtelsassbäche). The Engstlenbach, as the brook is named above this point, also forms several falls. The path crosses the stream and ascends, often steeply, through fine wood, to the (1½ hr.) \*Engstlen-Alp (6033'; \*Immer's Hôt.-Pens. Engstlenalp, with dépendances, R. 2-4, B. 11/2, D. 4, S. 3, pens. 61/2-9 fr.; Eng. Ch. Serv. in summer), a beautiful and sheltered pasture, with fine old pines and 'Alpine cedars', frequented as a health-resort. \*View, to the S.W., of the majestic Wetterhorn; to its left, the Mittelhorn, Rosenhorn, Schreckhörner, Lauteraarhorn, and Finsteraarhorn; to the right, the Gspaltenhorn, Tschingelhorn, and Blümlisalp; to the E., the Wendenstöcke and Titlis. A little to the E. of the hotel is the picturesque Engstlen Lake (6075'), with baths and rowing-boat.

EXCURSIONS. Schafberg (7850; 2 hrs.), easy (guide needless). Starting to the E. from the hotel, we ascend the steep Schafthal, keeping, farther up, well to the right, along a grassy ridge till near the top, which affords an interesting view of the Engelberg valley and its surrounding mountains,

and a peep of Lake Lucerne to the left.

Sätteli (6890'; 2 hrs.). At the W. end of the Engstlen-See (see above) we cross the Engstlenbach to the (1/2 hr.) Alp Scharmadläger, and ascend a narrow path, diverging to the left above the Bäregg-Alp, on the slope of the Gadmer Flühe, to the (11/2 hr.) Sätteli, which lies at the S.W. base of the Tellistock (see below) and commands a splendid view of the Gadmen-Thal, Trift Glacier, and Bernese Alps (descent to Gadmen, see p. 153). A still finer view is obtained from the \*Achtelsassgrätli (6540'), to the S.W. of the Sätteli, reached in 1/4 hr. more by keeping above the Bäregg-Alp straight along the slope at a lower level.

To Melchsee-Frutt (2 hrs.; guide, 4 fr., unnecessary; horse 10 fr.). From the hotel we go to the N.W. to the (10 min.) Jenti Waterfall and ascend rapidly on the right side, soon obtaining a splendid view of the Bernese Alps (among which the Finsteraarhorn comes in view to the left of the Schreckhörner). At the top we round the grassy Spicherfluh (6690'), pass a small lake, and reach the (1 hr.) Tannen-Alp (6500'), with its numerous chalets. We next traverse level pastures, pass three other small lakes and a shelter-hut (6415'), and reach (1 hr.) Melchsee-Frutt (6165'; see p. 147). — Or, after passing the Spicherfluh (see above), the regular path may be quitted and the grassy ridges to the left followed as far as the Erzegg (7140'), affording grand views of the above-mentioned giants of the Bernese Oberland. From Erzegg we descend to the right to Melchsee-Frutt (this route takes 1 hr. more, but is repaying).

ASCENTS. Gwärtler (7950'; 2 hrs.; guide 6 fr.), not difficult; good view to the S. and W., but shut in on the N. Edelweiss abundant on the lower rocky ledges. — \*Hohmatt (7950'; 2¹/2 hrs.; guide, not indispensable, 6 fr.), the central peak of the Tannenband, an easy and very attractive climb viâ the Tannen-Alp and the Kringen-Lücke. — \*Rothsandnollen (8905'; 3 hrs.; guide 8 fr.), the highest of the Melchthal chain; roomy plateau at the top. — \*Hohenstollen (8150'; 4 hrs.), rather fatiguing (guide 10 fr.); magnificent prospect (comp. p. 202). — Graustock (8737'; 3¹/2 hrs.; guide 8 fr.), fatiguing; but the lower ridge to the E. is easy and repaying. — \*Hutstock (8790'; 4¹/2 hrs.; guide 12 fr.), see p. 147. — \*Tellistock (8467'; 3-3¹/2 hrs.; guide 8-10 fr.), the W. peak of the Gadmer Flühe, not difficult. Footpath to the (¹/2 hr.) Alp Scharmadläger (see above); then through a valley and over broad terraces of grass and rock to the (2¹/2 hrs.) summit. Fine and very picturesque view. — Wendenstock (9990'; 4 hrs.; guide 30 fr.), difficult, for steady-headed experts only; imposing view.

The ascent of the \*Titlis (10,627'), 5-51/2 hrs., with guide, is shorter but more toilsome from the Engstlen-Alp than from Engelberg (p. 145). From the (11/2 hr.) Joch Pass we ascend to the right over turf, rocks, débris, and snow, and reach the (31/2-4 hrs.) top after a steep and fatiguing climb. On the névé the route unites with that from Engelberg (p. 145). Guide from the hotel 15 fr. (charged in the bill) and gratuity (with descent to

Engelberg 20 fr.).

OVER THE SÄTTELI TO GADMEN, 31/2-4 hrs. (guide to Sätteli 4, Gadmen 10, Steinalp 22 fr.), a fine route; see above and p. 152.

The bridle-path (to Engelberg  $3^{1}/_{2}$ hrs., in the reverse direction  $4^{1}/_{2}$  hrs.) ascends gently to the E. over pastures, touches the upper

end of the Engstlen-See (6075'), and then ascends 'hinter der Engi' (to the right, the Wendenstöcke, with the Pfaffen and Joch Glaciers) to the (1½ hr.) Joch Pass (7265'; view limited). The path then descends in windings and leads through the flat and marshy valley (to the left, the turbid Trübsee), and across the brook which descends from the Titlis glaciers, to the (½ hr.) \*Hôt.-Pens. Hess (R. 21/2-31/2, B. 11/2, D. 31/2, pens. from 7 fr.), on the brink of the Pfaffenwand (5870'). View of the Titlis and the Engelberg Valley; finer from the Burghubel, 10 min., and from the Bitzistock (6225'), 1/2 hr. from the hotel, where it includes the Schlossberg, Spannörter, and other mountains. Ascent of the Titlis, see p. 145.

The path now descends the steep Pfaffenwand in zigzags, traverses the Gerschni-Alp (4125'; inn), enters a wood, crosses the

Aawasser at the foot of the hill, and reaches —

 $1^{1/2}$  hr. Engelberg (p. 143).

### 39. From Meiringen to Wassen. Susten Pass.

12 hrs.: Innertkirchen 11/4, Gadmen 3, Am Stein 23/4, Susten Pass 11/4, Meien 23/4, Wassen 1 hr. Horse 35 (two days, 40), guide 18 fr. (needless).

From Meiringen to Innertkirchen (Hof; 2053'), 11/4 hr., see p. 207. The Susten Road, constructed by Bern and Uri in 1811, and still tolerably well kept on the Bernese side (practicable for driving as far as the Stein Inn), diverges here to the E. from the Grimsel route. It ascends over pleasant meadows to (25 min.) Wiler (2430'), crosses (10 min.) the Gadmenbach, and, at (1/4 hr.) a saw-mill in the Mühle-Thal (2735'), the Genthalbach. (Path to the Engstlen-Alp, see p. 150.) The path then follows the right bank of the Gadmenbach, through the well-wooded Nessen-Thal, to (3/4 hr.) Nessenthal or Mühlestalden (3117'). To the right opens the narrow Triftthal, with the Trift Glacier in the background.

Triftthal (comp. Map, p. 130; 6 hrs. to the Trift Hut; guide necessary; Andreas von Weissenfluh of Mühlestalden, Joh. Moor and Joh. Luchs of Gadmen). The path ascends on the right bank of the Triftwasser to the Trift-Alp (4365') and on the right side of the ice-fall to the (3½-4 hrs.) Graggi-Hütte (6280'). We now cross the glacier, here tolerably level, and mount the steep rocks of the Thältistock to the (2 hrs.) Trift Hut of the Swiss Alpine Club (8250'), affording a good survey of the upper basin of the Trift Glacier. From the Trift Hut over the (2½-12 hrs.) Trift-Limmi (10,170') and the Rhone Glacier to the (2½-3 hrs.) Furka (p. 139), an interesting glacier expedition. From the Trift-Limmi the Thieralphistock (11,175'), an excellent point of view, is easily ascended in 3/4 hr.— The \*Dammastock (11,920'; splendid view) is ascended without very serious difficulty from the club-hut in 4½-5 hrs. (guide from Meiringen, 40 fr.; descent by the Rhone Glacier to the Furka in 4 hrs.).— The Schneestock (11,837'; 5 hrs.), Rhonestock (11,825'; 5 hrs.), Diechterhorn (11,120'; 4 hrs.), and Gwächtenhorn (10,560'; 4 hrs.) may also be ascended from the Trift Hut by experts without difficulty.— Passes to the Göschenen-Alp over the Winterberg Range (Maasplank-Joch, Damma Pass, Winter-Joch), 8 hrs., difficult (comp. p. 131).— Over the Tiefen-Sattel (10,820') and the Tiefen Glacier (p. 139) to the Furka, 9 hrs., interesting, and in certain states of the snow not difficult.— An interesting pass crosses the Furtwang-Sattel (8392') to

Guttannen. A steep ascent of 3 hrs., beginning at the Windegg-Hütte (6235'), opposite the Graggi-Hütte on the W. side of the glacier, leads through the Schattig-Triftthäli to the saddle, whence we descend by the Steinhaus-Alp to Guttannen in 3 hrs. more. The attractive route over the Stein-Limmi (8970') to the Stein-Alp leads from the Graggi-Hütte by the Trift Glacier and the Drosi-Thal to the (2½ hrs.) col, between the Giglistock and Vorder-Thierberg, and descends over the Stein-Limmi Glacier and round the slopes of the Thaleggli to the (2 hrs.) Stein Inn (see below). By combining the two last-named passes, a good walker may reach the Stein-Alp from Guttannen in a single day (11-12 hrs.).

The road crosses the Gadmenbach and ascends by Schaftelen to (1 hr.) Unterfüren (3720'), where the beautiful Gadmen-Thal begins, and (20 min.) the village of Gadmen, consisting of the hamlets of An der Egg, Bühl (3960'; Bär, moderate), and Obermatt. (Path over the Sätteli to the Engstlen-Alp, see p. 151.) The green valley with its fine old maple-trees contrasts strikingly with the barren and precipitous Gadmer Fluh (see p. 150). To the E., on the slope of the Uratstöcke (9545'), lies the Wenden Glacier.

After a level stretch the road ascends through wood in numerous windings to the chalets of *Feldmoos* (4935'), and then traverses a wild rocky region ('Hölle') to the (21/2 hrs.) \*Stein Inn (6122';

pens. 6-7 fr.), at the foot of the huge Stein Glacier.

Over the Susten-Limmi to the Göschenen-Alp, 8 hrs., laborious (guide from Meiringen 35 fr.). We ascend the slopes of the Thaleggli, cross the Stein-Limmi Glacier to the Thierbergli, and traverse the névé of the Stein Glacier to the (5 hrs.) Susten-Limmi (10,180'), lying between the Gwächtenhorn (11,245') and the Gletscherhorn (11,445'). Descent over the Susten Glacier to the Kehlen-Alp (7560') and across the Kehle Glacier to the Hintere Röthe and (3 hrs.) Göschenen-Alp (p. 131). — A more difficult pass is the Thierberg-Limmi (about 10,500'): we cross the Steinen Glacier to the col between the Gwächtenhorn and the Hinter-Thierberg (10,965'), and descend (very steep and difficult) the Kehle Glacier to the (9-10 hrs.) Göschenen-Alp. — Ascent of the \*Sustenhorn (11,520'), the highest of the Sustenhörner, viâ the Steinen Glacier, toilsome but interesting (5½-6 hrs. from the Stein Inn; guide 30 fr.). The descent may be made to the Voralp Hut, or viâ the Susten-Limmi to the Göschenen-Alp (p. 131).

Over the Stein-Limmi to the Trift Glacier (5 hrs. to the Windegg Hut), see above. Another route crosses the snow-saddle of Zwischen-Thierbergen (about 9780'), between the Vorder- and the Hinter-Thierberg, to the (6-7 hrs.) Trift Hut (see p. 152). — To Engelberg over the Wenden-Joch, see p. 146.

The bridle-path now leads above the moraine, and ascends in windings (short-cut), overlooking the grand Steinen Glacier, environed by the Sustenhörner, Susten-Limmi, Gwächtenhorn, Hinterand Vorder-Thierberg, and Giglistock, to the (11/4 hr.) Susten Pass (7420'), between the Heuberg (8510') on the left (ascent 1 hr., interesting), and the Sustenspitz (9615') on the right. Admirable survey, to the E., of the imposing mountains bounding the Meien-Thal on the N. and culminating in the Spannörter (p. 145).

The path, now uninteresting, winds down to the Meienbach, a brook issuing from the Kalchthal, a wild gorge on the right, into which avalanches often fall from the Stücklistock (10,855') and the Hintere Sustenhorn (10,890'; over the Susten-Joch to the Voralp-Hütte, see p. 132). Below us lie the Susten-Alp (5767'), on the right, and the (1 hr.) Guferplatten-Alp (5725'), on the left. The

path traverses the stony valley of the Meien-Reuss, and crosses the brook twice. It next crosses the deep ravine of the (3/4 hr.) Gorez-mettlenbach (5137'), and passes the Gorezmettlen-Alp. Several

brooks issue from the Rüttifirn on the right.

The first group of houses (20 min.) is Färnigen (4787'; poor inn); then, below the chapel, the hamlets of (40 min.) Meien (4330'; Hôtel zum Sustenpass, R. 1-11/2 fr.; Stern, both unpretending; Alpenrösli, moderate) and (20 min.) Hüsen (3865'). At the end of the valley we pass the Meienschanz (3600'), an intrenchment erected in 1712 during the Religious War (p. 71), and destroyed by the French in 1799. Descending rapidly for a short way, and crossing the St. Gotthard Railway, we at length reach (40 min.) Wassen (p. 126).

### 40. From Lucerne to Bern. Entlebuch. Emmen-Thal.

60 M. RAILWAY in 21/4-4 hrs. (10, 7, 5 fr.).

Lucerne, see p. 94. — Near the Reuss bridge the train diverges to the left from the Zürich line (p. 93), and passes through a tunnel under the Zimmeregg, 1248 yds. long, into the broad valley of the Kleine Emme. 3½ M. Littau, at the base of the wooded Sonnenberg (p. 99). — 7½ M. Malters (1693'; Bahnhof; Kreuz), with a handsome church.

Road hence (diligence twice daily in 11/4 hr., fare 11/4 fr.; carr. 5 fr.) to (31/4 M.) Schwarzenberg (2760'; \*Hôt.-Pens. Matt, R. 11/2 fr., B. 80 c., D. 2, S. 11/4, pens. 4-5 fr.; Weisses Kreuz, pens. 4-5 fr.; Rössli), on the hill to the S., a pleasant summer-resort. About 2 M. above it is the health-resort of Eigenthal (3380'; \*Pens. Burri, 5-51/2 fr.), in a sheltered situation. (Fine view of Lucerne and its lake from the Würzenegg.) Hence to (6 M.) Kriens, see p. 99.

From Schachen (see below) the old Bramegg Road leads to the (2 M.) prettily-situated Farnbühlbad (2460'; \*Curhaus, pens. 5-6 fr.), with chalybeate springs, and thence over the Bramegg (3366') to (6 M.) Entlebuch.

Above Schachen (1½M. from Malters) the valley contracts. The train approaches the Kleine Emme, and crosses it near Werthenstein (on the left), with its monastery, now a deaf-and-dumb asylum. Beyond a short tunnel we reach (12½M.) Wolhusen (1873'; pop. 1921; Rössli, R. 1½-2, B. 1, D. 2 fr.; Kreuz), a large village, divided by the Kleine Emme into Wolhusen-Wiggern on the left bank, and

Wolhusen-Markt opposite.

From Wolhusen to Langenthal,  $2^{41}/_2$  M., light railway in 2 hrs. From (3 M.) Menenau (Lamm) a road (diligence twice daily in 2 hrs.) leads to the (6 M.) health-resort of Menzberg (3314'; \*Curhaus, R. 1-2, B. 1, D. 2-3, S. 1\frac{1}{2}, pens. 5-6 fr.), in richly wooded surroundings at the foot of the Napf (p. 156).—7 M. Willisau (1830'; pop. 1596; Rössli, Stern), a pleasant little town at the confluence of the Buchwiggern and Enzwiggern, with a handsome church and an old castle. The line now turns to the W. and runs by Gettnau, Zell on the Lutherbach, and Hüswil to (16 M.) Huttwil (2105'; pop. 3376; Krone, R. 1\frac{1}{2} fr., D. 1 fr. 80, S. 1 fr. 20 c., pens.  $4-4^{1}/_2$  fr.; Mohr), a thriving place with mineral baths. Beyond (18\frac{1}{4} M.) Rohrbach the line descends the Langeten Valley. with its rich meadows, viâ Kleindietwil, Lindenholz, Mädiswil, (22 M.) Gutenburg, with mineral baths (Hôtel Bad Gutenburg, R. 1\frac{1}{2}-2, B. 1, D. 2-2\frac{1}{2}, pens. 5-6 fr.), Lotzwil, and (2\frac{1}{2} M.) Langenthal (p. 19).

We here enter the Entlebuch, a valley 15 M. long, with wooded slopes and rich pastures. The train recrosses the Emme and ascends the E. side of the valley (several embankments and tunnels).

18 M. Entlebuch (2255'; pop. 2677; \*Hôtel du Port; Drei Könige; \*Pension Jenni), a large village, picturesquely situated. —

Ascent of the Napf, see p. 156.

FROM ENTLEBUCH TO THE SCHIMBERG-BAD, 101/2 M., hotel-omnibus every afternoon in 3 hrs. (5 fr., in the reverse direction 4 fr.); carriage for 1 pers. 10, 2 pers. 15, 3 pers. 18, 4 pers. 22 fr. The road ascends the Entlen-Thal to the (51/2 M.) Engstlenmatt Inn, descends to the Entlen-Brücke, and again ascends in windings to the (5 M.) Schimberg-Bad (4680'; \*Curhaus, R. 2-31/2, B. 11/4, D. 31/2, S. 21/2, pens. 7-9 fr.), with an alkaline sulphur-spring. Fine mountain-view to the N. and N.W. A good path ascends in 1 hr. to the top of the Schimberg (5975'), which affords an admirable panorama. Still grander and more extensive are the views from the (21/2 hrs.) \*Feuerstein (6700') and from the (21/4 hrs.) Schafmatt (6505'). Footpaths lead also to (11/2 hr.) Heiligkreuz (see below), to the (21/2 hrs.) Schwendi-Kaltbad (p. 148), etc.

The train crosses the rapid *Entlenbach*, which here falls into the Kleine Emme. On the left lies the village of *Hasle*, prettily situated.

 $22^{1}/_{2}$  M. Schüpfheim (2388'; pop. 3042; Adler; Kreuz; Rössli), capital of the valley. About  $^{1}/_{2}$  M. from the station are the Bad & Curhaus Schüpfheim (chalybeate spring, with iodine). To the E. (1 $^{1}/_{2}$  hr.) is Heiligkreuz (3700'; pens. 4-4 $^{1}/_{2}$  fr.), a summer-resort, with fine view.

A road (diligence twice daily in 13/4 hr.; carr. for one pers. 5, two pers. 7 fr.) gradually ascends to the S. through the picturesque valley of the Waldemme or Kleine Emme, to the (5 M.) pretty mountain-village of Flühli (2930'; \*Curhaus, R. from 11/2, B. 1, D. 2, S. 11/2, pens. from 5 fr.), with a sulphur-spring. Fine woods; rich flora. Pleasant excursions to (1 hr.) the Kessiloch, a rocky gorge with a high waterfall; to the (3 hrs.) Beichlen (5810'; see p. 156); to the (31/2 hrs.) Hagleren (6400'); and to the (4 hrs.) \*Schrattenfühe (6810'), with interesting slopes of débris and a splendid view, particularly from the Scheibengütsch (6690'), the W. point of the long ridge.

From Flühli a road (diligence daily in 13/4 hr.) leads to (51/2 M.) Sörenberg (3812'; \*Curhaus, pens. 4-41/2 fr.; \*Hôt.-Pens. Marienthal, similar prices), a health-resort in the upper Emmen-Thal or Marien-Thal. The road goes on for about 51/2 M. more to the foot of the \*Brienzer Rothhorn (p. 202), which may be ascended hence in 3 hrs. (guide, desirable, 6 fr.).

FROM FLÜHLI TO SARNEN VIÂ THE SEEWENEGG, 6½ hrs., an attractive route. The path diverges to the left, ¾ M. to the S. of Flühli, passes the hamlet of Kragen and the Alps of Bleiki, Eggli, Stäldeli, and Blattli, leads through wood and past a saw-mill, and reaches (3 hrs.) the \*Seewen-Alp (5640'; Curhaus, R. 1½-2, pens. 4½-5 fr.), a health-resort on the Seewen Seeli (5545'). Splendid view of the Bernese Alps. The \*Feuerstein (6700'), which affords an imposing survey of the Alps, from the Sentis to Mt. Blanc, is easily ascended hence in 1 hr. — From the Seewen-Alp the footpath ascends the (20 min.) Seewenegg (5750'), another fine point of view. It then descends to the right into the valley, passing a saw-mill and leaving the Schwendi-Kaltbad (p. 148) to the left, to Stalden and (3 hrs.) Sarnen (p. 147).

We now cross the Kleine Emme and ascend the valley of the Weisse Emme to —

27 M. Escholzmatt (2815'; \*Löwe, R. 11/2-2, B. 1, D. 21/2, pens. 41/2-5 fr.; Krone, pens. 4-5 fr.), a scattered village and health-resort (3120 inhab.) with a new Gothic church, on the watershed between

the Entlebuch and Emmen-Thal. From here we may easily ascend the Beichlen (5810') in 21/2 hrs. (magnificent view). — We next de-

scend to (29 M.) Wiggen (2600'; Rössli).

From Wiggen a road ascends to the S. through the Ilfis-Thal (diligence to Schangnau twice daily in 1 hr. 50 min.) viâ Marbach (2887'; Krone) and Wald to (71/2 M.) Schangnau (3055'; \*Löwe) in the Grosse Emmen-Thal. From Schangnau the \*Hohgant (7215') may be ascended in 5-6 hrs. by the Lautere Wängli (guide desirable; rustic quarters in the Mast-Alp or the Grossensteinen-Alp, 11/2 hr. from Schangnau). Descent to Habkern, see p. 182. — About 41/2 M. above Schangnau in the upper Emmen-Thal (road viâ Bumbach) is the Kemmeriboden-Bad (3100'; Curhaus, modest, pens. 5 fr.), with sulphur-springs, much visited by the natives. It lies at the base of the Scheibengütsch (6690'), which may be ascended hence in 3 hrs. (see p. 155). From the Kemmeriboden-Bad to the top of the Hohgant (see above), 31/2-4 hrs., with guide; to the Tannhorn (7290'), with imposing view, 4-41/2 hrs., with guide (the descent may be made to Brienz, p. 202).

We now follow the right bank of the Ilfis, and reach  $(32^{1}/2 \text{ M.})$  Trubschachen (2396'), at the confluence of the Trubbach and Ilfis,

the first village in Canton Bern.

The \*Napf (4620'; 3½-4 hrs., guide needless; \*Inn at the top, health-resort, overcrowded on Sat. & Sun., pens. 5-6 fr.), to the N. of Trubschachen, deserves a visit. A road leads viâ (½¼ M.) Trub (2675'; inn) to (6 M.) Mettlen (3454'; carr. for 1 pers. to this point, 6 fr.), and a bridle-path thence to the (¾ hr.) top of the Napf, whence there is a fine panorama from the Sentis to the Dôle, and a beautiful view of the Bernese Alps. — From Entlebuch (p. 155) a road crosses the Entlenbach and the Kleine Emme, to the W.; we then either follow the road by Dopleschwand to (5 M.) Romoos (2592'; inn), or reach the same point by a direct path in 1 hr.; from Romoos a good bridle-path leads to the top in 2½ hrs. more. — From the Napf a footpath, with almost continuous view, leads viâ the (2 hrs.) Luss-Hütte (rustic inn), the Lüderen-Alp (Hôtel zu den Alpen, pens. from 4 fr.), and the Rafrüti (see below) to (4 hrs.) Langnau (guide, desirable, 5-6 fr.).

36<sup>1</sup>/<sub>2</sub> M. Langnau (2245'; pop. 8167; \*Hirsch, R. 2, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. from 5 fr.; \*Löwe, R. 2-4, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, S. 1<sup>1</sup>/<sub>2</sub>, pens. 7 fr.; Bär; Hôt. Bahnhof; Hôt. Emmenthal), a large and wealthy village, is the capital of the Emmen-Thal, a valley about 25 M. long, 10-12 M. wide, watered by the Ilfis and the Grosse Emme, and one of the most fertile in Switzerland. Carefully kept pastures, a fine breed of cattle, and neat dwellings with pretty gardens indicate the prosperity of the natives.

Railway to Burgdorf, see p. 20. — The Bageschwand Höhe, 1 hr. to the N.W., commands a fine view of the Emmen-Thal and the Alps; the view from the Rafrüti (3950'), 21/4 hrs. to the N., is still more extensive (panorama by G. Studer).

Beyond Langnau the train crosses the Ilfis and the Emme. 38 M. Emmenmatt,  $40^{1}/_{2}$  M. Signau (2090'; Bär; Thurm),  $44^{1}/_{2}$  M. Zäziwil (Krone), thriving villages. It then skirts the Hürnberg in a wide curve to (47 M.) Konolfingen-Stalden (\*Hôtel-Restaurant Bahnhof), where it intersects the electric line from Burgdorf to Thun (p. 20). —  $49^{1}/_{2}$  M. Tägertschi. — 52 M. Worb (\*Bär; Löwe; Stern), a large village with a Schloss dating from the 11th cent. (steam tramway viâ Gümligen and Muri to Bern, see p. 160). Fine view of the Bernese Alps and the Stockhorn chain to the left.

Road to the E. to (2 M.) Enggistein (2264'; \*Inn, pens. 31/2-41/2 fr.), with mineral springs, situated in a pleasant valley, and to the (1 M. farther) \*Rüttihubelbad (2414'; R. from 11/2 fr., B. 70-80 c., D. 1 fr. 60, S. 1 fr. 50, pens. 3 fr. 80-4 fr. 80 c.), with a saline chalybeate spring, pleasant walks, and a fine view, especially from the Knörihubel (3027'; 35 min.). Magnificent view also from the \*Aetzrüttiegg (3120'), reached by Wikartswil and the Menziwilegg (3060') in 1 hr., and from the Ballenbühl, the W. summit of the Hürnberg, reached by Schlosswil in 13/4 hr. (descent to the station of Tägertschi in 20 min.). — From stat. Walkringen (p. 20) to Rüttihubelbad in 25 min. (carr. for 1-2 pers. 21/2 fr.).

55 M. Gümligen, junction of the Bern and Thun line (change carriages for Thun, p. 169). Thence to —

60 M. Bern, see p. 169.

# 41. From Lucerne to Wildegg (Aarau). The Seethal Railway.

31 M. STEAM TRAMWAY in 21/3-3 hrs.; 2nd cl. 5 fr. 10, 3rd cl. 3 fr. 60 c.

From Lucerne to  $(2^{1}/_{2} M.)$  Emmenbrücke, see p. 21 (also electric tramway, p. 95); here we change carriages for the 'Seethalbahn',

which diverges to the right.

4 M. Emmen (1410'; Stern, R. 1-2 fr.), near the Reuss, on the right bank of which,  $^{1}/_{2}$  M. to the E., is the old nunnery of Rathhausen, now an asylum for poor children. We traverse the fertile Emmenboden to (6 M.) Waldibrücke. The line quits the road, here unsuitable for a tramway, and ascends, affording a fine view of the Rigi to the right, to (8 M.) Eschenbach (1560'; Rössli; Löwe), with its large Cistercian Abbey and valuable gravel-pits. (Diligence twice daily in 40 min. to Gisikon, p. 93.)

At (9½ M.) Ballwil (1693') we cross the watershed between the Reuss and the Aa, and descend into the Seethal, one of the most fertile and attractive valleys in Central Switzerland. This 'lake-valley', 18½ M. long, is bounded on the E. by the long Lindenberg (2953') and on the W. by the Ehrlose (2670') and the Homberg (2595'). In the middle of it lie the pretty Baldegg Lake or

Obere See and the larger Hallwil Lake or Untere See.

11 M. Hochdorf (1653'; pop. 1644; Hirsch, R. 1<sup>1</sup>/<sub>2</sub>-2, B. 1 fr.; Kreuz, both plain), a picturesque and prosperous village, with beautiful pine-woods near it. Near the station is the new Theatre, with 1300 seats, where popular dramas are given in summer (Sun.,

2-5 p.m).

Excursions. On a hill to the E. (1/2 hr.) is the cantonal deaf-and-dumb asylum of **Hohenrain** (2014'), formerly a commandery of the knights of St.John, with a fine view of the Alps. Thence to (11/2 hr.) Schloss Horben (2625'; Pens.); superb view to the N. and E.; then to (1/2 hr.) Lieli, another fine point, with the ruined castle of Nünegg, to (1/2 hr.) Augstholz (hydropathic), and back to (1/2 hr.) Hochdorf. This excursion may be made by carriage.

Roads lead to the W. from Hochdorf by Römerswil to (4 M.) Oberreinach, a ruin, with admirable view of the Seethal and the Jura; by the pilgrimage-shrine of Hildisrieden to the (5 M.) memorial chapel of the battle of Sempach (p. 21); and by Urswil to (3½, M.) Rain, near Oberbuchen (2133'), where we get a picturesque survey of Pilatus and the Entlebuch Mts.

12<sup>1</sup>/<sub>2</sub> M. Baldegg (Löwe), a pretty village with an old castle, now a nunnery and girls' school, lies at the S.E. end of the Baldegger See (1530'), a lake 3 M. long. Skirting the E. bank of the lake, we next reach (15 M.) Gelfingen (Stern), where the vine begins. Charming view of the lake and the Bernese Alps. On the right is the castle of Heidegg, and <sup>3</sup>/<sub>4</sub> M. to the N. is the pretty village of Hitzkirch (Kranz; Engel), once a Teutonic commandery, with a seminary for teachers.

To the N. of Hitzkirch a road (diligence from Gelfingen to Fahrwangen twice daily in 1 hr. 10 min.) leads by Altwis and Aesch to (5 M.) Fahrwangen (Bär) and Meisterschwanden (Löwe; \*Pens. Seerose), two large villages where straw-plaiting is the chief industry (see below); thence viâ Sarmensdorf and Schloss Hilfikon to Villmergen and (5 M.) Wohlen (p. 26).

16<sup>1</sup>/<sub>4</sub> M. Richensee, with the ruins of the Grünenburg, which was destroyed in 1386, standing upon an enormous erratic block. 17 M. Ermensee, a large village on the Aa. At (18 M.) Mosen the tramway reaches the Hallwiler See (1490'), a lake 5<sup>1</sup>/<sub>2</sub> M. long and 1<sup>1</sup>/<sub>4</sub> M. broad (small steamer), and ascends on its W. bank to —

20 M. Beinwil (1700'; 1829 inhab.; Löwe), a thriving village with large cigar-manufactories, commanding a charming view of the lake.

RAILWAY in 5 min. to (1<sup>1</sup>/<sub>4</sub> M.) Reinach (Rössli) and in 9 min. to (2<sup>1</sup>/<sub>2</sub> M.) Menzikon (Stern, pens. 4-7 fr.), two industrial villages with flourishing tobacco-factories, in the upper Winen-Thal. — From Beinwil a good path ascends in 50 min., partly through wood, to the \*Homberg (2595'; good inn, 5 min. below the top, R. 1<sup>1</sup>/<sub>2</sub>-2, pens. 3-4<sup>1</sup>/<sub>2</sub> fr.), the 'Rigi of the Aargau'; beautiful view of the Alps and the Jura Mts. Descent to (20 min.) Birrwil (see below), or to (25 min.) Reinach (see above).

The cars run high above the lake to  $(21^{1}/_{4} \text{ M.})$  Birrwil, with its large factories, and descend to  $(23^{1}/_{2} \text{ M.})$  Boniswil-Seengen (Rail.

Restaurant), a busy wine-trading place.

To Fahrwangen, diligence twice daily in 1 hour. The road leads past the handsome old château of Hallwil, the ancestral seat of the distinguished family of that name, to (1½ M.) Seengen (Bär), a large village, with the burial-vaults of the Hallwil family. About ½ M. to the S.E. is the Brestenberg Hydropathic, formerly a château of Hans Rudolph von Hallwil, built in 1625, prettily situated among vineyards at the N. end of the Lake of Hallwil. Road from Seengen to (1¼ M.) \*Pens. Eichberg (1985'), a health-resort commanding a fine view (pens. 4 fr.). — From Brestenberg we follow the road on the E. bank to Tennwil, Meisterschwanden, and (2 M.) Fahrwangen (see above).

24<sup>1</sup>/<sub>2</sub> M. Niederhallwil-Dürrenäsch; 25<sup>1</sup>/<sub>2</sub> M. Seon (Stern), a manufacturing village (1794 inhab.); 27<sup>1</sup>/<sub>2</sub> M. Lenzburg-Bahnhof,

the junction for Aarau and Baden (p. 26).

291/2 M. Lenzburg-Stadt (1300'; 2580 inhab.; \*Krone; Löwe), a busy little town on the Aa, with the large cantonal prison. The huge Malaga Vaults of Herr Zweifel may be visited. On a hill above the town, to the E., stands the picturesque old Schloss Lenzburg (1663'), the property of Mr. Jessup, an American, who has restored it in the original style (garden open on Wed. and Sun.). Opposite, to the W., rises the Staufberg (1710'), with an old church and a fine view.

30 M. Nieder-Lenz. — 31 M. Wildegg, a station on the railway

from Aarau viâ Brugg to Zürich (p. 26).

## III. BERNESE OBERLAND.

#### 42. Bern.

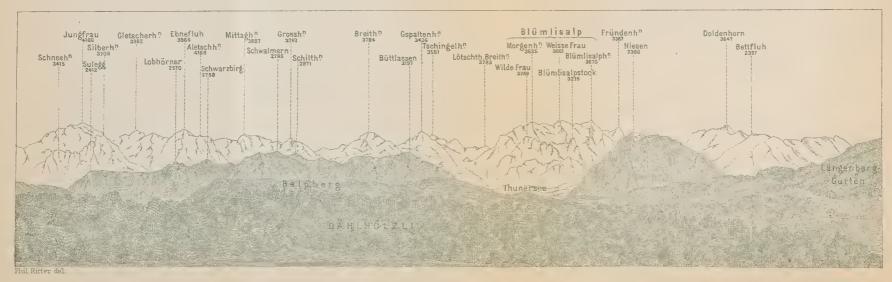

Railway Station (Pl. C, 3; \*Restaurant), on the W. side of the town, at the foot of the Grosse Schanze. Departing travellers should note that hotel-servants are not allowed upon the platform or upon the flight of

steps leading to it from the entrance-hall.

Hotels. \*Bernerhof (Pl. a; D, 4), Bundesgasse 3, with lift, R. 51/2-15,
B. 11/2, déj. 4, D. 5 fr.; \*Bellevue (Pl. b; E, 4), Inselgasse 3, R. 4-8, B. 11/2, B. 1½, déj. 4, D. 5 fr.; \*Bellevue (Pl. b; E, 4), Inselgasse 3, R. 4-8, B. 1½, déj. 3, D. 4½, pens. from 10 fr.; both these command a view of the Alps. — \*Schweizerhof (Pl. c; C, 3), R. 3-5, B. 1½, déj. 3, D. 4, pens. 8-10 fr.; \*Hôtel de France (Pl. e; C, 3), R. 2½-4, B. 1½, déj. 3, D. 4, pens. 8-11 fr.; Hôtel du Jura (Pl. d; C, 4), R. 2½-4, B. 1½, D. 3, S. 2½ fr.; Hôtel de La Poste (Pl. s; D, 3), R. 2-4, B. 1½, D. 3, S. 2½ fr.; Löwe (Pl. i; C, D, 4), Spitalgasse, R. 2-3½. B. 1½, D. 3, pens. 7-9 fr.; Hôtel Bahnhof (Pl. t; D, 3), R. 2-3, B. 1½, D. 2½ fr.; these all near the station. — In the town: \*Faucon (Pl. f; E, 4), Marktgasse, R. 2½-3½. B. 1½, D. incl. wine 3½, S. incl. wine 3, pens. 7-9 fr.; \*Pfistern (Hôtel des Boulangers; Pl. g, E 3), near the clock-tower, R. 2½-3, D. 3½, pens. 7-10 fr.; Cigogne (Pl. h; D, 3, 4), R. 2-3, B. 1¼, D. 3, pens. 8-10 fr.; Zāhringer Hof (Pl. u; B, 2), Gesellschafts-Str., near the Grosse Schanze, R. 2-5, B. 1, pens. from 5 fr.; \*Schmieden (Maréchaux; Pl. k, E 3), R. 1½-2½, B. 1, D. 2½ fr.; Hôtel-Pension Ruof (Pl. l; D, 3), Waisenhaus-Platz, R. 2, B. 1 fr.; \*Stern

#### ALPENAUSSICHT AUS BERN

vom Klosterhof bei der Kirchenfeldbrücke (538m.).

(Pl. m; D, 3), Aarbergergasse, plain, R. 11/2-21/2, D. 21/2 fr.; Hôtel zu Zimmerleuten (Charpentiers; Pl. n, E 3), Marktgasse; Cerf (Pl. 0; D, 3), R. 21/2-3, D. 21/2 fr.; Ours (Pl. r; D, 4), R. 2-4, D. 3, S. 2 fr., these two near the station; "Hôtel du Sauvage (Pl. p; D, 3), Aarbergergasse, R. 11/2-3, B. 1, D. 21/2 fr.; "Croix Fédérale (Pl. q; D, 3), Zeughausgasse, R. 21/2, B. 1, S. 11/2 fr.; Emmenthaler Hof (Pl. v; D, 3), Neuengasse, plain; Pl. 21/2, R. 1, S. 11/2 fr.; Emmenthaler Hof (Pl. v; D, 3), Neuengasse, plain; HÔTEL DU PONT (Pl. w; E, 5), beyond the Kirchenfeld Bridge (p. 164), R. 2-5, D. 3, S. 21/2, pens. 6-8 fr.; HÔTEL EIGER (Pl. z; A, 5), Belp-Str., pens. 5-7 fr.

Pensions. \*Herter (Pl. q; F, 4), well situated, near the cathedral, suitable for ladies travelling alone (pens. 5-6 fr.); Villa Frey, Schwarzthor-Str. 71, pens. from 5 fr.; \*Jolimont, Æussere Enge (11/2 M.; p. 168), with fine view (6-8 fr.). The following are recommended for invalids: \*Dr. Lantz's Sanatorium Lindenhof; beautifully situated, with shady garden; Pens. Victoria, on the Schänzli (p. 167); Pens. Hug, Mattenhof, 1/4 M. from

the town (surgical cases).

Cafés and Restaurants. Rail. Restaurant; Café-Restaurant Bubenberg, Bubenberg-Platz; Kornhauskeller (p. 163); Rathskeller, cor. of the Gerechtigkeits-Str. and Kreuzgasse; Gesellschaftshaus Museum (p. 166), Bären-Platz, corner of the Bundesgasse, déj. or D. 1-21/2 fr.; Café National, Schauplatzgasse 3 (mural paintings of old Bern); Café Bär, Schauplatzgasse 4 (quaint wall-paintings); Café Schmieden, at the hotel of the same name (p. 160; historical wall-paintings); Weibel, Zeughausgasse (wine); Café Stadtgarten, Neuengasse 22, near the station; Café Hackerbräu, Neuengasse; Café du Pont, beyond the Kirchenfeld Bridge, to the right, with a fine view; Schwellenmätteli, adjacent, below, to the left (Pl. E, 4; fish). — POPLLAR RESORTS. Café Schänzli (p. 167; daily concert or theatrical performance in summer); Café de la Poste, Neuengasse; Café Sternwarte, on the Grosse Schanze (p. 167); Café Enge (p. 168), 1 M. from the Aarberg Gate; \*Gurten (p. 168). - Confectioner. G. Ströbel-Durheim, Bahnhofs-Platz.

Baths. River Baths in the Aare (58-68° Fahr.), at the Marzili (Pl. D, 5; p. 166); \*Warm Baths in the Sommerleistbad, Laupen-Str. (Pl. B, 4; also Turkish Baths); Central-Bad, Marktgasse 43.

Cabs. Inside the town, one-horse, for 1/4 hr. 1-2 pers. 80 c., 3-4 pers. 1 fr. 20 c.; for 1/2 hr. 1 fr. 20 and 1 fr. 80 c., 3/4 hr. 1 fr. 60 and 2 fr. 40 c., 1 hr. 2 and 3 fr.; each additional 1/4 hr. 50 or 75 c. Two-horse: same fares as for 3-4 pers. with one horse. Box 20 c., small articles free. From

10 p.m. to 6 a.m., double fares.

Tramway (electric) from the Bears' Den through the chief street to the railway-station, and thence to the Cemetery (fares 10-20 c.); from the railway-station to Wabern (p. 168; 25 c.) and to the Länggasse (Bremgartenwald, 10 c.); and from the Burgernzielweg via the Kirchenfeld and Kornhaus bridges to the Spitalacker. — Steam Tramway from the Helvetia-Platz to Muri, Gümligen, and (61/4 M., in 33 min.) Worb (p. 156).

Post and Telegraph Office (Pl. C, 3), near the station. Branch-office

in the Kramgasse.

Theatre in the Gesellschaftshaus Museum (see above), performances from Oct. to April (new theatre building in the Kornhaus-Platz, p. 163); Summer Theatre at the Schänzli (p. 167). - Apollo Theatre (variety), Läng-

gasse 83 (tramway-station).

British Minister, F. R. St. John, Effinger-Str. 49 (office-hours 10-12); Consul, Gaston de Muralt. — American Minister, John G. A. Leishman; Consul, Adolph L. Frankenthal, Hirschengraben 7 (9-12 and 2-4). — English Church Service in the Hall of the Lerber Schule, Nägeligasse 2, at 10.30 a.m. and 5 p.m. (4 p.m. in winter); chaplain, Rev. J. R. Dutton Thompson. -Roman Catholic Church, Tauben-Str.

The Enquiry Office (Verkehrs-Bureau), at the E. corner of the railway station, Bubenberg-Platz, furnishes gratis information as to sights, excursions, etc. - Money Changers in the Christoffelgasse, to the S. of the railwaystation. — Travelling Requisites, Karl Knecht & Co., Christoffelgasse 7.

ATTRACTIONS. Visit the 'Kleine Schanze' and walk past the Federal Palace to the Kirchenfeld Bridge and the Historical Museum; then to the

Cathedral (Münster-Terrasse); follow the Kreuzgasse to the Rathhaus; cross the Nydeck Bridge to the Bears' Den; return past the Zeitglockenthurm to the Kornhaus-Platz and cross the Kornhaus Bridge to the Schänzli; lastly cross the railway-bridge to the Art and Natural History Museums.

Bern (1765'), the capital of Canton Bern, with 64,000 inhab. (including its extensive suburbs), has been the seat of the Swiss government since 1848. It is also the seat of a university (1000-1100 students), founded in 1834, and of the Central Office of the International Postal Union. — The city, in a striking situation, is built on a peninsula of sandstone-rock, formed by the Aare, which flows 100' below. The streets in the old part of the town are flanked with arcades (Lauben), which form a covered way for foot-passengers. One of the chief characteristics of Bern consists in its numerous fountains, mostly dating from the 16th cent., and recently restored. In other respects also Bern retains more mediæval features than any other large town in Switzerland.

Founded by Duke Berthold V. of Zähringen in 1191, the town became independent of the Empire in 1218. By 1288 its powers had so increased that it warded off two sieges by Rudolph of Hapsburg, and in 1339 the Bernese overthrew the Burgundian nobles at the battle of Laupen (p. 238). In 1353 Bern joined the Confederation, and in 1528 the citizens embraced the reformed faith. In 1415 they conquered part of Aargau, and in 1536 they wrested the Pays de Vaud from the princes of Savoy; but in 1798 they were deprived of these territories.

Bern is celebrated for its splendid \*VIEWS OF THE ALPS, and the phenomenon of the 'Alpine glow' (p. xvi) is seen here to great advantage. The most important mountains are marked in the annexed Panorama. From other points (the Klosterhof, Bundes-Terrasse, Kleine Schanze, Café Schänzli, and the Enge outside the Aarberger Thor) the following mountains are also visible: to the right of the Doldenhorn, the Balmhorn (12,175') with the Altels (11,930'; 37 M. distant), and, over the Gurten, the bell-shaped summit of the Stockhorn (7195'; 18 M.); also, to the extreme left, the peaks of the Spannörter (10,515'; 53 M.) and the Schlossberg (10,280'; 54 M.), both in the canton of Uri; the crest of the Beichlen near Escholzmatt (5310', 24 M.), and the Francottin above the Entlehale (6700', 20 M.) matt (5810'; 24 M.), and the Feuerstein above the Entlebuch (6700'; 30 M.).

The chief artery of traffic is a series of broad streets, the Spitalgasse, Marktgasse, Kramgasse, and Gerechtigkeitsgasse, which extend from the Bubenberg-Platz (Pl. C, 4) to the Nydeck Bridge (p. 163), a distance of nearly a mile. In the Spitalgasse is the pretty Bagpiper Fountain, dating from early in the 16th century. At the beginning of the MARKTGASSE, where the Bären-Platz and the Waisenhaus-Platz mark the W. limit of the town down to 1346, stands the Käfigthurm (Pl. D, 3), restored in the 17th century. The Marktgasse contains the fine Schützen-Brunnen (Archer Fountain; 1527) and the Seiler-Brunnen, the latter with a statue of the foundress of the Insel Hospital (p. 167) on an ancient marble column. Farther on, beyond some interesting old guildhouses (Weavers, Smiths, Carpenters), is the Zeitglockenthurm (Pl. E, 3), the W. gate of the town in its earliest phase, but now its central point, rebuilt in the 15-17th cent., and recently decorated with frescoes. On the E. side is a curious clock, which proclaims the approach of each hour by the crowing of a cock, while just before the hour a troop of bears

marches in procession round a sitting figure. Being the heraldic emblem of Bern, the bear frequently recurs. Thus, on the neighbouring Zähringer-Brunnen (Pl. E, 3, 4), in the Kramgasse, Bruin appears with shield, sword, banner, and helmet. The Samson Fountain and the Gerechtigkeits-Brunnen, the latter in the Gerechtigkeitsgasse, also deserve notice.

The Kornhaus-Platz (Pl. E, 3) is embellished with the grotesque Kindlifresser-Brunnen (Ogre Fountain), with a procession of armed bears on the shaft of the column. The Kornhaus (Pl. E, 3), built in 1711-16, rebuilt and fitted up as a Trades School in 1896, contains in the basement the frequented Kornhaus-Keller (restaurant, p. 161), lately restored and decorated in the early-Bernese style). On the upper floor is the cantonal Industrial Museum (collection of samples and models, open gratis, 9-12 and 2-5, Sun. 10-12, and on Frid. evening, 7-9). — Near the Kornhaus a new Theatre is being built (see p. 161; to be ready in 1902). — The imposing \*Kornhaus Bridge, built in 1895-98 from the plans of A. & H. von Bonstetten and consisting of an iron roadway 1165' long and 41' broad, supported by stone piers, and 157' above the water (main arch 400' in span), leads from the Kornhaus-Platz, at an incline of 21/2:100, over the deep valley of the Aare, to the Schänzli (p. 167) and the new quarter on the Spitalacker (Pl. E-H, 1, 2).

At the E. end of the Metzgergasse are the modern Old Catholic Church (Pl. F. 3), Romanesque-Gothic, designed by Deperthes of Rheims, and the Rathhaus or Cantonal Hall (Pl. F, 3), erected in 1406-16 in the Burgundian late-Gothic style, and restored in 1862. The Rathhaus, approached by a fine flight of steps, and adorned with the arms of the Bernese districts, contains the Great Council and the Government Council rooms (fine wood-carving, stained-glass windows). — Adjacent is the State Chancellery, a late-

Gothic building of 1520-41.

On the E. side of Bern, where the old castle of Nydeck stood, the Aare is crossed by the handsome Nydeck Bridge (Pl. H, 3), in three arches, built in 1844 by K. E. Müller (tramway, see p. 161). The central arch has a span of 165' and is 100' high. On the right bank of the Aare is the Bears' Den (Bärengraben), where Bruin is maintained, according to immemorial usage, at the cost of the municipality. Bread and fruit are the only offerings permitted. — From this point an avenue of planes ascend to the right vià the Muristalden to the (1/4 hr.) Kirchenfeld Bridge (p. 164), affording a good view of the town and of the Matte quarter (p. 166), where the current of the Aare is turned to account for various industrial purposes.

The \*Cathedral or Münster (Pl. F, 4), a fine late-Gothic edifice, 285' long, 118' broad, and 77' high, was begun in 1421, completed in 1598, and restored in 1850. Round the roof runs a beautiful open Balustrade, the design of which is different between each pair of buttresses. The sculptures of the \*W. Portal (end of 15th cent.) represent the Last Judgment; in the outer arches are Christ, above, with the Virgin and John the Baptist on the left and right, and the Apostles; in the inner arches are the Prophets and

the Wise and Foolish Virgins. The Tower, 328' high, was com-

pleted in 1890-94 by Aug. Müller from plans by Beyer.

INTERIOR (adm. 20c.; Sun., 2-6, free). The Stained Glass on the N. side of the Choir (one window representing the dogma of Transubstantiation) dates from 1496; that on the S. side is modern (1867). The Choir Stalls (1523) are adorned on one side with Christ and the Apostles, on the other with Moses and the Prophets. A monument with the armorial bearings of Berthold von Zähringen, the founder of Bern (see p. 162), was erected by the city in 1600. Another in memory of the magistrate Friedrich von Steiger (d. 1799), bears the names of the 702 Bernese who fell on 5th March, 1798, at the Grauholz and at Neuenegg, in an engagement with the French. In front of this is an Entombment in marble, by Tscharner (1870). The great organ dates from 1849 and has 60 stops (performance four times weekly in summer at 8 p.m.; adm. 1 fr.). — The octagonal gallery of the Tower (340 steps; 20 c., to the top 50 c. more) commands a magnificent view, best in the early morning or the evening.

The Platz in front of the cathedral is adorned with an Equestrian Statue of Rudolph von Erlach, the victor at Laupen (p. 238), in bronze, designed by Volmar of Bern, and erected in 1848, with bears at the corners and inscriptions and trophies on the pedestal.

The \*Cathedral Terrace (Münster-Terrasse; Pl. F, 4), rising abruptly 110' above the Aare, formerly the churchyard, is now a shady promenade with seats, adorned with a bronze statue of Berthold von Zähringen (p. 162), by Tscharner, with Bruin as a helmetbearer. The view is justly celebrated. At the S.E. corner an electric lift (10 c.) descends to the quarter of Matte (p. 163), on the Aare.

From the Cathedral Square we follow the Herrengasse to the Municipal Library (Pl. E, 4; adm. on week-days, 2-4), containing numerous works on Swiss history, the University Library, and the Old University (Pl. E, 4). We then turn to the left and cross the Klosterhof to the \*Kirchenfeld Bridge (Pl. E, 4; splendid view), a bold iron bridge built in 1882-83, 113' above the Aare, which crosses the Aare Valley in two spans of 285' each, and connects the old town with the Kirchenfeld quarter.

Here, in the Helvetia-Platz, rises the \*Bernese Historical Museum (Pl. E, 5), a picturesque building in the mediæval style. designed by Lambert. Above the entrance is a large mosaic by P. Robert, intended to represent the aims of the museum; it includes figures of History and Poetry, and six male figures typifying the ages from prehistoric times to the present. Over the frieze, decorated with coats-of-arms, is the inscription: Sic transit gloria mundi. The museum is open in summer daily, 8-12 and 1-6, 50 c.; Sun.  $10^{1/2}$ -12 and 2-4, Tues. and Sat. 2-4, free.

MIDDLE FLOOR (first entered). The vestibule contains a bronze equestrian statuette of Adrian van Bubenberg (p. 166), by Lanz, and a Roman mosaic pavement from Toffen. — To the left (E.) is the Ethnographical Collection, consisting chiefly of objects from N. America (Greenland, United States, Canada), the islands of the Pacific (collection of Weber, the companion of Capt. Cook on his third voyage), China, Japan, Persia, Central Africa, Borneo, and Java. — To the right (W.) is the Archaeological Collection, including antiquities from lake-dwellings, implements of the flint, bronze, and iron periods, and Roman remains (fragments of a mosaic floor from Haracaraphychese, bronze, was from Grächwill) Herzogenbuchsee, bronze vase from Grächwil).

UPPER FLOOR. On the handsome staircase are Armour of the 15-16th cent. and modern Weapons and Banners, all from the Bern Arsenal. — To the right (E.). Room I. Weapons; Tapestry from Burgundy and the Netherlands, including embroidered Antependia from Lausanne and the Convent of Königsfelden (p. 23), of the 13-15th cent.; table from the Bern Town Hall, 1576; Ecclesiastical Vestments of the 14-16th cent. (by the windows); Stained Glass of the 16th century. — Room II. Articles in Wrought Iron, including some well-preserved swords of the 13-14th cent.; domestic implements and tools; bells; wooden baking moulds; tiled stoves; mediaeval relics; Bernese magistrate's chair of the 18th century. — Room III (Silver Chamber). About 100 silver Guild, Family, and Church Cups; badges of the Bernese guilds; Diptych, formerly supposed to be the field-altar of Charles the Bold, made at Venice after 1290 for King Andrew of Hungary, presented before 1357 to the Convent of Königsfelden by Queen Agnes, and in Bern since the Reformation; the original MS. of the Wacht am Rhein' by Max Schneckenburger; Bernese Coins and Medals. — To the left (W.) of the staircase. Room IV. Tapestry from Lausanne and Burgundy (with the Burgundian and other arms); carved coffers; beadles' and judges' staves; seals; old printed and illustrated books; embroidered clothing; fans; miniatures; brocaded carpets; pottery made in the canton of Bern. — From the oriel window there is a fine view of the town. — Room V. Views of Bern in the 17-18th centuries; seals; pictures of costumes. In an adjoining room, more pictures of costumes, musical instruments, etc. — On the upper landing, modern Swiss weapons and uniforms; shields of the 16th century.

GROUND FLOOR. Reproductions of Early Swiss Rooms.

On the S.W. side of the Kirchenfeld is the new Federal Record Office with the National Library (reading-room open 10-12 and 2-9).

On a height to the N.W. of the Kirchenfeld Bridge rises conspicuously the \*Bundeshaus, or Federal Palace (Pl. D, 4), a handsome edifice in the Florentine style. The Bundeshaus-Ost, erected from Auer's designs in 1888-92, accommodates the departments of war, manufactures, and agriculture; the Bundeshaus-Mittelbau or Parliamentary Building, a fine domed structure also by Auer (1894-1901), contains the chambers of the two legislative assemblies (the 'Nationalrath' and the 'Ständerath'). In front of the N. façade is a columned portico, above the pediment of which rises a statue of Helvetia, with allegorical figures of the Legislative and Executive Powers, by Niederhäusern; under the dome is a relief by Kissling, representing the Guards of Mountain and Valley. The S. façade, towards the Aare, bears a mosaic frieze decorated with the coats-ofarms of the 24 Swiss cantons; on the cornice are six statues (Farmer, Merchant, and Scholar by Albisetti, Soldier, Artist, and Artizan by A. Lanz). The Bundeshaus-West, built by Stadler and Studer in 1852-57, contains the Political Department, the Departments of the Interior and Justice, etc. In front of the Bundeshaus-West is a fountain-figure of Berna, in bronze, on a pedestal adorned with figures of the Seasons (1863). Archways on each side of the middle building lead on to the \*Bundes-Terrasse, adjoining the S. façade, with a splendid view of the Alps. - Near the Bundeshaus-Ost is the house once owned by A. von Haller (d. 1777), the physician and poet; adjacent, at the corner of the Inselgasse, is the Mint (1790-93). — In the Bären-Platz (Pl. D, 4) is the Museum (restaurant, see p. 161), adorned with statues of celebrated Bernese.

A Cable Tramway, 360' long (gradient 3:10), descends on the W. side of the Bundes-Terrasse to the Marzili quarter (baths, see p. 161). Car every 5 min.; fare 10 c. — Interesting walk thence, under the Kirchenfeld Bridge and through the busy Matte quarter, to the old Rathhaus (the 'Burger Hus') and the Läufer-Brunnen, adjoining the Nydeck Bridge (p. 163).

To the W. of the Federal Palace, passing the Bernerhof, a few paces bring us to the \*Kleine Schanze (Pl. C, 4), with its promenades, which afford a superb survey of the Bernese Alps (mountain indicator on the upper terrace), with the Aare Valley and the Kirchenfeld Bridge in the foreground. In the grounds is a bust of Niggeler (d. 1887), the Swiss 'Turnvater' ('father of gymnastics'). — On the N. side of the Kleine Schanze is the new Roman Catholic Church, a Romanesque basilica. — The Christoffelgasse leads hence to the N. to the Bubenberg-Platz (Pl. C, 4), where a Monument to Adrian von Bubenberg (1424-79), the defender of Morat against Charles the Bold, from a design by Leu, was erected in 1897.

The \*Art Museum (Kunst-Museum; Pl. D, 2) in the Waisenhaus-Str., built by Stettler in 1879, is open on week-days, 9-12 and 1-5 (adm. 50 c.; free on Tues. and on Sun., 10.30-12 and 2-4; catalogue 50 c.).

GROUND FLOOR. Two rooms to the left contain sculptures and casts. The vestibule of the UPPER FLOOR contains statues of Rebecca, Miriam, Ruth, and David, by *Imhof*; busts of Bianca Capello and of an Arab sheikh, after *Marcello* (p. 239); *Burnand*, Herd leaving the mountain-pasture. On the left, four cabinets with early German, Italian, and Netherlandish pictures, including several, by Nic. Manuel (1484-1520) and others, from Bern Cathedral. Adjoining these are four rooms with works of modern Swiss painters. Room I. To the left: 42. Castan, Lake of Oeschinen; no number, Sandreuter, At the Gate of Paradise; 16. Bocion, Fishermen of St. Saphorin; \*222. Steffan, Lake of Murg; 85. Frölicher, Handegg; no number, Louise Breslau, Twilight; 112. Annie Hopf, Prayer-meeting in the house of Th. Monod at Paris; 210. Stäbli, After the storm; 187. Rüdisühli, Deserted castle; \*17. Böcklin, Idyl of the sea; no number, Gos, Alpine lake; 163. Potter, Evening in S. Italy; \*95. J. Girardet, Lake of Geneva; 147. Diethelm Meyer, Woman of the Simmen-Thal; 137. Massarani, Oriental life; 242. Weiss, Street in Cairo; no number, E. de Pury, Market-boat. — Room II. Weiss, Street in Cairo; no number, E. de Pury, Market-boat. — Room II. To the left: 37. Alex. Calame, Waterfall near Meiringen; 144. A. de Meuron, Chamois-hunters; 178. Ritz, Engineers in the mountains; Anker, 7b. Boy reading to his grandfather, 7a. Soup of the poor; \*121. R. Koller, Strayed cow and calf; 182. Paul Robert, Echo; 207. Simon, Highroad; 143. A. de Meuron, Chamois-hunters resting; 100. C. Grob, Gossips; \*226. Vautier, Saying grace; E. Girardet, 92. Going to school, 93. Alms-giving; 34. Buchser, Caught by the tide; \*214. C. Stauffer, Sister of the artist; 7. Anker, The little friend; C. Stauffer, \*213. Mother of the artist, 219. Study of a skull, 216. Study of a head, 212. Crucified man; 84. Fröhlicher, Landscape in Upper Bavaria. — Room III. 43. G. Castan, Entrance of a wood; 18. Bodmer, Woodland springs; 229. Veillon, Tombs of the Caliphs at Cairo; 97. K. Girar-Woodland springs; 229. Veillon, Tombs of the Caliphs at Cairo; 97. K. Girardet, Battle of Morat; 47. Diday, The Lauterbrunnen-Thal; 228. Veillon, Spring on the Lake of Brienz; 38. Alex. Calame, Handegg; 115. Humbert, Cattle at a ford; 255. Zimmermann, Arolla Glacier; 48. Diday, Chalets at Wengen; 160. Pixis, Huss bidding farewell to his friends; 117. Jeanmaire, In the wood; no number, Benner, Girl drawing water; 256. Zünd, Forest landscape in autumn; 6. Anker, Examination at a village-school; 133a. A. Lugardon, Gorner Grat; 98. Giron, The model; 83. Frisching, Iseltwald; 39. Arthur Calame, Lake of Geneva at Hermance. — Room IV. 49. Diday, Landscape at evening; 209. Snell, Schmadribach; 155. D'Orschwiller, Apes' concert; 8. Bachmann, Going to a christening in winter; 94. E. Girardet,

The wooing; 88. Gehri, Golden wedding; 166. Prévost, Wood near the Grosse Scheidegg. — Room V (in three divisions). 201. Schrader, Abdication of Emp. Henry IV.; 144. Harrer, View of Olevano; 181. L. Robert, Italian girl; 235. Volmar, Giessbach; 158. Petua, On the Doubs; no number, Lüthy, Expectation; Anastasio, Ad bestias (Christian martyrs in the arena).

Opposite is the **Natural History Museum** (Pl. D, 3), built by A. Jahn in 1879-81 (open in summer, Tues. and Sat., 2-5, and Sun., 10.30-12.30 and 2-4, free; on other days, 8-6, adm. 50 c.).

GROUND FLOOR. In the entrance-hall are busts of A. von Haller (p. 165) and E. L. Gruner (d. 1883), the geologist; also a geological map of Switzerland. By the staircase is a group of chamois. The room to the right contains the Collection of Minerals, which includes two cases of magnificent crystals from the St. Gotthard and another with large black crystals from the Tiefen Glacier (p. 139). Bust of B. Studer (d. 1887). To the left is the Palaeontological Collection, rich in Alpine fossils. Perfect skeletons of the Irish elk and the cave-bear. Relief of the Bernese Oberland by Ed. Beck. — On the staircase is a fine collection of antlers. — On the first and second floors is the Zoological Collection. In the central saloon (1st floor), with ceiling-frescoes by Baldancoli, are large ruminants. In the room on the left, birds and eggs. In the room on the right, mammalia. Adjacent, a small room devoted to the Swiss fauna; Barry, the celebrated St. Bernard dog. — On the 2nd floor, to the left, reptiles, amphibia, fish, corals, and sponges; to the right, molluscs, crabs, insects, echinodermata, and worms.

Adjoining the Museum on the S.E. is a large School Building (Pl. D, 3). — The old Cavalry Barracks (Pl. C, 3) contain the interesting Educational Exhibition (groundfloor; daily, except Sun., 8-11 and 1-4, gratis), the Pharmaceutical Institute (1st floor), and the Zoological and Mineralogical-Geological Institutes (2nd floor).

The grounds on the Grosse Schanze (Pl. B, C, 3), above the station to the W., afford an extensive panorama (small view-tower, with mountain-indicator, on the Martinshügel). At the top are the Observatory (1880'), the new University (unfinished), the Women's Hospital, and a bust of President Stämpfli (d. 1879).

To the W. of the town, in the continuation of the Laupen-Strasse (Pl. A, 3, 4), are the large *Inselspital*, on the pavilion system (1880-84), originally founded in 1354 (in the Inselgasse), the *University Clinical Institutes*, and

the new Children's Hospital.

Crossing the Kornhaus Bridge (p. 163) or the Railway Bridge (p. 20), at the N.W. end of the town, we pass the Botanic Garden (Pl. D, 2) and reach (1/2 M.) the \*Schänzli (Pl. E, 2), with a caférestaurant (p. 161), a summer theatre, a terrace, and grounds commanding the finest view near Bern. In the foreground lies the picturesque city; above it rises the wooded Gurten; to the left, the Bernese Alps, and to the right, the Stockhorn chain, adjoined by the Freiburg Mts. — Beyond the Schänzli, in the Spitalacker and Beundenfeld (Pl. E-H, 1, 2), a new quarter is now springing up. Here also is the Military Depôt (Pl. H, 1) of Canton Bern.

About 1 M. to the N. of the Aarberg Gate, on the left bank of the Aare, beyond the Law Courts and the Deer and Chamois Park (comp. Pl. C, 1), is the \*Enge (café, see p. 161), rising high above the Aare, with promenades and view of the town and the Alps. Monument to Gottlieb Studer (1804-90), the Alpine authority. Adjacent is the beautiful Bremgarten Forest, with marked paths; one of its prettiest points is the Glasbrunnen, 1/2 hr. from

the Enge. — Beyond the Enge the walk may be prolonged, past the Pens. Jolimont and through fine beech-woods, to the Aare, opposite the château of Reichenbach (ferry; the return may be made viâ Zollikofen, p. 20).

The view from the \*Gurten (2825'), a long hill to the S. of Bern, embraces, besides the Bernese Alps (p. 161), the Stockhorn chain, the Freiburg Alps, the Jura for a distance of 100 M., with parts of the Lake of Neuchâtel, and, to the left, the Unterwald and Lucerne Mts. as far as Pilatus. Electric tramway (see p. 161) every 20-30 min. from the Bern railway-station in 16 min. to Wabern (Gurtenbahn Restaurant, with garden), whence an electric cable railway (station 5 min. up the hill; ascent 1 fr. 20, descent 60 c., return 1 fr. 50 c., Sun. 80 c.) ascends in 10 min. to the station of Gurtenkulm (\*Curhaus & Hôt.-Pens. Gurtenkulm, comfortably fitted up, with a large restaurant).

About 9 M. to the S. of Bern (railway in 20 min. to Kehrsatz, see below, About 9 M. to the S. of Bern (railway in 20 min. to Kehrsatz, see below, and thence by road in 1 hr.) lies Zimmerwald (2815'; Hôt.-Pens. Beau-Séjour), charmingly situated, whence the Bütschelegg (3470'; inn), with an extensive view, may be ascended in 11/4 hr. — During a longer stay excursions may be undertaken to the Frieswilhubel (2385'; 4 hrs.), to the Falkenfuh (3410'; 2-21/2 hrs. from Kiesen, see p. 169), and to the Belpberg (2935'). The ascent of the last from Belp (railway from Bern in 1/2 hr., see below) takes 11/4 hr.; the descent may be made to (1/2 hr.) Gerzensee (2110'; \*Hôt.-Pens. Bär; Kreuz; fine view), and then viâ the Thalgut (\*Restaurant), beautifully situated on the Aare, to (1/2 hr.) Wichtrach station (p. 169).

To the Gurnigel-Bad (21 M.): railway to (13 $\frac{1}{2}$  M.) Thurnen (opened for traffic in 1901) in  $\frac{3}{4}$  hr. (fare 2 fr. or 1 fr. 35 c.); diligence thence to ( $\frac{7}{2}$  M.) Gurnigel twice daily in 3 hrs. (descent, 11/2 hr.; fare 6 fr., coupé 7 fr. 50 c.). For the present a diligence also plies from Bern to Gurnigel by the old road twice daily in summer (5 hrs.). Carriage-and-pair from Thurnen or Bern (ordered from the baths by letter or telegram), 40 fr. and fee of 5 fr. — The new railway through the Gürbe-Thal diverges to the left from the Lausanne line and describes a wide curve towards the S.E. 33/4 M. Bern - Weissenbühl; 41/2 M. Gross - Wabern (to the Gurten, see above); 61/4 M. Kehrsatz (to Zimmerwald, see above). Near (8 M.) Belp the railway approaches the Gürbe (to the Belpberg, see above) and then skirts its left bank viâ  $(10^{1}/_{2} \text{ M}.)$  Toffen and (12 M.)Kaufdorf to (131/2 M.) Thurnen, the station for Gurnigel. [Beyond Thurnen the railway goes on to (151/2 M.) Burgistein-Wattenwil, whence it is to be continued to Thun in 1902.] — The road (carriages, see above) leads to the right viâ Mühlethurnen to (2½ M.) Riggisberg (2500'; Sonne), and thence to the left to (21/2 M.) Rüti (2710'; inn), in a wood-girt valley, and (1/2 M.) Dürrbach (2735'; inn), a beautifully situated village, beyond which we ascend steeply by the Laasweid and through the Gurnigelwald to the (2 M.) \*Gurnigel-Bad (3800'), a favourite health-resort, with a spring impregnated with lime and sulphur, situated on a broad plateau (550 beds, R. 21/2-9, board 6-8 fr.; rooms should be engaged in advance in July and August).

Extensive wood-walks in the environs: to (1/2 hr.) Seftigschwend (3515'; inn); to the (40 min.) \*Bellevue Pavillon (3620'; restaurant), with view of the Alps from the Pilatus and Titlis to the Stockhorn; past the Lashöfe to the (3/4 hr.) Längnei-Bad (2900'); to the (1 hr.) Obere Gurnigel (5085'), an admirable point of view; to the (11/2 hr.) Seelibühl (5750'), etc. — Over the Seelibühl-Grat to (3 hrs.) Bad Schwefelberg or (31/2 hrs.) Bad Ottenleue, see p. 223; over the Gantrisch to Bad Weissenburg (5-6 hrs.), see p. 222.

#### 43. From Bern to Thun.

19<sup>1</sup>/<sub>2</sub> M. RAILWAY (*Centralbahn*) in 40-65 min. (3 fr. 35, 2 fr. 35, 1 fr. 70 c.). View to the *right* as far as Münsingen; thence to Uttigen on the *left*. — Through-trains from Bern to *Interlaken* (*Thunersee Railway*, p. 172).

Bern, see p. 160. On the Wiler-Feld (p. 20) the train turns to the right. View of the Alps to the S.; lunatic asylum of Waldau on the left. 3 M. Ostermundigen. — 5 M. Gümligen (Hôt. Mattenhof, well spoken of), junction for Lucerne (p. 157);  $2^{1}/_{4}$  M. to the E. is the \*Pension Dentenberg (2325'); the Giebel ( $^{1}/_{4}$  hr. from the station) commands a fine view. — 8 M. Rubigen; 10 M. Münsingen (Löwe, R.  $^{11}/_{2}$ -3, pens. from 4 fr.). On the right rise the Stockhorn and Niesen, on the left the Mönch, Jungfrau, Blümlisalp, and (farther on) Eiger.  $^{121}/_{2}$  M. Wichtrach. — From ( $^{141}/_{2}$  M.) Kiesen a road ascends by Diesbach (p. 20) in  $^{21}/_{2}$  hrs., and a footpath viâ Brenzikofen in 2 hrs., to the Falkenfluh ( $^{3410}$ '; \*Hôtel-Pension, pens. 4-5 fr.), a health-resort with a fine view. Near ( $^{151}/_{2}$  M.) Uttigen we cross the Aare.

19½ M. Thun. — Railway Stations. Thun, the chief station, on the N.W. side of the town (Restaurant, D. 1½-2½ fr.); Scherzligen (Thuner See), to the S. (for Interlaken), where passengers alight for the steamer. — The Steamer (p. 173) calls at Thun-Stadt, near the Hôtel Freienhof, at Thun-Hofstetten, above the large hotels, and at Scherzligen, close to the railway-station (p. 172). In summer most of the steamers start from Hofstetten, but none stop there in winter.

Hotels. \*Thunerhof, a large first-class house, with a garden on the Aare, R. 4-8, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 5, pens. 10-16, omn. 1 fr.; \*Bellevue (owned by the same company), with grounds, R. from 3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4<sup>1</sup>/<sub>2</sub>, pens. 7-15 fr., concert thrice daily; \*Pension Itten, R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, déj. 2, D. 3, pens. 6<sup>1</sup>/<sub>2</sub>-7 fr.; \*Hôt.-Pens. Baumgarten & Victoria, with grounds, R. 2<sup>1</sup>/<sub>2</sub>-5, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4, pens. 7-10 fr. — \*Freienhof (Pl. c), in the town, with café-restaurant and garden on the Aare, R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, S. 2, pens. 6-9 fr.; \*Falken (Pl. a), near the station, with terrace on the Aare, R. 2-3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, S. 2, pens. 6-8 fr.; \*Weisses Kreuz (Pl. d), next the post-office, D. 3 fr.; \*Krone, Rathhaus-Platz (Pl. R P.), R. 1<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub>, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, S. 2, pens. 4<sup>1</sup>/<sub>2</sub>-6 fr.; Schweizerhof (Pl. b), R. 2-3, B. 1, D. 2<sup>1</sup>/<sub>2</sub>, pens. 6-7 fr.; Bear, Hôt. Emmenthal, Gasthof zu Schmieden, all unpretending. — Pens. Alpenblick, well spoken of, 5-6 fr.; Pens. Müllergut, Frutig-Str. 68, 4 fr.; Pens. Hünibach, 1 M. from Thun on the Oberhofen road, 4 fr.

BEER: Munich beer at the Falkenhalle. Native beer at the Freienhof (see above); Steinbock; Aktienbrauerei Thun; Schmieden; Café Bellevue, Schwäbis-Promenade; Café Bellerive, Hofstetten; also in several beer-gardens.

CURSAAL with garden, near the two first-named hotels; concerts daily 4-5 p.m. (adm. free) and 8.30-10-30 p.m. (adm. 50 c.). Tax, each persper day 25 c.

BATHS in the very rapid and cold Aare, to the N. of the town, 50 c. Warm Baths at the Bällitz Baths. — BOAT on the lake, 3 fr. per hour, 2 hrs.

5 fr., 3 hrs. 7, half-a-day 8, whole day 10 fr.; but better terms may sometimes be made. - Money Changers. Cantonal Bank, Allmend-Brücke 23, near the rail. station; Spar- und -Leihkasse Thun, Unter-Bällitz 8.

Post & Telegraph Office (Pl. P), in the Bällitz.
Cas to or from the station 1 fr. Carriage with one horse for the first hour 5, with two horses 10 fr., each addit. hour 3 and 5 fr. To Wimmis 8 or 15, to Kandersteg 22 or 40, to Weissenburg 13 or 24, to Zweisimmen 28 or 50, Gessenay 35 or 60, Gsteig 40 or 70, Château-d'Oex 40 or 70, Aigle 80 or 150, Gurnigel 25 or 45 fr.

The ART POTTERY of Thun has some reputation. One of the chief potteries is that of Wanzenried at Schwäbis, 1 M. to the N.W. (depôt in Thun-Hofstetten); others are at Heimberg (p. 171).—Photographs at Moegle's, next door to the Thunerhof.

ENGLISH CHAPEL in the grounds of the Bellevue. - ROMAN CATHOLIC

SERVICE in the new church near the Thunerhof.

Thun (1844'; pop. 6029), a quaint old town, charmingly situated on the rapid green Aare, 3/4 M. below its efflux from the lake, is a fitting portal to the beautiful Oberland. All the open spaces in the town command splendid views to the S.E. of the snowy peaks of the Blümlisalp and the Doldenhorn (see the Niesen Panorama at p. 171, lower range, to the left), with the Niesen in the foreground and the Stockhorn chain to the left of it. Thun is the headquarters of the Swiss artillery, with barracks and training grounds. On the other side of the Aare, near the barracks, is the Federal station for cavalry remounts (ca. 600 horses).

Above the town rises the bold square tower of the old Castle of Zähringen-Kyburg (1935'; Pl. S), with its corner-turrets, erected in 1182. Within the castle is the Amts-Schloss, or residence of the Bernese bailiffs, erected in 1429. It may be reached from the N. gate (1/4 M. from the station, viâ the bridges), by a covered flight of steps from the market-place (Pl. R P), and on the S.E. by another flight of steps, or by an easy path from the Hôtel Baumgarten. The tower contains a small historical museum (50 c.). A walk round the castle reveals beautiful views. Still more picturesque are the views from the Church (Pl. K; 1738), to the S.E. of the castle, and from the

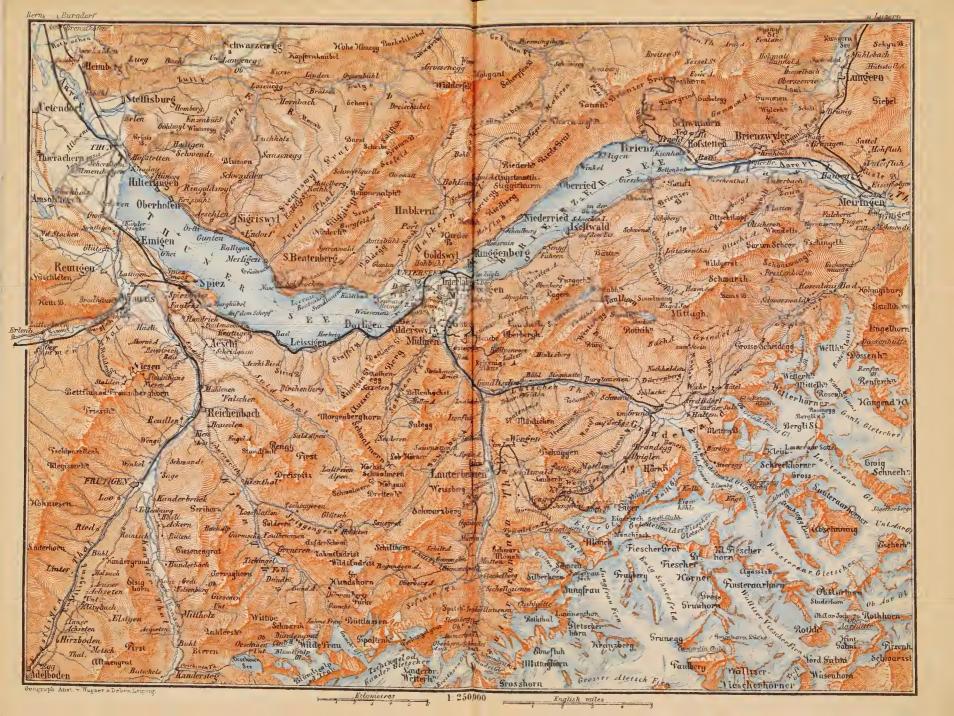

pavilion in the corner of the churchyard.

Walks. On the right bank of the Aare, about 110 yds. above the Thun-Hofstetten landing-place (p. 169), is a finger-post (left) indicating a flight of steps, which ascends, at first between houses, to the (1/4 hr.) \*Pavillon St. Jacques (Jakobshübeli; 2100'), commanding the lake, the Alps from the Finsteraarhorn to the Doldenhorn, Thun, and the valley of the Aare. [Guests of the Hôtel Bellevue can reach this point by a prettier route through the hotel-grounds.] A way-post here shows the way to (10 min.) the Pavilion (fine view of Thun); to the (3/4 hr.) Rabenfluh; to the (25 min.) Kohleren Waterfalls; and to (1 hr.) the Haltenegg (see p. 171). Close to the Pavillon St. Jacques is the *Pension-Curhaus Obere Wart* (pens. 5 fr.). — Another walk is by the road on the right (N.) bank of the Aare and of the lake across the Bächimatt, with its pretty grounds and Alpine view, to the (20 min.) Chartreuse. Here (or by a shorter path 8 min. farther back) we turn to the left, passing the Bächihölzli, cross (10 min.) the Hünibach, and follow a path through the picturesque Kohleren Ravine, where the brook forms several small falls. This path ascends to the Grüsisberg wood (see below) and the Goldiwil road (1/2 hr.; see below).

The Goldiwil Road, which diverges to the right from the Steffisburg road, at the 'Hübeli', a few hundred yards to the N. of the town (shorter

path to the right at the Hôt.-Pens. Baumgarten, with numerous guideposts), leads along the slope of the Grüsisberg, the fine woods of which are intersected by numerous walks. Fine view of the town, the valley of the Aare, and the Stockhorn chain from the Rappenfluh or Rabenfluh (2910'; 1 hr.). Hence we may return to the town, in a curve towards the N., viâ the Brändlisberg (2397'; 20 min.), another view-point, and the Pavillon St. Jacques (1/2 hr.), or we may go to the S. direct to the Pavillon (1/2 hr.). After about 21/4 M. the Goldiwil road joins a road connecting it with the Bächimatt road on the right bank of the Aare, and divides. The left branch leads to (11/2 M.) Goldiwil (3155'; Pens. Blümlisalp, R. 1-2 fr., D. 1 fr. 80 c., S. 1 fr. 30 c., pens. 4-5 fr.; Restaurant Alpenruh), the right to (21/4 M.) Heiligenschwendi (3324'), 3/4 M. to the S. of which is the "Haltenegg (3283'), affording a magnificent view of the lake and the Alps.

Schloss Schadau, 1/4 M. to the S. of Scherzligen, see p. 173 (park open on Sun.). — Schloss Hünegg,  $1^{1}/2$  M. to the S. of Thun-Hofstetten, see p. 173 (visitors admitted to the grounds and hothouses on application to the gardener).

Longer Excursions. To the N. of Thun (1½ M.; carr. with one horse 3 fr.) is the considerable village of Steffisburg (1930; Landhaus Inn), on the Zulg (rail. station, see p. 20), whence we may ascend in ½ hr. to the small and well-sheltered \*Schnittweyer-Bad (2625'; pens. 4-5½ fr.), with its mineral spring and pretty walks. — From Steffisburg a charming walk leads to the N.W. over the Hartlisberg (2295'; fine view) to (½ hr.) Heimberg, chief seat of the majolica manufacture (station, see p. 20); return by the Bern road to (1 hr.) Thun. — Thierachern (1867'; Löwe), with fine view, 3 M. to the W.; 3 M. farther to the W., Bad Blumenstein (2210'; pens. from 5 fr.), and the Fallbach; thence footpath, passing the Pavillon Bellevue, to (½½ hrs.) the Gurnigel-Bad (p. 168). — Baths of Schwefelberg (3½ hrs. to the W. of Blumenstein, beyond the Gantrisch Pass), see p. 223. — Burgistein (2690'), a village and castle with fine view, 8 M. to the N.W. of Thun. — Amsoldingen (Roman tombstones), 3½ M. to the S.W. The undulating district between the Stocken-Thal and Thun abounds in beautiful walks and mountain-views. — The Stockhorn (7195'; from Blumenstein or Amsoldingen ½ hrs.), see p. 222.

Electric railway from Thun to Burgdorf, see p. 20.

#### 44. The Niesen.

Two Bridle Paths: on the N. side from Wimmis (see below; 5-51/2 hrs.), on the E. from the Heustrich-Bad (p. 172; 41/2-5 hrs.). The former has shade in the morning, the latter in the afternoon. Horse to the top and back 15 fr., or, if the start is later than 10 a.m., 20 fr.; from Wimmis to Heustrich over the Niesen (or vice versâ), 22 and 28 fr. — Guide (unnécessary) 10 fr. Chair-porters 12 fr. each (four porters required for one chair).

Spiez (p. 174) is the station both for Wimmis ( $2^{1}/_{2}$  M.; railway in 11 min., 28 or 20 c.) and for the Heustrich-Bad (3 M.; railway to Aeschi-Heustrich in 10 min., 60, 45 c.). — Railway to Wimmis, see p. 221. — The Kander-Thal road (comp. p. 212) crosses the railway near Spiezmoos, at its junction with the Thun road, and leads to the left to ( $1^{1}/_{4}$  M.) Spiezwiler (Bär). It then divides, the left branch leading to Heustrich-Bad (see p. 172), while the right branch descends in a wide curve (or we may take a direct path through wood to the left) to the Kander-Brücke. Fine view of the Blümlisalp. Then a slight ascent to (2 M.) —

Wimmis (2075'; pop. 1420; \*Löwe, R. 2-4, B. 11/4, D. 3, S. 2, pens. from 5 fr.; Hôt. Niesen, unpretending), a pretty village at the E. base of the Burgfluh (3248'), overlooked by a castle, now

a school and public offices. The church is mentioned in ancient

documents as early as 533.

ASCENT OF THE NIESEN FROM WIMMIS. The route (at first a narrow cart-track) ascends on the S. side of the Burgfluh. After 35 min. it crosses the Staldenbach; 3 min. later, by a gate, is a finger-post indicating the path to the left ('Niesen 33/4 hrs.'), which ascends in zigzags through pastures and wood, passing the chalet on the Bergli. By the (2 hrs.) chalets of Unterstalden (4940') the path crosses to the right bank of the Staldenbach, and winds up the slopes of the Niesen, past the chalets of Oberstalden (5833'). The prospect first reveals itself beyond the (11/4 hr.) Staldenegg (6345'), a sharp ridge connecting the Bettfluh or Fromberghorn (7864') with the Niesen. Thence to the top 1-11/4 hr. more.

The RAILWAY to AESCHI-HEUSTRICH (see p. 211) diverges to the right from the line to Interlaken, threads the Hondrich Tunnel (1 M. long), and then runs high up on the N. side of the Kander-Thal, with a view of the Blümlisalp to the S., to (3 M.) Aeschi-Heustrich (2355'; Restaurant). A footpath leads hence to the right to (1/2 hr.) Aeschi (p. 174), while a road descends to the left, crosses the Kander (2230'), and reaches the much-frequented —

\*Heustrich-Bad (2295'; R. 2-6, B. 11/2, D. 31/2, S. 21/2, pens. 5-7 fr.; S.B.G.H.), charmingly situated at the foot of the Niesen, with an alkaline-saline sulphur-spring and a beautiful view of the

Blümlisalp.

A bridle-path (poor at places) ascends the grassy slopes behind the baths in zigzags. When it divides, the steeper branch must be selected. We first reach (40 min.) an old lime-tree, with a bench. Then through wood (1½ hr.) and over pastures, past the chalets of Schlechtenwaldegg and the Hegern-Alp (6308), and in numerous windings to the (2½-3 hrs.) summit. Milk at the two upper chalets.

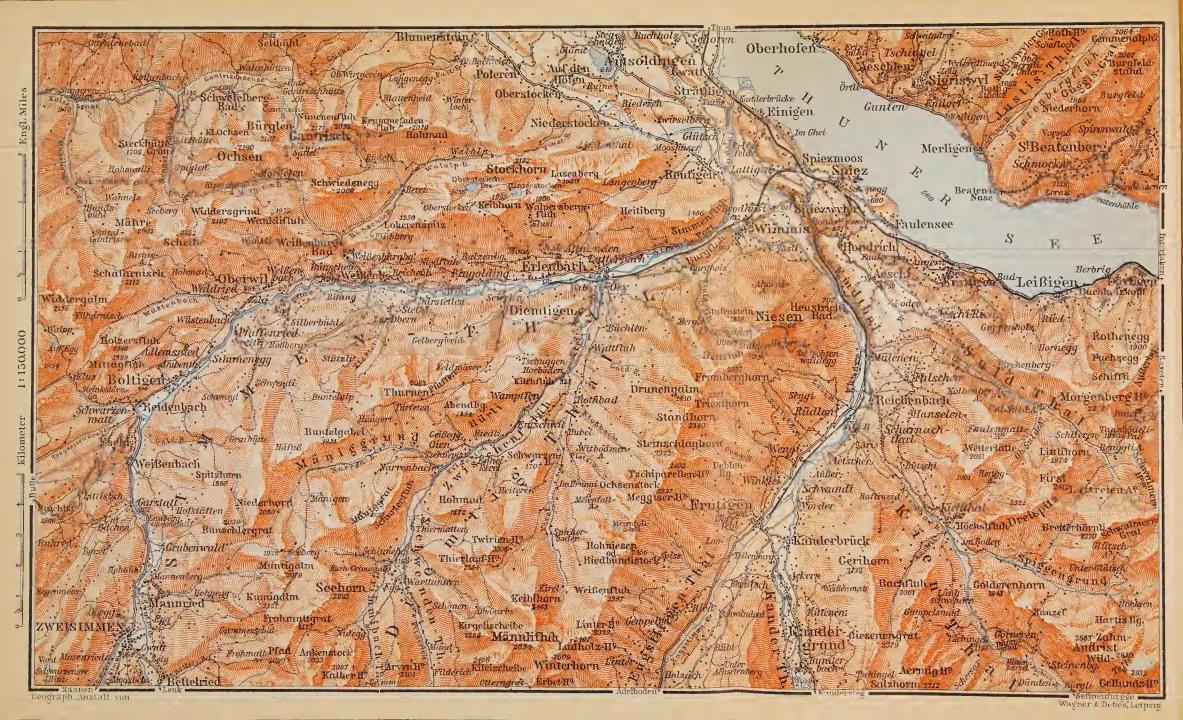

The \*Niesen (7763'; Hôt. Niesenkulm, 5 min. below the top, R. 3-4 fr., B. 1 fr. 80 c.; telephone), the conspicuous N. outpost of a mountain-chain extending S. to the Wildstrubel, and like Pilatus regarded as an infallible barometer, rises in the form of a pyramid. The rocks at the base are clay-slate, those of the upper part sandstone-conglomerate. The view vies with that from the Faulhorn (comp. the Panorama, p. 171). The beautiful snow-clad Blümlisalp is seen to great advantage. Best light towards sunset or before 10 a.m.

## 45. From Thun to Interlaken. Lake of Thun. a. Thunersee Railway.

171/2 M. RAILWAY in 52-63 min. (fares 4 fr. 10, 2 fr. 75, 1 fr. 95 c.); from Bern to Interlaken in 11/2-21/4 hrs. (fares 7 fr. 45, 5 fr. 10, 3 fr. 65 c.). — Through railway tickets may be also used for the steamboat (see p. 173), but allow no break in the journey. For a prolonged stay on the lakes of Thun and Brienz the family subscription or mileage tickets for rail and steamboat are advantageous and effect a saving of about 50 per cent; they may be had (from 3 fr. upwards) at all the railway and steamboat stations. — For cyclists the roads on both the N. and S. sides of the lake from Thun to Interlaken may be recommended.

Thun, see p. 169. — 1/2 M. Scherzligen (see p. 169), at the efflux of the Aare, close to the steamboat-pier (see p. 173). To the right, a view of the Stockhorn chain; to the left, the Bernese Alps from

the Wetterhorn to the Blümlisalp. 21/2 M. Gwatt (Schäfle; Post). Beyond Strättligen, with its old tower, we cross the gorge of the

Kander (p. 212) by a handsome bridge, 98' high.

6 M. Spiez (2070'). The station is high above the village (p. 174); splendid view of the Lake of Thun and the mountains on its N. bank (Ralligstöcke, Sigriswiler Rothhorn, etc.); in the foreground, Spiez with its château, and to the S.E. and S., the Bernese Alps. -Simmen-That Railway, see p. 221. To Frutigen, see p. 212.

Beyond Spiez the line descends past Faulensee (p. 175); it then skirts the precipitous S. bank, passing through three tunnels near Krattigen. 12 M. Leissigen (Steinbock; Weisses Kreuz), pleasantly situated at the foot of the Morgenberghorn (p. 181; road to Aeschi, see p. 175). Beatenberg (p. 176) is visible high above the N. bank. — 141/2 M. Därligen (Pens. Seiler, Schärz, Schwalbenheim; Hôt.-Pens. Bellevue, well spoken of, pens. 4-6 fr.). To the left, near the influx of the Aare, is the ruin of Weissenau. The train skirts the Aare Channel and reaches the station of (171/2 M.) Interlaken (p. 177).

#### b. Steamboat Journey.

STEAMBOAT (restaurant on board, D. 21/2 fr.), 6-7 times daily in 2 hrs. fare 2 fr. 75 c.). — General season tickets for the steamboats on the lakes of Thun and Brienz for 8 days 1st class 8, 2nd cl. 5 fr., 15 days 10 and 7, 30 days 15 and 10 fr. (less for families). — Railway passengers wishing to go on by steamboat change at Scherzligen (p. 172).

The steamer (comp. p. 169) starts in summer from Hofstetten, ascends the Aare, and stops at rail. stat. Scherzligen (p. 172). To the left, among trees, is the Chartreuse (p. 170); to the right, on a peninsula at the efflux of the Aare, Schloss Schadau, a turreted building in the English Gothic style, with a large park (p. 171).

The Lake of Thun (1840'), which the steamer now enters, is 11 M. long and nearly 2 M. wide; its greatest depth is 702'. The \*View from the steamer is magnificent. The Stockhorn (7195'), with its conical summit, and the pyramidal Niesen (7763') rise on the right and left of the entrance to the valleys of the Kander and Simme (p. 221). To the left of the Niesen are the glittering snow-fields of the Blümlisalp; on the right, the Fründenhorn, Doldenhorn, Balmhorn, Altels, and Rinderhorn gradually become visible (from left to right). In the direction of Interlaken appear successively (from right to left) the Mittaghorn, Jungfrau, Mönch, Eiger in the foreground, and farther off the Schreckhorn and Wetterhorn.

The steamer skirts the N.E. bank, with its villas and gardens, and woods above them, and passes the pretty village of Hilterfingen. To the left is the château of Hünegg, in the French Renaissance style. The boat touches at Oberhofen (\*Pens. Moy, R. 2-21/2, B. 1, D. 21/2, S. 2, pens. 5-61/2 fr.; \*Hôt.-Pens. Victoria, R. 11/2-2, B. 11/4, D. 3, S. 21/2, pens. 6-7 fr.; \*Pens. Oberhofen; Pens. & Restaurant Zimmermann), which has a picturesque château of Count Harrach.

and at Gunten (\* $H\hat{o}t$ .-Pens. Hirsch, with garden, R.  $1^{1}/_{2}$ -3, B. 1, D.  $2^{1}/_{2}$ , S.  $1^{1}/_{2}$ , pens. 5-6 fr.; \*Pens. du Lac, 5 fr.; Pens. Amez-Droz, well spoken of, all on the lake and recommended for a stay;

\*Pens. Schönberg, on the hill, pens. 4-6 fr.).

In the vicinity (1 M. from the lake) the water of the Guntenbach has formed a curious gorge with a waterfall (accessible in dry weather only). — A beautiful view of the lake, the district between Thun and Bern, and the higher Alps, is obtained from the so-called \*Nussbaum (2625'), on the Erizbühl, between Oberhofen and Gunten (about 3/4 hr. from each place). The route from Gunten leads through the interesting ravine of

the Oertlibach, crossing the road to Aeschlen.

A road (diligence in summer twice daily in 1 hr.; one-horse carriage from Gunten 6, from Thun 10, two-horse 18 fr.) ascends from Gunten to (2½ M.) Sigriswil (2620'; \*Bear, R. 1-3, B. 1½, D. 2½, pens. 4½-6 fr.), a prettily situated village. The Blume (4577'; fine view) is ascended hence in 2 hrs. viâ Schwanden. An interesting path (4 hrs., with guide) leads viâ Zelg and Wiler-Allmend to the (2½ hrs.) Unter-Bergli Alp (5510'; fine views) on the Sigriswil-Grat, and thence viâ (¾ hr.) Ober-Bergli (5975') to the (¾ hr.) top of the \*Sigriswiler Rothhorn (6735'; last ascent very steep, for steady heads only). On the abrupt slope of the Sigriswil-Grat towards the Justis-Thal (p. 175) is the \*Schafloch (5840'), a large ice-cavern, reached from Ober-Bergli by a giddy path in ¾ hr. (guide, ice-axe, and torches necessary).

The steamer now crosses the lake, at its broadest part, to -

Spiez. — Hotels. \*Spiezer Hof, by the pier, with garden and lakebaths, R. 3-6, B. 1½, déj. 3, D. 4, pens. 6-12, omn. 1 fr.; \*Schloss-Hôtel Schonegg, ½ M. from the lake, near the rail. station, with garden and fine view, R. 3-6, B. 1½, D. 3½, S. 3, pens. 7-12 fr.; \*Pens. Erica, well situated, R. 2½-3, B. ½, D. 3, S. 2, pens. 5-7 fr.; Pens. Itten, 3 min. to the W. of the station, pens. 5-6 fr.; Pens. Villa Schlösel, near the station, 5 fr.; Railway Hôtel & Restaurant, with fine view of Spiez and the lake, R. 3-3½ fr., B. ½, D. 3 fr. — Post & Telegraph Office, at the railway station (electric tramway from the lake to the station in construction, to be opened in 1902). — Carriage from the rail. station or pier to Wimmis 4, with two horses 7 fr.; to Heustrich-Bad 5 or 10 fr.; to Faulensee-Bad 5 or 10 fr.; to Aeschi 6 or 12 fr.; to Frutigen 10 or 18 fr.; to Blausee 12 or 22 fr.; to Kandersteg 18 or 32 fr.; to Interlaken 12 or 20 fr. — English Church Service in summer. — Roman Catholic Chapel, ¼ M. from the station.

The village of Spiez, the starting-point for an ascent of the Niesen (p. 171) and for excursions to the Kander and Simme valleys (pp. 212, 221), is attractively situated. The picturesque old château, formerly that of the Erlach family, has been restored and is surrounded with grounds. The road ascends among the houses and orchards of the village and divides into three branches at (1/2 M.) Pension Itten. That in a straight direction leads to the (1/4 M.) Railway Station (p. 173; 230' above the lake; 3/4 M. from the pier), that to the left to Faulensee (see p. 175), and that to the right to Wimmis and the Kander-Thal (pp. 171, 212).

FROM SPIEZ TO AESCHI, 21/4 M. (carr., see above). The road diverges to the left from the Kander-Thal road, about 3/4 M. to the S. of Spiezwiler (p. 171). Walkers may follow the Faulensee road from the rail. station and then (20 min.) ascend the path leading first to the right and then to the left (finger-post; 1/2 hr.). The village of Aeschi (2818'; \*Hôt.-Pens. Bär, R. from 2, B. 11/4, D. 31/2, S. 21/2, pens. 5-9 fr.; \*Hôt.-Pens. Blümlisalp, R. 2-31/2, B. 11/4, D. 3, S. 2, pens. 5-7 fr.; \*Hôt.-Pens. Niesen, pens. 5-7 fr.; \*Pens. Alpenrose, 4-6 fr.; Pens. Linde, with fine view, unpretending, 4-41/2 fr.; \*Pens. Kopp, 1 M. from the village, moderate) lies on the height between the

Oberland.

Lake of Thun and the Kander-Thal, with a charming view of the lake, and is visited as a health-resort. A pleasant road also leads in 2 hrs. from Leissigen is visited as a health-resort. A pleasant road also leads in 2 hrs. from Leissigen (p. 173) to Aeschi vià Krattigen (Stern). From Aeschi to the Heustrich-Bad (p. 172), footpath in 35 min.; to Mülenen, road in ½ hr. (The Faulensee-Bad, see below, is 1 M. to the S.E.) — From Aeschi to Saxeten, a pleasant route (6½ hrs.). Road by Aeschi-Ried (3280'; Pens. & Restaurant Schönbühl, pens. 4-6 fr.) to the (6 M.) Untere Suldalp (3418') in the Suldthal; then a bridle-path, past the fine Pochten Fall, to the (1½ hr.) Schlieren-Alp (4675'); ascent to the left, viâ the Renggli-Alp, to the (1½ hr.) Renggli or Tanzbödeli Pass (6168'), between the Morgenberghorn and the Schwalmern; then descent by the Innerberg-Alp to (1½ hr.) Saxeten (p. 180). The Morgenberghorn (7385') may be ascended from the Renggli Pass in 1 hr. (guide necessary for the inexperienced: comp. p. 181). The Schwalmern (8135'). necessary for the inexperienced; comp. p. 181). The Schwalmern (8135), ascended from the Renggli Pass in 3 hrs. with guide (toilsome), see p. 181.

From Spiez two black peaks are visible for a short time to the E., above the S. bank of Lake Brienz; that to the right is the Faulhorn, that to the left (the broader) the Schwarzhorn. The next station on the S. bank is Faulensee, above which (3 M. from Spiez, one-horse carr. 5 fr.) is the Faulensee-Bad (2265'; \*Hôtel Victoria, pens. 7-12 fr.; Eng. Ch. Serv. in summer), with a mineral spring,

pleasant grounds, and beautiful view.

On the N. bank we observe the abrupt Sigriswil-Grat, with the bold Ralligstöcke (5452'), the Sigriswiler Rothborn (6735'), and the Niederhorn (6445'). On the lake is Schloss Ralligen. Beyond stat. Merligen (\*Hôt. Beatus, with garden on the lake, pens. 5-6 fr.; Pens. du Lac), at the mouth of the Justis-Thal, the steamer touches at the (1/4 hr.) Beatenbucht (restaurant), the station for St. Beatenberg (p.176). — The Nase, a rocky headland, here juts into the lake. High up on the steep bank runs the bold road (p. 176), hewn in the rock and passing through two tunnels. On the lake is the château of Lerau, near the Beatenbach, which issues from the Beatushöhle, 3/4 M. above the road, making a noise like thunder in spring and after heavy rain. Farther on the road threads three more tunnels, crosses the ravine of the Sundgraben (p. 176), in which lie the houses of Sundlauenen, and leads past the Kübli-Bad or St. Beatus-Bad, the Neuhaus, and the Pension Simpkin (p. 177) to Unterseen.

The steamer, which sometimes calls at Leissigen (p. 173) and Därligen (p. 173), both on the S. bank, next enters the Aare Channel (13/4 M. long; to the left, the ruin of Weissenau, p. 173) and stops at the landing-place Interlaken-Thunersee, near the W. or principal

station of Interlaken (p. 177).

FROM BEATENBUCHT TO ST. BEATENBERG, Cable Tramway in 16 min. (ascent  $2^{1}/2$  fr., descent 1 fr., return-fare 3, on Sun. 2 fr.). The line is 1 M. long and has an average gradient of 1:3. The station at the top has a restaurant with rooms.

From Interlaken to St. Beatenberg, by road, 7 M. The direct road diverges to the left from the Habkern road (p. 181), about 1 M. from Unterseen, crosses the Lombach, and winds upwards through the wood (one-horse carr. 13, two-horse 24, to the Curhaus

14 or 25 fr.). Walkers, with the aid of short-cuts, take 1 hr. from the Lombach bridge to a roadside inn, and  $^{3}/_{4}$ hr. thence to the Hôtel des Alpes; as, however, there is little shade, walking is not recommended in warm weather. — The road from Interlaken to Beatenbucht (5 M.), resembling the Axenstrasse (p. 106), is also attractive for either walking or driving. It leads from Neuhaus along the steep and wooded bank of the lake, finally high above it (two tunnels), and affords splendid views of the lake and the Bernese Alps (carr. from Interlaken to Merligen and back 9, with two horses 16 fr.).

St. Beatenberg. — Hotels (enumerated from W. to E.). — \*Hôtel St. Beatenberg and Curhaus Müller, at the W. end of the village, near a wood, with 120 beds, R. 2\(^1/2\)-6, B. 1\(^1/2\), déj. 2\(^1/2\)-3, D. 4-5, pens. 8-12 fr. (S.B.G.H.); \*Hôt.-Pens. Beatus, R. 1\(^1/2\), D. 2, S. 1\(^1/2\), pens. 4-5 fr.; \*Pension Beatrice, R. 1\(^1/2\)-2\(^1/2\), B. 1, D. 2\(^1/2\), S. 1\(^1/2\), pens. 5-7\(^1/2\) fr.; Pens. Waldheim; Pens. Rosenau, 5-6\(^1/2\) fr.; \*Hôt. Blümlisalp, R. from 2\(^1/2\), B. 1, D. 3, pens. 6-8 fr.; \*Hôt.-Pens. Beau-Séjour-Waldrand, R. 4\(^1/2\)-5\(^1/2\), B. 1\(^1/2\), déj. 3, D. 5, pens. 7-10 fr.; Hôt.-Pens. Schönegg, pens. 5-8 fr.; \*Grand Hôtel Victoria, 1\(^1/4\), M. from the Curhaus, first-class, R. 3-15, déj. 3\(^1/2\), D. 5, pens. 8-16 fr.; \*Hôt.-Pens. Post, R. 3-5, B. 1\(^1/2\), D. 4, pens. 7-12, omn. 1 fr.; Hôt.-Pens. Jungfraublick, R. 2-3, B. 1, D. 3, S. 2\(^1/2\), pens. 5-6 fr.; Hôt.-Pens. Schweizerhaus, R. from 2, B. 1\(^1/4\), D. 2, pens. 5-7 fr.; Hôt.-Pens. Bellevue, 7-10 fr.; \*Hôt.-Pens. Silberhorn, 2\(^1/4\) M. from the Curhaus, pens. 6-8 fr. On the other side of the Sundgraben: Hôt.-Pens. Alpenrose, R. 3\(^1/2\)-5, B. 1\(^1/2\), déj. 3, D. 5, pens. 6-10 fr.; Hôtet National, pens. from 5 fr.; \*Hôt.-Pens. des Alpes & Pens. Jungfrau, 3 M. from the Curhaus, with garden and splendid view, R. 2-4, B. 1\(^1/2\), D. 3-3\(^1/2\), pens. 6-8 fr.; \*Pens. Waldegg, 5 min. to the left of the road, in a quiet situation (pens. 4-5 fr.). — Private Lodgings. — English Church.

The village of St. Beatenberg (3775'), a favourite health-resort, stretches along the flank of the Beatenberg for  $2^{1}/_{2}$  M., overhung by the rocky ridge of the Güggisgrat and occupying both sides of the Sundgraben, the deep bed of a mountain-torrent. Admirable view of the Alps, from the Schreckhorn to the Niesen, including the Eiger, Mönch, Jungfrau, Blümlisalp, Doldenhorn, and Wildstrubel. Pleasant paths, with benches, have been laid out above and below the road. Near the centre of the town is the new Roman Catholic Church.

At Pens. Edelweiss is a finger-post indicating the way to the Waldbrand (25 min.; green marks), the Vorsass, and the Niederhorn; one at the Hôt.-Pens. Blümlisalp indicates the Parallel Promenade (blue marks); another between the church and the Victoria shows the way to the (3/4 M.) Beatushöhle (p. 175; red marks); a fourth, at the Bellevue, points upwards towards the (1/2 hr.) Känzli (white and blue marks). — The finest point of view is the \*Amisbühl (4383'; Restaurant), 25 min. to the E. of the

Hôtel Alpenrose.

The ascent of the three peaks of the Güggisgrat is very interesting: the \*Niederhorn (6445'), from the Curhaus in 2½ hrs. by a path marked white and yellow (guide 6 fr., not indispensable); the \*Burgfeldstand (6780'), from the Hôtel Bellevue (path marked blue and white), by the Känzli (see above) in 3½ hrs. (guide 6 fr., not indispensable); the \*Gemmenalphorn (6770'), viâ the Amisbühl (see above), Waldegg-Allmend, Leimern, and Gemmen-Alp in 3½ hrs., not difficult (path marked red and white; guide, 8 fr., unnecessary; horse 16 fr.). Superb view, ranging from Pilatus to the Stockhorn chain and the Diablerets; at our feet lies the Justis-Thal (p. 175), beyond it are the Aare valley, Bern, and the Jura Mts. The Lake of Thun is not visible. — By following the arête, all three peaks may be combined. Descent from the Gemmenalphorn to (2 hrs.) Habkern, see p. 182.

#### 46. Interlaken and Environs.

Railway Stations. Thunersee Railway or Principal Station (p. 173), at the W. end of the town; Bernese Oberland Railway (station Inter-laken-Ost, pp. 179, 183), at the E. end, 1 M. from the first-named. They are connected by the BÖDELIBAHN (change carriages; 11/4 M., in 7 min.; fares 40, 25, 15, return 60, 35, 25 c.), on which 12 trains run daily in each direction, six going on to Bönigen (p. 204). Hotel-omnibuses and other vehicles at both stations. — Steamboat Piers for the Lake of Thun near the Principal Station (p. 175); for the Lake of Brienz by the Hôtel du Lac, opposite the station Interlaken-Ost (p. 179).

Hotels and Pensions (omnibus 3/4-1 fr.). On the Höheweg, from W. to E.: \*Hôt. Métropole (Pl. 1), R. 4-5, déj. 31/2, D. 5 fr.; \*Grand Hôtel Victoria (Pl. 2), R. 5-10, B. 11/2, déj. 31/2, D. 6, pens. 10-15 fr. (more in Aug.); \*Jungfrau (Pl. 3), R. 4-8, déj. 31/2, D. 5, pens. 9-15 fr.; \*Schweizerhof (Pl. 4), R. 31/2-8, déj. 31/2, D. 5, pens. 10-16 fr. (good cuisine); \*Belvedere (Pl. 5), R. 4-8, B. 11/2, déj. 31/2, D. 41/2, pens. 9-15 fr.; \*Hôt. des Alpes (Pl. 6), R. 3-8, déj. 3, D. 4, pens 7-15 fr.; \*Grand Hôtel et Beaurivage (Pl. 9), R. 3-6, déj. 31/2, D. 5, pens. 9-16 fr.; \*Hôt. du Nord (Pl. 7), R. 3-6, D. 4, pens. 7-12 fr.; Hôt. St. George (Pl. 22), with beergarden and wine-room, R. 2-5, B. 11/4, D. 31/2, pens. 6-10 fr.; Hôt. Bavaria (Pl. 23), with beer-garden, R. 21/2-3, B. 11/4, D. 2-21/2, pens. 6-10 fr.; \*Hôt.-Pens. Interlaken (Pl. 8), R. 3-6, B. 11/2, D. 4, pens. 8-12 (out of season 7-9) fr.; Hôt.-Pens. Brünig (Pl. 13), R. 11/2-7, B. 11/4, D. 3, S. 21/2, pens 7 fr.; Hôt. du Lac (Pl. 10), near the E. station, R. 2-3, B. 11/4, D. 3, pens. from 6 fr.; Hôt.-Pens. Alpenblick (Pl. 14), pens. 6-40 fr.

from 6 fr.; Hôt.-Pens. Alpenblick (Pl. 14), pens. 6-10 fr.

To the W. of the Höheweg, in the direction of the railway-station: To the W. of the Höheweg, in the direction of the railway-station: \*Hôt. Oberland (Pl. 12), with restaurant, R. 21/2-31/2, B. 11/4, D. 3, S. 21/2, pens. 8-91/2 fr.; opposite to it, Post (Pl. 26), R. 2, B. 1, D. 2, S. 11/2 fr.; Cerf, pens. 5-6 fr., well spoken of; Croix Blanche (Pl. 11), R. 2-21/2, B. 11/4, D. 3, S. 2 fr.; Swan, R. 11/2-21/2, pens. 5-6 fr.; Ours, R. 2-3, pens. 5-6 fr.; Hôt. PENSION RUGEN-PARK & RUGEN-BLICK.

In the Environs of Interlaken good and inexpensive quarters may be obtained. At Wilderswil (p. 183), 11/2 M. to the S.: \*Hôt.-Pens. Jungfrau, pens. 5-6 fr., 3 min. from the station; \*Hôt.-Pens. des Alpes, pens. from 5 fr.; \*Hôt.-Pens. Alpenrose, pens. 5-7 fr.; \*Bär, pens. 5-6 fr.; \*Pens. Victoria, 5 fr.; \*Pens. Schönbühl, 5-7 fr.; \*Hôt.-Pens. Wilderswil, 5-71/2 fr., these two in a fine lofty situation. — At Unspunnen (p. 180): \*Hôt.-Pens. Jungfrau, 6-9 fr. — At Gsteigwiler (p. 183), 1/2 M. from the railway-station of Wilderswil-Gsteig: Pens. Schönfels, 5-7 fr. — At Gsteig: Steinbock. — On the Brienz road, on this side of the church-hill of Goldswil (3/4 M.), Pens. Schönegg, 51/2 fr. — At Goldswil (p. 181): Chalet et Pension Helvetia, 4-5 fr. — At Bönigen (p. 204), on the S. bank of the Lake of Brienz, terminus of the Bödelibahn (p. 177): \*Hôt.-Pens. Belle-Rive, 5-7 fr.; \*Hôt.- Pens. Bönigen, 5-7 fr.; \*Chalet du Lac, 6 fr.; \*Hôt.-Pens. de la GARE, R. 11/2-2, B. 1, D. 21/2-3, pens. 5-7 fr.; CHALET DU REPOS.

Beer. Cursaal, see below; Hôtel Oberland (p. 177); Bavaria (p. 177), with café-restaurant and garden, next to Hôt. Beaurivage (concert in the evening); Hôt. Terminus, see p. 177; Hôt. St. George, see p. 177; Bernerhof, Krebs, Haenny, by the Thunersee rail. station. — Confectioners: Weber, on the Höheweg, at the entrance to the Cursaal; Schuh, opposite the Métropole (also rooms and café-restaurant, D. 3-31/2 fr.); Seitz, near the Hôtel Oberland.

Cursaal on the Höheweg, with café-restaurant, reading, concert, gaming, and billiard rooms, garden, etc.; music in the morning, afternoon, and evening; admission 50 c., evening 1 fr., per day 1 fr., per week 5 fr., month 14 fr., 2 pers. 25, 3 pers. 35 fr.; for extra entertainments (usually Sun. and Thurs.) higher charges. At the back of the Casino is a whey-cure establishment (7-8 a.m.). — Music on the Höheweg, opposite the entrance to the Cursaal, daily 10.30-11.30 a.m.

Baths in the Hôtel Métropole, at B. Gutermann's, etc. — Lake Baths (Lake of Brienz) on the Bönigen promenade. — Sanatorium & Hydropathic (Dr. Heller), Klostergasse, behind the school house.

Chemists. Seewer, opposite Hôt. Oberland; Pulver, Postgasse. - Money

Changers: Volksbank (Pl. 26), near the Post Office.

Cab from the station to Interlaken, Unterseen, or Matten 1 pers. 1 fr., each person extra 50 c., to Bönigen, Gsteig, Wilderswil, or Ringgenberg 2 fr., and 1 fr.; Heimwehfluh 4 fr.; per hour with one horse 4, with two horses 8, each additional hour 3 or 5 fr.; to Lauterbrunnen and Grindelwald, see pp. 183, 190.

Post and Telegraph Office (Pl. P), adjoining the Hôtel Oberland. —

The Oberland Enquiry Office (Verkehrs-Bureau). on the Höheweg, adjoining

the Cursaal, supplies information of every kind gratis.

Guides (generally to be found in the Höheweg, opposite the entrance to the Cursaal, or at the Barometrical Column, opposite the Hôt. Victoria): Christian Haesler, Eduard Feuz, Jacob Müller, Rudolf Wyss, Fritz Michel.

English Church Service in the old Convent Church. Presbyterian Service (Scottish United Free Church) in the Sacristy of the Schloss at 11 and 4. American Services (in summer) at the Hôtels Victoria and Métropole.

The low land between the lakes of Thun and Brienz, which are 2 M. apart, is called the 'Bödeli'. These lakes were probably once united, but gradually separated by the deposits of the Lütschine, flowing into the Lake of Brienz, and the Lombach, falling into the Lake of Thun. These accumulations, descending from the S., out of the valley of Lauterbrunnen, and from the N., out of the Habkern valley, account for the curve which the Aare describes. Beautifully situated on this piece of land, 'between the lakes', lies Interlaken (1863'; pop. 7170), consisting of the villages of Aarmühle, Matten, and Unterseen, and extending nearly as far as the Lake of Brienz. It is a favourite summer-resort, noted for its mild and equable climate, and is a good starting-point for excursions in the Oberland.

The chief resort of visitors is the \*Höheweg, an avenue of old walnuts and planes, extending from the village of Aarmühle to the upper bridge over the Aare, and flanked by large hotels and tempting shops. It commands a beautiful view of the Lauterbrunnen-Thal and the Jungfrau (finest by evening-light). To the right, near the upper or N.E. end of the Höheweg, rises the old Monastery of Interlaken, founded in 1130, and suppressed in 1528, surrounded by beautiful walnut-trees. The monastery, with the Schloss added in 1750, is now occupied by the hospital and the government-offices. Different parts of its old church are now used for the Anglican, Presbyterian, French Protestant, and Roman Catholic services. The prolongation of the Höheweg leads to rail. stat. Interlaken-Ost (p. 177; near the landing-place of the Brienz steamer) and to Bönigen (2 M.; p. 204). The Brienz road, diverging to the left at the Hôtel Beaurivage (to Ringgenberg 2 M., to Brienz 10 M.), crosses the Aare (Brückwald, see p. 181).

At the S.W. end of the Höheweg, opposite Hôtel Oberland, the road to the Kleine Rugen (see below) diverges to the S.E., while that in a straight direction leads past the Post Office (Pl. P) to the Thunersee Station (p. 177). — The road diverging to the N.W. at the post-office crosses the two islands of Spielmatten (fine view, from the middle bridge, of the Jungfrau and the Mönch, to the S.) and leads to Unterseen, with its old timber-built houses and modern church. Large manufactory of parquetry. The road to Merligen and Thun (p. 176) begins here to the left, by the hotels mentioned on p. 178. The road to the Habkern valley and to St. Beatenberg leads

to the N.W. (pp. 181, 176).

The \*Kleine Rugen, a wooded spur of the Grosse Rugen, offers attractive walks and varying views. The principal path ascends straight from the Hôtel Jungfraublick to the walk encircling the hill. Turning to the left, we reach the 'Humboldtsruhe' (view of the Jungfrau and Lake of Brienz) and the (1/2 hr.) Trinkhalle (café), commanding the Jungfrau, Mönch, and Schwalmern. Farther on, beyond the 'Scheffel Pavilion' (with a view of Lake Thun), is the Kasthofer-Stein, a memorial of the chief forester Kasthofer, who, at the beginning of the 19th century, planted the hill with specimens of all the Swiss trees. Then past a reservoir and a chamois-enclosure, and back to Hôtel Jungfraublick. Other paths, with benches and points of view, ramify in every direction. One ascends to the (25 min.) Rugenhöhe (2425'), where three clearings in the wood disclose views of the Jungfrau and the lakes of Thun and Brienz.

Just beyond the Trinkhalle a path to the left, and then to the right, by a (1 min.) bench (where the path straight on leads in 10 min. to Café Unspunnen), descends to the Wagneren-Schlucht, between the Kleine and the Grosse Rugen. Near the Studer memorial (see below) our path joins a road which leads through the ravine, past the Hôtel-Pension Jungfrau, the Café Unspunnen, and the Bavaria Beer Garden, and below the ruin of Unspunnen, to Wilderswil (p. 183), affording views of the Lauterbrunnen valley and the Jungfrau, and of Lake Brienz to the left.

In the middle of the Wagneren-Schlucht, about 300 paces from the parting of the roads at its W. end, is a rock inscribed with the name of Bernh. Studer (d. 1887), the geologist. Here a path diverges to the right (W.), and ascends rapidly, passing a fine point of view on the right, to the (20 min.) \*Heimwehfluh (2218'). [An easier route is afforded by the Abendberg road mentioned below, along which we may drive to a point 5 min. below the Heimwehfluh (carr. 4 fr.).] The terrace in front of the restaurant commands a charming view (best in the afternoon) of the Bödeli and the lakes. The Jungfrau, Mönch, and Eiger are seen from the adjacent belvedere

\*Abendberg, above the Grosse Rugen (1½-2 hrs.; horse 8, mule 6 fr.). This is recommended for an afternoon-walk. We follow the road to (¾ M.) the head of the Wagneren-Schlucht (see above), and then take the road to the right, which ascends in easy windings through wood. After ½ M. the road branches, the arm to the right leading to the Heimwehfluh (see above), while the pleasant bridle-path to the left leads to the Abendberg, turning again to the left farther on and traversing wood all the way. On the top is the \*Hôtel Bellevue (3735'; R. 2-4, B. 1½, D. 3½, S. 2½, pens. from 6 fr.). — A path ascends from the hotel, across grass and past some chalets, to (20 min.) the 'Siebenuhr Tanne' (4125'), whence there is a charming view of Lake Thun, lying far below.

A footpath leads past the different peaks of the Abendberg to the (3 hrs.) Rothenegg (6234'; shortest way from the hotel,  $2^{1}/_{2}$  hrs.). The next peaks of the range are the Fuchsegg (6348'), the Grosse Schiffli (6675'), the Kleine Schiffli (6587'), and finally the Morgenberghorn (7385'). The last is very difficult from this side (better from Saxeten, by the Renggli Pass, see p. 181). — A path leads from the Abendberg to Saxeten in 1 hr. (take the upper path to the right in the meadow, behind the second chalet).

The Saxeten-Thal, between the Abendberg and the Bellenhöchst (6860'), is reached from Wilderswil (p. 183) by a new road. The (5 M.) village of Saxeten (3600'; \*Hôt.-Pens. Alpenrose, pens. 4-6 fr.) is a health-resort, in a sheltered situation. Beyond it (3/4 hr.) are the falls of the Gürbenbach and Weissbach. The valley is picturesquely closed by the Schwalmern.

The \*Sulegg (7915'), an excellent point of view, is ascended from Saxeten in 4-41/2 hrs., with guide (5 fr.). We first ascend to the Bellen-Alp (6205') either by the steep direct path in 21/2 hrs., or by the bridle-path past the waterfalls of the Gürbenbach and Weissbach and viā the Nesslern Alp

in 3 hrs. [The Bellenhöchst (6860'), a grand point of view, is easily ascended from the Bellen-Alp in 3/4 hr.]. We then skirt the steep E. slope of the Sulegg for 3/4 hr. (good path), nearly as far as the Obere Suls-Alp (6690'), and reach the top in 1 hr. more. The descent may be made to Isenfuh (p. 183), by the Suls-Alp and Bodmi-Alp. — The \*Morgenberghorn (7885') may be ascended from Saxeten in 4 hrs. without difficulty (guide 5 fr.). The path, diverging to the right from the road 1/2 M. to the W. of Saxeten, ascends past the (2 hrs.) chalets of the Innerberg-Alp to (1 hr.) the Renggli or Tanzbödeli Pass (6168'), between the Morgenberghorn and the Schwalmern (see below). Thence we ascend (no path) along the S. and S.W. flanks of the mountain and after 40 min. reach the new club-path, which leads up the W. side to (20 min.) the top. The view, especially of Lakes Thun and Brienz and of the mountains to the N., is very picturesque, but the higher Alps appear less imposing than from the Sulegg. The descent on the E. side to the Abendberg, over the rocks of the Schiffligrat and the Leissigengrat, is very dangerous (see p. 180). — The Schwalmern (9135') is also ascended without trouble (51/2 hrs.; guide 8 fr.). We follow the Sulegg route to (31/4 hrs.) the Suls-Alp (see above), whence we proceed to the W. through the Sulsthal, and skirt the S. side of the Lobhörner (8430') till we reach the snow and débris of the sloping E. flank of the Schwalmern. A gradual ascent over this brings us to (2 hrs.) the arête and (1/4 hr.) the summit (Höchst-Schwalmern). The view is magnificent. Descent to the Renggli Pass (p. 184), 11/2-2 hrs.

About 100 paces beyond the Aare bridge on the Brienz road (p. 179) a notice-board indicates a number of walks on the Brückwald, which stretches to the left up the slopes of the Harder. Fine view (now somewhat interfered with by trees) of the Bödeli, the lakes, and the mountains from the (20 min.) Hohbühl (2070'), where a pavilion commemorates the visits of Weber, Mendelssohn, and Wagner to Interlaken. The Jungfrau is better seen from the Lustbühl pavilion, <sup>1</sup>/<sub>4</sub> hr. farther along the slope, whence we may return by the middle Aare bridge or by Unterseen (a walk of 1-1½ hr. in all).

The Harderkulm (3985'; Hôt.-Pension Alpenrose, pens. from 6 fr.), as the top of the Harder is called, is reached from Unterseen in about 2 hrs. We follow either the Habkern road (see below), or (pleasanter) the 'Habkern Promenade', which is shady in the morning, and after 3/4 M., just before the divergence of the Beatenberg road (p. 176), ascend to the right by a good bridle-path, traversing wood (horse 12 fr.). Or we may ascend from the Hohbühl (see above) in 13/4 hr., viâ the Obere Bleiki (3020') and the Falkenfluh Pavilion. From the summit we obtain a beautiful view of the Bödeli, the lakes, and the Bernese Alps.

The castle-hill of Goldswil (2240'; 1/2 hr.), beyond Schönegg on the Brienz road (p. 183), overlooks Lake Brienz and the sombre little Faulensee or Lake of Goldswil; the ruined tower is inaccessible. — A walk may be taken by the same road (or by a picturesque path crossing the hills between the road and Lake Brienz) to (1/2 hr.) Ringgenberg (Pens. & Restaurant Seeburg, with garden, at the pier, pens. 5 fr.; Pens. Beauséjour, farther up the slope; Bär, Bellevue, in the village, pens. 5-6 fr.), with a church built among the ruins of the castle (view), and to the Schadenburg (2388'; 1/2 hr. farther on), on a spur of the Graggen, an unfinished castle of the ancient

barons of Ringgenberg.

A pleasant excursion may be made to the Habkern-Thal (one-horse carr. from Interlaken to Habkern and back 15 fr.). The road from Unterseen skirts the W. base of the *Harder* (see above; the road to Beatenberg diverges to the left, after <sup>3</sup>/<sub>4</sub> M.), and ascends the smiling valley on the

left bank of the Lombach. It finally crosses to the right bank (3030') and ascends in windings to the village of (31/2 M.) Habkern (3500'; clean inn), situated amid green pastures at the foot of the Gemmenalphorn.

Three fine points of view may be visited from Habkern. The \*Gemmenalphorn (6770'; better from Beatenberg, see p. 176) is reached by the Brändlisegg and Gemmen-Alp in 31/2 hrs. The Hohgant (7215') is ascended in 4 hrs. by Bohl (5902') and the Aelgäu-Alp (descent to Schangnau in the Emmen-Thal, see p. 156). The Augstmatthorn (7020') is ascended by the Bodmi-Alp in 31/2 hrs. Descent to Niederried on the Lake of Brienz,

A pleasant morning walk may be taken from Gsteig (p. 183; 11/2 M. from the Höheweg), where the cemetery of the district lies, down the right bank of the Lütschine, either to (11/4 M.) Bönigen (p. 204), or to the bridge halfway, across the river, and back to Interlaken. Another walk from Gsteig ascends the right bank of the Lütschine to (1/4 hr.) Gsteigwiler.

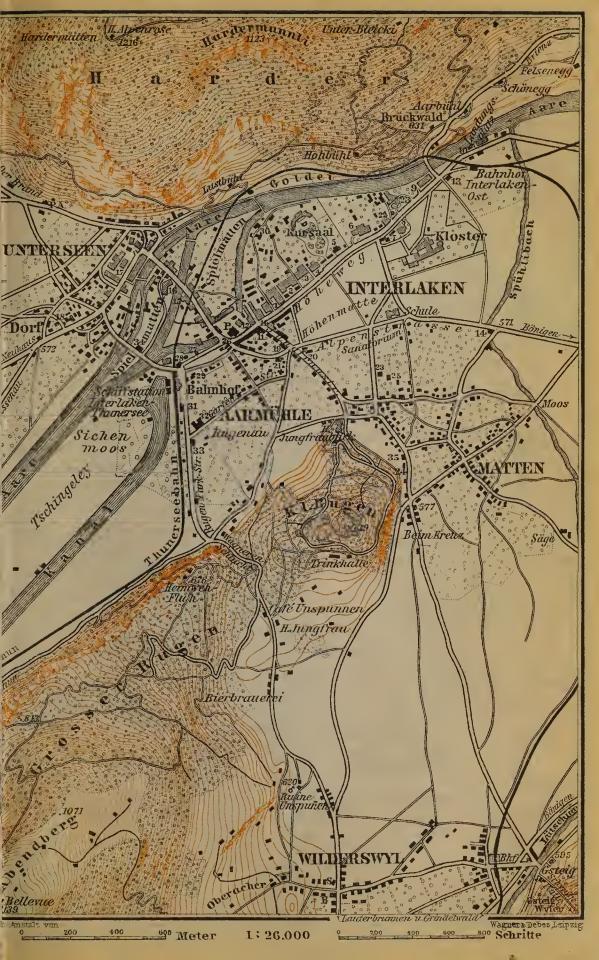

From Bönigen to the Giessbach via Iseltwald, see p. 204.

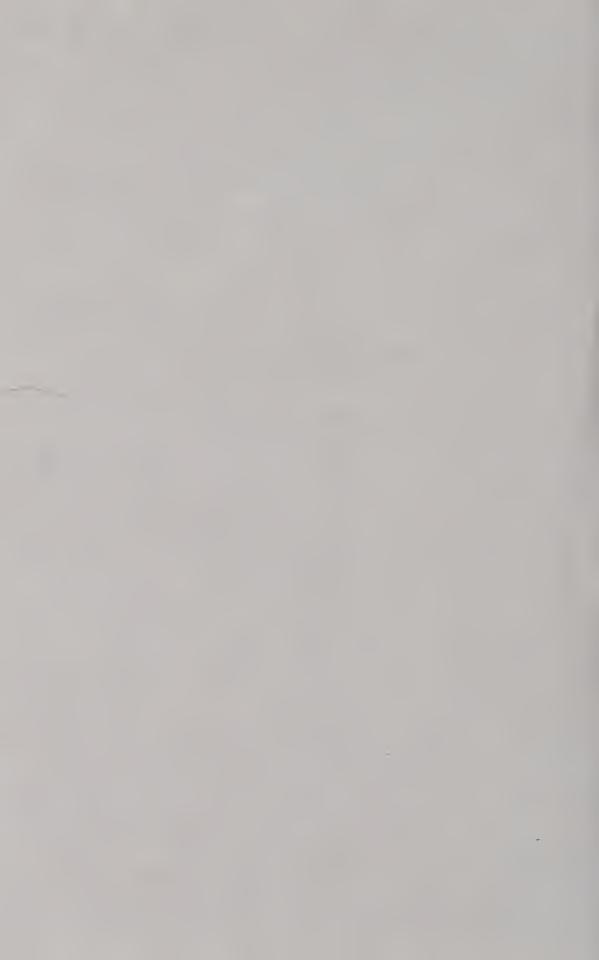

The \*Schynige Platte, one of the finest points of view in the Bernese Oberland, is reached by a RACK- AND -PINION RAILWAY from station Wilderswil-Gsteig (1925'; p. 183) in 11/4 hr. (fare 8, down 4, return 10 fr.; one class only), or from Interlaken - Ost (change at Wilderswil-Gsteig) in 1½ hr. (fares 9, 5, 11 fr. 40 c.; 3rd cl. 8 fr. 60, 4 fr. 60 c., 11 fr.; return-ticket, including S., R., and B. at the hotel, 15 fr.). — The line (maximum gradient 1:4) crosses the Lütschine and ascends in curves to the Rothenegg Tunnel, beyond which it enters a wood of beeches and pines, affording pretty glimpses to the left of Interlaken and the lakes, and reaches the watering station (3515'). 3 M. Stat. Breitlauenen (5068'; Curhaus Breitlauenen, R. 21/2, B. 11/2, D. 31/2, S. 21/2, pens. 6-9 fr.), with charming view of the lakes of Brienz and Thun and the hills to the N.W. (or better from the Vogelstein, a jutting rock 150 paces to the N.). The line then ascends in a curve to the mountain-crest and passes through the Grätli Tunnel to the S. side of the hill, where we obtain a view of the Lauterbrunnen Valley, and then of the Lütschine valley; to the left towers the majestic Jungfrau. Following the S. slope of the crest, overlooking the Grindelwald Valley with the Schreckhörner and Wetterhörner, and threading a short tunnel, we reach the  $(4^{1}/_{2} \text{ M.})$  Schynige Platte (6463'; Buffet), the terminus. A broad path leads from the station along the Platte, a slope of crumbling and 'shining' slate, in 3 minutes to the \*Hôtel-Restaurant (R. 4-5, B.  $1^{1}/_{2}$ , D. 4, pens. 8-10 fr.).

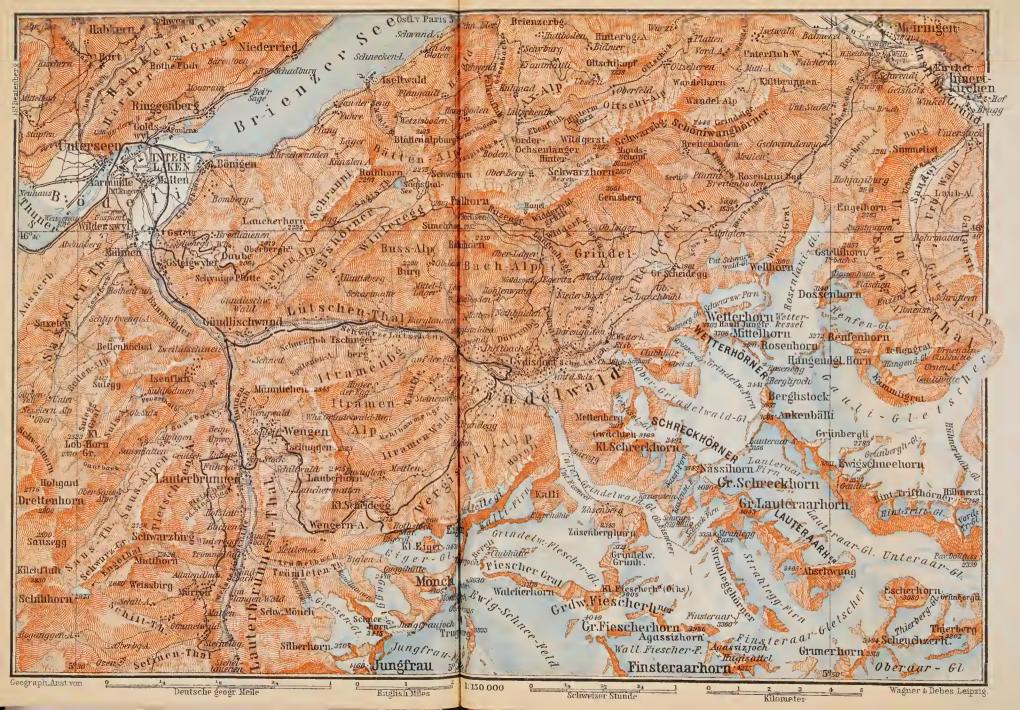

Magnificent \*View of the Bernese Alps to the S.: from left to right, the Wellhorn, Wetterhörner, Berglistock, Upper Grindelwald Glacier, Schreckhörner, Lauteraarhörner, Lower Grindelwald Glacier, the Finsteraarhorn peeping over the Eigergrat, the Fiescherhörner, Eiger, Mönch, Jungfrau, Ebnefluh, Mittaghorn, Grosshorn, Breithorn, Tschingelhorn, Tschingelgrat, Gspaltenhorn, Weisse Frau, Doldenhorn, and the peaks of the Niesen and Stockhorn chains. The ridge concealing the base of the Jungfrau group is the Männlichen (p. 194).

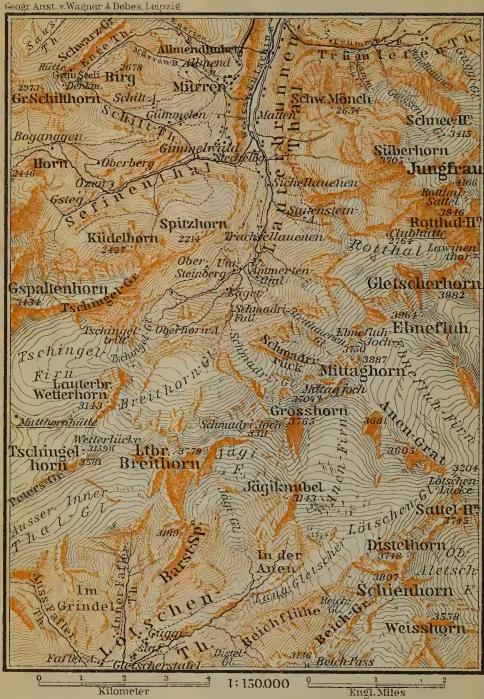

An easy winding path ascends from the hotel past the Geisshorn (view

like that from the hotel) and the precipitous Gumihorn (6893') to the (20 min.) \*Daube (6772'; rfmts.), whence the survey of the lakes and of the peaks to the N. is particularly fine; N.E. is the Brienzer Rothhorn,

with Pilatus to the right in the distance. Towards evening the lakes of Neuchâtel and Bienne glitter in the distance. — The Oberberghorn (6790'), 25 min. to the E. of the Daube, has also been made accessible by flights of steps and affords a fine view of the Lake of Brienz.

From the Schynige Platte to the Faulhorn (4 hrs.), see p. 199. — Descent from the Platte by Gündlischwand to Zweilütschinen, 3 hrs., steep at places. By the small pond near the Platte we descend to the right across pastures to the (3/4 hr.) lower chalets of the Iselten-Alp (5116'; guide advis-

able to this point, 2 fr.); thence through wood.

PATH FROM GSTEIG TO THE SCHYNIGE PLATTE (4 hrs.). We either cross the bridge by the church of Gsteig, and take the road to the right to (3/4 M.) Gsteigwiler; in the middle of the village take the bridle-path to the left, and soon to the left again; after 17 min. ascend to the right, through wood; or, shorter, we ascend from Gsteig to the left, by a path between the church and the Steinbock, turning to the right where the path divides, and in 20 min. reach the bridle-path where it enters the wood. Then by numerous zigzags, crossing the railway twice, to the (11/2 hr.) Schönegg (4754) and the (1/4 hr.) Breitlauenen Hotel (see p. 182). Thence to the top, 11/2 hr.

## 47. The Lauterbrunnen Valley and Mürren.

From Interlaken to Lauterbrunnen, 8 M., Bernese Oberland Railway in 3/4 hr. (fares 3 fr. 25, 1 fr. 95 c., return 5 fr. 20, 3 fr. 15 c.); circular tour from Interlaken to Lauterbrunnen, the Kleine Scheidegg, Grindelwald, and back to Interlaken, 23 fr. 45, 14 fr. 45 c. (tickets valid for 10 days). The railway (maximum gradient 31/2:100) has short sections on the rackand-pinion system (maximum gradient 12:100). The traveller should see that he enters one of the carriages marked 'Lauterbrunnen'. — Carriage from Interlaken to Lauterbrunnen and back, including 2 hrs.' stay, with one horse 9, two horses 15 fr.; to Trümmelbach 12 or 22, to Stechelberg 14 or 27 fr. — The following \*Excursion (one day) is recommended: by railway to Mürren (p. 186; 2 hrs.), walk to the Upper Steinberg (p. 185; 23/4-3 hrs.), descend to (1 hr.) Trachsellauenen (p. 185), and return by the valley, past the falls of the Trümmelbach and Staubbach (p. 184), to Lauterbrunnen (23/4 hrs. to the station). The views from Mürren and the Upper Steinberg are among the finest in Switzerland. — As far as Lauterbrunnen this route is suitable for cycling.

The line begins at the Interlaken-Ost station (1865'; p. 177) and curves round through the fertile plain to (2½ M.) Wilderswil-Gsteig (1925'; change for the Schynige Platte, p. 182). To the right is the village of Wilderswil; to the left, the church of Gsteig (see above).—The train crosses the Lütschine and ascends its right bank through wood. On the left bank is the highroad. To the right rises the precipitous Rothenfluh, overtopped by the Sulegg; in the foreground, to the left, is the Männlichen, with the Mönch and Jungfrau adjacent. We cross the Black Lütschine, which descends from Grindelwald. To the left, in the background, peers the finely-shaped Wetterhorn.

 $5^{1/2}$  M. Zweilütschinen (2150'; Railway Restaurant; Hôtel Bär, R.  $1^{1/2}$ - $2^{1/2}$ , B.  $1^{1/4}$ , D. 3, S. 2 fr.), junction of the Lauterbrunnen and Grindelwald line (p. 190; unless in a through-carriage, change for Lauterbrunnen).

Interesting excursion to (1<sup>1</sup>/<sub>4</sub> hr.) Isenfluh (3610'; Hôt.-Pens. Jungfrau, 5-7 fr.). About <sup>1</sup>/<sub>2</sub> M. from Zweilütschinen the bridle-path diverges to the right from the Lauterbrunnen road, and ascends the steep W. slope of the valley (shade after 3 p.m.). Isenfluh commands a splendid \*View

of the Jungfrau and its neighbours, from the Grosshorn to the Eiger.—From Isenfluh to Mürren (3 hrs.; guide desirable, from Zweilütschinen 7 fr.), a fine walk: follow the path straight to the (3/4 hr.) Sausbach; ascend to the (3/4 hr.) Sprissenweid; then level, mostly through wood, to the (1/2 hr.) Grütsch-Alp station (p. 186), and thence to (1 hr.) Mürren.—From Isenfluh to the Sulegg (7915'; 3-31/2 hrs.; guide desirable), and the Schwalmern (9135'; 5 hrs.; guide 10 fr.), see p. 181.

The train crosses the White Lütschine, and ascends (two rack-and-pinion sections) the wooded \*Valley of Lauterbrunnen, bounded by limestone cliffs, 1000-1500' in height. It crosses the Sausbach, which dashes down on the right, passes the Hunnenfluh, a huge tower-like rock on the left, and crosses the road several times.

8 M. Lauterbrunnen. — The Railway Station lies 2620' above the sea-level; change carriages for Wengern-Alp and Grindelwald (p. 190); 3 min. higher up, to the right, is the station for the cable-railway to Mürren (p. 186). — Hotels: \*Steinbock, at the station, R. 2½-5, B. ½-2, déj. 3, D. 4, pens. 7-10 fr.; \*Hôt. Staubbach, with view of the Staubbach, R. 2-3, déj. ½-1/2, D. 4, pens. 6-9 fr.; \*Adler, near the station, R. 2-3½, B. ½-2, S. 3, pens. 6-9 fr.; Hôt.-Pens. Oberland; Hôt.-Pens. Schweizerhof, opposite the station; Hôt.-Pens. Trümmelbach (see below). — Restaurant Lauener, in an open situation. — Guides: Christ., Joh., and Peter Lauener, Heinr., Fritz, and Ulrich von Almen, Fritz and Carl Christ. Graf. Fritz Fuchs, Ulrich Brunner, Karl Schlunegger, Christ. and Fr. Steiner. — English Church Service in summer at the Steinbock.

Lauterbrunnen (2615'; pop. 2553), a pretty, scattered village, lies on both banks of the Lütschine, in a rocky valley ½ M. broad, into which in July the sun's rays do not penetrate before 7, and in winter not till 11 a.m. It derives its name ('nothing but springs') from the numerous streams that descend from the rocks, or from the springs that rise at their base. The snow-mountain to the left, rising above the huge rocky precipices of the Schwarze Mönch, is the Jungfrau; to the right is the Breithorn.

By the Hôtel Staubbach, about 8 min. from the station, the road forks. The left branch descends past the church to the Trümmelbach (see below); the right branch leads straight on to the (5 min.) \*Staubbach ('spray-brook'), the best-known of the Lauterbrunnen falls. This brook, never copious, and in dry summers disappointing, descends from a jutting rock in a leap of 980', most of it, before it reaches the ground, being converted into spray, which bedews the meadows and trees far and near. In the morning-sun it resembles a silvery veil, wafted to and fro by the breeze, and by moonlight also it is beautiful. The best point of view is in a meadow in front of the fall, to the left of a seat marked by a flag (20 c.). In the rock behind the fall is a dilapidated gallery.

The road to the left at the fork (see above) crosses the White Lütschine near the church, and ascends its right bank, in view of the snowy Breithorn and the Schmadribach Fall. (To the left, a bridle-path to Wengen, p. 191.) In 1/2 hr. we reach the Hôt.-Pens. Trümmelbach (R. 21/2, B. 11/4, déj. 2-3, D. 4, pens. 6-9 fr.; omn. at Lauterbrunnen station; carr. there and back, including stay, 4 fr.).

A path (adm. 50 c.) diverges here to the left to the (7 min.) \*Trümmelbach Fall. The narrow gorge, with the copious Trümmelbach fed by the glaciers of the Jungfrau, is rendered accessible by steps and paths. The sun forms beautiful rainbows in the spray.

Through the Trümleten-Thal to the Wengern-Alp (p. 192; 4 hrs., with guide, 8 fr.), trying but interesting. — To the Roththal Hut, see p. 190. — From Stechelberg (see below) viâ the Sefinen-Thal and the Bussen-Alp to the Tanzbödeli (7010'; 21/2-3 hrs.; with guide), repaying (better from the Upper Steinberg, see below).

The road ascends the valley, in view of several waterfalls, and passes the (18 min.) Dornigen-Brücke, where we join the old route coming from the Staubbach. Beyond Stechelberg we reach (1/2 hr.) the \*Café & Pens. Stechelberg (3020'; pens. 41/2-5 fr.), where the road ends. The main bridle-path (to the left; that to the right leads to the Sefinen Valley and Mürren, p. 188) skirts the right bank of the wild Lütschine, and crosses it near the (1/4 hr.) chalets of Sichellauenen (3275'). Thence we traverse wooded meadows to (50 min.) Trachsellauenen (4145'; \*Hôt. Schmadribach, unpretending, R. 2-21/2, B. 11/2, pens. from 5 fr.), a picturesque cluster of chalets on the left bank of the Lütschine, 13/4-2 hrs. from the Trümmel-

bach and 21/2 hrs. from Lauterbrunnen.

The path hence to the (11/4 hr.) Schmadribach Fall ascends the left bank of the Lütschine to the (12 min.) 'Bergwerk', the ruined furnace of a deserted lead-mine. Here it diverges to the left from the main path (which goes on to the Upper Steinberg, see below), and ascends (notice-boards) round a jutting rock (the 'Nadla'; the top of which, 20 min. from the inn, affords a good view of the waterfall), and past the chalets of the (1/2 hr.) Lower Steinberg Alp (4480'), where it crosses (to the left) the *Thalbach* (two bridges). Ascending the pastures on the right bank, we pass a waterfall, mount the Holdri, and reach (1/2 hr.) the Läger Chalet, in sight of the \*Schmadribach Fall. Nothing is gained by going closer to the fall. - From the 'Bergwerk' it is preferable to follow the path to the right, which zigzags up a gorge, clad with firs and ferns (not pleasant in wet weather), to the chalets of the Ammerten-Alp, and thence to the Upper Steinberg (5820'). Here (11/2 hr. from Trachsellauenen) are the small \*Hôtel Tschingelhorn (unpretending; R. 31/2 fr., B. 1 fr. 60 c., pens. 5 fr.), and (a little farther up) the Hôtel Ober-Steinberg (also very fair; pens. 5-6 fr.). The \*VIEW of the mountains and glaciers enclosing the upper valley of Lauterbrunnen is very fine (best point of view about 200 yds. beyond the Ober-Steinberg Hotel); from right to left are seen the Lauterbrunner Wetterhorn, with the Tschingelhorn behind it, the Breithorn, the beautiful Breithorn Glacier between these, then the Grosshorn, the Mittaghorn, the Ebne-Fluh, the Gletscherhorn, and the Jungfrau, while directly opposite is the Schmadribach Fall. - In descending to Trachsellauenen, we diverge to the right 20 min. beyond the Hôt. Tschingelhorn.

A still grander view is obtained from the \*Tanzbödeli (7010'), the last E. spur of the Tschingelgrat, reached from the Obere Steinberg in 21/2 hrs. (there and back; see p. 185). A boy will show the way (steady head necessary) for 11/2-2 fr.

A somewhat fatiguing route (guide advisable) leads from the Upper Steinberg along the moraine of the Tschingel Glacier to the (11/2 hr.) \*Oberhornsee (6823'), a beautiful little blue lake, magnificently situated in the rocky hollow between the Tschingel and Breithorn Glaciers. Adjacent is the Oberhorn Alp. - Hence to the (3 hrs.) Mutthorn Hut, see p. 189.

FROM LAUTERBRUNNEN TO MÜRREN, 31/4 M. — Cable and Electric Railway in 55 min. (fares 3 fr. 75 c.; return-ticket, valid for 3 days, 6 fr.). The station of the cable-railway in Lauterbrunnen (2705') lies 3 min. from that of the Bernese Oberland Railway (see p. 184).

The Cable Railway (1510 yds. in length; average gradient 55:100) mounts straight through meadows and wood, to the (3/4 M.) Grütsch-Alp (4890'). Here we change carriages for the Electric RAILWAY, which follows the slope, crossing several streams, to (31/4 M.) Mürren. To the left a magnificent \*View of a grand amphitheatre of mountains and glaciers is revealed: the Eiger and the Mönch, the Jungfrau with its dazzling Schneehorn and Silberhorn, the huge precipices of the Schwarze Mönch rising abruptly from the valley, the wall of the Ebne-Fluh with its mantle of spotless snow; then, as we approach Mürren (near which the Jungfrau disappears behind the Schwarze Mönch), the Mittaghorn, the Grosshorn (from which the Schmadribach descends), the Breithorn, the Tschingelhorn, the Tschingelgrat, and the Gspaltenhorn.

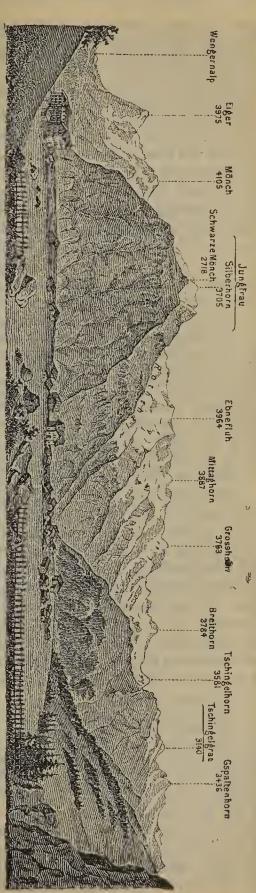

THE BRIDLE PATH FROM LAUTERBRUNNEN TO MÜRREN, 2-21/2 hrs. (descent, 11/4 hr.), is attractive in dry weather. It ascends rapidly to the right about 3 min. from the station, beyond the Adler Hotel, at the guide-post ('Mürren 5.7 Kil.', i.e. 31/2 M.), and crosses the Greifenbach twice. Beyond the second bridge (20 min.) it ascends through wood, crosses the Fluhbächli, the (20 min.) Lauibach (fine waterfall), and the Herrenbächli, and reaches (25 min.) the bridge over the scanty Pletschbach or Staubbach (4037'; rfmts.). In 5 min. more, where the wood has been much thinned, we obtain a beautiful view of the Jungfrau, Mönch, and Eiger, which remain in sight for the rest of the way. Farther up, by (1/2 hr.) a saw-mill (4920'), we cross two branches of the Spissbach, in 25 min. more reach the top of the hill (view see above), and then walk alongside the railway to (1/2 hr.) Mürren. Comp. Map, p. 183.

Mürren. - Hotels. \*Grand Hôtel & Curhaus Mürren, 5 min. from the station, beautifully situated, with restaurant, Cursaal, and several dépendances (Bellevue, Fontana, Victoria), R. 4-10, B. 1½, déj. 3½, D. 5, pens. from July 15th to Sept. 1st 10-18, at other times 8-15 fr.; \*Grand Hôtel des Alpes, nearer the station, with restaurant (Munich beer on draught, 60 c.), R. 3½-8, B. 1¾, déj. 4, D. 5, pens. 9-17 fr.; S. B. G. H. at both. — \*Hôt.-Pens. Jungfrau, R. 3-4, déj. 3, D. 4, pens. 8-10 fr., near the English Church, above the Curhaus; \*Hôt. Eiger, close to the station, R. 2½-3½, B. 1½, déj. 3, D. 3½-4, pens. 7-10 fr.; \*Hôt.-Pens. Beau-Site, 8 min. from the station, R. 3-5, B. 1½, déj. 3, D. 4, pens. 6-12½ fr.; \*Hôt.-Pens. Alpenruhe, farther to the S., in an open situation, pens. 7-12 fr.; Pens. Blumenthal; \*Hôt.-Pens. Edelweiss, 3 min. from the station, R. 2-3, Pens. Blumenthal; \*Hôt.-Pens. Edelweiss, 3 min. from the station, R. 2-3, B. 1<sup>1</sup>/<sub>4</sub>, déj. 2<sup>1</sup>/<sub>2</sub>, D. 3, pens. 6-7 fr.; Pens. Belmont, 6-8 fr. — English Church and Roman Catholic Chapel.

Mürren (5385'), situated on a terrace high above the Lauterbrunnen Valley, is one of the most frequented points in the Bernese Oberland. It commands a famous view, including not only the above-mentioned peaks, but also the Wetterhorn to the left, and the Grosse Hundshorn to the extreme right (p. 188). Pleasant walks with numerous benches skirt the slopes of the Allmend-hubel, a height to the W., on which firs grow higher up.

The top of the Allmendhubel (6358') is reached in 3/4 hr., by following the above-mentioned paths to the left to (1/4 hr.) the first chalets of Allmend, then the path to the Schilthorn to (20 min.) a solitary chalet, and finally to the right for 6 or 8 min. more. The view includes the snowy Jungfrau in addition to the peaks seen from Mürren. — Another good viewpoint is the Obere Winteregg (5738'), 1/2 hr. to the N.W. of Mürren, by a path diverging to the left above the electric railway, 10 min. to the N. of Mürren.

The \*Schilthorn (9753'; 4-41/2 hrs.; guide 8 fr., not indispensable for experts) is an admirable and easily reached point of view. The path ascends along the W. side of the Allmendhubel (see above), enters the bleak Enge-Thal, and mounts over the Seelifuren (8540') to the (3 hrs.) rocky basin above the Grave Seeli. Then a steep ascent over snow, loose stones, and rock, past the monument to Mrs. Arbuthnot, who was killed here by lightning in 1865, to the Kleine Schilthorn (9400') and across the arête without difficulty to the (1-11/2 hr.) flat summit of the Grosse Schilthorn. Magnificent survey of the Jungfrau, the queen of the Bernese Alps, and of the whole chain (including the Gspaltenhorn and Blümlisalp, to the S.), and of N. Switzerland (Rigi, Pilatus, etc.); panorama by Imfeld. Mont Blanc is not visible hence, but is seen from the arête, about 250 yds. to the W.. a little below the summit. — The descent (21/2 hrs.) may be considerably curtailed by glissades down three snow-slopes (quite free from danger). The route through the imposing Sefinen-Thal (p. 188), by the Sefinen-Alp and the Teufelsbrücke (a fine point above Gimmelwald), is longer by 11/2 hr. than the direct path,

but far more interesting (unfit for ladies; guide 15 fr.). A shorter way back leads past the Grave Seeli and down the steep Schiltfühe (guide advisable), and afterwards through the beautiful pastures of the Schittalp (6390'), with views of the Jungfrau, etc. — Descent by the Telli to the Kienthal, see p. 212.

Ascent of the Grosse Hundshorn (9620'; 5 hrs.; guide 10 fr.), from Mürren not difficult; Büttlassen (10,490'; 71/2 hrs.; guide 25 fr.), more trying. The descent in each case may be made into the Kienthal (p. 212). — From Mürren viâ Isenfluh and the Sulegg to Saxeten (9 hrs.; guide 12 fr.), see p. 180.

At the Chalet Bellevue, beyond the Curhaus, a guide-post indicates the way (to the left) to Stechelberg, and 100 paces farther on the path divides; here we descend to the left. In 5 min. more we cross a bridge over a fall of the Mürrenbach, and at (20 min.) the beginning of Gimmelwald the road forks. The branch to the right leads straight to the (8 min.) Hôt.-Pens. Schilthorn (4550'; pens. 5-6 fr.; Engl. Ch. Serv. in summer), on the brink of the grand Sefinen-Thal, which is enclosed by the Büttlassen, the Gspaltenhorn, and the Tschingelgrat. The branch to the left descends in 4 min. to the Hôt.-Pens. Gimmelwald  $(4^{1}/_{2}-5)$  fr.).

To the Sefinen-Thal, an interesting walk (as far as the Gspaltenhorn Glacier and back 3 hrs.; guide unnecessary). To the W. of the Hôtel Schilthorn we cross the (5 min.) Schiltbach, and ascend on the left side of the Sefinen-Thal (with the superb Jungfrau behind us); then (3/4 hr.) cross a bridge (Furten) and enter a pine-wood, and lastly, in a grand basin, with numerous waterfalls, traverse stony débris to the (3/4 hr.) Gspaltenhorn (or Kilchbalm) Glacier, at the foot of the Gspaltenhorn (11,275'; ascent very difficult; guide 70 fr.; comp. p. 212). — Experts (with guide) may proceed from the Furter wife the Grand the text the (1/4 hr.) Glarberg Alle (2000). from the Furten via the Ozen-Alp to the (11/4 hr.) Oberberg-Alp (6020') and to the (3/4 hr.) Brünli (6995'; fine view). A steep rocky path descends hence to Gümmelen (5960') and (3/4 hr.) Mürren.

The route to Stechelberg descends to the left past the Hôtel Gimmelwald and (1/4 hr.) crosses the Sefinen-Lütschine. After a short ascent we again descend through wood, and cross a brook descending from the right, enjoying a view, to the left, of the beautifur Sefinen Fall. The path divides (12 min.): the branch to the left descends steeply to (1/4 hr.) Stechelberg (p. 185); that to the right goes on at the same level to Trachsellauenen ('Hôt. Schmadribach 40 min.'; p. 185). A footpath (steep at places) diverges to the right from the latter after 6 min., passes a deserted spar mine, and reaches (11/2 hr.) the Hôtel Tschingelhorn on the Upper Steinberg (p. 185; in all about 3 hrs. from Mürren; guide, 7 fr., unnecessary in good weather).

Passes. From Mürren over the Sefinen-Furgge to the Kienthal, not difficult, and on the whole attractive (8-9 hrs. to Reichenbach; guide from Lauterbrunnen 20 fr.). From Mürren the path ascends via the Schiltalp (see above) and Alp Boganggen (6710') to the (3 hrs.) Sefinen-Furgge (8583'), between the Great Hundshorn (9620') and the Büttlassen (10,490'; see above and p. 212). (The path by Gimmelwald and through the Sefinen-Thal is easier, but 1 hr. longer.) Descent (fine view of the Wilde Frau and Blümlisalp) past the chalets of Dürrenberg (6545'), Bürgli (5327'), and Steinenberg (4856'; quarters) to the Gorneren-Alp, by the Bären. pfad to the (21/2 hrs.) Tschingel-Alp (3783'), and down the Kienthal to (21/2 hrs.) Reichenbach (p. 212).

FROM MÜRREN TO KANDERSTEG OVER THE SEFINEN-FURGGE AND THE HOHTHÜRLI, a fatiguing but interesting expedition (12-13 hrs.; guide from Lauterbrunnen 25 fr.). Over the Sefinen-Furgge to the Kienthal, see p. 188. At the (4 hrs.) chalet of Bürgli (see p. 188) we follow a narrow path to the left through the rocky gorge of the Pochtenbach (observe the curiously contorted strata of the rocks on the opposite bank) to the Gamchi (5500'), near the end of the Gamchi Glacier (Gamchilücke, see p. 212); here we cross the brook, ascend rapidly (path recently improved) to the Upper Bund-Alp, and traverse pastures, stony slopes, and snow to (3\frac{1}{2}\text{ hrs.}) the Hohthürli (8880'), a depression of the Oeschinengrat between the Schwarzhorn (9150') and the Wilde Frau (10,693'), affording a superb view of the Blümlisalp, Doldenhorn, etc. Descending on the S. side of the pass for about 200', and then keeping to the left at the foot of the arête, we reach first the old Frauenbalm Hut, and beyond it (20 min.) the new Blümlisalp Hut of the Swiss Alpine Club (9055'; ascents from here, see p. 213). We now descend over débris and the rocky ledges of the Schafberg, with the Blümlisalp Glacier quite near us on the left (path very dizzy at places), to the Upper Oeschinen-Alp (6470'), and by steep steps cut in the rock to the Lower Oeschinen-Alp, pass round the N.W. side of the Oeschinen-See (5223'), and reach (4 hrs.) Kandersteg (p. 213).

From Lauterbrunnen to Kandersteg over the Tschingel Pass (13-14 hrs.; guide 30, porter 25 fr.), fatiguing, but for tolerable mountaineers free from difficulty. The night had better be spent at (21/2 hrs.) Trachsellauenen or at the Upper Steinberg (p. 185; 4 hrs. from Lauter-brunnen). We thence follow the W. slope of the valley to the (1/2 hr.) left lateral moraine of the receding Tschingel Glacier and toil up it for some time (a nearly perpendicular part, called the Tschingeltritt, about 13' high, is now avoided by means of a narrow path). Farther up (1 hr.) we come to turf (pleasanter; a halt usually made here; superb view). Then again across débris in 1/2 hr. to the Tschingelfirn, an immense expanse of névé; for 20 min. we follow the left moraine, and then take to the glacier, where the rope becomes necessary. A gradual ascent of 11/2 hr. brings us to the top of the Tschingel Pass (9265'), where a view of the mountains of the Gastern-Thal is disclosed; behind us towers the majestic Jungfrau with her S. neighbours, and to the left is the Eiger. On the right are the furrowed Gspaltenhorn (p. 212) and the Gamchilücke (9295'; pass to the Kienthal, p. 212). An additional hour may be devoted to the Gamchilücke, which affords a striking survey of the Kienthal, the Niesen, and the Bernese plain. To the left of the Tschingel Pass rises the Mutthorn (see below). The descent across the Kanderfirn, bounded on the right by the rocky walls of the Blümlisalp and the Fründenhorn and on the left by the Petersgrat, is easy. After 11/4 hr. we quit the snow for the left lateral moraine and descend steeply, over loose stones and then over grass, to the Gastern-Thal, passing a spur which overlooks the Alpetli Glacier, descending from the Kandersirn. We then follow the narrow crest of a huge old moraine, which descends precipitously on the right to the former bed of the glacier, 65-80' below;  $1^{1/2}$  hr., bridge over the Kander; 6 min., the first chalet of Heimritz (5315'; coffee, milk, and beds); 1/4 hr., chalets of Selden or Gastern. Hence through the \*Klus to (21/4 hrs.) Kandersteg, see pp. 218, 219.

\*From Lauterbrunnen to the Lötschen-Thal over the Petersgrat (from the Steinberg to Ried 9-10 hrs.), trying, for experts only, but very grand (guide 40 fr., porter 30 fr.; guide to the Mutthorn Hut 20 fr.). From the Obersteinberg Hotel we ascend to the (1½ hr.) Oberhornsee (p. 186) and across the Tschingel Glacier to the (3 hrs.) Mutthorn Hut of the S.A.C. (9645), at the S.E. base of the Mutthorn (9975), which may be ascended hence in 3/4 hr., with guide. More difficult are the Tschingelhorn (11,750; 3-3½ hrs.; guide from Lauterbrunnen 40 fr.), and the Lauterbrunner Breithorn (12,400; 5-6 hrs.; guide 60 fr., with descent to Ried 70 fr.). — An easy ascent of 3/4-1 hr. over the névé of the Tschingel Glacier brings us to the Petersgrat (10,515), a lofty snow-arête commanding a superb view of the Alps of the Valais. We then descend over the Æussere Thal Glacier to the N.W. base of the Tellispitzen (9595), whence a steep descent leads over snow, débris, and turf to the Telli-Thal, Blatten, and (3½ hrs.) Ried

(p. 217). — Over the Wetterlücke (from the Upper Steinberg to Ried 10 hrs.; guide 40 fr.), difficult. From the (1½ hr.) Oberhornsee (p. 186) we cross the crevassed Breithorn Glacier to the (4-4½ hrs.) Wetterlücke (10,365′), between the Tschingelhorn and Breithorn. The descent leads by the Innere Thal Glacier to (4 hrs.) Blatten and (¼ hr.) Ried (p. 217). — Over the Schmadel-Joch (10-11 hrs.; guide 45 fr.), also difficult. From the (1½ hr.) Oberhorn-Alp (p. 186) we ascend to the left over the Breithorn Glacier to the (4 hrs.) Schmadri-Joch (10,863′), between the Breithorn and Grosshorn. On the other side we descend over the Jägifirn to the (4 hrs.) Gletscherstaffel Alp (chalets) and to (1 hr.) Ried (p. 217). Or from the Gletscherstaffel Alp we may proceed to the (4 hrs.) Lötschenlücke (10,510′) and descend viâ the Grosse Aletschfirn to the (3 hrs.) Concordia Pavilion (p. 342).

From Lauterbrunnen to the Eggishorn over the Lauithor (12,140'), difficult and hazardous (18 hrs.; night spent in the Roththal Hut; guide 80 fr.), through the wild Roththal, across the huge ice and rock arête connecting the Roththalhorn (12,945') and Gletscherhorn (13,064'), and down the Kranzberg-Firn and the Great Aletsch Glacier to the Concordia Pavilion and the Eggishorn Hotel (p. 342). — Over the Ebnefluh-Joch (12,300'), between the Ebnefluh (13,005') and Mittaghorn (12,750'), very laborious, but without danger to experts (15-16 hrs.; guide 80 fr.). — It will repay a robust and steady-headed expert to go as far as the Roththal Hut (8860'; 5 hrs. from Stechelberg, crossing the Stufenstein-Alp), and to return the same way (a good day's walk; guide 25 fr.). Ascent of the Jungfrau by the Roththal Saddle or by the S.W. arête, see p. 192.

#### 48. From Interlaken to Grindelwald.

Bernese Oberland Railway: a. Direct (121/2 M.) in 1 hr. 20min. (fares 5, 3 fr., return 8 fr., 4 fr. 80 c.). b. Viâ Lauterbrunnen and Wengern-Alp (191/2 M.) in 5-51/2 hrs. (fares 18 fr. 45 c., 11 fr. 45 c.); from Lauterbrunnen, 11 M. in 21/2-4 hrs. (fares 15 fr. 20 c., 9 fr. 50 c.; circular tickets for both lines, valid for ten days, 23 fr. 45, 14 fr. 45 c.). The third-class carriages are little inferior to the first. As the trains from Lauterbrunnen in the high season are usually crowded, it is preferable to perform the journey across the Wengern-Alp in the reverse direction (Grindelwald-Scheidegg-Lauterbrunnen). — Carriage from Interlaken to Grindelwald 12, with two horses 24 fr.; there and back in one day 13 or 25 fr., in two days 28 or 45 fr. — Pedestrians still prefer the beautiful Walk over the Wengern-Alp to Grindelwald: bridle-path to the Wengern-Alp 3 (descent 2), Little Scheidegg 3/4 (descent 1/2), Grindelwald 21/2 hrs. (ascent 31/2 hrs.); in all 61/4 hrs. from Lauterbrunnen. Small trunks may be sent on by train. — The road from Zweilütschinen to Grindelwald is too steep for cycling.

a. DIRECT LINE (carriages marked 'Grindelwald'). From Interlaken to (5½ M.) Zweilütschinen (2150'), see p. 183. The Grindelwald train ascends the left bank of the Black Lütschine, traversing a tunnel and an avalanche gallery in the wooded and populous Lütschen-Thal. To the left are the slopes of the Schynige Platte (p. 182); to the right rises the precipitous Männlichen (p. 194). Beyond (8½ M.) Lütschenthal (2355') the train crosses to the right bank and ascends the Stalden by rack-and-pinion (1935 yds.; gradient 12:100) to (10 M.) Burglauenen (2915'). In front appear the Wetterhorn and the Berglistock. Farther on we pass through the defile of the Ortweid, after which a view of the beautiful valley of Grindelwald is suddenly disclosed: to the right is the massive Eiger, adjoined by the Jungfrau with the Schneehorn and the Silberhorn; in the middle are the Mettenberg and the Schreckhörner,

and to the left the Berglistock and the majestic Wetterhorn. The train lastly ascends another toothed rail section (1420 yds.) to

(121/2 M.) Grindelwald (p. 194).

b. By the Wengern-Alp Line (Riggenbach's rack- and-pinion system). The trains on this line have only one car each, but when passengers are numerous extra trains are despatched (journey and fares, see p. 190). — Lauterbrunnen (2640'), see p. 184. The railway describes a curve, crosses the Lütschine, and rapidly ascends the steep slopes below the village of Wengen, where it passes over several viaducts and bridges. Hence we enjoy a fine retrospect of Lauterbrunnen and its valley and of the Schmadribach Fall in the background, with the Breithorn and Grosshorn above it. Higher up, to the right of the former, is the Tschingelhorn, and to the left of the precipitous Schwarze Mönch are the Silberhorn and Jungfrau. On the opposite (W.) side of the valley ascends the cable-railway to Mürren, above which (r.) rises the Sulegg-Grat, with the serrated Lobhörner. A wide curve brings us to —

1½ M. Wengen. — Hotels. \*Grand-Hôtel National, R. 3-8, B. 1½, D. 5, S. 3½-4, pens. 8-17 fr.; \*Hôt.-Pens. Blümlisalp, R. 3-5, B. 1½, déj. 3, D. ½½, pens. 6-11 fr.; \*Hôt.-Pens. Victoria, R. 2½-3, pens. 6-10 fr.; \*Hôt.-Pens. Falken, R. 2-3, D. 3, pens. 6-9 fr.; Hôt.-Pens. Silberhorn, R. 2-2½, B. 1¼, D. 2½, pens. 6-9 fr., these five near the rail. station; Hôt.-Pens. Waldrand, ¼ M. from the station, pens. 6-8 fr.; \*Hôt.-Pens. Belvedere, R. 3-5, B. 1½, déj. 3, D. ½½, pens. 6-10 fr.; \*Hôt.-Pens. Jungfraublick, in an open situation, pens. 6-8 fr.; \*Hôt.-Pens. Montana, R. 2-2½, B. ½, D. 3, S. ½½, pens. 6-8 fr.; Pens. La Rondinella, pens. 6-9 fr.; Hôt.-Pens. Alpenrose, 7 min. from the station (pass under the line near the Hôt. Blümlisalp), R. 2-3, B. ½, D. 3-3½, S. ½, pens. 6-8 fr.; \*Pens. Alpina, pens. 5-6 fr.; \*Pens. Brunner, 8 min. from the station, on the Wengern-Alp route, pens. 5-6 fr.; \*Bellevue, R. ½-2, B. ½, D. 3½, S. ½-2, pens. 6-9 fr.; Hôt.-Pens. Mittaghorn, farther on and lower down, well spoken of, pens. 6-8 fr.; Hôt.-Pens. Wengen, ¾ M. beyond the Alpenrose, R. ½-2, B. ½-2, D. 3-3½, S. 2-2½, pens. 6-9 fr.; Hôt.-Pens. Wengen, ¾ M. beyond the Alpenrose, R. ½-2, B. ½-2, D. 3-3½, S. 2-2½, pens. 6-9 fr. — English Church Service in summer.

Wengen (4190'), situated amidst well-shaded meadows, below the precipitous Tschuggen (p. 194), with a view of the Lauterbrunnen Valley and of the Jungfrau and other mountains to the S., is much visited as a summer-resort. Attractive walks to the Leiterhorn, 1 hr. from the station, below the Männlichen (p. 194); to

the Mettlen-Alp and Wengern-Alp (see p. 192), etc.

BRIDLE PATH FROM LAUTERBRUNNEN TO THE WENGERN-ALP (3 hrs.). From the station we descend to the left, cross the Lütschine, and ascend straight on, soon joining the path mentioned at p. 185. 3/4 hr. Restaurant Linder, with pavilion and view. Farther up (20 min.) a finger-post shows the way to the left, by the Hôt. Mittaghorn and Hôt. Alpenrose, to the (20 min.) Wengen station; to the right to (10 min.) Pens. Wengen, and thence uphill, and (10 min.) to the left again, to a point below the watering-station (see p. 192). — This steep ascent is avoided by taking the railway to Wengen. From the station we cross the terrace in front of Hôt. Blümlisalp, turn to the left, and a little farther on to the right, crossing the line and following the fenced path amidst houses and meadows; 1/2 hr. a chalet (rfmts.); 10 min. we join the above-mentioned path from Pens. Wengen; 8 min. pass through a gate into the pine-wood, from which we emerge 20 min. farther on, and turn to the left. In 3/4 hr. more, passing under the line, we reach the Hôtel Jungfrau (see p. 192). — If we go straight

on after quitting the wood, we reach the (3/4 hr.) \*Mettlen-Alp (5580'), on the N. side of the Trümleten-Thal, directly facing the Jungfrau. Hence we may either ascend to the Wengern-Alp in 3/4 hr., or walk round the head of the Trümleten-Thal to the (1 hr.) Biglen-Alp, with the Bandlauenen Glacier, and thence to the (3/4 hr.) Wengern-Alp. — From Wengen direct to the top of the \*Männlichen (p. 194), 21/2-3 hrs., rather steep, but otherwise easy and very attractive.

Beyond Wengen the railway curves towards the Tschuggen, affording a continuous view of the snow-mountains and glaciers from the Grosshorn to beyond the Gspaltenhorn, with the Breithorn in the centre. After a short halt at a Watering Station below the Lauberhorn (p. 193) we skirt the Galtbachhorn (7610') and reach—

 $4^{1}/_{2}$  M. Wengern-Alp (6160'; \*Hôt. Jungfrau, R. 4-5, B.  $1^{3}/_{4}$ , déj. 3, D. 4-5, pens. 8-10 fr.), where we enjoy a celebrated \*View, across the Trümleten-Thal, of the Jungfrau (13,670'), with her dazzling shroud of eternal snow, flanked by the Silberhorn (12,155') on the right and the Schneehorn (11,205') on the left. The proportions of the mountain are so gigantic, that the eye attempts in vain to estimate them, and its distance ( $2^{1}/_{2}$  M.) seems annihilated. To the left of the Jungfrau, the highest peak of which is not visible, rise the Mönch (13,465') and the Eiger (13,040'). To the right, farther back, are the Tschingelgrat, Gspaltenhorn, and the broad mass of the Büttlassen. To the N. of the last are the Hundshorn, Schilthorn, and Schwarzhorn (named from W. to E.).

The view from the (20 min.) Hundsschopf (bench and flag) is little superior to that from the Hôtel Jungfrau. A fine view of the Lauterbrunnen valley is obtained from the Gürmschbühl (6223'), reached by diverging to the left from the Wengen path, 1/4 hr. below the station, and turning, 8 min. farther on, to the right (while the path to the left leads

to the Mettlen-Alp, see above).

On the Wengern-Alp, at Grindelwald, and elsewhere the traveller may witness Snow or Ice Avalanches, which, on warm, sunny days, generally occur several times an hour. Except that the solemn stillness of these desolate regions is broken by the echoing thunders of the falling masses, the spectacle can hardly be called imposing. The avalanche, as it descends from rock to rock on the mountain-side, to disappear at its foot, resembles a huge white cascade. The more destructive avalanches, bearing with

them rocks, earth, and gravel, occur only in spring and winter.

The \*Jungfrau (13,670') was scaled for the first time in 1811 by Rudolf and Hieronymus Meyers of Aarau, and from that time to 1851 the ascent was only accomplished four times; but it has since been undertaken frequently. Though difficult and fatiguing, it is unattended with danger to experts with good guides and in favourable conditions of the snow. The easiest ascent is that by the S. side, the night being spent in the Concordia Pavilion (p. 342), 5 hrs. from the Eggishorn Hotel; thence to the summit 6-7 hrs. (guide 70 fr.). The ascent from Grindelwald is more trying (guide 80 fr., with descent to the Eggishorn 100 fr.; porter 60 and 80 fr.). It is facilitated by spending a night in the Bergli-Hütte (p. 198), 8 hrs. from Grindelwald; thence over the Mönchjoch and the Jungfraufirn to the Roththal-Sattel 41/2-5 hrs., and to the top in 11/4 hr. more. — The ascents from the Guggi Hut (p. 194) over the Silberlücke and from Lauterbrunnen by the Roththal-Sattel (12,655') are very difficult and hazardous (guide 90 fr., to Eggishorn 100 fr.). That from the Roththal Hut (p. 190) over the S.W. arête (6-8 hrs.) is also trying, but is not dangerous when the rocks are dry and free from snow or ice (guide 70, with descent to Grindelwald 80, to Eggishorn 100 fr.). We ascend over rocks for 4-41/2 hrs., the last part being a steep climb up the granite walls of the arête. We then cross

a snow-arête, which requires a steady head and is sometimes rather unpleasant (in late summer often solid ice). This brings us to the upper névé, over which we ascend without trouble to (1½ hr.) the summit. The \*View is superb. — The Silberhorn (12,155'; ascended for the first time, in 1863. by Ed. non Fellenberg and Karl Baedeker) is scaled from the Guggi Club Hut (p. 194) viâ the Guggi, Kühlauenen, and Giessen Glaciers, in 10-12 hrs. (difficult and trying; guide 50 fr.). The ascent by the W. arête was first achieved in 1887 by Mr. Seymour King.

From the Wengern-Alp the train ascends gradually. Splendid views of the Jungfrau. Walkers follow the bridle-path, which crosses the line near the Hôtel Jungfrau, and then skirts it to the (3/4 hr.) station of Scheidegg. This walk is recommended for the descent.

6 M. Scheidegg (carriages changed in both directions; detention frequent), on the summit of the Little, Lauterbrunnen, or Wengern Scheidegg (6770'; \*Curhaus Bellevue, R. 4-6, B. 13/4, déj. 31/2, D. 4, pens. 8-12 fr.; Engl. Ch. Serv. in July and August; \*Rail. Restaurant, déj. 31/2 fr.). This ridge affords a striking view of the valley of Grindelwald to the N., as far as the Great Scheidegg, dominated on the right by the broad summit of the Wetterhorn, with its rocky peaks and snow-fields, and bounded on the N. by the Schwarzhorn range. (To the extreme left is the blunt cone of the Faulhorn, with its inn.) On the S. opens a splendid view of the Mönch, Eiger, and Jungfrau, with the Silberhorn and Schneehorn

(but more in profile than from the Wengern-Alp).

To the Eiger Glacier, a pleasant walk of 3/4 hr., with fine views, especially from the "Fallbodenhubel (7136'; about halfway). Those who prefer may use the Jungfrau Railway (see below) as far as (11/4 M.) the Eiger Glacier Station (16 min.; fare 2 fr., there and back 3 fr.), or the Rothstock Station (28 min.; fare there and back 5 fr.). The train starts on the arrival of those from Lauterbrunnen and Grindelwald. In the Eiger Glacier is an artificial ice-grotto (adm. free; fee to keeper). — The new Jungfrau Railway, an electric rack-and-pinion line of 3 ft. 4 in. gauge, ascends from the Scheidegg to the right, over pastures, offering fine views of the Jungfrau and the mountains of the Lauterbrunnen valley. Beyond a tunnel (92 yds. long) it reaches (11/4 M.) Stat. Eiger Glacier (7645'; "Restaurant, with veranda, D. 4 fr.), in a scene of wild magnificence (footpath descending to the right to the Eiger Glacier, see above). Farther on the line skirts the face of the cliffs and enters the tunnel of the Jungfrau line proper. 2 M. Stat. Rothstock (8270'). Here a transverse shaft, 25' long, leads to an open platform, projecting from the vertical side of the Eiger; the view is, however, limited (Wergis-Thal and Itramen-Thal). A more interesting view is obtained from the summit of the Rothstock (8753'), reached in 1/2 hr. by a rocky path protected by iron bars. — Other projected stations of the Jungfrau Railway, the entire course of which is underground, are Eigerwand (Grindelwaldblick; 9405'), Eismeer (10,355'), Jungfrau-Joch (11,090'), and the terminus Elevator (13,428'), which will be connected with the summit of the Jungfrau by a lift 242' high, with a winding staircase on the outside. The total projected length of the line is 73/4 M., but the death of Herr Guyer-Zeller (d. 1899), its founder, has made the complete realization of this bold undertaking somewhat problematical.

The easy ascent of the "Lauberhorn (8120'), 1 hr. by a good path (guide-

The easy ascent of the \*Lauberhorn (8120'), î hr. by a good path (guidepost between the station and the Bellevue Hotel), is recommended for its magnificent view. The entire chain of the Bernese Alps is in sight. To the right of the imposing Wetterhorn are the broad and jagged Berglistock, the Mettenberg, Great and Little Schreckhorn, Lauteraarhorn, Eiger, Mönch, and Jungfrau; still farther to the right, the Ebnefluh, Mittaghorn, Grosshorn, Breithorn, Tschingelhorn, Gspaltenhorn, and Blümlisalp; in front,

the plateau of Mürren, with Lauterbrunnen and the Staubbach below; above are the Schilthorn, the Sulegg-Grat with the Lobhörner (p. 191), and farther to the right, the Niesen; then the Abendberg, Wilderswil, Unter-

seen with St. Beatenberg above it; above the Grindelwald valley rises the Faulhorn range, with the Schwarzhorn; and in the distance beyond the Great Scheidegg, the Wendenstöcke and the Titlis.

On the N. the Lauberhorn is adjoined by the precipitous Tschuggen (8278'; ascent laborious, for experts only) and, farther on, by the \*Männlichen (7695'), another famous point of view, easily ascended in 1½ hr. from the Little Scheidegg. From the station a well-made bridle-path (5-6' wide; electric railway contemplated) gradually ascends to the right, skirting the slopes of the Lauberhorn and Tschuggen, and affording a succession of charming views of Grindelwald and its mountains, to the (1 hr. 5 min.) Hôt. Grindelwald-Rigi (7220'; R. 31/2-4, B. 11/2, déj. 31/2, D. 41/2 fr.), on the saddle between the Tschuggen and Männlichen. The top of the latter is reached in 20 min. more. The view of the Eiger, Mönch, and Jungfrau is inferior to that from the Lauberhorn, owing to the intervening Tschuggen, but the more distant peaks to the right and left are better seen (panorama by G. Studer). — Direct descent to Grindelwald in 21/2 hrs. by a path that cannot be mistaken, or to Wengen in 11/2-2 hrs. by a steep path.

The Guggi Club Hut (7864; S.A.C.), at the foot of the Mönch, is reached by an interesting glacier tour, for which both guide and rope are necessary (from the Eiger Glacier Station 2-3 hrs. there and back; guide 6 fr., with descent by the Eiger Glacier 8 fr.). The Club Hut is now seldom used, the Mönch and the Jungfrau being usually ascended from the Bergli Hut and the Eiger direct from the Little Scheidegg (see p. 193).

The railway and bridle-path  $(2^{1}/_{2})$  hrs. to Grindelwald) follow the slope to the right, immediately behind the Hôtel Bellevue. To the right, a final view of the Jungfrau. Then over the stony Wergisthal-Alp, at the foot of the Eiger, to (8 M.) Alpiglen (5287'; Hôt. des Alpes,  $\frac{1}{4}$  M. from the station, unpretending, R.  $\frac{1}{2}$ - $\frac{21}{2}$ , pens. 5 fr.), on a commanding terrace. The Wetterhorn becomes more conspicuous, with the Mettenberg in front of it; farther on the Schreckhorn is seen through the gap between the Mettenberg and the Eiger. The line descends steeply into the valley of the Black Lütschine and crosses the stream. — 101/2 M. Grund (3100'), the lower station for Grindelwald, whence the train backs out to ascend to the (11 M.) principal station of Grindelwald (see below). - Walkers from Grindelwald to the Little Scheidegg cross the Lütschine above the station of Grund, and thence follow the bridle-path to the left, which crosses the line farther on; to Alpiglen 2 hrs., thence to the Scheidegg  $1^{1/2}$  hr.

Grindelwald. — Hotels (all with restaurants and usually seats in the open air). \*Bear (Messrs. Boss), 3 min. from the station. a large new house open air). \*Bear (Messrs. Boss), 3 min. from the station. a large new house of five stories (250 rooms), but without a lift, R. from  $3^1/2$ , B.  $1^1/2$ , déj.  $3^1/2$ , D. 5, pens. 10-16 fr. (S. B. G. H.); \*Eiger, R. from 5, B.  $1^1/2$ -2, déj. 3, D. 5, pens. 9-14 fr.; \*Hôt.-Pens. Schönegg, in a quiet situation, 8 min. from the station, to the left, with garden, pens. 6-8 fr.; \*Hôt.-Pens. Burgener, R.  $2^1/2$ -5. B.  $1^1/4$ , déj.  $2^1/2$ , D.  $3^1/2$ , pens.  $6^1/2$ -10 fr.; Hôt.-Pens. Grindelwald, R. 2-4, B.  $1^1/4$ , déj.  $2^1/2$ , D.  $3^1/2$ , pens. 5-6 fr. — At the station: \*Hôt.-Pens. Alpenruhe, R. 2-4, B.  $1^1/4$ , déj.  $2^1/2$ , D.  $3^1/2$ , pens. 6-9 fr.; Hôt.-Pens. Oberland, R. from  $1^1/2$ , B.  $1^1/4$ , D.  $1^1/2$  fr.; \*Hôt.-Pens. Alpina, R. 2-3, B.  $1^1/4$ , D. 3, S.  $2^1/2$ , pens. 6-8 fr.; \*Hôt. Weisses Kreuz, R. from  $1^1/2$ , B.  $1^1/4$ , D.  $2^1/2$ -3, pens. 6-8 fr.; \*Hôt. de la Gare, R. 2-3, B.  $1^1/4$ , D. 3, S.  $2^1/2$ , pens. 6-8 fr.; \*Hôt.-Pens. National, R.  $1^1/2$ -3, B.  $1^1/4$ , D. 3, S.  $2^1/2$ , pens. 6-8 fr.; \*Pens. Wolter, pens.  $4^1/2$ -6 fr. — \*Hôt. du Glacier, 7-8 min. below the Grindelwald station and as far from Grund, R. 2-3. B. 11/4, déj. 21/2, D. 3, pens. from 6 fr.; \*Hôt.-Pens. Schweizerhof, 2 min. from the station, R. 21/2-3, B. 11/4, déj. 21/2, D. 31/2, pens. 6-8 fr.; \*Hôt.-Pens. Victoria, in an open situation on the Dürrenberg, 3/4 M. above the station, R. 3-5, B. 11/2, déj. 3, D. 4, pens. 10 fr.; \*Pens. Villa Bellary, prettily situated by the pine-woods, farther to the W., pens. 7-10 fr. — Restaurant Bellevue, by the Hôt. Eiger, with rooms, beer. — Confectioners: J. Zbären, between the Bear and the Eiger Hotel; Wolter, Blum, near the rail. station.

Post Office, near the Liger Hotel. — Telegraph Office in the Hôt. Oberland. — English Church (services in the season).

Guides. Rud. Kaufmann (head-guide), Peter Baumann ('am Guggen'), Peter Baumann-Tuftbach, Ulrich and Hans Almer, Gottfried and Chr. Bohren, Peter Kaufmann (two of this name), Hans Kaufmann (two of this name), Christ. Kaufmann, Hans and Rud. Baumann, Hans and Rud. Bernet, Ul. Rubi, Christ., Fritz, and Sam. Jossi, Joh. Heimann, Peter, Sam., and Hans Brawand, Joh., Christ., and Peter Burgener, etc. — Good ice-axes at Ch. Schenk's.

Grindelwald (3415' at the station; 3468' at the church; pop. 3342), properly Gydisdorf, a large village in a sheltered and healthy situation, almost entirely rebuilt since the fire of 1892, is an excellent starting-point for excursions, and a favourite summer and winter resort. Three gigantic mountains bound the valley on the S.: the Eiger (13,040'), the Mettenberg (10,193'), which forms the base of the Schreckhorn, and the beautiful three-peaked Wetterhorn (12,150'), the characteristic feature of the entire landscape. Between the Wetterhorn and the Mettenberg descends the Upper Grindelwald Glacier, and between the Mettenberg and the Eiger the Lower Grindelwald Glacier. These glaciers feed the Black Lütschine.—Beautiful walks may be taken to the Ællfluh (4680'; 11/2 hr.), to the Lämpenegg and the Abbach Fall (11/4 hr.), to the Furenweid (4600'; 1 hr.), and to other points.

Most visitors are content with a visit to the \*Upper Glacier (a walk, there and back, of 2½ hrs.; one-horse carr. there and back 10 fr., two-horse 18 fr., and gratuity). From the station we follow the principal street, passing the (10 min.) Church, and beyond the school-house, decorated with mottoes, we take the road ascending gently to the left (to the right is the shorter but more fatiguing footpath). The road finally passes the Hallerstein, a granite boulder with an inscription in memory of Dr. A. Haller of Burgdorf, who perished on the Lauteraar Glacier in 1880, and leads to the (3/4 hr.) Hôtel Wetterhorn (4040'; R. 1½-2½, pens. 4½-6 fr.; well spoken of). From the hotel the bridle-path goes on to the left to the Great Scheidegg (p. 206), while a footpath to the right descends across the Lütschine, and leads in 10 min. to the glacier. The artificially hewn Ice Grotto (adm. free; fee to the keeper) is the finest near

Grindelwald.

A beautiful way back to Grindelwald is afforded by the so-called 'Terrassen-Weg'. This diverges from the road to the right beyond the fourth bridge, skirts the slope to the houses of Steinbillen, passes the Hôtel Victoria and Villa Bellary and leads to the hamlet of Duftbach, whence we descend to the left to the (1 hr.) station. — Another way back (guide, 6 fr., not essential) is by a path ascending the left moraine to the Chalet Milchbach (4330'; rfmts.; visible from below), which affords a good view of the ice-fall. The (1/4 hr.) path (finger-posts) then enters the

wood to the right, passing between the Mettenberg and the Halsfluh, and descends on the left bank of the Lütschine, past the hamlet of Auf der Sulz, to the bridge (2915') near the saw-mill mentioned below, and back to (1<sup>1</sup>/<sub>4</sub> hr.) Grindelwald. — From the Chalet Milchbach climbers may, by means of ladders (guide 1 fr.), ascend to the Wetterhorn path (comp. p. 197), and pass through the Milchbach Gorge to the (3/4 hr.) edge of the glacier above the ice-fall (about 5250'; fine survey of the glacier).

A narrow, and in wet weather muddy, path leads to the E. from the Hôtel Wetterhorn, past the 'Camera Obscura' and the small pavilion, through shrubs and pines, to (20 min.) the \*Eisboden ('Ischbode'; 4400'), a beautiful pasture close to the base of the Wetterhorn, affording a superb survey of the Upper Grindelwald Glacier, the Mettenberg, the Schreck-

hörner, the Eiger, and the Grindelwald Valley.

The Lower Glacier has so receded that an ascent to the Bäregg will alone repay the visitor (see below; guide, 7 fr., needless for moderately experienced walkers; horse to the Weissenfluh, 1/2 hr. below the Bäregg, 10 fr., not advisable), while the only other interesting point is the imposing Gorge of the Lütschine. Bridle-paths, above the Hôtel Eiger, above the former Eagle Hotel, and between the church and the school-house, descend to the right to the (25 min.) bridge (2915') spanning the branch of the Lütschine that issues from the upper glacier. On the opposite bank, on which is a saw-mill, the path straight on ascends to the Bäregg, while we keep to the right at the same level, and finally, ascending a little, cross a wooden bridge over the discharge of the glacier to a (1/4 hr.) refreshment-hut at the entrance of the Gorge of the Lütschine, to which wooden galleries and steps afford access (50 c.). At the upper end is a high waterfall. We may now ascend the left (W.) lateral moraine to the (1/2 hr.) Ice Grotto (230' long) hewn into the glacier; or we may follow the right bank for 80 paces from the wooden bridge, and then ascend the right lateral moraine to the Bäregg path. The route over the glacier from the ice-grotto to the Lower Eismeer is not advisable, and should in no case be attempted without a guide; fee 10 fr.] On this latter ascent we pass (1/4 hr.) a refreshment-hut, by a bridge high above the gorge (50 c.), and (1/4 hr. more) a second hut, with another Ice Grotto near it (50 c.). — From the bridge and saw-mill mentioned above a path ascends along steep rocky slopes to (11/2-13/4 hr.) the Chalet Bäregg (5410'), which commands the \*Lower Eismeer ('sea of ice'), the large basin in which the glacier accumulates before it descends to the valley. Above it rise the Zäsenberghorn, Grindelwalder Grünhorn, Grindelwalder Fiescherhörner, Fieschergrat, and Eiger. A rocky knoll, 20 min. farther on, affords a more complete view.

A flight of wooden steps, 5 min. from the chalet, descends to the edge of the 'Eismeer'. The glacier may be crossed, with guide (from Grindelwald, 9 fr.), to (1 hr.) the Zäsenberg (6075'), on the grassy slopes of which sheep are pastured in summer. — The ascent of the \*Zäsenberghorn (7687'; magnificent survey) takes 1½ hr. from the Zäsenberg (guide 12 fr.). On every side tower huge and wild masses of ice, and the view is bounded by the imposing peaks of the Eiger, Schreckhörner, Fiescherhörner, etc. Experts may now cross the Fiescherfirn, descend the Kalli by a steep path, and return to the Bäregg (7-8 hrs.; a comparatively easy round; guide 20 fr.).

The Mettenberg (Mittelberg, 10,193'; 7 hrs. from Grindelwald, by the Bäregg; guide 30 fr.) commands an imposing view of the Wetterhorn, Schreckhorn, Finsteraarhorn, and the Upper Grindelwald Glacier, but is seldom ascended.

The favourite ascent is that of the \*Wetterhorn (12,150'; 10-11 hrs.; guide 60, porter 45 fr.), first scaled in 1844. The ascent, now made almost daily in fine summer weather, requires perseverance and a steady head. From the Chalet Milchbach by the ladders to the upper glacier, see p. 196. We cross the glacier to the Schlupf and traverse (new path) the precipitous Ziebachsplatten, with numerous brooks in wet weather, to the Gleckstein Club Hut (7670'; 41/2-5 hrs. from Grindelwald; guide 20 fr.), where the night is spent. Thence over the Krinne-Firn and by a steep ascent to the snowcovered Wettersattel or Sätteli (11,615'), between the Mittelhorn (12,165') and the Vordere Wetterhorn or Hasle-Jungfrau (12,150'), and to the left to the top of the latter, 5-6 hrs. The Rosenhorn (12,110'), the third peak, is better ascended from the Dossen Hut (p. 206). Descent to the Dossen Hut (and Rosenlaui or Innertkirchen), see pp. 206, 207 (guide from Grindelwald, 70 or 80 fr.). — From the Gleckstein Hut over the Lauteraar-Sattel to the Grimsel, see below; over the Rosenegg to the Dossen Hut, see p. 206; over the Bergli-Joch to the Gauli Hut, see p. 208. — The Berglistock (12,000'), to the right of the Bergli-Joch (5<sup>1</sup>/<sub>2</sub>-6 hrs. from the Gleckstein Hut; guide

70 fr.), viâ the Grindelwaldfirn, commands a superb view.

Ascent of the Jungfrau, p. 192; Finsteraarhorn (from the Schwarzegg Club Hut viâ the Agassiz-Joch in 9-10 hrs., dangerous as a descent on account of falling stones), p. 210. — Gross-Schreckhorn (13,385; from the Schwarzegg Club Hut 8 hrs.; guide 80 fr.), ascended for the first time by Mr. Leslie Stephen in 1861, very difficult. — Gross-Lauteraarhorn (13,265; guide 80 fr.), from the Schwarzegg Club Hut in 81/4 hrs., also very difficult. - Klein-Schreckhorn (11,475'), from the Schwarzegg Club Hut in 5-6 hrs., interesting and for expert climbers not difficult (guide 50 fr.). — Mönch (13,465'; first scaled by Dr. Porges of Vienna in 1857), ascended either from the Bergli Hut by the S.E. arête in 5-6 hrs. (guide 70 fr., to Eggishorn 90 fr.), or from the Guggi Hut (p. 194) by the N. side in 8-9 hrs. (very difficult and not always feasible; guide 80 fr., to Eggishorn 90 fr.). -Eiger (13,040'; first ascended by Mr. Chas. Barrington in 1858), from the Little Scheidegg by the Eiger Glacier and up the W. arête, 7-8 hrs., or from the Bergli Hut, 6-7 hrs., difficult but very fine (guide 70 fr.). — Gross-Fiescherhorn (13,285'), from the Bergli Hut by the Mönch-Joch and Fiescher-Sattel, between the Grosse and Hintere Fiescherhorn, in 6 hrs. (guide 70 fr.), also difficult. All these are for thorough experts only.

Passes. To the Grimsel Hospice over the \*Strahlegg (10,995'; 14 hrs.; guide, 40 fr., porter 30 fr.), a grand but toilsome route. The night is passed in the Schwarzegg Club Hut (8265'), on the Upper Eismeer, 5 hrs. from Grindelwald. Thence a steep ascent over ice and rock to the (3 hrs.) pass, lying between the Gross-Lauteraarhorn and the Strahlegghörner; descent (steep and sometimes trying) over the (3/4-1 hr.) Strahleggfirn and the Finsteraar and Unteraar Glaciers to the (6 hrs.) Grimsel Hospice (p. 209), or via the medial moraine of the Unteraar Glacier to the (4 hrs.) Pavillon Dollfus. In the reverse direction the route is less trying and more interesting (from the Pavillon Dollfus to the Strahlegg 5 hrs., thence to Grindelwald 6 hrs.). — Over the Finsteraar-Joch (11,025'; 15-16 hrs.; guide 40 fr.), between the Strahlegghörner and the Agassizhorn, very trying, with splendid views of the Finsteraarhorn, etc. — Over the Lauteraar-Sattel (10,355'; 14-15 hrs.; guide 50 fr.), between the Schreckhörner and the Berglistock, fatiguing, but usually without serious difficulty to proficients. The night is spent in the (5 hrs.) Gleckstein-Hütte (see above); thence we ascend the Upper Grindelwald-Firn in 5 hrs. to the pass, which affords a grand survey of the Gross-Schreckhorn, Lauteraarhorn, etc. We then descend a steep snow-slope to the Lauteraarfirn (sometimes guarded by a wide 'Bergschrund' or chasm) and the (3 hrs.) Pavillon Dollfus (p. 210).

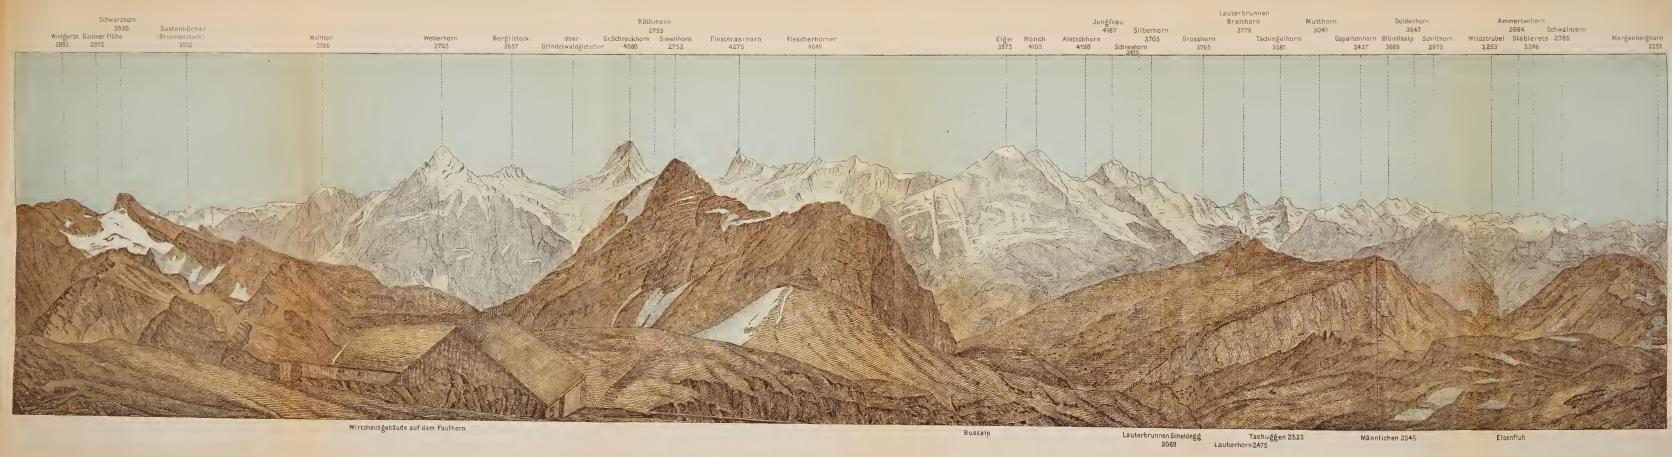

Passes from Grindelwald to the Eggishorn (p. 342), all difficult and for experts only, with able guides. The Jungfrau-Joch (11,090'; guide 90 fr.), between the Jungfrau and Mönch, from the Little Scheidegg to the Eggishorn Hotel in 19 hrs., viâ the Guggi Glacier, is very difficult and dangerous. — The passage of the Mönchjoch (11,385'; guide 60 fr.), 18 hrs. from Grindelwald to the Eggishorn Hotel, is facilitated by spending a night in the Bergli-Hütte (see below), or when the journey is made in the reverse direction, in the Concordia Pavilion (p. 342). This is relatively the easiest and also the most frequented of these passes, but it is also difficult and should not be attempted except when the snow is in good order. From the Bäregg we cross the Lower Eismeer to the opposite moraine, and ascend the precipitous Kalli for 2½ hrs.; then cross the much crevassed Grindelwald-Fiescher Glacier to the (3 hrs.; 8-9 hrs. from Grindelwald; guide 30 fr.) Bergli Glub Hut (10,825'), commanding a grand though not extensive view of the Fiescherwand, Schreckhörner, Eiger, etc. From the hut a steep climb of 1-1½ hr. over rock and ice leads to the Lower Mönchjoch (11,810'). This really consists of two passes, one to the E. (11,680') between the Walcherhorn and the point marked 3630' on the Siegfried Map, the other to the W. (11,810'), between points 3630' and 3687'. We descend either from the E. pass over the wide Ewig-Schneefeld to the Great Aletsch Glacier and (5-6 hrs.) the Eggishorn Hotel (p. 342); or from the W. pass, viā (½ hr.) the Upper Mönchjoch (11,870'), between the Mönch and Trugberg, to the Jungfraufirn (p. 192) and down to the Great Aletsch Glacier (the two routes unite at the Concordia Pavilion). — The Eiger-Joch (11,875'; guide 90 fr.), between the Eiger and Mönch, 19 hrs. from the Little Scheidegg to the Eggishorn, and the Fiescher-Joch or Ochsen-Joch (about 12,630'), to the S.E. of the Kleine Fiescher-Joch or Ochsen-Joch (about 12,630'), to the S.E. of the Kleine Fiescher-Joch or Ochsen-Joch very toilsome and difficult.

# 49. The Faulhorn.

Guide (unnecessary): from Grindelwald and back 10, if a night be spent at the top 13 fr.; from the Schynige Platte 8, with descent to Grindelwald 16, or viâ the Great Scheidegg to Meiringen or Innertkirchen 25 fr. — Chair Porters 6 fr. each; if they pass the night on the top, 12 fr. (three generally suffice; a bargain should be made beforehand). — Horse from Grindelwald and back 20 (or with one night out, 25) fr.; to the top and viâ the Great Scheidegg to Meiringen or Innertkirchen 40 fr.; from the Schynige Platte to the top 20 fr.; from Meiringen to the Faulhorn in one day 30 fr., to the Faulhorn and Grindelwald 36 fr. — \*Inn on the summit (R. 5, L. & A. 1½, B. 2¼, D. 5 fr.).

The \*Faulhorn (8803'), rising between the Lake of Brienz and the valley of Grindelwald, and composed of friable, calcareous schist (faul, 'rotten'), affords a closer survey than the Rigi of the giants of the Bernese Oberland (see Panorama). To the N., at our feet, lies the Lake of Brienz, with its mountains, from the Augstmatthorn to the Rothhorn; part of Lake Thun, with the Niesen and Stockhorn, is also visible; to the N.E. are parts of the Lakes of Lucerne and Zug, with Pilatus and the Rigi; then Lakes Morat and Neuchâtel.

From Grindelwald to the Faulhorn (5 hrs.; descent  $3^{1}/_{2}$  hrs.). From the Bear Hotel we cross the road and ascend straight between the hotel-stables and the new chalet; after 3 min., to the right (the path to the left leads to Hôt. Victoria, p. 195); 10 min., at the intersection of the 'Terrassen-Weg' (p. 195), straight on; 5 min., to the right (path to the left to be avoided). The footpath unites in about 10 min. more with the bridle-path that begins opposite the former Eagle Hotel (ascent thence to this point  $1/_{2}$  hr.). We now

follow the main path, partly through wood. After 35 min., on the Hertenbühl pasture (5157'), the path turns sharply to the left, ascending past a little cabaret into (10 min.) wood; 10 min., to the right, past a small pond; 20 min., a gate; 25 min., Waldspitz (6200'; Hôt.-Pens. Alpenrose, unpretending, R. 2-3, pens. from 5 fr.), with a splendid view. This point is nearly halfway. Farther on (20 min.), to the left, is a fall of the Mühlebach, which we cross near the upper chalets of the Bach-Alp (6496'). The path keeps to the left at the fork 10 min. farther on, crosses the Weissbach, and ascends to the (35 min.) Bach-See (7428'), in a stony basin, bounded on the left by the Röthihorn (9052') and Simelihorn (9030'), and on the right by the Ritzengrätli (8282'). (By the stone but the path for those descending to the Scheidegg diverges to the left, see below.) The top of the Faulhorn is now in view. The path, indicated by stakes, ascends rapidly for nearly 1 hr. over a stony chaos. Higher up, on the Gassenboden, we pass another stone hut (Alpine horn), cross the nearly level pastures at the foot of the peak, and reach the

top by a zigzag path in <sup>1</sup>/<sub>4</sub> hr. more.

For the Return to Grindelwald (3 hrs.) pedestrians may take the path by the Buss-Alp, which diverges to the right at the stone hut on the Gassenboden. To the W. of the upper chalets rises the Burg (7247'), which is sometimes ascended from Grindelwald direct in 4 hrs. for the sake of the view (care must be taken to avoid the precipices on the S. side; guide 10 fr.).

FROM THE SCHYNIGE PLATTE TO THE FAULHORN (4 hrs.; descent 3 hrs.; guide, unnecessary, 8 fr.). The picturesque bridle-path, the beginning of which is indicated by a finger-post below the station (p. 182), first crosses the *Iselten-Alp*, below the steep *Oberberghorn* (6791'). Skirting the S. slopes of the *Laucherhorn* (8333'), we come to (1 hr.) a gate, and traverse the rocky débris of the Bütschi, beyond which (20 min.), at the foot of the Sägishörner, a footpath descends along the brook to the right. (In descending, therefore, we here keep to the right, with the hotel on the Schynige Platte in sight, and the Geisshorn and Gummihorn above it.) We turn to the left and cross (11/4 hr. from the Schynige Platte) the watershed of the Egg (6915'; small refuge-hut), whence the new bridle-path (red way-marks), to the right, gradually ascends on the N. slope of the Sägisgrat. Farther on, high above the Sägisthal Lake (6030'), the path rounds the N.E. end of the Sägisgrat to its S. side, then skirts the rocky cauldron of the Weite Thal, and ascends the N. flank of the Winteregg (8265'). 1 hr. Refuge Hut (poor); beautiful view of the Blümlisalp and its neighbours. The path now ascends rapidly to (1/4 hr.) a new refuge hut. It then crosses the Faulegg (8445'), where the old road from the Sägisthal Lake joins it on the left, and reaches (1 hr.) the top of the Faulhorn.

FROM THE FAULHORN TO THE GREAT SCHEIDEGG (3 hrs.; ascent 4 hrs.; guide, not indispensable, 8 fr.). The path diverges to the left from the Grindelwald path near the (3/4 hr.) hut at the

S.E. end of the Bach-See (p. 199), traverses the stony slopes of the  $Ritzengr\ddot{a}tli$ , and is nearly level for some distance;  $^{1}/_{2}$  hr., a gate between the Bach-Alp and the Widderfeld-Alp; 12 min., we cross the ridge of the  $L\ddot{a}ngenbalm$ -Egg, with a magnificent view from the turfy knoll (7175') 5 min. to the S. Farther on we traverse the pastures of the Obere Grindel-Alp, skirting the left slope and keeping the general direction of the conspicuous Scheidegg Inn (to the left of the Wetterhorn). After crossing several arms of the Bergelbach, we reach the (50 min.) upper chalets of the Grindel-Alp (6410'). At ( $^{1}/_{4}$  hr.) a gate we ascend to the right on this side of the fence, pass through the next gate (12 min.), and make for the top of a hill; 8 min., Scheidegg Inn (p. 206).

In ascending from the Scheidegg, we must be careful not to turn to the left at the bridge over the *Bergelbach*; farther on, where the path is lost on the pastures, we again avoid turning to the left, but follow a direction parallel with a long enclosure lying a little to the left, and make for the slope of the mountain, at the foot of which the path is regained.

The view from the Faulhorn is partially intercepted by the neighbouring group of the Simelihorn (9030') and the Röthihorn (9052'), rising between the Finsteraarhorn and the Schreckhorn, which conceals part of the Alpine chain and the valley of Grindelwald. The Röthihorn, from which the magnificent view is uninterrupted, is ascended from the Bach-See in 1½ hr. (guide advisable; from the Faulhorn 5 fr., from Grindelwald 15 fr.).

The view is still grander and more extensive from the \*Schwarzhorn (9610'), which, with the Wildgerst (9490'), intercepts the view from the Faulhorn on the E. side. (The lakes of Lungern, Sarnen, Alpnach, and Küssnacht are visible hence, all lying in the same line.) The ascent is made from the Faulhorn in  $4^{1}/_{2}$  hrs.; from the Great Scheidegg by the Grindel-Alp and the Krinnenboden in 3 hrs.; from the Hotel Schwarzwaldgletscher (p. 206) in  $3^{3}/_{4}$  hrs.; or from Axalp (p. 204) in  $5^{1}/_{2}$  hrs. (guide 12 fr.).

## 50. From Meiringen to Interlaken. Lake of Brienz.

From Meiringen to Brienz (8 M.) RAILWAY in 25 min. (fares 2 fr. 60, 1 fr. 95, 80 c.). — From Brienz (station) to Interlaken Steamboat 7 times daily in 1 hr. (fares 2 fr. 40, 1 fr. 40 c.). — General season tickets for the lakes of Thun and Brienz, see p. 173.

Meiringen. — Hotels. \*Hôtel du Sauvage (Zum Wildenmann), 5 min. from the station (omnibus), with garden, R. 4-8, déj. 31/2, D. 5, pens. 9-15 fr.; \*Hôt. de l'Ours, R. 2-5, B. 11/4, déj. 21/2, D. 31/2, pens. 6-9 fr.; \*Couronne, 3 min. from the station, R. 2-31/2, B. 11/2, D. 4, S. 21/2-3 fr.; \*Hôt. Brünig, R. 2-4, B. 11/4, déj. 21/2-3, D. 31/2, pens. from 61/2 fr.; \*Hôt.-Pens. Oberland, R. 2-4, B. 11/2, D. 31/2, S. 3, pens. from 6 fr.; \*Hôt.-Pens. Anderegg, R. 11/2-2, B. 1, pens. 5 fr.; Hôt.-Restaurant Victoria, R. 11/2-2 fr., B. 1 fr. 20 c., D. 11/2-21/2 fr.; Hôt. de la Gare, Kirchgasse 17, R. 2 fr., well spoken of. In the town: \*Meiringer Hof, Kirchgasse, R. 2-3, B. 11/4, D. 3, pens. 5-7 fr.; \*Croix Blanche, R. 2-21/2, B. 11/4, D. 21/2, S. 2, pens. 5-7 fr.; \*Post, in the main street, R. 2-3, B. 11/4, D. 2-3 fr.; \*Adler, unpretending, R. 11/2-2, B. 1, D. 11/2-21/2 fr.; \*Löwe, with baths, R. 11/2-21/2, pens. 5-7 fr.; \*Hirsch, 1/2 M. from the station, R. 11/2-21/2, B. 11/4, D. 3, S. 21/2, pens. 5-6 fr. — \*Grand-Hôtel des Alpes, with grounds, R. 3-7, déj. 3-31/2, D. 4-5, pens. 8-14 fr.; \*Hôtel-Pension Reichenbach, R. 2-4, B. 11/2, déj. 21/2-3, D. 31/4-4, pens. 6-9 fr., these two beyond the Aare, near the station of the Reichenbach cable-tramway, 1 M. from Meiringen (omnibus in 8 min., 20 c.). Furnished rooms at Abplanalp-Balmer's, Postgasse, near the station, etc.

Restaurants in the hotels; Brauerei Stein, with garden; good beer at he Post (see p. 200).

the Post (see p. 200).
English Church, in the garden of the Hôtel du Sauvage.

Guides. Melchior, Joh., and Peter Anderegg, Ulrich Fuhrer, Joh. and Albert Jaun, Joh. Köhler Senr., Nik. and Melchior Kohler, Kaspar Moor, Heinrich Rieder, Joh. and Andreas Stähli, Balth. Tännler, Andreas and Kaspar Winterberger, Andreas and Melchior Zenger, etc.

Meiringen (1968'; pop. 3064), the principal station on the Brünig Railway (R. 37), is the chief village of the Hasli-Thal, the inhabitants of which, according to tradition, immigrated with the Schwyzers from Scandinavia. The village, almost entirely burned down in 1891, but since rebuilt in an improved style, lies on the right bank of the Aare, in a wide valley, surrounded by wooded mountains, above which rise several snowy peaks. To the S. appear the Reichenbach Falls (see below), with the snow-fields of the Wellhorn and the Rosenlaui Glacier above them. The Mühlebach, Alpbach, and Dorfbach, descending from the Hasleberg to the N. of the village, form considerable falls (in the season the Alpbach Falls are illuminated at 9 p.m. at the cost of the community). The massive detached church-tower of Meiringen originally belonged to a castle. Both tower and church have repeatedly been unearthed from the débris which the Alpbach used to deposit before its canalisation. Pleasant shady walks beyond the church. Wood-carving is extensively practised here. - To the E. of the village rises the ruined tower of Resti.

The \*Gorge of the Aare (Aareschlucht, Aarelamm; 1 M. from the station; omnibus from the station 50 c., from the cable-tramway 30 c.; carr. there and back, with stay of 1 hr.; 4 fr., with 1½ hr.'s stay, and back from the Lammi Inn, 5 fr., with return from the E. end of the gorge, 7 fr.; two-horse 7, 8, and 12 fr.) is the chief point of interest near Meiringen, next to the Reichenbach Falls. We follow the main road to beyond the Hirsch, diverge to the right, cross the (½ M.) Willigen-Brücke (p. 207), and take the road to the left (that to the right leading to the Grand Hôt. des Alpes, p. 200). At the entrance to the gorge is a Restaurant, where tickets (80 c.) are obtained. The wild and romantic rocky gorge, which carries the Aare through the Kirchet (p. 207), is about 1½ M. long, and has been made accessible by means of an iron gallery. After 10 min. we pass a pretty waterfall on the left. Hence we reach the head of the gorge in 20 min., which is on the S. side of the Kirchet, on the Innertkirchen road (p. 207). On the way is an iron foot-bridge crossing to the opposite bank and leading to a rocky basin (no exit). We return the same way, or we ascend by a wooden flight of steps, through the 'Finstere Schlucht' to (¼ hr.) the Lammi Inn, on the road over the Kirchet, by which we regain the Willigen-Brücke in 25 minutes. — A finger-post, 2 min. from the Lammi Inn, indicates the way to the upper Reichenbach Fall (¾ hr.; comp. p. 205).

From the Grand Hôtel des Alpes an electric funicular railway runs every 20 min. in 10 min. to the \*Upper Reichenbach Fall (fare 1 fr., down 3/4, there and back 11/2 fr.). The line (1/2 M. long; maximum gradient 60:100) crosses the Reichenbach below the central fall and ends on the left side of the fine upper fall, which descends in one huge leap into a deep rocky basin. On summer evenings the fall is illuminated by large electric reflectors. A new footpath leads from the upper station to the hut containing the reflectors, vertically above the upper fall, and to the (20 min.) bridge over the Reichenbach near the Zwirgi Inn (p. 205).

— Walkers from the Hôt. Reichenbach follow the footpath (1/2 hr.; guide posts), which is repeatedly crossed by the funicular railway, as far as

the road below the Schwendi Hotel (see below;  $^{1}/_{2}$  hr. to the upper fall); or (better) they follow the new road via (1 M.) Willigen (p. 205) to the ( $^{1}/_{2}$  M.)  $^{1}$  Hôt.-Pens. Schwendi (carr. to this point 7, with two horses 14 fr.), and take the path to the right, which leads to (6 min.) the pavilion (rfmts.) on the

right side of the upper fall.

About 1 M. to the N. of Meiringen (good though steep road) is the Gorge of the Alpbach (adm. 80 c., for a party 40 c. each), which begins near a refreshment-stall above both the falls visible from the valley. Through the gorge a rocky path, with numerous steps, ascends to the Hasleberg, turning to the right at the top and traversing meadows to the (25 min.) \*Hôtel-Pension Alpbach (2854'; R. 1½-3, D. 2½, S. 2, pens. 5-8 fr.), with a magnificent view of the Wetterhorn group and the Hasli-Thal (also reached in ½ hr. by the above-mentioned road from the refreshment-stall). About 1½ M. farther to the E., in Reuti (3450'), are the Hôtel-Pension Kohler (pens. 4½-6 fr.) and the Pension von Bergen. — About 3 M. to the N.W. of the Hôt. Alpbach (good path by Golderen and Weisstanne or Wasserwendi; direct road from Meiringen 4½ M., one-horse carriage 9, two-horse 16 fr.) lies the village of Hohfluh (3443'; Hôt.-Pens. Hohfluh, 5-7 fr.; Pens. Alpenruh, 4½-6 fr.; Pens. Tännler, 4-4½ fr.), another fine point of view, visited as a health-resort. Numerous pleasant excursions: to the Schoren-Alp (4115'; 1½ hr.); Giebel (6680'; 2½ hrs.; see p. 149); \*Planplatte (7340'; interesting), ascent by the Mägis-Alp in 4 hrs., descent by the Gummen-Alp, 3 hrs. From Hohfluh to Brünig, see p. 149. — The \*Hohenstollen (8150'; splendid view; panorama by Stierlin) may be ascended from Hohfluh by the Balis-Alp in 4 hrs. (guide 5 fr.), or from the Hôt. Alpbach direct in 5 hrs. (guide 7 fr.; from Meiringen 10 fr.), viâ the Mägis-Alp and the Schwarzenfluh. Descent to Melchsee-Frutt, see p. 147. — Over the Weit Ries to Melchsee-Frutt, see p. 147.

The train skirts the right bank of the canalized Aare. The beautiful Oltschibach and other cascades fall from cliffs on the left. Beyond (5 M.) Brienzwiler (Restaurant Balmhof), where it crosses the Brünig road, the line skirts the geologically interesting Ballenberg (2385'), then bends to the right, and follows the bank of Lake Brienz, by Kienholz, a village overwhelmed by a mud-stream of the

Lammbach in 1896 and 1897, to —

8 M. Brienz. — The Station is at Tracht, to the E. of Brienz, close to the station of the Rothhorn Railway and the Steamboat Pier. Most of the steamers also touch near the Hôt. de l'Ours in Brienz. — Hotels. Croix Blanche, at Tracht, near the stations, R. 2-4, B. 11/4, D. 3-31/2, pens. 6-8 fr.; Hôtel de l'Ours (Bär), 1/2 M. from the stations, with a terrace on the lake, R. 2-31/2. B. 11/4, D. 3, pens. 5-8 fr.; Schützen, to the E. of the stations, plain. — English Church Service in summer (at the Hôt. de l'Ours).

The village of Brienz (2584 inhab.), adjoined on the E. by Tracht, stretches for 1½M. along the bank of the Lake of Brienz, backed by green pastures dotted with fruit-trees, above which rises the Brienzer Grat, whence descend the falls of the Trachtbach and the Mühlbach. Brienz is the centre of the Oberland wood-carving, which here employs about 600 persons, and of which the Industrie-Halle, near the Bear Hotel, contains good specimens. The Wood Carving School deserves a visit. On a hill about ½M. farther to the W. is the Church, commanding the valley of Meiringen, with the Sustenhörner in the background, the Faulhorn chain, Sulegg, Morgenberghorn, etc.

The \*Brienzer Rothhorn (7715'), the highest peak of the Brienzer Grat, is a famous point of view. RACK-AND-PINION RAILWAY (opened in 1892) in 11/3 hr. (up 8 fr., down 4 fr., there and back 10 fr., party of 6, 8 fr. each). This line (43/4 M. long; maximum gradient 25:100) ascends through luxuriant meadows, soon affording a view of the Lake of Brienz and

the Schwarzhorn range. Beyond the bridge across the Trachtbach the ascent becomes steeper; the line approaches the Mühlbach, turns to the right by means of the short Schwarzfuh Tunnel, and mounts to the (1¹/3 M.) station of Geldried (3360′). To the right we overlook the valley of Meiringen and the Sustenhörner. Describing a large loop, we pass through the Stockisgraben Tunnel and the five tunnels of the Planalpfuh to the (2 M.) station Hausstadt (4415′; rfmts.), in view of the Blümlisalp, Doldenhorn, and Wildstrubel. We then follow the left, and, farther up, the right, bank of the Mühlbach, traverse the pastures of the Planalp, pass the chalets of Mittelstaffel (5023′), and beyond the Kühmatt Tunnel (100 yds.), reach the (3¹/2 M.) watering-station of Oberstaffel (5980′). Finally the line sweeps round the uppermost valley, bends back by means of the two Schönegg Tunnels, and reaches its terminus at (4³/4 M.) station Rothhorn-Kulm (7388′), 3 min. below the \*Hôtel Rothhorn-Kulm (7445′; R. 3¹/2, B. 1¹/2, D. 3¹/2 fr.) and 20 min. below the summit (good path), on which a triangular stone marks the contact of the cantons of Bern, Lucerne, and Unterwalden. The \*View (panorama at the hotel; best in the morning and evening) vies in extent and picturesque charm with that from the Rigi. The prospect embraces the chain of the Uri, Engelberg, and Bernese Alps, with the Lake of Brienz in the foreground; the Hasli-Thal from Meiringen nearly to the Grimsel; on the other side the small Ey-See, the Lake of Sarnen, a considerable part of the Lake of Lucerne with the Rigi, part of the Lake of Zug, and a long strip of the Lake of Neuchâtel. — From the Rothhorn to Giswil, see p. 148; viâ Sörenberg and Flühli to Schüpfheim, see p. 155.

The Lake of Brienz (1857'), 83/4 M. long, and 11/4-11/2 M. wide, 500' deep near the Giessbach and 860' near Oberried, lies 20' higher than the Lake of Thun. It is enclosed by lofty wooded rocks and mountains. A beautiful road skirts its N. bank (from Brienz to Interlaken, 101/2 M.; one-horse carr. 8-10 fr.). To the S.E., in the background, are the snow-clad Sustenhörner, to the right of which are the Thierberge. The steamboat crosses the lake to the (10 min.) —

Giessbach. — From the landing-place (restaurant) we may walk to the terrace opposite the falls by a broad road in 20 min., or ascend by the Cable Tramway (380' long; gradient 28:100) in 6 min. (there and back 1 fr.).

Hotels. \*Hôtel Giessbach (2360' above the sea), a large establishment, with a restaurant on the terrace opposite the falls, and a pension (see below), R. 3-6, B. 1\(^1/2\), dej.  $3\(^1/2\), D. 4\(^1/2\), S. <math>3\(^1/2\), pens. 10-15 fr.; illumination of the falls 1 fr. (for the first evening only), music 2 fr. per week; post, telegraph, telephone, and railway ticket office. Connected with the hotel by a covered promenade is the Pensionshaus (the old hotel; pens. 7\(^1/2\)-12 fr.), containing a well-equipped hydropathic, with electric baths. English Church Service at the hotel. — *Hôtel Beau-Site, \(^1/4\) M. higher, less pretentious, R. 2-3, B. 1, D. 3, S. 2\(^1/2\), pens. from 6 fr.$ 

The \*Giessbach is one of the prettiest and most popular spots in the Bernese Oberland. The stream, copious at all seasons, rises on the N. slope of the Schwarzhorn (p. 200), and on its way to the Lake of Brienz, 980' below, forms seven cascades falling from rock to rock, and framed in dark-green foliage. Only the lowest fall is seen from the steamer; the terrace in front of the hotel affords a complete view. The falls are crossed by three bridges. Paths lead on both banks to the ( $\frac{1}{4}$  hr.) second bridge, whence a badly kept path ascends on the right bank to the ( $\frac{1}{2}$  hr.) third and highest bridge, where the Giessbach, issuing from a sombre ravine, is precipitated into an abyss, 190' in depth. (Best view from a pro-

jecting rock to the right of the bridge.) A wooden gallery enables visitors to pass behind the second fall. About noon rainbows are formed in the falls. — The falls are illuminated with Bengal lights every evening at 9.30 from 15th May to the end of September.

A guide-post behind the 'Etablissement Hydrothérapique' indicates the way, to the left, to the (20 min.) Rauft (2460'), a wooded rock on the N. side of the valley, rising abruptly 600' above the lake and commanding a view of the Lake of Brienz. — The path to the right from the guide-post leads to the Alpine hamlet of Enge, situated among beautiful pastures. Pretty view at the point (1/2 hr.) where the path reaches the lake. We then descend past the Näseli to the Aare Bridge and the Meiringen and Brienz road (p. 201). — Above the Giessbach (11/2 hr.; good bridle-path through the Rüttiwald) is the Curhaus Schweibenalp (3705'; pens. 5-7 fr.), finely situated, and 1 hr. farther up (porter 5 fr.) lies Axalp (4985'; \*Pens. Axalp, pens. 41/2-5 fr.; \*Pens. Bellevue, 10 min. farther on, pens. 4-6 fr., both unpretending), a health-resort, whence the Axalphorn (7635'; 21/2 hrs.; guide 8 fr.), the Fauthorn (p. 198; 5 hrs.; guide 15 fr.), the Schwarzhorn (9610'; 51/2 hrs.; guide 15 fr.; comp. p. 200), and the Wildgerst (9490'; 5 hrs.; guide 15 fr.) may be ascended. — About 1 hr. from Pens. Axalp (21/2 hrs. from the Giessbach) is the Hinterburg-See (5000'), charmingly situated in wood at the base of the Oltschikopf.

ASCENT OF THE FAULHORN (p. 198) FROM THE GIESSBACH, 6-7 hrs. (guide 12 fr.), fatiguing at places, especially on the Bätten-Alp, which is exposed

to the morning-sun.

FROM THE GIESSBACH TO INTERLAKEN ( $3^{1}/2$  hrs.). A good, well-shaded path, crossing the first bridge over the falls, and bearing to the right (see finger-posts), leads to the ( $^{1}/2$  hr.) Hochfluh, a charming point of view. It then runs high above the lake and descends to (1 hr.) Iseltwald (see below), from which a road (steep ascent at first) leads to ( $^{1}/2$  M.) Sengg, (3 M.) Bönigen, and ( $^{1}/2$  M.) Interlaken.

From the Giessbach the ordinary steamers steer to Oberried, on the N. bank, but the express-boats follow the precipitous S. bank, past the small wooded Schnecken-Insel, with its little chapel, direct to the pretty village of Iseltwald (\*Hôt.-Pens. Iseltwald, 5-6 fr.; \*Hôt.-Pens. du Lac; Pens. Restaurant Bellevue, pens. 5-6 fr., well spoken of; Restaurant zum Strand), whence a picturesque road leads to Interlaken (6 M.; see above). — Then Niederried, charmingly situated on the N. bank at the foot of the Augstmatthorn (p. 182). Farther on, beyond a wooded promontory, is Ringgenberg (p. 181), with its ruin and church. On the S. bank is the influx of the Lütschine, which descends from the valley of Lauterbrunnen. The steamer stops at Bönigen (p. 178) and enters the canalised Aare. The pier at Interlaken is opposite the railway station Interlaken-Ost (p. 177).

## 51. From Meiringen to Grindelwald.

71/2-8 hrs. Road in 11/2 hr., or funicular railway and footpath in 1/2 hr. to the Zwirgi Inn. Bridle-path thence to Rosenlaui 13/4 hr. (descent from Rosenlaui to Meiringen 2 hrs.); from Rosenlaui to the Great Scheidegg 23/4 (descent 13/4) hrs.; from the Scheidegg to Grindelwald 2 (ascent 3) hours. — Guide (unnecessary) 12 fr., including the Faulhorn, 20 fr. — Horse from Meiringen to Rosenlaui 10, Scheidegg 15, Grindelwald 25 fr.

Funicular Railway to the Upper Reichenbach Fall in 10 min., see p. 201. A new footpath, the first part of which is damp with the spray from the fall, leads from the station in 20 min. (descent

12 min.) to a bridge crossing the Reichenbach near the Zwirgi Inn (see p. 204). — The traveller who does not wish to use the funicular railway follows the Grimsel road viâ the Willigen-Brücke to (1 M.) the hamlet of Willigen (1970'). A new road diverges to the right here, passes  $(1^{1}/_{2} M.)$  the Hôt.-Pens. Schwendi  $(2625'; R. 1^{1}/_{2}-2,$ to  $2^{1/2}$ , pens. from 5 fr.), and ascends in windings, finally traversing wood, to (2 M.) the Zwirgi Inn (see below). A path to the right at the Hôt. Schwendi ascends to (6 min.) the pavilion (rfmts.) on the right side of the \*Upper Fall of the Reichenbach, the spray of which bedews everything in the vicinity. Opposite, on the left bank, is the terminus of the Funicular Railway (see above and p. 201). — From the pavilion a narrow path, passing a gallery (view of the fall from the side), ascends through wood to the road in 25 minutes. The latter brings us in 3 min. more to the little inn Zum Zwirgi (3200'), overlooking the Hasli-Thal. The path from the funicular railway (see above) joins the road here from the right, after crossing the romantic gorge of the Reichenbach.

Those who wish to visit the totally different Lower Falls, turn to the right beyond the Willigen-Brücke (see above), pass both the hotels, follow the footpath to the (10 min.) Reichenbach bridge, and on the other bank proceed to the left to a saw-mill. The Reichenbach here descends in two imposing falls, broken by rocks. We now return to the Hôtel Reichenbach and follow the broad bridle-path behind it, which is often crossed by the funicular railway. After 10 min. a footpath diverges to the right to the falls and to Rosenlaui; 5 min., hut commanding the Central or Kessel Fall. Here we ascend to the left to (5 min.) the road below the Schwendi Inn.

Travellers from Rosenlaui to Innertkirchen (the Grimsel, Engstlen-Alp, etc.) may, omitting the Falls of the Reichenbach and Meiringen, save nearly an hour by following the road for 8 min. beyond the path to the falls, and then turning to the right by a footpath to the village of (25 min.) Geissholz (2628'), hidden among fruit-trees. Here we ascend the pastures, and then rapidly descend the Kirchet (p. 207) to (40 min.) Innertkirchen (p. 207).

The bridle-path now ascends the Reichenbach, high above the right bank. Before us soon appears the Wellhorn, with the Wetterhorn to the right of it, and the Rosenhorn behind it, to the left. Farther on, the Rosenlaui Glacier also comes in sight. Beyond the Kaltenbrunnen Saw Mill (3986'; \*Inn, R.1½-2, pens. 4-5 fr.) we cross a bridge (4238') to the left bank, and reach the (1½ hr.) Gschwandenmad-Alp (4260'), commanding a celebrated \*\*View: the bare pinnacles of the Engelhörner (9130'), the beautiful Rosenlaui Glacier between the Dossenhorn (10,300') and the Wellhorn (10,485'), and the snow-clad pyramid of the Wetterhorn (12,150') to the right, together with the beautiful foreground, present a picture unsurpassed in Switzerland. Beyond the bridge the path forks; the main branch, to the left, leads to (20 min.) Rosenlaui, the right branch is a shorter route to the Grosse Scheidegg (see p. 206).

The Baths of Rosenlaui (4363'; \*Hôt.-Pens. Curhaus, R. 3-5, B. 1½, déj. 3, D. 4½, pens. 8-12 fr.; Engl. Ch. Serv.) occupy a secluded site in the well-watered, fir-clad valley of the Reichenbach, which forms a pretty fall in the gorge behind the Curhaus.

From the other side of the bridge opposite the Curhaus a path to the left leads to the Rosenlaui Glacier. One of the guide-posts on this path shows the way (wooden steps) to the glacier stream. The glacier, famed for the beauty and purity of its ice, has receded so much of late that we must ascend 1½-2 hrs. on the left lateral moraine, to a height of about 5740' (very rough towards the end), in order to get a survey of it.

The Dossen Club Hut (8695'), grandly situated 5 hrs. above Rosenlaui and rebuilt in 1899, affords a highly interesting expedition for mountaineers (reached also from Innertkirchen through the Urbach-Thal in 6½-7 hrs.; guide 16 fr.; see p. 207). This is the starting-point for the Dossenhorn (10,300'; 2 hrs., guide from Meiringen or Hof 25 fr.), the Wellhorn (10,485'; ½½-3 hrs., guide 45 fr.; laborious), the Renfenhorn (10,735'; 3 hrs.; guide 30 fr.). the Hangend-Gletscherhorn (10,810'; 4 hrs.; guide 30 fr.), the Rosenhorn (12,110'), by the Rosenegg (see below) and the S.E. arête in 5 hrs. (guide 60 fr.) and the Wetterhorn (Hasle-Jungfrau, 12,150'), by the Wettersattel (11,615') in 6 hrs. (much easier hence than from the Gleckstein Hut, p. 197; guide 60 fr.). From the Dossen Hut we may cross the Wetterlimmi (10,440'), the Gauli Glacier, and the Gauli Pass (10,260') to the Grimsel. 14-15 hrs., fatiguing; with this route the ascent of the Ewigschneehorn (10,930') is easily combined (p. 210). — From the Dossen Hut over the Rosenegg (11,355'), between the Rosenhorn and Bergli-Joch, to the Gleckstein Hut 5-5½ hrs., not difficult for experts (see p. 197).

The path now ascends the right bank of the Reichenbach, at first on the wooded N. slope of the Welligrat, and then continues level for a time. After 20 min. we cross the stream to the Breiten-boden-Alp (4650'), and ascend on the left bank, crossing the Pfanni-bach and traversing the Schwarzwald-Alp (4810'), to the (1-11/4 hr.) Hôt.-Pens. Schwarzwaldgletscher (5020'; R. 2-3, B. 11/2, pens. 5-6 fr.), prettily situated amidst wood. To the left are the precipices of the Wellhorn and Wetterhorn; high up, the Schwarzwald Glacier. We pass a Saw Mill, quit the wood, cross a bridge (25 min.; 5315'), and ascend over the Alpiglen-Alp to the (1 hr.)—

Great Scheidegg or Hasli-Scheidegg (6430'; Inn, R. 21/2-31/2, B. 11/2, D. 31/2 fr.), which commands a striking view to the W. The smiling valley of Grindelwald, bounded on the S.W. by the pastures and woods of the Little Scheidegg, contrasts picturesquely with the bare precipices of the Wetterhorn, which tower giddily above us. To the S.W. of the Wetterhorn are the Mettenberg, Fieschergrat, Mönch, Eiger, and lastly the Tschingelgrat, Gspaltenhorn, and Blümlisalp. To the N. the view is intercepted by the sombre Schwarzhorn and other peaks of the Faulhorn chain.

The Route to the Faulhorn (4 hrs.; see p. 199) diverges to the right close to the hotel, and cannot be mistaken in clear weather. The (3/4 hr.) upper chalets of the Grindel-Alp (Oberläger), where the view begins to open, are visible from the Great Scheidegg. The descent may be made direct viâ the lower chalets (Unterläger) and Geisshalden to (11/2 hr.) Grindelwald, or through the Bergelbach-Thal, with the \*Wetterhornblick (view of the Wetterhorn framed in trees), to the (1 hr.) Hôtel Wetterhorn.

We descend from the Scheidegg, with the church of Grindel-wald in sight below. At the (10 min.) Obere Lauchbühl-Hütte (5900'), we are greeted with a blast of the alp-horn. In 1 hr. we reach the Hôtel Wetterhorn, near the Upper Grindelwald Glacier. Thence to Grindelwald, 1 hr., see p. 194.

## 52. From Meiringen to the Rhone Glacier. Grimsel.

23 M. Diligence in summer twice daily in 7½ hrs. (from the Rhone Glacier to Meiringen in 5¼ hrs.), fare 9 fr. 30 c. (coupé 11 fr. 20 c.). Only 20 passengers are booked for each trip; no extra-post supplied on this route. The hotels are dear, and it is advisable to take a supply of provisions. — One-horse carriage from Meiringen to the Rhone Glacier ('Gletsch') 35, two-horse 65, three-horse 90 fr. (to Guttannen 12, 22, 30 fr.; Handegg 17, 32, 40; Grimsel Hospice 27, 50, 65 fr.); from Meiringen to Andermatt 65, 120, 165, Göschenen 72, 135, 175, Fiesch 55, 100, 135, Brigue 75, 140, 185 fr. (occasionally cheaper return-carriages). From Innertkirchen to the Grimsel one-horse carriage 23, two-horse 42, Rhone Glacier 32 or 60, Göschenen 65 or 120, Brigue 72 or 135 fr. — On Foot (9-10 hrs.): from Meiringen to Innertkirchen 1¼ hr., Guttannen 3¼ hrs., Handegg 5 hrs., Grimsel Hospice 7 hrs., Grimsel Pass 8 hrs., Rhone Glacier 9 hrs. (in the reverse direction about 8-8½ hrs. in all).

Meiringen, see p. 200. We cross the Aare by the (½ M.) Willigen-Brücke (passing on the left the road to the Gorge of the Aare, p. 201, through which runs the shortest footpath to Innertkirchen), pass the (½ M.) hamlet of Willigen, where the road to the Zwirgi diverges to the right (p. 204), and ascend the Kirchet, a wooded hill, sprinkled with granite blocks, which divides the valley into the Lower and Upper Hasli-Thal. Near the top (1 M.) is the inn 'Zur Lammi' (2313'), where the path from the Aare Gorge through the 'Finstere Schlucht' (p. 201) debouches. The road descends the Kirchet in long windings (short-cuts), with views of the Gelmerhörner at the head of the valley and of the Ritzlihorn to the right. At the third and last curve we pass the S. entrance of the Aare Gorge (p. 201). The road then traverses the fertile basin of Hasli im Grund, and, at the inn Zur Alpenrose (unpretending), crosses the Aare to (1½ M.) —

 $3^{1}/_{2}$  Innertkirchen or Hof (2053'; \*Hôt. Hof, with the dépendance Alpenhof, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D. 4, pens.  $5^{1}/_{2}$ -6 fr.), where the Susten (p. 153) and Engstlen-Alp (p. 150) routes diverge to the left.

Travellers from the Grimsel to Grindelwald may go from Innertkirchen direct, by Winkel and Geissholz, to the (1½ hr.) Upper Reichenbach Fall (p. 204; enquire for the beginning of the path). About 10 min. beyond Geissholz is a finger-post pointing to the right to the fall, where we may

ascend in a straight direction to the road to the Zwirgi.

The Urbach-Thal (to the Gauli Club Hut 7 hrs., guide 16 fr.; comp. Map, p. 182), opening here towards the S.W., deserves a visit. A new road ascends from Innertkirchen in windings to the (1 hr.) beginning of the level floor of the Sandei (on the left is the hamlet of Unterstock, '2900'), whence an Alpine path leads to the (1 hr.) Alp Rohrmatten (3350') and to the (1<sup>3</sup>/<sub>4</sub> hr.) Alp Schrättern (4940'; beds), where the path to the Dossen Hut diverges to the right (see p. 208). Just before reaching the (1<sup>1</sup>/<sub>2</sub> hr.) Matten-Alp (6102'), we ascend to the right to the (1<sup>3</sup>/<sub>4</sub> hr.) Gauli Club Hut on the Urnen-Alp (7220'), at the edge of the huge Gauli Glacier. Thence over the Gauli Pass (10,260') to the Grimsel, combined with the ascent of the \*Ewigschneehorn (10,930'; 4<sup>1</sup>/<sub>2</sub>-5 hrs.), fatiguing, but very grand (10<sup>1</sup>/<sub>2</sub>-11 hrs.; guide 35 fr.; see p. 210). Other ascents from the Gauli Hut are the Hühner-thälhorn (10,435'; 5 hrs.; guide 25 fr.), easy and attractive; the \*Ritzlihorn (10,765'; 5<sup>1</sup>/<sub>2</sub> hrs.; guide 35 fr.), an interesting and not dangerous scramble (grand and very picturesque view); the Hangend-Gletscherhorn (10,810'; 4<sup>1</sup>/<sub>2</sub> hrs.; 30 fr.), and the Renfenhorn (10,735'; 5<sup>1</sup>/<sub>2</sub> hrs; guide 30 fr.), both fatiguing but interesting; the \*Rosenhorn (12,110'; 6 hrs.; 60 fr.), viâ the Gauli Glacier

and the Rosenegg, grand but difficult. — Over the Bergli-Joch (11,290') to Grindelwald, 11-12 hrs. from the Gauli Hut, very toilsome (guide from Innertkirchen 35 fr.). From the Gauli Hut we ascend the Gauli Glacier to the (5-6 hrs.) pass, to the N. of the Berglistock (p. 197), and descend the Grindelwaldfirn to the (2 hrs.) Gleckstein Hut and (3\frac{1}{2}-4 hrs.) Grindelwald (comp. p. 197). — The Dossen Hut (p. 206) is reached in 3\frac{1}{2}-4 hrs. from the Alp Schrättern (p. 207), by the Fläschen-Alp (guide from Meiringen or Hof 16 fr.). Thence to Rosenlaui, ascent of the Wetterhorn, and to Grindelwald, see p. 205. All these expeditions are for adepts only, with good guides. (At Innertkirchen, Kaspar Maurer, Joh. and Alex. Tännler, Heinr. and Ulrich Fuhrer, Joh. Meier, Joh. Moor, etc.)

Beyond Innertkirchen the road is at first level, and then gradually ascends on the right side of the wooded valley, running high above the rapid Aare to the  $(1^{1}/2 \text{ M.})$  Aeussere Urweid. Beyond the short Zuben Tunnel, over which a waterfall descends, it reaches the (3/4 M.) Innere Urweid (2464'; small inn). It then crosses the impetuous Schlagbächli and beyond another tunnel through a cliff of the Tönende Fluh arrives at  $(1^{1}/2 \text{ M.})$  Boden (2933'), where it crosses the Aare before ascending to the (1/3 M.) Mettlen Inn (unpretending, pens. 5-6 fr.). It then winds up the expanding valley, crosses the Spreitlauenenbach, and traverses wood and rock-strewn pastures to (2 M.)—

 $9^{1/2}$  M. Guttannen (3480'; \*Hôt.-Pens. Haslithal, pens. from 5 fr.; Bear, R.  $1^{1/2}$ - $2^{1/2}$ , B.  $1^{1/4}$ , D.  $2^{1/2}$ -3 fr.), the last village in the Oberhasli-Thal, at the foot of the Ritzlihorn (10,765'; ascended hence in  $7^{1/2}$  hrs.; guide 35 fr.; trying; see p. 207). Over the Furtwang Sattel to the Trift Glacier, see p. 152 (guides, Joh. Fahner and

Kaspar Streuer).

Beyond Guttannen the valley narrows, and the road ascends through wood. After 11/4 M. it crosses the wild and foaming Aare by the Tschingel-Brücke (3733'). The valley becomes wilder, and barren black rocks rise on the right. Huge masses of débris are reminiscent of avalanche and torrent. About 1 M. farther on we recross the Aare by the Schwarzbrunnen-Brücke (3976'). The stream becomes wilder and descends in noisy rapids. The road skirts the cliffs of the Stäubenden, traverses a wood, and ascends the Handegg Saddle in three long windings. From the (13/4 M.) Restaurant zum Handeggfall (simple fare) we may reach (on the left) a point of view below the \*\*Handegg Fall, about 100 yds. from it. This cascade of the Aare, which descends into an abyss, 240' in depth, falls unbroken halfway to the bottom, and in its rebound forms a dense cloud of spray, in which rainbows are formed by the sunshine between 10 and 1 o'clock. The silvery water of the Aerlenbach falls from a height to the left into the same gulf, mingling halfway down with the grey glacier-water of the Aare. Diligence passengers may alight at the restaurant and rejoin the vehicle at the Hôtel Handegg. The road leads through a tunnel, and, above the fall, crosses the Aerlenbach, near which is a terrace with a splendid \*View of the fall; 1/2 M. (121/2 M. from Meiringen), the Hôtel Handegg (4570'; R. 3-5, B. 11/2, dej. 31/2, D. 4 fr.), situated above the road, to the right.

The road now traverses the boulder-strewn floor of the valley, with a view of a fall of the Gelmerbach, which descends from the Gelmersee (5968'), a lake on the hill to the left, between the Gelmerhorn and Schaubhorn (11/2 hr. from the Handegg; rough path viâ the Hellemad-Brücke). The old bridle-path (no longer practicable) diverges to the right and leads over rounded slabs of rock, called the Helle or Hehle ('slippery') Platten, worn by glacier-friction. The road crosses the Aare below a waterfall by means of the Hellemad Brücke and ascends in a wide curve. At places it is hewn in the glacier-polished granite rock. The scenery is marked by savage grandeur. To the right (N.W.), above us, is the Aerlen Glacier, with the rocky ridge of the Aerlengrätli peering over it. Below is the brawling Aare. Traces of glacial action are visible high up on both sides. Refreshments may be obtained in a hut on the Kunzentünnlen Alp (5300'), in an expansion of the valley halfway between Handegg and Grimsel. The last pines now disappear, and the road ascends steadily. Alpine roses abound, and the whistle of the marmot resounds on every side. On the opposite bank appear the chalets in the Räterichsboden (5595'), and high up, to the left, is the Gersten Glacier. Beyond the wild defile of Spitallamm, traversed by the Aare, with interesting glacier-striation, the bridle-path joins the road on the right. The Zinkenstöcke come into sight on the right; behind them, to the right, rise the Finsteraarhorn and the Agassizhorn. About 41/2 M. from the Handegg the road reaches the —

17 M. Grimsel Hospice (6160'; Hotel, R.  $3^{1}/_{3}$ -5, B.  $1^{1}/_{2}$ , dej.  $3^{1}/_{2}$ , D. 4 fr.), lying at the W. end of the sombre little Grimsel Lake, in a desolate basin, enclosed by rocks with patches of scanty herbage

or moss.

Excursions (comp. Maps, pp. 130, 182, 340; guide, Caspar Roth). The \*Kleine Siedelhorn (9075'), 3 hrs., easy (guide 5 fr., not essential). We follow the Grimsel road nearly to the top of the pass, then turn to the right, and ascend on the right side of the brook descending to the Grimsel Lake, towards the height marked by a signal-cross (the Siedelhorn is not yet in sight), over pasture, débris, and rocks (no path at first). We keep somewhat to the right, as the signal-cross must afterwards be on our left. A distinct path now ascends the ridge to the Siedelhorn, latterly over fragments of granite. The view is imposing. Gigantic peaks surround us on every side: to the W. the Schreckhorn, the Finsteraarhorn, and the Fiescherhörner; to the N.E. the Galenstock, from which the Rhone Glacier descends; to the S. the Upper Valais chain with its numerous ice-streams, particularly the Gries Glacier; to the S.W., in the distance, the Alphubel, Mischabel, Matterhorn, Weisshorn, etc. (comp. Dill's Panorama). — Travellers bound for Obergestelen (p. 341) descend on the S.E. side, and there regain the bridle-path (guide advisable; comp. p. 211).

To the Pavillon Dollfus, 31/2-4 hrs. (there and back 6-61/2 hrs.; guide 10 fr.), easy and attractive. The Aare is formed, to the W. of the hospice, by the discharge of two vast glaciers, the Unteraar and the Oberaar Glacier, separated by the Zinkenstöcke (9585'). The Unteraar Glacier is formed by the confluence of the Finsteraar and Lauteraar Glaciers, which unite at the foot of the rock-arête 'Abschwung' (10,310'), beyond a huge medial moraine, 100' high at places. At the foot of this arête (8286') the Swiss naturalist Hugi erected a hut in 1827. In 1841 and several following years the eminent naturalist Agassiz, with Desor, Vogt, Wild, and other savants, spent some time here.

dating their interesting observations from the 'Hôtel des Neuchâtelois', a stone hut on the medial moraine. These huts have long since disappeared. M. Dollfus-Ausset next erected the Pavillon Dollfus (7675') lower down, on the N. side of the Lauteraar Glacier, now used as a club-hut (comp. p. 197). A footpath leads from the hospice along the right bank of the Aare to the (20 min.) Balmsteg (6013'; substantial bridge) and then up the left bank viâ the Unteraar-Alp (path narrow and indistinct) to the (40 min.) chalets of Ghälter (6160'). About 5 min. farther on the path ascends to the right and in 10 min. more we take to the middle of the glacier (direction indicated by cairns). We ascend for 1/2 hr. over débris and for 1 hr. more over névé, until we reach a point where the pavilion comes in sight, to the right. Here we ascend the large moraine (cairn) and strike a path leading to (1/2 hr.) the Club Hut, admirably situated on a rocky height overlooking the Unteraar Glacier. Opposite rise the Zinkenstöcke, Thierberg, Scheuchzerhorn, and Escherhorn; in the background, above the Finsteraar Glacier, the Finsteraarhorn; and to the right of the Abschwung the huge Lauteraarhörner and Schreckhörner. — We may continue our walk on the glacier as far as (3/4 hr.) the foot of the Abschwung (p. 209), where we enjoy a full view of the majestic Finsteraarhorn. medial moraine adjoining the Lauteraar Glacier, nearly opposite the Pav, Dollfus, is a fragment of rock bearing the names of 'Stengel 1844; Otz. Ch. Martins 1845', inscribed during the observations above referred to. The rock, re-discovered in 1884, was then about 2650 yds. from its original site.

The Ewigschneehorn (10,930';  $4-4^{1}/_{2}$  hrs. from the Pav. Dollfus) is a toilsome climb, suited only for adepts, with guides. It is better attacked from the Gauli Hut (p. 207;  $4^{1}/_{2}$ -5 hrs.; guide 35 fr.). — Ankenbälli (11,825'),  $4^{1}/_{2}$ -5 hrs. from the Pav. Dollfus, fatiguing (guide 35 fr.). Descent to the

Gauli Hut, 3 hrs.

The Finsteraarhorn (14,025'; guide from the Grimsel 90, from Grindelwald 80, with descent to the Grimsel 90 fr., to the Eggishorn Hotel 100 fr.), the highest of the Bernese Alps, was scaled for the first time by three guides in 1812, then in 1829 and twice in 1842, and has pretty often been ascended since. Even when the ice is favourable the ascent is difficult, very trying, and fit for experts only, with firstrate guides. Travellers from the Grimsel spend the night in the (7-8 hrs.) Oberaarjoch Hut (see below). The route thence ascends to the Gemslücke (Rothhorn-Sattel, 10,020') between the Rothhorn and Finsteraarhorn, skirts the W. flank of the latter to the Hugi-Sattel (13,205'), and follows the N.W. arête to the top (7 hrs.). This is the most advisable route. The ascent from the E. side by the S. arête is very difficult (7-8 hrs.). — On the ascent from Grindelwald the Schwarzegg Hut (p. 197) affords night-quarters; thence to the top in 9-10 hrs., over the Finsteraar-Joch (11,025'), the Agassiz-Joch (12,630'), to the S.E. of the Agassizhorn (12,960'), and the Hugi-Sattel (13,205'). It is by no means advisable to descend by this route, as it is endangered by falling stones. If the Eggishorn Hotel be the starting-point, the night is spent in the (5 hrs.) Concordia Pavilion (p. 342), whence the summit is reached in 8 hrs. viâ the Grünhorn-Lücke (10,843'), the Walliser Fiescherfirn, and the Hugi-Sattel (guide 60 fr.). The \*\*View is most magnificent.

FROM THE GRIMSEL TO THE FURKA DIRECT OVER the Nägeli's Grätli (8150'), 5 hrs. (guide 12 fr.), a fine but fatiguing walk, for good walkers preferable to the Grimsel, see p. 140.

From the Grimsel to the Eggishorn Hotel over the Oberaar-Joch, 14 hrs., fatiguing, but interesting (two guides, 45 fr. each, including the Oberaarhorn 55 fr. each). We ascend viâ the Oberaar-Alp and the Oberaar Glacier in 7 hrs. to the finely situated Oberaarjoch Hut of the S.A.C. (10,605'; provision depôt, to be used only in case of necessity), situated about 400 yds. to the W. of the Oberaar-Joch (10,625'), among the rocks above the Studerfirn. The Oberaarhorn (11,950') may be ascended from the hut by experts in 1½ hr. We next traverse the Studerfirn to the (3/4 hr.) Gemslücke (ca. 11,020'; see above), to the N. of the Finsteraar-Rothhorn (11,345'), and then descend (very steep) to the Fiescherfirn. Hence the route (now safe and easy) curves to the right to the (1¼ hr.) Grünhorn-Lücke

(10,813) and descends by the Grünhornfirn to the (3/4 hr.) Concordia Pavilion (p. 342), beyond which we traverse the Great Aletsch Glacier to the (31/2 hrs.) Hôtel Eggishorn (p. 342). Or from the Oberaarjoch Hut we may descend viâ the Studerfirm and the difficult and sometimes dangerously crevassed Fiesch Glacier to the Stock-Alp (p. 342) and the (7 hrs.) Hôtel Eggishorn (p. 342). — Over the Studer-Joch to the Eggishorn Hotel, 14-15 hrs., difficult. The route (steep towards the end) ascends the Unteraar and Finsteraar Glaciers to the Studer-Joch (11,550), between the Oberaarhorn and the Studerhorn (11,955), a splendid point of view attained from the and the Studerhorn (11,935'; a splendid point of view, attained from the pass in 3/4 hr.). Descent over the Studerfirn, as above. — The passage of the OBERAAR-ROTHJOCH (10,910') is very difficult and rarely attempted.

From the Grimsel over the Strahlegg (14 hrs.; guide 40 fr.), the Finsteraar-Joch (14 hrs.; guide 40 fr.), or the Lauteraar-Sattel (14 hrs.; guide 50 fr.) to Grindelwald, p. 197; over the Gauli Pass to the Gauli Hut or Dossen Hut, see pp. 206, 207; over the Trift-Limmi to the Trift-Hütte, p. 152.

The road crosses the bridge between the two arms of the Grimsel Lake (short-cut by the old bridle-path, to the right), and, with a retrospect of the Schreckhorn, winds up to the (3 M.) Grimsel Pass (7103'), which marks the boundary between Canton Bern and the Valais. The small and dark Todtensee ('lake of the dead'; 7034') was used as a burial-place during the struggle in 1799 between the Austrians and the French. Fine view of the Valais Alps and the great Gries Glacier.

A footpath to the right, at the topmost bend of the pass, ascends a stony tract to the height of 7230', and descends to (2 hrs.) Obergestelen (p. 341; in the opposite direction 21/2-3 hrs.; guide, 4 fr., advisable in dull weather). — Those who have seen the Rhone Glacier and intend to climb the Kleine Siedelhorn (p. 209) do not ascend direct from the pass, but follow the road for some way beyond the curve on the Bern side before

diverging to the left.

From the pass the road descends the Maienwang, a steep slope carpeted with rhododendrons and other Alpine plants, in view of the Rhone Glacier, the Dammastock, and the Galenstock. The bridlepath (shorter) is in bad condition. The (3 M.; up 11/2 hr.) -

23 M. Rhone Glacier Hotel (5750'), see p. 340. Thence to

Brigue, see R. 80; over the Furka to Andermatt, see R. 35.

#### 53. From Spiez to Leuk over the Gemmi.

14 hrs. RAILWAY to Frutigen, 81/2 M., in 1/2 hr. (fares 1 fr. 40 c., 1 fr.). Diligence from Frutigen to Kandersteg, 91/2 M., daily in summer in 21/4 hrs. (fare 2 fr. 45 c.; one-horse carr. 10, two-horse 16 fr.). — From Kandersteg a well-kept bridle-path leads over the *Gemmi*, one of the grandest of the Alpine passes, to the Baths of Leuk (5½ hrs.; guide needless; porter 10 fr.; riding down the Gemmiwand impracticable). — Carriage-road (diligence daily in 2 hrs.) to  $(9^{1}/2 \text{ M.})$  Leuk-Susten in the Rhone Valley. Good cycling road from Spiez to Kandergrund.

From Spiez to (3 M.) Aeschi-Heustrich, opposite the Heustrich-Bad, see p. 172. The line descends to the Kander. Beautiful view of the Blümlisalp at the head of the Kienthal. We cross the Suldbach before reaching (41/2 M.) Mülenen (2260'; \*Pension Mülenen, 4-6 fr., unpretending; Bär, pens. 4-5 fr.). A road to the left leads hence to  $(1^{1}/_{2} \text{ M.})$  Aeschi (comp. p. 174).

5 M. Reichenbach (2335'; \*Bär, pens. 5-6 fr.; Kreuz, plain), 5 min. to the E. of the station, at the mouth of the Kienthal.

A visit to the Kienthal is interesting. From Reichenbach a new road (diligence in summer twice daily in 1½ hr., 90 c.) ascends in windings (short-cuts for walkers) viâ (1½ M.) Scharnachthal (2780; from the Bütschistutz, a height near the E. end of the village, the glaciers at the head of the valley are well surveyed) to the (3 M.) village of Kienthal (3096; "Hôt.-Pens. Kienthaler Hof, pens. from 5 fr.; guides, Rudolf, Christen, and Jacob Maui), which is charmingly situated, and well adapted for a stay of some time. Hence a cart-road leads past the beautiful Kienbach Falls to (4 M.) the Tschingel-Aln (3783). ¼ hr. from which is the Dündenbach Fall (4 M.) the Tschingel-Alp (3783'), 1/4 hr. from which is the Dündenbach Fall with the interesting \*Hexenkessel, a kind of 'glacier mill' (30 c.; guide advisable). Thence over the Sefinen-Furgge to Mürren (7-8 hrs.), and over the Hohthürli to Kandersteg (8<sup>1</sup>/<sub>2</sub>-9 hrs.), see p. 189. — To the S.E. the valley is closed by the crevassed Gamchi Glacier, the source of the Pochtenbach. Experts with able guides will find it interesting to cross the Gamchilücke (9295'), between the Blümlisalp and the Gspaltenhorn, to the Tschingelfirn (p. 189). We may then either cross the Petersgrat to Ried in the Lötschen-Thal (p. 190), or the Tschingel Pass to Kandersteg (p. 189), or descend by the Tschingeltritt to Lauterbrunnen (p. 189). Distances: from the Tschingel-Alp to the Bürgli-Alp 1½ hr., end of Gamchi Glacier 1 hr., Gamchilücke 2½, Ried 6-7, Kandersteg 6, Lauterbrunnen 4 hrs. — Ascents from the Kienthal: Schilthorn (9753), from the Dürrenberg-Hütte (6545; 2½ hrs. above the Tschingel-Alp, see p. 188). 3-3½ hrs. with guide; descent to Mürren, see p. 187. — Büttlassen (10,490; guide 25 fr.), from the Dürrenberg-Hütte 3½-4 hrs., toilsome, but repaying. — Gspaltenhorn (11,275; guide 60 fr.), reached by the Leitergrat between the Büttlassen and the Gspaltenhorn, very difficult (first scaled by Mr. Foster in 1869) and the Gspaltenhorn, very difficult (first scaled by Mr. Foster in 1869).

The railway crosses the Kander by a bridge 170' long (fine view of the Blümlisalp and Gspaltenhorn), and beyond Wengi reaches —

 $8^{1}/_{2}$  M. Frutigen (2717'; pop. 3989; Hôt. des Alpes et Terminus, at the station, R.  $1^{1/2}$ - $2^{1/2}$ , B. 1- $1^{1/4}$ , D. 2-3, pens. 5-6 fr.; Bahnhof Hôtel, Hôt.-Pens. Bellevue, same proprietor, R. 11/2-21/2, B. 11/4, déj. 21/2, D. 3, pens. from 5 fr.; Adler, unpretending; Helvetia; Engl. Ch. Serv. in summer), a village in a fertile valley, on the Engstligenbach, which falls into the Kander lower down (to Adelboden, see p. 219). Matches are largely made here. From the church and other points we obtain beautiful views of the Kander-Thal, the Balmhorn, the Altels, etc.

EXCURSIONS. The Gerihorn (6995'; 31/2-4 hrs.; guide not indispensable) is an easy and attractive ascent. — A far more imposing view is afforded by the \*Steinschlaghorn (7620'), which may be scaled by the Ueblenberg in about 4 hrs. (guide, 5 fr., unnecessary for experts). — From Frutigen to the top of the Niesen (p. 171), 5-51/2 hrs., path bad in places, not advisable. — Road to Adelboden, see p. 219.

The road to Kandersteg crosses the Engstligenbach and turns into the Kander-Thal on the left, between the Gerihorn on the left, and the Elsighorn on the right. In front appear the Balmhorn and Altels. At the (1 M.) ruins of the Tellenburg we cross the Kander, traverse the pleasant Kandergrund, and finally ascend, leaving the church of Bunderbach (2880'; Altels Inn) on the left, to the (21/2 M.) Hôtel-Restaurant Blauseehöhe (unpretending; R. 2-3, B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ , pens.  $4^{1}/_{2}$ -6 fr.).

About 1/4 M. to the right is the \*Blaue See (2950'), picturesquely embosomed in wood, and remarkable for its brilliant colour (best by morning-

light; adm. 1 fr., including a row on the lake). On the lake is the \*Hôlel-Pension Blausee (pens. 51/2-8 fr.; restaurant).

Near (11/4 M.) Mittholz (3154'; Hôt.-Pens. Alpenruh) we pass the picturesque ruined Felsenburg. We then ascend the Bühlstutz in windings (old road shorter), pass the (3 M.) Bühlbad (\*Inn and Pens., R. 2, B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ -3, pens.  $4^{1}/_{2}$ -6 fr.; free conveyance in the morning to the foot of the pass for travellers to the Gemmi), and reach (3/4 M.) —

18 M. Kandersteg (3835'). - Hotels. \*Hôtel Victoria, R. 21/2-4. 18 M. Kandersteg (5050). — Hotels. Hotel Victoria, R. 21/2-4, B. 11/2, déj. 3, D. 4, pens. 6-12 fr.; \*Hôt. Gemmi, \*Bear, similar charges, both well situated in Eggenschwand, 11/4 M. farther on; all three belong to the Egger family. \*Hôt. Alpenrose, R. 2-3, B. 11/4, D. 31/2, S. 21/2, pens. 6-7 tr., unpretending. — Guides (Abraham Müller and son, Joh. Ogistoller, Peter Ogi, S. Ogi-Hari, Joh. Hari and son, Samuel Hari, G. Künzi, A. Schnydrig, Imobersteg the schoolmaster, etc.): to Schwarenbach (unnecessary; 3, descent 2 hrs.) 5 fr.; to the Gemmi 7, to the Baths of Leuk 10 fr. — Carriages (return-vehicles cheaper): one-horse to Frutigen 10, two-horse 18 fr.; Spiez. 18 or 32: Thun, 22 or 40: Interlaken, 25 or 45 fr. two-horse 18 fr.; Spiez, 18 or 32; Thun, 22 or 40; Interlaken, 25 or 45 fr. Small carriage for 1 pers. from the Bear to the Gemmi Pass 20, there and back 25 fr. — English Church near Hôtel Victoria.

A grand panorama is disclosed between Bühlbad and the Hôtel Victoria: N.E. is the jagged Birrenhorn; E. the glistening snowmantle of the Blümlisalp or Frau, the beautiful Doldenhorn; S.E. the barren Fisistöcke. Farther on, the snow-peaks disappear, leaving only the Gellihorn, Lohner, and other rocks at the end of the valley in sight. On the left the Kander bursts from the Klus (p. 219). The road ends in Eggenschwand, 11/4 M. from the Victoria and near the Bear. On the W. side of the valley is an old moraine.

To the E. lies the interesting OESCHINEN-THAL. The path (to the lake 11/2 hr.; guide, 4 fr., unnecessary; horse 8 fr.) diverges to the left by the Hôtel Victoria, ascends for 50 min. on the left bank of the Oeschinen-bach, partly through wood, then crosses to the right bank (pretty waterfall to the right), and descends to the (40 min.) beautiful \*Oeschinen-See (5223'), 1 M. in length (Hotel Oeschinensee, well spoken of, R. 11/2-2, D. 21/2, pens. 4-5 fr.). Above the lake tower the snow-clad Blümlisalp, Fründenhorn, and Doldenhorn, from the precipices of which fall several cascades. A row on the lake is enjoyable (to the gorge at the S.E. angle and back 1 hr., fare 1 fr.). Walkers may go round the lake to the left as far as the Berglibach, opposite the glaciers. Thence to the Oeschinen-Alp and over the Hohthürli into the Kienthal (guide to Reichenbach, 15 fr.), or over the Hohthürli and Sefinen-Furgge to Lauterbrunnen (guide 25 fr.), see p. 189.

The Blümlisalp or Frau, a huge mountain-group, covered on the N. side with a dazzling mantle of snow, and on the S. descending in bold precipices to the Kander Glacier, culminates in three peaks. To the W. is the Blümlisalphorn (12,040'), the highest; in the centre is the snowy Weisse Frau (12,010'); and to the E. is the Morgenhorn (11,905') with the lower Wilde Frau (10,693'), Blümlisalpstock (10,560'), Blümlisalp-Rothhorn (10,828'), and Oeschinenhorn (11,450'). The Blümlisalphorn was first ascended by Mr. Leslie Stephen in 1860, the Weisse Frau by Dr. Roth and Hr. E. von Fellenberg in 1862, and the Morgenhorn by Hr. Hugo Baedeker in 1869. The starting-point for these ascents is now the Blümlisalp Club Hut (S.A.C.) on the Hohthürli (9055'; 5 hrs. from Kandersteg, see p. 189), whence the Wilde Frau may be ascended in 21/2 hrs. (guide 30 fr.), the Blümlisalpstock in 31/2 hrs. (guide 25 fr.), the Weisse Frau in 41/2 hrs. (guide 40 fr.), the Blümlisalphorn and the Morgenhorn each in 5 hrs. (guide 40 fr.).

The Doldenhorn (11,965'; guide 40 fr.), first ascended by Messrs. Roth and Fellenberg in 1862, is difficult: from the new Doldenhorn Hut of the S.A.C., 3 hrs. from Kandersteg, on the Upper Biberg (ca. 6560'), in 5½-6 hrs. — The Fründenhorn (11,045'; guide 30 fr.), first ascended in 1871, is also difficult (from the Doldenhorn Hut 5 hrs.) — Interesting but toilsome passes lead from the Oeschinen-Thal to the Kander Glacier, across the Oeschinen-Joch (about 10,430'), between the Oeschinenhorn and the Fründenhorn, and across the Fründen-Joch (9845'), between the Fründenhorn and the Doldenhorn (from Kandersteg to the Mutthorn Hut 10 hrs.; guide 40 fr.).

The \*Dündenhorn or Wittve (9400'; 5-6 hrs.; guide 20 fr.), ascended from Kandersteg by the Oeschinen-Alp, rather difficult, for experts only, affords a splendid survey of the Blümlisalp group. We may then follow the arête to the Bundstock (9050') and the Blümlisalp Hut (p. 213), and descend to

Kandersteg (13-14 hrs. in all).

The wild Gastern-Thal, from which the Kander descends in picturesque falls, deserves a visit (3/4-1 hr.). A good path, diverging between the Bear and Gemmi hotels, skirts the left bank and ascends steeply through the Klus (p. 219) to the upper part of the valley, bounded on the S. by the precipices of the Tatlishorn and Altels. Splendid fall of the Geltenbach.

The Alpschelenhubel (7385'; 3 hrs.; guide, not necessary for experts, 8 fr.), to the W. of Kandersteg, is easy and attractive. We diverge to the right from the Gemmi road beyond the Bear Hotel, ascend by the *Ueschinen-Thal* to the (1 hr.) *Ueschinen-Alp* (p. 220), and thence to the right by the Bonder Krinden route (p. 220; steep at places, but safe) to the (1\frac{1}{2} hr.) *Alpschelen-Alp* (6870'). Thence to the (\frac{1}{2} hr.) *Hubel*, over pastures to the N.E. (fine view).

From Kandersteg over the Bonder Krinden or the Allmengrat to Adelboden, see p. 220 (6 hrs.; guide 10 fr.); over the Lötschen Pass to Ried, see R. 54 (9 hrs.; guide 18 fr.); over the Tschingel Pass to Lauterbrunnen, see p. 189 (guide 30 fr.; preferable the reverse way, as there are no inns in the Gastern-Thal, and the ascent thence is long and fatiguing). — Over the Petersgrat to the Lötschen-Thal (11-12 hrs. from Kandersteg to Ried; guide 30 fr.), a fine route. We follow the Tschingel Pass route to the top of the Kandersfrn, then turn to the right and ascend snow-slopes to the Petersgrat (p. 189; \*View). Descent through the Telli-Thal to Ried (p. 217).

The bridle-path beginning at the Bear Hotel (3940'; shady in the morning) ascends straight towards the Gellihorn ('Mittaghorn'; 7510'). On the right the Alpbach descends from the Ueschinen-Thal, forming several small falls. The path winds up the slope of the Gellihorn for about  $1^{1/2}$  hr., and on reaching the first ridge ('beim Stock') leads through pine-forest high above the Gastern-Thal (p. 218) and, farther on, above the Schwarzbach Valley, affording fine views of the Fisistock, Doldenhorn, etc. About 2-21/2 hrs. from the Bear Hotel we reach the Spitalmatte (6240'), a pasture which was entirely devastated in Sept., 1895, by a burst of the glacier covering the slopes of the Altels (11,930'), to the left. A tablet commemorates the six persons who lost their life on this occasion. Between the Altels and the black rocky peak of the Kleine Rinderhorn (9865'; adjoining which is the snow-clad Grosse Rinderhorn, 11,340'), lies imbedded the Schwarz Glacier, drained by the Schwarzbach. We next traverse a stony chaos to the (40 min.) Schwarenbach Inn (6780'; R. 2-31/2, B. 11/2, D. 3 fr.).

ASCENTS. The Grosse Rinderhorn (11,340'), 5 hrs. (guide 20 fr.), rather difficult; view very fine. — The \*Balmhorn (12,175'), ascended in 51/2-6 hrs., over the Schwarz Glacier and the Zagengrat (toilsome, but free from danger;

guide 25 fr., to the Baths of Leuk 30 fr.), affords a magnificent panorama of the Alps of Bern and the Valais, extending to N. Switzerland. Mont Blanc and the colossal Bietschhorn are especially prominent. Below lie Leuk and the Kander-Thal, extending on the N. to the Lake of Thun. Expert climbers may descend from the Zagengrat direct to the Baths of Leuk. — The Altels (11,930') is also interesting (5-6 hrs.; guide 25 fr.; much step-cutting necessary when there is little snow). Those who have steady heads may combine the Balmhorn with the Altels (passage from one to the other, 1-1½ hr.; guide 40 fr.). — The Wildstrubel (10,670'; guide 20, with descent to Lenk 30 fr.) is ascended from the Gemmi over the Lämmern Glacier in 4½ hrs. (p. 225). — Over the Engstligen-Grat to Adelboden (5½ 6 hrs.; guide 12 fr.), see p. 220.

We next reach the (½ hr.) shallow Daubensee (7265'), 1½ M. long, fed by the Lämmern Glacier, with no visible outlet, and generally frozen over for seven months in the year. The path skirts the E. bank of the lake for about 20 min., and, 10 min. beyond it, reaches the summit of the pass, the Gemmi or Daube (7640'; \*Hôtel Wildstrubel, R. 3-3½, B. ½, déj. 3, D. 3½-4, pens. 7-9 fr.), at the base of the Daubenhorn (9685'), commanding a magnificent \*View of the Alps of the Valais (panorama by Imfeld). To the extreme left are the Mischabelhörner; more 'to the right, and farther off, rise Monte Rosa, the Barrhorn, and the Brunnegghorn; in the centre, the huge Weisshorn, the Zinal-Rothhorn, the Ober-Gabelhorn, the blunt pyramid of the Matterhorn, the Pointe de Zinal, the Dent Blanche, the Bouquetins, and the Dent de Perroc. To the right of the Daubenhorn is the range of the Wildstrubel, with the Lämmern Glacier, and far below lie the Baths of Leuk. Rich flora.

About 4 min. beyond the pass we reach the brink of an almost perpendicular rocky wall, 1660' high, down which, in 1736-41, the cantons of Bern and Valais constructed one of the most curious of Alpine routes, 5' in width. The windings are hewn in the rock, often resembling a spiral staircase, the upper parts actually projecting at places beyond the lower. The steepest parts and most sudden corners are protected by parapets. Distant voices reverberating in the gorge sometimes sound as if they issued thence. The descent on horseback is now prohibited; a marble cross, \(\frac{1}{4}\) hr. from the top, commemorates an accident to a rider. At the foot of the cliff extends a slope of débris, the lower part of which is covered with firs. The descent from the pass to the Baths takes \(\frac{1}{2}\) hr. (ascent \(\frac{2}{1}/2\) hrs.).

Baths of Leuk. — Hotels (the first six all belonging to the same company). \*Hôtel des Alpes, R. 3½, B. ½, déj. 3½, D. ½½, pens. 7-12 fr.; \*Maison Blanche; \*Hôtel de France; \*Union; \*Hôt. des Frères Brunner; \*Bellevue (Cursaal), in these R. 3, D. 3½, pens. from 6 fr.; \*Guillaume Tell, similar charges; Rössli, unpretending, R. 2, B. 1, D. 2, pens. 4-5 fr. — Beer at the Maison Blanche, Bellevue, and Restaurant des Touristes. — Horse to Kandersteg 20, Schwarenbach 12, Daubensee 8 fr. (riding practicable only to the beginning of the windings in the Gemmi Ravine, ca. ½ hr. from Kandersteg, and then on the other side of the pass). Porter to Kandersteg 10, Schwarenbach 6, Gemmi 4 fr. — Diligence (from the Hôtel de France) to the Leuk station every forenoon in summer in 2 hrs. (fare 3 fr. 95 c.); one-horse carr. 12-15, two-horse 25 fr. — English Church.

Bad Leuk (4630'), Fr. Louèche-les-Bains, locally known as Baden, a village (620 inhab.) consisting of wooden houses and the large hotels and bath-houses, lies on green pastures in a valley opening to the S., and watered by the Dala. Even in the height of summer the sun disappears at 5 p.m. The huge, perpendicular rocks of the Gemmi present a weird appearance by moonlight. The Thermal Springs (93-123° Fahr.), impregnated with lime, about 22 in number, are chiefly beneficial in cases of cutaneous disease and rheumatism. Patients are numerous from June to September. The bath-houses (Grosse Bad, Neue Bad, St. Lorenz-Bad, and three others) are connected with the hotels, and contain both private and common basins, in which the patients under full treatment spend several hours Spectators are admitted to the galleries of the common basins, where they are expected to contribute a small sum 'pour les pauvres'. The animated conversation of the patients is chiefly in French. Small tables or trays float on the water, bearing cups of coffee, newspapers, books, etc. The baths are open from 5 to 10 a.m. and from 2 to 5 p.m. — The Cur-Promenade, an avenue 1/2 M. long, leading from the Neue Bad past the Hôtel Bellevue, is frequented in the morning by patients drinking the waters and in the afternoon by promenaders (music). Below the end of it, to the right, are the promenades of the 'Bois de Cythère'.

Excursions (guides, R. and W. Grichting, J. Lehner, J. J. Schurwey). A walk leads from the end of the Cur-Promenade to the (20 min.) foot of a lofty precipice on the left bank of the Dala. Here we ascend by eight rude Ladders (échelles), attached to the face of the rock, to a good path at the top, which leads in 1 hr. to the village of Albinen (4252'). The fine view obtained from a jutting rock above the second ladder will repay the climber; but persons liable to dizziness should not attempt the ascent. The descent is more difficult. — Excursions may also be made to the Fall of the Dala, 3/4 hr. to the N.E., above Leuk; to the Feuillerette-Alp (5850'), 1 hr. to the E., with fine view of the Altels, Balmhorn, and Gemmi; and to the Fluh Alp (6710') in the upper part of the Dala-Thal, 21/2 hrs.

The descent is more difficult. — Excursions may also be made to the Fall of the Dala, 3/4 hr. to the N.E., above Leuk; to the Fewillerette-Alp (5850'), 1 hr. to the E., with fine view of the Altels, Balmhorn, and Gemmi; and to the Fluh Alp (6710') in the upper part of the Dala-Thal; 21/2 hrs.

To the Hôtel Torrent-Alp, a charming excursion of 21/2-3 hrs. (porter 4, horse 10 fr.). A winding bridle-path (red way-marks) ascends through wood and up the Pas du Loup (6105') and then traverses the pastures of the Torrent-Alp (beautiful flowers) to the "Hôtel-Pension Torrent-Alp (8005'; R. 2-3, B. 11/2, déj. 21/2-3, D. 31/2-4, pens. 7-9 fr.; Engl. Ch. Serv. in summer), affording tine views and good headquarters for mountain-excursions. The chief ascent is that of the "Torrenthorn (9852'; 11/2 hr.; guide, unnecessary, 5 fr.). The bridle-path runs to the left along the slope at the back of the hotel, then turns to the right over the arête to the saddle, and finally ascends to the left to the summit (bench), which commands a magnificent view of the Bernese and Valaisian Alps (good panorama by X. Imfeld). On the N. side is the Majing Glacier, reached from the hotel in 11/2 hr. — The Galmhorn (8080'), ascended from the hotel by a good path in 11/2 hr. (guide needless), commands an extensive view of the Rhone Valley and Valaisian Alps. — Proficients should ascend the "Majinghorn (10,035'; 3 hrs.; guide, 8 fr., not indispensable), the view from which resembles that from the Torrenthorn. To the N. we look down vertically into the Dala-Thal; to the E. we have an unimpeded view of the Lötschen-Thal. Other fairly easy ascents are the Laucherspitze (9345'; 3 hrs.; 8 fr.), the Faldum-Rothhorn (9640'; 3 hrs.; 8 fr.), and the Niven (9105'; 5 hrs.; 12 fr.). The Ferden-Rothhorn (10,440'; 4 hrs.; 12 fr.) is trying; the Resti-Rothhorn (9757'; 5 hrs.; 15 fr.) takes good climbing. — Passes: To Kandersteg over

the Gitzi-Furgge (9813') and the Lötschen Pass (8840'), toilsome (10 hrs.; 20 fr.), comp. p. 218. To Ried over the Ferden Pass (8593'; 4½ hrs.; 14 fr.) or over the Resti Pass (8658; 4 hrs.; 14 fr.), interesting and not difficult

(comp. p. 218).

The road to  $(9^{1}/2 \text{ M.})$  Leuk crosses the Dala and descends on the right bank to (3 M.) Inden (3730'; \*Restaurant des Alpes, plain), whence walkers should take the shorter bridle-path to the left. Above, to the left, lies the village of Albinen (p. 216). The road, after following the slope of the Dala Gorge a little farther, winds down, and recrosses the (11/2 M.) Dala by a lofty bridge (fine view).

Pedestrians bound for Sierre (p. 332) take the old road, which diverges to the right from the above road, below the last curve and about 500 yds. before the bridge, passes through three tunnels, and gradually descends the slope by Varen and Salgesch (to Sierre 2 hrs.).

The road quits the Dala ravine about 11/4 M. farther on, high above the Rhone Valley, of which a fine view is disclosed, extending to the Dent de Morcles and Dent du Midi. Opposite is the Illgraben, with the Pfiner Wald below it. From the angle (2998') walkers follow the finger-posts direct to Leuk (2470'; p. 333), while the carriage-road describes a curve of nearly 21/2 M. From the town to Leuk Station (2044'; p. 333), 11/4 M.

### 54. From Gampel to Kandersteg. Lötschen Pass.

11 hrs. (9 hrs. from Ried). - For good walkers only, in fine weather. Guide from Ferden or Ried to Kandersteg necessary (18 fr.). The Lötschen-Thal itself deserves a visit. A rough and steep cart-road to Goppenstein; thence to Ried and Gletscherstaffel a bridle-path.

From Gampel (2100'; Hôt. Lötschenthal), on the right bank of the Rhone, 1 M. to the N. of the station of that name (p. 333), with large chemical works and some lead and silver mines, the road ascends the Lötschen-Thal, or gorge of the Lonza, which is much exposed to avalanches. Mounting rapidly at first, it passes the chapels of (1 hr.) Mitthal (3425') and ( $\frac{1}{2}$  hr.) Goppenstein (4035'). It then crosses the (1/4 hr.) Lonza, where the valley expands, and leads to (1 hr.) Ferden (4557') and ( $\frac{1}{4}$  hr.) Kippel (4514'; bed at the cure's). It then ascends by Wiler to (40 min.) Ried (4950'; \*Hôt. Nesthorn, plain), finely situated at the base of the Bietschhorn.

EXCURSIONS. (Guides, Jos. Rubin, Jos., Gabriel, Joh., and Theod. Kalbermatten, etc.) The Hohgleifen (Adlerspitze 10,828'; 6-7 hrs., guide 25 fr.) is not difficult for experts, viâ the Schönbühl and the W. flank. [The ascent from the E. side, by the Kastler-Joch (ca. 10,335') and the Ijolli Glacier, is much more difficult.] Superb view of the entire Valaisian Alps, the W. Bernese Alps, the Lötschen-Thal, and the Rhone Valley. — The Bietschhorn (12,965'; 10-11 hrs.; guide 80 fr.), first ascended by Mr. Leslie Stephen in 1859, is very fatiguing and difficult, and fit for thorough experts only. The night is spent in the Club Hut on the Schafberg (8440'), 3 hrs. from Ried.

Other ascents from Ried: \*Lauterbrunner Breithorn (12,400'; 9-91/2 hrs.; guide 40 fr.), not difficult for experts (see p. 190); \*Hockenhorn (11,817'; 61/2-7 hrs.; guide 15 fr.), not difficult (see p. 218); Tschingelhorn (11,750'; over the Petersgrat in 7-8 hrs.; guide 27 fr.), not difficult; Grosshorn (12,352'; 10 hrs.; guide 45 fr.), troublesom.

Passes. Over the Petersgrat (10,515') to Lauterbrunnen or Kandersteg (12 hrs.; 35 fr.), fatiguing but highly interesting, see p. 189. — Wetterlücke (10,365') and Schmadri-Joch (10,863'), both difficult, see p. 190. — Over the Lötschenlücke to the Eggishorn (12 hrs.; guide 40 fr.), see p. 342; over the Beichgrat to Belalp (10 hrs.; guide 25 fr.), see p. 335.

Over the Baltschieder-Joch (about 11,150; from Ried to Visp 12 hrs.; guide 25 fr.); over the Bietschjoch (10,600; 9 hrs.), or the Kastler-Joch (10,335; 10 hrs.), from Ried to Raron (guide 20 and 25 fr.), all three interest-

ing but fatiguing.

From Ried to Bad Leuk over the Ferden Pass, 8-9 hrs. (guide 18 fr.), repaying, and not difficult. At the Kummen-Alp (see below) the path diverges to the left from the Lötschen Pass route, and ascends the Ferden-Thal to the Ferden Pass (8593'), between the Majinghorn (10,035') and the Ferden-Rothhorn (10,440'). Descent over long stony slopes to the Fluh-Alp, and through the Dala-Thal to Bad Leuk (p. 215). — Over the Gitzi-Furgge 9613'), 9-10 hrs. to Bad Leuk, interesting, but laborious (guide 20 fr.). The pass lies to the S.W. of the Lötschen Pass, between the Ferden-Rothhorn and the Balmhorn. Descent over the Dala Glacier to the Fluh-Alp (see p. 217). — Over the Resti Pass, 7-8 hrs., also interesting (guide 18 fr.). From Ferden we ascend the Resti-Alp (6925'; two beds) in 31/2-4 hrs. to the Resti Pass (8658'), between the Resti-Rothhorn (9757') and the Laucherspitze (9400'; easily ascended from the pass in 3/4 hr.; admirable view) and descend to the (11/2 hr.) Hôt. Torrent-Alp (p. 216) and the (11/2 hr.) Baths of Leuk. — To Leuk-Susten over the Faldum Pass (8675'), between the Laucherspitze and the Faldum-Rothhorn (9310'), or over the Niven Pass (8563'), between the Faldum-Rothhorn and the Niven (9110'; a fine point of view, 1/2 hr. from the pass), both easy (guide 18 fr.).

The Lötschen Pass route ascends from Ferden (see p. 217) towards the N.W., through beautiful larch-wood and pastures, to the (2 hrs.) Kummen-Alp (6808'); then over rock, débris, and patches of snow to the (2 hrs.) Lötschen Pass (8840'), commanded on the W. by the Balmhorn (12,175'; p. 214), and on the E. by the Schilthorn or Hockenhorn (10,817'; ascended from the pass in 2½ hrs.; guide 7 fr. extra; splendid view). We obtain the finest view on the route before reaching the pass itself: to the S.E. rises the Bietschhorn; to the S. the magnificent group of the Mischabel, Weisshorn, and Monte Rosa; to the N. are the rocky buttresses of the Doldenhorn and Blümlisalp; to the N.E. the Kander Glacier, overtenned by the Mutthern

topped by the Mutthorn.

The path descends on the right side of the Lötschenberg Glacier, and then crosses it to the Balm (7940'), near the end of the glacier. Hence it descends rapidly over moraine-débris and leads over the Schönbühl to the  $(1^{1}/_{2} \text{ hr.})$  Gfäll-Alp (6035'; milk), overlooking the upper Gastern-Thal. At the bottom of the valley we cross the Kander to (1/2 hr.) the huts of Gastern or Selden (5315'; at the first, a small cabaret). The Gastern-Thal was better peopled at the beginning of the last century than now; but indiscriminate felling of timber has so exposed it to avalanches that the inhabitants have to leave it from February to the hay-harvest. Beyond a beautiful forest, which has resisted the avalanches of the Doldenhorn for centuries, we reach (1 hr.) Gasternholz (4462'), amidst a chaos of rocks. The valley bends here and expands, being bounded on the S. by the snow-clad Altels (11,930') and the Tatlishorn (8220'), and on the N. by the Fisistöcke (9200'). Waterfalls descend from the cliffs to the S.; the finest is that of the Geltenbach. At the end of the valley

we enter the (1 hr.) \*Klus, a picturesque defile  $^3/_4$  M. long, through which the Kander forces its way in a series of cascades. Crossing the river in the centre of the gorge, we turn to the left to reach the ( $^1/_4$  hr.) Bear Hotel, or to the right, again crossing the stream, to reach the (20 min.) Hôt. Gemmi in Kandersteg (see p. 213).

#### 55. From Frutigen to Adelboden.

RAILWAY from Spiez to Frutigen in 1/2 hr., see p. 211. DILIGENCE from Frutigen to (10 M.) Adelboden, twice daily in summer in 2<sup>3</sup>/<sub>4</sub> hrs. (fare 3 fr. 25 c.; one-horse carr. 10, two-horse 18 fr.).

Frutigen (2717'), see p. 212. The road ascends through the deep and well-wooded Engstligen-Thal on the left bank of the Engstligen, crossing several torrents descending on the right from the 'Spissen' of the Niesen chain, and passes below the Linterfluh (slate-quarries). At  $(5^1/2 \text{ M.})$  Achseten it crosses to the right bank by a bold bridge, 230' above the torrent. It then passes the Hohe Steg Inn and the Pochtenkessel (2 min. below the road, see below) and reaches Hirzboden, where it returns to the left bank near the Armenspital. We continue to ascend to  $(4^1/2 \text{ M.})$ —

10 M. Adelboden. — Hotels (in the season it is advisable to secure rooms beforehand): \*Grand Hôtel-Pension & Curhaus Adelboden, beautifully situated above the village, R. 3-5, B. 1½, déj. 3, D. 4, pens. from 7½ fr.; \*Hôt.-Pens. Wildstrubel, R. 2½-5, déj. 3, D. 4, pens. 7-10 fr.; \*Hôt.-Pens. La Rondinella, R. 2-5, B. 1½, D. 3-3½, S. 2½-3, pens. 6-40 fr.; \*Hôt.-Pens. Bellevue, pens. 5-12 fr.; \*Hôt.-Pens. Adler, R. ½½-2½, B. ½, D. 3½, S. 2½-2, pens. from 5 fr.; \*Pension Edelweiss, pens. 5-7½ fr.; Pension Alpenruhe, 4-6 fr.; Pens. Alpenrose, 5-6 fr.; Pension Hari zum Schlegeli, 4-5 fr.; Pension Alpenruhelick. — Engl. Ch. Serv. in summer.

Adelboden (4450'; pop. 1546), a large village beautifully situated on a sunny terrace, 400' above the Engstligenbach, with a fine view of the chain of the Lohner and the Wildstrubel, is much frequented as a health and summer resort. It possesses interesting old timberhouses and an old church with mediæval frescoes on its outer walls. Adjacent is a venerable maple-tree. Pine-forests near.

Excursions (guides, Joh. Pieren; G. Fähndrich, schoolmaster; Christ. & G. Bärtschi, Christ. German, G. Hager, Joh. and Fritz Hari, Joh. Jaggi, David Spori, Sam. Zryd, Chr. Zumkehr, Fritz Allenbach). Short Walks: to the N., through the Aeusser-Schwand to the (3/4 hr.) Bütschegg (4480'; small inn), at the mouth of the Tschenten-Thal, commanding a view of the Frutig valley and the Niesen chain. The Hörnli (4910'), 1/2 hr. farther up towards the Tschenten-Alp, commands a still more extensive view. — To the (1 hr., path marked in red) Choleren Gorge, in the Tschenten-Graben, with a curious grotto excavated by the Tschenten-Bach (wooden bridge; entrance from below). Thence an interesting path descends the left bank to the (1/4 hr.) \*Pochtenkessel, a deep gorge of the Engstligenbach, crosses to the opposite bank, and ascends to the highroad near the (6 min.) Hohe Steg Inn (see above). — To the (1 hr.) Wettertanne or Schermtanne in the Allenbach-Thal, viâ Stiegelschwand, at the foot of the tremendous precipices of the Albrist and Gsür. — To the Bonderlen-Thal and the Lohner Waterfalls (2 hrs. to the foot of the cliffs of the Lohner; green waymarks), a charming Alpine dale and a beautiful cascade. Farther up towards the Bonder-Alp are abundant rhododendrons. — To the (11/2 hr.) \*Engstligen Falls (rfmt. hut), a copious waterfall, 490' high, in two leaps (the ascent to the imposing upper fall not advisable for novices). To the

Engstligen-Alp, see below. — Short Ascents: To the Kuonisbergli (5710') and Höchst (6285'), 21/2 hrs., viâ the farm of Boden, a picturesque Alp, with rhododendrons; the Höchst commands a view of the Adelboden valley (guide 3 fr., not indispensable). — To the (2 hrs.) Schwandfehlspitze (6650'; good view), above the village to the W. (guide 4 fr., not indispensable). — To the Regenbolshorn (7200'; 3 hrs.; guide 6 fr.), to the S.E. of the Hahnenmoos (see below), attractive. — To the (3 hrs.) \*Laveigrat (7395'; guide 6 fr.), by the Hahnenmoos or the Alp Silleren and along the Silleren-Grat; fine view of the Bernese Alps and the Vaud and Fribourg mountains. At the W. foot of the mountain are the Baths of Lenk.

LONGER MOUNTAIN Tours: \*Bonderspitz (8360'; 4 hrs.; guide 8 fr.) and Elsighorn (7695'; 5 hrs.; guide 8 fr., not indispensable), two easy and interesting ascents. On the Elsigen-Alp (6000') is a small lake, with stone-pines in the vicinity. — \*Albristhorn (9070'; 41/2 hrs.; guide 10 fr.), not difficult; fine view of the Bernese and Valaisian Alps. The ascent leads by the Furggi-Alp (6870'), and an attractive descent may be made by the Seewlenhorn (8300) and the Hahnenmoos (guide 12 fr.), or to the N.W. by the Grimmi Alp Pass and Curhaus Grimmi-Alp (p. 221). — Gsür (8895'; 41/2 hrs.; guide 10 fr.), viâ Schwandfehl, difficult, for experts only; fine view of the Bernese Alps. — Gross-Lohner (10,020'; 6 hrs.; guide 25 fr.), over the Hinterberg, a fatiguing ascent, for experts only; fine view. — Steghorn (10,340'; 7 hrs.; guide 20 fr.), via the Engstligen-Alp (see below), also very fatiguing. — \*Wildstrubel (Gross-Strubel, or E. summit, 10,670'; 8-9 hrs.; guide 25 fr.), an interesting glacier expedition, not especially difficult for adepts. The route leads from the (3 hrs.) Engstligen-Alp (see below) via the crevassed Strubelegg Glacier and the Ammerten Glacier, whence it ascends to the (5-6 hrs.) top from the N.W. side, over steep slopes of ice and rock. The summit commands an imposing view of the chain of the Valaisian Alps, the Mont Blanc group, the Lämmern Glacier, etc. The descent may be made over the crevassed Lämmern Glacier to the Gemmi (p. 215; guide 35 fr.), or (very steep and fatiguing) via the Ammerten Glacier to the upper part of the Ammerten-Thäli, the chalets of the Rätzliberg, and Lenk (p. 224), or over the Glacier de la Plaine Morte to the Rawyl Pass (p. 226), or to Montana (p. 333). - Felsenhorn (9175'; 7 hrs.; guide 12 fr.), viâ the Engstligen-Grat (see below); fine view of the environs of the Gemmi, and of the Bernese and Valaisian Alps. — \*Männlifluh (8705'; 51/2 hrs.; guide 12 fr.), viâ Rinderwald and Otterngrat (p. 222), also interesting; better ascended from the Curhaus Grimmi-Alp in 4-5 hrs. (see p. 221).

Passes. To Lenk (p. 224) a path, marshy at places, leads over the Hahnenmoos (6410'), passing a large dairy near the top, in 31/2 hrs. (guide 7, horse 15 fr.). Beautiful view, on the descent, of the upper Simmen-Thal, the Wildstrubel, the Weisshorn, and the Rätzli Glacier. — Over the Ammerten Pass (8030'), 8 hrs. (guide 12 fr.), trying, see p. 225.

From Adelboden to Kandersteg, an interesting route over the Bonder Krinden (8300') or the Allmengrat (8300'), 6-61/2 hrs. (guide 10 fr.), with which the ascent of the Bonderspitz (see above) may be combined. — To Schwarenbach, rather fatiguing (7-8 hrs.; guide 12 fr.), viâ the Bonder Krinden, Ueschinen-Alp, and Schwarzgrätli (see below). — To the Gemmi over the Engstligen-Grat, 7-8 hrs., a fine route (new path; guide not indispensable for adepts). From Adelboden we ascend to the S. by the 'Geissweg' (now improved; wire-rope at places), passing the (21/2 hrs.) Engstligen Falls (p. 219), or by the steep and stony 'Kuhweg' to the (3 hrs.) Engstligen-Alp (6360'; small inn), a broad Alpine basin at the base of the Wildstrubel (see above). We then cross the (21/2 hrs.) Engstligen-Grat (8590'), passing the serrated Tschingellochtighorn (8990'), and descend into the Ueschinen-Thäli, with its little lake (far below to the left lies the Ueschinen-Thal). Then to the left, over the Schwarzgrätli (8845'), to (2 hrs.) Schwarenbach (p. 214); or we may ascend to the right, past the little Ueschinen-Thäli-See (7885') and over the Ueschinen-Thäli Glacier, on the W. side of the Felsenhorn (see above), to the arête (8635'), and descend the Rothe Kumme to the Daubensee and (3 hrs.) the Gemmi Pass. Rich Alpine flora, with abundant edelweiss.

#### 56. From Spiez to Saanen through the Simmen-Thal.

32 M. From Spiez to Erlenbach (71/2 M.) RAILWAY in 1/2 hr. (fares, 2nd cl. 1 fr. 20, 3rd cl. 85 c.). — From Erlenbach to Saanen (241/2 M.), DILIGENCE twice daily in 6 hrs.; fare 5 fr. 85, coupé 7 fr. 80 c. (to Weissenburg 1 fr. or 1 fr. 85 c.; Zweisimmen 3 fr. 75 c.. or 5 fr.). — One-horse carr. from Thun to Weissenburg 15, two-horse 25 fr., to Zweisimmen 28 or 50, to Saanen 35 or 60, to Château-d'Oex 40 or 70, to Aigle 80 or 150 fr. — The road through the Simmen-Thal and over the Col de Pillon to the Lake of Geneva is an excellent one for cyclists.

Spiez, see p. 174. — The railway diverges to the left from the Thun line (p. 173), descends past Spiezmoos in a wide bend, crosses the Kander (splendid view of the Blümlis-Alp to the left), and traverses the Wimmis-Allmend to (3 M.) Wimmis (2075'; \*Löwe; \*Buffet), at the N.W. base of the Niesen (p. 172). It then passes through a romantic defile (Port) between the Simmenfluh and the Burgfluh into the Simmen-Thal (locally, 'Sieben-Thal'), a fertile valley with numerous villages. 61/4 M. Oey-Diemtigen, with the village of Oey (\*Bär) on the left. To the right, Latterbach, on the left bank of the Simme.

From Oex to Matter (p. 224), a shorter and very interesting route (7 hrs.) leads through the picturesque Diemtig-Thal, with beautiful meadows and pineforests, above which tower rocky mountains. A new road leads to the Grimmi Alp Curhaus (8½ M.; diligence in summer twice daily in 2½ hrs., 3 fr. 40 c.). A carriage from the Curhaus will be sent to Oey station, if ordered in advance (fare to the Curhaus, 1 pers. 6, 2 pers. 10, 3 or more 4 fr. each, down, 5, 8, 3 fr., there and back on the same day, 9, 12, 5 fr.). The road, from which another, diverging to the right after ¾ M., leads to the (1¼ M.) prettily situated village of Diemtigen (2655'; Hirsch), runs along the right bank of the foaming Kirel, and through wood to the (2¼ M.) Horboden Inn (2705'), where the valley divides into the Kirel-Thal, to the S., and the Filderich-Thal, to the S.W. The road crosses the Kirel and ascends rapidly on the left bank of the Filderich, skirting the cliffs of the Kilchfuh and passing the (¾ M.) Bochten Fall, in a gloomy ravine to the left. Beyond Wampffen we reach the scattered village of (2¼ M.) Zwischenfüh (3280'), in the midst of grand mountain scenery (to the S.W. the imposing Schurtenfuh). At the hamlet of (¾ M.) Tschuepis (3445'), the valley again divides. To, the right is the lonely Mäniggrund, while in front opens the picturesque Schwenden-Thal, with the (2½ M.) —

\*Curhaus Grimmi Alp (4135'; pens. 7-12 fr.), a health-resort with mineral springs, finely situated on the Schwendenegg, a spur of the Arvenhorn (6395'). To the W. rise the Seehorn and the Spillgerten; to the S. the Kalberhorn, Rothborn, and Griir: to the E. the Männlifluh, Thierlaufhorn, and Twierien-

\*Gurhaus Grimmi Alp (4135'; pens. 7-12 fr.), a health-resort with mineral springs, finely situated on the Schwendenegg, a spur of the Arvenhorn (6395'). To the W. rise the Seehorn and the Spillgerten; to the S. the Kalberhorn, Rothhorn, and Gsür; to the E. the Männlifluh, Thierlaufhorn, and Twierienhorn; to the N. the Hohmad and Schurtenfluh. Fine mountain pines and maples stand near the hotel, and there are extensive woods in the vicinity. The milch-kine of the Grimmi Alp are celebrated. — Excursions: \*Seehorn (Röthihorn, 7420'; 3 hrs.; guide desirable). The route leads viâ the (1 hr.) Alp (4725') and the (1/2 hr.) Upper Kummli Alp (5550'), beyond which it skirts the rocky slopes of the Gyrenhorn (6195') and ascends by the (1/2 hr.) N. arête of the Seehorn to (1 hr.) the top. Magnificent and picturesque \*View of the whole Diemtig-Thal as far as the Lake of Thun, and of the High Alps from the Titlis to the Dent du Midi and Mont Blanc. Rich Alpine flora (edelweiss). — \*Männlifluh (8705'; 4-5 hrs.; guide not necessary for experts), not difficult and very interesting. We either follow the path to the (2 hrs.) Ober-Gurbs-Alp (6270'), then traverse the Bütschenenbänder (narrow ledges covered with débris), and finally ascend to (2 hrs.) the summit; or (easier) we may proceed by the (1 hr.) Filderich Alp (4330'), the (1 hr.) Mittelberg Alp (5640'), and then ascend the grassy slopes on the

W. side of the Männlifluh, and up step-like grassy ledges (steep but not difficult) 'to (1½ hr.) the top. The \*\*Panorama is one of the finest in Switzerland. — The Spillgerten (8133'; guide and rope essential; 4 hrs. from the Curhaus) and the Gsür (8895'; 5-6 hrs., with guide) are both difficult and fit for experts only. — From the Curhaus Grimmi Alp to Zweisimmen over the Mäniggrat (ca. 6630'), 4½ hrs., with guide, fatiguing. We ascend steeply through wood to (1½ hr.) the pastures of the Mäniggrat, and then descend to the (½ hr.) Seeberg-Alp (5920'), near the pretty Seeberg-See. Thence a footpath leads to the (½ hr.) chalet of Slieren-Seeberg and to (2 hrs.) Zweisimmen (p. 223). — To Adelboden by the Otterngrat (7485'). 6 hrs., with guide, attractive; beautiful view of the Bernese Alps. — To Matten in the Simmen-Thal, 4 hrs., easy and interesting. A good path ascends by the Nidegg Alp and through the Grimmibach-Thal to (1¼ hr.) the Obere Grimmi Alp (5730'), with a large chalet, and over pastures to the (¾ hr.) Grimmi Alp Pass (6645'), between the Rauflihorn (7625'; easily ascended in ¾ hr.) on the left, and the rugged Grimmi Alp Rothhorn (7910') on the right. The view to the S., comprising the Albristhorn, Rawylhorn, Rätzli Glacier, Wildhorn, Diablerets, and the mountains of the Saane-Thal, is very striking. We descend viâ the (5 min.) Blutlig-Alp (6510'), whence the Albristhorn (9070') may be ascended in ¾ hrs., with guide (trying, but very attractive; see p. 220), and through the charming Fermel-Thal to (1¾ hr.) Matten (p. 224).

We now cross the Kirel (p. 221) and the Simme to  $(7^{1}/2 \text{ M.})$  Erlenbach (2320'), the present terminus of the railway (Hôtel-Pension Alpina, just above the station, with view, well spoken of); the village  $(2360'; Krone, L\"owe, R. 2-4, D. 3, S. 2^{1}/2, pens. 5-8 fr., both unpretending; Pens. Dr. Portmann), with its neat wooden houses, lies to the right, above the station.$ 

The \*Stockhorn (7195') may be ascended hence by a new path (guide not indispensable) in 4½ hrs. (new Inn 5 min. below the top, to the S.). Grand view and splendid flora. The ascent may also be made on the N. side from Ober-Stocken (2270'; Bär, rustic), 2 M. to the W. of Amsoldingen (p. 171), or from Blumenstein (p. 171) by the Oberwal-Alp (5640'; new chalet, dear) in 4½ hrs. An alternative descent leads by the Unterwal-Alp (4567') to Bad Weissenburg, which is reached by means of ladders.

The High Road (railway in construction; diligence and carriages, see p. 221) follows the left bank of the Simme to —

33/4 M. Weissenburg (2418'; \*Hôtel-Pension Weissenburg, R.

2-3, B.  $1^{1}/_{4}$ , D. 3, pens. from 6 fr.), a group of neat houses.

In a steep and narrow defile,  $1^1/4$  M. to the N.W., lies the Weissenburg-Bad (2770'). The mineral water, impregnated with sulphate of lime (70°; at its source 81°) and beneficial for bronchial affections, is used for drinking only. The Neue Bad, burned down in 1898, has been rebuilt (R. 3-7, board 8 fr.); the Alte Bad is buried in the ravine 1/2 M. higher up (pension 1st class 7-9, 2nd cl. 5-6 fr.). — From the Neue Bad a pleasant walk may be taken to (1/2 hr.) Weissenburgberg or Oberweissenburg (3280'; Stern, good and cheap), in an open and attractive situation, with fine view of the Simmen-Thal. The Flubberg (the W. spur of the Stockhorn, 4685') is ascended thence in  $1-1^1/4$  hr. (easy and interesting).

FROM WEISSENBURG TO THE GURNIGEL-BAD (6 hrs.). Attractive path through the Klus, passing the Morgetenbach Fall, 200' high, and the Morgeten-Alp to the (3½ hrs.) Bürglen-Sattel (6435'); then down (avoid the path to Bad Schwefelberg, 1½ M. to the left) to the (3¼ hr.) Gantrisch Pass (5215'), and over the Gurnigelberg to the (1½ hr.) Gurnigel-Bad (p. 168).

6 M. Oberwil. —  $9^{1}/_{2}$  M. Boltigen (2726'; pop. 1852; \*Hôt. Simmenthal; Bär, moderate), a thriving village with handsome houses, is reached beyond the Simmenegg or Enge, a defile formed by two rocks. Above rise the two peaks of the Mittagfluh (6198').

To the left peep the snow-fields to the E. of the Rawyl (p. 226). The coal-mines in a side-valley near *Reidenbach* (2755'; <sup>3</sup>/<sub>4</sub> M. from Boltigen) account for the sign of the inn (a miner).

FROM REIDENBACH TO BULLE, 25 M. A little above Reidenbach the road diverges to the right and ascends in windings (which paths cut off) to the (6 M.) pass of the Bruchberg (4940'; tavern). It then descends (preferable to the bad footpath) to (4 M.) Jaun, Fr. Bellegarde (3335'; Hôt. de la Cascade), a pretty village with a ruined castle and a waterfall S6' high. [Path to the Schwarzsee-Bad viâ the Ritzelen and Newschels, 3 hrs., see below. - A cart-track to the S. ascends the left bank of the Jaunbach to  $(1^1/2 \text{ hr.})$  Abländschen (4280'; inn), at the foot of the bare rocky chain of the Gastlose (6542'). Easy passes thence to the S. over the Grubenberg (5413'), to the S.E. of the Dent de Ruth (7345'), to (3 hrs.) Saanen, and over the Schlündi to (21/2 hrs.) Richenstein (see below).] A diligence plies from Jaun to Bulle daily in 31/3 hrs. — The road traverses the beautiful pastures of the Jaunthal or Bellegarde Valley, which yield excellent Gruyère cheese (see p. 224), crosses the Jaunbach (Jogne) at La Tzintre, and reaches (71/2 M.) Charmey, Ger. Galmis (2955; \*Hôt. du Sapin, pens. 5-7 fr.; Maréchal Ferrant, pens. 5 fr.; Pens. du Chalet), a large village and summerresort, charmingly situated. Fine view from the church. The road goes on via Crésus, Châtel, and the ruin of Montsalvens (rare flora), crosses the Jaun, and beyond Broc (2380'; Hôt. de Ville, pens. 4-6 fr.), at the foot of the Dent de Broc (6005'; 3 hrs.; fine view), the Sarine, and leads through wood to La Tour-de-Trême (p. 279) and (71/2 M.) Bulle (p. 279). — From Créana (see above) a pleasant party leads by Cerniat and the old monastery of (diligence daily in summer from Freiburg via Plaffeien; 20 M., in 51/3 hrs.), are the well-kept Baths of Schwefelberg (4585'; pens. 41/2-5 fr.), with lime springs, at the foot of the Ochsen (7185'; 21/2 hrs.; fine view). Thence over the Seelibühlgrat to the (21/2 hrs.) Gurnigel-Bad (p. 168); bridle-path over the Gantrisch Pass (p. 222) to (3 hrs.) Bad Blumenstein (p. 171). To the N.W. of the Schwefelberg-Bad, in a sheltered situation on the slope of the Pfeife (see below), is the frequented Ottenleue-Bad (4695'; pens. 5 fr.), with mineral springs. It may be reached from Freiburg viâ Plaffeien and Sangernboden in 5 hrs., or from Bern viâ Schwarzenburg and Ryffenmatt (\*Hirsch) in 7-8 hrs. The baths afford a beautiful view of the Stockhorn range; a more extensive view is obtained from the (1/2 hr.) Pfeife (5415) and the (1/4 hr.)Schipfenfluh (5745'). Viâ the Seelibühl to Gurnigel-Bad (see p. 169), 31/2 hrs.

11 M. Weissenbach. The road crosses the Simme at (2M.) Garstatt, turns suddenly to the left, round the Laubeggstalden rock, passing a fine waterfall, recrosses the stream, and leads past the ruin of Mannenberg to —

151/2 M. Zweisimmen (3215'; pop. 2070; \*Hôt. Simmenthal, R. 2-4, B. 21/4, déj. 21/2, D. 31/2, pens. 6-10 fr.; \*Krone, with grounds, R. 2-3, B. 1, D. 3, pens. 5 fr.; Bär), the chief village in the valley, with an old church, situated in a broad basin on the Kleine Simme. It is famed for its cattle and frequented as a summer-resort. Pleasant views from the churchyard, and from Schloss Blankenburg, 1/2 hr. to the S.E., now used as public offices and a prison (p. 224).

Excursions. The \*Hundsrück (6720'), easily climbed in 3 hrs., commands a grand view of Mont Blanc, the Grand Combin, and the Bernese, Freiburg, and Vaudois Alps. — The \*Riederberg (6825'; 3 hrs.), also easy,

is another fine point of view.

The road ascends gradually for 5 M., crossing the Schlündibach at (31/2 M.) Richenstein. (To Abländschen, see above.) In a pine-clad

valley on the left flows the Kleine Simme. The road crosses several deep lateral ravines. At the top of the hill (4227'; inn) begin the Saanen-Möser, a broad Alpine valley, sprinkled with chalets and cottages. Near (22 M.) Schonried (4025') and farther down a striking view is gradually disclosed of the frowning Rüblihorn (7570'), the barometer of the district, the serrated Gummfluh (8068'), the snow-fields of the Sanetsch beyond it, and lastly the huge Gelten Glacier (p. 276) to the left.

24<sup>1</sup>/<sub>2</sub> M. Saanen, Fr. Gessenay (3382'; pop. 3733; Grand Logis or Gross-Landhaus; Pens. Grünigen; Ours, unpretending) is the capital of the upper valley of the Saane (Sarine). The inhabitants rear cattle and manufacture the famous Gruyère and Vacherin cheese.

To Gsteig, and over the Col de Pillon to Aigle, see p. 276; over the

Sanetsch to Sion, see p. 277.

FROM SAANEN TO CHÂTEAU-D'ŒX (p. 280), 7 M.; diligence twice daily in 11/3 hr., by Rougemont or Rothenberg (\*Pens. du Rubli), Flendruz, and Les Granges. Rougemont is on the border between Bern and Vaud, and between the German and French languages.

#### 57. From Spiez to Lenk and to Sion over the Rawyl.

16½ hrs. Railway from Spiez to Erlenbach, 7½ M., in ½ hr.; Diligence from Erlenbach to Lenk (24 M.) twice daily in 5 hrs. (5 fr. 85 c., coupé 7 fr. 80 c.). One-horse carr. from Thun to Lenk 40, two-horse 60 fr. From Lenk to Sion (10½ hrs.) Bridle Path; guide desirable (to Sion 20 fr.; horse 30 fr.). As far as Lenk the road is good for cycling.

To (23 M.) Zweisimmen, see pp. 221-223. The Lenk road crosses the Simme near Gwatt, and ascends the Upper Simmen-Thal by Bettelried, passing Schloss Blankenburg on the right (p. 223), to (27 M.) St. Stephan (3297'; Adler), Grodei, (281/2 M.) Matten

(inn), at the mouth of the Fermel-Thal (p. 222), and —

31½ M. Lenk (3527'; pop. 1750; \*Hôt.-Pens. Hirsch, R. 1½-3, B. 1, pens. 5-7 fr.; \*Krone, R. 2½ fr., B. 1 fr. 20 c., pens. from 5 fr.; \*Stern, pens. 5 fr.; Bär; Pens. Victorià, 1 M. to the N. of the village, on the road to Zweisimmen), a village rebuilt since a fire in 1878, situated in a flat and somewhat marshy part of the valley. About ½ M. to the S W. lies the \*Curanstalt Lenk (3625'; R. 2-6, D. 3½, S. ½, pens. 8-12½, in June & Sept. 7-8 fr.), with well fitted-up sulphur-baths and grounds. The Wildstrubel (10,670'), with its huge precipices and glaciers, whence several streams descend, forms a grand termination to the valley.

EXCURSIONS. (Guides, Hans and Herm. Jaggi; Gottlieb Lüdin.) The Simme rises, 6 M. to the S. of Lenk, in the so-called Siebenbrunnen, to which an interesting walk may be taken (4 hrs. there and back). Road (passing on the left the Burgfuh, an isolated nummulite rock with a 'glacier mill', and view of the Wildhorn) by Oberried (inn) to the (1½ hr.) Saw Mill (3668') at the end of the level part of the valley. A path now ascends close to the mill, between alders, in a curve on the right bank of the Simme, skirting a deep gorge with fine waterfalls. It passes the chalets of Stalden (4232'), traverses pastures, and crosses the Ammertenbach and the Laubbach to (1 hr.) the chalets of the Rätzliberg (4583'; Fridig's Inn, small). To the S., the 'Siebenbrunnen' (4744'), now in a single stream, issue from

the precipitous rocks of the *Fluhhorn* (8025'). Farther to the left is the *Upper Fall of the Simme*, which is conspicuous from a long distance. To the right rise the *Gletscherhorn* (9672') and *Laufbodenhorn* (8878'), to the left the *Ammertenhorn* (8713').

The Oberlaubhorn (6570'; with guide; easy and repaying), to the W. of the Rätzliberg, is ascended from Lenk, either by Trogegg (3196') in 31/2 hrs., or by Pöschenried and the Ritzberg Alp (5710') in 4 hrs.; descent by the Rätzliberg, Stalden, and Oberried. — The \*Mülkerblatt (6355'; 21/2 hrs.; guide 5 fr.) affords a superb view of the Wildstrubel, etc. Beyond the Curhaus we ascend the left bank of the Krummbach, (10 min.) cross it, traverse pastures and wood, passing several chalets, and mount the Bettelberg to the top.

The Iffigensee (6825'; 4 hrs.; guide 8 fr., unnecessary) is also worth seeing. By the (2½/4 hrs.) Iffigen Inn (p. 226) we turn to the right to the (½/2 hr.) Stieren-Iffigen-Alp (5512'; rfmts.). The path, steep and stony at places, then ascends the (1 hr.) saddle bounding the lake, and skirts the lake to the right (where edelweiss abounds) to the (¼/4 hr.) shepherd's hut at the W. end. — At the base of the Niesenhorn (9110'), ¾/4 hr. higher up, is the Wildhorn Club Hut (7550'), from which the \*Wildhorn (10,705') is ascended in 3-3½/2 hrs. (at places steep and laborious; guide from Lenk 25, with descent to the Sanetsch Pass 30, to Sion 35 fr.). We ascend the moraine of the Dungel Glacier and the E. slope of the Kirchli (9157') to the top of the glacier, whence a gentle incline leads to the E. summit, which is connected by a snow-clad arête, 300 yds. long, with the equally high W. summit. Splendid view of Mt. Blanc, Grand Combin, the Valaisian and Bernese Alps, the Diablerets, Oldenhorn, and Dent du Midi; to the W. are the Vaudois Alps, to the N. the Freiburg Alps; farther off are the Jura, Black Forest, and Vosges. Descent, if preferred, to the S., by the Glacier du Brozet, to Zanfleuron (2½/2-3 hrs.; see p. 277).

The \*Rohrbachstein (9690'; 61/2 hrs.; guide 15 fr.) is not difficult. From the (4 hrs.) Rawyl Pass (p. 226) we mount to the left to the (11/2 hr.) saddle between the Rohrbachstein and the Wetzsteinhorn, and the (1 hr.) top. Splendid view. Fossils found here. — The Mittaghorn (8815'; 5 hrs.; guide 10 fr.), the Niesenhorn (9110'; 6 hrs.; 12 fr.), and the Weisshorn (9690'; 7 hrs.; 15 fr.) are also easily ascended.

The Wildstrubel (W. peak 10,665'; central peak 10,655'; E. peak or Gross-Strubel, 10,670') is best ascended from the Rawyl Pass. From the (2 hrs.) Iffigen Inn (spend night) to the Rawyl 2 hrs.; thence we ascend to the left to the snow-arête between the Weisshorn and the Rohrbachstein (2½ hrs.), cross the Glacier de la Plaine Morte, and mount snowy slopes to the W. summit in 2½ hrs., and the central peak in ½ hr. more (from Iffigen 7½ hrs. in all). Guide from Lenk 27, down to the Gemmi 30 fr. — From the Rätzliberg (p. 224) a steep path ascends the Fluhwände above the Siebenbrunnen to the (2 hrs.) Fluhseeli (6710'); thence over débris, moraine, and the Rätzli Glacier to the W. peak (4 hrs.; guide 25 fr.). — A third route (toilsome) ascends steeply from the (2½ hrs.) Ritzberg Alp (see above; bed of hay) past the Laufbodenhorn (8878'), by the Thierberg and the Thierberg Glacier, and past the Gletscherhorn (9672') to the Rätzli Glacier and to the W. peak (6 hrs. from Ritzberg). Descent to the N.W. by the Ammerten Glacier, difficult; or to the E. over the crevassed Lämmern Glacier to the (3 hrs.) Gemmi (p. 215); or to the N. over the Strubelegg Glacier to the Engstligen-Alp and Adelboden (p. 220).

FROM LENK TO GSTEIG (7 hrs.): over the Trüttlisberg (6713') to  $(4^{1}/_{2} \text{ hrs.})$  Lauenen (p. 276), and thence over the Krinnen (5463') to  $(2^{1}/_{2} \text{ hrs.})$  Gsteig (p. 277); an easy and interesting route (guide 12, horse 25 fr.; see R. 67).

FROM LENK TO SAANEN (p. 226), 6 hrs., path over the Reulissenberg or Zwitzer Egg (5635'), and down the Turbach-Thal (guide 8 fr.). — To Adelboden over the Hahnenmoos (guide 8, horse 15 fr.), see p. 220. By the Ammerten Pass (8032'), to the S.E. of the Ammerten-Grat (8580'), fatiguing but interesting (8 hrs.; guide).

The RAWYL ROUTE (at first a road) ascends the W. side of the valley to (11/4 M.) the left bank of the Iffigenbach and the smiling Pöschenried-Thal. The road ends 2 M. farther on (about 4200'). By the fine (5 min.) Iffigen Fall the bridle-path ascends to the right. After 20 min. we turn, above the fall, into a wooded valley, through which the Iffigenbach dashes down its narrow rocky bed, and traverse a level dale (with the precipices of the Rawyl on the left) to the ( $\frac{1}{2}$  hr.) Iffigen-Alp (5253'; rustic Inn). Here, to the left (finger-post), we ascend through a small wood on a stony slope, skirt the rocks, cross (10 min.) a brook, and reach (50 min.) the refuge-hut on the Platten, whence we overlook the Simmen-Thal. We skirt the W. side of (3/4 hr.) the little Rawyl-See (7743') and reach (1/4 hr.) a cross (la Grande Croix), which marks the boundary of Bern and Valais and the summit of the Rawyl (7943'; 41/4 hrs. from Lenk), with a refuge-hut. The pass is a desolate stony plateau (Plan des Roses), enclosed by lofty and partially snow-clad mountains: to the W. the long Mittaghorn (8815'); S.W., the Schneidehorn (9640') and the snow-clad Wildhorn (10,705'; p. 225); S., the broad Rawylhorn (9540') and the Wetzsteinhorn (9114'); E., the Rohrbachstein (9690'; p. 225) and Weisshorn (9690').

Beyond the pass the path leads past a second little lake to (3/4 hr.) the margin of the S. slope (les Hors), which affords a limited, but striking view of the Valais mountains. We descend a steep rocky slope (leaving the dirty chalets of Armillon, 6925', to the left), and (1/2 hr.) cross a bridge in the valley (5970'; beyond it, a good spring). Instead of descending to the left to the chalets of Nieder-Rawyl (Les Ravins, 5768'), we ascend slightly by a narrow path to the right, and skirt the hillside. Then (25 min.) a steep ascent, to avoid the Kändle (see below); 20 min., a cross on the top of the hill (6330'), whence we descend to (1/2 hr.) Prax Combeira (5345'), a group of huts. Lastly a long, fatiguing descent by a rough, stony path, ascending at places, to (1/2 hr.) Ayent (3400'; quarters at

the cure's, good wine, or at the merchant Mosoni's).

The footpath from Nieder-Rawyl to Ayent, shorter by 1 hr., leads by the 'KÄNDLE' (i.e. channel), Fr. Sentier du Bisse, along the edge of a water-conduit skirting a steep slope 1300' high. Being only 1' wide, the path is only fit for steady heads, and is dangerous at places.

From Ayent by Grimisuat (2895') and Champlan to (2 hrs.) Sion (1710'), or to  $(1^{1}/_{4} \text{ hr.})$  St. Léonard, see p. 332.

# IV. WESTERN SWITZERLAND. LAKE OF GENEVA. LOWER VALLEY OF THE RHONE.

#### 58. From Bern to Neuchâtel.

27 M. RAILWAY in 1-11/2 hr. (fares 4 fr. 30, 3 fr. 5, 2 fr. 15 c.).

Bern, p. 160. The line diverges to the right from the Lausanne railway (p. 237) and leads viâ (3 M.) Bümplitz-Bethlehem to (51/2 M.) Riedbach. On a hill to the right, beyond the valley of the Gäbelbach, is Frauenkappelen, with a suppressed Benedictine monastery. The line traverses woods and meadows to (71/2 M.) Rosshäusern, threads a tunnel 1200 yds. in length, and crosses the Saane, or Sarine, by a handsome viaduct. 11 M. Gümmenen and (12 M.) Ferenbalm-Gurbrü are each followed by a short tunnel. 141/4 M. Kerzers (Fr. Chiètres), the junction of the railway from Lyss to Payerne (p. 243). We now cross the Grosse Moos, a large morass which has been partly reclaimed, to (17 M.) Müntschemier. — 18½ M. Ins, Fr. Anet (1633'; Ours), a large village with beautiful views of the Lakes of Neuchâtel and Morat and of the range of the Alps. - Beyond (21 M.) Gampelen (Fr. Champion), at the S. foot of the Jolimont (p. 14), the railway crosses the Thièle or Zihl, the boundary of Canton Neuchâtel. To the left we have a fine view of the Lake of Neuchâtel: to the right lies Monmirail, with a girls' school. — 23 M. Marin-Epagnier. Near Marin (\*Pens. Nusslé) are the famous lake-dwellings of La Tène, a name applied to the pre-Roman civilization of the iron age among the Celtic races on the N. side of the Alps. To the S.E., on the lake, is the lunatic asylum of Préfargier. — At (24 M.) St. Blaise (p. 14) the train reaches the Lake of Neuchâtel (1420'), the Roman Lacus Eburodunensis (25 M. long, 4-6 M. broad; greatest depth 500'). Near the N.E. end the Thièle or Zihl issues from the lake, the level of which has been lowered 6' by the widening of this outlet. Above the vine-clad W. bank rise the Jura Mts., and to the E. we enjoy a view of the Alps from the Bernese Oberland to Mont Blanc.

27 M. Neuchâtel. — RAILWAY STATION (1585; buffet), above the town, 1 M. from the lake. An Electric Tramway (fares 20, 10 c.) descends in 9 min. to the harbour (Port; Pl. C, 3). Thence a steam-tramway runs to the W., past the station of Evole (Pl. A, 4), to Colombier, Cortaillod, and Boudry (p. 235), and an electric tramway to the E. to St. Blaise (p. 228).—Steamboats on the Lake of Neuchâtel, see pp. 240, 243.

Hotels. \*GRAND-HÔTEL BELLEVUE (Pl. a; C, 4), in an open situation on the lake, R. 4-6, B. 11/2, déj. 4, D. 5, pens. 8-10, omnibus 1 fr.; \*Hôt. Terminus (Pl. e; E, 1), by the station, R. 3-5, B. 11/2, déj. 31/2, D. 4, pens. from 7 fr., with a terrace (\*View) in common with the adjoining Hôt. Des ALPES (cheaper, with café-restaurant); "GRAND-HÔTEL DU LAC (Pl. b; C, 3), R. 3-4, déj. 3<sup>1</sup>/<sub>2</sub>, D. 4, pens. 7-9, omnibus <sup>3</sup>/<sub>4</sub> fr.; "FAUCON (Pl. c; B, 3), R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, pens. 8-10 fr.; "Hôt. DU SOLEIL (Pl. d; B, 3, 4), R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1, D. incl. wine 3, S. incl. wine 2<sup>1</sup>/<sub>2</sub>, pens. 8-8<sup>1</sup>/<sub>2</sub> fr.; Hôt. DU PORT (Pl. f; C, 3). — "PENS. BOREL (Villa Surville), well situated above the town, pens. 4-5 fr.; PENS. HUGUENIN, Route de la Côte 40, pens. 5<sup>1</sup>/<sub>2</sub>-6 fr., well spoken of.

Cafés. Café-Brasserie Strauss, by the harbour; Chalet du Jardin Anglais (Pl. E, 2); Brasserie Gambrinus. — Baths at the harbour (Pl. D, 3).

English Church, Rue Collégiale (Rev. J. H. H. Best, B. A.).

Neuchâtel (1433'; 20,700 inhab.), Ger. Neuenburg, capital of the canton of that name (once a principality of the Orange family; then under Prussian sway, from 1707 to 1815, when it joined the Confederation; finally given up by Prussia in 1857), is charmingly situated on the Lake of Neuchâtel, to the E. of the mouth of the Seyon (p. 233), and at the base and on the slopes of the Jura. The banks of the lake are skirted for about 11/2 M. by a \*Quay, planted with trees and affording a beautiful view of the Alps (mountainindicator). Near the middle of this avenue is the little Harbour. on which is the handsome Post Office (Pl. C, 3). Opposite is a monument erected in 1898 to commemorate the rising of the Republican party against the Prussian government in 1848.

The Collège Latin (Pl. C, 4), to the W. of the harbour, contains a valuable natural history collection (adm. Thurs., 10-12 & 2-4, and Sun., 2-4) and a public library (100,000 vols.; daily, except Sun. & Mon., 10-12 & 2-4). The former was founded by Louis Agassiz (1807-73), who was professor here from 1832 to 1845 (comp. p. 209). - Near it, in the Place Purry (Pl. B, 4), rises a bronze statue of David de Purry (1709-86), a native of Neuchâtel, who left 41/2 million francs to the town. Observe also the Halles (Pl. B, 4; now a club), a picturesque little Renaissance edifice of 1570, in the Place des

Halles.

The \*Musée des Braux-Arts (Pl.D,3), a handsome Renaissance building, to the E. of the harbour, contains the interesting municipal Collection of Antiquities and Picture Gallery (adm. to each,

50 c.; free on Sun. and Thurs., 10-12 and 1-5).

GROUND Floor. The rooms to the right and left of the entrance contain the valuable Historical & Archaeological Collection, largely reminiscent of the Prussian period. — On the STAIRCASE are bronze busts of Max. de Meuron (d. 1868), founder of the museum, and of the painters Léon Berthoud (d. 1892) and Albert de Meuron (d. 1897). At the top are three \*Paintings by Paul Robert, executed in 1886-94. The central picture represents intellectual life as mirrored in the Christian dispensation: among clouds at the top appears the Saviour, with the Gospel below him; to the left ascends a procession of female forms symbolising Art, Science, and Morality, in blessed harmony; to the right the Archangel Michael stands upon the defeated dragon; and in the background is a view of Neuchâtel. In the painting on the left Celestial Grace bestows flowers and fruits upon the earth while evil spirits are driven off. The picture to the right depicts industrial life: in the foreground are working men and women, a manufacturer, a foreman, and a merchant; in the centre of the background rises the statue of Industry, whose gold is sought for by an eager/multitude; a beam of celestial light falls upon the group on the right; at the top are the Angel of Justice, to the right, and the Recording Angel, to the left. — The balcony affords a beautiful view of the lake and the Alps. — To the right is the —

\*\*PICTURE GALLERY. ROOM I. (Right) Dubois, 103. Autumn evening, 102. Summer morning; 343. P. Robert, Evening air; Jacquand, 181. Arrest of Voltaire at Frankfort.

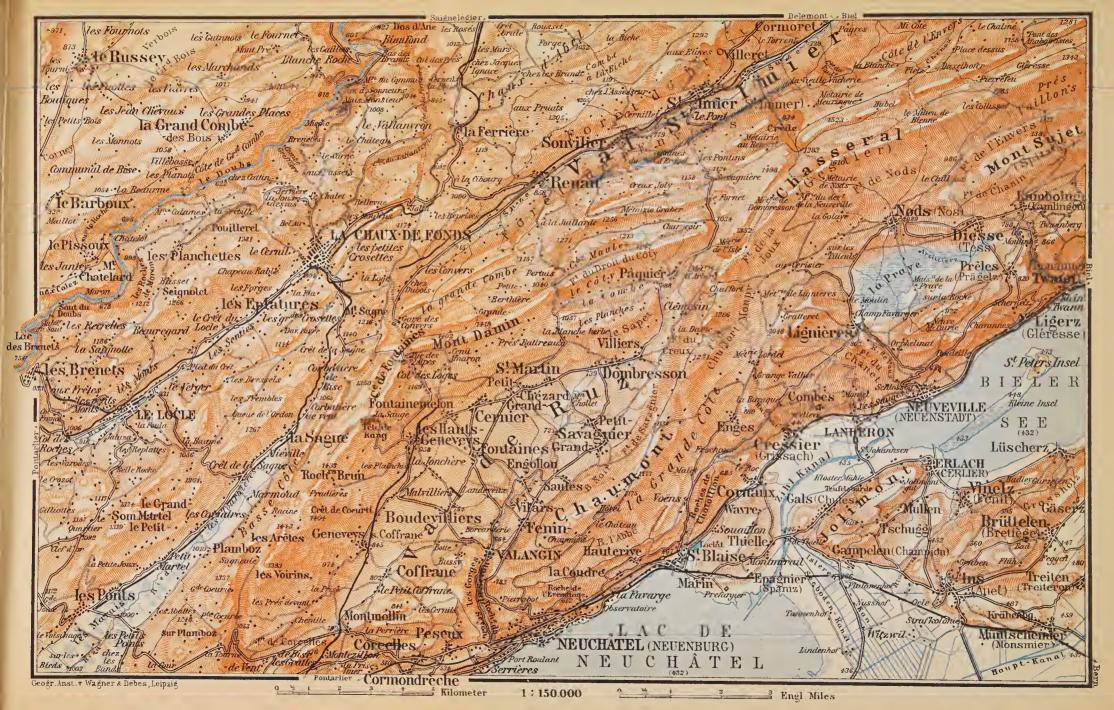

Voltaire at Frankfort, 182. Rousseau taking leave of his friends in 1762; 30. Beaumont, Departure of the fishermen; \*81. Al. Calame, Monte Rosa; 145. Gleyre, Hercules and Omphale; 35. Berthoud, The Jungfrau; 185. Jeanmaire, Street in Sion; 37. Berthoud, The chaser's death; 126. Gaud, Autumn-fire; 179. Guillarmod, Carts in the Puszta. — Room II. Engravings and Description. and Drawings. — Room III. 138. K. Girardet, Old Franciscan monastery at Alexandria; 171. Isabey, Sea-piece; 147. Greuze, Dreams; 295, 296, E. de Pury, Lucifer, Abel; without a number, A. de Meuron, 'Virgo libertatis mater'; 186. Jeanneret, Chrysanthemums; 143. K. Girardet, Lake of Brienz; 100. Diday, The Wetterborn. — Room IV. Small landscapes, cattle-pieces, etc. — Room V. Sketches by Léopold Robert, and copies of all his works by his brother Aurèle. L. Robert, born in 1794 at Chaux-de-Fonds (d. in Italy, 1835), is famous for his scenes of popular life in S. Europe. — Room VI. 180. Guillarmod, Horses crossing the Theiss; 2. Anker, French soldiers entertained by Swiss peasants in 1871; 139. K. Girardet, Cromwell reproached by his daughter, Mrs. Claypole, for the condemnation of Charles I.; 310. A. Robert, Baptistery in St. Mark's, Venice; Cornet 87. St. Malo. 86. River bank 88. Early morning: 167. Imer. Ruins Corot, 87. St. Malo, 86. River bank, 88. Early morning; 167. Robert, Study of a head; 44, 43. Berthoud, Chrysanthemums; 131. E. Girardet, Departure of the Bernese Landwehr in 1798. — Room VII. 311. A. Robert, St. Mark's, Venice; E. Girardet, 135. El Kantara (Algiers), 127. The father's blessing, 130. The little culprit; 137. K. Girardet, Huguenots; Léopold Robert, \*315. Basilica of San Paolo Fuori le Mura near Rome after the fire of 1823, \*321. Fishermen of the Adriatic, 330. Brigands pursued by coldinary 200 Learning 244. November 1844 Parties 1844 Partie by soldiers, 320. Improvisatore, 341. Neapolitan girls; 154. Grosclaude, The drinker. — Room VIII. Landscapes by M. de Meuron, Alb. de Meuron, A. Veillon, Berthoud, and others. — Room IX. 189. Jeanneret, Evolution of the vine; 153. Grosclaude, Marino Faliero; 187. Jeanneret, The drinker; 8. Bachelin, Entry of the French army into Switzerland in 1871; 188. Jeanneret, Alpine pasture; 365. Wagner, Autumn landscape; 300. E. de Pury, The Cantilene (song of rowing girls); 359. Veillon, Spezia; 93. E. David, Capri; 183. Jeanmaire, Under the pine-trees; 1. Anker, Sunday afternoon; 79. Burney, The village angine; 203. E. de Pury, The foncing master; 348. nand, The village engine; 293. E. de Pury, The fencing-master; 348. P. von Salis, Winter scene; 3. Anker, Pilgrimage to Gleyresse; 357. E. Tschaggeny, Enraged bull; 355. C. Ph. Tschaggeny, Flemish wedding in the 18th cent.; 10. Bachelin, Bivouac on the Lake of Thun.

Adjoining the museum is an interesting 'Sépulcre Préhistorique', discov-

ered at Auvernier in 1876.

A little to the N.E. are the new School of Commerce and the Academy (Pl. E, F, 2; 40 teachers, 150 students), between the Jardin Anglais and the Jardin Desoir. — Near the Palais Rougemont (Pl. D, 2), on the groundfloor of which is the Cercle du Musée (a club), is the Musée Alpestre, a collection of stuffed Alpine animals (1 fr.).

The CHÂTEAU (Pl. B, 3), on the hill above the town, dating partly from the 12th, but mainly from the 15-17th cent., and

restored in 1866, is now the seat of the cantonal government. Adjacent is the \*ABBBY CHURCH (Collégiale; Pl. A, 3; key at 6 Rue du Château), built in 1149-90 and restored in the 13th cent., with two pointed Gothic towers of the 15th century. The choir contains a large Gothic monument with 15 lifesize figures (partly renewed), erected in 1372 to the Counts of Neuchâtel, and restored in 1840. There are also memorial stones to two Prussian governors. — The Place in front of the church is adorned with a Statue of Farel, the Reformer (d. 1565), erected in 1875. The pleasing cloisters on the N. side, rebuilt after a fire in 1450, were restored in 1860-70. - A bridge crosses the old castle-moat to the Public Park.

The Observatoire Cantonal, 25 min. above the town, erected for the benefit of the watch-manufacturers, is in telegraphic communication with Chaux-de-Fonds, etc. (p. 232). The adjoining Mail, a grass-plot planted with trees, commands a charming view of the lake and the Alps. Another good view is enjoyed from the new Parc du Plan (Pl. B, 2, 1), to which a cable-tramway ascends

(ascent in \(^1/4\) hr.; fare 20 c., descent 10 c.).

Near the town there are pleasant wood-walks: to the Roche de l'Ermitage (2007'), Pierre à Bot, Gorges du Seyon, Chanélaz (p. 235), etc.

The \*Chaumont (3845'; \*Grand-Hôtel de Chaumont, a large house near the top, 3700', pens. 6-10 fr.; Hôtel du Château, lower down, 3 min. to the S.E.; Eng. Ch. Serv.), a spur of the Jura, to the N., is the finest point of view near Neuchâtel. The road to it diverges from the Chaux-de-Fonds road, 11/4 M. from Neuchâtel. and leads to the top in 11/2 hr. (diligence twice a day in summer Neuchâtel, and leads to the top in 11/2 hr. (diligence twice a day in summer in  $2^{1}/_{2}$  hrs., 2 fr.; down in 1 hr.,  $1^{1}/_{2}$  fr.; carr. with one horse 10, with two horses 20 fr.). Near the hotels at the top are a chapel and a school-house. horses 20 fr.). Near the hotels at the top are a chapel and a school-house. The view from the Signal, 1/4 hr. above the hotels (at the top, indicator of the Swiss Alpine Club, by Imfeld), embraces Lakes Neuchâtel and Morat, and the Alpine chain from the Sentis to Mont Blanc in the background. Evening-light best, but a perfectly clear horizon is rare. Charming view of the Val de Ruz and the Jura, to the W., from the (1/4 hr.) Pré Louiset. We may return to Neuchâtel by descending from the Signal to the right through wood to (3/4 hr.) Fenin, in the Val de Ruz, on the Chaux-de-Fonds road, and then following the shady Chemin des Quatre Ministraux de Pierre-à-Bot to the left, which affords a beautiful view of the Alps. An attractive route, following the brow of the hill, by La Dame and Chuffort (guide advisable), leads in 4 hrs. from the Chaumont to the Chasseral (p. 14).

\*Gorges de la Reuse, see p. 236; \*Tête de Rang, see p. 232. - \*Gorges de la Reuse, see p. 236; \*Tête de Rang, see p. 232.

### 59. From Neuchâtel to Chaux-de-Fonds and Locle.

RAILWAY viâ Chaux-de-Fonds to (23 M.) Locle in 13/4-2 hrs. (fares 5 fr. 25, 3 fr. 80, 2 fr. 80 c.). This route, as far as Les Hauts-Geneveys, is very attractive; views to the left.

Neuchâtel, see p. 229. The train skirts the slopes behind the town and crosses the Seyon, a stream descending from the Chasseral, which was carried down to the lake by means of a tunnel in 1839. Beyond a tunnel ½ M. long the line affords a superb \*View of the lake and the Bernese Alps, and of Mont Blanc to the S. 3 M. Corcelles (1750'). The train ascends through wood; two short tunnels.

7 M. Chambrelien (2255'), beautifully situated high above the valley of the Reuse (p. 234). The train backs out towards the N.E.

and skirts a wooded chain of hills. To the right is the fertile Val de Ruz, with its numerous villages, above which rises the Chaumont

(p. 231).

101/2 M. Les Geneveys-sur-Coffrane (2770'; Hôt.-Brasserie du Jura). — 13 M. Les Hauts-Geneveys (3135'; Buffet; Hôt. du Jura, Hôt. du Nord, both plain), the highest point of view on the line,

where Mont Blanc becomes very conspicuous.

The \*Tête de Rang (4668'), ascended in 1 hr. from Hauts-Geneveys (by a lane to the left, 10 min. beyond the village), commands a superb distant view of the Jura, of the Vosges, and of the Alps from the Sentis to Mont Blanc and the mountains of Savoy. On the saddle, 1/4 hr. below the top, is the \*Hôt. du Jura (4340'). — Hence to the (1/2 hr.) Col des Loges and (11/4 hr.) La Chaux-de-Fonds, see below.

The train passes through a tunnel (2 M. long; 9 min.) under the Col des Loges to (16 M.) Les Convers, a solitary station in a rockgirt valley. Beyond a tunnel (3/4 M.; 3 min.) under Mont Sagne, and

a shorter one, we reach —

 $18^{1}/_{2}$  M. La Chaux-de-Fonds (3260'; \*Grand Hôtel Central et Terminus, R.  $2^{1}/_{2}$ -4, B.  $1^{1}/_{4}$ , D.  $3^{1}/_{2}$ , S. 3, pens. 8-10 fr.; \*Fleur de Lys, R. 3, B. 11/4 fr.; Lion d'Or; \*Croix d'Or, unpretending; Balance; Hôt. de la Gare; U. S. Consular Agent, Mr. H. Rieckel), an important watch-making place (35,890 inhab.), with handsome streets and public buildings. It claims to be the largest 'village' in Europe. The Collège, containing the picture-gallery (good pictures by Swiss masters), the library, and the historical museum deserves a visit. The Parc du Bois du Petit-Château is tastefully laid out.

A pleasant walk may be taken by a path to the N. to (1 hr.) the hill of Pouillerel (4200'), commanding a view over Franche-Comté to the Vosges and of the Bernese Alps to the Wildstrubel and Mont Blanc. — To the S. a road (one-horse carr. 8 fr.) leads from Chaux-de-Fonds to the (1½ hr.) \*Col des Loges (4065'; \*#Hôtel à la Vue des Alpes), a fine point of view. A more extensive prospect is enjoyed from the \*Tête de Rang (4668'), 3/4 hr. to the S. of the Col (see above). — Aqueduct, see p. 234. — A narrow-gauge railway runs to the S.W. to La Sagne and (101/2 M.) Les

Ponts-de-Martel (Hôt. de la Loyauté).

From Chaux-de-Fonds to the picturesque \*Côtes du Doubs (fatiguing, not recommended for ladies), a pleasant excursion of one day. The road leads past the \*Restaurant Bel-Air to a Hotel near the Combe de la Greffière (view of the Doubs below), then descends through wood (short-cuts) towards the *Doubs*, reaching it at (5 M.) the charmingly-situated *Maison Monsieur*, and skirting its bank viâ the \*Pavillon des Sonneurs (restaurant) to (2<sup>1</sup>/4 M.) Biaufond (1990'). Then by boat to (<sup>1</sup>/2 hr.) Le Refrain (below which the Doubs forms the boundary between France and Switzerland), and on foot through grand and wild scenery to the picturesque ruins of the (2 M.) Moulin de la Mort (1835'). Visitors may take a boat to (50 min.) the Verrières du Bief d'Etoz, then below the Fall of the Doubs continue either by boat or on foot along the French bank past (right) La Goule, with large electric works, to (3/4 hr.) Bief d'Etoz. Thence we proceed from Derrière la Roche, on the Swiss bank, to the (2 M.) mill of Theusseret and to (1½ M.) Goumois (\*Couronne, good trout), a charmingly situated village. A road ascends hence to the E. in windings past the ruin of Franquemont to (3½ M.) Saignelégier (Hôt. de la Gare, pens. 5-8 fr.; Hôt. du Cerf), whence a railway (Chemin de fer régional) runs viâ Muriaux, Noirmont, and Les Bois to (1½ hr.) Chaux-de-Fonds.

A pleasant road leads to the W. from Chaux-de-Fonds to (1¼ hr.)

Les Planchettes (restaurant) and the (1½ hr.) Saut du Doubs (p. 233).

FROM CHAUX-DE-FONDS TO BIENNE,  $26^{1}/_{2}$  M., railway in  $1^{1}/_{2}$ -2 hrs. (fares 4 fr. 50, 3 fr. 15, 2 fr. 25 c.). The line passes the station of  $(2^{1}/_{2}$  M.) Convers-Hameau (Halte du Creux), and enters the industrious Val St. Imier, watered by the Suze or Schüss.  $5^{1}/_{2}$  M. Renan;  $8^{1}/_{4}$  M. Sonvilier, with the picturesque ruins of the castle of Erguel on a pine-clad rock. —  $9^{1}/_{2}$  M. St. Imier (2670'; 7114 inhab.; Hôt. de la Ville; Hôt. des Treize-Cantons, R. 2, D. incl. wine  $2^{1}/_{2}$  fr.; Bellevue Restaurant, above the station), the capital of the valley, with considerable watch-manufactories. (Ascent of the Chasseral, p. 14, by a bridle-path,  $2^{1}/_{2}$ -3 hrs.) — Several small stations. — 18 M. Sonceboz, and thence to  $(26^{1}/_{2}$  M.) Bienne, see pp. 12, 13.

20 M. Eplatures-Temple; 201/2 M. Crêt-du-Locle.

23 M. Le Locle (3035'; pop. 12,520; \*Hôt. des Trois Rois; Hôt. du Jura; National), famed for its watches. Opposite the Watchmakers' School a bronze statue was erected in 1888 of D. J. Richard (d. 1741), founder of the watch-making industry of Le Locle and La Chaux-de-Fonds. The hill of Sommartel (4350'), 11/4 hr. to the S., affords a fine view of the Jura.

FROM LOCLE TO MORTEAU (Besançon), 8 M., railway in 26 min. by Col des Roches (whence an interesting road leads through the Col to Les Brenets, 2 M.), and Villers-le-Lac, 1 M. to the S.W. of the Lac des Brenets (see below).

From Morteau to Besançon, 42 M.

FROM LOCLE TO LES BRENETS, 21/2 M., narrow-gauge railway in 1/4 hr. (fares 60, 40 c.). The train ascends to the right, and through a tunnel, to stat. Les Frêtes; then through wooded valleys and meadows, along the deep gorge of the Bied (opposite runs the Morteau line, see above) and through two tunnels, to the large village of Les Brenets (2800'; "Couronne, R. 11/2, D. 21/2, S. 11/2, pens. 5 fr.; "Lion d'Or; Bellevue), in the valley of the Doubs. From the station we descend through the village to the (1/4 hr. ascent 20 min.) Pré du Lac, on the "Lac des Brenets (2470'), a lake 21/2 M. long, which the Doubs forms above the waterfall. A boat (3 fr. there and back; more than 3 pers. 1 fr. each), or the small steamboat which plies on Sundays (for large parties on week-days also), now conveys us down the dark-green lake, narrowing between wooded sandstone rocks, and presenting a series of picturesque scenes. In 1/2 hr. we reach the "Saut du Doubs (Hôt. du Saut du Doubs, with garden, on the Swiss side; Hôt. de la Chute, on the French side, both unpretending). In 6 min. from the French inn we obtain a fine view from a point high above the picturesque fall, which is 80' in height. A road on the right bank, through wood, affording charming glimpses of the basin of the Doubs, leads back to (3 M.) Les Brenets.

## 60. From Neuchâtel to Pontarlier through the Val de Travers.

32½ M. RAILWAY in 1½-2 hrs.; fares 6 fr. 75 c., 4 fr., 2 fr. 80 c. (From Pontarlier to Paris by Dijon, express in 7½ hrs.; from Bern to Paris 10¼ hrs.) This Jura Railway (comp. p. 231) also traverses a most picturesque region. Views to the left. French time at Pontarlier, 55 min. behind Central European time (that of Switzerland and Germany).

Neuchâtel, see p. 229. The line, parallel with the Yverdon line (p. 235) as far as Auvernier, crosses the Seyon (p. 229), and affords a beautiful view of the lake and the Alps. The train skirts vine-clad slopes, and crosses the Gorge of Serrières (Hôt.-Pens. du Dauphin) by a bold viaduct. In the village is a bronze bust of Phil. Suchard, founder of the large chocolate-factory in the valley below. Above rises the small château of Beauregard.

3 M. Auvernier; the little town lies below, to the left (1480'; Hôtel du Lac, moderate). The train diverges to the right from the Yverdon line (p. 235) and ascends, in full view of the lake and the Alps. Entering the rocky and wooded ravine of the Reuse or Areuse, we observe the lofty viaduct of the Lausanne line (p. 236) far below, to the left. The last glimpse of the lake down this valley is very picturesque. We soon enter a tunnel, high on the N. slope of the valley, almost under the station of Chambrelien (p. 231). Seven more tunnels, beyond the fourth of which is  $(8^{1}/2 \text{ M.})$  stat. Champ du Moulin (2155'; Hôt. du Sentier des Gorges, trout), in a picturesque site. (To the Gorges de la Reuse, see p. 236.)

Neuchâtel and Chaux-de-Fonds (13 M. distant) are supplied with water from this point; the engine-house (2137'), \(^1/4\) hr. up the Reuse, is interesting. The neighbouring house of Lieut. Col. Perrier was, according to the inscription, once occupied by J. J. Rousseau. A footpath, beyond the water-wheels, leads on the right bank of the Reuse to the (\(^1/2\) hr.) Saut de Brot. - The Mont de la Clusette, below Noiraigue on the left bank, has recently begun to move and threatens a landslip which might choke the bed of the

Reuse and thus be highly disastrous to the whole valley.

11 M. Noiraigue (2380'; Croix Blanche), at the N. base of the Creux du Vent. The valley, called the Val de Travers from this point to St. Sulpice, changes its character here, and the Reuse now

flows calmly through a grassy dale.

On the top of the Creux du Vent (4807') is a basin, 1000' deep, shaped like a horseshoe, nearly 3 M. in circuit. Within it is an excellent spring, which is reached from (1 hr.) the Maison du Creux du Vent (3218'), on the N.E. side, in 3/4 hr. In stormy weather this 'hollow of the wind' is filled with surging white vapour, like the steam in a boiling cauldron. Rare plants and minerals. From the Maison du Creux du Vent we may reach the highest point (Le Soliat, 4807) in 1½ hr. by traversing the woods on the E. side. Descent to (2 hrs.) Boudry, see p. 236.

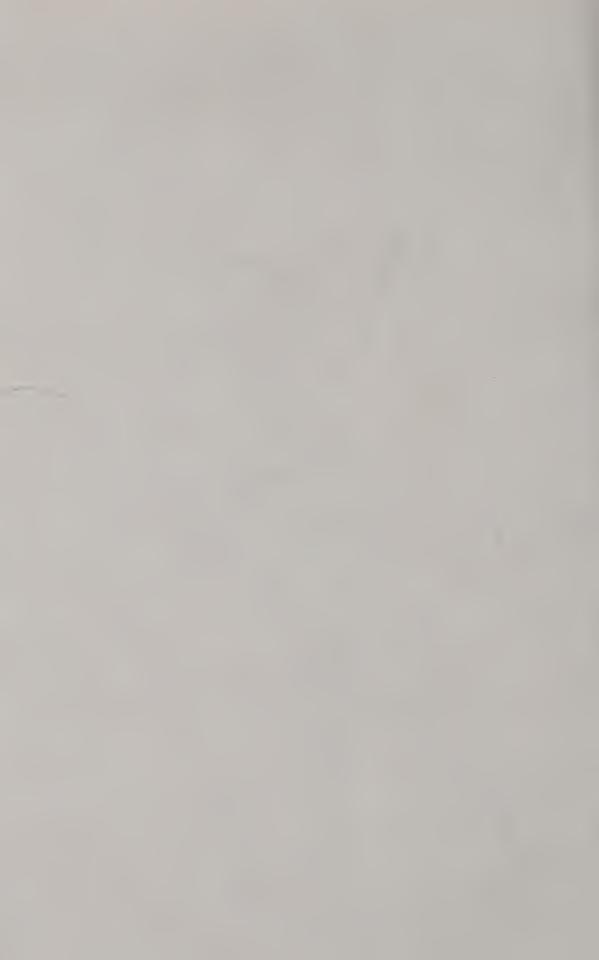

From (14½ M.) Travers (2392'; Ours) a branch-line runs in the valley, by Couvet, Môtiers, and Fleurier, to Buttes and St. Sulpice (see p. 235). Opposite, farther on, are asphalt-mines. — 171/2 M. Couvet (2418'; \*Hôt. de l'Aigle), a pretty town. Here, and at Môtiers and Fleurier, excellent absinthe is made.

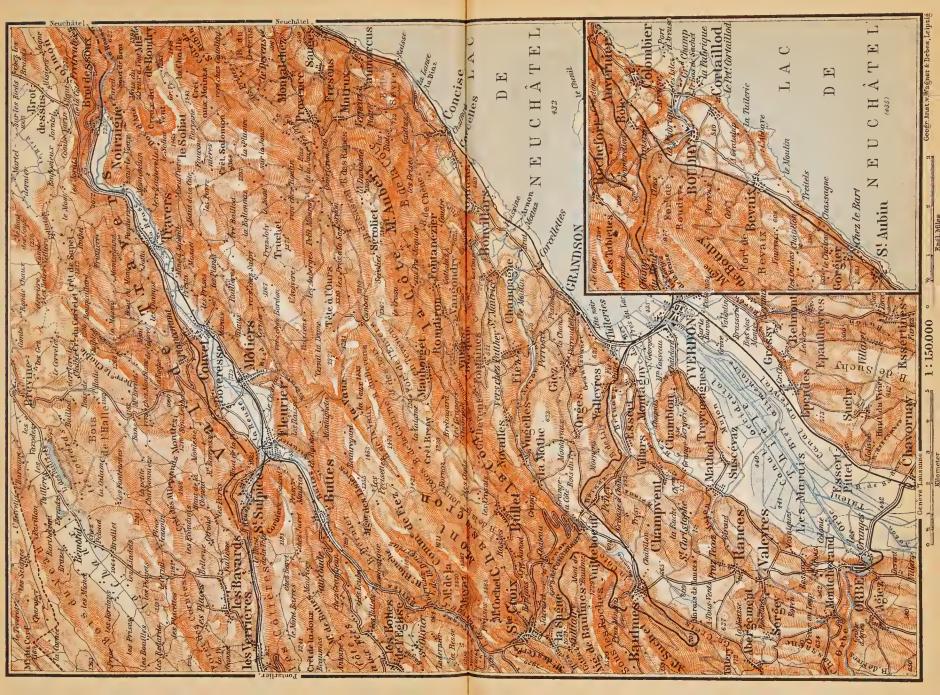

Diligence twice daily in 2 hrs. 10 min. (one-horse carr. 10 fr.) to (7 M.) La Brévine (3430'; Hotel de Ville, R. 11/2, D. 21/2, S. 2, pens. from 4 fr.), a health-resort with a chalybeate spring.

The line again ascends the N. slope of the valley. Opposite, far below, lies Môtiers-Travers (2430'; Maison de Ville), where, by permission of the Prussian governor General Keith, Rousseau lived in 1762 after his expulsion from Yverdon by the government of Bern, and wrote his 'Lettres écrites de la Montagne'.

The Ravine of the Poëta-Raisse (affluent of the Reuse), with its picturesque rocks and waterfalls, deserves a visit. We pass (without crossing) a bridge, 1/2 M. to the S. of Môtiers, and follow the brook to the right, ascending a pretty wooded gorge. In 1 hr. we reach a new path to the top (35 min.). From this point, with a guide or a good map, we may ascend the *Chasseron* (p. 237). — Beyond Môtiers is the *Grotte de Môtiers*, a limestone cavern, one arm of which is  $3^{1}/_{2}$  M. long. It may be safely explored for  $1/_{2}$  M. (rough walking; swarms of bats). At the entrance, a waterfall.

19 M. Boveresse is the station for Fleurier and Môtiers (p. 234). In the valley, farther on, is Fleurier (2455'; \*Hôt.-Pens. Beau-Site, beautifully situated  $\frac{1}{2}$  M. to the S., R. 2-3, B. 1, D.  $\frac{21}{2}$ -3, pens. 51/2-7 fr.; \*Hôt. de la Poste, in the town, same proprietor and prices; Hôt. Victoria, at the station, pens. 4-6 fr.; \*Couronne, pens. 4-5 fr.; Hôt. de Tempérance, pens. from 3 fr.), an important village with 3737 inhab, and extensive watch-factories. It is well situated and is much frequented as a summer-resort. A fine view is obtained from the Chalet-Restaurant du Righi Neuchâtelois (3280'), 31/2 M. distant by road, but 11/2 M. only by footpath.

Beyond a tunnel, 600 yds. long, we observe St. Sulpice (2475') below, on the left, with a Portland cement factory. Scenery again very picturesque. Two bridges and two tunnels. In the valley, 11/2 M. to the W. of Fleurier, the Reuse, which probably flows underground from the Lac des Taillères, rises as a considerable stream, soon capable of working several mills. Road and railway pass through

the defile of La Chaine.

The line attains its highest point (Col des Verrières, 3107'), and then enters a monotonous green valley with beds of peat. At (241/2 M.)Verrières-Suisse (3067'; Hôt. de la Ville, pens. 5-6 fr.)), the last Swiss village, the French 'Army of the East' under Bourbaki crossed the frontier in Feb., 1871. The train enters France (luggage examined at Pontarlier, see below). Then (251/2 M.) Verrières-France (3015'). Near St. Pierre de la Cluse the scenery is again interesting. The defile of La Cluse is fortified. On the left rises the Fort de Joux; on the right, 100' higher, is the new Fort de Larmont. We cross the Doubs. On the right, a monument in honour of the 'derniers défenseurs de la patrie' in Feb., 1871.

321/2 M. Pontarlier (2854'; \*Hôt. de la Poste; Hôt. de Paris; National), a small town on the Doubs. See Baedeker's N. France.

From Pontarlier to Cossonay and Vallorbe, see R. 64.

#### 61. From Neuchâtel to Lausanne.

461/2 M. RAILWAY in 2-21/2 hrs.; fares 7 fr. 80, 5 fr. 50, 3 fr. 90 c. (to Geneva in 23/4-5 hrs.; fares 12 fr. 70, 8 fr. 90, 6 fr. 35 c.). Best view to the left. Travellers to Geneva by certain trains must change at Renens (p. 237; apply to the guard). — Steamboat on the Lake of Neuchâtel between Neuchâtel and Morat (p. 243), and between Neuchâtel and Estavayer only (twice daily in 11/2 hr., corresponding with the train to Freiburg, p. 240).

Neuchâtel, see p. 229. To (3 M.) Auvernier, see p. 234. Our train quits the lake, to which it returns beyond Bevaix. - 5 M. Colombier (2058 inhab.; Cheval Blanc), with an old château, now a barrack, and fine avenues, yields excellent white wine. (On the lake, 11/2 M. to the E., is the Chanélaz Hydropathic, with park and views; pens. 6-8 fr.) -6 M. Boudry (1693'); the little town (1542'; 2174 inhab.; Maison de Ville), the birthplace of Marat (1744-93), lies below, on the right bank of the Reuse, 1 M. from the station. Steam-tramway to Neuchâtel, see p. 229.

The \*Gorges de la Reuse are interesting. Leaving stat. Boudry, we cross the line (passing the viaduct on the left) and pass through the village of Troisrods. Before the last house we turn to the left, between walls, and descend in 20 min. to the entrance of the ravine. A path, hewn in the rock at places, affords striking views of the narrow, wooded gorge. In 5 min. we come to a path to the left, leading to the Chalet aux Clées (fee for the use of the path expected). In 20 min. more we observe the Grotte aux Fours, above us, on the right, with a large entrance (easily accessible). Farther on, the Pontarlier railway runs high above the gorge, on the right, and still higher is the road. We next reaca (55 min.; 13/4 hr. from Boudry station) the Champ du Moulin station (p. 234). Or we take the train to Champ du Moulin, and walk down the Gorges to Boudry. Another path descends to the Gorges from Chambrelien (p. 231). Circular ticket from Neuchâtel and back via Chambrelien and Boudry, 2nd cl. 1 fr. 40 c., 3rd cl. 1 fr. From Boudry to the Creux du Vent (p. 234), 3 hrs.

Beyond Boudry the train is carried by a great viaduct over the deep valley of the Reuse, and beyond (9 M.) Bevaix it returns to the lake. 11 M. Gorgier-St-Aubin; 14 M. Vaumarcus, with the wellpreserved castle of that name. At (15½ M.) Concise (1453'; Ecu de France) many relics of ancient lake-villages have been found. — 17<sup>1</sup>/<sub>2</sub> M. Onnens-Bonvillars.

201/2 M. Grandson (pop. 1708; Lion d'Or; Croix Rouge; Hôtel de la Gare, D. 21/2 fr., well spoken of), a picturesque little town, probably of Roman origin, has a handsome Château of Baron de Blonay (view from the terrace). The old Church, Romanesque, with a Gothic

choir, once belonged to a Benedictine abbey.

The château of Grandson, once the seat of a family of that name and said to have been built about the year 1000, was taken by the Bernese in 1475, and in Feb., 1476, was captured by Charles the Bold, Duke of Burgundy. A few weeks later, on 3rd March, 1476, the Duke was surprised by the advancing Confederates near Grandson, and in spite of his numerical superiority (50,000 Burgundians, it is said, against 20,000 Swiss) was utterly defeated. Enormous booty was captured on the occasion.

The train skirts the S.W. end of the lake, and crosses the Thièle. 23 M. Yverdon (1433'; 7943 inhab.; \*Hôt. de Londres, R.  $2-2^{1}/2$ , D. 3, S.  $2^{1}/_{2}$ , pens.  $6^{1}/_{2}$  fr.; Hôt. du Paon, pens. 6 fr.; Hot. du Faucon), the Roman Eburodunum, is a thriving little town on the Thièle, with pleasant promenades. The Château, erected by Duke Conrad of Zähringen in 1135, and the seat of Pestalozzi's famous school in 1805-25, is now occupied by the town-schools, a library, and a collection of coins and antiquities. In front of it rises a \*Monument to Pestalozzi (d. 1827), by Lanz. The Hôtel de Ville contains Roman antiquities found in the environs, and on the first floor a collection of clocks of the 18th century. Near the churchyard are fragments of a Roman fort.

To the S.E. ( $\frac{3}{4}$  M.) are the \*Bains d' Yverdon (R. 2-5, B.  $\frac{1}{2}$ , déj. 3, D.  $\frac{3}{2}$ , pens. from 61/2 fr., with a sulphur spring, hydropathic, and grounds), halfway to which are the Pens. La Prairie (41/2-5 fr.) and the Maison Blanche (pens. 4-5 fr.), both with gardens. — About  $1^{1}/_{2}$  M. to the E. is the beautifully situated Sanatorium Bellevue (1800') for nervous patients (pens., incl. medical

treatment, 500-800 fr. per month).

FROM YVERDON TO STE. CROIX, 15 M., narrow-gauge railway (trains on week-days only) in 1-11/4 hr. (2 fr. 50 c., return-tickets 4 fr.). The line diverges, to the N. of Yverdon, from the Neuchâtel line, crosses the Brinaz, and ascends its valley via Valleyres-sous-Montagny and Essert to (51/2 M.)

Peney-Vuiteboeuf (1942'; Hôt. Croix Fédérale, at Vuitebœuf). It then skirts, in a S.W. direction, the Mont de Baulmes (see below) to (71/2 M.) Baulmes and (9 M.) Six-Fontaines (2330'), where it bends back in a long curve and ascends the wooded slope of Mt. Suchet. We pass through several tunnels, alternating with viaducts, where we enjoy picturesque views of deep gorges, the Lake of Neuchâtel, and the High Alps, to (15 M.) Ste. Croix (3635'; pop. 6000; Grand Hôlel des Rasses & Hôt. d'Espagne, R. 2-4 fr., B. 1 fr. 20 c., déj. 21/2, D. 3, S. 2, pens. from 5 fr.; Hôt. de France; Hôt. du Jura; "Hôt.-Pens. du Mont Blanc, 3/4 M. from the station, pens. 5-61/2 fr.; Pens. Ramseyer, Junot-Mercier, etc.), a large village in a sheltered situation, noted for its musical box and watch manufactories, and visited as a summer-resort. Excursions: to the N.E. to the (1 hr). Mont Cochet (4885') and the (13/4 hr.) "Chasseron (5285'), with a splendid view extending from the Jungfrau to Mt. Blanc (descent viâ Les Preisettes and La Raisse to Fleurier, p. 235); to the W. to the (1/2 hr.) Mont des Cerfs (4175'); to the S. (3/4 hr.) Mont de Baulmes (4180'), the (11/2 hr.) "Aiguille de Baulmes (4986'), and the (21/2 hrs.) "Mont Suchet (5235'); comp p. 244. — We may return from Ste. Croix by an interesting path through the picturesque gorge of Covatannaz to the Vuitebœuf station (50 min.; see above).

From Yverdon to Payerne and Freiburg, see p. 240.

The train quits the lake, and enters the broad valley of the Thièle, a stream formed by the confluence of the Orbe (p. 243) and the Talent near (26 M.) Ependes. To the W. rises the long chain of the Jura: the Aiguille de Baulmes, Mont Suchet, Dent de Vaulion, and Montendre. — 29 M. Chavornay-Orbe.

An ELECTRIC TRAMWAY (2<sup>1</sup>/<sub>2</sub> M., in <sup>1</sup>/<sub>4</sub> hr.) runs hence to Orbe (1584'; Deux Poissons), a picturesque town of 2078 inhab. on a hill on the left bank of the Orbe, which is crossed by two bridges. In the 10th cent. Orbe was a capital of Burgundy, and to this period belong the two towers of the château (fine view from the terrace). From Orbe a diligence plies in 1<sup>3</sup>/<sub>4</sub> hr. to

Ballaigues (p. 244).

Two tunnels under the Mormont. Then  $(33^1/4)$  M.) Eclépens. The train enters the wooded valley of the Vénoge, passes La Sarraz (p. 243) and  $(34^1/4)$  M.) Daillens (junction for Pontarlier, p. 235), and stops at (38) M.) Cossonay (1850'; Hôt. des Grands Moulins); the little town of Cossonay lies on a wooded hill to the right (cable-tramway from the station in 10 min.). — To Vallorbe and Pontarlier, see R. 64.

40 M. Vufflens-la-Ville. Beyond (42 M.) Bussigny, to the S., appear the mountains of Savoy. 431/2 M. Renens (p. 271).

461/2 M. Lausanne, see p. 260.

## 62. From Bern to Lausanne.

60 M. RAILWAY to Freiburg in  $^3/_4$ -1½ hr. (3 fr. 25, 2 fr. 35, 1 fr. 70 c.; to Lausanne in  $^2/_4$ -4 hrs. (10 fr. 20, 7 fr. 15, 5 fr. 10 c.); to Geneva in  $^3/_3$ -6½ hrs. (16 fr. 45, 11 fr. 55, 8 fr. 25 c.). — Best views on the left. This route may be recommended to cyclists.

Bern, see p. 160. To the left, a glimpse of the Bernese Alps and the mountains of the Simme and Sarine valleys, the serrated Brenleire (7743') and Folierant (7690') being conspicuous; more to the right is the Moléson. The view is soon hidden by wood. 3 M. Bümplitz; 6 M. Thörishaus. We descend and cross the Sense (Fr. Singine), the boundary between Cantons Bern and Freiburg. — 9 M. Flamatt.

To the W. (5½ M.; diligence thrice daily in 50 min., by Neueneck) lies Laupen (Bär), a small town with an old château, at the confluence of the Sense and the Sarine, famed in Swiss annals for a victory gained in 1339 by the Bernese under Rudolph von Erlach (p. 162) over the army of Freiburg and the allied nobility of the Uechtland, Aargau, Savoy, and Burgundy. The Bramberg (2043'), 3/4 hr. to the E., above the road to Neueneck, is marked by a monument, erected in 1829.

Beyond a tunnel we enter the green valley of the *Tafferna-Bach*. 12<sup>1</sup>/<sub>2</sub> M. Schmitten; 16 M. Düdingen, Fr. Guin (Hôt. des Alpes), where we cross a viaduct, 100' high.

In the valley of the Saane,  $1^{1}/_{4}$  M. to the N.W. of Düdingen, are the baths of Bonn (1700'; pens.  $3^{1}/_{2}-4^{1}/_{2}$  fr.), with sulphur-springs. — Garmiswil (1985'; pens. 5 fr.), another sulphur-bath, lies  $1^{1}/_{4}$  M. to the S.W. of Düdingen.

Beyond Balliswil, which lies to the left, the train crosses the deep gorge of the Saane or Sarine by the iron \*Viaduc de Granfey

(360 yds. long, 250' high).

191/2 M. Freiburg. — Hotels. \*Hôtel Terminus, R. 21/2-6, B. 11/4, D. 31/2-41/2, pens. 8-15 fr.; \*Hôtel Suisse, R. 2-3, B. 11/4, D. 3, pens. 6-8 fr.; \*Faucon, R. 2-3, D. 3 fr.; Hôtel de l'Autruche; Hôtel de la Tête Noire, R. 11/2-2, B. 1, D. 21/2 fr.; Hôtel & Curhaus Schoenberg, prettily situated beyond the suspension-bridge, pens. 7-12 fr.

Tramways. Electric Tramway (10 c.) from the station to the large bridge (p. 240) and to the University (see below). Cable Tramway (Funiculaire)

between the upper and lower town (10 c.).

Official Enquiry Office, Rue de Lausanne 35. - Engl. Church Service.

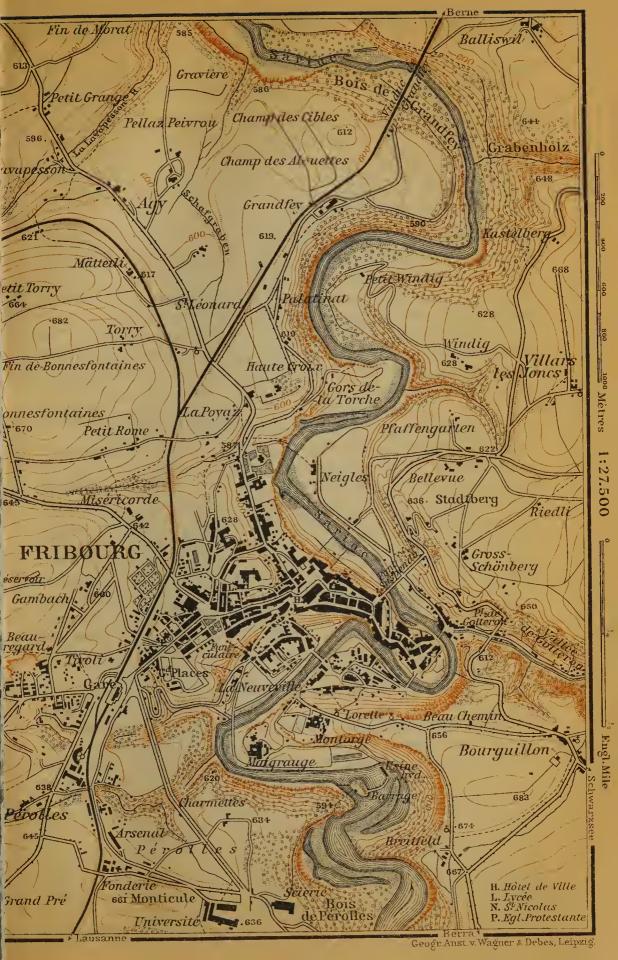

Freiburg, Fr. Fribourg (2100'; pop. 15,766), capital of Canton Freiburg, the ancient Uechtland, founded in 1178 by Berthold IV. of Zähringen, stands on a height nearly surrounded by the Sarine (Saane). Most of the inhabitants speak French. The town retains some of its ancient walls and towers. Freiburg is the seat of a bishop and of a Roman Catholic university opened in 1889 (300 students). The handsome new University Building, in the quarter of Pérolles, to the S.E. of the rail. station (electr. tramway, see above), contains important natural history collections. Adjacent is the Polytechnic School. — As the grand situation of the town and its bridges is not seen from the railway-station, the following walk is recommended.

From the station, to the left, we proceed past the little Protestant Church and through the Avenue de la Gare to the Grand' Places, a large open space, with promenades, where a fine view is obtained from the E. side (cable tramway to the lower town, see p. 239). On the right is the handsome new Hôtel des Postes, which also accommodates an industrial and an educational museum, with the 'Girard Room'. We descend thence by the Rue de Lausanne to the Place De l'Hôtel-de-Ville (1940'). Here stands a venerable lime-tree, 14' in circumference, supported by stone pillars.

According to tradition, this tree was originally a twig, borne by a young native of Freiburg when he arrived in the town, breathless and exhausted from loss of blood, to announce to his fellow-citizens the victory of Morat (1476). 'Victory' was the only word he could utter, and having

thus fulfilled his mission, he expired.

To the right rises the old Hôtel de Ville, with an octagonal clock-

tower of 1511. To the left of the lime-tree the Rue du Tilleul leads past a bronze Statue of Father Grégoire Girard (d. 1850) to the Gothic —

\*Church of St. Nicholas, founded in 1283, rebuilt in the 15th cent., restored in 1860. The handsome tower, 280' high, was erected in 1470-92. The portal has curious reliefs of the Last Judgment.

Interior (fee to the sacristan). The late-Gothic carved Stalls deserve notice. The second chapel on the S. side contains a picture by Deschwanden, St. Anne and St. Mary. The choir has three modern stained-glass windows. A tablet on the S. pillar at the entrance to the choir is to the memory of Canisius (Peter de Hondt, d. 1597), the celebrated Jesuit. — The large Organ, with 67 stops and 7800 pipes, some of them 32' in length, was built by Al. Mooser (d. 1839), whose bust has been placed to the left of the entrance. Performances in summer at 1.30 and 8 p.m. daily.

Behind the choir of St. Nicholas, a little to the left, is the great \*Suspension Bridge, or Grand Pont en Fils de Fer, 270 yds. long and 168' above the Sarine, constructed by Chaley in 1834. It is supported by six wire-ropes, 410 yds. long, the ends of which are secured to blocks of stone far below the surface of the earth.

Ascending the right bank to the right for 8 min., we reach the PONT DE GOTTERON (250 yds. long, 245' high), a similar bridge, constructed in 1840 over the Vallée de Gotteron, a deep ravine descending to the Sarine. We cross this bridge and follow the road on the other side (short-cut to the right closed) to the village of Bourguillon (2160'). We then descend to the right, through an old gate, to the (12 min. from the Pont de Gotteron) picturesquely situated Loretto Chapel, built in 1648, restored in 1888 (fine view of the town). Farther on we obtain, to the left, a view of the valley of the Sarine, which is here bridled with a weir (barrage). A path with steps descends 5 min. from the chapel to the lower town (1785'), turning to the left at the fountain and passing the church of St. John (founded by the Knights of Malta), beyond which we cross the Sarine by a stone bridge. Hence we may follow the road to the left direct to the (12 min.) station, or we may proceed by the funicular railway to the E. end of the Grand' Places (p. 238), or we may ascend the steps to the right to the (5 min.) Hôtel de Ville and take the electric tramway to the station.

Those who have time may from the Grand' Places (p. 238) follow the Rue du Musée to the W. to the Jesuits' Collège St. Michel, founded by Father Canisius in 1580. The Lycée, adjacent, contains the valuable Cantonal Museum.

Two rooms on the groundfloor contain the \*Marcello Museum, left to the town by the sculptress Duchess Adela Colonna (d. 1879), a native of Freiburg, who took the name of Marcello: busts, statues (Abyssinian sheikh; Pythia, from the Opera House at Paris) by Marcello; pictures by her, and by Regnault, Hébert, Delacroix, Fortuny, Courbet, and others; furniture, etc.; also the Cantonal Picture Gallery of ancient and modern works.—On the first floor (five rooms) is a valuable collection of antiquities from lake-dwellings, Roman and Swiss relics, ethnographical objects, weapons and armour, coins, etc.— The theological lectures of the University (p. 238) are given in the Lycée.

About 31/2 M. to the S.W. of Freiburg is the former Cistercian abbey of Hauterive (road from the station by the Glane Bridge, see below), founded in 1137 by Count Wilhelm von Glane, now a training school for teachers. The Gothic church, with beautiful stalls of the 14th cent., the restored Chapel of St. Nicholas, and the cloisters, are all worth a visit.

From Freiburg to Yverdon, 31 M., railway in 2 hrs. (3 fr. 75 or 2 fr. 65 c.). Near (31/2 M.) Belfaux is a huge embankment, below which the Sonnaz passes by means of an aqueduct, 150 yds. long. Stations: Grolley, Léchelles, Cousset, Corcelles, and (133/4 M.) Payerne (p. 242), junction of the 'Ligne de Broye'. We cross the Broye and the Glane. 161/2 M. Cugy. -20 M. Estavayer (Hôtel de Ville; Cerf), a town with the picturesque château of Chenaux, on Lake Neuchâtel. (Steamer twice daily by Cortaillod and Auvernier to Neuchâtel, p. 229.) — 23½ M. Cheyres (1870'; Grand-Hôtel des Bains, with fine view, R. 1½, D. 2½, S. 2, pens. 4-5 fr.); 25 M. Yvonand, on a long tongue of land, at the mouth of the Mentue, where Roman relics are found. — 31 M. Yverdon (p. 236).

FROM FREIBURG TO MORAT, 141/2 M., railway in 55 min. (fares 1 fr. 85, 1 fr. 40 c.). At  $(3\frac{1}{2} M.)$  Belfaux the train turns to the right into the valley of the Sonnaz and follows that stream to (6 M.) Pensier, near its confluence with the Sarine. It then ascends to the N.W. to (8 M.) Courtepin and (101/2 hr.) Cressier-sur-Morat (1886). After skirting the hill on which the latter lies, we descend viâ (13 M.) Münchenwiler, Fr. Villars-les-Moines-Courgevaux (Ours), with a turretted château (view from the belvedere in the park),

to (14<sup>1</sup>/<sub>2</sub> M.) Morat (p. 242).

To the S.E. of Freiburg (20 M.; diligence in summer daily in 4<sup>1</sup>/<sub>4</sub> hrs. viâ Frohmatt, Chevrilles or Giffers, Plasselb, and Plaffeyen or Planfayon; onehorse carriage 15, two-horse 25 fr.), in the valley of the Sense, is the Schwarze See or Lac Noir (3465'), amidst lofty mountains, and well stocked with fish. On its bank lies the \*Schwarzsee-Bad or Bains Domène (R. 2-21/2 fr., B. 1 fr. 20 c., D. 3, S. 2, pens. 6-7 fr.), with sulphur-springs. The Kaiseregg (7180'), to the S.E. (31/2 hrs., with guide), commands the Bernese and Valaisian Alps. — From the Schwarze See over the Chésalette to (101/2 M.) Charmey, see p. 223; over the Gantrisch Pass to Thun, see p. 222. — From Freiburg viâ Plasseyn to the Schwefelberg-Bad (p. 223), 20 M., diligence daily in summer in 51/3 hrs. Another diligence runs to Sangerboden (4 hrs.), whence the Ottenleue-Bad (p. 223) is reached on foot or horseback in 1 hr.:

The \*Berra (Birrenberg; 5655'), 41/2-5 hrs. from Freiburg, repaying. Road by Marly (2034'; \*Pens. Kuenlin, 4 fr.), a village prettily situated on

the Gérine (Aergerenbach), to (6 M.) Praz Mattaou; thence a bridle-path viâ Montévraz and the Käsenberg (Cousimbert) to the (3 hrs.) top. Extensive view of the Jura, Lakes Neuchâtel, Morat, and Bienne, and the Alps. Descent to Valsainte (p. 223) 11/4 hr., to the Schwarze See 21/2 hrs.

As the train proceeds we survey the Simmen-Thal and Freiburg Mts. to the left, notably the Moléson. The Glane, with its steep banks, and a bridge of four arches which crosses it, are also seen to the left. 23 M. Matran; 25 M. Rosé; 26<sup>1</sup>/<sub>2</sub> M. Neyruz; 28<sup>1</sup>/<sub>2</sub> M. Cottens; 30 M. Chénens. Near (321/2 M.) Villaz-St-Pierre the train enters the valley of the Glane; on the left are the fertile slopes of the Mont Gibloux (3947'). Near Romont, to the left, is the nunnery of La Fille-Dieu.

351/2 M. Romont, Ger. Remund (2540'; pop. 1885; \*Cerf; Couronne; \*Croix Blanche; Hôt. de la Gare; \*Rail. Restaurant), a little town on the Glane, with ancient walls and watch-towers, is picturesquely situated on a hill. The Castle, founded by the Burgundian kings in the 10th cent. and restored in 1577-80, is occupied by the local authorities (picturesque inner court). The old Gothic Church contains 16th cent. choir-stalls with grotesque carving. At the S. end of the hill rises a massive round tower (view).

FROM ROMONT TO BULLE (p. 279), 12 M., branch-line in 53 minutes.

Stations: Vuisternens, Sales, Vaulruz (p. 279).

Beyond (383/4 M.) Siviriez Mont Blanc appears for a short time on the left. A tunnel pierces the watershed between the Glane and the Broye. 42 M. Vauderens-Rue. To the right is the valley of the Broye, with the picturesque town of Rue (p. 242). At (451/2 M.) Oron (2375') we pass through a cutting in the castle-hill to the station on the S. side; Oron-la-Ville lies below, to the right. The train descends and crosses the Mionnaz and the Broye. 48 M. Palézieux (see below; electric tramway to Châtel-St-Denis, see p. 279). We again ascend slightly, traversing a smiling tract, to (53 M.) Chexbres (2034').

The \*Signal de Chexbres (2150'; \*Hôt. du Signal, with extensive grounds, pens. 7-9 fr.), 25 min. from the station, affords a superb view. At our feet lies the greater part of the Lake of Geneva; to the left, Vevey; above it, from left to right, are the saddle of the Col de Jaman, the tooth-like Dent de Jaman, the broad back of the Rochers de Naye, and the Tour d'Aï and Tour de Mayen; farther back, the Grand-Mæveran and the Dent de Morcles. In the centre of the background is the pyramid of Mont Catogne; on its left rise the snowy cones of Mont Vélan and the Grand Combin; to the right, the Savoy Mts., with the Dent d'Oche. — Travellers bound for Vevey may descend direct from the Signal to the (25 min.) village of Chexbres.

From Chexbres to Vevey, 4 M., diligence thrice daily in 50 min. (ascent from Vevey to Chexbres 1½ hr.); fare 1 fr. The walk from Chexbres to Vevey (1½ hr.) is pleasant, but in the reverse direction it is apt to be hot and tiring. Luggage may be forwarded by railway. — The road from the station leads through (1 M.) the large village of Chexbres (1940'; \*Hôt. Pens. Bellevue, with fine view, R. 2-3, B. 1, déj. 2, D. 3, pens. from 5 fr.; \*Hôt. Victoria, with garden and fine view, pens. 5-6 fr.; \*Lion d'Or; Hôt. Pens. Chillon, pens. 4-5 fr.; Engl. Ch. Serv. in the season), with its old castle (whence a path descends direct to Rivaz-St-Saphorin, p. 271), and then descends, in view of the beautiful lake and the Savoy Mts., to the Lausanne and Vevey road and (3 M.) Vevey (p. 263).

Beyond the Cornallaz Tunnel (506 yds.) a \*View of singular beauty, embracing the greater part of the Lake of Geneva and the surrounding mountains, is suddenly disclosed. In the direction of Vevey, which is not itself visible, are the Pléiades, the Dent de Jaman, the valley of the Rhone, and the Savoy Mts.; in the foreground lie numerous villages amidst vineyards. Beyond a tunnel (through which the setting sun shines in summer) and (55 M.) Grandvaux we observe the villages of Lutry, Pully, and Ouchy on the lake, and Lausanne on the hill above them. Beyond another tunnel and a viaduct we reach (57½ M.) La Conversion-Belmont and cross the valley of the Paudèze (p. 263) by a viaduct of nine arches. After another short tunnel our train reaches the Lausanne and Vevey line.

60 M. Lausanne, see p. 260.

# 63. From Lausanne to Payerne and Lyss.

63 M. Jura-Simplon Railway in  $4^{1}/_{2}$  hrs.; fares 7 fr. 95, 5 fr. 35 c. (no first class).

To (12 M.) Palézieux (Hôt. de la Gare), see above. We follow the pleasant valley of the Broye. 15 M. Palézieuz-Village; 16 M. Châtillens-Oron (½ M. to the N.E. is Oron-la-Ville, see above).—

191/2 M. Ecublens-Rue (Rail. Restaurant). The little town of Rue (2323'; Maison de Ville; Fleur-de-Lys) lies on a hill to the right,

commanded by an old château. — 221/2 M. Bressonnaz.

231/2 M. Moudon (1690'; pop. 2641; Hôt. du Pont; Hôt. de la Fleur-de-Lys; Hôt. de la Gare), with the châteaux of Carouge and Rochefort, an old town, the Roman Minodunum, and long the capital of the Pays de Vaud. Handsome Gothic church. - Farther on we cross the Broye twice. 261/2 M. Lucens, with a picturesque old château. - 29 M. Henniez, the station for Henniez-les-Bains (1970'; Hôt.-Pens. des Bains, R.  $1^{1}/_{4}$ -2, B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ , S. 2, pens. 5-6, omn. 2 fr.), beautifully situated 21/2 M. to the E.; to the left, the old château and church of Surpierre, on a lofty rock. - 31 M. Granges-Marnand; 33 M. Trey.

361/4 M. Payerne (1480'; pop. 5183; \*Ours; Hôt. de la Gare), the Roman Paterniacum (?), was in the 10th cent. a frequent residence of the Kings of Burgundy, who then ruled over the modern Franche-Comté, Switzerland as far as the Reuss on the E., and part of Savoy.

Bertha of Swabia, wife of Rudolph II. (912-937), erected a church and Benedictine abbey here. Her bones, with those of her husband and her son Conrad, were discovered in 1864, and were buried in the parish church, where the queen's saddle with a hole for her distaff is shown. To this day the expression, 'Ce n'est plus le temps où Berthe filait', is a regretful allusion to the 'good old times'.

From Payerne to Freiburg and Yverdon, see p. 240.

The valley of the Broye becomes broad and marshy. 38 M.

Corcelles; 391/2 M. Dompierre; 41 M. Domdidier.

43 M. Avenches (1520'; pop. 1934; \*Couronne, moderate; Maison de Ville), now a small town, was the ancient capital of the Helvetii, the Roman Aventicum.

Remains of an Amphitheatre and other buildings, and of the old townwalls, testify to its former prosperity. The mediæval Castle, at the entrance to the town, occupies the site of the Roman capitol. To the N.W. rises a solitary Corinthian column 39' high, the remnant of a temple of Apollo, now called Le Cigognier, from the stork's nest which has occupied it for centuries. The Museum (custodian lives near the church; small fee) contains mosaics, inscriptions, and other relics recently found here; in its garden is the above-mentioned amphitheatre.
In his Childe Harold (iii. 65) Lord Byron alludes to the 'Cigognier': —

'By a lone wall a lonelier column rears

A grey and grief-worn aspect of old days.'

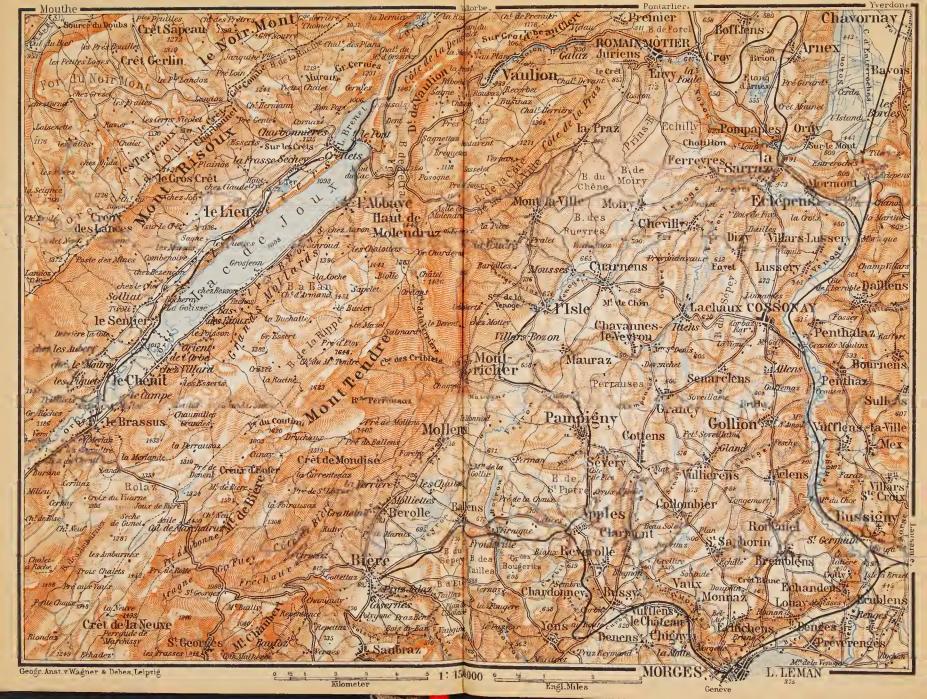

At (451/2 M.) Faoug (Soleil; Cerf) we approach the Lake of Morat (1420'), the Roman Lacus Aventicensis and the Uecht-See of the middle ages,  $5^{1}/_{2}$  M. long. It is separated from the Lake of Neuchâtel by the narrow Mont Vully towards the N. and the Char-

montel to the S., but connected with it by the Broye.

471/2 M. Morat, Ger. Murten (1520'; pop. 2256; Couronne; \*Croix, R.  $1^{1}/_{2}$ -2, B. 1, D. incl. wine  $2^{1}/_{2}$ , S. 2, pens. 4-5 fr.; Vaisseau; Lion; Rail. Restaurant), a small and ancient town with wellpreserved gates and walls, which in 1476, with a garrison of 1500 Bernese under Adrian von Bubenberg, resisted the artillery of Charles the Bold for ten days before the battle of Morat. Its arcaded streets are

overshadowed by an old Castle. The School contains a collection of Burgundian weapons. Pleasant Lake Baths at the S. end of the town.

Near the lake, 1½ M. to the S. of Morat, rises a marble Obelisk, erected in 1822 in memory of the battle of 22nd June, 1476. This was the bloodiest of the disastrous contests (Grandson, Morat, and Nancy), in which the puissant Duke of Burgundy lost his treasure, his courage, and his life ('Gut, Mut, und Blut'). The Burgundians lost 15,000 men and all their baggage.

The STEAMBOAT FROM MORAT TO NEUCHÂTEL (2-3 times daily in 2-21/2 hrs.) crosses the lake to Motier and Praz, at the E. base of the vine-clad Mont Vully (2267'); at Sugiez it passes under an iron bridge and enters the Broye. To the W. stretches the Jura, from the Weissenstein to the Chasseron. Near La Sauge we enter the Lake of Neuchâtel (p. 228), steering first S.W. to Cudrefin, and afterwards N.W. to St. Blaise and Neuchâtel (p. 229).

From Morat to Freiburg, see p. 240.

Near (501/2 M.) Galmitz, Fr. Charmey, we leave the lake. To the left is the Grosse Moos, partly reclaimed (branch-line to Ins, p. 228). 521/2 M. Kerzers, Fr. Chiètres (Ours; Lion), junction of the Bern and Neuchâtel line (p. 228): 541/2 M. Fräschels, Fr. Frasse; 57 M. Kallnach.

591/2 M. Aarberg (1470'; pop. 1249; Krone), an old town on an island in the Aare. By the church is the old castle of the Counts of Aarberg, who sold their dominions to Bern in 1351.

The train crosses the Aare to (63 M.) Lyss, on the Bienne and

Bern line (p. 13).

### 64. From Lausanne to Vallorbe and Pontarlier.

45 M. RAILWAY in  $1^{1}/4$ -3 hrs. (7 fr. 70, 5 fr. 35, 3 fr. 70 c.). Express from Lausanne to Paris (327 M.) in  $9^{1}/4$  hrs. (58 fr. 50, 39 fr. 65, 26 fr. 5 c.).

To (12 M.) Daillens, see p. 237. The line for Pontarlier here diverges to the left. 14 M. La Sarraz (1650'; Croix Blanche), with an old château. Two short tunnels. We then ascend to (171/2 M.) Arnex (1790'); 13/4 M. to the N. lies the little town of Orbe (p. 237). The windings of the line afford a splendid view, first to the right, and then to the left, of the Alpine chain from the Mont Blanc to the Jungfrau. It ascends to Bofflens and (21 M.) Croy-Romainmôtier, 1 M. to the E. of the small and ancient town of Romainmôtier (2155'; Hôt. de l'Etoile), with an interesting Romanesque church (10th cent.). The train skirts wooded hills; on the right, in the deep valley of the Orbe, lies the village of Les Clées, with its castle; high on the left bank are the villages of Lignerolle and Ballaigues (p. 244). — Two short tunnels; then (27 M.) Le Day, the junction for Le Pont (p. 244). Below (to the right) the Orbe forms the picturesque Saut du Day (2130'). Near Vallorbe we cross the Orbe.

281/2 M. Vallorbe (2480'; pop. 3272; \*Gr.-Hôt. de Vallorbe, R. 3-5, B. 1, déj. 3, D. 4, pens. 6-12 fr.; \*Hôtel de Genève-Terminus, at the station, R. 2-3, B. 1, D. 21/2, pens. 6-7 fr.; Maison de Ville, Croix Blanche, both moderate), a watch-making place, at the base of the Mont d'Or (4770'), mostly rebuilt since the fire of 1883.

FROM VALLORBE TO LE BRASSUS,  $15^{1/2}$  M., railway in  $1^{3/4}$  hr. To  $(1^{1/2}$  M.) Le Day, see above. Our line, diverging here to the right, gradually ascends

along the wooded slopes of the Dent de Vaulion (pretty view of the town of Vallorbe on the right) and beyond a tunnel (500 yds.) skirts the Lac Brenet. On the N. side of Lac Brenet its water disappears in apertures (entonnoirs) in the rocks, and after a subterranean course of 3 M. re-

appears as the 'Source of the Orbe', 750' lower.

7 M. Le Pont (\*Truite), a hamlet at the N. end of the Lac de Joux (see below), which is separated from Lac Brenet by an embankment with a bridge (railway, see below), lies at the S. foot of the \*Dent de Vaulion (4880'), ascended hence in 1½ hr. (guide desirable). The W. side of this mountain presents a precipice, 1600' high, while the E. side is a gentle, grassy slope. View from the top of the Lac de Joux, the Lac des Rousses, the Noirmont, and the Dôle; to the S.E., part of the Lake of Geneva, and beyond it Mont Blanc and the Alps of the Valais; lastly the Bernese Oberland. — A small steamer plies on the pretty Lac de Joux (3295'; 5 M. long, ½-1 M. broad) to Rocheray (50 min.; 60 c.). It crosses from Le Pont to L'Abbaye, a hamlet on the E. bank, whence the Mont Tendre (5512') may be ascended in 2 hrs. (fine view). Next stations: Le Lieu, on the W. bank; Grosjean and Bioux, on the E. bank; and Le Rocheray (Hôt. Bellevue), at the S. end of the lake. Omnibus hence to (¾ M.) Le Sentier (see below).

Beyond Le Pont the railway runs between the Lac de Joux and the Lac Brenet to (71/2 M.) Charbonières, and then along the W. bank of the Lac de Joux viâ Séchey, Le Lieu, Rocheray (see above), and Solliat-Golisse to Le Sentier (\*Pens. Guignard; Union) and (151/2 M.) Le Brassus (3412'; Hôt. de la Lande; Hôt. de France), a large village on the Orbe. Hence over the Col du Marchairuz to (161/2 M.) Rolle or (9 M.) Bière, see p. 259.

From Vallorbe station a diligence runs twice daily in 1 hr. (one-horse carr. 5, two-horse 9 fr.) to (3<sup>3</sup>/<sub>4</sub> M.) Ballaigues (3')50'; \*Grand-Hôtel Aubépine, R. 2<sup>1</sup>/<sub>2</sub>-6, déj. 2<sup>1</sup>/<sub>2</sub>. D. 3, pens. 7<sup>1</sup>/<sub>2</sub>-12 fr.; \*Hôt.-Pens. La Sapinière, pens. 5<sup>1</sup>/<sub>2</sub> fr.; \*Pens. Maillefer, <sup>1</sup>/<sub>2</sub> M. to the E., 5-6 fr.; \*Hôt.-Pens. Beausite, 5-7 fr.; Engl. Ch. Serv. in summer), a summer-resort charmingly situated above the valley of the Orbe. Walks may be taken through the adjacent Bois de Ban (old Roman road) to the \*Saut du Day (p. 2<sup>4</sup>3) and other points. About 2 M. above Ballaigues is the \*Hôt.-Pens. la Bessonaz (3770'; R. from 3, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4, pens. 6-7 fr.; fine view), whence \*Mont Suchet (2250') is easily ascended in 1<sup>1</sup>/<sub>2</sub> hr. (see p. 237).

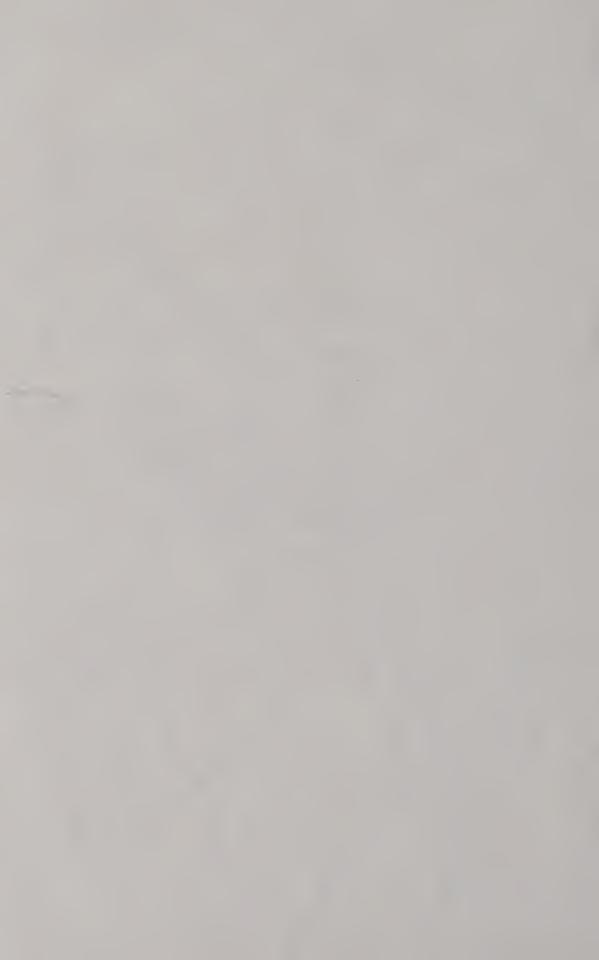

The train backs out from the station, describes a wide curve, and ascends the pretty, wooded valley of the Jougnenaz, where it soon enters French territory. Cuttings and two tunnels carry us to  $(34^{1}/_{2} \text{M.}) H\hat{o}pitaux$ -Jougne. We then cross the ridge of the Jura and descend through wooded and rocky valleys to  $(41^{1}/_{2} \text{ M.})$  Frambourg. Near the Fort de Joux (p. 235) we join the Neuchâtel line.

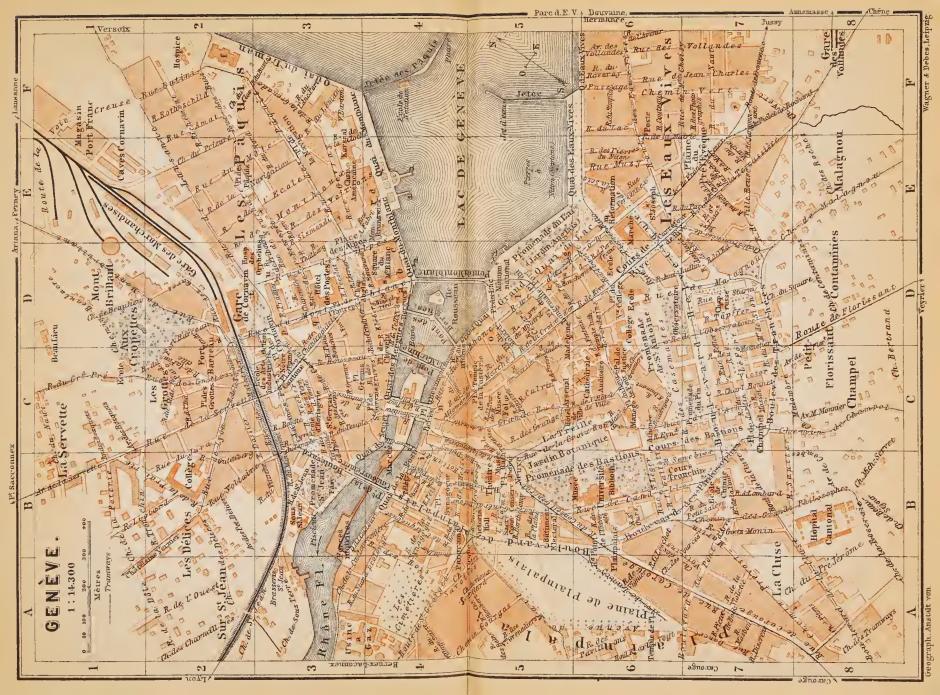

45 M. Pontarlier, see p. 235.

### 65. Geneva and its Environs.

Arrival. Principal Station (Gare de Cornavin; Pl. D, 2), for the Swiss Jura-Simplon and the French Paris. Lyons, & Mediterranean lines, on the right bank, at the upper end of the Rue du Mont-Blanc. Omnibus from the station to any hotel (and from the hotels to the station) 50 c., luggage 30 c.— Station of Eaux-Vives (Gare des Vollandes), for Annemasse, Chamonix, Annecy, and Bouveret, on the left bank (Pl. F, 8; tramway to Place du Mol rd and the Cornavin Station). French railway-time is 55 minutes behind Central European time.— Steamboat Piers on the S. (left) bank by the Jardin Anglais, and on the N. (right) bank by the Quai des Pâquis and (for the express boats only) the Quai du Mont-Blanc.— Porter up to 50 kilogrammes (110 lbs.) 75 c., 100 kil. (220 lbs.) 1 fr., over 100 kil. 1 fr. 20 c. per 100 kil.

Hotels. On the Right Bank, with view of the lake and the Alps:
\*\*GRAND HÔTEL NATIONAL (Pl. f.; F, 2), on the Quai du Léman, R. 5-10
(in winter 3<sup>1</sup>/<sub>2</sub>-8), B. 1<sup>1</sup>/<sub>2</sub>, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. from 12 fr.; \*Hôt. DES
BERGUES (Pl. a; D, 4), Quai des Bergues, R. 4-9, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens.
10-18 fr.; \*Hôt. BEAU-RIVAGE (Pl. d; E, 4), on the Quai des Pâquis,
R. from 11/2, déj. 5, D. 6, pend in winter from 101/2 fr.; \*Hôm pr. Russen 10-18 fr.; \*Hôt. Beau-Rivage (Pl. d; E, 4), on the Quai des Pâquis, R. from 41/2, déj. 5, D. 6, pens. in winter from 101/2 fr.; \*Hôt. de Russie (Pl. b; D, 4), Quai du Mont-Blanc, R. 4-6, B. 11/2, déj. 3, D. 5, pens. in winter from 8 fr.; \*Hôt. de la Paix (Pl. c; D, 4), Quai du Mont-Blanc, R. 4-6, A. 11/2, déj. 31/2, D. 5, pens. in winter from 8, in summer from 10, omn. with luggage 11/2 fr.; \*Hôt. déj. 4, D. 5, pens. 9-14 fr. — \*Hôt. Richemond (Pl. r; E, 3, 4), Rue Adhémar-Fabri, with view of the Pont du Mont-Blanc, frequented by the English, R. 31/2-5, B. 11/2, déj. 3, D. 4, pens. 7-12 fr. — Also on the right bank, near the station, without view, and rather of the second class: Hôt. Suisse (Pl. p; D, 3), Rue du Mont-Blanc, R. 4-5, B. 11/2, déj. 3, D. 4 fr.; Hôt. de Genève (Pl. q; D, 3), Rue du Mont-Blanc, R. 21/2-3, B. 11/4, D. 3-31/2 fr.; Hôt.-Pens. Bristol (Pl. s; D, 4), Rue du Mont-Blanc 10, R. 2-4, B. 11/4. déj. 21/2, D. 3, pens. 6-9 fr.; Hôt. Central, Rue des Alpes 27, near the rail. station, R. 2-3, B. 11/4, déj. incl. wine 21/2, D. incl. wine 3 fr.; Hôt. Terminus-Baur (Pl. u; D, 3), R. 21/2-5, déj. 3, D. 31/2, pens. 7-10 fr.; Hôt. De La Gare; Hôt. de La Monnaie, pens. 61/2-10 fr.; D.  $3^{1}/_{2}$ , pens. 7-10 fr.; Hôt. de la Gare; Hôt. de la Monnaie, pens.  $6^{1}/_{2}$ -10 fr.; HÔT. DE FAMILLE, pens. 4-41/2 fr. (these four near the station). — On the Left Bank: \*HÔT. METROPOLE (Pl. g; D, 5), by the Jardin Anglais, R. 31/2-7, B. 11/2, déj. 4, D. 5, pens. 9-14 fr. (rooms at the back noisy); \*HÔT. DE L'ECU (Pl. h; C, 4), R. from 31/2, B. 11/2, déj. 4, D. 41/2, pens. from 8 fr., both with view of the lake; \*HÔT. VICTORIA (Pl. m; E, 6), Rue Pierre Fatio 1, R. 31/2-41/2, B. 11/2, déj. 3, D. 31/2, pens. 8-10 fr.; HÔT.-PENS. VULTIER, Rue Pierre Fatio 12, R. from 3, B. 11/4, déj. 21/2, D 3, pens. 6-9 fr.; HÔTEL MODERNE, Place Molard, R. 3-6, B. 11/4, D. 3-4, S. 3, pens. from 9 fr.; \*HÔT. DU LAC (Pl. k; D, 5), R. 3-6, D. incl. wine 4, S. incl. wine 31/2, pens. in winter 8-12 fr.; \*HÔT. DE LA POSTE (Pl. i; B, 4), frequented by Germans, R. 21/2-4, D. incl. wine 31/2, S. incl. wine 3 fr.; \*HÔT. DE PARIS (Pl. 1; D, 5), with view of the lake, R. 21/2-4, D. incl. wine 3, pens. 9-10 fr.; HÔTEL DU MONT-BLANC, R. 2-4, B. 11/4, déj. 21/2, D. 3 fr.; HÔT. DES BALANCES (Pl. n; C, 4), R. 2-4, B. 1, D. incl. wine Hôt. DE FAMILLE, pens. 4-41/2 fr. (these four near the station) — On the Left 2<sup>1</sup>/<sub>2</sub>, D. 3 fr.; Hôt. des Balances (Pl. n; C, 4), R. 2-4, B. 1, D. incl. wine 2<sup>1</sup>/<sub>2</sub>-3 fr.; Hôt. du Nord, R. 1<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub>, D. 2<sup>1</sup>/<sub>2</sub> fr., all in the Rue du Rhône; Hôt. des Alpes, Rue de Rive 20-22; Hôt.-Pens. Fleischmann, Rond-Point de Pleispreleis. P. 4<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub> P. 1<sup>1</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub> P. 1<sup>2</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub> P. 1<sup>2</sup>/<sub>2</sub> P. 1<sup>2</sup>/<sub>2</sub>-2<sup>1</sup>/<sub>2</sub> P. 1<sup>2</sup>/<sub>2</sub> P. 1<sup>2</sup>/<sub>2</sub> P. 1<sup></sup> de Plainpalais, R. 21/2-5, B. 11/4, D. 3, pens. 5-8 fr.

Pensions (most of them good). On the Right Bank (Pl. B-F, 1-4):

Rensions (most of them good). On the Right Bank (Pl. B-F, 1-4): Richardet (Mme. Amédroz), Rue du Mont-Blanc 6-8 (6-7 fr.); Mlle. Mottu-Chaponnière, Rue Pradier 1, and Rue du Mont-Blanc, opposite the station; Mme. A. de Hiller, Quai du Mont-Blanc 7 (from 6 fr.); Mme. Cosson, Rue des Alpes 5 (6 fr.); Mlles. Coupier, Rue des Alpes 3 and 4 (6-7 fr.); Pens. du Léman, Rue des Alpes 15; Roger, Rue Gevray 2, Place des Alpes (5-8 fr.); Mme. Barbier, Rue Bonivard 4 (150 fr. per month); Morhardt, Avenue du Mail 18 (5-6 fr.); Mme. Reh, Avenue du Mail 9; Pens. Huguenin, Rue Lévrier 15; Hôt.-Pens. Bellevue, Rue de Lyon 29-33, near the Cornavin station, with garden (6-7 fr.). — On the Left Bank, at Eaux-Vives, the S.E. quarter of the town (Pl. D-F, 5-8): Mme. Ryter, Place de la Métropole 2, Jardin Anglais (from 6 fr.); Mme. Suès, Rue d'Italie 1; Wirth, Quai Pierre Fatio 12; Mmes. Livet & Grobet. Quai des Eaux-Vives 2 (5-7 fr.); Mme. Fischer, Quai des Eaux-Vives 20 (6-8 fr.); Mme. Maline, Quai des Eaux-Vives 32 (6 fr.). — On the Left Bank, at Plainpalais, the S.W. quarter of the town (Pl. A-C, 4-8): Faure-Mathey, Rue des Minoteries 7 (from 4 fr.; 100-110 per month); Beau-Site, Place du Cirque 3 (from 5 fr.); Mme. Marchant, Boul. de Plainpalais 26 (5-6 fr.); Mme. Rigler-Moriaud, Rue St. Léger 4; Mlles. Labarthe, Rond-Point de Plainpalais 5 (6-6 fr.); Mme. Courtelin, Boul. du Pont-d'Arve 19 (5 fr.; 125 fr. per month); Mme. Duraffourd, Boul. des Philosophes 3 (5-6 fr.); L. Monard-Addor, Boul. des Philosophes 7 (5)/2-6 fr.); Mme. Buscarlet, Boul. des Philosophes 9 (5-51/2 fr.); Mme. Chappuis, Boul. des Philosophes 15 (41/2-5 fr.); Mlle. Durand, Rue Dancet 1 (5 fr.). — Between Plainpalais and Eaux-Vives, to the S.: Welten-Amberny, Place

Tæpsfer 5 (5 fr.); Reverchon, Petit-Florissant 12 (150 fr. per month); Mon Repos, Boul. Helvétique 22 (4-5 fr.); Mme. Weissenborn, Boul. des Tranchées 24 (41/2-7 fr.); Valmont, Route de Malagnou 77. — At Champel-sur-Arve (p. 247): Hôt.-Pens. Beau-Séjour (pens. 9-15 fr.); Hôt.-Pens. Roseraie; Pens. Château de la Tour de Champel (pens. 5-12 fr.).

Hydropathic Establishment (physician, Dr. Glatz) at Champel-sur-Arve (p. 246; tramway-station La Cluse), with grounds and view-tower (Tour

de Champel; adm. 1/2 fr.).

Cafés-Restaurants. Café du Nord, C. de la Couronne, C. de Genève, and C. Brasserie Wild, all on the Grand Quai du Lac (Pl. D, 6); Restaurant du Rhône, Rue du Rhône; Restaurant du Lion d'Or, Place and Rue du Rhône 58; C. du Théâtre, in the theatre (open daily in winter, but in summer only when the theatre is open; S. 2 fr.); C. du Musée, Corraterie 29 (open in the same way); C. Lyrique, opposite the theatre; C. de la Gare, Rue de Lausanne 3; Café-Restaurant Suisse, Place Cornavin; C. de la Poste, Rue du Mont-Blanc; C. Central, Rue Croix d'Or 8; Kiosque des Bastions, with large garden, on the Promenade des Bastions (p. 251), open in summer only, with frequent concerts, dej. 21/2 fr.; Kiosque du Jardin Anglais, at the Pont du Mont-Blanc, Crêmerie de la Corraterie, Corraterie 6; Crêmerie du Molard, déj. or D. 2 fr. Crêmerie de la Corraterie, Corraterie 6; Crêmerie du Molard, Place Molard; Crêmerie des Trois Rois, Place Bel-Air and Corraterie 1.— Cafés-Brasseries. C. des Chemins de Fer, Place Cornavin 10; C. du Progrès, Quai de la Poste 10; C. de l'Univers, Rue du Rhône 5 (largé terrace); C. de l'Europe, Rue de Chantepoulet 1. — Beer. Left Bank. Ackermann's Successor, Rue du Rhône 92, near the Jardin Anglais (much frequented); Taverne du Crocodile, Rue du Rhône 100; Brasserie Wild, see above; L. Müller, Rue du Rhône 62, near the Place du Lac; Landolt, opposite the University and the Jardin des Bastions; Brasserie de la Bourse; Brasserie Bâle, Café-Brasserie de l'Opéra, near the theatre. - Right Bank. Taverne Anglaise, Rue des Alpes 4, déj. incl. wine 21/2 fr.; Berger, Place des Alpes 11; Brasserie de Munich, Boul. James Fazy 3; Brasserie Jaeger, Rue de l'Entrepôt 1; Brasserie du Siècle, Rue du Mont-Blanc 28. — Geneva beer at the breweries outside the gates: Treiber, Route de Chêne, with a pleasant shady terrace; Brasserie St. Jean (Pl. B, 3), with fine view.

Baths. Bains de la Poste, Place de la Poste, well fitted up, hot, cold, shower, and vapour baths; Bains des Alpes, Rue Lévrier 5; Buanderie du Pont d'Arve, near the Arve bridge. — Lake Baths. Swimming and other baths by the Quai des Eaux-Vives (left bank); also by the pier on the opposite bank (Pl. 10; F, 4); both open for ladies 8-11 o'clock. — \*Baths in the Rhone above the Pont de la Machine (Pl. D, 4; p. 249), well fitted up; swim-

ming bath 30, plunge-bath with towels 60 c.

General Post Office, Rue du Mont-Blanc (Pl. D, 3), open 7 a.m. to 8 p.m.; on Sun. 8-10 and 11-1. Branch-offices in the Rue du Stand, Rue d'Italie, Hôt. Métropole, Rue du Bourg-de-Four, and elsewhere. — Central Telegraph Office (day and night), Rue du Stand (Pl. B, 4); also at the post-offices.

Tramway from the Gare de Cornavin (Pl. D, 2) by the Pont du Mont-Blanc, Place du Molard (Pl. D, 5), Place Neuve, and Rond-Point de Plainpalais to Carouge (p. 255), and by the Place du Molard and Cours de Rive to the Eaux-Vives Station (p. 244) and to Chêne (p. 292) and Annemasse (p. 292). Also from Petit Saconnex viâ Gare de Cornavin and Place Bel-Air to Champel (10-30 c.), and from the Place Bel-Air to the Parc des Eaux-Vives (every 5 min. on summer-afternoons). — Steam Tramways (Chemins de Fer à voie étroite) to Veyrier-Collonges, St. Julien, Lancy, Chancy, Vernier, Ferney, Gex, etc.; see pp. 254-259.

Cabs. Drive in the town and suburbs, 1-4 pers.  $1^{1}/_{2}$  fr., trunk  $1^{1}/_{2}$  fr.; per hr., 1-4 pers.  $2^{1}/_{2}$  fr., each additional  $1^{1}/_{4}$  hr. 65 c. At night (1st April to 30th Sept. 10-5; other seasons 8-8) per drive, 1-4 pers.  $2^{1}/_{4}$ , per hr.  $3^{3}/_{4}$ , each additional  $1^{1}/_{4}$  hr. 1 fr. Over-charges not uncommon; advisable to

fix the fare beforehand and note the number of the cab.

Steamboats on the N. bank of the Lake of Geneva, see p. 257; on the S. bank, see p. 283. — Piers in Geneva, see p. 244. — The Tour du Fetit Lac (3 hrs.; without disembarking) is made by steamers several times

daily, viâ Bellevue, Versoix, Coppet, Céligny, Nyon, Tougues, Anières, Corsier, Bellerive, La Belotte, Cologny, and back to Geneva. The tour of the entire lake is also frequently made (9.30 a.m. to 7.30 p.m.). — Motor Launches (Mouettes Genevoises) between the Quai des Pâquis and the Quai des Eaux-Vives every 10 min., in 3-31/2 min. (10 c.), from the Quai des Pâquis to the Parc des Eaux-Vives every 20 min., in 7 min. (15 c.; Molard to Pâquis 10 c.); Pâquis Mon-Repos to Pregny (Ariana, p. 254) every 1/2 hr. (25 c.).

Rowing Boats (best at the Jetée des Pâquis and the Jardin Anglais), 60 c.-1 fr. 20 c. per hour; each 1/2 hr. more, 30-60 c.; boatman 1 fr. 20 c. per hr. extra; each ½ hr. more, 60 c. — Sailing Boats, small 1½, large 2½ fr. per hr.; each ½ hr. more, ¾ or 1¼ fr. extra. Sailing-boats are not let without a boatman (see above). — A printed tariff is handed to the hirer on embarking; after 6 or 7 p.m. the charges are one-half higher. Rowers are prohibited from approaching the Pont du Mont-Blanc on account

of the dangerous rapids.

The Excursion Breaks of Messrs. Thos. Cook & Son (Rue du Rhône 90) offer a convenient mode of seeing the environs. They start every week-day at 2 p.m. (with interpreter) and run alternately to the Salève, Ariana and Château Rothschild, Ferney, Coppet, and other points (fare 5 fr.). As the number of seats is limited, it is advisable to book them in advance either at the hotel or at Cook's Office. Longer excursions include Samoëns and Sixt (Vallée du Fer à Cheval; 11 fr.) and a tour of the lake, with the Rochers de Naye (20 fr.).

Shops. Geneva is noted for its watches and jewellery. About 110,000 watches are annually manufactured here; those officially tested have an official stamp on the works. — Among watchmakers of repute are Vacheron & Constantin, Rue des Moulins 1; Golay, Leresche, & Fils, Quai des Bergues 31; Bachmann, Koehn, Patek, Philippe & Co., all on the Grand-Quai; Plojoux, Henry Capt, Fel. Hecht, Perrived & Weiden Monard, all in the Rue du Rhône; M. Lecoultre, Rue Bonivard 8; Weidemann & Seidel, Place du Lac 1; Wirth, Place Molard 15. — Engraver, M. H. Bovy, chiefly for medals, Rue Chantepoulet. - Musical Boxes: D. Allard & Cie., Place des Alpes 2; Langdorff & Fils, Place des Alpes 9; G. Baker & Co., Rue Bonivard 6.

— Photographic Materials, Fabre & Borrey, Rue du Marché 14. — Alpine Plants (living), Jardin Alpin, Chemin Dancet 2.

Booksellers. Georg & Co., Corraterie 10; H. Kündig, Corraterie 11; Burkhardt, Molard 2; H. Robert, Place de la Fusterie 2; Eggimann et Cie., Rue Centrale 1. — Circulating Library: Richard, Rue du Rhône 80.

Theatre (Pl. B, 5; p. 252). Performances daily in winter (adm. 2-5 fr.; seats secured in advance, or 'en location', higher). Summer Theatre in the Parc des Eaux-Vives (see below).

Cursaal, on the Quai des Pâquis (Pl. E, 3); variety performance in summer at 8 p.m., adm. 1-3 fr. — Parc des Eaux-Vives (reached on foot in 1/2 hr., by tramway from the Place Bel-Air or motor-launch from the

Quai des Pâquis in 10 min.), see p. 250.

Music. Organ Concert in the Cathedral (p. 252) on Mon., Wed., and Sat., in Aug. & Sept., at 8.15 p.m.; tickets (1 fr.) obtainable from the verger and at the hotels. — Concerts fortnightly in the Theatre (p. 252). — Concerts of the Harmonie Nautique in the Victoria Hall (p. 253), in winter, see daily papers. — Concerts frequently on Thurs. in summer at the Jardin Anglais, with illumination of the fountain on the quay ('fontaines lumineuses'), at the Place des Alpes (Pl. D, E, 3), and in the Kiosque des Bastions (p. 251).

Exhibition of Art, belonging to the Société des Amis des Beaux-Arts, in the Athénée (p. 252), open daily 10-6, Sun. 11-4; adm. 1 fr. — Public Lectures (Cours publics et gratuits) in the University Hall, in winter daily at 8 p.m. Holiday Courses in July and August, at the University, for students of French.

Chemists. Baker, Place des Bergues 3; Finck, Rue du Mont-Blanc 26; Goegg, Corraterie 18; Ackermann, Rue des Allemands 13.

Enquiry Office (Bureau de Renseignements Officiels), Place des Bergues 3

(daily 9-12 and 2-5, except Sun. and holidays).

British Consul (for the French-speaking cantons), Sir George Phillippo,
Rue Bonivard 10 (10-12 a.m.). — American Consul, Horace Lee Washington.

Esq., Rue Pécolat 3 (9-2). - Union Bank, Rue Petitot 10.

English Church (Holy Trinity; Pl. D, 3, 4), on the right bank, in the Rue du Mont-Blanc (p. 249); chaplain, Rev. A. S. Douglas. — American Episcopal Church, Rue des Voirons (Pl. E, 3; p. 250), not far from the Brunswick Monument and the Cursaal; chaplain, Rev. Percy Gordon. — Presbyterian Services (11.15 a.m.), in the Cathedral (Chapel of the Maccabees).

Geneva (1243'; pop. 90,321, including the suburbs), Fr. Genève, Ger. Genf, capital of the small but populous canton of the same name (total pop. 131, 674), lies at the S. end of the lake, where the swift blue waters of the Rhone emerge from it, and a little above the confluence of the Rhone and the Arve (p. 255). The Rhone divides the town into two parts: on the left bank lies the Old Town, the seat of government and centre of traffic, with the suburbs of Plainpalais, to the S.W., and Les Eaux Vives, to the S.E.; on the right bank is the Quartier St. Gervais, with the suburb of Les Pâquis, to the E. Since the removal of the old fortifications (after 1850) both parts of the town have extended with extraordinary rapidity.

History. Geneva appears in the 1st cent. B. C. as Genava, a town of the Allobroges (Cæs. de Bell. Gall., i. 6-8), whose territory became a Roman province. In 433 it became the capital of the Burgundian kingdom, with which it came into the possession of the Franks in 533; it was annexed to the new Burgundian kingdom at the end of the 9th cent., and fell to the German Empire in 1033. In 1034 Emp. Conrad II. caused himself to be crowned here as King of Burgundy. In the course of the protracted conflicts for supremacy between the Bishops of Geneva, the imperial Counts of Geneva, and the Counts (afterwards Dukes) of Savoy, the citizens succeeded in obtaining various privileges. In 1518 they entered into an alliance with Freiburg, and in 1526 with Bern. Two parties were now formed in the town, the Confederates ('Eidgenossen', pronounced by the French 'Higuenos', whence the term 'Huguenots'), and the Mamelukes, partisans of the House of Savoy.

partisans of the House of Savoy.

In the midst of these discords dawned the REFORMATION, which Geneva zealously embraced. In 1535 the Bishop transferred his seat to Gex, and the following year the theologian Jean Calvin (properly Caulvin or Chauvin), who was born at Noyon in Picardy in 1509, a refugee from Paris, sought an asylum at Geneva. He attached himself to Farel, the chief promoter of the new doctrines at Geneva, and soon obtained great influence in all affairs of church and state. In 1538 he was banished, but on his return three years later he obtained almost sovereign power and established a rigid ecclesiastical discipline. His rhetorical powers were of the highest order, and the austerity which he so eloquently preached he no less faithfully practised. In accordance with the spirit of the age, however, his sway was tyrannical and intolerant. Castellio, who rejected the doctrine of predestination, was banished in 1540, and Michael Servetus, a Spanish physician who had written against the doctrine of the Trinity (de Trinitatis erroribus), and was only a visitor at Geneva, was arrested in 1553 by Calvin's order, and condemned to the stake and executed by the Great Council. In 1559 Calvin founded the Geneva Academy, which soon became the leading Protestant school of theology. He died on 27th May, 1564, but his doctrine has been firmly rooted in Geneva ever since. - The attempts made by the Dukes of Savoy at the beginning of the 17th cent. to recover Geneva were abortive, and Protestant princes, who recognised the town as the bulwark of the Reformed Church, contributed considerable sums towards its fortification. In the 18th cent. Geneva was weakened by dissensions, often leading

to bloodshed, between the privileged old families (bourgeois), who enjoy-

ed a monopoly both of power and of trade, and the unprivileged and poorer classes (natifs, habitants, and sujets). This unjust distinction was farther emphasized by the writings of Jean Jacques Rousseau, the son of a watchmaker, born here in 1712. At the instigation of Voltaire and the University of Paris, Rousseau's Emile' and 'Contrat Social' were burnt in 1762 by the horsespan at the arder of the magistratus as heirs (Mariana). 1763 by the hangman, at the order of the magistrates, as being 'téméraires, scandaleux, impies, et tendant à détruire la religion chrétienne et tous les gouvernements. In 1798 Geneva became the capital of the French Département du Léman, and in 1814 it joined the Swiss Confederation as the 22nd Canton. In 1846, under the leadership of James Fazy, the canton overthrew the Conservative government, and in May, 1847, it adopted a democratic constitution, which is still substantially in force.

From the Railway Station (Gare de Cornavin, p. 244) the broad Rue du Mont-Blanc leads to (1/4 M.) the lake. To the left is the handsome new Post Office (Pl. D, 3), on the attic of which are statues of the five Continents. Opposite, at the corner of the Rue Chantepoulet, is a colossal bust of Louis Favre (p. 250), the contractor of the St. Gotthard Tunnel (p. 127), by E. Lambert. Farther on, to the left, is the Gothic English Church (Holy Trinity; Pl. D, 3, 4).

From the end of the Rue du Mont-Blanc the handsome \*Pont du Mont-Blanc (Pl. D, 4, 5), 280 yds. long, leads to the Place du Lac (p. 250). Between the Pont du Mont-Blanc and the Pont des Bergues is Rousseau's Island (Pl. D, 4), united to the latter by a chain-bridge. In the centre rises the bronze Statue of Rousseau, by Pradier (1834). By the third bridge, the Pont de la Machine (Pl. C, 4), is the Central Station of the Electricity Works, and above it are the Rhone Baths (p. 246). The Island, which was fortified in the middle ages, divides the Rhone into two branches (p. 254).

Handsome quays with tempting shops flank the river near these bridges, the chief being the Grand-Quai on the left bank, and the Quai des Bergues on the right. Adjoining the latter is the Quai du Mont-Blanc (Pl. D, E, 4), extending N.E. from the Pont du Mont-Blanc, and affording a view of the \*Mont Blanc group, which presents a majestic appearance on clear evenings. (See the mountain-indicator.)

An idea of the relative heights of the different peaks is better obtained here than at Chamonix. Thus Mont Blanc is 15,782' high, while the Aiguille du Midi on the left is 12,608' only. More to the left are the Grandes Jorasses and the Dent du Géant; in front of the Mont Blanc group are the Aiguilles Rouges; then, more in the foreground, the Môle, an isolated pyramid rising from the plain; near it, the snowy Aiguille d'Argentière; then the broad Buet; lastly the long crest of the Voirons, which terminate the panorama on the left, while the opposite end is formed by the Salève.

On the left side of the Quai du Mont-Blanc rises the sumptuous Monument Brunswick (Pl. E, 4), erected to Duke Charles II. (d. 1873), who left his property (about 20 million fr.) to Geneva.

The monument (66' in height), designed by Franel, is a modified copy of that of Can Signorio della Scala at Verona. It consists of a hexagonal canopy in marble, in three stories, on a platform, 220 ft. long and 78 ft. broad, the approach to which is guarded by two colossal lions in yellow marble by Cain. A sarcophagus in the central story bears a recumbent figure of the duke, with reliefs from the history of Brunswick, all by Iguel. At the projecting corners are marble statues of six celebrated Guelphs (Augustus; Otho the Child; Charles William Ferdinand; Frederick William; Henry the Lion; Ernest the Confessor), by Schoenewerk, Thomas, A. Millet, and Kissling. On the roof are the Christian virtues, the Apostles, etc. The bronze equestrian statue of the duke (by Cain), which crowned the monument, proved too heavy and has been taken down.

On the adjoining Quai des Pâquis, to the left, is the Cursaal (Pl. E, 3; p. 247), behind which is the American Church (p. 248). Beyond the Jetée des Pâquis (Pl. F, 4), at the end of which is a lighthouse (flash-light), the Quai du Léman extends to the new Park Mon Repos (also called Plantamour, after its donor), a public promenade with beautiful views. In the mansion belonging to it are a number of pictures from the Musée Rath (p. 252).

On the S. bank of the lake, in the Place du Lac, by the Pont du Mont-Blanc, is the National Monument (Pl. D, 5), a bronze group of Helvetia and Geneva by Dorer, commemorating the union of Geneva with the Confederation in 1814. — Adjacent is the pleasant Promenade du Lac, or Jardin Anglais, with a café, where a band often plays on summer evenings. To the left of the entrance is a 'barometer column', and in the centre of the garden are a fountain and bronze busts of Al. Calame (p. 252; by Iguel) and Fr. Diday (by Bovy). A pavilion here contains an interesting Relief of Mont Blanc (adm. 50 c.; Sun., 9-3, gratis), on a scale of 1:6000 (Mont Blanc 31 inches in height; proportion of vertical to horizontal dimensions, 2:1).

From the lake, off the Quai des Eaux-Vives (Pl. E, 5), rise two granite rocks, the larger of which, the Pierre à Niton, is traditionally said to have been a Roman altar to Neptune. At the end of the Quai is a pier, on which a Fountain, with a jet 115 ft. high (illumination, see p. 247), plays on Sundays and holidays in summer.—

Near the Quai is the Salle de la Réformation (Pl. E, 6), containing a large concert-hall, the Calvinium, with memorials of Calvin, ethnographical curiosities, etc. (adm. 50 c.), and a Model of Jerusalem by Illès.— In the suburb of Plongeon, farther to the E., \(^1/4\) M. from the city-bounds, on the lake (easily reached by tramway or electric launch), is the \*Parc des Eaux-Vives, formerly the property of Louis Favre (p. 249), with pretty walks, a summer-theatre, a restaurant, and a mineral spring (adm. 50 c.).

Following the Rue d'Italie by the Hôtel Métropole, and then ascending a few paces, we reach the Promenade de St. Antoine (Pl. C, D, 6), a terrace planted with trees. On the right is the Collège de St. Antoine, founded by Calvin in 1559; on the left (E.) is the Observatory; on a height to the S.E. rises the Russian Church, with gilded cupolas and elaborate interior. Adjacent is a bronze bust of R. Töpffer (d. 1846), the author.

The highest point of the oldest quarter of the town on the left bank is crowned by the Romanesque Cathedral (St. Pierre; Pl. C, 6), a building of the 10th cent., consecrated by Emp. Conrad II. in 1034, altered in the 12-13th cent., and disfigured in the 18th by a Corinthian portico. It has just been thoroughly restored.

The verger (concierge) lives at Rue Farel 8. Adm. by the side-door, next

the choir; on Tues., Thurs., & Sat., 1-3, free; at other hours, except Sun. 10-12, each pers. 20 c.; ascent of the tower 50 c., 2-5 pers. 1 fr., each addit. pers. 20 c. INTERIOR. To the right of the entrance, Monument of Duke Henri de Rohan (leader of the French Protestants under Louis XIII.), who fell at Rheinfelden (p. 22) in 1638, of his wife Marguerite de Sully, and of his son Tancrède; the black marble sarcophagus rests on two lions; the statue of the duke, in a sitting posture, by Iguel, is modern. Beneath a black tombstone in the nave lies Cardinal Jean de Brogny (1342-1426), president of the Council of Constance. — Adjacent is the tasteful Gothic \*Chapelle des Macchabées (1406; restored 1878-88), with stained-glass windows of the 15th cent., the chair of Calvin (under the pulpit), and the monument of Agrippa d'Aubigné (d. 1630 at Geneva, in exile), the confidant of Henry IV. of France. — Organ Concerts, see p. 247.

Near the cathedral is the Hôtel de Ville (Pl. C, 5, 6), a clumsy building in the Florentine style, entered by an inclined plane constructed in 1556-78, which enabled the councillors to be conveyed in litters to or from the council-chambers. The Court of Arbitration to settle the Alabama claims sat here in 1872. — Opposite is the Arsenal (Pl. C, 5; Sun. and Thurs., 1-4), containing the Musée Historique, a collection of old armour and weapons, the ladders of the 'Escalade' (see below), etc.

Grand' Rue, No. 40, is the house in which Jean Jacques Rousseau, the son of a watchmaker, was born (1712; d. 1778 at Ermenonville near Paris). His grandfather lived at Rue Rousseau 27, on the right bank of the Rhone, which bears an erroneous tablet asserting that Rousseau was born there.

The Musée Fol (Pl. C, 5; Sun. & Thurs., 1-4; Grand' Rue 11, in the court to the right) contains a valuable collection of Greek, Roman, and

Etruscan antiquities, the yield of recent excavations, and mediæval and

Renaissance curiosities. Good catalogue by W. Fol.

The Rue de la Cité, the lower prolongation of the Grand' Rue, leads to the Rue des Allemands, where the tasteful Fontaine de l'Escalade (Pl. C, 4) commemorates the last and nearly successful attempt of the Savoyards to gain possession of the town (comp. p. 248). The day on which the 'Escalade' was repulsed (early on 12th Dec., 1602) is still kept with public rejoicings.

A gateway adjoining the Hôtel de Ville leads to the promenade of La Treille, planted with chestnut-trees, below which is the Bo-TANIC GARDEN (Pl. B, C, 5, 6), laid out in 1816 by the celebrated Aug. de Candolle (d. 1841). On and near the hot-house are busts of famous Genevese naturalists.

The Promenade des Bastions, with its Kiosque des Bastions (p. 247), separates the Botanic Garden from the University. In the grounds are a statue of David, by Chaponnière, and the 'Pierre aux fées', or 'aux dames', with four figures, supposed to be Druidical. To the E. is a plain monument to H. A. Gosse, the geologist.

The University (Pl. B, 6), erected in 1868-72, consists of three buildings connected by glass galleries. The Central Part contains the lecture-rooms and laboratories (except the medical and chemical schools), the E. Wing the collections of antiquities and coins, and the Library, and the W. Wing the Nat. Hist. Museum. In front of the university are the bronze busts of Ant. Carteret (d. 1889), the statesman and educationalist, of Henri Fréd. Amiel, the poet and philosopher (d. 1881; r.), and of Colladon, the engineer (l.); and on

the S. side (Rue De Candolle) is the bust of K. Vogt, the naturalist (d. 1895). The vestibule of the central building contains a bronze bust of the Swiss author Marc Monnier (d. 1885), by Dufaux, and a model of the Saussure Monument at Chamonix (p. 299). The university has 70 professors and about 500 students.

The Library, founded about the middle of the 16th cent., contains 130,000 vols. and 1600 MSS. The Salle Lullin on the groundfloor, to the right of the entrance (Sun. and Thurs., 1-4; at other times apply to the concierge; fee), contains 250 ancient and modern portraits of reformers, statesmen, and scholars, either Genevese, or connected with the history of Geneva, including a portrait of George Eliot at the age of 30, painted at Geneva in 1850; also valuable MSS., exhibited in glass-cases: homilies of St. Augustine on papyrus (6th cent.); house-keeping accounts of Philip le Bel (1308) on wax tablets; many MSS. with miniatures, some of them captured from Charles the Bold at Grandson (p. 236). On an old reading-desk is a French Bible (printed at Geneva in 1588), richly bound in red morocco, and bearing the arms of France and Navarre, destined by the Council of Geneva as a gift to Henry IV., but never presented owing to his abjuration of Protestantism. — On the groundfloor is also the Cabinet of Coins; and other antiquities, chiefly of local interest (Sun. and Thurs., 1-4). The first floor contains the reading-room (week-days, 9-12 and 1-6; closed in the afternoon during vacation). — In the court is the Musée Epigraphique, a collection of Roman and mediæval inscriptions found at Geneva.

The Natural History Museum (free on week-days, except Tues. and Sat., 1-4; Sun. 11-4; at other times apply to the concierge, fee), arranged by F. J. Pictet, contains the famous collection of conchylia of B. Delessert; Pictet's collection of fossils; De Saussure's geological collection; Melly's collection of about 35,000 coleoptera; a collection of the fauna of the environs of Geneva; valuable rock-crystals from the Tiefen Glacier (p. 139), etc.

The Athénée (Pl. C, 6), to the S.E. of the Botanic Garden, contains lecture-rooms, a library of works on art, and an exhibition

of art (p. 247). Near it is the Ecole de Chimie (Pl. B, 6).

To the N.W. of the Botanic Garden and the Bastion Promenade extends the circular Place Neuve (Pl. B, 5), adorned with an equestrian statue of Gen. Dufour (d. 1875), in bronze, designed by Lanz. On the S.W. side are the Conservatory of Music and the Bâtiment Electoral, with a spacious hall for elections, used also for concerts and exhibitions. On the N.W. rises the \*Theatre, a Renaissance building, erected in 1872-79. The interior (1400 seats), with its handsome 'foyer', deserves a visit (week-days, 1-4). — To the N.E., at the beginning of the Corraterie, is the —

\*Musée Rath (open free on week-days, except Mon., 12-4, and on Sun., 10-4; at other times 50 c.; catalogue 50 c), an art-collection founded by the Russian general Rath (1766-1819), a Genevese, pre-

sented to the city, and since much extended.

VESTIBULE. Statues by J. Pradier (b. at Geneva 1790; d. at Paris 1852).

— Pictures: 20. Baud-Bovy, Wrestlers; 217. A. Lugardon, The Eiger; 267. Ravel, The singing lesson. — To the left, \*199-210. Liotard, Crayon portraits; Miniatures. — To the right, Antique Statues: 1. Trajan as Mars, 2. Venus, 8. Torso. — Pictures: 280. Robellaz, Between two fires; 115. Durand, Boy-cook; 162. Hornung, Eve of St. Bartholomew; 264. A. Potter, Gulf of St. Raphaël; 95. Diday, Giessbach; 350. Veillon, Lake of Tiberias; 137. Gaud, Harvest; 86. Delapeine, Storm in the Mediterranean; 197. Lemaitre, The Salève.

Picture Gallery (three rooms; the order of the pictures is frequently altered). Central Room. In the middle, bust of the painter Bart. Menn, by Bovy. Entrance-wall: \*44-47. Alex. Calame (of Vevey; 1810-64); The Seasons; above. 267. A de Meuron, Morning in the mountains. Left wall: 213. Lugardon, Arnold von Melchtbal; 112. Dunant, Lake of Uri; 172. Humbert, The ford; 54. Castan, Autumn landscape; 195, 196. Lemaitre, Environs of Nernier and Yvoire; Beaumont, 400. Primroses, 22. The Tiber; 55. Castan, Winter scene; 31. Berthoud, Wetterhorn; \*348. Vautier, Litigious peasants; 80. E. David, Roman Campagna; 33. Bocion, Lake of Geneva at St. Saphorin; 30. Berthoud, Roman aqueduct; 316. Stauffer, Girl sleeping; 285. L. Robert, Brigands; 29. Berthoud, Sorrento; 21. Baudit, Heath in Medoc; 161. Hornung, Calvin on his death-bed; 3(2. Saint-Ours, Earthquake in Calabria; 326. A. W. Toepffer, Peasant-girl; 171. Huber, Market; Diday, 97. The Grimsel, \*93. Oaks in a storm; 338. Van Muyden. Pifferari; Menn, 232, 229, 228. Landscapes, 226. Portrait of himself; Diday, 96. Lake of Uri, 101. Lake of Geneva (his last work, unfinished): 43. Calame, Storm at the Handeck; 114. Durand, Return from the review; 224. Monnier, Landscape; 48. Calame, Mountain-pines.

Room to the Left (older works). To the left: 186. G. de Lairesse, Bacchanal; Berchem, 27. The Prodigal Son, 28. Abraham and Sarah; 334 B. van der Helst, Portrait; 240. Mierevelt, Portrait; \*104. Dominichino, Pavid; 52. Caravaggio, Four singers; 11. Fra Bartolomeo and Mariotto Albertinelli, Annunciation. — Velazquez, 351. Polity IV. of Spain, 353. Spanish singers, 352. Queen Maria Anna of Austria; 191. Le Brun, Elias; Corot, 66-69. Landscapes, 65. Girl resting. — 253. Oudry, Dog and crane; 355. C. J. Vernet, Storm in the Mediterranean; 15. Baron, Lute-player; 277. Rigaud, Elizabeth Charlotte of Orleans; 188. Largittière, Arnaud, the painter; 61. Phil. de Champaigne, Dead nun; 294. School of Rubens, Nymphs surprised by satyrs; D. Teniers the Younger. 321. The five senses, 320. Smoker.

Room to the Right (modern works). Left of the entrance: 252. Odier, Pond in Berry; 121. Estoppey, November; 269. Marie Ravel, Still-life; 106. Dufaux, Market-boat to Vevey; 143. Gos, Before the storm; 178. Jeanmaire, Spring near Hermance; 130. Furet, On the Aeschi-Allmend; 313. Simonet, Autumn in Sion; 268. Raval, Drawing-school; 218. A. Lugardon, Wengern Alp; 373. Ziegler, Wedding afloat; 158. Hodler, The miller and his ass; 49. A. Calame, Vevey; 35. Bodmer, Mill; 179. Jeanmaire, Pine-wood. — 245. Monteverde, Eavesdropping; 142. Giron, Education of Bacchus; \*140. Jules Girardet, Flight of the Vendéens after the battle of Cholet; 135. Gaud, Cidermill; 40. Louise Breslau, Bosom friends; 141. E. Girardet, Arabs praying. — 184. Koller, Cattle in the mountains; 292. Rossi, Dreams of youth; 271. Rehfous, Marsh at Anthy; 220. Mme. Massip, Hour of rest; 136. Gaud, The last load; 399. Beaumont, The Prodigal Son; 79. Darier, Choristers; 24. Beaumont, Storm; 120. Duval, On the Upper Nile; 57. Castres, Swiss battery on the march; 8. Anker, Communal meeting in Canton Bern; 156. Hermenjat, Camp in the desert; 73. Coutau, Lake-dwelling; \*296. Sabon, River at Carouge; 56. Castres, The tale of the captive (1871); 34. Bodmer, On the edge of the wood. — 366. Ihly, Street in Yvoire; 266. E. de Pury, Venetian bead-stringers; 129. Furet, Herons; 317. Stückelberg, Swiss nun.

At No. 14 Rue Général Dufour, behind the theatre, is the Victoria Hall (Pl. B, 5), a Renaissance building by Cammoletti (1891-93), presented to the Société de l'Harmonie Nautique by Mr. D. F. Barton, formerly British Consul at Geneva. Above the door is a fine Figure of Harmony by Massarotti. The great hall (1850 seats; concerts, see p. 247) is adorned with ceiling-paintings by Bieler, representing Heavenly and Earthly Music (adm. on application to the concierge, in the side-street to the left; fee). — From this point we proceed past the Synagogue (Pl. B, 5) to the Quai de la Poste and the Pont de la Coulouvrenière (Pl. B, 3, 4), the lowest of the Rhone bridges, rebuilt in 1896. Below the bridge, on the

left bank, are the Water Works (Forces Motrices du Rhône; Pl. B, 3), constructed in 1883-86, which supply the houses and afford 6000 horse-power for the use of factories. The left branch of the Rhone (p. 249) is dammed up for this purpose, the right branch being left open for the free discharge of the lake. A visit to the large hall, entered from the Quai de la Poste, will interest even the unscientific; the huge water-wheels represent 300 horse-power each and describe 26 revolutions per minute. — Similar works, supplying 12,000 horse-power, are  $3\frac{1}{2}$  M. down-stream at Chèvres.

On the RIGHT BANK, to the left of the Pont de la Coulouvrenière, is the Promenade St. Jean (Pl. B, 3), with a bronze bust of James Fazy (d. 1878; p. 249), the Genevese statesman. We next pass, on the right, the Ecole d'Horlogerie, containing the Musée des Arts Décoratifs (first floor; daily, except. Sat., 1-4, Sun. 9-12), an important collection of engravings, and the Musée Industriel, in which are exhibited the machines used by L. Favre in boring the St. Gotthard Tunnel. Thence past the Ecole des Arts Industriels and the Old-Catholic church of Notre-Dame to the railway-station (Pl. D, 2).

Environs of Geneva. An extensive system of Steam Tramways (Chemins de fer à voie étroite) facilitates a visit to the charming

environs, studded with villas with beautiful gardens.

The termini of the cars at Geneva are, on the right bank of the Rhone, the Place de l'Entrepôt (Pl. D. 3), and on the left bank, the Quai de la Poste (Pl. B. 4), the Place du Molard (Pl. C. D. 5), and the Cours de Rive (Pl. D. 6). Return-tickets are obtained at the offices in the waiting-rooms; single tickets only on the cars. The time-tables give Central European time (p. 244), even for the lines in French territory.

To Pregny and Ferney. From the Place de l'Entrepôt, opposite the post-office, 14 times daily, to Pregny in 10 min. (20 c.), to Ferney in 35 min. (60 c.). Comp. Pl. C, 3, and D, 1-3. First station Voie-Creuse, second Ariana, for the Musée Ariana (5 min.) and the Rothschild Château at Pregny. — On the lake by the Ariana Park is the station of the motor launches (\*Restaurant Lacustre,

with view, D. from 2 fr.).

The \*Musée Ariana (open 10-4 from April 15th to June 1st and from Sept. 16th to Nov. 15th, and 6-10 from June 2nd to Sept. 15th; free on Thurs. and Sun.; 1 fr. on Tues., Wed., Frid., and Sat.; catalogue 1 fr.), bequeathed to the town by M. Gust. Revilliod (d. 1890), a handsome Renaissance building erected in 1880, is situated in an extensive park (adm. daily, 9-7), commanding a magnificent view of the lake and the Alps. The most diverse branches of art are represented in the museum.

The grand Central Hall with a double tier of marble columns, contains a group of Sleep and Death (in the centre) by Guglielmi, marble busts, vases, etc. The Central Corridor (right and left) is hung with tapestry of the 17th cent.; the ceiling-paintings (the seasons, etc.) are by Dufour. On the left side of the hall are Chinese and Japanese porcelain, inlaid work, European fayence, ivory carvings, and bronzes (statuette, Struggle with a serpent, by the mirror in the Japanese room). On the right side are European porcelain, antique vases, articles from Alemannic

Ariana.

graves, etc. - First Floor. On the staircase is a Chinese boudoir; in the gallery, antique furniture, weapons, and stained glass. — PICTURE GAL-LERY. Rooms I & II: Italian and Netherlandish works, including many copies. \*Raphael, Madonna of Vallombrosa (copy of the Madonna del Cardellino); a small antique head of Venus. — Room III: Flower-pieces, studies of still-life, and small Netherlandish works; marble busts of M. Revilliod and his mother Ariana (née De la Rive) by Duphot. — Room IV: Landscapes by Diday, Calame, Duval, Veillon, Loppé, and Lugardon; Cattlepieces by Humbert, Agasse, and Delarive; Genre-scenes by Vautier, S. Durand, Rubio, Töpffer, etc. — On the other side of the large hall are paintings by Horace Revilliod; portraits and drawings by early Genevese masters; engravings (10,000 plates); a library; interesting autographs in glass-cases; glass, ivory-carvings, antique Genevese tinware; and the Silver Chamber, containing ornaments, coins, medals, enamels, etc. Charming view from the balcony.

In the grounds, at the back of the former dwelling-house, Revilliod's Tomb.

The Château of Baroness Adolphe Rothschild ('Pavillon de Pregny'), built in 1860 by Gindroz, is 1/4 hr. from the Ariana tramway-station. Beautiful park, open on Tues. and Frid., 3-6 in July and Aug., 2-5 in Sept. and Oct. (tickets gratis at the Geneva hotels).

Farther on, at No. 3, Chemin Désiré (tramway-station Sewette Ecole), is the Musée Marie, opéned to the public by Count A. de Luserna; it contains modern pictures (chiefly by Swiss artists), sculptures, and other

works of art (admission on application).

The tramway next passes the pretty villages of Petit-Saconnex (left) and Grand-Saconnex, crosses the French frontier near the Tuilerie, and reaches (4 M.) Ferney, officially Ferney-Voltaire (Hôtel de France), a village founded by Voltaire in 1758. Opposite the station is a bronze Statue of Voltaire ('au patriarche de Ferney, 1694-1758-1778'), by E. Lambert, presented by the artist (1890). The street straight from the station, then to the left, leads to the (1/2 M.) Château erected by Voltaire, now containing memorials of the founder (in summer, Wed. 2-5; fee). Over the former chapel is the well-known inscription: 'Deo erexit Voltaire'. Beautiful view from the garden-terrace. - From Ferney the tramway runs in 3/4 hr. to (6 M.) Gex (p. 259).

To Vernier, 3 M., ten times daily in 25 min. (from the Quai de la Poste, p. 254; fare 40 c.). The line (comp. Pl. C, B, 2; A, 1) runs past the new Parc aux Sports (10 min. from the post-office) with a racecourse and golf links, and then via Les Délices and Les Charmilles. Beyond the hamlet of Châtelaine, with the 'Théâtre Voltaire' (now a store), we pass the favourite Bois des Frères (on the left), and reach the prettily situated village of Vernier.

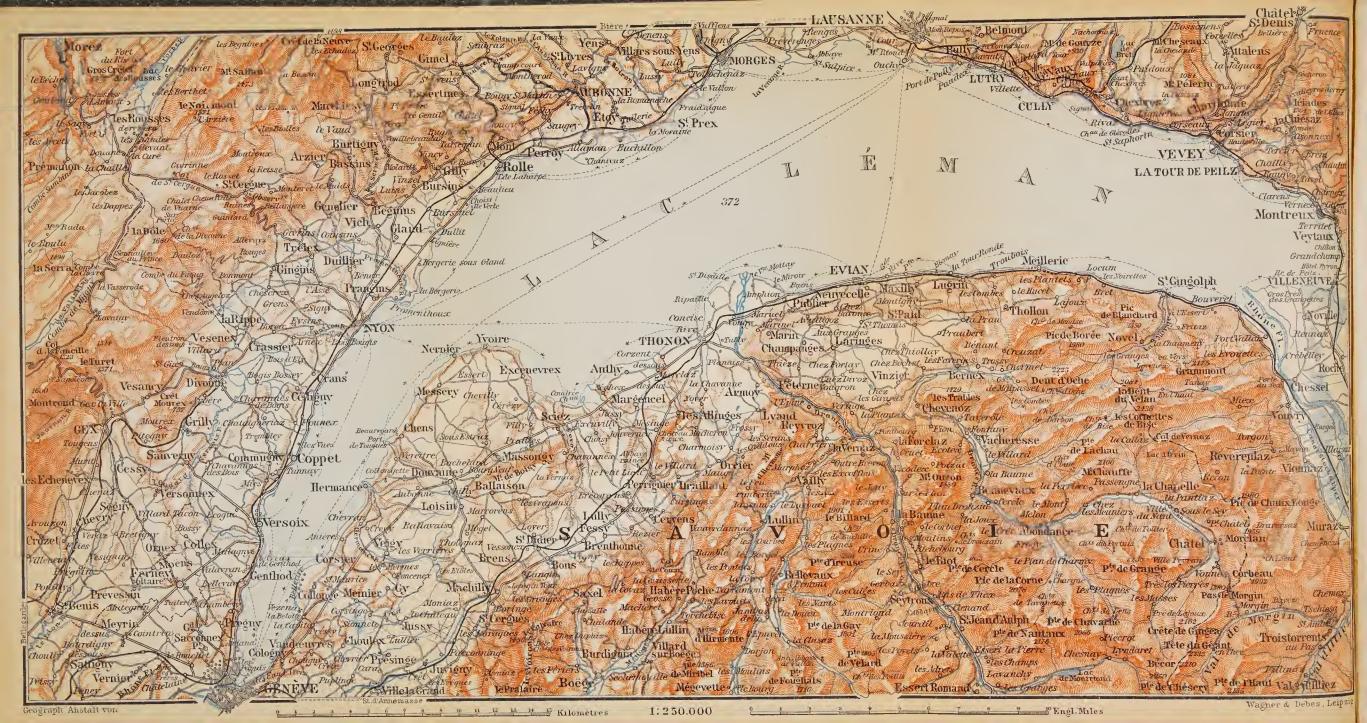

To the Bois de la Bâtie. From the Quai de la Poste (comp. Pl. A, B, 4) the tramway runs past the Abattoirs to the Pont de St. Georges over the Arve. On the other bank a path ascends to the right to the Bois de la Bâtie (11/4 M. from Geneva), a plateau covered with woods and meadows (several cafés), affording a fine survey of the town and environs. The blue water of the Rhone and the gray water of the Arve flow side by side unmingled for several hundred yards below their confluence. — From the bridge the tramway goes on via Rampe Quidort, Petit Lancy, and Onex to (31/2 M.) Bernex (several small restaurants), a village whence the Signal de Bernex (1655'; fine view) may be ascended in 1/4 hr.; and thence viâ Laconnex to (9 M.) Pougny-Chancy, a station on the Geneva and Lyons railway (to Geneva 12 M., in 40 min.).

To St. Julien,  $5^{1}/2$  M., twelve times daily in  $^{3}/_{4}$  hr. (to Carouge 13 min.), from the Quai de la Poste (p. 254). Beyond the Pont d'Arve our line leads to the left from that to Lancy, to (13/4 M.) Carouge (1260'; Balance; Ecu de Savoie), a suburb (7387 inhab.) of Geneva, founded in 1780 by Victor Amadeus III. of Savoy, who attracted many Genevese artisans to it by the offer of special advantages. Two stations: Grand-Bureau, at the N. end, and Carouge-Rondeau, at the S. end, near the terminus of the tramway to Geneva and Annemasse (p. 292). — The cars next pass Bachet de Pesay; Planles-Ouates, with the drill-ground and rifle-range of the Geneva troops; Arare; and Perly; and reach (5½ M.) St. Julien, a little French town, with 900 inhab., on the Aire, a station on the railway from Bellegarde to Bouveret (p. 283). About 1 M. to the W. are the picturesque ruins of the château of Ternier. — The Pitons (4505'), adjoining the Salève on the S.W., may be ascended from St. Julien viâ Beaumont in 3 hrs.

To the Salève. — Steam Tramway (50 c., return 75 c.), fifteen times daily, in 25 min., from the Cours de Rive (comp. Pl. D, 6-8), by Florissant, and across the Arve between the hamlets of Villette and Sierne, to (31/2 M.) Veyrier (\*Hôt. Beau-Séjour), a village prettily situated at the foot of the Salève. — The tramway goes on to Bossey (see below) and Collonges.

The \*Salève, a long hill of limestone rock, to the S.E. of Geneva, is a favourite resort. It consists of two portions, separated by the valley of Monnetier: N.E. the Petit-Salève (2950'), and S.W. the Grand-Salève (4290'), adjoined by the Petit and Grand Piton (4505'). ELECTRIC TRAMWAYS, starting from Etrembières and from Veyrier, ascend to Monnetier-Mairie, where they unite. From Etrembières to Monnetier 27 min., to Treize-Arbres, the terminus on the Grand Salève, 1 hr.; from Veyrier 1/2 hr. and 1 hr.; fare from either terminus to Monnetier 95 c., return 11/2 fr.; to Treize-Arbres 3 fr. 20 c. and 4 fr. 50 c. First-class circular ticket from Geneva (Molard) via Etrembières, Treize-Arbres, Veyrier, and back to Geneva (Cours de Rive), 13 fr. 80 c. — From Etrembières (p. 292; from Geneva-Molard by tramway via Annemasse, 10 times daily in 50 min.) the electric railway runs past the old ivy-mantled château (under which are the Trous de Tarabara, two caves said to date from Celtic times) and ascends the slope of the Petit Salève, viâ the stations of Bas-Mornex (1394) and Havt-Mornex (2230'), to the junction at Monnetier-Mairie. Mornex (\*Hôt. Beau-Site, pens. 7-8 fr.; Hôt. de l'Ecu de Savoie; \*Pension Bain, in the old château); a charming village on the S. slope of the Petit-Salève, is visited as a health-resort. - From Veyrier (see above) the electric tramway crosses the Annemasse and Bellegarde line (p. 283), skirts the extensive limestone-quarries of Veyrier, runs above the Pas de l'Echelle (see below), passes through a tunnel (120 yds.), and reaches (2 M.) Monnetier-Eglise (2336'; \*Hôt.-Pens. de la Reconnaissance; \*Hôt. du Château; \*Hôt.-Pens. Trottet. R. 3<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, D. 2<sup>1</sup>/<sub>2</sub>, pens. 6<sup>1</sup>/<sub>2</sub> fr.; Hôt. Belvedere, R. 2-3, B. 1<sup>1</sup>/<sub>2</sub>, D. 2<sup>1</sup>/<sub>2</sub>, pens. from 8 fr; Hôt. des Platanes), situated in a depression between the Petit and Grand-Salève. From this point the Petit-Salève is easily ascended in 1/2 hr., the Grand-Salève in 11/2 hr. (see below). — The line then goes on to the (3 M.) central station of Monnetier-Mairie (2625'; \*Hôt.-Pens. Bellevue, with full view of the Alps, pens. 6-10 fr.), and thence ascends the partly wooded slopes of the Grand-Salève to the (33/4 M.) terminus at Treize-Arbres (3746'; Buffet; Hôt.-Pens. et Restaurant des Treize-Arbres, 5 min. farther up). The height 6 min. beyond the hotel affords a beautiful survey of the Mont Blanc chain, the Lake of Geneva, the Jura, Cantons Geneva and Vaud, and a part of France. We now ascend the ridge, passing the Grande Gorge (see below), and in 1/2 hr. reach the Crêt de Grange Tournier (4524), the highest point of the Grand-Salève, whence we survey the Lake of Annecy also. The walk may be extended to the (11/4 hr.) Pitons (see above). — The BREAKS of Thom. Cook & Son (see p. 247), affording a pleasant mode of transit for ladies and others, start at 2 p.m. and return between 6 and 8 p.m. (5 fr.). — Veyrier (see above) is the best starting-point for the ascent of the Salève on foot. We follow the Pas de PEchelle, running below the electric tramway, then ascend a flight of 101 steps in the rock to (1/2 hr.) Monnetier-Eglise (see above), whence a good bridle-track, to the right, winds up to the  $(1^{1}/2 \text{ hr.})$  Treize-Arbres. — Ascent from *Etrembières* (p. 292) longer but easier. We cross the Arve; after 5 min. turn to the left and follow the road to (1/2 hr.) Mornex; thence take the upper road, by the (20 min.) Hôtel Bellevue, at the Monnetier-Mairie station, to (1/4 hr. more) Monnetier-Eglise (see above). - A third, but more fatiguing, route ascends from Bossey (steam-tramway station, see above), by Crevin, and through the Grande Gorge, by a steep and stony path, to the (2 hrs.) plateau (see above). The route through the Petite Gorge, to the left of the Grande Gorge, is dangerous.

On the E. Bank of the lake a walk (tramway from Cours de Rive to Vésenaz, 50 c.) may be taken along the Quai des Eaux-Vives, planted with plane-trees, to (3 M.) Vésenaz (garden-restaurants by the lake, at La Belotte); return to (3½ M.) Geneva by Cologny (Chalet Suisse; Café-Restaurant des Alpes), with a charming view of the lake and the Villa Diodati, where Byron wrote 'Manfred' and Canto III. of 'Childe Harold' in 1816; or farther to the E. viâ Vandoeuvres and Chougny, with a fine survey of Mont Blanc.— The steam-tramway goes on from Vésenaz to (10 M.) the little French

The long range of the \*Voirons (4875'), to the N.E. of Geneva, commanding a superb view of the Alps of Savoy, the Jura Mts., etc., is another favourite point. Railway (Geneva and Eaux-Vives Station, p. 244) viâ Annemasse (p. 292) to (50 min.) Bons-St-Didier; thence a drive of 4 hrs. over the Col de Saxel (one-horse carr. 15, two-horse 25 fr.) or a walk of 2½ hrs. to the summit. On the E. slope, 160' below the summit, is the \*Hôtel de l'Ermitage (pens. 7-10 fr.; frequented by the French), in the midst of pine-wood, visited as a health-resort; and 10 min. below it is the \*Nouvel Hôt. des Chalets, with baths (R. 3-5, déj. 3, D. 4, pens. 10 fr.). Charming walks to the (10 min.) pavilion on the Calvaire or Grand Signal, the highest point (4875'); to the (20 min.) old monastery (4590') on the N.W. slope; to the Crête d'Audoz, an eminence ½ hr. to the S.W.; and to the (1 hr.) Pointe de Pralaire (4630'), the S. peak. — On the W. slope of the Voirons, 2 hrs. from Geneva (railway viâ Annemasse to St. Cergues, p. 283; thence bridle-path, 1 hr.) is the \*Hôtel de Montauban (2950'; R. 2-4 fr., B. 80 c., déj. 2½, D. 3 fr.), commanding a charming view of the Lake of Geneva and the Jura.

## 66. From Geneva to Martigny viâ Lausanne. Lake of Geneva (North Bank).

79 M. Railway in 4-6 hrs. (to Lausanne 1<sup>1</sup>/<sub>4</sub>-2, to Vevey 2<sup>1</sup>/<sub>4</sub>-3<sup>1</sup>/<sub>4</sub> hrs.); fares 13 fr. 35, 9 fr. 35, 7 fr. 70 c. (to Lausanne 6 fr. 35, 4 fr. 45, 3 fr. 20 c.); to Vevey 8 fr. 35, 5 fr. 85, 4 fr. 20 c.). Return-tickets from Geneva to St. Maurice, and from Bouveret to Brigue, are available for three days, and

may be used for the steamers, and vice versa.

Steamboats along the Northern Bank, far preferable to the railway: to Morges (4 fr., 1 fr. 70 c.) in 2-21/2 hrs.; to Ouchy (for Lausanne, 5 fr., 2 fr.) in 21/2-3 hrs.; to Vevey (6 fr. 50, 2 fr. 70 c.) in 3-4 hrs.; to Villeneuve (7 fr. 50, 3 fr.) in 33/4-43/4 hrs.; to Bouveret (71/2 fr., 3 fr.) in 43/4-5 hours. Return-tickets for three days at a fare and a half. The cabin-tickets are available for second-class rail also; if the holder desires to travel first-class, he must get a supplementary ticket from the guard. Railway-tickets for the sections bordering the lake are also available for the steamers. Mileage tickets with 100 first-class coupons are sold for 20 fr., second-class 10 fr. Fortnightly ticket, allowing unlimited use of the steamers, 25 fr., monthly ticket 40 fr. — Steamboat stations on the N. bank (all with piers): Bellevue, Versoix, Coppet, Céligny, Nyon, Rolle, St. Prex, Morges, St. Sulpice, Ouchy (Lausanne), Pully, Lutry, Cully, Rivaz-St-Saphorin, Vevey-Corsier, Vevey-Marché, Vevey-la-Tour, Clarens, Montreux-Vernex, Territet-Chillon, Villeneuve, Bouveret. The express-steamers leaving Geneva (Quai du Mont-Blanc) at 9.15 a.m. and 1.40 p.m. touch only at Nyon, Thonon, Evian (these two on the S. bank), Ouchy, Vevey, Clarens, Montreux, Territet, Villeneuve, and Bouveret. — Several steamboats also ply between the N. and S. banks (Nyon-Nernier, Nyon-Thonon, Evian-Ouchy). — Good restaurants on board the steamers (D. 21/2 fr.).

The \*Lake of Geneva (1220'), Fr. Lac Léman, the Lacus Lemanus of the Romans, is 45 M. long, upwards of 8 M. broad between Morges and Amphion, and 11/2 M. between the Pointe de Genthod and Bellerive; 250' deep near Chillon, 940' near Meil-

lerie, 1095' between Ouchy and Evian (deepest part), and 240' between Nyon and Geneva. The area is about 224 sq. M., being 17 sq. M. more than that of the Lake of Constance. This lake differs in its deep blue colour from the greenish hue of the other Swiss lakes. For centuries it has been a favourite theme with writers of every nationality (Byron, Voltaire, Rousseau, Alex. Dumas, etc.). On the N. side it is bounded by gently sloping hills, richly clothed with vineyards and orchards, and enlivened with smiling villages. To the E. and S. a noble background is formed by the long chain of the mountains of Valais and Savoy.

The BIRDS which haunt the lake are wild swans (Cycnus olor), the descendants of tame birds introduced at Geneva in 1838, gulls (Larus ridibundus), sea-swallows (Sterna hirundo), and numerous birds of passage, such as ducks and divers. There are twenty-one kinds of Fish, the most esteemed of which are the trout, the 'Ritter', the 'Féra' (Coregonus; the 'Felchen' of Lake Constance), and the perch.

A phenomenon observed on the Lake of Geneva, and on other lakes also, consists in the so-called 'SEICHES', or fluctuations in the level of the water, caused by sudden alteration in the atmospheric pressure. The seiches longitudinales run from one end of the lake to the other; the seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the Savoy of the Inherital seiches transversales cross from the Swiss to the The highest longitudinal swell on record was over 6 ft. in height. — The TEMPERATURE of the lake near the surface varies from 45° in winter to 75° or 80° in summer; in the deeper parts it is uniformly 42-44°.

STEAMBOAT JOURNEY (piers at Geneva, see p. 244). The banks of the lake are clothed with rich vegetation and studded with charming villas. On the left, the Musée Ariana, and the château of Pregny (p. 255); farther on, Genthod, once the residence of the famous naturalists Ch. Bonnet (d. 1793), H. B. de Saussure (d. 1799), Theod. de Saussure (d. 1845), F. J. Pictet de la Rive (d. 1872), and Ed. Boissier (d. 1885). The steamer stops at Bellevue.

Versoix (pop. 1518), a large village, once belonged to France.

Coppet (Hôt.-Pens. du Lac; Café-Restaurant du Port, by the pier). The château, now owned by M. d'Haussonville, was occupied from 1790 to 1804 by Necker, a Genevese, who became finance minister to Louis XVI. His daughter, the celebrated Mme. de Staël (d. 1817), also resided at the château for some years. Her portrait as Sappho by David, several paintings by Gérard, and a bust of Necker are shown (Thurs. only, 2-6).

From Coppet (carr. at the station; omnibus twice daily in 40 min., 1 fr. 50 c.) a road leads by Commugny and Chavannes de Bogis to (3½ M.) Divonne (1543'; \*Hydropathic, pens. from 10½ fr.), charmingly situated in the Pays de Gex, beyond the French frontier (from Nyon 5½ M.; diligence twice daily in ½ hr.; from Geneva 12 M., carr. in ½ hr., with one horse 15-18, with two 25 fr.). Ascent of the Dôle, see p. 259.

Céligny lies prettily on a hill a little inland. Farther on is the handsome château of Crans, belonging to Herr Van Berchem.

Nyon (pop. 4847; Hôt. Beau-Rivage, with terrace on the lake; Hôt. du Lac, small; Ange, pens. 5-7 fr.; Hôt. du Jura, at the station) was the Colonia Julia Equestris, or Noviodunum, of the Romans. The ancient Castle, with walls 10' thick, and five towers, built in the 14th cent., contains the Musée, with the municipal collection of antiquities (Sun. & Thurs., 1-4). The terrace (with Roman relics) and the fine Promenade de Perd-Temps afford a beautiful view of the lake, the Jura, and the Alps, with Mont Blanc. - About 1 M. to the W. (railway in 3 min.) is the \*Pension de Bois-Bougy (p. 270).

ASCENT OF THE DÔLE, very interesting. A highroad (diligence to St. Cergues twice daily in 23/4 hrs., 2 fr. 85, coupé 3 fr. 60 c.; one-horse carr. 15, two-horse 25 fr.) leads from Nyon through the Jura by (1 hr.) Trélex, (2 hrs.) St. Cergues, and (2 hrs.) Les Rousses, a small French frontier-fort, to (1 hr.) Morez, a little town in the French department of Jura. Walkers may ascend from Nyon in 21/4 hrs. to St. Cergues, but it is preferable to drive (one-horse carr. 6 fr.) as far as the beginning of the well-shaded old road. 11/2 M. heyond Trélex, which follows the telegraph-wires and ascende road, 11/2 M. beyond Trélex, which follows the telegraph-wires and ascends straight to St. Cergues (3 M.). S<sup>1</sup>/<sub>2</sub> M. St. Cergues (3<sup>4</sup>32'; \*H6t. de l'Observatoire, on a height, 5 min. to the E. of the post-office, with a splendid view of the Lake of Geneva and Mont Blanc, R. 4-5, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. 10-15 fr.; Poste; \*H6t.-Pens. Capt; \*H6t.-Pens. Auberson, pens. 6-8 fr.; \*Pens. des Etrangers, D. 2<sup>1</sup>/<sub>2</sub> fr.; Eng. Ch. Serv.), a village and summerresort, lies in a green valley at the N.E. base of the Dôle. Thence (guide 5 fr.) we ascend to the (4 hr.) Chalet de Vacane, and through the depression resort, lies in a green valley at the N.E. base of the Dôle. Thence (guide 5 fr.) we ascend to the (1 hr.) Chalet de Vuarne, and through the depression (La Porte, 5127') between the Vuarne and the Dôle, to the (1½ hr.) top of the \*Dôle (5505'), the highest peak of the Swiss Jura. The view (best in the afternoon) is picturesque and extensive, and Mont Blanc is seen in all its majesty. — From Gingins, 1½ M. to the W. of Trélex, a good road leads to the (7½ M.) Chalets de la Divonne, ½ hr. from the top of the Dôle. — Another route leads by La Rippe, 33/4 M. from Céligny (p. 258), and 1½ M. from Divonne (see above), and before reaching (3/4 M.) Vendôme enters the broad path (to the right) through the wood, which after 3 M. joins the road from Gingins. — The best route for walkers from Geneva is by the Col de la Faucille, a deep depression in the Jura chain, to the N.W. of Geneva. Steam-tramway in 1½ hr. to Gex (2120'; Hôt. de la Poste; Hôt. du Commerce, pens. 8 fr.), a small French town, at the foot of the Jura, whence we proceed (shorter by the old road) to the (2 hrs.) Col de la Faucille (4355'; \*Hôt.-Pens. de la Faucille, unpretending; Couronne, smaller), with a beautiful view. We keep to the road (to Morez, see above) for 1½ hr. more, finally diverging to the right beyond the La Vasserode Inn, whence we ascend to the top in 1½ hr. whence we ascend to the top in 11/2 hr.

Diligence from Les Rousses (see above) to Le Brassus, whence a railway

runs via the Lac de Joux and Le Lieu to Le Pont (comp. p. 244).

Farther on, among trees, is the château of Prangins, once (after 1815) occupied by Joseph Bonaparte and the Empress Josephine,

now a Moravian school for boys.

On a promontory lies Promenthoux, and on the opposite (Savoyard) bank, 3 M. distant, Yvoire (p. 284). The Jura Mts. recede; the conspicuous peaks are the Dôle and (to the right of it) the Noirmont (5150'). The lake forms a bay between the mouth of the Promenthouse and the Aubonne (p. 270) beyond Rolle, and here attains its greatest width. The banks of this bay, called La Côte, yield one of the best Swiss white wines.

Rolle (Tête Noire, with garden, unpretending, R. 11/2-2, B. 1, D.  $2^{1}/_{2}$ , pens. 5 fr.), the birthplace of the Russian general F. C. de la Harpe (1754-1838), one of the most zealous advocates for the separation of Canton Vaud from Bern in 1814. An artificial islet in the lake contains an Obelisk to his memory.

FROM ROLLE TO GIMEL, 61/2 M., electric tramway in 48 min. (fare 95 c., return 11/2 fr.; to the Signal de Bougy in 34 min., fare 60 c., return 1 fr.).

The railway starts from the harbour (Rolle-Port), passes under the Jura & Simplon Railway at Rolle-Gare, and ascends circuitously, following the road, along vine-clad hills, passing stations Mont-Eglise, Mont Maison de Ville, and Bugnaux. The station Signal de Bougy is on the highest part of the plateau (2325'). Thence a road leads to the E. to the (1 M.) \*Hôtel-Pension Signal de Bougy, in an open situation on the margin of a wood. The \*View from the belvedere, as well as from the \*Signal de Bougy proper, which may be reached by a shady path in 5 min., commands the lake, the Savoy Mts., and Mont Blanc. From the Signal we may descend in 25 min. to Monthérod and take the steam-tramway viâ Aubonne to Allaman (see p. 271). — From the stat. Signal de Bougy the tramway goes on viâ Essertines-St-Oyans to (6½ M.) Gimel (2395'; \*Grand Hôt. des Bains, first-class, R. 2-6, board 4½-5½ fr.; Union, pens. from 5 fr.), with wood-walks, a summer-resort of the Genevese.

A road (diligence to St. Georges daily) leads to the N.W. from Rolle by Gilly, Burtigny, and Longirod to (9 M.) St. Georges (3100'; inn) and over the (4 M.) Col du Marchairuz (4767'; Inn) to (41/2 M.) Le Brassus (p. 244). Between St. Georges and the Col we enjoy charming views of the Lake of Geneva and the Rhone Valley down to the Fort de l'Ecluse, and beyond the Col

we overlook the Lac de Joux and the Dent de Vaulion.

The bank of the lake between Rolle and Lausanne is somewhat flat. On a promontory lies the village of St. Prex; then, in a wide bay, Morges (\*Hôt. du Mont-Blanc, pens. from 5 fr.; \*Hôt. du Port; Couronne, pens.  $4^{1}/_{2}$ - $5^{1}/_{2}$  fr.), a busy little town (pop. 4412), with a harbour and an old château now used as an arsenal. Good lakebaths. From Morges we obtain a fine view of \*Mont Blanc in clear

weather through a valley on the S. bank.

FROM MORGES TO BIÈRE, 12 M., railway in 11/4 hr.; 1 fr. 90 or 1 fr. 35 c. — The line ascends the valley of the Morges to (2 M.) Vufflens, at the foot of the mediæval château of that name, with its tower 160' in height, said to have been erected by Queen Bertha (p. 242). Describing a wide bend towards the W., we next pass the stations of Bussy, Yens (beyond which, to the left, is the château of Chardoney, with a beautiful view of the Lake of Geneva and the Savoy Alps), Apples (branch-line to L'Isle, with the good Pension Marc Claux), and Ballens. — 12 M. Bière (2285'; pop. 1271; Hôt. Guillaume Tell) is a considerable village, with large barracks and an artillery training-camp, situated on a plateau at the base of Mont Tendre. Carriage-road hence to the (81/2 M.) Col du Marchairuz (seeabove).

The steamer next reaches the station of St. Sulpice, and then —

Ouchy (1230'), formerly called Rive, the port of Lausanne.

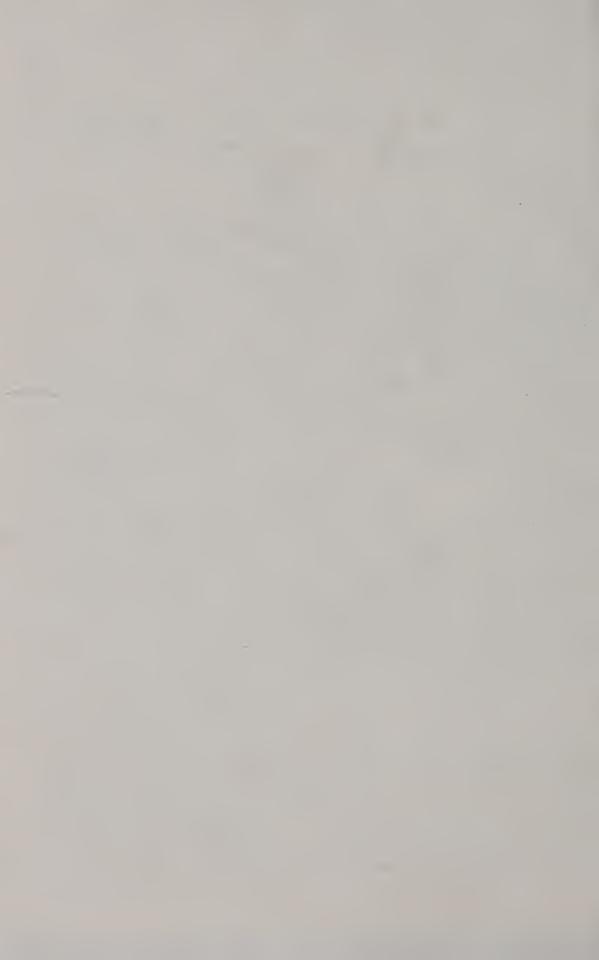

Hotels. \*Hôtel Beaurivage, with pleasant garden, baths, etc., R. 41/2-7, déj. 31/2, D. 5, pens. 10-16 fr.; \*Hôt. du Château, near the steamboat-pier, a castellated building with view-tower (lift; restaurant upstairs), R. 4-10, B. 11/2, déj. 31/2, D. 5, pens. from 9 fr.; \*Hôt. d'Angleterre, R. 21/2-4, B. 11/4, D. 4, pens. 6-9 fr.; \*Hôt. du Port, plain; all on the lake. Pens. du Chalet, Avenue Roseneck, pens. 4-5 fr.; Pens. La Printanière (4-5 fr.).— Lake Baths, well equipped, 1/2 M. to the W. of the landing-place; bath 50 c., with towels, etc. — Boat 80 c. per hour (on Sun. 1 fr.), or with boatman 11/2 fr. Sailing Boat 2 fr. per hour, including boatman.

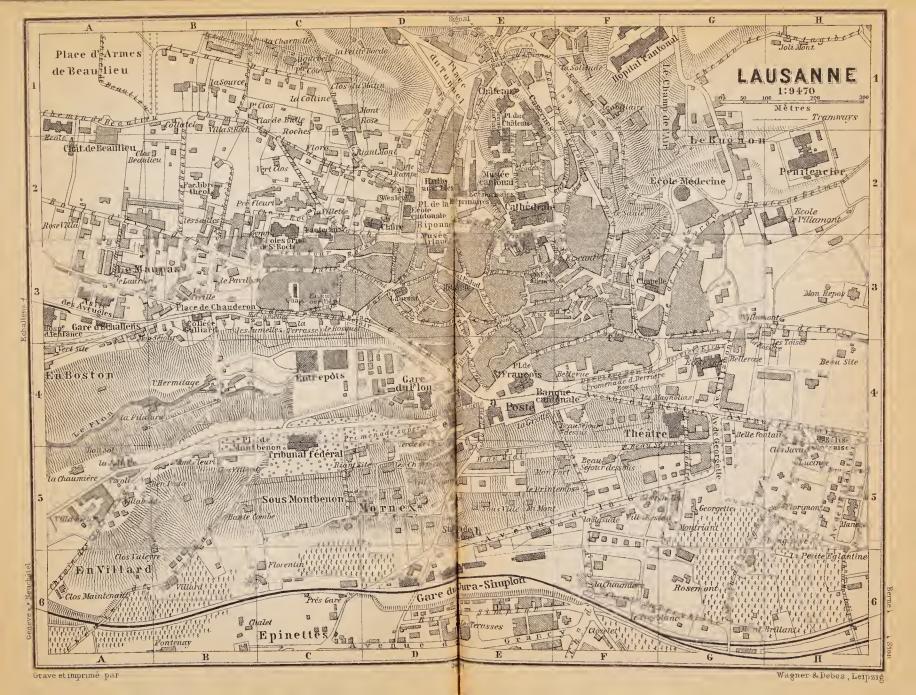

The Railway Station of the Jura-Simplon line (p. 270) is  $^{3}/_{4}$  M. from Ouchy, and Lausanne lies fully  $^{1}/_{2}$  M. higher. Cable Tramway ('Funiculaire') from Ouchy to Lausanne in 8 min., every  $^{1}/_{4}$  hr. in summer (fare 40 or 20 c., return-ticket 60 or 30 c.). The station at Ouchy is 3 min. from the pier; station at Lausanne, called Gare du Flon', under the Grand-Pont; intermediate stations: Jordils, Montriond, and Ste. Luce ('Gare'), the latter near the Jura-Simplon station. — Porterage of small articles to or from

the steamer 10 c.; trunk 20 c.; if over 100 lbs. 30 c.

Lausanne. — Hotels. \*Hôt. RICHE-MONT (Pl. b; D, E, 5), with pleasant grounds, lift, electric light, etc., R. 4-6, déj. 3, D. 5, pens. from 10 fr.

(in winter and spring 6-8 fr.); "Hôtel Gibbon (Pl. a; E, 4), R. 31/2-7; B. 11/2, déj. 31/2, D. 5, pens. in winter 6-9 fr.; in the garden behind the dining-room the historian Gibbon wrote the last part of his great work in 1787. "Hôt.-Pens. Beau-Séjour, Avenue de la Gare, R. 21/2-5, B. 11/2, déj. 21/2, D. 31/2, pens. 6-10 fr.; "Hôt. du Grand-Pont (Pl. d; E, 4), near the bridge, R. 21/2-4, B. 11/4, D. 31/2, S. 3 fr.; "Faucon (Pl. c; F, 3), R. 31/2-5, B. 11/2, D. 4, pens. 6-10 fr.; "Hôt. Continental (Pl. h; E, 5), opposite the rail station, R. 31/2-4, B. 11/4, déj. 3, D. 3, pens. 9-12 fr.; "Hôt. Terminus (Pl. i; D, 6), in connection with the railway restaurant (p. 271), R. 21/2-6, B. 11/4, D. 31/2, pens. 8-12 fr.; "Hôt.-Pens. Beau-Site et du Belvedère (Pl. e; D, 4), R. 3-5, B. 11/2, déj. 3, D. 4, pens. 7-9 fr.; "Hôt.-Pens. National, Avenue Beau-Séjour, 2 min. from the station, R. 21/2-3, B. 11/4, déj. 21/2, D. 3. pens. 6-8 fr.; "Hôt.-Pens. Victoria, Avenue de Rumine, R. 21/2-4, déj. 21/2, D. 31/2, pens. 6-8 fr.; "Hôt.-Pens. Campart, Route d'Ouchy, R. 3-5, B. 11/4, déj. 2, D. 3, pens. 6-8 fr.; "Hôt.-Pens. Campart, Route d'Ouchy, R. 3-5, B. 11/4, déj. 2, D. 3, pens. 5-7 fr.; Hôt. de France, well spoken of; Hôtel Central & Bellevue, Place St. François 18, R. from 2, D. 3, pens. 7-10 fr.; Hôt. des Messageries, Place St. François 4; Hôt. de La Poste, Petit-Chêne 4. — Pensions: Grancy-Villa, near the Engl. Church, 5-8 fr.; Bel-Air, Place Bel-Air, Mercanton, Ave. des Alpes, from 100 fr. per month; Pittet, at Ste. Luce (p. 260; 5 fr. per day); "Hôt.-Pens. du Village Suisse, near the Signal (p. 263), R. 2 fr. 20-3 fr. 20 c., B. 1, D. 21/2, pens. 51/2-61/2 fr.; "Pens. Les Daillettes at Pully (tramway from Place St. François in 1/4 hr.), finely situated (5-6 fr.); and many others.

Restaurants: Café-Restaurant du Musée, Restaurant du Café Vaudois, both Place de la Riponne; Hôtel du Nord, Hôtel du Grand-Pont, see above; Café de la Banque; Restaurant du Théâtre (see below), with garden; Rail. Restaurant, D. 3 fr.; Hôt. Central (good beer; see above), Place St. François; Hôtel du Nord, see above; Bavaria, Rue du Petit-Chêne 3; Brasserie des

Alpes, near the station.

Theatre (Pl. G. 4; dramas in winter, operettas in spring), Avenue du Théâtre (with café).

Tramways from the rail. station (Jura-Simplon; Pl. D, E, 6) through the Avenue de la Gare and Avenue du Théâtre to the Place St. François; thence by the Place Bel-Air (branch to the Gare d'Echallens), Place de la Riponne (branch to Pontaise), round the city to the Buanderie (to the left, in the Rue de l'Industrie, is the cable-railway to the Signal, p. 263) and the Ecole de Médecine (branch to Chailly), and again to the Place St. François. Another line goes from the Place St. François to Pully and Lutry. Fares 10-35 c. — Omnibus from station to town 1 fr. (cable-tramway, p. 260). — Cabs: with one horse, 1/2 hr., 11/2, with two horses 3 fr.; 1 hr., 3 or 5; 11/2 hr., 4 or 7; 2 hrs., 5 or 9 fr.; from Lausanne to Ouchy 2 or 4, to the rail. station 11/2 and 3, from Ouchy to the rail. stat. 2 or 4 fr.

Booksellers, with lending library, etc.: Benda, Rue Centrale 3; Th. Roussy, F. Payot, both Rue de Bourg; Rouge, Rue Haldimand. — Pianos, music: Foetisch frères, Place St. François 2; Schreiber, Grand-Pont.

English Church, Avenue de Grancy. Scottish United Free Church, Rue Rumine. Wesleyan Church, Rue du Valentin, Place de la Riponne.

British Consul, Mr. Alfred Galland.

Lausanne (1690'; pop. 46,400), the Lausanium of the Romans, now capital of the Canton de Vaud, occupies a beautiful and commanding situation on the terraced slopes of Mont Jorat, overshadowed by its cathedral on one side and its castle on the other. The new quarters are handsome, but the interior of the town, with its hilly and irregular streets, is less prepossessing. The two quarters are connected by the handsome Grand-Pont (135 yds. long), also named Pont Pichard after its builder (1839-44). The valley of the Flon, spanned by the bridge, has been partly filled up and built

over. Lausanne possesses excellent schools. The Collège, founded in 1806, was raised to the dignity of a *University* in 1891, and an imposing new building is now being erected for it.

The \*Cathedral (Pl. E, 2; Prot.), built in 1235-75, and consecrated by Pope Gregory X. in presence of Rudolph of Hapsburg, is a simple but massive Gothic edifice. Since 1875 it has been restored from plans by Viollet-le-Duc (d. 1879). The terrace on which it stands is approached from the Place de la Palud by a new and winding street, or by 160 steps. The church is open in summer on week-days, 9-12 and 1-4; at other hours, adm. 30 c. each person.

Bell for the sacristan by the entrance.

The \*Interior (352' long, 150' wide) is remarkable for its symmetry. The vaulting of the nave, 62' high, is supported by 20 clustered columns of different designs. Above the graceful triforium is another arcade, which serves as a framework for the windows. The choir contains a semicircular colonnade. In the arcades of the choir-ambulatory appears an ancient form of pilaster, a relic of the Burgundian-Romanesque style. The beautiful but sadly damaged rose-window, the sculptured portals, and the carved choir-stalls (completed in 1509) at the S. wall also merit inspection. (The W. portal is being restored; the S. portal was restored in 1884.) Above the centre of the church rises a slender tower (213'), erected in 1874. The finest Monuments are those of Otho of Grandson, who fell in 1398 in a judicial duel with Gerard von Estavayer (hands on the cushion, a symbol of the ban; statue accidentally deprived of its hands); Bishop Guillaume de Menthonex (d. 1406); the Russian Princess Catherine Orloff (d. 1782); the Duchess Caroline of Courland (d. 1783); Henrietta Stratford-Canning (d. 1818), first wife of Lord Stratford de Redcliffe, then minister to Switzerland (by Bartolini); Countess Wallmoden Gimborn (d. 1783), mother of the Baroness Stein, the wife of the celebrated Prussian minister. The wall of the N. transept bears a tablet to Major Davel, executed in 1723 for attempting to free the Vaudois from the dominion of Bern. — In 1536 a famous Disputation took place in this church, in which Calvin, Farel, and Viret participated, and which resulted in the separation of Vaud from the Romish Church and the overthrow of the supremacy of Savoy.

Fine views from the Terrace (1735'), formerly the churchyard, of the town, the lake, and the Alps of Savoy, and (more extensive) from the church-tower (137'); also from the terrace of the old episcopal Palace (Evêché; now cantonal offices), higher up. The Bishop's Hall contains old carved furniture and stained-glass windows.

The Cantonal Museum (Pl. E, 2; free on Wed. and Sat. 10-12 & 1-4, Sun. 11-12 & 1-3; at other times 50 c., two or more pers. 30 c. each), in the Academy near the cathedral, contains natural history collections, a valuable collection of freshwater conchylia, presented by M. de Charpentier (d. 1855), relics from Aventicum (p. 242) and Vidy, the ancient Lausanne, interesting antiquities from lakedwellings, coins, medals, etc. The same building contains the Cantonal Library (120,000 vols.).

The Musée Arlaud (Pl. D, 3; Sun. 11-2, Wed. and Sat. 10-4; at other times 50 c., each pers. more 30 c.), in the Riponne opposite the corn-hall (Halle aux Blés), contains a small picture-gallery.

On the groundfloor is a room with paintings by Bocion. On the staircase: Koller, Cattle-pond. — First Floor. In the room to the left: Domenichino, Joseph's Dream; Carracci, Joseph cast into the pit; Jouvenet, Healing of the

man with the palsy; Gleyre, Execution of Major Davel (see below and p. 262), Adam and Eve, Divico's victory over the Romans, etc. In the room to the right: Anker, New-born child; Calame, Lake of Brienz; Diday, Wellhorn, Fall of the Reichenbach; Girardet, Return from the mountain pasture; Muyden, Hide-and-seek; Vautier, Sabbath morning; Burnand, Bull.

On the Montbenon, a hill immediately to the W. of the town, with its fine avenues and charming view of the lake, is situated the handsome new Tribunal Fédéral (Pl. C, 4, 5), or supreme court of

appeal for the whole of Switzerland, designed by Recordon.

The BLIND ASYLUM (Asile des Aveugles), to the W. of the town (Pl. A, 3), was founded by Mr. Haldimand (d. 1862), who amassed a fortune in England, and Mlle. de Cerjat. — In the Champ de l'Air (Pl. F, 1), to the N.E., the highest point in the town, are the Hôpital Cantonal (250 beds), the Viticole (wine-growing) and

Météorologique stations, and an École d'Agriculture.

The \*Signal de Sauvabelin (2125'), 1/4 hr. above the castle, is a famous point of view. Steam-tramway (p. 261) from the Place St. François, viâ the Place de la Riponne and the Place du Tunnel, to the Buanderie (Pl. E, 1); thence we walk to the left through the Rue de l'Industrie in 2 min. to the station of the cable-tramway (5 min., 1/3 M. long; train every 20 min.; ascent 30 c., descent 20 c., return 40 c.). At the top are the Pavillon-Restaurant du Signal and (2 min. to the N.W.) the \*Hôt.-Pens. du Village-Suisse (p. 261). The view from the top, where there is a trigonometrical pyramid, embraces a great part of the lake, the Diablerets, the Grand Mœveran, etc. Mont Blanc is not visible hence, but is seen from the Grandes Roches (1960'), 1/2 hr. from the town, to the right of the Yverdon road. — Near the Signal is the beautiful Forêt du Sauvabelin, with numerous road. - Near the Signal is the beautiful Forêt du Sauvabelin, with numerous shady promenades.

FROM LAUSANNE TO BERCHER, 15 M., narrow-gauge railway (1 hr. 27 min.). Near (2 M.) Jouxtens-Cery, the second station, is a large lunatic asylum (Asile des Aliénés). 83/4 M. Echallens (2064'; pop. 1089; \*Balances), a thriving little town on the Talent, with an old castle, now a boys, school. — 12 M. Sugnens; 13 M. Fey. — 15 M. Bercher (2065'), a large village pleasantly situated above the valley of the Menture

village, pleasantly situated above the valley of the Mentue.

The slopes rising to the E. of Lausanne are named La Vaux, and yield good wine. Above the station of Pully, on the hillside, is the lofty viaduct crossing the Paudèze (p. 241), below which is the bridge of the Martigny Railway (p. 271); above Lutry (Hôt. de la Ville) is the viaduct near La Conversion, mentioned at p. 241. The amphitheatre of mountains becomes grander as the steamboat proceeds: the Rochers de Verraux, Dent de Jaman, Rochers de Naye, Tour d'Aï, Tour de Mayen, Grand Mœveran, Dent de Morcles, and Dent du Midi; between the last two, to the S., Mont Catogne, and in the back-ground the snowy pyramid of the Grand Combin. — Cully (\*Hôt. de la Ville), the next station, is noted for its wine; on the quay is an obelisk in memory of Major Davel (p. 262), a native of this place. — Then Rivaz-St-Saphorin.

Vevey. - Steamboat Piers: (1) Corsier, to the W., near the Grand Hôtel; (2) Vevey-Marché, at the town itself; (3) Vevey-la-Tour, to the E., near the Grand Hôtel du Lac. — Railway Station (Buffet), on the N. side of the town. For excursions to the E. (Montreux, etc.) the station of La Tour de Peilz (p. 271) is more convenient.

Hotels. \*Grand Hôtel de Vevey, to the W. of the town, on the right hank of the Veveyse, with lift large grounds on the lake swimming and

bank of the Veveyse, with lift, large grounds on the lake, swimming and

other baths, R. 3-10, B.  $1^{1/2}$ , dej.  $3^{1/2}$ , D. 5, pens. from 10 fr. (no pension other baths, R. 3-10, B. 1½, dej. 3½, D. 5, pens. from 10 fr. (no pension in winter); \*Hôtel des Trois Couronnes (Monnet), on the Quai Perdonnet, R. 3-8, B. 1½, dej. 3, D. 5, pens. 6½-15½ fr.; \*Grand Hôtel du Lac, on the Quai Sina, R. 3-6, dej. 3, D. ½½-15½, pens. 7-12 fr., cheaper from Nov. to April; \*Hôt. Mooser (p.266); \*Hôt.-Pens. d'Angleterre, R. ½½-5, B. 1¼, dej. ½½, D. 4, omn. 1¼, pens. 6-10 fr.; \*Hôt.-Pens. du Château, R. 2-4, B. 1, dej. ½½, 'D. 3, pens. 5-7 fr., these two on the quay, with gardens and lake-view; \*Hôt.-Pens. du Pont et Terminus, at the station, with garden, R. 2-3, B. 1, D. 3, S. ½½, pens. 6 fr.; \*Trois Rois, not far from the station, R. 2-4, B. 1, D. 3 fr.; \*Hôt.-Pens. de Famille, opposite the station, R. 1¾-2 fr., B. 80 c., D. 1½, pens. 4-½½ fr.; Hôtel de la Gare, plain.—Pensions. see p. 266. Pensions, see p. 266.

Cafés. \* Café du Lac (Munich beer), Restaurant Bellevue, both on the quay; Café du Théâtre. — Restaurant of the Hôt. d'Angleterre, Quai Sina; Cercle du Léman, with reading-room and a large garden on the lake (open to strangers).

Lake Baths at the W. end of the town, near the Gr.-Hôtel, on the new quay. Warm Baths at Fuchs's, Quai Sina, adjoining the Hôt. du Lac.

Post and Telegraph Office, Place de l'Ancien Port. — Bankers: Crédit

du Léman, Rue du Lac; A. Cuénod-Churchill, Place du Marché 21.

Omnibus from the station to the hotels 20, box 10c.; to La Tour de Peilz 30, box 15c.; to Chexbres from the post-office 1 fr. (see p. 241).—

Cab with one horse Cab with one horse, per drive in the town  $1\frac{1}{2}$ , with two horses 2 fr.;  $\frac{1}{2}$  hr.  $1\frac{1}{2}$  or 2 fr., 1 hr. 3 or 4 fr., for every  $\frac{1}{2}$  hr. more 1 or  $1\frac{1}{2}$  fr.

Electric Tramway from the Grand Hôtel to the town and thence to Clarens, Montreux, and Chillon every 10 min. from 6.30 a.m. (every 20 min.

in the evening), in 1 hr. (fares 10-60 c.). Numerous stations.

Rowing Boats 1 fr. per hr.; with one rower 2, with two rowers 3 fr.; to Chillon 6 or 10 fr.; to St. Gingolph (p. 285) same charges; to Meillerie (p. 285) with two rowers 12, with three rowers 15 fr.

Bookseller, Schlesinger, Hôtel Trois Couronnes (also music, etc.). -Pianos at Ratzenberger's (also at Montreux and Bex); Foetisch frères, Rue d'Italie. — Theatre, Rue du Théâtre, behind the Grande Place, to the right.

English Church at the E. end of the town (p. 265); chaplain, Rev.

G. Akehurst.

Official Enquiry Office, Quai Perdonnet 21.

Vevey (1263'; pop.11,733), Ger. Vivis, the Vibiscus of the Romans, situated mainly on the left bank of the Veveyse, near its influx into the lake, is the second town in the Canton de Vaud, and has considerable manufactories of tobacco, infants' food, and chocolate. It is the scene of Rousseau's famous romance, the 'Nouvelle Heloise' (1761). Vevey commands a beautiful view of the head of the lake, with the mouth of the Rhone and, in the background, the Alps of the Valais, particularly the Mont Catogne (the 'Sugar Loaf') and the mountains near the Great St. Bernard; to the right, the jagged, snow-covered Dent du Midi; to the left, the Dent de Morcles; on the S. bank of the lake, the rocks of Meillerie, overshadowed by the spurs of the Dent d'Oche; and then, to the left, at the foot of the Grammont, St. Gingolph (p. 285). Near the pier of Vevey-Marché are the turreted Château Couvreu (beautiful garden, open to the public; fee to gardener) and the Promenade de l'Aile (band in summer). The Quais Sina and Perdonnet, to the E., with the pier of Vevey-la-Tour, afford a beautiful walk, sheltered from the N. wind.

Ascending the market-place, with the Theatre to the right, and then the Rue de Lausanne, we reach the Railway Station, to the E. of which are the Russian Chapel, with its gilded dome, and the hand-

some Musée Jenisch (paintings and natural history collections, library). The road passing the Russian chapel and crossing the railway leads to the Church of St. Martin, erected in 1498 on a hill outside the town, surrounded by lime and chestnut trees, and commanding a charming, but limited view. Service in summer only (organ-concerts).

In this church repose the remains of the regicides Ludlow ('potestatis arbitrariae oppugnator acerrimus, as the marble tablet records) and Broughton. The latter read the sentence to King Charles ('dignatus fuit sententiam regis regum profari, quam ob causam expulsus patria sua' is the inscription). Charles II. on his restoration demanded the extradition of the refugees, a request with which the Swiss government firmly refused to comply. Ludlow's House, which stood at the E. end of the town, has been removed to make way for an addition to the Hôtel du Lac. The original inscription by himself, 'Omne solum forti patria', was purchased and removed by one of his descendants. A new memorial tablet was erected in 1887 on the Quai Sina.

At the E. end of the town are the Roman Catholic Church and the English Church.

A funicular railway, 1 M. long (station near the Grand Hôtel; hourly trains; 2nd cl. return 2 fr. 10 c., 3rd cl. 1½ fr.), ascends in 24 min. to the \*Mont Pélerin, to the N.W. of Vevey. The intermediate stations are Corseaux, Beaux-Site, and Chardonne-Jongny. The terminus is at Baumaroche (2755'; \*Buffet-Restaurant), with a fine view of the upper part of the lake, the Rhone valley, and the Savoy Mts. Forest-paths lead thence to the summit (3555') in 3/4 hr., and to Chexbres (p. 241).

The château of Hauteville (1650'), 2 M. to the N.E. of Vevey, with an

admirably kept park, commands a beautiful view from the terrace and the temple (fee to the gardener). In the same direction, 2 M. higher, is the mediæval château of Blonay (2118'), which has belonged to the family of that name for centuries. The road from Hauteville to Blonay passes through the villages of St. Légier and La Chiésaz, several houses in which are adorned villages of St. Légier and La Chiésaz, several houses in which are adorned with clever sketches by A. Béguin, a native of the place, now an artist in Paris. In returning we may descend by a path to the right beyond the bridge (finger-post: 'Montreux 5 kil'.) to the road below, which leads to (1 M.) Chailly (p. 266), the bridge of (1 M.) Tavel, below the Château des Crêtes (see below), and (1/4 M.) the Clarens station. — About 1 hr. to the N.E. of Blonay are the Pléiades (4475'), a famous point of view, commanding the Lake of Geneva, Mont Blanc, etc. (auberge 20 min. from the top). At the E. base of the Pléiades, 3/4 hr. from the top, are the small sulphur-baths of L'Alliaz (3428'; Pens. des Bains, 41/2 fr.; Pens. Cochard, 4-5 fr.). L'Alliaz is 6 M. by road from Vevey, a drive of 11/2 hr. (carr. and pair 25 fr.).

To the Signal de Chexbres, see p. 241; from Chexbres a new road, the \*Corniche du Léman, skirts the hillside (beautiful views) and descends by

To the Signal de Chexbres, see p. 241; from Chexbres a new road, the \*Corniche du Léman, skirts the hillside (beautiful views) and descends by Epesses to (3<sup>3</sup>/<sub>4</sub> M.) Lutry (p. 263). — To Châtel St. Denis (p. 279) roads lead on both banks of the Veveyse (9 M.; electric tramway projected). — To the Mont de Gourze (3050'), from Cully (p. 263) 1<sup>1</sup>/<sub>2</sub> hr.; to Jongny (Hôt. Bellevue; Hôtel de l'Union), 1 hr. to the N. of Vevey (funicular railway, see above), etc. — To St. Gingolph (p. 285; 1<sup>1</sup>/<sub>2</sub> hr. by boat), on foot to Novel, and thence to the top of the Blanchard (p. 286). — To Fribourg, see R. 62.

On the lake, to the E. of Vevey, lies La Tour-de-Peilz (pop. 2422), with its numerous villas, founded by Peter of Savoy in the 13th century. The château of M. Sarrasin, which contains a collection of ancient weapons and furniture, was partially destroyed in 1719.

Farther on, 3 M. from Vevey, lies the village of Clarens, immortalised by Rousseau. On a height to the N.W. rises the Château des Crêtes (1498'), with its pleasant grounds, and a beautiful view

from the terrace (visitors admitted by the gardener in the absence of the owner). Adjoining it is a chestnut copse, called the 'Bosquet de Julie'; but Rousseau's 'Bosquet' has long since disappeared. Splendid view from above Clarens, near the churchyard; at Tavel (p. 265), 1/4 hr. to the N., is the old château of Châtelard (1645'; no admission). To the S.W., in the lake, opposite the Villas Dubochet (see below), is the Roche des Mouettes, an artificial island with gardens.

Pensions (p. xix) abound on this favourite S.E. bay of the Lake of Geneva. The best-known are here mentioned in their order from Vevey.

Charges often raised in the busy season.

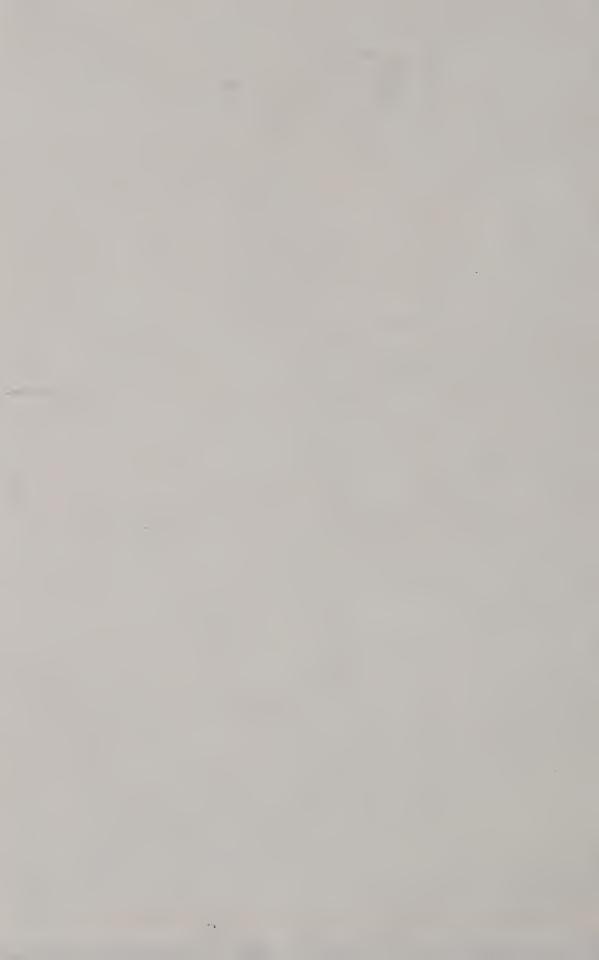

At Vevey: \*Hôt.-Pens. du Château, see p. 264; \*Pens. Beau-Séjour, with garden and view, suitable for ladies, 5-3 fr.; \*Hôt.-Pens. Mooser, at Chemenin, 10 min. above Vevey, charming view (7-10 fr.); Pens. Florentine; \*Hôt.-Pens. Comte, 5-9 fr.; \*Pens. des Alpes; Pens. Roy (4 fr.). — At St. LÉGIER, 3 M. above Vevey (see p. 265): \*Pens. Richemond (English landlady; 5 fr.): Pens. Réguin — At BLONAY (11/2 hr. 100 p. 265): Pens. Veune Frances. 5 fr.); Pens. Beguin. — At BLONAY (11/2 hr.; see p. 265): Pens. Veuve Francey.

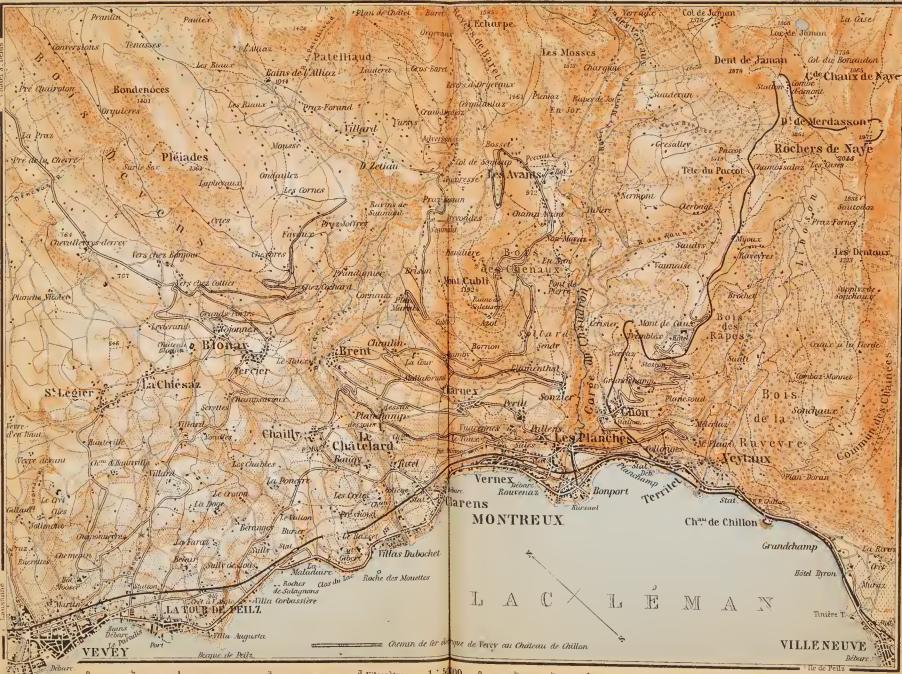

Near Clarens, 'Au Basser': \*Hôt.-Pens. Ketterer, sheltered (6-8 fr.); lake-baths adjacent. This is the beginning of the region which, being sheltered from the 'Bise' or bitter N. wind, is often recommended to persons with delicate lungs as a winter-residence. The gay cluster of 22 villas near Clarens was built and fitted up by M. Dubochet of Paris (d. 1877), at a cost of 2½ million francs. They now belong to Mr. J. Guichard, and are let furnished for 3 months or upwards at rents varying from 4000 to 8000 fr. per annum (apply to the 'régisseur', at Villa No. 6). — At CLARENS: on the left, Hôt.-Pens. Moser (5-6 fr.); on the right, Hôt.-Pens. Verte-Rive (5-7 fr.); on the left, \*Pens. Sans-Souci (5-6 fr.); on the right, \*Hôtel Roth, with a garden on the lake (6-7 fr.). At the station: \*Hôt.-Pens. des Crêtes (5-6 fr.); \*Hôt.-Pens. du Châtelard (5-7 fr.). — At Baugy (1545'), 10 min. above Clarens, Pens. Baugy (41/2 fr.). At CHAILLY (1600'), 6 min. farther on, \*Hot.-Pens, Mury, with garden (4-5 fr.); Pens. la Colline (4-41/2 fr.). At CHARNEX (1925'). 11/2 M. above Clarens, Hôt.-Pens. Dufour. At CHAULIN: \*Réunion des Amis, unpretentious.

Between Clarens and VERNEX (all on the lake): to the left, \*Royal Hotel, with pleasant garden (R. 4-8, B. 1½, dej. 3, D. 4, pens. 7-12 fr.); \*Hôt.-Pens. Mirabeau (5½-8 fr.); to the right, \*Pens. Clarenzia; \*Hôt. Continental, with garden on the lake, R. 3½-10, B. 1½, dej. 3½, D. 5, pens. 8-16 fr.; \*Hôt.-Pens. Lorius (two houses; 7-12 fr.), with fine garden.

At Montreux. To the left of the pier: \*Grand-Hôtel Monney et Beau-Séjour, R. 3½-5, B. ½, déj. 3, D. 4, pens. 7-12 fr.; \*Cygne, with three dépendances and a garden on the lake, R. 4-6, déj. 3, D. ½, pens. 10-15 fr.; dépendances and a garden on the lake, R. 4-6, déj. 3, D. 4½, pens. 10-15 fr.; \*Pens. Pilivet, pens. 6½ fr., with garden on the lake; \*Hôt.-Pens. Suisse, on the left side of the road, with a garden on the lake, R. 2½-4, B. 1¼, déj. 3, D. 3½, pens. from 6 fr. At the station, \*Hôt.-Pens. Bellevue, 5-7 fr.; \*Hôtel de la Gare, R. 2-3, B. 1¼. D. 3 fr.; \*Hôt. de la Paix, with terrace, R. 2½, B. 1, D. 3, S. 2½, pens. 6-7 fr.; Hôt. Victoria & Pens. Barbier, pens. 6 fr.; Hôt. Terminus; Hôt. de l' Europe; \*Hôt. de Montreux. R. 2-2½, B. 1, D. 2½, S. 2, pens. 5-7 fr.; \*Hôt. Central, R. 1½-2, B. 1, D. 2, pens. 4-5 fr.; Pens. Depallens, ¼½-7 fr.— In the Avenue de Belmont, 12 min. to the N. of the station, \*Hôt. Château Belmont, with open view, R. 3-10, B. 1½, déj. 3, D. ¼½, pens. 7-12 fr.— By the pier, Hôt. Métropole, R. 2-3, B. 1, D. 2½, pens. 6 fr.; Hôt.-Restaurant Tonhalle, for single gentlemen, R. 2, B. 1 fr.; \*Hôt. du Parc & Restaurant Nicodet (see below), R. 2½-3½, B. 1¼, D. 2½ fr.— Beer at the Tonhalle, Café des Alpes, and Nicodet's (all near the pier); also at the Café de Clarens and the Buffet de la Gare at Territet.— Confectioners: Zürcher, near the Cursaal.— Enquiry Office, opposite the Cursaal.— English Physicians: Dr. Tucker Wise, Villa Champod, Bon Port; Dr. Gamgee, Avenue du Cursaal 5.— American Dentist: J. J. Patterson, Dr. Gamgee, Avenue du Cursaal 5. — American Dentist: J. J. Patterson, Grand' Rue 74. — Chemists: Buhrer at Clarens; Engelmann at Territet; Rouge, Rapin, and Schmidt at Montreux. — Booksellers: Schlesinger, Faist. Reading Rooms and Lending Libraries at Benda's and Faist's. — Boarding

and Day School for Girls (highly recommended): Mile. Helene Guenther, Ave. du Cursaal 17. — Visitors' Tax (after a week's residence): one pers. 1, 1½, or 2 fr. per week, two pers. 1½, 2½, or 3, three pers. 2, 3½, or 4 fr. The visitor receives a ticket admitting him to the Cursaal, but a special

ticket is required for balls, concerts, theatrical performances, etc.

In Bonport, on the Territet road (where the Cursaal is on the right; music daily at 3 and 8 p.m.; adm. 1 fr.; weekly subscription, see above), on the lake, farther to the S.E.: on the right, \*Hôt. International, R. 21/2-5, B. 11/2, déj. 3, D. 4, pens. 6-14 fr.; Hôtel du Léman, Hôt. des Palmiers, R. 21/2-5, B. 11/2, déj. 21/2, D. 31/2, pens. from 7 fr.; Hôtel Richemond & Pension des Fougères (6-12 fr.); on the left, \*Hôt. de Paris, R. 3-5, B. 11/4, pens. 71/2-12 fr.; Hôt. Pens. Maison Blanche; \*Pens. Villa Wilhelma (4-61/2 fr.), a religious estab-Hôt. Pens. Maison Blanche; \*Pens. Villa Wilhelma (4-61/2 fr.), a religious establishment for ladies; \*Hôt.-Pens. des Bains, by the Cursaal, quietly situated, on the lake, with baths, R. 21/2-5, B. 11/4, D. 3, S. 21/2, pens. from 6 fr.; \*Hôtel National, with a terrace high above the lake, R. 3-6, déj. 3, D. 41/2, pens. 8-15 fr. On the right, Hôt.-Pens. Beaurivage, R. 21/2-6, B. 11/4, déj. 3, D. 4, pens. from 61/2 fr.; \*Hôt.-Pens. Breuer, R. 4-6, B. 11/4, déj. 3, D. 4, pens. 7-15 fr., both with gardens on the lake; \*Pens. Villa Elisabeth (5-8 fr.); \*Hôt.-Pens. Bonport (R. 31/2, déj. 21/2, pens. 7-14 fr.). The last five, 1/2 M. from the Montreux station and 1/2 M. from the Territet station, command a fine view. To the left, higher up, \*Hôt. de Hollande, R. 21/2-6, déj. 3, D. 4, pens. from 61/2 fr. — In the village of Les Planches, 1/2 M. from the lake and the station (rack-and-pinion railway, see below): \*Hôt.-Pens. lake and the station (rack-and-pinion railway, see below): \*Hôt.-Pens. Vautier (6-10 fr.); \*Pens. Visinand (5-8 fr.); \*Hôt.-Pens. St. James (formerly Mooser; 5½-7½ fr.); \*Hôt.-Pens. Biensis (5-7 fr.), all with view.

At Territet (just to the E. of stat. Territet-Glion): \*Grand Hôtel et Hôt. des Alpes, R. 4-10, déj. 31/2, D. 5, pens. 9-17 fr., an extensive establishment with handsome rooms, cold-water cure, and terraced grounds with a fine view. \*Hôtel Mont-Fleuri (1980'), finely situated 20 min. higher up, with grounds, R. 2-6, B. 1½, déj. 3, D. 4, pens 6-12 fr.; Sanatorium and Hydropathic La Colline (2130'; Dr. Widmer; pens., incl. medical attendance, 15-22 fr.). — To the left, \*Hôtel d'Angleterre, 6-8 fr.; to the right, \*Hôt. Bristol, R. 3-5, B. 1½, déj. 3, D. 4, pens. 6-9 fr.; \*Hôt.-Pens. Richelieu, R. 3-4½, B. 1½, déj. 3, D. 3½, pens. 6½-10 fr., with garden and view.

At Veytaux: \*Hôtel Bonivard, R. 3-5, déj. 3, D. 4, pens. 7-12 fr.; \*Hôt.-Pens. Masson, higher up, 5-7 fr.; \*Hôt.-Pens. Chillon, near the castle, with café-restaurant, R. 2-3, B. 11/4, D. 3, S. 21/2, pens. 51/2-8 fr. — Between Chillon and Villeneuve, the handsome \*Hôtel Byron, recently refitted and finely situated, R. 4-7, B. 11/2, déj. 31/2, D. 5, pens. 8-15 fr. (omnibus from the Villeneuve station, p. 271).

At Glion (1970'; cable-railway, see p. 268): \*Hôtel du Righi-Vaudois, R. 3-10, B. 11/2, déj. 31/2, D. 5, pens. 8-15 fr.; \*Hôtel-Pension Victoria, R. 3-8, B. 11/2, déj. 31/2, D. 5, pens. from 8 fr.; \*Hôt.-Pens. de Glion (6-8 fr.); \*Hôt. Bellevue, R. 21/2-4, B. 11/4, déj. 2, D. 4, pens. 6-9 fr.; Hôt. du Parc, all with gardens; \*Hôt.-Pens. Champ-Fleury (from 6 fr.); Hôt.-Pens. du Midi. All these are usual News (a. 2009). \*Grand-Hôt. de Naye (p. 268).

Most of these pensions receive passing travellers at hotel-charges, but in autumn they are generally full. The GRAPE CURE begins at the end of September and lasts a month. The Narcissus Festival, celebrated at Mon-

treux in May, is a pretty sight.

English Church at Territet, daily services from Oct. to June; three services on Sun. during the whole year; chaplain, Rev. P. Menzies Sankey. Subscription library in the Parish Room ('St. John's Institute') next the church. — Christchurch at Clarens on the road to Vernex; chaplain, Rev. A. Vandeleur Carden, M. A.; services at 8 a.m., 10.30 a.m., and 4 p.m. There is also an English Church at Glion in the Hôtel Victoria. - Presbyterian Church at Montreux-Vernex, Rue de la Gare 24 (Sun. 10.30 a.m. and 4 p.m.); minister, Rev. Wm. Milne, M. A.

Clarens, Charnex, Vernex, Glion, Colonges, Veytaux, and the other villages which lie scattered about, partly on the lake and partly on

the hillside, are collectively called Montreux (pop. 14,000). The parish of Montreux, which extends to the Dent de Jaman, is divided into three parts, Le Châtelard, Les Planches, and Veytaux, by the brook (Baye) of Montreux and the Verraye. The central point is the town of Montreux-Vernex, on the lake, with railway-station and pier, quays with gardens, a large covered market on the lake, and, 5 min. to the S., a Cursaal, with pleasant grounds (see p. 267), opposite which is the Roman Catholic Church, in the Romanesque style. About 1/2 M. higher up, at the foot of the hill, lies the village of Les Planches, separated from Sâles, to the W., by the Baye de Montreux, which descends from the Gorge du Chauderon (see below) and is spanned by the handsome \*Pont de Montreux, 100' high (electric cable-line from the Cursaal in 5 min.). Above Les Planches rises the quaint old Church of Montreux, the shady terrace in front of which commands a superb and far-famed \*View. On the terrace is a bust of Dean Bridel (1757-1845), a popular author, who was pastor at Montreux. — The house in which Byron lived in 1816, in the Rue du Lac, 100 yds. to the W. of the pier, is denoted by a tablet.

EXCURSIONS FROM MONTREUX (electric tramway from Chillon to Vevey, see p. 264). Chief excursion to \*Glion and the Rochers de Naye. To Glion (2270'; Hotels, see p. 267) a cable-tramway ('Chemin de fer funiculaire') ascends in 9 min., starting from the Territet-Glion station on the Jura-Simplon Railway (21 trains daily; fare 1, return-ticket 1½ fr.). The line, constructed by Hr. Riggenbach, is about 750 yds. long, the maximum gradient being 1:1¾. At the top is a Buffet-Restaurant, which commands a delightful survey of the upper end of the Lake of Geneva and the mountains enclosing it. — Pleasant drives may also be taken from Montreux to (1 hr.) Glion, and from Glion to (1¼ hr.) Caux and (1½ hr.) Les Avants. Carriages behind the Hôt. du Righi at Glion.

\*From Glion to Naye, 4½ M., rack-and-pinion railway in 1⅓ hr. (returnfare 10½ fr.; from Territet to Naye and back 12 fr.; combined ticket, including return railway fare and R., S., & B. at the hotel, 20 fr.). The station adjoins that of the 'Funiculaire' to the right. The line is carried under the houses of Glion by a tunnel, beyond which, to the left, we look down into the deep Gorge du Chauderon (p. 269); above are the village of Sonzier and the reservoir of the Montreux electric works. We ascend through meadows and pass over a viaduct, enjoying a fine view to the left of Montreux and the Lake of Geneva and of the large Hôtel des Avants below us (p. 269). Ascending more rapidly, we pass through a cutting and the curved tunnel of Tremblex (147 yds. long) to the S. side of the ridge and the (1¼ M.) station of Caux (3457; buffet). Above is the \*Grand Hôtel de Gaux (3610'; R. 3-10, B. 1½, déj. 3½, D. 5, board 7½ fr.; Engl. Ch. Serv.), commanding a splendid view of the lake and the Alps. — We now skirt the N. end of the valley of the Veraye (to the right, the Dent de Merdasson and the Rochers de Naye) and beyond the chalets of Mijoux (4250') pass again to the N. side of the ridge, where the conical Dent de Jaman (see below) suddenly appears. The line ascends rapidly to the ridge (593') between Jaman and Naye, and passes through a tunnel (82 yds.) to the (3³/4 M.) station of Jaman (5708'; buffet), in the sequestered Combe d'Amont, at the foot of the Dent de Jaman (6160'; ascent in ½ hr., attractive). To the left below is the small Lac de Jaman (5144'; to the Col de Jaman, see p. 280). Farther on we are carried over a narrow arête, commanding the Lake of Geneva to the right and the mountains of the Gruyère to the left. We then pass through the rocks of the Rochers de Naye by a tunnel (6055'; 267 yds.), and ascend round the uppermost valley (Plan des Fontaines) to the (4¹/2 M.) station of Naye (6485'; \*Grand Hôtel, R. 3-6, B. 1¹/2,

D. 4, S. 31/2, pens. 8-12 fr.), 230' (10 min.) below the summit of the \*Rochers de Naye (6710'). The splendid view (panorama 1 fr. 80 c.) commands the Bernese Alps (Wetterhorn, Eiger, Mönch, Jungfrau, Finsteraarhorn), the Alps of the Canton de Vaud (Diablerets, Grand-Mæveran, Tour de Mayen, and Tour d'Ai), part of the Valais (Grand Combin, Dent du Midi) and Savoy Alps (Aiguille d'Argentière, Aig. Verte), and the whole Lake of Geneva. Close to the hotel is the Jardin Alpestre of the Montreux Botanical Society (adm. 30 c.).

PEDESTRIANS reach the summit viâ Glion and the Mont de Caux in 4-5 hrs. From Caux (p. 268) a new path leads viâ Crét d'y Bau and Recourbes to Les Sotodoz (5970') and thence by the S.E. slope to the (1/2 hr.) top. Another attractive path leads from Veytaux via the Mont Sonchaux and Les Dentaux to Sotodoz and the top. The descent may be made from

Jaman to (2<sup>1</sup>/<sub>2</sub> hrs.) Les Avants (see below).

To the \*Gorge du Chauderon, a wooded ravine between Glion and Sonzier, watered by the Baye de Montreux (p. 268). From the bridge of Montreux to the head of the gorge and back, 1 hr., or returning by Glion, 2 hours. — Les Avants (3180'; \*Grand Hôtel des Avants, pens. 71/2-14 fr.; \*Hôt. de Jaman, pens. 6-10 fr.; English Church), a charmingly situated health-resort for both summer and winter, lies 13/4 hr.'s drive from Montreux via Charnex and Chaulin (diligence from Montreux railway-station twice daily in 2 hrs., returning in 1 hr.; carriage with one horse 12, with two horses 20 fr.; railway under construction). Les Avants may also be reached by the beautiful new road viâ Glion in 2 hrs., or on foot through the Gorge du Chauderon, or viâ Sonzier (Maison Blanche, moderate) in 1½ hr. The fields of narcissus at Les Avants are a lovely sight in early summer. From Les Avants to the top of Mont Cubli (3910'), with charming view (comprising Mont Blanc), 1 hr. (from Mont Gubli (3910'), breather and (6160') win the Col. de Laman (n. 280), 21/2 hrs. etc.—By Chauner and (6160'), viâ the Col de Jaman (p. 280), 21/2 hrs., etc. — By Charnex and Chaulin, or viâ Les Avants and the Col de Sonloup to the Bains de l'Alliaz and the Pléiades (4475'), returning by Blonay (p. 265), 6 hrs. — By Aigle to the Ormonts, see R. 67. — To Villars, see p. 272. — To the Pissevache and Gorges du Trient (p. 275) by railway, and back, in one day. — Ascent of the Grammont, see p. 286.

Stat. Territet-Chillon (\*Hôt. des Alpes, etc.; see p. 267), opposite the railway-station of Territet (p. 271). The \*Castle of Chillon, with its massive walls and towers, 3/4 M. from the pier and 1/4 M. from stat. Veytaux-Chillon), stands on an isolated rock 22 yds. from the bank, with which it is connected by a bridge. Above the entrance (adm. 50 c., free on Sun. afternoon; tickets at the entrance; closed 12-1.30 and after 7p.m.) are the arms of the Canton de Vaud. The interior has lately been thoroughly restored and somewhat altered and is used as a historical museum and a depository for archives.

> 'Chillon! thy prison is a holy place, And thy sad floor an altar, — for 'twas trod, Until his very steps have left a trace, Worn, as if the cold pavement were a sod, By Bonivard! — may none those marks efface, For they appeal from tyranny to God.'

The poet quoted has invested this spot with much of the interest which attaches to it, but it is an error to identify Bonivard, the victim to the tyranny of the Duke of Savoy, and confined by him in these gloomy dungeons for six years, with Byron's 'Prisoner of Chillon' (composed by him in the Anchor Inn at Ouchy in 1817). The author calls his poem a fable, and when he composed it he was not aware of the history of Bonivard, or he would, as he himself states, have attempted to dignify the subject by an endeavour to celebrate his courage and virtue. Francis Bonivard was born in 1496. He was the son of Louis Bonivard, Lord of Lune and at the age of sixteen inharited from his angle the right. Lune, and at the age of sixteen inherited from his uncle the rich priory

of St. Victor, close to the walls of Geneva. The Duke of Savoy having attacked the republic of Geneva, Bonivard warmly espoused its cause, and thereby incurred the relentless hostility of the Duke, who caused him to be seized and imprisoned in the castle of Grolée, where he remained two years. On regaining his liberty he returned to his priory, but in 1528 he was again in arms against those who had seized his ecclesiastical revenues. The city of Geneva supplied him with munitions of war, in return for which Bonivard parted with his birthright, the revenues of which were applied by the Genevese to the support of the city hospital. He was afterwards employed in the service of the republic, but in 1530 fell into the power of his old enemy, the Duke of Savoy, who confined him in the castle of Chillon. In 1536 he was liberated by the Bernese and Genevese forces under Nögelin, and returning to the republic, he spent the rest of his life as a highly respected citizen. He died in 1570 at the age of 74 years.

It is a historical fact that in 830 Louis le Débonnaire imprisoned the Abbot Wala of Corvey, who had instigated his sons to rebellion, in a castle from which only the sky, the Alps, and Lake Leman were visible (Pertz, Monum. ii. p. 556); this could have been no other than the Castle of Chillon. Count Peter of Savoy improved and fortified the castle in the 13th cent., and it now stands much as he left it. The strong pillars in the vaults are in the early-Romanesque style, and belonged to the original edifice. The Counts of Savoy often resided in the castle, and it was afterwards converted into a state-prison. — A fine effect is produced by the beams of the setting sun streaming through the narrow loopholes into these sombre precincts, which are now lighted by two small electric lamps. Among the names on the pillars are those of Byron, Eugène Sue,

George Sand, and Victor Hugo.

Between Chillon and Villeneuve is the Hôtel Byron (p. 267). The He de Peilz, an islet  $\frac{1}{3}$  M. to the W. of Villeneuve, was laid out and planted with three elms a century ago, and recalls Byron's lines: —

> 'And then there was a little isle, Which in my very face did smile, The only one in view.'

In the E. bay of the lake, 11/2 M. from Chillon, lies Villeneuve (\*Hôt. du Port, R. 2, B. 1 fr., plain; Hôt. de Ville), a small and ancient walled town (1741 inhab.), the Pennilucus of the Romans. (Railway-station, see p. 271.)

Footpath to Montbovon (p. 280) over the Col de la Tinière (5340') in  $4^{1/2}$  hrs., to Château-d'Œx (p. 280) in 6 hrs.

RAILWAY JOURNEY. (The so-called 'Tramway Trains' between Geneva, Nyon, and Lausanne stop at a great many wayside stations.) - Geneva, see p. 244. The train runs high above the lake, overlooking the hills on the E. bank with their numerous villas, above which rises the long ridge of the Voirons and in clear weather Mont Blanc. 21/2 M. Chambésy (station for Pregny, p. 255); 4 M. Genthod-Bellevue; 5 M. Versoix (p. 258);  $8^{1}/_{4}$  M. Coppet (p. 258). At  $(10^{1}/_{2}$  M.) Céligny the Dôle (p. 259) becomes visible to the left. Near (131/2 M.)Nyon (p. 258) is the tramway-station Bois-Bougy (\*Pens. Château de Bois-Bougy, 5-6 fr.). Farther on the line skirts Prangins, with its château, and then quits the lake. Near (16 M.) Gland the train crosses the Promenthouse (p. 259).

About 2 M. to the N. of Gland (omn. 4 times daily in 25 min.; one-horse carr. 5 fr.) is the large village of Begnins (1765'; Pens. Cuendet; Pens. Piquet-Mury, unpretending), a prettily situated summer-resort. — The village of Arzier (2895'; Pens. Dorier, 4 fr.), situated on the slopes of the

Jura, 5 M. from Gland and 71/2 M. from Nyon (carr. 6, with two horses 10 fr.), is another summer-resort, commanding beautiful views, best from  $(1^1/2$  M.) the Villa La Violette (road to St. Cergues, 3 M., see p. 259).

191/2 M. Gilly-Bursinel; 21 M. Rolle (p. 259). To the left is the Hôtel du Signal de Bougy, close to the fine point of view of that

name (electric railway, see p. 259). — 24½ M. Allaman.

FROM ALLAMAN TO GIMEL, 6 M., electric tramway in ¾ hr. viâ (2 M.)

Aubonne (1650'; \*Couronne), an old and picturesque little town (1727 inhab.) with attractive public gardens and promenades. About  $^{3}/_{4}$  M. to the S.W., and  $^{1}/_{2}$  M. from the station of Allaman, lies the finely situated château of Trévelin (1650; Hôt. & Pension, 5-7 fr.). — From Montherod (1925'), the next station, the \*Signal de Bougy (p. 260) may be reached in 1/2 hr. The tramway goes on through wood, via La Fouly and Le Prunier-Saubraz, to (6 M.) Gimel (p. 260).

The train crosses the Aubonne and returns to the lake. 27 M. St. Prex; the village lies on a promontory below, to the right. From (30 M.) Morges (p. 260; station 8 min. from the pier) Mont Blanc is seen in all its majesty in clear weather, but soon disappears. In the distance, to the N.W., above the valley of the Morges, which the train crosses here, is the château of Vufflens (p. 260).

The line leaves the lake, crosses the Venoge, and joins the Neuchâtel railway (p. 235). 35 M. Renens (Hôt. de la Gare; Hôt.

Mont-Blanc).

371/2 M. Lausanne (\*Rail. Restaurant), see p. 260.

The train (views on the right) skirts the lake the greater part of the way to Villeneuve. We cross the Paudèze by a handsome bridge (above which, to the left, is the lofty nine-arched viaduct of the Freiburg line, p. 241), pass through a short tunnel, and skirt the vine-clad slopes of Lavaux (p. 263). 391/2 M. Pully; 401/2 M. Lutry.

From (43 M.) Cully (p. 263) to (46 M.) Rivaz-St-Saphorin the train runs close to the lake, then it quits it, and crosses the Veveyse. 49 M. Vevey (Buffet; p. 263); 50 M. La Tour de Peilz (p. 265); 51 M. Burier. Beyond a tunnel we obtain a fine view of Montreux, Chillon, and the E. bay of the lake. 52 M. Clarens (p. 266).

53 M. Montreux - Vernex (p. 266), beyond which we again approach the lake. 531/2 M. Territet (Café-Restaurant, and small bazaar) is the starting-point of the cable-tramway to Glion (p. 268).

54 M. Veytaux-Chillon (p. 267), 1/4 M. from the castle.

56 M. Villeneuve, p. 270. The train enters the broad and somewhat marshy Rhone Valley, flanked with high mountains. The Rhone flows into the lake 3 M. to the W., near Bouveret. Its grey waters, the deposits of which have formed an extensive alluvial tract, present a marked contrast to the crystalline azure of the same river where it rushes through the bridges at Geneva.

The first station in the Rhone Valley is (591/2 M.) Roche. Part of the mountain near Yvorne (1560'), to the left, was precipitated on the village by an earthquake in 1584. Excellent wine is grown in the gorge ('Crosex-Grille' and 'Maison Blanche' or 'Clos du Rocher'). To the right towers the jagged Dent du Midi (p. 287).

62 M. Aigle — \*Grand Hôtel, 1 M. above Aigle in the valley of the Grande-Eau (electric tramway from the station in 10 min., 25 c.), with extensive grounds, suitable for a prolonged stay, R. 3-10, B. 1½, dej. 3½, D. 4½, pens. 8-14 fr. — \*Hôt.-Pens. Beau-Site, at the station, with garden, R. 2-3, B. 1¼, dej. 2½, D. 3½, pens. 6-8 fr. — Hôt.-Pens. Victoria, next the post-office, 3 min. from the station, R. 2-2½, dej. 2½, D. 3½, pens. 5-7 fr.; Hôt. du Nord unpretending. — Bierhalle opposite the station. — Carriages at Lenoir's, near the station. — English Church (St. John the Evangelist).

Aigle (1375'; pop. 3873), a small town with a large château, is prettily situated on the turbulent Grande-Eau.

The *Plantour* (1604'), a wooded hill ½ hr. to the S., with grounds, affords charming views of the Rhone Valley.

From Aigle to Leysin, 4½ M.. electric railway in 50 min. (fare 4 fr. 10, descent 3 fr. 10, return-fare 5 fr. 75 c.). Starting from the railway station, the tramway intersects the town and crosses to the right bank of the Grande-Eau, where the rack-and-pinion section begins. The line ascends through vineyards, threading a short tunnel above Fontanney, and farther on traverses wood. Several brooks descending from the hillside are crossed by means of a tunnel and viaducts. Beyond the wooded region the line passes near the village of Leysin (4110'; Pens. Cullaz et du Chalet, 5-6½ fr.), situated ¼ M. to the right, and ascends across pastures to the terminal station of Leysin (4690'; \*Grand Hôtel Sanatorium, pens. 10-16 fr.; \*Sanatorium du Mont-Blanc, pens. 11-19 fr.; Pens. Les Chamois; Engl. Ch. Serv.), a resort of consumptive patients, in a sheltered situation. Splendid view towards the S. Pretty walks near the hotels; excursions to (¾ hr.) Prafandaz (5195'), with view of the Lake of Geneva, and to the Lac d'Ai (6300'; 2½ hrs.; fatiguing), at the foot of the Tour d'Ai (see below). — From the station of Leysin to Le Sepey (p. 278) 4 M., road viâ the village of Leysin and Les Crêtes (diligence in 1½ hr., ascent in 2 hrs.).

From Aigle a winding road (diligence daily in  $2^{1}/_{4}$  hrs.; one-horse carr. 9, two-horse 16 fr.) leads to the N.W. over vine-clad hills and through woods, viâ Yvorne (p. 271), Vers-Morey, and Vers-Cort, to  $(5^{1}/_{2} \text{ M.};$  footpath in  $1^{1}/_{2}$  hr.) Corbeyrier (3045'; \*Hôt.-Pens. Victoria, 230' above the village, pens. 6-10 fr.), a village in a sheltered situation, with fine views. The signal on Mont Champillon (3020';  $1/_{4}$  hr.) overlooks the Rhone Valley from St. Maurice to the Lake of Geneva; more extensive view, from the plateau of Les Agites (4997'; road,  $1^{3}/_{4}$ -2 hrs.). The Tour de Mayen (7628'), from Corbeyrier by the Alp Luan and Alp Ai in  $3^{1}/_{2}$ -4 hrs., and the Tour d'Ai (7657'; 4 hrs.) are easy and attractive ascents.

About 9 M. above Aigle, to the E., lies VILLARS, now more easily reached from Bex by the electric tramway viâ Gryon (see p. 278). The road to Villars leads viâ (2½ M.) Ollon (see below) and then ascends (shortcuts for walkers), passing La Pousaz, Huemoz, and Chesières (see below). A shorter route from Aigle for pedestrians passes the Grand Hôtel and then ascends abruptly, for the most part through wood, viâ Panex and Les Ecovets, to (2½ hrs.) Chesières. Carriage from Aigle viâ Ollon and Chesières to Villars (a drive of 3 hrs.) 18, with two horses 30 fr., down 25 fr., and fee; diligence twice daily in 4½ hrs., returning in 2½ hrs.; fare 3 fr. 75 c.

FROM AIGLE TO THE ORMONTS, see p. 278; diligence to Le Sepey thrice daily in 3 hrs., to Diablerets in 5 hrs.; one-horse carr. to Le Sepey 10 fr., to Diablerets 15 fr., gratuity 1 fr.

Near (65 M.) Ollon-St-Triphon, on the left, rises a wooded hill with an ancient tower. The village of St. Triphon lies on the E. slope of a hill, 1 M. from the line; Ollon is on another hill, to the N.E. (Road to Villars 61/2 M., see above.) To the left tower the Grand Mœveran and the Dent de Morcles.

67 M. Bex. — Hotels (usually open from April to the end of Oct.): \*Grand Hôtel des Salines, with salt and other baths, hydropathic establishment, etc., in a fine sheltered situation, 2 M. from the station, R. 2-12, B. 1½, déj. 3, D. 4, pens. 7-12, omnibus 1 fr. (in August the visitors are almost exclusively French); \*Hôt.-Pens. Villa des Bains, pens. 5-8 fr.; \*Grand Hôtel des Bains, R. 2-4½, B. 1¼, déj.2½-3, D. 4, pens. 6-10 fr.; \*Hôt.-Pens. des Alpes (open all the year round), R. 2-2½, B. 1, D. ½½, S. 2, pens. 5-6 fr.; \*Hôt.-Pens. Crochet, 5-7½ fr.; \*Union, pens. from 5 fr.; Restaurant de la Gare, with rooms. At Chiètre near Bex: \*Pens. Moesching, 4-4½ fr. — English Church, opposite the Gr. Hôt. des Bains.

Bex (1427'; pop. 4540; pron. Bay), pleasantly situated on the Avançon, and affording many beautiful walks, lies  $^{3}/_{4}$  M. from the station (electric tramway to the market-place 10 c., to the Hôt. des Salines 25 c., to Bévieux 30 c.). It is a favourite resort in spring; and in autumn it is frequented by patients undergoing the 'grape-cure'.

Fine view from Le Montet, a hill to the N. (1/2 hr.), from the Buet, and from the Tour de Duin, a ruin on a wooded hill (3/4 hr. to the S.E.). — The Salt Works of Bévieux, 3 M. to the N.E., are reached by a shady road of gradual ascent (electric tramway, see above). The salt mine (Au Bouillet), the saliniferous anhydrite of which is treated by soaking in fresh water, is reached on foot from the salt-works in 3/4 hr. The brine, containing 27 per cent of salt, is led in pipes to the salt-works. The visit takes 2-3 hrs. (guide 4-5 fr.). In the wood at the back of the salt-works are two huge erratic blocks.

From Bex to Gryon and Villars (electric railway), see R. 69.

To Les Plans de Frenières and Pont de Nant, a very interesting excursion (from Bex to Les Plans 41/2 M.; diligence in summer twice daily in 21/3 hrs.; one-horse carr. 12, two-horse 24 fr.). The road skirts the left bank of the Avançon, past the Hôtel des Salines (see above), diverges to the right from the (1 M.) Bévieux and Gryon road (p. 282), and ascends, at first with fine views of the Dent du Midi, and farther on through wood, to the chalets of Véneresse (2550'), situated on a broad meadow, and belonging, with the adjoining chalets of (61/2 M.) En-les-Outraz (2857'; plain inn), to the village of Frenières (2815'; inn), on the right bank of the Avançon. (To Gryon 11/2 hr., see p. 282.) Our road continues on the left bank, where it soon enters the wood, and reaches (81/2 M.) Les Plans de Frenières (3610'; \*Pens. Tanner, Pens. Marletaz, 5-7 fr.; Eng. Ch. Serv.), a health-resort in a sheltered situation on the right bank, with excellent spring-water.—The road follows the left bank through a wooded ravine to (11/2 M.) \*Pont de Nant (4110'; small Café-Restaurant), finely situated at the entrance of the Vallée de Nant, with view of the glaciers of the Dent de Morcles and of the Grand Mœveran. Near it, on the rock, is an inscription in honour of the Vaudois poets Eugène Rambert (1830-86) and Juste Olivier (1807-76), and of the botanist Jean Muret (1789-1877). Adjacent is an Alpine botanic garden, belonging to the University of Lausanne.

EXCURSIONS from Les Plans (guides, Phil. Bernard, Felix Cherex, Ad. Fontannaz, Pierre-David and Jean-Louis Marletaz, H. F. Moreillon, Charles, Jules, and Vincent Veillon). To the Glacier de Plan-Névé, 3½ hrs. from Pont de Nant, interesting (guide, desirable, 3 fr.); the imposing cirque is surrounded by the Sex Percia (8260'), the Grand Mæveran (ascent from this side very difficult, see p. 274), Le Pascheu (9195'), and the Tête à Pierre Grept (9545'). The last, which commands a splendid view, may be ascended hence by experts over the Col des Chamois (8745'; a pass to the Glacier de Paneyrossaz and to Anzeindaz), in 2½ hrs. with guide (15 fr.). — To the \*Croix de Javernaz, 3½ hrs., also interesting (guide 6 fr., needless). Diverging to the left from the Bex road, we ascend by a cart-track to the (2½ hrs.) chalets of Javernaz (5515'), and thence by a bridle-path to the (½ hrs.) Croix de Javernaz (6910'; no cross), where we enjoy a beautiful view of the Lake of Geneva and Mont Blanc. The descent may be made to (1½ hr.)

Morcles and (21/2 hrs.) St. Maurice (see below). - \*Dent de Morcles (9775'), 71/2 hrs. with guide (15 fr.), very interesting, and not difficult for experts. From (1/2 hr.) Pont de Nant we ascend the desolate Vallée de Nant to the (50 min.) chalets of Nant (4960'; milk); then, to the right, we mount steep grassy slopes and débris, finally skirting the Glacier des Martinets, to the (21/2 hrs.) Col des Martinets (8045'), between the Pointe des Martinets (8694'), on the right, and the Roc Champion (9050'), on the left. Fine view of the Lake of Geneva and Mont Blanc. Thence round the Petite Dent de Morcles (9640'), over rocky ledges and by a steep couloir, to the (21/2 hrs.) top of the Grande Dent de Morcles, which commands a most imposing view. The descent may be made to (4 hrs.) Morcles (p. 275). — \*Grand Mæveran (10,040'), '71/2 hrs. with guide (15 fr.), toilsome, but highly interesting for experts. From (1/2 hr.) Pont de Nant we ascend to the left, past the Chalet de la Larze, to the (4 hrs.) Cabane Eugène Rambert of the Swiss Alpine Club on the Frête de Sailles (8525'), between the Petit and Grand Mœveran (a pass to the Rhone valley; descent to Ardon 3 hrs.), whence the top of the Grand Mœveran is reached in 2-21/2 hrs. Splendid view.— The Diablerets (10.650'), viâ Anzeindaz in 8 hrs., toilsome (guide 15, with descent viâ Sanetsch to Sion 20, to Ormonts 18 fr.). Comp. p. 278. — The Cabane Rambert is also the starting-point for the Dent aux Favres (9600';  $3^{1}/2$  hrs.; 15 fr.), the Pointe d'Aufallaz (8973';  $1^{1}/2$  hr.; 10 fr.), and the Petit Moeveran (9250'; 1 hr.; 15 fr.). — From Les Plans to Anzeindaz over the Col des Essets, 4 hrs., with guide (6 fr.). From (1/2 hr.) Pont de Nant a bridle-path ascends to the N.E., past the chalets of (50 min.) Le Richard and (40 min.) La Varraz, and along the E. base of the Argentine, to the (3/4 hr.) Col des Essets (6690'), with view of the Diablerets; descent to (11/2 hr.) Anzeindaz (p. 282). From the Chalets du Richard the Lion d'Argentine (7455') may be ascended in 2 hrs. (guide 6 fr.; not difficult), and the Pointe d'Argentine (7980') in 3 hrs. (fatiguing; guide 8 fr.).

The train crosses the Avançon and the Rhone, joins the line on

the S. bank (p. 288), and passes through a curved tunnel.

71 M. St. Maurice (1377'; pop. 2149; Hôt. Grisogono, at the station, R. 3-5, D. 4, pens. 6-10 fr.; Hôt. des Alpes, moderate; Railway Restaurant), a picturesque old town with narrow streets, on a delta between the river and the cliffs, the Roman Agaunum, is said to derive its name from St. Maurice, the commander of the Thebaic legion, who, according to tradition, suffered martyrdom here with his companions in 302 (near the Chapelle de Véroilley, see p. 275). The abbey, probably the most ancient on this side of the Alps, supposed to have been founded at the end of the 4th cent. by St. Theodore, is now occupied by Augustine monks, and contains some curious old works of art (shown by special permission only): a vase of Saracenic workmanship, a crozier in gold, a chalice of agate, Queen Bertha's chalice (p. 242), and a rich MS. of the Gospels, said to have been presented to the abbey by Charlemagne. On the walls of the churchyard and on the tower of the venerable abbey-church are Roman inscriptions. — On the rocky slope, to the W. of the station, is perched the hermitage of Notre-Dame-du-Sex (sax, i.e. rock), to which a narrow path has been hewn. Farther to the N., above the mouth of the tunnel, is the Grotte des Fées, an interesting stalactite cavern with a pond and a waterfall (from the station and back 1 hr.; tickets and guides at the rail. restaurant).

Travellers descending the valley change carriages at St. Maurice for Bouveret, where steamers (far preferable in fine weather) correspond with the trains. Comp. pp. 257, 283.

The Baths of Lavey (1377'; \*Hôtel des Bains, R. 2-5, déj. 21/2, D. 31/2, board 7, omnibus 3/4 fr.), 11/2 M. above St. Maurice, are much frequented. The warm spring (100° Fahr.), discovered in 1831, impregnated with sulphur and common salt, rises in a pump-room on the bank of the Rhone, 8 min. from the hotel. — A narrow road (one-horse carr. 11 fr.) ascends through wood in zigzags, to the E. of the baths, to (21/2 hrs.) Morcles (3822'; Pens. Cheseaux; guides, Ch. Buillat and Jul. Cheseaux), prettily situated at the foot of the Dent de Morcles. Ascents (guides, Ch. Buillat, Jul. Cheseaux): Croix de Javernaz (6910'), from Morcles viâ Planhaut in 3 hrs. (guide 5 fr., with descent to Les Plans 8 fr.); Pointe des Martinets (8660'; 41/2 hrs.; 8 fr.); Dent de Morcles (9775'), 61/2 hrs. (guide 13, with descent to Les Plans 15 tr.); bed of hay if required on the Haut de Morcles (5740'), 11/2 hr. from Morcles (comp. p. 274).

Beyond St. Maurice, on the right, is the Chapelle de Véroilley, with rude frescoes. Opposite, on the right bank, are the Baths of Lavey (see above). The line approaches the Rhone and passes a scene of devastation caused in 1835 by huge mud-streams from the Dent du Midi. 731/4 M. Evionnaz-Collonges. Before us rises the pointed Mont Catogne and the mountains near the Great St. Bernard. Near La Balmaz railway and road skirt a jutting rock close to the Rhone. On the right is the \*Pissevache, a beautiful cascade of the Salanfe, which here falls into the Rhone Valley from a height of 215' (sufficiently well seen from the railway; best light in the forenoon). From the station of Vernayaz a path ascends on the right side, and passes behind the (1/2 M.) waterfall (adm. 1 fr.).

76 M. Vernayaz (1535'; \*Grand-Hôtel des Gorges du Trient, <sup>3</sup>/<sub>4</sub> M. from the station, finely situated at the entrance of the gorge, R. 3-5, B. 1¹/<sub>2</sub>, déj. 3, D. 4-5, pens. 6-10 fr.; \*Hôt. Victoria et des Alpes, R. 2-4, B. 1¹/<sub>4</sub>, D. 3-4, pens. 5-8 fr.; Hôt. de la Gare et Terminus, at the station, with veranda, R. 1¹/<sub>2</sub>-5, pens. 5-7 fr., unpretending; Eng. Ch. Serv.), the starting-point of the routes to Chamonix viâ Salvan (p. 307) and viâ Gueuroz (p. 307; guide to the Tête-Noire 6 fr.). — On the right, beyond Vernayaz, are the bare rocks at the mouth of the \*Gorges du Trient, which may be ascended for nearly ¹/<sub>2</sub> M. by a wooden gallery attached to the rocks above the torrent. Tickets (1 fr.) at the Grand Hôtel; guide needless.

The view at the entrance to the gorge is imposing. The rocks approach so closely at every turn, that the gorge almost resembles a huge vaulted cavern. Where the path crosses the Trient for the second time, the stream is said to be 40' deep; at the end of the gallery it forms a fall, 30' high.— The interval between two trains suffices for a visit from Vernayaz to the Pissevache and the Gorges du Trient.

Near Martigny, at the right angle which the Rhone valley here forms, on a hill to the right, stands **La Batiaz** (1985'), a castle of the bishops of Sion, dismantled in 1518. The tower (ascent from the Drance bridge in <sup>1</sup>/<sub>4</sub> hr.; adm. 30 c.) commands a splendid view.—
The train crosses the *Drance* (p. 309).

79 M. Martigny. — \*Grand Hôtel Clerc, R. 3-6, B. 1<sup>1</sup>/<sub>4</sub>, déj. 3, D. 5, pens. 6-9 fr.; \*Hôtel du Mont-Blanc, R. 3-6, B. 1<sup>1</sup>/<sub>2</sub>, D. 4<sup>1</sup>/<sub>2</sub>, pens. 7-12, omn. 1 fr. — Hôtel de l'Aigle, R. 1<sup>1</sup>/<sub>2</sub>-5, B. 1<sup>1</sup>/<sub>4</sub>, déj. 3, D. 3, pens. 5-6 fr., well spoken of; \*Hôtel National, near the post-office, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, déj. 2<sup>1</sup>/<sub>2</sub>, D. 3<sup>1</sup>/<sub>2</sub>, pens. 6-7 fr., unpretending; Hôtel du Grand

St. Bernard, R. 2-3, B. 11/4, D. 31/2, pens. 5 fr.; \*Hôtel-Restaurant de La Gare, R. 2, B. 11/4, D. 21/2 fr., the last two at the station, 1/3 M. from the town. — English Church Service.

Martigny-Ville (1560'; pop. 1872), the Roman Octodurum, is a busy little town in summer, being the starting-point of the routes over the Great St. Bernard to Aosta (R. 77), over the Col de la Forclaz (RR. 73, 74) to Chamonix, and for the Val de Bagnes (R. 78). The market-place, planted with trees, is adorned with a bronze bust of Liberty by Courbet. A large Roman building has recently been excavated at Martigny. - Above Martigny lies (1 M.) Martigny-Bourg (\*Trois Couronnes, R. 1-2, D. 21/2, pens. 5 fr., unpretending), with 1315 inhab., the vineyards of which yield excellent wine (Coquempey and Lamarque, known to the Romans).

EXCURSIONS (guide, Ant. Farquet). Near Branson, on the right bank of the Rhone, 3 M. to the N.E. of Martigny, is the rocky hill of Les Follaterres, famed for its flora.

Ascent of the \*Arpille (6830'; 4-5 hrs.; guide 6 fr.). The bridle-path ascends beyond La Batiaz (p. 275) through vineyards to the hamlet of Sommet des Vignes; then past the hamlet of Ravoire, through wood, to the chalets of Arpille (5965') and the top. Superb view. Descent to the S.,

through wood, in 1 hr. to the Col de la Forclaz (p. 310).

The \*Pierre-à-Voir (8123'), a peak of the limestone range which separates the Rhone Valley from the valley of the Drance, is ascended from Martigny, Saxon (p. 331), Sembrancher (p. 323), or Chable (p. 328; guide from tigny, Saxon (p. 331), Sembrancher (p. 323), or Chable (p. 328; guide from Martigny 8, with descent to Saxon 10 fr.). A new road ascends from Martigny through wood, with views of the Drance valley, to the (10 M.; a walk of 5, a drive of 4 hrs.) \*Grand Hôtel de la Pierre-à-Voir (R. 4-5, B. 1½, déj. 3, D. 4, pens. 6-12 fr.), on the Col du Len (5250), with beautiful view, a large natural park, and rich flora (Engl. Ch. Serv. in July). Hence a narrow path (steady head and guide desirable) leads to (3 hrs.) the summit: magnificent view of the Valaisian and Bernese Alps, and of the Rhone, St. Bernard, and Bagnes valleys, with the imposing Grand-Combin. \*Gorges of Durnant (3-4 hrs. from Martigny, there and back), see p. 322.

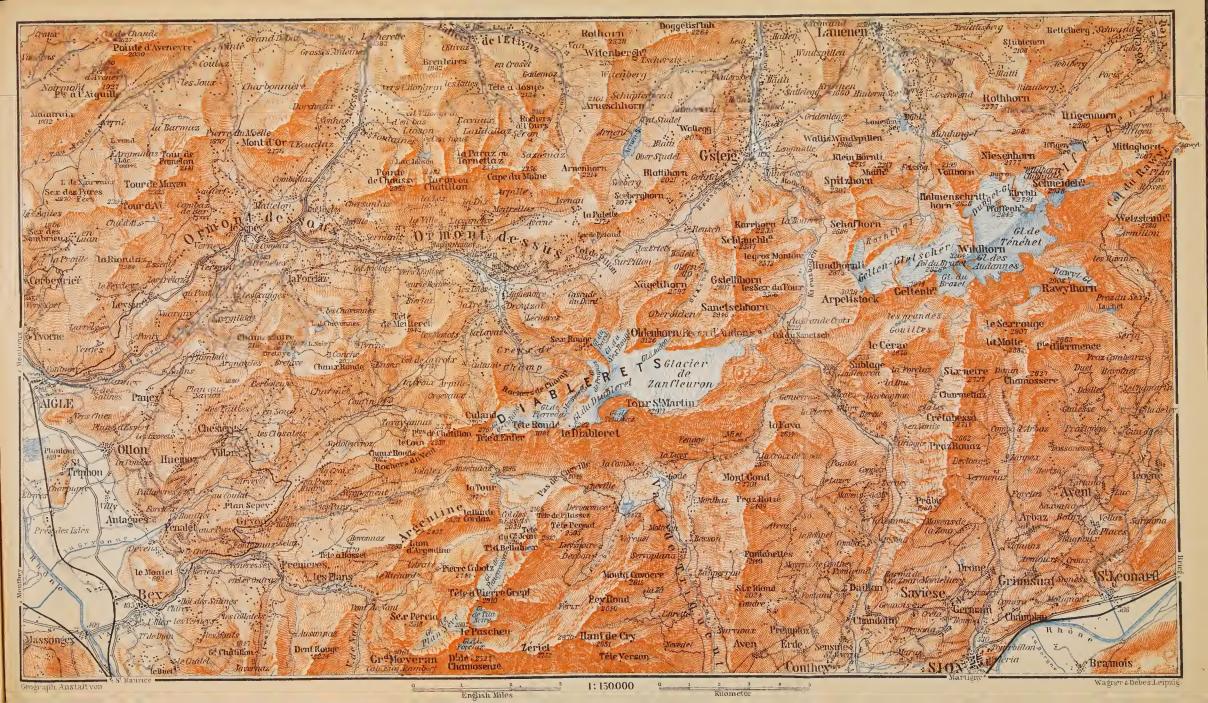

## 67. From Saanen to Aigle over the Col de Pillon.

281/2 M. DILIGENCE from Saanen to Aigle daily in 7 hrs.; 10 fr. 30 c., coupé 11 fr. 60 c. Walk from Saanen to Gsteig 23/4 hr.; Gsteig to Diablerets 3 hrs., Diablerets to Le Sepey  $2^{1/2}$  hrs., from Le Sepey to Aigle  $2^{1/2}$  hrs. (from Aigle to Le Sepey 7 M., to Diablerets 13 M.). One-horse carr. from Saanen to Gsteig 8, two-horse 15 fr., to Diablerets 20 and 38, to Aigle 40 and 70 fr. and fee; from Aigle to Le Sepey 10 and 18, to Diablerets 15 and 25 fr.

Saanen (3382'), see p. 224. The road leads to the S. through the broad and smiling Gsteigthal to Ebnit and (2 M.) Gstad (3455';

Bär), at the mouth of the Lauenen-Thal.

A road ascends on the right bank of the Lauibach, crossing the Turbach after 1/2 M., to (4 M.) Lauenen (4130'; Cerf, rustic; guides, Jacob and Gottfried Schwitzgebel), the chief place in the valley, beautifully situated. The picturesque Lauenen-See (4557'), 1 hr. higher up, is best surveyed from the Bühl, a hill on the E. side. To the S. the brooks descending from the Galley and Daniel classical form for waterfalls (10 pages). scending from the Gelten and Dungel glaciers form fine waterfalls ('Dungelschuss') on both sides of the Hahnenschritthorn (9304'). The \*Lauenenhorn (8133') is easily ascended from Lauenen in 3 hrs., with guide; splendid view from the top. The Gifferhorn (8343'; 4 hrs., with guide) is another fine and easily accessible view-point — From Lauenen to Lenk over the Trüttlisberg, and to Gsteig by the Krinnen, see p. 225. Over the Gelten Pass (Col du Brozet, 9270') to Sion (to Zanfleuron, see below, 8 hrs., with guide),

toilsome. — The Wildhorn (10,710') may be ascended from the Gelten Pass in 3 hrs. (from Lauenen 8 hrs., guide 25 fr.; comp. p. 225).

5½ M. Feutersoey. — 8 M. Gsteig, Fr. Châtelet (3937'; Ours. well spoken of), finely situated. To the S., the Sanetschhorn (9665') and Oldenhorn (10,250').

To Sion over the Sanetsch, 9-10 hrs., attractive on the whole (guide 12 fr., not indispensable in fine weather; horse 25 fr.). The path crosses the (20 min.) Sarine, and ascends steeply over pastures, and afterwards through the Rothengraben, in windings partly hewn in the rock, to the (2½ hrs.) dreary Kreuzboden (6565'); thence in 1 hr. to the pass of the Sanetsch (7330'), on this side of which there is a cross (La Grande Croix). Descent (passon this side of which there is a cross (La Grande Croix). Descent (passing the large Zanfleuron Glacier on the right) to the (½ hr.) Alp Zanfleuron (6775'; Hôt. Theiler, plain), with fine view of the Alps of the Valais. From this point the Oldenhorn (10,250') may be ascended in 4 hrs., the Wildhorn (10,710'; difficult) in 4½ hrs., and the Diablerets (p. 278) in 5-6 hrs. (ascent of the last easiest from this side). The Sublage (8973'), 2½ hrs. from the hotel, affords a magnificent view of the valleys and mountains of the S. Valais as far as Mont Blanc. Then by a winding path down to the Alp Glary (4920') and through the wild ravine of the Morge to the bold Pont Neuf, whence a road leads to (3 hrs.) Chandolin, and by Granois and Ormona to (½ hr.) Sion (p. 332). Ascent from Sion to the pass 6, descent thence to Gsteig 3 hrs.

The road here turns to the S.W., and ascends the valley of the Reuschbach through woods and pastures, in view of the precipices of the Oldenhorn (see below) and the Sex Rouge (9767'), to (12 M.) the Col de Pillon (5085'), at the S. foot of the Palette (see below). In descending (passing the Cascade du Dard, above us on the left) we soon obtain a view of a valley bounded by fine wooded mountains, and thickly studded with houses and chalets known collectively as Ormont-Dessus. To the left is the Creux de Champ (see below), the numerous brooks falling from which form the Grande-Eau. We first reach (15½ M.) the \*Hôtel des Diablerets (3815'; R. 3-4, B. 11/4, D. 4, pens. 6-8 fr., with baths), opposite the post-station for Ormont-Dessus. In the neighbourhood are the English Church and Pensions Bellevue, du Chamois, and du Nouveau Chalet. About 11/2-2 M. farther on, beyond the prettily-situated \*Hôtel Pillon, lies (171/2 M.) Vers l'Eglise (3650'; Pens. Mon Séjour; Pens. Pernet; Pens. Busset; Hôtel de l'Ours, all unpretending), with the church of the upper part of the valley.

Excursions from Hôtel des Diablerets. (Guides: Mollien, V. Gottraut, Fr. Berruex, Moise Pichard.) To the (1 hr.) Creux de Champ (4275'), a grand rocky basin at the N. base of the Diablerets, with waterfalls on every side. A good survey of the Creux de Champ, the Oldenhorn, etc., is obtained from La Layaz (5330'), 1½ hr. to the S. — Ascent of the \*Palette-du-Mont (7130'; guide 5 fr., unnecessary for experts; horse 12 fr.), easy as far as the (2½ hrs.) chalets of Isenaux; thence, without path, and rather rough, ¾ hr. more to the top; view of the Bernese Alps from the Diablerets to the Jungfrau and of the Dent du Midi to the S.W.; at the N. base of the mountain lies the pretty Lac d'Arnon (5045'). Or we may ascend from the Col de Pillon in 1½-2 hrs., past the small Lac de Retaud. — Pointe de Meilleret (6404'), 2½ hrs. from Vers l'Eglise, easy; view extending to Mont Blanc. We may descend to (40 min.) the Col de la Croix (p. 278). — La Paraz or Tornettaz (8343'; 4 hrs.; guide, 7 fr., not indispensable for adepts), not difficult, viâ Lavanchy and the pastures of Marnex. The Cape au Moine (7730'; 4 hrs.; 7 fr.) gives more trouble

and less satisfaction. — Pointe de Chaussy (7725'), 4 hrs. (guide, 7 fr., not required by experts provided with the Siegfried Map), see p. 281. The descent may be made to La Comballaz, or past the pretty Lac de Lioson to Les Mosses (p. 281). — The Oldenhorn (10,250'), Fr. Becca d'Audon, a superb point of view, is ascended by experts from Gsteig in 71/2 hrs. (guide 20 fr.), or from the Col de Pillon viâ the Glacier du Sex Rouge in 51/4 hrs. (guide 10 fr.). Travellers from Ormont spend the night in the chalet of Pillon (4563'); those from Gsteig on the Upper Olden-Alp. — The Diablerets (10,650') are ascended from the Hôtel Diablerets by the Glacier and Col de Prapioz (9268') in 7 hrs., or from the (1 hr.) Col de Pillon by the Glacier du Sex Rouge and the Zanfleuron and Diableret Glaciers in 6-7 hrs. (guide 13 fr.; difficult). Descent to Anzeindaz steep and difficult (guide 18 fr.); over the Zanfleuron Glacier to Sanetsch and Sion comparatively easy (guide 25 fr.; comp. p. 277). In favourable snow-conditions the Diablerets and the Olden-

horn may both be vanquished in one day.

To VILLARS (4 hrs.) OR GRYON (4½ hrs.) BY THE COL DE LA CROIX, a fine route (or over the Col de la Croix and the Chamossaire to Villars 6½ hrs.); guide, 7 fr., not indispensable. From the Hôtel des Diablerets we ascend the valley of the Grande-Eau for 1½ M., and then enter a lateral valley by a bridle-path to the right (S.W.). After a somewhat steep ascent of 1¾ hr., with almost uninterrupted views of the Diablerets, we reach the Col de la Croix (5690'), 5 min. to the N. of the hamlet of La Croix. View of the Dent du Midi; at Encex (5965'), 25 min. to the W., and still better, from the (¾ hr.) Chaux Ronde (6650'; p. 282), also of Mont Blanc (travellers need not return from Encex to the col, but may descend straight down into the valley). The path descends on the right bank of the Gryonne, and after 1¼ hr. divides: to the left to (10 min.) Arveyes (electric tramway, see p. 282); to the right to (20 min.) Villars (p. 283).— The path to Gryon descends to the left a little above Arveyes, crosses the Gryonne and La Barboleusaz (3983'), and reaches Gryon in 40 min. (p. 282). This route is ¾ hr. longer, but preferable (on account of the fine view) to the path which crosses the Gryonne, ½ hr. from the pass, by the Pont de Coufin (4737'), and follows the left bank, viâ Sodoleuvroz and Praz-Hudry to (1½ hr.) Gryon.

Adjoining Ormont-Dessus are the houses of the middle part of the valley, known as **Ormont-Dessous.** About  $4^{1}/_{2}$  M. from Vers l'Eglise the road joins that from Château-d'Œx (p. 281); to the S. rises the Dent du Midi. — 22 M. **Le Sepey** (3460'; Hôt. du Mont d'Or, R.  $1^{1}/_{2}$ , B. 1, D.  $2^{1}/_{2}$ , S. 2, pens.  $4^{1}/_{2}$ -5 fr., well spoken of; Cerf, moderate; Hôt. des Alpes; Engl. Ch. Serv. at the Mont d'Or in summer), the chief village in the lower valley.

EXCURSIONS. Ascent of the \*Chamossaire viâ La Forclaz (31/2-4 hrs.) and thence to (11/2 hr.) Villars, see p. 283. — A road, with fine views (diligence daily), leads from Le Sepey by Les Crêtes to (41/2 M.) Leysin (electric tramway to Aigle, see p. 272).

The road turns suddenly to the right in a fine wooded valley. Far below, the *Grande-Eau* forms several falls; to the left rises the *Chamossaire* (p. 283). Near Aigle we cross the Grande-Eau.

 $27^{1/2}$  M. Fontanney. —  $28^{1/2}$  M. Aigle (p. 272).

## 68. From Bulle to Château-d'Œx and Aigle.

40 M. DILIGENCE thrice daily to (17½ M.) Château-d'Œx in 3½ hrs. (4 fr. 25 c., coupé 5 fr. 70 c.); thence to (22½ M.) Aigle daily in 5½ hrs. (8 fr. 90 c.). One-horse carr. from Bulle to Montbovon 10, to Château-d'Œx 15, two-horse 30 fr.; two-horse from Bulle to Aigle 75-80 fr.

Bulle (2487'; pop. 3317; \*Hôt. des Alpes-Terminus, near the station, R. 2-3, B. 1, D. 2<sup>1</sup>/<sub>2</sub>-3, pens. 6-8 fr.; \*Union; Cheval Blanc; \*Hôtel de la Ville et des Postes, R. 1<sup>1</sup>/<sub>2</sub>-2, D. 2<sup>1</sup>/<sub>2</sub>, pens. 5 fr.; Lion d'Or), a busy little town, the chief place in the Gruyère, with an old church (8th cent.) and an old château (13th cent.), is the terminus of the Romont and Bulle railway (p. 240). The rich pastures in the environs are famed for Gruyère cheese and the melodious 'ranz des vaches de Gruyère'. The natives speak a Romanic dialect, known as 'Gruérien'.

At the base of the Moléson, 3 M. to the S. (one-horse carr. 3, two-horse 6 fr.), lie the sulphur-baths of Montbarry (2712'; \*Hôt.-Pens. du Moléson, pens. 6-7 fr.; Engl. Ch. Serv.). Charming view. Ascent of the Moléson hence by an easy path, viâ Les Clefs and Le Petit-Plané, in 3½ hrs.

ASCENT OF THE MOLESON FROM BULLE, 4 hrs.; guide (8 fr.) unnecessary. We follow the Châtel-St-Denis road (see below) for <sup>3</sup>/<sub>4</sub> M., and diverge to the left by a saw-mill. The path gradually ascends by the brook La Trême, which it crosses at a (20 min.) mill, to the (½ hr.) red-roofed buildings of Part-Dieu (3140'), formerly a Carthusian monastery. We next pass (½ hr.) the Gros-Chalet-Neuf; (1 hr.) Gros-Plané (4855'; a rustic inn in a large pasture); the Petit-Plané; and (1 hr.) the chalet of Bonne Fontaine (5945'; good spring). Thence by a steep path to the top in ½ hr. more.

The \*Moléson (6670') is a bold rock, precipitous on every side, surrounded with meadows and forests, and rich in flora. The view embraces the Lake of Geneva, the Mts. of Savoy, the Dent d'Oche, the Dent du Midi, and the Mont Blanc chain, of which the summit and the Aiguille Verte and Aiguille d'Argentière are visible. To the left of the latter, nearer the foreground, rises the Dent de Morcles, the first peak of the Vaudois Alps, which culminate in the Diablerets, and extend to the heights of Gruyère at our feet. Most of the Valaisian and Bernese Alps are concealed. To the extreme left, the Titlis. To the W., the Jura.

ASCENT OF THE MOLESON FROM ALBEUVE (p. 280; 3-31/2 hrs.). On the outskirts of the village the path, marked with red, white, and red, crosses the *Marivue*, traverses pastures, enters a picturesque ravine, and follows a well-shaded slope to a small chapel. Here we cross the stream, recross it 1/2 hr. farther on, and reach (5 min.) the first chalet. Towards the N.N.W. the ridge separating the Moléson from the Little Moléson is now visible. The path continues to the vicinity of the highest chalet, which we leave on the left. Thence a climb of 11/4 hr. to the arête, which is easily found, and to the summit, which rises before us, in 10 min. more.

From Bulle through the Jaunthal to Boltigen in the Simmen-Thal, p. 222. (Diligence in summer daily in 61/4 hrs.) — From Bulle diligence daily in 21/2 hrs., by Vuadens, Vaulruz, and Semsales, to (12 M.) Châtel-St-Denis (2670'; Hôt. de la Ville; Hôt. des Treize Cantons; Hôt. des Trois Rois), a small town prettily situated on the Veveyse. (The Moléson is ascended hence, by Alp Tremettaz, in 4 hrs.) From Châtel-St-Denis to stat. Palézieux (p. 241), 5 M., electric tramway in 1/2 hr.; diligence to Vevey (p. 263) daily in 13/4 hr.

The road to Château-d'Œx leads past (3/4 M.) La Tour-de-Trême, with its picturesque tower, to (2¹/2 M.) Epagny (2390'; Croix Blanche). On a steep rocky hill to the right lies the little town of Gruyères, Ger. Greyerz (2723'; pop. 1383; \*Fleur-de-Lys, plain), with an old \*Castle of the Counts of Gruyères, who became extinct in the 16th century. The castle, now restored, contains frescoes, a collection of old weapons, etc. (fee).

We enter the pretty valley of the Sarine or Saane. At  $(4^{1}/_{2} \text{ M.})$  Enney (2410') we see the tooth-like Dent de Corjeon (6460')

in the background; on the right are Les Vadalles (5207'), a spur of the Moléson. Opposite (61/4 M.) Villard-sous-Mont lies the large village of Grand-Villard (Hôt.-Pens.), at the foot of the Vanil Noir (7855'), with a waterfall in a picturesque ravine. Beyond Neirivue we reach (8 M.) Albeuve (2487'; \*Ange), cross the Hongrin (below, to the left, is a picturesque old bridge), and arrive at (101/2 M.) Montbovon (2608'; \*Hôt.-Pens. du Jaman, unpretending, trout).

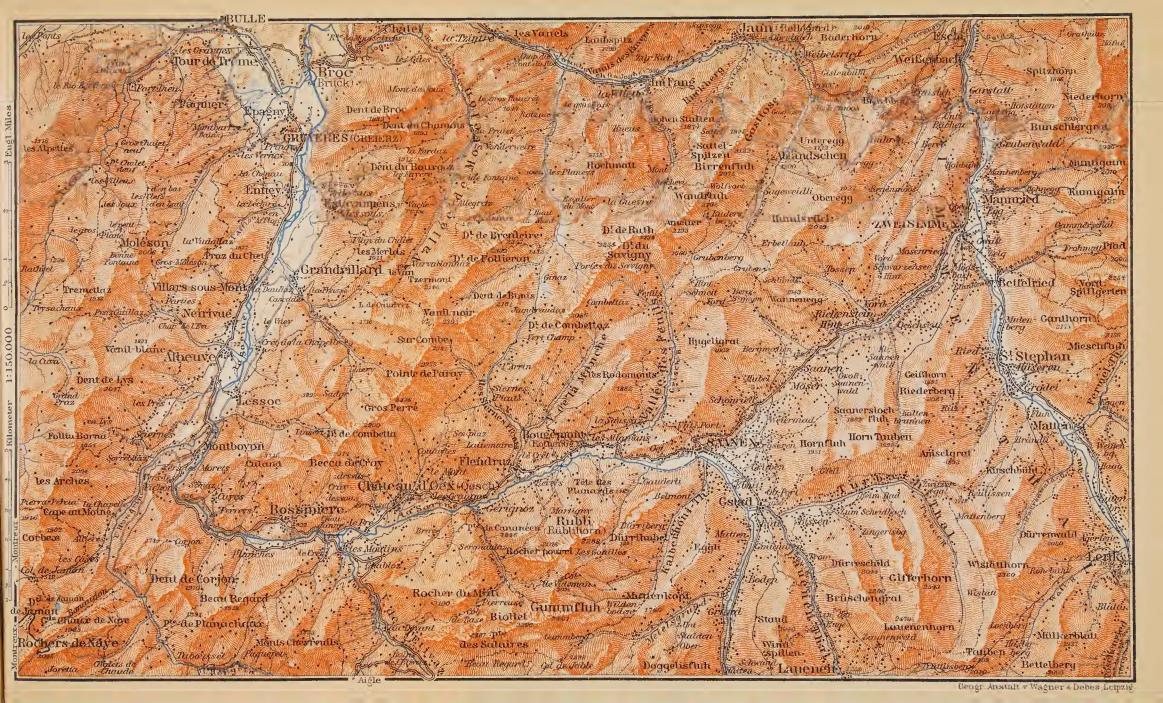

FROM MONTBOVON OVER THE JAMAN TO MONTREUX (6 hrs., to Vevey 71/2 hrs.; guide 8 fr., unnecessary; horse to the pass 15, to Les Avants 20, to Montreux or Vevey 25 fr.), a most interesting excursion. From the Hôt. du Jaman we follow the road for 30 paces, and then ascend to the right; 25 min., we turn to the right by a house; 35 min., bridge over the Hongrin; 1/4 hr., church of the scattered village of Allières (3300'); 1/4 hr., Croix de Fer Inn. (A direct route from Albeuve to this point follows the Montbovon road for 1/2 M., and diverges to the right by a path to Sciernes and Allières, 13/4 hr.; beyond Sciernes we take the path descending a little to the left.) The path now ascends gradually, then more rapidly over pastures (several guide-posts) and past the chalets of Les Cases (4070') to the (41/2 hr.) \*Col de Jaman (4974'), where a beautiful prospect is suddenly disclosed, embracing the E. angle of the Lake of Geneva, and the long range of the Savoy and Valais Alps. To the S. is the Dent de Jaman (6160'), which may be ascended (steep) from the col by the N. side in 11/2 hr. A better route ascends on the S. side from the Jaman station, on the Glion-Naye railway, which may be reached from the col in 1/2 hr. by a path skirting the S. side of the Dent, above the small Lac de Jaman (see p. 268). The top of the \*Rochers de Naye (6710'; \*View) is reached from Jaman by railway in 1/4 hr. or on foot in 3/4 hr. (comp. p. 268). From the Col de Jaman to Montreux the path is distinct; after 12 min. we turn to the right and soon reach the new road; 25 min. a bridge over the Baye, or brook, of Montreux; then, where the path divides, we descend to the left through wood and over meadows to (1/2 hr.) Les Avants (3188'; p. 269). Thence to (2 hrs.) Montreux, see p. 269.

From Montbovon over the Col de la Tinière to Villeneuve, see p. 270.

The valley turns to the E. We enter a wooded ravine, the Sarine flowing far below in a deep rocky bed. At the (12 M.) end of the ravine the road forks. The old road keeps to the 'shady side', on the left bank of the Sarine. The new road (diligence) crosses to the right bank and runs viâ Perreys (rustic inn) to (15 M.) Rossinières (3025'; \*Hôt.-Pens. Grand-Chalet, pens. 5-6 fr.; Engl. Ch. Serv. in summer; Hôt. de la Sarine), a large village, attractively situated at the foot of Mt. Cray (p. 281) and visited as a summer-resort. At Chaudanne, about 1 M. above Rossinières, the road returns to the left bank and rejoins the old road. At (16 M.) Les Moulins (2930') the Aigle road diverges to the right (p. 281). We cross the Sarine at (161/4 M.) Le Pré (2930'), and ascend to—

171/2 M. Château-d'Œx. — Hotels. \*Hôt. Berthod, in an open situation, R. from 3, B. 11/2, déj. 3, D. 4, pens. from 6 fr., patronized by English visitors; \*Hôt.-Pens. de l'Ours, in the village, R. 2-5, B. 11/2, D. 21/2, pens. 6-8 fr.; Hôt. de Ville; \*Pens. Rosat, Bricod, de la Cheneau, Martin, du Midi, Morier, Villa d'Œx, etc., pens. from 5 fr. — Turrian, confectioner, ices, also a few rooms, opposite Berthod. — Engl. Church, opened in 1899.

Château-d'Ex, Ger. Esch (3150'; pop. 2891), is a scattered village and summer-resort in a green valley, with delicious air.

The church, situated on a hill, commands a good view. To the E. rise the jagged Rüblihorn (7500') and the Gummfluh (8074').

EXCURSIONS. Pleasant walk through the valley of the Gérine to the Chalets de la Pierreuse (4986'), situated 2 hrs. to the S.E. at the foot of the Gummfluh. — Laitemaire (5535'), 2<sup>1</sup>/<sub>4</sub> hrs. to the N.E., easy and repaying; view of Mont Blanc and the Bernese Alps. — \*Mont Cray (6805'), 3 hrs. (guide, 5 fr., not necessary for experts with the Siegfried Map), not difficult. The route leads viâ Perisset, Cray-Dessous, and Cray-Dessus. The view embraces the Alps from the Wetterhorn to Mont Blanc, and the lakes of Bienne and Neuchâtel to the N. — Gummfluh (8074'), by Pierreuse (see above) in 6 hrs., or viâ Etivaz in 6<sup>1</sup>/<sub>2</sub> hrs., with guide (9 fr.), toilsome; splendid view.

From Château-d'Oex to (71/2 M.) Saanen, see p. 224.

FROM CHÂTBAU-D'ŒX TO AIGLE (221/2 M.; diligence, see p. 278). The road diverges from the Bulle road at (11/2 M.) Les Moulins (p. 280) to the left, and ascends the valley of the Tourneresse (Vallée de l'Etivaz) in long windings. (Walkers follow the old road, diverging at Le Pré, just beyond the Sarine bridge.) The road runs high above the valley, affording picturesque views of the deep rocky bed of the brook. At (31/4 M.) Au-Devant (3605') the road enters a more open tract, and its continuation is seen on the hill to the right, but it remains in the valley as far as (6 M.) the Contour de l'Etivaz (3750'; Auberge du Chamois), where it doubles back, crosses the Tourneresse, and quits the ravine. (Pedestrians avoid this long bend by descending to the right by the ravine before Au-Devant to a bridge beside a saw-mill, whence a rough, stony path ascends to rejoin the road much higher up.) About 1/2 M. above L'Etivaz are the Bains de l'Etivaz (4100'; \*Hôtel-Pension, 4 fr.), with sulphur-springs. The road ascends for about 2 M. more and then passes to the S.W. from the valley of the Tourneresse to that of the Hongrin, which it crosses above (81/2 M.) Lécherette (4530'; inn). It then ascends again over the Col des Mosses (4750'), the watershed between the Rhine and the Rhone, to (101/4 M.) Les Mosses (4715'; \*Hôt. des Alpes, plain), where we gain a sudden view of the Dent du Midi. From this point the \*Pointe de Chaussy (7725') may be easily ascended in 3 hrs. viâ the beautiful Lac Lioson (see p. 278). The road now descends the valley of the Raverette to (12 M.) La Comballaz (4475'; \*Couronne, pens. 5-8 fr.; Engl. Ch. Serv. in summer), charmingly situated, and noted for its excellent spring and its pure air (diligence from Aigle daily in  $4^{1/2}$  hrs., carr. 15 and 30 fr.). Beyond this the road overlooks a picturesque basin, with the Diablerets and Oldenhorn in the background, and winds down to (151/2 M.) Le Sepey (p. 278) and viâ Fontanney to  $(22^{1}/_{2} \text{ M.})$  Aigle (p. 272).

### 69. From Bex to Gryon and Villars.

ELECTRIC RAILWAY to (5 M.) Gryon in 1 hr. (fare 3 fr. 80 c., returnfare 5 fr. 40); to (8 M.) Villars in 11/2 hr. (fare 4 fr. 80 c., return 7 fr.).

Bex (1427'), see p 273. The electric railway, starting from the station, traverses the town, crosses the Avançon, and ascends past the Gr.-Hôt. des Salines (to the right) to Bévieux (p. 273), where the toothed rail begins. The line ascends among walnut and chestnut trees, crosses the Avançon again below the electric power-house of the company, and then ascends along the right side of the deep-cut and wooded valley of the Avançon, affording (farther on) beautiful glimpses of the Vallée des Plans. From (31/2 M.) Fontannaz-Seulaz a cart-road descends across the Avançon and re-ascends to (1/2 hr.) Frenières (p. 273). The line next passes by a curved tunnel (218 yds. in length) to the N. side of the ridge and runs along the hillside, with fine views of the Rhone Valley and the Dent du Midi, to (41/4 M.) Les Posses (2950'), lying above the village of the same name. Hence it ascends in a long curve to -

5 M. Gryon (3770'; Hotel at the station, new; \*Hôt.-Pens. de la Poste, pens. 5 fr.; \*Hôt.-Pens. Morel, 5-51/2 fr.; Eng. Ch. Serv.), a considerable village in a picturesque site. (Pedestrians from Bex reach Gryon by the road in  $2^{1}/_{2}$  hrs., or by the old road in 2 hrs.)

Excursions (guides, L. Ph. Amiguet and H. Aulet at Gryon, F. Fontannaz at Anzeindaz). - To Les Plans de Frenières and the (2 hrs.) Pont de Nant, see p. 273. — To (21/4 hrs.) Bovonnaz (5505') and thence to the (20 min.) Tête à Bosset (5805'), or the (2 hrs.; guide) Lion d'Argentine (7485'). — To the (3 hrs.) Roches du Vent (6860') viâ Taveyannaz; to the Chaux Ronde (6650'), viâ Encex (p. 278) in 31/2 hrs. — From Gryon to Ormont-Dessus by the Col

de la Croix (41/2 hrs.), see p. 278.

FROM GRYON TO SION BY THE PAS DE CHEVILLE, 6 hrs. (guide 18, horse 25 fr.), trying but attractive. This route cuts off the right angle which the Rhone Valley forms at Martigny. The road ascends the valley of the Avançon (with the Diablerets in front, and the Argentine and Grand Mœveran to the right) to the (1½ hr.) chalets of Sergnement (4245). Here we cross to the left bank, but we return to the right before reaching the (3/4 hr.) chalets of Solalex (4810'). A winding bridle-path now ascends to (11/4 hr.) Anzeindaz (6220'; inn in summer), whence experts may ascend the highest peak of the Diablerets (10,650'; comp. p. 278) in 41/2 hrs., with guide. Our path next reaches the (3/4 hr.) Pas de Cheville (6720'), where we obtain a view of the Alps of Valais. We now descend rapidly to the (25 min.) Chalets de Cheville (5710), and traverse a reacky wilderness. we obtain a view of the Aips of Valais. We now descend rapidly to the (25 min.) Chalets de Cheville (5710') and traverse a rocky wilderness, passing the chalets of Derborence (5213'), to (1/2 hr.) the Lac de Derborence (4698'), in a gloomy basin formed by a fall of rocks in 1714. To the S.W. rises the Haut de Cry (9743'), which may climbed by adepts in 5 hrs. (guide). The path now skirts the S. side of the lake and traverses the débris on the right bank of its outflow, the Lizerne, to the (3/4 hr.) bridge (4140'), where we cross to the left bank. We then pass the chalets of Besson and descend the Val de Traverset high above the gorge of the Lizerne. The path (Chemin the Val de Triqueut, high above the gorge of the Lizerne. The path (Chemin Neuf) leads to the (13/4 hr.) Chapelle St. Bernard (3530'), at the end of the Neuf) leads to the (1% hr.) Chapette St. Bernard (5550), at the end of the gorge, where an extensive view of the Rhone Valley is suddenly disclosed. We now descend viâ Aven, Erde, and Conthey, and finally follow the high-road to (2½ hrs.) Sion (p. 332); or we may descend from Aven to the right through vineyards to (1½ hr.) Ardon (p. 331). — A shorter route (shady in the afternoon) on the right bank of the Lizerne diverges to the right 5 min. before the Lizerne bridge (see above). It crosses débris at first, and is not easy to trace. Beyond the (10 min.) huts of Mottelon we ascend to the right and pass above the chalets of Servaplana (4075'; milk) to (1 hr.) those of L'Airette. Then nearly level, with fine views of the Rhone Valley; lastly a zigzag descent to (1½ hr.) Ardon (Hôtel du Pont), ½ M. from the station of that name (p. 331).

After crossing the *Gryonne* by an imposing iron bridge, 465' in length, and 165' above the torrent, which rushes through a picturesque wooded valley, the electric railway ascends to the N.W.

viâ (63/4 M.) Arveyes to

8 M. Villars (4166'; \*Grand Hôtel, R. from 3, B. 11/2, déj. 31/2, D. 5, pens. 7-13 fr.; \*Grand Hôtel du Muveran, patronized by the French, R. 3-6, B. 11/2, déj. 4, D. 5, board from 6 fr.; \*Hôt.-Pens. Bellevue, R. 21/2-4, B. 11/4, D. 4, pens. 61/2-13 fr.; Hôtel du Parc; Pens. Victoria, 5-6 fr.; Engl. Church), lying high above the Rhone Valley and much frequented as a summer-resort. Salt and other baths. The environs are pleasant and park-like, affording a variety of walks, with benches at the best points of view and shady spots. The air is mild but bracing, and there is no N. or E. wind. Magnificent view of part of the Diablerets, the Grand and Petit Mœveran, the Dent aux Favres, Tête Noire, Dent de Morcles, the N. spurs of the Mont Blanc group with the Glacier du Trient, the Dent du Midi, Rhone Valley, etc. — About 3/4 M. to the W. of Villars lies Chesières (3970'; \*Hôt.-Pens. du Chamossaire, pens. 6-12 fr.; \*Hôt.-Pens. Belvedere, 51/2-9 fr., open in winter also), quieter than Villars, with beautiful views.

Excursions. The finest is the ascent of the \*Chamossaire (6940';

EXCURSIONS. The finest is the ascent of the "Chamossaire (6940; 21/2 hrs.; guide not indispensable), which commands a most picturesque view of the Bernese Alps, the Weisshorn, the Diablerets, Grand Mœveran, Dent de Morcles, Mont Blanc, Dent du Midi, Valley of the Rhone, and Le Sepey. The route is by a cart-track to the (11/2 hr.) saddle of Bretaye (5845'; inn), and then by a path to the left to the (1 hr.) stone signal on the summit. — From the saddle of Bretaye a somewhat rough path (guide desirable) leads viâ the chalets of Morgex and Crettaz, the Lac de Bretaye (5820'), the small Lac Noir (5605'), and the charming Lac des Chavonnes (5470'; inn) to (11/2 hr.) La Forclaz (4144'), and, crossing the Grande-Eau, to (1/2 hr.) Le Sepey (p. 278). We may return to Villars the same day by carriage, viâ Aigle; or the next day on foot by Au Pont, Plambuit, Les Ecovets, and Chesières (see above). — Shorter excursions may be made from Villars to (1/4 hr.) Les Closalets, with a fine view of the Rhone valley and of Mont Blanc; to the (11/4 hr.) Montagne de la Truche (5230'; fine view), viâ Chesières, etc. — From Villars to Ormont-Dessus over the Col de la Croix (5690'), 4 hrs.; guide (6 fr.) unnecessary, if we are shown the beginning of

the route (comp. p. 278). — From Villars to Aigle, see p. 272.

### 70. From Geneva to St. Maurice viâ Bouveret. Lake of Geneva (South Bank). Val d'Illiez.

Steamboat to Bouveret along the S. Bank four times daily, in 43/4-5 hrs. (fare 6 or 3 fr.). Stations: Cologny, La Belotte, Bellerive, Corsier, Anières, Hermance, Tougues-Douvaine, Nernier, Yvoire, Sciez, Anthy-Séchex, Thonon, Amphion, Evian-Tourronde, Meillerie, St. Gingolph, and Bouveret. See p. 257.

— Railway (French; Paris, Lyons, and Mediterranean Line) viâ Annemasse to (42 M.) Bouveret in 21/2 hrs. (fares 7 fr. 55, 5 fr. 15, 3 fr. 40 c.). Stations: 31/2 M. Annemasse (p. 292); 71/2 M. St. Cergues; 10 M. Machilly; 121/2 M. Bons St. Didier (ascent of the Voirons, see p. 257); 16 M. Perrignier; 18 M. Allinges

(see below);  $22^{1}/2$  M. Thonon-les-Bains (see below);  $26^{1}/2$  M. Amphion-les-Bains (p. 285); 28 M. Evian-les-Bains (p. 285);  $28^{1}/2$  M. Bains d'Evian;  $31^{1}/2$  M. Lugrin-Tour-Ronde (p. 285);  $34^{1}/2$  M. Meillerie (p. 285);  $38^{1}/2$  M. St. Gingolph (p. 285); 42 M. Bouveret (p. 286). — From Bouveret to St. Maurice,  $14^{1}/4$  M., Swiss railway (Jura-Simplon) in 40 minutes.

Geneva, see p. 244. On leaving the quay the steamer affords a fine survey of the grand-looking town with its villas. It touches at Cologny (village on the hill above, p. 257), La Belotte (for Vésenaz, p. 257), Bellerive (for Collonge), Corsier, and Anières. At Hermance (\*Pens. Gillet, with pleasant garden, 5 fr.) the brook of that name falls into the lake, forming the boundary between the Canton of Geneva and Savoy (France). Then Tougues and Nernier. Opposite, on the N. bank, lies Nyon (p. 258). Beyond Yvoire, with its old castle on a promontory, the lake suddenly expands to its greatest width (81/4 M.). In a large bay to the S. lies Excenevrex. Stations Sciez and Anthy-Séchex.

Thonon-les-Bains (1400'; pop. 5780; \*Grand Hôtel des Bains, at the W. end, with lake-view; Hôtel de l'Europe, on the terrace; Hôt.-Pens. du Lac, on the pier; Hôtel du Léman, plain), rising picturesquely from the lake, the ancient capital of the province of Chablais, possesses handsome buildings and a lofty terrace in the upper town, the site of a palace of the Dukes of Savoy which was destroyed by the Bernese in 1536. (Cable-tramway from Rive, the lower part of the town, in 1½ min.; fare 10 c.) Near the railway-station is a new bath-house, with mineral springs.

Railway to Bouveret, see p. 283. — To the S. of Thonon (3 M.) is the village of Les Allinges, with a ruined castle (2335'; ascent 1/2 hr.; fine view). At the top are a convent and chapel of St. Francis de Sales (rfmts.).

From Thonon to Taninges via Les Gets, 32 M. The road ascends the pretty Valley of the Drance to (71/2 M.) Pont de Bioge (2214'), at the mouth of the Brevon. It then follows the left bank of the Drance de Morzine, here joined by the Drance d'Abondance (p. 285), and at the village of La Baume crosses by the (12 M.) Pont de Gys to the right bank, along which it runs to Le Biot and (16 M.) St. Jean d'Aulph (2760'; Hôt. de la Balance; Hôt. de la Vallée-d'Aulph), with the ruins of a Cistercian monastery founded in 1103. About 3 M. farther on, near the village of Montriond (high up, to the left), the road returns to the left bank and ascends in windings (to the left a branch-road to Morzine, see below) to the (26 M.) village of Les Gets, near the Col des Gets (3845'). We then descend through the picturesque ravines of the Arpettaz and Foron to (32 M.) Taninges (p. 296). — To Samoëns over the Col de Jouplane, an attractive expedition. At the fork beyond the bridge of Montriond (see above), we diverge to the left to (21 M.) Morzine (3215'; Hôtel des Alpes), a prettily situated village and summer-resort. From Morzine a bridle-path ascends through wood and over meadows to the (21/2 hrs.) Col de Jouplane (5635'; view), whence we descend, high above the wooded valley of the Valentine and passing several chalets, to (2 hrs.) Samoëns (p. 296). — A road leads from Morzine up the Drance valley to (41/2 M.) La Mouillette, at its head, whence bridlepaths lead to the S. over the Col de Jouplane or the Col de la Golèse (5482') to (4 hrs.) Samoëns, and to the E. over the Col de Coux to (5 hrs.) Champéry (p. 287). A somewhat longer, but very attractive route to Champéry ascends to the left near the Montriond bridge (1 hr. from St. Jean d'Aulph, see above) to the (1 hr.) beautiful blue Lac de Montriond (3410'; small inn), whence we proceed past the (1/2 hr.) chalets of Lyndaret to the (2 hrs.) Pas de Chésery (6575'), between the Pointe de Chésery (7380')

and the Pointe de Mossettaz (7493'; each ascended from the col in 1 hr.). From the col we descend either to the left (N.E.) through the wooded valley of the Vièze de la Tine to (13/4 hr.) Morgins (p. 257), or to the right (S.E.) viâ Lac Vert and the Porte du Lac Vert to Crosey and (21/2 hrs.) Champéry (p. 287).

FROM THONON TO MORGINS VIÂ ABONDANCE, 28 M. The road diverges to the left from that to St. Jean d'Aulph at (71/2 M.) Pont de Bioge (see p. 284) and ascends on the right bank of the Drance d'Abondance through a romantic gorge. To the left, above, lies (13 M.) Vacheresse. Farther on we repeatedly cross the Drance. 19½ M. Abondance (4050'; Hôt. du Mont de Grange), the capital of the valley, with an old church. The Pointe de Grange (7998'; view) is ascended hence in 5 hrs. (guide). The valley now expands. From (23 M.) La Chapelle (3310'; Croix; Union) the Cornettes de Bise (8000') are scaled in 5 hrs. Over the Col de Vernaz to Vouvry (7 hrs.), see p. 286. The road then winds up through wood passing (25 M.) Châtel see p. 286. The road then winds up through wood, passing (25 M.) Châtel (3720; \*Hôt.-Pens. Villa Châtel, 5-7 fr.), with mineral springs, and Vonne, to the Pas de Morgins (4510; Swiss frontier), whence it descends to (28 M.) Morgins (p. 287).

The steamer passes the ancient château of Ripaille, a little to the N. of Thonon, once the seat of Duke Victor Amadeus VIII. of Savoy. The long promontory round which we now steer has been formed by the deposits of the Drance, which falls into the lake here. In the bay to the E. lie the baths of Amphion (Grand Hôtel; Hôt. des Bains), with a chalybeate spring, in a chestnut-grove (omnibus from Evian 50 c.).

Evian-les-Bains. — Hotels. \*Splendide Hôtel, finely situated above the town; \*Gr. Hôt. des Bains, on the E. side of the town, with garden and view, R. 5-10, B. 1½, déj. 3½, D. 5, pens. 12-15, omn. 1 fr.; \*Grand Hôt. d'Evian, with garden, R. from 4½, D. 5 fr.; Hôt. de Fonbonne, on the lake; Hôt. de Paris, all first-class, with corresponding charges.—
\*Hôt. de France, R. 2½-4, B. 1, déj. 3, D. 4, pens. 8-10 fr.; Hôt. Beaurivage; Hôt. de La Paix; Hôt. des Etrangers, pens. 8 fr.; National; Hôt. des Alpes; Hôt. du Nord.— \*Restaurant at the Casino, déj. 3, D. incl. wine 3½ fr. incl. wine  $3^{1}/_{2}$  fr.

Evian-les-Bains, a small town (2830 inhab.), picturesquely situated, is frequented mainly by French visitors. On the lake is the Bath House (water containing bicarbonate of soda). On the lake-

promenade are the Theatre and the Casino.

Railway to Bouveret and Geneva, see p. 283. Two stations: Evian-les-Bains and Bains-d'Evian. 1/2 M. to the W., 3 min. from the Gr. Hôt. des Bains. — The Dent d'Oche (7300') is often ascended from Evian. Road to (7 M.) Bernex (2920'), whence a bridle-path ascends to the (3 hrs.) Chalets d'Oche, on the S. side of the mountain. From the chalets a steep footpath leads to the arête and the (2 hrs.) summit. Fine view (see below).

On the lake, near station Tour-Ronde-Lugrin, is the old château of Blonay. Opposite lies Lausanne (p. 260), picturesquely situated on the hillside. The hills of the S. bank, which the boat now skirts, become steeper and higher. In a romantic situation close to the lake is Meillerie, with extensive quarries, where the railway is carried through a tunnel. Beautiful view near Les Vallettes.

St. Gingolph (\*Hôt.-Pens. du Lac, R. from 2, pens. from 4 fr.; \*Hôtel Suisse; Lion d'Or), on a promontory opposite Vevey (p. 263), belongs half to Savoy and half to Valais, the boundary being the Morge, which flows through a deep ravine. The grotto of Viviers, with its

springs, may be visited by boat.

Interesting walk on the left bank of the Morge to (11/4 hr.) Novel (3200'; \*Inn), whence we may ascend the Blanchard (5085'; with guide, 13/4 hr.; \*View; rfmts. at a chalet near the top), and return by the right bank of the Morge through beautiful forest to St. Gingolph. - Ascent of the Dent d'Oche (7300'; 5 hrs.; with guide), from Novel, interesting, viâ (11/2 hr.) Les Granges and the (21/2 hrs.) Chalets d'Oche (see p. 285). — The \*Grammont (7135') is an easy and attractive ascent of 4 hrs. from St. Gingolph, viâ the chalets of Fritaz and La Chaumeny, then over grassy slopes, and finally over rough rocks. Ascent from Novel (4 hrs. with guide) more fatiguing. From Vouvry, see below. - To the E. of Novel a bridle-path leads round the W. and S. sides of the Grammont, and past the lakes of Lovenex and Tanay, in 71/2 hrs. to Vouvry (see below).

Bouveret (Hôt. de la Tour, pens. 6 fr.; \*Hôt. du Chalet de la Forêt, well situated 1/2 M. from the lake, with extensive grounds, R. 2, D. incl. wine 3 fr.) lies at the S.E. end of the Lake of Geneva, 3/4 M. to the S.W. of the mouth of the Rhone, which has converted the adjoining land into a marsh. Its strong current, 'La Battaillère', may be traced for more than a mile in the lake. - Railway to

Annemasse and Geneva, see p. 283.

The RAILWAY enters the Rhone Valley, to the S.E., and follows the left bank. At the foot of a rocky hill to the right lies Port Valais, the Portus Vallesiae of the Romans, once on the lake, but now 11/2 M. inland. Near the defile of La Porte du Sex (1290'), once fortified, the rock so abuts on the river as scarcely to leave room for the road. A wooden bridge crosses to Chessel on the right bank. To the right rises the Dent du Midi (p. 287).

4 M. Vouvry (1280'; Hôt.-Pens. de Vouvry; Poste, plain, D. 21/2 fr.), on the right, is the first station; beautiful view by the church. The Rhone is joined here by the Stockalper Canal, begun a

century ago by a family of that name, but never finished.

The ascent of the \*Grammont (7135'; 5 hrs.; guide not necessary for adepts) from Vouvry is very attractive. A bridle-path (horses at Vouvry) ascends viâ Miex (3210'; inn) to (31/2 hrs.) Tanay (4660'; Hôt.-Pens., pens. 4-7 fr.), at the W. end of Lac Tanay; thence in 11/2 hr. to the summit, which commands a magnificent view (from Mont Blanc to the Matterhorn and the

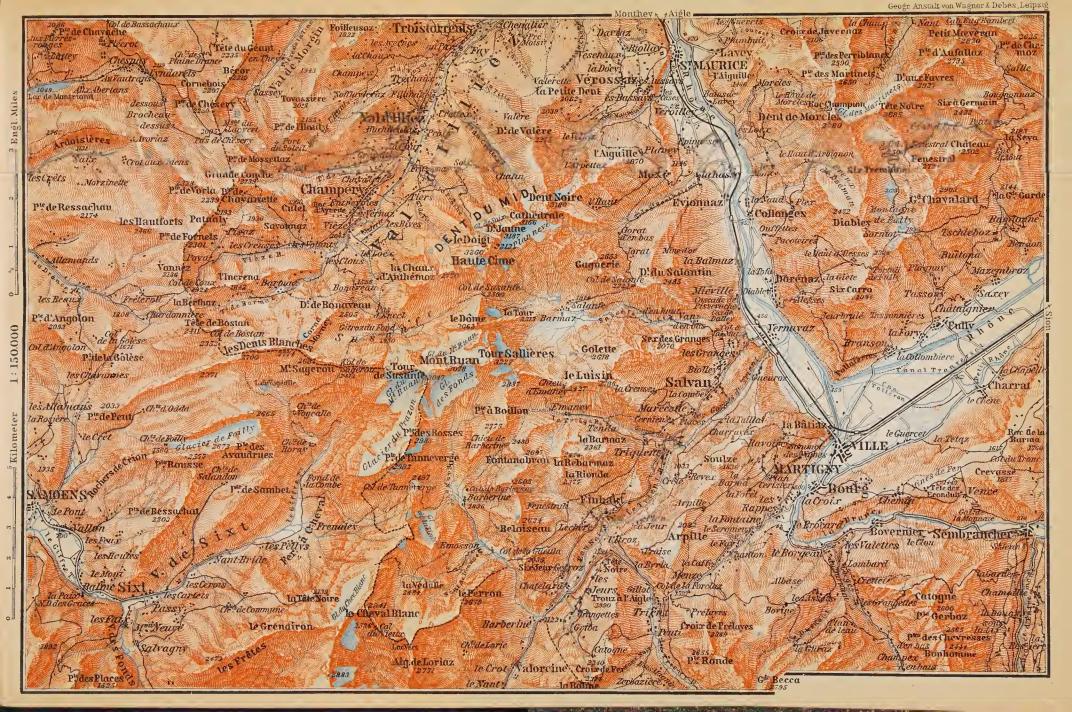

Jungfrau and over the Lake of Geneva). Descent to St. Gingolph, see p. 285.

The \*Cornettes de Bise (8000') may be ascended from Vouvry in 6 hrs. (guide 10 fr.). The route ascends via Miex (see above) to the (41/2 hrs.) Col de Vernaz (5970'), then crosses the ridge to the (1/4 hr.) chalet of La Callaz, about 11/2 hr. below the top, which affords a superb view. Descent to Lovenex or Tanay (see above), or to (2 hrs.) La Chapelle d'Abondance (p. 285).

To the right are the villages of Vionnaz and Muraz, at the foot of the hills. Opposite the former lies Yvorne (p. 271), to the right of which rise the Diablerets and the Oldenhorn. We next pass Colombey, with its nunnery. A suspension-bridge, 70 yds. long,

crosses the Rhone here to Ollon-St-Triphon (p. 272).

10 M. Monthey (1380'; pop. 3367; \*Cerf; \*Croix d'Or or Hôt. des Postes; Hôt. de la Gare, all moderate), with an old château and glass-works. In a chestnut-grove 20 min. above it, among a number of erratic boulders, is the huge Pierre-a-dzo, balanced on a space of a few square inches (not easily found without a guide).

To the S.W. of Monthey opens the "Val d'Illiez, 15 M. long, noted for its fresh green pastures, picturesque scenery, and stalwart inhabitants. (Diligence from Monthey, 8 M., in summer twice daily in 31/4 hrs., 2 fr. 70 c.; one-horse carr. from Monthey to Trois-Torrents 6, two-horse 10, to Champéry 10 & 20, to Morgins 12 & 24 fr. and fee.) Near Monthey the new road ascends on the left bank of the Vièze through vineyards, and afterwards for 2 M. through a chestnut-wood, in windings (cut off by the old paved bridle-path, following the telegraph-posts, the beginning of which had better be asked for at Monthey). Beautiful view, looking back over the valley of the Rhone, Bex and Aigle, the Diablerets, and the Grand Mæveran. About 3/4 M. above Monthey the old path joins the road, which we now follow to the left where the telegraph-wires turn in that direction, and do not again quit. (The track to the right ascends to Morgins.) We next reach (1½ M.) the prettily situated village of Trois-Torrents (2500'; Hôt.-Pens. Baraldini, 4 fr.), with a good fountain near the church. [Here, to the W., opens the VAL DE MORGINS, in which a circuitous road ascends to (3 hrs. from Monthey) the Baths of Morgins (4405'; "Grand Hôtel des Bains; "Hôt.-Pens. du Géant, This Paris and Control of the Paris of the Control of the Paris of the pens. 6-8 fr.; \*Hôt. Bellevue; Hôt.-Pens. de la Forêt, 8-10 fr.; Hôt.-Pens. du Chalet, pens. 4-7 fr.; Pens. Borgeaud-Martin), a summer-resort, with chalybeate springs. English Church Service in summer at the Hôtel de la Forêt. Hence viâ the Porte du Soleil to (4 hrs.) Champéry, see below; over the Pas de Morgins to Abondance (Thonon), see p. 235.]

The road in the Val d'Illiez gradually ascends, in view of the Dent du Midi all the way, to (21/2 M.) Val d'Illiez (3125'; \*Hôt.-Pens. du Repos) and (2 M.) Champéry (3450'; \*Hôtel de la Dent du Midi, R. 3-41/2, déj. 21/2, D. 31/2, pens. 6-9 fr.; \*Hôtel des Alpes, pens. 5-6 fr.; \*Hôt.-Pens. Berra, R. 2 fr., B. 1 fr. 20 c., lunch 21/2, D. 31/2, pens. 5-6 fr.; \*Hôt.-Pens. de Champéry, pens. 5-7 fr.; \*Croix Fédérale, R. 2-3, D. 3, pens. 51/2-8 fr.; \*Pens. des Chalet, R. 3-5, D. 3, S. 21/2, pens. 71/2 fr.; Hôt.-Pens. Anderfuhren, well spoken of; Chalet Angleis), the highest village in the valley (727 inhah), hourifully Chalet Anglais), the highest village in the valley (727 inhab.), beautifully situated. English Church, with regular services in summer.

EXCURSIONS FROM CHAMPERY. (Guides, Maur. and Pierre Caillet, the brothers Grenon, Ant. Clement, Ed. and Prosper Defago, V. Gex-Collet, E. Joris, etc.) To the (20 min.) \*Galleries: we descend to the Vieze and cross it, passing a saw-mill, to the passage constructed along the sheer cliffs opposite the village, which commands a charming survey of the valley as far as Trois-Torrents (adm. 50 c.). — The Chalets d'Ayerne (4715'; 1 hr.) afford a good survey of the environs. To the N.W. viâ Crosey to the (3 hrs.) Porte du Soleil (6443'; descent to Morgins 2 hrs.), and then to the right to the (1 hr.) Pointe de l'Haut (7070'), affording a grand view of the Dent du Midi (guide 6 fr.). — The \*Culet (6450'; 3 hrs.; guide, 4 fr., not essential) commands a splendid view, especially of the Dent du Midi. We follow the path to the Col de Coux (p. 288) for 3/4 hr., turn to the right and another shrine where the path divides, pass a large chalet on the left, and another on the right, farther up; then through pine-wood, and by a narrow path to the cross on the top. Frequent opportunities of asking the way.

\*Dent du Midi (highest summit or Cime de l'Ouest, 10,696'; 7-8 hrs.; guide 20, with descent to Vernayaz 27, to Salvan 25 fr.). The previous night is spent in the chalets of (2 hrs.) Bonaveau (5103'; good quarters); thence by the Pas d'Encel (6105'), the Col de Susanfe (8202'), and the Col des Paresseux (10,043'), to the E. of the small Plan-Névé Glacier, to the summit 5-6 hrs., the last 3 hrs. very fatiguing, but without danger to the sure-footed. Late in summer the path is almost free from snow, and there is no glacier to cross. The view of Mont Blanc and the Alps of the Valais and Bern is imposing; the background to the S. is formed by the Alps of Dauphine and Piedmont; the Lake of Geneva is visible from Villeneuve to Vevey. We may descend to Salvan (53/4 hrs.); at first a toilsome descent over débris to (31/4 hrs.) the pastures of the upper Salanfe Alp (6395'; Hôt. de la Dent du Midi), then across the Alp and past the picturesque falls of the Salanfe or Sallanche, by a bridle-path, to  $(1^1/2 \text{ hr.})$  Van d'en Haut (milk), where we cross the Salanfe. The path now skirts the S. side of the valley, affording a view of Mont Blanc as the corner of the Col de la Matze (4210') is turned, and then descends viâ Les Granges to (1 hr.) Salvan (p. 308). — The other peaks of the Dent du Midi are more difficult: Dent Noire or Cime de l'Est (10,434'; guide 40 fr.), Cathédrale (10,386'; 40 fr.), Dent Jaune (10,457'; 50 fr.), and Doigt (10,539'; 50 fr.).

Tour Sallières (10,588'; 10-11 hrs.; guide 35 fr.; night spent at Bonaveau, see above), a difficult and fatiguing ascent, crossing the Glacier du Mont-Ruan. Better from the Barberine Club Hut (p. 308). — Dents Blanches (9100'), ascended by the Barmaz Alp in 6 hrs., without danger for proficients (guide 14 fr.).

Passes. From Champéry to Samoëns over the Cols de Coux and de la Golèse, 7-8 hrs.; guide (14 fr.) unnecessary. The bridle-path ascends the left bank of the Vièze to the (1 hr.) hamlet of Autrevenaz (4550'). We then cross the Seumon (descending from the right) and ascend the green valley of Les Creuses, passing several chalets and looking back on the imposing Dent du Midi, to the (3 hrs.) Col de Coux (6313'; Inn), the frontier of Switzerland and Savoy, which towards the W. overlooks the valley of the Drance. The saddle to the left is the Col de la Golèse. We descend through the upper part of the Drance Valley by a new path above the wood, avoiding the paths leading to the right to Morzine (p. 284). Beyond the (1½ hr.) Col de la Golèse (5482'; fine view) we descend past the chalets of Les Chavannes, leaving the hamlet of Les Allamands to the left, then by the valley of the Giffre, to (1¾ hr.) Samoëns (p. 296). A good road leads thence to (5 M.) Sixt (p. 296).

From Champery to Sixt over the Col de Sagerou, 9-10 hrs., toilsome, for adepts only (guide, necessary, 18 fr.). From the Hôtel de la Dent du Midi we descend a narrow road, towards the head of the valley, to a (20 min.) bridge, and beyond it, at (3 min.) the point where two brooks unite to form the Vièze, we cross another bridge, and avoid the path to the left. After 10 min. more we take the path to the left, ascending rapidly for 1 hr., and passing the Chalets de Bonaveau (p. 287); thence we ascend gradually, skirting precipitous rocks, to the (40 min.) Pas d'Encel (6105'), where a little climbing is necessary (caution required). In 1/4 hr. more the path to the Col de Susanfe diverges to the left (see below). Our route now ascends slowly over the pastures of the Susanfe Alp, on the left bank of the brook, crosses the brook (1/2 hr.), and then mounts a very steep path to the (1 hr.) Col de Sagerou (7917'), a sharp arête descending abruptly on both sides, between the (r.) Mt. Sagerou (8815') and (l.) Mt. Ruan (10,099'; 41/2 hrs. from the pass; difficult; better from the Barberine Hut, p. 308). We descend thence to the (3/4 hr.) chalets of Vogealle (6115') and (1/2 hr.) Boret, and along an almost perpendicular cliff into the (1/2 hr.) valley of the Giffre. In 11/4 hr. we reach Nant-Bride, and in 11/4 hr. more Sixt (p. 296).

FROM CHAMPÉRY TO VERNAYAZ over the Col de Susanfe or Clusanfe (8202'; 10 hrs.; guide 15 fr.), fatiguing. Beyond the Pas d'Encel (see above) we ascend to the left to the col, between the Dent du Midi and the Tour Sallières, and descend viâ the Salanfe Alp (see above) to Salvan and Vernayaz. — Or we may ascend to the right from the Salanfe Alp (see above), 1 hr. beyond the Col de Susanfe, and cross the Col or Chieu d'Emaney (7960'), lying between the Tour Sallières and the Luisin (p. 309), to the valley of the Triège, Emaney, and (5-6 hrs.) Triquent (p. 308). Or from Emaney we may cross the Col de Barberine (8136') to the Barberine Club Hut (p. 308) and proceed thence by the Col de la Gueula to Finhaut. From the Salanfe Alp a bridle-path leads to the E. over the Col du Jorat (7293') to (3½ hrs.) Evionnaz (p. 275), in the Rhone valley.

The train crosses the Vièze, which descends from the Val d'Illiez, and at Massongex approaches the Rhone. At  $(14^{1}/2 \text{ M.})$  St. Maurice (p. 274) our line is joined by that of the right bank.

# V. CHAMONIX, THE VALAIS, AND THE ADJACENT ITALIAN ALPS.

## 71. From Geneva to Chamonix. i. Viå Sallanches.

551/2 M. RAILWAY (French; Paris, Lyons, and Mediterranean Line) from Geneva (Eaux-Vives station) to (43 M.) Le Fayet-St-Gervais in 21/2-3 hrs. (7 fr. 50, 5 fr., 3 fr. 30 c.); ELECTRIC RAILWAY thence to (121/2 M) Chamonix in 50 min. (4 fr. 50 or 2 fr.). Through-fares from Geneva to Chamonix, 1st class 12 fr., 2nd cl. 7 fr. (66 lbs. of luggage free). Cook's tickets also are offered at the hotels in Geneva (to Chamonix and back, or viâ Chamonix and the Tête-Noire or Salvan to Martigny and Vernayaz, etc.). For the journey from Chamonix to Martigny it is advisable not to take tickets till Chamonix is reached. — At Eaux-Vives (reached by tramway from Place Molard; cab 2 fr.) the railway-time is 55 min. behind that of Geneva. The French third-class railway carriages are very uncomfortable. Luggage is not examined at the French frontier, as the department of Haute-Savoie is free of customs, but is examined on re-entering Switzerland.

Geneva (Eaux-Vives station; Pl. F, 8), see p. 244. The train ascends, through a tunnel, and traverses a plateau, with the Salève on the right and the Jura chain on the left. At (21/2 M.) Chêne (1385'), a large village belonging to Geneva, Mont Blanc appears on the right, between the pyramidal Môle and the Pointe d'Andey (p. 293). We now cross the Foron, the French frontier, to (33/4 M.) Annemasse (1420'; Rail. Restaurant, R. 21/2, D. 3 fr.; Hôt. de l'Europe), junction for the Bellegarde and Bouveret line (p. 283) and the steam-tramway to Samoëns (p. 295). The train backs out, describes a wide curve through the little town, and crosses the Arve at Etrembières (Salève Railway, see p. 256). Fine view to the left, with Mont Blanc in the distance. 51/2 M. Monnetier-Mornex. The charmingly situated village of Mornex (p. 256) lies above us on the right, and the deep gorge of the Arve to the left. The train crosses the Vaison by a handsome viaduct, ascends through meadows and orchards, in view of the Arve valley, and crosses the Foron to (91/3 M.) Reignier (Hôt. du Mont-Blanc). Beyond (11 M.) Pers-Jussy-Chevrier is —

13<sup>1</sup>/<sub>2</sub> M. La Roche-sur-Foron (1905'; Hôt. de la Croix Blanche), junction for Annecy (see Baedeker's South-Eastern France). To the left is the village with its ruined castle, picturesquely situated high above the Arve valley.

The train crosses the Foron and one of its tributaries and threads a short tunnel. To the right tower the cliffs of the Pointe d'Andey, to the left the Môle. We descend through a wooded region into the

Arve valley. Beyond (18 M.) St. Pierre-de-Rumilly we cross the Borne, and then the Arve, and skirt the town to the station of —

201/2 M. Bonneville (1457'; pop. 2173; Balance, Couronne, etc.), picturesquely situated among vine-clad hills. A handsome bridge crosses the Arve, on the N. bank of which, on the right, is a monument to the Savoyards who fell in the campaign of 1870-71. On the S. bank rises a monument, 73' high, to King Charles Felix of Sardinia. — Steam-tramway, to the N., to Bonne, see p. 295.

The \*Môle (6132'), to the N.E. of Bonneville, is ascended in 31/2 hrs. (guide, 10 fr., not indispensable) by the *Grange à Beroud* and *La Lardère* (4981'; small inn). Magnificent view of Mont Blanc. — Ascent from St. Jeoire

(4 hrs.), see p. 295.

The Pointe d'Andey (6165'), to the S. of Bonneville, is ascended in 31/2 hrs. either by (1 hr.) Andey or by (13/4 hr.) Brison (inn; road thus far, viâ Vougy) and (1 hr.) Solaizon, 3/4 hr. from the top. Splendid view, partly obstructed by the Rochers de Leschaux. Rich flora.

The train runs in a straight line up the broad valley of the Arve, bounded by lofty mountains. Crossing the Giffre we reach (25 M.) Marignier (1530'; inn; steam-tramway to Pont du Risse, see p. 295). To the right rise lofty limestone hills. We follow the right bank of the Arve to (271/2 M.) Le Nanty and (29 M.) Cluses (1590';

Hôtel de la Gare), a small watch-making town (2403 inhab.).

A winding road ascends hence to the N. viâ the Col de Châtillon (2828'; view) to (6 M.) Taninges (p. 296); while another road, hewn in the rock, leads to the right to (2 M.) Nancy-sur-Cluses.

The railway penetrates the Pointe de Chevran (4030') by a tunnel and runs to the S. through the narrowing gorge of the Arve on the right bank. Beyond (311/2 M.) Balme-Araches (1624'; café-restaurant), in the bluish-yellow limestone rock to the left, 750' above the road, is the entrance to the Grotte de Balme, a stalactitecave hardly worth visiting (2 hrs. there and back; 3 fr. each pers.). 331/2 M. Magland (1680'), at the foot of a steep cliff. Then, to the right, the Pointe d'Areu (8097') and the Pointe Percée (9030'; see below), and to the left, the Aiguille de Varens (8163'). Beyond (36 M.) Oex we cross the Arve. To the left is the Cascade d'Arpenaz (165' high), fine after rain.

The valley expands. To the S.E. there is now revealed a superb \*View of Mont Blanc, whose dazzling peaks, towering majestically at the head of the valley, seem to annihilate the intervening distance of 15 M. The Aiguille du Goûter appears first; then, from right to left, the Dôme du Goûter, Mont Blanc itself, Mont Maudit, Mont Blanc du Tacul, Aiguille du Midi, and Aiguille

39 M. Sallanches (1790'; pop. 2064; Hôt. de Bellevue; Hôt. des Messageries), a straggling little town, with a fountain commemorating the centenary of the French Revolution, adorned with a statue of Peace, by Cambos (1890).

The Pointe Percée (9030'; 5-51/2 hrs.; with guide; easy for experts), commanding a fine view of Mont Blanc, is ascended hence by the (21/2 hrs.) Praz-ès-Ros and the (2 hrs.) Col des Verts. The Pointe d'Areu (8097; 6 hrs.), the Aiguille de Varens (8163'; 6 hrs.), and the Pointe du Colloney (8832'; 61/2 hrs.) are more difficult (with guides).

The railway next leads by (41 M.) Domancy to (43 M.) Le Fayet-St-Gervais (1860'; Hôtel des Alpes; Hôt. de la Paix; Café-Restaurant de la Gare; Railway Buffet, dear), by the bridge over the Bon-Nant.

In a wooded ravine of the Vallée de Montjoie, 1/2 M. from Le Fayet, lies St. Gervais-les-Bains (2075'; \*Grand Hôtel des Bains; S.B.G.H.), a sulphur-bath, which was totally destroyed by a burst of the Glacier de Tête-Rousse (p. 312) in July, 1892, but has been rebuilt in a higher and safer position. A shady path leads in 20 min. from the baths (road from Le Fayet, 21/4 M.) to the village of St. Gervais (2680'; \*Hôt. du Mont Joly; \*Hôt. du Montblanc; \*Hôt. des Etrangers; Hôt. de Genève; several pensions), a health-resort, finely situated. About 1/4 hr. below the village (4 min. from the footpath to the Baths) is the \*Cascade de Crépin, a fall of the Bon-Nant. From St. Gervais a road leads viâ Bionnay to (6 M.) Contamines (p. 312). — The Mont Joly (8290') is ascended without difficulty from St. Gervais in 5 hrs. (comp. p. 313).

Walkers may leave the diligence at Le Fayet and cross the Col de la Forclaz (5105'), between the Tête-Noire (5800') and the Prarion (6460'), direct to Le Fouilly and Les Houches in 5-6 hrs. (guide desirable, 6 fr.). A longer but more interesting route (6-7 hrs.) is from St. Gervais over the Pavillon du Prarion (6100'; inn) and the Col de Voza (p. 312). An excursion to the Tête Rousse is easily combined with this last (from the Pavillon du Prarion 5-6 hrs., with guide; see p. 312); the descent may be made viâ Les Houches to Chamonix in 51/2 hrs., by a rocky path diverging at a

workmen's hut on Mt. Lachat.

An attractive route (8-9 hrs., with guide) for mountaineers leads from Le Fayet to Sixt viâ the Escaliers de Platé, the Chalets de Platé (p. 296), and the Portettaz (7820'). Fine view; better from the Pointe de Platé (8375'; 3/4 hr.). We descend to the chalets of Salles (6200') and through an imposing ravine with fine waterfalls (La Pleureuse, Cascade du Rouget) to Salvagny and Sixt (p. 296).

The Electric Railway to Chamonix crosses the Bon Nant and the Arve and runs along the level bottom of the valley to (2 M.) Chedde, beyond which, to the right, is the large electro-chemical establishment of Corbin & Co. The line now gradually ascends and, describing a wide curve, again crosses the Arve by a handsome iron bridge of 150' span. On the left bank it threads a short tunnel and enters the wooded valley of Le Châtelard, where it passes the first electric power-house of the railway, with a capacity of 4000 H.P., and, beyond another short tunnel, reaches the station of (41/2 M.) Servoz.

On the left a road leads across the Arve to (1 M.) Servoz (\*Hôt.-Pens. Diosaz; Hôt. à la Fougère, well spoken of), whence we may visit (1 hr. there and back) the "Gorges de la Diosaz (adm. 1 fr.), a grand ravine, through which the Diosaz, a torrent rising on the Buet, dashes in fine cascades. Access to the gorge is afforded by a gallery, 1/2 M. long, attached to the rocks. — From Servoz to Sixt over the Col du Derochoir (7340'), 71/2 hrs.

(guide), toilsome but interesting.

Beyond the Servoz station the line ascends rapidly for about a mile, and passes the (5½ M.) second power-house of the company, with a force of 10,800 H.P. derived from a waterfall 310' in height. Through the opening of the valley to the S.E. appear the Dôme du Goûter and the jagged Aiguille du Midi (p. 303). The line passes

through another short tunnel and crosses the wild gorge of the Arve by the imposing \*Viaduct of Ste. Marie, consisting of seven arches of 50' span and a central arch of 82' span, 165' above the foaming torrent. A little farther on we reach the station of (71/2 M.) Les Houches, opposite the village of that name, at the entrance of the Chamonix valley. To the right opens a view of the Mont Blanc range with its glaciers: first the Glacier de Taconnaz, then the imposing Glacier des Bossons, descending far into the valley (p. 301). The railway skirts the right bank of the Arve for about a mile and then crosses the river to the station of (10 M.) Les Bossons (p. 302). After crossing the Arve twice more we reach the terminus at (121/2 M.) Chamonix, on the E. side of the village.

#### ii. Viâ Sixt.

RAILWAY from Geneva to (3<sup>3</sup>/<sub>4</sub> M.; 13 min.) Annemasse. Steam Tramway from Annemasse to Samoëns, 27<sup>1</sup>/<sub>4</sub> M., in 3 hrs. (3 fr. 55, 2 fr. 20 c.). Omnibus from Samoëns to Sixt (5 M.; 1 hr.). From Sixt to Chamonix, Bridle Path (10 hrs.) over the Col d'Anterne and Col du Brévent (guide. 18 fr., needless in good weather), rather fatiguing, as we have to traverse both passes, with the descent and ascent between them, during the heat of the day. Splendid views of Mont Blanc. Provisions should be taken, as nothing but milk is to be had on the way.

From Geneva to (33/4 M.) Annemasse, see p. 292. At the N. end of Annemasse the tramway turns to the E. (right), and runs viâ Malbrande, Bas-Monthoux, and Borly to (8 M.) La Bergue (1680').

The Pralaire (4630'), the S. peak of the Voirons (p. 257), may be ascended hence in 2 hrs. viâ (3/4 hr.) Lucinges and Les Gets.

91/2 M. Bonne, on the Menoge. Branch-line to (8 M.) Bonneville, see p. 293. — From (101/2 M.) Pont de Fillinges (1784'; inn) a diligence runs twice daily to (41/2 M.) Boëge (Hôt. des Allobroges; Balance), the best starting-point for the Voirons (2 hrs.; p. 257). — Then through the valley of the Foron to  $(13^{1}/_{2} \text{ M.})$  Viuz-en-Sallaz. To the left is the Pointe des Brasses (4940'), to the right the Môle (see below).

16 M. St. Jeoire (1925'; pop. 1750; Couronne; Hôt. des Alpes, plain; Restaurant Chalet du Môle, at the station; \*Restaurant Blanc, at the E. end of the main street), a little town, with the château of Fléchère and a statue of Sommeiller (1815-71), one of the engineers of the Mont Cenis Tunnel, who was born here.

The "Môle (6132'), which commands the Arve valley and Mont Blanc, is ascended in 4 hrs. from St. Jeoire, by Montrenaz and the chalets of Char. A somewhat shorter route leads by La Tour, the chalets of Bovère, and the Petit-Môle (4980'; the refuge-chalet is farther to the S., on the route

from Bonneville, p. 293).

The road ascends a narrow gorge, and then enters the valley of the Giffre, to the left. From (171/2 M.) Pont du Risse a tramway leads in 1/2 hr. viâ Le Breuillet to Marignier (p. 293). 20 M. Mieussy (2225'), at the W. base of the Pointe de Marcelly (see p. 296). In front rise the Buet and Mont Blanc. The line rounds the conical Roc de Suets (3002') and reaches —

24<sup>1</sup>/<sub>4</sub> M. Taninges (2103'; Balances), a busy little town with the old abbey of Mélan, now a school. Route to Cluses, see p. 293.

The Pointe de Marcelly (5340') may be ascended hence in 31/2 hrs. by a steep path viâ Praz-de-Lys or Pradely (11/2 hr.; inn) and Planey, or from Mieussy (p. 295) in 31/2 hrs., with guide. — From Taninges viâ Les Gets to St. Jean d'Aulph and Thonon, in the valley of the Drance, see p. 284. Diligence daily from Taninges to Morzine in 31/4 hrs.

We ascend the valley of the Giffre, by La Palud, Jutteninge,

Verchaix-Morillon, Les Chenets, and Le Bérouze, to -

31 M. Samoëns (2490'; pop. 2540; \*Croix d'Or, moderate; Commerce), prettily situated at the base of the Rochers de Criou (7380'). Fine view from the chapel above the church (10 min.).

From Samoëns to (7 hrs.) Champéry in the Val d'Illiez, over the Col de la Golèse and Col de Coux, see p. 288; over the Col de Jouplane or the

Col de la Golèse to (4 hrs.) Morzine, see p. 284.

Beyond Samoëns the road enters the defile of Les Tines, in which the Giffre forms a fall, 160' high. As the valley expands we see before us the precipices of the Buet, to our right the Pointe de Salles and the Pointe des Places, and to our left the Pic de Tanneverge (see below).

36 M. Sixt (2485'; \*Hôt.-Pens. du Fer à Cheval, in an old monastery, R. 3, B. 11/2, D. 3, pens. 5 fr., unpretending) is locally

known as L'Abbaye.

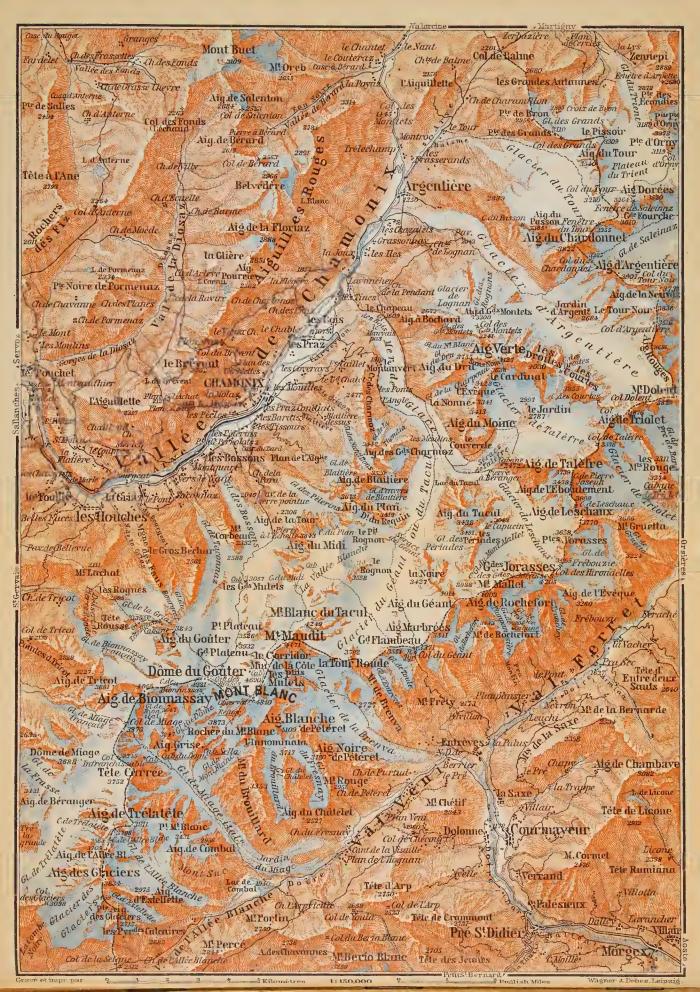

Environs. In spring, when the brooks are swollen by the melting snow, the environs of Sixt abound in fine waterfalls, there being no fewer than thirty in the upper part of the valley alone, which is called from its shape Vallée du Fer à Cheval. In summer and autumn, however, the number dwindles to five or six. An attractive excursion may be taken, through the débris of a landslip of 1602, to the (3 hrs.) Fond de la Combe (3275'), at the head of the valley, with a waterfall.

Fine views from the Collet d'Anterne (5900'), 3 hrs. to the S., and from the Croix de Commune (6340'), 31/2 hrs. to the S.E. — The Pic de Tanneverge (Pointe des Rosses, 9785'; 9 hrs.; with guide), by the Col de Tanneverge (8454'), is difficult, but commands a splendid view. The descent from the col may be made to the Barberine Club Hut (6135'), then down the Eau Noire to Emosson, and over the Col de la Gueula to Finhaut (p. 308). — The Tête Pelouse (8120'), ascended by the Lac de Gers in 6 hrs., offers no difficulty; fine view of Mont Blanc. The descent may be made over the stony slopes ('lapiaz') of the Désert de Platé to the Chalets de Platé, and then over the Escaliers de Platé to Le Fayet (p. 294; dizzy path, recalling the Gemmi). — The Pointe de Salles (8183'), from the (4 hrs.) Chalets of Salles (p. 294) by the S.W. side in 2 hrs. (with guide), not difficult. The ascent by the E. side demands skilful climbing.

FROM SIXT TO CHAMONIX OVER THE BUET, 12-13 hrs., fatiguing but interesting (guide necessary; 23 fr., incl. return). To the Chalets des Fonds, see p. 297. Then to the left to the (21/2 hrs.) basin of Beaux Près, close to the Col de Léchaud (7490'), and to the N. over turf, débris, and snow to the S.W. arête, the small Cabane Pictet (9970'), and the (21/2 hrs.) top of the \*Buet (10,200'). Magnificent view of the Mont Blanc range, Monte Rosa, the Matterhorn, the Bernese Alps with the Jungfrau and Finsteraarhorn, the Dent du Midi, and the Jura as far as the Alps of Dauphiny A toilsome descent leads to (2 hrs.) the Chalet de la Pierre à Bérard (6330'; small inn), and through the Vallée de Bérard (p. 306) to Argentière and (5-6 hrs.) Chamonix.

From Sixt to Champéry over the Col de Sagerou, see p. 288; to Le Fayet by the Portettaz, or over the Col du Derochoir, see p. 294.

The bridle-path to the Col d'Anterne (to Chamonix 10 hrs., fatiguing) ascends the Vallée des Fonds to the S., past a picturesque waterfall on the right, to (1/2 hr.) Salvagny (in view of the beautiful Pointe de Salles, see p. 296), beyond which it zigzags up a grassy hill to the left, past the Cascade du Rouget (p. 294), to the (11/2 hr.) Chalets des Fonds (4530'; small inn), and 'Eagle's Nest', the summer-seat of Sir Alfred Wills, at the foot of the Buet (p. 296). About 5 min. farther on, beyond the bridge, we ascend to the right (path to the left to the Col Léchaud, see p. 296), passing the ruined huts of Grasses-Chèvres (5600') in a wide bend, to (1 hr.) the Signal or Bas du Col d'Anterne (6810'). We then traverse the undulating Plateau d'Anterne (the chalets of which lie to the right), and skirt the Lac d'Anterne (6693') to (11/2 hr.) the \*Col d'Anterne (7425'), where a stupendous view of the Mont Blanc chain is suddenly revealed. We descend to the left (path to the right to Ayer and Servoz, p. 294; 21/2 hrs.), passing the chalets of Moëde, into the valley of the Diosaz, which we cross after 11/2 hr. by a wooden bridge (5530'). We then ascend to the (11/2 hr.) Col du Brévent (6975'), which also affords a superb view of Mont Blanc. Descent, chiefly through wood, via Planpraz and Les Chablettes (p. 301) to (2 hrs.) Chamonix.

#### 72. Chamonix and Environs.

Tochamonix and Environs.

Hotels. \*Grand Hôtel-Pension Couttet et du Parc, frequented by the English, R. 3-7, déj. 3, D. 4, pens. from 8½ fr.; \*Grand Hôtel Impérial et Metropole, R. 3-12, B. 1½, déj. 3½, D. 4, pens. from 8 fr.; \*Hôt. déj. 3½, D. 5, pens. from 10 fr.; \*Grand Hôtel Royal et de Saussure, with garden, R. 3-7, B. 1½, déj. 3½, D. 5, pens. from 9 fr.; \*Hôt. du Mont-Blanc, R. 2½-5, déj. 3½, D. 5, pens. from 9 fr.; \*Hôt. du Mont-Blanc, R. 2½-5, déj. 3½, D. 5, pens. from 9 fr.; \*Hôt.-Pens. Beau-Rivage, in an open situation, on the left bank, R. 2-6, B. 1¼, déj. 2½, D. 3½, pens. from 6 fr.; \*Hôt.-Pens. de Chamonix, Place de l'Eglise, R. 2½, B. 1¼, déj. 2, D. 2½, pens. from 6 fr.; \*Hôt.-Pens. de Chamonix, Place de l'Eglise, R. 2½, B. 1¼, déj. 2, D. 3½, pens. from 6 fr.; \*Hôt.-Pens. de Chamonix, Place de l'Eglise, R. 1½-24, B. 1¼, D. 3½, pens. from 6 fr.; \*Hôt.-Pens. de Chamonix, Place de l'Eglise, R. 1½-24, B. 1¼, D. 3½, pens. from 6 fr.; \*Hôt.-Pens. de Chamonix, Place de l'Eglise, R. 1½-24, B. 1¼, dej. 2, D. 3½, pens. from 6 fr.; \*Hôt.-Pens. and fr. Pens. de Chamonix, Place de l'Eglise, R. 1½-24, B. 1¼, dej. 2,

Guides. A guide is unnecessary for the Montanvert, the Flégère, the Brévent, the Plan de l'Aiguille, and the Pierre Pointue. The paths are so minutely described in these pages that they can hardly be mistaken, and opportunities of asking the way are frequent. Visitors to the Chapeau need only take a guide across the Mer de Glace to or from the Chapeau (p. 300). The guides at Chamonix form a society under a Guide-Chef, who assigns them to applicants in rotation; but travellers may choose their own guides.

Full pay must be given for an ordinary tour if more than half completed, but given up at the traveller's desire; when less than half has been completed, two thirds of the tariff must be paid (special tariff for Mont Blanc, see p. 303). The guides are bound on 'courses ordinaires' to carry baggage not exceeding 26 lbs.; on 'courses extraordinaires', 15 lbs. only. — The following are recommended for difficult expeditions: Frédéric Payot; Auguste Cupelin; Henri, Joseph Albert, and François Devouassoud; Jules Bossoney; Michel Folliguet; Benoît Simon, surnamed Benoni; Joseph Adolphe Simond of Les Praz; Franç. and Alphonse Simond of Lavancher; Gasp. and Joseph Simond of Les Mossoux; Armand Couttet; Michel Savioz; Michel Folliquet; Al. Tournier; Jules Bossoney; Antoine Ducroz; Albert Tissary, etc.

Horses and Mules. Except for the excursion to the Montanvert and Chapeau (9 fr.), and to the Montanvert for a visit to the Jardin, and back to Chamonix in the evening (9 fr.), the charges are the same as for the 'courses ordinaires' of the guides, and as much more is charged for the attendant.

The Collection of Pictures of M. Gabriel Loppé, the painter of Alpine scenery, situated behind the Hôtel Royal, on the way to the Montanvert, is worth seeing. Admission gratis (small fee to the attendant). — Alpine Library (guide-books, photographs, etc.) near the Hôt. Impérial. — The best Telescope for a view of Mont Blanc is that of M. Louis Donat (diameter 10 inches), in a court at the W. end of the village (50 c.). — The Revue du Mont-Blanc, issued in summer weekly, gives information as to the state of the snow, records of ascents, and so on.

Points of Interest. The traveller should devote three or four days at least to Chamonix, but those who have one day only at command should ascend the Montanvert (p. 299) in the morning (2½ hrs.), cross the Mer de Glace (p. 299) to the (½ hr.) Chapeau (p. 300), descend to (1 hr.) Les Tines (p. 300), ascend the Flégère (p. 300; 2½ hrs.), and descend thence in 2 hrs. to Chamonix. Early in the morning the path to the Montanvert is in shade, in the afternoon that to the Flégère partly so; and by this arrangement we reach the Flégère at the time when the light is best for the view of Mont Blanc. For this excursion a guide (to be found on the Montanvert) for the inexperienced is necessary for the Mer de Glace only. Riders send their mules round from Montanvert to Les Tines or the Chapeau to meet them. The excursion to the Flégère alone takes 5 hrs., and that to the Montanvert or the Chapeau about the same time. — Those who come from the E., and have slept at Argentière, may leave the road near Lavancher (p. 305), take a guide there, and go by the Chapeau, the Mer de Glace, and Montanvert to Chamonix. The Flégère may also be reached from Le Joux (p. 305), on the right bank of the Arve; guide not necessary, if the beginning of the road is pointed out.

On a cloudy afternoon, when no distant views are obtainable, the GLACIER DES Bossons (p. 301) is the best object for a walk (there and back 3 hrs.). — To the Cascade de Blaitière, on the hillside to the E. of Chamonix, ½ hr. (adm. ½ fr.; restaurant). — The Plan de l'Aiguille (p. 302), 3-3½ hrs., or, incl. the *Lac de Blaitière*, 4 hrs. (there and back, with stay, 7 hrs.). — To the Pavillon de la Pierre-Pointue (p. 302) and back, 5-6 hrs.; or, including the Aiguille de la Tour and Pierre à l'Echelle, a whole day. - Ascent of the Brevent (p. 301) and back, 7 hrs.; ascent or descent by the Flégère 2 hrs. more.

English Church (p. 299), with regular services during the season.

The \*Valley of Chamonix (3415'; pop. about 3400), or Chamouny, 12 M. long, 1/2 M. wide, watered by the Arve, runs from N.E. to S.W., from the Col de Balme to Les Houches. It is bounded on the S.E. by the Mont Blanc chain, with its huge ice-cataracts, the Glaciers du Tour, d'Argentière, des Bois (Mer de Glace), and des Bossons; and on the N.W. by the Aiguilles Rouges and the Brévent. The valley was first brought into cultivation by a Benedictine priory in the 12th cent. (hence its former name of Le Prieuré), but it remained practically unknown until the 18th cent., when it was visited by the English travellers Pococke and Windham (1741) and the Genevese naturalists De Saussure (1760) and Bourrit (1769). It is inferior to the Bernese Oberland in picturesqueness, but superior in the grandeur of its glaciers, in which respect it has no rival but Zermatt.

In front of the Hôtel Royal rises the \*Saussure Monument, unveiled in 1887, on the centenary of the first ascent of Mont Blanc. The bronze group (by J. Salmson), on a granite pedestal, represents Saussure conducted by Balmat (p. 303): 'à H. B. de Saussure Chamonix reconnaissant'. A small monument to Balmat stands in front of the church.

The \*Montanvert or Montenvers (6267'; 21/2 hrs.; guide, 6 fr., unnecessary; horse and attendant 12 fr.), a height on the E. side of the valley, is visited for the view it affords of the vast 'sea of ice' which fills the highest basins of the Mont Blanc chain in three branches (Glacier du Géant or du Tacul, Glacier de Leschaux, and Glacier de Talèfre), and descends into the valley in a huge icecataract, 4½ M. long and ½-1½ M. broad, called the Mer de Glace above the Montanvert, and the Glacier des Bois below it. The bridle-path leads to the left by the Hôtel Royal, passes the little English Church, and crosses the meadows (to the left of the cemetery wall) to the (1/4 hr.) houses of Les Mouilles. We ascend (just before the solitary cottage) through pine-wood to the right (again turning to the right after 1/4 hr.), past the (10 min.) Chalets des Planaz (rfmts.), to (40 min.) Le Caillet (4900'; rfmt. hut). Farther on (12 min.) a bridle-path to the left descends to Les Bois (p. 300). Our path ascends gradually, at first through wood, to the (1 hr.) Hôtel du Montanvert (R. 3-4, dej. 4, D. 5 fr.), at the top of the hill, commanding the \*Mer de Glace and the mountains around it: opposite us rises the huge Aiguille du Dru (12,320'); behind it, to the left, is the snow-clad Aiguille Verte (13,540') and lower down the Aig. à Bochard (8767'), to the right the Aig. du Moine (11,198'); farther distant are the Grandes Jorasses (13,797'), the Mont Mallet (13,085'), and the Aig. du Géant (13,170'); and immediately to our right tower the Aiguilles des Charmoz (11,293') and de Blaitière (11,550').

From the Montanvert travellers usually cross the Mer de Glace to the  $(1^1/4-1^1/2 \text{ hr.})$  Chapeau, opposite. A path descends the left lateral moraine to (1/4 hr.) the glacier. The passage of the glacier presents no difficulty (1/4 hr.); guide from the Montanvert, unnecessary for experts, 3 fr., or to the Chapeau 6 fr.; woollen socks to draw over shoes unfurnished with nails, 1 fr.). At the edge of the glacier is the 'Englishmen's Stone', with the names of Pococke and Windham, 1741 (see above). On the opposite side we ascend over débris to the (5 min.) top of the right lateral moraine (6065'; rfmts.), skirting which we descend to the giddy 'Mauvais Pas', where the path is hewn in steps and flanked with iron rods attached to the

rocks, and the (40 min.) Chapeau. Guides for this excursion in the reverse direction are not always to be found at the Chapeau; if required, they should be brought from Lavancher (6 fr.; see below).

The \*Chapeau (5280'; Inn), a projecting rock on the N.E. side of the Glacier des Bois, at the base of the Aiguille à Bochard, is much lower than the Montanvert, but commands an excellent survey of the ice-fall of the Glacier des Bois and the Chamonix Valley. In the background, Mont Mallet (13,085') and the Aiguille du Géant (13,170'); to the right, the Aiguilles des Charmoz (11,293'), de Blaitière (11,550'), du Plan (12,050'), and du Midi (12,608'), the Bosses du Dromadaire (14,950'), the Dôme du Goûter (14,210'), and the Aig. du Goûter (12,610').

A bridle-path descends the moraine from the Chapeau, in view of the ice-fall of the Glacier des Bois and the Aiguille du Dru, and then through pine-wood to (40 min.) the Hôt.-Pens. Beau-Séjour (p. 305). Here it divides: to the right to (10 min.) Lavancher, to the left to (20 min.) Les Tines (p. 305). The route to the Flégère crosses the Arve at the inn 'à la Mer de Glace', then leads to the left through wood and pastures to (20 min.) the foot of the zigzag path (see p. 301). A shorter path, rough and unfit for riding, diverges from the path to Les Tines (20 min. from the Chapeau) to the left, and descends the moraine (passing the Source of the Arveyron below on the left) to Les Bois and (40 min.) Les Praz (p. 305).

The \*Jardin (9830'; guide necessary, 14 fr.) is a triangular rock rising from the midst of the Glacier de Talèfre, and walled in by moraines. Around a spring in the midst of this oasis Alpine flowers bloom in August. From the Montanvert, where the night is passed, we skirt the somewhat dizzy rocks of Les Ponts to the right to the Angle; here we take to the Mer de Glace, and ascend its moraine, and then the moraines of the Glaciers du Tacul, de Leschaux, and de Talèfre (containing numerous crystals), to the foot of the Couvercle. We now ascend rapidly to the left by a good path (2 hrs. from the Angle) and skirt the rocks of the Aig. du Moine, above the Séracs de Talèfre, till we are opposite the huge rock of the Jardin. The Glacier de Talèfre is then crossed to the foot of the Jardin (1½-2 hrs.). Around us tower the Aig du Moine, the Aig. Verte, the Droites, the Courles, the Aig. de Triolet, the Aig. de Talèfre, and other snow-peaks. We descend to the (½ hr.) refuge-hut on the Pierre à Béranger (8110') and return to the Montanvert in about 3 hrs. This excursion introduces us to the grand icy wilds of the Mont Blanc group, and presents no difficulty to good walkers. Provisions necessary.

The Aiguille Verte (13,540'), the highest peak between the Mer de Glace and the Glacier d'Argentière, is ascended by good climbers from the Montanvert in 10-12 hrs. (difficult; guide 100 fr.). We follow the Jardin route as far as the Couvercle (see above), ascend the Glacier de Talèfre, and by a long snow-couloir to the ridge between the Aig. Verte and les Droites; hence to the left to the top. — The Aiguille du Dru (Grand Dru or Pointe Est 12.320', guide 90 fr.; Petit Dru or Pointe Charlet 12,245', guide 130 fr.), the Aiguille de Blaitière (11,550'; guide 80 fr.), and the Aiguille des Charmoz (11,293'; guide 80 fr.) are all difficult and fit for firstrate climbers only.

The \*Flégère (6158'; 3 hrs.; guide, 7 fr., unnecessary; horse and attendant 14 fr.), to the N. of Chamonix, is a buttress of the Aiguille de la Floriaz (9475'), a peak of the Aiguilles Rouges. We follow the

LA CHAINE DU MONT BLANC YUE DE LA FLEGERE. 1806 m

Argentière road (p. 305) to (11/2 M.) Le Chable. The direct footpath diverges to the left just on this side of the Arve bridge, leading in 12 min. through pastures, very marshy at places, to the foot of the ascent. [The bridle-route, a few minutes longer, crosses the Arve to Les Praz (p. 305), diverges to the left at the last house (guide-post), crosses the Arve, and is joined by the path mentioned on p. 300.] We now ascend the stony slope in long zigzags. After 35 min. we enter the wood to the right, pass (35 min.) the Chalet des Praz (rfmts.), and in 1 hr. more reach the Croix de la Flégère (Hôtel-Pension, R.  $2^{1/2}$ , dej.  $3^{1/2}$ , D. 4, pens. 6 fr.). The \*View (comp. panorama) embraces the Mont Blanc chain, from the Col de Balme to beyond the Glacier des Bossons. Opposite us lies the basin of the Glacier des Bois (Mer de Glace), enclosed by sharply defined Aiguilles: to the left, the Aiguille du Dru and the huge snow-clad Aiguille Verte; to the right, the Aiguilles des Charmoz, de Blaitière, du Plan, and du Midi. The summit of Mont Blanc is distinctly seen, but is less striking than the nearer peaks. The jagged pinnacles of the Aiguilles Rouges also present a singular appearance. As the eveninglight is most favourable, it is advisable to spend the night here.

From the Flégère the bridle-path goes on to (1 hr.) the Chalet de la From the Fiegere the pridic-path goes on to (1 hr.) the Chatet at the Floriaz (rfmts.), from which we may ascend the Aiguille de la Glière (9353'; 21/2 hrs.; guide 15 fr.), the Aiguille de la Floriaz (9475'; 3 hrs.; 20 fr.), or the \*Belvédère (9730'), one of the highest peaks of the Aiguilles Rouges, affording a magnificent view (for adepts only; 4 hrs.; 20 fr.). — Those bound from the Flégère to Argentière or to the Chapeau may descend direct to Le Joux (comp. p. 298; good zigzag path, hardly to be mistaken).

The \*Brévent (8285'), the S.W. prolongation of the Aiguilles Rouges, affords a similar but finer view. While from the Flégère the Mer de Glace and the Aiguille Verte are the chief features, Mont Blanc is here revealed in all its grandeur; to the right of the Buet we see the Bernese Alps, and to the S.W. the Dauphiny Alps. The bridlepath (4½ hrs.; guide, 10 fr., unnecessary) leads to the W. from Chamonix, passing the hamlets of La Molaz and Les Mossoux, ascends through wood to (11/2 hr.) Plan Achat (5160'; rfmts., dear), an admirable point of view, and then in numerous zigzags to the (13/4 hr.)Plan Bel Achat (7067'; Restaurant, bed 2, D. 4 fr.), on a saddle to the S.W. of the summit. Thence, passing the sombre little Lac du Brévent, to the (11/4 hr.) top (unpretending restaurant).

Or we may ascend the 'Chemin Muletier de Chamonix à Sixt' past the Or we may ascend the 'Chemin Muletier de Chamonix à Sixt' past the Restaurant des Chablettes, to (3 hrs.) Planpraz (6772'; \*Hôt. Planpraz, pens. 6-7 fr.); then mount rather steeply to the left, and lastly through the 'Cheminée' to the (1½ hr.) summit (guide 10 fr.). Iron bars are fixed in the chimney to assist climbers, and steps are cut in the rock; some of the former have, however, been torn away, so that a guide is advisable for novices, especially in descending. — The Brévent may also be combined with the Flégère. The 'Route de Planpraz', a well-defined path, diverges to the right from the Flégère path, 20 min. below the Croix de la Flégère, and undulates along the hillside, in full view of the Mont Blanc chain, passing the Chalets de Charlanoz halfway, to the (2 hrs.) Hôt. Planpraz.

To the \*Glacier des Bossons an interesting walk (3 hrs. there and back). We may either take the electric railway to  $(2^{1}/2 \text{ M.}; 8 \text{ min.})$  Les Bossons and begin the walk there; or we follow the Geneva road to the W. (p. 295) past the small  $(1^1/2 \text{ M.})$  Pension du Lac, cross the Arve by the (1/2 M.) Pont de Perrolataz, diverge to the left at the hamlet of Les Bossons by a good path, and ascend to the (3/4 hr.) Pavillon on the left moraine (about 4430'; rfmts.). Fine view of the huge glacier, which has begun to advance of late, overshadowed by the Mont Blanc du Tacul (13,940'). On the left rise the Aiguilles du Midi (12,608') and du Plan (12,050'). We descend to the grotto hewn in the glacier (85 yds. long; interesting; adm. and lights 1 fr.) and cross the glacier (guide, necessary, 2, from Chamonix 6 fr.; woollen socks to prevent slipping 1 fr.) to the (1/2 hr.) top of the right lateral moraine (rfmt. hut). We now descend over débris and through wood viâ Les Tissours (see below) to (1 hr.) Chamonix.

The interesting excursion to the \*Plan de l'Aiguille (7227') takes 3 hrs. (guide, unnecessary, 9 fr.; horse 9 fr.). Above (20 min.) Les Tissours (see below; finger-post) we ascend to the left through wood by a good bridle-path, affording fine views of the Chamonix valley and (farther up) of the Glacier des Bossons, the Aiguille and Dôme du Goûter, Mont Blanc, Aig. du Midi, and Glacier des Pèlerins. Beyond a refreshment-hut we ascend over pastures to the (2½/4 hrs.) Chalet du Plan de l'Aiguille (restaurant, with beds). From this point a footpath ascends over a stony tract, commanding a grand view of the whole Mont Blanc chain, with the Glaciers des Bossons, des Pèlerins, de Blaitière, and others, and of the Tarentaise Mts. beyond the Col de Voza. In 25 min. we reach a clear bluish-green lake at the foot of the huge moraine of the Glacier de Blaitière, dominated by the Aiguilles du Midi, du Plan, and de Blaitière.

Experts (guide 10 fr.) may go from the Plan de l'Aiguille viâ the moraine and the crevassed end of the Glacier des Pèlerins to the (1 hr.) Pavillon de la Pierre-Pointue, or they may descend (guide 12 fr.) below the Glacier de Blaitière and the Glacier des Nantillons to the (3 hrs.) Montanvert (p. 299).

The \*Pavillon de la Pierre-Pointue (6723'; bridle-path, 3 hrs.; horse 8 fr.; guide, 8 fr., unnecessary) is another favourite point. On the left bank of the Arve we pass the hamlets of Les Praz Conduits, Les Barats, and (by the upper path, to the left; 20 min.) Les Tissours; here we turn to the left, ascend through wood on the right bank of the brook to the (25 min.) Cascade du Dard (cantine), a fine double fall, and then cross the broad stony bed of the Nant des Pèlerins. (After a few minutes the path to the Glacier des Bossons diverges to the right; see above.) We ascend to the left in zigzags on the side of a wild valley, through which the Nant Blanc dashes over rocks, to the (3/4 hr.) Chalet de la Para (5265'; rfmts.) and the (11/4 hr.) Pavillon de la Pierre-Pointue (restaurant, déj. 31/2 fr.), on the brink of the huge Glacier des Bossons, with its beautiful ice-fall. Opposite, apparently quite near, rise Mont Blanc, the Dôme du Goûter, the Aiguille du Goûter, etc.; also a superb view to the N. and W.

An interesting point is the Aiguille de la Tour (7565'), which commands the best survey of the Glacier des Bossons (3/4 hr., guide desirable;

ascend to the left by the pavilion). — The Pierre à l'Echelle (7910') is another fine point (11/4 hr.; guide advisable). The narrow path (route to Mont Blanc, see below) leads by the pavilion to the right, round an angle of rock, and ascends to the brink of the Glacier des Bossons (where falling stones are sometimes dangerous). Admirable view of the riven ice-masses of the glacier; above them, the Aiguille du Goûter, the Dôme du Goûter, the Bosses du Dromadaire, and the highest peak of Mont Blanc; in the background are the Grands-Mulets (see below), 21/2 hrs. distant (guide necessary; 20 fr.). — The Aiguille du Midi (12,608') may be ascended from the Pierre-Pointue viâ the Pierre à l'Echelle and the Col du Midi (11,6t0'; refuge-hut) in about 8½ hrs. (guide 60 fr.); difficult. The \*View is very fine. The descent may be made via the Vallée Blanche and the Glacier du Géant to the Col du Géant (p. 304). - From the Pierre-Pointue to the Plan de l'Aiguille (see p. 302) 11/4 hr., fatiguing, guide necessary (10 fr.):

Mont Blanc (15,782'), the monarch of European mountains (Monte Rosa 15,215', Finsteraarhorn 14,025', Ortler 12,800'; the Pic de Néthou, the highest of the Pyrenees, 11,170'), which since 1860 has formed the boundary between France and Italy, is composed chiefly of granite, and is shrouded with a stupendous mantle of perpetual snow. It was ascended for the first time in 1786 by the guide Jacques Balmat, and by Dr. Paccard the same year. In 1787 the ascent was made by the naturalist H. B. de Saussure, with eighteen guides; in 1825 by Dr. E. Clarke and Captain Sherwill, and in 1827 by Mr. Auldjo. In summer the ascent is now made almost daily, but travellers are cautioned against attempting it in foggy or stormy weather, as fatal accidents have frequently occurred. The view from the summit is unsatisfactory in the ordinary sense. Owing to their great distance, all objects appear indistinct; even in the clearest weather we can only descry the outlines of the great chains,

the Swiss Alps, the Jura, and the Apennines.

According to the regulations of the guides at Chamonix, one traveller ascending Mont Blanc (ca. 13 hrs.) requires two guides (100 fr. each) and one porter (50 fr.), each additional member of the party one guide more; but for experts one guide and one porter suffice. When the 'hotel bill' on the Grands-Mulets and other items are added, the minimum cost of the ascent usually comes to 220-250 fr. for one person. On the first day we ascend by the Pierre-Pointue (p. 302) and the Glacier des Bossons to the (6 hrs.) Grands-Mulets (10,030'). The Hotel (9908'), at the W. base of the rocks, contains eight rooms (bed 12, B. 3, D. 6, vin ordinaire 4 fr.; D. for guide 21/2 fr., incl. wine, bed free; food and wine often poor). [Travellers crossing Mont Blanc from the Italian side should go on to the (21/2 hrs.) Pierre-Pointue or to (2 hrs. more) Chamonix.] - On the second day we proceed by the Petit-Plateau to the (4 hrs.) Grand-Plateau (12,900'), and. proceed by the Petit-Plateau to the (4 hrs.) Grand-Plateau (12,900'), and bearing to the right (the usual route), ascend by the Col du Dôme to the left of the Dôme du Goûter to the (1½ hr.) Refuge des Bosses (14,312'; shelter-hut, with beds), near the Vallot Observatory (both erected by Mr. Vallot of Paris), and thence by the Bosses du Dromadaire (14,950') and the Tournette (15,325') to the (1½-2 hrs.) summit (Calotte). Another route leads to the left from the Grand-Plateau by the Corridor, the Mur de la Côte, the Rochers Rouges (with the Cabane Janssen, 14,775'), and the Petits-Mulets (15,390') in 3-4 hrs. On the top of Mont Blanc is the Observatoire du Sommet du Mont Blanc, built by Dr. Janssen in 1893, which rests entirely upon the snow, as borings failed to find the rock even at a depth of 40 ft. (adm. to the Vallot and Janssen Observatories, and the Cabane on the Rochers Rouges, Vallot and Janssen Observatories, and the Cabane on the Rochers Rouges,

only by permission of the proprietors).

FROM St. Gervais (p. 294) we ascend by Bionnay and Bionnassay to the Col de Voza (p. 312) and the (31/2 hrs.) Pavillon de Bellevue (p. 312);

whence a good bridle-path leads viâ Mt. Lachat (6925') to the saddle of the Rognes. From this point a footpath traverses the Glacier de Tête-Rousse (no crevasses) to the (4-5 hrs.) Châlet-Hôtel de Tête-Rousse (10,300'; D. incl. wine 4 fr., beds), with a magnificent though somewhat limited view. An interesting visit may be made to the tunnel in the Glacier de Tête-Rousse, made by the French government to prevent a recurrence of glacial outbreaks such as that of 1892 (p. 312; permission obtained from the manager). We now toil up a long couloir (step-cutting necessary; falling stones dangerous) to the  $(2^{1}/2-3 \text{ hrs.})$  Cabane (12,530') on the Aiguille du Goûter (12,610'); thence by the Dome du Gouter to the (2 hrs.) Refuge des Bosses (p. 303). -This route may also be used in ascending from Chamonix. We proceed to (41/2 M.) Les Houches (p. 294) either by road or by electric railway (20 min.), and then ascend to the left by a new path viâ Le Planet to the workmen's hut on Mt. Lachat (p. 294) and the (6-7 hrs.) Chalet-Hôtel de Tête-Rousse (see above). — From Couranayeur (p. 315) about 14 hrs.: from the Combal Lake (p. 314) across the Glacier de Miage to the (71/2 hrs. from Courmayeur) Cabane du Dôme of the Italian Alpine Club (ca. 10,500'), at the foot of the Aiguille Grise; thence across the Glacier du Dôme and the W. arête of the Dôme du Goûter to the (5-7 hrs.; acc. to the season and number of crevasses) Refuge des Bosses and the (11/2 hr.) summit. — Another route leads from the Combal Lake across the Glacier de Miage and Glacier du Mont-Blanc to the (81/2 hrs. from Courmayeur) Rifugio Quintino Sella (10,195'), on the Rocher du Mont-Blanc, whence the top is attained in 6-7 hrs.; but in the middle of the day this route is exposed to stone avalanches and should be avoided as a descent. — The ascent by the Glaciers du Brouillard and du Fresnay as well as the direct ascent by the Glacier de la Brenva are very difficult and dangerous. - The Aiguille du Goûter (12,610'; 3 hrs.; guide from Chamonix 40 fr.) and the \*Dôme du Goûter (14,210'; 41/2 hrs.; guide 60 fr.) may be ascended from the Grands-Mulets or the Tête-Rousse without serious difficulty.

Tour du Mont-Blanc, see R. 75.

FROM CHAMONIX TO COURMAYEUR OVER THE COL DU GÉANT, 12-13 hrs., a trying glacier-pass, but highly interesting, and for adepts not difficult (guide 50, porter 30 fr.). After a night at the Hôtel du Montanvert (p. 299) we traverse the upper part of the Mer de Glace and the Glacier du Tacul or du Géant, the jagged 'séracs' of which should be crossed with the necessary precaution. On the right we pass the Mont Blanc du Tacul (13,940'), and on the left the Aiguille or Dent du Géant (13,170'; p. 316), and in about 6 hrs. reach the Col du Géant (11,060'), between the Grand Flambeau (11,660') on the right and the Aiguilles Marbrées (11,615') on the left, with the Rifugio Torino (inn in summer) of the Ital. Alp. Club and a splendid view towards Italy. We then descend almost perpendicular rocks on the S. side to the (2 hrs.) Pavillon du Mont Fréty (p. 316) and (11/2 hr.) Courmayeur.

— Other Passes over the Mont Blanc Range from Chamonix to Courmayeur (all very difficult, and for trained adepts only): the Col de Triolet (12,110'), at the head (S.E. end) of the Glacier de Talèfre, between the Aig. de Triolet and the Punta Isabella (guide 50 fr.); the Col de Talèfre (11,730'), also at the head (E. end) of the Glacier de Talèfre, but farther to the W., to the E. of the Aig. de Talèfre (guide 50 fr.); the Col de Pierre-Joseph (11,410'), to the S.W. of the Aig. de Talèfre (60 fr.); the Col des Hirondelles (11,370'), between the Petites and the Grandes Jorasses (60 fr.); and the Col de Miage (11,165'), to the S.W. of the Aig. de Bionnassay (60 fr.), with the Refuge Charles Durier, erected in 1899. — Col Dolent, see p. 306; Col de Trélatête, see p. 313. — To Orsières over the Col du Chardonnet and the Fenêtre de Saleinaz, or over the Col d'Argentière, see p. 306; Col du Tour, see p. 306.

From Chamonix to Sixt over the Col du Brévent and the Col d'Anterne,

see p. 297. Over the Buet, see p. 296.

# 73. From Chamonix to Martigny over the Tête-Noire, or to Vernayaz viâ Triquent and Salvan.

Two Roads and a Bridle Path connect the Chamonix Valley with the Valais. Road from Chamonix by Argentière and Valorcine to (12½ M.) Châtelard, whence one road to the right leads by the Tête-Noire, Trient, and the Col de la Forclaz to (12½ M.) Martigny, and the other to the left to Finhaut, Salvan, and (12 M.) Vernayaz. The bridle-path diverges at Argentière to the right from the road, crosses the Col de Balme, and rejoins the road at the Col de la Forclaz. Of these routes the road over the Tête-Noire to Martigny, which is practicable for four-seated carriages, is the most frequented, but is less interesting than that to Salvan and Vernayaz, which affords finer and more varied views. The path over the Col de Balme, on the other hand, commands a superb view of the Chamonix Valley and Mont Blanc, which are not seen to advantage from the other routes, and is recommended to travellers from Martigny approaching Mont Blanc for the first time (comp. p. 311).

#### a. From Chamonix to Martigny vià the Tête-Noire.

25 M. OMNIBUS (with 3-4 seats) from Chamonix to Martigny, or vice versâ, in 9-10 hrs.; fare 16 fr. and fee of <sup>3</sup>/<sub>4</sub>-1 fr. to the driver (office of the 'Messageries' at Chamonix near the Hôtel Impérial, at Martigny in the Rue des Hôtels). Carriages are changed at the Tête-Noire, at Trient, or at the Col de Forclaz (stay of 1¹/<sub>2</sub>-2 hrs. for dinner). — Carriage and pair between Chamonix and Martigny for 1-2 pers. 40. 3 pers. 50, 4 pers. 60 fr. (charges sometimes lower). The drivers generally exchange passengers with those (oming the other way either at the Tête-Noire or the Col de Forclaz.—Walkers c8¹/<sub>2</sub> hrs.; guide, 12 fr., superfluous) may send their luggage by diligence.

The road ascends the valley and crosses the Arve between Le Chable (ascent of the Flégère, see p. 300) and (1½ M.) Les Praz d'en-haut (\*Chalet-Hôt. des Praz, pens. 5 fr.; \*Hôt.-Pens. National, R. 1½, pens. 4½-5 fr.). The village of Les Bois and the Glacier des Bois remain on the right. At (1½ M.) Les Tines (\*A la Mer de Glace; Au Touriste) a path to the Chapeau diverges to the right (p. 300). The road ascends through a wooded defile to (¾ M.) Lavancher (3848'; Hôt.-Pens. Beau-Séjour, 10 min. above the road); to the Chapeau, see p. 300. About ½ M. farther a bridge crosses the Arve to Le Joux, situated to the left, behind a hill. (Ascent of the Flégère, see p. 300.) We next pass the hamlets of Les Iles, Grassonay, and (1 M.) Les Chazalets, cross the Arve, and reach (¾ M.)—

6 M. Argentière (4100'; \*Couronne, R.  $2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D.  $3^{1}/_{2}$ , pens. 5-7 fr.; \*Hôt. du Mont-Blanc et du Chardonnet, R. 3, B.  $1^{1}/_{4}$ , D.  $3^{1}/_{2}$  fr.; Bellevue, well spoken of), a considerable village, where the huge glacier of that name descends between the Aiguille Verte

(13,540') and the Aiguille du Chardonnet (12,540').

\*Glacier d'Argentière. Bridle-path (guide 5, mule 6 fr.) from Argentière to the (2 hrs.) Pavillon de Lognan (6703'; Devouassoud's Inn); 1/4 hr. higher we obtain a splendid survey of the grand 'séracs' of the glacier (where ice-avalanches are frequent). In 1/2 hr. more (guide necessary, usually to be found at the inn) we reach the flat upper part of the glacier, almost free from crevasses (Mer de Glace d'Argentière). The middle of it affords a striking view of the surrounding Aiguilles (du Chardonnet, d'Argentière, Tour Noir, Mt. Dolent, Les Courtes, Les Droites, Aig. Verte). We may then ascend the glacier to (3 hrs.) the Jardin d'Argentière (8805'), a rocky 'islet' at the base of the Aiguille d'Argentière, with fine flora in summer.—

EXCURSIONS from the Pavillon de Lognan: Aiguille du Chardonnet (12,540'; 7 hrs.; guide from Chamonix 65 fr.) and Aiguille d'Argentière (12,820'; 8 hrs.; guide 65 fr.), two difficult ascents. — To Orsières over the Col du Chardonnet (10,910'; 11 hrs.; guide 50 fr.), difficult, but very interesting. We ascend the steep Glacier d'Argentière and the Glacier du Chardonnet to (51/2 hrs.) the col, between the Aiguille du Chardonnet and the Aiguille d'Argentière: then cross the Glacier de Saleinaz to the (2 hrs.) Cabane de Saleinaz (p. 323), and descend to (4 hrs.) Orsières (p. 323). — To Orsières over the Col d'Argentière (11,535'; 12 hrs.; guide 60 fr.), very difficult. The pass, which commands a fine view, lies between the Tour Noire (12,585') and the Aiguilles Rouges du Dolent (12,110'). The dangerous descent leads across the Glacier de la Neuva to the chalets of La Folly in the Val Ferret (p. 316). — To Courmayeur over the Col Dolent (11,625'; 14 hrs. with guide), between Mont Dolent (12,543') and the Aiguille de Triolet (12,715'), another difficult expedition. The descent leads by the Glacier du Pré de Bar to the chalets of that name in the Val Ferret (p. 316). — To The Montanvert over the Col des Grands-Montets (10,635'; 8 hrs.; guide 30 fr.), laborious but very fine. The pass lies between the Petite Aiguille Verte (11,457') and the Aiguille des Grunds-Montets (10,635'; easily ascended from the col in 1/2 hr.), at the head of the steep Glacier des Rognons. — From the Pavillon de Lognan we may return to the chalets of Lognan and Pendant, and follow the Chapeau route to (21/2 hrs.) Les Tines (see p. 305).

From Argentière to Orsières over the Col du Tour (10,762'). 12-13 hrs.

FROM ARGENTIÈRE TO ORSIÈRES over the Col du Tour (10,762'). 12-13 hrs. (guide 40 fr.), toilsome, but not really difficult for experts. We diverge to the left from the Col de Balme route at (35 min.) Le Tour (p. 311) and ascend over the moraine of the Glacier du Tour, and farther on over the glacier itself, to the col, between the Aiguille du Tour (11,615') and the Tête Blanche (11,253'), both of which are easily climbed from the pass. We descend to the névé of the Glacier du Trient, where we either take to the right over the Fenêtre de Saleinaz (10,710') to the Glacier de Saleinaz and the Cabane of that name (p. 323), or cross the Col d'Orny (10,230') to the

left to the Cabanes d'Orny (p. 323).

Beyond the village the Tête-Noire road ascends to the left in bold windings. Beyond  $(1^{1}/_{4} \text{ M.})$  Trélechamp (4593'; Hôt. des Montets) we look back at the Glacier du Tour and the magnificent Aiguille Verte. The  $(3/_{4} \text{ M.})$  Col des Montets (4740') is the watershed be-

tween the Rhone and the Arve.

The road now turns to the W. side of the valley and gradually descends. 1 M. Hôtel du Buet (4385'). About 2 min. farther on, at a cantine, is a finger-post which indicates the way to the left to the (25 min.) picturesque \*Cascade à Bérard or à Poyaz, in a wild ravine, a digression to which adds  $^{1}/_{2}$  hr. to the walk (adm. 50 c.). Through this ravine, the Vallée de Bérard, runs the route to the Buet (10,200'), the top of which is visible in the background (see p. 296; ascent by Pierre à Bérard in  $5^{1}/_{2}$ -6 hrs., not difficult; guide from Chamonix 15 fr.).

Our road crosses the Eau-Noire and traverses a lonely valley bounded by lofty, pine-clad mountains. Before us rises the Bel-Oiseau (8655'). In about a mile we reach the first houses of the scattered village of Valorcine (pop. 640). At a (1 M.) Cantine, looking back, we obtain our last view of the summit of Mont Blanc. The valley contracts. The road descends to the Eau-Noire, which dashes over the rocks, and ( $\frac{1}{4}$  M.) crosses it. The ( $\frac{3}{4}$  M.) Hôtel de Barberine (now a gendarme station) stands at the confluence of the two branches of the Eau-Noire. The main branch (1.) forms a fall

here, and a finer one (Cascade de Barberine) <sup>1</sup>/<sub>2</sub> hr. higher up. — We cross (<sup>1</sup>/<sub>4</sub> M.) the Eau-Noire by a bridge (3680'), the boundary between France and Switzerland, pass the Hôt. Suisse au Châtelard (R. 2-3, déj. 2<sup>1</sup>/<sub>2</sub>-3, D. 3<sup>1</sup>/<sub>2</sub>-4 fr.), and reach (<sup>1</sup>/<sub>4</sub> M.) the Restaurant de la Madeleine, opposite the Hôtel Royal du Châtelard (burned in 1886), where the two routes to the Rhone Valley separate: to the right the road over the Tête-Noire to Martigny; to the left the road viâ Salvan to Vernayaz (see below).

From Le Châtelard to Martigny (12½ M.). The road passes through a cutting, crosses to the right bank of the (½ M.) Eau-Noire, and ascends along the wooded cliffs to the (2 M.) tunnel of La Roche-Percée, through the rocks of the Tête-Noire. We next reach (½ M. from the tunnel; 3 hrs. from Argentière) the Hôtel de la Tête-Noire (4003′). A wooden belvedere, which we pass 2 min. before the inn, overlooks the wild gorge of the Eau-Noire. To the N.W. rises the Bel-Oiseau (p. 308), and to the N.E. the Dent de Morcles and the Grand Mœveran.

A steep path descends by the inn to the left to the (20 min.) Gouffre de la Tête-Noire, a ravine of the Trient, with waterfalls and a natural bridge ('Pont Mystérieux'). Tickets at the inn (1 fr., incl. guide). The steep ascent back to the hotel takes 1/2 hr. — A path leads direct from the ravine across the Eau-Noire to Finhaut (see p. 308).

The road here turns to the right into the valley of the brawling Trient(far below) and ascends through fine pine-forest to  $(1^1/2 M.)$  the village of **Trient**  $(4240'; *Grand Hôt. de Trient, new; Hôt.-Pens. du Midi, R. <math>2-2^1/2$ , B.  $1^1/2$ , déj.  $2^1/2$ , D.  $3^1/2$  fr., well spoken of; Hôt.-Pens. du Glacier de Trient), situated in an expansion of the valley, a little beyond which the road is joined by the path from the Col de Balme (p. 310). At the end of the valley rises the Aiguille du Tour (11,615'), with the fine Glacier du Trient (p. 310).

From Trient the road ascends in steep curves to the (2 M.) Col de la Forclaz (4987'; p. 310). View limited, but  $1^{1}/_{2}$  M. lower down we enjoy a noble survey of the Rhone Valley as far as Sion. At our feet lies Martigny, reached in  $2^{1}/_{4}$  hrs. by the road (p. 309), or in  $1^{1}/_{2}$  hr. by the steep old path. —  $4^{1}/_{2}$  M. Martigny, see p. 275.

#### b. From Chamonix to Vernayaz by Finhaut and Salvan.

FROM CHAMONIX TO VERNAYAZ OR vice verså, omnibus daily in 9 hrs., starting at 8.30 a.m. (from Vernayaz at 8 a.m.) and stopping for dinner (2 hrs.) at the Hôtel Suisse du Châtelard (fare 15 fr.; between Vernayaz and Châtelard the vehicle has only 3 seats). Carr. for 1-2 pers. 45 fr.; from Vernayaz to Chamonix and back by Salvan or the Tête-Noire in two days 50 fr., in three days 65 fr. Light vehicle from Vernayaz to Salvan, 1 pers. 8, 2 pers. 10 fr.; to Finhaut 15 and 18 fr.

From Chamonix to  $(12^{1}/_{2} \text{ M.})$  Le Châtelard, see above.

FROM LE CHATELARD TO VERNAYAZ, 12 M. — The narrow road ascends to the left from the Restaurant de la Madeleine (see above), partly by zigzags, for about 11/4 M., and turns to the right at a cross. About 1/4 M. to the left lies the village of Gétroz (4385';

Hôt. de Gétroz et Terminus, pens. 5-6 fr.), surrounded by woods. The road continues at nearly the same level, commanding the valleys of the Eau-Noire and Trient, and then the Glacier du Trient and

the Aiguille du Tour, to -

2 M. Finhaut or Fins-Hauts (4060'; \*Grand-Hôt. de Finshauts, R. 2-5, B. 1<sup>1</sup>/<sub>2</sub>, D. 3-3<sup>1</sup>/<sub>2</sub>, pens. 6-7 fr.; \*Hôt.-Pens. du Bel-Oiseau, pens. 6-7 fr.; \*Hôt.-Pens. Beauséjour, pens. 41/2-6 fr.; \*Hôt. du Perron, pens. from 41/2 fr.; \*Hôt.-Pens. du Montblanc; \*Hôt.-Pens. Mont-Fleuri, R. 3, B. 11/4, dej. 3, D. 31/2 fr.; Pens. de la Croix Fédérale, plain), charmingly situated and much frequented. Engl. Ch. Serv. in summer.

EXCURSIONS. The Bel-Oiseau (8655'; 4 hrs., with guide), La Rebarmaz (8115'; 31/2 hrs., with guide), and the Fontanabran (8849'; 41/2 hrs., with guide) are interesting and not difficult. — From Finhaut a good path ascends to the W. to the (2 hrs.) \*Col de la Gueula (6380'), to the S. of the Bel-Oiseau (see above), where we enjoy a splendid view, across the Barberine Valley, of Mont Blanc, the Glacier du Trient, etc., and of the Bernese Alps to the E. The view is still better from the rocky knob of \*Six Jeux (6745'), 20 min. to the S.E. of the col. A steep descent leads into the Eau-Noire Valley to the chalets of Emosson, whence we ascend through a rocky gorge on the right bank of the Eau-Noire to the chalets of Emosson. Eau-Noire Valley to the chalets of *Emosson*, whence we ascend through a rocky gorge on the right bank of the Eau-Noire to the chalets of *Barberine* (6025') and the (11/2 hr.) Cabane de Barberine of the Swiss Alpine Club (6135'; p. 288). This is the starting-place for the ascent of the *Bel-Oiseau* (see above; 2 hrs.; easy), the *Fontanabran* (see above; 21/2 hrs.; easy), *La Finive* (9440'; 31/2 hrs.; easy), the *Pointe des Rosses* (9725'; 31/2 hrs.; easy), the *Pic de Tanneverge* (9784'; 41/2 hrs., viâ the *Col de Tanneverge*; trying), the *Mont Ruan* (10,099'; 51/2 hrs., viâ the *Glacier des Fonds* and the S.W. arête; rather difficult; comp. p. 287). Over the *Col de Tanneverge* to Sixt arête; not difficult; comp. p. 287). Over the Col de Tanneverge to Sixt, see p. 296 (descent sometimes difficult and not free from danger); by the Col de Barberine to Emaney, see p. 288.

A narrow path (the beginning of which should be asked for) leads from Finhaut direct to the (1 hr.) Tête-Noire Inn. It descends steeply to a wooden bridge over the Eau-Noire, crosses it, and ascends to the left on the other bank, passing a house and the entrance to the Gouffre de la Tête-Noire (p. 307), to the Hôtel de la Tête-Noire (p. 307).

Ascending a little, then level again, the road passes a Cantine (fine view all the way), descends through wood in windings, and leads on the slope of the hill to the (21/2 M.) hamlet of Triquent (3260'; \*Hôt.-Pens. du Mont Rose, pens. 4-5 fr.; \*Hôt.-Pens. de la Dent-du-Midi, pens. 31/2-5 fr.). About 1/4 M. farther on are the \*Gorges du Triège (restaurant at the bridge), with their picturesque waterfalls framed in rocks and dark pines (made accessible by wooden pathways; 1 fr.). The road crosses the stream, ascends gradually for 1/2 M., and then descends, between interesting marks of glacier striation, to the \*Hôt.-Pens. de la Creusaz (pens. from 4 fr.). A road to the left ascends to (1/2 M.) Marecotte (3280'; \*Hôt. des Marecottes; \*Pens. de l'Avenir; English Pension; Pens. de l'Espérance, pens. at all 4-6 fr.), a charmingly situated summer-resort.

11/2 M. Salvan (3035'; Grand-Hôt. de Salvan, R. 2-3, B. 11/2, D. 3, pens. 6-7 fr.; \*Hôt.-Pens. des Gorges du Triège, R. 2-3, B. 1/4, déj. 21/2, D. 3, pens. 4-6 fr.; \*Hôt. Bellevue, unpretending, R. 1-2 fr., D. 21/2 fr.; \*Union, moderate; Hôt.-Pens. Mon Repos, 4-5 fr., well

spoken of; Eng. Ch. Serv.). In the village is a large erratic boulder;

interesting prehistoric sculptures.

EXCURSIONS (guides, Louis-Gaspar and Fréd. Coquoz, Louis Délay, Joseph and Jean-Louis Fournier, and Em. Revaz of Salvan; Maur. Decaillet and François Délay in Marccotte). A good path leads by the hamlet of Les Granges (3425; Hôt, des Gorges du Dalley) and the Col de la Matze (4210') to the Salanfe Valley and (11/2 hr.) Van d'En Haut (1430'; to the Salanfe Alp, see below). We may return through the fine \*Gorges du Dalley (made accessible by steps), at the end of which is the picturesque \*Cascade du Dalley, on the slope facing the Rhone Valley. The finest point of view is opposite the fall. Lower down the Salanfe forms the Pissevache Fall (p. 275). — A fine view of Mont Blanc, the Grand Combin, etc., is obtained from the Mayens de la Creusaz (5790'; 21/2-3 hrs.; guide unnecessary), to which an attractive path (suited for riding) leads through wood. — A bridle-path leads via Les Granges and Van d'En Haut (see above) to the (3 hrs.) Salanfe Alp (6400'; Hôt.-Pens. de la Dent du Midi), an admirable point of view (ascent of the Dent du Midi, see below). — The Luisin (9140'; 6 hrs.; guide 10 fr.). From Salvan we proceed via the (21/2 hrs.) chalets of *Emaney* (6070'; accommodation) to the (2 hrs.) Col or Chieu d'Emaney (7960'), and then ascend to the right by the arête to the (1 hr.) summit. Superb view of the Alps of Savoy, the Valais, and Bern. Descent in 2 hrs. to the Salanfe Alp. — Dent du Midi (10,693'; 8 hrs.; guide 20, with descent to Champéry 25 fr.), a difficult but attractive expedition. From the (3 hrs.) Salanfe Alp (see above) we ascend to the Col de Susanfe, where our route is joined by that from Champéry (p. 287). Then by the S. arête to the Col des Paresseux (10,043') and the (5 hrs.) W. and highest peak. The other peaks are more difficult (comp. p. 287). — Tour Sallières (10,588'; 8-9 hrs.; guide 30 fr.), viâ Emaney (see above) and the S.E. side, difficult (better from the Barberine Hut, p. 303).

From Salvan a fair road (available for small carriages), shaded by chestnut and walnut trees and crossing the brook about fifty times. descends the steep slopes in many windings to (4 M.) Vernayaz

(railway-station, p. 275).

Walkers have an agreeable alternative to the road by Salvan in the 'Nouveau Chemin', which leads on the right bank of the Trient from Vernayaz to the Tête-Noire (3 hrs.; guide advisable for novices). The path, beginning below the Gorges du Trient (p. 275), ascends the cliffs to the left to (1/2 hr.) Gueuroz (2200'), and continues through beech-woods to (1/4 hr.) La Taillat, whence a path diverges through the valley of the Trient to (1/2 hr.) Salvan, joining the Finhaut and Vernayaz road at the Maison de la Commune at Salvan. Thence the path mounts steeply to (3/4 hr.) the prettily situated La Crête (3385'; simple fare), and then runs level by Plan à Jeur (3670') to (1 hr.) L'Itroz (3880'), lying high above the union of the Trient and Eau-Noire. We descend to the left into the valley of the Trient, cross the stream by a timber-bridge, and ascend to the road, reaching it a little above the (3/4 hr.) Tête-Noire Hotel (p. 307).

#### 74. From Martigny to Chamonix. Col de Balme.

10½ hrs. From Martigny to the Col de Forclaz 3½, thence to the Col de Balme 3, to Chamonix 4 hrs. more. Road from Martigny to Trient, and from Tour to Chamonix. Guide (12 fr.) unnecessary, if the following directions be observed. Luggage may be sent on by diligence (comp. p. 305). Horse or mule and attendant 24 fr. (to the Col de Forclaz 12 fr.), but from the Col de Balme to Tour the path is unfit for riding.

Martigny, see p. 275. We follow the Great St. Bernard road through the long village of Martigny-Bourg (p. 276) to the Drance Bridge (1630'), and (40 Min.) the hamlet of La Croix. A notice

on a house here indicates the steep old road to Chamonix, ascending to the right. Beyond (1/4 hr.) the village of Le Brocard we ascend gradually to the right, through vineyards, orchards, meadows, and wood. The road is often crossed by the old one, and the two sometimes coincide. 20 min. Les Rappes; 25 min. La Fontaine; 35 min. Sergnieux (2810'); 1/4 hr. Le Fay. The road here ascends to the right in wide bends (short-cut by the old path). Looking back from the (3/4 hr.) Chalet de Bellevue we enjoy a fine survey of the Rhone Valley. Then (20 min.) Les Chavans (tavern), and an ascent of 40 min. more to the Col de la Forclaz, or Col de Trient (4987'; \*Hôtel Gay-Descombes, R. 2, déj. 3 fr.; Chalet de Repos, well spoken of; Hôt. de la Fougère, 2 min. farther on, plain), 4 hrs. from Martigny (31/2 hrs. by the old road). To the right, about 150 yds. from the col, is a point commanding a good view of the Trient Valley.

From the pass a nearly level path, laid with rails for the transportation of ice, leads to the (1½ hr.) \*Glacier du Trient (lower end 5560'), the northernmost glacier of the Mont Blanc range (good view from a point about ½ hr. up the left side). Over the Fenêtre d'Arpette (8790') to Champex, 5½-6 hrs., with guide, see p. 3°3. — Another attractive route leads from Forclaz to the S.E. viâ La Giète and over the N.E. shoulder of the (1¾ hr.) \*Pointe de Bovine (7130'), commanding a grand view of the Bernese Alps and Grand Combin, to the (½ hr) chalets of Bovine. We then descend to the right in steep zigzags, past La Guraz (5310'), across the Durnant, and through wood to the Plan de l'Eau (4365'), and then across the Champex to (2 hrs.) Mariotty, on the way from Martigny to the (1 hr.) Lac de Champex (p. 322). — \*Arpille (6830'), ascended in 1½ hr. from the Col de la Forclaz, see p. 276. Fine view also from the (2 hrs.) Croix de Prelayes (7770'), to the S. of the col; grander from the Pointe Ronde (8110'; 4 hrs.; guide).

After a descent of 1/4 hr. the bridle-path to the Col de Balme diverges to the left from the Tête-Noire road (p. 307), and in 10 min. crosses a bridge opposite the upper houses of Trient (p. 307). We ascend the meadows to the left (with the Glacier du Trient to the left, see above) and (20 min.) cross the Nant-Noir ('nant', from natare, being the Savoyard for torrent), which descends from the Mont des Herbagères. We follow the right bank for about 200 paces, and then mount to the left in steep zigzags through the Forest of Magnin, which has been thinned by avalanches. After 1 hr. the path becomes more level, passes (1/4 hr.) the Chanton de l'Arole (6233') and (1/4 hr.) the chalets of Zerbazière (6820'), and (1/2 hr.) reaches the \*Col de Balme (7221'; Hôtel Suisse, R. 21/2-3, B. 11/2, D. 4 fr., well spoken of), 6½ hrs. from Martigny, the boundary between Switzerland and France. This point commands a superb view of the Mont Blanc range: the Aiguilles du Tour, d'Argentière, Verte, du Dru, des Charmoz, and du Midi, Mont Blanc itself, and the Dôme du Goûter; also of the Chamonix Valley as far as the Col de Voza. On the right are the snow-clad Buet, the Aiguilles Rouges, and the Brévent. In the opposite direction, over the Forclaz, we survey the Valais and the mountains which separate it from the Bernese Oberland.

A still finer \*View is obtained from the Croix de Fer or Aiguille de Balme (7645'), about 1/2 hr. to the N.E. of the inn (guide not indispensable), the

last spur of the hills which rise abruptly above the Col de Balme. From this point Mont Blanc looks still grander; to the N.E. we see the entire chain of the Bernese Alps; to the E., at our feet, lies the Tête-Noire ravine, with the Dent du Midi rising beyond it. The descent may be

made direct from this point to the Tour path.

FROM THE COL DE BALME TO THE TETE-NOIRE (2½ hrs.; no guide needed in fine weather), fatiguing, but interesting to the traveller who desires to visit both these points in one day either from the Rhone Valley or from Chamonix. The views are less striking in the reverse direction. To the W. of the col, behind the above-mentioned height with the cross, a narrow path leads nearly to the (10 min.) brink of the Tête-Noire Valley, and then becomes indistinct. We turn to the right (N.) and follow a slight depression for a few minutes until a number of heaps of stone become visible, to the right of which the path reappears. The chalets of Catogne (6560') are left to the right as we descend. The path next crosses the stream, and descends abruptly along the right bank to a lower plateau, then bends to the N.E., and reaches (40 min.) the chalets of Grangettes. By the northernmost chalet, beyond the stream, are two boulders, conspicuous by their light colour, between which the path descends to the N., steep and stony at places, but easily traced, to the scattered chalets of Les Jeurs and (1½ hr.) the Tête-Noire (p. 307).

The path, now rough and steep, descends over pastures carpeted with rhododendrons and other Alpine flowers (often marshy in wet weather). On the right flows the Arve (p. 298), which rises on the Col de Balme. We cross several small brooks, pass to the right of ( $^{3}/_{4}$  hr.) the chalets of Charmillon (5965'), and reach ( $^{1}/_{2}$  hr.) Le Tour (4695'), where the carriage-road begins. To the left is the fine Glacier du Tour. (Over the Col du Tour to Orsières, see p. 306.) Carr. and pair from Tour to Chamonix for 1-3 pers. 15 fr.; those who intend to drive should take a carriage here if possible. The fragments of slate brought down by the Arve are carefully collected by the peasants, who cover their fields with them in spring, thus causing the snow under them to melt several weeks earlier than it otherwise would. Beyond Le Tour ( $^{1}/_{4}$  M.) we cross the Buisme, which drains the Glacier du Tour, and (1 M.) the Arve, and soon reach ( $^{1}/_{4}$  M.) Argentière (p. 305).

# 75. From Chamonix to Courmayeur over the Col du Bonhomme and the Col de la Seigne.

BRIDLE PATH. Three days: 1st, by the Col de Voza or the Pavillon de Bellevue to Contamines 6 hrs. (or to Nant-Borrant, 73/4 hrs.); 2nd, to Mottets from Nant-Borrant, 51/2 hrs. by the Col des Fours, or 61/2 hrs. by Chapieux; 3rd, to Courmayeur 61/2 hrs. — Or, omitting the Pav. de Bellevue, we may drive in the evening from Chamonix to St. Gervais (one-horse carr. 18, two-horse 25 fr.), in which case Mottets is easily reached on the second day and Courmayeur on the third. — Guide (not needed by good walkers in fine weather, but advisable over the Col des Fours) from Chamonix to Courmayeur in two days 20, in three days 24 fr.; return-fee 16 fr. extra.

The \*Tour of Mont Blanc, as this route is called, is easy and interesting. To complete our circuit of Mont Blanc, we may return to Martigny over the Great St. Bernard or over the Col Ferret. Good walkers go from Aosta to Châtillon, and cross the Théodule Pass to Zermatt. (In the opposite direction, from Zermatt, the route is less interesting.) Note that the Italian and French custom-house officers sometimes ask for passports.

We proceed by the electric railway (p. 295) in 20 min. to (5 M.) the station for Les Houches, 1/2 M. to the N. of the village; or we follow the Geneva road from Chamonix to  $(3^1/2$  M.) the hamlet of La Griaz, turn to the left by an iron cross, and cross the deep bed of the Nant de la Griaz to (3/4 M.) Les Houches (Hôt. du Glacier, poor), with a picturesquely situated church. Beyond the church and the brook (guide-post) a tolerable path (hardly to be mistaken) diverges to the left, enters the (1/2 hr.) wooded ravine to the right, and ascends in  $1^1/2$  hr. to the Pavillon de Bellevue (5843'), a rustic inn on a saddle of Mont Lachat (see below), affording a superb \*View (best by evening-light) of the Chamonix Valley as far as the Col de Balme, the Mont Blanc range (summit hidden by the Dôme du Goûter), and the Arve Valley.

Another path (easier at first, but disagreeable after rain) diverges by a cross 18 min. beyond Les Houches, and ascends in 1½ hr. to the Col de Voza (5495'; inn closed; poor fare at the chalet), a depression between Mont Lachat (6926') and the Prarion (p. 294), 20 min. to the W. of the Pavillon de Bellevue, with a fine view, but inferior to that from the Bellevue. Descent on the right bank of the Torrent de Bionnassay by Bionnassay to Bionnay (3190'), on the road from St. Gervais to Contamines.

From the Pavillon de Bellevue to the Chalet-Hôtel de Tête-Rousse, see p. 304; to St. Gervais by the Col de Voza and the Pavillon de Prarion, see p. 294.

From the Pavillon de Bellevue the path descends to the S. over pastures (the Aiguille de Bionnassay, 13,340', rising on the left) and crosses the stream issuing from the Glacier de Bionnassay. The burst of the Glacier de Tête-Rousse which destroyed St. Gervais-les-Bains in 1892 (p. 294) descended by this valley. Beyond the Chalets de la Pierre, on the other side of the stream, our route, now a tolerable bridle-path, descends on the left side of the valley to (11/4 hr.) Champel and turns to the left by the fountain. We descend rapidly, enjoying a fine view of the wooded and well-cultivated Montjoie Valley, bounded on the W. by the slopes of Mont Joly (p. 313), with the Mont Roselette (7845') in the background, while to the E., above the green lower hills, peep several of the W. snowpeaks of the Mont Blanc group (Aig. de Tricot, de Trélatête, etc.). Beyond (18 min.) La Villette the path joins (6 min.) the road from St. Gervais (p. 294), which we follow to the left, crossing the Torrent de Miage just before the hamlet of Tresse. (To the right, on the slope of Mont Joly, stands the church of St. Nicolas de Véroce.) The road then ascends high on the right bank of the Bon-Nant to La Chapelle, Champellet, and (1 hr.) —

Les Contamines sur St. Gervais (3927'; Union, Hôt. du Bonhomme, both very fair, R. from 2, B. 1, D. 2½ fr.), a large village with a handsome church.

Instead of descending through the valley of the Bionnassay, we may ascend to the right at the end of the Glacier de Bionnassay (see above) to the Chalets de Tricot and the (21/2-3 hrs. from the Pav. de Bellevue) Col de Tricot (7000'; small inn), between the Pointe de Tricot and Mt. Vorassay. We then descend to the chalets of Miage, which afford a fine view to the S. of the Glacier de Miage, the Dôme de Miage (12,100'), the Col de

Miage (p. 304), and the Aig. de Bionnassay (13,340'). Hence we follow the left bank of the Miage to Tresse, on the road to (21/2 hrs.) Contamines

(p. 312; guide from Chamonix 15 fr.).

The \*Mont Joly (8290') is ascended from St. Nicolas (p. 312) without difficulty in 4 hrs. (guide 6 fr.; auberge 3/4 hr. from the top). Splendid view of Mont Blanc. — The Pavillon de Trélatête (see below) is more easily reached from Contamines than from Nant-Borrant (path ascending to the left, 20 min. above Contamines). From Contamines by the Pavillon de Trélatête to Nant-Borrant, 4 hrs., interesting.

Beyond Contamines the road descends to the Bon-Nant, and overlooks the valley as far as the peaks of the Bonhomme. The valley contracts. At (1 hr.) the bridge which crosses to the pilgrimage-chapel of Notre Dame de la Gorge the road ends. The bridle-path now ascends to the left, passing a bridge (which is not to be crossed) and frequent traces of glacier-friction. Then through wood, past two waterfalls, and (1/2 hr.) across the deep gorge of the Bon-Nant; 10 min. Chalets of Nant-Borrant (4780'; Inn, very fair, R. 3-4, D. 3 fr.). We cross the wooden bridge beyond them, and ascend on the left bank. On the left the séracs of the large Glacier de Trélatête are visible; looking back, we survey the valley as far as the Aiguilles de Varens (p. 294).

From Nant-Borrant (7 hrs.), or better from Contamines (p. 312; 81/2 hrs.), we may reach Mottets or the Col de la Seigne by the Col du Mont Tondu (9500'); trying, but without danger (guide 30 fr.). From Nant-Borrant we ascend to the left (fine waterfalls) to the (1½ hr.) Pavillon de Trélatête (6463'; inn, well spoken of), which overlooks the Trélatête Glacier, and skirt the stony slopes on the E. side of the glacier, finally crossing it to the pass, between Mont Tondu (10,485') on the right and the Pointe de la Lanchette (10,130') on the left (beautiful view, especially from a height on the left). We may either descend to the right across the Clarica de la Lanchette the left). We may either descend to the right across the Glacier de la Lanchette to Mottets (p. 314), or to the left over shelving rocks and across the Glacier des Glaciers to the Col de la Seigne (p. 314). — Over the Col de Trélatête (11,424'), to the W. of the Aiguille de Trélatête, to the Glacier de l'Allée Blanche and Combal Lake (p. 314), very difficult (2 guides, 60 fr. each).

We next reach (50 min.) the Chalet à la Balme (5627'), a plain

inn, situated at the head of the Montjoie Valley.

In doubtful weather, or late in the evening, a guide should be taken from this point to the top of the pass (3 fr.); but, as guides are not always to be had here, it is safer to engage one at Contamines (to the Col du Bonhomme 6-8, Col des Fours 6-8, Chapieux 8-10, Mottets 10-12 fr., the higher fees being charged when the guide cannot return the same day). If the guide be taken to the Col du Bonhomme only, his attendance should be required as far as the highest point (Croix du Bonhomme, see p. 314). Mule from Nant-Borrant to the Croix 8 fr.

The path, indicated by stakes, ascends wild, stony slopes, passing a waterfall on the left, to the (1/2 hr.) Plan Jovet  $(64\overline{3}7')$ , with a few chalets. (To Mottets over the Col d'Enclave, see p. 314.) On the (1/2 hr.) Plan des Dames (6745') rises a conical heap of stones, where a lady is said to have perished in a snow-storm. At the end of the valley (20 min.) the path ascends the slope to the right, and (25 min.) reaches the shelter-hut on the Col du Bonhomme (7680'), whence we look down into the desolate valley of the Gitte. Two curious rocks, the Tête du Bonhomme and the slightly lower Femme du Bonhomme, here tower aloft, like two ruined castles. Beyond

these we follow the rocky slope to the left (path indicated by stakes), passing an excellent spring (good resting-place), and next reach (40 min.) the **Col** de la Croix du Bonhomme (8147'), with a stone shelter-hut and a fine view of the mountains of the Tarentaise, in the centre of which rises the beautiful snow-peak of Mont Pourri (12,428'). Here the path divides. In a straight direction the path descends, partly over débris, to  $(1^3/4)$  hr.)—

Les Chapieux or Chapiu (4950'; \*Soleil; Hôt. des Voyageurs,

unpretending), in the Val des Glaciers, 13/4 hr. below Mottets.

FROM CHAPIEUX TO PRE ST. DIDIER over the Little St. Bernard (11 hrs.; preferable to the Col de la Seigne in doubtful weather). The new road to (9½ M.) Bourg-St-Maurice (diligence in summer daily at 4 pm. in 2 hrs., 1 fr. 50 c.) descends the narrow valley of the Torrent des Glaciers, past Le Crey and (5½ M.) Bonneval-les-Bains. From Bourg-St-Maurice to Pré St. Didier, see p. 317.

The direct route to Mottets  $(2^{1}/_{2} \text{ hrs.})$  ascends from the Croix du Bonhomme to the left, rarely free from snow (guide advisable for novices) to the (35 min.) Col des Fours (8890'), to the right of which is the Pointe des Fours (8920'; 5 min.), a splendid point of view. Then a steep descent over slate-detritus and pastures to  $(1^{1}/_{4} \text{ hr.})$  a group of chalets (6573') and the (20 min.) Chalets des Glaciers, where the path from Chapieux comes up from the right. We descend to the left, cross the bridge (5840') over the Torrent des Glaciers, and ascend the left bank to  $(1/_{2} \text{ hr.})$  the houses of —

Les Mottets (6227'; Veuve Fort's Inn, R. 3-41/2, B. 2, déj. 31/2, D. 4 fr.; mule to the Col de la Seigne, 6 fr.), at the head of the Val des Glaciers. To the N.E. rises the Aiguille des Glaciers (12,580'), with the Glacier des Glaciers.

Over the Col du Mont Tondu to Contamines, see p. 312. Another route to Mottets (4-41/2 hrs. from Nant-Borrant; trying) leads from the Plan Jovet (p. 313), past the small Lac Jovet (7140), and over the Col d'Enclave (8813'),

between Mt. Tondu and the Tête d'Enclave.

A bridle-path ascends hence in zigzags to the (13/4 hr.) Col de la Seigne (8240'; shelter-hut), where a cross marks the frontier of Italy. \*View of the Allée Blanche, a long Alpine valley, bounded

on the left by the tremendous precipices of Mont Blanc.

To the left of the pass rise the Aig. des Glaciers (12,580') and Aig. de Trélatête (12,830'); then the imposing snowy dome of Mont Blanc, borne by the huge rocky buttresses of the Mont Brouillard (13,298'), the bold Aiguille Blanche de Péteret (13,482'; ascended for the first time in 1885 by Mr. Seymour King) and the Aiguille Noire de Péteret (12,402'). Farther to the right, in the distance, rise the Mt. Vélan, Grand Combin, etc.

Beyond the pass we descend over snow and débris, keeping to the left, then across pastures, to the (1/2 hr.) upper Chalets de l'Allée Blanche (7235'; occupied for a few weeks in summer only), and the (25 min.) lower chalets (7135'), at the end of a level stretch. We round the hill to the right, cross the brook, with a splendid view of the imposing Glacier de l'Allée Blanche, and descend to a second level reach of the valley, at the end of which (3/4 hr.) lies the green Lac de Combal (6365'), bounded on the N. by the huge

moraine of the Glacier de Miage. Near a sluice at the lower end of the lake (10 min.) we cross the Doire, which issues from the lake, and descend the side of the moraine through a wild, rock-strewn ravine. After 40 min. the Doire is again crossed. The valley, now called Val Veni, expands. The Cantine de la Visaille (5423'; rfmts. and beds), 5 min. farther on, commands a splendid survey of the valley, with the Jorasses and the Dent du Géant towering on the left.

The path descends through wood and pastures, passing (3/4 hr.) the Chalets de Purtud (4945'; cantine, on the left bank). On the left is the fine Glacier de la Brenva, which once filled the whole valley, but has receded greatly within the last few decades. Beyond the (20 min.) Chalet de Notre Dame de Berrier (4875'), a little below the exit from the wood, we survey the whole Brenva Glacier; on the left are the Aiguilles de Pétéret with the snowy summit of Mont Blanc towering above them; on the right, the pavilion on the Mont Fréty (p. 316) and the tooth-shaped Dent du Géant (p. 316). By the chapel of Notre Dame de Guérison or de Berrier (4710'), 5 min. farther on, the path rounds an angle of rock, overlooking the village of Entrèves to the left, at the mouth of the Val Ferret, and then descends to the Doire, which unites here with the Doire du Val Ferret and takes the name of Dora Baltea. Opposite the little sulphur-baths of La Saxe ( $\frac{1}{2}$  hr.) we cross the Dora, pass the (1/4 hr.) Hôtel du Montblanc, and in 10 min. more reach —

Courmayeur. — \*Hôtel Royal; Hôt. Angelo, at these R. 4-6, B. 1½, déj. 3½, D. 5 fr.; \*Union, R. 3, B. 1½, D. with wine 4½, pens. 8-10 fr.; \*Mont Blanc, ½ M. to the N. of the village, R. ½½-4, déj. 3, D. 4, pens. 10½ fr. — Restaurant Savoie (also rooms); Café du Mont-Blanc. — Diligence to Aosta, see p. 317; one-horse carriage to Aosta 15, two-horse 25 fr. (return-vehicles cheaper). There is a society of guides here with regulations similar to those at Chamonix (see p. 297). Laurent, Alexis, David, and Julien Proment, J. Petigax, J. Gadin, J. A. Berlhod, L. Berthollier, F., J., and L. Croux, P. and L. Revel, Al. Fenoillet, Henri Rey, Ces. Ollier, and L. Truchet are recommended. Arrangements should be discussed, not only with the Guide-Chef, but with the guides themselves.

Courmayeur (4015'; 600 inhab.), an important village, with mineral springs, finely situated at the head of the Aosta Valley, is much frequented by Italians in summer. Though higher than Chamonix (by 600'), the climate is warmer and the vegetation far richer. Mont Blanc is concealed from Courmayeur by the Mont Chétif (7685'), but is seen from the Pré St. Didier road, ½ M. to the S.

EXCURSIONS. From the hamlet of **Dolonne**, opposite Courmayeur, at the base of Mont Chétif, we obtain an excellent survey of the enormous precipices of the Jorasses and the glacier of that name. Pleasant walk thither, crossing the *Dora Bridge* (10 min.); then through the village, down to the Dora by a shady path at its N. end. and back by the left bank (½ hr.).— A bridle-path (guide unnecessary) leads from Dolonne to the W. to the (2 hrs.) Col de Chécouri (6430'), on the S.W. side of *Mont Chétif* (7685'; ascended in 1 hr. without serious difficulty), commanding a fine view of Mont Blanc. We may descend to the (2½ hrs.) Lac de Combal and return by the Val Veni; see above.

The \*Mont de la Saxe (7735'; 21/2-3 hrs.; guide, 6 fr., unnecessary) affords a complete view of the S.E. side of Mont Blanc with its numerous glaciers,

the Col du Géant and the Jorasses being close to us. A good bridle-path ascends from Courmayeur, by La Saxe (p. 315) and Le Villair, to the (2 hrs.) Chalets du Pré (6480') and the (1 hr.) nearer peak. The descent may be made by the Chalets du Leuchi into the Val Ferret.

The \*Crammont (8980'), commanding a grand view of Mont Blanc, is best ascended from Pré St. Didier (see p. 317).

Ascent of Mont Blanc (guide 100 fr.), see p. 303. Guide for ascent of Mont Blanc, descent to the Grands-Mulets or Pierre-Pointue, and return via Montanvert and the Col du Géant 130 fr. (porter 70 fr.). — The Grandes Jorasses (13,797), 13-14 hrs., with 2 guides (70 fr. each), are difficult, and dangerous after fresh snow. We ascend on the right bank of the Doire, passing Entreves, in the Ferret valley, and the chalets of Mayen (4944'), and then proceed through wood and over grassy slopes, snow, and rocks (extremely steep and difficult at last), to the (51/2-6 hrs.) Cabane des Grandes Jorasses of the I. A. C. (9200'), whence we reach the summit by the Glacier de Planpansière and the Rocher du Reposoir in 5-6 hrs.

TO CHAMONIX OVER THE COL DU GÉANT (comp. p. 304), 11-12 hrs. (guide 40, porter 25, in two days 50 and 30 fr.; two guides, or a guide and a porter required). Interesting excursion (bridle-path,  $2^{1}/_{2}$  hrs.) to the Pavillon du Mont Fréty (7130'; small inn; fine view); thence to the Col du Géant, Ital. Colle del Gigante (11,060'), with the new Rifugio Torino (inn in summer), a steep ascent of  $3^{1}/_{2}$  hrs. (guide to the Pavillon, 6 fr., unnecessary; to the pass and back 15, in two days 20 fr.). The ascent of the Aiguille or Dent du Géant (13,170'), from the Col du Géant in 4-5 hrs., is very difficult (first ascended by the brothers Sella in 1882). Descent from the col to the Montanvert 4-5 hrs. (comp. p. 304).

FROM COURMAYEUR TO ORSIÈRES OVER THE COL FERRET (11-12 hrs.); cart-road to Gruetta, thence bridle-path (guide to the Chalets de Ferret advisable, 15 fr.). From Courmayeur we follow the road via La Saxe (p. 315) to the (35 min.) village of Entrèves and ascend the narrow Val Ferret, on the right bank of the Doire, past the chalets of La Palus, Le Pont, and Prà Sec. By the (1 hr.) chalets of La Vachey (5364') we cross to the left bank of the stream. Farther up we pass the poor huts of Feraché (5795'), Gruetta (5782'), and Sagivan or Saljoan (6370'); to the left are the moraines of the Glacier de Triolet, and high up on the rocks of the Monts Rouges is the Cabane de Triolet of the I. A. C. (8478'; 6 hrs. from Courmayeur), the starting-point for the difficult Aig. de Triolet (12,727'; 7-8 hrs.; guide 50 fr.), the Mt. Dolent (12,540'; 6 hrs.), the Col de Triolet, Col de Talèfre, Col de Pierre-Joseph, Col de Leschaux, etc. (see p. 304). The last chalets are those of (21/2 hrs.) Pré de Bar (6756'; rfmts.). at the base of the glacier of that name (p. 306), which descends from Mont Dolent (see above). The bridlepath ascends to the right in numerous windings to the (11/2 hr.) Col Ferret, or Col de la Peulaz (8343'), the frontier of Switzerland and Italy, with a superb view of the Val Ferret and the S. side of the Mont Blanc group with its huge glaciers, of the Jorasses, the Aiguille du Géant, and the Allée Blanche as far as the Col de la Seigne. [Another pass, called the Col du Petit Ferret or Pas de Grapillon (8166'), farther to the N. close to the foot of the precipices of Mont Dolent, is shorter, but more fatiguing and devoid of view.] We descend to the (1 hr.) Chalets de la Peulaz (6840'), below which we cross the Drance and (1/2 hr.) reach the Col de Fenêtre route. (From this point to the St. Bernard Hospice 4 hrs.; comp. p. 3.5.) The path then descends to the left to the (1/2 hr.) Chalets de Ferret (5565'; Restaurant du Col Ferret. with 16 beds, clean and moderate), whence a cart-road leads through the N. (Swiss) Val Ferret or Ferrex to (1/2 hr.) La Folly (5240'), with the Glacier de la Neuva above it, on the left (p. 306). Then (1/2 hr.) La Seiloz (4920'), (11/4 hr.) Praz de Fort (3660'; hence to the Cabane de Saleinaz 4-41/2 hrs., see p. 323), Ville d'Issert. Som la Proz, and (11/4 hr.) Orsières (p. 323). Good walkers starting from Courmayeur at 3 or 4 a.m. may catch the afternoon-diligence for Martigny at Orsières.

#### 76. From Courmayeur to Aosta and Ivrea.

65 M. From Courmayeur to (23 M.) Aosta an Omnibus plies thrice a day in July & Aug. in 4 hrs. (in the reverse direction 5 hrs.; fare 5 fr., banquette 5½ fr.; each large piece of luggage 1 fr.); one-horse carr. 18, two-horse 30 fr. — From Aosta to (42 M.) Ivrea, Railway in 2½ hrs. (fares 7 fr. 60, 5 fr. 30, 3 fr. 40 c.). The railway is a triumph of en-

gineering; the scenery very picturesque.

Courmayeur, p. 315. — The road to Aosta (23 M.; second half not interesting enough to walk) winds down to the Doire and follows its left bank through a wooded ravine. Passing (2½ M.) Palesieux, we cross the Doire to (3/4 M.) Pré St. Didier (3250'; \*Hôt. de l'Univers et de la Rose; Couronne), a picturesquely situated village with baths, where the road to the Little St. Bernard diverges to the right. Near the hot springs (½ M. lower) the Thuile forces its way between perpendicular rocks towards the Dora valley.

Excursions. (Guides: Jos. Barmaz, and others.) The ascent of the \*Tête de Crammont (8980'; 3½-4 hrs.) is highly interesting (riding practicable to within ½ hr. from the top). Following the St. Bernard road to the first tunnel (½ hr.; shorter footpath in 20 min.), we thence ascend to the right in numerous zigzags to the (½ hrs.) hamlet of Chanton (5970'), whence we reach the top in ½ hr. more. Splendid view of Mont Blanc and the Graian Alps. About 5 min. below the top is the Cabane De Saussure, a refuge-hut of the I. A. C. Another route (easier) diverges to the right from the St. Bernard road at Elevaz, 3 M. from Pré St. Didier, joining the above route at Chanton. Experts may dispense with a guide.

To Bourg-St-Maurice over the Little St. Bernard, 27 M., a route preferred by some to the Col de la Seigne (p. 314). Diligence from Courmayeur to the Hospice daily in summer in 5½ hrs., from the Hospice to Bourg-St-Maurice every afternoon in 3 hrs. The fine new road ascends the valley of the Thuile viâ Balme to (6 M.) La Thuile (4726'; two small inns), where we have a view of the great glacier of the Rutor (11,435'), which may be ascended hence. [Interesting excursion viâ La Joux and past the beautiful \*Rutor Waterfalls to the (3½ hrs.) Rifugio di Santa Margherita (about 7940') on the Lago del Rutor; from the height 5 min. to the S.W. (8085') splendid \*View of the whole chain of Mont Blanc, the Testa del Rutor with its neighbours, etc.] Thence the road ascends, passing (3½ M.) Pont Serrand (5415') and the Cantine des Eaux-Rousses (640'), to the (4½ M.) pass of the Little St. Bernard (7176'). The boundary between France and Italy is on the S. side, ¾ M. beyond the summit, and near a Hospice (7080') affording fair quarters (simple fare free, better disbes at a fixed tariff). [The Mt. Valésan (9453'), 3½ hrs. to the S.E., the Belvédère (8665'), 1½ hr. to the E., and the Lancebranlette (9605'), 3 hrs. to the W., all afford admirable views.] We now descend gradually, overlooking the beautiful upper valley of the Isère (La Tarentaise) and the Savoy Mts. the whole way, to St. Germain, Séez, and (12 M.) Bourg-St-Maurice (2805'; \*Hôt. Mayet, R. 3½, D. 3 fr.), a small town on the Isère, whence a diligence runs twice daily in 4½ hrs. to (16 M.) Moûtiers-en-Tarentaise; see Baedeker's South-Eastern France.—From Bourg-St-Maurice to Chapieux, see p. 314.

Below Pré St. Didier we again cross the Doire, looking back to get a grand view of Mont Blanc, visible as far as Avise. We follow the lofty slope for some way, and then descend through vine-yards into a broad and rich valley. To the S. appears the beautiful pyramid of the Grivola (13,018'). On a hill to the left of (2½ M.) Morgex (3017'; Chêne Vert; Ange) is the picturesque ruined château of Châtelar (3840'); farther on is La Salle, with the ruins of a

castle. On the right bank is the pretty Cascade de Derby, in several leaps. The valley contracts. The road crosses to the right bank by the (41/2 M.) Pont d'Equilive (2570'), and leads through a wild defile (Pierre Taillée) to Ruinaz (2580'; Croix, poor). Opposite lies Avise, with a ruin and an old church. Mont Blanc is now lost to view. The road traverses another rocky gorge, where the pyramidal Mt. Emilius comes in sight. Near (21/2 M.) Liverogne (2395'; Hôt. du Coldu Mont) we cross the deep gorge of the Dora di Valgrisanche, and see the first chestnut-trees. Behind us is the snowy Rutor (11,435'); to the left, the church of St. Nicolas (3922'), on an abrupt rock. Beyond (3/4 M.) Arvier (2545'; Croce Bianca) we descend rapidly and cross the Savaranche; to the right, on the hill, are the château and church of Introd. Then (3 M.) Villeneuve (2132'; Cervo), beautifully situated, and commanded by the ruin of Argent on a lofty rock.

Excursions from Liverogne and Villeneuve, see Baedeker's N. Italy.

We ascend a little on the left bank of the Doire, passing a massive old tower. Beautiful view, behind us, of the three-peaked Rutor, the Grivola with the Trajo Glacier, etc. Opposite St. Pierre (2168'), with its church and old castle on a rocky hill, opens the Val de Cogne on the S.; on the right bank lies Aymaville, with deserted iron-foundries and a château with four towers. The road passes the handsome royal château of Sarre (2154'), and traverses a broad shadeless valley to (6 M.)—

23 M. Aosta. — \*Hôt. Du Mont-Blanc, to the W. of the town, R. 3-31/2, B. 11/2, D. 5 fr.; \*Hôtel Royal Victoria, at the station, R. from 33/4, B. 11/2, déj. 3, D. 5, pens. 9-12 fr. (both closed in winter). — Hôt. Paul Lanier, in the Hôt. de Ville, in the chief piazza, good cuisine; Corona, opposite the last, in the Italian style; Hôt.-Pens. Centoz, Piazza Carlo Alberto, R. 2-21/2, déj. 2-21/2. D. 3-4, pens. 7 fr., well spoken of. — \*Caffè Nazionale, in the Hôt. de Ville (variety performance in the evening); beer at Zimmermann's, near the Hôt. de Ville; Rail. Restaurant, poor. — Onehorse carr. to Courmayeur 18 or 30 fr.; to St. Rhémy 15 or 25 fr. Omnibus to Courmayeur, see p. 317 (office in the market-place, with rooms, 3 fr.); to St. Rhémy, see p. 322.

Aosta (1913'; pop. 7376), the Augusta Praetoria Salassorum of the Romans, and now the capital of the Italian province of Aosta, is beautifully situated at the confluence of the Buthier and the Doire or Dora Baltea. Its antiquities testify to the importance of the place

during the Roman period.

Near the railway-station, on the S. side of the town, stands a bronze \*Statue of Victor Emmanuel II., 'roi chasseur', by Tortone, on a lofty rock pedestal. The ancient Town Walls, which are flanked with strong towers, enclosing a rectangle, 790 yds. long by 650 yds. broad, still exist in their entire circuit. On the S.W. side the flat coping and the cornice are still intact.

From the market-place, where the chief streets intersect, we see to the N.E., above the houses, the walls of the old Theatre and

the arcades of the Amphitheatre.

The principal street, running to the E., passes through the ancient \*Porta Prætoria to the (1/4 M.) \*Triumphal Arch of Augustus, with its ten Corinthian pilasters, then crosses the Buthier, which has left its ancient channel, to the massy arch of a

Roman Bridge, half sunk in the ground.

In the suburb is the church of St. Ours, the crypt of which is borne by Roman columns; in the choir are the tombstone of Bishop Gallus (d. 546) and finely-carved stalls. The cloisters of the abbey have interesting early-Romanesque columns (12th cent.). Adjoining the church is a 12th cent. Tower, built of Roman hewn stones. Opposite are portions of two antique columns in front of a chapel. — The Priory of St. Ours, in the same place, is a picture sque building of the 15th cent., with terracotta decoration, and an octagonal tower. Good wood-carvings and frescoes in the interior.

The CATHEDRAL (14th cent.) has a gaudily-painted relief above its main portal, and in the interior two mosaics of the 10th cent., and early Renaissance carved stalls. The treasury contains two reliquaries of the 13th and 15th cent., a cameo of a Roman empress in a setting of the 13th cent., and a diptych of Probus (consul in

406) and the Emperor Honorius.

By the S. gate is the tower known as Bramafam (12th cent.) in which a count of Challant is said to have starved his wife to death; and on the W. wall is the Tour du Lépreux (described in one of Xavier de Maistre's tales), which witnessed the sufferings of a leper named Guasco (d. 1803) and his sister Angelica (d. 1791). In front of the Bramafam are the recently excavated remains of the Porta Principalis Dextra. — Cretinism is sadly prevalent in Aosta.

EXCURSIONS. The \*Becca di Nona (Pic Carrel, 10,305'; 6-7 hrs.; guide, 12 fr.; provisions necessary; tolerable nightquarters at the Comboé Alp, see below) is an admirable point of view. The bridle-path, dusty at first, crosses the Doire and mounts to the village of *Charvensod* (2445'; guide Grégoire Comé), traverses a wood, and goes on past the hermitage of St. Grat (5815') and the chalets of Chamolé to the (4½/4 hrs.) Col de Plan Fenêtre (7300'). [The Signal Sismonda (7700'), to the S., 20 min. above the Col Plan Fenêtre, affords an excellent view of the Rutor and the Pennine Alps.] From the col we reach in ½/4 hr. the Alp Comboé (6960'), in a basin at the foot of the Becca di Nona, and in 2½/2 hrs. more the top. A few yards below it is the Rifugio Budden of the I.A.C. Superb "View (panorama by Carrel), embracing the whole of the Mont Blanc and Monte Rosa chains, and the Graian Alps to the S. — In descending we may, for variety, leave Comboé to the left, and go straight through the valley of the Comboé. Below the basin of Comboé there is a fine waterfall, at the foot of which we cross the brook and then descend to the left to Charvensod.

Mont Emilius (11,675'; for experts; guide 30 fr.) may be ascended from Comboé in 4½ hrs. We follow the Col d'Arbole route (a pass to Cogne) as far as the (1 hr.) Chalets d'Arbole (8200'); then turn to the left, passing a small glacier-lake. View more extensive than from the Becca.

Mont Fallère (10,045'; 7 hrs.; guide, needless, 10 fr.) is easily ascended from Aosta by a new bridle-path, viâ Ville-sur-Sarre. Splendid view of the Pennine and Graian chains. On the arête, 1/4 hr. below the top, is a small refuge-hut of the I. A. C.

FROM AOSTA TO ZERMATT (p. 359), interesting but fatiguing, through the Val Pellina, and over the Col de Valpelline (11,680'), in two days. To

the chalets of Prarayé (p. 350) 9 hrs.; thence a difficult ascent over the Glacier de Za-de-Zan to the pass, to the S. of the Tête Blanche (12,300'), and down the Stock and Zmutt glaciers to (10-12 hrs.) Zermatt (comp. p. 350).

— From Bionaz (p. 350), 3 hrs. above Valpelline and 5 hrs. from Aosta, the Becca di Luseney (11,500'), a grand point of view, may be ascended in 7 hrs. (difficult, for experts only). — Several passes lead from the Val Pellina to the Val St. Barthélemy (see below).

From Aosta to Evolena over the Col de Collon, see p. 350; over the Col de Fenêtre to the Val de Bagnes, see p. 331; over the Great St. Bernard

to Martigny, see R. 77.

From Aosta to Cogne (Graian Alps), see Baedeker's Northern Italy.

Leaving Aosta, the RAILWAY crosses the Buthier and the Bagnère, and nears the Dora, with its numerous islands. As we look back, we enjoy a splendid view of the valley of Aosta, surrounded by lofty mountains: to the S. rise the Becca di Nona and Mt. Emilius, to the N. the Grand Combin and Mt. Vélan, and to the W. the Rutor (p. 317). Near the station of (5 M.) Quart-Villefranche (1755') is the château of Quart (2486'), on a hill to the left. The train crosses the Dora, and beyond (7 M.) St. Marcel it returns to the left bank. On the slope above St. Marcel is the pilgrim-resort of Plou. Near (8 M.) Nus (1755'; Croce d'Oro), with its ruined castle, the Val St. Barthélemy opens on the N.

A good bridle-path ascends from Nus through the picturesque Val St. Barthélemy to (31/2 hrs.) the village of Lignan, with the new and beautifully situated Albergo Alpino (ca. 5250'), whence we may ascend the Becca di Luseney (11.500'; see above), the Becca del Merlo (10,600'), Mont Redessau (10,925'), and other peaks. Passes lead hence over the Fenêtre di Cian (ca. 9020') to Breuil (p. 378); over the Col Fenêtre (7165') to Valtournanche (p. 377); and over the Colle di St. Barthélemy (8695'), the Colle Montagnaia (9415'), or the Col di Livournéa (9335') to Val Pelling (p. 310)

lina (p. 319).

The line once more crosses and recrosses the Dora. right appears the picturesque château of Fénis, at the mouth of the Clavalité Valley, above which towers the snowy pyramid of the Tersiva (11,525'). We now intersect, near Diemoz, a large deposit of debris and traverse a tunnel to (121/2 M.) Chambave (1623'), noted for its wine, where we obtain for the last time a retrospect as far as the Rutor.

The valley contracts. The train runs between river and cliff, through two tunnels, a deep cutting, and a deposit of débris, and crosses the Matmoire or Marmore, descending from the Val Tournanche.

15<sup>1</sup>/<sub>2</sub> M. Châtillon (1805'; pop. 2900; \*Hôt. de Londres, R. 31/2 fr.; \*Hôt.-Pens. Suisse, both in the village, near the bridge; Caffé-Ristorante Alpino, beyond the bridge; Hôt. des Alpes, at the station), with a castle of the ancient counts of Challant, is beautifully situated, 1 M. above the station (1480'), at the mouth of the Val Tournanche. The deep wooded gorge of the Matmoire, picturesquely studded with houses, is spanned in the centre of the village by an imposing one-arched bridge. - To Valtournanche and over the Théodule Pass to Zermatt, see R. 87.

From Châtillon the train follows the left bank of the Dora. On a steep hill to the right is the old château of Ussel, once owned by the Challants. Beyond two short tunnels is (161/2 M.) St. Vincent (1415'), the station for the village of that name (1885'; \*Lion d'Or; Corona), situated 1 M. to the left. About 3/4 M. higher up (cable-tramway) are a mineral spring and the new Grand Hôtel. We next enter the \*Montjovet Defile, the most striking part of the journey. A series of tunnels and cuttings, with massive retaining walls and buttresses, carry us through the narrow rocky gorge, while far below rushes the foaming Dora in cascades. High above the exit of the pass, on the left, is the ruin of Montjovet or St. Germain. We cross the Dora by an imposing viaduct, and pass through a tunnel. Beyond (20 M.) Montjovet the valley again expands. Extensive vineyards appear; on the right rise lofty cliffs. Then, on the slope, the village of Champ de Praz, at the mouth of the Val Chalame, whose torrent has bestrewn the valley of the Dora with débris. The train crosses the Dora and the Evançon and reaches —

23½ M. Verrés (1207′). The village (1130 inhab.; Italia; Ecu de France), with a dilapidated château of the former counts of Challant, is picturesquely situated at the mouth of the Val Challant (p. 376). Issogne, on the opposite bank of the Dora, has another old château of the same family. To the N.E. appears the rocky

pyramid of the Becca di Vlou (9947').

251/2 M. Arnaz (1170'), with a ruined castle. The line traverses an extensive alluvial deposit and crosses the Dora. 28 M. Hône-Bard, in a superb situation. To the right, the Val Champorcher, with its picturesque rocky peaks; to the N.W., the Becca di Luseney (p. 320). On a steep rock on the left bank of the Dora rises Fort Bard (1250'), captured in 1242 after a long siege by Count Amadeus IV. of Savoy, and gallantly defended in 1800, before the battle of Marengo, by 400 Austrians against the French army. Beyond this point Italian only is spoken.

The train crosses the river and passes under the fortress by a tunnel of 650 yds. Then through a narrow rocky ravine to (30 M.) Donnaz (1056'; Rosa) and over the wild Lys torrent to (31 M.) Pont St. Martin. The village (1030'; Rosa Rossa; Cavallo Bianco) occupies a most picturesque site, at the mouth of the narrow Lys Valley, with a ruined castle, foundries, and an ancient Roman bridge across the Lys. (Road to Gressoney-la-Trinité, 201/2 M.;

see p. 375.)

The railway again crosses and recrosses the Dora, which here forms a large island. On the slope to the left is the village of Carema, amidst vineyards and fruit-gardens. On the right bank is (33 M.) Quincinetto, on the left bank is the ruin of Cesnola. 35 M. Tavagnasco (918'). Opposite, at the foot of the Colma di Mombarone (7773'), is the larger village of Settimo Vittone. The lower terraces of the hills enclosing the picturesque and highly

cultivated valley are covered with vines; higher up are woods of walnut and chestnut trees, above which rise bare rocky peaks. We cross the Dora again at Montestrutto, pass (on the left) Torrazza, and reach (371/2 M.) Borgofranco (840'), an ancient town of 1930

inhab., prettily situated 11/4 M. from the station.

The mountains recede. 39 M. Montalto-Dora, with a pinnacled ruin on a rocky hill. The train enters a tunnel, 11/4 M. long, under the hill of Ivrea, crosses the Dora, and stops at (42 M.) Ivrea (775'; pop. 10,090; \*Scudo di Francia; Universo; Corona d'Italia), a town picturesquely situated on the left bank of the Dora. Comp. Baedeker's Northern Italy.

# 77. From Martigny to Aosta. Great St. Bernard.

47 M. (18 hrs.). From Martigny to the Hospice 12, thence to Aosta 6 hrs. (from Aosta to the Hospice 8, thence to Martigny 10 hrs.); road to the hospice (30 M.), thence to (11/2 hr.) St. Rhémy bridle-path; road again to Aosta (121/2 M.). DILIGENCE twice daily from Martigny (station) to (131/2 M.) Orsières in 31/2 hrs. (back, in the afternoon, in 21/2 hrs.; 2 fr. 70 c.); from Orsières to the Great St. Bernard (161/2 M.) daily in 73/4 hrs. (6 fr. 50 c.). Carriage to Orsières 15, with two horses 20. Bourg-St-Pierre 25 or 40, Great St. Bernard 50 or 60 fr. Travellers with luggage, who wish to cross the St. Bernard without stopping at the Hospice, should hire pack-animals for St. Rhémy at Bourg-St-Pierre. One-horse carr. from St. Rhémy to Aosta, 1 pers. 10, 2 pers. 12, 3 pers. 15 fr. (from Aosta to St. Rhémy, 1-2 pers., 15 fr.). Omnibus from Aosta to St. Rhémy daily in 4 hrs. (5 fr.), returning in 21/2 hrs.

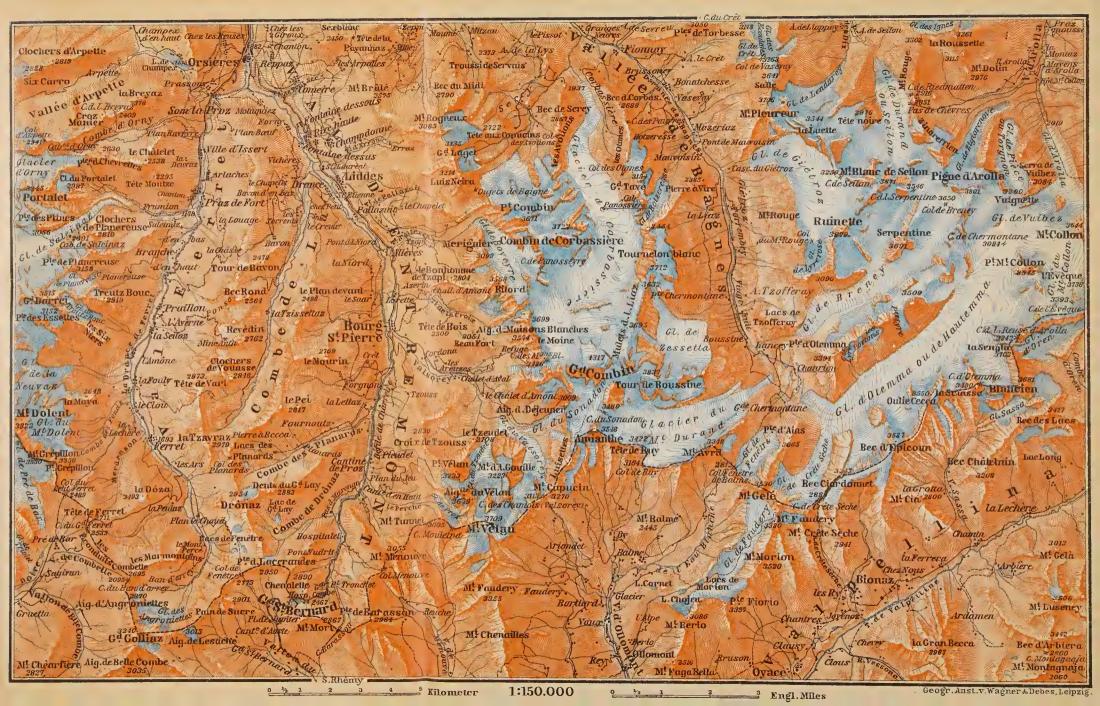

The Great St. Bernard Route, though less attractive than most of the other Alpine passes, presents some very fine scenery, and is a direct and convenient approach to Italy (Aosta, Courmayeur) from the Rhone Valley. A visit to the Hospice is interesting. Those who do not intend going farther may return by the Col de Fenêtre (p. 327) and the Val Ferret.

From Martigny (p. 275) via Martigny-Bourg to the (11/2 M.) bridge over the Drance, see p. 309. — Beyond the bridge lies the hamlet of (3/4 M.) La Croix (p. 309). The St. Bernard road leads through the deep ravine of the Drance, by Le Brocard (where the route to Chamonix diverges to the right; comp. p. 310) and Le Borgeau, to (31/2 M.) Les Valettes (1978'; restaurant).

\*Gorge of the Durnant (from Martigny and back 4 hrs., one-horse carr. 7, two-horse 10 fr.). A road leads from Les Valettes to the right to the (1 M.) entrance of a rocky gorge, through which the Durnant is precipitated in 14 falls (made accessible by a wooden gallery 1/2 M. long; adm. 1 fr.; inn by the entrance). From the upper end of the gorge the path ascends to the bridle-path to Champex (see below). — Fine view from the hill of Lombard (2888', see below), ascended to the left from the lower

end of the gorge in 1/2 hr., by a shady path.

From Les Valettes to Orsières via Champex, 4 hrs., an attractive route. From Les Valettes the bridle-path ascends to the right (or we may go through the Gorge of the Durnant), and ascends gradually through pastures and wood, viâ Lombard (see above), Crettet, Les Grangettes, and Mariotty (p. 310) to (21/2 hrs.) the village of Champex (4485'; restaurant). Thence across the pass (4890') to the (1/2 hr.) pretty Lac Champex (4820'; \*Hôt.-Pens. du Lac, pens. 5-7 fr., Engl. Ch. Serv. in summer; Hôt.-Pens. du Glacier; Pens. D. Crettex; Pens. E. Crettex; Pens. Biselx), a frequented summer-resort, with a fine view of the Combin group, whence we descend sither the read to the left by Bielley to (1 hr.) Ourièmes, protection in the right by either the road to the left by Biollay to (1 hr.) Orsières, or to the right by a direct path to (1 hr.) Som la Proz. - Excursions from Lac Champex

(guides, F. Biselx, Joseph Capt, Alfred Joris of Orsières): to the Grand Plan (6560'; 2 hrs.); La Breyaz (7800'; 3 hrs.); Catogne (8527'; 4 hrs.; guide 8 fr.); Clocher d'Arpette (9248'; 21/2 hrs.; 6 fr.); Six Carro (9278'; 3 hrs.; 8 fr.). More difficult are the Pointe des Ecandies (9440'; 5 hrs.; 15 fr.) and the Pointe de Zennepi (9468'; 31/2 hr3.; 10 fr.). A bridle-path ascends through the monotonous Val d'Arpette to the (4 hrs.) Fenêtre d'Arpette (8790'), to the N. of the Pointe des Ecandies, affording a survey of the beautiful Glacier du Trient (p. 310), whence we may descend to the Col de la Forclaz (p. 310; 2 hrs.). A more difficult route leads over the Col des Ecandies (9183'), to the S. of the Pointe des Ecandies (to Trient 6 hrs.; guide 10 fr.).

— From Lac Champex to the Cabanes d'Orny (see below) the shortest route is by the Col de la Breyaz (7900'; 41/2 hrs.; guide 5 fr.; not difficult).

Beyond (3/4 M.) Bovernier (2037') the Drance traverses a wooded gorge, where its course is impeded by huge masses of rock, especially near the (2 M.) Galerie de la Monnaie (2362'), a tunnel 70 yds. long. In 1818 a great fall of rock was caused here by the bursting of a lake in the Val de Bagnes (p. 329). At (11/2 M.) —

10 M. Sembrancher (2360'; Croix) the Drance d'Entremont (see below) unites with the Drance de Bagnes (p. 328). On a hill stands a ruined castle. To the S.W. rises the abrupt Catogne (8527').

FROM MARTIGNY TO SEMBRANCHER, over the Mont Chemin, 4 hrs., interesting, especially in the reverse direction (fine views of the Rhone Valley). From Martigny-Bourg the road ascends to the left, through wood, by Chemin d'en Bas to Chemin (3786'; to the Hôt. de la Pierre à Voir, see p. 276), whence a bridle-path leads to the right, past iron-mines, to Vence (3701'), and descends in windings to Sembrancher.

The Pierre-à-Voir (8123'; guide 7 fr.) may be ascended from Sembrancher in 5-6 hrs. (comp. p. 276).

The road enters the Val d'Entremont to the S., crosses the Drance twice, and leads by the left bank viâ La Donay to —

133/4 M. Orsières (2910'; pop. 2321; Restaurant du Col Ferret, with 30 beds, carriages for hire; Hôt. des Alpes, primitive), at

the mouth of the Ferret Valley (p. 316), with a curious old tower. From Orsières to Courmayeur over the Col Ferret, see p. 316. — Passes to Chamonix (Cols du Tour, du Chardonnet, d'Argentière, etc.), see p. 306. The Cabanes d'Orny (8819') may be reached from Orsières through the uninteresting Combe d'Orny in 5 hrs. (guide 5-6 fr.). Excursions hence (guides, esting Combe d'Orny in 5 hrs. (guide 5-6 fr.). Excursions hence (guides, see above): Aiguille d'Arpette (10,043'; 2 hrs., guide 6 fr.); Pointe d'Orny (10,742'; 2 hrs.; guide 6 fr.), neither of these difficult; Portalet (10,975'; 3\frac{1}{2}\text{ hrs.}; 12 fr.); \*Aiguille du Tour (11,615'), by the Glacier and Col d'Orny and Glacier du Trient in 4 hrs., not difficult for adepts and highly interesting (guide 12 fr.); Tête Biselx (11,520'; 5 hrs.; 20 fr.); Aiguille de la Varappe (11,550'; 5 hrs.; 20 fr.); Grande Fourche (11,844'; 5 hrs.; 20 fr.). Fine view from the Fenêtre de Saleinaz (10,710'), between the Petite Fourche (11,506') and the Aiguilles Dorées (3 hrs.; not difficult; guide 6 fr., with descent across the Saleinaz Glacier to the Cabane de Saleinaz, 10 fr.). — Over the Col du Tour to Argentière (5 hrs.; 15 fr.), see p. 336.

The Cabane de Saleinaz (8830'), 5\frac{1}{2}\text{ hrs.} from Orsières (guide 7-8 fr.), is another excellent starting-point for mountain-tours. To reach it we follow

another excellent starting-point for mountain-tours. To reach it we follow the Ferret route to (1 hr.) Praz de Fort (Hôt. de Saleinaz; see p. 316) and here diverge to the right, along the left bank of the Saleinaz. We then cross to the right bank, traverse the moraine of the Saleinaz Glacier, and ascend a steep path to the left, which ascends round the rocky towers of the Clochers de Planereuse (9220') to the (5 hrs.) well-equipped Club Hut. Ascents: Poin'e de Planereuse (10,345'; 2 hrs.; guide 7 fr.); Pointe des Plines (10,025'; 2 hrs.; 8 fr.); Grande Luis (11,497'; 4 hrs.; 15 fr.); Grand Darrei (11,533; 3-4 hrs.; 15 fr.); Grande Fourche (11,844'; 41/2 hrs.; 18 fr.); Aig. d'Argentière (12,820'; 6-7 hrs.; 35 fr.); Aig. du Chardonnet (12,540'; 7-8 hrs.; 40-50 fr.; difficult). — To the Cabanes d'Orny over the Col des Plines (10,640'; 4 hrs.; 8 fr.) or the Fenêtre de Saleinaz (10,710'; 7 hrs.; 10 fr.), see p. 323. To Argentière viâ the Fenêtre de Saleinaz and the Col du Tour (7 hrs.; 18 fr.), see p. 306; over the Col du Chardonnet (7 hrs.; 18 fr.), see p. 306. Over the Col de Planereuse (9954') to the Val Ferret (to Orsières 61/2 hrs.; 13 fr.), not difficult for the experienced.

\*Mont Brûlé (8450'; 41/2 hrs.; guide 6 fr.), from Orsières, easy and attractive. The view embraces the Bernese and Valaisian Alps, with the Lake of Geneva and the Jura in the background; in the foreground the Dent du Midi, the Orna and Trient chain, Grand Combin, etc. The ascent is also made from Liddes (see below; 4 hrs.) or Chable (p. 328; 5 hrs.). —

To Chable over the Col de Sexblanc (7 hrs.), see p. 328.

The road crosses the Drance, seldom visible in its deep bed, and ascends in a long bend (which the rough and unpleasant old bridle-path cuts off). Entering the upper part of the valley, we obtain an admirable view of Mont Vélan (p. 325), which with its snow and ice fills the background. The slopes of the broad valley are covered with pastures and corn-fields. Between Fontaine-Dessous (3800') and Rive Haute (4010') the road describes a long curve which walkers cut off. It passes the chapel of St. Laurent, and reaches -

181/2 M. Liddes (4390'; \*Hôt. du Grand St. Bernard; Union; Angleterre; Pens. Beau-Séjour), a considerable village. On the left rise the finely shaped Merignier (10,403') and the Aiguille des Maisons-Blanches (12,137'). Above Liddes is the chapel of St. Etienne (4520'). At Allèves (4924') we cross the brook of that name, coming from the Glacier de Boveyre, and at the chapel of Notre-Dame-de-Lorette (5365') we cross the Torrent de la Croix.

22 M. Bourg-St-Pierre, or St. Pierre-Mont-Joux (5358'; \*Au Déjeuner de Napoléon), a large village at the mouth of the Valsorey, with a church of the 11th century. (On the wall by the tower is a Roman milestone.) On a hill to the left of the road is the 'Linnaea' Alpine garden, laid out by the Geneva 'Société pour la Protection des Plantes' (adm. 50 c.; key at the 'Déjeuner de Napoléon'; keeper, the guide Jules Balleys).

EXCURSIONS. (Guides, Daniel, Jules, Auguste, and Omer Balleys, and Michel Genoud.) The Tête de Bois (2½ hrs.; guide 6fr.; mules also), to the E., commands the Mont Blanc and Combin group, and the Val d'Entremont below. — Le Mourin (9085'; 4 hrs.; 8 fr.), to the S.W., is another

good point of view.

A good path leads through the interesting Valsorey, on the right bank of the Valsorey, to the (2 hrs.) Chalets d'Amont (7190'), in a grand situation. The background is formed by the Glacier du Valsorey, with that of Sonadon, descending from the Grand Combin, to its left, and that of Tzeudet to its right. Beautiful view of the dazzling snows of Mont Vélan and the jagged rocks of the Luisettes. — The night is passed at these chalets by travellare about to cross the Col. du Sanadon (11 145') to the Val de lets by travellers about to cross the Col du Sonadon (11,445') to the Val de Bagnes (p. 330; to Chanrion, 9-10 hrs.; guide 30 fr.), or the Col de Valsorey or des Chamois (10,213') to the Val Ollomont (p. 331; to Aosta 9 hrs.; guide

The Grand Combin (14,164') may be ascended from Bourg-St-Pierre by the Col des Maisons-Blanches (11,240) in 10-11 hrs. (grand, but difficult; for experts only; guide 60 fr.). We follow the Valsorey route to a point above the Chalets d'Aval (left bank), whence we ascend to the left in windings to the (31/2 hrs.) Cabane de Valsorey on the slope of the Grande Penna (9020).

Hence we have a fatiguing scramble over the crumbling rocks on the N. Hence we have a fatiguing scramble over the crumbling rocks on the N. side of the small glacier to reach the (2 hrs.) col (p. 330). From the last we may proceed by the W. arête and the Combin de Valsorey (13,600') to the (4½-5½ hrs.) summit (Aig. du Croissant, 14,173'), or we may pass round the N.W. side of the Grand Combin to the N. base, where we strike the route ascending from the Panossière Hut viâ the Corridor and the Graffeneire (14,103'). — The best starting-point for the Grand Combin is the Cabane Panossière (4½ hrs. from Fionney, see p. 329), which is reached from Bourg-St-Pierre direct in 8-9 hrs. by the Col de Pannosseyre (ca. 11,150') and the Glacier de Corbassière (guide 25 fr.).

Beyond St. Pierre the road crosses the deep gorge of the Valsorey, which forms a fine waterfall above the bridge. It was here that Napoleon, during his famous passage of the Alps with 30,000 men, 15th-21st May, 1800, met with the greatest difficulties. The road, hewn in the rock, and avoiding the steep parts of the old route, traverses the forest of St. Pierre and the Défilé de Charreire. 3 M. Cantine de Proz (5982'), a lonely inn, at the beginning of the Plan de Proz. To the E. rises the snow-clad Mont Vélan, from which

descends the Glacier de Proz, with its extensive moraines.

For \*Mont Vélan (12,353'; 6-7 hrs.; difficult; for experts only; guide 30 fr.) the starting-point is either the Cantine de Proz (6 hrs. to the top, crossing the Glacier de Proz, very steep at places), or the Chalets d'Amont (p. 324; ascent rather longer, but easier). Above the chalets we ascend a 'cheminée' to the E. moraine of the Glacier du Valsorey, cross the glacier to the E. rocky slope of Mt. de la Gouille, and mount (an interesting climb) to the upper part of the glacier; cross it to its E. angle, and ascend over snow-slopes (with large crevasses) to the (6-7 hrs.) snowy dome of the summit. Magnificent view: N., to the Lake of Geneva; S., to the Val d'Aosta. Close to us, W., towers Mont Blanc; N.E., the Grand

The road ascends the boulder-strewn pastures of the Plan de Proz, past the dilapidated Cantine d'en Haut on the right, traverses the Pas de Marengo, a rocky defile, and passes (2 M.) Hospitalet (6890'), two stone chalets and a dairy in a broader part of the valley, beyond the stream, to the right. It next (1 M.) crosses the Drance, here an inconsiderable brook, by the Pont Nudrit (7336'), and ascends in long windings (short-cuts by the old route) on the W. side of the dreary Combe des Morts, finally passing

through an avalanche-gallery, to the (2 M.) —

30 M. Hospice of the Great St. Bernard (8110'), on the pass, consisting of two buildings. One contains the church, the dwellings of the brethren, and the rooms for travellers; the other (Hôtel de St. Louis) is a refuge in case of fire, containing the storehouse and lodging for poor wayfarers (new hospice in construction). On arriving, strangers are welcomed by one of the brethren, who conducts them to a room and presides over the meals (at 12 and 6 or 7; Friday is a 'jour maigre'). Travellers are boarded and lodged gratuitously, but none should deposit in the alms-box ('offrandes pour l'hospice', in the church, first pillar on the left) less than they would have paid at a hotel. Adjacent is a small Restaurant.

In 962 St. Bernard de Menthon founded the monastery here. The inmates now consist of 10-15 Augustine monks and 7 attendants (maroniers), whose office it is to receive and lodge strangers gratuitously, and

to render assistance to travellers in danger during the snowy season, which here lasts nearly nine months. In this work of benevolence they were aided by the famous St. Bernard dogs, whose keen sense of smell enabled them to track and discover travellers buried in the snow, numbers of whom were rescued by these noble and sagacious animals. The stock is said to have come originally from the Spanish Pyrenees, but the genuine old breed is extinct, and Newfoundland dogs are now employed. The kennels are

The brotherhood consists of about 40 members. Some of the monks minister in the Hospice on the Simplon (p. 337); others perform ecclesiastical functions. The sick and aged have an asylum at Martigny. Next to the fourth Cantoniera Santa Maria on the Stelvio Pass (p. 459), the St. Bernard Hospice is the highest winter habitation in the Alps. Humboldt in his 'Kosmos' mentions that the mean temperature at the Hospice of St. Bernard (45° N. latitude) is 30° Fahr. (in winter 15°, spring 25°, summer 48°, autumn 32°), and that such a low temperature would only be found on the sea-

level at a latitude of 75° (the S. Cape of Spitzbergen).

worth visiting.

The monastery was very wealthy in the middle ages. The beneficence of its object was widely recognised by extensive grants, chiefly by the emperors of Germany, and gifts from various parts of Christendom; but it was afterwards impoverished by various vicissitudes. The 30-40,000 fr. required for its annual support are in part derived from the revenues of the monastery, and in part from collections made in Switzerland; the gifts of travellers, it must be said with regret, form a very insignificant portion. Of late years 20-25,000 travellers have been annually entertained, while the sum they have contributed barely amounts to what would be a moderate hotel-charge for 1000 guests. Expenses are increasing. Provisions are generally brought from Aosta, and in July, August, and September about twenty horses are employed daily in the transport of fuel from the Val Ferret (p. 327), 4 hrs. distant.

The traveller will hardly quit the hospice without a feeling of veneration and compassion for this devoted fraternity. They generally begin their career at the age of 18 or 19. After about fifteen years' service the severity of the climate has undermined their constitutions, and they are compelled to descend with broken health to the milder climate of Martigny or other dependency. Amid the pleasure and novelty of the scene, the traveller is too apt to forget the dreariness of the eight or nine months of winter, when all the wayfarers are poor, when the cold is intense, the snow of great depth, and the dangers from storms frequent and imminent. It is then that the privations of these heroic men are most severe, and

their services to their fellow-creatures most invaluable.

During the Italian campaigns of 1798, 1799, and 1800 the pass was crossed by several hundred thousand soldiers, French and Austrian. In 1799 the Austrians endeavoured to pass the hospice, but after several fierce engagements the French remained masters of the pass, and kept a garrison of 180 men in the hospice for a whole year. Napoleon's famous passage has already been mentioned (p. 325). The Romans used this route in B.C. 100. After the foundation of Augusta Praetoria Salassorum (Aosta, B.C. 26) it became more frequented. Constantine caused the road to be improved in 339. The Lombards made the passage about 547; Bernard, an uncle of Charlemagne, marched an army by this route into Italy in 773, and, according to some, gave his name to the pass.

The present substantial edifice dates from the middle of the 16th cent., the church from 1680. The walls of the dining-room are hung with engravings and pictures, the gifts of grateful travellers. In the library on the upper floor is a collection of ancient and modern coins, relics found in the environs (fragments of votive brass tablets offered to Jupiter Pæninus, see p. 327, after escape from danger, statuettes, etc.), and a small natural history collection. The visitors' books contain many well-known names. In the church, to the left of the entrance, is the monument of General Desaix, who fell at the battle of Marengo in 1800 (relief by Moitte).

Near the hospice is the Morgue, a receptacle for bodies found in the snow. The small lake, to the W. of the monastery, is sometimes frozen over even on summer-mornings. On the hillside to the right is a small botanic garden with Alpine plants. — To the E. of the hospice we observe the snow-capped Mont Vélan (12,353'), adjoined on the left by the Combin de Corbassière (12,212').

The \*Chenalette (9479'; 11/2 hr.; steep at places; guide necessary), to the N. of the Hospice; the Pointe des Lacerandes (Pic de Dronaz; 9676'; 21/2 hrs., with guide; trying), to the N.W.; and the Mont Mort (9403'), 21/2 hrs. to the S.E., all command magnificent views of Mont Blanc to the W., the Graian Alps to the S., and the Mont Vélan and Grand Combin to the E.

FROM THE HOSPICE TO MARTIGNY OVER THE COL DE FENETRE (9 hrs.; guide necessary for the inexperienced), recommended as a return-route from the Hospice to Martigny. At the (20 min.) Vacherie (see below) the bridle-path ascends rather steeply to the right, to the (1 hr.) Col de Fenètre (9095'; fine view). It descends over débris and sometimes snow, past the three small Lacs de Fenêtre, to the chalets of (1½ hr.) Plan la Chaud and through the Drance valley, where it unites with the route from the Col Ferret, to (1 hr.) Ferret (p. 316). — From the Hospice to Courmayeur (9-10 hrs.) the direct route is across the Col de Fenêtre and the Col Ferret. In order to reach the Col Ferret we need not descend from the Col de Fenêtre to Ferret, but (guide advisable) beyond the third lake we turn to the left, descend steep grassy slopes to a bridge over the Ban d'Arrey, follow its left bank for a time, and then ascend on the right bank of the brook coming from the Col Ferret until (after about 50 min.) we can cross it. A steep ascent of 1/2 hr. more brings us to the Col Ferret route (p. 316; from the Hospice to the col, 5 hrs.).

On the N.W. side of the lake on the St. Bernard Pass, near a small brook, are stones marking the Italian frontier. On the adjacent Plan de Jupiter once rose a temple to Jupiter Poeninus. The mountain has thence derived its Italian name of Monte Jove, locally Mont Joux, and the range is called the Pennine Alps. The path rounds an angle of rock and descends in a wide bend to the Vacherie, a green pasture, where the cattle of the hospice graze, with two chalets, and the Cantine (7270'; simple rfmts.), or road-menders' house. To the W. rises the conical Pain de Sucre (9515'). A shorter footpath, diverging to the left at a cross, before the abovementioned angle of rock, rejoins the bridle-path here. The path zigzags down the left side of the valley, and then descends gradually to (11/2 hr.) St. Rhémy (5355'; Hôt. des Alpes Pennines), the first Italian village, where the road begins. The first house on the right is the custom-house. Carriages, see p. 322. Mule and attend-

ant to the Hospice, 41/2 fr.

FROM ST. RHEMY TO COURMAYEUR Over the Col Serena (7580'),9-10 hrs., fatiguing and not very interesting. (From the hospice over the Col de Fenêtre and Col de Ferret, Preferable, see above.)

The deep and narrow Combe des Bosses diverges from the valley of St. Bernard beyond St. Rhémy. Cultivation on both sides of the valley begins at (21/2 M.) St. Oyen (4515'), and becomes richer at (1 M.) Etroubles (4200'; Croix Blanche, unpretending). The road crosses the Buthier here, and skirts the right side of the valley, soon running high above the river. 11/2 M. Les Echevenoz (4050');  $1^{1}/_{2}$  M. La Cluse (3940'), a solitary house. Opposite, on the slope, is the church of Allain. By (3/4 M.) the village of Condemine a view is disclosed of the long Val Pellina, with the snowclad Dent d'Hérens in the background. To the N. tower the rounded summit of Mont Vélan and the imposing pyramid of the Grand Combin. The road descends in long windings to (11/2 M.) Gignod (3260'; Tavern), with a tower of the 14th cent., picturesquely situated opposite the entrance to the Val Pellina, from which the main arm of the Buthier descends. Far below is the church-tower of Roysan, and farther up the village of Valpelline (p. 331).

The scenery assumes a softer character; walnuts, chestnuts, vines, and maize thrive luxuriantly. The road, running high up on the right side of the valley, gradually descends, viâ Cré and Variney. Before us the fine pyramid of the Grivola is visible for a time. To the left is the blunted cone of Mt. Mary (9430'). Beyond (21/4 M.) Signayes, where the extensive vineyards of Aosta begin, the three-peaked Rutor appears on the right. Before us rise the Becca di Nona and Mt. Emilius; to the left, the S. spurs of Mte. Rosa.

 $11/_{2}$  M. Aosta, see p. 318.

## 78. From Martigny to Aosta over the Col de Fenêtre. Val de Bagnes.

From Martigny to Mauvoisin 81/2 hrs. (Sembrancher 3, Chable 11/2, Champsec 1, Lourtier 1/2, Fionney 1, Mauvoisin 11/2 hr.). To Fionney champsec 1, Lourtier 1/2, Flonney 1, Mauvoisin 11/2 nr.). To Flonney a good road (201/2 M.); diligence from Martigny to (13 M.) Chable twice daily in summer in 31/2 hrs.; to (17 M.) Lourtier daily in 51/4 hrs. (3 fr. 25 c.); one-horse carr. to Chable 15, two-horse 20, to Fionney 25 and 40 fr.); thence a bridle-path. — Travellers going to Aosta over the Col de Fenêtre (from Mauvoisin 111/2 hrs.; guide 18 fr.) should pass the night at Mauvoisin, or at Chanrion, 31/4 hrs. farther up. From Chanrion to the pass 11/2, Valpelline 33/4, Aosta 7 hrs. — Guides: Séraphin and Joseph Herc. Bessard, F. Besse, Jean and Maur. Ant. Troillet, Maur. Felley, Ch. L. Filliez, and others.

To (91/2 M.) Sembrancher (2360'), see p. 323. We diverge here to the left from the St. Bernard road, cross the Drance, and follow the right bank of the Drance de Bagnes to (13 M.) Chable (2703'; \*Hôt. du Giétroz, moderate), the capital of the Val de Bagnes, picturesquely situated. In the background to the S.E. is the snow-clad Ruinette (12,725'); to the left, Mont Pleureur (12,160') and the Glacier de Giétroz (p. 329).

The Pierre-à-Voir (8123') may be ascended hence in 41/2-5 hrs. (guide 8 fr.; comp. p. 276). — Mont Brâlé (8450') in 5 hrs., viâ Zeppelet and Mille (guide 10 fr.; comp. p. 324). — To Orsières, or Liddes (p. 324) over the Col de Sexblanc (7667'), 6-7 hrs., attractive and not difficult (guide 10 fr.). Fine view of Mont Blanc from the top of the pass. — Over the Col des

Etablons to Riddes, see p. 331.

We follow the left bank of the Drance, pass Montagnier on the right bank, and reach Versegère and Champsec (2965'). Here we cross the Drance to (17 M.) Lourtier (3458'; Restaurant National, with rooms) and beyond it ascend circuitously. The Drance forms several falls in its narrow valley; at (19 M.) Granges Neuves it receives the discharge of the Glacier de Corbassière. Then -

201/2 M. Fionney (4910'; \*Hôt. du Grand-Combin, R. 2-4, B. 11/2, D. 31/2, pens. 51/2-7 fr.; \*Hôt.-Pens. des Alpes, pens. 41/2-6 fr.; Hôt. Fionnen, kept by Caron, well spoken of; Engl. Ch. Serv.), a

finely situated village, well adapted for a prolonged stay.

EXCURSIONS (guides, see p. 328). A pleasant walk leads to the N. to the (2 hrs.) Alpe de Louvie (c. 7220), with a fine view of the Corbassière Glacier, the Grand Combin, and the Aiguilles of the Mont Blanc group. -To the Cabane Panossière (8908'), a most interesting excursion, by the Corbassière Alp in 3-3'/4 hrs. (guide 8 fr.). This club-hut, finely situated on the margin of the huge Corbassière Glacier, is the starting-point for the Les Avollions (10,268'; 3 hrs.; 23 fr.), the Combin de Corbassière (12,212'; 5 hrs.; 33 fr.), the Tournelon Blanc (12,180'; 5 hrs.; 33 fr.), the Col des Maisons-Blanches (p. 330; to Bourg-St-Pierre 7 hrs.; guide 33 fr.) and the Col de Panosseyre (11,150'; to Bourg-St-Pierre 8 hrs.; guide 33 fr.). The Grand Tavé (10,348') may also be scaled from the Cabane in 2 hrs. (guide from Fionney 23 fr.), but is better ascended from Fionney direct by the Alp Corbassière and the Col des Otanes (Alle hrs.; guide not indicate the form bassière and the Col des Otanes (41/2 hrs.; guide not indispensable for experts). — The Grand Combin (14,164; 7-8 hrs.) is best ascended from this point, but requires experience and a steady head (guide 68 fr.). We cross the Glacier de Corbassière to (21/2 hrs.) the N. base of the summit (ca. 11,800'), ascend via the Corridor (difficult and sometimes dangerous from ice-falls) to the N.E. peak or Graffeneire (14,108) and to the (31/2-4 hrs.) Aiguille du Croissant. Comp. pp. 324, 325.

Passes. To the E. of Fionney a fatiguing route crosses the Alp Le

Crêt (7575') to the Col du Crêt (10,330'; splendid view), on the S. side of the Parrain (10,700'); descent over the Glacier des Ecoulaies to the (6-7 hrs.) Alp La Barma in the Val des Dix (11/4 hr. above Pralong, p. 348). A similar pass is the Col de Sevreu (10,335'), between the Parrain and the Rosa Blanche; ascent by Alp Sevreu and the small glacier of that name to the (4<sup>1</sup>/<sub>2</sub> hrs.) col, with fine view; descent to (2 hrs.) La Barma (guide over the Col du Crêt, or Col du Sevreu, and the Col de la Meina to Evolena 20 fr.). — Two other passes (trying; for experts only; guide 18 fr.), one the Col de Cleuson (9565'), to the W. of the Rosa Blanche (10,985'; an admirable point, easily ascended from the pass in 11/4 hr.), the other the Col de Louvie (9640'), to the S.E. of the Mont Fort (10,925'), lead to the N.E. to the glacier of the Grand Désert. Descent thence to the (8-9 hrs.) Alp Cleuson (6975') in the Val de Nendaz, whence a good bridle-path leads to (3 hrs.) Nendaz (3340') and (2½ hrs.) Sion (p. 332). From the Col de Cleuson the traveller may prefer to cross the Grand Désert, to the N.E., and the Col de Prazfeuri (9705') to the Val des Dix (p. 348).

Above Fionney the valley becomes narrower and wilder. bridle-path leads on the right bank of the Drance by Bonatchesse to the (1 hr.) bridge of Mauvoisin (5570'), spanning the Drance, which flows 100' below. On the opposite bank, 1/4 hr. higher, is the

Hôtel du Giétroz (5984'; 24 beds, pens. 5-6 fr.).

On the right side of the valley, 1 M. to the S. of the hotel, is the Cascade du Giétroz, the discharge of the Glacier de Giétroz. The ice has receded much of late. A good view of it may be obtained from the Pierre à Vire (7823'), reached in 13/4-2 hrs. (guide 8 fr., not indispensable). We ascend to the right from the route through the valley. at a point 1/2 M. to the S. of the hotel, and pass the chalets of La Liaz (6960'). Edelweiss abundant. In the winter of 1817-18 masses of ice and snow so impeded the Drance that a large lake was formed above Mauvoisin. In June, 1818, this sheet of water burst its barriers and wrought terrible havoc throughout the Val de Bagnes as far as Sembrancher and Martigny.

The path (to Chanrion 31/4 hrs.) again descends to the Drance and intersects the former bed of the lake. It next leads through the ravine of Torrembey and past the chalets of (11/2 hr.) Petite Chermontane (6290') and Vingt-huit to the (20 min.) chalets of Boussine (6570'). About 1/4 hr. farther on, the path regains the right bank of the Drance near the chalets of Lancey (6716'), 10 min. beyond which it divides. The branch to the right descends for another 10 min., crosses the stream, and ascends steeply on the other side for 20 min., when it rejoins the old route to the (10 min.) Alp Grande Chermontane (7315'; no accommodation); the left branch ascends to the (1 hr.) Cabane de Chanrion (8070'), a well fitted-up club-hut (inn in summer, bed 1 fr., members of the S.A.C. 50 c.), beautifully situated on the W. slope of the Pointe d'Otemma (11,135'). The head of the valley is encircled from W. to E. by the Grand Combin (14,164'), Tour de Boussine (12,590'), Amianthe (11,812'), Tête de By (11,424'), Mont Avril (10,960'), and Mont Gelé (11,540').

EXCURSIONS (guides, see p. 328; to Chanrion 8 fr.). \*Mont Avril (10,960'), from Chermontane (1/2 hr. from Chanrion) by the Col de Fenêtre, 3-31/2 hrs., easy (see below; guide from Fionney 23 fr.). — Tour de Boussine (12,590'), by the Glacier du Mont-Durand, 6-7 hrs., laborious (guide 30 fr.). — Grand Combin (14,164'), by the Col du Sonadon (see below) and the S.E. arête in 10-11 hrs. difficult (guide 60 fr.; comp. pp. 324, 329). — Mont Blanc de Seilon (12,700'), from Mauvoisin by the Col de Seilon, 10-11 hrs. (guide 38 fr.), or from Chanrion over the Glacier de Breney, 6-7 hrs., toil-some: magnificant view. — Mont Blancur (12,160') from Mauvoisin by the some; magnificent view. - Mont Pleureur (12,160'), from Mauvoisin by the Glacier de Giétroz, 7-8 hrs. (guide 30 fr.), not very difficult. — The following peaks may also be ascended by mountaineers: Pointe d'Otemma (11,135'), from Chanrion 4 hrs. (guide 23 fr.); Bec d'Epicoun (11,570'), from Chanrion, 5-6 hrs. (33 fr.); La Sengla (12,145'), from Chanrion, 7 hrs. (38 fr.); \*Pigne d'Arolla (12,470'), from Chanrion viâ the Col de Breney, 7 hrs. (38 fr.; not difficult, comp. p. 349); Tournelon Blanc (12,180'), from Mauvoisin, 8 hrs. (38 fr.); La Luette (11,625'), from Mauvoisin, 7-8 hrs. (33 fr.); Serpentine (12,110'), from Chanrion, 5-6 hrs. (33 fr.); and Ruinette (12,725'), from Chanrion, 6-7 hrs. (38 fr.)

Chanrion, 6-7 hrs. (38 fr.).

Passes. Over the Col du Sonadon (11,445') to Bourg-St-Pierre, a difficult glacier-pass (11-12 hrs., guide 38 fr.). From Chermontane to the W., up the Glacier du Mont-Durand to the pass, on the S. side of the Grand Combin; descent over the Glacier du Sonadon to the Valsorey and Bourg-St-Pierre (p. 324). — Over the Col des Maisons-Blanches (11,240'), 12-13 hrs. from Mauvoisin or Fionney to Bourg-St-Pierre, grand, but difficult (guide 33 fr.; 7 hrs. from the Cabane Panossière, p. 329). The ascent of the Grand Combin may be combined with either of these passes (see pp. 325, 329, and above). — To the S., besides the Col de Fenêtre (p. 331), another route crosses the Col de Crète-Sèche (9475'), traversing the lower end of the Glacier d'Otemma and the Glacier de Crête-Sèche, to the Val Pellina (from Chanrion to Valpelline 8 hrs.; guide 28 fr.). — To the Val d'Hérémence over the Col de Seilon (10,500'; 53/4 hrs. from Mauvoisin to Liappey; 61/4 hrs. to Arolla), by the Glacier de Giétroz and the crevassed Glacier de Durand or Seilon, fatiguing (better from Chanrion over the Glacier de Lyrerose and the Col du Mont Rouge, comp. p. 350). Over the Col de la Serpentine (11,634'; guide 33 fr.) or the Col de Breney (11,975'; 38 fr.; 7-8 hrs. from Chanrion to the Alp Seilon, p. 348), laborious. From the 38 fr.; 7-8 hrs. from Chanrion to the Alp Seilon, p. 348), laborious. From the Col de Breney the \*Pigne d'Arolla (12,470'), a superb point, may be ascended in ½ hr. (see above and p. 349). From the Glacier de Durand or Seilon we may cross the *Pas de Chèvres* to the E. to *Arolla* (see p. 350). — Over the Col de Vasevey (10,705'; 6-7 hrs. from Mauvoisin to Liappey), interesting, not difficult. — To Arolla over the Glacier d'Otemma and Col de Chermontane (8 hrs. from Chanrion; guide 33 fr.), see p. 350; Col de l'Evêque (9 hrs.; 38 fr.), see p. 350. — From the upper Glacier d'Otemma over the Col d'Otemma (11,034') or the Col de la Reuse d'Arolla or Col d'Oren (10,635') to Valpelline, difficult (8-9 hrs. from Chanrion to Prarayé; guide 33 fr.).

The path from Chermontane to the (11/2 hr.) Col Fenêtre de Balme (9140'), the Italian boundary, ascends over pastures, then over loose stones and moraine-deposits, skirting the Glacier de Fenêtre. To the left rises the Mt. Gelé (11,540'); to the right, the Mont Avril (10,960'), a splendid point of view (11/2-2 hrs. from the pass: no difficulty). The col commands the Val d'Ollomont and the Graian Alps. On the S. side are three small lakes, in the uppermost of which floating lumps of ice are often seen. A bridle-path descends through patches of edelweiss, and farther on, past the chalets of Fenêtre, Balme, Vaux, and Rey (Rosset's Inn) to (3 hrs.) Ollomont (4385'), with the remains of a Roman aqueduct, and (3/4 hr.) Valpelline (3130'; Lion d'Or; Croix Blanche, both plain), whence a good road leads to (9 M.) Aosta (p. 318).

### 79. From Martigny to Domodossola over the Simplon.

871/2 M. Railway from Martigny to (471/2 M.) Brigue in 1 hr. 52 min.21/2 hrs.; fares 8 fr. 20, 5 fr. 80, 4 fr. 10 c. (from Lausanne to Brigue in
33/4-51/2 hrs., fares 15 fr. 20. 10 fr. 70, 7 fr. 60 c.; from Geneva to Brigue
in 53/4-81/2 hrs., fares 21 fr. 55, 15 fr. 15, 10 fr. 80 c.). — Diligence from
Brigue to Domodossola (40 M.) twice daily in summer, in 9 hrs. (fare 16 fr. 5,
coupé 19 fr. 90 c.). — Luggage to be sent by post over the Simplon (20 lbs.
free) must be booked the previous night. It cannot be conveyed beyond
Iselle (Italian frontier, p. 339) unless the keys are sent with it to the
custom-house there. — Extra-post with two horses (landaus) from Brigue
to Domodossola in 8-81/2 hrs., 91 fr. 30 c. (horses being changed thrice);
far preferable to the carriages provided by the Brigue hotels.

A kind of gnat, with black gauzy wings, is a source of great annovance

A kind of gnat, with black gauzy wings, is a source of great annoyance in the marshy parts of the lower Rhone valley, especially in the evening; bedroom-windows should therefore be closed early.

Martigny (1560'), see p. 275. — The wide Rhone Valley is enclosed by lofty mountain-chains, whose lower slopes, as far as Leuk, are covered with vineyards. The rectification of the river-channel has reclaimed much of the valley which used to be covered with gravel and débris. — 3 M. Charrat-Fully.

51/2 M. Saxon (1570'; Gr.-Hôt. des Bains, only for visitors undergoing the cure; Hôt. de la Pierre-à-Voir, at the station) has iodine springs. The Baths lie 1/4 M. to the right of the station. The village, with its ruined castle, is picturesquely situated, 1 M. above the

station, in a gorge at the foot of the Pierre-à-Voir.

Ascent of the Pierre-à-Voir (8123') from Saxon in 5-6 hrs. (guide 6 fr.); see p. 276. The \*Grand Hôtel de la Pierre-à-Voir (p. 276) on the Col du Len (5250') is reached from Saxon by a good bridle-path in 21/2 hrs. (road from Martigny in 5 hrs., see p. 276). — To Chable in the Val de Bagnes (p. 328) from Saxon (or from Riddes, see below), a bridle-path over the Col des Etablons (7130'; fine view) in 7 hrs. (guide unnecessary).

On a hill on the right bank is Saillon, with a ruined castle. The train crosses the Rhone (1570') beyond (81/2 M.) Riddes, and the Liserne at (12 M.) Ardon (\*Hôt. des Gorges de la Lizerne, pens. 31/2-5 fr.). Ardon, Vétroz, and Conthey, all yielding excellent wine (p. 282), lie at the foot of the hills to the left. The train crosses the Morge.

16 M. Sion. - Hotels. \*Grand Hôtel de Sion & Terminus, near the station, R. 2-5, B. 1½, D. 4, S. 2, pens. 6-9 fr.; \*Hôt. DE LA POSTE, R. 3½-5, B. 1½, déj. 3, D. 3½, pens. 6-10 fr.; \*Hôt. DU MIDI, R. 2-2½, B. 1¼, D. 2½, S. 2, pens. 5½ fr.; \*Hôt.-Pens. De La Gare, at the station, with garden, R. 1½-2½, B. 1, D. 2½, S. 2, pens. 5-6½ fr. — Café du Grand Pont, near the Rathhaus; Café-Restaurant Planta, with shady garden.

Sion (1710'), Ger. Sitten, with 6060 inhab., the capital of Canton Valais, which formed the French Département du Simplon, 1810-15, lies on the Sionne, which flows through it in an artificial channel, below the Rue du Grandpont, now the principal street. From a distance the town, with its castles on isolated hills, looks very picturesque. On the height to the N. are the ruins of the episcopal castle of Tourbillon (2150'), erected in 1294, and burned down in 1788 (reached in 20 min. by the Rue du Château, to the left by the townhall); extensive view, down to Martigny, and up to Leuk. On the lower hill to the right, on the site of a Roman fort, stands the old castle of Valeria (2040'), surrounded by towers and other buildings, among which is the Church of Notre Dame de Valère (9-13th cent.; now in restoration), with interesting capitals, pictures, carved choirstalls, etc. (ring; fee). The cantonal Antiquarian Museum occupies an adjacent room (adm. 50 c.). - Close to the town, near Tourbillon, is the castle of Majoria, also burned down in 1788. Part of it is now a barrack.

In the town itself the Gothic Cathedral (end of 15th cent.; tower of 9th cent.) and the elegant church of St. Théodule adjoining it are noteworthy. In the old mansion of the Supersaxo family, in the Gundisgasse, is a fine hall with an artistically carved Renaissance ceiling of 1505 (visitors admitted).

From Sion over the Rawyl to Lenk, see R. 57; over the Pas de Cheville to Gryon, see R. 69; over the Sanetsch to Gsteig, see p. 277 (the Hôtel Theiler at Zanfleuron may be reached from Sion in 5 hrs.). — To the Mayens de Sion and Evolena, see R. 82. — In the deep ravine of the Borgne, about 1 M. from Bramois (p. 347; 3 M. to the E. of Sion), is the hermitage of Longeborgne, hewn out of the rock, and much frequented by pilgrims.

Above Sion the Borgne descends from the Val d'Hérens (p. 348), at the head of which we obtain a glimpse of the Dents de Veisivi. Near (191/2 M.) St. Léonard we cross the Rière, which rises on the Rawyl. 21 M. Granges; the village, with a ruined castle and a church on the hill, lies on the left bank of the Rhone, 1/2 M. to the S.

251/2 M. Sierre, Ger. Siders (1765'; pop. 1800; \*Hôt.-Pens. Château Bellevue, with garden, frequented by the English, R. 3-5, B. 11/4, dej. 3, D. 4, pens. 10 fr., good cuisine; Poste, R. 2-3, D. 3 fr.; Hôt.-Pens. Terminus, R. 23/4, B. 1, D. 3, S. 21/2 fr.; Engl. Ch. Serv.), with a number of interesting, but mostly dilapidated mediæval houses, lies picturesquely on a hill.

On the side next the Rhone is the Tour de Goubin, or Schinderthurm, with a fine view of the Val d'Anniviers. On a rock above the Rhone, 1/2 M. to the S., is the Géronde (2048'), formerly a Carthusian monastery, now a deaf and dumb asylum, with two little lakes (baths).

A pleasant excursion may be made to the HôTEL DU PARC-MONTANA, to which a road (10 M.; carr. 15, with two horses 25 fr.) leads viâ Veyras,

Venthône, and Randogne, passing farther up the Pension de Combaz, with a fine \*View from the Bietschhorn to Mont Blanc, and the \*Sanatorium de Beauregard, a winter health-resort in a sheltered situation near a wood. Walkers from Sierre follow the road towards the W. and beyond the (7 min.) first bridge (finger-post) turn to the right to (8 min.) Villa. At the church they first bridge (finger-post) turn to the right to (8 min.) Villa. At the church they ascend the path to the left, passing Darmona, and at the cross on the hill they again turn to the left and ascend through wood to the hamlet of Blusch and the (2½/4 hrs.) \*Hôtel du Parc-Montana (5085'; pens. 8-13½ fr.; Engl. Ch. Serv. in summer), pleasantly situated near extensive pine-woods and several small lakes, and commanding a magnificent view of the W. Valaisian Alps from the Weisshorn to Mont Blanc. Excursions: to the Pointe de Vermala (½/2 hr.), Pointe de Mentahry (4983'; 1 hr.), Pépinet (6500'; ½/2 hr.), Mont Lachaud (7294'; 2 hrs.), Col de Pochet (8195'; ½/2 hrs.), Mont Tubang (9356'; 4 hrs.), Mont Bonvin (9843'; 6 hrs.), Glacier de la Plaine Morte, Wildstrubel (7 hrs.), etc. (Postal address: Hôt. du Parc, Crans sur Sierre).

From Sierre to the Val d'Anniviers (St. Luc, Zinal, etc.), see R. 82b.

Beyond Sierre, a short tunnel and a deep cutting. Opposite, on the left bank of the Rhone, is the Forest of Pfin, a range of pineclad hills. The village of Pfin, Fr. Finge (ad fines), is the boundary between the French and German languages. - 271/2 M. Salgesch, Fr. Salquenen. The line, hewn in the rock at places, approaches the Rhone, the valley of which is strewn with débris. We cross the deep gorge of the Dala (view to the left), pass through another tunnel, and cross the Rhone to -

301/2 M. Leuk-Susten, Fr. Louèche-Souste (2045'; Hôtel de la Souste, R.  $2^{1}/_{2}$ - $3^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D. 3-4 fr.; Restaurant, opposite the station). The small and ancient town of Leuk, Fr. Louèche-Ville (2470'; pop. 1600; \*Poste, R. 11/2-2, B. 1, D. 21/2 fr.; Couronne, R. 2-3, D. 21/2 fr.), with its castle and towers, lies 1 M. distant, on the right bank, high above the Rhone (cab from the station 3, to the station 1 fr.).

One-horse carr. from the station to the Baths of Leuk. 10-15, two-horse 25 fr.; diligence daily in 4 hrs. Walkers reach the; Baths (p. 215) in 3-3<sup>1</sup>/<sub>2</sub> hrs. by turning to the left (finger-post) beyond the church in the town, crossing the bridge over the Dala (p. 217), and following the old bridle-path to the right a few hundred paces farther on.

As the train leaves Leuk-Susten we look back, to the right, at the Illgraben or Höllengraben (p. 353), a vast semicircular basin with bleak, yellowish slopes. The line passes the château of Baron Werra (on the right), and is carried by an embankment along the river. We cross the Turtmannbach to (34 M.) Turtmann (2080'), Fr. Tourtemagne. The village (Poste, R. 2, D. 3, pens. 5 fr.; Soleil, both plain) lies 1/2 M. to the right, at the mouth of the Turtmann Valley. The torrent forms a fine fall, 85' high, 8 min. from the Post Inn.

Through the Turtmann Valley to Meiden (4 hrs.; guide or porter 5-6 fr.), see p. 357. Good walkers will find it enjoyable to go viâ Meiden and Schwarzhorn to St. Niklaus (11 hrs.; guide 15 fr.) or viâ Pas du Boeuf and Bella Tola to St. Luc (111/2 hrs.; 15 fr.). Comp. pp. 356, 357.

351/2 M. Gampel. The village lies on the right bank, 1 M. off, at the narrow mouth of the Lötschen-Thal (p. 217), through which peeps the snowy Petersgrat (p. 189). Near Niedergestelen are the scanty ruins of the Gestelnburg. - 39 M. Raron. On the opposite bank,

at the mouth of the Bietschthal, lies the village, with its old church on a rocky hill. On a wooded height on the left bank, above the hamlet of Turtig, is the little pilgrimage-church of Wandfluh, reached by a winding path flanked with oratories. - We cross the turbid Visp, which has covered the Rhone Valley here with its débris.

421/2 M. Visp, or Vispach, Fr. Viège (2160'; pop. 950; \*Post, R.  $2^{1}/_{2}$ -4, B.  $1^{1}/_{2}$ , D. 4 fr.; \*Sonne, R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D. 3 fr.; Hôt. des Alpes, near the station, R. 121/2-3, D. 31/2 fr.; Rail. Restaurant, with beds; Restaurant du Dome), a picturesque but decayed village at the mouth of the Visp Valley (p. 358), has several old mansion-houses and interesting churches. The beautiful snow-mountain at the head of the Visp Valley is the Balfrinhorn (12,475'; p. 369), the first peak of the Saasgrat, which separates the valleys of Saas and Nicolai. — Railway to Zermatt, see p. 358.

Above Visp we traverse the stony tract at the influx of the Gamsen, which descends from the Nanzer-Thal. To the right is the pilgrim-resort of Glis, with a large church, at the base of the Glishorn (8290'); to the E. rises the fine pyramid of the Bortelhorn (p. 336). — We then cross the artificial channel of the Saltine to —

471/2 M. Brigue. - Hotels. \*Hôt. DES COURONNES ET POSTE, R. 3-5, déj. 3, D. 4 fr.; \*Hôt. d'Angleterre, R. 3-41/2, déj. 3, D. 4-41/2 fr.; \*Hôt. Terminus & Rail. Restaurant, déj. 21/2, D. 3 fr.; \*Hôt.-Pens. Muller, R. 11/2-2, B. 1, déj. 21/2, D. 3 fr.; \*Hôt.-Pens. Londres, similar charges; Hôt. du Pont, R. from 11/2, D. 3, pens. 5 fr. — English Church Service.

Brigue, Ger. Brig or Brieg (2245'), a small town with 2217 inhab., the present terminus of the railway. The turreted Stockalper Château, containing an interesting interior court, a large hall, etc., is the largest private residence in Switzerland (special permission necessary for admission). Kaspar Stockalper (d. 1691), who built it, dominated the trade over the Simplon, which he protected by a guard of 70 men. The terrace in front of the former Jesuits' monastery commands a fine view. The fine snow-mountain to the S.E. is the Wasenhorn; to the N., the Sparrhorn, Belalp, and Eggishorn.

On the left bank of the Rhone, below Thermen and about 11/2 M. above Brigue is the N. end of the great Simplon Tunnel, the construction of which was begun in 1898, on both the Swiss and Italian sides, by Messrs. Brandt, Brandau, & Co. This tunnel will be the longest in the world (12<sup>1</sup>/<sub>2</sub> M.; St. Gotthard 9<sup>1</sup>/<sub>4</sub> M., Mont Cenis 7<sup>1</sup>/<sub>2</sub> M., Arlberg 6<sup>1</sup>/<sub>3</sub> M.) and is to be completed in 1903, at an estimated cost of 69,000,000 fr. (2,780,0001). It consists of two parallel tunnels (each 16' wide and 17<sup>1</sup>/<sub>2</sub>' high), 56' apart and connected at distances of 220 yds. by cross-shafts. One tunnel only (single track) is to be completed at present, while the other will serve for ventilation, water-pipes, the transport of materials, and so forth. From the N tion, water-pipes, the transport of materials, and so forth. From the N. portal, which lies 2253' above the sea, the tunnel ascends to the S.E. at a gradient of 2:100 to its culminating point (2312'), 51/2 M. from the N. end and 7000' below the crest of the mountains (between the Furggenbaumhorn and Wasenhorn). It then remains level for about 1/3 M. and afterwards descends at a gradient of 7:100 to the (62/3 M.) S. portal, at Iselle in the Doveria Valley (p. 339). About a dozen of the Brandt hydraulic boring machines are at work at each end. At the close of 1900 about  $4^{1}/_{2}$  M. of the tunnel had been excavated. Visitors are admitted to the works on Tues. and Frid., 3-5 p.m. (tickets at the Brigue station).

From Brigue to Belalp, a beautiful excursion (bridle-path, 41/2-5 hrs.; porter 5-6, horse 15 fr.). Just before (1 M.) Naters (p. 344), on the right bank of the Rhone, we ascend to the left (finger-post) by a bridle-path, almost shadeless in the forenoon and steep at places, viâ Geimen (3440'), to (2 hrs.) the village of Platten (4396'; rustic inn); then through wood and over the Rischenen and Eggen Alps to the (21/4 hrs.) —

\*Hôtel Belalp (7110'; R. 3-6, B. 11/2, déj. 3, D. 5, pens. 8-11 fr.; English Church), situated on the Lüsgen-Alp at the base of the Sparrborn and high above the Aletsch Glacier. Splandid view of the Valcinian

horn, and high above the Aletsch Glacier. Splendid view of the Valaisian Alps. The little Villa Lüsgen, 5 min. above the hotel, belonged to Prof. Tyndall (d. 1893). A pleasant walk may be taken on the hillside, past the hamlet of Belalp (6735'), to (11/2-2 hrs.) Nessel (6675'; milk, etc.), high

above the Rhone Valley, with beautiful view.

To the \*Upper Aletsch Glacier, very attractive (3 hrs. to the club-hut; guide 8 fr.; provisions should be taken). Bridle-path from the hotel to the (1½ hr.) W. moraine; then across this and a second moraine to the almost uncrevassed glacier, with its numerous 'ice-tables', 'glacier-mills', etc., as far as the (1½ hr.) Ober-Aletsch Hut of the S. A. C. on the E. side (8760'), at the foot of the Fusshörner (see below). We may walk up the glacier to the right to the foot of the Aletschhorn (see below), or traverse the Beichfirn to the left to the snow-slopes of the Beich Pass (see below; 8-10 hrs. in all).

\*Sparrhorn (Belalphorn, 9890'), 2-2<sup>1</sup>/<sub>2</sub> hrs. from the inn, bridle-path most of the way (guide 5 fr., needless for adepts). Beautiful view, finer on the S. side than from the Eggishorn, but inferior to it on the N. side. (Panorama at the inn.) To the N., above the Aletsch Glacier, and to the left of the Fusshörner, the Great Aletschhorn is most prominent; adjoining it are the Sattelhorn, Ebnefluh, Distelhorn, Breithorn, and the Tschingelhörner, and to the left, adjacent to the Hochstock, is the Nesthorn. To the S. rises the broad mass of the Monte Leone; more to the right are the Fletschhorn, Monte Rosa, Mischabel, Matterhorn, Weisshorn, Brunnegghorn, Dent Blanche, Grand Combin, and Mont Blanc. To the left of Monte Leone are the Bortelhorn, Hüllehorn, Helsenhorn, Punta d'Arbola, Güschihorn, Ofenhorn, the peaks of the St. Gotthard group, and lastly the Walliser Fiescherhörner.

The Aletschhorn (13,720'; 6-7 hrs.; guide 40 fr.; see p.342); Nesthorn (12,530'; 5-6 hrs.; 30 fr.; grand view); Lötschthaler Breithorn (12,410'; 5-6 hrs.; 25 fr.); Fusshörner (11,900'; 4 hrs.; 20 fr.; an interesting but rather difficult climb); Sattelhorn (12,290'; 4<sup>1</sup>/<sub>2</sub> hrs.; 20 fr.); and Schienhorn (12,490'; 6-7 hrs., very difficult; 35 fr.) may be ascended from the Ober-Aletsch Hut (by experts only).

From the Belalp to the Eggishorn Hotel (51/2 hrs.), see pp. 343, 342. Guide 8 fr.; necessary only for the passage of the Great Aletsch Glacier (3 fr.).

FROM BELALP TO RIED OVER THE BEICH PASS, toilsome, but very interesting (8-9 hrs.; guide 25 fr.). We ascend the Upper Aletsch Glacier and the Beichfirn to the (41/2-5 hrs.) Beich Pass (10,235'), between the Schienhorn and the Lötschthaler Breithorn (see above); then descend rapidly over the Distel Glacier to the beautiful Gletscherstaffel Alp, the Faster Alp, and The Upper Valais, and the Grimsel, Furka, and Gries passes, see RR. 80, 52, 35, 81.  $(3^{1}/_{2}-4 \text{ hrs.})$  Ried (p. 217).

The SIMPLON ROAD, the first great Alpine route after the Brenner, constructed by order of Napoleon I. in 1800-1806, quits the Rhone Valley at Brigue. The scenery is far finer than on the Splügen route, but the engineering of the road is less striking. The road is kept open for carriages in winter also (diligences, etc., see p. 331).

Walkers should allow: from Brigue to Bérisal 31/4 hrs. by the road, 23/4 hrs. by the short-cuts; from Bérisal to the Hospice 21/4 hrs.; Simplon 13/4 hr.; Algaby 40 min. (path in 20 min.); Gondo 11/4 hr.; Iselle 50 min.; Domodossola 31/2 hrs. In the reverse direction: from Domodossola to Iselle 4 hrs.; Gondo 1 hr.; Algaby 13/4 hr.; Simplon 3/4 hr. (by the path); Hospice 21/4 hrs.; Bérisal 13/4 hr.; Brigue 21/2 hrs. (or 13/4 hr. by the path).

The diligence starts from the rail station and calls at (1/2 M.)the post-office (2320') at Brigue. (A steepish path diverging to the left outside the town, then turning to the right, following the telegraph-wires and part of the old bridle-path, and rejoining the road 1/2 M. before the second refuge, is a considerable short-cut.) The road is soon joined (3/4 M.) by the old road from Glis (p. 334), which crosses the gorge of the Saltine by the lofty Pont Napoléon (2485'). Opposite rises the Glishorn (8290'). The road winds over green pastures to the E., in the direction of the Klenenhorn (8840'). Fine view behind us of the Rhone Valley; high above the right bank of the Rhone is the Hôtel Belalp, commanded by the Sparrhorn, with the Nesthorn on the left; to the right, farther up, the cone of the Eggishorn; above us, to the S., is the Kaltwasser Glacier, which the road afterwards passes, and the Schönhorn. Beyond the (1½ M.) diligence-station of Ried (2935') near the hamlet of Lauenen (3205'), the road turns back and ascends the wooded slope in many windings past the (2 M.) First Refuge (3510'), affording splendid views of the Rhone Valley and the mountains of the Aletsch region. Beyond the Bleike Capelle (4110') it again nears the deep ravine of the Saltine. By the (2 M.) Second, or Schallberg, Refuge (4330'; auberge), beyond which we come in sight of the pass with the hotel, two brooks from the Staldhorn, one on each side, unite far below with the Saltine, the valley of which (Ganter-Thal) now turns to the E. Fine view of the picturesquely grouped valleys, and of the Wasenhorn, Furggenbaumhorn, and Bortelhorn. The road follows the Ganter-Thal to the (11/2 M.) Ganter Bridge (4820') and ascends in a wide curve (steep short-cut to the left) to (3/4 M.) —

9 M. Bérisal, the Third Refuge (5007'; \*Hôt.-Pens. Bérisal or de la Poste, R. 31/2, B. 11/2, déj. 3, D. 4 fr., finely situated; Engl.

Ch. Serv. in summer; opposite, a Restaurant).

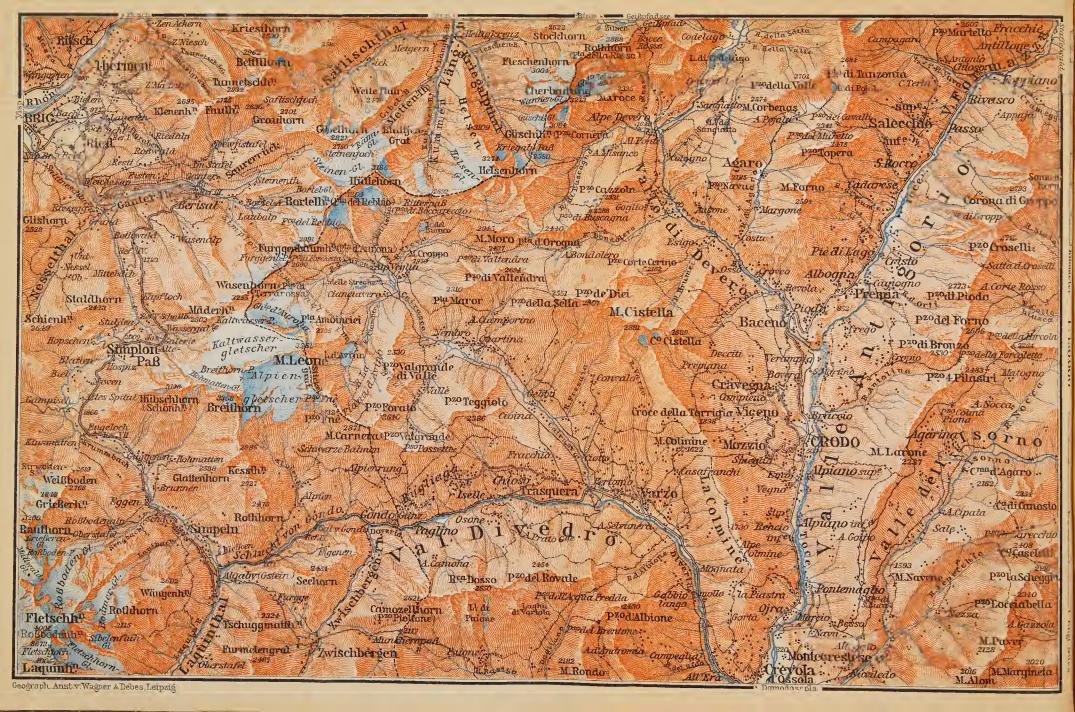

EXCURSIONS (guides, Aloys Eyer, Eman. and Jos. Gentinetta, M. Ruppen, etc.). — Furggenbaumhorn (Punta d'Aurona; 9812'; 4 hrs.; guide 8 fr.), interesting and not difficult. — Bortelhorn (Punta del Rebbio; 10.512'; 5 hrs.; guide 12 fr.), by the Bortel-Alp and the Bortel Glacier, laborious. — To Binn over the Steinen-Joch (9153'; 8 hrs.; 10 fr.) or the Saflisch-Joch (8648';

7 hrs.; 10 fr.), not difficult (see p. 343).

FROM BERISAL TO ISELLE VIÂ VEGLIA, 8-9 hrs., with guide, attractive, but fatiguing. We either ascend viâ the Bortel-Alp and the glacier on the N. side of the Furggenbaumhorn (Punta d'Aurina, 8912') to the Forca del Rebbio (9040'), and descend over rocks, débris, and grassy slopes to the Alp Veglia (p. 344); or we may go by the Laub-Alp (6265') and the Furggenbaum Pass (Passo di Forchetta or Forca d'Aurona; 8826'), between the Furggenbaumhorn and the Wasenhorn. From Veglia we descend to Trasquera and (3 hrs.) Iselle, see p. 339. — From the Alp Veglia over the Passo di Valtendra (7995') and the Passo di Buscagna (7743') to Devero (p. 344), 6-7 hrs., with guide, a fine route, not difficult. — From Veglia over the Kaltwasser Pass (Bocchetta d'Aurona; 9250') and the Kaltwasser Glacier to the Simplon, 6-7 hrs., with guide, for adepts only.

About 3 M. farther is the Fourth Refuge (5645'). To the right the top of the pass is again visible; above it rise the Rauthorn with the Raut Glacier and the finely shaped Fletschhorn with the Ross-

boden Glacier; beautiful view, looking back, of the Aletschhorn, Schienhorn, etc. Beyond the (11/4 M.) Kapfloch, hewn in the rock for 33 yds., is the (1/2 M.) Fifth, or Schallbett, Refuge (6345'). Between this point and the top of the pass is the most dangerous part of the road during the season of avalanches and storms. Over the (1/2 M.) Wasser Gallery (6460') dashes the stream which issues from the Kaltwasser Glacier. To the left is Monte Leone (see below). The road then passes through the Old Gallery and the long Joseph Gallery. The (3/4 M.) Sixth Refuge (6540') commands a splendid final view of the Bernese Alps. About 5 min. farther on we reach the Simplon Pass (6590'; \*Hôt. Bellevue, R. 21/2-6, B. 11/2, déj. 3, D. 4, pens. from 7 fr.), 1/2 M. beyond which is the (15 M.) Simplon Hospice (6565'; accommodation, see p. 325), at the base of the Hübschhorn (10,485'), founded by Napoleon for the reception of travellers, but not completed until 1825, when it became the property of the Hospice of the Great St. Bernard.

EXCURSIONS. Hübschhorn or Schönhorn (10,485; 31/2-4 hrs.; guide 15 fr.), laborious but interesting. — \*Monte Leone (11,683; 6 hrs.; guide 20 fr.), from the Hôt. Bellevue by the Hohmatten Glacier, the Breithorn Pass (10,990'), and the Alpien Glacier, not very difficult for experts. Magnificent panorama. -From the village of Simplon we ascend through the Hohmatten-Thal and join the above route at the Hohmatten Glacier (to the top 7½ hrs.). Or we may descend the Simplon road to Algaby (p. 338) and mount thence viâ Alpien to the huts of the Schwarze Balmen (6890'; 3½-4 hrs. from the village of Simplon), where the night is spent. A rapid ascent, passing two pretty little lakes, leads thence up to the S.E. corner of the Alpien Glacier, from which the top may be gained by either the S. or the S.W. arête (4½ hrs.; guide 12 fr.). — From Simplon to Stalden by the Bistenen Pass (guide 12 fr.; mule-track), see p. 358; to Saas, see below.

A broad open valley resembling a dried-up lake, bounded by snow-capped peaks, forms the highest part of the pass. The hardy rhododendron alone thrives here. The (11/4 M.) Old Hospice (5700'), a high square building with a tower, on the right, below the new road, is now occupied by herdsmen. 1 M. Seventh Refuge, by the Engeloch (5855'). Farther down we cross the (11/2 M.) Krummbach (5305') and pass the chalets of (1/2 M.) Eggen (5250'), close to the mouth of the Rossboden Valley, which was devastated in March, 1901, by a terrible landslip caused by the bursting of the Rossboden Glacier at its head. — 1 M. —

20 M. Simplon (4852'), Ital. Sempione, Ger. Simpeln (\*Hôt. de la Poste et du Simplon, R. 21/2-3, D. 3-31/2, pens. from 6 fr.; Hôt. Fletschhorn, R. 21/2-4, déj. 3, D. 4 fr.; Croix Blanche), situated among pastures, at the N.E. base of the Fletschhorn (p. 338), is the

dinner-station of the diligence.

FROM SIMPLON TO SAAS, several routes. The finest is across the \*Rossboden Pass (9-10 hrs.; difficult, fit for adepts only; guide 20 fr., Jos. Dorsaz and Aloys Zen-Klusen of Simplon). At the (25 min.) chalets of Eggen (see above) we diverge to the left from the Simplon road and ascend over débris and through wood to the (1 hr.) Rossboden-Alp (6360'), with view of the Rossboden Glacier and of the landslip of 1901. Farther on we mount grassy slopes and débris of moraine to the Griesseren Glacier, beyond which we climb a steep rocky wall to the (4 hrs.) pass (about 10,500'), to the S. of

the Rauthorn (10,725'). Splendid view. To the right below us is the Gamsen Glacier. We descend across the Mattwald Glacier to the Hofers-Alp (see below) and Saas-Grund (p. 368). — Other grand, but still more difficult passes are the Laquin-Joch (11,474'), between the Laquinhorn and the Weissmies (11-12 hrs.; guide 20 fr.), and the Fletschjoch (12,050'; 12 hrs.; 30 fr.), between the Fletschhorn (13,126') and the Laquinhorn (13,140'), each of which may be ascended from the pass in 1-11/4 hr. Descent to the Hôt.

Weissmies and to Saas-Grund (p. 368).

To Saas over the Sirwolten and Simeli Passes (or the Gamser Joch), 10-11 hrs., fairly interesting (guide 20 fr.). By the (1 hr.) Seventh Refuge (p. 387) we descend to the left, cross the Krummbach to the Klusmatten Alp, and ascend by a narrow path towards a waterfall visible from below. On the left side of it we mount a 'couloir', steep at first (leaving the Sirwolten Lake to the left), to the (3 hrs.) Sirwolten Pass (8744'), between the Sirwoltenhorn (9344') and Galenhorn (9150'); view limited. Descent over rock and débris (keeping well to the left) to the head of the Gamser-Fhal, into which the Gamsen Glacier descends. We ascend the glacier gradually, to the S.W., towards an arête coming down from the Magenhorn on the E., at the foot of which the route divides: to the right to the Simeli Pass (9935'); to the left to the Gamser Joch (about 9340'; each 2-21/2 hrs. from the Sirwolten Pass). These passes, between which rises the pointed Magenhorn (10,243'), command beautiful views of the majestic Mischabel group; immediately to the left is the Fletschhorn with the Mattwald Glacier; to the E. are the Monte Leone and the St. Gotthard group; and to the N. are the Bernese Alps from the Furka to the Diablerets. A still grander point is the "Mattwaldhorn (10,673'), easily ascended from the Simeli Pass in 3/4 hour. Toilsome descent from the Gamser Joch over the moraine of the Mattwald Glacier. Rounding the lower part of the valley to the left, we next come to the Sattel (9025'), on the E. side of the Aeusser-Rothhorn (10,354'), and to the Hofers-Alp (6854'). The path now improves and leads by Bodmen to (31/2 hrs.) Saas-Grund (p. 368). Descent by the Alp Sevenen to Balen (p. 368) much longer and not advisable.

The Fletschhorn (Rossbodenhorn; 13,128), 9-10 hrs. from Simplon (guide 30 fr.), fatiguing and difficult. One route follows the N.E. arête, another ascends from the Rossboden Pass by the N. arête, a third approaches from the S. viâ the Fletschjoch (see above). The ascent from Saas-Grund

(Hôt. Weissmies) is easier (see p. 368).

Beyond the (1/2 M.) Lauibach the road forms a wide bend and enters the Laquin-Thal. At the (2 M.) hamlet of Algaby or Gstein (4042'; Hôt. du Simplon; Hôt. Weissmies) it crosses the Krummbach, into which the Laquinbach falls. Below this the brook is named the Doveria. Beyond the (1/4 M.) Gallery of Algaby begins the \*Ravine of Gondo, one of the wildest and grandest gorges in the Alps, which becomes narrower and deeper at every step, till its smooth walls of mica-slate overhang the road. The road passes the (11/2 M.) Eighth Refuge (3841'), beyond which the path to Alpien (p. 337) diverges on the left, and crosses the Doveria by (1/2 M.) the Ponte Alto (3747'), and by another bridge near the (3/4 M.) Ninth Refuge (3514'). A huge mass of rock, which seems to block the road here, is pierced by the Gallery of Gondo, a tunnel 245 yds. long, with the inscription, 'Aere Italo 1805 Nap.' Imp.' At the farther end of the gallery the Alpienbach forms a fall, crossed by a slender bridge. On both sides the rocks tower to a dizzy height (about 2000'). On the right bank is a new fort. We now descend in windings to (11/2 M.)—

27 M. Gondo (2815'), the last Swiss village (custom-house). The tall square tower here (now an inn, uninviting) was erected

by the Stockalper family as a refuge for travellers, long before the new road was made. Opposite are the Hôtel-Restaurant Jorda (plain) and two other inns. Adjacent is a gold-mine, to which a road ascends from near the village.

To the S. opens the narrow Val Vaira or Zwischbergen-Thal, from which we may cross the toilsome Zwischbergen Pass (10,657), between the Weissmies (p. 368) and the Portjengrat (Pizzo d'Andolla; 12,008), to Saas-

Grund (p. 363; 12 hrs.; guide 20 fr.).

A column of granite on the left,  $^{1}/_{2}$  M. from Gondo, marks the boundary of Italy (2610'). The first Italian village is ( $^{1}/_{4}$  M.) Paglino. Below this the valley is called Val di Vedro. We next

pass through a new tunnel, and reach (13/4 M.) -

291/2 M. Iselle (2155'; Hôt. de la Poste, R. 21/2, B. 11/2 fr.; two Restaurants, with beds), where luggage is examined. Below Iselle, to the left, is the S. portal of the large Simplon Tunnel (p. 334). Below the church of Trasquera, which stands on the hill to the left, the road crosses the (21/4 M.) Cairasca or Cherasca. (To the Rhone Valley by the Alp Veglia, see pp. 336, 344.) Near Varzo (1865'; inn), a large village on the left, the vegetation becomes richer (chestnuts, figs, mulberries, maize, vineyards). Passing through a picturesque ravine and the (41/2 M.) Gallery of Crevŏla (1286'), we descend past the village of Crevola (1100') to the (1 M.) Osteria della Stella, where for the last time we cross the Doveria by a bridge 100' high, near its confluence with the Tosa, which here emerges from the Val Antigorio (p. 346). The fertile valley, now called Valle d'Ossola, though frequently ravaged by inundations, is strikingly picturesque and thoroughly Italian. We next reach (23/4 M.)—

40 M. Domodossŏla (889'; pop. 3658; \*Gr.-Hôt. de la Ville et Ancienne Poste, R. 31/2, déj. 3, D. 41/2 fr., with a good café; \*Hôt. Terminus et d'Espagne, R. 21/2-4, déj. 21/2, D. 4 fr.; Hôt. National; Albergo Manini, modest; \*Rail. Restaurant), a small town, charmingly situated on the Tosa, which becomes navigable here. The Palazzo Silva (16th cent.) contains a few antiquities; the Museo Galetti a library and cabinet of coins. In the Via Garibaldi is a bust of Garibaldi (1890). The \*Mount Calvary, 20 min. to the S., commands

a superb view.

To Locarno through the Val Vigezzo, see p. 472. Diligence to  $(10^1/2 \text{ M.};$  fare 3 fr.) Santa Maria Maggiore, daily, at 5 p.m. — On the W. opens the Val Bognanco, with mineral springs, from which several passes lead to

the Zwischbergen and Antrona Valleys (see p. 339 and below).

RAILWAY to Gravellona (Pallanza, Stresa), Orta, Novara, R. 109. From (3½ M.) Villadossola, the first station, an interesting route leads over the Antrona Pass to Saas (12-13 hrs., without guide). A carriageroad ascends the Val Antrona, at first on the left, and afterwards on the right bank of the Ovesca, viâ Viganella and Schieranco, to (10 M.) Antronapiana (2955'; Savoni's and Marani's inns). Footpath thence, past the charming little Antrona Lake (3550'), formed by a landslip from the Pizzo Pozzolo (8360') in 1632, to the (3½ hrs.) Cingino Alps (6660') and along the slopes of the Jazzihorn or Pizzo Cingino (10,596'), far above the little Lago Cingino (7190'), to the (2½ hrs.) Saas or Antrona Pass (9330'), between the Jazzihorn on the left and the Latelhorn or Punta di Saas (10,525'; easily ascended

from the pass in 1 hr.; see p. 369) on the right. Descent on the right side of the Furggen Glacier to the Furggen-Thal, Almagell, and (3 hrs.) Saas (p. 363). — To MATTMARK from Antrona a direct but rough route crosses the Antigine or Ofenthal Pass (9300). From the ascent to the Cingino Alp (p. 339) we diverge to the left to the Lombraoro Alp, whence a steep ascent leads via the Laugera di Sopra Alp to the pass, between the Jazzihorn and the Pizzo d'Antigine or Spähnhorn (10,480'; a fine point, 11/4 hr.
from the pass); descent through the wild Ofen-That to the Mattmark-Alp
(8-9 hrs. from Antronapiana; p. 370).

At the third station, (63/4 M.) Piedimulera (p. 482), the picturesque Valle
Anzasca opens to the right (to Macugnaga and over the Moro Pass to

Saas, see p. 371).

#### 80. From the Rhone Glacier to Brigue. The Eggishorn.

31 M. DILIGENCE to Brigue twice daily (7.30 a.m. and 2.10 p.m.) in 51/4 hrs. (10 fr. 80, coupé 13 fr. 30 c.; to Fiesch in 31/3 hrs.; 7 fr. 5, coupé 8 fr. 60 c.). Walking is preferable from Münster onwards. In the reverse direction the diligence takes 71/2 hrs. — One-horse carr. from the Rhone Glacier to Münster 10, two-horse 20 fr.; to Fiesch 18 or 35, to Brigue 30 or 100 fr. 60 fr.; from Brigue to Fiesch 12 or 25, to Ulrichen 20 or 40, to the Rhone Glacier 30 or 60 fr.; from Fiesch to the Rhone Glacier one-horse carr. 18, two-horse 35 fr.; from the Rhone Glacier to Andermatt and Göschenen 30 or 60, Grimsel Hospice 10 or 15, Handegg 15 or 25, Meiringen 30 or 60 fr.

The \*Rhone Glacier, imbedded between the Gerstenhörner (10,450') and Gelmerhörner (10,500') on the W., and the Galenstock (11,805'), Rhonestock (11,825'), and Dammastock (11,920') on the E., ascends in terraces for about 6 M. A few centuries ago this glacier, from which issues the Rhone, filled more than half of the Gletsch (5750'), the valley covered partly with debris, partly with grass, lying at the junction of the three great roads from the Furka (Andermatt, p. 140), the Grimsel (Meiringen, p. 211), and the Rhone Valley (see below). Here stands the \*Hôtel du Glacier du Rhône (R.  $3^{1}/_{2}$ - $5^{1}/_{2}$ , B.  $1^{1}/_{2}$ , déj.  $3^{1}/_{2}$ , D. 5 fr.), with a dépendance and the diligence-office. Engl. Ch. Serv. in summer.

From the hotel the glacier is reached in 1/2 hr. by a path ascending the right bank of the Rhone and then (5 min.) crossing the bridge. The river issues from a beautiful vault of blue ice (an ice-grotto, hewn in the glacier, is worth seeing; 1/2 fr.). — The natives give the name of Rotten, or Rhodan, to three partially warm springs rising at the back of the hotel, to

the W., which they regard as the source of the river.

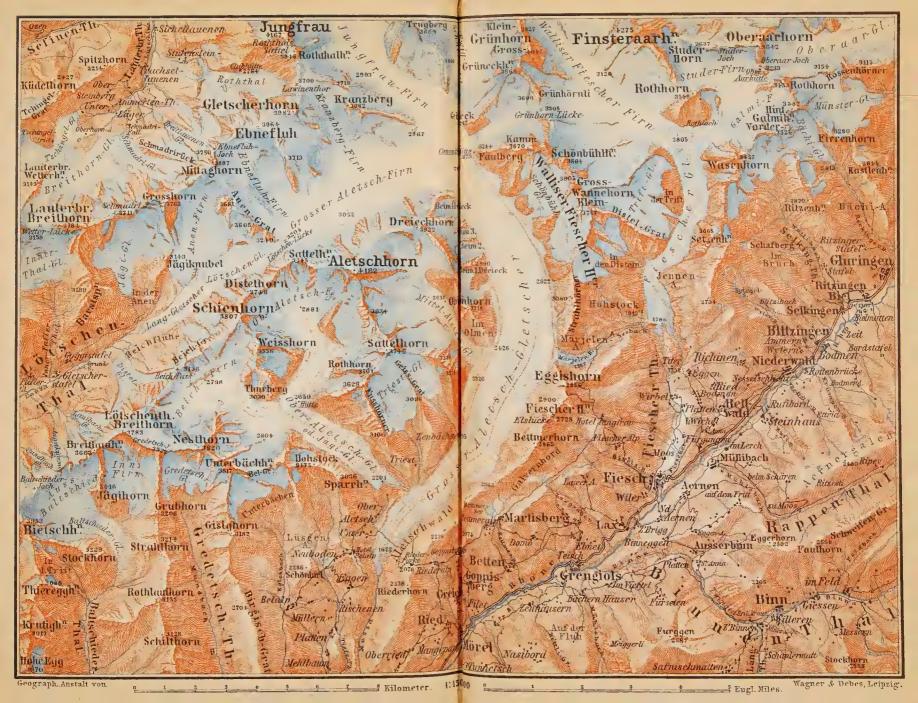

A short way from the hotel, and farther on, the road crosses the infant Rhone, which dashes through its rocky ravine far below. It then descends in long windings through pine-woods on the right bank to (4 M.) Oberwald (4495'; \*Hôtel Furca, plain, R. 2, B. 1, board 31/2 fr.), at the bottom of the Upper Valais, a broad green valley, enclosed by monotonous chains of mountains. In front rises the majestic Weisshorn, and behind us the Galenstock. The valley consists of three regions, the highest extending down to Fiesch, the second to the bridge of Grengiols, and the third below that point. The inhabitants (Rom. Cath.) speak German; French begins near Sion.

From the wild Geren-Thal, a ravine opening to the E. of Oberwald, a fatiguing pass crosses the Siedlen Glacier and the Geren Pass (8865') to the Alp Cruina and All' Acqua in the Val Bedretto (p. 341; 8 hrs.; guide

15 fr., Jos. Ign. Bellwalder of Oberwald).

53/4 M. Obergestelen (4450'; footpath to the Grimsel, see p. 211). Opposite (71/4 M.) Ulrichen (4380'; \*Hôt. zum Griesgletscher, plain), with a new church, is the mouth of the Eginen-Thal. (Over the

Gries Pass to the Tosa Falls, see p. 345.)

To Airolo over the Nufenen Pass (8½ hrs.), a rough, uninteresting bridle-path (guide, necessary, 18 fr., horse 25 fr.). Beginning of route, see p. 346. At (2¼ hrs.) Altstaffel (p. 345) the path leads to the left, ascends in zigzags, and crosses the (1¼ hr.) Nufenen Pass (Passo di Novena, 8005′), between the Pizzo Gallina (10,066′) on the left and the Nufenenstock (9400′) on the right, to the Val Bedretto. Immediately to the N. of the pass rises the *Ticino*, which the path follows, first on the right, and below the *Alp Cruina* on the left bank, to the (13/4 hr.) Hospice all' Acqua (5265'; unpretending inn; route over the San Giacomo Pass to the Tosa Falls, see p. 346. The lofty Val Bedretto is bleak and barren. The wooded slopes are overtopped by bare pinnacles of rock. Our path frequently crosses the tracks of avalanches. 1 hr. Hamlet of Bedretto (4610'; inn, rustic); 20 min. Villa (4442'; very poor inn; over the Cavanna Pass to Realp, see p. 139), where a rough cartroad begins. Near (20 min.) Ossasco (4365'; Albergo delle Alpi, rustic, but dear) the road crosses the Ticino. Beyond (25 min.) Fontana (4135'), to the right, is the wild Val Ruvino with waterfalls. Then (1 hr.) Airolo (p. 128).

The following villages are (8!/2 M.) Geschenen (4395') and —

 $9^{3}/_{4}$  M. Münster (4450'; \*Croix d'Or, R. 2-3, B. 11/<sub>4</sub>, D. 21/<sub>2</sub>-4, pens. 5-7 fr.; one-horse carr. to Brigue 18 fr. and fee), the chief

place of the Upper Valais. Fine view from the chapel-hill.

The \*Löffelhorn (10,140'; 41/2 hrs., fatiguing; guide 8 fr.) is ascended from Münster through the Münster-Thal and past the (1½ hr.) Grossboden-Alp (6070'), and then to the right by the S.E. arête. View like that from the Eggishorn (p. 342), with the addition of the Finsteraarhorn in the foreground.

— The \*Blindenhorn (11,095'; 6-7 hrs.; guide 15 fr.) is very attractive. From Reckingen (see below) a good path leads through the Blinden-Thal to the Lerchstafel-Alp, at the end of the Blinden Glacier. Thence we ascend on the left hank of the Hollewisterh and across the Sula Clarica to the Carine the left bank of the Hohlauwibach and across the Sulz Glacier to the Griesgletscher Pass (10,585'), and reach the summit by a steep ascent to the right. Magnificent view. The ascent from the Gries Pass (p. 345) via the Gries Glacier (41/2 hrs.) is easier.

To the left, over the Blinden-Thal (see above), appears the Rappenhorn or Mittaghorn (10,374'), adjoined on the left by the Blindenhorn (see above). The next villages are Reckingen (inn; with the finest church in the valley), Gluringen, Ritzingen, Biel, Selkingen, and (141/2 M.) Blitzingen (\*Pens. Seiler, 4-5 fr.; Inn zum Guten Freund). Beyond (18 M.) Niederwald (4050') the Rhone forces its passage to a lower region of the valley. The road leads on the right bank, high above the river (to the right, above, is Bellwald), and finally descends through wood in two great curves.

191/2 M. Fiesch (3460'; \*Hôt. du Glacier et Poste, R. 21/2-3, déj.  $2^{1}/_{2}$ , D.  $3^{1}/_{2}$ , pens. 6-7 fr.; Hôt. des Alpes, R. 2-3, D.  $3^{1}/_{2}$ , S.  $2^{1/2}$  fr.), prettily situated at the influx of the Fieschbach into the

Rhone.

ASCENT OF THE EGGISHORN, very interesting (5 hrs.; without guide; to the inn 3 hrs.; porter 5, horse 10 fr.). From the bridge the good bridle-path ascends to the right, rather steeply, chiefly through wood, past (1½ hr.) the little \*Firnegarten Inn (5285'; R. 11/2 fr.) and several earth-pyramids lying a little to the left, to

(40 min.) the Fiescher Alp (6210'); then over pastures (where the direct path follows the telegraph-posts, 1/2 hr. shorter, but steep and viewless) to the (50 min.) \*Hôt.-Pens. Jungfrau (7195'; R. 3-5, B. 11/2, dej. 3, D. 5, pens. 8-12 fr.), a favourite English resort (English Church Service) and suitable for a stay (often crowded; rooms should be secured in advance). From the hotel to the top 2 hrs. more (guide 5 fr., not needed; horse 7 fr.). The bridle-path ascends in zigzags, then turns to the right, and after 1/2 hr. to the left (the path to the right leads to the Märjelen-See; see below). After 3/4 hr. more the bridle-path ends. We ascend by a good footpath and lastly mount steps of rock to the (1/2 hr.) summit of the \*Eggishorn (9625'), the highest peak of the ridge which separates the Great Aletsch Glacier from the Rhone Valley, with a superb view of the Bernese and the Valaisian Alps (see annexed panorama by Imfeld).

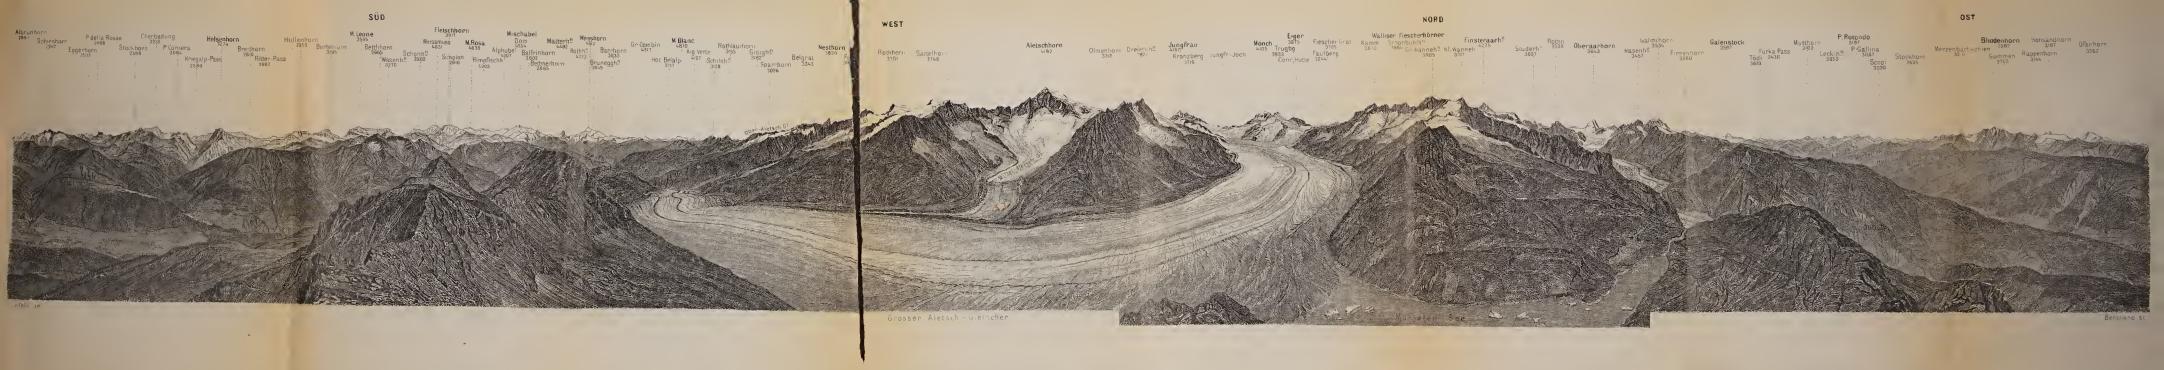

EXCURSIONS (guides: Joh. Albrecht, Aloys Imhassli, Ed. Müller, Clem. Eyholzer, A. Schwery, J. Walker, etc.). From the Hôtel Jungfrau a good path leads to the N., at first nearly level and afterwards undulating, skirting the slope above the Fiesch Valley and affording an excellent survey of the beautiful ice-fall of the Fiesch Glacier, and then crosses the Thaelligrat to the left to the Märjelen-See (7710'), on which floating ice is frequently seen. On the left bank of the Seebach, emerging from the lake, is the (2 hrs.) Märjelen-Alp. [The Fiesch Glacier may be visited hence by a path descending to the right to the Stock-Alp.] On the N. side of the Märjelen-See a path leads in 25 min. to the margin of the Great Aletsch Classics. Hence to the Parilian Hetal Cathrein (1945). P. 6 with two holes Glacier. Hence to the Pavilion-Hotel Cathrein (9415'; R. 6, with two beds 10 fr.), a beautiful glacier-walk of  $2^{1}/2$ -3 hrs.  $(4^{1}/2$ -5 hrs. from the Jungfrau Hotel; guide 10, if spending the night 15 fr.). The pavilion is grandly situated on the Concordia-Platz; adjacent is the Concordia Hut of the S.A.C. (restored in 1899). From the hut to the (3½ hrs.) Jungfrau-Joch (p. 197), with splendid view, not difficult for experts (guide 25 fr.). Ascent of the Jungfrau (7 hrs.; 60 fr.), see p. 192; Finsteraarhorn (8 hrs.; 60 fr.), p. 210. — The Aletschhorn (13,720'; guide 50 fr.), the highest but one of the Bernese peaks (first scaled by Mr. F. F. Tuckett in 1859), is ascended either from the Concordia Pavilion (in 7 hrs.) or from the Oberaletsch Hut (p. 335; in 61/2 hrs.); difficult, for experts only. — The Gross-Grünhorn (13,275'; 5 hrs.; difficult); the Gross-Fiescherhorn (13,284'; 5 hrs.; less difficult); and the Trugberg (12,904'; 5-6 hrs.; difficult) may also be ascended from the Concordia Pavilion by experts with able guides.

From the Eggishorn Hotel to Grindelwald over the Mönchjoch, 18 hrs. (difficult; guide 60 fr.), see p. 198; to the Grimsel Hospice over the Grünhornlücke and Oberaar-Joch, 12 hrs. (guide 40 fr.), see p. 210 (not difficult for adepts with good guides). — From Lauterbrunnen to the Eggishorn by the Lauithor or Ebnefluh-Joch, see p. 190.

From the Eggishorn Hotel via the Lötschenlücke to Ried, 13-14 hrs., a grand though fatiguing glacier-route (guide 40 fr.). We ascend the Aletsch Glacier to the Lötschenlücke (10,515'), between the Sattelhorn (12,290') and the Anengrat (11,750'), and descend the crevassed Lötschen Glacier

to the Fafler-Alp and Ried in the Lötschen-Thal (p. 217).

FROM THE EGGISHORN HOTEL TO THE RIEDERALP AND BELALP (guide, needed only for the passage of the Great Aletsch Glacier, 8 fr., from the Riederalp 5 fr.), 5½ hrs., a beautiful walk. The bridle-path from the hotel, running nearly at the same level, high above the Rhone Valley, leads over the Bettmer-Alp (6415'), with its little lake (6530'; abounding the same and the consistence of the same and the sight of the same and the sight of the same and in fish), and the Goppisberg-Alp, and turns to the right at the cross to the (2½ hrs.) Riederalp (6315'; \*Hôt.-Pens. Riederalp, R. 3, déj. 3, D. 5, pens. 7½-9 fr.; Engl. Ch. Serv. in summer). The beautiful situation and

mild climate of this Alp adapt it for a stay. Here we ascend to the right to the (25 min.) Rieder Furka (6820'; \*Pens. Rieder Furka), whence we may scale the \*Riederhorn (7343'; 1/2 hr.), a very fine point of view. (We get nearly the same view by following for 6 min., in the direction of the glacier, the small path ascending from the Furka on the slope of the Riederhorn.) The Bettmerhorn (9400'), ascended from the Rieder Furka via the Moosfluh (7645) in 21/2-3 hrs. (guide 6 fr.), is not difficult; experts may (8950') to the Arête towards the Eggishorn, and descend by the Elslücke (8950') to the Hôtel Jungfrau (a grand but rough route; guide desirable). Descent, with splendid views of the Upper Aletsch or Jägi Glacier, lying between the Sparrhorn and the Fusshörner and overshadowed by the Schienhorn, to the (½ hr.) Great Aletsch Glacier (5485'), which is safely crossed here in ½ hr. (with guide; riding impracticable) to Aletschbord; then a steep ascent, past the chalets of Unter-Aletsch, to the (½ hr.) Hôtel Belalp (p. 335). — From the Riederalp to Mörel, 2-2½ hrs. (guide, 5 fr., Belalp (p. 335). — From the Riederalp to Mörel, 2-2½ hrs. (guide, 5 fr., not needed). A bridle-path, at first across pastures, then through wood, makes a long sweep to the right (steep paths to the left to be avoided) and crosses pastures again (very hot about midday), with splendid views of the Rhone Valley, the Simplon Mts., etc. It then descends to Ried (3390'), a finely situated village, and Mörel (p. 344; from Mörel to the Riederalp 3-3½ hrs.; porter 5, horse 10 fr.). — From the Riederalp to Brigue via Oberried, 33¼ hrs. A pleasant wood-path (path to the left, to Ried, to be avoided; see above) descends to (2 hrs.) Oberried (5118'), affording fine views of the Fletschhorn, Mischabel, Weisshorn, and Mte. Leone. Thence a steep zigzag leads through wood to Bitsch (2944') and over meadows to the (1 hr.) highroad in the Rhone Valley, which it reaches over meadows to the (1 hr.) highroad in the Rhone Valley, which it reaches at the Massa bridge (p. 344), 2 M. from Brigue (p. 334).

The Binnen-Thal, which opens to the S.E. of Fiesch, deserves a visit and is particularly interesting to mineralogists. A good bridle-path (mule to Binn 10-12, mountain-carriage 15, porter 6 fr.) leads by Aernen and the (1½ hr.) Binnegg (4440'; small inn), with a fine view of the Binnen-Thal and Valais, to Ausser-Binn and through the rocky ravine of the Twingen to (13/4 hr.) Schmidhäuser or Binn (4720'; \*Hôt. Ofenhorn, finely situated, R. 21/2-4, B. 11/2, déj. 3, D. 4, pens. 6-8 fr.; Engl. Ch. Serv. in summer), the chief village of the valley, with an attractive Character of Pinns (42) West, Theorem 1. Theophil and Wilhelm Schmid, Otto Kiechler, Clemens Hug, of Binn; Ad. Walpen, of Imfeld; Ed. Kraig, of Aernen). The \*Eggerhorn (8202'), by the Meili-Alp in 2½ hrs., is easy and repaying (guide, unnecessary, 5 fr.; horse 10 fr.). — The \*Bettlihorn (9720'; 4½-5 hrs.; guide 10 fr.) is easily ascended from Binn by the Schich Theory and Archer and Archer agent in from Binn by the Safisch-Thal and the Tanzboden. — Another easy ascent is that of the \*Mittaghorn or Rappenhorn (10,415'; 51/2 hrs.; guide 18 fr.), via Feldbach and the Rappen Glacier. - \*Ofenhorn (Punta d'Arbola; 10,637), 6-7 hrs. (guide 25 fr.), not difficult for experts. We may either diverge at the Ochsenfeld (p. 344) from the Albrun Pass route and ascend by the Eggerofen Valley to the Ofenjoch, whence the summit is gained by the S.W. arête; or (preferable) we may ascend from the *Hohsand Pass* (9603'; easy glacier-pass from Binn to the Tosa Falls, 9 hrs., guide 20 fr.), by the N. arête. — *Helsenhorn* (10,742'), by the *Ritter Pass* in 61/2 hrs. (guide 25 fr.), not

difficult (see p. 344). — Hüllehorn (10,450'), by the Mätti-Thal and the Rämi Glacier in 6 hrs. (guide 30 fr.), difficult, for experts only.

FROM BINN TO BÉRISAL (p. 336) over the Steinen-Joch (9153'; 8 hrs.; guide 15 fr.) or over the Saflisch Pass (8648'; 7 hrs.; 14 fr.), two fairly easy routes. With the latter may be combined the ascent of the Bettlihorn

(see above).

From Binn over the Albrun Pass to Baceno, 81/2 hrs., easy and interesting (guide advisable, to Ponte 15 fr.). Bridle-path from Binn on the left bank of the Binna, by Giessen, and past the waterfall of the Feldbach, to (3/4 hr.) Imfeld (5145'), where the path, now indifferent, crosses to the right bank. We enter (1/4 hr.) a pine-wood, pass the hamlets of Eggern, Brunnenbiel, Jennigenkeller, and Tschampigenkeller ('Keller', i.e. cellars for storing the esteemed Binnen-Thal cheese), and reach (13/4 hr.) the huts Auf dem Platt (6925'; chalybeate spring). Then a steep ascent to the right past the

last huts in 'the Ochsenfeld (7200') to the (1 hr.) Albrun Pass (Bocchetta d'Arbola, 7910'), between the Ofenhorn (p. 343) on the left and the Albrunhorn (9450') on the right. We descend to the (1 hr.) Beuli Alp, past the (1 hr.) Lago di Codelago (8055'), and by Crampiolo to (1 hr.) Al Ponte (6270'; poor inn), near the green basin of the Devero Alp (picturesque cascades of the Devero) and (2½ hrs.) Baceno (p. 347). From Al Ponte over the Buscagna Pass and the Valtendra Pass to the Alp Veglia, see p. 336.—
To the Tosa Falls (10 hrs. from Binn, guide 20 fr.). From the Albrun Pass we descend to the left to the Forno Alp; then over the Scatta Minojo (8520') by a bad path to the Lago di Lebendun (Lago Vannino; 7065'), whence we descend on the left bank of the brook to Zum Steg in the Val Formazza and re-ascend to Auf der Frutt In fine weather the route over the Hohsand Pass is preferable (see pp. 343, 346).

FROM BINN TO BACENO OVER THE GEISSPFAD PASS, 8 hrs., a fine route (guide to Ponte 15 fr.). At (3/4 hr.) Imfeld (p. 343) we diverge to the right to the Messern-Alp (6175') and ascend past the Geisspfad Lake (7975') to the (3 hrs.) Geisspfad Pass (8365'); then cross the rock-strewn plateau to the (1/2 hr.) Bocca Rossa and descend a steep rock-wall into the Val Rossa,

to (11/2-2 hrs.) Al Ponte (see above).

FROM BINN TO BACENO OVER THE KRIEGALP PASS, 9 hrs., toilsome and of little interest (guide to Ponte 15 fr.). From Binn we ascend to the S. through the Längthal to (1 hr.) Heiligkreuz (4862') and then to the left through the Kriegalp-Thal to the (3\frac{1}{2}\text{ hrs.}) Kriegalp Pass (Passo di Cornera; 8465'), between the (1.) Güschihorn (Pizzo Cornera; 10,115') and the (r.) Helsenhorn (10,742'; ascent from here difficult, see below). Descent to the Val Buscagna and to (2 hrs.) Al Ponte (see above).

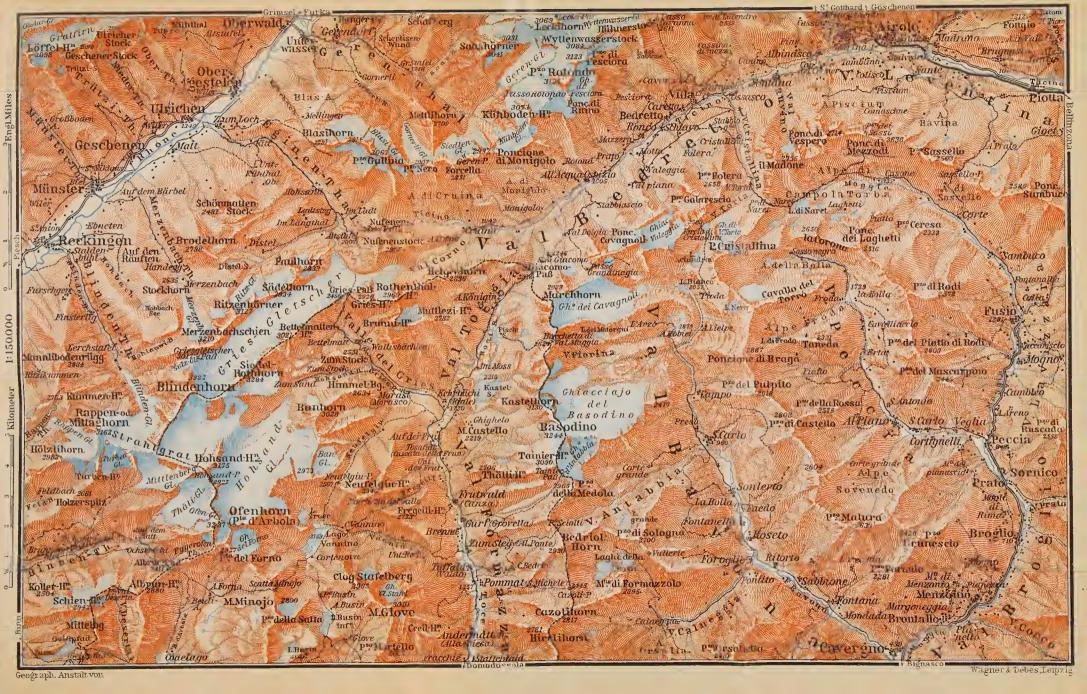

FROM BINN TO ISELLE OVER THE RITTER PASS, 10½ hrs., trying, but very interesting (guide to Veglia 18 fr.). We ascend the Längthal (see above) to the S., to the (5 hrs.) Ritter Pass (Passo Boccareccio; 8832'), between the (r.) Hüllehorn (10,450') and the (l.) Helsenhorn (10,742'; easily ascended, with guide, in 1½ hr. from the pass; magnificent panorama). Descent to the (1½ hr.) beautifully situated Alp Veglia (5800'; \*Alb. del Monte Leone, unpretending) in the Val Cairasca, and by Trasquera to (3 hrs.) Iselle (p. 339).

Beyond Fiesch the road descends the fertile valley, passing Aernen on the hill opposite (see p. 343), to (21 M.) Lax (3425'; Kreuz), with a new church, whence the Eggishorn Inn may be reached in 4 hrs. It then winds down to the (23½ M.) bridge of Grengiols (2905'; inn), by which we cross the deep bed of the Rhone. (Good path hence by Grengiols in 5 hrs. to Binn, p. 343.) We recross to the right bank by the Kästenbaum Bridge (2670'), pass through a short rocky ravine, and, after the valley again expands, reach (26 M.) Mörel (2525'; \*Hôt. Eggishorn, R. & B. 2½ fr.; Hôt. des Alpes,

moderate). — To the Riederalp, 3 hrs., see p. 342.

The river dashes wildly over sharp slate-rocks. On a bold rock below Mörel rises the picturesque (27 M.) Hochfluhkirche. We cross the Massa, the discharge of the Great Aletsch Glacier, which issues from a fine gorge <sup>3</sup>/<sub>4</sub> M. from the road. On the left bank we see the mouth of the Simplon Tunnel (now in construction; p. 334), with large offices and machine-houses. The road leads between numerous canteens and the houses of the tunnel workmen, most of whom are Italians, to (30 M.) Naters (2235'), a large village amidst fruit-trees, commanded by the ruined castles of Weingarten and Supersax. To the right a finger-post indicates the route to the Belalp, see p. 335. We then cross the Rhone to the station of —

31 M. Brigue (see p. 334).

### 81. From Ulrichen to Domodossola.

#### Gries Pass. Falls of the Tosa. Val Formazza.

15-16 hrs. Two days, spending the night at the Tosa Falls. Bridle-path from Ulrichen to the Tosa Falls (6½ hrs.); thence to Foppiano a bridle-track (3 hrs.). Guide (to the Tosa Falls 15 fr.) not needed in fine weather; otherwise advisable to the other side of the glacier (8 fr.); essential in the reverse direction (porter 10, horse 20 fr.). No refreshments can be obtained short of the Tosa Falls. — Road from Foppiano to Domodossola, 21 M.; diligence from Crodo to Domodossola daily. One-horse carriage from Foppiano to Domo 20, from Premia 15 fr. (not always to be had). Porter from the Falls to Domodossola 6-8 fr.; horse (for which a carriage and harness may generally be had at Foppiano) 30 fr.

At Ulrichen (4380'; p. 341) a bridge crosses the Rhone to (10 min.) Zum Loch, a group of deserted huts at the entrance to the Eginen-Thal. The path crosses the Eginenbach above a fine waterfall, and leads through larch-wood and a rock-strewn valley to (11/4 hr.) the Alp Hohsand (5720'). It then ascends a steeper part of the valley, overgrown with alders and rhododendrons, where the brook forms several falls on the left. In front of us rises the Nufenenstock (9400'). In ½ hr. (taking care to avoid the path leading straight on) we cross the brook by the Ladtsteg (6340'), beyond which are the chalets of Im Ladt. To the right, above us, is the Gries Glacier (see below). Following the right bank of the brook, we then traverse the highest reach of the valley and ascend to (20 min.) Altstaffel (6585'), the last chalet, where the path to the Nufenen Pass diverges to the left (p. 341). A steep ascent of 11/4 hr. more brings us to the level Gries Glacier, which we cross in 20 min., to the S.W., passing a small glacier-lake on the left and a smaller one on the right. The Gries Pass (8070'), between the Bettelmattenhorn (9800'; right) and the Grieshorn (9600'; left), is the boundary between Switzerland and Italy, and in clear weather commands a fine view of the Bernese Alps. (A path, little frequented, leads hence to the N.E. through the Val Corno to All' Acqua in the Val Bedretto, p. 341.)

The S. side of the pass, as usual among the Alps, is steeper than the N. side. The narrow path at first keeps to the left (rich vegetation). The Griesbach rises here, and unites at Kehrbächi (see below) with the Tosa or Toce, descending from the Val Toggia. The upper part of the Val Formazza, or Pommat Valley, consists of three distinct reaches, each with its chalets: Bettelmatt (6900'; two chalets, generally empty) in the highest (the slope below which is called Wallisbächlen), Morast (or Morasco; 5840') in the second, and Kehrbächi (or Riale; 5640') and Auf der Frut (Sopra la Frua) in the third, with a small chapel and the unpretending \*Albergo della Cascata del Toce (5490'; R. 2½-3, D. 3½ fr.). This inn (½½ hrs. from the Gries Pass) stands on the brink of a precipice over which the Tosa falls in three cascades. The \*\*Tosa Falls, or Cascata della Frua, 470' high and 85' broad, are perhaps the grandest among the Alps, especially when the river is high. (We descend by the bridle-

path to the left for 1/4 hr., to a mass of rock by the wayside, which

affords the best survey. A still finer point is beyond the bridge.)

The \*Basodino (10,745') may be ascended by good climbers without difficulty by the Giglen Alp in 5 hrs. (the landlord, Ant. Zertanna, acts as

guide). Splendid view. Descent to the Val Bavona, see p. 474.

FROM THE TOSA FALLS TO AIROLO, 8 hrs. (guide desirable to All' Acqua, and necessary in the reverse direction). The bridle-path diverges by the chapel above the falls to the right from the path to the Gries Pass, and after 20 min. crosses the brook descending from the Basodio. It then ascends to the right by the wall (leaving Kehrbächi below to the left), and mounts in steep zigzags to the (3/4 hr.) upper reach of the sequestered Val Toggia; 1/2 hr., a bridge; 20 min., chalets Im Moos. (To the right, the Bocchetta di Val Maggia, see below.) The small Fisch-See, well stocked with trout, lies on the right. By the Alp Königin, 1/2 hr. farther on, we recross the brook. In the highest part of the valley we pass another small lake on the right, and reach (1/2 hr.) the San Giacomo Pass (7570'), the boundary between Italy and Switzerland (Canton Ticino). Below the pass on the N.E. side stands the (20 min.) chapel of San Giacomo (7370'). In descending we enjoy a beautiful view of the Kühbodenhorn, Pizzo Rotondo, Pesciora, Lucendro, etc., and also, for a short time, of the Finsteraarhorn and Fiescherhörner. Farther on (keeping to the left at the first chalet) we descend through a growth of rhododendrons and larch-wood into the valley, where we cross two brooks, and then the Ticino, and reach the (11/2 hr.) Hospice all' Acqua (p. 341). Thence to Airolo, 3 hrs.

From the Tosa Falls to Bignasco, 9 hrs., with guide, a fine route. By the Fisch-See (see above) we diverge to the right from the San Giacomo path and ascend over debris and rock to the Bocchetta di Val Maggia (8710'), between the (r.) Kastelhorn and the (l.) Marchhorn; then descend through the Val Fiorina (with the snowy Basodino on the right, see above) to the Alp Robiei, and through Val Bavona to Bignasco (p. 473).

From the Tosa Falls to Binn over the Hohsand Pass (a fine glacier expedition, 9 hrs., with guide), or over the Albrun Pass (10 hrs., with guide), see p. 343.

Below the Tosa Falls in the Val Formazza (the upper part of which, as far as Foppiano, is German-speaking) are the villages of (1/2 hr.) Frutwald (Canza; 4755'), (10 min.) Gurf (Grovella; 4475'), (1/4 hr.) Zum Steg (Al Ponte; 4200'), with the archives and townhall of the valley, (1/4 hr.) Pommat (San Michele; 4210'), where we cross the bridge (not straight on), and (1/2 hr.) Andermatten (Alla Chiesa; 4050'), with the church of the valley. Below (1/4 hr.) Fracchie (opposite Staffelwald, 4000') the path enters a grand \*Defile, in which it crosses the Tosa twice. At (3/4 hr.) Foppiano (3075'; \*Valduga's Inn), the first village where Italian is spoken, the carriage-road begins (see p. 345).

To the Val Maggia (p. 473), a toilsome route and lacking attraction (from Andermatten to Cevio 8 hrs., with guide): from Staffelwald a steep ascent of 3 hrs. over the Staffel-Alp to the Criner Furka (7925'), consisting of two passes: the Vordere Furka (7820'), to the S. of the Marchenspitz, and the Hintere Furka (7945), between the Marchenspitz and the Wandfluhspitz; descent to (1½ hr.) Bosco and (3½ hrs.) Cevio (p. 473). Guides: Giov. and Luigi Matli of Pommat, C. Lani and Fil. Longhi of Baceno.

The ROAD follows the right bank to (1 M.) Rivasco (2820'; inn) and (1 M.) Passo (2630'). The valley of the Tosa, called \*Val Antigorio below this point, is one of the most beautiful on the S. side of the Alps, and enlivened with waterfalls.  $1\frac{1}{2}$  M. San Rocco (Albergo Vesci, R. 2-4, D. 3, pens. 7-8 fr., well spoken of); 33/4 M. Premia (2620'; Agnello; Restaurant Antigorio, modest). At (11/2 M.) Baceno (2245'; Alb. Devero, moderate), at the mouth of the Val Devero, a bold bridge spans the deep gorge of the Devero. (From Baceno to Binn over the Albrun Pass or the Kriegalp Pass, see pp. 343, 344.) To the W. rises Monte Cistella (9450').

The Italian custom-house is at (3 M.) Crodo (1650'; inn), below which is (1 M.) a 'stabilimento di bagni'. Then by Rencio and the finely situated Oira ('il Giardino dell' Ossola') to (6 M.)

Crevola on the Simplon route, and (21/4 M.) —

21 M. Domodossola, see p. 339.

# 82. The S. Valleys of the Valais between Sion and Turtmann.

(Val d'Hérens, Val d'Anniviers, Turtmann Valley.)

Good walkers on their way from the Lake of Geneva to Zermatt (R. 83) may reach their destination by the following interesting mountain-route in 4 days, avoiding the Rhone Valley. 1st day. Railway to Sion, and walk or drive (preferable) through the Val d'Hérens to Evolena,  $15^{1}/_{2}$  M.—2nd day. Over the Col de Torrent to Vissoye or St. Luc in the Val d'Anniviers, 9-10 hrs.—3rd day. Viâ St. Luc to the Bella Tola, and across the Pas du Bœuf to Meiden in the Turtmann Valley,  $8^{1}/_{2}$  hrs.—4th day. Over the Augstbord Pass to St. Niklaus in the Visp Valley, 6 hrs. (or, including the Schwarzhorn,  $7^{1}/_{2}$  hrs.), and thence to Zermatt by rail.

## a. From Sion through the Val d'Hérens to Evolena, and over the Col de Torrent to the Val d'Anniviers.

To Evolena (15½ M.) a post-vehicle with 2-3 seats runs twice daily in summer (June 15th to Sept. 15th) in 6½ hrs., starting at 6 a.m. and 12.30 p.m. (6 fr. 40 c.; surplus passengers are sent on in open carriages), returning at 1.35 p.m. in 3½ hrs. The diligence goes on to Haudères (p. 349). One-horse carr. from Sion to Evolena. 20-25 fr. (carriages from the Evolena hotels sometimes at the station). Porter to Evolena 8, to Arolla 12 fr.—From Evolena over the Col de Torrent to Vissoye a bridle-path in 9 hrs. (guide 14, porter 10 fr.).

Sion, see p. 332. The Evolena road leads from the Rhone bridge (1625') direct to the (1/2 M.) foot of the hill, which it ascends in long windings. (Short-cut by the old bridle-path.) To the left, below, lie Bramois and St. Léonard (p. 332), the latter at the mouth of the gorges descending from the Rawyl. Near the old cemetery chapel of (51/4 M.) Vex (3140'; Inn, rustic) we obtain a view of the head of the valley, first of the Dents de Veisivi and the Pic d'Arzinol, and then of the great Ferpècle Glacier, commanded by the round summit of the Tête Blanche, to the left of which are the Dent Blanche and the Dent d'Hérens.

A bridle-path ascends from Vex to the right, by Presse and Les Agettes, to the (1 hr.) Mayens de Sion (4267'; \*Hôt. de la Dent d'Hérens; \*Hôt. Rosa-Blanche, pens. 6-9 fr.; \*Pens. des Mayens, 6-8 fr.; \*Hôt.-Pens. Beauséjour; Engl. Ch. Serv. in summer). a summer-resort in a beautiful and healthy situation amid the woods, commanding a magnificent view of the Bernese Alps. Still finer views, especially towards the S., are had from the Crête

de Thyon (7543'; 3 hrs.; guide 5 fr.), and from the Mont Carré (8110'; 4 hrs.; guide not indispensable). From the Mayens to Hérémence (see below), 3/4 hr.

The road, nearly level, follows the W. side of the valley, high above the Borgne. The valley divides farther up: W. the Val d'Hérémence (see below), and E. the Val d'Hérens. The road passes the village of Hérémence on the hill to the right, and near (83/4 M.) Sauterot (3050') crosses the Dixenze, which descends from the Val d'Hérémence. It then penetrates the remains of the terminal moraine of that valley by means of two tunnels. Near the second, where the road re-enters the Val d'Hérens, are a number of \*Earth Pyramids,

some of them roofed with stones like 'glacier-tables'.

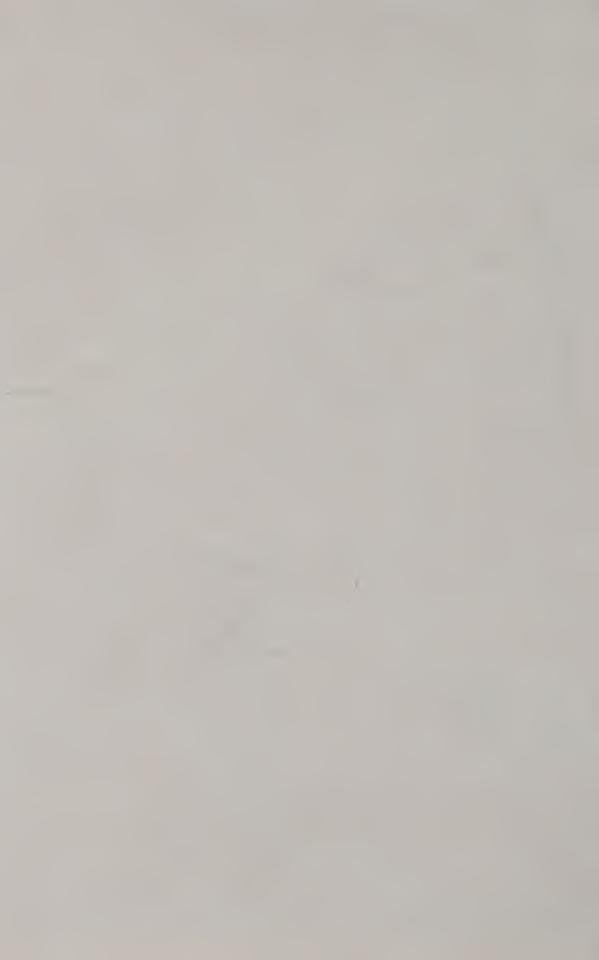

Val d'Hérémence (the upper part called Vallée des Dix). A cart-track leads from Vex (p. 347) to (1 hr.) Hérémence (4055'; quarters at the curé's); thence a bridle-path (letter and parcels post daily), viâ Prolin, to (3 hrs.) Pralong (5275'; \*Hôt. du Mont Pleureur, R. 2-4, B. 1½, déj. ½, D. 3-4, pens. 6-9 fr.), at the W. base of the Pic d'Arzinol (p. 349; ascent in 3½ letting). easy and attractive; guide not indispensable). Farther on, passing the *Méribé* Alp (1.), we ascend a ravine to the upper part of the valley, called La Barma, with the Alp of that name (8095'; thence over the Col du Crêt to Fionney, see p. 329). Beyond the chalets of Lautaret we next reach (3 hrs.) the Seilon Alp (7455'), opposite which, on the left bank of the Dixenze, is the Liappey Alp (7630'). From Liappey over the Col de Riedmatten or the Pas de Chèvres to Arolla (Evolena), see p. 349; over the Cols de Vasevay, de Seilon, du Mont-Rouge, and de Breney to the Val de Rouge. de Seilon, du Mont-Rouge, and de Breney to the Val de Bagnes, see p. 330. The \*Pigne d'Arolla (12,470') is best ascended from this point over the Glacier de Durand and the Col de Breney (comp. pp. 330, 349).

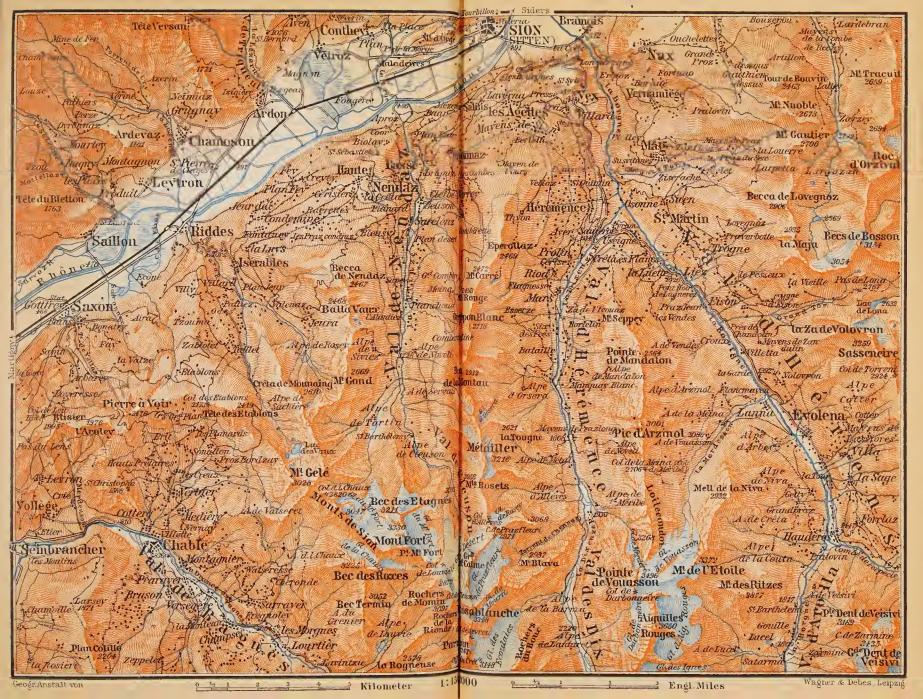

We next reach (10 M.) Euseigne (3182'; wine at the post-station), prettily situated. High above, on the opposite bank, is the church of St. Martin (4550'). Beyond (11 $\frac{1}{2}$ M.) the hamlet of La Luette (3345') the road crosses the Borgne. We ascend on the right bank, below the small chapel of La Garde, to —

 $15^{1/2}$  M. Evolena (4520'; Gr.-Hôt. d'Evolène, R. 3-5, B.  $1^{1/2}$ ) déj. 3, D.  $3^{1}/_{2}$ , pens. 6-9 fr.; Hôt.-Pens. de la Dent Blanche, R.  $2^{1}/_{2}$ - $3^{1}/_{2}$ , B.  $1^{1}/_{2}$ , déj. 3, D. 4, pens. 6-8 fr.; Engl. Ch. Serv. in summer), the capital of the valley (1212 inhab.), in a broad green dale flanked with pine-clad rocks. On the E. rises the Sasseneire, on the W. the Mont de l'Etoile and Pic d'Arzinol, and at the head of the valley the Dents de Veisivi. On the left, high above, are the snow-fields of the Ferpècle Glacier and the huge Dent Blanche; to the N., the large Zanfleuron Glacier, with the Oldenhorn (p. 278) behind it. The natives, especially the women, wear picturesque costumes on Sundays.

Excursions. (Guides: Jean and Pierre Maître, Jos. Quinodoz, Pierre Excursions. (Guides: Jean and Pierre Maître, Jos. Quinodoz, Pierre and Jean Beytrison, Ant. Bovier, Jean-Bapt. and Jos. Métrailler, Jos., Maur., and Pierre Gaspoz, J. and M. Vuignier, M. Pralong, M. Chevrier, etc.) Arolla (p. 349) and Ferpècle (p. 351) are the starting-points for the ascents. Mule and guide (Jean Morand) 10 fr. per day. — Pleasant walk (shade early in the morning) to Villa, returning viâ La Sage (2½-2½-1½-1/2). About 12 min. to the S. of Evolena we diverge to the left from the road to Haudères (p. 349) and ascend a steep footpath to (3¼ hr.) Villa (5655; fine view); before reaching the (2 min.) village-fountain we turn to the right (the path to the left leads to the Col de Torrent, see p. 352) and in 5 min. to the right again; 20 min. La Sage (5482'); descend to the right at the church (to the left to Forclaz, p. 351); 5 min. to the right again; 20 min. carriage-road; 22 min. Evolena. — \*Sasseneire (10,693'; guide 10 fr.), 5 hrs., see p. 352. The Cou-

ronne de Bréonna (10,380'; 51/2 hrs.; guide 12 fr.), viâ La Sage and Alp Bréonna, is also interesting. — Becs de Bosson (10,348'; guide 15 fr.), 6 hrs., see p. 352.

W. side: The Alpe de Nivaz (6625'), 21/2 hrs.; superb survey of Ferpècle and Arolla. — The \*Pic d'Arzinol (9845'; guide, 10 fr., desirable), ascended by the Col. de la Meina in 41/2-5 hrs., is very interesting and not difficult. Below Evolena we cross the Borgne, ascend to the left through wood (avoiding the path to the right to Lanna, 1/2 hr.), and cross (11/2 hr.) the Merdesson, the discharge of the Glacier de Vouasson, to the (1/2 hr.) Alpe de Vouasson (6850'). Thence we ascend pastures (keeping to the right) to the (2 hrs.) Col de la Meina or Col de Méribé (8878'; to the Val d'Hérémence, see p. 348). Leaving the col on the left, we mount a rocky arête to the right to the top (1 hr.). Magnificent panorama, especially to the S. (Mont Blanc, Aiguille Verte, Grand Combin, Mont Vélan, Matterhorn, Weisshorn), and to the N. of the Bernese Alps. — Mont de l'Etoile (11,065'; guide 12 fr.), by the alps Nivaz and Cretaz in 6 hrs., not difficult for adepts; so also the Pointe de Vouasson (11,470'; guide 18 fr.), 6-7 hrs., whence we may descend the Glacier des Aiguilles Rouges to the Alp Lucel (see below) and Arolla.

The Val d'Hérens divides at Haudères (4747'; Hôt. du Mont Collon, pens. 5-6 fr.), 1 hr. to the S. of Evolena: the W. branch is the Combe d'Arolla, the E. branch the Combe de Ferpècle.

(a.) \*Arolla. The bridle-path (from Evolena to Arolla 31/2 hrs.; horse or mule 8, there and back 10 fr.) crosses the Ferpècle at (1 hr.) Haudères, turns to the right, and crosses the Borgne to Pralovin. It then ascends the W. slope of the valley, overlooking the wild ravine, and through wood to the (11/4 hr.) Chapel of St. Barthélemi (5960'), by a huge rock. We next ascend gradually, following the telegraph-poles, past the chalets of Gouille, Satarma, Praz Mousse, and La Montaz, to the  $(1^{1}/_{2} \text{ hr.})$  chalets of Arolla  $(6570'; *Hôt. du Mont Collon, R. 2-5, B. <math>1^{1}/_{2}$ , déj.  $2^{1}/_{2}$ -3, D.  $3^{1}/_{2}$ -4, pens. 6-10 fr.; \*Hôt. Curhaus Arolla, 10 min. higher up, also reached by a direct path from near Satarma, R. 31/2-5, B. 11/2, dej. 31/2, D. 5, pens. 6-12 fr; Engl. Ch. Serv. in summer), amid stone-pines ('Arolla' or 'Alpine cedar'), splendidly situated opposite the grand pyramid of Mont Collon (11,955'), at the base of which the Glaciers d'Arolla (r.) and de Vuibez (l.) unite. To the right rise the rocks of the Serra de Vuibez (10,150') and the snow-clad Pigne d'Arolla (12,470'), and close to the inn is the old moraine of the Glacier de Zigiorenove, which is again beginning to advance.

EXCURSIONS (guides, see p. 348; tariff reckoned from Arolla). To the Lac Bleu de Lucel, a pleasant walk, 1½ hr. (or from Evolena 3 hrs.; without guide). At Satarma, 50 min. from Arolla, a steep ascent to the left (N.W.) to the chalets of Lucel (6820'), just beyond which is the crystal-clear little lake, fed by a brook falling from the rocks. Superb view of Mt. Collon; to the W. tower the Aiguilles Rouges (11,975'); to the left is the Cascade des Ignes, issuing from the Glacier des Ignes.

The Roussette (10,700'; guide 10 fr.), round the W. slope of Mt. Dolin in 3 hrs., or from the W. viâ the chalets of Prazgras and the Glacier des Ignes in 4 hrs., not difficult; view very attractive. — The \*Pigne d'Arolla (12,470'; 6-7 hrs.; guide 25, with descent to Chanrion 35, to Mauvoisin 40 fr.) is ascended by the Glacier de Pièce and the Col de la Vuignette (10,334'); very grand and not difficult for experts; comp. pp. 330, 348. — The Aiguille de la Za (12,050'; 41/2-51/2 hrs.), an interesting ascent for experts, with good guide (25-30 fr.), is made either direct from the W., by the Glacier de la Za (step-cutting for 2-3 hrs.), or from the S. by the Glacier and Col Nord

de Bertol. Either route brings us in 5-6 hrs. to the foot of the last peak; lastly 1/2 hr. of steep rock-climbing. Descent only by the Glacier de Bertol. — The Grande Dent (11,237'; guide 20 fr.), one of the Dents de Veisivi, may be scaled by experts without serious difficulty in 7 hrs. viâ the Alp and Col de Zarmine or de Veisivi (10,045'). The Petite Dent (10,465'; 6 hrs.; 15 fr.) is more difficult. — The Mont Collon (11,955'; 6 hrs; guide 40 fr.), best ascended from the W. side (Col de Chermontane), is only fit for adepts with steady heads; the Evêque (12,265'; 7 hrs.; 25 fr.), rising to the S. of Mt. Collon, is less difficult. — The Dent Perroc (N. peak 11,990'; 7 hrs; 35 fr.; S. peak or Pointe des Genevois 12,070'; 6 hrs.; 30 fr.) and the Dent des Bouquetins (central peak 12,625'; 8 hrs.; 50 fr.) involve difficult climbing but have been materially facilitated by the erection of the Cabane de Neuchâtel on the Col Sud de Bertol (see below). (This hut is also useful for the Aig. de la Za, Dent Blanche, and other ascents.)

Passes. To Prarayé over the Col de Collon, a grand route and not difficult (6-7 hrs. from Arolla to Prarayé; two guides, 25 fr. each). We ascend the Glacier d'Arolla, skirting the E. base of the almost perpendicular rocks of Mt. Collon, noted for their echoes, to the snow-basin of Za-de-Zan and the (3\frac{1}{2}-4\text{ hrs.}) Col de Collon (10,270'), to the S.E. of the Evêque (see above). View grand, but not extensive. Descent on the W. slope of the Becca Vannetta (11,085') to the profound Combe d'Oren and (3 hrs.) Prarayé (6540'; Auberge Rousset), grandly situated in the upper Val Pellina, and in 3 hrs. more (bridle-path) to Bionaz (5250'; beds at the curé's), and thence viâ (1 hr.) Oyace (4485'; cantine) to (1\frac{1}{2}\text{ hr.}) Valpelline (p. 331). — From the basin of Za-de-Zan (see above) we may ascend to the left (steep) to the Col Sud du Mont Brûlé or the Col de Za-de-Zan (10,925'), to the N.E. of Mont Brûlé (11,880'); descent, steep and difficult, to the Glacier de Za-de-Zan (see below) and Prarayé.

To the Val d'Hérémence from Arolla, two passes, close together: the Col de Riedmatten (9567'; 4 hrs. to Liappey), and to the S. of it the Pas de Chèvres (9355'; 31/4 hrs. from Arolla; rather more difficult; guide 20 fr.). From the latter we descend steep rocks and over the Glacier de Durand or Seilon (beware of numerous concealed crevasses) to the (41/2 hrs.) chalets of Seilon (7455'), opposite Liappey (p. 348). (The Riedmatten route does not touch the glacier, but leads over the slopes of débris and turf on its right side.) Then down the Vallée des Dix to (21/2 hrs.) Pralong, see p. 348.—Or, from the Durand or Seilon Glacier (see above) we may ascend to the Col de Seilon (10,665'; 41/2-5 hrs. from Arolla; p. 330), and then either descend the Glacier de Giétroz to (21/2 hrs.) Mauvoisin (p. 329; guide 25 fr.), or cross the Col du Mont Rouge (10,960') and descend the Glacier de Lyrerose to (31/2 hrs.) Chanrion (p. 330; guide 25 fr.).

To Chanrion over the Col de Chermontane, 7½-8 hrs., a somewhat dull glacier-route (guide 25 fr.). We ascend the Glacier de Pièce, or Torgnon, to the Col de la Vuignette (10,334), at the E. base of the Pigne d'Arolla (p. 349); then by the Glacier de Vuibez to the Col de Chermontane (10,120'), between the Petit Mt. Collon (11,630') and the Pigne d'Arolla. Striking view. Descent across the vast snow-fields of the Glacier d'Otemma to Chanrion (p. 330). — A similar pass is the Col de l'Evêque (11,485'; 8½-9 hrs. to Chanrion; guide 30 fr.). Over the Glacier d'Arolla to the (4 hrs.) Col de Collon, see above; here we ascend to the right to the (1 hr.) Col de l'Evêque (11,130'), lying to the S.W. of the Evêque (see above), cross a snow-arête between the (1.) Sengla (12,155') and the (r.) Petit Mont Collon (see above) to the Glacier d'Otemma, and descend as above to (3½-4 hrs.) Chanrion.

To Zermatt over the Col de Bertol and the Col d'Hèrens, 10-11 hrs., fatiguing but repaying (guide 30 fr.). A new path ascends along the left side of the valley above the Arolla Glacier, then crosses the glacier obliquely, and ascends in easy zigzags to the (21/2 hrs.) Plan de Bertol (8580'), whence we climb to the left over rocks and the steep Glacier de Bertol to the (21/2 hrs.) Col Sud de Bertol (11,230'), with the Cabane de Neuchâtel (11,155'; see above) We then cross the vast snow-fields of the Glaciers du Mont Miné and de Ferpècle, past the Tête Blanche (which takes 1/2 hr. more to ascend; see p. 351), to the Col d'Hérens (p. 352). — Over the Col du Mont Brûle

AND THE COL DE VALPELLINE, another grand route, 11-12 hrs. (guide 40 fr.). We follow the Col de Collon route to the basin of Za-de-Zan, ascend steeply to the left to the Col Nord du Mont Brülé (10,900'), cross the crevassed upper Za-de-Zan Glacier (passing on the left the Col des Bouquetins, p. 352), and mount laboriously to the Col de Valpelline (11,685'), between the Tête Blanche (12,304'; ascended from the col in 3/4 hr.; splendid view) and the Tête de Valpelline (12,510'). Then a steep descent by the Stock Glacier to the Stockje (p. 352).

(b.) \*Ferpècle. (Bridle-path, 2½ hrs. from Evolena; horse or mule 8, there and back 10 fr.) At (1 hr.) Haudères, by the third house, before the bridge (p.349), we diverge to the left, ascend gradually, then more rapidly, passing four, and beyond them six chalets. Beyond the next rocky height we ascend to the left to (3/4 hr.) Sepey (5580'), where the bridle-path from Evolena viâ La Sage and Forclaz (see p. 348; ½ hr. longer, but finer) joins ours on the left. The imposing head of the valley (Glacier de Ferpècle and Dent Blanche) is now revealed, the view being finest from the (10 Min.) chalets of Prazfleuri, the second group beyond Sepey. Then through wood to (½ hr.) the chalets of Salay or Ferpècle (5910'; Hôt. du Col d'Hêrens, R. 2½-3, B. ½, déj. ½, D. 3, pens. 6½-7 fr.; Engl. Ch. Serv.), splendidly situated opposite the Mont Miné and Ferpècle Glaciers.

Just above the inn a narrow path ascends to the left through larchwood and over débris and pastures to (1½ hr.) \*Alp Bricolla (7960'), a superb point of view. At our feet lies the huge Ferpècle Glacier, overtopped by the snow-clad Wandfluh; to the left rise the huge Dent Blanche and the Grand Cornier. To the right, separated from the Ferpècle Glacier by Mont Miné, is the Glacier du Mont Miné, with the Dents de Bertol, Aiguille de la Za, and Dents de Veisivi.

ASCENTS. Dents de Veisivi (Grande Dent, 11,237', vià the Col de Zarmine in 51/2-6 hrs., not difficult for experts; Petite Dent, 10,465', 61/2-7 hrs., difficult, see p. 350). — Pointe de Bricolla (12,017'; 6-7 hrs.; 35 fr.), vià the Col de la Pointe de Bricolla (see below), trying but remunerative. — Grand Cornier (13,020'), from Ferpècle by the Col de la Pointe de Bricolla and the W. arête in 7-8 hrs., toilsome, but without danger (guide 35, with descent to Mountet 45 fr.). The route from the Col du Grand Cornier (see below) vià the S. arête is much longer and more difficult. — Dent Blanche (14,318'; 10-12 hrs. from Ferpècle; guide 80 fr.), very difficult vià the W. arête; better by the Ferpècle Glacier to the S. end of the Wandfluhgrat, then up this and the S. arête. The ascent is easier from Arolla, with a night spent in the Neuchâtel Hut (p. 350; 6-8 hrs., in all 11-12 hrs.; guide 80 fr.).

Passes. To Zinal over the Col du Grand Cornier, 10-11 hrs., not very difficult (guide 30 fr.). Beyond (1½ hr.) Bricolla (see above) we turn to the E. to the Glacier de la Dent Blanche, and ascend it rapidly to the (3½ hrs.) Col du Grand Cornier (marked Col de la Dent Blanche on the Siegfried Map; 11,628'), between the Dent Blanche and the Grand Cornier. We descend to the right, along the arête and over steep snow-slopes, passing the Roc Noir, to the (2½ hrs.) Mountet Club Hut (p. 355) and (3½ hrs.) Zinal (p. 354). — Over the Col de la Pointe de Bricolla, 10 hrs. to Zinal (guide 35 fr.), fatiguing. From (1½ hr.) Bricolla (see above) we ascend to the N.E. across the Glacier de Bricolla and over steep rocks, partly covered with ice, to the (3½ hrs.) Col de la Pointe de Bricolla (about 11,800'; splendid view), immediately to the E. of the Pointe de Bricolla (12,015'). We descend across the Glacier de Moiry, and by the Col de l'Allée and the Alp de l'Allée to (5 hrs.) Zinal. With this excursion may be easily combined the ascents of the Pte. de Bricolla, the Grand Cornier (see above), the Bouquetin (11,430'), and the Pigne de l'Allée (11,168'). — Over the Col de Couronne and the Col de l'Allée, see p. 355.

To ZERMATT OVER THE COL D'HERENS, 11-12 hrs., fatiguing (guide 30 fr.). From (11/2 hr.) Bricolla in 1 hr. to the Ferpècle Glacier, which we ascend, passing to the E. of the rocky Mottarotta (10,740), to the (3 hrs.) Col d'Hèrens (11,418), between the Wand fluh and the Tête Blanche (12,304; easily ascended from the pass in 3/4 hr.; grand view; we may descend to the Col de Valpelline, and regain the Zermatt route at the Stockje; this adds  $1^{1}/_{4}$ - $1^{1}/_{2}$  hr. to the route; see p. 351, Col de Valpelline). To the E. towers the stupendous Matterhorn. From the pass we descend steep rocks and the crevassed Stock Glacier to the (1 hr.) Stockje (9052'), a rocky island at the head of the Zmutt Glacier, between the Stock Glacier (left) and the Tiefen-matten Glacier (right). The club-hut was destroyed in 1891. We descend he stone-covered Zmutt Glacier (fatiguing), and regain a firm footing at the (2<sup>1</sup>/<sub>2</sub>-3 hrs.) Staffel Inn (p. 363). Thence to Zermatt, 1<sup>1</sup>/<sub>2</sub> hr.

To Praraye over the Col des Bouquetins (10-11 hrs.; guide 35 fr.), also fatiguing. Either by the Col d'Hérens route (p. 350), or by the left moraine along the Mont Miné, we ascend to the upper Mont Miné Glacier, and to the right to the Col des Bouquetins (11,215'), immediately to the E. of the Dent des Bouquetins (12,625'). Descent over the Glacier de Za-de-Zan

to *Prarayé* (p. 350).

FROM EVOLENA TO VISSOYE OVER THE COL DE TORRENT, bridlepath, 9 hrs. (guide, desirable, 14, horse 25 fr.). Walkers ascend direct to (1 hr.) Villa (p. 348). Riders follow the road to (22 min. from Evolena) a tall wooden cross, at which the bridle-path diverges to the left. 40 min. La Sage (5482'), where we turn to the left just above the church;  $\frac{1}{4}$  hr. Villa (5645'), where we turn to the right a few yards beyond the fountain. We next ascend the Alp Cotter in long zigzags, and then across slate-débris, to the (3½ hrs.) \*Col de Torrent (9593'), to the S. of the Sasseneire (see below). Splendid view of the Val d'Hérens and the grand mountains encircling it (from right to left: Pointe de Vouasson, Aiguilles Rouges, Mt. Pleureur, Mt. Blanc de Seilon, Serpentine, Pigne d'Arolla, Dents de Veisivi, Dents de Bertol, Mont Miné, Tête Blanche, etc.).

The \*Sasseneire (10,693'), 1 hr. from the col (guide desirable), affords a magnificent panorama: to the N. the Jura appears like a blue line beyond the Col de Cheville (p. 282); to the S. the attention is chiefly arrested by

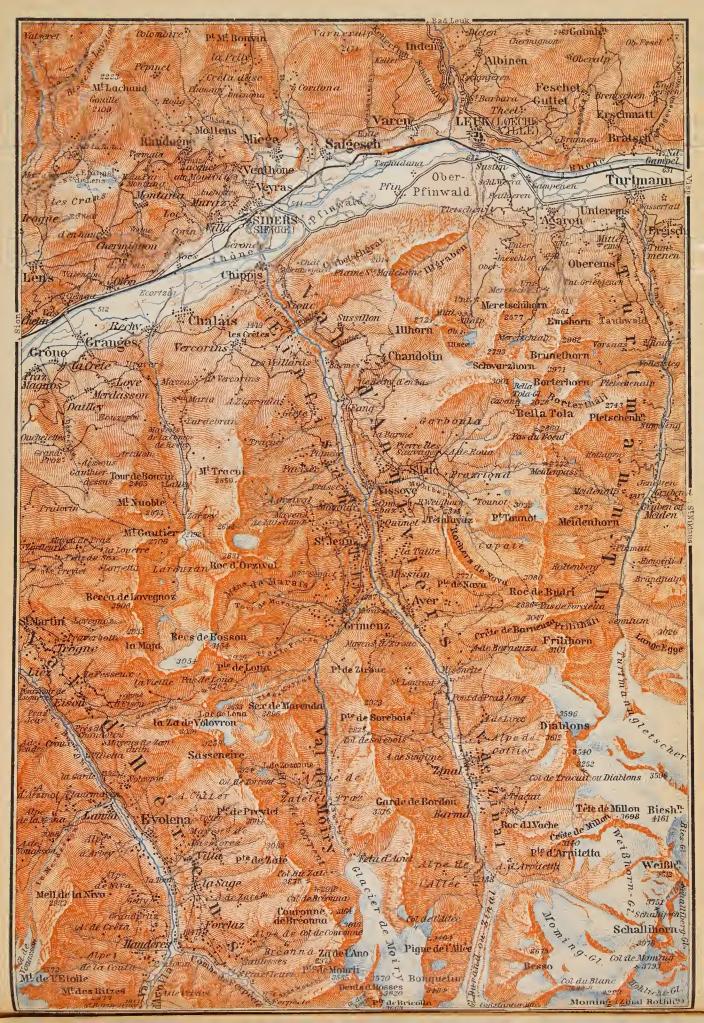

the Dent Blanche, which is not visible from the col.

To the N. of the Sasseneire another attractive route crosses the Pas de Lona (9075') to the Val d'Anniviers (from Evolena to Vissoye 8 hrs.; guide 15 fr.). The Becs de Bosson (10,348'; superb view) may be ascended from the pass in 11/2-2 hrs. (with guide). — Col du Zaté and Col de Bréonna, see p. 355.

The path descends in long windings, passing the N. side of the little Lac de Zozanne (8870'), in full view of the lofty range between the Anniviers and Nicolai valleys (Ober-Gabelhorn, Trifthorn, Rothhorn, Weisshorn, Brunnegghorn, Diablons), to the Torrent-Alp (7940') and the (11/2 hr.) chalets of Zatelet-Praz (7085'), in the Val de Moiry or Val de Torrent, watered by the Gougra.

ZINAL (p. 354) may be reached from this point in 31/2 hrs. (instead of by the usual route viâ Grimentz, see p. 353) by remounting the E. slope of the valley and crossing the Col de Sorebois (9269'). From the \*Corne de Sorebois (9590'), 1/4 hr. to the N. of the pass, we obtain a splendid view of the Weisshorn, Zinal-Rothhorn, Gabelhorn, Grand Cornier, Dent Blanche, etc. Descent by an easy path to the right, or (shorter, with guide) direct, finally through wood, to Zinal.

We now traverse a level and monotonous valley, and descend a rocky defile to  $(1^{1}/_{2} \text{ hr.})$  Grimentz (5150'; see below). Thence viâ St. Jean to (1 hr.) the bridge over the Navigenze (3743') and to (1/4 hr.) Vissoye (see below). - From Grimentz to (2 hrs.) Zinal, see below.

### b. From Sierre through the Val d'Anniviers to Zinal.

Road to (12 M.) Vissoye (horse 10, one-horse carr. 12 fr.); thence bridle-

path to (9 M.) Zinal.

Sierre, p. 332. We follow the road, to the E., to the  $(1^{1}/_{4} M.)$ Rhone Bridge (1775'), and 1/2 M. beyond it we diverge to the right and ascend rapidly through wood. Below, to the right, lies Chippis, at the influx of the Navigenze into the Rhone. After an ascent of  $2^{1}/_{2}$  M. we enter the Val d'Anniviers (Ger. Einfisch-Thal; 3050'), with the deep, inaccessible gorge of the Navigenze to the right. To the S. the beautiful snow-mountains enclosing the valley, the Zinal-Rothhorn, Trifthorn, Besso, Dent Blanche, etc., are gradually revealed. Beyond (11/4 M.) Niouc (Cantine des Alpes, dear) the road is carried by galleries across the two wild ravines of the Pontis.

A direct route to Niouc for walkers diverges to the right beyond the Sierre station, passes under the railway-embankment, and crosses a hill to the new Rhone bridge and (20 min.) Chippis. Beyond the second house we turn to the left and cross the Navigenze; then, leaving the church to the left, a narrow path following the telegraph-wires, frequently crossing the road, and at length uniting with it, leads us to (11/4 hr.) Niouc.

A path, diverging to the left beyond the first gorge (see above), leads from Niouc by Sussillon (4545') in 3 hrs. to the village of Chandolin (6340'; \*Hôt. de Chandolin; Engl. Church, opened in 1899), in a lofty but sheltered situation (extensive woods near), commanding a beautiful view of the Val d'Anniviers, the Rhone Valley, and the Bernese Alps. From Chandolin a good path through pine-forest, with beautiful views, descends to St. Luc in 3/4 hr. — Pleasant walk, for the most part through wood, from Chandolin to the (3/4 hr.) Plaine Ste. Madeleine (6608'), situated on the margin of the huge Illgraben (p. 333), high above the Rhone Valley. — The \*Illhorn (8935'), which overlooks the Illgraben, the Rhone Valley, and the Bernese and Vallegian Alps, is easily accorded from Chandolin in 21/6 hrs. and Valaisian Alps, is easily ascended from Chandolin in 21/2 hrs.

To the right below the road (31/2 M.) is the prettily situated village of Fang. (Travellers bound for St. Luc take the bridle-path to the left, 1/4 hr. farther on; to St. Luc 11/2 hr.; see p. 356.) The road follows the valley, crossing several small ravines. On the opposite slope lies Painsec (p. 354). — 3 M. —

12 M. Vissoye (4006'; \*Hôt.-Pens. d'Anniviers, R. 21/2, D. 31/2, pens. 6-8 fr.; \*Hôt. des Alpes, pens. 5-6 fr.), the capital of the valley, on a hill on the right bank of the Navigenze, with a handsome church.

Pleasant walk over the Navigenze (see above), and then to the left, to St. Jean and (1½ hr.) Grimentz (5150'; \*Hôt.-Pens. des Becs de Bosson, pens. 5 fr.; Eng. Ch. Serv.), a prettily situated village, well adapted for a sojourn. The (1¼ hr.) Signal affords a fine view of the entire Val d'Anniviers, extending on the S. to the Diablons, Weisshorn, and Rothhorn. Pleasant excursions may be made to the Corne de Sorebois (9590'; 3½ hrs.; guide); Roc d'Orzival (9288'; 3 hrs.; guide); Glacier de Moiry (4 hrs.); and Becs de Bosson (10,348'; 5 hrs.; guide). Over the Col de Torrent (Sasseneire) or the Pas de Lona to Evolena, see p. 352. — To Zinal (2 hrs.). The path, most of which is shady, descends to the left at the church of Grimentz, crosses

the turbulent Gougra (waterfalls), and traverses woods of larch and fir, at first along an irrigation ditch and then on the left bank of the Navigenze.

After 11/4 hr. it joins the main route from Vissoye to Zinal (see below).

Another attractive walk ascends from the Navigenze bridge (p. 353) to the right, by Mayoux and Frasse, to (1 hr.) Painsec (4297), a picturesquely situated village, with a fine view of the snow-mountains above Zinal. A good path leads thence to the N. to (2 hrs.) Vercorins (4400'), with a view of the mountains to the N. of the Rhone Valley, and then down to Chippis

(p. 353) and (2 hrs.) Sierre (p. 332).
About 21/2-3 hrs. above Vissoye (bridle-path, diverging to the left at the upper end of the village from the Zinal route, beyond the bridge over the Torrent de Moulin, and ascending mostly through wood) is the \*Hôtel Weisshorn (7694'; R. 4, déj. 31/2, D. 4, pens. 7-10 fr.; Engl. Ch. Serv. in summer), in an open situation on the Tête à Fayaz, a spur of the Rochers de Nava, with "View and rich flora. Excursions may be taken to the Pointe de Nava (9090'; 11/4 hr.); to the Pte. Tounot (9915'; 21/2 hrs.); to the Lac de Tounot (8726'; 11/2 hr.); to the Pas de Forcletta (p. 357; 2 hrs.); to the Meiden Pass (p. 356; 2 hrs.); to the Bella Tola (p. 356; 3 hrs.), etc.

St. Luc (steep ascent of 1-11/4 hr. from Vissoye), see p. 356; thence to the Hôtel Weisshorn 13/4-2 hrs. To Evolena over the Col de Torrent (91/2 hrs.; guide

14 fr.), see p. 352.

Beyond Vissoye the bridle-path to Zinal crosses the Torrent de Moulin (to the left diverges the path to the Hôtel Weisshorn, see above) and leads viâ Quimet to (50 min.) Mission (4288'), with a curious chapel, at the mouth of the Val de Moiry (p. 352), and (40 min.) Ayer (4870'; Restaurant du Rothhorn), with deserted nickel-mines. (To St. Luc, see p. 356.) The path ascends a little, crosses a torrent, and traverses (1/4 hr.) a stony chaos, the scene of a landslip. It then (25 min.) crosses the Navigenze by the Pont du Bois (5155'), passes the chapel of St. Laurent (5160'), on the left bank, recrosses by the (35 min.) second bridge to the right bank, and reaches (25 min.) -

9 M. Zinal (5505'; \* Gr.-Hôt. des Diablons, R. 21/2-3, B. 11/2, D.  $3^{1}/2$ , pens. 6-10 fr.; \*Hôt.-Pens. Durand, pens. 5-7 fr.; \*Hôt. du Besso, pens. 5-7 fr., well spoken of; Engl. Ch. Serv. in summer). The valley ends towards the S. in the Durand or Zinal Glacier.

EXCURSIONS (guides: Elie and Joachim Peter, Elie Cotter, Joseph Monnet, Jean-Bapt., Daniel, and Pierre Epiney, etc.). The \*Alpe de l'Allée (7180'), to the W., above the lower end of the glacier, 2 hrs. from Zinal (guide, 5 fr., unnecessary), commands a noble survey of the head of the valley, from the Dent Blanche to the Weisshorn, and of the glaciers of Durand and Moming, separated by the graceful double-peaked pyramid of the Besso (12,058'). After 1/4 hr. we cross to the left bank, and traverse pastures, past the chalets of Barma; 1/2 hr., fragments of rock, where we ascend gradually; 20 min., a ravine with a waterfall above; 3 min., a stone hut on the first mountain-terrace. Then a rather steep ascent to the right; 3/4 hr., to the left; 10 min., chalet.

The \*Alpe d'Arpitetta (7420'), opposite the Alpe de l'Allée, to the E., affords an even finer view, particularly of the Weisshorn, the Moming Glacier, and the Rothhorn. We follow the path to the Alpe de l'Allée as far as the stone hut mentioned above; beyond it we take the path to the left, cross the terminal moraine of the Durand Glacier, and ascend to the (2<sup>1</sup>/<sub>4</sub> hrs.) chalets. — A still more imposing and complete view is gained from the \*Roc de la Vache (8488'), ascended from the Alp in 1 hr. (guide 6 fr.). The descent may be made to Zinal viâ the Tracuit Alp in  $1^{1}/_{2}$  hr. (better in the reverse direction). — Good walkers should extend the excursion up the Durand Glacier to the Constantia Club Hut

or Cabane du Mountet (9475'; inn in summer), at the S. base of the Besso (4 hrs. from Zinal; guide 10 fr.), overlooking the grand amphitheatre of the glacier, encircled by the Rothhorn, Trifthorn, Gabelhorn, Dent Blanche, Grand Cornier, and Bouquetin. The view is still grander from the Roc Noir (10,263'), rising from the ice opposite the Mountet, reached in 11/4 hr. from the club-hut (guide from Zinal 12 fr.).

ASCENTS. The \*Corne de Sorebois (9590'), from Zinal in 33/4 hrs., with guide (6 fr.), easy and attractive, see p. 352. A much finer mountain-view is obtained from the Garde de Bordon (10,880'), reached in 1½ hr. from the (3½ hrs.) Col de Sorebois viã the arête, for adepts only (guide 12 fr.). The direct ascent from Zinal is very steep. — Pointe d'Arpitetta (10,300'), from the Alp Arpitetta 3 hrs. (guide 10 fr.), laborious. — Besso (Obêche; 12,058'), rather steep and toilsome, for experts only (3-4 hrs. from the Mountet Club Hut; guide 30 fr.); view exceedingly grand. — Pigne de l'Allèe (11,168'), from Zinal by the Alp de l'Allèe in 6-7 hrs. (guide 15 fr.), and Bouquetin (11,430'), from Zinal over the Col de l'Allèe and the Glacier de Moiry in 7 hrs. (20 fr.), neither very difficult. — Diablons (11,828'), by the Alp Tracuit in 6 hrs. (15 fr.), laborious. — Grand Cornier (13,020'; 50 fr.), from the Mountet Club Hut by the E. arête in 5-6 hrs., the last part difficult (p. 351). — Zinal-Rothhorn or Moming (13,855'; 80 fr.), a difficult and hazardous climb (from the Mountet Club Hut over the Col du Blanc, 12,080', and the N.W. arête, or over the W. flank and the S.W. arête in 6-7 hrs.). — Ober-Gabelhorn (13,365'; 70 fr.), from the Mountet Club Hut by the W. arête in 5½-6 hrs., also very difficult. Comp. p. 365. — Dent Blanche (14,318'), by the E. arête in 10 hrs. (guide 100 fr.), very hazardous and difficult (pp. 351, 366).

PASSES. To EVOLENA over the Col de Sorebois and Col de Torrent, see p. 352; by the Col du Grand Cornier and the Col de la Pointe de Bricolla, see p. 351; by the Pas de Lona, see p. 352. — OVER THE COL DE L'ALLÉE AND THE COL DE COURONNE, 10-11 hrs. (guide 20 fr.), trying, fit for adepts only. From the Alp de l'Allée we ascend steep grassy and rocky slopes to the Col de l'Allée (10,485'). Descent to the Glacier de Moiry, and another steep ascent to the Col de Couronne (9895'), between the Couronne de Bréonna and the Za de l'Ano. Then a steep descent to the Alp Bréonna, and by La Sage to Evolena (p. 348). — Instead of the Col de Couronne we may cross the Col de Bréonna (9575'), lying to the N., between the Couronne de Bréonna and the Serra Neire, or the Col du Zaté (9433'), between the Serra Neire and the Pointe du Zaté (both toilsome).

To Meiden in the Turtmann Valley over the Pas de Forcletta or the Col de Tracuit (des Diablons), see p. 357.

To Zermatt over the Triftjoch, 11-12 hrs., difficult (guide 30 fr.). From the (4<sup>1</sup>/<sub>2</sub> hrs.) Mountet Hut (p. 351) we traverse the Durand Glacier, to the E., to the (1<sup>3</sup>/<sub>4</sub> hr.) foot of the precipitous rocks of the Trifthorn (12,260'), and clamber up, at first with the aid of an iron chain, and then along narrow ledges of rock and through perpendicular couloirs. The (1<sup>1</sup>/<sub>2</sub> hr.) Triftjoch (11,615'), between the Trifthorn and the Wellenkuppe, affords a striking view of Monte Rosa and the Mischabel. Then down the Trift Glacier and its huge moraine to (4 hrs.) Zermatt (p. 359).

To Zermatt over the Col Durand, 12-13 hrs., also difficult (guide 35 fr.). From the (4½ hrs.) Mountet Club Hut we ascend to the S., passing the Roc Noir (see above), at first gradually, but soon rapidly, and in some years with difficulty (large 'bergschrund'), to the (4 hrs.) Col Durand (11,398'), between Mont Durand (Arbenhorn; 12,284') and the Pointe de Zinal (12,487'), with a striking view of the Matterhorn towering opposite. Descent, not direct over the Hohwäng Glacier to the Zmutt Glacier, as the lower part of the former is much crevassed, but to the left, along the rocks of the Ebihorn (11,968'), to (3½-4 hrs.) Zmutt (p. 363) and (1 hr.) Zermatt (p. 359).

To Randa over the Moming Pass (12,445'), between the Rothhorn and Schallihorn (14 hrs.; guide 50 fr.), or over the Schalli-Joch (12,305'), between the Schallihorn and Weisshorn (13 hrs.; 50 fr.), both difficult and endangered by falling ice.

93 \*

From Zinal to St. Luc (31/4 hrs.). We return to (11/2 hr.) Ayer (p. 354), ascend to the right, and skirt the hillside, traversing pastures and wood (guide, desirable, 5 fr.; or enquiry may be made at Ayer). — From Zinal to the *Hotel Weisshorn* (p. 354) direct in 4 hrs. (guide, desirable, 8 fr.).

### c. St. Luc; Bella Tola; over the Pas du Bœuf (or the Meiden Pass) into the Turtmann Valley, and over the Augstbord Pass to the Valley of the Visp.

Drive from Sierre to Vissoye, 11 M.; walk up to St. Luc, 11/4 hr. (from Sierre direct to St. Luc 5 hrs., horse 10 fr.; comp. p. 353). Luggage under 10 lbs. may be sent by post. Ascent of the Bella Tola from St. Luc 31/2-4 hrs.; from the Bella Tola to Meiden over the Pas du Bœuf in 3 hrs. (guide 15 fr.); or from St. Luc direct over the Meiden Pass to Meiden in 5 hrs. From Meiden over the Augstbord Pass to St. Niklaus 6 (with Schwarzhorn  $7^{1/2}$ ) hrs. (guide 15, horse 30 fr.).

St. Luc (5390'; \*Hôt.-Pens. Bella Tola, R. 2-3, déj. 3, D. 4, pens. 5-6 fr.; \*Gr.-Hôt. du Cervin, pens. from 6 fr.; Engl. Ch. Serv. in summer), lying on a steep slope, amid pastures and fields, commands a superb view of the Val d'Anniviers and the snow-mountains at its head (Schallhorn, Besso, Ober-Gabelhorn, Mont Durand, Matterhorn, and Pointe de Zinal).

The Pierre des Sauvages (5623'), 1 M. above the village, is an ancient altar-stone, ascribed to the 'Druids'. — An easy and well-shaded bridlepath leads in 11/4 hr. from St. Luc to Chandolin (p. 353).

The \*Bella Tola (9845'; 31/2-4 hrs.; guide, 8 fr., desirable for novices; horse 10 fr.), an admirable and favourite point of view, is the N.W. peak of a group of mountains enclosing the large crater-like basin of the Bella Tola Glacier on the S. side. Fifty paces beyond the church the bridle-path ascends to the left, and (1 min.) again to the left (while the path to the right leads to the Hôtel Weisshorn, p. 354); 20 min., to the left; 35 min., cross two brooks; then ascend to the right towards the 'Chalet Blanc', a white hut on the Alp de Roua (7135'), which we leave to the right (1/2 hr.); next to the left, up the pastures, straight towards the centre of the Bella Tola; 11/4 hr., we reach its base, and by a good zigzag path (1 hr.) the summit. This N.W. peak is marked by a metal vane. Another path ascends the (1/4 hr.) S.E. peak (9935'). The \*View embraces the whole of the Bernese and Valaisian Alps; opposite, to the N., the whole gorge of the Dala is visible, up to the Gemmi. The mountains to the S., from Monte Leone to Mont Blanc, are particularly grand.

To reach the Turtmann Valley we descend direct from the S.E. peak to the (1/2 hr.) Pas du Bœuf (9380'). Hence (keeping to the right) we follow the path over débris, denoted by red crosses, to (3/4 hr.) the Meiden Pass route, above the small lake (p. 357), and

to (13/4 hr.) Meiden (p. 357).

The direct bridle-path from St. Luc to Meiden crosses the Meiden or Zmeiden Pass (9095'; 5 hrs.; guide, hardly needed, 12 fr.). At the (11/2 hr.) Alp de Roua (see above), we diverge to the right from the Bella Tola route, cross the pastures of Prazriond (to the right,

the Pointe Tounot, 9915'), and ascend over rocky débris to (13/4 hr.) the pass. Fine view of the Weisshorn, Brunnegghorn, etc. We descend past a small lake (with the Meidenhorn, 9425', on the right) to the Upper (7670') and Lower Meiden Alp (7352'; fine view of the great Turtmann Glacier, see below). Lastly a zigzag descent, through larches and stone-pines, to the hamlet of (13/4 hr.) Meiden or Gruben (5900'; \*Hôt. du Glacier de Tourtemagne, R. 21/2-5, déj. 21/2-31/2,D. 4-5, pens. 6-10 fr.; Hôt. Schwarzhorn, unpretending; Engl. Ch. Serv. in Aug.), in the Turtmann Valley.

The Turtmann Valley ends to the S. in the magnificent Turtmann Glacier, imbedded between the Diablons (11,828'), Weisshorn (14,805'), Brunnegghorn (12,630'), and Barrhorn (11,880'). At its base lie the chalets of Sennthum (11/2 hr. from Meiden). A toilsome but interesting route crosses this glacier and the Col de Tracuit or des Diablons (10,675'), between the Diablons and the Tête de Millon, to Zinal (9-10 hrs. from Meiden; guide 20 fr.). The Tête de Millon (12,130'), a good point of view, is easily ascended from the pass in 13/4 hr., with guide, and the Diablons (11,828') by the S.E. arête, with more difficulty, in 2 hrs. (with guide; see p. 355).

FROM MEIDEN TO VISSOYE OVER THE PAS DE FORCLETTA, 8 hrs., not difficult, and fairly interesting (guide 15 fr.). By the Lower Plumatt-Alp, 1/2 hr. above Meiden, we ascend to the right through wood to the (1 hr.) Upper Plumatt (7355'), with a fine view of the Turtmann Glacier, Weisshorn, etc. Then past the Kaltenberg-Alp (8152') and through a dreary valley to the (21/2 hrs.) Pas de Forcletta (9475'), between the (r.) Roc de Budri and the (1.) Crête de Barneuza (9997'). Fine view of the Valaisian and Bernese Alps. Descent to the Hôtel Weisshorn and (4 hrs.) Vissoye (p. 353).

FROM MEIDEN TO TURTMANN, 31/2 hrs. (guide, 6 fr., needless; mule 10 fr.). The bridle-path follows the right bank of the *Turtmannbach*, crossing to the left bank after 1/2 hr., recrossing to the right bank at (1/2 hr.) Niggeling, and to the left bank again by the (1/2 hr.) Vollensteg. Thence through the Taubwald or Dubenwald, a pine-forest now much thinned. In the middle is a little white chapel with numerous votive tablets. At  $(1^1/2 \text{ hr.})$  Tummenen (3200') we recross the stream, by the second bridge; then descend the steep right bank of the brook to (1/2 hr.) Turtmann (p. 333).

From Meiden to St. Niklaus (6, with the Schwarzhorn 71/2 hrs.; guide, desirable, 15 or 18 fr.) a bridle-path ascends the steep E. slope of the valley via the Gruben-Alp to the (3 hrs.) Augstbord Pass (9490'), between the Steinthalhorn (10,213'; S.) and the Schwarzhorn (10,512'; N.), affording a fine view of the Fletschhorn and Mischabel.

The "Schwarzhorn (10,512'; 3/4-1 hr.) is easily ascended from the pass. Superb view, finer than from the Bella Tola (p. 356): N., the Bernese Alps, from the Doldenhorn to the Finsteraarhorn; E., the St. Gotthard group, Alps of Ticino, Mte. Leone, Fletschhorn, Weissmies, and the imposing Mischabel; S., Mte. Rosa, Lyskamm, Brunnegghorn, Weisshorn, Dent Blanche, etc.

The path descends over debris (bad for riding) into the Augstbord Valley. We then skirt the Steinthalgrat, to the right, to Jungen (6490'; splendid view of the Visp valley from the church: to the left, the Ried Glacier, Dom, and Grabenhorn; to the right, the Brunnegghorn and Weisshorn; in the centre, the Breithorn and Zwillinge), and descend to (3 hrs.) St. Niklaus (p. 358).

From Meiden to St. Niklaus by the Jung Pass (9822'; 7-8 hrs.; guide 15 fr.), farther to the S., interesting. — The Barrjoch (11,990'), Brunnegg-Joch (11,100'), and Biesjoch (11,644'; difficult) are glacier-passes, fit for experts only, with able guides (40 fr.).

### 83. From Visp to Zermatt.

22 M. RAILWAY in  $2^{1}/_{3}$ - $2^{1}/_{2}$  hrs. (2nd cl. 16, 3rd cl. 10 fr., returntickets 28 fr. 80 c. and 18 fr.), an attractive journey. — The railway from Visp to Zermatt, opened in 1891, combines the ordinary and rack-and-pinion systems, and is worked by engines on Abt's system. Maximum gradient on the ordinary sections, 45:1000; on the rack-and-pinion sections 125:1000.

ON FOOT: from Visp to Zermatt 9½ hrs. (Stalden 2 hrs., St. Niklaus 3 hrs., Randa 5½ M., Täsch 2½ M., Zermatt 3½ M.). Bridle-path to St. Niklaus, carriage-road thence to Zermatt (one-horse carr. 15, two-horse 25 fr.). — The route from Visp to Zermatt, with its picturesque rock-

scenery and waterfalls, is easy and attractive.

Visp (2160'), see p. 334. The railway makes a wide bend, to the S., towards the rapid and turbid Visp, and gradually ascends on the right bank of the stream, which fills the whole bottom of the valley. The train passes under the Neubrücke (2280'), crosses the river by an iron bridge, 40 yds. long, and ascends (rack-and-pinion section, 1050 yds. long) to  $(4^{1}/_{2} M.)$  Stalden (2635'; \*Hôt. Stalden, R.  $2^{1}/_{2}$ -3, B.  $1^{1}/_{2}$ , D. 4, pens. from 5 fr.), a pleasant village situated in a very fertile region, on a mountain-spur, at the foot of which the Saaser Visp and the Matter Visp unite. The valley divides. To the S., between the Nicolai Valley and the Saasthal, rises the snow-pyramid of the Balfrinhorn (12,475'). The culture of the vine extends 2 M. beyond Stalden.

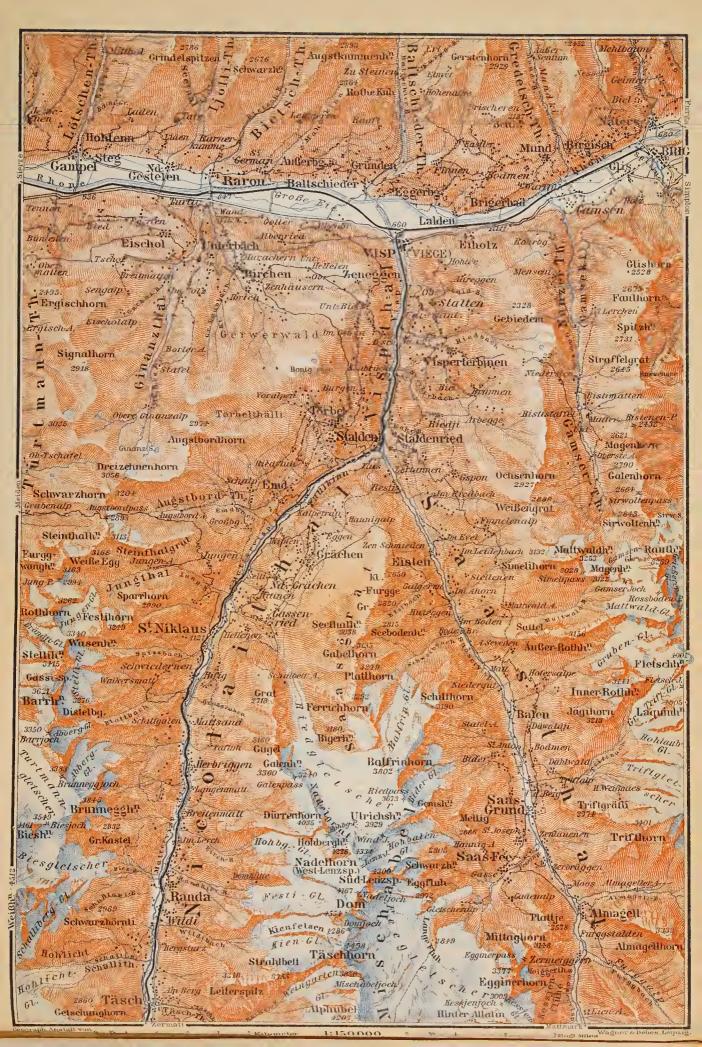

From Stalden to (41/2 hrs.) Saas-Fee, see p. 369.

To the Simplon over the Bistenen Pass, 9-10 hrs., repaying (guide 15 fr.; Joh. Furrer of Stalden; horse 30 fr.). Bridle-path from Visp or Stalden to (2 hrs.) Visperterminen (4395'; \*Pens. Zimmermann, 4 fr.), a village finely situated high above the Visp valley; thence through wood and pastures to (2 hrs.) a pass (about 7200') to the S. of the Gebiedem (7640'; a splendid point of view, easily attained from the pass in 25 min.) and to the (1 hr.) chalets of Bististaffel (6070') in the upper Gamser-Thal; ascent over the Bistenen Pass (7980'), on the N. side of the Magenhorn (8600'), to the Simplon road near the Old Hospice, and descent thence to (4 hrs.) Simplon (p. 337).

Beyond Stalden is another rack-and-pinion section, 1030 yds. long. The train ascends through a rock-cutting and a tunnel to the height of about 2940', and runs level for a time, high on the left side of the deep valley of the Matter-Visp; ahead of us is the Brunnegghorn, with the Weisshorn to its right. Three short tunnels; an imposing viaduct (177' long, 165' high) over the Mühlbach; two more tunnels, and two other viaducts in the gorge of the Faulkinn. At  $(6^1/2 \text{ M.})$  stat. Kalpetran (2905') the floor of the valley is again reached. Above, on the shelving pastures to the right, are the little church and hamlet of Emd (4450'). Another level section follows, after which the line crosses to the right bank and ascends by a rack-and-pinion section,  $1^1/2 \text{ M.}$  long, through the gorges of Kipfen and Seeli, close by the brawling Visp, which here forms a series of falls amidst huge blocks of gneiss. We return to the left bank (to the right, above, the church of Jungen, p. 357), and reach—

10 M. St. Niklaus (3708'; pop. 928; Buffet; \*Gr.-Hôtel St. Nicolas, R. 21/2-31/2, B. 11/2, déj. 31/2, D. 5 fr.; Hôt.-Pens. Lochmatter, R. from 2. B. 11/2, D. 4 fr.; Hôtel-Restaurant Monte Rosa,

R.  $2-2^{1/2}$ , B.  $1^{1/4}$ , D.  $2^{1/2}-3$ , pens.  $5^{1/2}-6$  fr., both well spoken of), formerly named Gassen, the chief place in the valley. Engl. Ch. Serv. in summer. — To Meiden over the Augstbord Pass or the Jung Pass. see p. 357; to Saas over the Ried Pass or Windjoch, see p. 370.

Beyond a short rack-and-pinion section the railway crosses the Blattbach, which descends from the Barrhorn on the right, and then returns by a skew-bridge to the right bank of the Visp. To the right, a lofty waterfall in several leaps. 131/2 M. Herbriggen (4124'). Another steep gradient (1835 yds. long) begins at the chalets of Breitenmatt. High up on the left is the Festi Glacier, descending from the Dom (p. 365); to the right is the Weisshorn (p. 366), with the fissured Bies Glacier; and to the S. rise the Little Matterhorn and the superb Breithorn. Between (16 M.) Randā (4623'; \*Hôt. Weisshorn, R. 11/2-3, dej. 3, D. 4, pens. 6-8 fr.; Eng. Ch. Serv.) and (18<sup>1</sup>/<sub>2</sub> M.) Täsch (4728') a landslip which is said to have buried a whole village is still traceable. A massive embankment carries the line along the right bank of the Visp. To the W. opens the Schalli-Thal, with the Hohlicht Glacier, commanded by the Zinal-Rothhorn; to the E., the Täschthal (p. 370). By the chalets of Zermettje the line crosses the Visp for the last time, and then ascends a gradient, 970 yds. long, on the Bühl, high above the gorge of the boisterous Visp. We then enter a defile, scarcely broad enough for both road and railway. At its end, to the right, the stupendous Matterhorn suddenly comes in sight; in the middle distance lies the Gorner Glacier; and above it stretches the vast Upper Théodule Glacier, with the Little Matterhorn and the Breithorn on the left. The line then passes through a short tunnel and reaches (22 M.) Zermatt (Railway Restaurant, R. 2-4, B. 11/2, dej. 3, D. 4 fr.).

Zermatt. - Hotels. \*Hôtels Mont-Cervin, Zermatt, and Monte Rosa, all belonging to the Seiler family, R.  $3^{1}/_{2}$ -7, B.  $1^{1}/_{2}$ , dej.  $3^{1}/_{2}$ , D. 5, pens. 11-16 fr.; Hôt. Terminus, near the rail. station, R. 2-5, B.  $1^{1}/_{2}$ , dej.  $3^{1}/_{2}$ , D. 5, pens. 9-14 fr. — Outside the village, near the rail. station: \*Hôt. Vic-D. 5, pens. 9-14 fr. — Outside the village, near the rail station: \*Hôt. Victorial & Hôt. D'Angleterre, R. 2-6, B. 1½, déj. 3, D. 4, pens. 8-12 fr.; \*Schweizerhof, R. 3½-5, B. 1½, déj. 3½, D. 5, pens. 8-14 fr.; Hôt. Bellevue, R. 2½-3, B. 1½, déj. 3, D. 4, pens. 7-10 fr.; Hôt. Gornergrat, R. 3-4, B. 1½, déj. 3, D. 4, pens. 6-8 fr. — In the village: Post, R. 3, B. 1½, D. 4, pens. 6-8 fr.; Hôt.-Pens. Suisse, R. 2-2½, B. 1½, déj. 2½, D. 3, pens. 6-7 fr., plain. — \*Hôt.-Pens. Riffelalp (Seiler's), admirably situated 2 hrs. above Zermatt (p. 360), R. 5-7, déj. 3½, D. 5, pens. 11-20 fr. (patronised by the English); Engl. Ch. Serv. in summer. — \*Hôt. Riffelberg or Riffelhaus (Seiler's), 3 hrs. from Zermatt (p. 361), R. 4-6, déj. 3½, D. 5, pens. 10-16 fr.; Engl. Ch. Serv. in summer. — \*Schwarzsee Hotel (Seiler's), 2½ hrs. from Zermatt (p. 363), R. 4-6, déj. 3½, D. 5, pens. 10-15 fr. The Seiler hotels issue coupons for lunch, etc., to their pension guests, which may be used at the Riffelalp, Riffelhaus, and Schwarzsee with an additional payment of 50 c. Visitors' Tax at the Seiler hotels 1 fr. per. week for each person, families of more than 3 pers. 3 fr.; for a shorter stay 20 c. daily for each person. — Bavarian Beer at the Mont-Cervin Hotel.

Post and Telegraph Office near the Mont-Cervin Hotel.

Post and Telegraph Office near the Mont-Cervin Hotel.

Guides abound, and several are firstrate (Alex., Alois, Franz, and Fridolin Burgener; Joseph Truffer; Peter Perren; Gabriel, Heinrich, and Rud. Taugwalder; Felix Julen; Joh. Aufdenblatten; Jos., Raphael, Franz, Alois,

and Peter Anton Biener; Caesar and Salomon Knubel; Fridolin and Alois Kronig; Elias Lauber; Peter Ludwig Chanton; Felix, Friedrich, Joseph, and Ambros. Imboden; Aug. Gentinetta; Clemens, Franz, and Fridolin Perren; Jos., Leo, and Robert Moser; Adolf and Jos. Schaller; Joh. and Ferd. Sommermatter; Jos. Willisch; Quirin Schwarzen, etc.). An agreement should be made with the guide as to the luggage he is to carry. On Sun. the guides do not start till after mass. — Horse to the Riffelalp 8, Riffelberg 10, Gorner Grat 15, Schwarzsee 10, Upper Théodule Glacier 15 fr. — Horses for the Gorner Grat are rarely to be had at the Riffel.

English Church (St. Peter's), opposite the Mont-Cervin Hotel.

DRIED PLANTS from the neighbourhood (an excellent field for botanists), insects, and minerals are sold by Biener. — Tourists' Articles: K. Knecht & Co.

Zermātt (5315'; pop. 752), Piedmontese Praborgne, one of the most frequented spots in Switzerland, lies in a green valley with pine-clad slopes, above which, to the S., rises the snowy Théodule Glacier, commanded by the Breithorn on the left and the huge

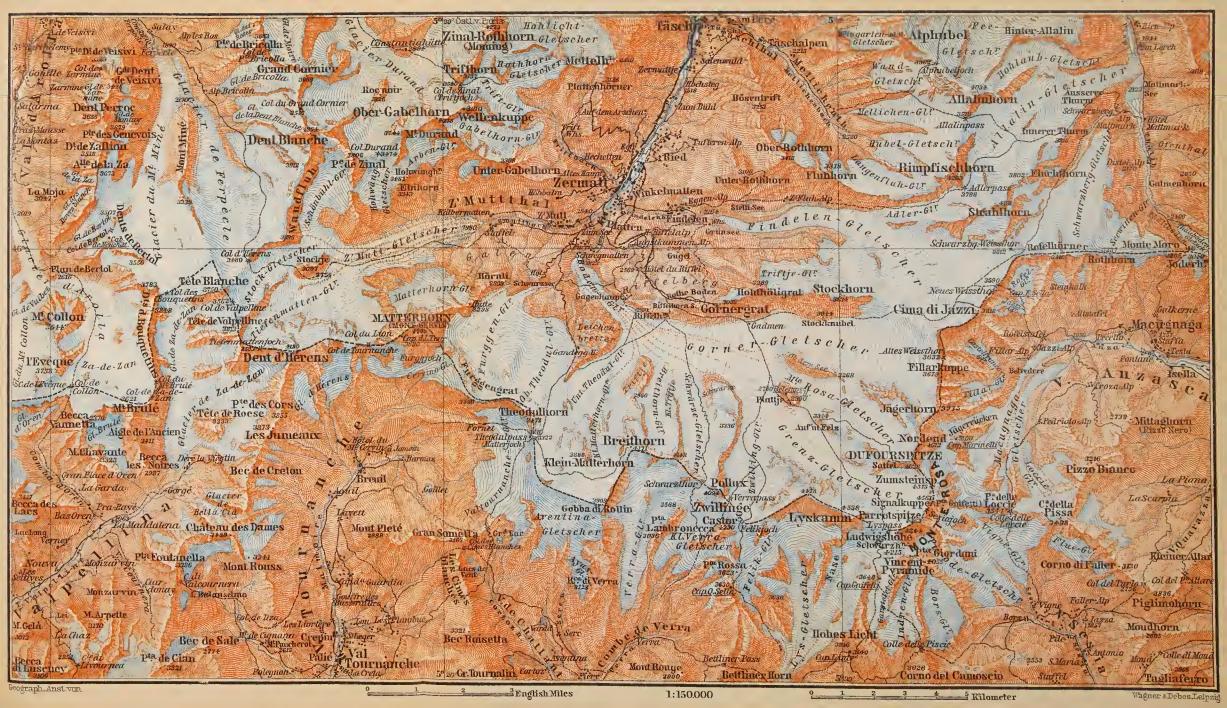

rock-pyramid of the Matterhorn on the right.

Zermatt surpasses the Bernese Oberland in the magnificence of its glaciers, although it is inferior in variety. In no other locality is the traveller so completely admitted into the heart of the Alpine world, the very sanctuary of the 'Spirit of the Alps'. The panorama from the Gorner Grat, in particular, cannot fail to impress the spectator with its unparalleled grandeur. The Hôt. Zermatt contains an admirable \*Relief of the Environs of Zermatt, from the Weisshorn to Macugnaga, by Imfeld (admission gratis). The Churchyard contains the tombstones of M. von Grote (p. 371), Ch.

The Churchyard contains the tombstones of M. von Grote (p. 371), Ch. Hudson and R. Hadow (who perished on the Matterhorn in 1865), W. K. Wilson (Riffelhorn, 1865), H. Chester (Lyskamm, 1869), and (to the right of the church) Michel Croz (p. 366). By the English Church (see above) repose

several other travellers who have perished among the mountains.

EXCURSIONS FROM ZERMATT. Foremost among the attractions are the \*Riffelberg and \*\*Gorner Grat, easily visited by the electric mountain-railway in  $1^{1/2}$  hr. or on foot (bridle-path) in  $4-4^{1/2}$  hrs. — - The \*Gornergrat Railway, opened in 1898 and the highest mountain-railway in Europe (Brienzer Rothhorn 7388'), is a rackand-pinion line propelled by electricity (length 51/2 M.; gradient 16-20 per cent.; fare 12 fr., there and back 18 fr., parties of not less than 5, 16 fr. each). The station is at the lower end of the village, opposite the Visp station. The line crosses the Matter-Visp and ascends to the right along the wooded E. slope of the valley. Opposite, on the right, are the Trift Glacier and the Trifthorn. It crosses the Findelen Valley by a viaduct, 92 yds. long and 197' above the Findelenbach, on the left bank of which are a passing station and the power-house of the railway, fed by this stream. The overflow forms a beautiful cascade in descending into the valley. Farther on we thread three short tunnels on the Schwarze Fluh. To the right opens the view of the Zmutt Valley, with the Hohwang Glacier, and of the rubble-strewn end of the Gorner Glacier. Above the Fällistutz (p. 361) the line bends back by means of the Unteralp Tunnel (218 yds. long); fine view to the left of the entire valley of the Visp. It next passes through a wood of stone-pines and reaches the station of (21/2 M.) Riffelalp (7307'), which is about 1/2 M. from the  $H\hat{o}t$ . Pens. Riffelalp (p. 359; electric railway in 3 min., 1 fr., there and

back 11/2 fr.) and commands a fine view to the N.W. of the Ober-Gabelhorn, Trifthorn, and Zinal-Rothhorn, with the Gabelhorn and Trift glaciers. Farther on we penetrate an old moraine (short tunnel), emerge from the wood, and ascend in a bold curve on the slope of the Riffelberg, with a steadily improving view of the Matterhorn. 4 M. Stat. Riffelberg (8480'), 5 min. above the Hôt. Riffelberg (p. 359). The line now traverses hilly pastures, crossing the old Gorner Grat route several times, to the Rothe Boden (to the right, the Riffelhorn, p. 365). We then proceed high above the Gorner Glacier, with a magnificent view of the huge ice-river and the mountains surrounding it (Monte Rosa, Lyskamm, Zwillinge, Breithorn). The terminus of (51/2 M.) Gornergrat (9908') is 1/4 hr. below the top of the Gorner Grat (see below).

The Bridle Path to the Gorner Grat is still much used in spite of the opening of the railway (to the Riffelhaus 21/2-3 hrs., to the Gorner Grat 4-4<sup>1</sup>/<sub>2</sub> hrs.; guide needless; horse to the Riffelhaus 10, to the Gorner Grat 15 fr.). From the Hôtel du Mont-Rose we follow the road, leaving the church on the left, for 8 min., and cross the Visp; on the right bank we ascend through pastures; 8 min., church of Winkelmatten (5500'). [A pleasanter route to this point leads to the E. from the Mont-Cervin Hotel, crosses the Visp, and ascends to the right over meadows.] We now turn to the right; 2 min., bridge over the Findelenbach; here we turn to the right, cross the pasture to the right, and ascend more rapidly, passing between (8 min.) four huts, to the Obere Moos (guide-post to the Gorner Gorge, see p. 363). The path now ascends to the left on the Fällistutz, wooded with larches and stone-pines; 25 min., a hut above Schwegmatten, whence we observe the lower end of the Gorner Glacier, the Furgge Glacier and in the Zmutt Valley, to the right, the Holwäng Glacier Furgg Glacier, and in the Zmutt Valley, to the right, the Hohwäng Glacier (p. 355); 25 min., chalets on the Augstkummen-Matt (7110'; rfmts.). The steep old path to the Riffel now ascends direct, while the new and easier path to the left describes a wide bend through stone-pines, and passes the (1/4 hr.) "Hôtel Riffelalp (7307'; p. 359), affording a superb view of the colossal Matterhorn, the Zmutt Valley with the Dent Blanche, and the Ober-Glabelt are Trifftham Zinel Rothburn Weischern at Adjacent are on the Ober-Gabelhorn, Trifthorn, Zinal-Rothhorn, Weisshorn, etc. Adjacent are an English and a Roman Catholic chapel, and about 5 min. to the N. is the station of the Gorner Grat Railway (p. 360). Above the hotel the two paths unite, but soon divide again, where we keep to the left (the level path to the right leading to the Gorner Glacier, see p. 362). At the foot of the Riffelberg (12 min.) we cross the brook, and then ascend in easy rigrags (above, to the left, the Gorner Grat Railway) to the (40 min.) Hôtel Riffelberg (\$429'; p. 359), where we enjoy a fine view of the Breithorn and Matterhorn and other peaks. The Gugel (8680'), a height 20 min. to the N.E., commands also the Findelen and Adler glaciers and the Adler Pass. We now ascend to the left over pastures to the (3/4 hr.) Rothe Boden (9125'), with the small Riffelhorn Lakes, at the foot of the abrupt Riffelhorn (p. 365). Lastly, a winding execute over distribution of the Corner Grant winding ascent over débris to the (3/4-1 hr.) summit of the Gorner Grat.

The \*\*Gorner Grat (10,290'; 4975' above Zermatt) is a rocky ridge rising from the plateau of the Riffelberg, and reached from the Riffelhaus in 11/2 hr. It commands a most imposing view (see Panorama), but this has been sadly marred by the erection of the Hôtel-Restaurant Belvédère (R. 7-8, B. 2, déj. 4, D. 5 fr.). The spectator is surrounded by snow-peaks and glaciers. The Mischabelhörner (Täschhorn, 14,758'; Dom, 14,942'), huge spurs of the Monte Rosa extending to the N., between the twin-valleys of Zermatt and Saas, as well as the mountains opposite them (Dent Blanche, 14,318'; OberGabelhorn, 13,365'; Zinal-Rothhorn, 13,855'; Weisshorn, 14,804'), contest the palm with the giants of the central chain themselves. Of the peaks of Monte Rosa itself, the highest (15,217') and two others are alone visible, and it looks less imposing than from the Italian side. The most striking object in the panorama, and the lion of Zermatt, is the Matterhorn (14,780'; p. 366). Around the base of the Riffelberg, from E. to W., winds the huge \*Gorner Glacier, which is joined in its course by six other glaciers; from its base issues the Visp (Matter-Visp).

The views from the \*Hohthäli-Grat (10,790'), the E. prolongation of the Gorner Grat, 1 hr. more (laborious, for climbers only; guide advisable), and from the Stockhorn (11,595'), 1 hr. farther to the W., are still finer; both

embrace the Findelen Glacier also.

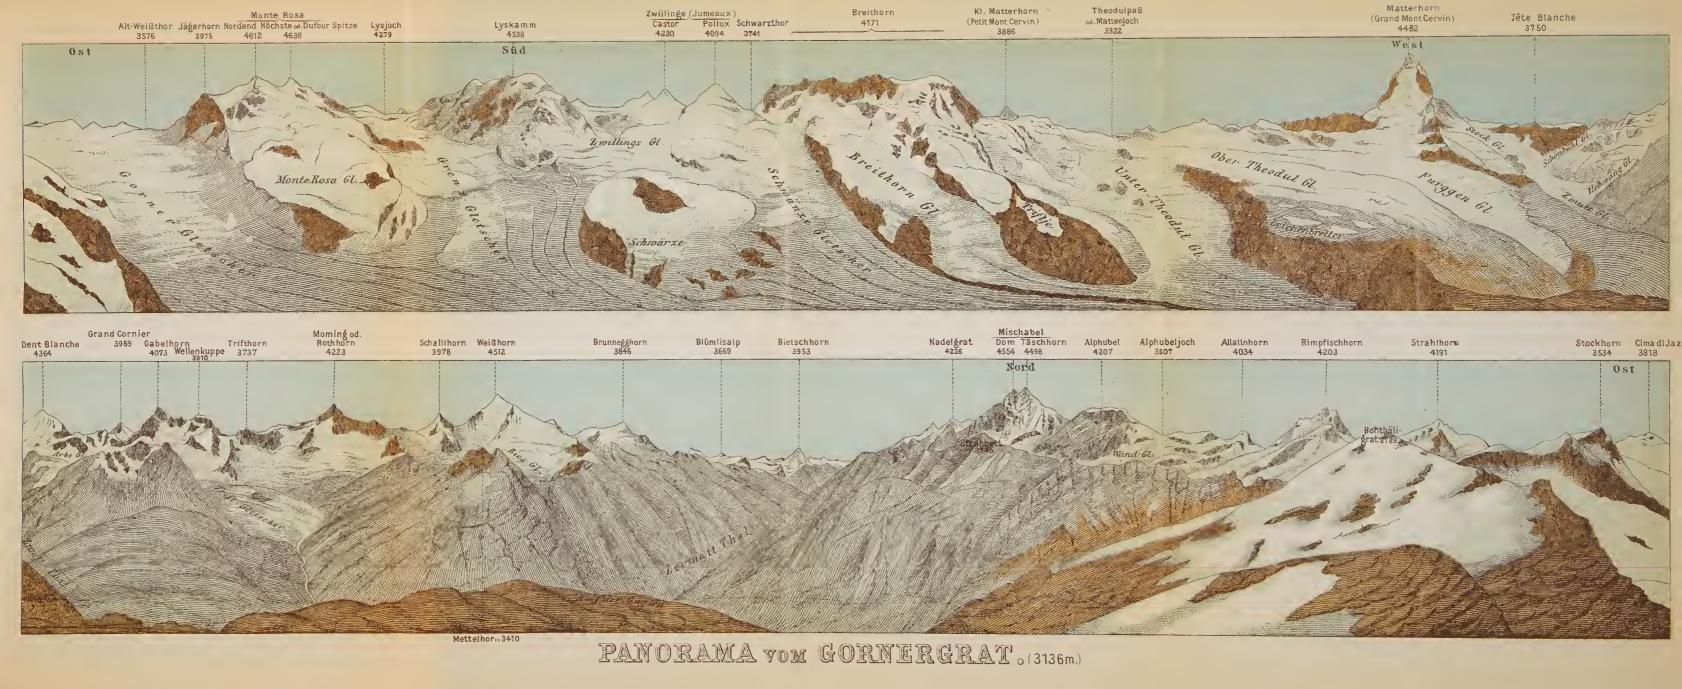

An interesting excursion may be made over the Gorner Glacier to the Bétemps Hut  $(2^1/2-3)$  hrs. from the Riffel Inn, comp. p. 366). A guide is necessary (8 fr.; one enough for several persons) to show the plank-bridges over

crevasses and glacier-torrents.

From the Riffelalp (p. 361) there is another path to the Riffelhaus, 1/2 hr. longer than the above, but more interesting from its frequent proximity to the Gorner Glacier. Above the Hôtel Riffelalp it diverges to the right from the bridle-path and skirts a stony slope (Riffelbord), the haunt of the marmot, at first in the direction of the Matterhorn, then towards the beautiful dazzling snows of the Breithorn, adjoining which, farther on, appear the Zwillinge ('Twins'), E. the Castor (13,880'), and W. the Pollux (13,430'). After 1/2 hr. a path diverges to the right to the Lower Gorner or Boden Glacier, which at this point may be crossed safely (with guide). The path continues to ascend the slope to the left; 12 min., turn to the left; 20 min., Gagenhaupt (8430'), a huge mass of rock to the W. of the Riffelhorn (p. 365); then, to the N., to the (20 min.) Riffelhaus.

The return-route from the Riffel to Zermatt viâ Findelen is recommended (3½ hrs.). We may take the steep new path descending to the right below the Gorner Grat station (finger-post) to (½¼ hr.) the Findelen Valley. It is better, however, to select the easy bridle-path to the right at (½¼ hr.) the Hôtel Riffelalp (p. 361), which descends to the valley past the monument of Mr. T. W. Hinchliff. We then proceed through pinewood to the (¾ hr.) Hôt. du Glacier (pens. 5½-6 fr.), whence we go on, passing the small Grünsee (7580'), to (20 min.) the margin of the large \*Findelen Glacier, which is surrounded by the Rimpfischhorn, Strahlhorn, and Stockhorn; towards the W. tower the Matterhorn, Dent Blanche, Gabelhorn, Rothhorn, and Weisshorn. In the glacier is an artificial ice-grotto (adm. 50 c.). We return from the Hôt. du Glacier by the same path, and after 1 min. descend to the right to the (25 min.) bridge across the Findelenbach, and re-ascend to the village of (6 min.) Findelen (p. 364). Hence a bridlepath, affording a grand view of the Matterhorn and the Zmutt Valley and passing the bridge of the Gorner Grat Railway and the waterfall mentioned on p. 360, descends to (40 min.) Winkelmatten and (¼ hr.) Zermatt.

A pleasant excursion may be made to the Pension Edelweiss on the Altes Haupt (Alterkopf; 6495'), about 50 min. from Zermatt. We turn to the right by the English Church, and ascend to the mouth of the gorge through which the Triftbach descends in a series of falls. We then cross the bridge and follow a zigzag bridle-path to the pension, with view of Zermatt, the Riffelberg, the Breithorn, the Little Matterhorn, and (to the left) the Mischabelhörner. A more extensive view (the Matterhorn, Findelen-Thal, etc.) is obtained from the Edelweisskopf, reached from the pension in 20 min. by a narrow path to the left (to the right is the way to the Trift Hotel, p. 363).

A still grander view, especially of the Matterhorn, is commanded by the Höhbalm (5595'), which is ascended from the Pens. Edelweiss in 2 hrs. (guide, desirable for novices, 5 fr.). — In the picturesque Trift valley, 1 hr. above Pension Edelweiss, lies the Trift Hotel (ca. 7800'; R. 31/2-4, B. 11/2, déj. 21/2-3, D. 4-41/2, pens. 8-10 fr.), the starting-point for the ascents of the Mettelhorn (3 hrs., p. 366), the Ober-Gabelhorn, the Rothhorn, etc. The hotel is also reached from Zermatt in 2 hrs. by a bridle-path over the Balm.

To the Gorner Gorge ( $1^{1}/_{2}$  hr. there and back). We diverge from the Schwarzsee route (see below) after  $^{1}/_{4}$  hr., cross the Zmuttbach by the (3 min.) lower bridge, turn to the left, and reach (7 min.) the entrance (adm. 1 fr.) to the picturesque gorge of the Matter-Visp. Bridges and paths lead to (5 min.) the upper end of the Lower Gorge, whence stairs ascend to the top of the right bank. A shady path leads thence to the (10 min.) Upper Gorge (finer than the lower; 50 c.).

Those who wish to visit the Upper Gorge only need not go through the lower, but may ascend beyond the bridge over the Zmuttbach (see above) by a path to the right, to the hamlet of *Platten* (5780'). Beyond the church they descend to the left, cross the bridge, and then ascend again to the (25 min.) entrance of the gorge. Thence they may return to the bridge and ascend to the right by the *Obere Moos* and the Riffel path (p. 361) to

(3/4 hr.) Zermatt.

To the Staffel-Alp (2 hrs. from Zermatt; guide 5 fr., not necessary). At the refreshment-hut, above (3/4 hr.) Zum See, the path diverges to the right from the Schwarzsee route (see below) and follows the right side of the deep Zmutt Valley, through beautiful stone-pine and larch wood, to the (1¹/4 hr.) Staffel-Alp (7045'; Restaurant, with beds, plain), commanding an admirable view of the huge Matterhorn with its glacier, the rubble-strewn Zmutt Glacier with the Stockje, the Stock Glacier and Tête Blanche, and (r.) the Hohwäng Glacier; behind us, the Rimpfischhorn and Strahlhorn.

From the Staffel-Alp to the Schwarzsee (p. 364), 1½ hr. Over the Col d'Hérens to Ferpècle, see p. 352; over the Col de Valpelline to the Val Pellina or Arolla, see p. 351. A shorter way back leads by the hamlet of Zmutt on the left side of the Zmuttbach, to which we cross by a bold bridge.

To the \*Schwarzsee Hotel (8495'; 21/2-3 hrs.; guide, needless, 6, horse 10 fr.) by a mule-path, very attractive. The path, which as far as Hermättje is also that to the Théodule Pass (p. 364), ascends the left bank of the Visp (after 1/4 hr., avoid descent to the left to the Gorner Gorge), crosses the Zmuttbach by the upper bridge (charming view of the finely wooded Zmutt Valley, with the Matterhorn towering above it), and ascends to (25 min.) the hamlet of Zum See (about 5900'), in the middle of which the path again forks, the bridle-path leading to the left and a direct path over meadows to the right. After 7 min. the paths re-unite; in 8 min. more, at a Refreshment Hut (guide-post), the bridle-path to the Staffel-Alp (see above) diverges to the right. Our route ascends to the left to (25 min.) the chalets of Hermättje (6790'; rfmts.), where we enjoy a splendid survey of the Gorner Glacier (p. 362), the Breithorn, and Zwillinge. We here turn to the right (to the left is the way to the Théodule Pass, p. 364), and follow the bridle-path, which winds up steeply,

over scanty and stony pastures, and partly through wood. In 40 min. the wood ends, the path becomes less steep. View, all the way, of the Gorner Glacier, the Breithorn, Lyskamm, and Mte. Rosa. In  $^{3}/_{4}$  hr. more we reach the Schwarzsee Hotel (p. 359), on a detached hill, high above the Furgg Glacier. Below, 5 min. to the W., lies the little Schwarzsee (8393'). The view from the hotel is splendid, and grander still from the \*Hörnli (9490'; 1 hr. from the hotel; guide, advisable, 2-3 fr.), whence the stupendous Matterhorn is seen to great advantage.

Ascent to the Matterhorn Hut (10,820'; 21/2 hrs. from the Schwarzsee; experts dispense with guide), interesting (p. 366). — An attractive return-route from the Schwarzsee to Zermatt is by the (11/4 hr.) Staffel-Alp (p. 363); another (guide, including the Hörnli, 10 fr.) leads over the rock-strewn Furgg

Glacier and the crevassed Gorner Glacier to (4 hrs.) the Riffelhaus.

To the Théodule Pass, 5-51/4 hrs. (guide 10 fr.; horse to the glacier 15 fr., to the Gandegg Hut 17 fr.), usually combined with the route to Valtournanche (p. 377) or the ascent of the Breithorn (see below). To (11/3 hr.) Hermättje, see p. 363 (Schwarzsee route). The Théodule route crosses the Furggbach (fine fall a little farther up), and ascends the stony slopes in many windings, very dusty in dry weather. On the right is the dirty Furgg Glacier; above it towers the Matterhorn, which faces us the whole way with varying outline. We ascend 2 hrs. more to the moraine of the Upper Théodule Glacier (about 8855'). We then either ascend the glacier (a good deal crevassed, but safe; rope necessary) to the (13/4-2 hrs.) Théodule Pass; or we continue to follow the bridle-path, over rocks and débris, to the (3/4 hr.) Lower Théodule or Gandegg Hut (9800'; inn, bed 5, B. 21/2 fr.), finely situated on the rocks of the Leichenbretter, between the Lower and Upper Théodule Glaciers, and thence ascend the upper glacier to the (11/4 hr.) Théodule Pass or Matterjoch (10,900'; Théodule Hut, with fourteen beds, plain, bed 4, B. 2 fr.), to the S. of the Theodulhorn (11,392'), on the frontier between Switzerland and Italy. Magnificent view of the Matterhorn and Dent d'Hérens; to the S., in the distance, the Graian Alps. Descent to Breuil or Fiéry, see pp. 377, 376; ascent of the \*Breithorn, see below.

To the Findelen Glacier, 3 hrs., without guide (6 fr.). We follow the Riffel path to the (1/4 hr.) church of Winkelmatten (p. 361) and ascend to the left past the bridge of the Gorner Grat Railway (p. 360) and through wood to (11/4 hr.) the summer-village of Findelen (6810'; restaurant) with the highest corn-fields in Switzerland, and the (1/2 hr.) Eggen-Alp (7180'); then to the left past the Stelli-See (8343') to the (11/4 hr.) Z'füh-Alp (8570'; small inn), whence the glacier is well surveyed, the starting-point for the Strahlhorn, Rimpfischhorn, etc. — From Findelen to the Hôt. du Glacier, Grünsee, and Riffelalp (11/2-2 hrs.), p. 362. — By Findelen to the Lower and Upper Rothhorn, see p. 365.

Mountain Ascents from Zermatt or the Riffelhaus. (The guides'

fees given below are reckoned from Zermatt.)

The \*Breithorn (13,685'; 7-8 hrs.; guide 25, with a night in the Théodule Hut 30, with descent to Breuil 40 fr.), easily ascended from Zermatt, is a splendid point of view. We follow the Théodule route to the (5 hrs.) Théodule Pass (see above), where the night is spent (or at the Gandegg

Hut). The start next morning should be made as early as possible. From the Théodule Pass we ascend towards the S.E. over the Upper Théodule Glacier, then to the left, skirting the rocky peak of the Little Matterhorn (see below), to the Breithorn plateau, and lastly up the steep S.W. arête, where steps sometimes must be cut, to the top (2½-3 hrs., from the Gandegg Hut 4-4½ hrs.). Superb view: to the W. towers the gigantic Matterhorn; to the left of it, Mont Blanc; to the right of it, the Dent Blanche, Grand Cornier, Gabelhorn, Trifthorn, Rothhorn, Schallihorn, Weisshorn; to the N., the Bernese Alps, the Saasgrat (Balfrinhorn, Nadelgrat, Dom, Täschhorn, Alphubel), Allalinhorn, Rimpfischhorn, Strahlhorn; to the E., Monte Rosa, Lyskamm, the Zwillinge; to the S., the Graian Alps (Gran Paradiso and Grivola) and Mte. Viso. Descent to the Théodule Pass 1½-2 hrs.— The ascent of the Breithorn by the N. side is difficult and dangerous (guide 50 fr.).— The Little Matterhorn (Petit Mont Cervin; 12,750') forms an attractive expedition of 2 hrs. from the Théodule Pass (guide 15, with night out 25 fr.). The ascent by the N.W. arête (3 hrs.) is more difficult (guide 20 fr.).

The \*Cima di Jazzi (12,527'; 5-51/2 hrs. from the Riffelhaus; guide 15 fr.) is easy but fatiguing. From the Riffelhaus Hotel we follow the Gorner Grat route to the (3/4 hr.) Rothe Boden (9120'), then turn to the right and skirt a steep slope as far as the (1 hr.) Gorner Glacier, reaching it at the Gadmen (8620'). Thence an ascent across the glacier (rope necessary) brings us to the (1 hr.) Stockknubel (9955'), at the rocky base of the Stockhorn (11,595'), and to (21/4 hrs.) the top. Superb view, but often hazy on the Italian side. Care must be taken not to go too near the overhanging snow on the E. (Macugnaga) side. Back to the Riffel 3-4 hrs. — Descent to Zermatt across the Findelen Glacier (p. 371) not advisable.

The Riffelhorn (9617), from the Riffelhaus 11/4 hr. (guide thence, 6 fr.),

an interesting climb; fine survey of the Visp valley.

\*Mettelhorn (11,188'; 5-6 hrs. from Zermatt; guide desirable, 10 fr.), interesting but toilsome. Magnificent view of the Matterhorn, Zinal-Rothhorn, Gabelhorn, Weisshorn, and Mischabel (panorama by Imfeld). A bridle-path ascends to a point 2 hrs. short of the summit (horse 18 fr.); we then cross the saddle to the N.W. of the Plattenhörner and traverse débris and snow.— From the Trift Hotel (p. 363) a bridle-path leads in 40 min. to the

Zermatt route (thence to the top 21/4 hrs.).

Unter-Gabelhorn (11,150'; 5-6 hrs. from Zermatt; guide 20 fr.), for moderately expert climbers only. The path ascends due W. from the Pens. Edelweiss, and the summit is then reached from the S. side, through a steep couloir generally filled with hard snow (step-cutting necessary), lastly a climb over rocks. Beautiful view of the Matterhorn (quite near), the Dent Blanche, Ober-Gabelhorn, Rothhorn, Weisshorn, Mischabel, Monte Rosa, Lyskamm, Breithorn, and Mont Blanc in the distance. The ascent from the Trift Hotel is more difficult. — Wellenkuppe (12,830'; 5 hrs. from the Trift Hotel), an interesting climb, not difficult for adepts (guide 40 fr.).

Ober-Rothhorn (11,215'; 5 hrs. from Zermatt; guide 10 fr.), attractive and not difficult. Ascent viâ Findelen (p. 364) and the Furggje (9800'), to the E. of the Unter-Rothhorn (10,190'; another easy ascent). — Strahlhorn (13,750'), from the (31/4 hrs.) Z'flüh Inn in the Findelen Valley (p. 364) up the Findelen and Adler Glaciers in 51/2-6 hrs. (guide 30 fr.), and Rimpfischhorn (13,790'), from the Z'flüh Inn by the Langenfluh Glacier in 6-7 hrs. (guide 35 fr.), neither very difficult for experts. — Dom (14,942'; 10-11 hrs. from Randa; 60 fr.), very toilsome, but without serious difficulty for adepts. From Randa by the Festi Alp to the (4 hrs.) Dom Hut of the S. A. C. on the Festi (9630'); we then cross the Festi Glacier to the Festi-Joch (12,220') and ascend the N.W. arête, finally over steep snow and ice, to the (6-7 hrs.) summit. \*View one of the grandest among the Alps. — The Dürrenhorn (13,338'; 5 hrs.; 60 fr.), the Hohberghorn (13,865'; 5 hrs.; 30 fr.), the Nadelhorn (14,220'; 6 hrs.; 60 fr.), and the Süd-Lenzspitze (14,108'; 6 hrs.; 60 fr.) are also ascended from the Dom Hut. — More difficult is the Täschhorn (14,758'), 11-12 hrs. from Randa (60 fr.); the night is spent in (4 hrs.) a bivouac on the Kien Glacier, whence we ascend the N. arm of the glacier, over steep slopes of snow and ice, to the S.W. arête and the (7-8 hrs.) summit.

The Lyskamm or Silberbast (14,890'; guide 100 fr.), ascended by the Lysjoch (p. 367) in 9-10 hrs. from the Riffelhaus, is difficult, and dangerous on account of the snow-cornice on the E. arête. (The ascent from the Sella Hut by the S. arête is without danger, see p. 375.)

\*Monte Rosa, Höchste, or Dufour-Spitze (15,217'; 9-10 hrs. from the Riffelhaus; two guides, 50 fr. each; porter 35 fr.) was first ascended by Messrs. G. and C. Smyth, Hudson, and others, with the guides Ulrich Lauener and Johann zum Taugwald, in 1855 (comp. p. 372). The ascent is free from danger or serious difficulty, but it is attended with much fatigue, and requires a perfectly steady head; warm clothing advisable on account of the severe cold. The route descends to the (13/4 hr.) Gadmen rock (see p. 365), crosses the Gorner Glacier to the (3/4-1 hr.) Bétemps Hut of the S. A. C. (8860'; inn in summer, with straw-beds), at the foot of the Untere Plattje (9810'); then over rocks and snow to (2 hrs.) Auf'm Felsen (Obere Plattje; 10,970'). Again an ascent of 3 hrs. over snow, very steep at places, to the Sattel (14,285'), where the S. peaks of Monte Rosa are revealed. Finally we climb along the serrated rocky ridge to the E. to (1 hr.) the summit. "View exceedingly grand (panorama by Imfeld). — Besides the Dufour peak the following also belong to the Monte Rosa group: Nord-End (15,132'), Zumstein-Spitze (15,004'), Signal-Kuppe (Punta Gnifetti; 14,965'), Parrot-Spitze (14,643'), Ludwigshöhe (14,260'), Balmenhorn (14,185'), Schwarzhorn (13,882'), Vincent-Pyramide (13,830'), and Punta Giordani (13,304').

The Matterhorn, Fr. Mont Cervin (14,780'; acc. to Ital. measurement 14,705'), was ascended for the first time on 14th July, 1865, by Messrs. Whymper, Hudson, Hadow, and Lord Francis Douglas, with the guides Michael Croz and the two Taugwalders. In descending Mr. Hadow lost his footing not far from the top, and fell, along with Mr. Hudson, Lord Francis Douglas, and Croz, to a depth of 4000' towards the Matterhorn Glacier. Mr. Whymper and the two other guides escaped by the breaking of the rope. The ascent is not now considered one of unusual difficulty or danger, and wire-ropes are found at the most ticklish places, but it should not be attempted by any but proficients, accompanied by firstrate guides (100 fr., with descent to Breuil 150 fr.; porter 70 or 100 fr.). The ascent takes 7½-8½ hrs., including halts, from the Schwarzsee Hotel, where the preceding night is usually spent: to the Matterhorn Hut at the beginning of the N.E. arête (10,820'), 2-2½ hrs.; thence to the useless upper hut (12,526') ½-2 hrs., and over the Schulter (Epaule; 13,925') to the summit 4 hrs. more (excl. of halts).

— The ascent from Breuil (p. 378) is more difficult: over the Col du Lion (11,845') to the Rifugio Luigi di Savoia (12,763') of the Italian Alpine Club in 5-6 hrs., and thence by the Mauvais Pas, the Lincevil, the Cravate, with the old Italian refuge-hut (13,523'), the Pic Tyndall (13,925'), and the Col Félicité to the top in 5½-7 hrs. (acc. to the season and state of the ice).

Very difficult (for thorough experts only, with firstrate guides): Ober-Gabelhorn (13,365'; 8-9 hrs.; guide '70 fr.): from the (2 hrs.) Trift Hotel (p. 363) straight up the E. side (solid rock) and the Gabelhorn Glacier, finally crossing the narrow snow-arête in the 'Gabel' (safe when the snow is in good condition). The descent to Zinal is very difficult (guide 100 fr.; comp. p. 355). - Zinal-Rothhorn (Moming; 13,855'), 6-7 hrs. from the Trift Hotel via the Trift Glacier (guide 80, with descent to Zinal 100 fr.; comp. p. 355). — Weisshorn (14,804'; first ascended by Prof. Tyndall in 1861), from Randa 10-12 hrs. (guide 80 fr.): by the Satz Alp and the Schalliberg to (4 hrs.) the grandly situated Weisshorn Club Hut, on the Hohlicht (9680'), and thence by the Schalliberg Glacier and the E. arête to the top, 6-8 hrs. — Dent Blanche (14,318'; 80 fr.; first ascended by Messrs. T. S. Kennedy and W. Wigram in 1862), the hardest of all the Zermatt peaks, 12-13 hrs.: from the (5 hrs.) Schönbühl (bivouac), opposite the Stockje, up to the (3 hrs.) arête of the Wandfluh, across this in a S.W. direction to the so-called Gendarmes (lofty weather-worn needles of rock), and straight over the arête to the (3 hrs.) top. An easier ascent is that from the Neuchátel Hut viâ the Ferpècle Glacier and the Wandfluhgrat in 7-8 hrs. (comp. p. 351). — Dent d'Hèrens (Mont Tabor; 13,715'), 8-9 hrs. from the Stockje, by the Tiefenmatten-Joch (11,788'), very steep and hazardous (guide 80 fr.; better from Prarayé in 7-8 hrs.).

Passes. To Breull in the Val Tournanche over the \*Théodule Pass (10,900'), 8 hrs., not difficult (guide 20 fr.; see pp. 364, 378). The Théodule Pass may also be reached from the Riffelhaus (p. 359), viâ the Gorner and Lower Théodule Glaciers, or from the Schwarzsee Hotel (p. 363), viâ the Furgg Glacier and the Upper Théodule Glacier. Horse from Zermatt to the Gandegg Hut (p. 364) 10 fr. Descent from the pass to Fiéry by the Col des Cimes Blanches (guide 25 fr.), see p. 376. — To Breuil over the Furgg-Joch (10,825'; 25 fr.), to the E. of the Matterhorn, 10 hrs., trying (the Schwarzsee Hotel is the best starting-point, see p. 363); over the Col du Lion (11,735'; 70 fr.) or the Col de Tournanche (11,380'; 40 fr.), to the W. of the Matterhorn, both very difficult (ascent to the former endangered by falling ice and stones).

To Fierr over the Schwarzthor (12,274'), 10-11 hrs. from the Riffel (guide 40 fr.), difficult. The track ascends the Gorner Glacier and the crevassed Schwärze Glacier to the pass, between the Breithorn and the Pollux, and descends the Verra Glacier and Klein-Verra Glacier to the Val d'Ayas.

— Over the Zwillings-Joch (Verra Pass; 12,668)', between the Castor and Pollux, also difficult (guide 40 fr.). The ascents of the Castor (13,850') and

Pollux (13,430) may be easily combined with either pass.

To Gressoney over the Lysjoch, 12-14 hrs. from the Riffel, laborious (guide 45 fr.). The Monte Rosa route is followed to the Betemps Hut (p. 366), and the right side of the crevassed Grenz Glacier ascended, skirting the slopes of the Dufour-Spitze (beware of ice-avalanches), to the upper snowbasin of the glacier, enclosed by a majestic amphitheatre of the peaks of Monte Rosa, and to the (6-7 hrs.) Lysjoch (14,030'), between the Lyskamm (14,890'; ascent from this side dangerous and inadvisable, see p. 366) and the Ludwigshöhe (14,260'), affording to the S. a superb \*View of the plain of Piedmont enclosed by the Apennines and the Maritime Alps. Descent across the Lys Glacier (with the Vincent-Pyramide, 13,830', rising on the left; ascent 1 hr.), to the (11/2 hr.) Capanna Gnifetti (11,965'; see p. 375) of the I. A. C.; thence either to the left across the Garstelet and Indren Glaciers to the (11/2 hr.) Col delle Pisse (p. 375) and on to the (11/2 hr.) Col d'Olen or (11/2 hr.) Alagna (p. 374); or to the right by the Garstelet Glacier to the (1 hr.) Capanna Linty (10,040) and (3½ hrs.) Gressoney-la-Trinité (p. 375). — From the Riffelhaus to Gressoney over the Felik-Joch (13,345'), between the Castor and Lyskamm, difficult, and dangerous owing to ice-falls; 12 hrs.to Gressoneyla-Trinité (guide 40 fr.). On the S. side of the pass, 2 hrs. below it, is the Capanna Quintino Sella of the I. A. C. (11,815'); comp. p. 375.

To Alagna (p. 374) over the Sesia-Joch (14,515'), between the Signal-kuppe and the Parrot-Spitze, and the Vigne Glacier, very difficult and dangerous (guide 60 fr.). — Over the Piode-Joch (Ippolita Pass; 13,945'), between the Parrot-Spitze and the Ludwigshöhe, also dangerous (feasible in the reverse direction only, from the Bors Alp, p. 374, and up the Piode Glacier). — All these passes are for experts only, with firstrate guides.

To Macugnaga over the New Weissthor (11,745'; 9-10 hrs. from the Riffel Hotel; guide 35 fr.). The route as far as the pass (5 hrs.) is an easy glacier-excursion (including the Cima di Jazzi 1½-2 hrs. more; see p. 373). Beyond the pass a short farther ascent is made over the abrupt rocks of the Neu-Weissthor-Spitze (12,010'); then a giddy descent, along perpendicular cliffs and over precipitous snow-fields. The Capanna Eugenio Sella (p. 373) is reached in about 1 hr. from the pass, and Macugnaga (p. 372) in 3½ hrs. more. — The Old Weissthor (11,730'), between the Cima di Jazzi and the Fillarhorn (12,070'), is much more difficult. Several different routes: on the N., by the Jazzi Pass, close by the Cima di Jazzi; to the S. of it, on the Weissgrat, is the Jazzikopf, with the couloirs descending from it; then the Old Weissthor proper, immediately to the N. of the Fillarhorn. Between the Fillarhorn and the Jägerhorn (13,042') is the Fillar-Joch (11,433'), and between the Jägerhorn and the Nordend is the Jäger-Joch (12,730'). Descent from all these to the Castelfranco and Fillar Glaciers exceedingly steep, and dangerous owing to falling stones.

To ZINAL over the *Triftjoch* (11,615'; 12 hrs.; guide 35 fr.), difficult, p. 355; *Col Durand* (11,398'; 14 hrs.; 35 fr.), also difficult, see p. 355;

Moming Pass (12,445') and Schalli-Joch (12,305'), both very difficult (guide 50 fr.), p. 355. — To Ferpècle over the Col d'Hérens (11,418'; 11 hrs.; 30 fr.), p. 352. — To Arolla over the Col d'Hérens and Col de Bertol (11,230'; 30 fr.), p. 352. — To Arolla over the Col d'Herens and Col de Bertol (11,250; 12 hrs.; 30 fr.), laborious, p. 350; over the Col de Valpelline and Col du Mont Brûlé (10,900'; 13 hrs.; 30 fr.), p. 351. — To Chanrion over the Col de Valpelline, Col du Mont Brûlé, and Col de l'Evêque (the 'High Level Route'; 15 hrs.; guide 60 fr.), a long day. — To Praraté over the Col de Valpelline (11,685'; 12 hrs.; 35 fr.), toilsome, see pp. 319, 351. — To the Saas Valle (six glacier passes: the Schwarzberg-Weissthor (11,850'; guide 30 fr.), Adler Pass (12,460'; 30 fr.), Allalin Pass (11,713'; 30 fr.; these three to Mattmark); Fee-Joch (12,505'; 30 fr.), Alphubel-Joch (12,475'; 30 fr.), and Mischabel-Joch (12,650'; 35 fr.; these three to Saas-Fee); comp. pp. 369, 370.

# 84. From Visp to Saas and Mattmark.

From Visp to Stalden, 4½ M., railway in 26 min. (2nd cl. 3 fr. 55, 3rd cl. 2 fr. 25 c.); from Stalden to Mattmark, bridle-path in 7½ hrs. or viâ Saas-Fee in 8 hrs. (to Balen 3, Saas-Grund 1, Saas-Fee ¾ hr., Almagell 50 min., Mattmark 2½ hrs.). Horse from Stalden to Saas-Grund 12, to Saas-Fee 15, from Saas to Mattmark 10 fr. Luggage may be sent by post as far as Saas-Fee.

To (41/2 M.) Stalden (2635'), see p. 358. The bridle-path descends to the left from the station and crosses the Matter-Visp by the Kinnbrücke (2570'), a little above its junction with the Saaser Visp. On the hill to the left is the little church of Staldenried. Beyond two chalets, on the other side of the bridge, the path divides. We follow the left branch into the deep and narrow Saasthal, skirting the Saaser Visp, which descends in foaming falls. Beyond the chalets of Resti (3045') we reach (11/4 hr.) Zen Schmieden or Eisten (3555'), with a new church, and thence ascend more steeply to (40 min.) Huteggen (4088'; inn, dear), looking back at the Bietschhorn and its glaciers. Farther on we pass the chalets of Im Boden, cross the (10 min.) Martinsbrücke (4300'), near a fine waterfall of the Schweibbach (right), descending from the Balenfirn Glacier, and (20 min.) return to the left bank, on which lies (25 min.) the village of Balen (4985') in a fertile basin, at the base of the Balfrinhorn (12,475'). Above the village the path recrosses to the right bank, passes through a wild rocky defile, in which lies the chapel of St. Anton, and leads through the broad level valley to the village of —

1 hr. Saas-im-Grund (5125'; \*Hôt. Monte Moro, R. 3-4, D. 4, pens. 7-8 fr.; wine at the Restaurant du Dôme). Engl. Ch. Serv.

in summer in St. Augustine's Church, adjoining the hotel.

EXCURSIONS. (Guides: Xaver Andenmatten, Alois, Emil, and Abraham Imseng, Ambros, Alois, and Peter Supersaxo, Joh. Jos., Alois, Franz, and Roman Anthamatten, Emanuel, Elias, Heinrich, and Peter Josef Burgener, J. M. Blumenthal.) Above the Triftalp, 31/2 hrs. from Saas, to the E. of the Triftgrätli (9100'), is the small Hotel Weissmies (ca. 9180'), a kind of clubhut with a restaurant, at the foot of the Trift Glacier, commanding an admirable survey of the Saasgrat from Monte Rosa to the Balfrinhorn. This inn is a good centre for the ascents of the Trifthorn (11,158'; 21/2 hrs.; guide 20 fr.), Jägihorn (10,540'; 2 hrs.; guide 15 fr.), and Inner-Rothhorn (11,290'; 3 hrs.; guide 15 fr.). — The \*Weissmies (13,226'; guide 40 fr.), ascended from the Hôt. Weissmies via the Trift Glacier in 5 hrs., is not difficult under favourable conditions of the snow, and very attractive. The ascent

from the Almagell Chalets (7300'; quarters), 2½ hrs. from Saas, above Almagell (p. 370), viâ the Zwischbergen Pass and the S. arête, is fitted for adepts only (6 hrs.). — The Laquinhorn (13,140'; 5-6 hrs.; guide 40 fr.) and Fletschhorn (13,128'; 5-6 hrs.; guide 40 fr.) are both difficult (p. 338). Difficult glacier-passes lead to the Simplon viâ the Laquin-Joch (11,473'; guide 20 fr.) in 7-8 hrs., or viâ the Fletschjoch (12,050'; guide 30 fr.) in 8 hrs.; see p. 338. — Other excursions from Saas-Grund: Sonnighorn or Bottarello (11,455'), by Almagell and the Furgg Alp (7 hrs.; guide 25 fr.), toilsome. — Latelhorn (10,525'; 5 hrs.; guide 15 fr.), not difficult. Path by Almagell and the Furgg-Alp to the (4½ hrs.) Antrona Pass (p. 339); thence to the left by the S.W. arête to the (1 hr.) summit.

From Saas to the Simplon over the Rossboden Pass, the Simeli Pass, and the Sirwolten Pass or Gamser-Joch, see pp. 337, 338; to Gondo over the Zwischbergen Pass, see p. 339; to Domodossola over the Antrona Pass, see p. 339.

A well-marked bridle-path leads to the W. from Saas-Grund, crossing the Visp and passing the Chapel of St. Joseph (preferable footpath, 1/4 hr. shorter, viâ Zenlauenen and past the Chapel zur Hohen Stiege), to (3/4 hr.) Saas-Fee (5900'; \*Grand-Hôt. du Dom, \*Grand-Hôt. Bellevue, Grand-Hôt. Saas-Fee, all under the same management, R. 21/2-5, déj. 3, D. 5, pens. 7-12 fr.; \*Hôt.-Pens. Saas-Fee, at the entrance to the village, R. 21/2-3, déj. 3, D. 4, pens. 6-8 fr.; Hôt. Supersaxo, new), charmingly situated amidst pastures, with a magnificent view of the Fee Glacier, environed by the Mittaghorn, Egginerhorn, Allalinhorn, Alphubel, Täschhorn, Dom, Süd-Lenzspitze, and Ulrichshorn. To the E. rise the Weissmies with the Triftgrat, the Laquinhorn, and the Fletschhorn. English Church, with services in summer.

Excursions (guides, see p. 368). Pleasant walks on the pastures and in the wood near Fee, and in the romantic gorge of the Feekinn. — To the (3/4 hr.) Café Bodmen (5800'), on the shady Almagell path, with fine view down the valley. — On a moraine between the two arms of the Fee Glacier, 1 hr. from Fee, lies the Gletscher-Alp (7008'), a pasture once entirely surrounded by the glacier. — The Plattje (8460'), by the Gaden-Alp, 2 hrs., and the Mellig (8812'), by the Hannig-Alp, 2½ hrs., are interesting and not difficult (guide needless). — Mittaghorn (10,330'; 4 hrs.; guide 10 fr.), and Egginerhorn (11,080'; 5 hrs.; 20 fr.), both very interesting and not difficult for the fairly expert. Good climbers may follow the arête from the Mittaghorn to the Egginerhorn (somewhat dizzy). — \*Allalinhorn (13,235'; 8 hrs.; 25 fr.), trying, but without difficulty for experts. Above the (3 hrs.) Lange Fluh we diverge to the left from the Alphubel route, ascend to the (4-5 hrs.) Fee-Joch (p. 370), and to the left to the (3/4 hr.) summit (magnificent view). — The Alphubel (13,803'; guide over the Alphubel-Joch 35 fr., over the Mischabel-Joch 40 fr.); the Nadelhorn (West-Lenzspitze, 14,220'; guide 40 fr.), and the Süd-Lenzspitze (14,108'; guide over the Nadel-Joch 80 fr., over the Eggfuh 100 fr.) may also be ascended from Fee by experts (difficult). The ascents of the Täschhorn (14,753'; 80 fr., viâ the Mischabel-Joch 90 fr.) and the Dom (14,942'; 100 fr). on this side are endangered by falling stones and are not advisable. — Ulrichshorn (12,890'), from Fee across the Hohbalen Glacier and the Wind-Joch, or over the Ried Pass (p. 370) in 7-8 hrs. (guide 30 fr.), and Balfrinhorn (12,475'), over the Ried Pass in 7-8 hrs. (guide 30 fr.), both without difficulty for experts.

PASSES. To ZERMATT OVER THE ALPHUBEL-JOCH, 11-12 hrs., attractive, and not difficult for experts (guide 30 fr.). From Fee 1 hr. to the Gletscher-Alp (see above); then a steep ascent to the Lange Fluh, at the (2 hrs.) top of which (9345') we reach the magnificent Fee Glacier. We ascend this glacier, which is much crevassed at places, and finally cross snow-fields to the (3 hrs.) \*Alphubel-Joch (12,475'), between the Alphubel (13,803') and

the Mellichenhorn (12,834'), commanding a splendid view of the Matterhorn, Weisshorn, etc. Descent over the Wand Glacier, and then over rock, moraine, and grassy slopes to the Upper and (3 hrs.) Lower Täsch Alp (7270'; small inn, dear) in the Mellichen Valley. A direct but rough forest-path leads hence to the left, round the slope, to Zermatt in 1½ hr.; better to descend to (½ hr.) Täsch (p. 359) and follow the road (or take train) thence to (4 M.) Zermatt. — A similar pass is the Fee-Joch (12,505'), between the Mellichenhorn and Allalinhorn (12 hrs. from Saas to Zermatt; guide 30 fr.).

FROM FEE TO ZERMATT over the Mischabel-Joch (12,650; 13 hrs.; guide 35 fr.), between the Täschhorn and Alphubel, fatiguing, but not very difficult for adepts. Over the Domjoch (14,060'; 13 hrs.; 50 fr.), between the Täschhorn and Dom, and over the Nadel-Joch (13,670'; 14 hrs.; 45 fr.), between the Dom and the Süd-Lenzspitze, both very difficult and dangerous from falling stones. Over the Lenzjoch (about 12,200'), between the Süd-

Lenzspitze and Nadelhorn, grand but difficult.

FROM FEE TO ST. NIKLAUS over the Ried Pass (12,050'; 11 hrs.; guide 30 fr.), difficult. From the (1 hr.) Hannig-Alp (7065'; p. 369), a steep ascent over the Bider Glacier to the pass, between (r.) the Balfrinhorn (12,475') and (1.) the Ulrichshorn (12,890'), both of which may be ascended from the pass (see p. 369). Descent over the Ried Glacier to the Schalbett Alp (6915') and by Hellenen to St. Niklaus (p. 358). — A similar pass is the Windjoch (about 12,460'; 11 hrs.; 30 fr.), between the Ulrichshorn and

FROM FEE TO MATTMARK over the Egginer Pass (about 9840'), between the Mittaghorn and Egginerhorn, 7-8 hrs., or over the Kessjen-Joch (9870'), between the Egginerhorn and the Hinter-Allalin, 9 hrs. (guide 30 fr.), not difficult for experts.

Beyond Saas-Grund the bridle-path ascends gradually, passing the chalets of Zerbrüggen and Moos. The Almagell-Bach forms a fine \*Fall, on the left, just before we reach (50 min.) Almagell (5505'; new inn; Swiss douane), where the path from the Antrona Pass descends (p. 339). To the right is the direct path to (1 hr.) Saas-Fee (see p. 369). The bridle-path follows the right bank of the Visp, through wood at places, and crosses the Furggbach near the (20 min.) chalets of Zermeiggern (5630'; on the left bank). To the right rise the precipices of the Mittaghorn and Egginerhorn (p. 369), with the glittering snow-fields of the Allalinhorn (p. 369) above. We next ascend the stony Eienalp to the (1 hr.) ruined chapel of Im Lerch (6375'). On the right lie the huge moraines of the \*Allalin Glacier, filling the valley and forming the Mattmark Lake (see below). The moraine contains blocks of 'gabbro', mingled with smaragdite, like those common in W. Switzerland, but hitherto found nowhere as belonging to the soil except on the Saasgrat; whence geologists infer that the glaciers of this region once extended to the Jura.

The path ascends in zigzags over the débris of the moraine, past the light-green little Mattmark Lake, to the (1 hr.) Hôtel Mattmark (6965'; homely, R. 3-4, D. 4-5 fr.; open from July to Sept. only) on the Mattmark-Alp. Till 1818 the Schwarzberg Glacier, barely visible high above us, extended across the bed of the lake, but afterwards receded, leaving behind it its moraines and a huge block of serpentine called the Blaue Stein to mark its former extent.

EXCURSIONS (guides should be brought from Saas, see p. 368). — The Stellihorn (11,393'; from the Mattmark Inn, by the Ofen-Thal, 4½ hrs.; guide 10 fr.) affords an imposing view of the Eastern Alps.

GLACIER PASSES TO ZERMATT, for mountaineers, with good guides: The Schwarzberg-Weissthor (11,850'; 10 hrs.; guide 25 fr.). The route skirts the left side of the Schwarzberg Glacier, ascending rock and moraine, and crosses the crevassed glacier to the (5 hrs.) pass, to the S. of the Strahlhorn. (The New Weissthor, from Zermatt to Macugnaga, lies farther to the S.; comp. p. 367.) From this point to the (31/2 hrs.) Riffelhaus, see p. 361.

The Adler Pass (12,460'; 10-11 hrs.; guide 25 fr.). From the Hôt. Mattmark we cross the Thällibach to the Mattmark-Alp chalets, and ascend rapidly below the Schwarzberg Glacier (see above) and past the Schwarzenberg Chalets (7800'). In 2 hrs. we reach the Allalin Glacier at a height of 9435', and ascend its E. margin to the (1/2 hr.) Aeussere Thurm (9945') and (3/4 hr.) Innere Thurm (10,880'). We turn to the W., to the middle of the glacier, where the route divides. To the right, crossing towards the Allalinhorn (13,235'), is the route to the Allalin Pass (see below), while we ascend very steeply straight to the (2-3 hrs.) Adler Pass, between (1.) the Strahlhorn (13,750'; from the pass in 1½ hr.) and (r.) the Rimpfischhorn (13,790'). The view of Mte. Rosa and the Matterhorn is very striking, but the view to the N. and N.W. is shut out by the Rimpfischhorn. We then descend the Adler Glacier to the foot of the Rimpfischwänge (difficult in certain states of the snow); skirt the latter, crossing rock and moraine; and traverse the Findelen Glacier to the (3 hrs.) Z flüh Inn (8570'), 2½ hrs. from Zermatt (p. 364). Hr. von Grote (p. 360), a Russian traveller, lost his life in 1859 by falling into a crevasse of the Findelen Glacier.

The Allalin or Täsch Pass (11,713'; 10-11 hrs.; guide 25 fr.) is sometimes impracticable owing to the crevasses of the upper Allalin Glacier. From the Innere Thurm (see above) to the pass 2 hrs.; descent over the Mellichen Glacier, and along the N. face of a ridge separating the latter from the Wand Glacier, to the Mellichen Valley. Thence to Zermatt, see p. 370.

FROM MATTMARK TO MACUGNAGA by the \*Monte Moro Pass (6 hrs.; guide from Saas 15 fr., incl. night spent at Mattmark 20 fr.), see p. 373. The previous night should be spent at Mattmark, that the pass may be reached before the noonday mists rise from the S. valleys to conceal the view.

From Mattmark to Antrona (and Domodossola) over the Antigine or

Ofenthal Pass (7 hrs.; guide 12 fr.), see p. 340.

# 85. From Piedimulera to Macugnaga, and over the Monte Moro Pass to Mattmark.

From Piedimulera (p. 482) to Macugnaga, 20 M., diligence (new road) daily in summer, in 5 hrs. (fare 7 fr.; starting at noon, from Macugnaga at 7 a.m.; extra-post for 4 pers. 45 fr.). Distance on foot: to Pontegrande 21/4 hrs., Vanzone 3/4, Ceppomorel 1, Pestarena 11/2, Macugnaga 11/4 hr. From Macugnaga to the Moro Pass 4, Mattmark 2, Saas 21/2, Stalden 3 hrs.

The Moro Pass was the usual route from the Valais to Italy before the construction of the Simplon road, but is now used by walkers only (guide desirable from Macugnaga to the Thälliboden, 10 fr.; to Mattmark 12 fr.). Its great attraction consists in the proximity of Monte Rosa, and the views will compare with the finest in Switzerland.

Piedimulēra (810'), see p. 482. The road ascends the \*Val Anzasca, passes through two tunnels, and skirts the fertile slopes of the left bank of the Anza. Charming and varied views. 11/2 M. Gozzi di Sotto (1280') belongs to Cimamulera, which lies above, to the right. We obtain a glimpse of the majestic Mte. Rosa group as we near  $(1^{1}/2 \text{ M.})$  the large village of Castiglione d'Ossola (1685'). The road is now level; above, to the right, lies  $(1^{1}/2 \text{ M.})$  Calasca. Near (21/4 M.) Pontegrande (1720'; Hôt. du Grand Pont) is a fall of the stream descending from the Val Bianca.

On the hill opposite, on the right bank of the Anza, lies Bannio (2237'; Osteria del Pino, rustic). Over the Col di Baranca to Fobello, and over the Col d'Egua to Carcoforo, see p. 484.

The road ascends past San Carlo (1890'), with its large church, and gold-mines worked by an English company, to (21/4 M.) Vanzone (2220'; pop. 470; \*Alb. dei Cacciatori, plain), the chief village in the valley. Just beyond it we enjoy a superb view of Monte Rosa. — 3 M. Ceppomorelli (2427'; \*Albergo delle Alpi, R. 2, B. 1-11/2 fr.; Alb. del Monte Moro). From (1 M.) Prequartero a path to the right crosses the Mondelli Pass (9320') to the Saas Valley (p. 373), but commands no view of Monte Rosa like the Moro Pass.

At (3<sup>1</sup>/<sub>2</sub> M.) Pestarena (Albergo delle Alpi, well spoken of; Alb. dei Minieri, plain) are gold-mines. Near (2 M.) Borca (3945'), the first German-speaking village, a fine waterfall descends from Val Quarazza on the left (p. 374); 1 M. farther on Mte. Rosa is fully revealed for the first time.

The parish of Macugnaga contains six villages: Borca, In der Stapf (or Staffa), Zum Strich (or Pratti), Auf der Rive (or Rippa), Das Dorf (or La Villa), and Zertannen (or Pecetto). Staffa (4343') lies 13/4 M. from Borca and contains the hotels (\*Hôt. Monte Rosa, kept by Jonghi-Lochmatter, R.  $2^{1/2}$ -3, B.  $1^{1/2}$ , dej.  $2^{1/2}$ -3, D.  $4-4^{1/2}$ , pens 7-8 fr.; \*Hôt. Monte Moro, kept by Oberto, R. 21/2, B. 11/2, dej.  $2^{1/2}$ , D.  $3^{1/2}$ , pens. 7 fr.; Hôtel Belvedere, unpretending). The village lies in a pleasant valley, enclosed by a majestic ampitheatre of snow-clad mountains: (1.) the four peaks of Monte Rosa: Signalkuppe (Punta Gnifetti; 14,965'), Zumsteinspitze (15,005'), Dufourspitze (15,217'), and Nord-End (15,132'); then the Jägerhorn (13,042'), Fillarhorn (12,070'), Old Weissthor (11,730'), Cima di Jazzi (12,527'), Neu-Weissthor-Spitze (12,010'), Roffelhörner (11,690'), Rothhorn (10,620'), and Faderhorn (10,550'). The 16th cent. church of the old 'village' (most of which was buried by a landslip), with the old lime-tree where the parish used to meet in conclave, is worth a visit (10 min. from Hôt. Monte Rosa).

EXCURSIONS (guides: Daniel Anthamatten, Clemens Imseng, Aless. Corsi, G. Oberto, M. Zurbriggen, etc.). From the \*Belvedere (6340'), 2 hrs. to the W. (guide, 5 fr., desirable for novices), the grand amphitheatre is surveyed from summit to base; the view embraces the parish of Macugnaga with its pastures and fields, the larch-forest on the right side, and the grassy slopes above them. The bridle-path passes the old church of Macugnaga (see above), and runs towards the church of the uppermost hamlet, Zertannen or Pecetto, where a guide-post directs us to the right to the Weissthor and to the left to the Belvedere. We cross the Anza after 1/4 hr., and (10 min.) cross another bridge. Then a good path through bushes and pastures to the wooded hill, which separates the two tongues of the Macugnaga Glacier (last 3/4 hr. steep). About 5 min. below the top is a small Inn. — Over the Macugnaga Glacier to the Pedriolo Alp (there and back 6 hrs.; guide 6 fr.), repaying. Above Zertannen (1/4 hr.) we ascend to the right (leaving the Belvedere path on the left) and over the Roffelstafel Alp (where the route to the New Weissthor diverges to the right) to the Jazzi-Alp; then past the Fillar-Alp (above which, to the right, is the Castel-franco Glacier, crossed on the way to the Old Weissthor), to the Macugnaga Glacier, and across the latter (superb view) to the (3 hrs.) Pedriolo Alp

(6730'; milk). We return either by the high-lying Croza-Alp, or by a shorter route across the glacier, the S. arm of which is called the Pedriolo Glacier, passing the Belvedere (see p. 372).

Pizzo Bianco (10,552'; 5-6 hrs.; guide 10 fr.), a splendid point of view, fatiguing, but without danger; last hour over steep snow.

Monte Rosa, Höchste or Dufour-Spitze (15,217'; guide 150, porter 100 fr.), very difficult and hazardous from Macugnaga (first time by Messrs. W. M. and R. Pendlebury and the Rev. C. Taylor, with the guide Gabriel Spechtenhauser and others in 1872). The night is spent in the (6 hrs.) Capanna Marinelli of the I. A. C. (10,500'), on the rocks of the Jägernetzen. Thence to the Dufour-Spitze 10-12 hrs. (p. 366).

To ZERMATT OVER THE NEW WEISSTHOR (11,745'; guide 30, porter 25 fr.; 10-12 hrs. from Macugnaga to the Riffel Inn, p. 362), a grand route, safe for adepts with good guides. About 5 hrs. from Macugnaga, and 11/2-2 hrs. below the pass, is the Capanna Eugenio Sella of the I. A. C. (10,335'), grandly situated on the margin of the Roffel Glacier.—The OLD WEISSTHOR (11,730), were difficult (mid. 25 fr.) is better from this side than from 12.007. very difficult (guide 35 fr.), is better from this side than from Zermatt, p. 367.

FROM MACUGNAGA TO ALAGNA OVER the Col del Turlo or the Colle delle Loccie, see p. 374; to Carcoforo over the Passo della Moriana or the Colle della Bottiglia, see p. 485; to RIMA by the Colle del Piccolo Altare, see p. 485.

The path to the Moro Pass ascends by the Hôt. Monte Rosa to the right through larch-wood, over pastures, and lastly over débris and snow. The (4 hrs.) \*Monte Moro Pass (9390'), between (1.) Monte Moro (10,520') and (r.) the St. Joderhorn (9974'), affords an admirable survey of the grand Monte Rosa group, to the S.W., flanked by (1.) the Punta delle Loccie, Pizzo Bianco, and Fallerhorn, and (r.) the Fillarhorn, Old Weissthor, and Cima di Jazzi; to the N. are the Saas Valley and the Mischabel, with the Bietschhorn in the background.

The St. Joderhorn (9974'), to the E. of the pass (3/4 hr., over snow and rocks), affords a still finer view, though seldom clear towards Italy.

We descend by the side of the Thälliboden Glacier over step-like rocks, the remains of the old bridle-path, to the (3/4 hr.) Thälliboden (8190'), a small mossy plain, where the route from the Mondelli Pass (p. 372) comes down on the right. To the N.W. the Mischabelhörner (Dom, Täschhorn) are revealed; nearer are the Allalinhorn, Innere Thurm, and Strahlhorn. Crossing the Thällibach (below the Seewinen Glacier, on the left), we reach (3/4 hr.) the Distel-Alp chalets (7120') and the (1/2 hr.) Hôtel Mattmark (p. 370).

## 86. From Macugnaga to Zermatt round Monte Rosa.

Four Days: 1st. Over the Turlo Pass to Alagna. 2nd. Over the Colle d'Olen to Gressoney-la-Trinité. 3rd. Over the Betta Forca to Fiéry, and over the Col des Cimes Blanches to the Théodule Pass. 4th. Ascent of the Breithorn, and descent to Zermatt. (Or: 1st day, to Riva; 2nd, over the Col di Valdobbia to Gressoney-St-Jean; 3rd, over the Pinter-Joch to Fiéry; 4th. over the Théodule Pass to Zermatt.) Guide 8-10 fr. per day. The Col di Valdobbia, Betta Forca, and Col des Cimes Blanches are practicable for mules. — Less robust walkers may cross the Col di Baranca from Ponte-grande (p. 371) to Fobello, and reach Alagna thence through the Val Sesia in 2-3 days, an easy route (comp. p. 484). — The valleys on the S. slopes of Mte. Rosa, from Macugnaga to Gressoney, are said to have been peopled by immigrants from German Switzerland, a fact which would account for their present language.

FROM MACUGNAGA TO ALAGNA OVER THE TURLO PASS, 81/2-9 hrs., fatiguing and not very interesting (guide 14 fr.). Below Macugnaga (1/4 hr.) we quit the Borca path (p. 372), cross the Anza to the hamlet of Isella, and ascend a wooded hill to the (1 hr.) chalets of Spissa, at the entrance to the rock-strewn Val Quarazza, which we enter to the right. The slopes are wooded, and several waterfalls are passed. The path, at first level, then ascends a rocky barrier, and (1 hr.) crosses the brook to (1/2 hr.) La Piana, the highest Alp (5278'). Opposite, on the W. side of the valley, is a fine waterfall (La Pissa). Ascending more rapidly, the path sweeps round the desolate head of the valley, passes (3/4 hr.) some ruined huts (6560'), and then becomes very faint. We climb steep grass-slopes, and lastly over rocks and snow, to the (2 hrs.) Turlo Pass (8977'), a sharp ridge between (r.) the Fallerhorn (10,270'; ascended from the pass in 11/2 hr.) and (1.) the Corno Piglimo (9500'). Descending over an expanse of snow and poor stony pastures, we enjoy a fine view of the Sesia Glacier, the Signalkuppe, and Parrot-Spitze. We pass the small Turlo Lakes and the Alp Faller (6520'), and descend into the Val Sesia, where we cross the Acqua Bianca, which descends on the left in a beautiful cascade 300' in height, to the (21/2-3 hrs.) Sesia bridge. A good path now leads on the right bank, past the goldmine of Santa Maria Maddalena (worked by an English company), to (3/4 hr.) Alagna (3905'; \*Hôt. Monte Rosa, R. 21/2, B. 11/2, D. 31/2, pens. 7-9 fr.; Grand Hôtel Alagna), a large village, finely situated, and frequented by Italians as a summer-resort.

FROM MACUGNAGA TO ALAGNA over the Colle delle Loccie (11,900'), 11-12 hrs., difficult and fit for experts only (guide 40 fr.). A toilsome and even hazardous climb of 7-8 hrs., over the *Pedriolo Alp* (p. 373) and the crevassed Northern Loccie Glacier, leads to the pass, between the Monte Loccie (11,477') and the Punta dei Tre Amici (11,617'). Descent over the Southern Loccie Glacier to the Flua (7546'; quarters), Blatte, and Biz Alps in the Sesia wellow, opposite the Pile 41.

valley, opposite the Pile-Alp.

EXCURSIONS from Alagna (guides, G. Cerini, G. Gilardi, C. Martinale, N. Motta). Up the Val Sesia to the (2 hrs.) \*Pile-Alp (4710'; superb survey of the S.E. peaks of Monte Rosa); then to the (3/4 hr.) Alp Bors and (1/2 hr.) Alp Decco. (Over the Col delle Pisse to Gressoney, see p. 375.) - The Corno Bianco (10,890'; guide 12 fr.), a difficult peak, with fine view of Monte Rosa and the Graian Alps, is ascended from Alagna in 7-8 hrs. (from the Col di Valdobbia in 6 hrs.). Steep descent by the Bocchetta di Netscio to Gressoneyla-Trinité. — Two passes lead to the E. from Alagna to (51/2-61/2 hrs.) Rima in the Valle Piccola (p. 485): the Colle Moud (7620') to the N. of the Tagliaferro (9725'), and the Bocchetta Moanda (7935') on its S. side (preferable). - To Zermatt over the Lysjoch, the Sesia-Joch, and the Piode-Joch, see p. 367. -From Alagna to Mollia and Varallo, see pp. 485, 484.

FROM ALAGNA TO GRESSONEY-LA-TRINITÉ OVER THE COLLE D'OLEN, 6-7 hrs., attractive and easy (bridle-path; guide, 10 fr., needless). We ascend to the W. through meadows and wood, passing several groups of houses, to the (2 hrs.) Alp Seon or Laglietto, cross the brook, and mount pastures and then over débris to the  $(2^{1}/_{2} \text{ hrs.})$ Colle d'Olen (9420'; \*Guglielmina's Inn, R. 3-4, déj. 31/2, D. incl. wine 41/2, pens. 9-10 fr.). View towards the N.W. very fine.

The \*Gemsstein or Corno del Camoscio (9928'), to the N., easily ascended from the pass in 1/2 hr. (guide, 6 fr., needless), affords a striking view of Monte Rosa, Mont Blanc, the Grand Combin, the Graian Alps, and Monte Viso.

We descend to the Gabiet-Alp and there either take a path diverging to the left, which descends direct to Trinité past the little Gabiet Lake and through the Vallone di Netscio, or follow the bridle-path to the right, to (2 hrs.) Orsia (5740'; Cantina di St. Jacques), in the Val Gressoney or Lysthal, and (20 min.) Gressoney-la-Trinité, Ger. Oberteil (5370'; Hôt.-Pens. Thedy, R. 2, D. 4½, pens. 7½ fr.). A road descends the picturesque valley, viâ (¾ M.) the \*Hôt.-Pens. Miravalle (5270'; R. 2-5, B. 11/2, déj. 3, D. 4, pens. 101/2-14 fr.) and the hamlets of Castel and Perletoa, to (31/2 M.) Gressoney-St-Jean (4545'; \*Hôt. De la Pierre, R. 2-31/2, B. 11/2, déj. 3, D. 41/2, pens. 8-10 fr.; Hôt. du Mont-Rose, R. 2-3, B. 1, dej. incl. wine 3, D. incl. wine 4 fr.; Hôt. Lyskamm, R. 4-6, B. 1, dej. 4, D. 5 fr.), the capital of the valley. At its lower end is the handsome Villa Peccoz.

From Alagna to Gressoney over the Colle delle Pisse (10,375'; 81/2-9 hrs.; with guide), rather fatiguing. We go by the Stoffel-Alp and the Bocchetta delle Pisse (7877'), round the N. side of the Gemsstein (see above), into the Bors Valley (passing the Bors Glacier, on the right, with a waterfall), and ascend to (5-6 hrs.) the pass, with the ruined Vincent-Hütte. (Thence to the Colle d'Olen, 1 hr.; to the Gnifetti Club Hut, over the Indren and Garstelet Glaciers, 2 hrs., p. 367.) Good path down the Mos Valley to the Gabiet-Alp and (31/2 hrs.) Gressoney-la-Trinité (see above).

An easier route is across the Col di Valdobbia (8133'), from Riva Valdobbia (2 M. below Alagna, p. 485) to Gressoney-St-Jean (6 hrs.; guide 14 fr.). A road ascends the Val Vogna to the (3/4 hr.) Casa Janzo (4460'; \*Alb. & Pens. Favro), whence the bridle-path, by (3 M.) Peccia (5023'), mounts steeply to the (3/2 hrs.) Ospizio Sottile on the col. The view is limited, but we enjoy a charming survey of the Val Gressoney with its rich pastures, pine-clad slopes, and waterfalls. Steep descent over snow and stones, then through pine-forest, to (13/4 hr.) Gressoney-St-Jean.

Excursions from Gressoney (guides: G. Cugnod, Val. and C. Laurent, S. G. Vicquery, Al. and Ant. Welf, Alb. Bieler). Beautiful view from the (1 hr.) Boden-Alp at the foot of the Grauhorn, and from the hill of Castel, halfway to St. Jean. — Excursion by (2 hrs.) Cortlys (Cour de Lys, 6580'), with a shooting-box of the late Baron Peccoz, to the Alps Salza inferiore with a shooting-box of the late Baron Peccoz, to the Alps Salza inferiore and (1/2 hr.) Salza superiore (7667'), commanding the Lys Glacier, the precipitous end of which is also well seen from the moraine (3/4 hr. from Cortlys). About 3 hrs. from Cortlys is the small Linty Hut (10,040'), at the foot of the Hohe Licht (11,340'; 11/4 hr., with guide; attractive). — Two club-huts of the I. A. C. are useful for mountain-ascents. From the Gnifetti Hut (11,965'; adm. 6, night-quarters 10 fr., for members of the I. A. C. 3 and 5 fr.), on the W. side of the Garstelet Glacier, 8 hrs. from Trinité (guide 15 fr.), or 3 hrs. from the Colle d'Olen, the Vincent Pyramid (13,830') is ascended in 2 hrs. (guide 20 fr.), the Schwarzhorn (Corno Nero; 13,882') in 21/2 hrs. (guide 30 fr.) the Parrot-Spitze (14,643'; guide 30 fr.) in 3 hrs., the Signalkuppe (Punta Gnifetti; 14,965'; guide 35 fr.), with the Capanna Osservatorio Regina Margherita of the I. A. C. (inn in summer, night-quarters 10 fr., members of the I. A. C. 5 fr.) in 4 hrs., and the Zumstein-Spitze (15,004'; guide 35 fr.) in 41/2 hrs. The last two may be combined. The Dufourspitze (15,217') was first ascended from this side in 1886 (7-8 hrs. from the Gnifetti Hut; 60 fr.). The Lyskamm (E. peak, 14,860') is ascended in 6 hrs. (60 fr.). — The Quintino Sella Hut (11,815'), on the rocks to in 6 hrs. (60 fr.). — The Quintino Sella Hut (11,815'), on the rocks to the W. of the Felik Glacier, above the Betta Forca, 6 hrs. from La Trinité (8 fr.), is the starting-point for the ascent of the W. peak of the Lyskamm

(14,688'; by the S.W. arête in 6 hrs.; 50 fr.) and the Castor (13,880'; 4 hrs.; 30 fr.). The descent from the latter may be made to Breuil (guide 40 fr.) or Zermatt (50 fr.).

From Gressoney to Zermatt over the Lysjoch (40 fr.), Felik-Joch, Zwillings-Joch, or Schwarzthor (each 35 fr.), see p. 367.

A good road (diligence twice daily in summer from La Trinité in 3½-4 hrs., from St. Jean in 3½-3¾ hrs., fare 2½ fr.; in the reverse direction in 6 hrs., fare 5 fr.; one-horse carr. 20, two-horse 40 fr., from St. Jean 16 and 33 fr.) leads from Gressoney-St-Jean through the beautiful Lysthal by Gaby (Albergo dei Colli) to (8 M.) Issime (3080'; \*Hôt. Mont Néry; \*Posta), and through chestnut-woods viâ Fontainemore and Lillianes to (17 M.) Pont-St-Martin (p. 321). — An easy bridle-path leads to the W. from St. Jean in 3½ hrs. over the Colle Ranzola (7123') to Brusson (see below) in the Challant Valley, and in 2½ hrs. more over the Col de Joux (5375') to St. Vincent and Châtillon (p. 320). — Two admirable points are the Mont Taille (8255'), 1 hr. from the Ranzola Pass, and the \*Punta Frudiera (Mont Néry; 10,073'), farther to the S., between the Gressoney and Challant valleys (from Issime viâ the Colle di Chasten in 7-8 hrs.; guide 12 fr.).

From Gressoney-la-Trinité to Fiéry over the Betta Forca, 5 hrs., easy and repaying (guide 8 fr.). At (20 min.) Orsia (p. 375) the bridle-path diverges to the left, crosses (5 min.) the Lys, and mounts rapidly past the houses of Betta to (1 hr.) the chapel of St. Anna (7120'; below it, a fine waterfall), where we have a beautiful view of the Lyskamm and Monte Rosa. Then up a monotonous valley (keeping to the right), past the Sitten-Alp, to the (13/4 hr.) Colle della Betta Forca (8780'), where we see the Graian Alps peeping above the Val d'Ayas, and the Grand Combin to the right. We descend (still to the right) to (1 hr.) the hamlet of Résy (6780'; cantine), turn to the right, and cross the Verra to (1/2 hr.) Fiéry (6160'; Hôt. des Cimes Blanches, Hôt. Bellevue, same proprietor, well spoken of), on the slope 20 min. above St. Jacques (5480'), overlooking the wooded Val d'Ayas.

The Bettliner Pass (Passo di Bettolina; 9500'), from Trinité to Fiéry 61/4 hrs., is somewhat more trying (8 fr.). From (13/4 hr.) Cortlys we ascend the left by the Bettolina-Alp to the (21/2 hrs.) pass. Superb view. Descent round the W. flank of Monte Bettolina (9830') to the Betta Forca route and

(2 hrs.) Fiéry.

From Gressoney-St-Jean to Fiéry over the Pinter-Joch (Col de Cunéaz; 9120'), 61/2 hrs., easy and repaying. From the pass (extensive view) experts may ascend the \*Grauhaupt (10,875'; toilsome) in 2 hrs. (from Gressoney in 6 hrs., not difficult; 12 fr.); view strikingly grand.

A road (diligence from Brusson to Verrés daily in 2 hrs., up in 3½ hrs.) descends the picturesque Val d'Ayas (called Val Challant in its lower part), watered by the Evançon, to Champoluc, (3½ hrs.) Brusson (4520'; Aquila), and (3 hrs.) Verrés, in the Dora Valley (p. 321).

FROM FIÉRY TO BRBUIL, OR TO THE THÉODULE PASS, OVER THE COL DES CIMES BLANCHES (5 hrs.; guide advisable). The rough mule-track to Breuil ascends rapidly through wood, passes the Alp Aventina, and traverses poor pastures and a dreary valley, with the Aventina Glacier on the right. Beyond (2 hrs.) Varda (7645'), the last Alp, it ascends steeply, crossing (½ hr.) a brook descending from the right, and in ½ hr. more the Cortoz (where the path to the Théodule diverges to the right, see p. 377). We next ascend a rocky

chaos, to the right of the small Lacs de Vent, to the (1/2 hr.) Col des Cimes Blanches (9775'), with a fine view of the Matterhorn and Dent d'Hérens, lying to the N.E. of the Gran Sometta (10,390'; a splendid point of view, easily scaled in 3/4 hr.). Then a descent over snow, stones, and pastures, past the little Lacs de la Barmaz and the

chalets of Goillet and La Barmaz, to (1½ hr.) Breuil (p. 378).

The route to Valtournanche diverges to the left 10 min. above the bridge over the Cortoz (see p. 376), and reaches the (½ hr.) Col Sud des Cimes Blanches (9510'), to the S. of the Gran Sometta (farther to the S. is a third pass, 9298'). Descent, with a fine view to the W., to the beautifully situated Alp le Désert (7352'), and viâ Brenga to (2 hrs.) Valtournanche (see below). After fresh snow this direct path to Valtournanche is impracticable, and the descent must be made viâ Breuil

practicable, and the descent must be made viâ Breuil.

Travellers bound for the Théodule Pass and Zermatt need not descend to Breuil, but (with guide) ascend to the right, 1/2 hr. before reaching the Col des Cimes Blanches (see above), traverse rocks and stony slopes, skirt the little Grand Lac (9135'), and reach the (3/4 hr.) S. edge of the Valtournanche Glacier or Plan Tendre (10,125'). The crevassed glacier is then crossed (rope advisable), and lastly a steep snow-slope ascended to the (1/2-2 hrs.) Théodule Pass (p. 364).

### 87. From Châtillon to Valtournanche, and over the Théodule Pass to Zermatt.

Road to (11<sup>1</sup>/<sub>2</sub> M.) Valtournanche (diligence daily in 3<sup>3</sup>/<sub>4</sub> hrs., fare 3 fr., back in 2<sup>1</sup>/<sub>2</sub> hrs., fare 2 fr.; one-horse carr. 12-20, two-horse 24-30 fr.). From Valtournanche to Breuil 2<sup>1</sup>/<sub>2</sub> hrs., thence to the Théodule Pass 3<sup>1</sup>/<sub>2</sub>-4 hrs., thence to Zermatt 3 hrs. Gidle promote to Zermatt 3 hrs. Gidle promote to Zermatt 3 hrs. Gidle promote to Zermatt 4 hrs. Providence to Theodore and the Providence to Theodore and the Providence to Theodore and the Providence to Theodore and Theod Valtournanche 20, incl. the Breithorn 40 fr. — This route is the most picturesque way back into Switzerland for those who have made the Tour of Mont Blanc (R. 75). The guide should be taken all the way to Zermatt, as the path, even after the glacier is quitted, is poorly kept and easily missed.

Châtillon (1805'), see p. 320. The road ascends the right bank of the deep gorge of the Matmoire, among fine walnut and chestnut trees. On the hillside to the right are seen relics of ancient aqueducts. We pass (11/4 M.) Champlong and (11/4 M.) cross to the left bank. [A road here ascends to the left to (2 hrs.) the charmingly situated village of Torgnon (4885'; Vesan's Inn, pens. 6 fr.).] At (2 M.) Grands-Moulins (3280'; Cantine du Mont Cervin), where the imposing Matterhorn suddenly appears, we return to the right bank. On the slope to the right lies the church of Antey-St-André; to the left, the remains of an aqueduct of the 12th century. The last walnut-trees are seen at (1½ M.) Fiernaz (3445'; Cantine de la Rose). High up on the right is the hamlet of Chamois (5950'), where oats still grow. Beyond (21/2 M.) Ussin (4130'), at Moulin-Dessus, we cross the Cignana, which forms a picturesque cascade to the left, and ascend in windings to (3 M.) the village of Valtournanche (5000'; \*Hôt. du Mont-Rose, good trout; Albergo delle Alpi; Hôt. Meunet). To the E. rises the finely shaped Mt. Roisetta (10,895').

Adjoining the church-door is a tablet in memory of Chanoine Carrel (d. 1870), a great promoter of Alpine exploration; two others on the parsonage record the names of the guides J. J. Maquignaz and J. A. Carrel, who perished in 1890 on Mont Blanc and on the Matterhorn respectively. To the Col des Cimes Blanches, see p. 377; Col de Val Cournère, see below. Guides: Louis, Jean-Bapt., and Léon Carrel. Angelo, Ant., Jean-Bapt., and Dan. Maquignaz, L. A. and J. B. Bich, J. Barmasse, Max. Gorret, Al., Bern., Franc., P. J., and Silv. Pession, and others. — The Grand Tournalin (11,085; 5-6 hrs.; guide 12 fr.), ascended by Cheneil, is not difficult for experts. On the top is the (unusable) Capanna Carrel of the I. A. C. Splendid view.

The bridle-path crosses the Matmoire near the hamlet of Crepin and recrosses it 1 hr. farther on. Near the second bridge (5715') is a fine waterfall in the sombre \*Gouffre de Busserailles or Grotte du Géant, reached by a wooden gallery (1 fr.); adjacent is the plain Hôt. des Alpes. The path ascends steeply to the chapel of Notre Dame de la Garde (6000'), and through the wild and romantic Défilé des Busserailles, passes the (1 hr.) Chalets d'Aouil (6495'), and traverses an open valley surrounded by imposing mountains: to the left, the Château des Dames, the Jumeaux du Vallon, the Pointe des Cors, Dent d'Hérens, Tête du Lion, and Matterhorn. We next reach (1/2 hr.) the chalets of Breuil or Breil (6575'; Hôt. des Jumeaux), 10 min. above which is the solitary \*Hôtel du Mont-Cervin, on the hill of Giomein (6880'; R. 31/2-4, D. 4 fr.).

Ascent of the Matterhorn from Breuil, see p. 366. — Over the Col des Cimes Blanches to Fiéry, see R. 86. — The Dent d'Hérens (13,715') is ascended from Breuil viâ the Col des Grandes Murailles (9412') in 8-10 hrs. (difficult; better from Prarayé, see p. 366) — Note that guides are always

to be had at Valtournanche, but not at Breuil.

To Prarayé over the Col de Val Cournère (8 hrs.; guide 10 fr.), rough but repaying. We cross the Matmoire, <sup>3</sup>/<sub>4</sub> hr. below Breuil, and ascend to the right to the (2 hrs.) Col de Dza (8010'; superb survey of the Matterhorn); descend a little, then ascend over grass, rocks, and snow, round the S.E. flank of the Château des Dames (see below) and past some small lakes, to the (3 hrs.) Col de Val Cournère (10,325'), to the S. of the Pointe de Fontanelle (11,100'), with a fine view of Mt. Vélan, the Grand Combin, etc. (From Valtournanche a bridle-path leads to the chalets of Cignana; thence a steep, tiring climb to the pass, 4<sup>1</sup>/<sub>2</sub>-5 hrs.) Descent through Val Cournère to (2 hrs.) Prarayé in the Val Pellina (p. 350). — The Château des Dames (11,445') may be ascended from the pass (2<sup>1</sup>/<sub>2</sub> hrs.; not very difficult; guide 15-18 fr.).

The Théodule route (bridle-path as far as the glacier) ascends over turf and stones, past the Chalet des Cors, to  $(2^{1}/_{2} \text{ hrs.})$  Le Fornet (10,095'), the scanty relics of an old fort, at the end of the Valtournanche Glacier, where the rope comes into use. We then cross the easy glacier to  $(1^{1}/_{4}-1^{1}/_{2} \text{ hr.})$  the Théodule Pass (p. 364). Ascent of the  $(2^{1}/_{2} \text{ hrs.})$  \*Breithorn, see p. 364. To  $(3-3^{1}/_{2} \text{ hrs.})$  Zermatt, see p. 359.

#### THE GRISONS.

The present Canton of the Grisons (Graubünden) was inhabited at the beginning of the Christian era by the Rhætians, who were conquered by the Romans in A. D. 15. After the fall of the Roman Empire Rhætia came into the possession of the Ostrogoths, and afterwards into that of the Franks. In the middle ages it became the residence of many noble families, including the Bishops of Coire, the Abbots of Disentis and Pfäfers, the Counts of Montfort, Werdenberg, Planta, and Mätsch, and the Barons of Vatz, Rhäzüns, Belmont, and Aspermont, whose ruined castles are still seen on the heights. The inhabitants were grievously oppressed by these magnates, and on several occasions entered into associations with a view to obtain redress. Thus in 1396 they formed the 'League of the House of God' (Lia da Ca Dè, or Casa Dè); in 1424 the 'Upper' or 'Gray League' (Lia Grischa); and between 1428 and 1436 the 'League of the Ten Jurisdictions' (Lia dellas desch dretturas). These coalitions gave rise in 1471 to the 'Three Perpetual Leagues of Rhaetia'. In 1512 the confederates conquered the Val Tellina, which they governed by bailiffs down to 1797. By the year 1521 more than half the population had embraced the Reformation, but a powerful minority adhered to the Roman Catholic faith. The dissensions of these two parties gave rise to the invasion of their country during the Thirty Years' War by Austro-Spanish and French armies, but through the energy of Georg Jenatsch (d. 1639) the land at length recovered its independence. From the 15th cent. onwards the 'Gray Confederates' were on friendly terms with the Swiss, and in 1803 their territory was incorporated with Switzerland as the 18th Canton.

Down to 1848 the canton was divided into 26 small and almost in-

Down to 1848 the canton was divided into 26 small and almost independent republics, called *Hoch-Gerichte* (jurisdictions), but these were abolished by the new constitution. It is now the largest, though not the most populous, canton in Switzerland (2806 sq. M.; 104,510 inhab.), and it is remarkable for the variety of its scenery, climate, productions, and languages, as well as for its national peculiarities and political constitution. The country consists of an immense network of mountains, furrowed by about 150 valleys. Barren rocks tower above luxuriant cultivation; wild deserts, where winter reigns during three-fourths of the year, lie amid

forests of chestnuts, under the deep blue sky of Italy.

No less varied are the inhabitants in origin, language, religion, and customs. The population includes 55,371 Protestants and 49,585 Roman Catholics; 36,508 are of Romanic, 48,937 of Teutonic, and 17,883 of Italian race. Of the Romanic language there are two distinct dialects: the Ladin of the Engadine, the Albula, and Münster valleys, and the Romance or Romontsch of the valleys of Disentis and Ilanz, the Oberhalbstein, Schams, etc. This dialect is spoken generally, but German is gaining ground, and is so well taught in the schools that the younger natives speak it better than the inhabitants of German Switzerland. Several small Romanic newspapers appear at Coire, Disentis, etc. — Italian is spoken to the S. of the Alps, in the valleys of Poschiavo, Bregaglia, Mesocco, and Calanca.

#### 88. Coire.

Germ. Chur, Ital. Coira, Roman. Cuera.

Hotels. \*Hôtel Steinbock (Pl. a; B, C, 1), a new house opposite the station, R. 3-6, B. 1, déj. or S. 3, D. 4½, pens. from 9 fr.; \*Lukmanier (Pl. b; D, 2), opposite the post-office, R. 3-5, B. ½, déj. 3½, D. 4, S. 3, pens. from 8, omnibus ¾ fr. — Second-class: \*Weisses Kreuz (Pl. c; D, 2), R. 2-2½, B. ½, D. 3, pens. 7-8 fr.; \*Stern (Pl. d; E, 1), R. 2-2½, B. 1, D. 2½, pens. from 7-8 fr.; Rother Löwe (Pl. e; D, 3), R. ½, 2-2½, B. 1 fr.; Hôt.-Pens. Hofkellerei; \*Drei Könige moderate. \*Hôt.-Pens. Friedheim, ¼ M. to the E., on the Plessur, pens. from ½½ fr. — Omnibus from the station to the post-office 30 c.; luggage over 30 lbs. 20 c.

Restaurants. Zanolari, at the station (Valtellina wine); Rail. Restau-

Restaurants. Zanolari, at the station (Valtellina wine); Rail. Restaurant; Café-Restaurant Bernina, Graben-Str. (Valtellina wine). - Beer at the Casino (Rothe Löwe); Café Rhätia (Franziskaner Leistbräu); Löwenhof, near

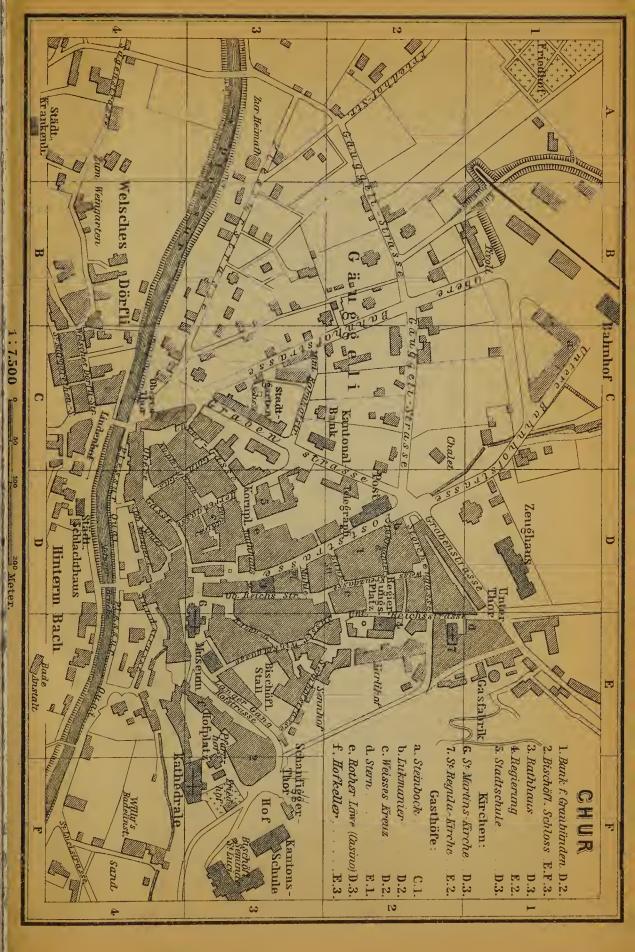

the market; Rohrer, with garden, on the Plessur.
Wines. Valtellina (red, see p. 454), abundant and not dear (best kinds, Grumello, Inferno, Sassella, Montagna); Kompleter, grown near Malans (p. 387) in the valley of the Rhine, near the lower Zollbrücke, good but expensive. The 'Landwein', or ordinary wine of the country, of which the best is the Herrschäftler, is a good red wine, similar to Valtellina. Good wine at the Hofkeller, to the left in the Episcopal Court (see below), at the Stern (see above), Café Bernina (see above), and at Jörimann's, Kornplatz.

Baths (swimming and other) at Willi's, on the Plessur (Pl. F, 4; 50 c.). English Church Service at the Swiss Protestant Church.

Coire (1935'; pop. 11,513; 2/3 Prot.), the capital of the Canton of the Grisons, the Curia Rhaetorum of the Romans, and since the 4th cent. the seat of a bishop, is picturesquely situated on the banks of the Plessur, which falls into the Rhine 11/2 M. from the town. Most of the Roman Catholic inhabitants dwell in the Bischöfliche Hof. or 'Episcopal Court' (Pl. E, F, 3), the upper and most interesting quarter of the town, surrounded with walls. Here rises the episcopal \*Cathedral of St. Lucius (Pl. F, 3), part of which dates from the 8th cent. (adm. to the treasury 1 fr.; tickets at the parsonage, to the left of the church).

The columns of the ancient PORTAL OF THE COURT rest on lions; above is another lion; on the columns are Apostles. The CATHEDRAL PORTAL, with its projecting slender columns with graceful capitals, is Romanesque.

The Interior is interesting owing to its variety of styles. The aisles are only about half the height of the nave. The pillars of the latter, strengthened by semi-columns, have bases adorned, as was usual in the 12th cent., with leaves at the corners and heads of animals, and have curious capitals of Corinthian tendency. The vaulting is effected by Gothic arches, which, in the aisles, are stilted. South Aisle: \*Sarcophagus of

Bishop Ortlieb de Brandis (d. 1494). Altar-piece, a Madonna by Stumm, a pupil of Rubens. Tombstone of Count de Buol-Schauenstein (d. 1797), and opposite, that of his son (d. 1833). South Transept. 1st Altar: above it, Herodias by Cranach; in the centre, a Madonna of Rubens's School; the side-Herodias by Cranach; in the centre, a Madonna of Rubens's School; the sidepictures by the elder Holbein and his school. Richly ornamented altar of
the 5th century. 2nd Altar: altar-piece, a Crucifixion and Saints, of the
German School of the 15th cent.; reliquary of the 16th century. Choir:
"High-altar gilded and richly carved by Jacob Russ (1491). Stalls and a
"Tabernacle of 1484 (the latter attributed to Adam Krafft). The Crypt is a
low chamber with flat vaulting of the 5th century. North Aisle: 1st Altar,
St. Aloysius, by Angelica Kauffmann. Adjacent, the tomb of Jürg Jenatsch
(p. 381). Over the central altar, "Christ bearing the Cross, ascribed to Dürer.
In the Sacristy is the rich "Treasury: reliquaries, crucifixes, candelabra,
vestments, etc.; reliquary in embossed copper (8th cent.); reliquary in
the form of a Gothic church, with Christ and the Apostles in the arches
(13th cent.); embroidered stuffs of the Saracenic period; fragments of silk
of the time of Justinian; Christ and Peter on the sea, a miniature-paintof the time of Justinian; Christ and Peter on the sea, a miniature-painting on lapis-lazuli by C. Dolci. The glass-cabinets contain charters granted by Charlemagne, Louis le Débonnaire, Lothaire, etc.

Adjoining the church is the old Episcopal Palace (Pl. 2; E, F, 3). The Chapel, one of the earliest of Christian edifices, lies to the N., within the ancient Roman tower of Marsoel ('Mars in oculis'), which is connected with the palace. This tower and another named Spinoel ('Spina in oculis', containing the 'Hofkeller', see p. 382; fine view from the windows) form the N. angles of the 'Hof'. An ancient tower to the N.W., with the adjacent wall, appears also to be Roman. The names of these towers refer to the subjection of the Rhætians by the Romans.

In the Hof-Platz rises the tasteful Gothic Hofbrunnen (1860). Behind the cathedral are the Priests' Seminary of St. Lucius and the Cantonal School (Pl. F, 3; for both creeds).

Opposite the Prot. St. Martinskirche (Pl. 6; D, E, 3), to the left of the approach to the cathedral-court, is the Rhaetian Museum (Pl. E, 3; Sun. 10-12, gratis; at other times 1 fr.), containing antiquities, old mural paintings from the episcopal palace (Death Dance after Holbein), the cantonal library (60,000 vols.), a natural history collection, etc. In front of the museum is a bust of Dr. E. W. Killias (d. 1891), the naturalist. — Three windows in the hall of the Rathhaus (Pl. 3; D, 3) contain stained glass of the 16th century. In the Council Chamber is some good wooden panelling. - The Vazerol Monument, an obelisk in the Regierungs-Platz (Pl. D, 2), commemorates the leagues of Truns (1424), Davos (1436), and Vazerol (1471). - The old cemetery in the Graben-Strasse, now a public garden (Pl. C, 3), contains well-preserved tombstones of the 16-18th cent., and a monument to the poet Gaudenz von Salis-Seewis (d. 1834), by Kayser of Zürich.

EXCURSIONS (guides, Paul Roth, Alfred Weiss). Fine view of the town and the Rhine Valley from the Rosenhügel, on the Churwalden road, 1/2 M. from the Plessur bridge, with pleasant grounds and a monument to Moritzi, the botanist. Also from the 'Haldenanlagen' on the Mittenberg. From the 'Hof' (p. 382) we follow the Schanfigg Road (p. 384) to the pavilion at the first bend of the road, then ascend to the left by an avenue and through wood, with charming views of the town and environs. Forest-paths ascend to the (3/4 hr.) St. Luzi-Kapelle, situated under an overhanging rock in the middle of the wood; to the (13/4 hr.) Mittenbergweide (3610'), a fine point of view; to the Kaltbrunner Tobel; and to other points. — About 1 M. to the N.E. of the town (pleasant path through the 'Steinbruch') is the Lürlibad (2300'; Pens.-Restaurant Montalin, pens. from 41/2 fr.), with a fine view toward Reichenau. We may then follow the Loe road to the (3/4 M.) lunatic asylum of Waldhaus, and go on thence, through the Fürstenwald, to the

On the *Pizokel*, a wooded hill to the S. of Coire, a pleasant forest-path (r.) leads from the Churwalden road (p. 396) to the chalet ('Maiensäss') of (1½ hr.) Schönegg (3575'; rfmts. in May and June). It diverges to the W., by the Rosenhügel, from the first bend in the road, leading to a finger-post 'nach Schönegg'. Fine view of the Vorder-Rhein Valley. Another path diverges to the right from the same road? M. from Coire (force road) diverges to the right from the same road 2 M. from Coire (finger-post), and leads to the (3/4 hr.) Känzeli (3837'). Thence to the 'Maiensässe', the (2 hrs.) Spuntisköpfe (6070'), and the (1 hr.) Dreibündenstein (7060'; guide from Coire 7 fr.), overlooking the Schanfigg Valley as far as Peist, the Vorder-Rhein Valley, and the Domleschg. — The \*Stätzer Horn (8460'), 2 hrs. farther to

the S., see p. 397 (guide 10 fr.).

romantic Scalara Tobel.

Bad Passugg, with springs containing iron, soda, and carbonic acid, lies 3 M. from Coire in the wild valley of the Rabiusa (p. 396). A path leads to it in 11/4 hr. from the Todtengut on the Sand. Or we may ascend the Churwalden road to the end of the fourth great bend, follow the road to the left viâ Araschgen to Bruck (Hôtel & Restaurant Fontana, pens. 61/2-7 fr.), cross the Rabiusa, and then ascend (left) to (11/2 hr.) the \*Curhaus Passugg (2880'), finely situated on the hillside high above the gorge of the Rabiusa. The springs are 20 min. higher up, to the right. From Passugg a pleasant path leads to (13/4 hr.) Churwalden (p. 396), on the

right bank of the Rabiusa, finally crossing it and turning to the left.—
Road to Tschiertschen and bridle-path thence to Arosa, see p. 386.

The Calanda (9215') is ascended from Haldenstein, 3 M. to the N. of Coire (p. 76), viâ the Haldensteiner Alp in 6-7 hrs. (fatiguing; guide 12 fr., with descent to Vättis 20 fr.). The night is spent in the Calanda Hut of the S. A. C. (7218'), 4 hrs. from Haldenstein and 2 hrs. below the top. Magnificent view (panorama by Jenny); more striking on the ascent from Vättis (p. 76; 7-8 hrs.; more fatiguing; guide 15 fr.). Guides: Joh. Peter Lütscher, G. Batänjer, schoolmaster, and Andr. Gyger, of Haldenstein.

# 89. From Coire to Arosa through the Schanfigg-Thal.

From Coire to Arosa, 20 M., diligence twice daily in 61/4 (descent 31/2) hrs.; fare 7 fr. 60 c. (coupé 9 fr.); carriage with one horse 30, with two horses 50 fr.

Coire, see p. 382. The Schanfigg road ascends the steep slope of the Mittenberg (p. 383) in long windings, commanding Coire and the Vorder-Rhein Valley. At (3 M.) the Strela Inn, below Maladers (3320'; Pens. zur Post), which is not in sight at first, it enters the wooded and grassy Schanfigg-Thal. The Plessur, far below in its wooded gorge, is fed by many affluents from both sides. To the right lies Bad Passugg; above, on the Churwalden road, is Malix (p. 396). By the bridge which spans the deep Calfreiser Tobel (3540') is a waterfall. The road goes through a short tunnel below (3 M.) Calfreisen (4095'); to the left, above, rises the ruin of Bernegg. Crossing the Castieler Tobel, we pass through another tunnel to (1 M.) Castiel (3960'; Hemmi, good wine), a charmingly situated village with a mineral spring. The road winds up the hillside, crossing the Glasaurer-Tobel and the Gross-Tobel, with its earthpyramids, to (31/2 M.) St. Peter (4107'; Post; Pens. Badrutt, 4 fr.) and Peist (4382'; inn), and crosses the Peister Tobel, the Frauen-Tobel, and the Gründje-Tobel, to (31/2 M.) —

13 M. Langwies, or Am Platz (4285'; \*Hôt.-Pens. Strela, R.  $11/_2-21/_2$ , B. 1, D.  $21/_2$ , pens. 4-5 fr.;  $B\ddot{a}r$ ), the largest parish of the Schanfigg, in a sheltered site. To the S. opens the Arosa-Thal

(see below).

FROM LANGWIES TO DAVOS OVER THE STRELA PASS, 31/2-4 hrs. (guide, 10 fr., needless; horse 10 fr.). A road ascends through wood on the right bank of the Sapuner Bach, crosses (1/4 hr.) the Fondeier Bach and (10 min.) the Sapüner Bach, and ascends more steeply, at places high up on the cliffs. It returns to the right bank of the stream, and leads through meadows past Dörfli, Schmitten, and (1½ hr.) Küpfen (all in the parish of Sapün), where the road ends. Bridle-path thence through a treeless upland valley, finally ascending in zigzags to the (2½ hrs. from Langwies) Strela Pass (7800'; fine view), between the Küpfenfluh (8650') on the right, and the Schiahorn (8900'; easily ascended from the pass in 3/4 hr.; see p. 394) on the left. We descend to the (3/4 hr.) Schatz-Alp (inn), and to (1/2 hr.) Dance-Platz (p. 392)  $(1/2 \text{ hr.}) \ Davos-Platz \text{ (p. 392)}.$ 

FROM LANGWIES TO KÜBLIS OVER THE DURANNA PASS, 5 hrs., easy and attractive. A road ascends to (1½ hr.) Fondei or Strassberg (6275'). Then a bridle-path to the (1 hr.) marshy pass (6970'), between (r.) the Weissfluh (see below) and (1.) the Kistenstein (8125'). View of the Rhætikon chain, etc. We descend the Fideris Alps to (2 hrs.) Conters (3715'), and follow the road to (1½ M.) Küblis (p. 388). — The Weissfluh (9345') is ascended in 3½ hrs. from Langwicz either by Fondei or by Society and the Haunten in 31/2 hrs. from Langwies, either by Fondei, or by Sapun and the Haupter Alp, near the Strela Pass (easy and attractive; descent if desired to Klosters or Davos, comp. pp. 389, 390).

Arosa (ca. 5900'), one of the highest summer and winter resorts in Switzerland, is 7 M. from Langwies by a good road (diligence twice daily, see p. 384). We descend to the E. to the Sapüner Bach, which flows from the Strela Pass (see above), cross the brook, and ascend through wood on the left bank, passing the (11/2 M.) gorge of the Bühlenbach, with its waterfalls. We then gradually descend to the bridge over the Plessur, and ascend to the (11/2 M.) Rüti (4790'; Pens. Rütihof). The road divides (1 M.). The new road winds up to the right, and then leads past the small Schwarzsee and the Obere Sec to the (3 M.) Post Office (see below). The old road ('Waldweg'; preferable for walkers) ascends through wood to the (50 min.) \*Hôt.-Pens. Seehof (5710'; R. from 11/2, B. 1, D. 3, pens. 7-10 fr.), the Pens. Zai, and the Hôtel Bristol & Pens. Schweizerhaus (pens. 7-11 fr.), all three prettily situated on the little Untersee, in the Seegrube, or lower part of Arosa. On the highroad passing the Obere See (see above) are situated the other hotels: on the right, the \*Hôt. - Pens. Rhätia (5805'; 7-10 fr.), and its dépendance the Villa Germania, the small Villa Kornmann, and the Pens. Sonneck (5938'; 61/2-9 fr.); on the left, \*Hôt.-Pens. Schweizerhof (pens. 6-8 fr.; commercial), Hôt. - Pens. Rothhorn, opposite the Post and Telegraph Office; then, a little below the road, the Hôt.-Pens. Victoria (5757'; 6-8 fr.), Hôt.-Pens. Hof-Arosa  $(5^{1}/_{2}-6 \text{ fr.})$ , \*Hôt.-Pens. Waldhaus  $(6^{1}/_{2}-8^{1}/_{2} \text{ fr.})$ ; farther on,

in the wood, the \*Grand-Hôtel (5692'; 120 beds; pens. 8-11 fr.; Engl. Ch. Serv.). Above the road are the Hôt. - Pens. Hohenfels (8-10 fr.; same proprietor as the Grand Hôtel), Villa Frisia (Dr. Janssen; Meteorological Station), Villa Dr. Herwig, and \*Sanatorium Arosa (6090'). Farther up, on the road to Inner-Arosa, at the head of the wooded region of the valley, are \*Villa Zürrer (5905'; pens. 7-9 fr.), Hôtel Bellevue (51/2-6 fr.), Hôtel Garni Brunold (6003'), with the post-office for Inner-Arosa, and Hôt.-Pens. Arosa-Kulm (6070'; 6-8 fr.). Most of the hotels are also open in winter (information from the Cur-Verein Arosa). Arosa is fast becoming a favourite winter resort for consumptive patients (Dr. Ruedi), and as at Davos, skating and tobogganing are actively pursued. Among the attractions of Arosa are its fine pine-woods (numerous walks) and its rich Alpine flora. Visitors' tax 1 fr. per week.

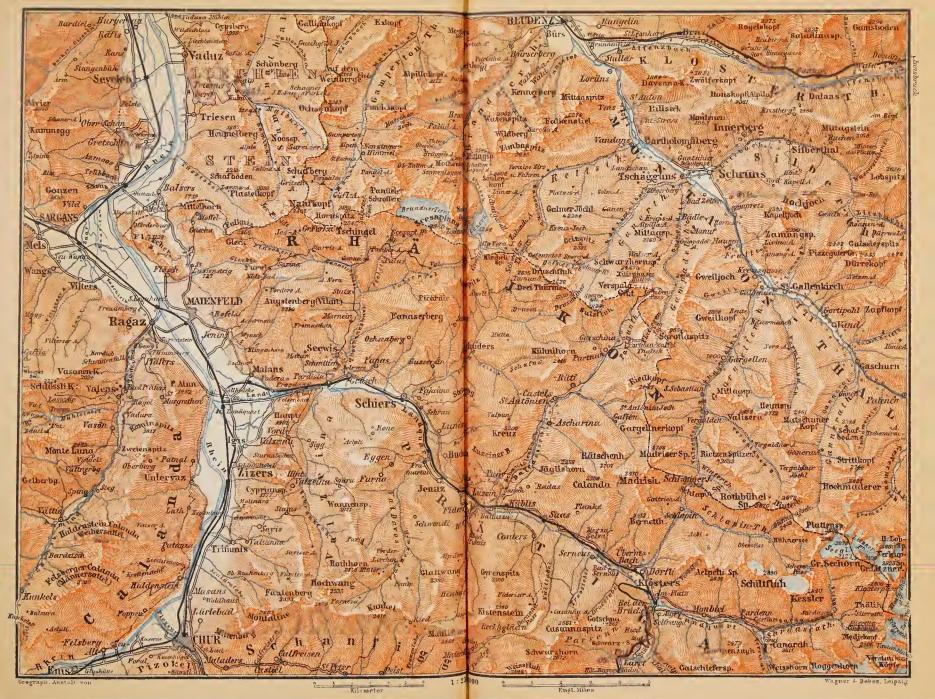

FROM COIRE TO AROSA We may prefer the longer, but delightful route viâ Tschiertschen (61/2-7 hrs.; diligence to Tschiertschen daily in 21/2 hrs.; 1 fr. 30 c.). Road by Araschgen, Passugg (p. 384), and Prada, to (61/2 M.) Tschiertschen (4430'; Hôt.-Pens. Alpina, 5 fr.; Pens. Alphorn, from 31/2 fr.; Pens. Jäger; Bruesch, good wine). Thence a narrow road, affording superb views of the Schanfigg and Rhine Valley, the Rhætikon chain, Hochwang, and Piz Kesch, by the Churer Ochsenalp (6890') and Maran (see below), to (61/2 hrs.) (81/2 hrs.) Arosa. — Above Tschiertschen a path diverges to the right into the Urden-Thal, through which we may either ascend over the Carmenna Pass (see below), or proceed viâ the Urdensee and Hörnli (see below), to Inner-Arosa (guide 8 fr.).

EXCURSIONS (guides, Joh. Brüsch, Jacob Juon). From the Villa Herwig by a shady path, or from the Seegrube past the Obersee (5705'; boats for hire on the Obersee and Untersee), to the (½ hr.) hamlet of Maran (6102'; Pens.-Restaurant Hof Maran, pens. 5-7 fr.) and to (½ hr.) Alp Pretsch (6560'; fine view). — From the Seehof to the (1 hr.) pretty waterfall in the Welschtobel. — From the Sanatorium to the top of the Tschuggen (6725'; ½ hr.; easy). — From the Curhaus to the (1 hr.) blue Schwelli-See (6295') and the (¾ hr.) Aelpli-See (7055'), at the foot of the Rothhorn (see below). — The Weisshorn (8710'; 2½-3 hrs. from the Sanatorium; guide 5 fr.) is an easy and attractive agreent by Tschwagen and the Mittlere Hitte.—Schiesshorn and attractive ascent, by Tschuggen and the Mittlere Hütte. — Schiesshorn (8565'; 3 hrs.; guide 6 fr.), by Furka-Obersäss, not difficult. — The \*Rothhorn (9790'; 5 hrs.; guide 15 fr.; splendid view) is best ascended through the Welschtobel; the descent past the Aelpli-See and the Schwelli-See takes 3-4 hrs. — Thiejerfluh (9135'; 4 hrs.; guide 12 fr.), by the Furkahöhe (see below), attractive, and not difficult for experts. — Sandhubel (9080'; 3'/2 hrs.; guide 12, with descent to Wiesen 18 fr.), through the Welschtobel, also not difficult (comp. p. 395). also not difficult (comp. p. 395).

Passes. From Arosa to Davos by the Furkahöhe (8020') between the Furkahorn (8950') and Amselfluh (9095'), 4 hrs. to Frauenkirch, 41/2 hrs. to Davos-Platz (p. 392; guide to Frauenkirch 10, to Davos 15 fr.). — To Coire by the Ochsenalp (5-6 hrs.; easy and attractive), see above. A more fatiguing by the Ochsenalp (5-6 hrs.; easy and attractive), see above. A more fatiguing route crosses the Carmenna Pass (7800'), between the Weisshorn and Plattenhorn, with a steep descent to the Urden-Thal and to (3½ hrs.) Tschiertschen (guide 8 fr.). — To Parpan over the Urden Fürkli, 4½-5 hrs., with guide (10 fr.), repaying; we pass to the S. of the Hörnli (8190') to the Urder Augstberg (7380'), with its little lake, and cross the Urden Fürkli (8510'), between the Parpaner Weisshorn and Parpaner Schwarzhorn, to Parpan (p. 397). — To Alveneu (p. 396) through the Welschtobel and across the Furcletta (8455'), to the E. of the Piz Naira (9420'); descent by Alp dil Guert and the Alveneuer Maiensässe; 5-6 hrs., with guide (20 fr.), to ilsome but interesting but interesting.

# 90. From Landquart to Davos through the Prätigau and to Schuls over the Flüela Pass.

RHÆTIAN RAILWAY (narrow-gauge line) from Landquart to (31 M.) Davos-Platz in 2<sup>3</sup>/<sub>4</sub>-3<sup>3</sup>/<sub>4</sub> hrs. (fares 15 fr. 30 c., 10 fr., 4 fr. 70 c.); to (20 M.) Klosters in 2-2<sup>1</sup>/<sub>2</sub> hrs. (9 fr. 90, 6 fr. 60 c., 3 fr.). Diligence from Davos-Platz to (31<sup>3</sup>/<sub>4</sub> M.) Schuls thrice daily in summer in 7<sup>1</sup>/<sub>4</sub>-7<sup>1</sup>/<sub>2</sub> hrs. (12 fr. 55, coupé 15 fr. 10 c.). Passengers arriving by railway from Landquart find the Flüela diligence awaiting them at the Post Hotel, opposite the Davos-Dorf station. Extrapost with two horses from Davos to Schuls-Tarasp 69 fr., to Pontresina 92 fr. 80 c., to St. Moritz 9<sup>4</sup> fr. Carriage with one horse from Davos to Schuls-Tarasp 38, with two horses 70 fr., to Landeck 80 or 150 fr. This is the direct route from Rorschach and Coire to the Lower Engadine.

The Prätigau ('meadow-valley'; Roman. Val Partenz), a long, narrow valley, is noted for its orchards and its excellent pasturage. At its mouth

The Prätigau ('meadow-valley'; Roman. Val Partenz), a long, narrow valley, is noted for its orchards and its excellent pasturage. At its mouth and other places it is covered with the deposits of the Landquart. At its head and above its sides tower several snow-peaks. Population (Prot.) about 10,000. German is spoken, but, as in Tyrol, most of the villages have Romanic names. The Rhaetikon chain, to the N., culminating in the Scesaplana (see below), separates the Prätigau from the Montafon (p. 463).

Landquart (1730'; Rail. Restaurant; Hôtel Landquart), see p. 71. Our train crosses the Landquart and sweeps round to the E. to  $(1^1/4 \text{ M.})$  Malans; the village  $(1865'; \text{Ochsen}, \text{well spoken of}; \text{Krone}, \text{R. } 1^1/2-2, \text{D. } 1^1/2-2^1/2, \text{ pens. } 3^1/2-5 \text{ fr.}, \text{ good wine}; \text{ Kreuz}), with the château of Bodmer, is charmingly situated <math>1/2 \text{ M.}$  to the N. of the station. We return to the Landquart, and enter the Klus, a narrow gorge, 3/4 M. long, the entrance to the Prätigau, in which lies (3 M.) Felsenbach-Valzeina (1870'), the second station.

A bridle-path ascends on the right to the (4½ M.) hamlet of Valzeina (3670'; \*Curhaus, unpretending, R. from 2, pens. 4-5 fr.), a summer-resort. Thence to the top of the Valzeiner-Spitz or Haupt (4596'; fine view), 1 hr., easy; to the Ciprian-Spitz (5833'), 2½ hrs., by Hinter-Valzeina (guide 6 fr.). A bridle-path leads from Valzeina over the Sturna-Boden (4505'), and through

the Schlund-Tobel, to (21/2 hrs.) Zizers (p. 71).

The valley expands. —  $4^{1}/_{2}$  M. Seewis-Pardisla.

A road leads hence to the left (diligence twice daily in 1 hr., fare 45 c.) to (2½ M.) Seewis (2985'; \*Hôt.-Pens. Curhaus Seewis, R. 1-3½, D. 2½, pens. 5½-8½ fr.; \*Hôt.-Pens. Scesaplana, at the E. end of the village, R. 2-3, D. 2½, pens. 5½-7½ fr.), a summer-resort, charmingly situated on the hillside amidst rich pastures. Pleasant walks to the Tanzboden, above the school; to the Markusplatz (¼ hr.); the Emilien-Brücke (¼ hr.); Marnein (3660'; ¾ hr.); the Maiensäss or chalet of Matan (4282'; 1 hr.); Stutz (4230'; ½ hr.); Fadera (3477'; ¾ hr.); and to the Mannas (3812'; 1 hr.) — Ascents (guides, Christ. Aebli, Chr. Fansch, Jak. Gansner, Andr. Jost). The Vilan (7808'; ¼ hrs.; guide 7 fr.; easy) affords a splendid view. — Scesaplana (9740'; 6 hrs.; guide 15, with descent to the Lünersee 18 fr.), by the Alp Fasons and the (3 hrs.) new Scesaplana Club Hut (6400'; inn); thence to the top by a new path in 3 hrs. more (comp. p. 463). — Over the Cavell-Joch (7340') to the Douglas Hut (p. 463), 6 hrs. (guide 12 fr.).

On the slope to the left is the ruin of Solāvers. Then, on the hill, the church-tower of Fanas. — 5 M. Grüsch (2113'; \*Krone; Rosengarten; Hôt. Bahnhof) on the Taschinesbach. The large embankments here were constructed in 1847-48 with a view to

reclaim the land devastated by the Landquart.

7 M. Schiers (2155'; \*Post; Stern; Löwe), a pretty village with

1665 inhabitants. In 1622 the villagers defeated the Austrians in the churchyard. As the women chiefly contributed to the victory, they have since enjoyed the privilege of first receiving the sacrament.

Over the Schweizerthor (7055') or the Drusenthor (7710') to (8-9 hrs.) Schruns, see p. 463 (both toilsome). — Ascent of the Kreuz (7218') by Faiauna and Stelserberg, 4 hrs., interesting.

The train crosses the wild Schraubach and skirts the left bank of the Landquart, passing through a tunnel of 250 yds. in the Fuchsenwinkel. 9½ M. Furna (2360'; Sommerfeld). We then cross the Farnezabach to (10½ M.) Jenatz (2400'; \*Sonne; Krone), a large village to the right. — 11 M. Fideris (2445'; \*Niggli, plain).

A road (diligence to Bad Fideris thrice daily in 1½ hr.) ascends here to the right to (1 M.) the village of Fideris (2960'; Stern; Rathhaus; Hôt. Fideris-Kulm, 300' above the village, pens. 4½-5½ fr.; Hôt. Quadera), where a monument to the judge Schneider, the 'Hofer' of the Vorarlberg, was erected by Archduke John. To the S. (¾ M.) is the prettily situated \*Hôtel Aquasana (3330'; R. 2-3½, board 4½ fr.); ¾ M. farther on are the Baths of Fideris (3580'; R. 1-5, board 5½ fr.), situated in a gorge. The water, containing iron, carbonate of soda, and carbonic acid gas, is beneficial in pulmonary complaints.

The train follows the Landquart, through a grand rocky and wooded gorge. To the left, high above, lies the hamlet of *Putz*, with the ruined stronghold of *Castels*, destroyed by the 'Gray Confederates' in 1622. From a pine-clad hill to the right peeps the ruin of *Strahlegg*. We cross the Landquart to the hamlet of *Dalvazza*, and then the wild *Schanielenbach* to (13 M.) Küblis (2690'; \*Krone or Post, pens. 5 fr.; Steinbock), a pleasant village <sup>1</sup>/<sub>4</sub> M. to the E.

FROM KÜBLIS TO THE MONTAFON (p. 463), over the St. Antönien-Joch (7850'), 8 hrs. to Gallenkirch, easy. A new road leads to the village of (9 M.) St. Antönien (4660'; Curhaus Madrisa; Pens. Dönz-Lötscher, 5 fr.; Pens. Alpenrose, all good; guide, And. Flütsch). On the Partnun-Staffel, 1½ hr. farther up, is the finely-situated Hôt.-Pens. Sulzfluh (5813'; modest, pens. 5 fr.), whence the \*Sulzfluh (9265'; superb view) may be ascended in 3 hrs. (see p. 463; guide 8, with descent to Schruns 15 fr.). — To Schruns over the Partnun or Gruben Pass (7333'), 5 hrs., or over the Plasseggen Pass (7695'), 5½ hrs., both without difficulty (guide 12 fr.).

To Langwies by the Duranna Pass, 5 hrs., see p. 385.

The train begins to ascend. (Above, to the right, is Conters, p. 385.) It skirts the N. slope, affording fine views, crosses several ravines with waterfalls, and passes through a tunnel to (15 M.) Saas (3260'; Post) and (17 M.) Serneus-Mezzaselva (3400'; \*Hôt. Mezzaselva, at the station, moderate).

A road, descending to the right and crossing the Landquart, leads hence to the (1 M.) considerable village of Serneus. Up the valley to the left, on the left bank of the Landquart, is (1 M.) Bad Serneus (3303'; \*Curhaus, pens. 5-61/2 fr.), with a sulphur-spring. The road thence to (3 M.) Klosters crosses both arms of the Landquart and then keeps to the right, traversing pleasant pastures.

The line ascends, high above the Landquart, and crosses the Schlappinbach to (18½ M.) Klosters-Dörfli (3690'; \*Curhaus Klosters-Dörfli, pens. 5-6 fr.; Pens. Schweizerhaus). From above it we survey the Prätigau, with the finely vaulted Silvretta Glacier at

its head; to the right, the Canardhorn (8566') and Gatschieferspitz (8770').

KLOSTERS.

20 M. Klosters (3940') lies among pleasant pastures and woods, in a broad valley enclosed by lofty mountains, and is much frequented in summer. It consists of the hamlets of Klosters-Dörfli (p. 388), Platz, 1 M. farther on, with the church, and Brücke, adjoining, with the station (restaurant). In the last two are the hotels: \*Hôtel Silvretta, or Curanstalt Mattli, R. 1\(^1/2-5\), B. 1\(^1/4\), D. 3\(^1/2-4\), S. 2\(^1/2\), pens. 9 fr.; \*Grand Hôt. Vereina, R. 2-6, B. 1\(^1/2\), D. 3\(^1/2-4\), S. 2\(^1/2\), pens. from 8 fr.; \*Hôt.-Pens. Florin, pens. from 6 fr.; Pens. Belvedere, 6-7 fr., well spoken of; Pens. Villa Daheim, pens. 5\(^1/2-6\)\(^1/2\) fr.; Rössli, pens. 4\(^1/2-5\)\(^1/2\) fr.; Restaurant Alpenhof; Weineck. Visitors' tax 50 c. per week. — The Rütiwald, \(^1/4\) M. from the 'Brücke', is well provided with seats.

EXCURSIONS (guides: Leonhard and Christian Guler, Chr. and W. Jann, Peter and Wilhelm Jegen, Peter Allemann). Attractive short walks to Selfranga (1/4 hr.), Marienhöhe (20 min), Fluhstein (25 min.), the Fischweier (1/2 hr.), Æuje (1/2 hr.), Monbiel (1 hr.). the Schwarzsee (11/4 hr.), Obere Rüti (11/2 hr.), Walks, Pitti Pindi Schwarzsee. Selfranga Mönch-Alpweg-Laret (11/2 hr.). Longer Walks: Rüti-Bündi-Serneuser-Schwendi-Casana-Alp (3 hrs.); Saaser-Alp (3-31/2 hrs.); Maiensäss Schlappina (21/2 hrs.); a cent of the Fluh (2 hrs.); through the valley to Monbiel and back over the hill (Alp) to Klo ters-Platz (ca. 3 hrs.), etc. — To the Silvretta Club Hut (7690'; inn in summer; 5 hrs.; guide 7, to the glacier 10 fr.), an attractive excursion. Road to Novai (see below; shorter path on the right bank of the Sardasca by Schwendi and Garfiun), and through the Sardasca Valley to the (3 hrs.) Sardasca-Alp (5413'; rfmts.); then a bridle-path to the (2 hrs.) Silvretta Club Hut on the Medje-Kopf (8140'). From the hut to the 'séracs' of the Silvretta Glacier, 1½ hr. there and back; to the top of the glacier, 3 hrs. — Gotschna (7435'; 3½ hrs.; guide 6 fr.), past the Schwarzsee (p. 390) and crossing the meadows of Parsenn; Gatschiefer (Mückenthällemite: 8770), Allahare, guide 8 fr.) hv. the Gat 6 fr.), past the Schwarzsee (p. 390) and crossing the meadows of Parsenn; Gatschiefer (Mückenthälispitz; 8770'; 4½ hrs.; guide 8 fr.), by the Gat-schiefer-Alp; Canardhorn (8566'; 5 hrs., viâ Novai, see below; guide 9 fr.); Aelpeltispitz (8825'; 4½ hrs.; 8 fr.), ascended through the Schlappin-Thal; Madrisahorn (9285'), viâ Schlappin in 6 hrs. (guide 15 fr.); Weissfluh (9345'; viâ Ober-Laret in 5-6 hrs.; guide 9 fr.); all these are fine points, free from difficulty. Casana (8405'; viâ Parsenn in 4 hrs.; guide 8 fr.); the last part requires a steady head. Pischahorn (9785'), by Vereina, 6 hrs. (guide 10 fr.), or through the Mönchalp-Thal, 7 hrs. (guide 12 fr.), not difficult (comp. p. 392). More fatiguing are the Ungeheuerhörner (9825'; 4 hrs. from the Vereina Hut, through the Süser-Thal; 25 fr.) and the Plattenhörner (highest peak 10,568'; 5 hrs. from Vereina; 25 fr.). — The Silvrettahorn (10,655'), 3½-4 hrs. from the Silvretta Hut (guide 17, from the hut 10 fr.), the Signalhorn (10,538'; 4 hrs.; guide 16 or 9 fr.), and the \*Piz Buin (10,880'; 4½ hrs.; guide 27 or 20 fr.) present no danger to experts. More difficult are the Klein-Buin (10,695'; 4½ hrs. from the Silvretta Hut; guide 27 or 20 fr.), Verstanklahorn (10,880'; 7½ hrs. from the Vereina Hut; guide 45 or 40 fr.), Gross-Litzner (10,208'; 5 hrs. from the Silvretta Hut; guide 40 or 33 fr.), and Gross-Seehorn (10,223'; 4½ hrs.; 27 or 20 fr.).

From Klosters to Lavin or Süs by the Vereina Pass, 9-10 hrs.,

FROM KLOSTERS TO LAVIN OR SÜS BY THE VEREINA PASS, 9-10 hrs., with guide (18 fr.). not difficult. A narrow road ascends the right bank of the Landquart viâ Monbiel to (1½ hr.) the Novai Alp (1770'), near the confluence of the Vereina with the Laudquart (to the Silvretta Club Hut, see above). We now follow a bridle-path to the right, and ascend the Vereina Valley, passing the Stutzalp (6158'), to the (2 hrs.) Vereina Hut (6395'; inn in summer), at the mouth of the Vernela Valley (p. 350), and to the (½ hr.) Alp Fremdvereina (6437'), where the valley divides into the Jöri-Thal to the right and the Süser-Thal to the left. We ascend the latter to the (2½ hrs.) Val Torta or Vereina Pass (8700'), between the Platten-

hörner and Piz Fless, opposite the imposing Piz Linard, and descend the Val Saglains rapidly by a rough path to (3 hrs.) Süs or (3 hrs.) Lavin (p. 447). Or, at the upper end of the Süser-Thal, we may turn to the right to the Fless Pass (8045') and thence descend the Val Fless to the Susasca Valley and the Flüela road (see below), 3 M. above Süs. A third route, the finest of all, leads through the Jöri-Thal (p. 389), with the seven Jöri Lakes and the extensive Jöri Glacier overshadowed by the Weisshorn (10,130'), and across the Jöri-Fless Pass (8422') to the Val Fless (to Süs 8½ hrs.; 18 fr.). Finally, a fourth route from the Jöri Lakes ascends steeply to the right to the Flüela-Jöri Pass (about 8860') and descends to the (5 hrs. from Vereina) Flüela Hospice (see below).

To LAVIN BY THE FUORCLA ZADRELL, 81/2 hrs. (guide 18 fr.), trying but interesting. From the (3½ hrs.) Vereina Hut (p. 389) we ascend the Vernela Valley, past the cavern of Baretta-Balma, to the Piller Glacier, and over the ice (fatiguing) to the (2½ hrs.) Fuorcla Zadrell (Vernela Pass or Laviner Joch; 9030'). Steep descent into the Val Lavinuoz, to Alp Marangun, and below the precipices of the Piz Linard by Alp d'Immezz and

Alp da Doura to (21/2 hrs.) Lavin (p. 447).

To GUARDA BY THE SILVRETTA PASS, 10-11 hrs. (guide 20 fr.), fatiguing, but easy for adepts. From the (5 hrs.) Silvretta Club Hut (p. 389) we ascend the Silvretta Glacier to the (21/2 hrs.) Silvretta Pass (9885); between the Signathorn (10,538') and the Gletscherkamm (10,420'); then, to the S.E., we skirt the Klein-Buin (10,695'), cross the La Cudera and Plan-Rai glaciers, and descend over rough rocks and loose stones to the Val Tuoi and (3 hrs.) Guarda (p. 448). — From the Silvretta Hut to Lavin over the Verstankla-Thor (9580'), 7 hrs., trying, for adepts only (guide 22 fr.).

To the Montafon over the Schlappina-Joch (7 hrs. to Gallenkirch; 15 fr.), see p. 463. — Over the Rothe Furka (8832') to the (8 hrs.; 15 fr.)

Madlener-Haus and (3 hrs.) Patenen (p. 464), fatiguing but interesting.

At Klosters the train reverses its direction. It crosses the Landquart, and ascends through the Rütiwald, with a fine view to the right, to the Drostobel, where it doubles back by means of the Cavadürli spiral tunnel, 1/4 M. long. Thence it ascends the steep Klostersche Stütz, a wooded hill, with fine views of the Silvretta Glacier on the left, to (251/2 M.) Laret (4740'; buffet). Beyond the little Schwarzsee (4945'), with the village of Unter-Laret to the left, we cross the Stützbach to (27 M.) Wolfgang, at the top of the pass (5357'; Hôt. Davos-Kulm). We descend through wood, skirt the E. side of the Davoser See (5125'; 1 M. long), abounding in fish, and drained by the Davoser Landwasser, and pass the mouth of the Flüela Valley (see below) to (291/2 M.) Davos-Dorf (p. 391). Thence on the right bank of the Landwasser to (31 M.) Davos-Platz (p. 392).

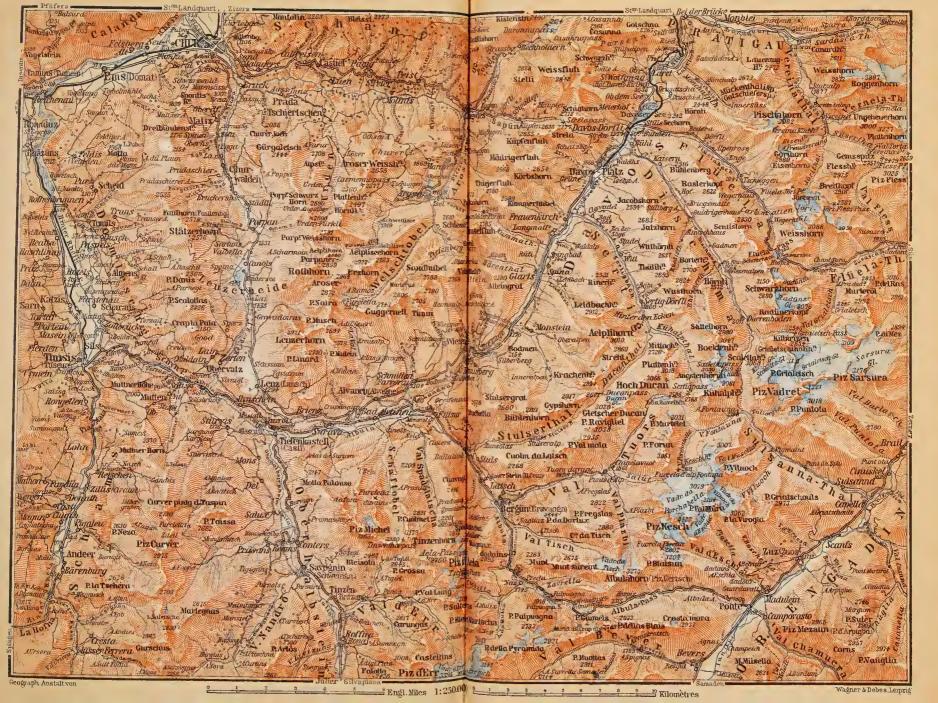

The Flüela Road crosses the Landwasser at Davos-Dorf station. (Diligence, see p. 387; long halt.) To the right, at the head of the Dischma Valley, rises the beautiful Piz Vadret (10,565'). We ascend the Flüela Valley, on the right bank of the stream, through wood, and past the (41/2 M. from Davos-Platz) Inn Zur Alpenrose (6005') and (11/2 M.) the Tschuggen Inn (6370'), to the (4 M.) —

10 M. Flüela Pass (7835'; \*Flüela Hospice, R. 2, B. 11/4, D. 2½ fr.). On the right lies the Schottensee, with greenish-white glacier-water, on the left the Schwarzsee, with clear spring-water. To the N. rises the Weisshorn (10,130'), to the S. the Schwarzhorn.

The \*Schwarzhorn or Flüela-Schwarzhorn (10,335'; 3-31/2 hrs.; guide from the Flüela Hospice 6 fr., not needed by adepts), an admirable point. is not difficult. We descend the road to the E. for 1 M. and then ascend

the Radün-Thal by a good path to the right, over stones and grass, to the (1<sup>1</sup>/<sub>2</sub> hr.) glacier. This we cross to the (20 min.) base of the peak, and ascend its steep S. arête to the (3/4 hr.) top. Imposing panorama: most conspicuous from S. to W. are the Piz Vadret, and beyond it the Bernina, Piz Dosdè, etc.; the Piz Kesch, Piz d'Aela, Tinzenhorn, Piz Michel (and, farther off, the Valaisian and Bernese Alps); Lenzerhorn, Tödi, Glärnisch, Sentis, Scesaplana; in the foreground, the Silvretta, the Oetzthaler Ferner, Piz Lischana. Piz Pizze Ortler: then the valleys of Flügla. Dischman Piz Lischanna, Piz Pisoc, Ortler; then, the valleys of Flüela, Dischma, Davos, and the Lower Engadine with Ardetz and Schloss Tarasp. Descent to the Dürrboden in the Dischma-Thal (p. 393), over débris and steep slopes, for experts only, with a guide.

Rich flora on the Fluela Pass. The S. slopes are brilliant with rhododendrons in their season. The Primula villosa, Primula farinosa, Alpine anemones, Empetrum nigrum, the Saxifraga Seguieri, and the Saxifraga

androsacea (near the hospice) also grow here.

The road descends the rock-strewn valley, and crosses the Susasca at (21/4 M.) Chant Sura, by a road-menders' hut (7143'). To the right opens the dreary Val Grialetsch, at the head of which rises the jagged Piz Vadret, with the great Grialetsch Glacier. The road crosses a torrent from the Val Fless (p. 390) on the left. Behind us is the Schwarzhorn. Farther down we cross the stream and pass through a gallery, beyond which Süs, with its ruined castle, becomes visible in the valley, with the three-peaked Piz Mezdi (p. 447) above it. Then a descent in windings (old road to the left shorter) to  $(53/_4 \text{ M.}) -$ 

18 M. Süs (p. 447); thence to  $(31^3/_4 \text{ M.})$  Schuls, see R. 102.

## 91. From Davos to Tiefenkastell (Thusis). Landwasser Road.

DILIGENCE from Davos-Dorf to  $(23^{1}/2 \text{ M.})$  Tiefenkastell daily in  $6^{1}/3$  lirs. (9 fr. 55, coupé 11 fr. 50 c.); to (33 M.) Thusis in  $8^{1}/4$  hrs. (13 fr. 15, coupé 15 fr. 80 c.). — Extra-Post, with two horses, from Davos-Platz to Thusis 86 fr. 90 c. — Carriage from Thusis to Wiesen with one horse 30, with two horses 50 fr., to Davos 45 and 80 fr.; from Davos to Wiesen 13 and 24,

Tiefenkastell 25 and 45, Thusis 35 and 65 fr.

The district of Davos (Rom. Tavau), a lofty Alpine valley, 8 M. long and ½ M. broad, with 3800 Prot. inhab., consists of pastures and a few corn-fields, sprinkled with cottages and chalets. It is enclosed by wooded mountains, and watered by the Landwasser. Around its five churches are grouped the hamlets of Dörfti, Am Platz (or St. Johann am Platz), Frauenkirch, Glaris, and, in a lateral valley, Monstein. Down to 1848 the district was one of the 26 sovereign jurisdictions of the Grisons (p. 381). The inhabitants are said to have been originally German immigrants, who settled here in the 13th century.

Railway from Landquart to Davos, see R. 90.

Davos-Dorf. — Hotels. \*Curhaus Seehof, sheltered, R. 2-6, B. 11/4, D. 3-4, pens. 7-12 fr.; \*Hôt. Flüela & Post, R. 2<sup>1</sup>/<sub>2</sub>-6, B. 1<sup>1</sup>/<sub>4</sub>, D. 3<sup>1</sup>/<sub>2</sub>, S. 2<sup>1</sup>/<sub>2</sub>, pens. 9-13 fr., for transient guests only; Sanatorium Davos-Dorf (Dr. Dannegger), R. 2-8, board 10 fr.; Neues Sanatorium Davos-Dorf (Dr. Häfeli), R. 1<sup>1</sup>/<sub>2</sub>-6, B. 1<sup>1</sup>/<sub>2</sub>, D. 4, S. 2<sup>1</sup>/<sub>2</sub>, pens. 10 fr.; International Sanatorium (Dr. Humbert); Sanatorium for Ladies (Frau Kropff); Hôt.-Pens. Mühlehof, R.  $1^{1}/2$ -3, B. 1, D.  $2^{1}/2$ , S. 2, pens. 6-9 fr.; Hôt.-Pens. Bellevue, R.  $1^{1}/2$ -2, B. 1, D. 2, S.  $1^{3}/4$ , pens.  $5^{1}/2$ -7 fr.; Pens. Villa Concordia (English),  $6^{1}/2$ -8 fr.; Pens. Rohden,  $5^{1}/2$ -7 fr.; Pens. Gredig; Pens. Villa Paul,  $6^{1}/2$ -10 fr.; Pens. Waldheim,  $5^{1}/2$ -7 fr.; Pens. Villa Vecchia,  $6^{1}/_{4}$ -9 fr.; Pens. Moritz-Ragatz,  $7^{1}/_{2}$ -10 fr. — Basler Sanatorium (Dr. Kündig), on a height at the mouth of the Flüela-Thal,  $^{3}/_{4}$  M. to the E. of the rail. station.

Davos-Dorf (5164'), prettily situated at the base of the Schiahorn (8900'), is becoming as popular as Davos-Platz, and now forms with it one community of 8245 souls. Opposite, at the head of the Dischma Valley, to the S.E., is the Scaletta Glacier with the Piz Vadret (p. 394); and to the left rises the Schwarzhorn (p. 390).

Pleasant walk to the (10 min.) Davoser See (p. 390). On its N. side (1/2 hr.) is the \*Hôt.-Pens. Höhwaldhof, pleasantly situated on the margin of the forest, with shady promenades, rowing and sailing boats, etc. About 1/2 M. farther up is the Deutsche Heilstätte (German Sanatorium), built by the German government. — The Weissfluh (9345'; viâ Meierhof, in 41/2-5 hrs.; guide 9 fr.) is a fine point of view (alternative descent to Languies, p. 385, or Klosters, p. 389). — The Pischahorn (9785'; 5 hrs.; guide 9 fr.) is ascended without difficulty viâ Tschuggen (see p. 389).

The railway to  $(1^{1}/_{2} M.)$  Davos-Platz turns towards the canalized Landwasser and follows the embankment on its right bank for about  $1^{1}/_{4} M$ .

Davos-Platz. — Hotels. \*Grand Hôtel Curhaus Davos, R. from 3, B. 1½, déj. 3, D. 4, board from 7½ fr.; \*Grand Hôtel Belvedere (English visitors), with a large terrace ('Solarium'), R. 2½-8, B. 1½, déj. 3½, D. 5, pens. 9-15½ fr.; \*Hôt. D'Angleterre (English), R. from 3, D. 4, pens. from 8 fr.; \*Hôt. Victoria (English), R. 3-6, déj. 3, D. 4, pens. 9-16 fr.; \*Hôt.-Pens. Buol, R. from 3. B. 1, D. 3½, pens. 8-13½ fr.; Hôt.-Pens. Kaiserhof, at the S. end of the place, pens. 8-16 fr.; \*Hôt.-Pens. Strela, 5½-8 fr.; \*Schweizerhof, with café-restaurant, R. 3-7½, B. 1½, D. 4, S. 3, pens. 9-16 fr.; \*Post, R. 2-3, B. 1¼, D. 3, pens. 6-11 fr.; \*Hôt.-Rhætia, R. 2-6, B. 1¼, D. 3, S. 2, pens. 7½-12 fr.; Hôt.-Pens. Eisenlohr, pens. 7-15 fr.; \*Davoser Hof, near the station, R. 2, B. 1, D. 2-2½ fr., for transient visitors; Hôt. de l'Europe; \*Hôt.-Pens. Bahnhof, opposite the station, pens. from 7 fr.; Hôt.-Pens. Löwe, 4½-6 fr.; Hôt.-Pens. Bergadler, R. 2-6, pens. 7½-12 fr.; Rathhaus, pens. 5½-7 fr., for transients; Hôt.-Pens. Frei, R. 2½-2½, B. 1½, D. 3½-2, S. 2½, pens. 7½-12 fr.; Hôt.-Pens. Bellavista, R. 2-6, D. 3½-4, S. 2½-3, pens. 8-14 fr.; Hôt.-Pens. Mattenheim, pens. 3½-5 fr.; Hôt.-Pens. Waldhaus (p. 393), pens. 5½-7 fr.; Hôt.-Pens. Charlottenhof, finely situated. 5-7½ fr.; Villa Christiana, 7-13 fr.; Villa Collina, 7-12 fr.; Centralhof, R. 1-6, be ard 6 fr.; Pens. Gelria, R. from 2, pens. 8 fr.; Pens. van Konynenburg, R. 2-8, pens. 6 fr.; Pens. Selria, R. from 2, pens. 8 fr.; Pens. van Konynenburg, R. 2-8, pens. 6 fr.; Pens. Everts; Pens. Hollandia; Pens. Dr. Herrmann; Villa Freitag (English); Villa Wetzel, 7½-11 fr.; Villa Pravigan (Rom. Cath.); Quisisana; Villa Daheim, 6-8 fr.; Damenheim (Frl. Weyermann); Villa Freitag (English); Villa Wetzel, 7½-11 fr.; Villa Pravigan (Rom. Cath.); Quisisana; Villa Daheim, 6-8 fr.; Summer 5½-7 fr.; Pens. Villa Meta, from 5 fr.

Institutions. \*Dr. Turban's Sanatorium for consumptive patients, at the S.W. end of the village, on an elevated site, R. 2-6, board and medical attendance 11 fr.; \*Sanatorium Schatzalp, see p. 393; Dr. Michel's Sanatorium; Dutch Sanatorium; Diakonissenhaus Davos. — Mr. F. Faris-Barlow's School for delicate boys (130-1401. per annum). Similar houses are the Fridericianum, for boys. and Frl. Dickes's School, for girls. Cafés & Restaurants. Curhaus (see above), with large billiard and

reading room; Café-Restaurant Franziskaner; Restaurant Alpina; Schweizer-hof, see above; Gentiana, Elsener, these two luncheon-rooms.

CURSAAL and CUR-GARTEN at the Curhaus (tickets at the hotels); concerts in the afternoon and evening, theatrical performances thrice a

week in winter (open only to guests of subscribing hotels). — Visitors' and Music Tax, 25 c. daily; reduction for families making a long stay.

ENGLISH CHURCH (St. Luke's); chaplain, Rev. W. J. S. Emery, M. A. — ENGLISH PHYSICIAN, Dr. W. R. Huggard. — Information at the Curverein Davos-Platz.

CARRIAGES. One-horse, to Davos-Dorf 3 fr., two-horse 5 fr.; to Spinabad, Glaris, and Clavadel 6 or 12, Tschuggen 10 or 18, Hoffnungsau 10 or 18, Flüela Hospice 14 or 26, Wiesen 13 or 24, Tiefenkastell 25 or 45, Thusis 35 or 65, Coire viâ Churwalden 35 or 65, Tarasp 38 or 70, Samaden 50 or 90, Pontresina or St. Moritz 55 or 100, Nauders 60 or 105, Landeck 80 or 150, Meran 130 or 240 fr. — An Omnibus plies between Davos-Platz and Davos-Dörfli hourly; 30 c., there and back 50 c.

Davos-Platz (5115'), the capital of the district and of the ancient league of the ten jurisdictions, with picturesque houses scattered among the pastures, is a favourite winter-resort for consumptive patients, and attracts visitors in summer also. It is sheltered by lofty mountains from the N. and E. winds, and the air is remarkably pure and dry. The mean annual temperature is 36° Fahr. (winter 21°, summer 51°). In winter the weather is generally calm, and the power of the sun is often so great that it is comfortable to sit in the open air even when the thermometer is below zero. Skating, tobogganing, and snowshoeing (with 'skis') are actively pursued in winter, and an international skating competition is held annually in the rink opposite the Curhaus (ca. 25,400 sq. yds. in area). — The handsome old Rathhaus (1564), with its fine carving and inlaid work, contains old weapons, stained glass, and other curiosities. — John Addington Symonds (d. 1893) lived for many years at Davos, and wrote most of his books here. - The mountains enclosing the Davos Valley are the Schiahorn (p. 394) and its foot-hills on the W., and the Jakobshorn (8510'), Jatzhorn (8818'), Thälihorn (8840'), and Seehorn (7352'; overtopped by the Hörnli, 8034') on the E. At the head (S.) of the valley rises the slender Tinzenhorn (10,430'), with the Piz Michel (10,375') to the W. of it.

Excursions. The \*Schatzalp (6150') is ascended by an electric wire-rope railway from the Cur-Promenade in 12 min. (1 fr., descent 70 c., there and back 1½ fr., Sun. 1 fr.; luggage up to 88 lbs. 40 c., toboggan 10 c.). The cars start, as often as there are passengers, from 7 a.m. to 1 p.m. and from 2 to 7 p.m. The line is nearly ½ M. long and the maximum gradient is 47:100. At the upper station is a restaurant, and near by is the large new \*Sanatorium Schatzalp (R. from 2, south room with balcony from 5, board 12½ fr.), in a sheltered situation, with extensive grounds and a fine view. The Schatzalp may also be ascended in 1 hr. by pleasant forest-paths or by road through the Rütivald. About 20 min. farther up is the Streta Alp (6495'; to the Streta Pass and the Schiahorn, see p. 394). — To the Hôt.-Pens. Waldhaus, at the entrance to the Dischma Valley, ¼ hr. — To the Gemsjäger, passing Dr. Turban's Sanatorium, ½ hr. Good survey of the valley, Davos Lake, and the surrounding mountains. — To the Grüne Alp and Ischa-Alp. each 1 hr. — Flüela Waterfall, near the Flüela road, ½ hr.; a board on a telegraph-post indicates the wood-path (r.) to (5 min.) the fall. — To Frauenkirch, ¾ hr.; baths of Clavadel (see p. 394), ¾ hr.

ASCENTS (guides: J. and Chr. Engi, Chr. Clavadetscher, Georg Valer, Joh. Kaufmann, and Joh. Bandlin; Hans Kasper and Joh. Luzi of Davos-Dorf). — \*Schiahorn (8900'), 3-31/2 hrs. (guide 7 fr.), easy and repaying.

From the Schatzalp (p. 393) we pass over the Strela Alp (path marked in red) to the (1½ hr.) Strela Pass (7800'; see p. 385), whence a good zigzag path leads to the right to (1 hr.) the summit. Fine view of the Davos, Sertig, and Dischma valleys, the Silvretta, Adula, and Bernina groups, the Rhætikon, and the Albula group. — Alteingrat (7810'), by Glaris, 4½ hrs., not difficult (guide 9 fr.); easily ascended from Wiesen also, viâ the Alvascheiner Alp (p. 395). — \*Schwarzhorn (10.335'). from the Flüela Pass in 3 hrs. (6 fr.), see p. 390. — Piz Grialetsch (10,270'; 3½ hrs.; 1¼ fr.), from the Dürrboden (see below) viâ the Scaletta Pass. and the Little Scaletta and Vallorgia Glacier, not difficult (more difficult by the Grosse Scaletta Glacier, guide 18 fr.). — Piz Vadret (10,565'), by the Scaletta Pass in 6 hrs. (guide 35 fr.), an interesting glacier-expedition for experts. — Hoch-Ducan (10,060'), from (2½ hrs.) Sertig-Dörfli (see below), ¼½-5 hrs. (20 fr.), difficult and fatiguing. — Kühalphorn (10,108'; ¼ hrs.; 12 fr.), from Sertig-Dörfli by the Kühalp Glacier, not difficult.

From Davos to Scanfs over the Scaletta Pass, 8½ hrs., attractive (direct route from Davos to the Upper Engadine; marked bridle-path; guide 16 fr.. not essential). From Davos-Platz we follow the road past the Waldhaus (p. 393), turn to the left into the Dischma Valley, which is well wooded in its lower part, and reach (3 hrs.) the Dürrboden (6598'; \*Inn, rustic). Fine view of the Scaletta Glacier. To the left rises the Schwarzhorn (10,335'), ascended hence in 4 hrs. (better from the Flüela Pass, p. 390). The path, latterly steep, ascends in 2 hrs. more to the Scaletta Pass (8590'), between the Kühalphorn (10,108') and the Scalettahorn (10,065'). A ruined hut at the top. View limited. Descent, steep at places, but enlivened by waterfalls and views of the ice-clad lateral valleys, to the Alp Fontauna (7210'; see below), and through the Val Sulsanna to (2½ hrs.) Sulsanna (two poor inns) and (½ hr.) Capella, in the Inn Valley, 1½ M. from Scanfs (p. 446).

From Davos to Languies by the Strela Pass (4 hrs.; guide, 10 fr., not essential), see p. 385; to Arosa by the Furkahöhe (41/2 hrs.; 12 fr.), see p. 386.

OVER THE SERTIG PASS TO BERGUN (81/2 hrs.) or Scanfs (9 hrs.), an attractive route, esp. in conjunction with the Fuorcla d'Eschia, and preferable to the Scaletta Pass (road as far as Sertig-Dörsli; guide, 15 fr., not necessary for experts with special map). The road diverges to the left from the Frauenkirch road, 1 M. to the S. of Davos-Platz, crosses the Landwasser, enters the pretty, wooded Sertig Valley, and leads past (2 M.) the sulphur-baths of Clavadel (5460'; \*Curhaus, pens. 5½-9 fr.; Villa Bellevue, a dépendance of the Curhaus, pens. from 5 fr.) and many scattered chalets to (4 M.) Sertig-Dörfli (6102'; Inn zum Bergführer), with the church of the valley. Above the village, 'Hinter den Ecken', the valley divides into the Ducan-Thal to the right, from which a fatiguing route crosses the Ducan Press (2782) to Filian and the Kühala Mal to the left, through which our Pass (8763') to Filisur, and the Kühalp-Thal to the left, through which our path now ascends. At the head of the valley, where the path is lost (11/4 hr.), we cross the stream to the right and ascend to the S.W. over turf and screes, where the path re-appears, to the (11/4 hr.) Sertig Pass (9062'). Fine view of the Porchabella Glacier and Piz Kesch (see below) to the S. We now descend to the right past the Raveisch Lakes, where a bridle-path begins, and through the Val Tuors to the chalets of Chaclavuot (6106'), whence a road leads to (3 hrs.) Bergün (p. 424); or we may descend from the pass to the S. through the Val Sertig and Val Fontauna to the (11/2 hr.) Alp Fontauna (see above) and to (2½ hrs.) Scanfs (p. 446). — Experts will find it much more interesting to ascend from the head of the Val Fontauna through the Val del Tschüvel (Val Porchabella) to the (13/4 hr. from the Sertig Pass) Kesch Club Hut (8630'; inn in summer), finely situated at the foot of the Porchabella Glacier. A grand route crosses this glacier and the Fuorcla d'Eschia (9868') to (5 hrs.) Zuoz (p. 446). The \*Piz Kesch (11,220') may be ascented from the Fuorcla in 11/2 hr. or from the Kesch Hut in 3 hrs. by adepts (guide 15, from Davos 30 fr.). Comp. pp. 424, 446.

The Landwasser Road crosses several torrents, with their broad stony deposits, and follows the right side of the valley, studded with

houses and chalets. In front of us rises the tooth-like Tinzenhorn (p. 423). 31/2 M. Frauenkirch (5060'; \*Post, pens. 51/2-7 fr.), protected from avalanches by a bulwark, with a picturesquely situated little church. To the left opens the Sertig Valley, in which lies Clavadel (p. 394). The valley contracts. We cross the Landwasser near  $(5^{1}/_{2} \text{ M.})$  Spinabad (4816'), a sulphur-bath (plain, but good; R. 2, B. 1, pens. 51/2-7 fr.), prettily situated amidst pines. Here begins the canal which conducts the water of the Landwasser to work the new Davos electric works at Glaris. 6 M. Glaris (4785'; Post), scattered on the pastures of the right bank. A road to the left, 3/4 M. lower down, leads to (11/2 M.) the mountain-hamlet of Monstein (5250'; \*Curhaus, no invalids received, pens. 5-6 fr.). — The road follows the wooded valley, on the left bank, in view of the Piz Michel (p. 423), to the  $(8^{1}/_{2} \text{ M.})$  Schmelzboden Hoffnungsau (4362'; Inn), a deserted foundry. To the right rise the steep, stony, and pine-clad slopes of the Züge.

Below the foundry the valley contracts to a wild gorge. The road (Zügenstrasse) follows the left bank for 3/4 M. more, leads through a tunnel and an avalanche-gallery, crosses to the right bank, and begins to ascend. Three more tunnels and another avalanche gallery. The \*Bärentritt, a projecting platform, 250' above the Landwasser, affords a striking view of the grand and wild valley, with the Sägentobel Fall, 105' high, on the right. We cross the Sägentobel and Brückentobel, and ascend in long windings to (3 M.) —

121/4 M. Wiesen (4770'; \*Hôt.-Pens. Bellevue, with its dépendance Palmy, open the year round, R. 11/2-31/2, B. 11/4, D. 3, pens. 6-8 fr.; Eng. Ch. Serv.), on the sunny slope high above the Landwasser, a summer-resort, sheltered from the N. and N.E. winds. To the S., beyond the Landwasser gorge, on the green slopes of the Stulsergrat (8790'), lies Jenisberg. Farther off are the huge

Tinzenhorn (10,430') and the Piz Michel (10,375').

Tinzenhorn (10,430') and the Piz Michēl (10,375').

Walks. By Süsswinkel to the upper Brückentobel and the Mühlentobel, with waterfalls (20 min.). — To the Tiefentobel (p. 396), 20 min.; from the road a beautiful view of the Tinzenhorn, Piz Michel, and Piz d'Aela; farther on is (40 min.) Schmitten. Beyond the Tiefentobel we may descend to (1/4 hr.) Bodmen (4162'), with its ruinous houses; pleasant forest-path thence into the gorge of the Landwasser, to the Theerhütte, and to the Leidboden (20 min.); cross the Landwasser by a rickety bridge. Then either cross another bad bridge farther up, and return to (3/4 hr.) Wiesen; or, from the first bridge, ascend to the left until we have passed a barn and some old stables, where the steep path turns to the right, leading above the former route, and through fine larch-forest and pleasant glades to (1 hr.) Filisur (p. 423). — To the (1/2 hr.) \*Jenisberg Bridge (3900'), 273' above the Landwasser. A few paces to the left, this side the bridge, we have a fine view of the Känzeli Waterfall. From the bridge a steep ascent to (11/4 hr.) Jenisberg (5010'); then by a path, very rough at places, high above the Jenisberg (5010'); then by a path, very rough at places, high above the Zügenstrasse, with views of the Davos valley, to the (1<sup>1</sup>/<sub>4</sub> hr.) Schmelzboden Hoffnungsau (see above). — To the (3<sup>1</sup>/<sub>4</sub> hr.) \*Bärentritt, and by the romantic Zügenstrasse to (1<sup>1</sup>/<sub>2</sub> hr.) Hoffnungsau (see above). — The Wiesener Alp (6310'; good forest-path, 1<sup>1</sup>/<sub>2</sub> hr.) is a fine point of view; better still the \*Sandhubel (9080'), ascended from the Alp in 2<sup>1</sup>/<sub>2</sub> hrs. (bridle-track; comp. p. 386). — Alteingrat (7810'; 3 hrs.), see p. 394.

Beyond Wiesen the road crosses the profound *Tiefentobel* (with a large avalanche-bulwark above it) and passes through a tunnel. The church of (15 M.) **Schmitten**, Roman. Farrēra (4150'; Adler; Kreuz; Krone), on a green hill, now becomes visible. In the valley, below the village, the Albula joins the Landwasser.

To Filisur (p. 423). A path, diverging to the left from the road, near the church, descends in a wide curve, crosses the Schmittnerbach (impassable after rain), and joins the Albula road near the (½ hr.) Landwasser bridge, beyond Bad Alvaneu.— From Wiesen by the Leidboden

to (11/2 hr.) Filisur (boy as guide), see p. 395.

The road crosses the Schmittnertobel to (17 M.) Alvaneu, Rom. Alvagne (3887'); to the S.E., a pleasant view of the Bergün Valley, separated from the Landwasser Valley by the Stulsergrat (8790'); in the background, Piz Vertsch (10,740'). The road soon descends in a long bend into the large Crapaneira Tobel, and at the diligence-station of (18 M.) Crapaneira (3430') it divides. The Coire road follows the hillside, and crosses a covered wooden bridge at the foot of the ruined castle of Belfort (3575'), on an almost inaccessible rock. Then (3 M.) Brienz (3713') and (2 M.) Lenz (p. 397).—The road to Tiefenkastell descends to (20 M.) Bad Alvaneu (p. 423), in the Albula Valley, and leads viâ Surava to—

231/2 M. Tiefenkastell (p. 420); thence to (33 M.) Thusis through

the Schyn Pass, see p. 420.

### 92. From Coire to Tiefenkastell viâ Churwalden.

18 M. DILIGENCE in summer 4 times daily (in connection with the Julier and Albula diligences) in 4½ hrs. (7 fr. 25, coupé 8 fr. 75 c.).—Carriage from Coire to Churwalden with one horse 12, with two horses 20 fr.; to Parpan 15 or 30, Lenzerheide 20 or 35, Tiefenkastell 25 or 40 fr.

Electric railway projected.

Coire (1935'), see p. 382. The road crosses the Plessur and ascends in windings (short-cuts), with views of the town, Rhine Valley, and Calanda. To the E. opens the Schanfigg (p. 384), watered by the Plessur. A finger-post 1<sup>1</sup>/<sub>4</sub> M. from Coire indicates the route to the left to Bad Passugg (p. 384), and another, <sup>3</sup>/<sub>4</sub> M. farther on, the way to the Känzeli (p. 384). We ascend the valley of the Rabiusa, which falls into the Plessur far below, and pass (4 M.) Malix (3800'; with a mineral spring) and the ruin of Strassberg.

6½ M. Churwalden (3975'; \*Curhaus Krone, R. 2-5, B. 1½, D. 4, pens. 7-11 fr.; \*Hôt. Post, R. 2½, B. 1, D. 3, pens. 6-7 fr.; \*Hôt.-Pens. Mettier, pens. 6-7 fr.; Pens. Hemmi; \*Hôt.-Pens. Rothhorn, pens. 5-6 fr.; \*Weisses Kreuz, pens. 4-6 fr.; \*Waldhotel Pradaschier, 1 M. above the village, in a sunny situation by a wood, pens. 5-7 fr.), a health-resort, with an old church and the former

monastery of Aschera, lies picturesquely in a narrow valley.

Pleasant walk to the (21/2 hrs.) Churer Joch (6686'), at the foot of the Gürgaletsch: view of Coire, the Rhine Valley as far as the Sentis, etc.

The road ascends more rapidly. The footpath, through wood at first, runs on the left bank of the stream, which it crosses near —

81/2 M. Parpān (4035'; \*Curhaus & Post, R. from 31/2, pens. 7-9 fr.; \*Hôt. Stätzerhorn, pens. 6-8 fr.), a pleasant Alpine village in an open situation. The ancestral mansion of the Buols (end of 16th cent.) contains various mediæval relics.

The \*Stätzer Horn (Piz Raschil; 8460'; 3 hrs.; guide needless), a favourite point of view, the highest peak of the range between the valley of Churwalden and the Domleschg (see p. 393), is ascended from Parpan by the S. A. C.'s bridle-path. Beyond the hamlet of Sartons we ascend by the mountain-path to the left, not by the track to the right. Inn at the top falling to decay. Grand panorama of the valleys of Schanfigg, Churwalden, Oberhalbstein, Schams, Domleschg, and the Vorder-Rhein as far as Ilanz; of the Rhætikon Chain, Calanda, Tödi, St. Gotthard, Piz Beverin, Rheinwald Glacier, Piz Tambo, Bernina, Albula, etc. (Panorama by A. Heim.) Rich flora. The descent on the Domleschg side is longer, the last part fatiguing, but cannot be mistaken: by the Alps of Raschil and Schall to the chalets of Almens, and then to the left to Scharans and Thusis in the Rhine Valley (4 hrs. in all). Mountaineers may descend by Obervatz to the Solis Bridge (p. 420).

From Parpan to Arosa, 41/2 hrs., see p. 386.

On the top of the pass (5090') we obtain a fine view of the Oberhalbstein Mts.; to the right is the Piz Curvèr (9760'), to the left the Lenzer Horn (9550') and the Piz Michēl (10,375'). We descend to Valbella and Canols, pass several tarns and the Heidsee (4880'), embosomed in forest (\*Chalet-Restaurant, on an island, pens. 4-5 fr.), cross the wooded Lenzer Heide, Rom. Planeira, to Lai (Post, pens. 4-5 fr.), and reach the diligence-station of—

111/4 M. Lenzerheide (4775'; \*Curhaus Lenzerheide, R. 11/2-3, pens. from 5 fr.; Hôt.-Pens. Lenzerhorn, pens. 5-6 fr.), a health-resort (lodgings in several chalets).

The \*Aroser Rothhorn (9790'; 31/2 hrs.; guide 10 fr.), a splendid point of view, is ascended hence by a club-path (comp. p. 386). — The \*Lenzer Horn (9550'; 31/2 hrs.; guide) is also easy and attractive. — The Stätzer Horn (8460'; 3 hrs.), see above.

Travellers bound for the Schyn Road take a road to the right at Lai (1/2 M. to the N. of the Curhaus), leading over the Heidbach to (50 min.) Obervatz (4015), before reaching which they keep to the left so as to avoid the paths to Lain, higher up. We then descend abruptly by Zorten and Nivaigl to (40 min.) the Solis Bridge (p. 420).

141/2 M. Lenz, Rom. Lansch (4285'; Krone or Post), an important military point before the Splügen road was made. The Duc de Rohan in 1635, and Lecourbe in 1799 took up a position here against the Austrians. — The Albula Road diverges here to the left from the Julier Road (see p. 396).

Our road descends in numerous windings (short-cuts), over-looking the Oberhalbstein, with the Heinzenberg to the W., beyond the Schyn Pass. On a height in the foreground is the village of Alvaschein (p. 420); beyond the Schyn Pass lies Stürvis (p. 420); and far below is Tiefenkastell. Near the farm of Vazerol, to the right, below the road, is a small monument on the spot where the Three Leagues took the oath of eternal union in 1471 (comp. p. 381). At the bottom of the valley we cross the Albula to —

18 M. Tiefenkastell (p. 420).

#### 93. From Coire to Thusis.

17 M. Rhætian Railway in 1-11/3 hr.; fares 5 fr. 60, 4 fr. 20 c., 2 fr — This narrow-gauge line (opened in 1896) is the continuation of the line from Davos by Landquart to Coire (pp. 387, 71), and since its completion Thusis has become the chief starting-point for the Engadine diligences (the drive being now 21/4 hrs. shorter than from Coire). Shortest routes to Silvaplana, Sils-Maria, Maloja, and St. Moritz by the Julier, and to Samaden and Pontresina by the Albula.

Coire (1935'), see p. 382. The station of the Rhætian line adjoins that of the United Swiss railways (p. 71) on the W. The line crosses the Plessur and approaches the Rhine. 21/2 M. Felsberg; the village lies beyond the Rhine, at the foot of the Calanda (p. 384), and is menaced with destruction, part of the rock above it having fallen in 1850. — 33/4 M. Ems (1915'; Railway Hotel), a large village with a church and scanty ruins on two hills. — From (51/2 M.) Reichenau-Tamins (buffet) an iron bridge crosses the Rhine to Reichenau (1975'; \*Adler, R. 21/2, B. 11/4 fr.; carriages for hire), a hamlet at the union of the Vorder- and Hinter-Rhein. Best view of the rivers from a pavilion in Dr. von Planta's garden, adjoining the Adler. At their junction the Vorder-Rhein, though superior in volume, is driven back by the impetuous Hinter-Rhein, which descends from the Bernardino. To the W. towers the snowy Brigelser Horn. The pleasant garden is open to visitors; curious old inscription on the gardener's house. The old Château of the Bishops of Coire now belongs to Dr. Alfred von Planta. In 1793 Louis Philippe sought refuge here under the name of Chabot, and his room and other memorials still exist (fee 1 fr.).

Travellers making a short stay at Reichenau should ascend the \*Church Hill of Tamins (p. 401; 20 min. from the rail. station). — From Reichenau to Ilanz, and over the Oberalp to Andermatt, see R. 94; over the Kunkels

Pass to Ragatz, see p. 77.

The railway crosses the Hinter-Rhein just above its junction with the Vorder-Rhein, then ascends, describing a wide bend round a rocky knoll, and turns to the S. through a deep cutting. — 8 M. Bonaduz (2160'; \*Hôt.-Pens. Post, R. 2-4, B. 11/4, D. 3, pens. 5-9 fr., 2 min. from the rail. station; Hôt. Oberalp, Railway Hotel, both near the station), pleasantly situated on a fertile plateau. To the S. in the background tower Piz Beverin and Piz Curvèr; to the N.E. the Calanda. — Road to Disentis (Oberalp) viâ Versam and Ilanz, see p. 402.

The valley, called **Domleschg**, *Domliaschga*, or *Tomiliasca* (the W. side *Heinzenberg*, Romanic *Montagna*), through which the line to Thusis runs on the left bank of the Hinter-Rhein, is 7 M. long and 2 M. wide. The Rhine formerly occupied nearly the whole valley, but is now confined between large embankments. The sides of the valley are remarkably fertile, while on the right bank castles

peep down from almost every hill and rock.

91/4 M. Rhäzüns (2125'), with a handsome château of the Vieli family, on a rock rising from the Rhine. Below, on the Rhine, is

the Chapel of St. George, with some old frescoes. Farther on, both train and road run high above the broad gravelly bed of the river, on the right bank of which is the ruin of Nieder-Juvalta. From (12 M.) Rothenbrunnen a bridge crosses the Rhine to (3/4 M.) Bad Rothenbrunnen (\*Curhaus, pens. 5 fr.), with springs containing iron, iodine, and phosphorus, and specially adapted for children's ailments. They lie at the foot of steep rocks; to the right is the ruin of Ober-Juvalta. On the road, to the W. of the railway, is Realta (2058'; Gasthaus zur Rhein-Correction), with the ruin of Nieder-Realta. Opposite, on the right bank of the Rhine, on rocky hills, are the château of Ortenstein (restored) and the church of St. Lorenz, picturesquely situated; farther on, near Paspels, are the ruins of Alt-Sins and Neu-Sins and the château of Canova. — From (131/2 M.) Rodels-Realta a bridge crosses the Rhine to the villages of Rodels and Fürstenau on the right bank; above Rodels is the château of Rietberg. — The line now threads a boggy district covered with brushwood; to the right, on the road, is the large cantonal Reformatory. Beyond (15 M.) Katzis (2185'; Kreuz) a beautiful landscape is disclosed: to the S. rises the snowy Piz Curver (9760'); beyond it, to the left, is the Schyn Pass, with the Piz Michel (10,375') in the background; to the N. the Ringelspitz (10,660') and the Trinserhorn or Piz Dolf (9935'). About 3/4 M. to the E. the Albula falls into the Rhine; beyond it lies the charming village of Scharans.

From Katzis diligence daily in 1½ hr., viâ Tartar, to (3½ M.) Sarn (3845'; \*Pens. Heinzenberg), pleasantly situated among sunny meadows on the slope of the Heinzenberg. The Prätzer Höhe (6965'), the highest point of the Heinzenberg, is easily ascended hence in 2½-3 hrs., with guide.

Splendid view.

Near Thusis, above the pleasant village of *Masein*, stands the château of *Nieder-Tagstein*. To the left are the ruin of *Ehrenfels* and the wooded rock of *Hohen-Rhätien*. About 2/3 M. to the N. of Thusis is a large chemical factory.

17 M. Thusis. — Hotels. \*Hôt.-Pens. Via Mala, at the upper end of the town, with garden, R. 4-6, B. 1½, déj. 3½, D. 5, pens. 9½-12 fr.; \*Post Hotel, near the station, R. 3½-5, B. 1½, déj. 3, D. 4-½, pens. 8-11 fr.; Rhætia, R. 2½-4, B. 1½, D. 4, S. 3, pens. 7-10 fr.; Weisses Kreuz, R. 2¾-3¼, B. 1¼, D. 3, S. 2½, pens. 7-8 fr., very fair; Hôt. Splügen, R. 2½-3, B. 1¼, D. 3½, S. 2½, pens. 6½-8 fr.; Alpenrose, well spoken of; Gemsli, R. 1½-3, B. 1¼, D. 3, S. 2½, pens. from 5 fr. — Beer at the 'Felsenkeller' on the Rosenhügel (to the right of the entrance to the Via Mala; fine view); \*Restaurant Beverin, by the Nolla bridge, moderate. — Carriage with one horse to the third bridge of the Via Mala and back, 2 pers. 6, 3 pers. 8 fr., with two horses 12 fr.; to Andeer 13½, 16½, or 2½/2 fr.; to Splügen 27½ or 50 fr.; to Schyn (Solis Bridge) 7, 9, or ¼ fr.; to Tiefenkastell 13½, 16½, or 2½/2 fr. (fees extra). — English Church Service in the Swiss Church.

Thusis (2445'; pop. 1283), Rom. Tusaun, beautifully situated at the foot of the Heinzenberg, and at the junction of the Splügen and Schyn roads, is well adapted for a stay and as a starting-point for excursions. Just above it the turbid Nolla falls into the Rhine, the valley of which seems as if terminated here by lofty mountains.

A rock on the opposite bank of the Rhine is crowned with the ruined castle of *Hohen-Rhätien* or *Hoch-Realta* (*Hoch-Ryalt*), 807' above the river, the oldest in Switzerland, founded, it is said, in B.C. 589 by the legendary *Rhaetus*, leader of the Etruscans when retreating before the Gauls. On the N. side of the rock is the dilapidated *Church of St. John*, the oldest Christian church in the valley.

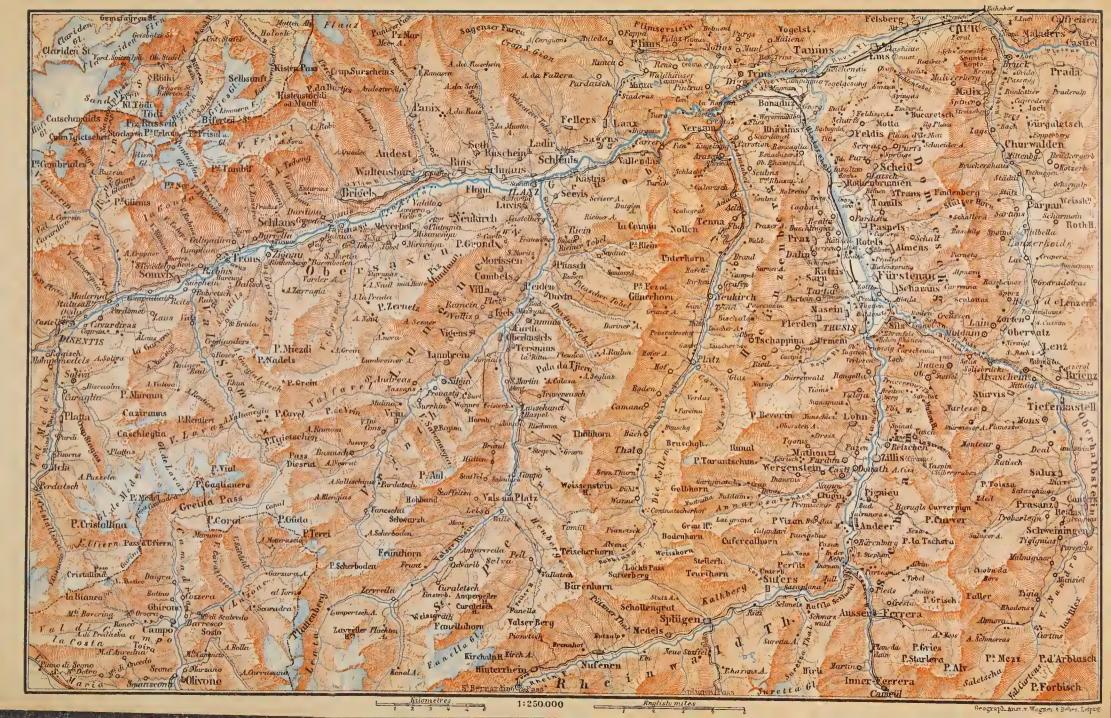

Walks and Excursions (guide, Daniel Pappa). To the (5 min.) Rosenhügel (p. 399); to the Belvedere (40 min.), returning by the Bovel wood (1/4 hr.); to the \*Via Mala as far as the (11/4 hr.) second bridge (see p. 412); to the first weir in the Nolla Valley (road on the left bank of the Nolla; 1 M.); to the (1 hr.) Crapteig (view), to the right above the Via Mala. To Hohen-Rhätien (restaurant), with picturesque views of the Via Mala, etc., a zigzag path ascends beyond the Rhine bridge in 40 min.; the descent may be made through wood, past the ruin of Ehrenfels, to Sils (p. 420). — Through the Schlosswald to the Taubenstein and (1/2 hr.) the château of Nieder-Tagstein (see p. 399). Past (3/4 hr.) Rongellen (p. 412), with guide, to the (11/2 hr.) Maiensäss Aclasut (4095'), situated high above the second bridge in the Via Mala. — By the \*Schyn Road to the Solis Bridge (p. 420; 13/4 hr.; better by carriage, see p. 399). — Viâ Dalaus to Flerden (4180'; \*Pens. Bühler), returning viâ Portein or Urmein (p. 401). — To the Prätzer Höhe (6965') on the Heinzenberg, 41/2 hrs., with guide (10 fr.), by Masein, Portein, and Sarn (p. 399), easy and interesting. — Stätzer Horn (8460'), 5-6 hrs. (comp. p. 397; guide 15 fr.). — By Tschappina and the Glas Pass to the Safier-Thal (4 hrs. to Platz), see p. 401.

# 94. From Bonaduz or Reichenau to Göschenen. Oberalp.

From Bonaduz viâ Versam to Göschenen, 541/4 M., Diligence in summer twice daily in 13 hrs. (22 fr. 15, coupé 26 fr. 65 c.); those using the afternoon diligence spend the night at Disentis (through-tickets for the coupé and banquette are issued by this route only). — From Reichenau viâ Flims to Göschenen, 561/2 M., Diligence twice daily in summer in 133/4 hrs. (22 fr. 70, coupé 27 fr. 30 c.); carriages are changed at Ilanz, where connection is made with the main diligence from Bonaduz. — Extra-Post with two horses from Bonaduz or Reichenau to Andermatt 123 fr. 50, with three horses 170 fr. 50 c.; to Göschenen 131 fr. 60 and 182 fr. 75 c. — Carriage and pair from Reichenau to Flims 18-20, Ilanz 35, Disentis 70, Andermatt 120, Göschenen 140 fr.; from Göschenen to Disentis 70, to Reichenau 140 fr.; from Andermatt to Disentis 50-60, to Reichenau 115-120, Thusis 130-135, St. Moritz or Samaden 270 fr.; fee 10 per cent of the fare. — Walkers should allow 21/2 hrs. from Reichenau to Flims, Flims to Ilanz 21/4 (Bonaduz to Ilanz 41/2 hrs.), Ilanz to Truns 4, Truns to Disentis 33/4, Disentis to Oberalp 41/4, and Oberalp to Andermatt 13/4 hr.

From Bonaduz to Ilanz, 13 M. — Bonaduz (2160'), see p. 398. The road, which diverges to the right at the rail station, is for  $1^{1}/_{2}$  M. perfectly straight and level; then, gradually ascending, it traverses wood for  $3/_{4}$  M., beyond which it leads high above the picturesque Vorder-Rheinthal, hewn in the rock at places, and commanding a fine view. We next  $(1/_{2}$  M.) turn sharply to the left into the picturesque valley of the Rabiusa (p. 401), and descend gradually, skirting the slopes of the Versamer Tobel, to  $(3/_{4}$  M.) an iron bridge over the Rabiusa (2390'), with a span of 94 yds.,

about 300' above the stream (picturesque view into the abyss). We now ascend through pine-woods by numerous windings (which walkers may cut off) to (2 M.) Versam (2980'; \*Hôt. Signina; Rössli), a charmingly situated village, with a fine view. After a level stretch of 11/4 M. the road descends towards the Vorder-Rhein Valley, of which we have a striking view. Opposite, on the left bank, high above the river, lies Laax (p. 402). Farther off, on the same bank, rises the Brigelser Horn (p. 405). We next reach (1 M.) Carrera. Still descending, we cross a picturesque ravine, pass through a tunnel, and reach (11/4 M.) Valendas (2700'; Krone, rustic). Again descending, with a fine view before us, we pass (23/4 M.) Kästris, and cross the broad stony bed of the Glenner to (11/4 M.; 13 M. from Bonaduz) Ilanz (p. 402).

Through the Safier-Thal, watered by the Rabiusa, a new road leads to the S. from Versam (diligence daily in 2<sup>3</sup>/<sub>4</sub> hrs., 1 fr. 90 c.), viâ Acla and Neukirch-Safien, to (10 M.) Safien-Platz (4345'; \*Zinsli's Inn, plain), with a fine fall of the Carnusa on the left. Bridle-path thence over the large Camana-Alp to Thalkirch (5545') and the (2<sup>1</sup>/<sub>2</sub> hrs.) Curtnätscher-Hof (5907') at the head of the valley, with a splendid waterfall. Then a steep ascent to the (2 hrs.) pass of the Safierberg or Löchliberg (8170'), from which the path descends by the Stutzalp to (1<sup>1</sup>/<sub>2</sub> hr.) Splügen (p. 414). — To the E. of Safien-Platz an easy route crosses the Heinzenberg by the Glas Pass (6080'). Safien-Platz an easy route crosses the Heinzenberg by the Glas Pass (6080'; decent little inn), and leads through the villages of Tschappina and Urmein to (5 hrs.) Thusis (p. 399). Above Tschappina lies the Lake of Lüsch (6355'), which has no outlet. Its water sinks into the porous slate of its banks, large masses of which periodically slide down to the Nolla (p. 400). Tschappina itself is built in part on a shifting foundation.

From Reichenau to Ilanz, 14<sup>1</sup>/<sub>2</sub> M. — Reichenau (1975'), see p. 398. The road ascends on the left bank of the Vorder-Rhein to (3/4 M.) Tamins (2285'; \*Hôt.-Pens. Krone, pens. 5 fr.), with itschurch situated on a hill to the right (5 min.), where we obtain an admirable survey of the Vorder-Rheinthal with the Unterhorn (9180') and the Piz Riein (9030'). On the Girsch (2380'), 1 M. to the N., on the way to the Kunkels Pass (p. 77), are fine larch woods provided with seats. The Lavoi, descending on the right beyond Tamins, forms a fine fall after rain. At  $(2^{1}/_{4} M.)$  Trins (2865'; good wine atCaflisch's) rises the picturesque ruined castle of Hohen-Trins. At (1/2 M.) Digg the road suddenly turns to the N. (fine retrospect), passes through a cutting (Porclas), and at the base of the precipitous Flimser Stein (p. 402) sweeps round the Seeboden, a basin enclosed by wooded hills. Near (11/4 M.) Trinser-Mühle, Rom. Mulins (2730'; inn), are several small waterfalls on the right. To the left, farther on, is the dark-green Cresta Lake, surrounded by pines. About  $2^{1}/_{4}$  M. farther on is —

7 M. Flims, Rom. Flem (3550'; pop. 797; Hôt.-Pens. Bellevue, also open in winter, R.  $1^{1}/_{2}$ -3, pens. from  $6^{1}/_{2}$  fr.; Post), a small and ancient town, with several mansions of the Capaul family.

The road leads through the valley of the Flembach to the (1 M.) \* $H\hat{o}t.-Pens.$  Segnes (3445'; R. from 3, B.  $1^{1}/_{2}$ , D.  $3^{1}/_{2}$ , pens. 8-9 fr.), and the adjacent \*Curhaus Adula, well situated amid woods (R.

 $2^{1/2}-3^{1/2}$ , B.  $1^{1/2}$ , D.  $3^{1/2}$ , pens. 8-10 fr.). About 1/2 M. farther on. on a hill a few min. to the right of the road, is the large and wellsituated \*Curanstalt Waldhaus-Flims (3707'), with four 'dépendances' (R. 3-7, D. 5, S. 3, board 7 fr.), a pleasant summer-resort, with beautiful pine and beech woods. Near it is the Flimser See or Cauma Lake (3280'), embosomed in wood, without visible outlet. Pleasant swimming baths (1/2 fr.), to which a path descends in 20 minutes.

EXCURSIONS (guides, Rich. and Conr. Joos, Pankraz Koch). A picturesque walk may be taken from Flims to the (1/2 hr.) Segnes Waterfall and the (3/4 hr.) Runca Bridge. — For the (20 min.) Buchen ('beeches') we proceed to the E. from the Hôtel Segnes, passing between the Waldhäuser, and then take the direction indicated by the finger-post. This walk may be extended to the Cresta Lake (p. 401). — For Mutta we follow the Laax road for 11/4 M. from the Waldhauser and then ascend to the left through wood (fingerpost; 1 hr.). We may return by the Cauma Lake. — Flimser Stein (Crap da Flem; 8665; 3-41/2 hrs.). Guide to Alp Sura (not essential) 6 fr., to the arête (desirable) 10 fr., circuit of the Flimser Stein 15 fr. A road ascends gradually by Fidaz; then through wood, round the S.E. angle of the mountain, to the (13/4 hr.) pastures of Bargis. Here we ascend to the left by a good path to the hilly plateau of the Alp Sura (6896'; milk and bread), 1/4 hr. to the S. of which is a rock affording a good survey of the Bündner Oberland Mts. and the Tödi. In  $1^{1}/_{2}$ -2 hrs. more we ascend to the arête and the summit, where we obtain a splendid view, especially towards the N., of the Ringelspitz and Piz Dolf. We may descend to the W. by Segnes N., of the Ringelspitz and Piz Dolf. We may descend to the W. by Segnes Sura to the Segnes Club Hut (see below), and return to Flims by Foppa or Mulety (a round of 8-9 hrs.). — Piz Segnes (10,175'), from the (3 hrs.) Segnes Club Hut at Segnes Sut (6990') in 41/2 hrs. (guide 25 fr.), toilsome but interesting (see p. 87). — Vorab (9925'; 61/2 hrs.; 20 fr.), a very fine point, easy (comp. p. 87). From Flims to the brink of the Bündnerbergfirn, a glacier which has receded greatly, 41/2 hrs.; then up the easy glacier to the (2 hrs.) summit, consisting of fragments of slate. Superb view, particularly of the neighbouring Tödi group; also of the Sernf-Thal and the Bernese Alps from the (20 min.) N. peak, the Elmer Vorab (9910'). — Piz Grisch (9490'; 5 hrs.; 10 fr.), not difficult. — Piz Dolf (Trinser Horn; 9935'), from the (3 hrs.) Segnes Hut (see above) viâ Segnes Sura in 3 hrs. (guide from the (3 hrs.) Segnes Hut (see above) viâ Segnes Sura in 3 hrs. (guide

14 fr.), fatiguing, for adepts only (comp. p. 77).

Over the Segnes Pass to Elm (8 hrs.; guide 20 fr.), see p. 87. The Martinsloch (p. 87) may be reached in 5½ hrs. from Flims (guide 12 fr.). Over the Trinser Furka to Vättis (9-10 hrs.; guide 25 fr.), see p. 77.

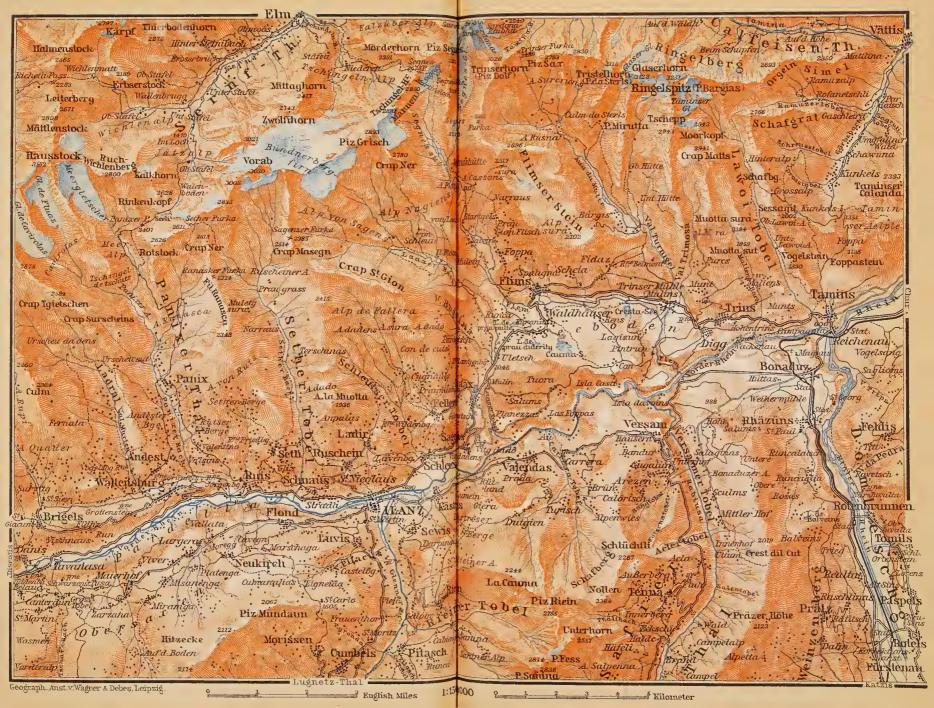

Traversing sequestered dales, and skirting the deep Val Draus (Laaxer Tobel) on the left, we next reach  $(2^{1}/_{4} \text{ M.})$  Laax (3324';\*Hôt.-Pens. Seehof, close to the Laaxer See, with baths, R. 11/2-31/2, B.  $1\frac{1}{4}$ , D. 3, S. 2, pens. 6-9 fr.; Post), a beautifully situated little health-resort. Fine views may be had from the Belvedere, 20 min. to the S., and from the Fellerser Muota (4107'), 3/4 hr. to the N.W. We now descend into the Rhine Valley (passing Sagens far below, to the left) and reach (21/4 M.) Schleuis, Rom. Schluein (2500'), with a large orphan-asylum. Opposite lies the village of Kästris (p. 401); before us, above Ilanz, Piz Mundaun; to the left of it, at the head of the Valser-Thal, Piz Aul. - 11/2 M. -

14<sup>1</sup>/<sub>2</sub> M. (from Reichenau) **Ilānz**, Rom. *Glion* (2345'; pop. 802; \*Hôt. Oberalp, R. 2-4, D. 3 fr.; Rhaetia, R. 1-2, D. 2, pens. 5-6 fr.; \*Rheinkrone, R. 11/2-2, D. 2, pens. 4-6 fr.; Lukmanier,

R.  $1^{1}/_{2}$ - $2^{1}/_{2}$ , pens. 5-6 fr.; Krone, plain, both on the left bank;

one-horse carr. to Disentis 20 fr. and fee), mentioned in a charter of the 8th cent. as the 'first town on the Rhine', built on both sides of the river, was the capital of the 'Gray League (p. 381). The upper part has narrow streets and old-fashioned houses. The population is partly Romanic, partly German; Romanic alone is spoken higher up the valley. Ilanz is beautifully situated, overlooking the Rhine Valley in both directions, and the broad Lugnetz Valley to the South.

The views are still finer from the old Church of St. Martin (2570'), <sup>1</sup>/<sub>4</sub> hr. to the S., on the left slope of the Lugnetz Valley, and from the chapel of the pretty village of *Luvis* (3280'), <sup>1</sup>/<sub>2</sub> hr. higher. A most superb prospect of the Grisons Oberland, and especially of the Tödi chain, to the N., just opposite, and of the Rhine Valley down to Zizers (p. 71), is commanded by the \*Piz Mundaun or Piz Grond (6780'), to the S.W. of Ilanz. The path (4 hrs.; guide, not essential, 7 fr.) leads by Luvis (see above), ascends on the S.E. side of the wood, crosses a flat basin obliquely towards the left, and mounts the pastures to the conspicuous, but deserted (2<sup>1</sup>/<sub>2</sub> hrs.) *Inn.* Then in the same direction, through a gap in the mountain, to the crest, which we ascend to the W. to the top in 1 hr. more. The mediæval chapel of *San Carlo* remains to the left. Those bound for the Lugnetz Valley (see below) descend direct to Villa (p. 404; thence to the top 2 hrs., this being the best way to reach it; guide 3 fr.), or by Morissen (4420'; \*Hôt. Piz Mundaun, unpretending, R. 2 fr.) to (2 hrs.) Cumbels (p. 404; from Ilanz to Morissen 3 hrs., to the summit 2\frac{1}{2}-3 hrs.; guide 4 fr.). — Or we may descend on the N.W. side to (1\frac{1}{2} hr.) Maierhof (4270'; \*Casanova, rustic) in the German district of Observation. Obersaxen, and either return by the new road thence to (6 M.) Ilanz, or, if bound for Disentis, descend to the W. by a pleasant forest-path to (3/4 hr.) Tavanasa (p. 405). - Those who ascend the Piz Mundaun from Truns diverge from the road 3 M. below the village, by the telegraph-post No. 222, to the right, and ascend by a good path, at first through wood. Farther on we enjoy a superb view of the Rhine Valley and pass the ruin of Saxenstein. After 1 hr., beyond the chapel of Canterdun, by a crucifix on this side of a ravine, we descend the ravine to the left and reach (1/2 hr.) Maierhof (see above). Then up sunny pastures to the top of the Piz Mundaun in 21/2 hrs. more.

The \*Lugnetz Valley, watered by the Glenner, 18 M. long, is one of the finest in the Grisons. Road to Vals-Platz (14 M.; diligence from Ilanz twice daily in summer in 4½ hrs., fare 2 fr. 70 c.; carr. from Coire to Vals 40, with two horses 70 fr., and fee of 10 per cent) on the left bank, past the ruin of Castelberg and through the (3½ M.) Frauenthor, Rom. Porclas (3336'), once the key to the upper valley. On the opposite bank, high above the Rieiner Tobel, lies the village of Riein, and beyond it are Pitasch and Duvin. Beyond (3¼ M.) the chapel of St. Moritz (3504') the road divides: the right branch ascends to Vrin (p. 404); that to the left descends to the village of Peiden and the (1¼ M.) Peidner Bad (2690'; pens. 5-6 fr.), on the right bank of the Glepper at the mouth of the Duviner Tobel, with three chally beste of the Glenner, at the mouth of the Duviner Tobel, with three chalybeate springs. Then (1½ M.) Furth (2980'; Schmid's Inn; Piz Mundaun), at the confluence of the Vriner and Valser Rhein, which are separated by the Piz Aul (10,250'). Opposite lies the picturesque Oberkastels (3274'). We now ascend the wild Valser-Thal, or St. Peters-Thal, by St. Martin and Lunschania. ascend the wild Valser-Thal, or St. Peters-Thal, by St. Martin and Lunschama. Farther up we recross the stream and pass Campo, where the valley expands. 71/4 M. Vals-Platz or St. Peter (4095'; \*Hôt. Albin, \*Piz Aul, pens. 5-6 fr., both plain; \*Alpenrose, well spoken of) has a chalybeate thermal spring (\*Hôt.-Pens. Therme in Vals, with baths, post-office, etc., pens. from 7 fr.). Beautiful walks lead to the Peilbach Fall, the Barwig Fall, the Leisbach Fall, the Peilthal (p. 404; rich flora), and other points. Ascents (guides: Andr. Furger, Ben. Schnyder): Amperweiler Horn (9200'; 41/2 hrs.; guide 7 fr.), viâ Valle and the Selva Alp; Piz Seranastga (9435'; 41/2 hrs; guide 7 fr.), viâ Brand; and the Faltschonhorn (9920'; 5 hrs.; guide 8 fr.), all three easy and attractive; \*Weissensteinhorn or Piz Tomül (9675'; 41/2 hrs; 7 fr.), viâ Alp Tomül, also easy (fine view); Piz Aul (10,250'; 6 hrs.; 20 fr.; by the Satteltelücke, see below), trying, fit for experts only. — From Vals-Platz an interesting path leads through the Peilthal, a side-valley to the S.E., to the Vallatsch-Alp (6178'; guide advisable thus far, and still farther in hazy weather), the Valser Berg (8225'; fine view of the Rheinwald group), and (6 hrs.) Nufenen or Hinterrhein (p. 417). — To Vrin over the Fuorcla da Patnaul (9113'), to the S., between the Piz Aul and Faltschonhorn, or over the Satteltetücke (9082'), between Piz Aul and Piz Seranastga,

horn, or over the Satteltetücke (9082'), between Piz Aul and Piz Seranastga, both laborious (6-7 hrs.; with guide).

The S.W. branch of the valley (Val Zervreila), watered by the Valser Rhein, divides at the hamlet of Zervreila (5840'; \*Tönz's Inn, not open till August), 4 hrs. above Vals-Platz, into the Lenta-Thal (S.W.) and the Kanal-That (S.). Zervreila may be reached either by the right bank of the Valser Rhein (path bad, not recommended), or by the pleasanter footpath on the left bank, viâ Leis and Frunt. In the Kanal-Thal, 1 hr. above Zervreila, is the Kanal-Alp (6470'), grandly situated at the foot of the Kanal and Güfer Glaciers and dominated by the Güferhorn and Lentahorn. A toilsome route (with guide) leads hence, across the Kanal Glacier and the Plattenschlucht (Zapportgrat; 9314'), and then descends rapidly to the Zapport-Hütte and to (9 hrs.) Hinterrhein (p. 417). — In the grand and interesting Lenta-Thal, 1 hr. above Zervreila, is the beautiful Lampertsch-Alp or Sorreda-Alp (6580'; bed of hay), about 1'4 hr. from the end of the Lenta Glacier, descending from the Rheinwaldhorn (well seen from a point '/4, hr. beyond the Alp). To the S.E. rises the tooth-like Zervreiler Horn (9510'; ascent not very difficult for experts, from the S. side). Thence over the Vernok or Vanescha Pass (9350') to Vrin (see below), 6-7 hrs., or over the Sorreda or Scaradra Pass (9088') to Olivone (p. 411), 8 hrs., both routes toilsome; over the Lentatücke (9692') to Hinterrhein (p. 417; 9-10 hrs.), difficult.

The road ascending to the right by the chapel of St. Moritz (p. 403) leads to Cumbels, Villa (4080'; Post, rustic), Vigens, Lumbrein, and (4 hrs.) Vrin (4770'; \*Post, plain; Casanova, poor), the chief village in the Vrinthal or Upper Lugnetz Valtey, 13½ M. from Ilanz (diligence daily in 4½ hrs.; fare 2 fr. 70 c.). Excursions: Piz Regina (8294'; 4 hrs.; with guide), a fine point, ascended by Surrhin. Piz Cavel (9660'; 5-6 hrs.), by the Ramosa Alp and Fuorcla de Ramosa (8694'), also easy; descent on the N. to the Cavet-Joch (p. 405), if preferred. Piz Aul (10,250'; 6-7 hrs.; with guide; superb view), by Val Seranastga (route to the Satteltelücke, see above), laborious. Piz Terri (9996'), from Vanescha, 1¾ hr. from Vrin, in 5 hrs., by the Blengias Alp and Güda Glacier (no serious difficulty). By the Vanescha Pass to Zervreila, see above. Over the Cavet-Joch to Somvix, see p. 405. — From Vrin (with guide, to Olivone 18 fr.) we ascend past the mouth of the Val Vanescha (see above) to St. Giusepp, Puzatsch, Alp Diesrut, and the (3 hrs.) Pass Diesrut (7953'), to the S. of Piz Tgietschen (9377'). Descent to the left (not to the right, the path to Somvix by La Fronscha, p. 405) to the Camona-Alp (7333'), and again a gradual ascent through the valley of La Greina, passing Piz Vial (10,387') and Piz Gaglianera (10,243') on the right, and Piz Coroi (9130') on the left, to the Greina Pass (Passo Crap; 7745'). We now descend the Scaletta to the wild Val Camadra or upper Val Blenio, with the Piz Medel (10,510') to the N.W., by Daigra, Cozzera, and Ghirone, to (3½ hrs.) Olivone (p. 411). Or, halfway between the Camona-Alp and the Greina Pass, we may proceed to the left to the Monterascio-Alp (7220'), and then descend rapidly viâ Refuggio and Cavallo in the Val Luzzone to Davresco and Olivone (shorter than the Greina route).

From Ilanz to Elm over the Panixer Pass (9 hrs.; 20 fr.), see p. 87.

To Linthal over the Kisten Pass, see p. 82.

The road follows the N. side of the narrow Rhine Valley, here called Pardella. 1 M. Strada. Beyond (1 M.) Schnaus (2348') we cross the Sether-Bach, and beyond (1<sup>1</sup>/<sub>4</sub> M.) Ruis (2455') the Panixer-Bach (Jörgenberg Inn). On a wooded hill to the right is the ruin of Jörgenberg (3100').

To the right, 1 M. above the bridge of Ruis, a road (diligence from Ilanz daily in 3 hrs.; fare 1 fr. 75 c), with fine views, ascends by the village of Waltensburg (3300') to (4 M.) Brigels (4230'; \*Hôt.-Pens. Capaul; \*Hôt. Kistenpass, pens. 5-61/2 fr.), amid sunny pastures. Fine views may be had from the Belvedere, from the (5 min.) Crest la Crusch, from (20 min.) Naul, from (20 min.) the Crest St. Sievi with its three chapels, and (best of all) from (1/2 hr.) \*Runs. Above Brigels the Val Frisal, with the Frisal Glacier, ascends to the Bifertenstock (11,240'), which, as well as Piz Frisal (10,810') and the Piz Tumbif (10,555'), may be ascended from Val Frisal (all difficult; see p. 82).

Farther on the scenery is inferior. The Rhine is crossed near (41/2 M.) Tavanasa (2620'; Kreuz), and again near (3 M.) Zignau or Rinkenberg (2770'). High on the N. slope lies Brigels (see above); then, Dardin and Schlans. Before crossing to Rinkenberg we observe on the left the stony chaos formed by the inundations of the Zignauer Bach, descending from the Zavragia Ravine. By the bridge we enjoy a delightful view of villages, chapels, and ruined castles dotting the fertile slopes.

On the left bank of the Rhine is the village of Darvella. We pass (11/2 M.) the Chapel of St. Anna, on the right, erected in 1778 on the spot where the 'Upper' or 'Gray League' (p. 381) was founded in 1424, and adorned with old frescoes and verses. A few

paces farther on is —

26 M. (from Reichenau) Truns (2835'; \*Zum Tödi; \*Krone). A hall of the old Statthalterei of the Abbey of Disentis is adorned with the arms of the members of the Gray League, and of the magistrates since 1424; another room has a beautiful ceiling and panelled walls.

The steep Val Puntaiglas, ascending to the N., ends in the Puntaiglas Glacier. Ascent, 2 hrs. from Truns, to Alp Puntaiglas (about 5050'), with a fine view of the Brigelser Horn, Piz Mut, Piz Ner, etc. The S. peaks of the Tödi group, Piz Urlaun (11,060'), Bündner Tödi (10,226'), and Brigelser Horn (or Kavestrau Grond, 10,663'; very difficult), may be ascended hence. Ascent of the Tödi-Rusein by the Gliemspforte, see p. 82.

Beyond (1½ M.) Rabiūs (3150') the grand Piz Gaglianera (10,243'), with its glaciers, is seen to the S., at the head of the Val Somvix. — 1½ M. Somvix or Sumvitg (3440'; Weisses Kreuz, poor)

is conspicuous on a height.

The Val Somvix, which here opens to the S., deserves a visit. We cross the Rhine to (1/4 hr.) Surrhein, and ascend by a good bridle-path on the left side of the valley, through wood and pastures, to Val and the (11/2 hr.) Somvixer or Teniger Bad (4176'; good quarters, pens. 6-61/2 fr.), beautifully situated in wood. Farther on, getting a view of the glaciers of the Piz Vial (10,387'), we cross the Valtenigia Alp, pass the mouth of the Val Lavaz, and reach (11/2 hr.) the rock-girt head of the valley, where the Greina forms a fine fall on the left. The path ascends steeply on the E. side of the valley to the rocky defile of La Fronscha, and divides higher up: to the left to the Diesrut Pass (p. 404); to the right to the Greina Pass (p. 404).

— Passes. From the Teniger Bad (see above) over the Cāvel-Joch (8320') to Villa, 7 hrs., not difficult. From the pass the Piz Cavel (9660'; fine view) may be ascended in 11/4 hr. — Over the Valgronda-Joch (9120') to Tavanasa or Maierhof, 7-8 hrs.; with guide, rather difficult. — Over the Lavaz-Joch to Curaglia, 7-8 hrs., with guide, attractive. From the Teniger Bad (see above) we ascend to the S.W., through wood and rhododendrons, to the Alp Rentiert, where from the cairn (6640') we get a splendid view of the Tödi. We may now either cross the Fuorcla de Stavelatsch (8376') to the

right, or, to the left, skirt the E. slopes of Piz Rentiert (keeping to the right on the hill, by the chalet of Rentiert-Dadens), to the (2 hrs.) chalet of Stavelatsch (7682'), in the Val Lavaz. Opposite are the glaciers descending from the Piz Vial, the Piz Gaglianera, and the Piz Valdraus, then the Lavaz Glacier, and to the right, the Piz Medel. Thence to the Lavaz-Joch (8232') an easy ascent of 3/4 hr.; the ridge to the N.W. of the pass affords a superb view of the Medelser Glacier, quite closeto us. Steep descent over grassy slopes to Alp Sura (6526'), and through Val Plattas to (2 hrs.) Curaglia (p. 409).

Beyond Somvix the road is very boldly constructed. A lofty wooden bridge (2 M.) carries it over the profound Ruseiner Tobel (3395'; before crossing which, to the right, a finger-post indicates the path to the Sandalp Pass; see below). About 3/4 M. farther on we reach the stone Stalusa Bridge. 11/4 M. Curhaus Disentiser Hof (see below), built on the site of the château of Castelberg, which was burned down in 1830.

33<sup>1</sup>/<sub>2</sub> M. Disĕntis (3765'; Desertinum, Disiert, 'desert'), Rom. Mustèr (\*Disentiser Hof, with fine view, R. 3-6, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4<sup>1</sup>/<sub>2</sub>, pens. 7-12 fr., whey and chalybeate water; \*Post, R. from 2<sup>1</sup>/<sub>2</sub>, D. 3, S. 2<sup>1</sup>/<sub>2</sub>, pens. 6-7 fr.; \*Krone, R. 2-3, B. 1, D. 3, S. 2<sup>1</sup>/<sub>2</sub>, pens. 5-6 fr.; Lukmanier, plain; Engl. Ch. Serv.), a small town of 1363 inhab., is protected against avalanches by a forest. A Benedictine Abbey (now a school) was founded here in the 7th cent., and brought Christianity into the remote valleys of the Grisons. The abbots, enriched by liberal endowments, afterwards acquired great power in Rhætia. The large church dates from 1712. — Near Disentis the Medelser Rhein or Mittel-Rhein (p. 409) joins the Vorder-Rhein.

Excursions. (Guides: J. Petschen, the schoolmaster; J. M. Schuoler, hunter; P. Tenner and Jos. Huonder.) The "Crest Muntatsch (5020'), a hill between the Val Clavaniev and Val Acletta, ½ hr. to the W. of Disentis (reached by following the Oberalp road to the huts of Funs, and then ascending to the right), commands a splendid view of the Rhine Valley as far as the Rhætikon to the E., of the Tödi group to the N., and of Piz Muraun, Piz Medel with its glacier, the Scopi, etc., to the S. — A similar view (finest by evening-light) is obtained from the church of Acletta (4236'), with an old altar-piece, at the entrance to the Acletta Valley, 40 min. to the W. of Disentis. (We may descend from the Muntatsch viâ Acletta to Disentis, 1 hr.; plain rfmts. above the church.) — A more extensive view is enjoyed from the Plaun Grond (6520'), above the village of Bosty (2½-3 hrs. from Disentis, viâ Mompé-Tavetsch; guide desirable, 5 fr.). — Walk on the "Lukmanier Road to (½½ M.) Curaglia or to the (9 M.) waterfall of Funatsch (p. 409), interesting. Also by the chapel of St. Gada, with old frescoes, to (½¼ hr.) Mompé-Medel (½270'), on the right bank of the Rhine, with fine view. To Cavardiras (3695'; ¾ hr.); Alp Lumpegnia (6520'; 2 hrs., with guide), etc.

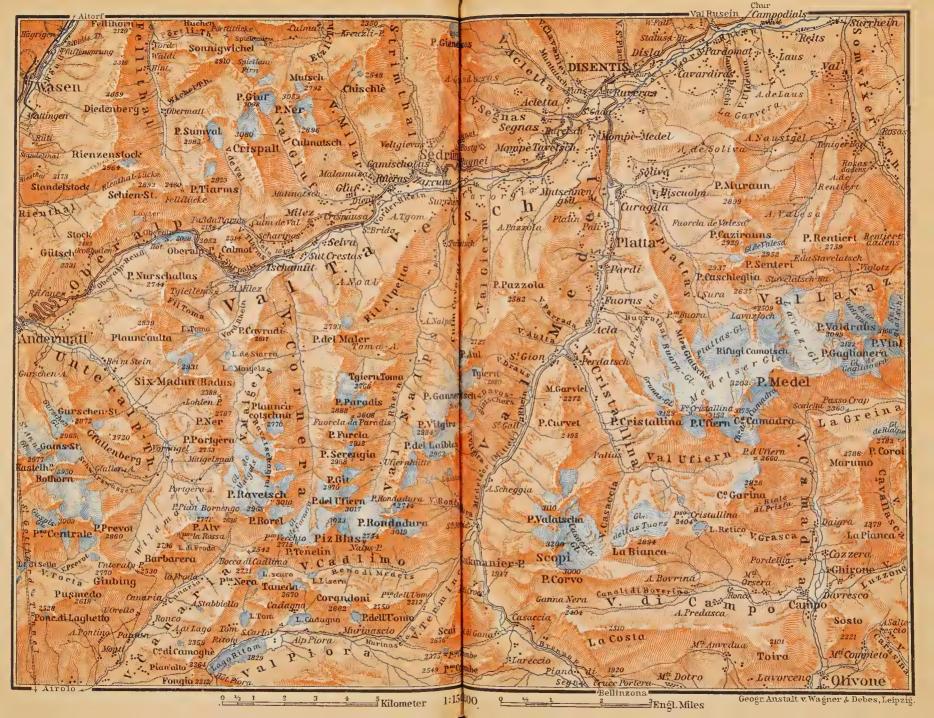

The fine pyramid of \*Piz Muraun (9510'; 51/2 hrs. from Disentis) is best ascended from Curaglia (4 hrs.; guide 8 fr.; p. 409). Superb view, from Monte Rosa to the Ortler, especially of the neighbouring Tödi group, grander than from Piz Mundaun (p. 403). — Piz Pazzola, see p. 407; Piz Medel, Piz Cristallina, see p. 410. — Piz Ault (9957'), through the Val Acletta in 6-7 hrs.

(guide 12 fr.), not difficult for experts.

From Disentis over the Lukmanier (6290') to Olivone, see p. 411; through the Val Piora to Airolo, see p. 128. — Over the Sandalp Pass to Linthal, 11-12 hrs., with guide (to the Sandalp 20, Hôt. Tödi 35 fr.), trying. We ascend the Val Rusein (see above) to the Sandalp Pass (Sandgrat; 9210'), between the Lesser Tödi or Crap Glarun (10,070'), on the E., and the Catscha-

rauls (10,045'), on the W., and descend the Sand-Firn to the Upper Sandalp. Thence to Linthal, see p. 80. — Ascent of the Tödi by the Porta da Spescha, and descent to Linthal, 18-19 hrs., for adepts only, with able guides (see

From Disentis over the Brunni Pass (8975') to the Maderaner-Thal (to

the Hôt. Alpenclub 8-9 hrs.; guide 25 fr.), see p. 138.

The road to Andermatt (a walk of 8 hrs.), running lower than the old route, ascends the valley of Tavetsch, and crosses the Acletta near the hamlet of (3/4 M.) Funs. (To the right diverges the path to the Muntatsch, see p. 406.) On the right are the villages of Acletta, Segnes, and Mompé-Tavētsch (4584'). From a height, where the road enters a wood, we obtain a beautiful view of the Disentis region, which is most striking when approached from Andermatt. — 41/4 M. —

381/2 M. Sedrūn (4598'; \*Krone, pens. 5-6 fr.; Restaurant Krüzlipass) is the chief village in Val Tavetsch. The church contains

an old altar in carved wood.

\*Piz Pazzola (8470'; 4 hrs.; guide unnecessary for experts), to the S., between the Val Medel (p. 409) and the Val Gierm, is repaying. We cross the Rhine to Surrhein, and the gorge of Val Nalps (see below) to the (1/2 hr.) hamlet of Cavorgia (4426'); then cross the Gierm and ascend to

(1/2 hr.) hamlet of Cavorgia (4426'); then cross the Gierm and ascend to to the right, over pastures and through wood, to the (11/2 hr.) Pazzola-Alp (6150'), with a fine view, and thence to (2 hrs.) the top without difficulty. Magnificent view, particularly of the Tödi and the Medel Mts.

In the lonely Val Nalps, enclosed by lofty mountains and glaciers, 3 hrs. from Sedrun, lies the Alp Nalps (5980'), and 2 hrs. higher is the Ufiern Hut (7550'), the starting-point for the Piz del Laiblau (9720'), Piz Rondadura (9905'; comp. p. 410), Piz Blas (9920'), Piz del Ufiern (9900'), Piz Git (9744'), Piz Serengia (9803'), etc. (each about 3 hrs.). A fairly easy route (with steep descent) leads hence across the Nalps Pass (9035') to the Val Cadlimo and the Uomo Pass (p. 129). Another (trying) leads to the E. over the Rondadura Pass (8904') to the Hospice of Santa Maria (p. 410). A third the Rondadura Pass (8904') to the Hospice of Santa Maria (p. 410). A third crosses the Fuorcla da Paradis (8556'), between Piz Furcla and Piz Paradis,

to the Val Cornera (p. 408).

FROM SEDRUN TO AMSTEG over the Kreuzli Pass (7645'), 8 hrs., rather trying (guide 15, from Disentis 25 fr.). The steep path ascends the bleak Val Strim, which is closed by the Weitenalpstock and the Oberalpstock, and then to the left over rocks and débris to the head of the pass at the and then to the left over rocks and debris to the head of the pass, at the base of the Weitenalpstock (p. 137). We descend across the Etzlibach to Culma (6322'), and follow the Etzli-Thal, past the chalets of the Hintere and Vordere Etzliboden, and finally traversing a wood, the Bristen and Amsteg (comp. p. 138). — The Oberalpstock (Piz Igietschen, 10,925') is ascended from Sedrun in 5½-6 hrs. (guide 15 fr.). We follow the Strimthal to the foot of the Calmot (2 hrs.), ascend to the right, and cross a small glacier on the S. flank of the Oberalpstock to the S.E. arête (1 hr.). Then, on the S.E. side, we mount the nevé of the Brunni Glacier, and lastly rock, to the top.

From Sedrun the road leads through Camischolas, Zarcuns, and (2 M.) Rueras (4597'), crosses the brook of Val Milar, and soon afterwards, beyond the hamlet of Dieni, the torrent of Val Giuf (both N. lateral valleys). To the left, on a rock above the ravine of the infant Rhine, is a fragment of the ancient 'Castell' of Pontaningen.

Walkers will prefer the 'SUMMER ROUTE' to the highroad, for the sake of the views (guide desirable). It diverges to the right by a finger-post (to 'Pass Tiarms'), ascends a spur of the *Crispalt* (10,105'), above the hamlet of *Crispausa*, which lies to the left, and leads past the chalets of *Milez* and

Scharinas, amidst rich pastures. It skirts the brink of the slope, overlooking the Rheinthal, turns to the right into the bleak Val Val, crosses the Gämmer-Rhein (Rom. Vala) near the Alp Culm de Val (6420'), and ascends to the Pass da Tiarms (7080'), between (r.) the Piz Tiarms or Berglistock (9564') and (1.) the Calmot (7598'; easily ascended from the pass in 1/2 hr., see p. 409). Fine view of the Vorder-Rheinthal as far as the Vorarlberg and Rhætikon Mts. Descending to the Oberalpsee (see below), we keep to the left, to avoid a marsh, and regain the highroad 9 M. from Sedrun.

The highroad follows the direction of the old 'Winter Route' on the left bank of the Vorder-Rhein. It passes the Chapel of St. Brida, below the hamlet of Crispausa, and the poor villages of Selva (5036') and (2½ M.) Tschamut (5405'; \*Zur Rheinquelle, pens. 6-6½ fr., plain; minerals), which consist of a few wooden huts and a chapel. In front of us rises the Badus (9615'), behind the second terrace of which lies Lake Toma (2½ hrs. from Tschamut, better from the Oberalp, see p. 409). The road crosses (½ M.) the Gämmer-Rhein near its influx into the Vorder-Rhein, and (1 M.), opposite the Alp Milez, turns to the right (N.W.) into the Val Surpalix, between the Piz Nurschallas on the left and the Calmot on the right. The Vorder-Rhein (Aua da Toma or Darvun) descends in a seriesof falls from the slope to the left (see p. 409).

To the S. of Tschamut the Val Cornera, the mouth of which is a pathless ravine, ascends to the frontier-chain of Ticino, and from it Val Maigels diverges to the W., 1½ hr. from Tschamut. Toilsome routes lead from Val Cornera over the Passo Vecchio (8908') to Val Cadlimo and Piora (p. 128); from Val Maigels, to the S., over the Passo Pian Bornengo (8650') to Val Canaria and Airolo (p. 128); and to the W., over the Maigels Pass (8078') or the Lohlen Pass (7835'), to the Unteralp-Thal and Andermatt (p. 123).

The road ascends the lonely Val Surpalix in twelve windings (which paths cut off; one ascending to the left by the first bend, and bearing to the right, leads to the pass in  $^{3}/_{4}$  hr.). It affords views of the Crispalt and Piz Tiarms, and of Piz Cavradi, Piz del Ufiern, and Piz Ravetsch behind us. The (46 M.) Oberalp Pass (6720'), 3 M. from Tschamut, forms the boundary between the Grisons and Uri. Beyond the pass, on the right side of the road, are several fortified block-houses. (The diligence ascends to the pass from Tschamut in 1 hr. 10 min.; descent 40 min.; descent to Andermatt 1 hr. 10 min., ascent 2 hrs.)

The road rounds the E. end of the sombre and trout-swarming Oberalp-See (6654'; 1 M. long; to the right leads the route to the Pass da Tiarms, see above), with its two green islands, and skirts its N. bank to the  $(1^{1}/_{2} \text{ M.})$  \*Hôt.-Pens. Oberalpsee, at the W. end, much visited by tourists and others (R. 2-4, B.  $1^{1}/_{2}$ , déj.  $2^{1}/_{2}$ , D.  $3-3^{1}/_{2}$ , pens. 7-9 fr.; good trout). To the S.W. opens a view of the Furka, with its hotels and the Furka road; to the left the Blauberg and Muttenhörner; to the right the Furkahorn; nearer, the Piz Orsino. Rich flora.

ASCENTS. \*Stock, or Stöckli (8146'), a splendid point of view, easily ascended from the hotel direct in 13/4 hr., or by way of the beautiful Lautersee (7745') in 21/4 hrs. We may descend over the Grossboden-Alp to the

Oberalp road and (2 hrs.) Andermatt (comp. p. 133). — \*Calmot (7592'), by the Pass da Tiarms (p. 408),  $1^{1}/_{4}$  hr., also easy. — Piz Nurschallas (9003'), from the hotel direct in  $2^{1}/_{2}$  hrs., or (better) from the ( $1^{1}/_{2}$  M.) Oberalp Pass

in 2-21/4 hrs., easy and very interesting. Superb view.

The Source of the Vorder-Rhein is Lake Toma (7690'), on the N.E. slope of the  $Bad\bar{u}s$ , 2 hrs. from the Oberalpsee Hotel (guide advisable for the inexperienced). To the (1½ M.) Oberalp Pass, see p. 408. About 5 min. beyond the pass a path diverges to the right, uniting after 20 min. with that from the Alp Milez (see p. 408) and leading to the (1½ hr.) Alp Tgietlems (6600'). Higher up, avoiding the path to the left (crossing the brook), we ascend the pastures to the right, on the left bank of the Fil Toma, a brook descending from Piz Nurschallas. After about 1 hr. we ascend steeply to the left, and soon reach the rocky barrier behind which the lake lies. The little green lake is destitute of fish. It is about 270 yds. long and 130 yds. broad, and is bounded on the S. and S.W. sides by abrupt rocks and stony slopes. The \*Badus or Six-Madun (9615'; comp. p. 133) ascends almost sheer from the lake, but climbers may scale it in 2 hrs. by keeping to the N. side of the rocks (ascent of the peak trying but free from danger; guide 10 fr.).

The road gradually descends the *Oberalp* (6300'), which is watered by the *Oberalp-Reuss*. About 2 M. from the hotel we obtain a view of the Urseren-Thal, extending on the W. to the Furka (p. 139). The old path descending here to the left direct to (1/2 hr.) Andermatt is steep and stony, and affords little view. The road remains on the hill a little longer, and then descends by nine long windings to (6 M. from the lake) —

53 M. Andermatt (4738'); thence to  $-56^{1}/_{2}$  M. Göschenen, see pp. 133-131.

#### 95. From Disentis to Biasca. Lukmanier.

39 M. DILIGENCE in summer daily in 83/4 hrs.; fare 12 fr. 70, coupé 13 fr. 9 c. Except the lower part of the road, as far as Curaglia, the scenery is not very striking. Inns unpretending. — Walkers take 5 hrs. from Disentis to Sta. Maria, 41/2 hrs. thence to Olivone, and 41/2 hrs. more to Biasca.

Disentis (3765'), see p. 406. — The road crosses the Vorder-Rhein by a handsome bridge (3488') and enters the Val Medel, the wild ravine of the Mittel-Rhein, through which it is carried by means of cuttings and tunnels (eleven tunnels to Curaglia). Superb views of the gorge and its fine waterfalls. On quitting it, the road crosses  $(2^3/_4 \text{ M.})$  the Rhine and ascends in long windings (cut off by paths) to  $(3/_4 \text{ M.})$ —

3<sup>1</sup>/<sub>2</sub> M. Curaglia (4370'; \*Hôt. Lukmanier), a village at the entrance to the Val Plattas, which ascends to the S.E. to the Medel Glacier. (Over the Lavaz-Joch to Somvix, see p. 405.) To the S. appears the Piz Cristallina (10,265'), with its glacier, at the head

of Val Medel. — \*Piz Muraun (9510'; 4 hrs.), see p. 406.

Following the right side of the pleasant Val Medel, the road passes the  $(1^{1}/_{2} \text{ M.})$  straggling village of Platta (4528'; Post), a picturesque fall of the Rhine (right of the road), the hamlets of Pardi, Fuorns, and Acla (beautiful fall of the Rhine, the 'Fu-

matsch'), and (21/4 M.) Perdatsch (5090'), at the mouth of the Val Cristallina.

The wild Val Cristallina, noted for its cheese, contains fine waterfalls particularly in the Höllenschlund (Val Ufiern). From this valley two easy passes, the Passo Cristallina (7887'), passing the Lago Retico (Redig-See; 7802'), and the Passo d'Ufiern (8727'), between the Cima Camadra and Cima Garina, lead to Olivone (p. 411). — The Piz Cristallina (10,265'; 41/2 hrs.; good guide necessary, from Disentis 25 fr.) is ascended from Perdatsch by the Forcella Cristallina (9862; not to be confounded with the Passo Cristallina) without serious difficulty. Grand survey of the Medel and Rheinwald Mts. Piz Ufiern (10,345'; 51/2 hrs.) is more difficult. — The \*Piz Medel (10,510'; 5-6 hrs.), a splendid point of view, presents no difficulty to experts (guide from Disentis 30 fr.). The route leads to the E. from Fuorns (p. 409), up the Val Buora, nearly to the pass of that name; it then ascends (right) rock and stony slopes round the rocky crest of the Miez Glatsche, to the next of the Buora and Medel Glatiers, and passing the rocky Glatsché to the névé of the Buora and Medel Glaciers, and, passing the rock island 'Rifugi Camotsch' (9600'), gains the top by the N.E. arête. Alternative descent over the Camadra Glacier to the Passo d'Ufiern (see above).

Above Perdatsch the Rhine forces its way through the rocks to a lower part of the valley. The road sweeps round to St. Gion (5298'), a group of hovels with a hospice, and gradually ascends a wild, rock-strewn valley, scantily overgrown with grass, willows, and rhododendrons. The hospice of St. Gall (5514') is passed on the right. By the Alp Scheggia we cross to the left bank, and reach (43/4 M. from Perdatsch) the hospice of —

12 M. Santa Maria (6043'; Inn), anciently 'Sancta Maria in loco

magno', whence perhaps the name of the pass.

Ascent of the Scopi (10,500'; 31/2-4 hrs.; guide 12 fr.), to the E. of the hospice, not difficult: steep grassy slopes at first; the last third, loose slate at places; lastly up the broad, weather-beaten rocky arête. Extensive visit of the E., to the (3 hrs.) Boarina-Alp (6140') in the Val di Campo, and by Campo (from which there is a road) to (3 hrs.) Olivone (p. 411). — Piz Rondadura (9905), to the W. of Sta. Maria (3½ hrs.), also easy. From Sta. Maria to the Hôtel Piora (3½ hrs.; guide 10, horse 25 fr.)

and Airolo, see p. 128. — Over the Rondadura Pass to Val Nalps, p. 407.

For the last time the road crosses the Mittel-Rhein, which rises in the little lakes of Val Cadlimo, to the right, and ascends gradually to the (11/4 M.) Lukmānier Pass (6290'), Ital. Lucomagno, the lowest pass between Switzerland and Italy except the Maloja (p. 425). To the left rises the black, slaty summit of the Scopi; on the right are Piz del Uomo, Piz Blas, Piz Ufiern, and Piz Rondadura. We descend, crossing the tracks of several destructive avalanches and mud-streams launched from the yellowish slopes of the Piz Corvo (9840') on the left, to the (21/4 M.) former hospice of Casaccia (5975'). To the E. towers the huge Rheinwaldhorn (p. 417).

A path, little used, leads hence over the Predelp Pass (8053') to (5 hrs.) Faido (p. 129). Another crosses the Passo Columbe (7792'), between

Piz Scai and Piz Columbe, to the (31/2 hrs.) Hôtel Piora (p. 128).

The road is level as far as the  $(1^{1}/_{2} \text{ M.})$  Lukmanier Inn, at the beginning of the Piano di Segno (5415'), and then, high above the Brenno, skirts the steep N. side of the Val Santa Maria, being hewn in the rock at places. Below lie the chalets of Campra. We descend by a long curve to the right to  $(4^{1}/_{2} \text{ M.})$  the hospice of Camperio (4028'), cross the Brenno, and follow the wooded S. side of the valley, soon obtaining fine views of the Val Blenio. Far below, among walnut-trees, lie the villages of Somascona, Scona, and Olivone, commanded by the conical Sosto (7280'). Descending another long bend (path shorter), we reach (3 M.) -

241/2 M. Olivone, Rom. Luorscha, locally Rivöi (2925'; \*Hôt. Olivone, R. 2-3, D. 3 fr.), the highest village in the Val Blenio or Pollenzer-Thal, picturesquely situated. To the E. tower the abrupt spurs of the Rheinwald range. To Vrin by Ghirone, see p. 404.

The road crosses the Brenno by a stone bridge, and descends on its left bank to  $(2^{1}/_{4} M.)$  Aquila and to  $(3/_{4} M.)$  Dangio (2645'), charmingly situated at the entrance to the Val Soja. Vines and mulberries appear, and the slopes are clothed with walnuts and Next villages ( $\frac{1}{2}$  M.) Torre and ( $\frac{11}{2}$  M.) Lottigna. Opposite, above Prugiasco, stands the little church of San Carlo, with frescoes of interest to students of art.] Then (1 M.) Acquarossa (1814'; Curhaus, R.  $2^{1}/_{2}$ -4, B.  $1^{1}/_{4}$ , D. 3-4, pens. 8-12 fr.), with a chalybeate spring containing arsenic and lithia, at the foot of the pyramidal Simano (8475'; 6 hrs.; with guide; grand view and rich flora).

The valley contracts. Then  $(1^{1}/_{2} \text{ M.})$  Dongio, a long village (inn, carriages), and (1 M.) Motto (1445'), where the road divides. The road to the left (on the left bank of the Brenno) passes Malvaglia; that to the right (shorter, and shady in the afternoon) leads by Ludiano and (2 M.) Semione (1320'), with its ruined château of Serravalle. The roads re-unite at (21/2 M.) the bridge below Loderio (1190'), a village destroyed by a flood in 1868. The lower valley is monotonous; its broad floor is covered with stony deposits and the slopes are furrowed by torrents. Crossing a mound of detritus, the road descends to (11/2 M.) —

39 M. Biasca (p. 130), where the Val Blenio unites with the Riviera (Val Ticino). The diligence goes on to the station of the St. Gotthard Railway.

### 96. From Thusis to Colico on the Lake of Como over the Splügen. Via Mala.

58 M. DILIGENCE to Chiavenna, 41 M., twice daily in 10 hrs. (16 fr. 50, coupé 19 fr. 80 c.); to Splügen, 16 M., in 4 hrs. (6 fr. 55, coupé 7 fr. 90 c.); from Splügen to Chiavenna, 25 M., in 5½ hrs. (9 fr. 95, coupé 11 fr. 90 c.). — Extra-Post with two horses from Thusis to Splügen 46 fr. 70 c., to Chiavenna 99 fr. 20 c., with three horses 135 fr. 50 c. — One-Horse Carriage to Splügen 25, two-horse 45 fr.; to Chiavena 55 or 100 fr. (fee 10 per cent of the fare). — From Chiavenna to Colico, 17 M., railway in 1 hr. (fares 3 fr. 10, 2 fr. 15, 1 fr. 40 c.), corresponding with the steamboats to Como. — Distances for walkers: Thusis-Andeer 23/4, Andeer-Splügen 3 hrs.

Thusis (2445'), see p. 399. From the S. end of the little town the road descends for about 200 yards, crosses the Nolla (p. 400), and forks: to the left, downhill, is the Schyn Road (p. 420); to the right is the Splügen Road, which keeps the same level, and soon, at the foot of the steep rocky hill of Hohen-Rhätien (p. 400), enters the narrow valley of the Hinter-Rhein.

The famous \*Via Mala, the first part of the Splügen Road, was constructed in 1822. Formerly the route ascended the bank of the Nolla through wood, and, at a point above Rongellen, entered the deep gorge of the Rhine, then known as the 'Verlorne Loch', and traversed by a path only 4' wide. The sudden contrast between the bright sunshine and the gloomy gorge is very striking. The limestone rocks rise almost sheer on both sides to a height of about 1600'. At the (11/2 M.) Känzeli the view downwards is very fine. A little farther on, the road passes through a tunnel (2685'; 55 yds.), beyond which, at the point where the side-wall ends and the wooden railings recommence, we get a view of the boisterous river in its profound gorge. Below the (1 M.) hamlet of Rongellen (2870'; Inn zur Via Mala-Schlucht; Post, both unpretending) the gorge expands into a small basin, and soon contracts again. The road crosses the river three times: 1 M., first bridge, built in 1738 (cabaret above it, with fine view of the second bridge); 1/4 M. \*Second Bridge (2844'), built in 1739, the grandest point. The Rhine, 160' below the road, winds through a ravine so narrow that its sides almost meet. (In 1834 the water rose to the top of this bridge.) At the (3/4 M.) third bridge (2903'; built in 1836) the Via Mala ends (fair inn).

We now enter the Schamser-Thal, the green meadows of which contrast pleasantly with the gloomy Via Mala. In the background, to the S., rises the pointed Hirli (9373'). Then (1 M.) —

5<sup>1</sup>/<sub>2</sub> M. Zillis, Rom. Ciraun (3060'; Rathhaus; Weisses Kreuz or Alte Post, both plain), with the oldest church in the valley (nave and

tower Romanesque; ceiling-paintings of the 12th century).

ASCENTS (guide, Daniel Pappa of Thusis). \*Piz Beverin (9843'; 6-7 hrs.; guide 20 fr.), a superb point of view, but trying. Bridle-path by Donath and Mathon to the (3½-4 hrs.) Obrist-Alp (7172'); thence by the Alp Nursin to the top 2½ hrs. more. The ascent from Thusis by (3½-2 hrs.) Glas (rustic quarters) is more interesting, but only for experts; from Glas (with chamois-hunter Henni as guide; 5 fr.) to the top 3-3½ hrs. — Piz Curvèr (9760'; 7 hrs., with guide), also interesting, though less so than the Piz Beverin. The route leads from Thusis by the Via Mala to (2 hrs.) Reischen and thence viâ Alp Taspin to (5 hrs.) the summit. Optional descent to the chapel of Ziteil and Savognin (p. 420).

On the hill to the right, on the left bank of the Rhine, above the village of Donath, stands the ruined castle of Fardün (3980'), once the seat of the governors of the valley. About the middle of the 15th cent. the brutality of one of them, like that of Gessler 150 years earlier, is said to have led to the overthrow of their sway. Entering the cottage of a peasant whom he disliked, the tyrant spat into the broth served for dinner. The peasant, Johann Caldar, seized him by the throat, plunged his head into the scalding liquid, exclaiming, 'Malgia tez la buglia ca ti has cungieu' ('Eat thyself the soup thou hast seasoned'), and strangled him. This was the signal for a general

rising.

Near the remains of the old Baths of Pignieu (the chalybeate water of which is conducted to Andeer, and there used for baths) the Pignieuer Bach is crossed by a bridge, the last completed on this route, with the inscription on the E. parapet: 'Jam via patet hostibus et amicis. Cavete, Rhaeti! simplicitas morum et unio servabunt avitam libertatem'. To the left is the village of Pignieu; opposite, on the left bank of the Rhine, are Clugin and the square tower of the ruin of Cagliatscha. Then (2 M.) —

71/2 M. Andeer (3210'; pop. 502; \*Hôtel Fravi, with mineral and peat baths, R. 2-5, B.  $1^{1}/_{4}$ , D.  $3^{1}/_{2}$ -4, S.  $2^{1}/_{2}$ , pens. 6-9 fr.; \*Hôt.-Pens. Beverin, well situated; \*Sonne, plain), the principal village in the valley. Fine view from the loftily situated church (built in 1673).

ASCENTS. Piz Vizan (8110'; 41/2 hrs., with guide), by the Burgias Alp; splendid view. — Piz La Tschera (8615'; 5 hrs., with guide), by Alp Albin, also interesting. — Piz Beverin and Piz Curvèr, see p. 412.

FROM ANDEER TO STALLA (9-10 hrs.; without guide), an attractive walk. The new road (to Cresta, 13½ M., diligence in summer daily in 4½ hrs., fare 2 fr. 65 c.) quits the Splügen road, 2 M. above Andeer, and enters the wild Ferrera Valley to the left, leading first on the left, and then on the right bank of the Averser-Rhein, which has several fine falls. On the left is Piz Grisch (10,000'), on the right the Surettahorn (9925'). We pass (13¼ M.) a deserted silver-foundry, and reach (1¼ M.) Ausser-Ferrera (4334'; two modest inns), where the valley expands slightly. (Over the Figure). modest inns), where the valley expands slightly. (Over the Fianell Pass to Savognin, see p. 420.) We follow the right bank to (2½ M.) Inner-Ferrera or Canicul (4856; rustic inn), at the mouth of the Val d'Emet (p. 411). The road descends, crosses the Rhine, and ascends its steep left bank for 3/4 M. It then skirts the slope, passing through wood; (1 M.) it rounds a projecting rock (view of the Surettahorn, etc., behind us), and again descends to the river, which here receives the torrents of the Val Starlera on the left and Val di Lei on the right. We cross (1 M.) the latter. (By the bridge is the frontier-stone of Italy, to which the Val di Lei belongs.)

The road ascends rapidly then descends. Near (3/4 M.) Comment (5500) The road ascends rapidly, then descends. Near (3/4 M.) Campsut (5500'; \*Pens. Stoffel, 4 fr., unpretending) it crosses the Rhine, and beyond (1/2 M.) Cröt (5640'; Jæger's Inn, plain) recrosses it. Beyond the bridge (view, to the right of the Madrie Valley with Pia Callegians and Cina di Lacons the right, of the Madris Valley, with Piz Gallegione and Cima di Lago at its head) the road ascends steep pastures to the left, and at the top of the hill passes through stone-pines. It descends, crosses another bridge, and ascends to (2½ M.) Cresta (6397'; \*Curhaus Cresta-Avers, R. 2-3, B. 1¼, D. 3, S. 2½, pens. from 6½ fr.; Heinz's Inn, plain; Restaurant Wolf; guides. Simon Heinz, Peter Stoffel), the chief village in the Averser-Thal, which expands here, and is carpet de with rich pastures. This is one of the highest inhebited valleys expert the Alps. and lies in a supply situation. To the inhabited valleys among the Alps, and lies in a sunny situation. To the N. rises the Weissberg (9990'), ascended from Cresta in 3 hrs. (attractive).

From Cresta the bridle-path (guide, 8 fr., needless) ascends slightly, passing the handsome *Podestats-Haus*, and the mouth of the *Val Bregalga*, which is enclosed by fine glaciers, to (1½ hr.) *Juf* (6685'; Restaurant Edelweiss, 6 beds, plain); then to the left across pastures and through a desolate rock-strewn valley to the (1½ hr.) pass of the Stallerberg (8480'; splendid view of the Julier Mts., etc.). The path, quite distinct, now descends, keeping to the left, to (2 hrs.) *Stalla* (p. 421). — From Juf through the *Val Eallery* to Meline, see p. 421

Faller to Molins, see p. 421.

A path leads from Juf to the S.E. over the Forcellina (8770') to the (21/2 hrs.) Septimer (p. 421), and thence to (2 hrs.) Casaccia in the Val Bregaglia (guide 20 fr.), or over the Lunghino Pass to the (5 hrs.) Maloja (see p. 425; guide 25 fr., to the Lunghino Pass 15 fr.). — From the Forcellina Pass we may ascend in 1½ hr. the Pizzo della Forcellina (9918'; admirable view) and descend to the S.E. into the Val Turba. We then reach the Septimer route 20 min. below the pass, by the second bridge over the Septimerbach (p. 422). — From Cresta through Val Bregalga and across the Passo della Duana (8885') to Soglio in the Val Bregaglia (p. 439), 9-10 hrs., not difficult (guide 25 fr.). The pass, which lies to the W. of the Gletscherhorn (10,095'), and also the descent, affords a fine view of the Bregaglia Mts., especially of the Val Bondasca with the shovel-shaped Piz Badile.

From Canicül to Pianazzo on the Splügen route (4½ hrs.; with guide). The steep path ascends the right side of the Val d'Emet, through wood, to the (1½ hr.) Alp Emet (6194′), whence the cairn on the pass is visible; then over the soft and uneven soil of the Alp in 1 hr. to the top. Behind us rises Piz Beverin; the Calanda afterwards comes in sight. The Passo di Emet (7515′), between the Pizzo Emet (10,530′; 1.) and the Pizzo Spadolazzo (8920′; r.), is the frontier of Switzerland and Italy. Opposite us, to the W., are Piz Tambo (10,748′) and Piz Terri (10,168′). We descend past the N. side of the little Lago d'Emet, on the left bank of the Madesimo, then across meadows, to the huts of Casone and (1½ hr.) Madesimo (p. 415). Road thence to (1½ M.) Pianazzo (p. 415), on the Splügen route.

The Splügen road winds upwards, past the ruin of Bärenburg, and enters the wooded \*Rofna Ravine, in which the Rhine forms a series of falls. The road crosses (2 M. from Andeer) the Averser-Rhein (\*Melchior's Inn), which issues from the Val Ferrera (p. 413) and forms a fine fall a little way up (to Cresta, in the Averser-Thal,

see p. 413).

Towards the end of the gorge (2 M.) we pass an old bridge over the Rhine on the right. The valley expands. The road crosses (3/4 M.) the torrent of the Suretta Valley on the left. By the road-side are the ruins of the Sufers Foundry. To the right, the Kalkberg. We next (1/2 M.) pass through a rocky gateway (Sassa Plana; 4390'), ten paces long. At (1 M.) the prettily situated \*Hôt.-Pens Hinter-rhein (R. 2, B. 1, S. 2, pens. 6 fr.) a bridge crosses to the village of Sufers (4670'), on the left bank of the Rhine. We enter a wooded ravine and cross  $(1^1/4 \text{ M.})$  the wild stream in its deep gorge by a bold bridge (4727'). After a short ascent we survey the broad Val Rhein (Rheinwald-Thal); on the right, the barren Kalkberg (9763'); opposite, the Einshorn (9650'); in the background, the Rheinwald-horn (11,150'); to the left of Splügen, adjoining the Guggernüll (9472'), is Piz Tambo (10,748'); behind us, Piz Curvèr (p. 412).—Then (1 M.)—

16 M. Splügen (4757'; pop. 374; \*Hôt. Bodenhaus, R.  $2^{1/2}$ -6, B.  $1-1^{1/2}$ , D.  $3-3^{1/2}$ , pens. 7-8 fr.; Hôt. Splügen, R.  $2-2^{1/2}$ , B.1, D.  $2^{1/2}$ , pens. 5-6 fr., unpretending; Eng. Ch. Serv.), the capital of the Rheinwald-Thal. Pleasant walk, past the church, to the ruined castle on the old road, with a view down the valley and of Piz Tambo.

EXCURSIONS (guide, Jeremias Gredig). View from the Fluhgründ (1 hr.) and Donatzhöhe (1½ hr.). To the (2-2½ hrs.) Splügen Lakes (7448), amid picturesque surroundings at the foot of the Seehorn and Suretta-Horn (plain rfmts. at the fisherman's; trout). — Drive to the Bernardino Pass (p. 418); the Alp behind the inn commands a splendid survey of the Rheinwald Glacier. — The Guggernüll (9472'; 4½ hrs.; guide 6 fr.), by the

Tambo Alp, and the Einshorn (9650'; from Nufenen, 4-5 hrs.; 8 fr.) are two fine points, and not difficult. — The Pizzo Tambo (Tambohorn or Schneehorn; 10,748; 14 fr.), 31/2 hrs. from the Splügen Pass, is not hard for experts. Extensive view, extending on the S. to Milan, whence the peak

Excursion to the Source of the Hinter-Rhein, p. 417. — Over the Löchli-

berg to the Safier-Thal, see p. 401.

Beyond the village of Splügen the road divides. The Bernardino route leads straight on (p. 417). The Splügen Road, constructed by the Austrian government in 1819-21, crosses the Rhine to the left by an iron bridge, ascends in windings (avoided by short-cuts), and passes through a tunnel 93 yds. long, beyond which we see the top of the pass. We cross the Häusernbach twice in a bleak valley, at the end of which the old bridle-path ascends direct to the pass. The road ascends the W. slope in zigzags, past the lonely Berghaus (6677'), and through a gallery of masonry, to the (231/2 M.) Splügen Pass (Monte Spluga; 6945'), between Piz Tambo (10,748'; see above) on the right, and the Surettahorn (9925') on the left, the boundary between Switzerland and Italy.

Beyond the pass and the first Cantoniera we reach (25 M.) the Dogana (6260'), or Italian custom-house, a group of houses at the head of a bleak valley (Post, R. 11/2 fr.). In winter the snow sometimes reaches to the windows of the upper story. During snowstorms bells are rung in the houses of refuge as a guide to travellers. The old bridle-path to Isolato turned to the right, near the second wooden bridge, and led through the Cardinell gorge, a route much exposed to avalanches, where the French under Gen. Macdonald sustained terrible losses in Dec., 1800, and also through the dangerous Liro Gorge. The new road descends the E. slope in windings, being protected at places by avalanche-galleries of masonry (first 249 yds. long, second 228, third 550 yds.), with sloping roofs to enable the snow to slide off, and side-openings for light.

Beyond the third gallery we obtain a fine view of the old road, destroyed by a flood in 1834, and of the village of Isolato. At the end of the gallery is a copious spring. Beyond (301/2 M.) Pianazzo (4527'; inn, plain), near a short tunnel, the Madesimo forms a \*Fall 650' high (best viewed from a platform by the roadside, where the dil-

igence halts).

From Pianazzo a road (two-horse carr. from Splügen and back 40 fr., fee 4 fr.) ascends to the hamlet of (1½ M.) Madesimo (5032'), with a chalybeate spring and a hydropathic \*Curhaus (R. from 2, board 5-6½ fr.), a pleasant health-resort. — To Canicül over the Passo di Emet, see p. 414.

The next part of the road is the boldest; some of its terraces rise

perpendicularly one above the other. —  $2^{1/2}$  M. —

33 M. Campodolcino (3620'; Posta, R. 2-31/2, B. 1, déj. 2-3, D. 31/2 fr.; Croce d'Oro, mediocre) consists of four groups of houses; the second contains the church and the 'campo santo' or burialground. Beyond one of the galleries the rock bears a Latin inscription to the Emp. Francis, who made this road from 'Clavenna ad Rhenum'.

The Liro Valley, or Valle San Giacomo, is strewn with fragments of rock, chiefly brittle white gneiss, which reddens on exposure to the air. The wildness of the scene is softened by the rich foliage of chestnuts, from which peeps the slender white campanile of the church of Galivaggio. Near San Giacomo the chestnut-trees extend far up the steep slopes, and beyond it the luxuriance of Italian vegetation is fully displayed. We cross the Mera.

41 M. Chiavenna. — Hotels. \*Hôtel-Pension Conradi et Poste, 5 min. from the station, with railway-ticket and post office, and pleasant garden, R. 2<sup>1</sup>/<sub>2</sub>-4, B. 1<sup>1</sup>/<sub>4</sub>, D. 3-4<sup>1</sup>/<sub>2</sub>, S. 2<sup>1</sup>/<sub>2</sub>, pens. 6<sup>1</sup>/<sub>2</sub>-8, omn. <sup>1</sup>/<sub>2</sub>-3/<sub>4</sub> fr.; \*Albergo Specola, at the station, R. 2<sup>1</sup>/<sub>2</sub>, B. 1 fr.; \*Crimea e Chiave d'Oro, on the Promenade, R. 1<sup>1</sup>/<sub>2</sub>, D. 2-3, pens. 6 fr., Italian style; Hôt. San Paolo, unpretending.

The Station (Café-Restaurant, déj. 21/2 fr.) lies to the S.E. of the town. Through-tickets are issued to the steamboat-stations on Lake Como, with

omnibus-coupons for Colico.

Chiavenna (1090'; pop. 4086), the Roman Clavenna, an ancient town, is charmingly situated on the Mera, at the mouth of the Val Bregaglia (p. 456). Opposite the Hôtel Conradi are the ruins of an unfinished château of De Salis, the last governor appointed by the Grisons; picturesque view from the 'Paradiso' or garden on the top of a high rock (adm. 50 c.). San Lorenzo, the principal church, has an elegant detached campanile, rising from the old burial-ground. In the octagonal baptistery (closed, fee 15-20 c.) is a font of 1206, with reliefs. In the (1½ M.) Val Capiola several giant cauldrons ('Marmitte dei Giganti') were recently discovered (guides at the hotels).

RAILWAY TO COLICO (fares, see p. 411). Three tunnels, looking back beyond which we enjoy a fine view of Chiavenna. The low land here is much exposed to the inundations of the Liro and Mera, which unite below Chiavenna. The valley (Piano di Chiavenna) is flanked with lofty mountains. On the right bank of the Mera lies Gordona, at the mouth of the Val della Forcola (p. 419), beyond which the Boggia descends in a fine fall from the narrow Val Bodengo (p. 419). - 6 M. Samolaco is the station for the large village of that name on the right bank of the Mera, at the mouth of Val Mengasca. Before (8½ M.) Novate we reach the Lago di Mezzola, once the N. bay of the Lake of Como, now separated from it by the deposits of the Adda, but connected with it by the narrow navigable channel of the Mera. To the S. appears the pyramidal Mte. Legnone (p. 488). The train crosses the diluvial land formed by the torrent of the Val Codera on the left, and skirts the E. bank of the lake, by Campo and Verzeia. Several embankments and tunnels. We cross the Adda beyond ( $12^{1/2}$  M.) Dubino. The Val Tellina railway (p. 455) joins ours on the left. Among fields of maize, on a hill to the right, is the large ruined castle of Fuentes, once the key of the Val Tellina, erected by the Spaniards in 1603, and destroyed by the French in 1796.

17 M. Colico (722'; Rail. Restaurant), p. 488. The station is  $\frac{1}{3}$  M. from the pier, to which there is ample time to walk. Om-

nibus-coupons are collected at the exit from the station.

#### 97. From Splügen to Bellinzona. San Bernardino.

46 M. DILIGENCE daily (between San Bernardino and Bellinzona twice daily) in 83/4, returning in 111/4 hrs. (14 fr. 25, coupé 17 fr. 95 c.). Extra-Post with two horses from Thusis to Bellinzona 140 fr., with three horses 195 fr.; from Splügen to Bellinzona with two horses 95 fr. 80 c. Carriage and Pair from Thusis to Bellinzona (in 2 days) 150 fr., from Splügen to Bellinzona 115 fr.; fee 10 per cent of the fare.

Splügen (4757'), see p. 414. We traverse the upper Val Rhein, passing below (11/2 M.) Medels (5030'). On the left bank, farther on, lies the pasture of Ebi, now partly covered with stones, where the 'Landsgemeinde' used to meet biennially on the first Sunday in May. Then (4 M.) Nufenen (5145'), at the mouth of the Areue-Thal, at the head of which is seen the Curciusa Glacier. On the left are the huge rocky Guggernüll (p. 414), concealing Piz Tambo (p. 414), and the Einshorn (9650'). Near—

 $6^{1}/_{2}$  M. Hinterrhein (5330'; \*Post, R. 1-11/<sub>2</sub>, B. 1, D. 21/<sub>2</sub>, pens.  $4^{1}/_{2}$ -5 fr., plain), the highest village in the valley, the Rheinwald Mts., the Marscholhorn, Rheinquellhorn, Rheinwaldhorn, Hochberg-

horn, and Kirchalphorn come in sight.

Source of the Hinter-Rhein. From Hinterrhein to the Zapport Hut 4 hrs., rough, and hardly repaying (guide, advisable, 6 fr.; G. Trepp, Joh. Hoesti). Beyond the Rhine bridge (see below) the path diverges to the right from the Bernardino road, and at first traverses the level floor of the valley. After 1/2 hr. the valley narrows. The path is lost in a stony chaos on the right slope of the valley. The steep N. side is covered with poor pastures. The wild infant Rhine is covered at places with avalanche-snow, which lies here the whole year. By one of these snow-bridges we cross to the left bank, where a narrow path, kept in order by the shepherds in summer, leads to the (2 hrs.) Zapport Chalet (6420'), occupied in July and August by the Bergamasque shepherds, who pasture their flocks on the sunny Zapport-Alp. The route to the club-hut next leads past the Hölle, a wild gorge, in which the Rhine forms a small fall, to the (11/4 hr.) Zapport Club Hut (7613'). The narrow valley is closed by the Rheinwald Glacier, the lower part of which is called the Paradies Glacier. The Hinter-Rhein issues from an aperture in the glacier (7270'), shaped like a cow's mouth, below the hut. This chief source of the river (Sprung or Ursprung) is soon augmented by numerous small tributaries from crevasses of the glacier. From the club-hut we may ascend the Rheinwald Glacier in order to survey the vast Adula or Rheinwald Mts.: the Zapporthorn (10,330'), Rheinquell-horn (10,500'), Vogelberg (10,565'), Rheinwaldhorn, Güferhorn (11,130'), etc.—The Rheinwaldhorn (11,150') may be ascended by experts from the clubhut in 4 hrs., with guide, by the Lentalücke (9692') and the N.E. arête (toilsome, the final ascent difficult). The Güferhorn (31/2-4 hrs. from the club, but by the Lentalücke and the S.W. arête), the Vogelberg and Rhein club hut, by the Lentalücke and the S.W. arête); the Vogelberg and Rheinquellhorn (each 31/2-4 hrs. from the club-hut, over the Rheinwald Glacier); and the Zapporthorn (31/2-4 hrs. from the Bernardino Pass, over the Muccia Glacier, p. 418) are all more or less difficult.

From Hinterrhein over the Valser Berg, the Zapportgrat, or the Lentalicke to the Lugnetz Valley, see p. 403. — Trying passes (Vogeljoch, 9640'; Passo del Cadabbi, 9680'; Zapport Pass, 10,140') lead to the S. from the Rheinwald and Zapport glaciers to Malraglia (p. 411)

Rheinwald and Zapport glaciers to Malvaglia (p. 411).

The Bernardino Road crosses the Rhine by a bridge (5300') of three arches, 3/4 M. beyond Hinterrhein, and ascends the steep bush-clad slope in windings. (A good short-cut diverges to the right from the second winding.) Looking back, we have a fine

view of the Rhine Valley and the mountains to the N., the Kirchalphorn, Lorenzhorn, Schwarzhorn, and Hochberghorn. On the left, before  $(2^1/2 \text{ M.})$  we cross the Masek-Bach (5680'), is the solitary Dürrenbühl Chalet. Traversing a bleak valley, and passing the Thäli-Alp on the left, we reach the  $(12^1/2 \text{ M.})$  San Bernardino Pass (6770'; Hospice, plain), at the N. end of the little Lago Moësola. This pass was known to the Romans. It owes its present name to St. Bernardino of Siena, who preached the gospel here early in the 15th century. On the left rise the Pizzo Uccello (8910') and Mittaghorn (8560'); on the right the Marscholhorn (or Piz Moësola; 9520'). Superb view near a large white boulder,  $^3/_4$  hr. above the hotel, to the N.W. (guide unnecessary).

We descend many windings on the left bank of the Moësa, which issues from the lake, and pass a cantoniera: to the W. rises the Zapporthorn (10,330') with the Stabbio-Grat (8995'), whence the Muccia Glacier descends; to the E. are Piz Lumbreda (9770'), Piz Mutun (9360'), and Piz Curciusa (9423'). Lower down we cross the Moësa by a handsome bridge, and descend in a great curve to (4½ M.)—

17 M. San Bernardino. — Hotels. \*Hôt. Victoria, R. 2-10, B.  $1^{1}/2$ , déj.  $3^{1}/2$ , D.  $4^{1}/2$ , pens. 9-15 fr.; \*Hôt. Brocco, R.  $1^{1}/2$ -4, B.  $1^{1}/2$ , déj.  $3^{1}/2$ , D.  $4^{1}/2$ , pens. 9-11 fr.; \*Hôt. Ravizza; Hôt. Bellevue, R.  $1^{1}/2$ -2, B. 1, déj.  $2^{1}/2$ , D. 3, pens.  $8^{1}/2$  fr., well spoken of; Albergo Menghetti. — English Church Service in summer.

San Bernardino (5270'), the highest village in the Val Mesocco or Mesolcina, with a mineral spring which attracts many Italian invalids in summer. Everything here is Italian, and the people are Roman Catholics, Cardinal Borromeo (p. 480) having crushed the germs of the Reformation. — Over the Passetti Pass to the Val Calanca, see p. 419.

To the N. towers the sharp tooth of Piz Uccello (see above). The road ascends a little, and then descends in numerous zigzags (cut off by footpaths). A fine fall of the Moësa, in the gorge to the right, is seen by following the path leading from S. Bernardino to San Giacomo, first on the left, and then on the right bank of the stream. Beyond (22½ M.) Pian San Giacomo (3845′; Alb. Toscano) the road crosses the Moësa (pleasing view), and then descends rapidly to —

26 M. Mesocco or Cremeo (2595'; \*Posta; Hôt. Toscani), where walnut-trees, chestnuts, vines, and maize proclaim the Italian climate. On a rock to the left of the road, 1/2 M. below the village, rises the grand ruin of Mesocco (or Misox), with its four towers, which was destroyed by natives of the Grisons in 1526. From the slopes descend numerous brooks, forming eight cascades between

Mesocco and Lostallo.

Beyond (28 M.) Soazza (2067'), near the second bridge, the Buffalora forms a fine fall. Then (31 M.) Cabbiolo (1475'); 321/2 M. Lostallo (1394; Posta, well spoken of), with vineyards and the first fig-trees; 331/2 M. Sorte (2318'); and (34 M.) Piani (1180').

351/2 M. Cama (1120'; Restaurant), with a Capuchin monastery. From Cama to Chiavenna a fatiguing route (14-15 hrs.; guide to the top of the pass 5 fr.) ascends the steep Val di Cama, containing the little lake of that name (4058'), crosses the (51/2 hrs.) Forcellina del Notaro (6880'), and descends the Val Bodengo to (31/2 hrs.) Bodengo (rustic inn), and by a steep path, with steps, through the gorge of the Boggia to Gordona and (5 hrs.) Chiavenna. — A slightly easier but less interesting path from Soazza (p. 418) crosses the Passo della Forcola (7274') and leads through the valley of that name to Chiavenna (12-13 hrs.; with guide).

Then (361/2 M.) Leggia (1125') and (38 M.) Grono (1000'; Restaurant Tognola, beer), a thriving village at the mouth of the Val Calanca, with the Florentina tower, and near it a chapel with old frescoes.

The Sasso della Paglia (8513'), commanding a magnificent view, may be ascended from Grono via the Val di Grono in 7 hrs., with guide (club-

hut near the top).

The picturesque Val Calanca is traversed by a road, first on the left, then on the right bank of the Calancasca, to Molina, Arvigo, Santa Domenica, Augio, and (10 M.) Rossa (3570'; inn), the chief village in the valley. (Toilsome route hence, to the W., over the Giumella Pass, 6955', to Malvaglia in the Val Blenio, p. 411.) Bridle-path hence to (1 hr.) Valbella (4383'), the highest hamlet in the valley, from which an easy route, to the E., crosses the Passo di Tresculmine (7064') to (5 hrs.) Mesocco; then (1 hr.) Alp Alogna (4695'), whence we may cross the Passo di Passetti (6808') to the E. to San Bernardino (p. 418) in 4-5 hrs. (guide). At the head of Val Calanca, but difficult of access from the lower part of the valley, lies the grand mountain-basin of the Stabbio Alps (6590'), best reached from San Bernardino, in 4-5 hrs., by crossing the Passo Tre Uomini (8704').

39 M. Roveredo (975'; pop. 1065; Angelo; Croce), the capital of the lower Val Mesocco, with the ruined castle of the once power-

ful Trivulzio family.

40 M. San Vittore (880') is the last Grisons village;  $42^{1}/_{2}$  M. Lumino is the first in Ticino. The Bernardino route passes Castione, on the right, a station on the St. Gotthard Railway (p. 131), joins the St. Gotthard road, and crosses the Moësa. Below the confluence of the Moësa and the Ticino lies Arbēdo (813'), a village of sad memory in Swiss history. On 30th June, 1422, a battle took place here between 3000 Swiss and 24,000 Milanese, in which 2000 of the former fell. They were interred by the church of St. Paul, called Chiesa Rossa from its red colour.

46 M. Bellinzona, see p. 465.

# 98. From Thusis (Coire) to the Engadine over the Julier.

From Thusis to Samaden via Schyn and the Julier, 43 M., DILIGENCE in summer twice daily (the afternoon diligence staying for the night at Molins or Tiefenkastell) in 113/4 hrs. (17 fr. 45, coupé 20 fr. 95 c.); to Silvaplana in 91/2 hrs. (14 fr. 40 or 17 fr. 30 c.); to St. Moritz in 101/2 hrs. (15 fr. 95 or 19 fr. 15 c.). At Tiefenkastell this route is joined by the diligence from Coire via Churwalden, which starts 21/4 hrs. earlier than the Thusis diligence: to Samaden, 511/2 M., in 131/2 hrs. (21 fr. 5, 25 fr. 30 c.). — EXTRAPOST and pair from Thusis to St. Moritz 102 fr. 10 c., to Samaden 108 fr. 10 c., to Pontresina 110 fr. 50 c.; from Coire to the Baths of St. Moritz 120 fr. 10 c., to Samaden 126 fr. 10 c. — CARRIAGE and pair from Thusis to

St. Moritz or Sils-Maria over the Julier 80, to Pontresina or Samaden 90 fr. (from Coire 100 or 110 fr.); driver's fee 10 per cent of the fare.

Thusis (2445'), see p. 399. — The road through the \*Schyn Pass (railway in construction) constructed in 1868-69, noteworthy for its grand and picturesque scenery, crosses the Rhine at the foot of Hohen-Rhätien, passes the ruin of Ehrenfels on the right, and then, beyond (1¹/4 M.) Sils, Rom. Seglias (2263'; \*Post, plain), the little château of Baldenstein on the left. It next enters the valley of the Albula, to the right, and ascends on its left bank to Campi (Campo Bello, ruin of the ancestral seat of the Campell family; Ulrich Campell was a Rhætian reformer and historian), and the farm of (3¹/2 M.) Runplanas. Pretty view of the church of Solis. Then through the forest of Versasca. By a ravine above us, to the right, we observe a bridge of the old Mutten road. We pass the Freihof, an auberge on the left. The road is carried through the Pass Mal, which begins here, by galleries of masonry, cuttings, and tunnels. 5 M. Inn 'Zum Passmal' (2820'; rustic).

By the chalets of Calabrien, a narrow road to the right ascends to (41/2 M.) Unter-Mutten (4823'; \*Inn, plain; closed in summer, when the villagers migrate to Ober-Mutten). Thence to (11/4 hr.) Ober-Mutten (6128'; Hosang's Inn), whence the Muttnerhorn (8070'; \*View; guide 10 fr.) may be ascended in 11/2 hr.; good path at first, then up grassy slopes. Descent from Ober-Mutten to (21/2 hrs.) Zillis or to Thusis interesting, but rough.

The bridge across the Muttner Tobel affords a fine view of the gorge.  $6^1/4$  M. Unter-Solis (Schyn Pass Inn), a hamlet with a spring containing iodine. High above, to the left, lies Obervatz (p. 397). Looking back near the last tunnel, we survey the Heinzenberg; before us we see Alvaschein and the peaks of the Albula. The road crosses the Albula gorge by the \*Solis Bridge, 250' above the torrent, and ascends in a curve (cut off by a path to the right) to the village of  $(8^1/4$  M.) Alvaschein (3330'; Augustin). Opposite, below the loftily situated Stürvis, is a waterfall. Farther on, to the right, below the road, is the church of Müstail, the oldest in the Albula valley, formerly a burial-place. At Unter-Müstail there is an alkaline spring.

91/2 M. Tiefenkastell, Roman. Casti (2790'; \*Hôt. Julier Post, R. 2-5, B. 11/4, D. 4, S. 3, pens. 8-10 fr.; \*Hôt. Albula, R. 21/2-5, B. 11/2, déj. 31/2, D. 5 fr.; \*Hôt. Alpenrose, \*Rhätia, both plain; Kreuz), almost entirely rebuilt after the fire of 1890, lies picturesquely in the deep valley, with its church on a hill (2917') above the confluence of the Julia and the Albula. (To Surava and Alvaneu-Bad, p. 423; to Davos, see p. 392; to Coire vià Churwalden, p. 396.)

The JULIER ROAD ascends rapidly, and skirts the Stein, a bold limestone cliff (rock-gallery and tunnel). Far below flows the Julia or Oberhalbsteiner Rhein. (The Romanic word Rhein means 'flowing water'.) We next enter a broad and populous part of the valley called the Oberhalbstein (Sur Seissa), 6 M. long, and pass the villages of (14 M.) Conters (3900'; Post, R. 11/2-21/2, D. 21/2-3, pens. 5 fr., fair), and (15 M.) Savognin (3900'; \*Hôt.-Pens. Pianta, D. 41/2, pens. from 6 fr.; \*Hôt. Piz Michel, R. 11/2-3, B. 1, D. 21/2,

pens. 5-7 fr.). On the W. slope lie the villages of Salūx, Präsāns,

and Reams (with a fine ruined castle).

EXCURSIONS. Piz Curvèr (9760'; 5 hrs.; guide), from Savognin by Ziteil, not difficult, a very fine point (see p. 412; descent to Zillis or Andeer). — From Savognin to Ausser-Ferrera over the Fianell Pass,  $5^{1/2}$  hrs., easy and repaying. A narrow road leads through the smiling Val Nandro to the (2 hrs.) Alp Curtins (6400'); here we ascend to the right to (1 hr.) Alp Schmorras (7500') and the (1 hr.) Fianell or Schmorras Pass (8350'), opposite Piz Grisch (Piz Fianell; 10,000'); then descend by Alp Moos and Sutt Foina to (1½ hr.) Ausser-Ferrera (p. 413).

 $16^{1}/_{2}$  M. Tinzen, Rom. Tinizung (4070'; Hôt. Tinzenhorn), prettily situated at the mouth of the Val d'Err. In the background rise

Piz Val-Lung and Piz d'Aela (p. 423).

From Tinzen to Bergün over the Aela Pass, 7-8 hrs., see p. 424; the Fuorcla da Tschitta (95%; 8 hrs.) is a better route. To the N. a trying route (5 hrs.; with guide) crosses the Tinzenthor Pass (8465), between the Piz Michel and the Tinzenhorn, to Bad Alvaneu (p. 423). — Piz Michel (10,375; 6 hrs.; with guide), more difficult from here than from Alvaneu (p. 423). — To Samaden over the Errjoch (10,270), 9 hrs., with guide, laborious, but repaying. Ascent through the picturesque Val d'Err and over the Err Glacier to the pass, lying to the N.E. of the Piz d'Err (see below); descent through the Val Bever (p. 433).

Above Tinzen the Julia forms several fine falls. The road leads through curious basins, formed by erosion, and rocky ravines, to (18<sup>1</sup>/<sub>2</sub> M.) Roffna (4760'; Löwe, rustic), and —

21 M. Molins, Ger. Mühlen (4793'; \*Löwe, R.  $2^{1}/_{2}$ -5, B.  $1^{1}/_{2}$ , D. 4, S.  $3^{1}/_{2}$ , pens. 8-10 fr.), beautifully situated, where the dili-

gence halts for dinner.

From the Val da Faller, which debouches here, and divides into the Val Gronda and the Val Bercla 3/4 hr. farther up, routes (guide) cross the Thäli-Joch (9193'), to the E. of the Weissberg, to (6 hrs.) Cresta (p. 413), and the Faller joch (about 9090'), past the Flüh Lakes, to (51/2 hrs.) Juf in the Averser-Thal (p. 413). — \*Piz Platta (11,110'; 51/2 hrs.; guide), ascended through the Val Faller and Val Bercla, is a splendid point. — Piz d'Err (11,100'), Piz d'Arblatsch (10,525'), and Piz Forbisch (10,720'), for experts (guides at the 'Löwe').

From this point to Stalla, skirting the rapid Julia, we enjoy a series of grand rocky landscapes. A fine point is near the bridge on this side of  $(21^{1}/_{2} \text{ M.})$  Sur. On a beautiful wooded hill, in the middle of the valley, stands the square watch-tower of Splüdatsch (5260'; path to it beyond Sur; fine view). On the right,  $^{3}/_{4}$  M. farther on, appears the ruin of Marmorera, partly built in a rocky cavity halfway up the hill. The next villages are  $(23^{1}/_{2} \text{ M.})$  Marmorera (Marmels; 5360'), at the mouth of the Val Natons; Stalvedro (5613'); and —

26 M. Stalla (5827'; Post, R. 2-3, B. 1, D. 31/2, pens. 6-7 fr.), or Bivio, the Roman Bivium, where the Julier and Septimer routes

separate.

The Septimer Bridle Path (to Casaccia 4 hrs.; no guide requisite in fine weather), one of the oldest Alpine routes, once traversed by Roman and German emperors with their armies, diverges to the right from the road above Stalla, and ascends the Val Cavreccia. At the chalets of (1 hr.) Foppa it crosses the brook, enters a defile, and ascends the somewhat marshy meadows of Pian Canfèr, opposite Cadval, to the (1 hr.) Septimer

Pass (Passo di Sett; 7582'), with a dilapidated hospice. (Over the Forcellina to Juf, see p. 425.) A height to the left of the pass, indicated by two stones, affords a superb view of the mountains of the Maloja, Piz della Margna, Monte dell' Oro, etc. Descent by a rough paved path, crossing the Septimer Bach (Acqua di Settimo) three times, to the valley of the Mera, and on its left bank, the latter part very steep and stony, to (2 hrs.) Casaccia (p. 456). — Those bound for Maloja ascend to the left on the Pian Canfer (p. 421), after crossing a stream about 2 M. above Foppa, and farther up keep to the left till the Lake of Lunghino comes into sight. 1'/2 hr. Fuorcla di Lunghino (S645'), whence the descent leads past the Lake of Lunghino to (1'/2 hr.) Maloja (p. 425).

FROM STALLA TO ANDEER, over the Stallerberg, and through the Averser Thal and Val Ferrera, see p. 413. — To Sils over the Fuorcla di Gravasalvas (8806'; 51/2 hrs.; with guide), interesting. Below the Julier Pass we ascend to the right, past the little Gravasalvas Lake, to the pass, to the W. of Piz Lagrev, with a fine view of the Bernina, etc.; then a steep descent

to the Lake of Sils (p. 427).

The road, completed in 1827, ascends the stony slopes of the Julier in numerous windings. From November to the middle of May the pass is crossed by sledges, although the Julier is clear of snow before any other pass of equal height, and is the least exposed to avalanches. On this side of the summit are a few houses (7360') and an unpretending inn. On the (30 M.) Julier (Giulio, 7500') are two round milestones of mica-slate, 5' high, of the time of Augustus, who constructed a military road from Clavenna (p. 416) to the Curia Rætorum (Coire) over the Maloja and the Julier. Roman coins have also been found here. Near the milestones (which bear no inscription), to the right, is a little lake, which contains trout notwithstanding its altitude.

On the E. slope of the pass, 1 M. from the top, is the small Julier Alp (7150'), with its chalets. On the left rise Piz Julier and Piz d'Albana, and on the right Piz Polaschin (p. 429). In descending we obtain a superb view of the snow-mountains of the Bernina (p. 436). In the foreground rise Piz Surlej and Mt. Arlas, above which tower Piz Tschierva, Morteratsch, and Bernina, on the right; then Piz Corvatsch, and to the extreme right Piz della Margna. The Upper Engadine, with its green lakes, comes gradually into view.

35<sup>1</sup>/<sub>4</sub> M. Silvaplana (5958'), and thence to — 43 M. Samaden (5670'), see pp. 429-434.

# 99. From Thusis (Coire) to the Engadine over the Albula Pass.

From Thusis to Samaden over the Albula, 38 M., Diligence in summer twice daily in 10½ hrs. (15 fr. 30, coupé 18 fr. 40 c.); to Pontresina, 4½ M., in 11 hrs. (16 fr. 80 c., coupé 20 fr. 20 c.). At Alvaneu-Bad this route corresponds with the diligence from Coire viâ Churwalden, which starts ½¼ hrs. earlier than from Thusis: to Samaden, 45½ M., in 12 hrs. 20 min. (18 fr. 20 c., coupé 21 fr. 85 c.). At Bergün the diligence stops ½ hr. for dinner. — Extra-Post with two horses from Thusis to Samaden over the Albula 93 fr. 20, with three horses 126 fr. 75 c.; to Pontresina or St. Moritz 101 fr. 60 c. or 139 fr.; from Coire to Samaden 108 fr. 80 c., to St. Moritz or Pontresina 117 fr. 20 c. — Carriage and pair from Thusis to Bergün 45, Samaden 80, St. Moritz or Pontresina 90 fr.; from Coire to Bergün 70,

Samaden 100, St. Moritz or Pontresina 110, Tarasp 170 fr. and driver's fee of 10 per cent of the fare (to Samaden 1½-2 days). — A most interesting route; fine mountain-scenery. At Thusis return-carriages are often obtainable at lower rates.

The Albula Railway from Thusis to St. Moritz is a narrow-gauge railway 40 M. long, with a maximum gradient of 35:100, begun in 1898 and to be opened in 1904. It traverses the Schyn Pass by a series of tunnels and viaducts (in the first 8 M. there are no fewer than 14 tunnels with a total length of  $2^{1}/2$  M., and 16 viaducts with a total span of 4163'), and at (8 M.) Tiefenkastell it enters the open Albula Valley. Farther on it passes Surava and Alvaneu, crosses the Schmittner Tobel by a long viaduct, and the Landwasser by a bridge 196' high and 492' long, and reaches (141/2 M.) Filisur. Just above this point the line ascends 560' by a loop tunnel 747 yds. long, skirts the steep slope of the hill, and penetrates the Bergüner Stein by a tunnel 450 yds. long. Beyond (20 M.) Bergün it ascends by a large double loop and mounts through the narrow part of the Albula Valley by two loop tunnels to (28 M.) Preda (5878'), where it enters the Albula Tunnel. This tunnel is  $3^{1}/2$  M. long, 15' wide, and  $16^{1}/2'$  high; its cost is estimated at  $5^{1}/2$  million francs, and it is to be  $4^{1}/2$  years in construction (till 1903). It ascends with a gradient of 1:10 to its highest point (5987') and descends with a gradient of 1:50 to its E. entrance at (31 M.) Spinas (5964') in the Val Bever (p. 433). We next descend rapidly to (33<sup>1</sup>/2 M.) Bevers, whence the line runs viâ Samaden, Celerina, and the gorge of Charnadura (tunnels) to (40 M.) St. Moritz (p. 432; station on the lake).

From Thusis through the Schyn Pass to (9 M.) Tiefenkastell, see

p. 420. The Albula road leads thence by Surāva to —

13 M. Alvaneu-Bad (3115'), where the road from Coire viâ Lenz descends on the left (p. 397). The sulphur-springs are in repute for rheumatism, etc. (\*Curhaus, R. 3-5, D. 31/2-4, pension 71/2-11 fr.; \*Pens. Schuler, unpretending; one-horse carr. to Bergün 9, Wiesen 8, Tiefenkastell 41/2, Coire 30 fr.). On the opposite bank is a waterfall, in a picturesque setting.

In the Val Spadlatscha, 4 hrs. above Alvaneu-Bad or Filisur, and 3 hrs. from Bergün (p. 424), is the Aela Club Hut (7220'), from which the Piz Michēl (10,375'; attractive and not very difficult for experts; guide 25 fr.) is ascended in 4½ hrs., the Tinzenhorn (10,430'; 40 fr.) in 4½-5 hrs., and the Piz d'Aela (10,960'; 40-50 fr.) in 5-5½ hrs. (these two difficult, and requiring experience). Difficult descent from the Tinzenhorn on the steep W. side to the Tinzenthor Pass (p. 421) and by the Tigiel Alp to Tinzen (p. 421).

Above Alvaneu the road crosses the Landwasser, which falls into the Albula here, and ascends to the right to (15 M.) Filisur (3410'; \*Hôt.-Pens. Rhaetia; \*Hôt. Schönthal, Weisses Kreuz, both plain), a pleasant village, commanded by the scanty ruins of Greifenstein (3985'). We descend to the Albula and gradually ascend the wooded valley on the right bank. Walkers will prefer the footpath which crosses the Albula at Alvaneu-Bad and follows the left bank, passing the bridge leading to Filisur (see above) and the saw-mill on the right bank, to the saw-mill of (3 M.) Ballalüna (3615'; inn, rustic), where it recrosses the stream and rejoins the road. The latter crosses the Stulser Bach, ascends in a curve through wood, and enters the \*Bergüner Stein (Il Crap; 4280'), a deep gorge with perpendicular sides. The road, made in 1696, and since widened, is hewn in the rock, and protected at places by a wall. The brawling stream in the gorge is visible at one point only. At the end of the

gorge tower the Piz Spadlatscha (9420') and Piz d'Aela (p. 423). We now enter the green basin, enclosed by wooded hills, of —

 $19^{1}/_{2}$  M. Bergün, Roman. Bravuogn (4550'; pop. 1335; \* $H\^{o}t$ . Piz Aela und Poste, R.  $2^{1}/_{2}$ -5, déj. 3, D. 4, pens. 7-9 fr.; \*Weisses Kreuz, R.  $2^{1}/_{2}$ , B.  $1^{1}/_{4}$ , D.  $2^{1}/_{2}$ , pens.  $6^{1}/_{2}$ - $7^{1}/_{2}$  fr.; Edelweiss; Sonne), a village with a mineral spring, a small bath-house, an old Romanesque church, and a handsome prison-tower.

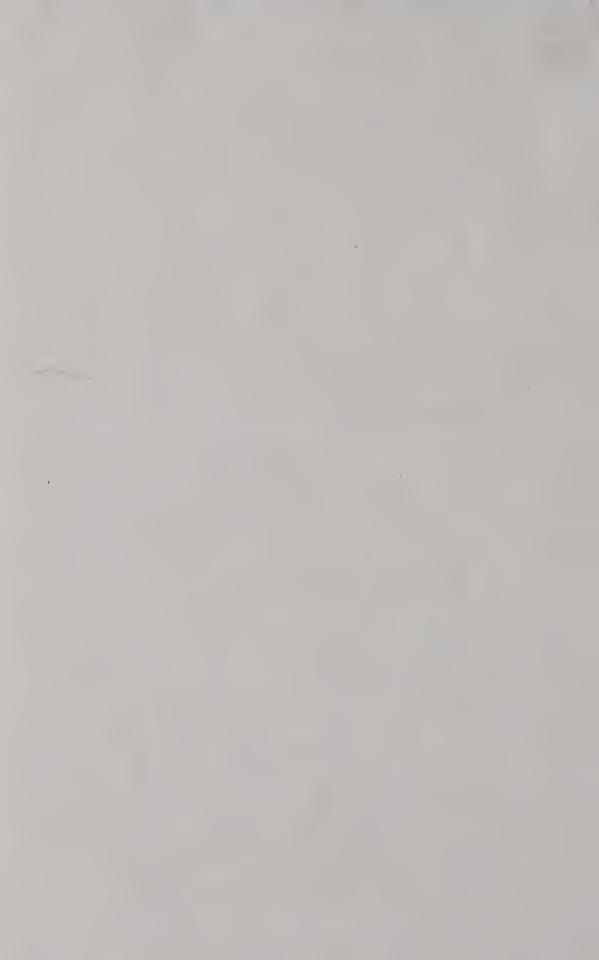

Excursions (guides, P. Mettier and his sons Peter and Oswald). Above Bergün, to the N.E., is the village of Latsch (5215'), on the slope of the Latscher Kulm (or Cuolm da Latsch, '7515'; ascent repaying, 2 hrs.). — Over the Sertig Pass to Davos (8 hrs.; guide 15 fr.), see p. 394. — Over the Fuorcla Pischa (9193'; 9-10 hrs.; guide) to Madulein, fatiguing, through Val Tuors and Val Plazbi. From the pass, between Piz Kesch and Piz Blaisun, adepts may ascend Piz Kesch (11,230') in 2½ hrs. (guide 25 fr.), but better from the Kesch Hut, over the Porchabella Glacier, in 3 hrs. (comp. p. 394). — Piz d'Aela, Piz Michel, and Tinzenhorn, see p. 421. (The Aela Club Hut is reached from Bergün by Alp Uglix in 3 hrs.) — Over the Aela Pass (9055'; guide), between Piz d'Aela and the Tinzenhorn, to the Val d'Err and Tinzen (p. 421), 7 hrs. (guide 15 fr.), interesting and not difficult.

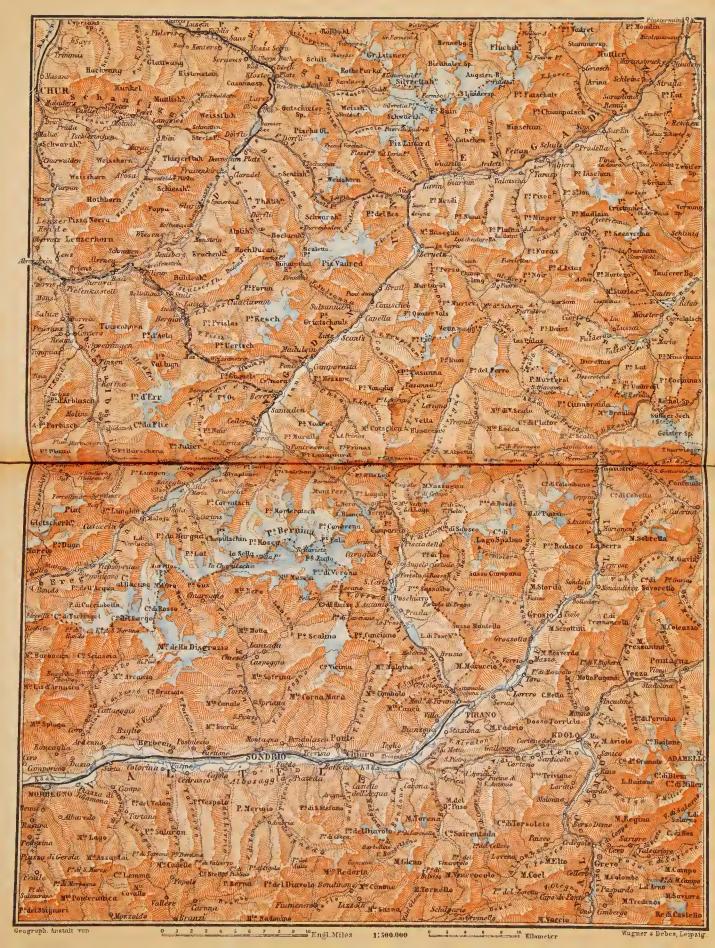

Between Bergün and Preda several glimpses are obtained of the works of the new railway from Thusis to the Engadine. The road ascends the beautifully wooded valley, passing the Val Tisch on the left. The Albula forms several small cascades, and one of some size above the (23 M.) Alpine hamlet of Naz (5725'). On the bold pinnacles to the right (Piz d'Aela, Piz Val-Lung, Piz Salteras) are seen several hanging glaciers. The road ascends in long windings (cut off by a path from Naz, following the telegraph), to  $(23^{1}/_{2} \text{ M}.)$ Preda (5878'), a village with a new hotel and numerous canteens and workmen's huts, situated at the mouth of the new Albula Tunnel (p. 423). It then passes the chalets of Palpuogna, and on the right, below the road, the pale-green Lake of Palpuogna, and reaches (251/2 M.) the Inn(D.3 fr.) of Weissenstein, Rom.  $Crap \ Alv(6660')$ . It next describes a curve (short-cut to the left) at the base of the two rocky horns of the Giumels (9137'), avoiding a marshy basin in which the Albula rises, and ascends the rock-strewn Teufels-Thal to the —

28 M. Albula Pass (7595'; Hospice, plain), between the Crasta Mora (9635'), consisting of granite, to the right, and the Piz Vertsch or Albulahorn (10,738'), which is of limestone, to the left.

The road traverses a dreary level valley, partly redeemed by its beautiful flowers. Before us rises Piz Mezaun, a fine pyramid; to the right, at the head of the Val Chamuera, are Piz Lavirum and Piz Cotschen; farther to the right are Piz Murail and Piz Languard. We begin to descend past several chalets, and then by seven long bends, with views of Piz Quatervals and Piz del Diavel, and afterwards of Ponte and Camogasc, and of Madulein and Guardaval on the hill to the left. (The old bridle-path is much shorter, but is stony and does not afford so many fine views.) Traversing a larch-wood, we reach (6 M.; or 1½ hr. by the bridle-path) —

34 M. Ponte (5548'). Thence to (38 M.) Samaden, see p. 445; to Schuls and Nauders, see R. 102.

### 100. The Upper Engadine, from the Maloja to Samaden.

131/2 M. DILIGENCE from Maloja-Cursaal to Samaden twice daily in 3 hrs. (fare 5 fr. 65 c., coupé 6 fr. 68 c.); comp. p. 456. Omnibus from Maloja to Sils in 1 hr., leaving on Mon., Wed., and Frid. at 6 p.m.; to St. Moritz daily in 2 hrs., at 4.30 p.m.; see p. 431.

The Engadine (Rom. Engiadina), a valley 60 M. long, descending from S.W. to N.E., and watered by the Inn, is bounded by lofty mountains, partly covered with glaciers and snow. The Upper Engadine, between the Maloja and Samaden, with its numerous lakes and the side-valley of Pontresina, is the most attractive part of the valley, though also the Lower Engadine (R. 102), below Samaden, is picturesque. The strong and bracing air of the Upper Engadine renders it one of the most famous health-resorts in the world. The temperature rises in summer to 66-76° Fahr. in the shade; in winter it sinks to 30-40° below zero. 'Nine months winter and three months cold', is the laconic, but rather exaggerated account the natives give of their climate. Very abrupt changes of temperature, and even white frosts and snow are not uncommon in August, so that wraps should not be forgotten, even for a short stay. As the Upper Engadine is crowded in summer, rooms had better be ordered beforehand. — Heavy luggage may be forwarded through a goodsagent, e.g. Messrs. Bavier, Kieni, & Co., of Coire and Silvaplana. — The Engadine affords a charming run for cyclists.

At first sight the floor of the Upper Engadine resembles a vast and almost treeless meadow. The lower slopes of the mountains are chiefly clothed with the larch and the pinus cembra, or Swiss stone-pine (Ger. Arve), a stately tree, sometimes called the 'cedar of the Alps', but commoner in the Pyrenees, the Carpathians, and the south of Siberia than in Switzerland. Its light, close-grained wood, white in colour and of a pleasant fragrance, is extremely durable, and is much esteemed for cabinet-work. The kernels (30 to 40) of the cones, enclosed in a very hard triangular shell, have an agreeable flavour, not unlike that of the pine-apple. On the higher mountain pastures a rich display of Alpine flowers delights the visitor in spring and early summer.

The Engadine begins at the summit of the Maloja or Maloggia (5943'), the lowest pass between Switzerland and Italy, which ascends gently from the Engadine, and descends suddenly on the S.W. side to the Val Bregaglia (p. 456). Near the top of the pass is the Hôtel Maloja-Kulm (Italian, but well spoken of; R. 2 fr.), a projecting rock opposite which commands the Val Bregaglia. To the E. of it is the (1/4 M.) Hôt. Villa Vecchia, in the Swiss style (R. from 2-3, pens. 8-12 fr.). On the left, higher up, is the Château Belvedere (6120'), begun by Count Renesse, but unfinished and unoccupied (now owned by the Maloja Cursaal Hotel). Its extensive grounds afford splendid views of the Val Bregaglia and Lake Sils. On the rocky ridge near the château (finger-post) several \*Glacier Mills or cauldrons have been discovered, some of them very large (the largest 20' across and 35' deep), worn in the solid rock probably by the action of the Forno Glacier, which is supposed to have once

covered the whole lake district of the Upper Engadine (walk from the Cursaal and back, 1½ hr.). Farther on are several private villas in the Swiss style, and the Hôtel Longhin (R. 2½-3, B. 1½, D. 3½, S. 3, pens. 7-8 fr.). To the right of the road, about ¼ M. from the upper end of the Lake of Sils, is the large and comfortable \*Hôtel Cursaal-Maloja (5910′; R. 5-9, B. 1½, déj. 4-5, D. 6-7, pens. from 14 fr.; lawn-tennis, golf, etc.), owned by a Belgian company. The view comprises, E., the Lake of Sils, Piz Mortel, and Piz Lagrev; N., Piz Gravasalvas; N.W., Pizzo Lunghino; W., the mountains of the Septimer; S.W., Pizzo Grande, Pizzo Cacciabella, and Mte. di Zocca; S., between Pizzo Salecina and Pizzo della Margna, in the Val Cavloccio, the beautiful Monte Muretto, and behind it, the superb white Cima di Rosso. — English Church, with services in the season.

Excursions. A little below the pass on the W. side a footpath, and \$1/2 M. farther on a cart-road, diverge to the left from the Maloja road, cross the Orlegna (waterfall, see below) near the lowest houses of Ordeno, and ascend on the left bank through meadows and wood to the (50 min.) darkblue \*Cavloccio Lake (6266'), surrounded by lofty mountains, where the road ends. To the S. rises the finely shaped Monte del Forno (10,545'; see below); to the left of it, the snowy Muretto Pass (p. 427). The large Cavloccio-Alp, at the S. end of the lake, is occupied in spring and autumn only; in the height of summer the cattle are pastured higher up. From this point to the Forno Glacier and back, 2 hrs. (see below). — Beyond the Orlegna bridge (see above) a path (finger-post) leads to the left to the (40 min.) little Lago di Bitabergo (6110'), and to the (3/4 hr.) Motta Salecina (7055'), at the foot of Pizzo Salecina (8500'; 11/2 hr.; guide 12 fr.), with a fine view of the Bregaglia and the Upper Engadine.

Orlegna Fall. We descend the windings of the Maloja road to a (1 M.) finger-post, and follow the path to the left to a (2 min.) rocky plateau

above the chief fall.

A pretty walk leads to the E., on the S. bank of Lake Sils, diverging to the right (finger-post, 'Pian Cunchetta') from the path to Isola, to (3/4 hr.) Aira della Palza (6645') and thence to the (20 min.) Piz Ala (7090'), with fine view.

To the \*Forno Glacier (guide advisable; to the Forno Hut 10, to the glacier circus 15 fr.; Jac. Uffer, Agost. Clalüna, Eman. Milesi), repaying. We follow the Muretto route (p. 427) to the (11/4 hr.) Alp Piancanino (6520'); then ascend to the right (before the bridge) for 3/4 hr. over turf and moraine to the Forno Glacier, which we cross to (11/4 hr.) the Forno Club Hut (8400'), on a projecting rock on the E. side of the glacier, at the foot of the Mte. del Forno. Imposing glacier-basin, commanded by the Pizzo Bacone, Cima di Cantone, Cima di Castello, Pizzo Torrone, Mte. Sissone, and Cima di Rosso. — The Monte del Forno (10,545'; 2 hrs.; 25 fr.), Pizzo Bacone (10,660'; 3 hrs.; 35 fr.), Cima di Castello (11,160'; 4 hrs.; 40 fr.), Cima del Largo (10,460'; 4 hrs.; 70 fr.; W. peak 10,335', 50 fr.), Pizzo Torrone (Occidentale 10,935', 7 hrs., 70 fr.; Centrale 10,728', Orientale 10,935'; each 5 hrs., 50 tr.; very difficult, many crevasses), Monte Sissone (10,940'; 3-31/2 hrs.; 30 fr.), and Cima di Rosso (11,060'; 31/2 hrs.; 30 fr.) may be ascended hence (all these for experts only, with good guides).

The Pizzo Lunghino (9135'; 3 hrs.; guide 10 fr.) rewards the climber with a splendid view. From the Hôtel Longhin a bridle-path ascends to the left over pastures to the (2 hrs.) blue Lunghino Lake (8136'), from which the Inn emerges; footpath thence over rocks and stones to the (1 hr.) top.

FROM THE MALOJA TO CRESTA IN THE AVERSER-THAL, 7-8 hrs., attractive (guide, 20 fr., advisable). From the (2 hrs.) Lunghino Lake (see above) a path leads to the W. to the (1/2 hr.) Fuorcla di Lunghino (8645'); we descend (no

path) over débris, leaving the Motta da Sett (8645') to the left, to the (1 hr.) Septimer Pass (p. 421), and cross the Septimer route. A footpath ascends hence, at first bearing to the left and then following the side of the ravine (cairns), to the (11/4 hr.) Forcellina (8790'), where we view the Averser-Thal. We descend to the right, at first gradually, then in zigzags to (1 hr.) Juf and (1 hr.) Cresta (p. 413).

FROM THE MALOJA BY THE MURETTO PASS TO CHIESA in Val Malenco (8-9 hrs.; guide 20 fr.), toilsome but repaying. To the (1 hr.) Carloccio-Alp, see p. 426. A new path ascends thence to the (20 min.) Piancanino-Alp (6520'), at the confluence of the Forno and the Muretto (foot-bridge over the former). A steep and stony ascent, along the small Muretto Glacier, and over snow, leads to the (1½ hr.) Muretto Pass (8390'), between Mte. del Forno (10,545') and Mte. Muretto (10,197'), where we survey the superb Mte. della Disgrazia (p. 455). Descent over snow, and stony and grassy slopes, on the left bank of the Mallero, with views of Mte. Disgrazia, Mte. Sissone, Cima di Rosso, etc., to the Chiareggio-Alp (5252'; quarters), and by a road passing numerous slate-quarries to (4 hrs.) Chiesa (p. 454).

FROM THE MALOJA TO PROMONTO GNO BY THE CASNILE AND CACCIABELLA PASSES (13-14 hrs.; guide 35 fr.), through the grand Bregaglia Mts., trying, but repaying, and for experts not difficult. To the (3½ hrs.) Forno Hut (8400'), where the night may be spent, see p. 426; thence to the right to the (1½ hr.) Passo di Casnile (9744'; superb view). Descent across snow, through a couloir, and over rock, to the foot of the Cantone Glacier; then across two moraines to the (1½ hr.) Albigna Glacier. (Through the Val Albigna to Vicosoprano, see p. 456.) We ascend the steep, stony slope of Cacciabella ('belle chasse', a resort of chamois) to the (2 hrs.) Passo di Cacciabella (9444'), another grand point of view, and descend to the (2 hrs.) Alp di Sciora (6785') and through the wild Val Bondasca (p. 457) to the (2½-3 hrs.) Hôtel Bregaglia (p. 457). — Those who start from Promontogno (14-15 hrs. to the Maloja) had better sleep at (4 hrs.) Alp Sciora or, if it is closed, at Alp Naravedro, 3 hrs. from Promontogno. Comp. p. 457.

By the Cursaal we cross the infant Inn, here called Ova d'Oen, which descends in cascades from the Piz Lunghino (p. 426), to the W., and at the chalets of Capolago we reach the pale-green Lake of Sils, Rom. Lej da Segl (5905'), 3 M. long, 233' deep, the N.W. bank of which we follow.

For walkers it is pleasanter to take the path (finger-post 'Pian Curtinatsch') on the S.E. bank, passing the grave of the painter Giov. Segontini (d. 1900) and the (3/4 hr.) hamlet of Isola (Restaurant Maurizio), which lies on a green plateau at the mouth of the Fedoz. On this path is a grey block of granite, bearing an inscription in memory of Prof. J. H. Huxley (1825-95), who was a frequent visitor at the Maloja Cursaal (p. 426). In the gorge near Isola the Fedoz descends in a fine fall. Thence to Sils-Maria in 3/4 hr. The row across the lake is also fine (11/2 hr.; boat and man, 5 fr.).

From the road we see the beautiful Piz Corvatsch (p. 441), rising above Isola; and beyond the *Crap da Chüern* (restaurant), a promontory which divides the lake into two basins, we observe the crevassed Fedoz Glacier, at the head of Val Fedoz, between Piz Margna (to the right) and Piz Led (to the left; p. 429). At the E. end of the lake, on the right bank of the Inn, lies—

33/4 M. Sils (5930'), Rom. Segl, embracing the hamlets of Sils-Baseglia (with the post-office), on the roadside, at the foot of the abrupt Piz Lagrev (10,394'), and Sils-Maria (5944'), 1/2 M. to the S., pleasantly situated among larch-clad hills, through which the Fex forces its way. On the wooded peninsula of Chastè (6030'), which

juts into the lake between the hamlets, are relics of an old castle. Sils-Maria (\*Alpenrose, R. 3-8, D. 4, S. 3, pens. from 10 fr.; \*Hôt. Edelweiss, R. 3-6, D. 4, S.  $2^{1/2}$ , board  $7^{1/2}$  fr.) is well adapted for a stay. The situation is sheltered, and there are shady walks near. Resident physician, Dr. Hemmy.

OMNIBUS from Sils-Maria to St. Moritz 1-2 times daily in 1 hr.; to the Maloja Hotel thrice weekly in 1 hr. Fare in each case 11/2, return 21/2 fr. —

Boat to Maloja, see p. 427. — One-horse carr. from Sils to Silvaplana 6-7, Morteratsch 16-19, Roseg 20-25, Bernina Hospice 25-30 fr.

Walks. To the S.W., behind the Hôtel Alpenrose, is a larch-clad bill, which is crossed by the narrow road to the Fex Valley, beginning at the Fex bridge. On this hill are three points of view: the (1/4 hr.) Laret-Höhe (view, in the direction of Silvaplana), the 20 min.) Bellavista (rfmts.; view, towards the Maloja), and a (20 min.) bench on the Fex road (view of a fall of the Fex, and over the wooded foreground to the snow and ice-clad mountains of the Fex Valley). — A pleasant walk leads from the Hôtel Edelweiss to the N.E., along the wooded slopes, to a saw-mill, and thence along the S. bank of the Silvaplana Lake to (1<sup>1</sup>/<sub>4</sub> hr.) Surlej (see p. 429). — Another path leads from the Hôtel Edelweiss to the S.E. and in about 8 min. forks, the left branch leading to the Fuorcla Surlej (see below), while the right ascends to (1/4 hr.) the Marmorè (7220), a rounded spur of the serrated Furtschellas on the S.E. Farther up, to the left, is a good footpath leading to the (1 hr.) Edelweisshalde and the restaurant mentioned below. — Another fine view is enjoyed from the *Plaz* (6240'; 20 min.), a spur of Piz Lagrev, to which a path, nearly opposite the bridge over the Inn at Sils-Baselgia, ascends. Best light for the view towards the Maloja in the morning, towards the Fex Valley and Piz Corvatsch in the evening. A more extensive and picturesque view is obtained from the Muotta da Blaunca (6640'), to which we ascend from the highroad to the right (near the Crap da Chuern, see p. 427), viâ Gravasalvas and Buaira (2 hrs.). A footpath descends to (3/4 hr.) Maloja.

The \*Fex Valley (Val Fex or Schafthal) is visited from Sils-Maria in 4-5 hrs. (there and back; one-horse carr. to Crasta for 1-2 pers. 5, 3 pers. 7 fr., to Curtins 8 and 10 fr.). The road ascends the left bank of the Fex, while a shorter path follows the right bank through the ravine of Drög. Beyond the bench mentioned above the road descends to the farm of Vauglia, then re-ascends, leaving the houses of Platta on the left, to the little church (50 min. from Sils) of Crasta (6390'), shortly before which it is joined on the left by the footpath. A \*Bench (adjacent is a pavilion for rfmts.), 3 min. farther on, affords on fine evenings the best view of the mountains encircling the head of the valley. If pressed for time, we turn here. The road crosses the stream, and reaches (1/4 hr.) the Restaurant Edelweisshalde, near the hamlet of Curtins (6480'), 6 min. beyond which is the Restaurant Arquint (edelweiss abundant here, on the right side of the valley). We pass (10 min.) a ruined house, (7 min.) cross the Fex, and in 20 min. (ground marshy at places) reach the top of the Mott Selvas, an old moraine, projecting obliquely into the valley, and affording an excellent survey of the beautiful Fex Glacier, overtopped by the Chapütschin, Piz Tremoggia, Chapütsch, Piz Fora, Piz Güz, and Piz Led. Below us emerges the Fex in its broad stony bed. Behind us is the green Fex Valley, with the indented chain of Piz Lagrev and Piz Polaschin.

A path (guide needless) ascends to the right from the church of Crasta to an Alp, then to the left through larch-wood to the (11/2 hr.) Muott' Ota (7654'), which commands the Fex and Fedoz Glaciers. The view is finer higher up, on the way to the Plaun Grand (8200'). — The path to the Fedoz Valley diverges to the S.E. from the road to the Fex Valley, about 100 paces to the S. of Vaüglia, leads pasts some Alpine chalets to the Alp Pediprero, and then descends to (1½ hr.) Isola (p. 427).

The \*Fuorcla Surlej (9055'; 3-31/2 hrs.; mule 12 fr.) is reached by a good bridle-path, which diverges to the left from the Marmore path (see above) after 8 minutes. The path leads through wood and over slopes of turf to (1 hr.) the Third Bench, which affords a view of the Engadine from Celerina to Maloja. About 3/4 hr. farther on we join the footpath from Silvaplana, pass a small lake, and reach the Fuorcla Surlej (inn in summer, with a

pass a small lake, and reach the Fuorcia Suriej (inn in summer, with a few beds, high charges), between the Piz Corvatsch (p. 432; ascended from the pass in 2-2½ hrs.), on the right, and Mt. Arlas (10,265), on the left. Magnificent view. We may descend by a rough and stony path to the (1 hr.) restaurant in the Roseg Valley (p. 438); to Bad St. Moritz viâ the Hahnensee (2 hrs.); or to Silvaplana by the Alp Surlej (1½ hr.).

Ascents (guides: Chr. Klucker, Joh., Andr., and Christ. Eggenberger, Christ. and Peter Zuan). The Piz Led (10,135; 3½ hrs.; guide 10 fr.), \*Piz della Margna (10,376; 4 hrs.; 16 fr.), \*Piz Corvatsch (11,345; 5-5½ hrs., viâ Fuorcia Surlej; guide 14, with descent to Pontresina 18 fr.), Chapütschin (11,130; 4½ hrs.; 15, with descent to Pontresina 25 fr.), and Piz Tremoggia (11,322; 5-6 hrs.; 18 fr.) may be ascended from Sils by adepts without difficulty. More toilsome are Piz Glüschaint (11,800; 6-7 hrs.; 25 fr.) and Piz Fora (11,053; 6 hrs.; 20 fr.).

Piz Fora (11,053'; 6 hrs.; 20 fr.).

From Sils to Pontresina over the Fuorcla Surlej (6 hrs.; guide 10 fr.), see below; over the Fuorcia da Fex-Roseg (9 hrs.; 18 fr.), the Fuorcia Chapütschin (10-11 hrs.; 30 fr.), or the Fuorcia Glüschaint (11-12 hrs.; 35 fr.), see p. 442. — To Chiesa in Val Malenco over the Tremoggia Pass (9910'; 8 hrs.; 25 fr.), between the Chapütsch and Piz Tremoggia, or over the Fuorcia Fex-Scerscen (10,236'; 9-10 hrs.; 45 fr.), between Piz Tremoggia and Piz Glüschaint, both for experts only; descent over the Scerscen Glacier to the Val Entova and Chiesa (p. 454).

Beyond Sils-Baseglia the road, shaded in the afternoon, skirting the foot of Piz Polaschin (9900'), follows the left bank of the artificial channel of the Inn, and skirts the Lake of Silvaplana (5875'), 2 M. long, to  $(2^{3}/_{4} \text{ M.})$  Silvaplana.

Walkers from Sils-Maria may take the path over the meadows, skirting the larch-clad hill on the S. bank of Lake Silvaplana, crossing several brooks, and finally passing a waterfall of the Surlej brook, to (11/4 hr.) Surlej (see below); thence to (11/4 hr.) St. Moritz, via Crestalta.

 $6^{1/2}$  M. Silvaplana (5958'; \*Hôt.-Pens. zur Post, R.  $2^{1/2}$ -4, B. 11/4, D. 31/2, S. 23/4, pens. 8-12 fr.; \*Hôt.-Pens. Wilden Mann, R. 21/2-3, B. 11/4, D. 31/2, S. 21/2, pens. 7-9 fr.; \*Hôt. Corvatsch, to the W. of the village, pens. 7-71/2 fr.; \*Sonne, R. 2-3, B. 11/4, D.  $2^{1}/_{2}$ -3, S.  $2-2^{1}/_{2}$ , pens. 6-8 fr.; Engl. Ch. Serv. in Aug.), where we reach the Julier road (R. 98), lies pleasantly amid green pastures on the alluvial deposits of the Julier brook, which separate the lakes of Silvaplana and Campfèr. A bridge leads across the narrow part of the lake to the village of Surlej ('beyond the lake'), at the base of the Piz Corvatsch, with its chalybeate spring. This village was devastated by a torrent in 1834.

Excursions (guides, Ed. Büsin, Christ. Christoffel, Fel. Lorenz). To Pontresina over the Fuorcia Surlej, 7-8 hrs. (guide, not needed by adepts, 10, horse 20 fr.), a bridle-path, very attractive. Beyond the (1/4 hr.) church of Surlej (see above; avoiding the turn to the left, which leads to the Hahnensee), we go straight on, soon cross the brook to the right, and ascend into the wood; 1 hr. Alp Surlej (6976'); then to the S., over a pasture, towards Piz Corvatsch (middle path). Above a second chalet the path turns to the right, joins (10 min.) the route from Sils-Maria, and in 11/4 hr. more reaches the restaurant on the Fuorcla Surlej (see above).

Piz Julier (11,105'; 4<sup>1</sup>/<sub>2</sub>-5 hrs. from Silvaplana or St. Moritz), trying but highly interesting. From Silvaplana (guide 20 fr.) we follow the Julier road (carr. 12 fr.) to the (3 M.) lower chalets of the Julier-Alp, whence we proceed over alpine pastures and easily traversed rocks to the (2 hrs.)

'Chimney' (Kamin), a precipitous gorge filled with snow. Thence a path leads to the top in 1 hr. The ascent from St. Moritz is easier (guide 25 fr.). We ascend to the N.W. to the (1½ hr.) Alp Suvretta (7085), whence a zigzag path leads over stony slopes to the arête (precipitous on its E. side), along or on which the path runs direct to the (3½ hrs.) summit. The magnificent \*\*View, surpassing those from the Piz Ot and Piz Languard, includes the Bernina group, the Valaisian and Bernese Alps, the Tödi group, the Grisons Mts. to the Ortler and the Oetzthal Alps on the E., and the Upper Engadine as far as Zuoz. — Easier, but less repaying, is Piz Polaschin (9900'; 3½ hrs.; guide 12 fr.).

The Silvaplana Lake is connected by a channel with the small Lake of Campfèr (5885'; 1 M. long), which is bisected by a promontory. The road skirts the W. bank of the latter. Opposite rises a wooded height with the Café-Restaurant Crestalta (6250'; mediocre), 25 min. from Silvaplana, which affords a charming view of the lakes and mountains. (Footpath to St. Moritz, 3/4 hr.) Below the Campfèr Lake the Inn takes the name of Sela until it enters the Lake of St. Moritz.

73/4 M. Campfer, Rom. Chamfer (6000'; \*Hôt. Julierhof, R. 3-7, B. 11/2, déj. 31/2, D. 5, pens. 11-15 fr.; \*Hôt.-Pens. Champfèr, pens. 9 fr.; Pens. Cazin; Engl. Ch. Serv.). Retrospect of the broadbacked Piz della Margna; to the E. the Piz Corvatsch, Piz Surlej, and Piz Rosatsch. The road divides here. The S.E. branch, on which the diligence runs in summer, crosses the Inn and leads by Bad St. Moritz to (3 M.) Dorf St. Moritz, while the N. road to the Dorf (1/2 M. shorter), runs high above the Inn, on its left bank, and below the Alpina (p. 431).

9 M. Baths of St. Moritz. — Hotels. \*Curhaus (Grand Hôtel des Bains), with 400 beds, R. 4-15, B. 13/4, D. 51/2, S. 4, board 10 fr.; \*Neues Stahlbad (Gr. Hôtel des Nouveaux Bains), with 320 beds, R. 4-15, B. 13/4, déj. 4, D. 6, pens., in the season, 20-25 fr. From both of these visitors can go to the baths under cover. \*Hôt. Victoria, opposite, with Villa Beausite, R. 6-15, B. 13/4, déj. 5, D. 6, board from 10 fr. A few paces farther on, on the left bank of the Inn, \*Hôt. du Lac, R. 5-131/2, B. 13/4, D. 5, board 10 fr.; these four first-class. — \*Hôt.-Pens. National, between the Curhaus and Stahlbad, R. 2-5, B. 11/4, déj. 23/4, D. 31/2, pens. 8-12 fr.; \*Engadiner Hof, R. 5-10, B. 11/2, déj. 31/2, D. 41/2, pens. 12-20 fr. Nearer the village: \*Hôt. & Grand Café Central, R. 21/2-6, B. 11/2. déj. 21/2, D. 4, pens. 8-12 fr.; \*Hôt. Bellevue au Lac, R. 2-6, B. 11/2, D. 41/2, S. 3, pens. 9-14 fr.; Hôt. Albula, pens. 10-13 fr.; Hôt.-Pens. du Nord, pens. from 9 fr.; Hôt.-Pens. Edelweiss. — Pensions: Villa Flütsch; Mayer-Sutter; Zur Heimat (Villa Ludains). — Restaurant de la Poste; Café Walz. — Band several times daily; soirées dansantes for the guests of the first four hotels twice weekly.

Baths. In the Curhaus (in the long wing): first-class baths (tiled baths), 7-10 a.m. 3 fr., 10 a.m. to noon 4 fr.; second-class baths (zinc or wood) 2½ and 3 fr.; third-class baths (wood) 2 and 2½ fr. (also 12-6 p.m., ½ fr.); vapour-bath 2 fr.; tickets at the office in the Curhaus. At the Neue Stahlbad: 7-9 a.m. ½½ fr., 9-10 a.m. 3 fr., 10-1 p.m. 4 fr.; subscription for mineral water 15 fr. — Physicians: Drs. Nolda, Berry, Mutschler, and Veraguth at the Baths, Drs. Holland, Hoessii, Zanoni, and Melcher in the village. Dentist: Dr. John Berry.

Electric Tramway every 12 min. from the Baths of St. Moritz (terminus in the Curhaus-Platz) to the Postplatz in the village of St. Moritz, in 8 min.; fare 20, there and back 30 c. Subscription for 25 tickets 4 fr. 50, 50 tickets 8 fr.

Carriages. To the Meierei, with one horse for 1-2 pers. 5, 3 pers. 7 fr.; to the Village of St. Moritz or Campfèr with one horse 2-3, with two horses for 4 pers. 4, 5 pers. 5, 6 pers. 6 fr.; to Pontresina one-horse 9-11, two-horse 20, 24, 28 fr.; to the Morteratsch Glacier one-horse 12-15, two-horse 25, 29, 33 fr.; to the Roseg Glacier one-horse 18-22 fr.; Silvaplana, in the forenoon, one-horse 5-6, two-horse 16, 20, 24 fr.; afternoon, one-horse 7-9, two-horse 20, 24, 28 fr.; Sils one-horse 9-11, two-horse 20, 24, 28 fr.; Fex Valley one-horse 16-19 fr.; Maloja one-horse 12-15, two-horse 24, 29, 33 fr. Fee 10 per cent of the tariff.

Omnibus ('Tramways') to Sils-Maria, see p. 417; to the Maloja, see p. 425; to Samaden at 11 a.m., in 1 hr., 1 fr., there and back 1½ fr.; to Pontresina at 10.30 a.m. and 5.15 p.m., in 1½ hr., 2 fr., there and back 3 fr.

Rowing Boats on Lake St. Moritz: per hour for 1-2 pers. 2, for 3 or more pers. 3 fr., in the afternoon 3 and 4 fr.; to the Dairy or the Waldhaus 1 fr., 2 pers. 2 fr., 3 or more 2\frac{1}{2} fr.; circular trip round the lake 2, 3, and 4 fr. Boats obtainable near the Rom. Cath. Church at the head of the lake, at the Restaurant Waldhaus, and at the Dairy at the foot of the lake.

English Church, see p. 432. — Roman Catholic Church, see below.

The Baths of St. Moritz (5823') owe their great importance to the mineral springs rising at the foot of Piz Rosatsch, strongly impregnated with carbonic acid and alkaline salts, pronounced the best of their kind in Europe by Paracelsus as early as 1539, and annually resorted to by numerous patients of all nations. The water is used for drinking and bathing. The Curhaus is supplied by the Old and the Paracelsus Spring, and the Neue Stahlbad by the Funtauna Surpunt, discovered in 1886. Season from the middle of June to the middle of September. Warm clothing very necessary.

The grounds in front of the Curhaus are adjoined by a broad street, with several good shops, which leads past the Hôtel Victoria and the Post Office to the lake and the village. To the right, at the foot of Piz Rosatsch, is the Neue Stahlbad. On the lake, at the mouth of the Inn, are the Roman Catholic Church, on the left,

and the Casino (closed), on the right.

Behind the E. wing of the Curhaus, promenades, passing the French Protestant Church, ascend, to the left, the (25 min.) pineclad Quellenberg (6300'), and, to the right, the (1 hr.) Johannisberg (Munt St. Gian; 6565'), commanding a view of St. Moritz and extending on the W. to Maloja. - A walk leads on the S. bank of the Lake of St. Moritz, or over the hill at the foot of the Rosatsch, to the (1/2 hr.) Meierei (dairy) or Acla Silva (restaurant, an afternoonresort), on the way to Pontresina. — To the (1/2 hr.) Lower Alpina (6165'; restaurant, dear) a path ascends to the right, just beyond the upper Inn bridge, 1/4 M. to the S.W. of the Curhaus. Higher up (new road) is the (25 min.) Upper Alpina (p. 433). — A fingerpost above the Curhaus, to the N., indicates the way to the 'Wald-Promenade', which follows the slope above the road between the Alpina and the village. — To the (1 hr.) Crestalta (p. 430) a pleasant wood-walk ascends to the S.W. from the Curhaus on the right bank of the Inn.

The \*Hahnensee  $(1^1/4-1^1/2 \text{ hr.})$  is a charming and much visited spot. It is reached via the Quellenberg (see above; no shade at places) or (better)

through wood all the way (finger-posts) via the Johannisberg. On the bank of the small lake (7070') stands the Restaurant Hahnensee (R. 3, B. 2 fr.). Magnificent view of the Upper Engadine, with its lakes and the mountains on the right bank of the Inn, from a hill \(^1/4\) hr. to the S. of the restaurant. — From the Hahnensee a good path (practicable for riding) ascends to the (2 hrs.) Fuorcla Surlej (p. 423). The Piz Surlej (10,455'), a grand point of view, may be ascended hence in \(^11/2\) hr. (guide 10 fr.); the route traverses easy rocks on the E. side of Mt. Arlas. The Fuorcla Surlej is also the starting-point of the easiest route up the \*Piz Corvatsch (11,345'; \(^21/2\) hrs.; guide 16, with descent to Pontresina 18 fr.), which leads via the Corvatsch Glacier. Comp. p. 441.

The Piz dell' Ova Cotschna (8890'), ascended from the Baths of St. Moritz by a new footpath through the Rosatsch-Thal in 3 hrs. (guide not indispensable), commands a splendid view of the Upper Engadine.

On the road from the Baths to the Village of St. Moritz (electric tramway, see p. 430) is the little English Church.

10 M. Village of St. Moritz. — Hotels. \*Kulm Hotel, an extensive pile of buildings at the upper end of the village, with a fine view and every comfort for both summer and winter, patronised by English and Americans; R. 5-12, déj. 31/2, D. 5, pens. from 121/2 fr.; \*Palace Hotel (Caspar Badrutt) a large, and handsomely furnished house on the hillside above the lake, with a terrace and large covered veranda, R. from 6, B. 11/2, déj. 4., D. 6, pens. from 161/2 fr. — At the end next the Baths, \*Hôt. Bavier du Belvedère, R. from 31/2, déj. 3, D. 41/2, pens. from 11 fr. In the village: \*Hôt. Caspar Badrutt, R. 31/2-8, déj. 3, D. 5, board 81/2 fr.; \*Steffani, R. 2-41/2, déj. 3, D. 4, pens. 7-11 fr.; \*Schweizerhof, R. 5-14, B. 11/2, déj. 31/2, D. 6, pens. 15-24 fr.; Hôt.-Pens. Post-Veraguth, pens. 71/2-10 fr.; Hôt.-Pens. Wettstein, R. 3, B. 1, D. 3, S. 2 fr.; Schenkel's Hôt. Rosatsch, with restaurant and confectioner's, R. 2-21/2, B. 1, D. 3, pens. 7-8 fr.; Hôt. Petersburg, a little below the Kulm Hotel, with good view, R. 3-8, déj. 31/2, D. 5, pens. 10-17 fr.; \*Hôt.-Pens. des Voyageurs, pens. 7-8 fr.; \*Thoma-Badrutt's Private Hotel, R. 3-10, B. 11/2, déj. 3, D. 4, pens. from 111/2 fr. — Pensions, beginning from the lower end: Rhaetia, Villa Berry, Joos, Villa du Château, Villa auf der Höh (Dr. Hoessli: 9-15 fr.), Villa Alba, Romoli, Schmidt, Gartmann, Zum Bären (Stecher). — English Church, see above; service also held in the Kulm Hotel in winter.

Carriages. With one horse to the Curhaus for 1-2 pers. 2, 3 pers. 3 fr.; with two horses for 3-4 pers. 4, for 5 pers. 5 fr.; to Campfèr 5-6 or 10-12 fr.; to the Alpina viâ Campfèr 6-7 or 13-14 fr.; to Samaden 6-8 or 11-15 fr.; to Pontresina 8-10 or 15-18 fr.; to the Roseg Glacier, one-horse 16-22 fr.; to the Morteratsch Glacier 12-14 or 22-25 fr.; to the Bernina Houses 14-16 or 25-28 fr.; to the Bernina Hospice 20-24 or 34-36 fr.; to Poschiavo 40 or 70-80 fr.; to the Maloja 12-15 or 24-27 fr.; to Chiavenna 45 or 70-90 fr.; to Coire 70 or 100 fr.; fee 10 per cent of the tariff. — Omnibus to the Maloja daily at 10 a.m. (from the Baths of St. Moritz 10.30 a.m.) in 2 hrs. (3 fr., there and back 5 fr., to Silvaplana 2 fr.); to Samaden and

Pontresina, see p. 436.

ENQUIRY OFFICE of the Engadiner Verkehrsverein in the Schweizerhof, opposite the Post Office. The Curverein charges a fee of 11/2 fr. per week

for the maintenance of footpaths, benches, and the like.

GUIDES (to be heard of at the Restaurant Jörimann, and the Valtellina Wine Rooms in St. Moritz Baths). Wieland Wieland, Stephan, Alex., and Abraham Wieland, Heinr. Andreossi, Martin Metzger, Christ. and John Christoffel, Lor. Felix, Georg Selias, Dan. Schlegel, Mor. Arpagans, etc. — Trespassers on the meadows before hay-harvest are liable to a fine.

St. Moritz, Rom. San Murezzan (6033'), the highest village in the Engadine (ca. 1000 inhab.), 90' higher than the Maloja, lies on a slope to the N. of the Lake of St. Moritz (5810'; 1 M. long), which abounds in trout, and commands a fine view of the mountains,

from the Piz Languard on the W. to the Piz Julier, particularly of Piz Surlej, with its glacier, Piz Corvatsch, and (farther distant) Piz della Margna (S.). Several hundred patients spend the winter here, which they enliven with skating and tobogganing. — Charles Loring Brace (1826-90), the founder of the 'New York Children's Aid Society', is buried in the native cemetery, near the old tower behind the Kulm Hotel.

Finger-posts on the Campfer road (p. 430), above the Hôtel Belvedere, indicate the way by the 'Wald-Promenade' to the (25 min.) Lower Alpina (p. 431) and to the (20 min.) Upper Alpina (6445'; restaurant), which commands a charming view of the Baths of St. Moritz, etc. A road descends thence to the (3/4 M.) Lower Alpina and the highroad from Campfer to the village of St. Moritz. (Footpath to the Baths, 1/4 hr., see p. 431.) — From the centre of the village a road descends to the S.E. to the lake and (8 min.) crosses the Inn, which forms a fine fall 30 yds. below the bridge. On the right bank is the Restaurant & Pension Waldhaus, with a terrace. We may now either follow the hill, skirting the forest, or take the footpath from the bridge, skirting the lake, to the (20 min.) Dairy (p. 431). — From the Inn bridge (finger-post above the fall) an attractive path leads on the right bank through the gorge of

Charnadüra to (½ hr.) Celerina and (1½ hr.) Pontresina.

Excursions. To the Alp Laret (6893'), by a zigzag path opposite the Kulm Hotel in ³/4-1 hr.; fine view. A more extensive view is obtained from the (³/4 hr.) \*Sass da Muottas (7765'), commanding the Bernina and the Inn valley, whence we descend the Val Saluver to (³/4 hr.) Celerina (p. 434). — Another path to the W. leads to the (1½ hr.) Alp Giop (7160'; 40 min. from the Upper Alpina), which commands an admirable view; thence by an easy and attractive path to the (2½-3 hrs.) \*Piz Nair (10,040'; guide advisable, 8, with descent to Val Suvretta 10 fr.). As far as the foot of the peak the path is sometimes rather indistinct, but thenceforward it is unmistakable. The superb view is limited on the S. by the higher Piz Julier. The descent into the Val Suvretta (guide needful) leads viâ the (1 hr.) small Suvretta Lake (see below) to (2 hrs.) Bevers (p. 445). — \*Piz Julier (11,105'; 4½-5 hrs.; 25 fr.), see p. 429.

 $(11,105'; 4^{1}/_{2}-5 \text{ hrs.}; 25 \text{ fr.}), \text{ see p. } 429.$ 

To Samaden through Val Suvretta, 7 hrs., interesting, especially for botanists (guide needless). From the baths to Campfèr (see p. 430); then up the Val Suvretta da St. Moritz, and past the Alp Suvretta-Campfèr, to the small Suvretta Lake (8563') and the (3 hrs.) Fuorcla Suvretta (8590'), between (r.) Piz Nair and (l.) Piz Suvretta. Then down the Val Suvretta da Samaden to the (3/4 hr.) Alp Suvretta-Samaden (7034'), where the Val Suvretta opens into the Val Bever, and to the (11/4 hr.) Alp Spinas (5900'; Suvretta Restaurant), near the S. entrance of the Albula Tunnel (p. 423), where a road begins. Thence back to St. Moritz by carriage previously ordered (16-20, with two horses 27 fr.), by Bevers and Samaden in 2 hrs.

A \*Drive on the Bernina Road as far as the Hospice (p. 443), with a visit to the Morteratsch Glacier (p. 437) or the Alp Grüm (p. 414), takes 10 hrs., there and back (carriages, see p. 436).

The FOOTPATH TO PONTRESINA, 3/4 hr., is shorter than the road viâ Celerina. From the Dairy (Acla Silva, p. 431) it passes the N. end of the Statzer See (where the road to Celerina leads straight on), turns to the right, and then to the left after a few paces, and traverses a stone-pine wood, rounding the spurs of the Rosatsch. Below (1/2 hr.) Pontresina we either cross the Bernina-Bach to the (1/4 hr.) Hôtel Roseg; or we may cross the Roseg torrent by the Punta Nova, to the right, and proceed by the Punt Ota to Pontresina.

The Samaden road ascends a little, and then descends in a long bend, through larch-wood (short-cut by the old road). Quitting the wood, we enjoy an admirable survey of the Inn Valley, extending down to Munt Baseglia near Zernetz (p. 446), which apparently closes the valley. Passing (13/4 M.) Cresta, Rom. Crasta (5690'; \*Hôt.-Pens. Misani, with café, pens. 7 fr.), with is famous toboggan 'run', we look into the Pontresina Valley, among the mountains of which the Piz Albris with its long snow-mantle is specially striking. We then cross the Schlatteinbach to (1/4 M.) —

12 M. Celerina, Rom. Schlarigna (5055'; \*Hôt.-Pens. Murail, R.  $2^{1}/_{2}$ -4, B.  $1^{1}/_{2}$ , D.  $3^{1}/_{2}$ , S.  $2^{1}/_{2}$ , pens. 8-10 fr.). The road divides here. The branch to the right, to (3 M.) Pontresina (p. 435), crosses the Inn and passes the dilapidated chapel of St. Gian, and beyond the Bernina-Bach joins the Samaden road (p. 435). The left branch leads to Samaden.

Footpath through the Charnadüra to the Acla, see p. 433. It diverges to the right this side the Inn bridge, leads through a meadow on the bank of the Inn, crosses the river, and ascends gradually through wood.

14 M. Samāden. — Hotels. \*Hôtel Bernina, at the lower end of the village, R. 2-5, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4-5, pens. from 9 fr.; Hôt.-Pens. Des Alpes, with café; Hôt. Bellevue (J. Lis), near the Inn bridge on the Pontresina road, unpretending, pens. 7-9 fr.; Krone, modest, R. 2<sup>1</sup>/<sub>2</sub>, B. 1 fr. — Carriage with one horse to the Village of M. Moritz for 2 pers. B. 1 fr. — Carriage with one horse to the Village of St. Moritz for 2 pers. 5, 3 pers. 7, with two horses for 4, 5, or 6 pers. 10, 12, or 15 fr.; to the Baths of St. Moritz one-horse 7 or 9, two-horse 14, 16, or 18 fr., there and back or with luggage, 8 or 11, or 16, 18, 20 fr.; to Pontresina one-horse 4 or 5½, two-horse 8, 10, or 13 fr., there and back or with luggage, one-horse 5 or 7, two-horse 10, 12, or 15 fr.; Morteratsch Glacier one-horse 8 or 10, two-horse 20, 25, 30 fr.; Roseg Glacier one-horse 15 or 20 fr.; Bernina Houses one-horse 12 or 14 fr., two-horse 22, 27, 35 fr.; Bernina Hospice one-horse 15 or 20 fr., two-horse 30, 35, 45 fr. — Omnibus daily at 8 a.m. from Hôtel Bernina to the Bad St. Moritz in 1 hr., returning at 11 a.m. (1 fr. 20, there and back 1 fr. 70 c.); also to Pontresina and the Morteratsch Glacier daily at 1.30 p.m., arriving at Pontresina at 2, and at Morteratsch 2 and 3 fr.). (fare to Pontresina 1 fr., there and back 1 fr. 90 c.; to Morteratsch 2 and 3 fr.). (fare to Pontresina 1 fr., there and back 1 fr. 90 c.; to Morteratsch 2 and 3 fr.).

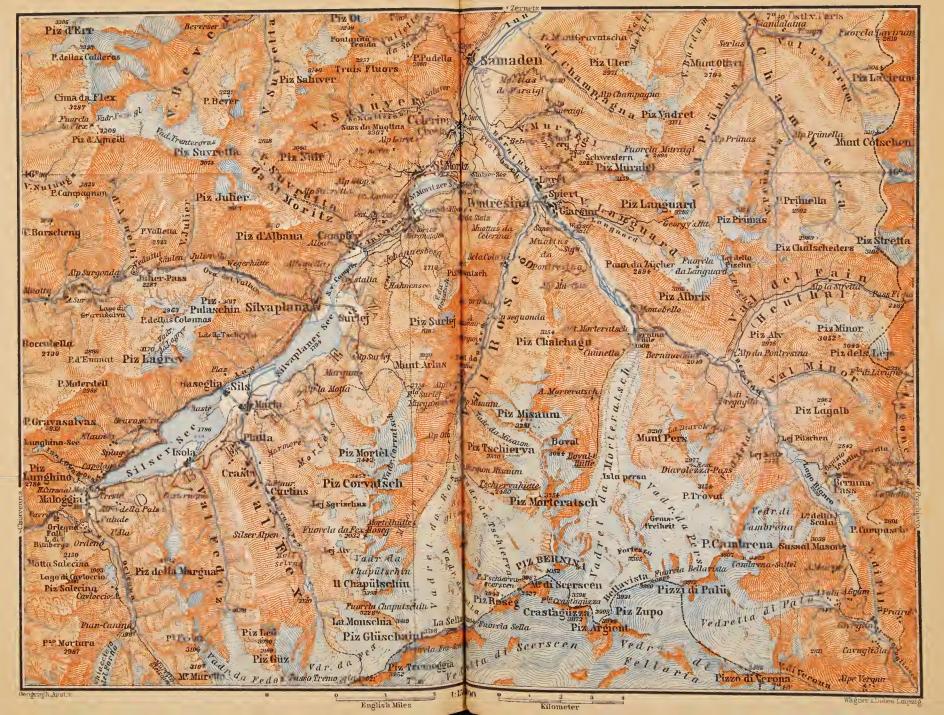

PHYSICIANS. Dr. Bernhard, Dr. Lendi, Dr. Pedotti.
DRIED ALPINE PLANTS sold by Herr Candrian, the schoolmaster.

Samaden (5670'; pop. 1028), the chief village of the Upper Engadine, with handsome houses and a new English Church (services in the season), lies on the W. side of the broad Inn Valley. The finest old house is that of the Planta family, which has been intimately connected with the history of the country for nearly a thousand years. Splendid view (finest from the Bevers road below the village) of the Bernina Chain, in which the white Piz Palü, the lofty Piz Bernina, Piz Tschierva, and, more to the right, Piz Roseg are conspicuous; nearer us, Piz Rosatsch, and in the distance, above the hill of St. Moritz, the Piz della Margna.

WALKS. To the N., past the English Church, to the (1/2 hr.) Munterütsch, a larch-clad hill, with a fine view of the Bernina group. Then to the right, by a pleasant wood-walk, to the (1/2 hr.) saw-mill of Resgia in the Val Bever (p. 433; thence to the Restaurant Suvretta 3/4 hr.). — To the W., to the

(20 min.) hill of Salvasplanas, above the church of St. Peter (5895'), with tombstones of the Planta, Salis, Juvalta, and other old families, and the (1 hr.) Alpetta. — To the S. to the (1/2 hr.) wooded hill of Christolais, between Samaden and Celerina.

\*Muottas Murail (p. 439; 2-21/2 hrs.), repaying. The path (horse or mule 10 fr.), diverging to the left from the Pontresina road by the Inn bridge, proceeds in a straight line to the foot of the mountain, and ascends (finger-posts; impossible to miss) in numerous windings to the top. Thence to Pontresina (11/2 hr.), p. 440; to the top of the Schafberg (11/2 hr.), p. 439.

To the W. above Samaden rises Piz Padella (9380'; guide 10 fr.), a furrowed limestone rock, reached by a good path in 3 hrs. (diverging to the left from the Piz Ot route in a dale beyond the saddle of the Padella). View from Silvaplana to Zernetz. Rich flora. A ridge with three peaks (Trais Fluors, 'three flowers'; 9700') connects Piz Padella with the massive granite pyramid of \*Piz Ot (10,660'; 'lofty peak'; 4-41/2 hrs.; guide 15 fr.). Bridle-path to the (21/2 hrs.) Fontauna Fraida (8840'), whence a steep path ascends in zigzags (iron rods being attached to the rock at awkward places) in 11/2-2 hrs. to the top. Imposing view, little inferior to that from the Piz Languard (p. 440).

From Samaden to Pontresina (33/4 M.). The road (diligence in 3/4 hr., see p. 434) soon crosses the Inn, traverses the floor of the valley, and reaches the Bernina-Bach, where it is joined by the road from Celerina (p. 434). It then crosses the Murail (p. 439). To the left, on the edge of the wood, is the Restaurant Belvoir (p. 437). Near Pontresina, to the right, appears the beautiful Roseg Glacier (p. 438); in the background rise Piz Morteratsch, Piz Tschierva, La Sella, and Piz Glüschaint.

#### 101. Pontresina and Environs.

Hotels (often full from the middle of July to the end of August; rooms had better be engaged in advance). At Lower Pontresina: \*Hôtel Roseg, at the N. end of the village, with a large 'dépendance', and a view of the Roseg Valley, R. 4-11, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. 12-16 fr.; \*Kronenhof & Bellavista, R. 2<sup>1</sup>/<sub>2</sub>-8, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. 12-16 fr. (these two frequented by the English); \*Hôt. Enperlin, R. from 5, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. 12-17 fr.; \*Weisses English); "Hôt. Enderlin, R. from 5, déj. 31/2, D. 5, pens. 12-17 fr.; "Weisses Kreuz, with the dépendance "Parkhaus, common to the last two hotels, R. from 31/4, B. 11/2, D. 4, S. 3, pens. 91/2-14 fr.; "Hôt. Saratz, R. from 51/2, déj. 31/2, D. 5, board 9 fr.; "Hôt. Pontresina, R. 41/2-10, B. 11/2, déj. 4, D. 6, board 10 fr.; "Hôt. Languard, R. 3-7, déj. 3, D. 41/2, pens. 10-14 fr.; "Hôt. Müller, R. 21/2-31/2 fr., B. 1 fr. 30 c., D. 3. S. 21/2, pens. 71/2-10 fr.; "Hôt. Bernina, R. 4-5, D. 3, pens. 7-10 fr. — At Upper Pontresina: "Steinbock, R. 2-5, déj. 3, D. 4, pens. 8-11 fr. — Private Apartments at the Villa Bella Vita, Villa Ludwig, Mme. Gross (R. 21/2 fr.), Villa Caduff, etc. — Beer at the hotels Enderlin, Kronenhof, and Pontresina. — Cafés. Café-Restaurant Continental; Villa à ma Campagne (rooms to let); Chalet Sanssouci (p. 436); Belvoir (p. 437). (p. 436); Belvoir (p. 437).

Guides. Martin Schocher, Chr. Schnitzler, Christ. Zippert, Anton and Andreas Rauch, Josias, Peter, and Florian Grass, Andr. Cadonau, L. Caflisch, Seb. Platz, Paul Müller, Martin Baumgärtner, etc. The charges for the excursions are given in each case. Shorter excursions, not in the tariff, 10 fr. daily. If more than three persons join in a short excursion, each pays 10 per cent extra. The guide carries luggage up to 14-15 lbs.

Photographs, etc., at Flury's, near Hôt. Pontresina. — Physician: Dr. P. Gredig, Villa Ludwig.

Post & Telegraph Office, above the Hôtel Pontresina. Visitors' Tax 10 c. daily.

Enquiry Office of the Engadiner Verkehrsverein in the Kronenhof.

Carriages. The following return-fares include waiting for 1 hr.; each hr. more 1 fr. for one-horse, 2 fr. for two-horse carriages. To Morteratsch, with one horse, 1-2 pers. 6, 3 pers. 7 fr., with two horses, 4 pers., 11 fr.; Roseg, with one horse 8 or 10 fr.; Bernina House, one-horse 7 or 8, two-horse 11 fr.; Val del Fain, one-horse 12 or 15 fr.; Bernina Hospice, one-horse 14 or 17, two-horse 27 fr.; Village of St. Moritz, one-horse 7 or 9, two-horse 14 fr.; Baths of St. Moritz, one-horse 8 or 10, two-horse 15 fr.; Samaden, 5 and 6, or 10 fr.; Maloja, 17 and 21, or 32 fr. Fee for driver of one horse, half-day 50 c., whole day 1 fr.; for longer excursions 10 per cent of the fare. For each day of rest, 10 fr. per horse. Tariff for longer journeys at the hotels. — Omnibus, to the Morteratsch Glacier daily at 8 a.m. and 1.30 p.m., in 40 min. (1 fr. 50, there and back 2 fr.); to Samaden daily, at 5.15 p.m., in 1/2 hr. (see p. 434); to St. Moritz Bad, at 8 a.m. and 2 p.m., 11/2 hr. (2 fr., there and back 3 fr.); comp. pp. 431-32. 11/2 hr. (2 fr., there and back 3 fr.); comp. pp. 431-32.

English Church (Holy Trinity). Service during the season. Library under care of chaplain.

Pontresina (5940'; pop. 500), a village extending along the right bank of the Bernina or Flatzbach, on both sides of the Bernina road, for more than 3/4 M., consists of Lower Pontresina (Rom. Laret), with the large church, and Upper Pontresina (Rom. Spiert), 1/4 M. apart, between which lies the English Church. Above Spiert are the houses of Giarsun, with the loftily situated little church of St. Maria (with its churchyard) and the ruined tower of La Spaniola. Pontresina, a frequented summer-resort, owes its mountaineering importance to the proximity of the Bernina Chain, which separates the Upper Engadine and the Val Bregaglia from the Val Tellina and vies in the grandeur of its snow-peaks and glaciers (Rom. Vadret, Ital. Vedretta) with the Mte. Rosa group. Piz Bernina (p. 441), the highest peak, is not visible from Pontresina. From Lower Pontresina, however, a splendid view opens between Piz Rosatsch and Piz Chalchagn, of the Roseg Valley, with the Roseg Glacier, and Piz Tschierva, Sella, Glüschaint, and Chapütschin in the background. From Upper Pontresina the top of Piz Palü is visible above the Morteratsch Valley, to the right of Munt Pers. Above the W. hills towers the rocky pyramid of Piz Ot.

\*Wood PROMENADES skirt the slope of Piz Chalchagn on the left bank of the Bernina-Bach, and extend up the Roseg Valley. We descend past the Hôtel Saratz, and cross the Punt Ota, beyond which the Schlucht Promenade leads to the left through wood, along the gorge of the Bernina-Bach (into which we may descend at two points), to the (1/4 hr.) Chalet Sanssouci (café). A few paces before we reach it, paths diverge left and right: to the left we may descend to the bridge, and ascend to Upper Pontresina; to the right is the Tais Promenade, which after 1/4 hr. joins the Rusellas Promenade (p. 437.) Straight on, the Schlucht Promenade runs on the left bank of the Bernina-Bach to the Restaurant Morteratsch (p. 437; after 1/4 hr. we may diverge to the left, cross the bridge opposite the Languard Fall, and return by the road). - Following the road to the Roseg Valley for 5 min. from the Punt Ota, and then taking the

shady walk to the left, we reach the Rusellas Promenade, where (12 min.) a bench commands a fine view of the Roseg Glacier. The promenade goes on through wood, nearly level, to (25 min.) a second bench on the outskirts of the wood, where the view of the head of the valley is still grander. This point may also be reached by ascending straight on from the Punt Ota (finger-post to the 'Muottas'), and after 7 min. diverging to the right (finger-post 'Roseg Glacier'); thence in 35 min. to the second bench. About 5 min. farther on we may cross the Roseg to the right by the Acla Colani and regain the carriage-road. The promenade goes straight on, finally (1/2 hr.) joining the road; from this point to the Roseg Restaurant (p. 438) 25 minutes.

A path ascends straight from the Punt Ota (finger-post, see p. 436) in 11/4 hr. to the 'Signal' on the Muottas da Pontresina (7360'; fine view).

On the Roseg road, 1/4 M. from the Punt Ota, beyond the bridge over the Roseg (p. 438), a finger-post shows the path to the (11/2 hr.) Muottas da Celerina (ca. 7550'), a N.E. spur of Piz Rosatsch (fine view; best from the second signal-pole). The same post indicates the forest-path to St. Moritz mentioned at p. 431, which is joined (20 min.) on the wooded ridge by the path crossing the Bernina-Bach below the Hôtel Roseg. At the edge of the wood is a charming resting-place, with a beautiful view of Pontresina and the opposite mountains; in the background rises the peak of the Piz Languard. Thence through wood to the (20 min.) Lake of Statz and the (1/4 hr.) Acla Silva (p. 433). (1/4 hr.) Acla Silva (p. 433).

To the N. of Lower Pontresina a pleasant and nearly level walk, diverging from the Samaden road to the right, leads to the (20 min.) Restaurant Belvoir (5740'), situated at the foot of the Schafberg, near the wood, and commanding a beautiful view of Pontresina and its environs. A path ascends thence to the right to the Val Murail, where after 1/2 hr. it joins the bridle-path from Pontresina to the Muottas Murail (p. 439).

The \*Morteratsch Glacier (Vadret da Morteratsch; guide needless; drive of  $\frac{1}{2}$  hr., omnibus in 40 min., see p. 436) is 3 M. to the S. of Upper Pontresina. Walkers follow the Schlucht Promenade, or diverge to the right from the Bernina road by the Languard Fall, which descends on the left 2/3 M. from Upper Pontresina, cross the Bernina-Bach, and go by a shady path on the left bank to the restaurant. Carriages diverge to the right from the Bernina road, 11/4 M. farther on (see p. 442), and cross the Bernina-Bach, which forms pretty falls above and below the bridge, and then the Morteratsch Brook. The Hôtel-Restaurant Morteratsch (6260'; R. 2-3, pens. 6 fr.), 10 min. from the foot of the glacier, commands a view of Piz Palu, Bellavista, Crast' Aguzza, and Piz Bernina. In the glacier is an artificial grotto (1/2 fr.), the way to which is shown by a finger-post and several flags. For mounting the glacier itself a guide is needed (5 fr.). — To the right of the finger-post (2 min. from the hotel) a path ascends, at first through wood, then (18 min.) to the right from the Boval route (see below), to the (5 min.) Chünetta, which commands the glacier and its grand environment (Munt Pers, Piz Palü, Bellavista, Zupò, Crast' Agüzza, Piz Bernina, Roseg, Morteratsch, Boval, Misaum).

A closer survey is obtained from the Boval Hut (8070'), 13/4 hr. higher up (21/4 hrs. from the inn), on the W. side of the glacier. The good path

(guide 10 fr., desirable for novices) ascends along the slope below the Chünetta, finally mounting a series of rocky steps. — It is interesting to cross the glacier to the séracs of the *Pers Glacier* (there and back 31/2 hrs., with guide, 12 fr.; see below).

\*Roseg Glacier, about 6 M. from Pontresina, a walk of 13/4 hr. (road to the restaurant 41/4 M., a drive of 1 hr.; see p. 436). From the Punt Ota (p. 436) the road bears to the right (walkers follow the Rusellas Promenade). The road (1/4 M.) crosses the Roseg Brook, and ascends its left bank. By (11/2 M.) a small house ('Acla Colani') a path diverges to the left to the Rusellas Promenade (p. 437). We pass (1 M.) the Alp Prima on the right and cross the stream. On the left the road is joined by the path coming from the Rusellas Promenade (p. 437). Beyond the wooded Muot da Cresta we (11/4 M.) recross the brook, and (1/4 M.) reach the Restaurant du Glacier (6560'; rooms). The (3/4 hr. mcre) Roseg Glacier, which has receded greatly of late, is well surveyed from the inn, with its surrounding peaks (Piz Tschierva, Roseg, La Sella, Piz Glüschaint, La Mongia, and Il Chapütschin). The glacier consists of two large icecataracts (E., the Vadret da Roseg; W., the Vadret da Tschierva), which unite below the isolated green hill of Aguagliouls, where sheep graze in summer. Through the telescope at the inn chamois may be seen grazing on the slopes of Piz Misaum in the afternoon.

A more complete view of the imposing scene is obtained from the \*Alp Ota (7385'): the path from the Roseg Restaurant, for 20 min. level, ascends past a jutting rock on the right to the (1/2 hr.) two chalets of the Alp. To the left of the chalets we reach the best point (on the Mortèl path) a little farther on; here, to the left and right of Piz Bernina, we also see the Piz Morteratsch and Monte Scerscen; between the Morteratsch and Piz Bernina is the Fuorcla Prievlusa; between Mte. Scerscen and Piz Roseg is the Porta Roseg; and between Piz Roseg and the Sella lies

the Sella Pass.

A new and easy path (suitable for riding; guide not necessary) leads from the Roseg Restaurant to the S.E., crosses the Roseg, and ascends the E. slope by the Alp and Margum Misaum (see below) to the (1½ hr.) finely situated Tschierva Club Hut (8085'; rfmts.; bed 50 c.), the starting-point for ascents of the Piz Tschierva, Morteratsch, Bernina, Piz Roseg, Monte di Scerscen, etc. The view of the séracs of the glacier, ¼ hr. above the hut, is especially imposing. For the glacier itself a guide is needed (to Aguagliouls 8-10, back viâ the Mortèl Hut 15 fr.). The path traverses the moraine of the Tschierva Glacier near the (1 hr.) Margum Misaum (7395'), and crosses the glacier to the (1½ hr.) rocky hill of Aguagliouls (N. spur 7465'; middle peak 8780'). Imposing view. We then cross the Roseg Glacier to the (1 hr.) Mortèl Hut (see below) and return to the Roseg Restaurant (2 hrs.).

A fine survey is also afforded by the Alp Surovèl (7425'; milk), 3/4 hr. from the Roseg Restaurant, on the way to the Fuorcia Suriej (p. 428). — A path, commanding splendid views, leads from the Alp Ota along the slope to the (1 hr.) Mortèl Club Hut (7840'), grandly situated, the starting-point for Piz Roseg, the Sella Pass, etc. From the hut across the Roseg Glacier to the rock of Aguagliouls 11/4 hr.; thence back to the Roseg Restaurant 2 hrs.; a very fine round, with guide (15 fr.; see above).

The \*Schafberg (Munt della Bescha, 8965'; bridle-path, 2½ hrs.; horse and fee 10 fr.) is a splendid point, of easy access. We either go under the wooden gallery between Hôt. Roseg and its dépendance,

or ascend to the left just above the church of Lower Pontresina (finger-post). The paths unite on the (20 min.) hill Crast' Ota. We then ascend through wood to the (50 min.) Restaurant Freimann-Grass (7315'; well spoken of), an admirable point. At our feet lie Pontresina and the snow-girt Roseg valley, bounded by Piz Rosatsch on the right and Piz Chalchagn on the left, with the glistening peaks of the Sella, Piz Glüschaint, the Mongia, and the Chapütschin in the background; adjoining Piz Chalchagn on the right is Piz Tschierva, and on the lest the Bellavista, Piz Palü, Piz Cambrena, Munt Pers, and Sassal Masone; then the Languard valley with the Paradis and Piz Albris; to the right, below, at the foot of the Rosatsch, are the sombre little Lake of Statz and the blue Lake of St. Moritz; above these rise the mountains to the N. of the Inn, Piz Lunghino, Lagrey, Albana, Julier, Nair, Ot, and the serrated Crasta Mora near the Albula Pass.

An easy footpath (fine views), diverging to the left above the Restaurant Freimann-Grass, skirts the steep slope of the Schafberg to the (40 min.) upper bridge across the Murail (see below; guide desirable for those prone to giddiness; several benches). — From the Murail bridge to the (1 hr.) summit of the Schafberg, see below (steep path; guide advisable if there is much snow).

The bridle-path then ascends in 11/4 hr. to the saddle between Las Sours (see below) and the top of the Schafberg (8965'), to the left, which we reach in 10 min. more (Restaurant, very fair). Splendid \*View of the Bernina group. Besides the peaks already mentioned we see, beginning at the Bellavista, the Piz Zupò, Argient, Crast' Agüzza, Piz Bernina, Piz Bianco, Mte. di Scerscen, Piz Morteratsch, Roseg, Corvatsch, and Surlej; then, to the right of the Albula, Piz Uertsch, Piz Kesch, and the Inn as far as the Maloja (with the lakes of Campfèr and Sils).

The W. peak of Las Sours ('the sisters'; 9783'), easily ascended from the Schafberg in 3/4 hr., commands a grand view, extending to the Ortler. The two other peaks are difficult and for experts only (guide 20 fr.).

A path (guide necessary in snow) descends the N. side of the Schafberg in zigzags into the bleak  $Murail\ Valley$ ; to the right rises the  $Piz\ Vadret\ (10,400')$ . We  $(1/2\ hr.)$  cross the Murail, pass the chalets of Murail, and  $(40\ min.)$  recross the brook. Then by the Murail route (see below) to Pontresina in  $1/2\ hr.$  more.

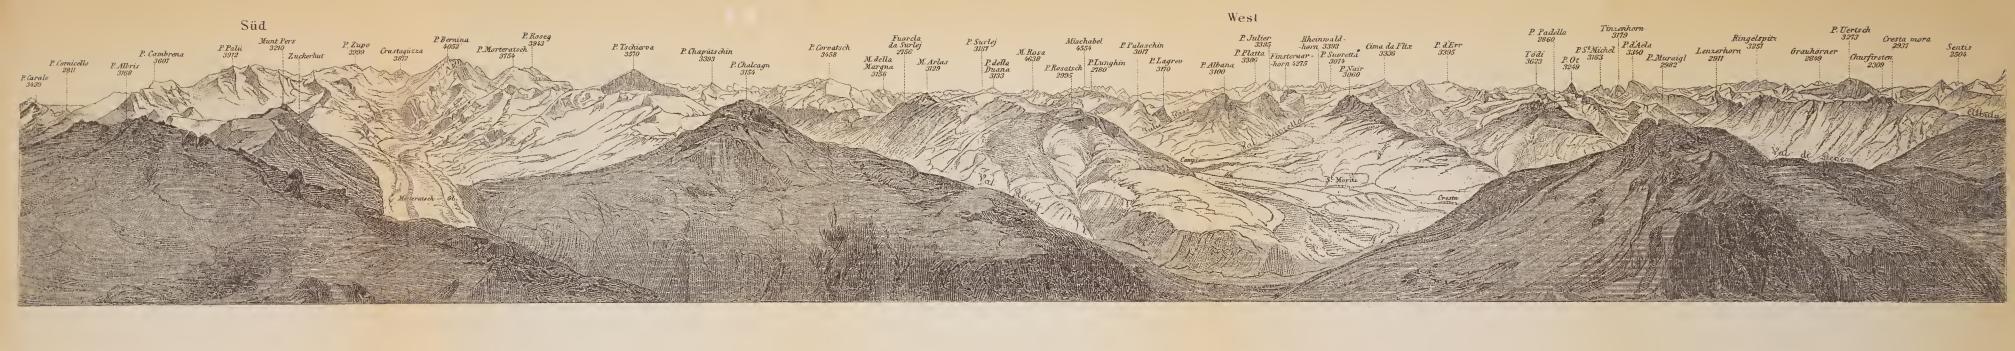

Another delightful view is afforded by the \*Muottas Murail (8270'; 2 hrs.; guide needless; horse 10 fr.), easily ascended from Pontresina. We follow the Schafberg path, diverge to the left by a finger-post near a little Swiss house, skirt the W. and N. slopes of the Schafberg by a shady path, cross the Murail (see above), and reach  $(1^{1}/_{4} \text{ hr.})$  the Lower Murail Alp (7216'), where the path divides. The direct branch to the left ascends very steeply  $(1^{1}/_{2} \text{ hr.})$ ; the better path goes straight on, then turns to the left beyond a ruined hut, and reaches the  $(3^{1}/_{4} \text{ hr.})$  Upper Alp (8100') and the Inn of J. Lis (4 beds). The best point of view is by the cairn, a few

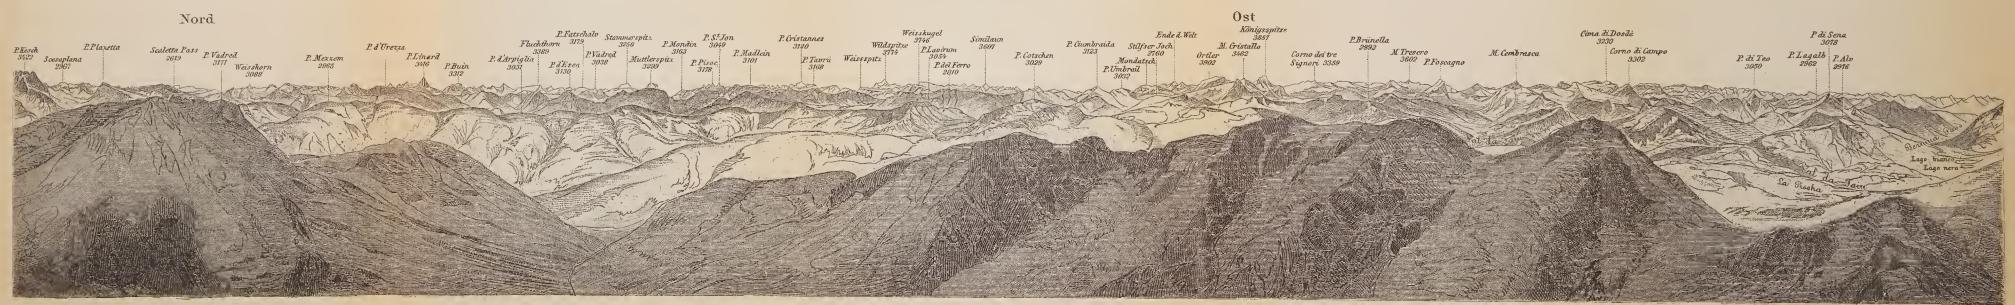

minutes farther on. We survey the Bernina group (the Roseg Valley, with Piz Morteratsch, Piz Bernina, etc., being most striking), the green Upper Engadine with its lakes, from Ponte to the Maloja, and the mountains to the N. of it, from Piz Lunghino to Piz Kesch. — Descent from the cairn to Samaden (1 hr.), see p. 435; back to the Murail Valley and Pontresina, 11/4 hr.

\*Piz Languard (10,715'; 4 hrs.; path distinct; guide, advisable after fresh snow, 10 fr. for 1-3 pers.; horse to the foot of the peak 10 fr.), deservedly a favourite point of view. We start early, to avoid the later mists, and to enjoy shade as far as the foot of the peak. At Lower Pontresina the route is indicated by a notice near Hôt. Languard. From Upper Pontresina we follow the path to the left near Hôt. Steinbock, passing above the small burial-chapel, and ascend the stony slope in zigzags to the (11/4 hr.) Alp Languard (7380'; rfmts.). We next ascend to the left, above the bleak Languard Valley, to the (11/4 hr.) Horse Station (9090'), at the base of the Languard peak, where the bridle-path ends. A steep zigzag path leads hence to the  $(1^{1/2} hr.)$  top, marked by a trigonometrical signal (restaurant in summer). The \*VIEW (comp. Panorama) extends S.W. to Mte. Rosa, S.E. to the Adamello, N.W. to the Tödi, N.E. to the Zugspitze.

Mountaineers may descend across the Languard Glacier, and past the little Pischa Lake (9121'), which is sometimes frozen over in summer, to the Val del Fain (p. 443) and the (21/2 hrs.) Bernina House (guide 15 fr.). Better keep several hundred paces to the right of the fall issuing from the lake, as the other descents are very steep and difficult. — From the Languard-Alp we may ascend the Paun da Zücher (pain de sucre; 9495'; 21/2 hrs.; guide 15 fr.) and Piz Albris (10,387'; 3 hrs.; guide 15, including the Paun da Zücher 20 fr.); both fatiguing.

The \*Diavolezza Tour (9-10 hrs., which may be divided into two days since the erection of the inn on the pass; guide 15, including night's stay 20 fr.) is one of the finest and easiest of glacier-excursions. The path diverges to the right from the Bernina road at the Bernina House (p. 443; 43/4 M. from Pontresina; carriages, see p. 436) and ascends grassy and stony slopes to the (11/2 hr.) picturesque little Diavolezza Lake (8460'; bridle-path nearly to this point; horse from the Bernina House 6 fr., from Pontresina 10 fr. and fee); then over loose stones and snow, between (1.) the Piz Trovat (10,345') and (r.) the Munt Pers ('lost mountain'; 10,533'), to the (11/2 hr.) Diavolezza Pass (9767'; plain inn), which affords a \*View of surpassing grandeur, especially in the rosy tints of dawn, of the near Bernina group: from left to right, Piz Cambrena, the three Palü peaks, Bellavista, Crast' Agüzza, Bernina, Morteratsch, and Tschierva; below us lie the Pers and Morteratsch glaciers. Steep descent over débris to the moraine of the Pers Glacier; then across the glacier to the (1 hr.) rocky Isla Persa; and finally down to the left, across the middle moraine, to the Morteratsch Glacier and the (3 hrs.) Hôtel Morteratsch (p. 437).

PANORAMA vom PIZ LANGUARD.

PANORAMA de PIZ LANGUARD.

Those on their way from the Bernina Hospice to the Diavolezza diverge to the left from the road below Lej Pitschen (p. 443) and soon strike a narrow path, which ascends the Val d'Artas and joins the ordinary route near the

Diavolezza Lake.

\*Piz Corvatsch (11,345'; 6 hrs.; guide 16, back by Silvaplana 18, through the Fex Valley to Sils 25 fr.), rather trying (easier from Sils or St. Moritz viâ the Fuorcla Surlej, p. 432). From the (41/4 M.) Roseg Restaurant (p. 438) we ascend to the (3/4 hr.) Alp Surovèl and follow the Surlej route to the (1/2 hr.) highest chalet (Margum Sura, 8000'); then turn to the left towards a snow-peak visible to the S.W., and ascend grassy and stony slopes to the (1 hr.) Corvatsch or Alp Ota Glacier. Lastly up the glacier, the crevasses of which require caution, to the (2 hrs.) summit, covered with rocks, and generally free from snow. The guides usually stop on the Piz Mortèl (11,293'), but it is preferable to go on to the (1/4 hr.) highest peak, where the view to the S.W. is far more picturesque. The great attraction of the view consists in the double survey, to the E. and S.E., of the imposing Bernina amphitheatre, and to the W., of the green Engadine with its villages and lakes. Distant view as extensive as from Piz Languard (to the S.W. to the Monte Viso). Descent by the Fuorcla Surlej to St. Moritz, Silvaplana, or Sils (comp. p. 432).

\*Piz Morteratsch (12,315'; 4-41/2 hrs. from the Tschierva Hut, guide 30 fr.; 5 hrs. from Boval, guide 35 fr.), though requiring a steady head, is the easiest of the higher peaks, but difficult when there is little snow. Descent to the Boval Hut laborious. — Chapütschin (11,133'), 7, or from the Mortèl Hut, 31/2 hrs., toilsome; guide 25, with descent to Fex 30 fr. — Piz Tschierva (11,713'; 3-31/2 hrs. from the Tschierva Hut; 25 fr.), fatiguing, but repaying. — La Sella (11,770'; 41/2 hrs. from the Mortèl Hut; 30 fr.) and Piz Glüschaint (11,805'; 41/2 hrs. from the same hut; 35 fr.) are not difficult, but need experience. — \*Piz Palü (12,835'), conspicuous for the beauty of its form and the purity of its snow, from the Diavolezza Inn over the Pers Glacier in 6 hrs., or from the Capanna Marinelli (p. 442) 5 hrs., trying, and not advisable except when the snow is firm (guide 50, or for all three peaks, 60 fr.). From the first (E.) peak (12,755') a narrow arête, descending sheer on the S. side (steady head necessary), leads to the forked second peak (12,835') and the third peak (12,545'). Alternative descent by the Bellavista Saddle and the Fortezza to the Pers Glacier (to the Diavolezza Inn 4-5 hrs., guide 60 fr.). — \*Piz Zupò ('hidden peak'; 13,120'), from the Boval Hut in 71/2, or from the Capanna Marinelli by the Crast' Agüzza Saddle in 4-5 hrs., toilsome (guide 55 fr.); grand panorama. — Crast' Agüzza (12,705'; guide 80 fr.), a sharp crest between Piz Bernina and Piz Zupò, rising almost sheer from the glacier, 71/2 hrs. from the Boval Hut, very difficult.

\*Piz Bernina (13,295'; 81/2-10 hrs. from the Diavolezza Inn; guide 70 fr.), the highest peak of the group, first ascended in 1850, is fit for thorough experts only. The route ascends by the upper Pers Glacier and the 'Festung' or 'Fortezza' (11,040') to a snow-basin between Piz Bernina and Crast' Agüzza, and thence by the arête from the S.E. side to the top. More difficult is the ascent from the Tschierva Hut (p. 438), viâ the Fuorcla Prievlusa (11,325'), the Pizzo Bianco (13,117'), and the Bernina-Scharte (whole ascent 8-10 hrs., halts not included; guide 100 fr.). Ascent shorter from the S. side (from the Capanna Marinelli, see p. 442, over the Crast' Agüzza Saddle, 6-7 hrs.). — More difficult are Piz Roseg (12,935'; 8 hrs. from the Mortèl Hut; guide 80 fr.), first ascended in 1865, and Monte di Scerscen (13,015'; 7-8 hrs. from the Tschierva Hut; 6-7 hrs. from the Marinelli Hut; guide 120 fr.), first ascended in 1877 by Dr. Güssfeldt. Between Monte di Scerscen and Piz Roseg lies the difficult Porta Roseg (Fuorcla Tschierva-Scerscen or Güssfeldt-Sattel; 11,573'), first crossed by Dr. Güssfeldt in 1872 (guide 150 fr.).

Passes. From Pontresina to Sils, several routes. The easiest crosses the \*Fuorcla Surlej (see p. 428; 6 hrs.; bridle-path; guide not indispensable; horse from Pontresina 15, from the Roseg Restaurant 8 fr.). — More difficult but very interesting is the route over the Fuorcla da Fex-Roseg (10,110'; 8-9 hrs.; guide 20 fr.). From the (31/2 hrs.) Mortèl Hut (p. 438) we ascend

to the right over rubble and snow to the (2 hrs.) pass (splendid view); then a steep, toilsome descent (guide necessary) to the Lej Sgrischus, abounding in trout, and to the right over grassy slopes and round the precipices of the Crap da Chüern to the Fex Valley, Crasta (p. 428), and (2<sup>1</sup>/<sub>2</sub> hrs.) Sils-Maria (p. 427). (The direct descent to the W. into the Fex Valley is dangerous and to be avoided.) — From Pontresina to Sils over the Chapütschin Pass (10,590'), between the Maria and Mongia, or over the Fuorcla Glüschaint (about 11,000'), between the Mongia and Piz Glüschaint, both for experts only (guide 35 fr.).

OVER THE SELLA PASS TO THE VAL MALENCO, grand and interesting, but trying  $(1^{1}/2-2)$  days; guide to Poschiavo 50, to Chiesa 65 fr.). From the Mortèl Hut, passing the Aguagliouls rock, we ascend the Roseg Glacier and the crevassed Sella Glacier to the (3-31/2 hrs.) Sella Pass (10,843'), lying to the S.W. of the huge rock and ice precipices of Piz Roseg (12,935'). Descent over the Scerscen Glacier, with splendid views of the S. side of the Bernina group (Mte. di Scerscen, Piz Bernina, Crast' Agüzza, and Zupò; Mte. Nero and Disgrazia to the right), to the (21/2 hrs.) Rifugio Marinelli (9225') and through the Val Lanterna to Lanzada and (4-5 hrs.) Chiesa in the Val Malenco (p. 454). - Instead of going to Chiesa, some prefer to complete the CIRCUIT of Piz Bernina. In that case they spend the night in the above-mentioned Rifugio Marinelli. They then return direct to Pontresina over the Fuorcla Bellavista (12,080), between the Bellavista and Piz Palü, and down by the Fortezza (p. 441) and the Morteratsch Glacier (laborious, 9-10 hrs.; guide 50 fr.). — To the Bernina Hospice over the Cambrena Pass, 8-9 hrs., fatiguing, but repaying (guide 50 fr.). From the Rifugio Marinelli we cross the Fellaria Glacier and a saddle of névé, to the S. of Piz Palü, to the Palü Glacier, skirt the slopes of Piz Palü and Piz Cambrena (11,835), and reach the Cambrena Pass (11,250'), between Piz Cambrena and Piz Carale. Descent over the Cambrena Glacier to Lago Nero (p. 443) and the Bernina Hospice. It is better to descend from the snow-saddle to the S. of Piz Palü (p. 441) direct to the Palü Glacier, avoiding the séracs by keeping to the left, and then over turf and rock, past the Sassal Masone, to the Bernina Hospice (7-8 hrs. from the Rifugio Marinelli; 12-13 hrs. from the Mortel Hut; guide 50 fr.).

To Poschiavo from the Fellaria Chalets (7840'; 4-5 hrs. from the Sella Pass, viâ the Scerscen and Fellaria glaciers; poor accommodation), to the E. over the Passo Rovano or Confinale (8590'), and through the Val d'Orse, 4 hrs.; or across the Canciano Pass (8360'; comp. p. 455), farther to the S. (also 4 hrs.). To reach the latter from the Fellaria Chalets we descend the old moraines of the Fellaria Glacier, and soon, to the left, ascend the Val Poschiavina to the (1½ hr.) pass. Fine view; immediately to the S. is the Canciano Glacier. Descent by Alp d'Ur (6350') and Val di Gole to

 $(2^{1}/_{2} \text{ hrs.})$  Poschiavo (p. 453).

FROM PONTRESINA TO MALENCO OVER THE CHAPUTSCHIN AND FEX-SCERSCEN PASSES, 12-13 hrs. from the Mortel Hut (guide 65 fr.), toilsome, for experts only. Over the Fuorcia Chapütschin or the Fuorcia Glüschaint to the Fex Glacier (difficult descent), see above. Instead of descending to the right to the Fex Valley, we turn to the left to the snowy saddle of the Fuorcia Fex-Scerscen, and descend the Scerscen Glacier to the Val Malenco (p. 454).

From Pontresina to the Bernina Hospice, 91/2 M., a beautiful excursion (carr., p. 436), including a visit to the Sassal Masone or the Alp Grüm. — From Pontresina to the divergence of the Morteratsch Glacier road, see p. 437. The Bernina road ascends. To the right, at 'Montebello', a splendid \*View of the Morteratsch Glacier, imbedded between Piz Chalchagn and Munt Pers, with its huge medial moraine, overshadowed by the dazzling Piz Palü, Bellavista, Zupò, Argient, Crast' Agüzza, Piz Bernina, Morteratsch, and Tschierva. In the rear rises the tall and slender form of the Piz Ot.

(From a winding of the road, by a horse-trough, a path diverges to the Bernina Falls and the Morteratsch Glacier.) On the left,  $4^3/_4$  M. from Pontresina, is the solitary Bernina House (6720'; Inn).

Diavolezza Route, see p. 440.

The Val del Fain, or Heuthal, 5 M. long, entered by a narrow road, crossing the bridge to the left beyond the Bernina House (one-horse carr., p. 436), is interesting to botanists, as it contains many rare and beautiful Alpine plants. Among these are the Pulsatilla vernalis, the sweet-scented Daphne striata, fine orchids, gentians, and primulas, the Pinguicula alpina, well known as an insect-catcher, and, on the slopes of Piz Alv, the highly prized Leontopodium alpinum or edelweiss. Here, as on the Bernina road, also occurs the Achillea moschata, called Iva in the Grisons, and used in the preparation of the Iva liqueur. — A bridle-path, forming the continuation of the road, and scarcely mistakable, ascends the Alp La Stretta to the Passo Fieno (8145'), between Piz Stretta (10,195') and Piz dels Lejs (9990'), whence a steep and stony footpath descends into the Spöl Valley to (6 hrs.) Livigno (p. 447). — Ascent of Piz Languard by La Pischa, see p. 440.

Beyond the Bernina House (3/4 M.) the old bridle-path diverges to the right, and leads on the left bank of the brook over the Alp Bregaglia to the pass. The road crosses the brook and ascends gradually on the E. side of the valley, passing the mouth of the Val Minor. (To the left rise Piz Alv and Piz Lagalb, to the right the stony slopes of the Diavolezza, p. 440.) Trees disappear. The road passes the small Lago Minore (Rom. Lej Pitschen) and Lago Nero (Rom. Lej Nair), leads to the left above the greenish-white Lago Bianco (Rom. Lej Alv; 7316'), takes a sharp turn, and crosses a brook falling from Piz Lagalb on the left. The narrow barrier between the 'black' and 'white' lakes is the watershed between the Inn and the Adda. To the right lies the Cambrena Glacier, commanded by Piz Cambrena (11,835') and Piz Carale (11,250'); to the left, Sassal Masone (9970'); before us rises Piz Campascio (see below); to the left of it is the conical Pizzo del Teo (10,006'), to the right the Pizzo di Sena (10,100'). Walkers ascend from the Bernina House in 11/2 hr. to the -

9<sup>1</sup>/<sub>2</sub> M. Bernina Hospice (7575'; Hotel, R. 2-3, B. 1<sup>1</sup>/<sub>2</sub>, déj. 2<sup>1</sup>/<sub>2</sub>, D. 3<sup>1</sup>/<sub>2</sub>-5 fr., very fair), finely situated above the Lago Bianco and opposite the Cambrena Glacier. To the E., at the back of the hospice, is the little Lago della Crocetta. The Bernina route is always busy with the Val Tellina wine traffic. Carr. with one horse to Pontresina 13, to Poschiavo (p. 453) 15, to Le Prese 18 fr.

EXCURSIONS (guides and horses at the hospice). Piz Campascio (8535'; 11/2 hr.; guide 4 fr.), to the S.E. of the hospice, rising sheer on the E. side, ascended by a good path, commands a very striking view. — Piz Lagalb (9718'), to the N. (see above), also affords a fine view (2 hrs.; 4 fr.). — Pizzo di Verona (11,360'), ascended viâ the Alp Grüm and the Palü Glacier in 51/2-6 hrs. (guide 50 fr.), difficult but repaying.

From the hospice to the Sassal Masone or the Alp Grüm (1<sup>1</sup>/<sub>4</sub>-1<sup>1</sup>/<sub>2</sub>, there and back 3-4 hrs.; guide. 4 fr., unnecessary; horse 6 fr.; chaise-à-porteurs, with 2 porters, 25 fr.), very interesting. A few paces to the S. of the hospice the bridle-path diverges from the road to the right, and skirts the E. bank of Lago Bianco. It crosses (<sup>1</sup>/<sub>4</sub> hr.) the brook issuing from the S. end of the lake, and follows the right slope of the

valley, skirting the little Lago della Scala. A finger-post (1/4 hr.) indicates the path to the right to the Sassal Masone (1/2 hr.); the path straight on leads to the Alp Grüm. The \*Sassal Masone Alp (7800'; rfmts.), with its two round stone huts, lies at the foot of the Sassal Masone (9970'), and commands a grand view of the Palü Glacier, Pizzo di Verona, Piz Palü, the Poschiavo Valley, and the Val Viola Mts. — The view of the glacier is even more imposing from the Alp Grüm. Where the path to the Sassal Masone diverges (see above), we go straight on; where the path divides and Piz Palü appears to the right, we keep to the left, at the same level, and (1/2 hr.) reach the \*Alp Grüm (7182'; Restaurant), where the superb Palü Glacier, separated from us by a narrow valley only, and the Poschiavo Valley far below, with its lake and the villages of Le Prese, Prada, and St. Antonio, are suddenly revealed. In the distance, to the S.E., rise the Adamello and Presanella.

FROM ALP GRÜM TO POSCHIAVO (23/4 hrs.). The path descends steeply to the right, and widens into a stony cart-track; 1/2 hr., Alp La Dotta; 1/4 hr., hamlet of Cavaglia (5580'), in a wider part of the valley, visible from Alp Grüm. We cross (1/4 hr.) the Cavagliasco, descending from the Palü Glacier in a wild rocky gorge; skirt the slope to the right by a very rough and stony path (often the bed of a torrent), and descend rapidly to (13/4 hr.) Poschiavo (p. 453). Visitors to the Alp Grüm from Poschiavo (advisable only in dry weather) should ask for the beginning of the route (boy from the hotel for a few soldi).

Over the Cambrena Pass to the Val Malenco, see p. 442.

About  $^{1}/_{4}$  M. to the E. of the hospice is the top of the Bernina Pass (7644'). Beyond it the road passes through two galleries and descends rapidly in windings (short-cuts), past La Motta (6510'), to —

4 M. La Rösa (6162'; \*Old Hôtel La Rösa; Post, R.  $2^{1}/_{2}$ -3, B.  $1^{1}/_{2}$ , D. 4 fr.). — Thence to Poschiavo and Tirano, see p. 453.

To the N. of La Motta opens the Val Lagone, containing strata of gypsum and alabaster, through which a narrow road leads over the Forcola di Livigno (7638') to (6 hrs.) Livigno (p. 447).

Through the Val Viola to Bormio (p. 458), 10-11 hrs., interesting; guide advisable (from Pontresina to Bormio 55 fr.). Provisions should be taken. The bridle-path diverges from the Bernina road to the left at Sfazzu (p. 453) and ascends the Val dt Campo, past various groups of chalets, to (2 hrs.) Longacqua (6625'), the highest alp or 'malga'. To the N. lies the Val Mera, with the beautiful Corno di Campo (10,840'), whence a fatiguing route crosses the Passo di Val Mera (8776') to Livigno. From this point we ascend to the right through the Val Viola Poschiavina, traversing woods of stone-pines, interspersed with small blue lakes, to the poor chalets of the Val Viola Alp (7150'), and thence to the left to the (1½ hr.) Val Viola Pass (8070'). Fine view behind us of the Bernina Mts.; to the S.E. the precipices of the Corno di Dosdè (10,595') and the Cima di Saoseo (10,720'). Beyond the pass the path, again distinct, gradually descends to (3/4 hr.) the first chalet in the Val Viola Bormina, on the little Val Viola Lake (7480'). It then leads high on the N. slope of the valley, affording beautiful views of the Val di Dosdè to the right, with the Pizzo di Dosdè (10,760') and the Cima di Lago Spalmo (10,820'), and then descends rapidly through wood to the (1½ hr.) Ponte Minestra (6490'; below which is a waterfall) and the (3/4 hr.) hamlet of Campo. Then across pastures and through wood, past several houses and barns, to (1 hr.) San Carlo (5185'), a village with a church. On the right rise the Cima di Piazzi (11,280'), with the Piazzi Glacier, and the Corno di San Colombano (9915'). Descent to the Val di Dentro and Semogo (route to Livigno by Foscayno, see p. 459), and by Isolaccia, with the Italian custom-house (Osteria by the bridge; another at the baker's) and Pedenosso to (2 hrs.) Premadio. We cross the

Adda, and reach  $(1^{1}/_{2} M.)$  Bormio by the road to the right, or the  $(3/_{4} hr.)$ 

New Baths (p. 459) by that to the left.

From Bormio we may ascend the Val di Dosdè, finally across snow, to (7-8 hrs.) the Capanna di Dosdè, built by the I. A. C. on the Passo di Dosdè (9350'), the starting-point for the Cima Saoseo (10,715'; 3, with descent to Poschiavo 8 hrs.), Cima Viola (11,100'; 3 hrs.), and Corno di Dosdè (10,603'; 4 hrs.). Descent through Val Vermolera to the beautiful Val Grosina and (6 hrs.) Grosio (p. 458). — An easy and fine route leads through Val Verva, which diverges to the S. from Val Viola, and over the Passo di Verva (7590'), between the Cima di Piazzi and Pizzo di Dosdè, to Eita (chalet of the I. A. C.), and through the Val Grosina to (10 hrs.) Grosio (p. 458).

## 102. From Samaden to Nauders. Lower Engadine.

49½ M. DILIGENCE from Samaden to Schuls (33¾ M.) thrice daily in 6-6¾ hrs. (13 fr. 65, coupé 16 fr. 40 c.); from Schuls to Nauders twice daily in 3½ hrs. (6 fr. 45, coupé 7 fr. 75 c.). (Connection with diligence to Landeck, see p. 462.) The scenery is pretty at places, but is sufficiently seen from an open carriage. Road very dusty in dry weather. — Extra-Post and pair from Samaden to Schuls 67 fr. 30 c., from St. Moritz or Pontresina 76 fr. 90 c. — Carriage with one horse from Samaden to Tarasp-Schuls for 2 pers. 40, 3 pers. 50, with two horses for 4, 5, or 6 pers. 70, 80, or 90 fr.; driver's fee 10 per cent of the fare; to Landeck in two days 150 fr. and 15 fr. fee, to Meran viâ Martinsbruck in three days 200 fr. and 20 fr. fee.

Below Samaden (p. 434) we enjoy a grand view of the Bernina range (comp. p. 436).  $1^{1}/_{2}$  M. Bevers (5610'; Pens. Crasta Mora, 5-6 fr.; Restaurant Beverin), a thriving village at the entrance of the Val Bever, lies at the foot of the indented Crasta Mora (p. 424). (Through the Val Bever and Val Suvretta to St. Moritz, see p. 433.) The road passes the  $(3/_{4}$  M.) Agnas Inn, and leads along the 'canalised' Inn to  $(1^{3}/_{4}$  M.) —

4 M. Ponte (5548'; \*Hôtel Albula, R. 1<sup>1</sup>/<sub>2</sub>-2, B. 1 fr.; \*Krone, beyond the bridge, R. 1<sup>1</sup>/<sub>2</sub>-2, pens. 6 fr.), at the beginning of the Albula Route (R. 99). On the opposite bank lies Campovasto or Camogasc, at the entrance to the narrow Val Chamuera (see below).

\*Munt Müsella (8632'), on the right bank of the Inn, to the S.E. of Ponte, is easily ascended in 2½ hrs. (guide desirable); beautiful view. — Piz Vertsch (Albulahorn; 10,738') is ascended from the Albula Pass (p. 424) in 3½-4 hrs.; fatiguing, steady head needful; splendid view (guide 30 fr.).

FROM PONTE TO LIVIGNO (6 hrs.), bridle-path; guide desirable. We ascend the Val Chamuera to the (1½ hr.) chalets of Serlas (6634), where the Val Lavirum diverges; then rapidly through the latter to the (2½ hrs.) Fuorcla Lavirum (Passo dell' Everone; 9250'), between (r.) Piz Lavirum (Pizzo dell' Everone; 10,020'; 3/4 hr. from the pass; splendid view of the Ortler) and (1.) Piz Casanella (9616'). Steep descent into Val Federia. After 1 hr. the path from the Casana Pass (p. 446) on the left joins ours; 1 hr., Livigno (p. 447).

The road follows the left bank of the Inn to  $(4^3/_4$  M.) Madulein (5515'; Restaurant Guardaval), with the ruin of Guardaval on a steep rock to the left (5873'; ascent  $^4/_4$  hr.), erected in 1251 by Bishop Volkard to 'guard the valley'.

\*Piz Kesch (11,220'; 5-51/2 hrs. from Madulein; guide from Pontresina 40 fr.), not difficult for adepts. Road to the (1 hr.) Alp Aeschina; thence footpath to the (11/2 hr.) Kesch Club Hut on the Muot Ot (ca. 8530'; views);

from the hut over debris and the Eschia and Porchabella Glaciers to the  $(2^{1}/2-3 \text{ hrs.})$  summit. The W. and highest of the four peaks, denoted by a cairn and signal, is the one generally visited. Comp. pp. 394, 424.

61/2 M. Zuoz, or Zutz (5615'; pop. 500; \*Curhotel Concordia. R. 21/2-4, D. 4, S. 3, pens. 6-9 fr.; Schweizerbund; \*Pens. Poult, 51/2 fr.), a thriving village, in a sheltered situation, 300' above the floor of the valley, visited as a summer-resort. The coats-of-arms on the old town-hall include those of the local families of Planta, Juvalta, and Salis.

Excursions (guides, Flury Clavadetscher, Jacob Gyr, Christ. Jud). Pretty

walks up the Inn valley, to the hill of Crasta (1/4 hr), and through meadows and wood to the (1 hr.) ruin of Guardaval (p. 445); also to the Schivera Gorge (1/2 hr.); to the Arpiglia Gorge (1/2 hr.); Acla Perini (1 hr.), with view.

\*Piz Griatschouls (9755'; 31/2 hrs.), not difficult; extensive view.

Descent by Val Sulsanna to Capella (see below). — Piz Mezaun or Mezzem (9727'; 4 hrs.; guide), toilsome; very fine view. — Piz Casanella (9615'), 4 hrs. with guide, easy and interesting. — Piz d'Esen (10,270'), difficult but interesting from Zuoz or Scanfs in 6.7 hrs. with guide — \*Piz Kesch but interesting, from Zuoz or Scanfs in 6-7 hrs., with guide. — \* Piz Kesch (11,220'), not difficult for experts, 5-51/2 hrs., with guide 30 fr.). Good path to the (21/2 hrs.) Zuoz Kesch Hut; thence to (21/2-3 hrs.) the top, see p. 445.

Near (8 M.) Scanfs (5413'; \*Hôt. Scaletta, R. 11/2-3, B. 1, D. 21/2, S. 2, pens. 5-6 fr.; Traube, Stern, both plain) a handsome bridge crosses the Inn, but the road follows the left bank.

To the right opens the Val Casana, whence an interesting route crosses the Casana Pass (8832') to (7 hrs.) Livigno (p. 447). Bridle-path to the Alp Casana (7310'). Thence a steep ascent to the pass, which commands a splendid view. The view is more extensive from the Punta Casana (10,078'), which rises to the left and may be climbed by experts in 1½ hr. The descent to the Val Federia and Livigno is equally steep.

On the right rises Piz d'Esen (see above). Below (10 M.) Capella the road crosses the Sulsanna. (Through Val Sulsanna, and over the Scaletta and Sertig passes to Davos, see p. 394.) We skirt a pine-clad gorge of the Inn. Below (11 M.) Cinuskel (5300'; Post), near Brail, the Punt Ota, a bridge over the brook of the Val Puntota, separates the Upper from the Lower Engadine. At the end of the gorge we have a fine view of the river and the covered bridge which carries us to the right bank. Near Zernetz the valley expands. To the N. appears the snow-streaked Piz Linard (p. 447).

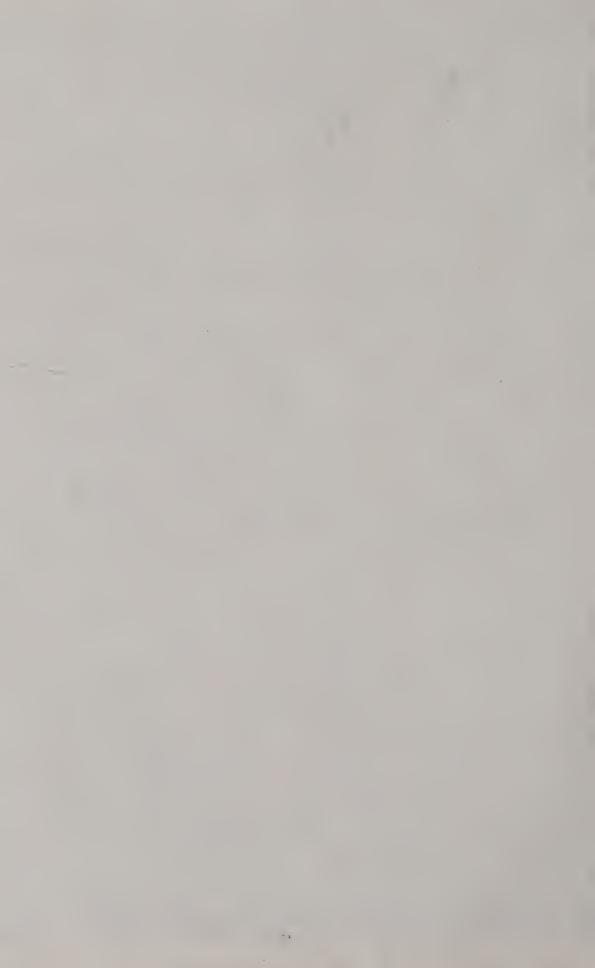

17 M. Zernetz (4910'; pop. 598; \*Bär und Post, R. 21/2-5, B. 1<sup>1</sup>/<sub>4</sub>, D. 5, S. 3 fr.; \*Adler, R. 1, B. 1, D. 2<sup>1</sup>/<sub>2</sub> fr.; Filli, plain.), at the influx of the dark Spöl into the Inn, with a church of 1623,

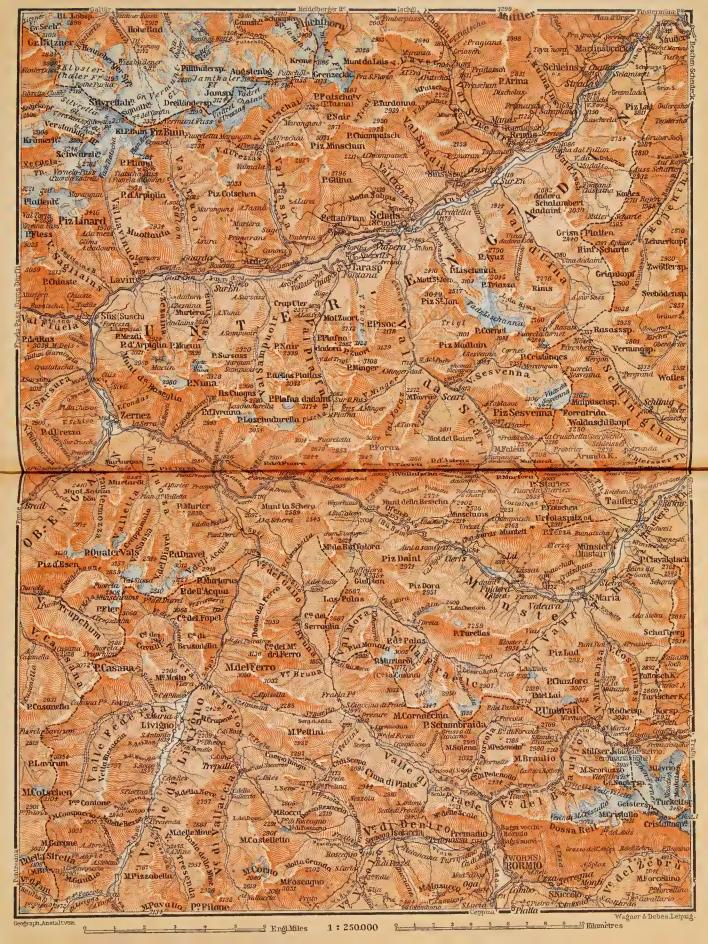

has been almost entirely rebuilt since a fire in 1872.

Munt della Baseglia (9780'; 4 hrs.; guide 7 fr.), Piz d'Arpiglia (9945'; 5 hrs.; 10 fr.), and \*Piz Nüna (10,260'; 6 hrs.; 16 fr.) are ascended from Zernetz (all rather trying; Piz Nüna best done from Ardetz viâ the Val Sampuoir). — Piz Sarsura (10,420'; 7-8 hrs.; 20 fr.), through the Val Sarsura and over the glacier of that name, fatiguing.

From Zernetz to Münster (241/2 M.; diligence twice daily in 51/2-6 hrs., 9 fr. 85, coupé 11 fr. 85 c.). The road, attractive even for walkers, gradually ascends on the right bank of the Spöl through the wild and wooded defile of La Serra, crossing several ravines (Val da Barcli, Val Laschadura) and the wooded plateau of Champ Sech, to the (5<sup>1</sup>/<sub>2</sub>M.) bridge over the Ova d'Spin (5997'). Beyond the bridge the shorter old bridle-path ascends straight over the hill of Champ Löng, and through Val Flur, to the Ofen Inn, while

SÜS. VI. Route 102, 447

the new road sweeps to the right, skirting the wooded hill of Crastatscha. We cross the (2<sup>3</sup>/<sub>4</sub> M.) Ova del Fuorn (5610'), in its wild ravine (bridlepath to the right to Livigno, see below), skirt the left bank of the Ova del Fuorn, cross it, and reach (91/2 M.) the Inn (R. 21/2, B. 11/4, D. 21/2, pens. 7 fr.) on the Ofenberg (Il Fuorn; 5920'). We next pass the mouth of the Val del Botsch, the Val da Stavelchod, and Val Nüglia, and ascend the marshy Alp Buffalora to the (14 M.) Ofen Pass (Sü Som; 7070'), with fine wiew of the Ortler. (Thence across the Buffalora Pass (Su Som; 1010), with fine view of the Ortler. (Thence across the Buffalora Pass to Bormio, see p. 459.) We descend through stone-pines to (17\(^1/2\)\)M.) Cierfs (5460'; Hôt.-Pens. Alpina, pens. from 5 fr.; \*Alpenrose, 5-7 fr.; \*Weisses Kreuz, moderate), in the Münster-Thal, or Val Mustair, watered by the Rombach. Then (19 M.) Fuldera (5383'; Post), (21 M.) Valcava (4632'; \*Post, 4-7 fr.), and (22 M.) St. Maria (p. 461). Thence to (24\(^1/2\)\)M.) Münster and (32 M.) Mals, see p. 461. Over the Wormser Joch to Bormio, see p. 459; through the Val da Scharl to Schuls, see p. 451.

FROM ZERNETZ TO LIVIGNO (8 hrs.). Road to the (8<sup>1</sup>/<sub>4</sub> M.) bridge over the Ova del Fuorn (1<sup>1</sup>/<sub>2</sub> M. short of the Ofenberg Inn, see above); then a bridle-path (4<sup>1</sup>/<sub>2</sub>-5 hrs.; finger-post on the left bank by the bridge), ascending to the La Schera Alp (6865'), where the Bormio road branches off to the left. We then descend the Spöl Valley in windings. By the bridge over the Acqua del Gallo is the Italian frontier (custom-house, however, at the Foscagno Pass, p. 458); comp. the Map, p. 424. Beyond this point we ascend the valley, alternately on the right and left bank of the Spöl. — Livigno (5940') is a scattered village in the broad green valley of the Spöl, with several churches; near the church of Sant' Antonio is the plain \* Pens. Alpina (R. 2 fr.). To the S. the valley is closed by the Vedretta del Lago. - From Livigno to the Bernina road by the Forcola (5 hrs.; narrow road, carr. with one horse 15-20 fr.) or the Passo Fieno, see pp. 444, 443; to Ponté by the Lavirum Pass, p. 445; to Scanfs by the Casana Pass, p. 446; to Zernetz by the Passo del Diavel (9235'), to the W. of the Piz dell' Acqua (10,260'), a fatiguing glacier-pass, little used (9-10 hrs.; guide 20 fr.). — From Livigno to Bormio over the Foscagno Pass (7 hrs.), see p. 458; the path begins at the church of Sant' Antonio.

FROM ZERNETZ TO BORMIO viâ Buffalora, see p. 458. A shorter route (91/2-10 hrs. to Bormio; guide necessary, from Fuorn 25 fr.) leads to the left by the La Schera Alp (see above) through the Val Bruna and the Val Fraele to Bormio.

Below Zernetz the road recrosses the Inn (behind rises the Piz Quatervals, 10,355') and enters a narrow, pine-clad gorge, extending as far as -

21 M. Süs, Rom. Susch (4689'; \*Schweizerhof, R. 2-4, B. 11/4, déj. 3, D. 31/2, pens. 6-8 fr.; Rhätia und Post, R. 2, B. 1, D. 3, pens. 5-7 fr.; Hôt. Flüela, plain; brewery by the bridge), at the end of the Flüela road (p. 391), overlooked by the ruins of a castle. To the E. rise Piz Mezdi and Piz d'Arpiglia. We cross the Saglains brook (p. 390).

23 M. Lavin (4690'; \*Hôt. Piz Linard und Post, R. 11/2, B. 1, D. 21/2, pens. from 5 fr.; Steinbock), at the mouth of Val Lavinuoz.

To the S.W. is the large Sarsura Glacier (p. 446).

EXCURSIONS (guides, J. S. Bonifazi, and others). Sass Auta (8195'; 31/2 hrs.) and Muott' Auta (8763'; 4 hrs.; guide 10 fr.), both easy and interesting. — Through Val Lavinuoz to the Tiatscha Glacier, 3 hrs., also attractive. — Piz Mezdi (9593'; guide 10 fr.) is ascended through Val Zeznina in 5 hrs., the last part rather steep. The Val Zeznina ends in the mountain-basin of Macun (8645'), with its small glaciers and six little lakes, environed by Piz d'Arpiglia, Munt della Baseglia, and Piz Macun. — \*Piz Linard (11,200'; 7 hrs.; guide 25 fr.), the highest peak of the Silvretta group, affording a most superb panorama, is trying and fit for experts only. From Lavin through the Val d'Glims to the (3 hrs.) small lake (8580') at the E. base of the Piz Glims; then over slopes of débris and snow, the last 1½ hr. steep and toilsome, to the (3-3½ hrs.) summit. Magnificent view. Those of steady head may descend on the W. side to the (3 hrs.) Vereina or Valtorta Pass (p. 389) and the Vereina Hut (p. 389). — From Lavin to Klosters over the Vernela Pass or the Verstankla-Thor, see p. 390.

The right bank of the Inn, generally abrupt, affords few sites for villages, while on the left bank, on broad, sunny heights, lie Lavin, Guarda, and Ardetz, said to be of Etruscan origin, picturesquely commanded by ruined towers and castles. Beyond Lavin the road leads through a rock-gateway, and near (25 M.) Giarsun (4670') crosses the mouth of Val Tuoi (p. 463).

A road to the left (diligence twice daily in 40 min., fare 30 c.) ascends to (1½ M.) Guarda (5423'; \*Hôt. Meisser, with 'dépendance' Zur Sonne, R. 1½-2, B. 1, pens. 5½-7 hrs.), a prettily situated village and tourist-resort, affording a beautiful view of the entire chain from the Piz Vadret to the Piz Lat, near Martinsbruck. Guarda is reached (1 hr.) more pleasantly by the old road gradually ascending from Lavin. The neighbourhood is well wooded and has a fine Alpine flora (esp. the Val Tuoi). Pleasant walks may be taken to the (¾ hr.) Waldsee, with benches; to (20 min.) Boschia (restaurant), a hamlet affording a fine view of the Lower Engadine; to the (½ hr.) Mühle-Thal, with its torrents; to the (1¼ hr.) Alp Sura (6988'), with a fine view of Piz Buin and the Fermunt, Sarsura, and Grialetsch glaciers; to the (1½ hr.) Alp Suot (6646'), in the Val Tuoi, at the foot of the Great and the Small Piz Buin; to the (2½ hrs.) \*Muot del Hom (7657'), a S.E. spur of the Piz Cotschen (\*View). — Ascents (guides, B. Padrun and Joh. Godli of Guarda, Joh. Bonifazi of Lavin). \*Piz Cotschen (9953'; 4 hrs.; guide 10 fr.), easy and highly attractive; Piz Fliana (10,775'; 6 hrs.; 20 fr.); \*Piz Buin (10,880'; 6½ hrs.; 30 fr.), a magnificent point of view. — To Klosters over the Silvretta Pass (to the Silvretta Hut 6 hrs.; guide 25 fr.), see p. 390; to the Montafon over the Fermunt Pass (to the Madlenerhaus 6 hrs.; 30 fr.), see p. 463. — From Guarda the old road descends to Boschia and Ardetz (1 hr.). Walkers to Schuls had better follow the old road by Fetan (keep up to the left, at a point ¼ hr. beyond Boschia), which turns into Val Tasna by the ruined houses of Chanova, and soon joins the new road from Ardetz. From Guarda to Fetan 2½ hrs.

The road skirts a stony slope, high above the Inn, enters a pleasant larch-wood, and then traverses meadows and fields to —

28 M. Ardetz (4812'; pop. 628; \*Zur Alpina, R. 1-2, B. 1, D. 2-3, pens. 4-6 fr.; Post), picturesquely situated, and dominated

by the ruin of Steinsberg, with its well-preserved tower.

A road (diligence twice daily in 1 hr., 75 c.), affording fine views, leads from Ardetz, across Val Tasna, and up the sunny pastures on the N. side of the valley, to (4½ M.) Fetan, Rom. Ftan (5405'; \*Hôt.-Pens. Victoria, pens. 6-10 fr.; Restaurant zur Alten Post; guides, D. R. Pinösch, Joh. Florinett), a thriving village commanding a fine view of the mountains on the S. side of the Inn (best from the Paradies pavilion, near a grove ¼ hr. to the W. of the village). — Motta Naluns and Piz Clüna, see p. 450. — From Fetan to Schuls, 3 M., carriage-road (omnibus twice daily from Hôt. Victoria to Tarasp). A direct path to Tarasp diverges to the right from the road after the last wide curve, beyond the ravine.

The wild Val Tasna ascends between (1.) Piz Cotschen (9950') and (r.) Piz Minschun (10,080') for 3 hrs., and then divides into (1.) Val d'Urezzas and (r.) Val Urschai. From the latter a difficult route crosses the ice-clad Futschöl Pass (9095'), with fine views of the huge Fluchthorn (11,165'), to the Tyrolese Jamthal and (8-9 hrs., guide 30 fr.) Galtür in the Patznaun (p. 464).

Beyond Ardetz we traverse stony slopes and rock-hewn cuttings. Beyond a bend we get a view of Schloss Tarasp; to the right, on the S. bank of the Inn, rise Piz Plavna, Piz Pisóc, Lischanna, and Ayutz. The road then sweeps round into the deep Val Tasna (p. 448), and crosses it by a stone bridge. It runs high above the deep wooded gorge of the Inn. To the right, a fine view of the pine-clad Val Plavna, with Piz Plavna Dadaint (p. 451) in the background; in the foreground, Schloss Tarasp. The road descends to the Inn, opposite the Bonifazius spring, and reaches —

321/4 M. Bad Tarasp (3945'; \*Curhaus, with lift, dépendance, and garden, R. from 4, B. 11/2, D. 5, S. 31/2, pens. 12, visitors tax 17, baths 2-21/2 fr.; Engl. Church, see below), lying in a small expansion of the deep valley of the Inn. Its famous mineral springs resemble those of Carlsbad. The Lucius, Emerita, and Bonifazius springs, containing salt and carbonate of soda, are those chiefly used for drinking. The baths are supplied with chalybeate water from the Carola-Quelle. Physician, Dr. Meyer-Hürlimann. A covered wooden bridge leads from the Curhaus to the springs and the Trinkhalle on the right bank. Music at the Trinkhalle from 6.30 to 8 a.m., in the garden of the Curhaus from 2.30 to 3.30 and from 8.30 to 10 p.m. Near the Curhaus is the English Church (service at 11 a.m.). — A good road (post-omnibus seven times daily in 20 min., fare 40 c.) and several paths ascend thence in zigzags to the  $(\frac{1}{2} M.)$ health-resort of Vulpēra (4160'), situated on a sunny plateau near the wood, and also frequented by patients (\*Hôt. Waldhaus-Vulpera, with the dépendances Villa Wilhelmine and Villa Post, 400 beds, pens. 11-16 fr.; \*Hôtel Schweizerhof, with the dépendances Bellevue, Tell, and Alpenrose, 250 beds, pens. 9-13 fr.; \*Conradin, pens. 9-10 fr.). Physicians, Dr. Denz, Dr. Isler, Dr. Leva. Music at the Waldhaus 4.30-6, and 7.30-9.30 p.m., at the Schweizerhof 2-3 p.m.

Beyond the Curhaus the road re-ascends to —

33<sup>3</sup>/<sub>4</sub> M. Schuls. — \*Hôt. Belvedere, with terrace (pens. 9-12 fr.), with the dépendance \*Hôt. du Parc at Unter-Schuls (pens. 8-10 fr.); Hôt.-Pens. Victoria, from 7<sup>1</sup>/<sub>2</sub> fr.; \*Hôt. Post, R. 2<sup>1</sup>/<sub>2</sub>-4, D. 3<sup>1</sup>/<sub>2</sub>, S. 2<sup>1</sup>/<sub>2</sub>, pens. 8 fr.; \*Quellenhof, R. 2, B. 1, D. 3<sup>1</sup>/<sub>2</sub>, pens. 7-12 fr.; \*Hôt. Könz, R. 1<sup>1</sup>/<sub>2</sub>-3, B. 1<sup>1</sup>/<sub>4</sub>, D. 3, S. 2<sup>1</sup>/<sub>4</sub>, pens. 7<sup>1</sup>/<sub>2</sub>-9 fr.; \*Krone, pens. from 6<sup>1</sup>/<sub>2</sub> fr., plain; all these at Upper Schuls. At Lower Schuls, Hôtel Central, plain. — Private Lodgings at several villas (Monreal, Stöckenius, etc.). — Café-Restaurant Villa Lischana. Confectioner, Fischer.

HOTEL-OMNIBUSES from Schuls to Tarasp between 6 and 8 a.m. every 10 min., between 8 and 12 every hour; fare there and back 30 c., monthly ticket 4 fr. — Extra-Post with two horses: to Davos 72 fr. 50 c.; to Samaden 71 fr. 80 c.; to Fontresina or St. Moritz 81 fr. 40 c.; to Maloja 98 fr. 20 c.; to Nauders 37 fr. 20 c. — Carriage from Schuls to Tarasp Curhaus and back, with stay of ½ hr., 3 fr., with two horses 5 fr.; to Vulpera and back (½ day) 7 or 12, to Sent 7 or 12, to Fetan 9 or 15, Guarda 15 or 26, Süs 15 or 25, St. Moritz or Pontresina 38 or 70, Landeck 50 or 85, Meran 90 or 170 fr.

PHYSICIANS: Dr. Dorta; Dr. Vogelsang. — Visitors' tax 17 fr., less for families; weekly tax for the 'Verschönerungsverein' 1 fr. — ENQUIRY OFFICE of the Engadiner Verkehrsverein in the Trinkhalle.

Schuls (3980'; pop. 940), Rom. Scuol, the capital of the Lower Engadine, picturesquely situated opposite a noble range of mountains

extending from Piz Lat to Piz Playna, consists of Upper and Lower Schuls, between which the highroad runs. Owing to the openness of its site, many visitors prefer it to Tarasp, while its view is superior to that from Vulpera; but there are no walks nearer than the opposite slope of the valley. The Badehalle Schuls has chalybeate and fresh-water baths (2-21/2 fr.). The chief chalybeate spring is the Vihquelle, with an interesting hill of iron-ore, 1/2 M. to the N. — The direct path from Schuls to (1/2 hr.) Vulpera and Tarasp diverges to the left from the road at the W. end of Schuls, crosses the Inn above the influx of the Clemgia, and then divides: the right branch follows the Inn and the Cur-Promenade to (1/2 hr.) Tarasp; the left branch ascends through wood to (1/2 hr.) Vulpera.

Walks. — From Vulpera we ascend the road to the W.; after 11/2 M. a road diverges to Florins (4450'; restaurant), to which a wood-walk also leads from Tarasp; our road skirts the castle-hill of Tarasp and leads to (3/4 M.) the hamlet of Fontana (4640'; Restaurant Belvoir-Fontana). Before Fontana is reached, a road ascends to the left, passing above the little lake of Tarasp, to Sparsels, at the entrance to which we ascend to the left to the château. (Keys at the last house on the left.) The dilapidated \*Castle of Tarasp (4935') was the seat of the Austrian governors down to 1803, and now belongs to Hr. Lingner of Dresden. Fine views from the windows. — We may return to (3/4 hr.) Vulpera by the old cart-track from Sparsels, passing the *Kreuzberg* (4845'), indicated by a wooden cross, a splendid point of view, especially by evening-light. — Pleasant walk from Fontana to the  $(1^{1}/_{2} \text{ hr.})$  \*Alp Laisch (5995'; milk), at the entrance to the picturesque Val Plavna.

Pretty walk from Vulpera ascending to the S. to the (3/4 hr.) Restaurant Avrona (4790'). Then by a path to the left, indicated by red marks, to (1/4 hr.) a bench ('Richard-Bank') looking up the Clemgia Gorge, and to another bench with a view downwards. We may go on to (1/4 hr.) a bridge across the Clemgia (7805'), ascend to the (25 min.) Scarlthal Road (p. 451), and return by it to Vulpera in about 1 hr. — From Avrona we may go on to the little Schwarze See (Lai Nair; 5070'), 20 min. higher, where we obtain a fine view of Piz Linard. Thence hack to Yulpera by Fontana obtain a fine view of Piz Linard. Thence back to Vulpera by Fontana

(see above), about 21/2 hrs. in all.

Val d'Uina. A path follows the right bank of the Inn, passing Pradella (inn), to (41/2 M.) Sur En (3686'; Bär, with sign painted by Paul Meyerheim; Zur Uina-Schlucht, pens. 5 fr., well spoken of), at the mouth of the valley, opposite Crusch (p. 452). This point may also be reached by road, viâ Crusch. A tolerable path ascends the richly-wooded valley, passing waterfalls and a wild rocky gorge, to the chalets of (11/2 hr.) Vina Dadora (4980') and (1 hr.) Vina Dadaint (5845'). An attractive route ascends hence by a steep path to the pastures of the Schlinigberg (8070'), then over the (2 hrs.) Pass Sur Sass (7735'), the boundary between Switzerland and Tyrol, and through Val Schlinga to (3 hrs.) Mals (p. 461). To the E., not far from the top of the pass, is the Pforzheim Club Hut (7380'; inn in summer), the starting-point for the ascents of Piz Sevenna (10,580'; 31/2 hrs.). Piz Lischanna (10,080'; 31/2 hrs.). Piz Lischanna (10,200'; 31/2 hrs.), Piz Cristannes (10,237'), and Piz Cornet (9951').
On the N. side of the valley may be noted the roads from Schuls to

Fetan (4 M.; p. 448; which is also reached in 11/4 hr. by a path passing the Vihquelle, and skirting the wood farther up) and to Sent (2½ M.; diligence in summer twice daily in ¾ hr., 40 c.; p. 451). — Fine walk from Sent (there and back ½½ hrs.) to the wild Val Sinestra (p. 452), as far as a point opposite Manas; beautiful forest; far below the torrent dashes over limestone rocks.

ASCENTS (guides: Joh. Bischoff, Jak. Brunett, Conr. Marugg, Jac. Pua, Lucius Valentin). The grassy Motta Naluns (7015') is easily ascended from (4 M.) Fetan (p. 448) in 2 hrs. (guide, not indispensable, 6 fr.). View better from the \*Piz Clüna (9175'; from Fetan by Alp Laret 3 hrs.; guide 7 fr.). — More extensive panorama from Piz Champatsch (9596'; 5 hrs. from Schuls; guide 12 fr.), by Alp Champatsch, and thence round the peak, ascending finally on the N.E. side. The direct ascent from the S. is very steep and stony.

\*Piz Lischanna (10,200'; 6-7 hrs.; guide 16 fr.), the finest peak near Schuls, presents no difficulties. From the Scarl road (see below), second bend, we diverge to the left by a good forest-path to St. Jon (4820'; \*Restaurant). Here, to the left, we round the base of Piz St. Jon, and ascend pastures and wood in the Val Lischanna, passing a shepherd's hut (6760') and the (4 hrs.) deserted club-hut. Farther on we pass over débris and round two rocky knobs to the Lischanna Glacier, whence we ascend to the S.E. arête and the (3 hrs.) summit. The view is superb: in the foreground rise the bare and riven peaks of Piz St. Jon, Ayutz, and Pisoc; far below lies the green Lower Engadine from Lavin to Martinsbruck; S. are the Ortler, the Val Tellina Alps, and the Bernina; in the distance, W., the Bernese Alps, the Tödi, and nearer us Piz Linard and Piz Buin; N. the Augstenberg, Fluchthorn, and the distant Zugspitze; E., the Oetzthal Mts. with the Wildspitze and Weisskugel, and farther distant the fantastic Dolomites. — Adepts (guide 25-30 fr.) descend the Lischanna Glacier to the Val Sesvenna and Scarl (51/2-6 hrs. to Schuls). The ascent from Scarl takes 41/2-5 hrs.

\*Piz Pisoc (10,427'; 8 hrs.; guide 25 fr.), Piz Plavna Dadaint (10,413'; 8 hrs.; 30 fr.), and Piz Sesvenna (10,580'; from Scarl in 5 hrs.; 25 fr.), all difficult, for experts only. Piz St. Jon (9980'; 7 hrs.; 20 fr.), Piz Cotschen (p. 448), Piz Minschun (10,080'; from Fetan 5 hrs.; 15 fr.), and Piz Foraz (10,150'; 7 hrs.; 15 fr.) are less difficult.

FROM SCHULS TO ST. MARIA IN THE MÜNSTER-THAL, through the Scarlthal (Val S-charl), 8 hrs., interesting (guide, 25 fr., needless). We ascend the road to the S. from the Inn bridge, soon enter a larch-wood, and reach the plateau on which St. Jon (see above) lies, farther to the left. Opposite, high up on the left side of the Clemgia Gorge, lies the farm of Avrona (p. 450). The shadeless and stony road gradually descends into the valley, enclosed by the furrowed slopes of Piz Pisoc (r.) and Piz St. Jon and Piz Madlain (l.), and frequently crosses the Clemgia, the floods of which often do great havoc. After 21/2 hrs. the lonely Val Minger diverges to the right, with Piz Foraz (see above) at its head. To the left, the Val del Poch. Passing a deserted foundry, we reach (1 hr.) Scarl (5948'; Adler, Edelweiss, Pens. Feuerstein, all plain but not cheap), a hamlet at the mouth of the Val Sesvenna, whence Piz Cornet (9951'; 4 hrs.; 12 fr.), Piz Cristannes (10,237'; 5½ hrs.; 12 fr.), and Piz Sesvenna (see above) may be ascended. To the left, ½ hr. above Scarl, a bridle-path leads over the Cruschetta Pass (7600'), and down the pretty Val Avigna, in 3½ hrs. to Taufers (p. 461). The road ends at Scarl. The bridle-path crosses the valley, which expands here (beautiful stone-pines); it passes the chalets of Astras Dadora ('outer') and Dadaint ('inner'), and, bearing to the left, leads between (r.) Piz d'Astras (9803') and (1.) Piz Murtera (9836') to the Scarl Pass (7385'), 2 hrs. from Scarl. It then descends to the right, keeping on the right side of the brook and leaving the Alp Champatsch (7034') on the left bank. Farther on we cross a bridge to the left, and follow a good path through woods and pastures to Lü (6293'; Casper's Inn), whence a road leads via Lüssai and across the Rombach to the Ofenberg road, between Fuldera and Valcava. Thence to St. Maria (2 hrs. from the pass), see p. 447.

The Ofenberg (Livigno, Bernina Pass) is reached from Schuls by the Scarl Pass and Cierfs in about 10 hrs. (see above). A shorter route ascends the wild Val Plavna from Fontana (p. 450), and crosses the Fuorcia del Botsch (8785') to the Val del Botsch, which opens 3/4 M. above the Ofenberg Inn, on the road described at p. 447 (61/2 hrs.; guide advisable, 16 fr.). From the Ofenberg to Livigno (5-51/2 hrs.; without guide), see p. 447.

The road to Nauders follows the slope above the river. A road, 1/4 M. from Schuls, ascends to the left, passing Sotsass, with its

effervescent spring, to (21/4 M.) Sent (4724'; pop. 3000; Rhætia), a large village, with the picturesque ruins of the Romanesque church of St. Peter on a rocky height. The highroad passes Pradella (p. 450), on the right bank of the Inn. Below (371/4 M.) Crusch (4075'; Kreuz) the Sent road (p. 451) rejoins ours. A road descends,  $\frac{1}{3}$  M. farther on, to the right, to  $(\frac{11}{2}$  M.) Sur En, at the mouth of the Val d'Uina (p. 450). About 11/2 M. from Crusch the road crosses the deep ravine of the Val Sinestra, on the other (1.) side of which lies (39 M.) Remüs, Rom. Ramuosch (4022'), with the ruin

of Tschanuf (good inn and restaurant on the road).

\*Piz Arina (9290'; from Remüs 5, from Zuort 31/2-4 hrs.; guide, Flor. Riatsch, 12 fr.), a stiff climb; fine view, rich flora. View of the Oetzthal and Arlberg Alps even finer than from Piz Lischanna. — Easy and attractive route through Val Sinestra, with springs containing iron and arsenic, and over the Fimber Pass (8570') to Ischgl in the Patznaun (10-11 hrs.; guide 20 fr.). The good bridle-path, passing some interesting sand-pyramids, guide 20 fr.). The good bridle-path, passing some interesting sand-pyramids, ascends from Schuls viâ Sent on the right side of the deep Val Sinestra to (3 hrs.) Zuort (5590'; good quarters), with the Swiss custom-house, at the mouth of the Val Laver. From this point we may ascend the Piz Arina (9290'; 3\frac{3}{2}-4 hrs.; see above), the Muttler (10,863'; 5 hrs.; guide 18, from Sent 25 fr.), and the Stammerspitz (W. summit 10,640', E. summit or Piz Tschütta 10,690'; guide 35-40 fr.). From Zuort we proceed past the chalets of Griosch (5\frac{5}{2}64'), and through the Val Chöglias to the Alp of that name, and to the left to the (2\frac{1}{2}-3 hrs.) pass. Superb view of the Fluchthorn. Down to the Heidelberg Hut and through the Fimber-Thal to (5 hrs.) Ischgl; see Baedeker's Eastern Alas see Baedeker's Eastern Alps.

The valley contracts; to the right are the ruin of Serviezel and a bridge over the Inn. On the right opens the narrow Val d'Assa (fine waterfall at the entrance), in which are the (2 hrs.) intermittent Fontana Chistaina, flowing once in 3 hrs. only, and an interesting stalactite cavern near it (guide 7 fr.). A fine view of the loftily situated Schleins is soon revealed; above it, to the left, rise the Muttler and the Stammerspitz (see above); to the right, Piz Lad (9190').

Next (421/2 M.) Strada (Löwe; Restaurant Scharploh, well spoken of) and (45 M.) Martinsbruck (3400'; \*Hôt. Denoth zur Post, R. 2-3, D.  $2-2^{1}/2$  fr., unpretending). The scenery becomes grander. The Inn Bridge is the boundary between Switzerland and Tyrol (Austrian custom-house). On the left is another ruin named Serviezel. (More interesting but not always practicable path on the left bank of the Inn, by the Noveller-Hof, to Old Finstermünz, 11/2 hr., see p. 461, and to Pfunds; guide advisable for novices.) The road to Nauders, on the Tyrolese side, winds up the wooded hill which separates the Inn Valley from that of the Stille Bach. (The old road, preferable, ascends to the right by the custom-house, past the small houses.) At the top of the hill we enjoy an admirable view of the Lower Engadine; to the N. towers Piz Mondin (10,325'). Lastly, a slight descent to  $(3^{1}/2 \text{ M. by the old road}, 4^{1}/2 \text{ M. by the new road}) — <math>49^{1}/2 \text{ M. Nauders } (4470')$ , see p. 461.

# 103. From Samaden-Pontresina over the Bernina to Tirano and through the Val Tellina to Colico.

76 M. Diligence in summer from Samaden to (24½ M.) Poschiavo twice daily, 5½ hrs. (9 fr. 80, coupé 11 fr. 80 c.); thence to (10 M.) Tirano, 1¾ hr. (4 fr. 5, coupé 4 fr. 85 c.); from Tirano to (16 M.) Sondrio, 3½ hrs. (4 fr. 25 c.). Seats in the morning diligence must be engaged on the previous evening. Railway from Sondrio to (25½ M.) Colico, 1 hr. 35 min. (4 fr. 65, 3 fr. 25, 2 fr. 10 c.). — Extra-Post and pair from Samaden to Poschiavo 60 fr. Carriage with one horse from Pontresina to Poschiavo 40, with two horses 70, to Tirano 50 and 90 fr.; from Poschiavo to Tirano 12 and 22 fr., to Sondrio 30 or 45, to Bormio 40 or 65, to Pontresina 30 or 50, to St. Moritz 40 or 60 fr. — A fine route as far as Tirano, but not equal to the Val Bregaglia (p. 456).

From Samaden to (33/4 M.) Pontresina, see p. 435; from Pontresina over the Bernina Pass to (171/4 M.) La Rösa, see p. 444. — The road descends in long windings (cut off by a steep path to the left) and passes over to the E. slope, where we obtain a peep at the upper part of the narrow Poschiavino Valley, down to Poschiavo. Below (191/4 M.) Sfazzu (5465'; whence a bridle-path leads to the Val Viola, p. 444) we cross the brook of the Valle di Campo, pass Pisciadella (4910') on the right, and descend in a wide curve. The road reaches the floor of the valley at (23 M.) San Carlo (3590'). High up to the right a glacier descends from the Pizzo di Verona (11,360'). About 11/2 M. farther on is —

24<sup>1</sup>/<sub>4</sub> M. Poschiāvo, Ger. Puschlav (3315'; pop. 3111, <sup>1</sup>/<sub>3</sub> Prot.; \*Hôt. Giov. Badrutt, R. 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, S. 2<sup>1</sup>/<sub>2</sub> fr.; Hôt. Albricci, R. from 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>2</sub>, déj. 2, D. 3 fr.), a busy little town, with factories and handsome houses. Language Italian. The Roman Catholic Church dates from 1494, but the tower is much older; good wood-carving

in the interior.

\*Sassalbo (9375'; 7-8 hrs.; guide), tiring, but attractive. From Poschiavo we ascend to the E. to the (31/2 hrs.) Alp Sassiglione (6310'; spend night), and mount the Forcola di Sassiglione (8330') on the S. side to the (31/2 hrs.) top. Grand panorama: W., the Bernina, E., the Ortler, S.E., the Adamello. — To Val Malenco over the Canciano or the Confinale Pass, see pp. 442, 454. The ascent of the Pizzo Canciano (9865'; 8 hrs.) or the Pizzo Campascio (Corno delle Ruzze, 9205'; 6 hrs.) is easily combined with this route.

Omnibus from Poschiavo to  $(2^3/_4 \text{ M.})$  Le Prese 4 times daily (6 and 10 a.m., 2 and 6.30 p.m.) in  $^{1}/_{2}$  hr. (1 fr.; carr. with one horse 4, two horses 7 fr.). The road crosses the Poschiavino, traverses a pleasant level valley, and passes Sant' Antonio and Annunziata.

27 M. Le Prese (3155'; \*Curhaus, R. 4-6, B. 11/2, déj. 3, D. 5, pens. 10-12 fr.; Hôt.-Pens. Villa Lardi, pens. 61/2-8 fr., well spoken of; Engl. Ch. Serv. in summer) is a favourite resort, at the N.W. end of the Lago di Poschiavo, well stocked with trout. The alkaline and sulphureous spring (46° Fahr.; baths heated by steam, 2 fr.) rises 100 paces from the bath-house.

The road (carr. from Le Prese to Tirano 12, with two horses 22, to Sondrio 30 and 45 fr.) skirts the W. bank of the lake, passing old fortifications, destroyed in 1814. At the S. end is the (29 M.) village of *Meschino*, with a beautiful view of the lake and the snow-moun-

tains beyond. We cross the Poschiavino and rapidly descend a narrow, rocky gorge, accompanied by waterfalls all the way to Madonna di Tirano.

30<sup>1</sup>/<sub>4</sub> M. Brusio (2477'; Post, poor), the last large Swiss village (pop. 1160; <sup>1</sup>/<sub>3</sub> Prot.), with a Roman Catholic and a Protestant church, the latter built early in the 17th century. We descend through walnut and chestnut plantations (pretty fall of the Sajento on the right) to (31<sup>1</sup>/<sub>2</sub> M.) Campascio and —

 $32^{1}/_{2}$  M. Campo Cologno (1835'; Rhaetia, R.  $1^{1}/_{2}$ , B. 1, D.  $2-2^{1}/_{2}$ , pens. 4-5 fr.), where vineyards begin. The Italian custom-house is

near the old fort Piatta Mala (1700').

33<sup>1</sup>/<sub>2</sub> M. Madonna di Tirano (1500'; \*Alb. San Michele, R. 3, B. 1 fr.) is a small village with a large pilgrimage-church of the 16th cent. (elaborate organ-screen of the 18th cent.). We here reach the Val Tellina, Ger. Veltlin, the broad valley of the Adda, which belonged to the Grisons till 1797. The floor of the valley is often ravaged by floods. The fertile slopes yield excellent red wine (p. 382).

34<sup>1</sup>/<sub>2</sub> M. **Tirano** (1475'; \*Hôt. de la Poste, R. 1-3, B. 1, D. 3 fr.; Hôt. d'Italia; Hôt. Stelvio), a small town with old mansions of the Visconti, Pallavicini, and Salis families. In the background, to the

E., rises Monte Mortirolo.

The road to Sondrio returns to Madonna di Tirano, and crosses the Poschiavino. At (40 M.) Tresenda (1235') a bridge crosses the Adda to the road which leads by the Passo d'Aprīca (4040') to Edŏlo and Brescia (see Baedeker's N. Italy). The old watch-tower of Teglio on the hill to the right gives its name to the valley (Val Teglino).

50<sup>1</sup>/<sub>2</sub> M. Sondrio (1140'; pop. 7000; \*Hôt.-Pens. de la Poste, with restaurant and garden, R. 3-5, B. 1<sup>1</sup>/<sub>2</sub>, déj. 3, D. 4, pens. from 7 fr.), capital of the Val Tellina, grows excellent wine and is frequented as a 'transition' station in spring and autumn owing to its mild climate. The wild Mallero, descending from the Val Malenco (see below), which has frequently endangered the town, is now confined to a broad artificial channel. The old castle is used as a barrack.

Conspicuous on a hill to the N.W. (1½ M. from Sondrio) is the former nunnery of San Lorenzo, now a school for girls, commanding a fine view of Sondrio, the Val Tellina, and to the E., in the distance, the Adamello. — About 2 M. to the N. of Sondrio is the rocky gorge of Arquino, with the picturesque falls of the Mallero and (to the right, ¼ hr. farther on) the Antognasco Fall, which deserves a visit (carr. there and back 5 fr. for each pers.). — The ruins of the castle of Grumello, 3 M. to the N.E., afford a fine view (carr. there and back 5 fr.). Excellent wine (Grumello and Inferno) is produced in the vicinity.

Inferno) is produced in the vicinity.

The \*Corno Stella (8665'; very attractive, not difficult; with guide) is ascended in 6½-7 hrs. from Sondrio. We follow the road across the Adda to (½½ M.) Albosaggia (1575'), and then ascend by a bridle-path viâ San Salvatore (4295'; inn), with the oldest church (5th cent.) in the Val Tellina, and (½½ hrs.) the Alp Publino (6903'; night-quarters), with its picturesque little lakes, to the (½ hr.) summit, which commands a

magnificent view (panorama by Bossoli).

In the \*Val Malenco a good road on the right bank of the Mallero (diligence in 23/4 hrs., down in 11/2 hr.) ascends by the *Ponte Nuovo* and *Torre* to (91/2 M.) Chiesa (3155'; \*Hôt. Olivo), the chief village in the valley, beauti-

fully situated. (Guides, Enr., Mich., and Sitvio Schenatti, G. Olivo.) Interesting asbestos-mines near. Pleasant walks from Chiesa: to the charming Palü Lake (6320'), finely situated at the foot of Mte. Nero (9553'); by Lanzada and Tornadri (reached by a road) to the waterfall at the head of Val Lanterna; to the Pirola Lake (6890'), etc. — From Chiesa over the Muretto Pass (8390') to the Maloja (8 hrs.), see p. 425; over the Tremoggia or the Scerscen Pass to Sils (9-10 hrs.), p. 427; over the Sella Pass, the Bellavista Saddle, or the Cambrena Pass to Pontresina (16-17 hrs.), p. 442; over the Canciano or Confinale Pass to Poschiavo (8-9 hrs.), p. 442. The Fellaria Chalets (p. 442) may be reached from Chiesa in 4½ hrs., through Val Lanterna (guide advisable); the Rifugio Marinelli (p. 442) in 6½-7 hrs., with guide. — Monte della Disgrazia (12,065'), 11 hrs. from Chiesa, with guide, toilsome, but safe for adepts. We spend the night in the (7 hrs. from Chiesa) Capanna di Cornarossa of the I. A. C. (9186'), between Val Malenco and Val di Sasso Bissolo, and ascend thence to the (4 hrs.) top (Pizzo Bello; small hut), which commands a splendid view. A shorter ascent leads from Val Masino (see below): from Cataeggio (1½ hr. from the Bagni del Masino) we ascend the Val di Sasso Bissolo and cross the Preda Rossa Alp to the (4½ hrs.) Capanna Cecilia of the I. A. C. (8280'), 5 hrs. from the top (guide 30 fr.). Descent through the Valle di Mello to the Bagni del Masino (about 7 hrs.), repaying, and not difficult.

The RAILWAY STATION (975') is 1/2 M. to the S. of the town (omnibus 50 c.). As the train leaves it, we get a glimpse of the Val Malenco and cross the Mallero. To the right, on a vine-clad rock, rises the church of Sassella. 31/2 M. Castione; 7 M. San Pietro-Berbenno; 11 M. Ardenno-Masino, at the mouth of Val Masino.

Val Masino. The road (Curhaus carr. at the station; each pers. 7, back 5 fr.) leads viâ Masino, Pioda, and Cataeggio, at the mouth of Val di Sasso Bissolo (see above), to (7 M.) San Martino (3724'), where the valley divides: to the right, the Valle di Mello (see below), to the left, the Valle dei Bagni. In the latter lie the (1½ M.) Bagni del Masino, with a good \*Curhaus (3830'). This valley, called Val Porcellizza above this point, turns to the N.; at its head towers the fine Badile group. The E. peak (Piz Cengalo; 11,125') is fatiguing, but safe for experts with good guides; the night is spent in the (4 hrs.) Badile Hut (8280'), whence the top is reached in 3 hrs. The central Piz Badile (10,850') is very difficult (guide 25 fr.). Easier ascents are those of the Piz Porcellizzo (10,090'; 5½ hrs., viâ the Alp Porcellizzo), Monte Spluga (9335'; 7 hrs., viâ the Alp and the Bocchetta di Merdarola), and Cavalcorto (9065'; 4 hrs., viâ Alp Scione). — Monte della Disgrazia, see above. — Over the Bondo Pass (10,200') to Val Bondasca (trying, for experts only), see p. 457. — Guides: Ant. Baroni, Giul., Giov., and Pietro Fiorelli of San Martino, Pietro Scetti of Cataeggio, etc.

The train crosses the Adda, the right bank of which is here abrupt; the road runs high above. To the right, in Val Masino, appears the Mte. della Disgrazia (see above). 141/2 M. Talamona. 16 M. Morbegno (835') at the mouth of the Val del Bitto, noted for its silk-culture; 18 M. Cosio-Traona. Beyond (21 M.) Delebio, on the Lesina (p. 488), which descends from Mte. Legnone, the railway joins the line from Chiavenna to Colico (p. 416). On a rocky hill to the right is the ruin of Fuentes.

 $25^{1/2}$  M. Colico, see p. 488.

## 104. From the Maloja to Chiavenna. Val Bregaglia.

21 M. DILIGENCE from Samaden to (34 M.) Chiavenna over the Maloja, twice daily, 7 hrs. (from St. Moritz 51/2, Silvaplana 5, Maloja Cursaal 4 hrs.); fares 13 fr. 75, coupé or banquette 16 fr. 50 c. — Carriage from St. Moritz 45, with two horses 75-90 fr. — Extra-Post and pair from Samaden 69 fr. 20 c. — Railway from Chiavenna to Colico, p. 416. — Finest route from the Engadine to the Italian lakes. Change in vegetation very striking.

Maloja Cursaal, and thence to the (3/4 M.) Maloja Kulm (5940'), see p. 425. The road descends the abrupt slope of the Maloja in 12 bends, which walkers cut off. (From the sixth bend a path leads to the left to the Orlegna Waterfall, see p. 426.) The pines and other conifers just below the pass are very luxuriant. On the right bank of the Orlegna is the ruined church of San Gaudenzio, where we look back for the last time at the château of Belvedere on the Maloja.

4 M. Casaccia (4790'; Hôt.-Pens. Stampa; Restaurant Septimer), the highest village in the Val Bregaglia, is commanded by the scanty

ruin of Turratsch. To Stalla over the Septimer, see p. 421.

A delightful excursion may be made to the W. through the Val Marozzo to the botanically interesting Valle di Campo, with its charming Alpine lake (7840'), at the foot of the Pizzo Duana (see below). The descent may be made to Vicosoprano (41/2 hrs.), or viâ Mojamo and Pralongo to Soglio (5 hrs.).

The upper \*Val Bregaglia, Ger. Bergeller-Thal, watered by the Mera or Maira, is Swiss. The language is Italian, but several of the parishes are Protestant. The road traverses the open valley to the S., and 3/4 M. below Casaccia crosses the Orlegna before its junction with the Mera. Beyond the hamlet of Löbbia (4720'), 1/2 M. farther on, are the Cascata dell' Albigna (left; see below) and other fine waterfalls on the hillsides. The road descends in windings (cut off by the old road, in part the paved Roman road, following the telegraph) to Asarina (4435'). Then, beyond the mouth of Val Albigna and the Grotta di Albigna (used for beer), we reach -

81/4 M. Vicosoprano (3565'; pop. 339; \*Corona e Posta), with a

handsome church, at the influx of the Albigna into the Mera.

The Val Albigna is repaying. Above Vicosoprano (3/4 M.) we diverge to the right by a narrow road, and ascend through wood to the (3 hrs.) Cascata dell' Albigna, a fine fall in a wild ravine, near the foot of the Albigna Glacier. The adjoining chalet (6773') is not always occupied. Thence over the Cacciabella Pass to Bondo, and over the Casnile Pass to the Maloja, see p. 427. — A trying route leads to the S. across the Albigna Glacier and the Forcella di San Martino (Passo di Zocca; 9000'), between the Cima di Castello (11,155'; easily ascended from the pass, 2 hrs.) and Cima di Zocca (10,465'), to the Val di Mello and San Martino (p. 455).

Pizzo della Duana (10,300'; 6-7 hrs.), easy for adepts. From Vicosoprano, to the N., by Alp Zocchetta and Pianlò, to the small Lago di Val Campo (see above), and up the arête from the E. side to the top. We may descend by Alp Pianaccio to Soglio.

Next come Borgonuovo (3470') and (10 M.) Stampa (\*Hôt. Piz Duan, R.  $1^{1}/_{2}$ -2, B. 1, D. incl. wine  $3^{1}/_{2}$ , pens.  $6^{1}/_{2}$  fr.). On a hill on the right bank of the Mera lies Coltura, with the château of Baron Castelmur and the white church of San Pietro.

For good walkers an interesting path leads across the handsome new bridge to Coltura, then via Cacciorre and the Plotta in 1 hr. to Soglio (see below). — About 1/2 M. below Stampa, between telegraph-posts 24 and 23, to the right of the road, are distinctly visible the traces of three ancient roads, one beside the other. At telegraph-post 22 are traces of an old bridge, still popularly known as *Punt Alt*, and on the left bank, at the foot of the Motta di San Pietro, is the continuation of the road, believed to be of Roman construction.

Walnuts and chestnuts appear, and the full luxuriance of S. Al-

pine vegetation begins beyond the rocky gateway of La Porta.

12 M. Promontogno (2685'), picturesquely dominated by the church of Nossa Donna and the ruin of Castelmur, whence ancient walls stretch down to the valley. In an open situation below the village, to the left, is the \*Hôt. Bregaglia (R. 4-5, D. 41/2, déj. 31/2, pens. 9 fr.; Eng. Ch. Serv.). Beyond it, at the entrance of Val Bondasca, lies the large village of Bondo, with a château of the Salis. For three months Bondo never sees the sun.

From Promontogno a road (diligence twice daily in 11/4 hr., 50 c.) ascends viâ Spino (see below) to (21/2 M.) Soglio (3570'; Hôt.-Pens. Willy, R. from 2, B. 11/4, D. 3, S. 2, pens. from 7 fr.). In the hotel garden the stone-pine or Alpine cedar is seen in curious juxtaposition with the chestnut. Superb view of the Bondasca Glacier. Descent by a good path past the waterfall of the Caroggia ('Acqua di Stollo') and Brentan, with its beautiful chestnut-wood, to (3/4 hr.) Castasegna (see below). — From

Soglio to Stampa, see p. 456.

Pleasant excursion (guide desirable; Andrea Picenoni of Bondo) to Val Bondasca, and over the Lombardoi, Laretto, and Naravedro Alps to (4 hrs.) the highest Alp di Sciora (6785'), grandly situated: E. rise Piz Cacciabella (9745') and the Pizzi di Sciora; S. are the Bondasca Glacier and the bold Badile group (p. 455). — Over the crevassed Bondasca Glacier and the Passo di Bondo (10,200') to the Val Porcellizza and Bagni del Masino (p. 455; hazardous; 10 hrs. from Bondo). — Over the Cacciabella Pass to the Albigna Glacier, or the Casnile Pass to the Maloja (15 hrs. from Promontogno), p. 427.

The road crosses the Mera, here joined by the wild Bondasca, and passes the houses of Spino (2630'). A road leads to the right to Soglio (see above).

14 M. Castasegna (2235'; \*Hôt.-Restaurant Schumacher, R. 2-21/2, B. 1, D. 21/2, pens. 6-8 fr.; Alb. Svizzero, R. 1-3 fr.), a closely-

built but pleasant village, is the last Swiss place.

\*Piz Gallegione (10,285'), 5 hrs. from Soglio, with guide, is not difficult. From Soglio 3'/2 hrs. to the saddle (Forcella; 8924'), between the Gallegione and the Cima di Cavio; then to the left in 1'/2 hr. to the top (splendid view).

Just below Castasegna, beyond the Lovere, which descends from the right, is the Italian Dogana or custom-house.

15<sup>1</sup>/<sub>2</sub> M. Villa di Chiavenna, a large and picturesquely-situated village, with a lofty pilgrimage-church. Then (16<sup>3</sup>/<sub>4</sub> M.) Santa Croce.

Above Santa Croce (left), on the left bank of the Mera, once stood the thriving town of Plurs, with 2430 inhab., which was destroyed by a landslip from Mte. Conto in 1618. The mass of earth which buried the town is 60' thick, and is now clothed with chestnuts. — Near Curtinaccio, <sup>3</sup>/<sub>4</sub> M. from the road and <sup>41</sup>/<sub>2</sub> M. from Chiavenna, is the old baronial Villa Roncalia, with a fine panelled hall.

To the right of Sant' Abbondio is the fine double fall of the Acqua Fraggia. Then through Prosto and Loreto, and across the Mera to —

21 M. Chiavenna (p. 416). Station at the S.E. end of the town, 1/2 M. from the Mera bridge.

#### 105. From Tirano to Nauders over the Stelvio.

79 M. ITALIAN DILIGENCE from Tirano to Bormio Baths daily in 63/4 hrs. (9 fr. 20 c.); Austrian Diligence daily (from the beginning of July to the end of Sept.) from Bormio Baths over the Stelvio to Eyrs in 101/2 hrs. (coupé 16 kronen 80 heller; also open carriages), leaving the Baths at 7 a.m., reaching Santa Maria at 11.40, Franzenshöhe at 1.40, Trafoi at 3.50, Prad at 5.35, and Eyrs at 6.15 p.m. From Eyrs to Nauders daily in 5, to Landeck (p.462) 101/2 hrs. — Extra-Post and pair from Tirano to Bormio Baths 50 fr. — One-Horse Carr. from Pontresina to Bormio 80, two-horse 120 fr. (to Le Prese in 53/4 hrs., where a night is spent; thence to Bormio 8 hrs.). Carr. and pair from Samaden to Meran over the Stelvio in 31/2 days, 250 fr. and 25 fr. fee. Extra-post from Bormio Baths to Trafoi in 61/2 hrs., 60 fr.

Carr. and pair from Samaden to Meran over the Stelvio in 3½ days, 250 fr. and 25 fr. fee. Extra-post from Bormio Baths to Trafoi in 6½ hrs., 60 fr. Walking. From Bormio Baths to Santa Maria 4½-5, Stelvio Pass 1, Franzenshöhe ½, Trafoi ½, Prad 2 hrs. (From Santa Maria over the Wormser Joch to St. Maria in the Münster-Thal 3, Taufers ½, Mals ½, hr.)

Tirano (1475'), see p. 454. The road ascends vine-clad hills to the district of Sernio (2080'). To the N. rises the abrupt Mte. Masuccio (9240'), a landslip from which in 1807 blocked the Adda, and converted the valley as far as Tovo into a lake. At (6 M.) Mazzo the road crosses the Adda, and above Grosotto (Alb. Pini) the Roasco, the brook of Val Grosina (p. 445). On the left are the well-preserved ruins of the castle Venosta. We cross the Adda again beyond Grosio.

12 M. Bolladore (2840'; Posta or Angelo, R. 1½-2, B. 1, D. 3, S. 2, pens. 9 fr.; Hôt. des Alpes). On the N. slope is the pretty church of Sondalo. The valley contracts; vegetation becomes poorer; below us dashes the grey glacier-water of the Adda. 13½ M. Mondadizza; 15 M. Le Prese; we again cross the Adda. The defile La Serra di Morignone, 3¾ M. long, separates the Val Tellina from the region of Bormio. The Ponte del Diavolo witnessed a skirmish between Austrians and Garibaldians in 1859. At the end of the defile is the hamlet of Morignone in a green dale (Valle di Sotto), with the church above. The next group of houses is Sant' Antonio. Beyond (18½-2 M.) Ceppina opens the broad green valley (Piano) of Bormio, flanked with lofty pine-clad mountains, partly covered with snow. At Santa Lucia we cross the Frodolfo, which joins the Adda below the bridge, and turn to the N.E. to—

25<sup>1</sup>/<sub>2</sub> M. Bormio, Ger. Worms (4020'; Posta or Leone d'Oro; Alb. della Torre), at the entrance to Val Furva, an old-fashioned little

town, with dilapidated towers.

FROM BORMIO TO LIVIGNO, bridle-path (7 hrs.; guide needless; better in the reverse direction; road to Semogo). At Premadio we cross the Adda and ascend the Val di Dentro to (1½ hr.) Isolaccia (p. 444). On the slope to the right lies the hamlet of Pedenosso; above it, on the saddle of Mte. delle Scale, rise two towers which once defended the pass (Scale di Fraele; 6370'). [By the Val di Fraele to San Giacomo di Fraele (6390'), and by Buffalora to the Ofen Pass (p. 447), and Zernetz, 12 hrs.; guide, advisable, 20 fr.] Beyond Isolaccia the path ascends on the left bank of the brook; ½ hr., Semogo (4673'; Martinelli); above, opposite, at the mouth of Val Viola, is the church of San Carlo. (Val Viola Pass to the Bernina, see p. 444.) From the (2½ hrs.) Foscagno Pass (7556'; \*Cantina, plain, R. 2 fr.), with its two little lakes, we look back at the Val Viola and the S. Ortler Mts. Descent to (1 hr.) Trepalle (6850'); then to the W., over the hill of Dheira, to (1½ hr.) Livigno (p. 447).

At Bormio the windings of the Stelvio road begin. (The diligence starts from the New Baths, 2 M. from Bormio; carriage thither from Bormio in the morning, if ordered previously.)

 $27^{1/2}$  M. The \*New Baths of Bormio (Bagni Nuovi, 4380'; R.  $3^{3/4}$ -5, B.  $1^{1/2}$ , D. 4, S. 3, pens.  $8^{1/2}$ -12 fr.), on a terrace, command a fine view of the Bormio Valley and the surrounding mountains. The water (92-100°) is conveyed by pipes from the springs at the Old

Baths (see below), on the rocks above (3/4 M.).

The Stelvio road, constructed in 1820-25, ascends in a long curve, affording superb views of the valley from Bormio to Ceppina; S.W., the Corno di San Colombano (9915'), Cima di Piazzi (11,280'), and Cima Redasco (10,300'); S.E., the Mte. Valaccetta (10,425') and the ice-pyramid of Piz Tresero (11,820'). We cross an iron bridge, and pass through a short tunnel, beyond which the Old Baths (Bagni Vecchi; 4760'; hotel, pens. 6-8 fr.) lie below us, on the left. Beyond the deep gorge of the Adda rises the abrupt Mte. delle Scale (p. 458).

To the left, farther on, the Adda emerges from the wild Val Fraele. A series of galleries, partly of wood and partly hewn in the rock, for protection against avalanches and torrents, carry the road through a defile (Il Diroccamento) to the refuges, the (first) Cantoniera di Piatta Martina (5585'), and (second) Cantoniera Bruciato (6495'). On the W. side of the valley rises the huge Mte. Braulio (9775'). The road crosses the brook of Val Vitelli by the Ponte Alto, and ascends in windings (short-cuts). In a gorge to the left are the \*Falls of the Braulio. We next pass the Casino dei Rotteri di Spendalonga (7100'), a road-menders' hut, and the (third) Cantoniera al Piano del Braulio (7588'; inn, tolerable), with a chapel.

33<sup>1</sup>/<sub>2</sub> M. Santa Maria (8160'; Gobbi's Inn), the Fourth Cantoniera and the Italian custom-house, in a bleak Alpine valley.

A new road leads to the left from the Cantoniera Santa Maria to the Wormser Joch (8240'), and descends the Muranza Valley to (3½-4 hrs.) the Swiss village of (9 M.) St. Maria in the Münster-Thal (p. 461); thence by Taufers in 3½ hrs. to Mals (p. 461) in the Adige Valley.

\*Piz Umbrail (9945'), the E. and highest peak of the bold serrated mountains bounding the Val Braulio on the N., is a splendid point (13/4 hr.; guide 5-6 fr.). By the Dogana we ascend to the right, up a grassy slope and then a stony zigzag path. Superb view (panorama by Faller).

The road affords glimpses of the Münster-Thal to the left. On the right is the glistening *Eben Glacier*. The pass is free from snow only in warm summers; snow, 6' deep, often lies by the roadside in June. On the  $(1^1/2 \text{ M.})$  Stelvio Pass (Stilfser Joch or Ferdinandshöhe; 9055') is the new Hôtel Ferdinandshöhe (Austrian post-office). A column to the right marks the boundary between Italy and Tyrol; 1/2 M. to the N. is the frontier of Switzerland (Grisons).

A path ascends to the left in 1/4 hr. to the \*Dreisprachenspitze (9325'), a rocky height affording an admirable view, especially of the Ortler, whose snowy dome rises immediately opposite. The bare reddish Monte Pressura (Röthelspitze; 9940') intercepts the view, to the N., of the Münster-Thal.

The road descends the talc-slate slopes in long windings. To the

right rise the Geisterspitze (11,405') and Tuckettspitze (11,385'). The views from the road are finer than from the short-cuts.

401/2 M. Franzenshöhe (7180'; Post; Wallnöfers Inn, well spoken of). To the S. the huge Madatsch Glacier descends far into the valley. About 11/2 M. farther on just beyond the 18th kilomètrestone, Mme. de Tourville, an English lady, was murdered by her husband in 1876. The finest point of view is the \*Weisse Knott (6110'; rfmts.), a small platform, 1 M. farther on: before us, the sombre Madatschspitz; to the right, the Madatsch Glacier; to the left, the Trafoi Glacier, and above it, the Pleisshorn and Ortler; in the valley far below, amidst pines, is the chapel of the Three Holy Springs (see below). In the distance, to the N., rises the snowy pyramid of the Weisskugel. The marble obelisk is a memoral of Joseph Pichler, who first ascended the Ortler (1804). Far below lies —

45<sup>1</sup>/<sub>2</sub> M. Trafoi (5080'; \*Trafoi Hotel, R. 3-9, déj. 3, D. 4, board 6 kronen; \*Post; \*Hôt. Stelvio or Alte Post; Zur Schönen Aussicht), a hamlet, superbly situated at the foot of the Ortler (12,800'), the highest of the Eastern Alps (ascended hence in 8-9 hrs., or from Sulden in 7-8 hrs.; comp. Baedeker's Eastern Alps). Austrian custom-house.

Pleasant walk (3/4 hr.) to the \*Three Holy Springs (5240'), which rise in the valley below, at the foot of the Ortler. A good path diverges from the road to the left near the Trafoi Hotel, and leads at the same level through meadows and wood, and over moraine. At the end of the valley are figures of Christ, Mary, and St. John, under a roof, and from their breasts flows the icy cold 'holy water'. Adjacent are a chapel and an auberge for pilgrims. Opposite rises the huge and sheer Madatsch, over the dark limestone rocks of which fall two brooks. Above, to the left, are the ice-masses of the Trafoier and Lower Ortler-Ferner, overtopped by the Trafoier Eiswand. The scene is interesting and impressive.

We follow the boisterous Trafoi-Bach, which we cross four times. 3 M. Gomagoi, Ger. Beidewasser (4175'; \*Reinstadler, plain), with a small fort. To the right opens the picturesque Sulden Valley, with the (21/4 hrs.) village of St. Gertrud or Sulden (6050'; \*Sulden Hotel, first-class; \*Eller; Ortlerhof; comp. Baedeker's Eastern Alps).

The narrow valley barely affords room for the road and river. The latter forms several falls. On the hill to the left lies the village

of Stilfs, Ital. Stelvio, which gives its name to this route.

53 M. Prad (2950'; Neue Post; Alte Post) lies at the foot of the Stelvio route. The road intersects the broad valley of the Etsch or Adige, and crosses a marsh and the river by a long viaduct, to (2 M.) Neu-Spondinig (2900'; \*Hirsch), on the highroad from Botzen and Meran to Landeck, 11/2 M. to the W. of Eyrs.

The Nauders road skirts the hills, at a distance from the Adige. The valley is called the *Vintschgau*, after the *Venosti*, its ancient inhabitants. To the left rises the ruin of *Lichtenberg*. On the right, near *Schluderns*, is the *Churburg*, a château of Count Trapp. To the left lies the small town of *Glurns* (see p. 461), and on the road lies *Tartsch*. Near Mals is the ancient tower of the *Frölichsburg*.

61<sup>1</sup>/<sub>2</sub> M. Mals (3440'; Post or Adler; Bär; Hirsch) is a village of

Roman origin. (To Val d'Uina, by Sursass, see p. 450.)

To the Münster-Thal a good road leads to the W. from Mals viâ (1½ M.) Glurns (\*Sonne; Krone) and along the right bank of the Rombach, which (2½ M.) it crosses. (Avoid track on right bank, by Riffair.) The (5 M.) high-lying village of Taufers (4042; \*Post), with its three churches, is commanded by three ruined castles. (Over La Cruschetta to Scarl, see p. 451.) Thence to the (½ M.) Swiss frontier and (½ M.) Münster, Rom. Mustair (3765; \*Hôt. Münsterhof; Post; Löwe; Hirsch), the first village in the Grisons, with a large Benedictine church. The road descends, crosses the Rombach (passing the Aua da Pisch, a fine waterfall in a wooded gorge to the left), and ascends gradually by Sielva to (2 M.) St. Maria (4553'; \*Piz Umbrail; \*Weisses Kreuz; Hôt. Stelvio; wine at Tramer's), a large village at the mouth of Val Muranza. Over the Wormser Joch to Bormio, p. 459; over the Ofen Pass to Zernetz, p. 447; over the Scarl Pass to Schuls, p. 451.

Beyond the Adige, on a hill to the left, rises the large Benedictine Abbey of *Marienberg*. To the left, farther on, is *Burgeis*, with the castle of *Fürstenburg*. This monotonous part of the valley is called the *Malser Heide*. The road ascends and reaches the E.

bank of the Heider-See, and beyond it -

69 M. St. Valentin auf der Heide (4695'; Post). Looking back, we have a superb \*View (finest when approached from Nauders) of the ice-clad Ortler range, which fills the background. Skirting the E. bank of the Mitter-See, the road leads to  $(72^1/2 \text{ M.})$  Graun, at the entrance of the Langtauferer-Thal. To the left is the green Reschen-See, the source of the Adige. Beyond  $(74^1/2 \text{ M.})$  Reschen (4890'; Stern), at the N. end of the lake, we reach the Reschen-Scheideck (4900'), the watershed between the Black Sea and the Adriatic, and descend by the Stille Bach to  $(4^1/2 \text{ M.})$ —

79 M. Nauders (4470'; Post; Löwe; Mondschein). The old

castle of Naudersberg contains the district law-courts.

From Nauders to the Lower Engadine (dilig. to Schuls daily), p. 452.

## 106. From Nauders to Bregenz over the Arlberg.

118 M. DILIGENCE from Nauders to Landeck (27 M.) daily in 5 hrs. (fare 8 kronen 80 h., coupé 10 kr. 56 h.; also an omnibus). RAILWAY from Landeck to Bregenz, 91 M., in 3-5 hrs.; fares 10 kr. 58, 6 kr. 28, 3 kr. 44 h.

The road through the Finstermünz Pass runs high above the Inn, being hewn at places in the slate-rock. Two avalanche-galleries. At the entrance to the pass is a small fort, and beyond it a pretty waterfall. The finest point is **Hoch-Finstermünz** (3630'), a group of houses (\*Hotel). Far below, on the Inn, is Alt-Finstermünz (3210'), with its old tower and a bridge. The ravine of the Inn, with the Engadine Mts. in the background, is very picturesque.

The road descends gradually, through three short tunnels, and

crosses the Inn 11/2 M. before reaching —

8 M. Pfunds (3185'), which consists of two villages, Pfunds, on the right bank, and Stuben (Traube, Post), through which the road runs, on the left. To the S.W. towers Piz Mondin (10,375'), a peak of the N. Engadine chain; S.E., the Glockthurm (11,010')

and other peaks of the Oetzthaler Ferner. The road again crosses

the Inn near (13 M.) Tösens.

17<sup>1</sup>/<sub>2</sub> M. Ried (2875'; Post; Maass), a thriving village, with the castle of Siegmundsried. The road crosses to the left bank at (2 M.) Prutz (Rose), at the mouth of the Kaunser-Thal. Above Prutz, on a rock to the left, is the ruin of Laudegg; near it lies the village of Ladis (3900'), with sulphur-baths, 1<sup>1</sup>/<sub>4</sub> hr. from Ried (new road); <sup>1</sup>/<sub>2</sub> hr. higher is Obladis (4545'), a favourite mineral bath, finely situated.

The road recrosses the Inn by the  $(2^{1}/2 \text{ M.})$  Pontlatz Bridge, 5 M. from Landeck, where the Bavarian invaders were signally defeated by the Tyrolese 'Landsturm' in 1703 and 1809. To the right, Flies, with Schloss Piedenegg. To the left, beyond the Inn, a fall of the Urgbach, high above which is the village of Hochgallmig. The Inn dashes through a gorge and forms several cataracts.

27 M. Landeck (2670'; \*Post, R. 3-6 kronen; Schwarzer Adler; Goldner Adler), a large village on both banks of the Inn, is commanded by the ancient Castle Landeck, now tenanted by poor families. The Railway Station (\*Restaurant, with bedrooms) lies 1 M. to the E.

The \*ARLBERG RAILWAY crosses the Inn. To the left, a glimpse of the picturesque Landeck; to the right rises the huge Parseierspitze (9965'). The train ascends on the right bank of the Sanna to (31 M.) station Pians (2990'), opposite the village of that name (Alte and Neue Post), which lies far below. Above it is Grins. Several viaducts. 33½ M. Wiesberg, with an old château. We cross the Trisanna, which descends from the Patznaun-Thal to the Rosanna to form the Sanna, by a bridge, 280 yds. long and 180' high. Tunnel.

37 M. Strengen (3355'), at the base of the Peziner Spitze (8353'). To the W., the Riffler (10,365'), with its glacier. We follow the right bank of the Rosanna to (40 $^{1}$ /<sub>2</sub> M.) Flirsch (3795'; Post), at the foot of the Eisenspitze (9400'), prettily situated. The valley expands. We cross the Rosanna three times to (44 $^{1}$ /<sub>2</sub> M.) Pettneu, and twice more to (49 $^{1}$ /<sub>2</sub> M.) St. Anton (4270'; \*Post; Adler), the highest village in the Rosanna or Stanzer-Thal, at the E. base of the Arlberg.

The train enters the great \*Arlberg Tunnel, nearly 61/3 M. long (St. Gotthard Tunnel 91/4 M.), ascends slightly to the middle of it (4300' above the sea-level; 1600' below the Arlberg Pass), and then descends to the Kloster-Thal. 57 M. Langen (3990'; buffet), on the right bank of the Alfenz. On the N. side of the valley the train descends over several viaducts to (62 M.) Danöfen and—

 $66^{1}/_{2}$  M. Dalaas (3055'); the village (2750'; Post) is charmingly situated far below. Several viaducts and tunnels.  $59^{1}/_{2}$  M. Hintergasse (2700'). At (74 M.) Bratz (2315'; Löwe) we reach the floor

of the valley. Then down the broad Illthal to -

80 M. Bludenz (1905'; \*Bludenzer Hof, Scesaplana, \*Hôt. Arlberg, at the station; \*Kreuz, in the town), prettily situated. To the S. is the picturesque ravine of the Brandner-Thal, with the ice-clad Scesaplana in the background.

to Bregenz.

LÜNER-SEE AND SCESAPLANA, very repaying. (To the lake 6-61/2 hrs., easy.) We descend and cross the Ill to Bürs, and ascend the charming Brandner-Thal to (3 hrs.) Brand (3360'; \*Beck; \*Scesaplana). Then along the right bank of the Alvierbach to Alp Lagant, and up zigzags over grass, débris, and rock. In 3-31/2 hrs. we reach the rocky saddle on the N.W. side of the beautiful blue Lüner-See (6475'), the largest lake among the Rhætian Alps, 4 M. in circuit. On the W. bank is the Douglass Hut (inn).

The ascent of the \*Scesaplana (9735'), the highest peak of the Rhætikon chain, is toilsome, but safe (4 hrs.; guide from Bludenz 19, from Brand 14 kronen). Leaving the Douglass Hut, we skirt the lake a little way, then ascend to the right, over grass, loose stones, and the dreary, rock-strewn Todte Alp. Lastly through a steep 'cheminée' to the arête, and easily to the top. The view is magnificent. — Descent to the Scesaplana Club Hut, and by Alp Fasons to (4 hrs.) Seewis in the Prätigau, p. 387. From the Douglass Hut to (7 hrs.) Schruns (see below) a fine route leads past the grand \*Schweizer-Thor (7055'; pass to the Prätigau, p. 387) to the Oefen Pass (7520'), and descends to the finely situated Lindauer Hut, and through the Gauer-Thal (see below; adepts need no guide).

The Montafon (Map, p. 386; for a detailed description, see Baedeker's Eastern Alps), to the S.E. of Bludenz, is a beautiful and populous valley, watered by the Ill, and separated from the Prätigau on the S. by the Rhaetikon Mts. The road (omnibus to Schruns several times daily in 2 hrs.) leads by St. Peter to (4<sup>1</sup>/<sub>2</sub> M.) St. Anton, a hamlet on a mound of débris at the base of the Schwarzhorn; then, on the right bank of the Ill, to (81/2 M.) Schruns (2260'; pop. 1710; "Taube; "Löwe; "Stern), the chief place in the valley, charmingly situated at the foot of the Bartholomäberg (3560'; a fine point of view) and frequented as a summer-resort. On the opposite bank of the Ill lies Tschaguns, at the entrance to the Gauer-Thal, whence a path crosses the Drusenthor (7220'), between the Drusenthuh (9300') and Sulzfuh (see below), to (8 hrs.) Schiers (p. 387) in the Prätigau. (To the Lüner-See, see above.) By the Purtnun Pass, or by the Plasseggen Pass, to (7-8 hrs.) Küblis, see p. 388. — The "Sulzfuh (9265'; 7 hrs.; guide 18 kr.) is a splendid point, hardly inferior to the Scesaplana: to the Tilisuna Hut (7255'; inn) 5 hrs., to the top 2 hrs. more (descent to Küblis, p. 388).

Above Schruns the valley contracts. To the S. of (5 M.) Gallenkirch (2730'; Adler, Rössle) opens the Gargellen-Thal, with the finely situated village of Gargellen (5164'; Hôt. Madrisa), whence tolerable routes cross the St. Antönien-Joch (7850') to the W. to (6 hrs.) Küblis (p. 388), and the Schlappina-Joch (7220') to the E. to (7-8 hrs.) Klosters in the Prätigau (p. 389). Passing Gurtepohl, we next reach (5 M.) Gaschurn (3120'; \*Rössl; \*Krone), a summer-resort, prettily situated at the mouth of the Gannera-Thal, and (21/2 M.) Patenen (3435'; Sonne), the last Montafon village. (Passes to the Patznaun, see Baedeker's Eastern Alps.)

FROM PATENEN OVER THE FERMUNT PASS TO GUARDA in the Lower Engadine (10 hrs.; guide), trying, but attractive. We ascend the Gross-Fermunt-Thal to the right, passing the grand Stüber or Höllen Fall, to the (31/2 hrs.) Madlener-Haus (6495'; inn), on the Gross-Fermunt-Alp, W. of the Bieler Höhe. Thence to the S., past the source of the Ill, to the (21/2 hrs.) Wiesbadener Hütte (8400'; inn), on the margin of the great Fermunt Glacier, and over the easy glacier to the (1 hr.) Fermunt Pass (9180'), between (E.) the Dreiländerspitze (10,350'), and (W.) Gross-Buin (10,880'), the highest of the Verenberg Mts. (ascended by adents without difficulty, from the of the Vorarlberg Mts. (ascended by adepts without difficulty, from the Wiesbadener Hütte 31/2 hrs.). Steep descent to Val Tuoi and (21/2 hrs.) Guarda (p. 448). - By the Rothe Furka to Klosters, see p. 390.

84 M. Strassenhaus. We cross the Ill; then the Mänkbach, issuing from the Gamperton-Thal on the left. 87 M. Nenzing.  $91^{1/2}$  M. Frastanz, at the mouth of the Samina-Thal. The Illthal contracts. At Feldkirch the Ill forces its way through the limestone rocks (Obere and Untere Illklamm).

931/2 M. Feldkirch (1510'; pop. 3800; \*Englischer Hof; Vor-

arlberger Hof, at the rail. stat.; Bär; Löwe; Schäfle; Rail. Restaurant), a pleasant little town, hemmed in by mountains. Above it rises the ruined Schattenburg. The Parish Church, of 1487, contains a 'Descent from the Cross' attributed to Holbein; and the Capuchin Church has another good 'Descent'.

Fine view of the Rhine Valley from the \*Margarethenkapf (1830'), a hill 20 min. to the W., on the left bank of the Ill, with the villa and pleasant park of Hr. von Tschavoll (tickets at the hotels; or visiting-card suffices).

FROM FELDKIRCH TO BUCHS (111/2 M.) railway in 3/4 hr. It sweeps round the Ardetzenberg, crosses the Ill at Nofels, and intersects the broad Rhine Valley. Stations, Nendeln and Schaan. (Vaduz, 2 M. to the S., see p. 70.) Near Buchs (p. 70) it crosses the Rhine.

We skirt the E. side of the wooded and vine-clad Ardetzenberg. 96 M. Rankweil, at the foot of the Laternser-Thal, with a picturesque church. From the alluvial plain of the Rhine rise wooded knolls, such as the Kummenberg (2190'), to the left. Near (1011/2 M.) Götzis, with its modern church, are two ruined castles of the Montforts.

 $104^{1}/_{2}$  M. Hohenems (1420'; \*Post; Krone) lies at the foot of bold rocks, crowned with the ruins of Neu- and Alt-Hohenems. In the village is a château of Count Waldburg-Zeil. We cross the Dornbirner Ach.

1091/2 M. Dornbirn (1435'; pop. 10,700; \*Hôt. Weiss; \*Dornbirner Hof; \*Hirsch; Mohr), a thriving town, more than 2 M. long. The S.W. background is formed by the Appenzell Mts., the Kamor and Hohe-Kasten, the snow-clad Sentis, and the serrated Curfirsten.

1111/2 M. Schwarzach; 1141/2 M. Lautrach. (Junction-line, left, to St. Margrethen, p. 69.) The train crosses the Bregenzer Ach to—

118 M. Bregenz. — Hotels. \*Oesterreichischer Hof, by the pier; \*Hôt. Europa, \*Montfort, Habsburger Hof, at the rail. station; \*Weisses Kreuz; Post; \*Schweizerhof; Krone; Bregenzer Hof, near the rail. station. — Wine at F. Kinz's; Railway Restaurant.

Bregenz (1260'; pop. 7000), the Roman Brigantium, capital of the Vorarlberg, is beautifully situated at the E. end of Lake Constance. The Old, or Upper, Town, on a height, marks the site of the Roman Castrum, and once had two gates, the northern of which survives.

The \*Gebhardsberg (1965'; 3/4 hr., last half through wood), with the ruin of Hohen-Bregenz, an auberge, and a pilgrimage-church, commands a charming view of the Lake of Constance, the valley of the Bregenzer Ach and Rhine, and the Appenzell and Glarus Alps. — The \*Pfänder (3490'), to the E. of Bregenz, affords a far more extensive prospect. The path (13/4-2 hrs.) leads across the Berg Isel (rifle-range and restaurant) to Weissenreute, and ascends (white marks) to the right through wood, by Hintermoos, to the large \*Hotel (pens. 7 kronen), 5 min. below the top. The carriage-road (2-21/2 hrs.) leads past the 'Berg Isel' (see above), and through wood, to the hamlet of Fluh (Adler, Traube), halfway, and the hotel.

Railway to Lindau (6 M.; p. 61) by Lochau in 22 min. (76, 46, 26 heller). Steamboats on the Lake of Constance, see p. 32.

### 107. From Bellinzona to Lugano and Como (Milan).

RAILWAY (comp. p. 121) from Bellinzona to Lugano,  $18^{1}/2$  M., in 41-71 min. (4 fr. 40, 3 fr. 10, 2 fr. 20 c.); from Lugano to Como,  $19^{1}/2$  M., in  $1-1^{1}/2$  hr. (3 fr. 20, 2 fr. 25, 1 fr. 60 c.); from Lugano to Milan,  $48^{1}/2$  M., in  $1^{3}/4-3^{1}/2$  hrs. (8 fr. 60, 6 fr. 5, 4 fr. 30 c.).

Bellinzona (775'; pop. 5100; Rail. Restaurant; \*Hôt. Suisse et Poste, R. 3-5, D. 5 fr.; Cervo, R. 1<sup>1</sup>/<sub>2</sub>-2, D. 2<sup>1</sup>/<sub>2</sub> fr.; Leone d'Oro, moderate; Railway Hotel, R. 1<sup>1</sup>/<sub>2</sub>-4, B. 1, D. 2, pens. 6 fr., plain; Pens. St. Gotthard; Alb.-Ristorante Ferrari), a picturesque town, quite Italian in character, with a fine abbey-church of the 16th cent., is the capital of Canton Ticino. On the W. rises the Castello Grande, on an isolated hill; on the slope to the E. are the Castello di Mezzo, or di Svitto, and the lofty Castello Corbario or Corbè (1500'). Fortified by the

Visconti in the middle ages, Bellinzona was regarded as the key to the St. Gotthard Pass. In the 16-18th cent. the three castles were occupied by the Uri, Schwyz, and Unterwalden governors (comp. p. 130). The Castello Grande is now a prison and arsenal (fee); the other two are in ruins. — Bellinzona is the junction of the St. Gotthard line (to Lugano-Como, see below) and the branches to Locarno (p. 472) and Luino (p. 476).

Beautiful walk of 11/2 hr.: from the station, to the S., through the town (10 min.), then, by the Banca Ticinense, up the stony path to the left, leading to the highest castle. After 20 min. the path to the castle diverges to the right; the path to the left leads to the conspicuous chapel of Santa Maria della Salute, which affords a picturesque view of the two lower castles and the Ticino Valley down to the Lago Maggiore. We may descend to the left, a little below the chapel, by a path between vineyard-

walls to the station in 20-25 minutes.

Ascent of Monte Camoghè (7303'; from Bellinzona 7-8 hrs., with guide), see p. 469; by the Passo di San Jorio to the Lake of Como, see p. 488.

A tunnel carries us under the Castello di Mezzo (p. 465). At (21/2 M.) Giubiasco (765'; Pens. Camoghè) the lines to Lago Mag-

giore (p. 475) diverge to the right.

Sweeping round to the left, the Lugano line approaches the mountains near Camorino, and ascends the Monte Cenere, through walnut and chestnut trees. Sant' Antonio lies below on the right.  $5^{1}/_{2}$  M. Cadenazzo (p. 471). Two tunnels. View, improving as we ascend, of the Ticino Valley, the influx of the Ticino into Lago Maggiore, Locarno, and the Val Maggia Mts. We pass under Monte Cenere, the top of which is 370' above us, by a tunnel, 1840 yds. long (1437' above the sea-level; shut windows), and reach —

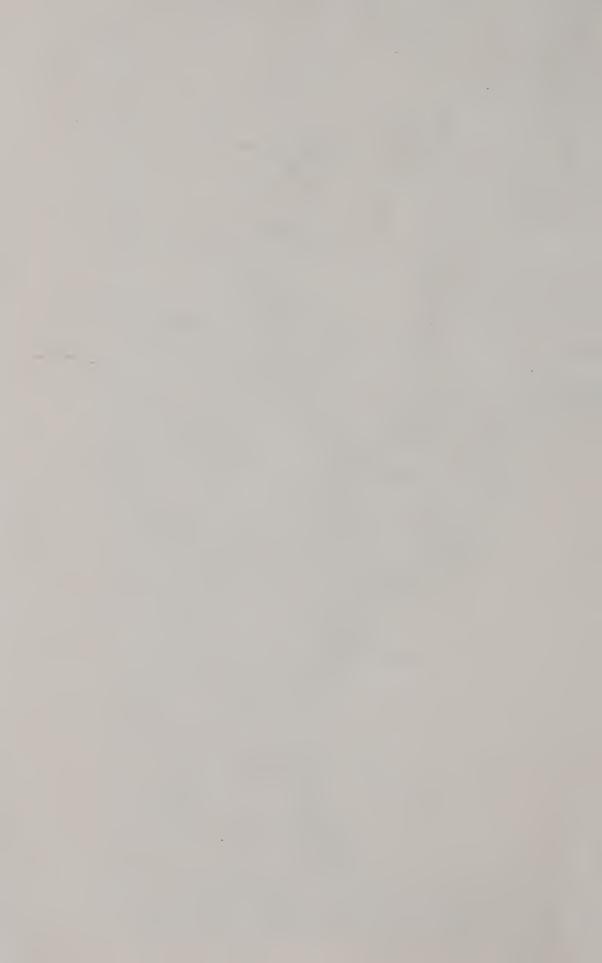

9 M. Rivera-Bironico (1560'), in the bleak dale of the Leguana. We follow the stream, which soon joins the Vedeggio, descending from Mte. Camoghè (p. 469). Beyond a short tunnel is (15 M.) Taverne (1105'; Inn). At Lamone (1033') the train leaves the Vedeggio Valley, and ascends past Cadempino and Vezia to the

Massagno Tunnel (1135'; 1016 yds. long).

181/2 M. Lugano. — The RAILWAY STATION (1110; Pl. C, 2; \*Restaurant; view) lies high above the town, to which we descend by road, path, or Cable Tramway (Funicolare; Pl. C, 2, 3; fares up 40 or 20 c., down 20 or 10 c.). — The Steamboat (p. 486) has three piers: Lugano-Città (Pl. C, 3), by the Piazza Giardino; Lugano-Parco (Pl. C, 4), near the Hôtel du Parc; and Lugano-Paradiso (Pl. B, 6), for Paradiso and Mte. Salvatore.

Hotels. The chief hotels send omnibuses to meet trains and steamers. On the Lake: \*Grand Hôtel Splendide (Pl. c; B, 5), on the Paradiso road (p. 468), R. 5-9, B. 1½, déj. 3½, D. 5 fr., frequented by English and Americans; \*Hôtel Du Parc (Pl. a; B, C, 4), in an old monastery at the S. end of the town, with garden (band twice a day) and the dépendances Belvedere, of the town, with garden (band twice a day) and the dependances Belvedere, Villa Ceresio, and Beau-Séjour (Pl. b, B 4; the last, with fine garden, alone open in winter), R. 3-7, B. 1½, déj. 3, D. 5, omnibus 1½, music ½, pens. 8-14 fr.; \*Hôt.-Pens. Bellevue au Lac (Pl. h; A, 5), on the Paradiso road, R. 3-5, B. 1¼, déj. 2¾, D. 3¾, pens. 7½-11 fr. — Second Class: Hôt. Lugano (Pl.·e; C, 3), with a small garden, pens. 6-10 fr.; Hôt.-Restaurant de la Fontaine, Piazza Giardino, opposite the pier, R. 1½-2, D. 2 fr., well spoken of; \*Hôtel Walter (p. 467), R. 1½-2, B. 1¼, D. 2½ fr.; Hôt.-Pens. Victoria (Pl. l; B, 5), on the Paradiso road, with garden, R. 2½-3½, B. 1, D. 3½, pens. 6½-8 fr.; \*Pens. Villa Speranza,

Pens. et Restaurant Loreto, both at Loreto (Pl. B, 4). — In the Town: Hôt. Suisse (Pl. g; D, 3), R. 2-4, B. 11/4, déj. 21/2, D. 3, pens. 6-8 fr., well spoken of; \*Pens. Zweifel, R. 11/2, D. incl. wine 2, pens. incl. wine 5 fr.; Albergo-Pension Grütli, moderate. — Near the Station: to the S., \*Hôt. Beau-Regard et Continental (Pl. i; B, 3), R. 21/2-5, B. 11/2, déj. 3, D. 4, pens. 71/2-11 fr.; \*Pens. Villa Belvedere, at Montarina (Pl. B, 3); \*Hôt. St. Gotthard et Terminus (Pl. k; C, 3), R. 3-5, B. 11/4, déj. 3, D. 31/2-4, pens. 7-10 fr.; to the N., \*Hôt. Washington Pl. d; C, 1), R. 2-31/2, B. 11/4, déj. 21/2, D. 31/2 fr.; \*Hôt.-Pens. Berna (Pl. r; C, 3), R. 2-3, B. 11/4, D. 31/2, S. 21/2, pens. 51/2-10 fr.; Pens. Villa Stauffer, pens. from 4 fr.; \*Hôt.-Pens. Oberland, at Massagno, pens. from 5 fr. — Below the Station: \*Hôt. Métropole (Pl. x; B, 4), with garden, R. 3-5, B. 11/2, D. 5, S. 3, pens. 8-12 fr.; \*Hôt.-Pens. Pfister, Via al Colle, with garden, R. 21/2-4, B. 11/4, déj. 21/2, D. 31/2, pens. 6-10 fr., with its dépendance Hôt. de Gare (Pl. o; C, 2), R. 2 fr.; \*Hôt.-Pens. Erica (Pl. q; C, 2), R. 11/2-3, B. 11/4, D. 31/2, S. 21/2, pens. 6-7 fr.; \*Hôt. De la Ville et Pens. Bon-Air (Pl. s; C, 2), R. 2-3, D. 3-31/2, pens. 6-7 fr.; Hôt. Milan et Trois Suisses (Pl. t; C, 2), R. 11/2-21/2, B. 11/4, D. 3, S. 21/2, pens. 6-7 fr.; \*Pens. Indum, pens. 5-6 fr. — At Paradiso (p. 468): \*Hôt.-Pens. de l'Europe (Pl. v; A, 6), R. 31/2-8, déj. 3, D. 4, S. 3, pens. 91/2-16, omn. 11/2 fr.; \*Hôt.-Pens. Reichmann (Pl. n; A, B, 6), R. 3-5, B. 11/2, D. 3/2, pens. 7-10 fr., both with garden and terrace on the lake; \*Pens. Villa Carmen (Pl. u; B, 6), R. 2-5, B. 11/4, D. 3, S. 2, pens. 6-8 fr.; Hôt.-Pens. Paradiso (Pl. p; A, 6), R. 11/2-2, B. 1, D. 21/2, pens. 6-8 fr.; Hôt.-Pens. Meister, well spoken of, 51/2-6 fr. — At Cassarate (p. 468). 1 M. to the E. of the pier of Lugano, sheltered, with S. aspect: \*Hôt.-Pens. Villa Castagnola (Pl. w; G, 3), with pretty garden. R. 2-4. B. 11/4, déj. 21/2. D. 31/2, pens. 6-9 fr.: \*Pens. Villa du PENS. ET RESTAURANT LORETO, both at Loreto (Pl. B, 4). — In the Town: with S. aspect: "Hôt.-Pens. Villa Castagnola (Pl. w; G, 3), with pretty garden, R. 2-4, B. 1<sup>1</sup>/<sub>4</sub>, déj. 2<sup>1</sup>/<sub>2</sub>, D. 3<sup>1</sup>/<sub>2</sub>, pens. 6-9 fr.; "Pens. Villa du Midi (Pl. G, 5), <sup>1</sup>/<sub>4</sub> M. farther on, 4<sup>1</sup>/<sub>2</sub>-5 fr. — At Castagnola (p. 468): "Pens. Villa Moritz, higher up the hill, with restaurant, pens. 5<sup>1</sup>/<sub>2</sub>-7 fr.; Pens. Mort Fleury. — At Davesco, 4<sup>1</sup>/<sub>2</sub> M. to the N.E., above the Val Cassarate: Hôt.-Pens. Château de Davesco, with electric and other baths, R. 3-6, B.  $1^{1}/_{4}$ , D. 4, S. 3, pens. 8-12 fr.

BEER at the Aktienbrauerei Basel, Piazza della Riforma; Deutsches Brauhaus, at the post-office; Walter (p. 466), Straub, both on the quay. — Café Centrale, Café Jacchini, both in the Piazza Giardino; Café Conti, behind Piazza Riforma. — Confectioners: Meister, a little to the S.W. of the

Palazzo Civico; Forster, Via Canova, by the post-office.

Lake Baths (Bagno Pubblico; Pl. B, 5) on the Paradiso road (20 c., towels 20 c., private cabinet 80 c.). WARM BATHS at Anastasi's, near the Hôtel du Parc; E. Gerber-Wälti's, at Paradiso.

Apollo Theatre, at the E. end of the quay (Pl. D, 3), with caférestaurant and terrace (concerts and variety performances in summer).

Post & Telegraph Office (Pl. D, 3), Via Canova, near Hôt. Suisse.—
Physicians, Dr. Cornils, Dr. Michel, Dr. Zbinden, Dr. Reali, etc.—Dentist, Ed. Winzeler. - Bookseller, A. Arnold (Libreria Dalp), Piazza Riforma.

Electric Tramway every 15-20 min. from Piazza Giardino to Paradiso

(Salvatore station), Cassarate, and Molino Nuovo (10 c.).

Carriage to or from the St. Gotthard Station, with one horse, 1 pers.

1, 2 pers. 11/2, 3 pers. 2 fr.; two horses, 1-2 pers. 2, 3-5 pers. 3 fr.; same fares from the station to Paradiso and the Salvatore station, and from the town to Cassarate. From the town to Castagnola, or from the St. Gotthard or the Salvatore station to Cassarate, 1½, 2, 2½, 3, or 4 fr.; from these stations to Castagnola 2, 2½, 3, 4, 5, and 6 fr. — Circuit of Mte. San Salvatore (p. 469; by Pambio, Figino, Morcote, Melide: 2½ hrs.; repaying) with one horse 7-9, with two horses 14 fr.; to Capolago 7 or 12, Luino 12 or 20, Varese 16 or 30 fr.; fee 10 per cent of fare.

Boats, with 1 rower for 1-2 pers. 13/4, more than 2 pers. 3 fr., with 2 rowers 2 fr. for the first hour; for each 1/2 hour more 1 rower 1/2-3/4, two rowers 1 fr., and fee. Sailing-boats 31/2 fr. for the first hour, each 1/2 hr. more 11/2 fr. English Church Service in a chapel by the Hôtel du Parc.

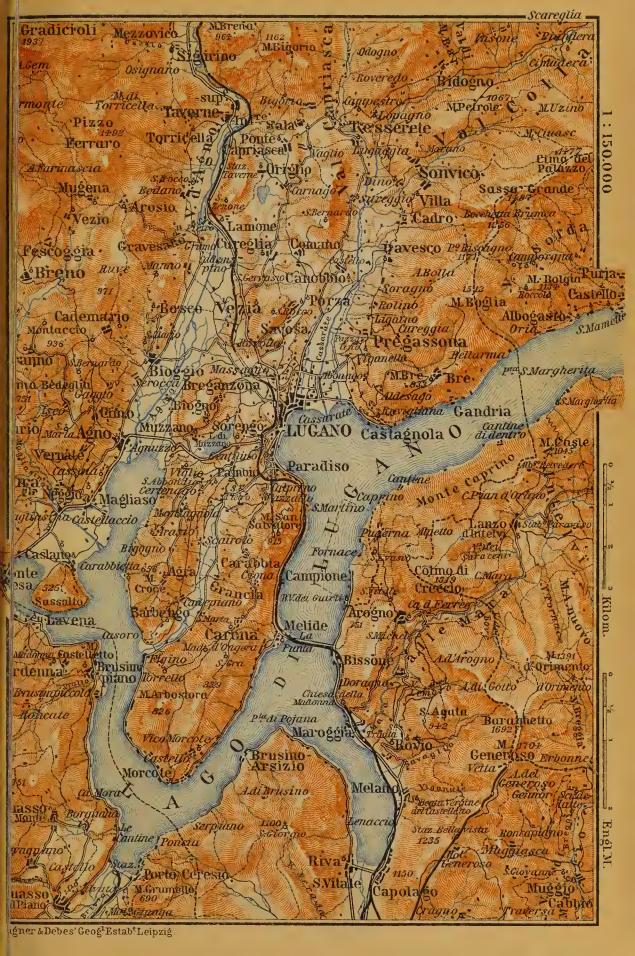

English Goods (groceries, tea-room, etc.): The British Trading Company, Piazza del Comercio.

Lugano (905'; pop. 9370), the largest town in Canton Ticino, charmingly situated on the lake of that name, is an admirable place for some stay. The scenery is Italian in character; numerous villages and country-seats are scattered along the banks of the lake; the lower hills are clad with vineyards and gardens, which contrast beautifully with the dark-green chestnuts and walnuts above them. To the S. rises Monte San Salvatore, wooded to its top; to the E., beyond the lake, is the Monte di Caprino, with Monte Generoso to its right. To the left, Monte Brè and the beautiful Monte Boglia. On the N. opens the broad valley of the Cassarate, backed by an Alpine amphitheatre, in which the serrated Monte Camoghè is conspicuous.

The Piazza Giardino (Pl. C, D, 3), embellished with attractive promenades and a fountain, lies near the Lugano-Città landing-stage. On the W. side rises the handsome Palazzo Civico (Pl. C, D, 3), built in 1844, with a fine colonnaded court; on the first floor is a small Exhibition of Paintings, chiefly by local and modern artists (adm. 10-12 and 2-4 p.m.; fee). The Piazza della Riforma lies farther back. — A broad Quay, the favourite evening promenade, extends the whole length of the town along to the lake. At its E. end is the Theatre (p. 467), and at its S. end rises a Fountain Statue of Tell (Pl. C, 4), by Vela (1852). — The rood-loft of the church of Santa Maria degli Angioli (Pl. C, 4) bears a fresco of the \*Passion by Bernardino Luini, one of his finest works, with numerous figures (1529). On the wall to the left is the Last Supper, and in the 1st Chapel on the right is a fine Madonna, both on panel by Luini.

The interior of the town, with its arcades, workshops in the open air, and granite-paved streets, is also quite Italian. San Lorenzo (Pl. C, 2), the principal church, on the hill below the station, probably erected by Tommaso Rodari at the end of the 15th cent., has a marble façade in the early Renaissance style. \*View of town and lake from the terrace of the railway-station.

Walks (with benches and finger-posts). To the S.: by the highroad through the Paradiso suburb (Pl. A, B, 6; tramway, see p. 467), and at the foot of Mte. San Salvatore, to the (1½ M.) cape of San Martino. To Melide, 1½ M. farther on, see p. 470. From Paradiso a path leads (right; 5 min.) to the Belvedere, with view of lake and town. — To the W.: by the winding Ponte Tresa road (Pl. A, B, 4, 5; short-cuts), uphill to the (½ hr.) favourite Restaurant du Jardin (also pension); the village of Sorengo lies on a hill to the right (1325'; Pens. de la Colline d'Or; fine view from the church); to the W. is the Lake of Muzzano. Opposite the Restaurant du Jardin a road leads left, by Gentilino, to (1½ M.) the conspicuous church of Sant' Abondio (1345'), adj. ining which are several monuments by Vela. A very attractive walk (3 M. more) leads from Gentilino, to the right, through fine chestnut-woods to Montagnola (1550'), and back by Noranco and Pambio. — To the E.: from Piazza dell' Indipendenza (Pl. D, 3), where No. 78, on the right, is the entrance to the shady park of the Villa Ciani (Pl. D, E, 3; with a marble figure of 'La Desolazione' by Vinc. Vela; fee 1½-1 fr.), the Via Carlo Cattaneo crosses the (¼ M.) Cassarate, and leads to (¾ M.) Cassarate (Pl. G, 3; electric tramway, see p. 467), whence we follow the sunny road at the foot of Mte. Brè to the left to (1 M.) Castagnola (1050'; good restaurant at the Villa Moritz, p. 467). Thence an undulating road runs along the lake to (1-1¼ hr.) Gandria (p. 486).

The finest excursion is to \*Monte San Salvatore (3000'), by Cable Rail-WAY (1 M. long) from Paradiso in 1/2 hr. (fare 3, down 2 fr.; return-ticket, including R., S., & B., 10 fr.). The lower station (1245'; rfmts.; Pl. A, 6) lies 1/4 M. from the Lugano-Paradiso pier. The line, with an initial gradient of 17:100, crosses the St. Gotthard Railway, traverses a viaduct (112 yds. long; 38:100), and reaches (1/2 M.) the halfway station Pazzallo (1635'; with engine-house for dynamos, etc.), where carriages are changed. The line ascends over granite rock, at an increasing gradient (at last 60: 100), to the terminus (2915'; \*Hôt. Kulm). Thence on foot to the (7 min.) summit (Vetta), on which there is a pilgrimage-chapel. The \*VIEW embraces the Lake of Lugano, the mountains and their wooded slopes, and the beautiful villas and gardens above Lugano; to the E., above Porlezza, is Monte Legnone (p. 488); to the N., above Lugano, rises the serrated Monte Camoghe; to the left of this are the distant Rheinwald Mts.; W. is the Monte Rosa chain, with the Matterhorn and other Valaisian Alps to the right. (Panorama by Imfeld. Morning-light best.) — Walkers follow the road passing under the St. Gotthard Railway and leading viâ Calprino to (1½ M.) the village of Pazzallo, which is crossed by one of the lanes marked 'al Monte'. Thence a bridle path leads to the left, crossing the cable-tramway and reaching the summit in  $1^{1}/_{2}$  hr. (rough and neglected path, not advisable).

The \*Monte Bre (3050'; ascent 21/2-3 hrs., descent 13/4 hr.; guide needless; mule 10 fr.) is another beautiful point. Electric Tramway to Cassarate (p. 468); road thence, to the N., to (3/4 M.) Viganello (1007'). Passing below the hill crowned by the church of Pazzalino, we take the bridle-path ascending to the right to (1/2 hr.) Albonago (1525') and (3/4 hr.) Aldesago (1950'), on the hillside, the highest village seen from Lugano. Aldesago is also reached in 3/4-1 hr. from Castagnola (p. 468) viâ Ruvigliano. Higher up, the path divides: both branches round the hill to the (40 min.) village of Brè (2590'; restaurant), at the back of the hill. From behind the church a narrow path ascends to the W., following the ridge, to the (1/2 hr.) top. The paved path diverging to the left at a grove about halfway up leads first to a spur towards Lugano, and then ascends at the back of the hill. Beautiful view of Lake Lugano, and of the mountains around. Lugano is not visible from the top.

Opposite Lugano, to the S.E., rises the Monte di Caprino, the 'Cantine' or rock-cellars of which are much visited on Sundays and holidays (in winter Mon. & Frid.; closed in the evening). Good 'Asti' of icy coolness is sold here. Another favourite resort is the open-air restaurant at Molino, to the S. of the Cantine, with a fine waterfall near. Rowing-boat there and back in 21/2 hrs., incl. stay (with one rower 4 fr.); steamer on Sundays and holidays.

To San Bernardo and Bigorio (to stat. Taverne, 31/2-4 hrs.). A carttrack on the fertile slopes to the N. of Lugano leads by Massagno, Savosa, Porza, and Comano to the (11/2 hr.) church of San Bernardo (2310'), on a rocky plateau, with a picturesque view. (At the S.E. base of the hill are the village of Canobbio and the château of Trevano.) Thence (at first following the hill-top, to the N.; no path) to Sala and the (11/4 hr.) monastery of Bigorio (2360'; rfmts.), charmingly situated. (The church contains a Madonna attributed to Guercino.) Thence the top of Monte Bigorio (3810') may be reached by an attractive path through chestnut-woods and fields. From the convent we may return viâ (1 M.) Ponte Capriasca (1425'; church containing a good old copy of Leonardo da Vinci's Last Supper; best light 11-1) to the (11/4 M.) rail. stat. Taverne (p. 466).

\*Monte Boglia (4960'; 4-41/2 hrs. guide desirable). Ascent by Soragno and Alp Bolla, or from Brè (see above) in 13/4 hr. View less extensive but more picturesque than from Mte. Generoso. Descent on the E. side through the Val Solda to Castello and San Mamette (steamboat-pier; p. 486) or Oria (p. 486).

Monte Camoghè (7303'; two days; guide from Colla) affords a grand Alpine panorama, from Mte. Rosa to the Ortler. We drive in 21/2 hrs., by Canobbio and Tesserete (\*Trattoria Sev. Antonini), and then to the right through the Val di Colla, to (10 M.) Scareglia or Lower Colla (3205'; \*Osteria Garzirola). We then ascend on foot by Colla and Alp Pietrarossa, leaving Mte. Garzirola (see below) to the right, to (3 hrs.) Alp Sertena (5922') and the (1½ hr.) top. — Optional descent to the N., by the Rivolte and Leveno Alps, to Val Morobbia, Giubiasco, and (5 hrs.) Bellinzona (p. 465; ascent of the Camoghè thence, 7-8 hrs.). — Monte Garzirola (6925'), 3 hrs. from Colla, also repaying. — From the Val di Colla the pass of San Lucio (5032') leads to Porlezza, and the Cima di Fojorma (5928'; fine view) to Val Solda (p. 486), another path to which passes the curious dolomitic Denti di Vecchia.

Monte Tamaro (6433'; 4 hrs.; guide), from Taverne (p. 466) or Bironico (p. 466), not difficult. Splendid view, with Lago Maggiore in the distance.

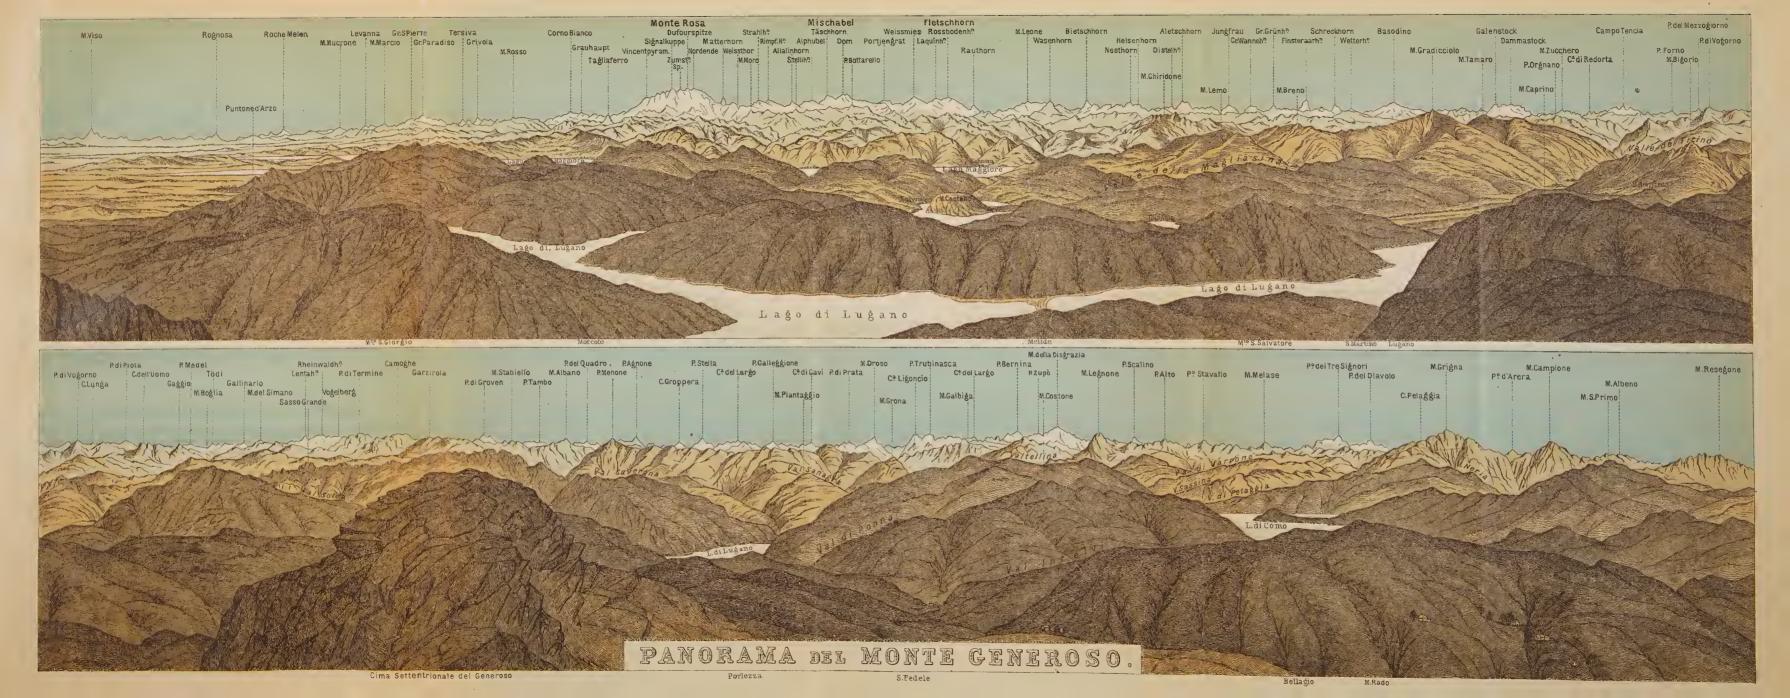

Pleasant drive in a light car (16-17 fr.) by Bioggio (1053') to (2 hrs.) Cademario (2407'), whence the trap is sent to Agno. Then walk up to (20 min.) San Bernardo (2955'; view of Lago Maggiore, etc.), down to the Aranno-Iseo road, and follow it to the left to Iseo (2254'; passing near the chapel of Santa Maria, 2560'), Cimo, Vernate, and (2 hrs.) Agno (p. 485).

To the Grotto of Osteno, see p. 486.

Railway from Lugano to Como (Milan). The train crosses the Tassino Valley on a viaduct, 130' high (view to the left), and passes through the Paradiso Tunnel (828 yds.) under the N.E. spur of Monte San Salvatore (p. 469). It then skirts the W. bank of the lake to (23 M.) Melide (905'), with the Restaurant & Pension Demicheli (pens. from 5 fr.) and the Grotto Civelli (wine and cold viands). Train and road cross the lake to Bissone by a stone viaduct \(^{1}/\_{2} M. long, which sadly mars the scenery, with an arch at each end for the pas sage of boats. Fine views on both sides. Two tunnels. 25 M. Maroggia (Hôtel-Restaurant Val Mara, R. 1\(^{1}/\_{2}-2 fr.), at the W. base of Mte. Generoso. To Rovio, see p. 471.

271/2 M. Capolago (\*Hôt.-Pens. du Lac, with garden; Rail. Restaurant), at the end of the S.E. bay of the lake, station for the Generoso Railway. (Steamboat from Lugano thrice daily in 3/4 hr.)

From Capolago to the top of Monte Generoso, rack-and-pinion railway in 1½ hr., to Bellavista (Hôtel Generoso) in 56 min.; return-fare to the top 10 fr. (half-fare on Sun.), from Lugano 11 fr. 75 c. (6 fr. on Sun.); ticket for the railway journey, and R., S., and B. at the Hôtel Kulm 18 fr. The railway is usually open from April 15th to Oct. 15th.— The trains start from the pier and halt at (2 min.) the St. Gotthard Railway station. The train crosses the road and the St. Gotthard line and ascends the slope of the Generoso (gradient 20:100; then 22:100), overlooking, on the right, the fertile Val di Laveggio, girt with wooded hills, the little town of Mendrisio, and behind us, Lake Lugano. We skirt abrupt cliffs and pass through a curved tunnel (156 yds.), just below which the summit of Mte. Rosa is visible, to stat. (13¼ M.) San Nicolao (2320'), in the wooded Val di Solarino. Then a great bend and a tunnel of 55 yds. Now, high on the hillside, we get views of the plain as far as Milan and Varese, and of the wooded valleys of the Generoso, while to the right rises Mte. Bisbino, with its pilgrimage-church. — 4 M. Bellavista (4010'; Restaurant; Hôt. Bellavista, plain). A walk leads from the station along the slope (benches) to the (5 min.) \*Perron, a spur immediately above Capolago, with a beautiful view, best in the morning, of Lake Lugano and the snow-peaks from the Gran Paradiso to the St. Gotthard. To the E. of the station (10 min.; hotel-porter meets trains) is the \*Hôtel du Generoso (8960'; R. 4-5, B. 1½, déj. 3½-4, D. 5, pens. 9-12 fr.; Engl. Ch. Serv. in summer), on a terrace commanding the plain of Lombardy as far as Mte. Viso. Bridle-path thence to the top, 1¼ hr. — Beyond Bellavista the train

traverses a tunnel (92 yds. long) and skirts the ridge, commanding views, to the left, of the lake and town of Lugano, and to the right, below, of the villages of Muggio and Cabbio. Two short tunnels.  $5^{1}/2$  M. Vetta (5295'; \*Hôt. Kulm, R. 3-5, B.  $1^{1}/2$ , déj.  $3^{1}/2$ , D. 5, pens. 8-12 fr., connected by terraces with the Restaurant Vetta; Restaurant Clericetti, R. from  $1^{1}/2$ , D. incl. wine 3 fr.). A path protected by railings leads hence in 10 min. to the top of \*Monte Generoso (5590'). The \*View (see Panorama) embraces the lakes of Lugano, Como, Varese, and Maggiore, the entire Alpine chain from Mte. Viso to the Pizzo dei Tre Signori, and to the S. the plains of Lombardy, backed by the Apennines, with the towns of Milan, Lodi, Crema, and Cremona.

Monte Generoso may also be ascended from Rovio (1665'; \*Hôt.-Pens. Mte. Generoso, open in winter also, R. 1-2, D. 2<sup>1</sup>/<sub>2</sub>, S. 1<sup>1</sup>/<sub>2</sub>, pens. 5-6 fr.), 3 M. from Marrogia station by road (footpath shorter), by a good path, shady in the forenoon, in 3<sup>1</sup>/<sub>2</sub>-4 hrs.; from Mendrisio (see below), viâ San Nicolao (bridle-path in 4 hrs.; mule 6 fr.); or from Balerna (see below) viâ Muggio, in 4-4<sup>1</sup>/<sub>2</sub> hrs. (road to Muggio, beyond which the ascent is fatiguing). — From Lanzo d'Intelvi (bridle-path, 5<sup>1</sup>/<sub>2</sub> hrs.), see p. 486 (better

for descent: to Osteno 6 hrs.).

30 M. Mendrisio (1180'; pop. 2872; \*Angelo, R. 21/2 fr.) lies 1/2 M. from the station, at the S.W. foot of Monte Generoso (see above). At Ligornetto, 11/2 M. to the W., is the Museo Vela, containing models and a few sculptures by the celebrated sculptor Vincenzo Vela (1822-91), who was born here. — 33 M. Balerna.

35 M. Chiasso (764'; \*Rail. Restaurant; Croce, near the station), the last Swiss village (custom-house; long halt). The line pierces Monte Olimpino by a tunnel 3170 yds. long (view of Lake Como to the left), and passes Borgo Vico, a suburb of Como, on the left.

38 M. Como (p. 493); thence to (67 M.) Milan, see R. 113.

## 108. From Bellinzona to Locarno. Val Maggia.

RAILWAY to Locarno, 13 M., in 40 min. (2 fr. 30, 1 fr. 60, 1 fr. 15 c.).—DILIGENCE from Locarno to Bignasco thrice daily, in 3½ hrs. (fare 2 fr. 85, coupé 4 fr. 30 c.); from Bignasco to Fusio in summer twice daily in 3½ hrs. (fare 2 fr. 65 c.).— Carriage from Locarno to Bignasco 19, with two horses 30 fr., back 16 or 25 fr.; from Bignasco to Fusio and back 18 or 35 fr.

To  $(5^{1}/_{2} \text{ M.})$  Cadenazzo, see p. 466. The Locarno line (change carriages) crosses the *Ticino* near (8 M.) Reazzino. — 10 M. Gordola, at the mouth of Val Verzasca.

Val Verzasca. A road (diligence Locarno-Sonogno twice daily, 51/4 hrs.) ascends the picturesque valley, watered by the green Verzasca with its countless falls and delicious rocky pools, in which trout abound. The road leads by (r.) Vogorno and (l.) Corippo to (10 M.) Lavertezzo (1795'; Osteria della Posta) and (14 M.) Brione (2497'; Inn), the chief village, at the mouth of Val d'Osola, through which an uninteresting path (with guide) leads to the Forcarella Cocco (7010'), Val Cocco, and (8 hrs.) Bignasco (p. 473). Ascending towards the N., our road leads to Gerra, Frasco, and (18 M.) Sonogno (2980'; Inn), the last village, where the valley again divides. Thence W. over the Passo di Redorta (7140'), between the Corona di Redorta and Mte. Zucchero, to Val Pertusio and (8 hrs.; guide) Prato (p. 474), interesting. Another fine route leads to the N. by Cabione and Alp Bedeglia to the Bocchetta di Cima Bianca (6920'), to the W. of the Cima Bianca; it descends to the Alp del Lago (6045'), with its little lake ('laghetto'), and through the Val Chironico to (8 hrs.) Giornico (p. 130).

We cross the wild Verzasca and skirt Lago Maggiore.

14 M. Locarno. — Hotels. \*Grand Hôtel Locarno (Pl. a), with garden, lake-view, and English Chapel, R. from 41/2, B. 11/2, déj. 3, D. 5, pens. 8-121/2 fr.; \*Hôt.-Pens. du Parc (Pl. b), with garden and view, R. 21/2-5, B. 11/4, déj. 21/2, D. 31/2, pens. 7-10 fr.; \*Hôt.-Pens. Beaurivage, R. 2-4, B. 11/4, déj. 21/2, D. 31/2, pens. 6-8 fr.; \*Hôt. Reber, with garden on the lake, R. 2-31/2, B. 11/4, D. 31/2, S. 21/2, pens. 6-9 fr.; \*Hôt. Métropole (Pl. d), R. 2-31/2, B. 11/4, déj. 3, D. 4, pens. from 6 fr.; \*Hôt. Suisse (Pl. e), in the chief piazza, R. 21/2-3, B. 11/4, D. 31/2, pens. 6-7 fr.; \*Hôt. du Lac (Pl. f), near the pier, R. 2-4, B. 11/4, déj. 21/2, D. 31/2, pens. 6-9 fr.; Hôt. International; Hôt.-Pens. Bahnhof, R. 11/2-3, B. 1, D. 21/2, S. 2, pens. from 5 fr.; \*Albergo San Gottardo, unpretending, R. from 11/2, B. 1, D. incl. wine 3, pens. 4 fr. — Pensions. Pension Villa Righetti, Pens. Belvedere, Pens. Villa Muralto, on the way to the Madonna del Sasso, pens. 5-61/2 fr.; Pens. Villa Liberta, pens. 6-8 fr.; Pens. Germania; Pens Edelweiss; Pens. Quisisana. Furnished rooms at Giul. Borghetti's. Steamboats on Lago Maggiore, see p. 475.

Locarno (680'; pop. 3557, Rom. Cath.), a busy little town, very Italian in character, lies beautifully on the Lago Maggiore, at the mouth of the Maggia. Since 1513 it has belonged to Switzerland, but the character of the architecture, scenery, and population is Italian. Its mild climate makes it a favourite transition and winter resort. The expulsion of the Protestants in 1553 arrested the development of the town, which was of considerable importance in the middle ages. The Piazza Grande, with the old Government Buildings and the Palazzo Civico, lies to the W. of the harbour; on its W. side is a monument to the deputy Mordasini (d. 1888). In front of the church of Sant' Antonio is a memorial fountain to Marchese Marcacci (d. 1854). Popular festival on 8th Sept., the Nativity of the Virgin.

Fine view from the \*Madonna del Sasso (1000'), a pilgrimage-church on a wooded rock above the town (1/2 hr.; steep paved path, with 'stations', to the left of the 'Scuola Normale Feminile'). The church contains (1.) a modern \*Entombment by Ciseri, and (r.) a Flight into Egypt by Bramantino. Ascending to the left through the monastery, and crossing a wooden bridge to the left, a steep path leads to (5 min.) a Chapel, containing a painted terracotta group of the Resurrection by Rossi (1887), and affording a most picturesque view of the Madonna del Sasso. The chapel of Trinità del Monte, farther up, commands the N. part of Lago Maggiore. The whole walk takes 11/2 hr. (evening-light best).

Walks. Pleasant walks, to the W., by Solduno, to the (3 M.) Ponte Brolla (see below); to the S.W., across the Maggia, to (2 M.) Losone, with cool wine-cellars ('Grotti'; wine good and cheap), or to (2½ M.) Ascona (p. 475), and thence along Lago Maggiore to Ronco and (6 M.) Brissago (p. 475); still finer is the walk 'over the hill' from Losone to Ronco. Also to the E. to (1½ M.) Minusio, and the (¾ M.) Navegna Gorge, with a chalybeate spring; to the N. to the hill-hamlets of Orselina (1495'; "Hôt.-Pens. Mirafiori, with openair restaurant, R. 1½ 2, B. 1, D. 3, pens. 4-5 fr.), and Brione (1420'; each 3 M.), with pretty views; or to (6 M.) Mergoscia in Val Verzasca (p. 471). From Orselina (see above) a good path leads to (1¼ hr.) the little Albergo Miralago (3225'), with a fine view of the Lago Maggiore, and farther on to the Hôtel Alpenheim (pens. 5 fr.), a milk and air resort. About 1 M. farther up is the Chapel of San Bernardo (3595').

FROM LOCARNO TO DOMODOSSOLA, 12 hrs., through Val Centovalli and Val Vigezzo, repaying (railway in contemplation). Road (diligence twice daily in 11/4 hr. to Intragna) viâ Solduno, Ponte Brolla (p. 473), and Losone to (6 M.) Intragna (1210'; inn), at the confluence of the Melezzo and

Onsernone. Then on the left bank of the Meleza, passing below Borgnone (r.) and (6<sup>1</sup>/<sub>2</sub> M.) an Osteria (on a hill to the left), to (1 M.) Camedo, the last Swiss village. Thence a fatiguing hilly path, crossing the Italian frontier, leads by the villages of Olgia and Dissimo (2790'; good inn) to (2<sup>1</sup>/<sub>2</sub> hrs.) Rè (2560'; several inns), a resort of pilgrims, with a large new hospital. Road thence by (3 M.) Malesco (Leon d'Oro), where the road from Val Cannobina joins ours on the left (p. 476), to (1½ M.) Santa Maria Maggiore (2713'; \*Hôt. des Alpes; \*Posta), capital of the populous Val Vigezzo, and by Druogno and Riva to (91/2 M.) Domodossola (p. 339).

Val Onsernone. Road (diligence from Locarno to Comologno and Spruga daily in 5 hrs.) over the Ponte Brolla (see below) to (41/2 M.) Cavigliano, where a road to Intragna (p. 472) diverges to the left. We then ascend, to the N.W., the picturesque Val Onsernone, in windings, to Loco (inn) and (12 M.) Russo (2638'; Hôt. de la Poste), where the valley divides. The road turns into the W. branch of the valley, and at the Ponte Oscuro (2450'), where the Vergeletto road diverges to the right, it turns back and ascends the S. Vergeletto road diverges to the right, it turns back and ascends the S. branch past Crana to (161/2 M.) Comologno (3540'; no good inn). From (171/2 M.) Spruga, where the road ends, a bridle-path crosses the Italian frontier to the (3/4 hr.) rustic sulphur-baths of Craveggia. Thence across the Bocchetta di Sant' Antonio to Santa Maria Maggiore (see above; 5 hrs.; guide to the pass advisable), repaying. — In the N. branch of the valley, 3 M. from Russo, lies Vergeletto (2980'; \*Osteria Domenigoni). Thence to Cimalmotto (see below) over the Passo di Porcareccio (6420'), or to Cevio by the Lago d'Alzasca (6095'), interesting (with guide).

The \*Val Maggia, 25 M. long, with its bold rock-scenery, rich vegetation, pretty villages, and fine waterfalls, deserves a visit, particularly in spring or autumn. The road (dilig. and carr., see p. 471) leads on the left bank of the wild Maggia, past the (21/2 M.) Ponte Brolla (840'; route to Val Onsernone, see above), to Avegno, where the snowy Basodino is visible for a time, and (81/2 M.) the village of Maggia (1138'; Albergo della Posta). To the right is the fine Cascata della Pozzaccia. Then by Coglio, Giumaglio, Someo, and Riveo (with the beautiful \*Soladino Fall, 330' high, on the left) to Visletto, at the foot of huge cliffs, and over the Maggia to (16 M.) Cevio (1380'; pop. 514; Ristorante del Basodino, with a few rooms; Ristorante della Posta), the capital of the valley, with fine groups of trees and an old church, at the mouth of the Valle di Campo, which is watered by the Rovana.

Through the Valle di Campo a winding road (diligence to Collinasca daily in 11/2 hr.; shorter footpath) ascends to (4 M.) Collinasca (2640). Here we cross the brook descending on the right from the Valle di Bosco (see below) and ascend to (1½ M.) Cerentino (inn, rustic), where the road to Bosco (see below) diverges to the right. Thence our road leads through wood, high up on the N. side of the valley, to Piano, (4½ M.) Campo (4430'; inn), and (1 M.) Cimalmotto (4620'; inn). Noteworthy frescoes in the porch of the church. Thence over the Porcareccio Pass to Vergeletto, see above; over the Passo di Bosa (7425') to (6 hrs.) Crevola (p. 339), easy; over the Passo di Groppo (8310') to Passo, or over the Passo della Fria (3038') and Passo della Forcoletta (7664') to Crodo in the Val Antigorio (p. 346), both easy (guide). — In the Val di Bosco, 7 M. from Cerentino, lies Bosco (4940'; Bronz's inn, well spoken of), Crin, or Gurin, the only German village in Canton Ticino. Thence over the Criner Furka to Val Formazza, see p. 345.

18 M. Bignasco (1425'; pop. 202; Hôt. du Glacier, R. 2-3 $\frac{1}{2}$ , B.  $\frac{1}{4}$ , déj. 3, D. 4, pens. 7-9 fr.), at the mouth of the Val Bavona, is a fine centre for excursions. Engl. Ch. Serv. in summer. The fine Waterfall of Bignasco is 1/2 M. to the S.E.

EXCURSIONS. Pleasant walk to (3/4 hr.) Madonna dei Monti (2360'), a fine point of view; we cross the Maggia below the hotel, and ascend to the left. Beyond the chapel we go farther into the valley, passing some chalets, and ascend the other side of the brook to (20 min.) the Incino Alp; then descend past two fine waterfalls (Bagni di Nerone and Piccolo Niagara) to (40 min.) Bignasco. — Walk by the Fusio road (guide-post) to the (3/4 M.) Pontelotto, cross the Maggia, and return on the left bank. — Walks to Brontallo and (3 M.) Menzonio (2380'; fine view); to (3 hrs.) San Carlo,

FROM BIGNASCO TO THE (10 hrs.) Tosa Falls, or to (11 hrs.) Airolo. A good road ascends the \*Val Bavona, through walnut and chestnut trees, to Cavergno, Fontana, Foroglio (with a cascade), Fontanellato, Sonlerto, and (3 hrs.) San Carlo (3150'; Restaurant Delponte, rustic), whence the Basōdino (10,745') may be ascended with guide (G. Padovani; 5-6 hrs., laborious; descent to the Tosa Falls, 31/4 hrs., p. 345). From San Carlo the fatiguing passes of Halbihoren (8720'), Tamier (9060') and Antabbia (9495') lead to the Val Formazza (p. 345). — From San Carlo a steep ascent, with guide, by Campo, past the beautiful Lielpe Fall, to (21/2 hrs.) Alp Robiei (6566'), and to the W. through Val Fiorina to the (3-31/2 hrs.) Bocchetta di Val Maggia (8710'), and down to (21/2 hrs.) Auf der Frut (p. 345). — Travellers to Airolo, instead of crossing the bridge to Alp Robiei, follow the left bank (with guide) and ascend by Alp Lielpe and Pioda, past the little Lago Sciundrau (7720'), to the (5 hrs.) Forcola di Cristallina (8474'), to the W. of the Cristallina (9547'); then descend over a patch of snow into the Val Torta, and through the Val Cristallina to Ossasco (p. 341) and (3 hrs.) Airolo (p. 128).

The road in the Val Maggia, called Val Broglio above Bignasco, next leads to Broglio and (5 M.) Prato (2460'; Inn, rustic), at the mouth of Val Prato, which ascends to the E. to the Campo Tencia.

The Campo Tencia (N. peak, 10,088'; 8-9 hrs. from Prato, with guide), a splendid point of view, is trying. Up the Val Prato to the highest chalets of the Corte di Campo Tencia (7250') 5 hrs.; then, on the E. side, over the crest of the Crozlina Glacier to the (3-4 hrs.) top. Experts may descend the glacier to the E. to Alp Crozlina, and by Dalpe to Faido (p. 129). — Over the Redorta Pass to the Val Verzasca, see p. 471.

At (6 M.) Peccia (2785'; inn, rustic) the Val Peccia opens on the left, with the Poncione di Braga (9405') at its head. The upper Val Maggia is named the Val Lavizzara from the 'lavezzo' stone found there. The road ascends in windings (short-cuts) to the level head of the valley, crosses the wild gorge of the Maggia by the (9 M.) Ponte della Gola, and leads past (9½ M.) Mogno, again in windings (short-cut to the right), to (11 M.) Fusio (4200'; \*Hôt. Dazio), the last village in Val Maggia, picturesquely situated.

A pleasant wood-walk leads from Fusio to (1/2 hr.) the hamlet of Sambucco (4485'), with a waterfall. — Passes from Fusio (with guide): to the N. by Corte and the Sassello Pass (7697') to (51/2 hrs.) Airolo; to the W. over the Passo di Naret (8015'), and past the little lake of that name, to (7 hrs.) Ossasco; to the N.E., by Colla and Alp Pianascio, to the (21/2-3 hrs.) Campolungo Pass (7595'; fine view; whence we may scale the Poncione Tremorgio, 8780', a splendid point, 11/4 hr.); descent either to the right by Alp Cadonighino and Dalpe (see above) to (3 hrs.) Faido (p. 129), or (very steep) to the left to the little Lago Tremorgio (5997') and (2 hrs.) Rodi-Fiesso (p. 129).

## 109. Lago Maggiore.

Railway from Bellinzona by Luino to Novara, 67 M., 4-5 hrs. (12 fr., 8 fr. 45 c., 6 fr.); to Luino in 1\(^1/4\-1\)\choose hr. (4 fr. 50, 3 fr. 20, 2 fr. 10 c.). Stations: 2\(^1/2\) M. Giubiasco; 5\(^1/2\) M. Cadenazzo; 10\(^1/2\) M. Magadino; 12\(^1/2\) M. San Nazzaro; 14\(^1/2\) M. Ranzo-Gerra; 17 M. Pino, the first Italian station; 21 M. Maccagno; 25 M. Luino, with the Italian and the Swiss customhouse; 29 M. Porto Valtravaglia; 34 M. Laveno; 36\(^1/2\) M. Leggiuno-Monvalle; 40\(^1/2\) M. Ispra; 43\(^1/2\) M. Taino-Angera; 47 M. Sesto-Calende (see Baedeker's Northern Italy). — From Bellinzona to Locarno, see p. 471.

Steamboat 2-3 times daily in summer from Locarno to Arona, 2-4 times daily from Cannobio to Arona, and 5-6 times from Luino to Pallanza and Stresa. From Locarno to Arona 51/2-61/2 hrs., from Luino to Isola Bella 21/4-41/2 (from Laveno 1-11/4 hrs.); from Isola Bella to Arona 11/4-11/2 hr. (fare from Locarno to Arona 6 fr. 15, or 3 fr. 45 c., from Luino to Isola Bella 3 fr. 25 or 1 fr. 90 c., from Isola Bella to Arona 1 fr. 95 c. or 1 fr. 20 c., landing and embarking included). Tickets should be taken before embarkation, as 40 c. extra is charged for each ticket issued on the steamers themselves. The steamers are sometimes very unpunctual. Some of them are saloon-steamers, and all have restaurants on board (lunch 3, D. 41/2 fr.).— The names of the steamboat-stations are printed below in heavy type; those always touched at are Locarno, Brissago, Cannobio, Luino, Laveno, Intra, Pallanza, Baveno, Isola Bella, Stresa, Belgirate, Lesa, Meina, Arona.— RETURN TICKETS from the chief stations on the lake to Milan (steamer to Laveno, railway thence, by Varese), valid for 8 days; fares 13 fr., 9 fr. 40, 5 fr. 60 c. (Sunday tickets, 8 fr. 50, 6 fr. 20, 3 fr. 90 c.)

The \*Lago Maggiore (636'; greatest depth 1220'), the Roman Lacus Verbanus, is about 37 M. long, and 11/2-3 M. in width. The N. end belongs to Canton Ticino. The W. bank beyond the brook Valmara, and the E. bank from the Dirinella belong to Italy. The chief tributaries of the lake are the Ticino and the Maggia on the N., and the Tosa (Toce, see p. 482), on the W. The efflux at the S. end retains the name of Ticino. At the upper end the lake is enclosed by lofty mountains, mostly wooded, while the E. bank towards the foot slopes gradually down to the plains of Lombardy. The water is green in its N. arm, and deep blue at the S. end.

Locarno, see p. 472. Opposite, in the N.E. angle of the lake, at the influx of the *Ticino*, lies Magadino (rail. stat.; *Pens. Viviani*,

 $4^{1}/_{2}$ -5 fr., on the lake), at the foot of Mte. Tamaro (6433').

To the S. of Locarno, where the deposits of the Maggia have formed a large delta, opens the Val Maggia (p. 473). The W. bank farther on is dotted with villages, country-houses, and campanili. In an angle lies Ascona (small-boat stat.), with a ruined castle and several villas; then Ronco, higher up the hillside. Passing the two small Isole de Brissago, we touch at Gerra and Ranzo (rail. stat.) on the E. bank; then, on the W. bank, at Brissago (\*Hôt. Suisse), the last Swiss village, with pretty houses and luxuriant gardens, and a fine group of cypress-trees near the church. The slopes above are clad with fig-trees, olives, and pomegranates, and even the myrtle flourishes in the open air. Pleasant walk to the Madonna del Monte, with its chalybeate spring. — To the S. is a large 'international tobacco-manufactory'. Italian custom-house examination on board the steamer.

Opposite, on the E. bank, lies the Italian Pino (rail. stat.).

Sant' Agăta and Cannobio (Hôt. Cannobio et Savoie, on the lake, R. 2-31/2, pens. 6-8 fr.; Alb. delle Alpi, moderate; \*Pens. Villa Badia, 11/2 M. to the S., 260' above the lake, quiet, pens. 6-7 fr.) are also Italian. Cannobio (pop. 2600), one of the oldest and largest places on the lake, lies at the entrance of Val Cannobina. The church of the Madonna della Pietà, with a dome attributed to Bramante, contains a \*Bearing of the Cross by Gaudenzio Ferrari.

Pleasant walk (also omnibus) up the Val Cannobina to (11/4 M.) La Salute (hydropathic), and by Traffiume to the (20 min.) Orrido, a grand rocky gorge with a waterfall (reached by boat from Traffiume, 1/2-1 fr.). — The road up the valley, frequently crossing the river, leads past the villages of Spoccia, Orasso, Cursolo, and Gurro, on the heights on each side, and across a low saddle to Finero (inn) and Malesco, in the Val Vigezzo, and descends to (19 M.) Santa Maria Maggiore (p. 473). Carriage from Cannobio to Santa Maria in 5 hrs., 15, with two horses 30 fr.

The steamer steers to the E. bank and touches at Maccagno (rail. stat.; Alb. della Torre), with a picturesque church and old tower. Farther on we see the viaducts and tunnels of the Bellinzona-Novara line skirting the lake. Then Colmegna, in a wooded ravine.

Luino (rail. stat.). — The PIER adjoins the waiting-room (déj. 2½, D. 4½ fr., incl. wine) of the Steam Tramway to Ponte Tresa (Lugano; see p. 485). To the left, passing a statue of Garibaldi, and following the broad 'Via Principe di Napoli', we reach the (10 min.) Stazione Internazionale, of the Bellinzona-Genoa line, where the Italian and Swiss custom-house examinations take place (\*Restaurant, déj. 3 fr.). Omnibus 40 c., handluggage 25, trunk 50 c.

Hotels. \*Grand Hôt. Simplon et Terminus, on the lake, to the S. of the town, with garden, R. 3-5, dej. 3, D. 4<sup>1</sup>/<sub>2</sub>, pens. 8-12 fr.; Hôt. Poste et Suisse, well spoken of, with baths, R. 2-3, D. 3<sup>1</sup>/<sub>2</sub>, pens. 7-8 fr.; Vittoria, R. 2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, dej. 2<sup>1</sup>/<sub>2</sub>, D. 4, pens. 8 fr.; \*Ancora et Bellevue, R. 2-2<sup>1</sup>/<sub>2</sub>, B. 1<sup>1</sup>/<sub>4</sub>, dej. 3, D. 4, pens. from 6 fr., these three near the pier. — Near the Stazione Internazionale: Milano, R. 2<sup>1</sup>/<sub>4</sub>, dej. 2, D. 3 fr., incl. wine. —

Café Clerici.

Luino (690'), a busy little town with 1800 inhab., lies at the base and on the slopes of the hills, a little to the N. of the mouth of the Tresa (p. 485). Near the pier is a Statue of Garibaldi. The church of San Pietro is adorned with frescoes by Bernardino Luini, a native of the place (ca. 1470-1530). At the mouth of the Tresa, \(^1/\_2\) M. to the S., lies Germignaga, with the silk-spinning factories of E. Stehli-Hirt of Zürich.

Near the W. bank, on rocks in the lake, rise the two Castelli di Cannero, half in ruins, the property of Count Borromeo. In the 15th cent. they harboured the five brothers Mazzarda, notorious brigands, the terror of the district. Cannero (Hôt. Pens. Nizza, well spoken of; Alb. Cannero) lies beautifully amidst vineyards and orchards. We next pass Barbè, with its graceful spire, Oggebbio, built in terraces on the slope, and Ghiffa (\*Hôt. Ghiffa, pens. 6 fr.; Albergo Centrale), on the W. bank, and Porto Valtravaglia (rail. stat.; Osteria Antica), on the E. bank. In a wooded bay beyond the last lies Caldè, with the old Castello di Caldè on a hill. To the S. rises the

green Sasso di Ferro (see below); to the W., Monte Rosa and the Simplon group are visible.

Laveno (rail. stat.; \*Posta, R. 23/4, B. 11/4, D. 21/2-3 fr.; \*Moro, Italian, R. 2 fr.) is beautifully situated in a bay at the mouth of the Boesio, once an Austrian war-harbour. The pier adjoins the station of the Varese-Milan line; the station of the St. Gotthard Railway (p. 475) is 1/2 M. farther on (omnibus). Near the quay is a monument to the Garibaldians killed in 1859. Large pottery (Società Ceramica Italiana) on the site of the old Fort St. Michele (to the left, as we enter the bay); above it, Villa Pullè, with a tower

containing memorials of 1859.

The Sasso di Ferro (3485'; 2½-3 hrs.), easily ascended from Laveno (red way-marks), affords a noble survey of the lake, the plain as far as Milan, and the huge snow-peaks of the Mte. Rosa chain to the N. Behind the Sasso di Ferro, 6 M. to the N.E. of Laveno, lies the hamlet of Vararo (2380'), whence \*Monte Nudo (4050') is easily ascended in ½ hr.: grand view of Lago Maggiore, the lakes of Lugano and Varese, and the Valaisian High Alps. — Pleasant excursion from Laveno (carriage 5 fr.), by Cerro (road diverging to the right beyond the Boesio bridge, a few min. short of the St. Gotthard station), or by boat (3 fr.), to the (½¼ hr.) monastery of Santa Caterina del Sasso, situated on the slope high above the lake. Imbedded in the roof of the church is a mass of rock which fell upon it in the 17th century. Charming view of the Borromean Islands and of the snow-mountains to the W.

From Laveno to the Borromean Islands and Pallanza (p. 478), boat, with 3 rowers, 10-12 fr. (to Isola Bella 11/2 hr., thence to Isola Madre 20 min., Pallanza 20 min.).

From Laveno to Como viâ Varese (32 M.; railway 2½4 hrs.) or Milan (45½ M.; railway 2½4-3 hrs.). The line leads past the S. base of the Sasso di Ferro through Val Cuvio, watered by the Boesio, by Cittiglio, Gemonio, Cocquio, Gavirate, Barasso, and Casbeno, to (14 M.) Varese (1250'; pop. 5800; \*Gr.-Hôtel Varese, 1 M. to the W., near Casbeno, the nearest station, R. 5, déj. 3½, D. 5 fr.; Italia, Europa, Angelo, etc.), charmingly situated near the lake of that name, with numerous villas. Splendid view from the Madonna del Monte (2885'), 2½ hrs. to the N.W. (electric tramway from the rail. stat. to the Prima Cappella, 60 c., back 30 c.). A branch-line runs hence to Induno and (9½ M.; ½ hr.) Porto Ceresio, on Lake Lugano (p. 486). — 16½ M. Malnate, junction of the lines to Milan, by Saronno, and to Como by Solbiate, Olgiate, Lurate-Caccivio, Civello, Grandate, and Camerlata (p. 495).

FROM LAVENO TO MILAN VIÂ GALLARATE, 45 M., railway in  $2^{1}/_{2}$  hrs. —  $2^{1}/_{2}$  M. Sangiano. The line diverges to the left from that to Sesto and passes through a tunnel. 5 M. Besozzo. 10 M. Ternate-Varano, on the lovely Lago di Comabbio. Tunnel.  $13^{1}/_{2}$  M. Crugnola-Cimbro;  $16^{1}/_{2}$  M. Besnate. — 20 M. Gallarate. Thence to  $(45^{1}/_{2}$  M.) Milan, see p. 482.

As the steamer returns to the W. bank, we obtain a glimpse at the N. neighbours of Monte Rosa: first the Strahlhorn, then the Mischābel and the Simplon group.

Intra (\*Hôtel de la Ville et Poste, R. 21/2-31/2, B. 11/4 fr.; Hôt. Intra; Agnello), a thriving town of 5700 inhab., lies on alluvial soil between the mouths of the San Giovanni and San Bernardino torrents, which supply the numerous factories of the town with water-power. On the quay is a marble statue of Garibaldi, and near it a warriors' monument of 1859. In the market-place is a tasteful

monument to Francesco Simonetta, the Italian patriot; and in the Piazza del Teatro rises a bronze statue of Victor Emmanuel II., by Barsaglia. — On the lake, 1/2 M. to the N., is Count Barbo's \*Villa Franzosini, and 3/4 M. beyond it is Sign. Ceriani's \*Villa Ada, both noteworthy for their luxuriant vegetation.

Pleasant walk from Intra, to the N., by a good road viâ Arizzano (shady short-cuts; carr. 16, with two or three horses 25 fr.), to  $(3^1/2 \text{ M.})$  Bee (1950'; \*Alb. Bee), with a fine view of Lago Maggiore, and (23/4M.) Premeno (2650'; \*Hôt.-Pens. Premeno, pens. 8 fr.; Restaurant Tornico, with beds). Above it (10 min.) is the Tornico, a platform laid out in honour of Garibaldi, with a good spring; and 1/4 hr. higher is the Bellavista, commanding the Alps, the lake, and (W.) the fertile Val Intragna.

Omnibus to Pallanza and Gravellona, see below.

To the S. of Intra the Punta della Castagnola juts into the lake. When we have rounded the headland and entered the wide W. bay of the lake, the Borromean Islands are disclosed to view: near the S. bank, Isola Bella; W. of it, the Isola dei Pescatori; in the foreground, Isola Madre; lastly the little Isola San Giovanni, near Pallanza, with its chapel, house, and gardens. Beyond the Isola dei Pescatori rises the blunt pyramid of Mte. Mottarone, with the hotel at the top; farther to the W. are the white quarries near Baveno; in the background, the snow mountains between the Simplon and Monte Rosa.

Pallanza. — Hotels. \*Grand Hôtel Pallanza, finely situated 10 min. ralianza. — Hotels. "Grand Hotel Pallanza, finely situated 10 min. to the E. of the pier, with several dépendances and the Villa Montebello, R. 4-7, B. 1½, déj. 3-4, D. 5-6, music 1, lake-bath 1, pens. 7½-12½, in winter 7½-10½, omn. 1-1¼ fr. "Grand Hôtel Eden, 3 min. farther on, splendidly situated on the Punta della Castagnola (see above), R. 3½-7, B. 1½, déj. 3, D. 5, pens. 8-14 fr. — "Hôt. Métropole et Poste, R. 2½-3½, B. 1½, D. 4-5, pens. 7-9 fr.; Hôt. St. Gotthard et Pens. Suisse, R. from 2, B. 1¼, déj. 2½, D. 3½ fr., Italian; Hôt. Bellevue, R. 2-4, B. 1, déj. 2½, D. 3½, pens. 6-9 fr., these three at the pier; Hôt. Milan et Suisse, very fair, R. ½-4, B. 1¼, déj. incl. wine 2, D. incl. wine 3, pens. from 5 fr. — "Pens. Villa Castagnola, 6-8 fr.; "Pens. Villa Maggiore, 5-6 fr. — Café Bolongaro, near the pier, Munich beer.

DILIGENCE (office opposite Hôt. St. Gotthard) to Gravellona (p. 482; 6 M.), 4 times daily; 1 hr. (1 fr. 65 c., banquette  $2^{1}/_{2}$  fr.; 33 lbs. of luggage free), corresponding thrice with omnibus to Intra (see above; 25 min.; 50 c.).

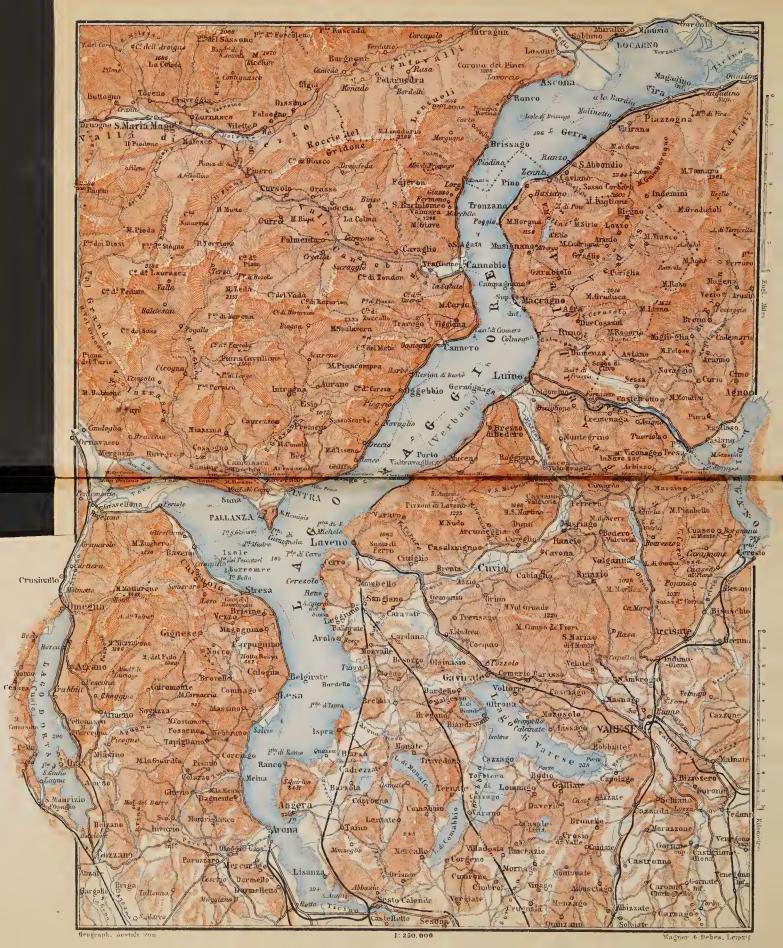

Boats. With one rower to Isola Madre and back 21/2, with two 4 fr.; to Isola Bella and back 31/2 or 6 fr.; to both islands and back 4 or 7 fr.; to Stresa and back 4 or 7 fr.; to Laveno or to Santa Caterina del Sasso and back 5 or 9 fr.

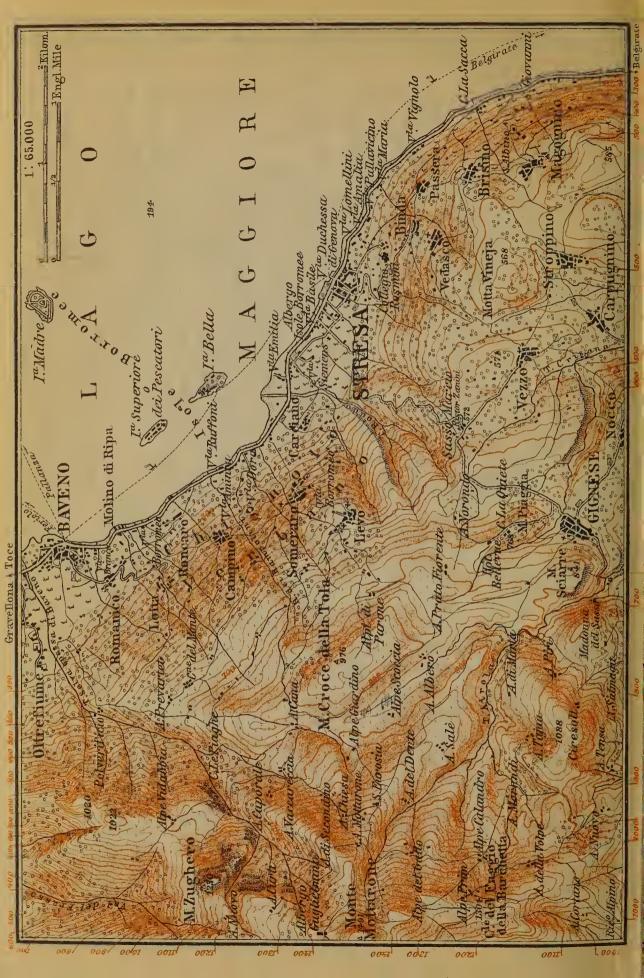

ENGLISH CHURCH SERVICE in the Grand Hôt. Pallanza (April-Oct.).

Pallanza (660'), a busy little town of 3200 inhab., beautifully situated opposite the Borromean Islands, commands a fine view of the lake and the snow-clad Alps (Mischabel, Fletschhorn). Opposite the pier is the market-place (Piazza Garibaldi), with the town-hall (Municipio), a monument to the statesman Carlo Cadorna by Trubetzkoy (1895), and the church of San Leonardo (16th cent.). The street to the right leads past the villas Melzi d'Erile and Biffi, the Grand Hôtel Pallanza (see above), and the nursery-garden of Rovelli (worth visiting; left), to the cape of Punta Castagnola,

with the Grand Hôtel Eden (p. 478), and (2 M.) Intra. — In the street leading inland from the market-place is the large Penitenziario, a prison built in 1854, and at its end (left) the church of Santo Stefano (with a Roman inscription to the left of the portal). Straight on, the broad 'Viale Principe Umberto' leads past the baths of Caprera (alkaline spring) to (1/4 hr.) the domed church of Madonna della Campagna, at the base of Mte. Rosso (2273') which we may ascend in 11/4 hr. by a new road in several windings diverging to the left from the Trobaso road (see below; small restaurant at the top).

WALK ROUND MONTE Rosso (31/2-4 hrs.). From Madonna della Campagna we go straight on to the (1/4 hr.) Osteria del Plusc, where we cross the San Bernardino (p. 477; footpath up the left bank); 20 min., road from Intra. In (6 min.) the village of Trobaso we turn to the left; 12 min., the Intra. In (6 min.) the village of Trobaso we turn to the left; 12 min., the road forks: to the right to Unchio (see below); to the left (yellow marks) we recross the San Bernardino by a handsome bridge, and reach (1/4 hr.) Santino. Then by a steep and stony path to (1/2 hr.) Bieno and (1/2 hr.) Cavandone, passing the pilgrimage-church below the village; a view of the lake is soon revealed; 11/2 hr. Suna (see below). — At Trobaso the road to the right (black marks) leads to (1/4 hr.) Unchio and (40 min.) Cossogno (Albergo Cossogno); here, to the left, by the 'Via Solferino', and a stony path, to the (1/4 hr.) 'Roman Bridge', high above the picturesque gorge of the San Bernardino. We ascend by steps to the (1/4 hr.) church of Rovegro, turn to the right to the village, and in it turn to the left and follow a stony path on the hillside in the direction of Santino, then to the right again and ascend to Bieno (see above).

The ascent of the \*Monte Zeda (7075'; 8 hrs.; green marks) is very attractive. The road leads viâ Trobaso (see above; turn to the right), Cambiasca (987'), and Comero to the (9 M.) mountain-village of Miazzina

Cambiasca (987'), and Comero to the (9 M.) mountain-village of Miazzina (2365'; Ristorante Principessa Elena). Thence we follow a sunny footpath, viâ the (3 hrs.) Pian Cavallone (5135'; Albergo Nava, plain) and the Pizzo Marona (6725'), to the (2 hrs.) top, which commands a beautiful view.

To the W. of Pallanza the road skirts the lake to (1 M.) Suna (small-boat station; \*Park Hotel and Pens. Suna, with garden, R. from 11/2, pens. from 5 fr.; Alb. Pesce) and (3 M.) Fondo Toce, at the mouth of the rapid Tosa (Toce; where a road to the little Lago di Mergozzo diverges to the right); thence past the granite quarries of Mont' Orfano, and by a five-arched bridge over the Tosa to rail. stat. Gravellona (p. 482; 6 M. from Pallanza; omn., p. 478).

We next reach Feriolo (small-boat stat.; seldom touched at), 23/4 M. from Gravellona (p. 482; omn. from Stresa, p. 480). The large granite quarries on the hillside between Feriolo and Baveno, noted for centuries for excellent building material, are now worked mainly by the Della Casa Company, a British enterprize.

Baveno, - Hotels (all with gardens). \*GRAND Hôt. BELLEVUE, R. 4-7, déj. 3<sup>1</sup>/<sub>2</sub>, D. 5, pens. 9-12 fr.; \*Beaurivage, R. 2-5, B. 1, déj. 2, D. 3, pens. 5-9 fr.; \*Hôt.-Pens. du Simplon, R. 2-3, B. 1, déj. 2, D. 3, pens. from 5 fr.; Hôt.-Pens. Suisse, R. 2, pens. 5 fr.

Diligence to Gravellona (5 M.; p. 482) thrice daily, in 40 min.; 1 fr. 15,

coupé 1 fr. 75 c.

BOAT to the Isola Madre and Isola Bella, 21/2 fr. and fee.

ENGLISH CHURCH in the garden of Villa Clara.

Baveno (pop. 700), which affords a fine view of the lake, is well adapted for a stay, especially in summer. The Villa Clara, on the

S.E. side of the village, was occupied by Queen Victoria for three weeks in April, 1879, and for a month by the invalid Crown Prince

of Germany in Oct., 1887 (no admission).

The most charming feature of this W. bay of the lake consists in the \*Borromean Islands, the scenery around which rivals that of the Lake of Como in grandeur, and perhaps surpasses it in richness. Only a few of the steamers touch at the Isola Superiore, or Isola dei Pescatori (Trattoria del Verbano, plain), which is almost entirely occupied by a fishing hamlet, but all of them stop at the -

\*Isola Bella (Hôt. du Dauphin or Delfino, R. 3, B. 11/4, déj. 3, D. 4, pens. 7 fr., well spoken of), the most famous of the group. In the splendour-loving, but tasteless 17th cent. Count Vitaliano Borromeo (d. 1690) erected a château on this islet, and covered the barren mica-slate rock with beautiful Gardens, rising on ten artificial terraces, 100' above the lake, and displaying all the wealth of Italian vegetation: lemon and orange trees, cedars, magnolias, cypresses, laurels, camellias, oleanders, etc.; but the grounds are disfigured with shell-grottoes, fountains (dry), mosaics, and statues in the style of the period. The great charm consists in the lovely view of the banks of the deep-blue lake, studded with dwellings, clothed with luxuriant vegetation, and enhanced by the snow-mountains in the background. The large but unfinished Château contains handsome saloons, a hall with Flemish tapestry of the 17th cent., and a picture-gallery (many copies). The private chapel (adm. only by special permission) contains the magnificent Renaissance tombs of Camillo and Giovanni Borromeo (15th and 16th cent.). Visitors are admitted from 15th March to 15th Nov. daily, except Mon., from 9 a.m. to 3, 4, or 5 p.m., according to the season. A servant shows the château (fee 50 c.; for a party 1 fr.), and a gardener the grounds (similar fee). Boat to Isola Madre and back with two rowers 3 fr.

The \*Isola Madre (not a steamboat-station), which also belongs to the Borromeo family, is laid out on the S. side in seven terraces, with lemon and orange trellises. On the highest terrace is an uninhabited Palazzo, with a beautiful view. On the N. side are delight-

ful grounds, with luxuriant vegetation (gardener 1 fr.).

On the bank of the lake, a little to the S.E. of Isola Bella, lies -

with a fine garden, R. 4-7, B. 11/2, déj. 31/2, D. 5, pens. 91/2-14, omn. 1 fr., closed from the middle of Nov. to the middle of March; \*Hôt.-Pens. Beau-Séjour, above the village, with a large garden, R. 3, déj. 31/2, D. 41/2, pens. from 8 fr.; \*Hôtel Milan, with a small garden on the lake, near the pier, R. 2 4, B. 11/2, déj. 3, D. 4, pens. 7-10 fr. — Albergo Reale, on the lake, Italian, R. 21/2, B. 1, déj. 3, D. 4, pens. 6-7 fr.; \*Italia et Pens. Suisse, R. 2-21/2, B. 11/4, déj. 21/2, D. 31/2, pens. 6-7 fr.; \*Hôt.-Pens. San Gottardo, Italian, with garden, R. 11/2-2, déj. 2, D. 3, pens. 51/2-6 fr. Stresa. — Hotels. \*GRAND Hôt. DES ILES BORROMÉES, 1/2 M. from the pier,

BOAT (barca) with one rower 2 fr. for the first hour, and 50 c. for each half-hour more. - Diligence to Gravellona (71/2 M.; p. 482) twice daily in

17/4 hr.; 1 fr. 80, coupé or banquette 2 fr. 70 c. ENGLISH CHURCH SERVICE at the Hôt des Iles Borromées (April-Oct.).

Streså (pop. 1300), which enjoys a picturesque view of the Borromean Islands, is cooler and airier than the places on the N. bank of the lake, and is therefore inviting for a stay during the hot season. In the vicinity are many villas of the Italian aristocracy. The Villa Ducale, to the W. of the Alb. Milano, belongs to the Duchess of Genoa, and a new mansion in the park to her son, the Duke of Genoa. — On the hillside, ½ M. to the S., is the Collegio Rosmini (875'). The church contains the monument of the philosopher and statesman Ant. Rosmini (d. 1855), with a noble statue by Vela. Above the lake, ½ M. to the S.E., are the finely situated Villa Pallavicino and (¼ M. farther on) Villa Vignolo, with beautiful

gardens (visitors admitted).

FROM BAVENO OR STRESA TO MONTE MOTTARONE, 31/2-4 hrs. (guide, prudent for last third of ascent, 5 fr.; mule with guide 8 fr.; hill-car from Stresa to the Hôtel Bellevue 10 fr.). The road from BAVENO ascends, mostly through wood, by Romanico, Campino, and Someraro (1500'), where it is joined by a route diverging from the Baveno and Stresa road opposite Isola Bella, to the (13/4-2 hrs.) hamlet of Levo (1915'; \*Hôt. Levo, pens. 6-7 fr.). A road leads hence to the left to the Hôtel Bellevue (25 min.; see below). The path to the Mottarone ascends over pastures, past the Alpe Giardino (3058'), to the (1 hr.) little chapel of Sant' Eurosia (3685'), where we keep straight on; 20 min. Alpe del Mottarone, amidst fine beeches and elms; 1/2 hr. Albergo Mottarone.—From Stresa we take a road diverging from the highroad, to the E. of the Hôt. des Iles Borromées; 1 hr. Ristorante Zanini (1875'), a chalet on an open meadow (finger-post: to the right to Levo, see above). Our road goes straight on to Gignese, on this side of which (25 min. from the Ristor. Zanini) a road diverges to the right to the (1/4 hr.) \*Hôtel Bellevue (2755'; pens. 71/2-8 fr.), with view of Pallanza, Intra, and Baveno. We next ascend over pastures, and the Alpe del Mottarone (see above), to the (13/4 hr.) \*Albergo Mottarone of the brothers Guglielmina (1675'; open from the end of April to Nov. 1st; R. 3, B. 11/2, déj. 3, pens. incl. wine 7-8 fr.), 10 min. below the grassy top of \*Monte Mottarone (4890'), the highest of the Margozzolo group of hills. The view (panorama by Bossoli, in the hotel) embraces the Alps, from the Col di Tenda and Monte Viso on the W. to the Ortler and Adamello on the E. The Mte. Rosa group stands out very grandly, especially by morning-light. At our feet lie the seven lakes of Orta, Mergozzo, Maggiore, Biandrone, Varese, Monate, and Comabbio; more to the right stretch the great plains of Lombardy and Piedmont, with Milan and its cathedral in the centre; and farther to the W. is Turin with the Superga. The silvery Ticino and Sesia m

On the W. side a path, steep at places (guide prudent), descends direct to (2 hrs.) Omegna (rail. stat., p. 482). — Travellers to Orta (41/4 hrs. take a broad bridle-path on the S. side of the hill, leading (1 hr.) above Alpe Cortano (r.), and (40 min.) past the Madonna di Luciago, to (40 min.) Cheggino (2120') and (1/4 hr.) Armeno (1715'; Alb. al Mottarone), on the high-road, which they follow. After 12 min. the road forks: the left branch leads to Miasīno (p. 482), the right descends by Carcegna, crossing the rail-way to Gravellona (stat. Orta-Miasino lying to the left), to (3 M.) Orta (p. 482).

The banks gradually become flatter. On the W. bank is **Belgirate**, with the villas Cavallini, Fontana Principessa Matilda, etc. Then **Lesa** and **Meina** (Alb. Zanetta). On the E. bank **Angera** (rail. stat.), with an ancient castle of the Visconti, which has belonged to Count Borromeo since 1439.

Arona (695'; pop. 3300; \*Alb. Reale d'Italia e Posta, \*San Gottardo e Pens. Suisse, both on the quay), an old town on the W. bank of the lake, lies 3 M. from its S. end. In the principal church,

Santa Maria, is the Borromeo chapel, to the right of the high-altar, with an \*Altar-piece of the Holy Family by Gaudenzio Ferrari (1511). On a commanding height, 1/2 hr. to the N., rises a colossal Statue of San Carlo, 70' high, resting on a pedestal 43' high, erected in 1697 in honour of the famous cardinal, Count Carlo Borromeo Archbishop of Milan, who was born here in 1538 (d. 1584, canonised 1610).

FROM ARONA TO MILAN, 42 M., railway in 2-21/2 hrs. (6 fr. 80, 4 fr. 55, 2 fr. 65 c.). The chief stations are Sesto-Calende and (17 M.) Gallarate, junction of the lines from Varese and Laveno (p. 477).

## 110. From Domodossola to Novara. Lake of Orta

56 M. RAILWAY in  $3\frac{1}{3}$  hrs. (fares 10 fr. 45, 7 fr. 35, 4 fr. 70 c.); to Gravellona (omn. to Pallanza and Stresa, see pp. 478, 480), 20 M., in  $1\frac{1}{4}$  hr. (fares 3 fr. 50, 2 fr. 45, 1 fr. 55 c.).

Domodossola, see p. 339. — The line runs through Val d'Ossola, on the right bank of the Tosa or Toce, which divides into numerous channels and fills the whole valley with its gravelly bed. - At (41/2 M.) Villadossola we cross the Ovesca, which issues from the

Val Antrona (p. 339) to join the Tosa.

51/2 M. Pallanzeno (750'). At (7 M.) Piedimulēra (810'; Corona e Posta, R. 11/2-31/2, B. 11/2, déj. 3, D. 31/2 fr.; Alb. Piedimulera or Cavour; Alb. della Stazione) the Val Anzasca opens on the right. (To Macugnaga, see p. 372.) We cross the Anza to (81/2 M.) Rumianca, and the Tosa by a bridge 990 yds. long to (91/2 M.) Vogogna (715'; Corona), lying picturesquely at the foot of steep rocks, with a ruined castle. — 11 M. Premosello. Beyond (131/2 M.) Cuzzago we cross the Tosa again. Near (16 M.) Ornavasso (Italia; Croce Bianca) are large marble-quarries, on the hill to the left.

20 M. Gravellona-Toce (Rail. Restaurant), with large cotton-

mills, where the Strona falls into the Tosa.

Travellers to Lago Maggiore alight here: road to Pallanza (61/4 M., by Fondo Toce and Suna), see p. 479 (omn., p. 478; one-horse carr. 5, two-horse 10 fr.); road to Baveno (5 M., by Feriolo) and Stresa, see p. 480 (omn., p. 480; one-horse\*carr. 5, two-horse 10 fr.; to Baveno only 4 or 8 fr.).

— Carriages are always to be had at the Gravellona station. No need to secure seats beforehand. secure seats beforehand.

The train runs to the S. up the fertile valley of the Strona. 22 M. Crusinallo. We cross the river and the Nigulia Canal, which drains Lake Orta.

231/2 M. Omegna (Alb. della Posta), a thriving place with a large paper-mill, at the N. end of the Lago d'Orta (950'), a charming lake 71/2 M. long, now also called Lago Cusio after its dubious ancient name. - The train runs high above the lake, with beautiful views. 271/2 M. Pettenasco. We cross the Pescone and the imposing Sassina Viaduct.

29 M. Orta, also station for Miasino. — The Station (Hôt. Garibaldi) lies 1 M. above Orta; at the exit we turn to the left, pass under the railway, and then go straight on, past (1/2 M.) the Villa Crespi (in the

Moorish style), beyond which a finger-post shows the way (r.) to Monte d'Orta and (1/4 hr.) Alb. Belvedere.

Hotels. \*Albergo Belvedere, in a commanding position on the W. brow of the Monte d'Orta, R. 3, D. 4 fr. — \*Alb. San Giulio, Alb. Orta, both 11/4 M. from the railway-station, in the market-place on the lake.

The little town of Orta (pop. 1900), consisting chiefly of a small piazza opening on the lake, and a long and narrow street, with a number of pretty villas extending towards the station, lies opposite the little Isola San Giulio, at the S.W. foot of the finely wooded Monte d'Orta (1315'), which juts far into the lake. Ascent halfway between town and station (see above), or from the Piazza through the garden of the Villa Natta (50 c.). In the 16th cent. 20 chapels were erected on the hill in honour of St. Francis of Assisi, each containing a scene from his history in painted lifesize figures of terracotta (the best in the 13th, 16th, and 20th chapels; in the last, the canonisation of the saint; fee 20-30 c. each). The hill, also called Sacro Monte, is laid out as a park, with walks affording delightful views. From the Campanile at the top (1/2) fr.) we enjoy a panorama dominated on the W. by the snowy Mte. Rosa.

Boat to Isola San Giulio and back 11/2 fr. The church, ascribed to St. Julius, who came from Greece in 379 to convert the natives, has been frequently rebuilt. It contains old reliefs, frescoes, and a Romanesque pulpit; in the sacristy, a Madonna by Gaudenzio Ferrari; in the crypt below the high-

in the sacristy, a Madonna by Gaudenzio Ferrari; in the crypt below the highaltar, a shrine of crystal and silver containing the body of St. Julius.

Excursions: to the W. to (1 hr.) Madonna della Bocciola (1565'; view), on the hill above the station; to the S. to the (11/4 hr.) Torre di Buccione (see below, boat to Buccione 11/2 fr.), with view. By Pella (see below) to (1/2 hr.) Alzo, with granite-quarries (branch-line from Gozzano, see below), and to (1 hr.) the Madonna del Sasso (2090'), the church of the hamlet of Boletto, on a lofty cliff, another fine point.

From Orta to the Mottarone (4-5 hrs.), by Carcegno, Armeno, and Cheggino, see p. 481; arrows on the houses point 'al Mottarone' or 'al Mergozzolo'; guide 6, mule 10 fr.

Beautiful view of the lake with the island of San Giulio (see above) as we proceed; on an abrupt rock of the W. bank is the church of Madonna del Sasso (see above). 30 M. Corconio. The train traverses a cutting on the W. side of the Castello di Buccione, a conspicuous old watch-tower at the S. end of the lake. 311/2 M. Bolzano. 331/2 M. Gozzano is the junction for Alzo (see above). We traverse the fertile Val d'Agogna. 37 M. Borgomanero; 47 M. Momo; 51 M. Caltignaga; 56 M. Novara (Italia; Tre Re). Thence to Milan (p. 495), 11/4 hr.; to Laveno (p. 477), 11/2 hr. (comp. Baedeker's N. Italy).

FROM ORTA OVER THE COLMA TO VARALLO, 41/2 hrs. (donkey 6, to the Colma 3 fr.; guide, 5 fr., needless). On the W. bank of the lake lies Pella (1000'; Pesce d'Oro, rustic), amidst vines, chestnuts, and walnuts. (Boat from Orta in 20 min., fare 11/2 fr.) At Pella we strike the road leading on the hillside from Alzo (see above) to (3 M.) Arola (2020'; fine view towards the Lake of Orta behind us). The path turns to the left 5 min. above the village, descends a little, and runs level for 1/2 hr., skirting the gorge of the Pellino (waterfall). We next ascend through wood, and over crumbling granite. to the (3/4 hr.) wooded Colle della Colma (3090'). The height to the left commands Mte. Rosa, the lakes of Orta and Varese, and the plain; the view is more extensive from Monte Briasco (3885'), 3/4 hr. to the S. In descending (keep to the right), we overlook the fertile Val Sesia, dotted with villages. The path leads through groves of chestnuts and walnuts to (3/4 hr.) Civiasco (2415'; several taverns), whence a new winding road (short-cut by the old road, down to the left), at first in view of Mte. Rosa, leads to (2 M.) —

**Varallo** (1480'; pop. 3300; \**Italia*, R.  $2^{1}/_{2}$ -3, B.  $1^{1}/_{2}$ , déj. incl. wine 3, D. incl. wine 4, pens. 7-8 fr.; \**Posta*, R. 3-5, B.  $1^{1}/_{2}$ , déj.  $2^{1}/_{2}$ , D. 4, pens. 6-8 fr., good cuisine; Alb. Parigi; Croce Bianca), the capital of the Val Sesia, and terminus of the Novara-Varallo line, at the mouth of the Mastallone. In the Piazza Vitt. Emanuele, at the entrance to the town from the station, rises a Statue of Victor Emmanuel II., by Antonini (1862). Here, too, is the old collegiate church of San Gaudenzio, with an altar-piece (Marriage of St. Catharine). by Gaudenzio Ferrari (ca. 1471-1546), a native of the neighbouring Val Duggia. Frescoes by Gaud. Ferrari are to be seen in the church of Santa Maria delle Grazie (on the rood-screen, the \*Passion, in 21 scenes; others in the left aisle), at the ascent to the Sacro Monte, and above the portal of Santa Maria di Loreto (Adoration of the Child). His statue in marble, by Della Vedova (1884), stands in the square of the same name. The Società per l'Incorraggiamento alle Belle Arti has a small picture-gallery and natural history collections. The Reading Room of the Varallo Section of the I.A.C., in the Piazza Nuova, is open to strangers. - Near the bridge over the Mastallone is a Statue of General Giac. Antonini, by Antonini. Beyond the bridge are a large \*Stabilimento Idroterapico (pens. 9-11 fr.) and the Cotonificio Cuorgnè-Varallo, a cotton-mill. — A paved path, shaded with fine chestnut-trees, ascends from Santa Maria delle Grazie to the (20 min.) Sacro Monte (Santuario di Varallo; 1995'), a great resort of pilgrims, and a beautiful point of view. On the top and the slopes are a church and 46 chapels, or oratories, containing Scriptural scenes in lifesize figures of painted terracotta, mostly of the end of the 16th century. The hill now belongs to the town (Alb. Pens. Alpina and Café at the top).

FROM VARALLO TO PONTEGRANDE VIÂ FOBELLO (and Macugnaga), 9 hrs., guide hardly needed. A road ascends the pretty Val Mastallone, to the (3 M.) picturesque Ponte della Gula (100' high), Cravagliana, and Ferrera, crosses the Landwasser (see below) by the (5½ M.) Ponte delle Due Acque, and reaches (2 M.) Fobello (2887'; Posta; Italia). Thence a bridle-path by Boco, Piana, Santa Maria, and Giavino to the (3 hrs.) Colle di Baranca (5970'), with a chapel and a small inn (open after July 15th). Steep descent, with superb view of the Val Anzasca, through the Vall' Ollocchia to Bannio and (3 hrs.) Pontegrande (p. 371). — From the Ponte delle Due Acque (see above) a road ascends the Landwasser to (3 M.) Rimella (4278'; pop. 1100; \*Alb. Fontana), a German community of a dozen hamlets, grandly situated. A fine but toilsome route leads hence over the Colle d'Orchetta or Drochetta (5970') to Bannio and Pontegrande (p. 371; 5 hrs.; guide).

FROM VARALLO THROUGH THE VAL SESIA TO ALAGNA (23 M.; omnibus twice daily, in 5 hrs., fare 4 fr.; carr. 14, with two horses 20, landau 25 fr.). We ascend the fertile valley, on the left bank, to Valmaggia, Vocca, and (7 M.) Balmuccia (1900), at the influx of the Sermenza.

[From Balmuccia a road ascends the picturesque Val Sermenza (Valle Piccola), by (1½ M.) Boccioleto (2188'; "Pens.-Restaurant della Fenice) and Ferrera, to (1½ hr.) Fervento (Restaurant Valle Sermenza), and a bridle-path thence to (1 hr.) Rimasco (2970'; two inns, the upper the better), where the valley divides: in the Val d'Egua, to the right (E.), lies (2 hrs.) Carcoforo (4280'; Monte Moro, plain), and in the Val Piccola, to the left (W.), are Rima San Giuseppe and (2 hrs.) Rima (4650; "Alb. Tagliaferro), another of the German hamlets at the S. base of Mte. Rosa (comp. p. 373). — From Carcoforo to Pontegrande, over the Colle d'Egua (7335') and Colle di Baranca (p. 484), 6-7 hrs., with guide, interesting; to Pestarena over the Passo della Moriana (7875'), 5-6 hrs., with guide, fatiguing; to Macugnaga over the Colle del Bottiglia (8765'), 6-7 hrs., with guide, also fatiguing; to Rima over the Colle del Termine or Termo (7700'), 4½ hrs., with guide, easy. — From Rima to Macugnaga over the Little Turlo (Col del Piccolo Altare; 8630'), 6 hrs., bridle-path; to Alagna over the Colle Moud (7640'; 4½ hrs.), or the Bocchetta Moanda (7936'; 6 hrs.), see p. 374].

The road, keeping to the left bank of the Sesia, next leads by (8½ M.) Scopa (Alb. Topini), Scopello (Alb. Deblasi; Valsesia), Pila, (13 M.) Piode, and Campertogno to (16 M.) Mollia (2887; \*Alb. Valsesiano). Thence through the narrowing valley to (21 M.) Riva-Valdobbia (3628; \*Hôt. delle Alpi), beautifully situated, where several peaks of Mte. Rosa become visible to the N. The church façade is adorned with a large fresco of the Last Judgment, of the school of Gaud. Ferrari. — 23 M. Alagna, see p. 374.

## 111. From Luino on Lago Maggiore to Menaggio on the Lake of Como. Lake of Lugano.

42 M. STEAM TRAMWAY from Luino to (8 M.) Ponte Tresa in 1 hr. (2 fr. 90, 1 fr. 30 c.). STEAMER from Ponte Tresa to (15 M., in 13/4 hr.) Lugano and (26 M., in 23/4 hrs.) Porlezza (4 fr. 50, 2 fr. 70 c.). STEAM TRAMWAY from Porlezza to (8 M.) Menaggio in 3/4 hr. (2 fr. 90, 1 fr. 30 c.). Through-tickets 9 fr. 80, 5 fr. 60 c.; return, Sunday, and circular tickets at reduced rates also to be had on board the steamers. — Swiss and Italian custom-house examination on board the steamers. Italian frontier at Porlezza or Ponte Tresa.

Luino, see p. 476. The tramway-station adjoins the pier. Our train crosses the St. Gotthard railway near the Luino station, and at (2 M.) Creva (745'), a manufacturing place, reaches the Tresa, the efflux of Lake Lugano (p. 476). Winding up the abrupt right bank of the Tresa, we cross the river, which here forms the boundary between Switzerland and Italy, pass through two tunnels, and stop at (41/2 M.) Cremenaga (833'). We then follow the left bank, obtaining fine views of picturesque villages and churches, to (8 M.) Ponte Tresa (912'), on the Italian side of the river. The village, on the Swiss side, lies on a mountain-girt bay of the Lake of Lugano.

The LUGANO ROAD (6 M.) leads across the Magliasina to (11/2 M.) Magliaso, and to (11/2 M.) Agno (968'). Crossing the Vedeggio (p. 466), and passing the little Lake of Muzzano, we gradually ascend to the Restaurant du Jardin at Sorengo (p. 468), and descend to (3 M.) Lugano (p. 466).

The Stramboat steers through the Stretto or strait of Lavena (with the abrupt Sassalto, 1720', on the left) into the W. arm of the Lake of Lugano (900'; Ital. Lago Ceresio). We soon obtain a view, to the N., of the bay of Agno (p. 485), with high mountains

behind it (Mte. Tamaro, Mte. Bigorio, etc.). The steamer turns to the S., passing Figino on the left (with Mte. San Salvatore in the distance, p. 469) and Brusimpiano on the right. We skirt the wooded slopes of Mte. Arbostora (2710') on the left. In a bay of the S. bank lies Porto or Porto Ceresio. (Railway to Varese. see p. 477.) On a distant hill to the S. is the Madonna del Monte (p. 477).

The steamer turns to the N., to Morcote (Hôt.-Restaurant Morcote, with a terrace on the lake, pens. from 41/2 fr.), a little town, with arcaded houses, picturesquely overlooked by a lofty church and a ruined castle, and finely situated on the S. angle of Mte. Arbostora. We follow the W. bank; Brusin-Arsizio lies on the right. The long indented crest of Mte. Generoso soon appears (p. 471). We touch at Melide (W.) and Bissone (E.), and pass through the railwayviaduct (p. 470; picturesque view through the arch). On the E. bank, Campione; interesting old frescoes in the church. To the left, Mte. San Salvatore (p. 469), to the right, Mte. Caprino (p. 469).

Lugano (three piers), see p. 466. The St. Gotthard Railway Station lies high above the town, 1 M. from the lake.

The finest part of the lake is between Lugano and San Mamette. On the N. bank, Castagnola, picturesquely situated at the foot of Mte. Brè (p. 469); then Gandria, with its lofty arcades and its vineterraces. The lake assumes a wilder character. Next are (1.) Bellarma (Swiss frontier); Oria, with the Villa Bianci; Albogasio, with a picturesque church; and San Mamette (Stella d'Italia), most romantically situated at the mouth of the Val Solda, with Castello high above it (p. 470). The S. bank is wooded and abrupt. To the left, Loggio, Cressogno, and Cima, opposite which (S.) lies Osteno (Hôt. du Bateau; Restaurant della Grotta), with its curious 'grotto' or gorge (return-ticket 2 fr. 35 c.; ticket for the grotto, sold on board the steamer, 75 c.).

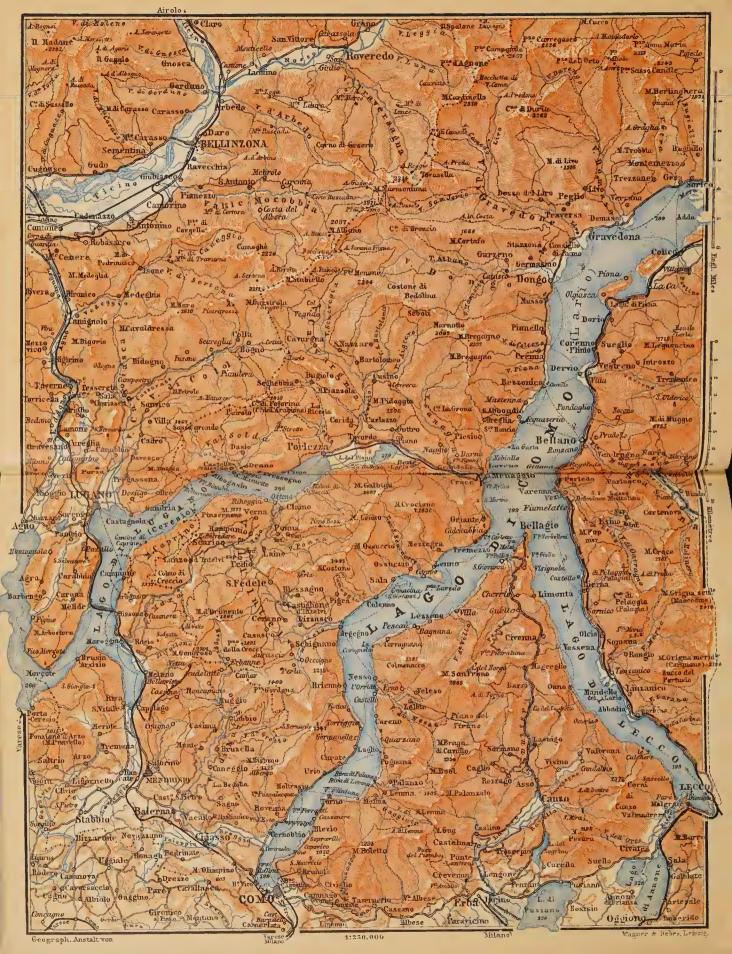

The Grotto of Osteno (Orrido or Pescara, 'fisherman's gorge') is 7 min. from the pier. We skir the village; outside the gate we descend to the right on this side of the stone bridge, and cross the brook. The gorge opens near a jutting rock (restaurant), with a small waterfall. A small boat takes us into the grotto, which is occupied by the brook, and threads its way between rocks curiously hollowed out by the water. Far above us we see overhanging bushes, with glimpses of blue sky. The gorge ends with a waterfall. — Time permitting, the Tufa Grottoes of Rescia may also be visited (1 hr. there and back). Boat (with two rowers, and back, 2 fr. each) round the headland to the E. of Osteno in 1/4 hr. to the hamlet of Rescia: thence by a narrow path to the grottoes in 5 min. (adm. and torches. Rescia; thence by a narrow path to the grottoes in 5 min. (adm. and torches, 1/2 fr.). From the second is seen a small waterfall in a gorge. Near them

are tufa-quarries, containing interesting fossils.

A road leads from Osteno to the S.W. to (5 M.) Lanzo d'Intelvi (Pens. Lanzo d'Intelvi; Caffè Centrale, déj. 2 fr.); 1 M. above it is situated the \*Hôt. Belvedere Ramponio (3015'; pens. 9-10 fr.), pleasant for some stay, with a fine view of Lake Lugano and the Alps with Mte. Rosa (Engl. Ch. Serv. in summer). [Those bound for the Hôtel Belvedere take the path to the right, ½ M. short of Lanzo, which soon joins the road to the hotel.] A road also leads to Lanzo from Maroggia (9 M.; p. 470) viâ Arogno; another from Argegno on the Lake of Como (12½ M.; p. 491). Near Lanzo (20 min.) are the baths of Paraviso. Bridle-path to Mte. Generoso (p. 471), ½ hrs.

The N. bank of the lake now becomes rocky and precipitous. At the N. end lies Porlezza (Alb. del Lago; Posta or Angelo), with the Italian custom-house.

From Porlezza to Menaggio. The tramway (comp. p. 485) ascends the broad valley of the Cuccione, by Tavordo, San Pietro (last view of Lake Lugano), and (21/2 M.) Piano, on the little Lago del Piano (915'). Then more rapidly (4:100), by Bene-Grona, to (5 M.) Grandola (1260'), the highest point on the line, 610' above the Lake of Como. It next descends on the lofty right bank of the Val Sanagra in numerous curves, being hewn in the rock at places and supported by masonry. Beyond a tunnel the line takes a long bend, to the S., affording a delightful \*View of the Lake of Como. with its luxuriant banks, sprinkled with towns, villages, and villas, and enclosed by high mountains. To the right are the beautiful peninsula of Bellagio and the bay of Lecco. After running to the S. for 1/2 M. the car turns back at a sharp angle and descends rapidly (5:100) to (8 M.) Menaggio (p. 489), where the terminus is close to the pier and the Hôtel Menaggio.

# 112. The Lake of Como.

Steamboats (some of them fine saloon-boats; good restaurants, déj. 3, D. 41/2 fr.), thrice daily from Colico to Como 4-5 hrs. (5 times from Bellagio to Como; 8 times from Torriggia to Como); thrice between Colico and Lecco (31/2-4 hrs.); and thrice between Como and Lecco (3-4 hrs.). In our description the stations with piers are marked P, small-boat stations B. —

The steamers are often unpunctual.

Railway on the E. bank from Colico (p. 488) to Lecco (p. 493), 24 M., in 1-1½ hr., of little interest to tourists. Numerous tunnels and viaducts. The stations are marked S. in our description. — Return-tickets from Bellagio, Cadenabbia, or Menaggio to Milan (valid for a week and available by steamer or railway viâ Varenna, Como, or Lecco) cost 10 fr. 50 c. (1st cl.) or 7 fr. 50 c. (2nd cl.), including omnibus from the pier to the railway-

station at Como, Lecco, or Varenna.

Boats (barche). First hour 1½ fr., each hour more 1 fr. per rower.

From Bellagio to Cadenabbia and back, or vice versâ, each rower ½½ fr.;

Bellagio to Tremezzo, Bellagio to Menaggio, and Bellagio to Varenna also
½½ fr. each rower; Bellaggio to Villa Melzi, Villa Carlotta, and back,
each rower 3 fr. ('basta uno', i.e. 'one is enough', unless time is limited).

The boatmen reduce their fares at slack times. The following phrases
may be useful: 'Ouganto relate mer una corea d'un ora (di due ore)? Siamo may be useful: 'Quanto volete per una corsa d'un ora (di due ore)? Siamo due (tre, quattro) persone. E troppo; vi dard un franco (due franchi), etc.

— The boatmen generally expect a fee (mancia or buonamano) of 1/2-1 fr. besides the fare.

The \*Lake of Como (700'), Ital. Lago di Como, or Il Lario, the Roman Lacus Larius, extolled by Virgil (Georg. ii. 159), is considered by many the finest lake in N. Italy. From the N. end to Como it is 30 M. long; between Menaggio and Varenna it is nearly 21/2 M. broad; and its greatest depth is 1340'. Numerous towns and villages, and many gay villas of the Milanese aristocracy, with luxuriant gardens and vineyards, and above these groves of chestnuts and walnuts are scattered along the bank of the lake.

Colico (P; Railway Restaurant, with rooms), at the N. end of the lake, p. 416.

Piona (S), Olgiasca, Dorio (S), and Corenno, with a ruined castle.

Dervio (B & S), at the mouth of the Varrone, and at the foot of Mte. Legnone and its spur, Mte.

Legnoncino (5678').

Monte Legnone (8565'), the highest peak in Lombardy, is ascended hence in 7 hrs., with guide (easy for adepts, and very attractive). Bridle-path to (2 hrs.) Sueglio (2580'; \*Osteria Pinzetta, plain), and by Introzzo and Stalle di Lavadè to the (2 hrs.) Ricovero of the I. A. C. near the Roccoli Lorla (4460'; good quarters), on the slope of Mte. Legnoncino. Thence 21/4 hrs. to the Capanna Alpina (7010'; no quarters) and 1 hr. more to the top, with superb view. The ascent on the N. side, from Delebio (p. 455), is easier: bridle-path up the Val della Lesina to the (4 hrs.) Alp Cappello (4993), and over the Bocchetta di Legnone in 3-31/2 hrs. to the top.

Bellano (P & S; \*Hôt. Restaurant Tomaso Grossi, R. 2-4, B. 1½, D. 3½, pens. from 5 fr.; Alb. Bellano, Alb. Porta, both on the lake), with 1400 inhab. and important manufactories. Near the pier is a monument to the poet Tom. Grossi (1790-1853), a native of Bellano. Going to the left of Alb. Bellano, through the Via Cavour, then to the right and again to the left, we reach the church of San Giorgio and the \*Orrido, a picturesque gorge, in which the Pioverna forms two falls (adm. ½ fr.).

At Bellano opens the Val Sassina, through which a narrow road leads to Taceno and (6 M.) Cortenova, and thence to Introbbio and Lecco.

Gittana is the landing-place for the hydropathic of Regoledo, 500' above the lake (cable-tram).

Perledo is the railway-station for Varenna.

WESTERN BANK.

BELLANO.

Gera (B). — Domāso (P), with charming villas.

Gravedona (P; Hôt. d'Italie; Hôt. Victoria), with 1600 inhab., lies picturesquely at the entrance of the Liro Ravine. At the upper end of the village rises the Palazzo del Pero with its four towers, erected at the end of the 16th century. Adjoining the old church of San Vincenzo is the baptistery of Santa Maria del Tiglio, of the 12th cent., containing two Christian inscriptions of the 5th century.

To the W. opens the Val di Gravedona, through which a fatiguing bridle-path, crossing the Passo di San Jorio (6415'), and descending the Val Morobbia, leads to (10 hrs.) Bellinzona (p. 465). Provisions and guide neces-

sary; no inn on the route.

Dongo (P; Alb. Dongo), a large village in a sheltered situation.

On an abrupt rock above Musso (B) are the three ruined castles of Rocca di Musso, where the condottiere Giov. Giao. de' Medici resided in 1525-31 and held sway over the whole lake.

Pianello and Cremia (P), with the tasteful church of San Michele (altar-piece of \*St. Michael, by

Paolo Veronese).

Rezzonico (B), with a castle of the 13th cent. on the hill, now restored. Then Sant' Abbondio. A dangerous footpath crosses the precipice of Il Sasso Rancio ('the orange rock'), traversed by the Russians under Bellegarde in 1799, when many lives were lost.

Acquaseria (P), the chief place in the parish of Sant' Abbondio.

Varenna (P; Alb. Vittoria, R. 1-2<sup>1</sup>/<sub>2</sub>, pens. 5-7<sup>1</sup>/<sub>2</sub> fr., plain), with beautiful gardens (Isimbardi, Lelia, Venini), is charmingly situated on a promontory at the mouth of Val d'Esino. View from the ruin of Torre di Vezio, near the hamlet of Vezio, high above the town (<sup>1</sup>/<sub>2</sub> hr.). Near Varenna several tunnels are hewn in the rock for road and railway (p. 487). The marble from the adjacent quarries is worked in the town.

To the S. (1/4 hr.) the Fiume Latte ('milk-stream') falls in several leaps from a height of 1000' (copious in spring, dry in sum-

mer).

\*Monte Grigna (7907'; 8 hrs.) is a fine point. From Varenna a bridle-path leads on the right bank of the Esino by Perledo to (2¹/2 hrs.) Esino (\*Alb. Monte Godeno, moderate), prettily situated. Thence (guide prudent; to the club-hut 4, top 7 fr.) to Alp Cainallo 1¹/2 hr., Alp Prada 1¹/2 hr., Capanna di Moncodeno of the I.A.C. (5933') ¹/2 hr., and the top (Grigna di Moncodeno) 2 hrs. (the last part rather trying). Superb view of the Alpine chain from Mte. Viso to the Ortler (the Mte. Rosa group particularly fine), and of the plains of Lombardy to the distant Apennines. Steep descent on the W., through the Val Meria, to Mandello, or to the E. to Pasturo in the Val Sassina (p. 488).

#### WESTERN BANK.

Menaggio (P). — Two Steamboat Piers: one, to the N., near Hotels Victoria and Corona; the other, near Hôtel Menaggio, for the Steam Tramway to Porlezza (Lugano, p. 485). Hotel-omnibuses at both piers.

Hotel-omnibuses at both piers.

Hotels: \*Grand Hôtel Victoria,
R. 3-7, B. 1½, déj. 3½, D. 5, pens.
7-13 fr., Engl. Ch. Serv.; \*Grand Hôt.

Menaggio, R. 2½-6, B. ½, déj. 3,
D. 5, pens. 7-11 fr., both with gardens on the lake; \*Hôt. de la Couronne,
R. ½, D. incl. wine 3, pens. 5 fr.,

plain.

Menaggio (pop. 1000), with a large silk-factory, affords a fine view of Bellagio. A little way to the S., on the lake, is the palatial Villa Mylius. — A good road, to the right of the Cadenabbia road, ascends in windings to (1/2 hr.)Loveno Superiore and the Villa Vigoni (formerly Mylius; gardener 1 fr.), which adjoins the village-church. It affords a superb view of Bellagio and the three arms of the lake. A summerhouse contains two reliefs by Thorvaldsen and a group in marble by Argenti. — Near this are Villa Massimo d'Azeglio, containing paintings by the wellknown author (d. 1866), and Villa Garoviglio.

Finest view from the church of Madonna della Breglia, an ascent of 1½ hr. from the Villa Vigoni.

The lake is divided here by the Punta di Bellagio into two arms: to the S.W. the BAY of Como, and to the S.E. the BAY of Lecco.

# Bay of Como.

### EASTERN BANK.

Bellagio (P). — Hotels. \*Grande Bretagne, frequented by the English, with large garden, pens. 12 fr.; Grand Hôtel Bellagio, R. 31/2-8, L. 1/2, A. 1, B. 11/2, déj. 31/2, D. 5, pens. from 10 fr., both closed from Nov. to March; \*Villa Serbelloni, a dépendance of the Gr.-Hôt. Bellagio (pens. 10-14 fr.),

## WESTERN BANK.

Cadenabbia (P). — Hotels (frequented by English guests). \*Bellevue, next the Villa Carlotta, with shady grounds on the lake, pens. 11-16 fr. (closed Dec., Jan., & Feb.); \*Belle-Ile, R. 2-31/2, B. 11/4, déj. 21/2, D. 4, pens. 7-10 fr.; \*Britannia, R. 21/2-41/2, B. 11/4, déj. 21/2, D. 4, pens.

in the fine park mentioned below.—
\*Genazzini et Métropole, also well
situated on the lake, R. 31/2-5, B. 11/2,
déj. 3, D. 4, pens. 7-11 fr.— Plainer:
\*Hôt.-Pens.Florence, R.21/2-4, B.11/2,
déj. 21/2, D. 4, pens. 71/2-9 fr.; Hôt.
du Lac, with terrace on the lake,
R. 2-3, B. 11/4, déj. 21/2, D. 31/2,
pens. 7-11 fr.; Hôt.-Pens. Suisse, R.
21/2-3, déj. 21/2, D. 31/2, pens. 6-7 fr.;
Hôt.-Pens. des Etrangers, D. 3,
pens. 61/2-8 fr., all on the lake.—
Beer at the Etrangers and the Florence.
— Boats, p. 487.— Olive-wood, silk
goods, lace, and antiquities in numerous shops.— Chemist, Lavezari.
— English Church in the grounds of
the Grande Bretagne (April-Oct.).

Bellagio (708'; pop. 1800), at the W. base of the promontory between the two arms of the lake, is perhaps the most delightful spot in the lake-district of N. Italy. The church of San Giovanni contains an altar-piece by Gaud. Ferrari.

On the hill above Bellagio (25 min. from Genazzini's Hotel to the highest point) stands the \*Villa Serbelloni (adm. 1 fr.; guests of Grand-Hôtel Bellagio free). The park extends to the end of the headland, and affords charming views of Varenna, Villa Arcomati, Carlotta, etc.

Going to the S. from the lower entrance to Villa Serbelloni, and passing the cemetery, we reach (1 M.) a blue gate on the left side of the road to Civenna (p. 494), the entrance to the Villa Giulia of Count Blome of Vienna, with beautiful gardens, famous for their show of camellias in spring (open on Sun. and holidays, in summer daily; adm. ½ fr.).

To \*Civenna (p. 494) a delightful excursion (carr. 8 fr.; there and back 3 hrs.), with which a visit to the Villa Giulia is easily combined.

## WESTERN BANK.

6-10 fr.; Hôt.-Pens. Cadenabbia, R. 21/2-3, B. 11/2, déj. 3, D. 4. pens. 7-9 fr. — Café Lavezari. — English Church (April-Nov.).

Cadenabbia, 2 M. to the S. of Menaggio, is the most sheltered place on the lake.—A little way to the S.W., in a garden sloping down to the lake, stands the famous \*Villa Carlotta (formerly Sommariva). It was purchased by Princess Albert of Prussia in 1843, who named it after her daughter Charlotte (d. 1855); it now belongs to the Duke of Saxe-Meiningen, the widower of the latter. The gate is opened every 1/2 hr (adm 8-5: 1 fr)

1/2 hr. (adm. 8-5; 1 fr.).
The MARBLE SALOON has a frieze

with celebrated \*Reliefs by Thorvaldsen, the Triumph of Alexander (for
which Count Sommariva paid 14,2861.
in 1828); it also contains sculptures:
Cupid and Psyche, Magdalen, Palamedes, and Venus, all by Canova;
Paris, by Fontana; Mars and Venus,
by Acquisti; Cupid giving water to
doves, by Bienaimé, etc. The BilLiard Room contains casts, and a
chimney-piece with a sculptured
frieze, representing a Bacchanalian
procession, said to be an early
work of Thorvaldsen. In the Garden
Saloon are several modern pictures;
also a marble relief of Napoleon, as
consul, by Lazzarini.

The \*Garden displays a wealth of vegetation. Near the S. side of the villa is a magnolia 1½ ft. in diameter. Striking view of Bellagio from under the trees on the S. side of the grounds. The burial-chapel of the Sommariva family, to the S. of the entrance, contains memorials in marble.

Behind Cadenabbia rises the Sasso San Martino.

Halfway up the Sasso lies the little church of Madonna di San Martino, with a cool spring and superb view. Ascent 1½ hr.: we follow the road through Griante to the little chapel of San Rocco, and then a paved path.

TREMEZZO.

\*Monte San Primo (5530'; from Bellagio 41/2 hrs.; guide 10 fr.), interesting. We ascend by Villa Giulia and Casate to a (2 hrs.) chapel; thence by the cart-road to the right to the Alpedel Borgo, and by a good path to the (21/2 hrs.) top: superb view of Lake Como, the Brianza, and the High Alps. Comp. p. 494.

On the Bay of Como,  $\frac{1}{2}$  M. to the S. of Bellagio, is the \*Villa Melzi, belonging to the Duchess of Melzi, with many art-treasures and a delightful garden (the latter shown on Thurs. and Sat., entrance by the S. gate, 1 fr.).

Villa Trivulzio, formerly Poldi, with the mausoleum of the last Gonzaga, and a round Romanesque tower (charming view).

San Giovanni (B) and Villa Trotti.

Villa Besana.

Near Lezzeno (B) is one of the deepest parts of the lake.

About 21/4 M. to the N.E. of Lezzeno, in the direction of Bellagio, is the Grotta Azzurra del Bulgaro, a 'blue grotto' (36' deep, 75' broad, and 10' high), walled in in 1900 with the exception of the narrow entrance and provided with an artificial stalactite roof. The tints of the water are very brilliant.

Nesso (B), at the mouth of the Val di Nesso, which ascends to the Piano del Tivano (3800'), with a waterfall in a narrow gorge.

Careno; Quarsano; Pognana (B); Riva di Palanzo (P).

#### WESTERN BANK.

Monte Crocione (5365'), a higher hill to the W. (3'/2-4 hrs.; with guide, 5 fr.; fatiguing; to avoid heat, start at 2 a.m.), commands a striking view of Lake Como and Bellagio. More extensive, including the Valaisian Alps, from \*Monte Galbiga (5600'), adjoining the Crocione on the W., reached from it by the ridge in 3/4 hr. Descent by Alp Ponna to (3 hrs.) Osteno (p. 486).

Tremezzo (P; \*Hôt.-Pens. Bazzoni et du Lac, pens. 6-7 fr.; Hôt.Pens. Belvedere, recommended) is
almost a continuation of Cadenabbia. Between them is the Villa
Carlotta. This district, the Tremezzina, is justly called the 'Garden of Lombardy'.

Fine walk (3-4 hrs. there and back) by Lenno (Ristor. Brentani) to Santa Maria del Soccorso (1374'), a 'Mt. Calvary' with a superb view (rfmts. at the sacristan's); back by Mezzegra.

In the bay lie Azzano (B) and Lenno (P). At the end of the long Punta d'Avedo is the Villa Arconati. To the S. is Campo (P; \*Ristorante Gandolfi), charmingly situated, and beyond it Sala (P); between these lies the islet of Comacīna, with the little church of San Giovanni. Then Colonno (B).

Argegno (P; Alb. d'Argegno; Alb. Barchetta; Café Milanese, at the pier), at the mouth of the fertile Val Intelvi.

Road hence by Castiglione and San Fedele d'Intelvi (2522'; Alb. San. Rocco) to (10 M.) Lanzo (carr. in 3 hrs.; see p. 486).

Brienno (P), embosomed in laurels.

Torriggia (P; Ristorante Casarico); on a headland, Villa Elisa. To the S., on the lake, rises a lofty Pyramid, erected by Jos. Frank, a professor at Pavia (d. 1851).

Germanello, Laglio, Carate (P; Alb. Lario), Urio (P), all with fine

villas.

The Villa Pliniana, in the bay of Molina, at the mouth of a narrow gorge, erected in 1570 by Count Anguissola, is now the property of Marchesa Trotti. It derives its name from a spring near it which daily changes its level, a peculiarity observed by both the Plinys. The quotations are inscribed on the walls of the court.

Torno (P; Alb. Belvedere); to the S.both banks are dotted with villas.

Road to Como, see p. 494; local steamer every 1/4 hr. (10 c.).

Villa Taverna; Villa Ferranti, once the property of the famous singer Mlle. Pasta (d. 1865); Villa Taglioni, once owned by the famous danseuse Marie Taglioni (d. 1884).

Blevio (B), with villas Mylius and Ricordi; then, beyond Punta di Geno, the villas Ratazzi, Cor-

naggia, etc.

From Borgo Sant'Agostino, the N.E. suburb of Como, a new road (carr. 8, with two horses 15 fr.) and a cable-tramway (funicolare; 15 min.) lead to (4 M.) Brunate (2405'; \*Grand-Hôtel Brunate, R. 3-5, B. 11/2, déj. 3, D. 5, pens. 8-11 fr.; Alb. Bellavista, R. 2, D. 3, pens. incl. wine 7 fr.; RistoranteSpaini, with terrace, déj. 2, D. 3 fr.), which affords a beautiful view extending on the W. to Monte Rosa.

#### WESTERN BANK.

Moltrasio (P; Ristorante Caramazza), with the large Palazzo Passalacqua, rising above terraced gardens.

Villa Volpi, formerly Pizzo, on a long headland. High above it is the church of Rovenna.

Cernobbio (P). — Hotels. \*GR.-Hôt.VILLA D'ESTE ET REINE D'ANGLE-TERRE, patronized by English and Americans, R. 4-7, B. 11/2, déj. 31/2, D. 5, pens. from 9 fr., with fine park; hotel-omn. at the pier and at the Como station. Hôtel Reine Olga, R. 231/2, B. 11/4, déj. 3, D. 4, pens. 6-9 fr.; \*MILANO, R. 11/2, B. 3/4, D. incl. wine 3, pens. 5 fr., Italian.

Cernobbio, with the villas Belinzaghi, Baroggi, etc., is connected by tramway with Como.

The Monte Bisbino (4385'), with a pilgrimage-church (fine view), is easily ascended from Cernobbio via Rovenna in 3 hrs.

Farther on, villas Cima, Gonzalez; then Villa Tavernola, below the mouth of the Breggia.

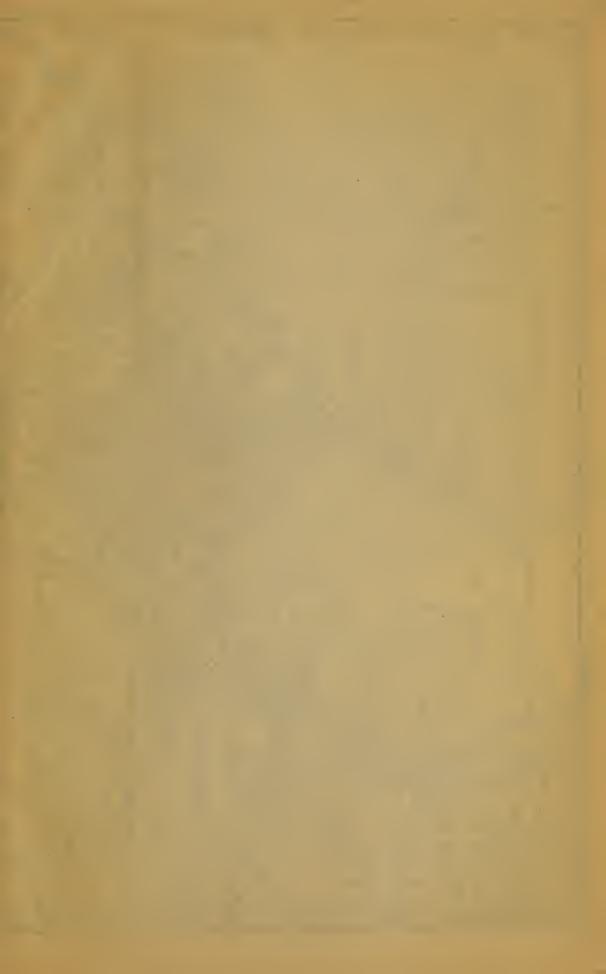

\*Villa dell' Olmo (shown to visitors), formerly Raimondi, now the property of Duke Visconti-Modrone, with gorgeous rooms and splendid park, is at Borgo San Giorgio, the N.W. suburb of Como.

Como, see p. 493. Omnibus to the station 30 c.

# Lake of Lecco.

The S.E. arm of the Lake of Como, 12 M. long, is grander, but less rich than the S.W. arm. The E. bank is skirted by the railway mentioned at p. 487. Steamers, see p. 487.

The steamer rounds the *Punta di Bellagio* (p. 489). Then (l.) Lierna (B & S), at the foot of the steep Monte Palagia (5080'); fine view to the N.; (r.) Limonta (B), Vassena (B), Onno (B), (l.) Olcio (S), at the base of Mte. Grigna (p. 489). Farther on, (l.)

Mandello (P & S; Corona) and Abbadia (B & S), at the foot of Monte Campione (7155'). On the W. bank, a row of cement-kilns, at the foot of the Corni di Canzo (4500'). Opposite Lecco lies (r.) Pare, at the mouth of the Ritorto (see below), separated from Malgrate by the promontory of San Dionigio. In front rises the isolated Monte Barro (see below). The lake contracts to the river Adda. which is crossed by the Ponte Grande, in ten arches, built in 1335.

Lecco (P; pop. 6100; \*Alb. Mazzoleni, at the pier, R. 2-5, B. 11/2, déj. 3, D. 4, pens 8 fr.; Croce di Malta ed Italia, R. 11/2-3, B.  $1^{1}/4$ , dej.  $2^{1}/2$ , D. 4, pens. 8 fr., well spoken of), a busy town with silk and cotton factories and iron-works, at the foot of Mte. Resegone (6160'), is famous as the scene of Manzoni's 'Promessi Sposi'. In the Piazza are statues of Manzoni (1785-1873) and Garibaldi, by Confalonieri.

From Lecco to Milan (311/2 M.), railway by Monza in 2-21/2 hrs., and

to Bergamo (201/2 M.) in 11/4 hr., see Baedeker's Northern Italy.

From Lecco to Como, 26 M., railway in 11/2-2 hrs. The line crosses the Adda below the Ponte Grande, skirts the S. end of the Lake of Lecco (tunnel), enters the valley of the Ritorto at (2½ M.) Val Madrera, and reaches the pretty Lago d'Annone (740') at (33/4 M.) Civate. From (5 M.) Sala al Barro, also on the Lago d'Annone, the \*Monte Barro (3025') may be easily ascended in  $2^{1}/2$  hrs.; a good bridle-path (horse  $3^{1}/2$  fr., incl. fee) leads to the (2 hrs.) \*Albergo di Monte Barro (2790'), well situated, with extensive grounds; thence to the pilgrimage-church on the top 1/4 hr. more. The splendid view includes the Brianza, the Lake of Lecco, the Val Sassina and its mountains, etc. From Lecco the ascent may also be made direct in 2½ hr.; or we may drive by a picturesque road (carr. 5, with two horses 10 fr.) to (1 hr.) Galbiate, and ascend thence on foot or on mule-back in ½-2 hrs. — Near (7½ M.) Oggiono the line quits the Lago d'Annone and runs to the W., vià Molteno, Casletto and Mojana (near the pretty Lago di Pusiano), to (13 M.) Merone, where we cross the line from Incino-Erba to Milan (p. 494). — 15 M. Anzano del Parco; 19 M. Cantù; 23 M. Albate-Camerlata (p. 495) — 26 M. Coma. see below Albate-Camerlata (p. 495). - 26 M. Como, see below.

The Station of the St. Gotthard Railway (Stazione Como San Giovanni or Mediterranea) lies 1/2 M. to the S.W. of the pier (omn. 30 c.; free to holders of through-tickets). The Stazione Como Lago or Ferrovie Nord, for the lines Saronno-Milan and Varese-Laveno (p. 477), is 4 min. to the E. of the pier.

Como (705'; pop. 27,000), the birthplace of the younger Pliny and of Volta, the physicist (whose Statue by P. Marchesi is on the W. side, near the harbour), now busy with its silk-industry, lies at the S.W. end of the Lake of Como, in an amphitheatre of mountains. The \*Cathedral, built entirely of marble, is one of the finest in N. Italy. The nave was completed about 1426, the façade was

Como. — Hotels. \*Grand-Hôtel Plinius, a first-class Italian house on the quay, R. 4-7, B. 1½, déj. 3, D. 5, pens. from 9 fr.; \*Hôtel Volta, R. 3-5, B. 1½, D. 4, pens. 8-10 fr.; Hôt. D'Italie, R. 2½-4, B. 1½, déj. 3, D. 4, pens. 7-9 fr.; \*Hôt. Métropole et Suisse, R. 2½-5, B. 1½, déj. 2, D. 4, pens. 8-12 fr., these four in the Piazza Cavour; Hôt.-Pens. Bellevue, R. 2½-3, B. 1¼, déj. 2½, D. 3½, pens. 8-10 fr., with Café-Restaurant Marinoni. — Ristorante della Barchetta (rooms), Piazza Cavour. — Beer. Café-Restaurant Shodio, Café Cavour, Café Plinio, all in the Piazza Cavour. - Baths in the lake, by the Giardino Pubblico (to the left, beyond the pier; bath and towels 70 c.).

altered in the Lombard-Gothic style in 1457-86, while the rest of the edifice was rebuilt in the Renaissance style by Tom. Rodari in 1487-1526. Adjacent is the Broletto, of 1215 (formerly the town-hall, now containing the archives), curiously built of stones of different colours. In the Piazza Vittoria, a bronze Statue of Garibaldi, by Vela (1889). — Outside the town, on the promenade, is the highly ornate church of the Santissima Annunziata, of the 17th cent.; 1/2 M. beyond it, on the hillside, is the handsome Basilica Sant' Abbondio, of the 8th and 11th centuries.

EXCURSIONS. On the E. bank a road leads high up on the hillside, affording a variety of charming views, to (31/2 M.) Torno (p. 492); on the W. bank is a road leading to (12 M.) Argegno (p. 491). - Brunate, see p. 492; the station of the cable-tramway (Funicolare) is  $1\frac{1}{2}$  M. from the Stazione Ferrovie Nord', on the lake (fare up or down  $1\frac{1}{2}$ , return  $2\frac{1}{2}$  fr.; between 6 and 7 a.m. and between 7.30 and 11 p.m., the return fare is 1 fr.; trains every 1/2 hr.). The line is about 2/3 M. long; steepest gradient 24:100.

FROM COMO TO ERBA AND BELLAGIO (about 27 M.), a pleasant drive or walk (one-horse carr., in 5-6 hrs., 25, gratuity 3 fr.). We follow the Lecco road from Porta Milanese, and gradually ascend the hills to the E. To the S.E. we have a fine view of the Brianza, an undulating and very fertile tract, 12 M. long, 6 M. wide, lying between the Lambro and Adda. This district is a favourite resort of the Milanese, who have numerous villas here. The church of the village of Camnago, to the N. of the road, contains Volta's tomb (p. 493). Farther on, to the S. of the road, near a small lake, is the sharp ridge of Montorfano (1755'). Near Cassano is a leaning tower. Beyond Albesio are disclosed the valley of Erba (Pian d'Erba) and the lakes of Alserio, Pusiano, and Annone, above which, to the N.E., rise the Corni di Canzo (4500') and the serrated Resegone di Lecco (6160'). — Near (9 M.) Erba (1055'; Inn), a small town in a very fertile district, are several villas, the finest being Villa Amalia, on the N.W. side. Near Incino, with its lofty Lombard tower, 1/4 hr. to the S.E. of Erba, stood the Liciniforum of the Romans, mentioned by Pliny. — Railway from Incino-Erba to Milan, by Merone, 271/2 M., in 11/2 hr.

Beyond Erba the Bellagio road crosses the Lambro, just beyond which it diverges to the left from the Lecco road, and ascends to the N. in windings past Longone and the parrow Lago del Segrino. The next place

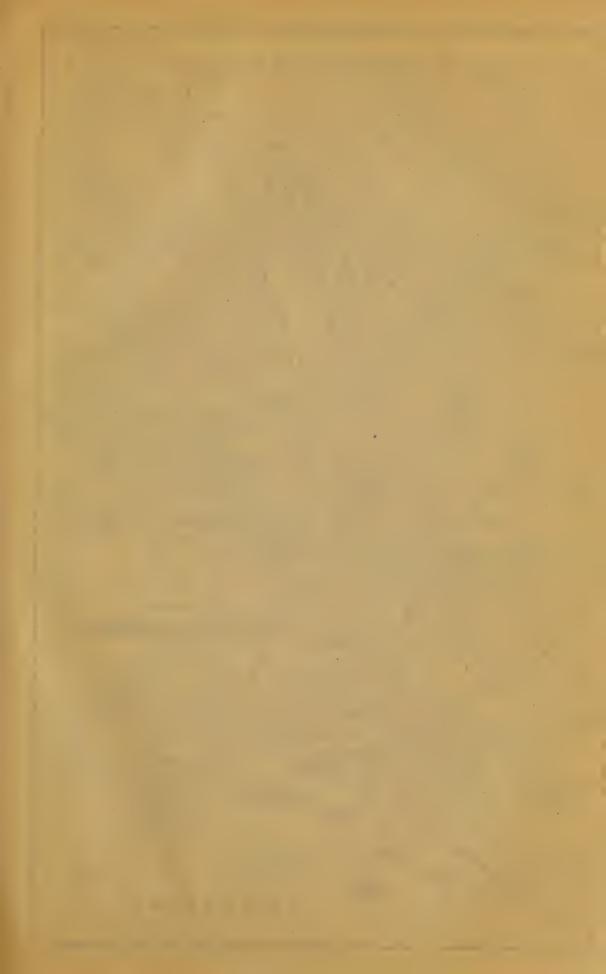

windings past Longone and the narrow Lago del Segrino. The next place is (5 M.) Canzo (1270'; Croce di Malta), which extends almost to (1 M.) Asso (joint pop. 3200). At the entrance to Asso is a large silk-factory.

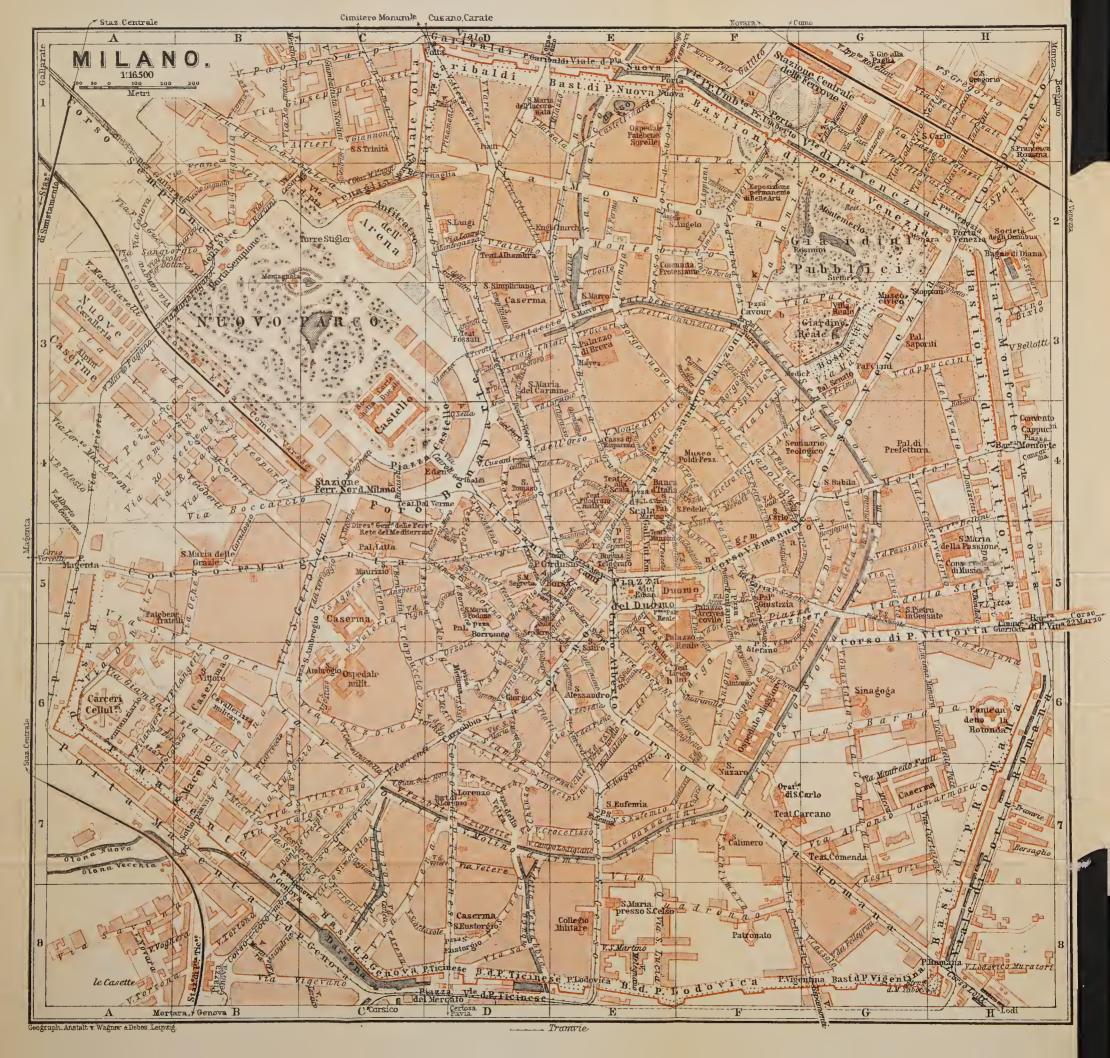

The road gradually ascends the valley of the Lambro, with wooded slopes, through the villages of (2 M.) Lasnigo (1865'), (2 M.) Barni, and Magreglio (2415'), where it becomes steeper. First view of both arms of the

lake from the top of the hill near the (1 M.) Chapel.

A charming "Survey of the whole E. arm to Lecco, and beyond, is obtained beyond the first church of (1 M.) Civenna (\*Bellevue; Angelo, rustic, R. 1 fr.), with its graceful tower. The road runs for 2 M. on the top of the wooded hill, commanding continuous fine views of both arms of the lake and of the main lake as far as Domaso (p. 488) on the W. Far below us lies the Punta di Bellagio, with the Serbelloni park (p. 490), on a height apparently no larger than a mole-hill. The road finally winds down for nearly 3 M., passing Villa Giulia (p. 490), to Bellagio.

An interesting but rather fatiguing digression (very stony at places) may be made by ascending \*Monte San Primo (5530') from Canzo (4-5 hrs.; with guide), and descending to (2½ hrs.) Nesso or (3 hrs.) Bellagio (see p. 491).

# 113. From Como to Milan.

29 M. RAILWAY by Monza (comp. p. 493) in 11/4-13/4 hr. (fares 5 fr. 45, 3 fr. 80, 2 fr. 70 c.; express fares 6 fr., 4 fr. 20 c.); another line runs by Camnago and San Pietro (27 M., in 11/2 hr.). Tramway from Como to Milan (station at Como near the pier) by Lomazzo, Saronno, Bollate, Novate, and Bovisa (281/2 M., in 2-21/2 hrs.).

Como, see p. 493. — On a hill near (3 M.) Albate-Camerlata rises the tower of Castello Baradello, where Frederick Barbarossa occasionally resided.  $5^{1}/_{2}$  M. Cucciago (tunnels);  $7^{1}/_{2}$  M. Cantù Asnago;  $9^{1}/_{2}$  M. Carimate; 12 M. Camnago. The hilly district to the right and left is the fertile Brianza (p. 494); in the background, the long, indented Mte. Resegone (p. 494).  $15^{1}/_{2}$  M. Seregno;  $17^{1}/_{2}$  M. Desio.

21 M. Monza (pop. 18,500; Alb. del Castello e Falcone), an old town. The Cathedral, founded in 595 by Queen Theodolinde, rebuilt in the 14th cent., contains the 'Iron Crown' of the Lombard kings and a rich treasury (1 fr.). The royal Summer Palace near Monza

has a fine large park.

25 M. Sesto San Giovanni.

29 M. Milan. — The Central Station (Pl. F, G, 1; Restaurant) is a handsome building adorned with frescoes and sculptures. Cab into the town (day or night) 1 fr.; each trunk 25 c.; hotel-omn.  $\frac{3}{4}$ -1½ fr. — Tramway from station to town 10 c. — Porter for luggage under 100 lbs. 50 c. — The Milano-Nord Station (Pl. C, 4) is for Saronno-Como, Laveno, etc.

Hotels. \*Hôtel de la Ville (Pl. a; F, 5), Corso Vittorio Emanuele; \*Hôt. Cavour (Pl. b; F, 3), Piazza Cavour; \*Gr.-Hôt. Milan (Pl. c; F, 3, 4), Via Alessandro Manzoni 29; \*Hôt. Continental (Pl. e; E, 4), Via Al. Manzoni; all these of the first class: R. from 4½ or 5, B. ½, D. 5, omn. ½ fr.—Less expensive: \*Grande Bretagne et Reichmann (Pl. d; D, E, 6), Via Torino 45; \*Métropole (Pl. q; E, 5), Piazza del Duomo; Rebecchino (Pl. p; E, 5), Via Santa Margherita 16.— \*Europa (Pl. f; F, 5), Corso Vitt. Emanuele 9; \*Manin (Pl. k; F, 2), Via Manin, near the Giardini Pubblici; \*Roma (Pl. g; F, 5), Corso Vitt. Emanuele 7; Hôt. National (Pl. s; E, 4), Piazza della Scala 4; \*Pozzo et Central (Pl. l; F, 6), Via Torino, D. incl. wine 4½ fr.; \*Francia (Pl. m; F, 5), Corso Vitt. Emanuele 19; \*Hôt. Terminus (Pl. v; G, 1), near the Central Station.— \*Bella Venezia (Pl. i; E, F, 5), Piazza San Fedele; \*Ancòra e Ginevra (Pl. n; F, 5), Via Agnello; \*Angioli, Via San Protasio; \*Victoria et Lion (Pl. o; G, 4, 5), Corso Vitt. Emanuele; \*Biscione et Bellevue (Pl. t: F, 5), Piazza Fontana, adjoining the Piazza del Duomo, R. 3, D. incl. wine 4 fr.

Restaurants (Trattorie). Biffi, Gambrinus-Halle, \*Savini, these three in the Galleria Vitt. Emanuele; \*Cova, with garden, Via San Giuseppe; Orologio, near the cathedral, etc. — Cafés. \*Biffi, Campari, both in the Galleria Vitt. Emanuele; Cova, see above; Martini, Via Al. Manzoni, near the Piazza della Scala; Eden, Via Cairoli; Café in the Giardini Pubblici (p. 497). Caffè latte, coffee with milk; caffè nero, black coffee. — Beer ('birra') at the cafés (30 c. per 'tazza'). Also at the Gambrinus-Halle (see above); Birreria Milanese, Piazza Cordusio; Birreria Nazionale, opposite the cathedral; Birreria Svizzera, next door to Hôtel Métropole.

Baths. Bagno di Diana (Pl. H, 2), outside Porta Venezia; Bagni Dufour, Via San Vittore; Bagno dell' Annunziata, Via Annunziata 11.

Cabs ('Broughams') 1 fr. per drive (day or night); per 1/2 hr. 1, per hr.  $1^{1}/_{2}$  fr.; from station to town, 1 fr.

Electric Tramways every 5 min. (10 c.) from the Piazza del Duomo to most of the city gates and to the Cimitero. — Electric Railway to Monza

(p. 495) in 20 min. 60 or 35 c.). Steam Tramways to Saronno-Como (p. 493), Giussano, Vaprio, etc.

Post Office (Pl. E, 6), near the cathedral, Via Rastrelli 20, behind the Palazzo Reale, 8 a.m. to 9 p.m. — Telegraph Office (Pl. E, 5), Piazza dei Mercanti 19, N.W. side of Piazza del Duomo.

Theatres. Teatro alla Scala (Pl. E, 4), the largest in Italy next to San Carlo at Naples, for operas, open in winter only. Teatro Lirico Internazionale, Via Larga (Pl. F, 6). Teatro Manzoni (Pl. E, 5), Piazza della Scala, comedies. Teatro Dal Verme (Pl. D, 4), operas and ballet. Teatro Filodrammatici (Pl. E, 4), operas.

English Church Service, Via Andegari 8.

Milan (for a full description, see Baedeker's Northern Italy), rebuilt after its total destruction in 1162 by Emp. Frederick Barbarossa, is the capital of Lombardy, and one of the wealthiest manufacturing cities in Italy, silk being the staple commodity. The city is upwards of 7 M. in circuit and has a population of 501,600, including the suburbs and the garrison of 8500 men.

The centre of business and traffic, and the focus of the tramway and omnibus system, is the \*PIAZZA DEL DUOMO (Pl. E, F, 5), recently much extended, and flanked with palatial edifices, designed by Gius. Mengoni. In the middle of the piazza is an Equestrian Statue of Victor Emanuel II., by E. Rosa (1896).

The Gothic \*\*Cathedral (Pl. E, F, 5), one of the largest churches in Europe, built entirely of white marble, and adorned with 98 turrets and 2000 statues, was begun in 1386 by the splendour-loving Giangaleazzo Visconti, and completed by Napoleon I. — The importunate valets-de-place should be disregarded.

The \*\*Interior, with its double aisles, borne by 52 pillars, and its beautiful stained windows, is very impressive. In the S. aisle, a \*Monument to Giacomo and Gabriele de' Medici, by Leoni, erected in 1564 by Pope Pius IV. in memory of his brothers. \*Stained Glass Windows in the choir. An ancient sarcophagus of St. Dionysius, in porphyry, is now a Font. The subterranean Cappella San Carlo contains the tomb of San Carlo Borromeo (in summer 5-10, in winter 7-10 a.m.; at other times, fee of 1 fr.). The body of the saint is shown for a farther fee of 5 fr.

The ascent (door in the corner of the right transept; open 6 a.m. to 6 p.m) of the \*Roof and Tower (354'; ticket 25 c.; 157 steps to the roof) enables the visitor to inspect the architecture of the exterior more closely, and to enjoy a noble prospect of the Alps and Apennines (Panorama by Bossoli, 1 fr.).

The \*Galleria Vittorio Emanuele (Pl. E, 5), a fine arcade built by Gius. Mengoni in 1865-72, adorned with statues of 24 famous Italians, connects the Piazza del Duomo with the Piazza della Scala (Pl. E, 4). In the latter rises a marble statue of Leonardo da Vinci (d. 1519), by Magni. On the pedestal are his pupils Cesare da Sesto, Marco da Oggiono, Salaino, and Boltraffio.

Of the other eighty churches of Milan the following are noteworthy. \*Sant' Ambrogio (Pl. C, 6), founded by St. Ambrose in the 4th cent., re-erected in the 12th, contains an 'Ecce Homo' by Luini, and several old monuments. — \*Santa Maria delle Grazie (Pl. B, 5), of the 15th cent., attributed to Bramante, contains pictures by Fer-

Brera.

rari, Caravaggio, and Luini. In the refectory of the monastery is Leon. da Vinci's far-famed \*\*LAST SUPPER, painted on the wall in oils, and now almost obliterated (daily, 9-4, 1fr.; Sun., 12-3, gratis). - Santa Maria presso San Celso (Pl. E, 8), by Bramante, also contains good pictures. - San Maurizio (Pl. C, 5) has fine frescoes by Luini. - \*San Lorenzo (Pl. D, 7) once formed part of a Roman bath; the isolated colonnade is borne by sixteen Corinthian columns. - San Carlo Borromeo (Pl. F, 4), completed in 1847, contains two groups in marble by Marchesi.

The \*Brera (Pl. E, 3), or Palazzo di Scienze, Lettere ed Arti, contains the Public Library (300,000 vols., 1000 MSS.), a Collection of Coins (50,000), the Observatory, Casts from the antique, an Archaeological Museum, and a most interesting \*Picture Gallery (Pinacoteca; open daily, 9-4, 1 fr.; Sun. and holidays, 12-3, gratis), the chief treasure of which is \*Raphael's 'Sposalizio', or Marriage

of the Virgin, painted in 1504.

The famous \*Bibliotheca Ambrosiana (Pl. D, E, 5), open daily 10-3, Sun. and holidays 1-3 (fee 1/2 fr.), founded in 1609 by Card. Fed. Borromeo, contains 175,000 vols. and 8400 MSS. Among the

pictures is \*Raphael's cartoon for his School of Athens.

The \*Museo Poldi-Pezzoli (Pl. F, 4), Via Morone 10, contains an admirable collection of weapons, pictures, sculptures in marble, bronze, and terracotta, furniture, tapestry, trinkets, etc., exhibited in the house of the founder (d. 1879). Adm. daily 9-4, 50 c.; Sun. and holidays 11-3, free; catalogue 1 fr.

The \*Ospedale Maggiore (Pl. F, 6), a remarkably fine brick edifice, begun by Ant. Filarete of Florence in 1457, contains nine different courts. The external terracotta incrustation is observed on other Milanese buildings, but the façade of the Ospedale with its

rich and beautiful windows is probably unsurpassed.

The Castello (Pl. D, 3, 4), of the 14-15th cent., once the seat of the Visconti and Sforza, has been restored in the original style since 1893.

INTERIOR. To the left is the Rocchetta, with the small Museo del Risorgimento Nazionale. To the right is the Corte Ducale, with an archæological museum (mediæval and Renaissance Lombard sculptures) on the groundfloor, and the Museo Artistico (art-industrial antiquities and modern paintings) on the first floor.

The large space behind the Castello was converted in 1893-97 into the Nuovo Parco (Pl. B, C, 2, 4), in the N. portion of which is the Montagnola (café-restaurant), with the Torre Stigler (view; ascent 25 c.). The Arena (Pl. C, 2), on the N. side, dates from 1805. On the N.W. side rises the Arco della Pace (Pl. B, 2), a triumphal arch of marble, founded by Napoleon in 1804 by way of termination to the Simplon road, and completed in 1838 (ascent 50 c.).

The Giardini Pubblici (Pl. F, G, 2, 3), between the Porta Venezia and Porta Nuova, are the chief promenade. On the E. side is the Museo Civico, containing natural history collections (adm. daily, except Mon., 10-4, ½ fr., Sun. 20 c.). On the W. side is the Piazza Cavour, with a Statue of Cavour in bronze, by Tabacchi (1865).

The \*Cemetery (Cimitero; 50 acres), outside the Porta Tenaglia (Pl. C, D, 1; electric tramway, see p. 495), contains fine monuments (several with marble statues of mourners) and a 'Tempio di Cremazione'. \*View of the Alps.
